### DANGEROUS LETHARGY

The remarkable lethargy shown by the students at Nevada when the coaches of dramatics on this campus called for tryees for the traditional annual Wolves' Frolic is one of the most shameless examples of lack of university spirit shown here in the history of this institution. At first it was thought that lack of time to prepare material for the presentation of acts for the frolic was the cause of the poor showing when the first tryouts were held, but it later developed that in spite of all of the pleading of dramatic leaders for assistance another week went by with the recruits numbering only a small chorus and two small acts which were procured with difficulty. This is a very poor start for the revival of dramatics that student leaders on this campus have been trying to promote. Even now, the question of whether the returning graduates who are present at the annual Homecoming day celebration will see the end of the traditional frolic is still in doubt.

Seeing the danger of the loss of an ancient tradition, some of the real student leaders of the university have instituted a movement to get the various social and fraternal groups on the campus to present acts. They have pointed out that the loss of the frolic will be looked upon with disfavor by graduates and students on other campi. They have shown us that the failure to produce the frolic will cut off a large source of revenue for the student board central treasury and seriously curtail other activities that would benefit by the funds raised by the presentation.

It is just possible at the present time that the frolic may be presented. If it is, it is the duty of every student who has any interest in the future of the traditions of this university and a pride in its reputation to do everything in his power to aid in the success of the production. We must assist by attending the frolic, by aiding in the sale of tickets to alumni and others and by giving our whole-hearted support in every way possible.

### A CONSTRUCTIVE EFFORT

Work of the Sagers organization in asking students to sign a pledge that they will trade at stores which have adopted the N. R. A. code is a constructive enterprise which will directly affect a large number of the student body if those who accept the consumer eagle conscientiously endeavor to fulfill their promise.

With Reno N. R. A. business men decreasing the working hours of their regular employes, a large number of part time jobs is created. University students are well qualified to fill many of these openings. A number are employed already, and it is expected that more will find work as the effect of the recovery administration act is felt.

Much, however, depends on the attitude of the buying public. N. R. A. code firms cannot remain in business unless they are patronized in preference to non-members because of the extra expense entailed by the code provisions. They cannot afford to hire extra help or pay higher wages when non-conformers get a large share of the business.

The university student body is an important part of the Reno buying public. Their trading habits have a large effect on the welfare of many Reno firms. Their patronage at N. R. A. stores can be a tremendous help to the code signers. If students take the N. R. A. campaign conducted by the Sagers seriously, sign the pledge and then trade at stores displaying the blue eagle, they will stimulate business in a place which is a potential employer of some fellow scholar who may be in need of the financial help. It is an opportunity for everyone to help someone else, and deserves recognition as such.

### A CLASS WEAKNESS

A complete loss of prestige is about to be the fate of the members of the sophomore class through their total failure in the handling of the cocky new members of the university student body, the freshman class. They have lost the annual field day, have been tossed into the cold waters of Manzanita lake by the newcomers when they attempted a laking as a disciplinary measure and failed to enforce the traditional laws of conduct which are imposed on all freshmen.

If the members of the sophomore class and the sophomore vigilance committee in particular think that they can get the situation in hand, it is not too late for them to start trying. But they will have to show considerably more initiative than they have so far this semester. They should be warned that the matter cannot be adjusted in one wild midnight laking party but must be a gradual and relentless movement for the preserving of Nevada traditions.

Addition to the constitution of the A.S.U.N. providing for a song leader:

Article II, Section 3, J - It shall be the duty of the senate to appoint within the first seven weeks of each university year, and upon the recommendation of the nominating committee, one member of either the junior or senior class to act as official A.S.U.N. song leader.

Amendment to article IV, section 2, a, of the by-laws of the A.S.U.N. constitution:

Football: To be eligible for a varsity award in football, a candidate must play a total of 30 per cent or more of the total number of minutes of the regularly scheduled games for the season.

## Wolf Howls

### By ZOOPER SNOOP

Well, folk, we greet you this week with some choice dirt about the boys with the hayseed in their hair who threw a big bust in one of the Reno city parks and forgot to invite the Brush staff. We call that pretty mean of them since several of our star reporters have been pining for an exciting evening since the semester started. As to the nature of this congenial gathering, because of the laws of libel we will refrain from mentioning it. But we will say that the Aggies managed to have plenty of liquid refreshments. Rumors state that this consisted of 18 gallons of crank for six members. Some party, by golly!

And then we have the tale of how the sophomore class flopped in another one of its projects to subdue the cocky freshmen. The wearers of the dirty moleskins gathered at the fateful hour of midnight last Monday and waited for the gathering of their clan, but discovered when they started to count heads that only a rough dozen were present, so they called the whole business of a midnight laking off and trotted home with their tails between their legs. What, no intestinal fortitude?

Now that all of the sorority rushing is over and the smoke of battle is cleared away, with the Pi Phi sirens the proud possessors of the longest pledge list, we will bury the dirt (if we can) and hope for a night with the gal friend undisturbed by rushing parties and stealthy midnight calls on rushees. We won't attempt to divulge all of the crummy details of the rushing because we haven't room.

We hear Springmeyer has lost interest in the steamship line and is now hitting the books again. The red-headed love man of the Vagabond D.S.L.'s is now in circulation. Get your war paint on, gals, and let's see who will be the sixth co-ed to rate that shiny bit of chest jewelry of his.

Marj Fay has an apartment now across from the Gamma Phi house and is all set for a pleasant year. Whynt cha come up sometime?

Now we have for your avid eyes the tale of the little co-ed of Tonopah who was put on the spot. It seems that like the sailors she had a sweetheart in every port, one a prominent U. of N. student and another for summers in Tonopah, a high school athlete. High school athletes proverbially grow up and come to college and this one did, too, so now the poor girl tried to keep both of them around by telling them she would like to double-date. But the campus hot-shot would have none of this and is now parking on the doorsteps of a charming little Gamma Phi. Exit the eternal triangle.

Forget your high school achievements, you're in college now, is the advice given to Nevada students, but several of them evidently started doing some achieving that they forgot to do earlier when they attended a dance of the Delta fraternity of Reno High school last weekend. Strange as it may seem, most of these whoope boys who spoiled the high school children's fun by taking

## Nevada Bandsmen Play at Opening

Nevada bandsmen will make their first appearance of the season this evening when they will appear downtown at the annual Fall Opening sponsored by Reno business organizations, according to Professor T. H. Post, director of the music department.

Other branches of the department have been making plans for the semester, which includes a concert of folk songs to be given by the women's glee club near the end of the semester. The men's organization has outlined a statewide song tour for December which will take them to principal Nevada cities. Herbert Peck is managing the men's activities.

Enrollment in these activities is said to be large, with the orchestra numbering thirty-five pieces, and the glee clubs and band with about thirty members apiece. Band uniforms are being cleaned and fixed for the first home game of the semester.

over the festivities were members of the proverbially pious Lambda Chi clan. Naughty boys, shouldn't steal high school boys' girl friends. How about it, Mastriani, States, Rossolo, Voorheis, Anker, Quilici and Austin?

Several senior women whose boy friends graduated with the class of '33 and have left the dear old alma mater for foreign parts, are looking over the crop of brawny freshman males for a new sugar daddy but do not seem to have had much success as yet. Listen, freshies, look 'em over and take your pick. If you like sophistication, here's your chance.

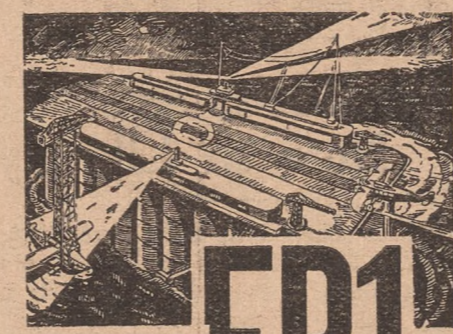

Disjointed Groumbings: Ed Martinez dashing down the campus looking beautiful in a dazzling yellow sweater and no shirt. Mildred Nagy isn't decorating the interior of the Brush business office any more Why?

The Alpha Deltas now have a parlor in which to turn the lights low. Elva Neddereip looking sad with no Dickerson on the campus. Francis Smith dancing sublimely by in the arms of none other than Floyd Holt. Where the tarnation is Tank?

Mary Connelly, the Tri-Delt pledge, just about has our prey Jim hooked. A new smoking room installed at Manzanita hall; no necessity of going to upper third for a smoke now, girls.

New members of the love-dovey club, Bob Anderson and Frances Graf, Myra Sauer and Fred Nagel, "Red" Jensen and Evamae Beemer, Wilbur Peterson and Anna Blundell, Rita Jepson and Jay Lockridge, Leslie Grey and Louise Mornston.

## Wilson Manager Of Calif. Paper

Thomas Wilson, graduate of the course in journalism of the University of Nevada with the class of 1923, is at present advertising manager of the Monterey County Post of Salinas, Calif.

Previous to his connection with the Post, Wilson was associated with the Las Vegas Age of Las Vegas, Nev., and also did advertising for a group of Nevada weeklies.

While on the Nevada campus Wilson was active in journalistic work, having been editor of the Desert Wolf and head of the news bureau.

## Wallace in Charge Of Student Union

James Wallace, custodian for the student affairs committee, which has charge of the Student Union building, announced that the committee is anxious that the building be used for the proper student purposes.

In order that this may be done the following rules governing the use of the building are necessary:

1. The control of the building is at all times in charge of the student affairs committee acting for the university.

2. The lounging room of the building is open for the use of all students between the hours of 8:30 a. m. and 4 p. m. It is understood that students so using the room will conduct themselves in an orderly manner.

3. The building will be locked between the hours of 6 and 7 p. m. and 9 p. m. and 8 a. m.

4. Recognized campus organizations may schedule committee meetings between the hours of 4 and 5:30 o'clock and between the hours of 7 and 9 p. m.

5. Jim Wallace is in immediate charge of the building, and responsible to the student affairs committee for the enforcement of rules governing the use of the building. Campus organizations desiring to use the building for committee purposes within the permitted hours are to make application to Jim Wallace for such privilege.

The committee asks the co-operation of all students in making this building a real asset to the campus.

The expectation of life will be increased from 70 to 77 years and man will reach the height of his powers at 65 instead of 58, Prof. H. C. Sherman of Columbia has predicted.

## Mitchell Narrowly Escapes Death in Plane Collision

Walter D. Mitchell, a graduate of the University of Nevada with the class of 1932, escaped death by a narrow margin recently at Kelly Field, Tex., when the plane which he was piloting collided with another carrying a Lieutenant Harris, according to word received here.

The men were flying in formation at an altitude of 5000 feet when the mishap occurred. Both took to their parachutes. The ships were totally wrecked.

Mitchell was appointed to the U. S. air corps upon his graduation from the university in 1932. He successfully completed his training at March Field, Calif., and is finishing his course at the Texas school. He was a student in the military department and majored in botany.

### PROFESSOR PROMINENT

Because of the zeal of Professor Vincent Gianella, Nevada physical phenomena has received considerable public attention during the past few months. Reprints of several papers and addresses by him on the geological structures of the state and recent earthquake shocks were received in Reno this week.

### BOOK EXCHANGE MAKES MONEY

The Y. W. C. A. book exchange, operating for the past few weeks in the basement of Morrill hall, has been prospering this year under the management of Louise Tidball, Dorothy Jackson and Mary Vaughn. Last semester about 150 books were sold, while this year there has been an increase to about 230 copies. The students make their own price and the Y.W.C.A. deducts 10 per cent for the exchange.

### Pi Beta Phi Wins Pledge Race With Fifteen Bids Taken

#### Close Competition Run by Theta With Thirteen New Pledges

Pi Beta Phi nosed out the five other entries in the annual sorority derby which came to an exciting finish Saturday at noon, when fifteen of the new women of the campus accepted bids to that house. Kappa Alpha Theta and Delta Delta Delta were running neck and neck with the winning house until they entered the final lap. The Thetas pledged thirteen and twelve women went to Tri-Delt. Gamma Phi Beta bid six, Beta Sigma Omicron four and Alpha Delta Theta two.

Pledging ceremonies have been held by the various houses during the course of the week. The preferential dinners were all held Saturday night to honor the new pledges.

**Sororities Give Dinners**  
The Pi Phis held their dinner at the chapter house and pledged their girls Tuesday. Kappa Alpha Theta pledged Sunday night and their dinner was held at the Riverside hotel. Pledge degrees were given by the Tri-Delts late Saturday afternoon, which were followed by the preferential dinner at the Reno Golf club. The Gamma Phis and the Beta Sigs dined at the El Cortez, and the Alpha Delta Thetas in their chapter room at the Kennedy apartments.

**Freshmen Choose Houses**  
The results of the derby are as follows:

Pi Beta Phi—Jean Henderson of Carson, Berna Hansen of Wells, Genevieve Hansen and Catherine Armstrong of Elko, Betty McQuiston of Carlin, Annette Priest of Sparks, June McNamee of Susanville, Genevieve Ashworth of Ely, Madeline Joyner of Las Vegas and Ellen Hoffman, Virginia Crosby, Mary Louise Carmody, Joyce Cooper, Joyce Dodge and Betty Thomas of Reno.

Kappa Alpha Theta—Betty McCullough of Fernley, Jeanne Cardinal of Gardnerville, Zoe Hampson of Hobart, Eleanor Garrison of Sparks, Annabelle Arentz of Simpson, Louise Emminger of Mina and Ruth Palmer, Betty Blum, Ellen Creek, Jeanne Stoddard, Marie Morgan, Mildred Murdock and Mary Catherine Blakeley of Reno.

Delta Delta Delta—Mary Connelly of San Francisco, Mary Millard of Ely, Ruth Hanson of Lovelock, Isabel Priest of Westwood, Eileen O'Hara of Tonopah, Ruth Tucker, Mary Casey and Evamae Beemer of Sparks and Elizabeth Juniper, Virginia La Rue.

### Freshman Women Warned of Wrath of Upperclass Heads

The women's upperclass committee, with Charlotte Pope as chairman, has already taken a firm grasp on its duties. The names of several offenders are listed and some of the committee members are assisting Miss Thompson in keeping order in the library.

The committee was appointed by the student senate last week. It has held no meetings as yet, but there will be one during the first part of next week. Punishments for various offenses will be decided on if the list of offenders is longer by that time. Meetings will be held once a week during the semester.

Few erring frosh women have been found by the committee. The committee members are diligently watching for any offenders, however, and are particularly active in taking names for Miss Thompson in the library.

Gwenevere Ericson and Kathryn Luke of Reno.

Gamma Phi Beta—Anna Blundell of Sparks, Emmeline Christensen of Fernley, Marjorie Totman of Lovelock, Barbara Clark of San Francisco, Frances Haire of Reno and Georgianna Harrimon of Fallon.

Beta Sigma Omicron—Theda Burrus of Reno, Mary de Armond and Agnes de Armond of Ruby Valley and Thelma Kane of Carson.

Alpha Delta Theta—Ruth Goldsworthy and O'Riva Wall of California.

Last year the derby was won by Pi Beta Phi. At that time they pledged twenty-two girls. Kappa Alpha Theta was second with twenty-one pledges, Gamma Phi Beta third with twelve and Delta Delta Delta fourth with eleven.

**Taus Entertain Women**  
The new pledges and the house presidents will be entertained tomorrow by the Alpha Tau Omega fraternity at their annual "derby" tea. At the tea the honors of winning the derby will be presented to Pi Beta Phi.

### Four Women for Debate Tourney

Intramural debate for women this year under Professor Griffin has not been very successful thus far. Various notices have been posted to the effect that tryouts were open for all women interested, but no much response has been received.

At the present time Blanche Lucas is acting as the women's debate manager and the only tryees so far are Helen Crabtree, Gwen Ericson, Elizabeth Juniper and Blanche Lucas.

Further interest in women's debating will be stimulated by asking each sorority house to send two representatives to take part in the debate work. Mr. Griffin expects to complete the list of tryees by Monday.

Experience is not necessary for participation and Miss Lucas urges all women who are interested to sign up immediately.

### MANZANITA WOMEN INITIATE MEMBERS

Manzanita Hall association held initiation for all freshman girls and new women in the university dining hall last Monday night.

Each initiate was required to present a small skit as her part of the initiation. The prize for the cleverest and most original stunt was awarded to Jean Cameron of Carson and honorable mention was given to Lottie Bowman.

During the dinner hour each girl's face was decorated with the letters L, F and G, which stand for "loyalty, friendship and good will," the motto of the association. After the business meeting dancing and refreshments were the order of the evening.

Be proud of your university.

### S.A.E.'s Establish New Precedent

Establishing a new precedent on the University of Nevada campus, Sigma Alpha Epsilon fraternity this year will be guided by a house mother, Mrs. F. O. Norton of Reno. Until this year no fraternity on the hill has ever engaged a house mother.

Mrs. Norton, who has resided in Hayward, Calif., for the past several years, was prominent in club and society affairs in Reno during her residence here and was instrumental in establishing the art department of the Nevada Federation of Women's Clubs.

As fraternity house mother Mrs. Norton will act as hostess at all social affairs given by Sigma Alpha Epsilon. She also has complete management of the house. Mrs. Norton plans to act as an assistant instructor of Greek art on the campus under Professor J. E. Church.

### Rushing Interfered With Women's Glee

During the first weeks of school when women students are either "rushing" or being "rushed" no regular meetings of the Women's Glee club were held, due to the conflict of parties and practices. No practices have been held, but the work for the semester will soon be well under way when officers are elected.

All students who are interested in vocal work may try out for membership in the group. Professor Post will give anyone interested a tryout and any additional information needed.

### Women Outline Plans For Semester's Work

Since the appointment of the various committee chairmen of the Associated Women Students of the University of Nevada, plans for work for the remainder of the semester are being made, Marthine Solares, president of A.W.S., said today.

The "Buy a Brick" campaign under the supervision of Kathryn Johnson will be fostered during Homecoming and students are expected to do their part by buying a brick to help increase funds for a future A.S.U.N. building.

The point system is being revised by Camille Cerrita, chairman, Sarah Graves and Cornelia Arentz. One of the new features of this system will be the addition of points to be awarded to those women students who work on the Sagebrush.

Marjorie Cannon, chairman of the ice cream sales committee, has planned to have the freshman girls sell candy, ice cream and hot dogs at the football games this semester. The proceeds from these sales go to make up a scholarship of \$25 offered by the Associated Women Students to the woman student attaining the highest average grade for the year who receives no other scholarship.

Paul Fontana, senior electrical engineering student, made an extensive tour of the United States this summer, which included the world's fair at Chicago and a convention of Alpha Tau Omega fraternity in Detroit. Fontana extended the trip into eastern Canada and then returned via the southern route to Monterey, where he engaged in military training.

**SOCIETY**

The semi-annual Sigma Nu pledge dance was held Friday night at the Riverside hotel. Chaperones were Professor and Mrs. Harold Brown and Chet Scranton.

A Sigma Alpha Epsilon barn dance was given Saturday night at the fraternity house. Patronesses were Mrs. T. W. Martinez and Mrs. F. O. Norton.

The Sigma Phi Sigma dance was given Saturday night at the fraternity house. The house was decorated to resemble a prison. Music was furnished by Roy Majors and his orchestra. Patrons were Professor and Mrs. Harold Brown, Professor John Gottardi and Charles Carter.

Virginia Sauer, a former student and member of Delta Delta Delta, has been visiting friends at the Tri-Delt house during the week.

Miss Martha Scragham left Sunday on an extended trip to the Hawaiian Islands with her father and mother, Congressman and Mrs. James G. Scragham. Congressman Scragham has been appointed United States insular representative to the islands. Miss Scragham is a junior student at the university and is affiliated with Delta Delta Delta.

Miss Isobel Priest of Westwood has moved into the Tri-Delt house. She was pledged into the sorority last Saturday and is a transfer from Sacramento Junior college.

Nadene Fischer '33 has returned to Sacramento after spending several weeks here as the guest of Florence and Jessie Gulling. Miss Fischer is a Tri-Delt.

Glady Downey, a former Nevada student and Tri-Delt, has been the guest of Miss Enid Harris for the past week. Miss Downey's home is in Napa, Calif.

The Aggie club held a picnic last Friday night at Idlewild park in honor of its new members. During the course of the evening different members of the organization presented entertainment and beer and sandwiches were the order of the evening.

# N.R.A. Drive Pushed On Nevada Campus By Sagers Group

### George Steffens Put in Charge of Hill Campaign for Pledges

## WEAR BLUE EAGLES

### Seven Hundred Signatures Are Expected to Aid Federal Administration

More than half of the University of Nevada student body have pledged themselves to support the national N.R.A. drive by signing the consumer's agreement, it was announced by George Steffens at a meeting of the Sagers held Tuesday afternoon.

The Sagers are heading the N.R.A. drive on the University of Nevada campus and are working in conjunction with Frank Ingram, sponsor of the city committee of N.R.A. in Reno. 700 Signatures Expected

Besides the 500 cards that have been turned in, 100 more have been distributed to the various sorority houses and it is expected that additional signatures will bring the total up to 700 at the end of this week, Steffens said today.

This is the first time that the University has been asked to help advance a national campaign, and it is the duty of each student to do his part, Steffens said.

The Sagers hope that the entire student body of the university will sign this consumer's agreement, thus promoting the drive by pledging themselves to buy only in those stores which are Blue Eagle members.

In order that this may be carried out an effort is being made by the Sagers to see that each student is interviewed and asked to sign one of these N.R.A. pledge cards.

Those who have pledge cards are Pete Anker, Jack Belz and George Steffens, and students who have not signed the agreement may see these students.

# Rifle Activities Receive Big Cut

Activities of the University of Nevada rifle team will be greatly curtailed this year according to announcement by Sergeant Grant Hustis coach. This action is necessitated by the drastic cut in the allotment of ammunition by the war department, Hustis states.

Last year 220 shells for each man registered in the basic course were issued. This year the allotment has been cut to 85 shells per man, giving but 10,000 rounds for the entire season. As a consequence there will be very few matches scheduled, according to the coach.

The department is required to enter a team in both the Ninth Corps area match and in the Hearst trophy match. A large amount of the ammunition is to be used by the junior class in preparing for firing at training camp next summer and by the team in firing the few matches which will be scheduled either one week before or one week after the corps area gallery matches, according to Hustis.

# Nevada Graduate Has Story Printed

A graduate of the University of Nevada and a former editor of the Desert Wolf, Harold Coffin this month had an article printed in the magazine Country Life.

Coffin's article, entitled "Riding the Waves at Waikiki," deals with the sport and thrills of surfboarding and holds a featured place in the magazine.

The author, a student in journalism, was graduated from the University of Nevada in 1926. After his graduation he served on the San Francisco Chronicle and the Honolulu Star-Bulletin. At present he is connected with the Hawaiian Tourist bureau as editor of its news service and the magazine, Hawaii.

Coffin's wife is the former Jane O'Sullivan '24, author of the Nevada "Triumph Hymn."

# TEN U. N. NORMAL GRADS EMPLOYED

Ten graduates of the University of Nevada have recently obtained positions as teachers, according to information received by Mrs. A. A. Codd of the appointment bureau of the school of education.

Three of the prospective teachers received their diplomas last year, while the remainder are members of previous classes. All but one of the positions are in Nevada. The graduates and their new posts are:

Gregory Adams '33, Goldfield High school; Alex Lohse '33, Tonopah High school; Ruth Sauer '33, near Elko; Edwin J. Force '32, fellowship in history at the University of California; Blanche Cosby '32, near Elko; Helen Montrose '32, Austin; Mildred D. Witt '32, Round Mountain; Arthur Lucas '32, principal at Gerlach; Mrs. Ina Angus '33, Smith Valley High school, and Marion Jones '31, Royal school near Pioche.

# Graduates Take Military Duties

Charles Douglas '31 and Arvin Boerlin '32 have been ordered on active duty by the federal government, and left Reno recently to report to Fort Douglas, Utah. When they arrive there they will be assigned to a Civilian Conservation Corps camp somewhere in the United States, according to their official orders.

Both men were graduated from the military department of the university, and have been active in the military service since graduation. During his senior year Boerlin was battalion adjutant under Major Carl Elges, and captain of Scabbard and Blade, honorary military fraternity. Douglas acted as battalion commander when a senior.

# Professors to Give 'New Deal' Talks At Science Club

The first four talks to be given during the semester by the University of Nevada Faculty Science club will cover the "New Deal." Dr. Merle Deming, the club's president, announced today. Talks will be given by professors as well as prominent Reno business men.

The first speech will be given by Cecil W. Creel, secretary of the Nevada State Board of Charity and Welfare. A general discussion will follow Creel's talk, on Thursday, September 28.

Three lectures will be given by several of the University of Nevada's professors.

Professor Sutherland, acting head of the economics, business and sociology department, will discuss the "New Deal" from the economist's point of view in the second lecture. The third talk will be on the political point of view of the new ideas and powers delegated by congress. It will be given by Professor Claude Smith, assistant professor of history and political science. To finish the series of talks Professor Ralph A. Irwin, assistant professor of psychology, will acquaint the listeners with the aspects of the propaganda since F. D. Roosevelt went into office.

Deming, who is assistant professor of chemistry, stated that the meetings will be held every other Thursday afternoon from 4 to 5 o'clock in the Agriculture building.

## STUDENT BODY CARDS

Of the total enrollment of 887 students there have been only 430 who have received student body cards. This is only half enough to make a good rooting section when football season starts.

In the freshman class there appears to be an equal number of men and women. The sale of dinks so far has amounted to 99, while there have been 200 handbooks sold.

Student body cards, bibles and dinks may be secured at the office of the Associated Students in the Student Administration building any school day between the hours of 1 and 5 o'clock.

## Y.W.C.A. ELECTS TREASURER

Mary Corecco, sophomore student, was elected treasurer of the campus Y.W.C.A. at a cabinet meeting held Wednesday night to fill the vacancy caused by Esther Ronzone, who was elected to that office in the spring but did not return to school this fall. Miss Corecco was a chairman of the hostess committee. Appointment to fill her former office will be announced soon.

# R.O.T.C. Given Highest Rating For Year's Work

For the first time in the history of the University of Nevada, the R.O.T.C. cadet corps was given the coveted rating of "excellent" by the inspector at the annual inspection and review conducted last spring by the representative of the commanding general of the Ninth Corps area, according to official announcement from the area headquarters.

"Excellent" is the highest rating given by the war department to a unit, according to Colonel Robert M. Brambilo, professor of military science and tactics. "Such a report by the inspecting officer is an honor of which the university may be proud," the colonel said. "The department and the university were highly complimented by the inspector on the

excellence of the work of the entire corps. The drill was declared to be comparable to many regular troops."

George Davis and Lowell Horschman commanded the companies, while Paul Nichols was battalion commander, with Robert Anderson battalion adjutant. The inspection was made by Major Charles McCarthy, who represented the commanding general of the Ninth Corps area.

## STUDENT MARRIAGE

Kenneth Johnson and Kathryn Wardleigh, prominent students at the University of Nevada, were married August 7 at the home of the bride's parents. The young couple are well known on the hill, as Mrs. Johnson is a member of the student senate, press club and Sagebrush staff, while Johnson was former editor of the Sagebrush, member of Blue Key, Coffin and Key and many other organizations. He is affiliated with Sigma Alpha Epsilon fraternity. Both Mr. and Mrs. Johnson are continuing their studies at the university this semester.

# Faculty Members Take New Leaves

With the beginning of the fall semester at the University of Nevada, several changes have been made in the faculty of the university, with a few additions to the staff and some of the instructors going away to other institutions to take advanced work.

Wayne Buerer has left to attend an eastern university to take advanced work and will not take charge of his work here this year. William Blackler, who has been taking advanced work in the east, will take another year of leave, and Professor Paul A. Harwood will continue to take his duties as master of Lincoln hall.

Gordon Robertson has been appointed a full time instructor in the economics department. S. Allan Lough, associate professor of chemistry, has returned to his position here after a leave of two years, during which time he has nearly completed work toward a degree of PH.D. in an eastern university.

About five tons of fossils consisting largely of the remains of reptiles are being unpacked at the University of California.

A decree has been issued from the president's office banishing the publication of future yearbooks at the University of Santa Clara.

# Reno High, Frosh Open '33 Gridiron Season Saturday

### Heavy Wolf Eleven Is Given Slight Favor Because of Weight

### High School Men Are Speedy, Alert Bunch; Are in Good Shape

The local gridiron season will be ushered in tomorrow when the annual Frosh-Reno High school battle is played on the turf of Mackay stadium. The last two years' contests resulted in close victories for the prep school men.

Coach "Herb" Foster of the high school aggregation will place on the field an unusually light eleven, but he figures to overcome this handicap with speed and general team co-ordination.

Nine letter men will be in Red and Blue uniforms. The high school forward wall will be forced to concede to the freshmen forwards approximately twenty pounds to the man. The tentative starting backfields for the opposing squads indicate that the Frosh will have an advantage in weight.

### Coaches Reticent

Both coaches are very reluctant to forecast the outcome. Neither, however, in any form or manner looks for a one-sided final score. In previous years this game has turned out to be a nip and tuck affair, with victory going to the squad with the strongest last quarter drive.

The Reno team has been having lively practice sessions on its new training grounds just south of the university baseball diamond. Foster has been working forty men for the last two weeks and, according to him, his team has whipped into shape in rapid fashion.

"I will place on the field Saturday a small, fast, alert team which won't stand around and wait for the breaks, but if the well known breaks do turn up we will be wide awake enough to make the most of them," was the high school mentor's only statement.

The Frosh squad, while not rounding into shape entirely to Coach "Chet" Scranton's satisfaction, is the toss-up favorite in tomorrow's fray.

"I have a bunch of good football men out there if they would only settle down to business," is Scranton's statement.

Injuries have begun to take their annual toll in the freshman ranks. Among the "out list" are Rougin, "Cy" Hill and Lazarowitz. None of these boys is in a serious condition, but they will be kept out of action for a few weeks.

Neither coach was able to issue a definite lineup for tomorrow's game, but a very tentative one follows:

- Freshmen—**
- Smalley .....RE..... Devencenzi
  - Showalter .....RT..... Varnum
  - Foremaster .....RG..... (not stated)
  - Lansdon .....C..... Conton
  - Canson .....LG..... Hook
  - Lomiori .....LT..... Beecher
  - Cashill or Lockridge .....LE..... J. Sullivan
  - Robb, McDow or Miles .....LH..... Kane
  - Cromwell or Miles .....RH..... Pincolini
  - Hamon .....FB..... (not stated)
  - Sauer .....QB..... Chickese

The Associated Students' store on the University of California campus at Berkeley has adopted the N.R.A. code.

The average Gael follower says this season, "Lose every game on the schedule but win that California game."

# brush N sports

## INTRAMURAL HOOP MEN BEGIN SEASON

With the opening of the interfraternity basketball season only a few weeks off, the various houses on the campus are preparing to cop the coveted 100 points which are awarded to the championship team. Sixty points will be given for second place, 40 points for third, 20 for fourth and 10 for fifth.

The house amassing the greatest total of points in intramural competition by next spring will be presented with the large beaten-copper loving cup, symbolic of the University of Nevada championship. The cup is offered by the interfraternity council.

Each fraternity will be given two hours of practice daily in the university gymnasium. Football men will probably be barred from intramural basketball competition by Coach "Brick" Mitchell.

A schedule of the games to be played and of practice hours will be posted soon.

If the Wolf Pack isn't successful this year the blame cannot be placed on the shoulders of either the squad or the coaching staff but upon the student body itself. There was a fair sized crowd at the rally Wednesday night, but the rest of the 903 students on the campus should get off their high horse.

One can't blame Mitchell for feeling the way he does toward those he classed in that certain group the other night at the rally. He was right, and something ought to be done to make this campus university minded.

After watching the frosh scrimmage with the varsity Wednesday it looks like a hard winter for the local high schools. Scranton's boys know their football, and he has a couple of plays, namely, passes by Haman to Smalley and fancy ball carrying by Robb and Sauer, that will probably spell defeat to the prep schools.

Sauers, the frosh from Cicero, Ill., must have learned his football tactics by dodging machine gun bullets. He knows where to find his holes and, what's more, how to go through them.

### NO CONFERENCE MEETING

J. E. Martie, physical director, reports that there will be no western Nevada football coaches' conference for high schools this year. Their last one was this spring. There will be no need for one this fall as per usual custom, since the schedule for the conference is already drawn up.

## NEVADA SCORING THREATS

Jack Hill and Harvey Hill, tailbacks, and Eugene Salet, end, are three of the veteran members of the Wolf Pack squad who made the journey to San Francisco and will meet the S.F.U. Dons in the night game that opens collegiate football on the Pacific coast tonight. With them go many of the Nevada squad's hopes of a victory over the coast grid men.

## Volleyball Starts

### Interest Runs High as Teams Begin Practice for Season

Sports competition among the fraternities has started once again with the opening of the volleyball season. Interest has reached a higher peak this year in intramural athletics due to the new point system, in which the small organizations on the campus have as good a chance to win as the larger ones.

The A.T.O.'s, who won the volleyball cup last year, will probably be somewhere near the top this year, as they have practically the same team.

Sigma Phi Sigma and Phi Sigma Kappa were also at the top last year, so big things are expected of them this year. The first games, which were scheduled for Wednesday, were postponed due to a heavy wind. Thursday Lincoln Hall Association versus S.A.E. and Beta Kappa versus Delta Sigs, while this afternoon the Sigma Nus

## Nevada Yearlings Face Tough Games

### Pacific Frosh, Susanville, Las Vegas and Fallon to Test Cubs' Mettle

By MAX JENSEN

After they get over the first hurdle of their grid season when they play the Reno High school Huskies on Mackay field Saturday, the formidable University of Nevada Baby Wolf Pack will face one of the toughest schedules ever slated for a Nevada yearling outfit.

The remainder of the freshman schedule will be fought out with various high schools of the state, College of Pacific Freshmen and Susanville High school.

On October 7 the Freshmen journey to Fallon for a second try at defending their prestige. On the 20th of October the scene of action shifts to the College of Pacific, where the future varsity will match its powers against that of the College of Pacific Frosh in a night game.

Local fans will see the freshmen

at home once more October 28, when they meet White Pine High school of Ely here. Susanville, always a strong aggregation, is scheduled to play the Freshmen at Susanville November 4.

To top off an active season the Las Vegas High eleven, for two consecutive years state high school champions, will tangle with the Freshmen at Las Vegas on Armistice day, November 11.

The schedule promises continuous action for the team. At least it doesn't seem that they will have any reason to complain of inaction.

### Cup To Be Given For Journalistic Ability on 'Brush

Starting a campaign to raise the journalistic standards of the Sagebrush, Editor William F. McMennamin today announced that a loving cup will be presented to the reporter having the highest percentage of good news stories published this year.

A committee of three has been appointed to judge the three best news stories appearing in each issue of the Sagebrush. One hundred points will be given to the writer of the best story of the week, 50 points to the author of the second best story and 25 points will be awarded for the third best story. Stories will be judged on the merit of writing technique, not upon subject matter.

Two new names have been added to the list of forty-five students who are now trying out for positions on the permanent staff of the Sagebrush. Tryouts will continue for the next two weeks, after which McMennamin, editor, and Crowell, business manager, will announce their staffs.

Beginning Monday regular editorial staff meetings will be held each Monday afternoon at 4 o'clock in the Sagebrush offices in the Student Administration building. Junior editors will meet every Friday afternoon at 4 o'clock at the Nevada State Journal office, and the business staff will meet regularly in the Student Administration building each Tuesday evening at 7:15.

### Examiner Photographers Take Football Pictures

Two San Francisco Examiner photographers were on the campus Tuesday taking pictures of the football squad in connection with the game which the Wolf Pack will play with the San Francisco university in the Seals stadium in San Francisco Saturday night.

Because of the importance of the game as the first intercollegiate game of the season, the pictures will probably tie up with the other extensive publicity which the team has been receiving.

### Former Sagebrush Sport Editor Pays Visit Here

John Cahlan '26, former sports editor of the Sagebrush, who is visiting the Nevada campus, spoke to the journalism class in news editing on some of his experiences as city news editor of the Las Vegas Review-Journal.

Cahlan's visit was part of his tour of coast colleges to inspect football teams in order to get "dope" for his sports column in "Pokes, Punks and Put-Outs," which he writes for the Review-Journal.

### TURNOUT IS LARGE FOR GRID MANAGER

Judging from the number of freshmen boys turning out for football manager, there will be plenty of competition during the next two years for the coveted job.

Tryouts have been held for more than two weeks, and eight freshmen have responded to the call. One of these eight will fill the shoes of the junior manager two years from now. The freshmen aspirants to the job are Si Ross, Aldo Vachina, John Robinson, Russell Poulsen, Kirk Fairhurst, Eldridge Nash, Melvin Wilder and John Petronovich.

Joe Clark, Frank Quillici, J. D. Stevens and Frank Kornmayer compose the quartet of sophomores who are aspiring to the job for next year. The junior manager for the coming football season is Ralph Menante.

### Nevada to Compete In College Tennis

### Intercollegiate Tennis Is To Be Revived as Sport Here

Interscholastic tennis will be resumed at the University of Nevada this year and a team of three men will be sent to Sacramento to compete in the Far Western Conference with College of Pacific, Fresno State, Cal Aggies, San Jose State and Chico State.

The meet will not be held until some time in May, although Nevada will probably play separate matches before this with several teams on the west coast.

Nevada was unable to have a tennis team last year due to financial difficulties, but during the year of 1932 a very successful season was finished with the Wolves capturing second place, losing only to College of Pacific in a close match.

The intramural tennis matches, which will be held during November, will probably show up plenty of material for future varsity teams. This contest will be a double elimination with the singles being finished before the doubles are started. In this way there will be less mixups and the matches will be finished sooner, according to J. E. Martie, who expresses his opinion that interest in tennis is rapidly growing among the students at Nevada.

### RAILROAD OFFERS SPECIAL RATES FOR TRIP TO GAME

The Southern Pacific is making it possible for Nevada students to attend the Cal-Nevada game next Saturday with special rates to be given to students if arrangements are made for fifteen or more passengers on any one train.

The rates on the tourist sleeper or day coach are \$5.30 round trip to San Francisco and \$5.20 round trip to Berkeley. The pullman rates are \$1.88 for lower berth and \$1.50 for the upper berth, one way. If two double up in a berth it will cost each student \$7.18 for the round trip.

### Former U. N. Regent Ends Service Career

Dr. Hosea Edwin Reid, Reno business man, who was a member of the board of regents from 1911 to 1915, died in Reno last week. Dr. Reid was prominent in service in the community and the university.

In 1911 Dr. Reid sat in a legislature session at which a business office for the university was created. It was due to his efforts that this office of the comptroller came into existence.

The funeral services, which were held under auspices of Reno Lodge No. 13, F. and A. M., marked the end of a career of service to the University of Nevada.

Dr. Reid was one of the founders of the Gray, Reid, Wright company of Reno and it is in this connection that he was probably best known.

Be proud of your university.

### Homecoming

(Continued from Page One)

major feature of the celebration, will start from in front of Manzanita hall at 11:30 Saturday morning. The committee as a whole is in charge of this event and they will be assisted by members of Scabbard and Blade, who will act as marshals. Prizes will be awarded to the fraternities and sororities having the best decorated float as well as to the organization having the best exhibit in the parade. Judges will be stationed along the line of march and will judge the

floats as they pass. An announcement of the prizes and their donors will be made in a later issue of the Sagebrush.

### Football Game

Following the parade the football classic between Coach Stag's College of Pacific Bengals and the University of Nevada Wolves will take place. The game is called for 2:15, and promises to be one of the best of

the year. Providing the Reno Shrine Temple patrol can be obtained, it is also planned to have them go through their drill formations between halves of the game.

The gala celebration will close with the Homecoming day dance Saturday night at the Washoe County Library building.

Boost, don't knock, Nevada.
