UNIVERSITY OF NEVADA, RENO, NEVADA, FRIDAY, DECEMBER 9, 1932

PRICE FIVE CENTS

Winter Festival Staged Tomorrow At State Building

Is Under the Direction of Miss Sameth, Head of Women's P. E.

By DOROTHY JACKSON
The final plans and arrangements have been made for the Winter Festival, to be given at the Nevada State building at 7:45 tomorrow night.

The Winter Festival is the second festival of this sort to take place this year and is given by members of the women's dancing classes of the University of Nevada, under the direction of Miss Elsa Sameth, professor of physical education, assisted by Sarah Graves, Camille Cerrita, Louise Sourwine, Margaret Richards and Czerna and Glenna Dell McQuerry.

The program will consist of minuets, gavottes, interpretations and a solo dance featuring Sarah Graves, supported by Camille Cerrita and a chorus of girls. Approximately twenty-four students will take part in the dances. The festival, which was originally to be held in the university gymnasium, will take place in the chamber of commerce rooms in the Nevada State building.

Because of limited space, the affair will be invitational and every participant will be given a certain number of invitations to distribute among friends and relatives.

The dancers participating will be Louise Tidball, Marjorie Cannon, Juana Barber, Clara Beemer, Beatrice Bollschweiler, Caryl Carmen, Sarah Graves, Virginia Murgotten, Kathryn Wardleigh, Nell Kilpatrick, Dorothy Shoup, Glenna Dell McQuerry, Czerna McQuerry, Dorothy Roseberry, Evelyn Anderson, Florence Gulling, Camille Cerrita, Bernadine Cupit, Margaret Richards, Anita Sourwine, Bill Kellison, Fred Needham, Ed Usnick and Walter Stevens.

The music will be furnished by Beatrice Cobb.

Pre-Schedule Game With Susanville Is Planned for Frosh

With some pre-schedule basketball games in view for the Frosh basketball team, Chester Scranton, freshman basketball coach, called practice on Monday in order to get his men in condition for any probable games.

Although the freshman basketball schedule will not be made out until the last part of December, when the annual high school basketball coaches' meeting is held, Bernard Hartung is scheduling two games with the Susanville Junior college hoopers to play the Frosh late in January. The contests promise to be two of the best games that the yearlings will play in as it is reported that Susanville has a very strong team.

School Officials Oppose Tournament Meet in Las Vegas

Reno high school athletic officials aligned themselves this week with eastern high school officials in opposing a high school basketball tournament held in Las Vegas this year when they stated that they would refuse to send a team to a tourney there if present financial conditions prevail.

In a statement made public at their meeting two weeks ago, officials of the schools in the eastern part of the state said that they were not in favor of a state tourney and did not approve of holding it in Las Vegas.

At a meeting of the state athletic officials in Las Vegas early this year it was decided that if a state basketball tournament was held this year it would be held in Las Vegas. The chamber of commerce of that city offered to support one there.

"Due to financial conditions at the present time, I do not believe a state high school basketball tournament should be held," Coach Herbert Foster, Reno high school mentor, stated. "I do not feel that I can take a team to a tourney in Las Vegas this year."

E. O. Vaughn, Reno high school principal, stated that he opposed holding a state high school basketball tournament at the meeting of high school officials earlier in the year and that he still maintained his stand. Foster expressed the opinion that sectional tournaments would replace the state even at least temporarily.

John Griffin, a graduate of last year and a member of the Alpha Tau Omega fraternity, was visiting on the campus this week.

Maxwell Adams, dean of the college of arts and science and vice president of the University of Nevada, received a permit from the city engineer to build a two-car garage at 31 West Ninth street.

Jacobs, Sibley Committee Choice For Scholarship

Alvin Jacobs '33 and Alden Sibley ex-'32 and senior at West Point, were chosen yesterday by the Nevada state Rhodes scholarship selection committee to be the two Nevada candidates for the four scholarships to Oxford university offered the seventh division, which includes the states of Utah, Colorado, New Mexico, Arizona and California.

The final selection will be made December 12 in San Francisco. The committee of selection for the state representatives was made up of President Walter E. Clark, Charles M. Chatfield, Dr. Emile Homan of Stanford University hospital, G. A. Whiteley and Professor Paul A. Harwood.

Both Jacobs and Sibley have enviable scholastic records and have been very prominent in outside activities. Jacobs was recently elected to Phi Kappa Phi and Sibley is a distinguished cadet captain at the United States military academy.

Religion Survey To Be Made Soon On Nevada Campus

A survey of the problem of religion on the Nevada campus will be undertaken in the next few weeks as part of a study being made in fourteen western universities by the North American Conference on Higher Education and Religion, it was announced today by Dean Maxwell Adams.

Purpose of Survey
The purpose of the survey is four-fold:

1. To determine the extent to which the students are religiously conscious; the ideas, ideals and desires they have on the subject.
2. The extent to which the administration has become conscious of religious, moral and ethical problems, and the place of religion in the curriculum of the university.
3. To determine whether there is a demand for more religious instruction. If so, from what source.
4. To determine whether there is opposition to religious instruction. If so, from what source.

The study will be conducted by a committee probably appointed by President Walter Clark, and will be carried out by a system of questionnaires sent by the conference and answered by groups made up of the students, the faculty, the academic classes, social groups and special organizations on the campus.

The survey is the result of the visit to the university of Dr. Philip A. Vinton, dean of the school of applied social science and head of the department of sociology at the University of Oregon, who came under the auspices of the North American Conference on Higher Education and Religion.

Three Nevada Men On Mythical Team

Hill, Thies, Haynes on Fresno Coach's "All Opponents" Football Team

"Stan" Borleske, coach of Fresno State college for the past four years, chose three Nevada men on the "all-opponents" team which he selects yearly. The men chosen are Jack Hill, halfback; Ole Thies, tackle, and Ralph Haynes, guard.

This all-opponents team is purely the opinion of Borleske and the men are picked solely from the teams that Fresno State played in the past season.

The complete team is as follows: Ends—Crank, Washburn; Hubbard, San Jose State; tackles—Price, West Coast Army; Thies, Nevada; guards—Bessey, La Verne; Haynes, Nevada; center—Grout, Washburn; quarterback—Green, West Coast Army; halfbacks—Hill, Nevada; Edwinton, Washburn; fullback—Malone, Washburn.

Both Thies and Hill are three-letter men in football, while Haynes will wear the stripe for the first time.

Mitchell Attends Far West Meet

C. L. "Brick" Mitchell coach of the University of Nevada football team, is attending a meeting of the Pacific Coast Football Conference in Los Angeles and will go to San Francisco to attend a meeting of the Far Western Conference on December 16 and 17.

He will be accompanied to the meeting of the Far Western Conference by J. E. Martie, director of athletics; Fritz Coltrin, assistant football coach; R. C. Thompson, dean of men, and Bernard Hartung, graduate manager.

Nevada officials expect to schedule games with all of the Far Western Conference teams except Fresno State and Chico State college for the 1933 season.

Second Floor Team Of Lincoln Hall Wins Swim Meet

Don McDonald and Jack Betts Clinch Championship for Second Floor Men

In the Lincoln Hall intradeck swimming meet, held at Moana Springs Saturday, December 3, the members of the second floor won a closely fought contest from the combined teams of swimmers on the first and third floors by a score of 51 to 40.

Both teams were keeping practically an even score until the last two events, when Don McDonald and Jack Betts, of the second deck, won two firsts and seconds, respectively, in the 200 yard event and the individual medley.

Throughout the meet Don McDonald showed unusual swimming ability and plenty of speed, winning four first places, one second and one third as a result. His outstanding winning events were the 50, 100 and 200 yard swims.

In the four-man relay, the first and third deck team completely swamped the second-deckers by beating them about one lap. This team was composed of Freudenberg, Mildren, Reed and Ward.

The humorous event of the evening was the underwater swim, in which George Francis easily covered the greatest distance, but only received a tie in second place for his efforts. The trouble was that he swam about three-fourths of the length of the pool, then getting his direction mixed started swimming in a circle.

Remarkable high diving was shown by Louis Dellamonica, when he executed several complicated dives and took first place.

After the meet, both teams returned to Lincoln hall, where coffee and doughnuts were served.

The events and the winners are: 50 yards—McDonald, Ward, Reed, 100 yards—McDonald, Betts, Freudenberg. Diving—Dellamonica, Ward, Odell. Backstroke—Reed, Ward, Millard. Plunge—Betts, Millard, Freudenberg. Breaststroke—Freudenberg, Betts and McDonald.

Four man relay—Freudenberg, Mildren, Reed, Ward.

Under water—Smith, Francis, McDonald.

Three man medley—Freudenberg, Ward, Reed.

200 yards—McDonald, Betts, Freudenberg.

One man medley—McDonald, Betts and Ward.

Dorothy Gordon Outstanding Co-Ed In W. A. A. Society

Dorothy Gordon, petite brunette freshman, is the most outstanding co-ed in W. A. A., on the basis of posture, scholarship, sportsmanship and general health.

Other women ranking high in these characteristics are Helen Peterson, senior, Glays Compton, junior, Ruby Bliss, sophomore, and Helen Spina, freshman.

The selection of these women was made by a secret committee of six and was announced at a general meeting of W. A. A. last Tuesday afternoon.

This election ended health week, which has been conducted by W. A. A. since November 23, in connection with the National Athletic Association of College Women.

Bulldog Invades Campus Library Sunday Afternoon

An education-inquisitive bulldog caused quite a disturbance for so small a dog when he invaded the library during the Sunday afternoon study session.

Taking up a bulldogish12345612345 the loan desk, he attempted to adopt a number of passing students, but none would have him. Next, the lost canine made a fruitless expedition into the reading room proper in search of his delinquent master or mistress.

Finally, with a few disappointed yelps, the chagrined pup went downstairs on a further tour of investigation, and judging from a series of echoing barks, he was having difficulty with "them swirly" doors.

Up the stairs came the hound full speed ahead and swerving neither to right nor left, pausing just within the door. There he saw his studious mistress, and with a glad cry he tore to her side.

One very embarrassed co-ed, amid a gale of collegian titters, got up to escort one very happy bulldog down into the nether regions and through the "swirly doors."

Dino Barenzo spent the weekend in Lodi visiting relatives.

Miss Madeline O'Connell, a member of the class of '36, was a guest of the Kappa Alpha Theta house this week. Miss O'Connell has been in San Francisco for the last few weeks and was returning to her home in Tonopah.

Basketball Team To Have Xmas Tour on Coast

The University of Nevada basketball team has practically completed arrangement for extensive tours during the Christmas holidays. The trips will carry them as far south as Los Angeles and will terminate in San Francisco. On this tour Nevada will play two of the four southern members of the Pacific Coast Conference. The University of California at Los Angeles and the in on the tour, while Stanford University of California will be taken versus, another member of the conference will be played on December 22 at Reno.

This season's schedule including the proposed tour is the most extensive the Nevada basket tossers have attempted in many years. Coach Martie has a full squad of men to draw from this year and should make as enviable a record as was established in 1932 when the Wolves won the Far Western Conference meet.

Fresno State, U.S.C., Pacific on Schedule Of Nevada Debaters

Applications Received From Utah, Whittier, Oregon Not Yet Accepted

So far this year three debates have been scheduled for Robert Griffin's varsity debate squad. Fresno State Teachers' college, College of Pacific and University of Southern California are the debate teams which Nevada will meet sometime early in February.

The debates with these three schools are return engagements, since all of them debated against Nevada at Reno last semester.

Applications have been received from Utah, Whittier and Oregon State asking for matches with Nevada, but as yet they have not been accepted.

Griffin has not chosen his varsity team, but hopes are high that a good squad can be picked from the number of men who are out.

Granville Fletcher, Vernon Lovelidge, Dan Treavitt, Dudley Nix, Richard Bagley and Blanche Lucas are all experienced debaters, having participated in forensic meets last year.

Desert Wolf Will Be Published This Month as Planned

'Bank Holiday' Has No Effect on Campus Publication, Is Financially Sound

Notwithstanding the "bank holiday" and general depression in Reno, the Desert Wolf will be published this month, as usual, according to James Cazier, business manager.

The Wolf will appear about December 20 and the general theme will be fraternity and sorority life. The material promises to be very interesting, in spite of the fact that the issue will be smaller than previous ones.

Kathryn McCormack will present a satire on sororities and fraternities. Grace and Evelyn Semenza have written a short story. Gladys Morris is contributing some intimate views into campus personalities. Jack Blum will present a Christmas article concerning some of the students on the campus. Blythe Bulmer and Clara Galvin have composed some humorous poetry.

Cazier also stated that the Desert Wolf is on a sound financial basis and will be able to meet all expenses and pay salaries with the advertising receipts.

Montgomery Called To Sacramento by Death of Father

E. P. Montgomery, father of Edward Montgomery '34, died last Wednesday in a Sacramento hospital from injuries administered by an unknown assailant, who last week attacked him and beat him severely about the head and neck.

Robbery was given as the motive for the attack. Although it was believed at first that he had a chance for recovery, the seriousness of the wounds and the exposure to the cold for so many hours resulted in his death.

Robbery, according to the police, was the motive for the attack. The money which Montgomery carried, however, was all in non-negotiable bonds, and the thief got but \$6 in change.

The victim of the savage attack was found by a friend near the former's ranch in the Natomas district.

Edward Montgomery, who returned last Monday thinking his father was recovering, left again yesterday for Sacramento, where he will attend the funeral.

Nevada Wolf Pack Football Eleven Attacked by Fresno

Martie Believes Officials May Reconsider Charges

There has been no official notification from the proper officials that Fresno State college will sever football relations with Nevada. "Doc" Martie, director of athletics at the university, declared this week.

Martie seemed to believe that the Fresno officials were either reconsidering their plans of carrying out the charges or that they were taking time in writing a detailed indictment to send to the Nevada officials.

Nevada Plays "Dirty Ball"
The trouble was an outgrowth of the alleged actions of the Nevada men at Fresno after the football game, in which Nevada defeated the Fresno 7 to 0. The officials at Fresno charged that Nevada has a lax eligibility rule, that a "dirty" brand of football was displayed and that after the game the men behaved in a manner not befitting gentlemen. The latter statement concerned the allegations that some Nevada men stole spoons and sugar bowls from the hotel.

The Fresno newspaper, in addition to quoting the original charges that were made, stated that "Brick" Mitchell, Nevada coach, and Earl Wright, athletic head at Fresno, had an altercation in regard to a controversy which grew out of the number of complimentary tickets that Nevada should have. Mitchell was quoted by the Fresno paper as saying to Wright that Nevada would never play Fresno again.

President Expects Retraction
Dr. Walter E. Clark, president of the university, was of the opinion that Fresno would retract its original statement of severing football relations with Nevada. Dr. Clark said that he has in the past number of years received a good number of letters commending the behavior of the men on Nevada athletic teams.

J. E. "Doc" Martie, athletic head of the university, stated early this week that if Fresno breaks football relations with Nevada it will be the first athletic break in the history of Nevada athletics.

There were squabbles last year, Martie declared, and these came with San Jose, which were quickly healed, and with Fresno State, concerning the eligibility of some of their men. The trouble with Fresno was on Homecoming day, when several of their players were found to be ineligible on the night before the game and were consequently disqualified. This action might have tended to harbor a certain amount of ill-feeling between the two schools.

Nevada officials are calm over the whole affair, and if Fresno does take definite action concerning a break it will not cause any upheaval on the Nevada campus because the majority of officials and students take the matter as a joke.

The two basketball games are still scheduled for February between the Wolf Pack and the Fresno Bulldogs. "Doc" Martie stated this week that "if they want to scratch us off their list we can easily book games with other colleges."

The entire situation will probably be aired when the Far Western coaches meet next week to prepare the 1933 football schedule.

Mitchell Offered 1933-34 Contract By Coach Group

At a meeting of the coaches' committee of the University of Nevada held last evening it was unanimously adopted to offer Coach C. D. "Brick" Mitchell a renewal of the contract for the 1933-34 season. Coach Mitchell is at the present time in Los Angeles for the purpose of attending the annual meeting of the Pacific Coast Conference. It is his purpose while there to schedule games with members of the above conference teams. As in previous years, it has been the purpose of the Nevada officials to attempt to get one or two contests with these larger Pacific coast colleges.

Coach Mitchell's past season at the university as head football coach was considered successful. Three games won, three games lost and two tied is a fair record for any coach during his initial season.

Ralph Menante '34 Is Appointed 1933 Football Manager

To handle football equipment for the men and look after different football duties, the university athletic control committee selected Ralph Menante of Reno to be gridiron manager for the 1933 season.

Menante, who will be a junior next year, has been one of the freshman and sophomore managers during the last two years.

He will succeed Rector Fuhrman, who was manager during the last year.

Nineteen Tryees Receive Places On Masthead

Nineteen tryees working out for positions on the University of Nevada Sagebrush staff were put on the masthead today by Editor Kenneth Johnson in recognition of their work done this semester. John Lee was named day editor, Howard Umber was placed at the feature desk.

Eight of the new members are freshmen, making the total of beginners on the staff higher than it has been for the last three years.

Those who have succeeded in becoming full fledged newspaper reporters on the general news staff are Frances Graf, Maurine Graf, Grace Semenza, Helen Lewis, Rita Gunter, Adelyn Rolholtz, Inez MacGillivray Margaret Piercy, Elizabeth Carpenter, Lois Midgeley, Janet Newton, Jean Rowe, Dorothy Jackson, William Judson, Richard Herz, Kathryn Wardleigh, Forrest Bibb and Charles Leavitt.

Louise Tidball and Clara Willison are on the secretarial staff. The society staff members will be announced next week.

Pre-Season Games Bring Eighteen Out For Hoop Practice

Eighteen men turned out for the Frosh basketball squad Monday night. Practices will be held at 7 o'clock on Monday, Wednesday and Friday for the next few weeks and Coach Chet Scranton urges everyone planning to go out for the squad to report to him as soon as possible.

Besides the eighteen men who reported for practice Monday night, several more men intend to turn out, and Scranton is planning on developing a speedy, winning team in time for the first game, some time during the early part of the next semester. Practice will be held only for a week or ten days this semester, and will be devoted to passing and basket shooting. Later on, Scranton will drill the men for speed. Although several inexperienced men turned out, the majority of the men have played either on high school or fraternity teams.

The men in suits Monday night were as follows: Jack Hughes, Ed Paradis, Frank Kornmeyer, Francis Wise, John Fuller, John Dascowicz, William Cookrell, John Benson, Jack Cameron, Joe Kelly, Walter Bowrin, Frank Hickey, Bill Zmack, John Betts, Donald Fanning, Vernon Eissenman, George Hadlin and Tom Prunty.

Coach Scranton Plans Speedy Team; Has Several Men of Experience

A Search for positions in which university women can work in exchange for room and board has been undertaken by the campus Y. W. C. A. It was announced today by Helen Steinmiller, Y. W. C. A. president.

Many co-eds whose parents could previously afford to send them to school will not be able to return next semester, due to the general depression and the bank holiday, unless they can find part-time work.

An appeal to families who will take college girls into their homes or offices has been made through the downtown papers and the local women's clubs.

Persons who can find work for a girl have been asked to see Miss Steinmiller, or Camille Cerrita, Y. W. social chairman.

Psychology Major To Appear Before Examination Board

Elias Flier Bumatay, a native of the Philippine Islands, is expected to finish his work for a master's degree in psychology the latter part of this semester, according to reports received this week from the office of the dean of arts and sciences.

Bumatay is the only student so far who intends to take the examination, December 20. He received his B.A. in December, 1931, majoring in psychology and minoring in history.

Bumatay has recently finished his thesis, which concerns child delinquency in Reno and Sparks, and will offer this towards receiving his master's degree.

Bumatay is an active member of the Cosmopolitan club of the University of Nevada.

SUN DEFIES ICE; SKATES RUSTING

For the last several days numerous university students have been watching anxiously a slim coat of ice extend farther and farther out into Manzanita lake every cold night to defy the sun every day.

Usually about this time of the year skating enthusiasts start looking for their ice skates and getting them into shape for a little skating enjoyment, and usually Manzanita lake is the first place to freeze over in Reno, thus giving the skaters the pleasure they are after.

So, if this year is no different than the rest have been, it is nearly a safe bet that before Christmas arrives and before the university semester ends, Manzanita lake will be a busy place, while people glide smoothly over its icy surface.

Interfraternity Council Plans New Cup System

Valuable Trophy Will Be Awarded on Basis of Points

At a meeting of the interfraternity council last Monday afternoon, at Morrill hall, plans for a revolving cup to be awarded for interfraternity sports were discussed. Election of new officers was also held.

A plan was offered by J. E. "Doc" Martie, director of athletics, for the purchase of a revolving trophy, to cost between \$100 and \$200. The cup, under the proposed plan, would be awarded each year to the fraternity which succeeded in scoring the largest number of points in competition in various interfraternity sports.

Point System Used
A point system proposed in the plan is as follows. Major sports (baseball, basketball, volleyball and track) will give 100 points for first place, 50 points for second place and 25 points for third place. Minor sports (handball, tennis and horseshoes) will give, for doubles, 50 points, and 25 points for first and second places, respectively. For singles in these events, 25 points and 10 points will be given for first and second places, respectively. For the cross-country race, first place will receive 75 points, second place 30 points and third place 10 points.

The organization winning the greatest number of points would then receive the trophy, to be held for one year. Members of the council were asked to obtain the reaction of their individual organizations, expressed toward the proposed plan.

New officers elected at the meeting were: Jim Wallace, Lambda Chi Alpha, president, succeeding Al Seeliger; Dan Harvey, Beta Kappa, was chosen vice president, and Ed Martinez, Sigma Alpha Epsilon, was named secretary-treasurer.

Y. W. C. A. Appeals For Part Time Co-ed Employment

A Search for positions in which university women can work in exchange for room and board has been undertaken by the campus Y. W. C. A. It was announced today by Helen Steinmiller, Y. W. C. A. president.

Many co-eds whose parents could previously afford to send them to school will not be able to return next semester, due to the general depression and the bank holiday, unless they can find part-time work.

An appeal to families who will take college girls into their homes or offices has been made through the downtown papers and the local women's clubs.

Persons who can find work for a girl have been asked to see Miss Steinmiller, or Camille Cerrita, Y. W. social chairman.

A WORTHY PLAN

This week's meeting of the interfraternity council brought forth a plan submitted by J. E. "Doc" Martie, director of athletics, by which a valuable trophy could be offered by this body for the fraternity that scores the most points in interfraternity sports competition. These points would be given in accordance to the ranking of the houses in the various tournaments, and would be awarded in the order of merit method by which winners in the major sports would be given a greater advantage over winners in the minor sports.

The plan does away with the expense of buying cups for every tourney and, save for the initial expenditure, would be a major factor in the reducing of interfraternity dues of the future.

It is the belief of the majority of thinking students and campus leaders that such a step by this body would be in the right direction and, in time, with the added tradition interest in interfraternity sports would increase and an added impetus would be in effect. The present system offers the winners suitable enough prizes, but there is no incentive, save for personal and house pride, for finishing up in the list once the winning team or leading teams have been decided by beginning play. The new system would make the runner-up positions valuable toward points in the yearly total for possession of the trophy.

In the majority of the leading colleges and universities of the United States similar systems are in vogue with the highest all-around intermural champions receiving at the finish of every school year a traditional trophy. The present system at Nevada is obsolete, and with the trying financial situation present any change that would be satisfactory and would reduce costs should be given careful consideration.

With every possible angle cleared up this plan should be passed on and put into operation either with the beginning of the spring semester or, at the very latest, next fall.

The action of the editor of the Fresno Collegian in pointing out the error of furthering any strained relations between Nevada and Fresno State should be commended. He has taken a step in the right direction and it is the firm belief of most Nevada student leaders that this difficulty between these two leading Far Western Conference colleges will be ironed out in the next meeting of this body's representatives.

EXCHANGES

BALTIMORE, Md.—Kenneth W. Brighton, student at Johns Hopkins university, is recovering from serious burns suffered when a chemical solution he was mixing in a laboratory burst into a sudden flame.

His clothes caught fire and he was seriously burned before he was rushed to a nearby shower bath. He was taken to the Union Memorial hospital.

The French government has given a collection of 136 portraits of leading French personalities to the University of California at Berkeley and to U. C. L. A. Among the best known of the men presented are Marshal Foch, Dr. Henri Bergson, noted philosopher, and Georges Clemenceau, war premier of France. The photographs, which are framed, are 15 by 12 inches in size and will become the permanent property of the universities.

An argument as to whether the student newspaper is qualified to criticize the administration of the college was a major issue discussed at the National Scholastic Press convention held in Cincinnati, O., last week.

The general consensus was that a college publication hasn't the necessary facilities for efficient and thorough investigation which is needed for a justifiable exhortation of the faculty or running of the institution.

CHAPEL HILL, N. C.—An impostor claiming to be the famous Bert Metzger, all-American guard at Norte Dame three years ago, visited the University of North Carolina campus and before being identified as a fake was "wined and dined" by scores of admiring students.

His disappearance was as mysterious as his arrival, and sports authorities here are still trying to find his real identity.

University of Oregon students and officials held a day long celebration

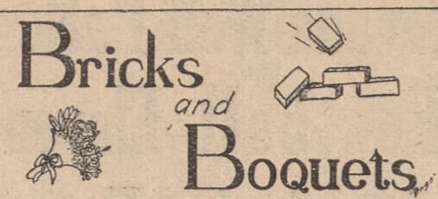

in honor of the crushing defeat suffered by the Zorn-Macpherson bill, which proposed to unite all the schools of higher education under one head and to consolidate them. The death of the bill was commemorated by a large In Memoriam notice in the Daily Emerald. Classes were dismissed the day after the vote. A dance was held in the afternoon, and another was held at night in which the jubilant students were joined by the townspeople of Eugene.

More gigolo news that may be of interest is the fact that the American gigolo has at last come into his own. An "American Intercollegiate Association of Gigolos" has been formed at the State college in Santa Barbara as an answer to the cry of the fair co-eds who far outnumber the men. The student sponsors dedicated themselves to specialization in supplying men as escorts to social events, that is, "the proper man for the proper occasion in the proper attire," as it were.

Co-eds at Northwestern university decided to show their faithfulness by forming a "true to one man club." Each member wears a yellow ribbon around her neck to signify that her interest is centered in some man not attending the university. Male students took objection to the co-ed movement and retaliated by forming a widowers' club and refusing to date the local co-eds.

Looking at students on the campus a stranger might well believe that every day is a holiday or some type of special occasion for the apparel worn here is of the latest style and best quality. Both men and women dress far better than there is any necessity of doing. There should be a return toward normalcy in dressing as well as all other phases of life. A decent low plane of living goes hand in hand with high thinking.—Athenaeum.

Better to Buy Downtown

By COMMITTEE OF TEN
Not only was the Scandal Show the most crapulous, unpalatable, cadaverous, venal and ill-contrived show we have ever seen, but it was also scrobitic, imbruted, humorless, libidinous, recusant, ruttish, pithless, swinish, sabledated, preposterous and lousy. The persons in charge of such a show should get the works as far as a certain committee goes, and roam at large.

Now that Ralph Menante has something to be swell-headed over, we wonder what the high school girls will think of him. Ralph is the belle of the ball, or something, down where our freshmen come from, and has the best attendance record at the high school dances of anybody on the campus. Still, every year we have to be represented down there, because of Vic Carroll, Bill Beemer and a few others setting a precedent.

We have had several correspondents on the job, as well as four secret operatives, and the operatives have been so disguised for the past three weeks that they couldn't even recognize themselves, hence we have not heard from them. But at last what do you think has happened? They have all brought in some of the best dirt that anybody could ever want, and now the only job we have is to get it past the editor and a few others.

Operative Alpha, who has been hiding in the Key Hole of a certain sorority house, situated between two other sorority houses over on Sierra street, reports that he was rudely awakened while having the most sound sleep he had had for days, by a key poking him in the back, about 6 o'clock one morning last week. He is a little reluctant who was wielding that key so early in the morning, but he will say that they were seniors. One was from Yerington and the other was from South of the Slot in San Francisco.

Over at the Tri-Delt house, our messenger has been in the cream in the young girls' coffee. He says that things are pretty dead over there. The only thing that happens of interest is the kidding that Jerry and Phil get. We want to know what has happened, what with Tick Ligon, Jerry Harbert, Carr Hunty Hunt, Ruth Brown and a few others of the people who are used to getting their names in the paper, we should never be lacking for copy.

Shades of the past were brought to mind a few nights ago when Al Randolph came to town for the evening. Probably only here to look over the apartment situation so that a few of his pals could make themselves at

home. Hope things don't come to pass like they did last year.

Seen on the campus—Gwen Doten telling Rowen just all about it in no uncertain terms . . . Hackett edging up to one of the Slaven gals . . . Wonder what became of Mary Tholl . . . Maybe she got wise to our Ray . . . Jack Stevens and Spud Harris trying to get a trip lined up in the library . . . And do they know how . . . People studying . . . Maybe it's near the end . . . What?

Who was the person who arrayed the feminine pulchritude so neatly in the library the other evening? From the looks of the pictures in the American Photographer they have not been gone over so very carefully. Censored is a bad word to use in this case. But they had better be careful if they still want a guy to keep his moral scruples.

Russell Elliot, pride and joy of the Lambda Chi house and the most bashful boy on the campus, made his claims that he would not have a date for the entire semester. But, true to all members of his sex, he could not resist the temptation to go to the house dance and give the gals a break. More power to the women-haters.

Isabel Matley, otherwise known as Princess, is taking a private course in Journalism under the tutorage of none other than "the" Loose Leaf, the Journal press.

How come Chick Koerner finds work so interesting that it takes him from church time Sunday morning until after midnight to finish it? Must have been interesting to absorb so much time.

First Aid for unbroken joints

How to keep silt and sand from clogging telephone cable ducts was one problem put up to engineers at Bell Telephone Laboratories. No known method of joining sections of vitrified clay conduit effected a seepage-tight joint.

With scientific thoroughness, telephone men made many tests under service conditions. They devised a bandage of cheese-cloth, waterproof paper and mortar. Easily made and applied, this mortar bandage is tight against silt and sand. It prevents clogging, greatly simplifies the installation of new telephone cables and the removal of old ones.

Through solving such interesting problems, Bell System men work steadily nearer to their goal — telephone service of highest possible efficiency.

Announcements

There are two black binders at the registrar's office, one with the name Paul Gemmill and the other Bernice Johnson. Persons owning them are requested to call for them.

In order to pep up the intermission period and give the customers a run for their money a greased pig was set loose on the field between halves of the Creighton-Drake football game. Its exhibition of open field running was a thing to behold, and it reeled off one sensational run after another. With fourth down and a goal to go, the pig was steered into its crate and carted off the field.

Honorary Society To Make Changes

Indefinite Pledging May Be Changed; To Admit Only English Majors

Proposed members of Chi Delta Phi, English honorary society for women, will no longer be allowed to remain pledged indefinitely to that organization if the constitution is revised according to plans discussed at a recent meeting held at the Gamma Phi Beta house.

The present constitution provides that a person may be pledged for any period of time without joining. Objection has been made to this regarding that many enjoy the honor of belonging without paying dues. It is to remedy this abuse that a definite period of pledging is to be decided.

Another amendment pertaining to whether students who are not English minors or majors should be pledged, was brought up. Last year several members were taken who were not English students but who were interested in the subject. The argument that took place brought out the fact that the organization is an English honorary society, and so only English students should belong. Mary Trudelle was appointed as chairman of a committee to discuss the question and make suggestions at the next meeting.

After the business meeting those present enjoyed a snow party. Everyone was dressed in winter sport costumes and winter games were played. As a part of the entertainment the Pope twins presented a skating dance, Margaret Martin told a Christmas story and everyone sang Christmas carols, while Blythe Bulmer accompanied them.

Pan-Hellenic Indefinitely Postpones Dance

The Pan-Hellenic dance scheduled to be given the fall semester of every school year has been indefinitely postponed, it was decided by members of the Pan-Hellenic council at a meeting held last Tuesday.

Whether or not this long heralded event will take place next semester will depend on the amount of "filthy lucre" available among the co-eds on the hill. The bank situation has gravely interfered with the social pleasures of the university, and the pocketbooks of the co-eds of Nevada are so badly flattened that they declare they cannot stand the pressure that even one night of pleasure would cause.

The male population of the campus is decidedly downcast by this decision, but as all other campus festivities have been called off the women consider it their right to wait until prosperity returns before they entertain the gents.

Y. W. Sponsors U. O. Dean's Talk To Campus Here

"It is my conviction that the present economic and social upheaval is partly due to lack of religion," it was stated by Dr. Philip A. Parsons, dean of the school of applied social science at the University of Oregon, in an address to Nevadans Friday afternoon in the Mackay Science building.

"It is not an accident," he said. "You can't have spiritual and materialistic aims at the same time. Because too much emphasis has been placed on the materialistic, it has broken down under its own weight."

This, Dr. Parsons gave as part of his findings in the religious survey of western universities which he is at the present time undertaking under the auspices of the North American Conference on Higher Education and Religion.

"I have found that there is a tremendous interest in religion on all campuses, and that there is a need and a desire for a more practical religion which will be an enrichment of the educational curriculum," he stated. In the open discussion which followed the address, Parsons remarked that people are incurably religious, but either don't know it or won't admit it.

Dr. Parsons has been director of university settlement work in a number of eastern cities, is widely interested in religion and other problems of university life, and is a lecturer of wide experience. His visit to the Nevada campus was sponsored by the university administration and the campus Y. W. C. A.

Women's Basketball To Start Tuesday

Intramural basketball for women will start next Tuesday, December 13, according to Dorothy Pope, manager.

The Gamma Phi Betas are scheduled to play Kappa Alpha Theta, Pi Beta Phi the Independents and Manzanita Halls the Beta Sigma Omicrons. The finals will be played off December 22.

Interclass games are being played off this week in order to give place to the intramural tournament. Participation in these games counts towards W. A. A. membership.

Bleacher Coaches Acclaim Football Season as Success

Wolf Pack Ties San Jose for Far Western Conference Championship

Mitchell System Brings Three Victories, Three Ties, to Three Losses

Nevada's football bleacher coaches have acclaimed the 1932 football season a success as far as they and everyone else was concerned.

The Wolf Pack won three games, tied three and lost three games, as well as winning a tie with San Jose for the Far Western Conference championship. Nevada has just finished one of the best football seasons in some years.

To start the 1932 season, the Nevadans took the Teachers from Oregon Normal into camp to the tune of 12-7. The next week Nevada went to San Francisco only to lose to the strong St. Mary's team, 35-0. The Pack held the Gaels scoreless in the second half.

Pulling a surprise, the Pack next went to Ogden and held the five time Rocky Mountain champions to a 6-6 tie in their best game of the season. The Utah Redskins were expected to win this game by a large score. In the annual Homecoming day game the Pack defeated the California Aggies 16 to 0 in the game that will be remembered as the first sign of Nevada having a passing attack as well as power.

California's Golden Bears gave Nevada the worst beating of the season. At the end of the game the score stood 38 to 0, but was more exciting than the final tally showed. After pushing San Jose all over the field in the Packs' next encounter, the game ended in a scoreless tie.

The game with the Olympic club ended with the club holding a 13 to 0 advantage. However, the Pack took their next game, against Fresno, 7 to 0, ending their 1932 football season.

Next year nine men will graduate from the football ranks, but the remaining ones have learned the Mitchell system and are ready for next season, which they predict will be the best year that Nevada has ever known.

Block N Entertained

The members of the Block N society and their girl friends were the guests of Vin Burke at a banquet last Friday night.

The banquet is an annual affair, given to honor the men who have made letters in the major sports on the campus. Roy Bankofer was in charge of the arrangements.

Cashill's Kick Listed Among 1932 Records

Official recognition for the record-breaking drop kick made by Tom Cashill, University of Nevada center, when he booted the ball through the uprights at a distance of fifty-five yards, was received recently by Bernard Harburg, graduate manager.

In a record compiled by the American Collegiate Football Association, Cashill's kick received recognition officially as the longest drop kick of the 1932 season. The kick was made in a game against the California Aggies early in the season.

The record scoring plays of 1932 as compiled by Parke H. Davis are as follows:

Longest goal from the field by a drop kick, 55 yards, by Tom Cashill, Nevada versus California Agricultural college.

Longest goal from the field by place kicks 45 yards, Edward Kelly, Boston college versus Villa Nova; 45 yards, Robert Chase Brown versus Tufts; 45 yards Ray Kerchvela, Kentucky versus Tulane.

Longest scoring run-back of a kick-off, 107 yards, by Robert Gibb, Nebraska Wesleyans versus Oklahoma City.

Longest scoring run-back of a punt, Michael Schemick, 100 yards, Thiel versus Bethany.

Longest run with a complete pass, Allen Rogers from James Hitchcock, Auburn versus Mississippi.

Longest scoring forward pass, Thomas Johnson, 52 yards, Virginia versus Roanoke.

Longest scoring run with an intercepted pass Ray Rex, North Carolina State versus Clemson, 101 yards.

Longest scoring run following a blocked kick, 30 yards, Ray Fries, Colorado college versus Denver.

Longest scoring run with a caught fumble 65 yards, Irad Hardy, Harvard versus Dartmouth.

Wilson Returns From Meeting

F. W. Wilson, professor of animal husbandry at the University of Nevada, recently returned from a week's trip to Los Angeles, where he helped officiate at the annual Great Western Livestock Show. The show started November 25 and ended November 30.

Wilson has been associated with the show ever since it was organized, seven years ago. For the last three years he has been superintendent of the sheep department, and for four years prior held various offices, among which were judge of sheep, judge of individual steers, judge of breeding classes of cattle and judge of carload lots of steers.

The show, an event of widespread interest to stock raisers of the west, was well attended, according to Wilson. After the event was over, a large banquet was given to those who participated.

Father of Students Dies in Austin from Acute Indigestion

With several Reno friends, Jack and Marjorie Myles left for Austin Sunday to attend the funeral services of the father, John H. Myles, who died suddenly of acute indigestion in his home in Austin last Friday night.

Besides his son and daughter, who are both university students, Mr. Myles is survived by the widow, Myrtle T. Myles, of Austin; his mother, Mrs. Julia Myles; a sister, Margaret Myles;

Glee Clubs Join Elks in Staging Charity Concert

Hackett's Band, Dance Teams and Solo Numbers Features on Program

University musical groups will join with the Reno Elks club in presenting a charity concert and stage revue at the State building Wednesday, December 14, beginning at 8:15.

The first part of the program will feature concert numbers by the university-community orchestra and song presentations of well known compositions by the men's and women's glee

clubs under the direction of Prof. T. H. Post. Marjorie Stout, soprano, sings an aria from "La Tosca" and Adolf Roncaglio, violinist, will play Massenet's "Meditation."

Ray Hackett and his dance orchestra will be seen in the second half of the program together with dance acts, the American Legion quartet, and solo attractions.

In the stage revue, dancers taking part are: Jean McIntyre and Margaret Martin, Oscar Robinson and Leone Clark, Kathryn Farr, Fred La Marsna, singing some of his hit numbers of the recent Fernley concert, and Douglas Vaughn, songster, occupy featured spots in the program. T. H. Post, M. Ferris, Vernon Armstrong and Roy Merithew of the American Legion quartet present song novelties.

The grand finale comprises men's and women's glee clubs and the entire jazz orchestra.

General admission is 50 cents, with a 25 cent ticket for university students. Sponsored by the Elks club, all proceeds will go to them for their annual Christmas charity program in the community.

John Myles was engaged in the mercantile business in Austin, and after engaging in many occupations throughout the state, returned to his home town a year and a half ago. He was connected with the Austin Mercantile company. His passing was mourned by many friends throughout the state, as he was of a pioneer Austin family.

Christmas Rates Given Students

Special railroad rates have been arranged for students desiring to go home for the Christmas holiday season, according to announcement just received on the campus from I. T. Sparks, district passenger agent for Southern Pacific at Reno.

The holiday fares are unusually low for all students who will want to spend Christmas and New Year's with relatives, being the one-way fare for the round trip.

Students should communicate promptly with the local Southern Pacific ticket office, phone 3451, to determine identification requirements and other details governing the holiday tickets to home destinations which will be available for use at the close of school in December.

The students' Christmas vacation fares have been arranged with the knowledge that most young men and

women preparing themselves for future careers will want to spend the holiday season with their folks at home," the announcement from Mr. Sparks stated.

"The fare was made as low as possible in a desire to be as helpful as we can in assuring a happy holiday during the period that classrooms will be deserted."

George Gottschalk '31 and John Parusa were visitors at the Sigma Nu house last week. Both men are teachers in the Dayton schools.
