UNIVERSITY OF NEVADA, RENO, NEVADA, FRIDAY, SEPTEMBER 29, 1933

PRICE FIVE CENTS

U. OF N. TEAM LEAVES FOR GAME WITH GOLDEN BEARS

Plans Completed For Major Part of Homecoming Fete

New Features To Be Presented
at Traditional Big
Dance

ALUMNI ASSIST

President Clark, Merchants
Donate Cups for
Event Awards

Completing the major portion of the advance work on the annual Homecoming day celebration, the committee in charge of arrangements for the affair announced today that arrangements for the dance have been made and cups donated by several Reno merchants to be awarded to the winners of various events.

A sub-committee of the Homecoming day committee, composed of Fransden Loomis and Virginia Wheeler, is rapidly rounding into form the dance which climaxes the annual celebration.

Due to the expense in bringing to Reno an outside orchestra, the committee has chosen Ray Hackett '33 and his nine piece band to play for the event. These men have been playing together for several months at one of Reno's night clubs.

New Features

Introducing many novel features, the like of which have never before been tried on the campus, the committee feels that the crowd will be amply entertained throughout the three hours of dancing. Among these features will be a tax on blond women who enter the dance hall, with a prize awarded to the blondest blond at the time awards are given out.

This year's dance will be held in conjunction with the Alumni association, and as an incentive for these members to attend, a loving cup will be awarded the oldest member, from the standpoint of years since they graduated from Nevada, of the association.

Chaperones for the affair will be Dean and Mrs. R. C. Thompson, Dr. and Mrs. Walter Clark, Dean Margaret E. Mack and Miss Louise Sissa.

Tickets on Sale

Due to a ruffing that there can be no paid admissions at the door of the State building, where the dance will be held, tickets will go on sale at the Riverside pharmacy and will also be distributed on the campus.

Jack Smith, Homecoming day chairman, announced that a total of five cups will be awarded to winners of prize events during the celebration. The donors of these cups are Herz & Bro., jewelers; Dr. Walter E. Clark, president of the university; Armanak's stationery store; Ginsburg's jewelry store, and the Riverside and Golden Hotel Securities company.

Cups Offered

The cup from the Herz store will be given to the fraternity having the best decorated float in the Homecoming day parade. The Clark trophy will be given to the sorority having the best decorated float in the parade. The Armanak cup will be given to the organization having the best decorated float in the parade. The Ginsburg award will be given for the best decorated fraternity house during the celebration and the Riverside-Golden cup will be given for the best decorated sorority house.

In addition to these prizes, Samuel S. Arentz, former congressman, will present a cup to the winner of the cross-country race on Saturday morning.

Judging Secret

Smith stated that all judging for awards will be kept secret, as well as the names of the persons who are doing the judging. The judging of the floats in the parade will take place along the route of march, by a committee which will have been stationed at vantage points by the committee, and the decisions will be made on the house decorations in a similar manner. The awards will be given at the dance on Saturday night.

More Graduates Secure Positions

More graduates of the University of Nevada are being given positions as more schools open for the fall semester, according to information received this week by Mrs. A. A. Codd of the appointment bureau of the school of education.

Lena Perri '33 will teach at Mason; Rose Sala '33 at Barrett school near Yerington; Frances Case '32 at a rural school near Elko, and Ellen Olson, home economics at Alamo High school.

Normal students who received positions recently are: Esther Siri '33, Diamond A school near Jarbridge, and Olive Gubler at Rebel Creek, Nevada.

CREEL SPEAKS

CECIL W. CREEL

Cecil W. Creel, who addressed the university faculty science club at a meeting held this week on "The New Deal" in the first of a series of talks on the economic plans of the national administration to be given before the club this semester.

Creel Addresses Faculty on N.R.A.

Cecil Creel, head of the extension division of the department of agriculture of the university, spoke on "Some Aspects of the New Deal that Affect This State" at a meeting of the Faculty Science club held yesterday.

This speech is the first of four to be given before the club on the "New Deal." Professor Sutherland will speak at the next meeting.

Creel spoke of his trip to Washington last March, where he discussed relief measures with the president. He said that the state had received much benefit from federal relief measures. Unemployment has been reduced to 8 per cent at the present time. Conditions this winter will be better than they were last winter, Creel believes. Present relief measures will take care of the needy, he stated.

Press Club Elects Sixteen New Cubs

Extensive Program Outlined
by Journalistic Club for
Current Year

Sixteen new pledges to the University of Nevada Press club were addressed by Edward Montgomery, president, last Wednesday afternoon, in the Student Administration building. Montgomery outlined the functions of the organization and in general informed the "cubs" of the activities lined up for the present year.

Those who received bids were as follows: Caryl Carman, Inez MacGillivray, Elva Nedenriep, Kathleen Haffey, Adelyn Rotholtz, Lino Del Grande, Frank Mildren, Forrest Bibb, Clarence Byrd, Donald Brown, Beverly Douglas, William Gelder, LaRue Stark, Frank Sullivan, Angelo Urtua and Howard Umber.

A full program of activities has already been set up, Montgomery declared, and the first presentation will be that of a skit in the forthcoming Wolves' Frolic. The club will also enter a float in the Homecoming day parade. A formal dinner will be held at the end of the present semester and another some time during the spring semester.

A Press club "follics" will be presented some time this year in the auditorium, and a fee of 10 cents admission will be charged. In addition, various speakers will address the group throughout the year, on subjects pertaining to journalism. As a grand finale of the year the group is making plans for a large mardi gras.

Club Revived

Revived last semester, after having been non-active for many years, the Press club consists of students interested in journalistic pursuits. Membership to the organization is limited, and to be eligible one must have served at least one semester on one of the university publications or have three credit hours in journalism studies.

New pledges will serve one semester before being finally initiated into the group, at which time other candidates will be considered.

The Geology Department of the University of California at Los Angeles was recently given a large miniature oil well by the Standard Oil Company.

Music Department Announces Plans For Active Year

Band to Play at Grid Games,
Rallies, Concerts and
Parades

PROSPECTS BRIGHT

Campus Musicians Will Take
Active Part in Wolves'
Frolic

The music department of the University of Nevada has a busy year ahead of it, according to a report from Professor T. H. Post, head of the department. All of the musical organizations on the hill will be seen in numerous activities this year, Post stated.

Although the University of Nevada band will not be able to attend any out of town games, due to financial reasons, it will be seen in action at all of the home games, and will make its first dress appearance at the Homecoming game. Other events in which it will participate will be the Armistice day parade, Admission day parade, rallies and various community calls.

Post declared that there is as good a band this year as there was last, but much smaller, due apparently to shortage of players in the freshman class.

Professors Perform

Two University of Nevada professors will play in the band this year. They are W. M. Deming and Prof. T. H. Post. Chaplain F. D. Graves will also play in the band. Robert Baum, freshman and former drum major of the Reno High school, has been appointed drum major. The band will be composed of about 30 members, one-half of whom are new men.

The men's and girls' glee clubs of the university are planning to enter a combined float in the Homecoming parade, and are busy planning acts for the Wolves' Frolic.

Assist in Frolic

A combination number with the frolic orchestra will be one of the acts put on by the men's glee club, which will be under the direction of Dudley Nix. The famous "Vagabond Song" from the "Vagabond King" will constitute a second act for the men and will be under the direction of Professor Post.

Post and the men's glee club are planning to take a southern trip to Goldfield, Boulder City and Las Vegas as part of their glee club work, during the Christmas season.

Women's Glee

The women's glee club is planning to sponsor a folksong concert at the end of this semester, and will furnish one act in the frolic.

Thirty townspeople, students and professors are rehearsing every Tuesday night for the university community little symphony, which has been in existence for seven years. Post stated that the symphony this year is the best in musical ability that he has seen in its life, and he expects to use a program similar to that of last year for the activities of the organization.

The university trek to neighboring towns, carrying the University of Nevada musicians to these communities in both a musical and social way, creating good fellowship, will be continued this year, according to Post.

President Clark Speaks to Lions

Supplementing a talk given recently from radio station KOH, President Walter E. Clark yesterday gave a "Report of Progress" before the Reno Lions' club. Speaking for half an hour, President Clark touched on the principal functions of the University of Nevada and its relation to the city and state.

Among other pertinent angles the university president called attention to the tremendous amount of money that is brought into the city of Reno and to the state of Nevada yearly directly as a result of the university. President Clark also touched upon the beauty of the campus, and suggested that in pamphlets and booklets which the Reno business men sponsor the university should be mentioned as one of the beauty spots of the state. He also suggested that as a culture center the university was practically the only one in the state.

Hoyt Martin, University of Nevada graduate, was on this program as a four minute speaker.

Margaret Sullivan is teaching in Pioche.

WOMEN INVADE ENGINEERS' SIDE OF U. N. CAMPUS

Are the engineers of the future
to be women?

For nearly fifty years, the College of Engineering at Nevada, has been considered "for men only," but last year two women questioned this tradition by enrolling in engineering courses. This year there is one co-ed enrolled in the school of mines while two others are enrolled in mechanical engineering courses.

This year's mining amazon, who aspires to be a geologist, is Betty Bowman of Reno. Miss Bowman, a freshman student, studies mechanical drawing as part of her course. Julia Sibley, a junior student from Reno, also studies mechanical drawing, being interested in interior decorating and architecture. Ruth Coffin, graduate of the University of Colorado, is enrolled in the course because of her interest in architecture.

WOMEN WORK

Clark Amens, instructor of mechanical drawing, says that as a rule, girls apply more effort and do better work than men because they have a definite purpose in taking the course.

Margaret Piercy of Tonopah, sophomore, was enrolled in the College of Mechanical Engineering last year. Because of poor eyesight, Miss Piercy has been unable to continue her work in this department.

Daudée St. Cyr of Fallon, arts and science sophomore, enrolled in a course of electrical engineering last semester.

Miss St. Cyr has the distinction of being Professor Sandorf's first woman student.

FroshWork Program Outlined by Beemer

First Year Men and Women
Will Be Kept Busy
During Semester

Various work on the campus, to be done by the freshmen, has been arranged by the upperclass committee, Bill Beemer, chairman, announced this week.

According to tradition, the "N" will be white-washed and put into shape the week before Homecoming day, by the freshmen. The first year girls will prepare a lunch for the "lime throwers" and in general give inspiration to the bucket brigade. The upperclass committee will be on hand to keep the buckets moving and to prevent any disturbances in the yearling ranks.

Work on the track is being done at different times by several frosh, it was announced. Dirt and silt, washed down by the rain, is being cleared away and general repairs are being made. The 220 yard straightaway will be put into condition this year, making it possible to use number one lane for the first time in several years.

The committee also announced that cushions for the football games will be sold by the freshmen.

SOCIAL CALENDAR

Saturday, Sept. 30—California game.
Monday, October 2—Sagebrush meeting; 4; Cap and Scroll, 4.
Tuesday, October 3—Finance control.
Wednesday, October 4—Y.W.C.A. cabinet; Press club.
Thursday, October 5—Senate meeting.

Traditional Grid Contest Draws Many Students to Coast Today

With the howls of the Wolf Pack and the growls of the California Bears echoing over the Berkeley hills, two rival student bodies will gather on Saturday to reopen one of the oldest and most colorful of football quarrels.

Running up and down before the crowds will be white uniformed yell leaders going through the fantastic notions of whirling dervishes, drawing yells from the members of two factions that are on their toes for thrills and upsets. They hurl defiance at each other across the vast stadium, for here is more than a football game, and even the distant watchers on Tightwad hill pulsate with the excitement.

Nevada students have come many a mile to cheer on their men, and the supporters of the Bears have gathered strongly to see a battle that is as interesting as it is historic. The stands vibrate with the excitement.

Work on Eleventh Annual Frolic Is Begun by Actors

Thirteen Acts, Snappy Chorus
Begin Work Under
Coach Miller

PROGRAM OUTLINED

Herbert Peck Is Appointed
Manager of Campus
Production

With thirteen acts and a snappy chorus number scheduled, the eleventh annual Wolves' Frolic will be held Friday, October 20, it was announced by Herbert Peck, manager of the production.

W. R. Miller, dramatic director of the Frolic, had held tryouts for several weeks, but received no response from the students until late last week. While a tentative program has been lined up, there is plenty of room for more good acts, and students who have any skits to present should see Miller as soon as possible.

Specialty numbers for the performance will be offered by Margaret Martin and Herbert Peck, who will present a tap dance. A tap chorus of eight girls will also present a number.

Novelty songs will be given by Anna Blundell, Ed Shirley, Marjorie Stout and a girl's trio consisting of Abigail Hackett, Mildred Nagy and Nell Lozano.

Members of the Associated Engineers' society, Press club and Phi Beta Phi sorority are working on comedy skits for the frolic, while the girls' trio will also present a snappy piano act.

Music for the production will be furnished by Dudley Nix and his band and the men's glee club under the direction of Prof. T. H. Post.

Miss Ruth Ryan of the Ryan school of dancing will have charge of the chorus again this year. Sixteen co-eds who make up the group are Leone Clark, Marguerite Enlow, June Hart, Frances Hare, Ethel Trim, Catherine Slavin, Helen Lewis Margery Mullen, Nell Kilpatrick, Mildred Murdock, Joyce Cooper, Anna Blundell, Margaret Walker, Mary Casey, Mary Connelly and Margaret Martin.

The Wolves' Frolic cast consists of 143 persons who take part in the acts while there are 200 persons directly connected with the production.

Ticket sales are under the direction of Blue Key service fraternity, and tickets will be assured some time next week. Wayne Van Voorhis is in charge. Announcing a decided reduction in prices, Van Voorhis says ticket prices range from 50 cents to \$1.50 for the best seats.

Mining Students Hear Leader Talk

Students and faculty of the Mackay School of Mines met two of the foremost men in world mining circles last Thursday afternoon when the Crucible Club was host to F. M. Becket, president of the American Institute of Mining Engineers, and A. B. Parsons, secretary.

This was the first time that students at this university had the opportunity of meeting Mr. Becket, who is one of the outstanding metallurgists of the world. According to Professor Jay Carpenter, of the school of mines, Becket has usually visited the Nevada section of the mining institute during the summer, while the university was closed.

Traditional Grid Contest Draws Many Students to Coast Today

A band adds spirited music to the occasion.

Ten thousand rise as one as the teams enter the field in uniforms—the California of gold and blue and the silver and blue of Nevada. The game is on.

There are throat splitting yells and colorful demonstrations, and on the field the contest goes grimly on. As the sun shines, the crowd grows tense; interest never lags. From the opening to the closing gun it is fight all the way. No one can predict the outcome.

It is over—another glorious game, and into the evening air float the traditional college hymns that have marked the close of many another contest. Win or lose! Each side is put forth its best effort. There is no disappointment, but there is genuine eager anticipation of the next year's game.

'RABBIT' HILL

Jack Hill, known to coast sports fans as "the second Rabbit Bradshaw," who will be Nevada's biggest threat against California supremacy when the Pack meets the Golden Bears in the California Memorial stadium tomorrow in the traditional annual contest. Hill was one of the big causes of Nevada's victory over the Dons last weekend.

Company to Hire Engineering Grad

Westinghouse Electric Will
Choose Leading Nevada
Engineer

Employment of at least one student of last spring's graduating class of electrical engineers may be made soon by Westinghouse Electric and Manufacturing Company, according to Stanley G. Palmer, professor of electrical engineering.

Palmer said this week that he has received a letter from the company stating that operations are being conducted under the electrical NRA code and that it is the company's intention to revive its former practice of selecting outstanding graduating students of educational institutions throughout the country. Application blanks were enclosed in the letter.

Depression Hits

While the depression caused a marked decrease in the income of the leading engineering firms of the United States, a number of students were taken each year by this company. They were employed for a period lasting from one to two years, and, at the end of this student engineering course, were usually offered a permanent position with the firm. It is the Westinghouse plan to revive this procedure.

Application blanks for entrance may be obtained from Palmer, he said. It is expected that only graduates with last spring's class will be chosen, although anyone who graduated in the last two or three years may apply.

Norcross Assigned To Appeals Court

Member of First Nevada
Graduating Class
Gets Post

District Judge Frank H. Norcross, graduate with the first class of the University of Nevada, was appointed Monday by President Franklin Delano Roosevelt to the judgeship of the ninth circuit court of appeals. Norcross is the first Nevanadan in the history of the state to be named to the appellate bench. He was advanced to the circuit court from the position of federal judge.

When the appointment will become effective is not definitely known, but it may not be until the confirmation of appointments by the senate in January. Judge Norcross stated that he would retain his Nevada residence, but it would be necessary to spend the greater part of his time in San Francisco.

Judge Norcross, a graduate of the class of 1891 and a native of Washoe county, has been active in political work in this state for many years. He served in the state legislature and for twelve years was judge of the state supreme court. In May, 1928, he was appointed federal district judge by President Coolidge and has served on this bench until the present time.

Social Responsibilities Assumed by Blue Key

That social hours will be resumed in the very near future, was the decision handed down by the Blue Key fraternity leaders this week. Responsibility for undertaking the social hours was shifted to the service fraternity when student body officials found themselves too busy to consider staging the weekly dance.

The action of Blue Key in assuming the responsibility of the social hour gratifies the wishes of the many students who look upon the dance as a favorable and desirous student tradition.

Wolf Pack Hopes To Give Cal. Bears Hard Fought Game

Mitchell Believes Nevadans
Have Outside Chance
of Victory

INJURIES SLIGHT

Ingram to Use First String
Against Nevada—in
Doubleheader

A Wolf Pack, hungry for Bear meat and rarin' to go, left Reno this afternoon to meet "Navy Bill Ingram's" California Bears tomorrow in Memorial stadium. The game is scheduled to start at 2:15 p. m.

After giving the coast teams an idea of what to expect from the Nevada Wolf when they defeated S. F. U. 12 to 7, Mitchell's teams is ready to show the Californians a stiff fight. Mitchell conceded his men an outside chance to win, saying that "anything can happen and we're going to play heads-up ball for the full 60 minutes of the game. We found out what they boys can do last weekend, and they're liable to repeat again tomorrow."

Injuries Slight

Although the Pack suffered several injuries last Friday night, none of them is serious enough to keep the players off the field. Gene Salet cracked several ribs, and Stowell, Burru and Cashill have stiff knees as a result of the game. Mitchell intends to start the same lineup that began last Friday night. This week was spent in developing the reserves.

Walker, Benson, Flournoy and Bledsoe, playing their first varsity game, showed up unusually well, and Mitchell will probably substitute freely during the game.

Odds Favor Bears

Gaining much experience and showing the ability to come back and fight although the odds are against them, the Wolves will probably enter the game tomorrow with the odds in favor of California. However, this will not be an indication of the result because this season has been full of upsets.

The starting lineup for the Wolf Pack will probably be as follows: Salet and Harris, ends; Kell and Stowell, tackles; Beemer and Turner, guards, and Cashill, center. In the backfield Carrol will probably start as fullback, Priest and Flournoy at halfback positions and Jack Hill at quarter.

Second Bradshaw

Hill, gaining fame on the coast as the "1933 edition of 'Rabbit' Bradshaw," will probably give the fans plenty of excitement, especially if he is able to break away on end runs. Carrol, who showed up well in the last California game, will probably be depended upon to carry the ball over the center.

Flournoy is also due to get in a few cracks at the ball this time, after having his punt blocked during the S. F. U. game. Flournoy is highly touted as a long distance punter, but up until now he has not been able to show his ability. Tom Cashill, Nevada center, is rated one of the best kickers in the west, besides holding down the pivot berth well on the Pack.

Play First String

Although the Bears will be held back by the loss of Bertoli and Meek, who were injured during the Santa Clara game, Ingram will start a strong team tomorrow. It is rumored that Ingram will play his second string men against Cal Aggies Saturday morning and save his first team for Nevada.

Bertoli, who was out on injuries last season, started this year to fulfill his reputation, but due to a cracked fibula he will not see action for several weeks.

Jones will probably start the game at left end, and Ransome, captain of the Bears this year and all-American last year, will hold down left (Continued on Page Six)

Sophs Post Laking List for Monday

Continuing his policy of holding one laking a week, Howard Christensen, chairman of the sophomore vigilance committee, yesterday posted a laking list. The laking will be held Monday, October 2, at 1 o'clock behind the Agriculture building.

Frosh who are listed this week are Fred Corie, Jack Palmer, Fred Wood, Robert Smith, Craig Moore, Oliver Aymar, Silas Ross, Mike Eleano Jimmy Herz, Dearing Dixon, Dick Haman and Raymond Wainscott.

Lakings are usually held on Friday afternoons, but because many of the students are planning to attend the California game this laking has been postponed to Monday.

ON TO CALIFORNIA

With hopes boosted high by Nevada's victory over S.F.U. last Friday night, students are leaving Reno today by auto, train and the "rods" to see the annual Wolf "big game" of the season, the tilt with the Golden Bear of California.

Every true Nevadan feels a thrill climb up his spine as the coming game with California is mentioned. He knows that there is a good chance that the Pack will score on the Bear. Perhaps the score will be close. Maybe the Pack will duplicate its performance of 1923, when one of the best teams Clipper Smith ever put out was held to a scoreless tie. No matter what happens he knows that it will be a good game, one that he wants to see.

Fans are grasping at many straws of hope this week, and optimism runs high. First ray of hope is the team's attitude. To a man, the Packsters say that "Nevada is going to Berkeley to give the Bruins a real ball game," and they mean just what they say. They don't declare that they will win, but will leave the Californians with the knowledge and feeling that they have been some place when the Pack gets through with them.

Omens count for some feeling of optimism. University of San Francisco scheduled Nevada as a practice game for St. Mary's. They were given a lot of valuable practice, but the score wasn't exactly what is usually thought of as practice game scores.

University of California meets St. Mary's next weekend. Since Santa Clara walloped the Bruins, Ingram may think his team needs the Nevada game as practice to meet St. Mary's. Nevada may be able to give him the same valuable practice that was given the Dons.

Although the Nevada line is outweighed to the last man, the Pack will go into the game playing a smart brand of heads-up ball that will give anybody's team a lot of trouble. Passes are clicking. Kicks are traveling far. If California makes one break, Nevada will be right on top of them to take advantage of it. Yet there will be few misplays as far as the Wolves are concerned. They are pointed to a real ball game.

Maybe Nevada will lick the Bear. Anyway, almost half the student body is in Berkeley this weekend to see them make a supreme try to cross the California goal once more than the Bear hits over the Pack's last white strip.

START PLANNING NOW

Now is the time to begin planning for the reception of the returning graduates who think enough of their university and have the time to attend the annual Homecoming day celebration to be held here on October 21. These graduates were students at this institution not so very long ago and they have much the same feeling about the university that we students who are doing undergraduate work here now have. To give them the right kind of a homecoming we must take a kindly interest in them and treat them like they are one of us and not like strangers who are intruding where they do not belong.

The Homecoming day committee is doing everything that it possibly can to make this year's celebration a successful one, but all of their plans will fail unless they can get the right kind of backing from the student body. Start planning yourself now for the success of the affair. If there are any graduates of this university whom you know and whom you believe might be able to attend the celebration, write a letter to them or see them personally and ask them to attend.

Local merchants have shown a fine spirit in supporting this year's Homecoming day and have donated cups to the winners of the various events that will take place during the three days of the celebration. The students of this university owe these merchants their thanks and patronage.

A SUCCESSFUL GRADUATE

A career of which this university may well be proud was advanced another step this week when Judge Frank H. Norcross, a member of the first graduating class of this university, was given the singular honor of being the first Nevadan ever appointed to the United States circuit court of appeals. Known for his diligence as a scholar and a man of broad intelligence and understanding, Norcross is an example of the type of man every true Nevada undergraduate should desire to develop into. With far less scholastic advantages offered by this university than we have today, he has advanced to one of the highest and most honored positions in his profession. Somewhere among the present students of this university there are a few, a very few, who will make a similar success. It would be interesting to be able to pick them out now and a shrewd student could probably make a fairly good guess.

Wolf Howls

By WINTER WALTHELL

The campus heart breaker—alias Ernie Mack—seems to have caused a little jealousy in the Tri-Delt house. Helen says she thinks there's a time and place to hold the bag.

And then it gets so bad that the Gamma Phis have to steal their jam.

Joyce Dodge claims that the A.T.O. tea was nothing to be sneezed at, but she simply was disappointed to death because Kenny Maclean monopolized all of her time so that she couldn't dance with any of the other handsome Taus.

Where was Vic Carroll during one of the intermissions at Ted Florida's dance? From all rumors he had a "Rosie" time.

CAN'T TAKE IT

Ducky Van Voorhis and Eeny Weeny Couchie seem to be having their ups and downs—and from all appearances the "Maj" can't take it.

And there's the one about Nell and Lynn. Nell says, "Can you, Lynn?" And Lynn says, "I think I can."

Winter Walthell wonders who is it, Abbie? Punchy or Bowser?

What happened to the Lambda Chis last weekend? All the local high school dances and rat races went on without undue interference. Maybe Chick said something to them.

Prof. Young says: "There are about 8,100,000,000 people in the world, so how can the campus love birds know that they've found 'the only one'?" He calls it an instinctive idocy.

Smalley, one of the frosh football aces, seems to want to follow in the footsteps of his senior fraternity brothers. He's out at night, and they do say the Brandis chessterfield is nice.

This column writer hopes that all those attending the Cal game do not do anything indiscreet, unless they want to rate this column.

And then there's this boy Darrel Barry who always moans about the wolf being at the door but who seems to be able to take a certain ill' gal out to the tavern for a swell feed and buy her gardenias to boot.

Something new; Cupid's dart points very firmly at Don Brown and Julia Sibley. Ah! but is it love?

And now for a word on our gamlin' feet-ball men. We understand that members of the pack and punt aggregation added a bit of local color to their leavetaking by starting a big craps game in front of the express office, and Ed Montgomery grabs stakes and runs. Tsk, Tsk!

Home Tsk Students Get Money Prizes

It was quite a surprise to three home economics students when each of them received a \$10 prize last week at the first meeting of the Home Economics club this semester.

The award was made by Miss Sarah Lewis, head of the department of home economics, to two students receiving no scholarship awards and attaining the highest averages in the freshman and sophomore classes.

In the freshman class two girls tied for the award, so each of them received \$10. They were Eleanor Bateman and Margaret Gorman, while the sophomore was Blanche Keegan.

After the business meeting the home economics faculty acted as hostesses for a social hour.

ERICKSON SAILS

Jack Erickson, a graduate of this university in 1929, sailed yesterday morning for the Philippine Islands to work for the Benguet Mining company. He has taken post-graduate work at the university recently. He is a member of Beta Kappa fraternity.

FRESHMEN PUZZLE OVER DIFFICULT INTELLIGENCE TEST

Two plus four plus ten minus eight—

In 1492—

The annual intelligence tests were on.

Three hundred freshman students last Tuesday took a firm grip on themselves, scratched their heads, bit their pencils and settled down to decide once and for all this question of intelligence.

Pencils out of lead, pens out of ink, frantic appeals for replenishment.

Questions in English, questions in history, questions on what not. The end of the hour and 300 tired freshmen filed out of the Education building, some blatantly confident, some still bewildered and some inclined to doubt their mental powers.

The tests are given every year as a part of the freshman orientation course, their chief purpose being to determine a student's ability for college work.

The results of the tests will be available within the next two weeks, it was announced by the psychology department. Those wishing to know their scores can obtain them from Professor Ralph Irwin.

Fifty-Two Men Are Residents of Hall

Since the remodeling of Lincoln hall the capacity of the hall has been cut from 98 to 76, because now only two men are allowed in each room. At present there are 52 residents in Lincoln hall.

Last Saturday a picnic was held up the Truckee river with an attendance of 30. Beer and boxes of pretzels and rye sandwiches were taken along. Those present played football, sang songs and swam.

Initiation and stunt night was held Tuesday two weeks ago and installation into Lincoln Hall association was held last Monday night.

Their first dance will be given October 13, and the second dance on November 10. Their annual Christmas party will be held December 16. Swimming and other competitive sports are planned for the future.

Cosmopolitan Club Elects New Leaders

The reorganization of the group and to elect new officers, will be the object of a specially called meeting of the Cosmopolitan club of the university of Nevada, which will meet October 5, at 7 o'clock in the Student Administration building.

Fransden Loomis, president of the organization, gave definite notice Wednesday of this week, that if some interest and enthusiasm was not shown at this specially called meeting, the Cosmopolitan Club of the University will disband indefinitely, and will have a slim chance of gaining a charter membership again.

Urges Membership

The club was formed for foreign born students primarily but anyone who has an interest in travels or who has traveled extensively is allowed to join, and to act in the capacity of a charter member. Foreign born students are especially urged to attend this important meeting of the semester.

Loomis gave this statement, Wednesday, "The Cosmopolitan Club is organized for the students of the University of Nevada, particularly those of foreign birth and those who are interested in the human side of our foreign relations. It is up to them to decide whether or not this club should exist. I urge all students having a sincere interest to attend this first meeting."

BOOK STORE SUCCESS

With sales approximating \$200 and 300 volumes at the end of the third week, the Y.W.C.A. book store has doubled its last year's record. Such success will probably make the store a permanent campus fixture, Louise Tidball, director of the shop, said yesterday. Many more students have brought books to the exchange this semester and sales are expected to far exceed those of last year, which totaled \$200 at the conclusion of the season. The exchange was opened primarily as a convenience and financial aid to the students, and not as a money making venture. Students set their prices on the books they turn in and the Y.W.C.A. gets 10 per cent commission on each book it sells.

SIBLEY ENTERS OXFORD

Alden K. Sibley, winner of the Rhodes scholarship from Nevada, sailed from New York last week for London to enter Oxford in October. Sibley attended the University of Nevada during his freshman year and was a member of the Sigma Phi Sigma fraternity. He was graduated from West Point military academy last June. He is the son of Dean and Mrs. Sibley of Reno.

SWEATERS ORDERED

Track sweaters will be awarded soon to the following men who have earned them during the 1933 track season: Harvey Hill, Dan Bledsoe, Ralph Hromadka, Howard Smith, Jack Hill, Paul Leonard and Floyd Smalley (manager). The yell leader also receives a sweater. This goes to Paul Fontana.

Absolute creation or destruction is impossible.

Scholarship Award List Is Announced

Only one of the twenty-one students who were awarded scholarships last spring failed to return to school this semester.

One of the regents' scholarships of \$50, which was awarded to Mrs. Rachael Warrington, will now go to Fransden Loomis, junior student in the college of arts and science.

This was the information released at the close of registration by Professor Jay Carpenter, chairman of the scholarship committee.

Professor Carpenter also announced the winners of the two Mathews scholarships for freshmen students. These will go to Elizabeth Blum and Donna Mathews, and will pay \$50 each.

Because of the banking and business situation in Nevada some of the scholarships that were announced at commencement last spring will not be paid.

Fine Arts Members Plan Fall Exhibits

The Fine Arts group of the University of Nevada will be the sponsor of about eleven art exhibits this semester, which will be held in the university library.

The exhibits will be held for a week at a time and will include still life in water colors and tempers, by Heath Anderson, etchings by Rol Partridge of Mills college, a representative group of contemporary etchings, De Medici prints, seventeenth century prints, hand blocks by Tony Sang of New York City and water colors by William Ross Cameron of San Francisco.

Any student may join providing he has an interest in art. All students interested should see Oscar Robinson, director of the group, as soon as possible.

Campus N. R. A. Drive Proves Successful

The N.R.A. drive on the Nevada campus is completed, according to George Steffens, Sagors president, in charge of the campaign here, who states that more than 500 pledge cards have been signed by students of the university.

All cards have been turned in, but the drive failed to get as many pledges signed as was hoped for. It proved successful, however, in pledging over half the University of Nevada student body to support the N.R.A. drive by purchasing only from the stores that are under the Blue Eagle.

The Sagors, under the direction of Steffens, conducted the N.R.A. consumers' drive on the campus in cooperation with the Reno N. R. A. committee.

At the Siebel Institute of Technology beer-making has been instituted as a course of study. A small brewery is used as a demonstrator.

MEN WANT LIGHT DATES FOR DANCE

Brunettes and redheads are going to be at a premium Saturday next week, when the engineers put on their annual fall dance, while only the wealthy gentlemen about school will be able to afford very heavy dates.

The engineers state that men will be charged at the rate of 60 cents a hundred pounds on their feminine companions, while blondes will be charged 5 cents extra.

Dan Harvey, chairman of the committee, announced that the university gymnasium would be newly prepared for this fall function and that special entertainment would be provided.

Dr. Murgotten Leaves For Legion Convention

Dr. F. C. Murgotten, professor in the language department, left last night for Chicago, where he will attend the American Legion convention and visit the Century of Progress exposition.

Murgotten plans to be gone a week, returning on October 8. Four days will be spent in Chicago, where the national convention of the American Legion is being held. Dr. Murgotten is assistant drum major of the Reno post's drum corps.

Monday, October 2, is the last day on which money owed to students by the Y.W.C.A. bookshop can be collected. If students do not get in touch with Louise Tidball by that time the money will revert to the Y.W. treasury.

Lots of girls get a run for their money when they buy stockings.

U. N. Students Found Healthier Than Ever

University of Nevada students are healthier this semester than they have been in the past five years in the opinion of Mrs. Ethel Shurtleff, matron of the Campus hospital for this period. Approximately only six people have been confined to the hospital this semester whereas formerly the average has been three or four students ill each week. Mrs. Shurtleff said that she was surprised that the sick list has declined to such a great extent.

Miss Ina May Winters became the bride of Thomas Wilson at Carson City last Saturday morning. Both people were prominent university students, graduating in 1929. Mrs. Wilson is a member of Kappa Alpha Theta and Wilson is affiliated with Sigma Nu.

Publications Board Elects Chairman

Homecoming Day Program Publication Plans Are Made

The initial meeting of the Publications Board was held last Tuesday in the A.S.U.N. building. The entire membership consisting of James Cazier, William McMamin, William Crowell, Donald Brown, Robert Creps, Mrs. Katherine Johnson, and Forest Bibb were present. They elected James Cazier to serve as chairman, by a unanimous vote. The secretarial position was accorded Mrs. Johnson with no dissenting ballot.

Homecoming Day program plans of the board were approved and a committee of four consisting of Chairman Brown and members Creps, Crowell and William McMamin was appointed to arrange for editing the Homecoming Day program. A meeting of the committee was called for next Monday, at which time they will complete plans for the program.

The stipulation was also stressed upon that next year's editors and business managers must be seniors. Lists of eligibles for each position were compiled to enable the present occupants of each position to better watch for any display of outstanding ability in any eligible staff member on the lists. A committee of three to draw up a set of by-laws for approval and adoption was appointed with McMamin chairman and members Bibb and Cazier.

Son of U.N. Prexy Runs for Governor

Herbert Jones, son of the late Stephen A. Jones, former president of the University of Nevada, announced this week his candidacy for the Republican nomination for the governorship of California.

In his youth, Jones lived on the campus and attended the public schools of Reno. The family moved to the coast before he was of university age, so he did not attend the University of Nevada.

After being graduated from Stanford University, he opened law offices in San Jose, where he has gained eminence as a lawyer, and is prominently identified with the affairs of the Republican party.

He is a cousin of Mrs. S. E. Ross of Reno, wife of Silas Ross, regent of the University of Nevada.

OFFICERS ELECTED BY NEWMAN CLUB

Officers for the Newman Club for the fall semester were elected by that organization last Sunday. This year's leaders for the club are Jack Horgan, sophomore, president; Anne O'Neill, senior, vice president; Sallie Fagan, junior, secretary; and Ed Sullivan, freshman, treasurer.

The Newman Club is a non-secret organization composed of catholic students at the University of Nevada. Meetings are held every other Sunday, and short addresses on religion are given to the group. The Reverend Father John Rowe is chaplain of the group.

A wedding of interest to people connected with the university took place in Ely on June 11, when Miss Amy Goodman, former student at Nevada and member of Pi Beta Phi sorority, was married to Gerald Stambaugh. The young couple will make their home in Ely, where Stambaugh is an instructor in the public schools.

Boost, don't knock, Nevada.

Books Are Stolen, Librarian Finds

Important Reference Volumes Taken From Shelves in Reading Room

Many important books and bound periodicals were found missing after inventory was taken in the University of Nevada library this summer, that were taken or borrowed from the open shelves in the main reading room of the library, Thea Thompson, librarian, said this week.

"These sets are in demand by the students and it is desired that they be returned as soon as possible," she said.

The probability that some of them are distributed about the campus, in sorority and fraternity houses, and other places was expressed by the librarian, who said she would be pleased if students would look about and return any they might see.

"No questions will be asked," she stated.

The missing books and periodicals are:

Clifton, New Dictionary of the French and English Languages, Volume I.

Earned, New Larned History for Ready Reference, vols. 2 and 8.

New International Encyclopedia: Courses of Reading and Study.

Palgrave, Dictionary of Political Economy, vol. I.

Statesman's Yearbook, 1930.

Velasquez Spanish Dictionary, Part Two.

World Book, Vol. 9.

Bookman, Vol. 52.

Harper's, Vol. 85.

Living Age, Vol. 285.

N. E. A. Reports, 1915, 1926.

Popular Science Monthly, Vol. 38.

D. S. L. FRATERNITY USES APARTMENT

The Delta Sigma Lambda fraternity is now installed in a new apartment located in the Jensen apartments on Sierra street, Lowell Russell, president, announced today. They moved from their house on Lake street shortly after the opening of school.

From now on all meetings of the fraternity, as well as all social functions, will be held at the apartments.

Be proud of your university.

Interfrat Council Sets Up Schedules

Point System for Intramural Sports To Be Planned at Next Meeting

Faced with the necessity of electing a secretary-treasurer to fill the place left vacant by Anthony Primeaux, the Inter-Fratrinity council will hold a general meeting October 2, Ed Martinez, president of the council, announced today.

At the meeting the members of the council will render their suggestions on the point system for intramural sports of tennis, volley ball and horseshoes.

The schedules for tennis and volleyball as announced by the Inter-Fratrinity council are as follows: Alpha Tau Omega vs. Delta Sigma Lambda; Lambda Chi Alpha vs. winner of Sigma Phi Sigma-Sigma Nu game; Independents vs. Sigma Alpha Epsilon; Phi Sigma Kappa vs. winner of Independent-S.A.E. game; and Lincoln Hall vs. Beta Kappa. Dates are to be arranged by players representing their respective houses.

Volleyball Schedule

The volleyball schedule for the remainder of the tourney is as follows: October 2: Beta Kappa vs. Lambda Chi; Sigma Phi Sigma vs. Lincoln Hall; October 3: A.T.O. vs. S.A.E.; Ind. vs. Sigma Nu; October 4: Sigma Phi Sigma vs. Lambda Chi; Phi Sigs vs. Beta Kappa; October 5: A.T.O. vs. Sigma Nu; Lincoln Hall vs. Delta Sigs.

October 6: Sigma Phi Sigma vs. E.A.E.; Phi Sigs vs. Lambda Chi; October 9: Beta Kappa vs. Lincoln Hall; Independents vs. Sigs; October 10: Phi Sigs vs. Sigma Phi Sigma; Delta Sigs vs. Lambda Chi; October 11: S.A.E. vs. Sigma Nu; A.T.O. vs. Beta Kappa.

October 12: Phi Sigs vs. Delta Sigs; Lincoln Hall vs. Lambda Chi; October 13: Sigma Phi Sigma vs. Beta Kappa; A.T.O. vs. Lincoln Hall; October 16: Independents vs. S.A.E.; Phi Sigs vs. Sigma Nu; October 17: A.T.O. vs. Delta Sigs; Independents vs. Lambda Chi.

October 18: Sigma Phi Sigma vs. Sigma Nu; S.A.E. vs. Beta Kappa; October 19: A.T.O. vs. Lambda Chi; Lincoln Hall vs. Sigma Nu; October 23: Independents vs. Beta Kappa; S.A.E. vs. Delta Sigs; October 24: Phi Sigs vs. Independents.

Miniature Book Contains Addresses by Lincoln

A copy of the smallest book ever produced in America is in the display in the library. The book, entitled "Lincoln" contains in its 160 pages, four of Lincoln's addresses, yet it is smaller than a postage stamp.

Old newspaper issues containing reports of great calamities such as Lincoln's death, the eruption of Mount Vesuvius, and Garfield's assassination and death are included in the exhibit.

Many old books and papers from the Charles Cuts collection are on display. They illustrate different types of binding and are also filled with interesting material, some of them being several centuries old.

A good display of different kinds of printing and illustrating can be found in the center table. Nearly all these books are modern ones.

The chief donor of these articles to the University is Andrew Clark, Jr.

Intelligence Tests Concluded by Freshmen

The third and final intelligence test was given to the Freshmen orientation class last Tuesday. Professor Ralph Irwin of the Psychology Department conducted the tests.

The results, although not to be made public, will be given to the individual student upon request. It will take approximately two weeks to obtain the final score on the tests. According to Irwin, these tests will have no bearing upon the grades of the students but will indicate why a student either succeeds or fails in his studies.

Thursday Irwin will speak on "How to Study Effectively." This change was made because J. E. Martie was unable to be here. He was to have spoken on "Personality and Character."

Irwin will discuss the psychological factors involved in study.

MONARCH CAFE

CLUB BREAKFAST 6 to 11 a. m.

EVENING DINNER 50c and 75c

VIRGINIA STREET

MUSIC LEADER

Professor Theodore H. Post, music department head, who announced today plans for an extensive season of activity on the part of the university band, orchestra and glee clubs, which will include a number of concerts and trips to towns in this vicinity.

BAND UNABLE TO MAKE CALIF. TRIP

The University of Nevada band will not be able to make the trip to the California-Nevada game this year because of the financial standing of the club.

Professor Theodore Post, head of the music department, said yesterday that in past years the club has received money from the A.S.U.N. fund and other sources but that this year no money has been received from anyone.

Last year the band went to the game and several accidents happened on the way home, offering an additional reason, the music head said, why there should be no trip this year.

R.O.T.C. Officers Given Appointments

Military Leaders Are Chosen to Lead University Battalion

Appointments of commissioned and non-commissioned officers, with the exception of major and battalion adjutants, to lead the military men through the year were announced recently when the sophomore men attended their second drill period of the semester.

The members of the entire senior class have been commissioned as captains, while the juniors were appointed as second lieutenants. The seniors are Neil Plath, Gene Salet, Bruce Moore, Dan Harvey, Sam Arentz, Paul Fontana, Ned Morehouse and Bela Harcos. Members of the junior class are Perry Priest, Bob Hansen, Wendell Duplantis, Antonio Chavez, William Kotke, Alton Gibson, Francis Hickey, Donald Odell and Harvey Hill.

Non-commissioned men who are as-

signed to Compay A are Bert Cummings, Joe Kelley and John Dana, sergeants, while Paul Walker, Frank Mildren, William Cockrell, Marvin Turner, John Benson, Sam Ackerman and Eugene Gordonev are corporals.

Company B sergeants are Walter Hunting, Walter Bowrin and Joseph Jones, while the corporals are Tom Morris, Harry Austin, Max Kepl, Walter Bartlett, J. D. Stephens and Le-land Ward.

Appointment of battalion adjutant and major and company commanders will be made some time next semester, according to Colonel Robert M. Brambila, professor of military science and tactics.

FOR THROAT PROTECTION—FOR BETTER TASTE

W.A.A. Plans for Faculty Play Day

A faculty play day was the subject for discussion at a short W. A. A. meeting which was held on the hockey field Thursday afternoon. The play is for the purpose of bringing faculty men out to play volleyball and other sports with the women's teams.

In hockey only practice games have been played as yet, but interclass games are scheduled to start soon. Practice matches in tennis have been played and next week should see the start of intramural games in this sport.

Riding isn't well under way as yet and the women are just riding without any special instruction. The women out for swimming plan to have a practice meet October 14 and then have a meet with the sororities competing on October 21. If enough members sign up a hike will be held this coming Sunday. The hikers will go to the W.A.A. lodge by automobile and hike into the mountains.

W.A.A. sports which are being held at the present time are hockey, with Elizabeth Frey acting as manager; tennis, with Sarah Graves as manager; riding, headed by Margaret Place; swimming under Julia Sibley, and hiking with Betty Horton in charge.

Ten Women Out for Saddle and Spurs

Beginning this semester, Saddle and Spurs, women's equestrian activity, meets every Monday and Wednesday afternoon from 4 to 5:30, Margaret Place, riding manager, announced today. Instructions are given to beginners and jumping will be taken up later in the course.

An attendant from the stables calls for the girls who go out. Those who are out for the sport now are Eleanor Underwood, Louise Emminger, Eleanor Campbell, Dorothy Phillips, Louise Tibball, Annabell Arentz, Cornelia Arentz, Thyra Hattatun, Julia Sibley and Margaret Place.

The girls rode around the Lazy Me ranch Monday. Miss Place says there are a variety of places to ride in the vicinity of the stables, which make it more interesting for those who take Saddle and Spurs.

PI PHIS LEAD IN DISMISSAL RACE

With the sorority derby over, women students of the University of Nevada are starting another derby, this one being the annual race to determine which house will have the most dismissals from the library.

The list of dismissals was headed last week by the Pi Beta Phi sorority with seven of their members on the list. The Thetas came in second with six women subject to dismissal.

The Tri Deltas, Beta Sig's, and Gamma Phis tied for third place, each having two women listed.

With only three men subject to dismissal last week it is evident that the fraternities will not enter into derby.

The Women's Upperclass committee will have charge of the dismissals and they will inflict such punishment as they see fit on the offenders.

Sagens to Supervise Refreshment Sales

The Sagens, woman's pep organization, will supervise the selling of hot dogs and pop for the A.W.S. at the football games, Genevieve Wolf announced today. An active part will be taken by the organization in the rallies this year and they intend to make the women students turn out for games and rallies.

For this year they have adopted the costumes which were worn two years ago. This consists of a white skirt and sweater, and a blue beret with the white letters N. S. embossed on it.

The various classes register on different days at the University of Utah.

Campus Y Women Assist in Drive

As part of the annual downtown Y.W.C.A. drive for finances which is to be conducted October 3 to 10, the campus Y will start its budget campaign to raise funds among faculty members and assistants, under the student leadership of Florence Diskin and Louise Tibball.

Advisers in charge include Mesdames Henry Byars, F. H. Heady, Ed Reed, Mae Simas and Misses Cornelia Williamson and Verdie Fant.

The money raised will make possible a continuation of the town association's employment bureau, emergency housing and character building programs, and the re-employment of a secretary for the Girl Reserve movement.

Funds Help Campus

In former years it has been the funds received as a result of this drive that has resulted in the campus Y.W. with such student aids as the book exchange, candy booth and student loan fund.

A tea is to be held Monday afternoon at the home of Miss Cornelia Williamson for the campus women who are working on the drive. They are also invited to attend a dinner at the downtown Y Monday night.

Mesdames F. W. Traner, H. P. Dayton and C. C. Taylor, president of the downtown Y, are in charge of the drive.

'Get Acquainted' Teas Held by Manzanita

Manzanita teas are to be held every Friday afternoon from four to five-thirty in the parlor of Manzanita Hall, and tea will be served to all men and women students, members of the faculty and any visitors they choose to invite.

The tea is for the purpose of getting all university men and women together socially and giving them the opportunity to become better acquainted.

Mary Burt, social chairman, appoints one girl each week to take charge of the tea. This girl appoints a committee to assist her. In this way each girl at the hall at some time had fought on better than even terms assists with a tea.

WOMEN OF FACULTY TO ELECT OFFICERS

Marking the beginning of another year's activity, the Women's Faculty Club will hold a meeting tomorrow afternoon at the home of Mrs. C. E. Fleming for the purpose of electing officers for the coming year. Mrs. A. L. Higginbotham, president for the past year, will preside.

Serving as the September meeting of the club, the annual get-together picnic given by the club was held during the second week of the semester. Because of a conflict with the Nevada-Olympic Club football game scheduled for October 7, the women called their October meeting a week earlier so as to be able to attend the game.

Women's Glee Club Elects New Officers

Election of officers for the University of Nevada Women's Glee Club was held last Monday afternoon. Marjorie Stout was elected president; Mary Louise Durkee, secretary-treasurer; and Jeanne Cardinal, librarian.

Plans for the fall semester include presentation of folk songs and the beginnings of a mixed chorus.

The Freshmen at the University of Utah are not allowed to take girls to rallies or games.

Students Healthy In Spring Term, Matron Declares

Hospitalization Is Cut in Half During Spring Semester

Colds and Influenza Said Major Complaints of Students

Students at the University of Nevada are healthier during the spring than the fall, if the report of the university hospital for last year, released today by Mrs. Ethel Shurtleff, matron, is any indication.

The total number of consultations during the fall semester of 1932 was 1360, the report revealed, while the spring semester showed a decrease of 356, with 1004 students seeking the university doctor's advice. The number of individual students consulting at the hospital increased from 308 to 356.

The number of persons hospitalized was cut in half during the spring semester, being a total of 42, as compared to the 84 confined in the hospital during the winter months. The entire number of hospital days during the spring semester was 105, 45 less than during the first semester when hospital days totaled 150.

Minor operations for the spring semester equaled 84, an increase of 27 over the 57 of the previous semester. Major operations were cut approximately 50 per cent during the last term, 13 having taken place in the fall and 6 in the spring.

Prescriptions dispensed in 1933 totaled 642, 170 less than in 1932, when 472 were prescribed. Colds and influenza were the major complaints of the students for the entire year, there having been 380 such cases during the fall and 387 during the spring. Infections took second place, with 190 being treated in 1932 and 146 in 1933.

Accidents were more prevalent during the fall semester, when 130 persons were treated for injuries at that time and 94 people treated during the spring semester.

Forty-one cases of tonsillitis were reported during the spring of last year, nearly double the 21 cases of the previous term.

Digestive disturbances caused 42 people discomfort during the fall term and 54 people were troubled during the last semester, while miscellaneous ailments during the fall semester amounted to 71 cases and the spring showed an increase to 96.

Nervous disorders sent 10 persons to the hospital for treatment during the first semester and 12 the second semester.

Heart trouble distressed practically four times as many persons during the fall semester when 11 students went to the hospital for treatment as compared to the 3 students during the spring.

There was but one undiagnosed case during the session that started in September and no undiagnosed cases in the year.

Last year there were no cases of pneumonia, typhoid, mumps, measles, scarlet fever, smallpox or chicken pox reported to the university hospital.

A former student body president, Vernon Cantion, was married to Anna Louise McKeen of Pennsylvania on June 26. He recently graduated from the Harvard medical college and is now living in New York with his wife. He was affiliated with Sigma Alpha Epsilon while on this campus.

Noted Alumnus to Address Y.W.C.A.

A graduate of the University of Nevada, Mrs. Leland Durham, who has spent the last six years in Africa, will be the speaker at the first general meeting of the Y.W.C.A. about October 12, Florence Diskin, president of the organization, announced yesterday.

While in university, Mrs. Durham, the former Alva Quille, was affiliated with Kappa Alpha Theta sorority.

Mr. and Mrs. Durham, who have spent the last six years in Africa where Mr. Durham, a graduate of this university also, is employed as a mining engineer, returned home by way of Turkey. At present they are on a three months vacation allotted to them every two years.

Mrs. Durham will speak on her travels, her experiences and her sensations since she went to Africa. The faculty and the A.W.S., as well as members of the Y.W.C.A., have been invited to attend the lecture.

Women to Start Debate Tourney

"The prospects are good for a fine women's debate season," said Blanche Lucas, women's debate manager, after a meeting of the women's team held on Tuesday.

Intensive work on the question, "Resolved, that the federal government should own and operate the banking institutions of the country" has begun. Those debating the subject are Elizabeth Juniper, Gwen Erickson, from Tri Delt; Frances Slaven, Cornelia Arentz, Kappa Alpha Theta; Mary de Armand, Florine Frank, Beta Sigma Omicron; Helen Crabtree and another representative not yet selected from the Pi Phi house.

Boost, don't knock, Nevada. Be proud of your university.

Miss Ethel Maraska, a graduate of the university in '31 and member of

SOCIETY

Wynn Rackerby, former student at the university, visited the Nevada campus recently. Rackerby left Nevada in 1924 for the University of California, from which he graduated.

The Tri-Delt alliance entertained the Delta Delta Delta pledges and their sponsors Tuesday evening with a buffet supper at the Century club. Each pledge was presented with a linen handkerchief. A short program followed the supper. Claire Kerman, who was in charge, gave the alumni a welcoming speech. Dorothea Shidler sang several songs, accompanied by Kathryn McCormack at the piano.

Miss Frances Millar became the bride of John H. Burns of Yerington, on August 13. Mrs. Burns attended the university for several years, and was a member of Delta Delta Delta sorority. Burns also attended the university and was a member of the A.T.O. fraternity. Mr. and Mrs. Burns will make their home in Yerington.

Miss Holyce Scruggs, a member of Pi Beta Phi, and Harold McNeil were married in Carson City on August 23. McNeil is practicing dentistry in Reno.

Helen Peterson '33 and Everett Wayman, both of Elko, were married at that place on June 18. Mrs. Wayman

The Delta Delta Delta sorority held a dance last Friday in honor of their pledges. The affair took place at the Riverside hotel and was chaperoned by Mrs. John G. Kirchen, Mrs. C. J. Kind and Mrs. Henry Rives. Music was furnished by Dudley Nix and his orchestra.

Miss Roberta Turritin and Willard Weaver were married this summer and are now residing at Montello, where Weaver will teach school. Both Mr. and Mrs. Weaver attended the university, Weaver being active in athletics, and since graduate has been on the coaching staff.

Miss Ethel Maraska, a graduate of the university in '31 and member of

was secretary of the student body last year and was affiliated with Pi Beta Phi and was a member of Cap and Scroll. They are living in Elko.

Loria Mae Emerson ex-34 and Roy Bankofier were married in Reno on June 24. Mrs. Bankofier was a member of Kappa Alpha Theta and her husband belonged to the Alpha Tau Omega fraternity. He was very prominent in college basketball and is now holding a teaching position in Lund.

Adele Clemons '27, member of Kappa Alpha Theta and popular campus woman, became the bride of Joseph Leonard, livestock man of Alturas, on June 29th.

Another June bride was Lois Barber of last year's graduating class. She became Mrs. Robert W. Prince on June 30. Mr. Prince is employed at the Mackay school of mines.

Miss Ida Mary Robinson, former student of the university, was married in June to William George Hoover in the Stanford Memorial church.

Nevada Grid Men Upset Don Eleven In First Contest

Hill, Turner Score on Long
Runs and Bring
Victory

FANS AMAZED

Dons Block Nevada's Kick
to Make Only Score
Against Pack

Scoring the first upset of the 1933 football season, Coach Brick Mitchell's Nevada varsity squad ran rough shod over Spud Lewis' San Francisco Dons, winning 12-7, Friday night before a first game crowd of over 10,000 rabid football fans.

Given but a slight chance to score and with no chance of winning against the powerful Dons, Mitchell's aggregation played smart football, advantage of all the breaks and playing an air tight defensive game that resulted in a decisive victory.

This win places the Pack in the first division of the coast football teams' classification and a good showing in tomorrow's game should result in Nevada again returning to its former place in the coast's sport-light.

Nevada's victory Friday night was the result of two long runs, a 55 yard run by Turner, diminutive guard who intercepted an S.F.U. pass early in the first period for a score, and a 77 yard run by Jack Hill for the second touchdown late in the third quarter. This score was made possible by a perfect off-tackle play that put Nevada's flashy quarter into the open.

Neither goal was converted. Hill's kick hit the crossbar and Cashill's try for point after the second touchdown was low.

Facing a line that outweighed the Nevada forward wall 15 pounds to the man, the Pack's linemen fought on even terms with the S.F.U. aggregation and Nevada's 170 pound guards, Turner and Beemer, were more than a match for their opponents.

Nevada's backfield played heads-up ball and played a perfect game at pass defense work and worked like a well organized machine.

Nineteen men were used in the game and the only serious injury suffered by the Pack was a torn leg tendon by Burru, substitute tackle. He will be out of the line-up until the Homecoming game.

Coach Mitchell had his team play a conservative game, kicking on the third down. These kicks were good for better than 40 yards each and except for one rolled out of bounds to place S.F.U. in tough spots.

The Dons' lone score was made possible by a blocked kick made with but two minutes left to play in the second quarter. The Dons recovered the ball on the Nevada seven yard line and with hardly any resistance opposing him Bianchi, sophomore fullback, plunged over for the score. Biewett's place kick was perfect.

The play of Nevada's two senior halfbacks, Flournoy and Bledsoe, two basketball men who turned out for football for the first time last spring, was very gratifying to the Nevada mentor, as was the work of the sophomores Hadlin, Benson and Walker on the line.

The entire Nevada team fought from start to finish and the team appeared to be in perfect condition throughout the entire contest. Every man handled his position with assurance.

Horseshoe Pitching Tourney Started

Lambda Chi, A.T.O., Sigma
Nu, S.A.E., Sigma Phi Sigma
Win Victories

Close pitching began to count last Monday with the official opening of the annual interfraternity horseshoe matches.

In the doubles division the Lambda Chis out-tossed the S.A.E. team and the Delta Sigs were downed by the Sigma Phi Sigma representatives.

Tuesday the A.T.O. men emerged victorious from an encounter with the Sigma Phi Sigma firemen.

Lambda Chis Win
In the singles division S.A.E. and Lambda Chi outpointed Beta Kappa and the Delta Sigmas respectively, in the first two matches, played Monday.

Tuesday Sigma Nu defeated Lincoln Hall and the A.T.O.s came through to win over the Independent man.

Ebe Dolan of Sigma Nu, last year's winner, is favored again this season. He is definitely onto his form and only a good man will beat him.

Sigma Nu's double team is also a serious threat to all challengers. Dolan, strengthened by Olsen, forms the duet of luck piece slingers who represent the favored fraternity.

The full schedule will be completed by October 26, an entire month of ringers, leaners and counters to furnish conversation in abundance for the legions of shoe pitchers.

Fresno State college has a new towel laundry and it has afforded employment for approximately twelve students. That was a good clean deal!

Sport Salys

"Chet" Scranton's freshman squad is taking a short vacation over the weekend, with no games scheduled until October 7. The boys ran into a little stiffer opposition than they counted on last Saturday when they met Reno High and after the rest they should be in the pink of condition for their next game.

What with all the houses 'out practicing for the annual barnyard golf tourney, the campus has taken on the appearance of a mid-western farm. "Hosey" Afghain had better keep his horse tied up until after the irons have been put away or they might disappear some night.

Upsetting the opinions of the coast writers and alumni coaches, the Pack showed its stuff last Friday night when they handed S.F.U. a 12 to 7 defeat. We wonder "Who's afraid of the big, bad Wolf" now.

Hats off to the members of the "Goof" squad. They never make any trips or play in any of the big games yet they are a vital part of the squad.

"Doc" Martie is gaining the name of the "Oracle from Nevada" by prophesying the victors in the weekly games on the coast. In fact, his services are so in demand that he left Wednesday night for San Francisco to give his views on the air.

"Spud" Harris, flashy end on the varsity, would like someone to return the jersey, pants and pads taken from locker No. 35. No questions asked, he says.

"Brick" is well satisfied with the progress the frosh are making this year. "As yet they are still green and strange to each other, but they have shown great potentialities." Realizing that the success of future varsities depends on the frosh of today, Mitchell has been giving them close attention this year.

Games scheduled for September 30 include: Loyola versus Southern California, U. C. L. A. versus Stanford, Idaho versus Washington, Cal Tech versus Fresno State, U. C. Ramblers versus C. of P., Oregon versus Gonzaga, U. S. F. versus St. Mary's.

California Game To Be Broadcast

For the benefit of those who are unable to attend the Nevada-Cal game and see the Wolf Pack in action on the Berkeley gridiron, the Associated Oil company has arranged to broadcast the game over KFRC Saturday at 2:15 p.m.

The game will be broadcast by Ernie Smith, sports writer for the San Francisco Call-Bulletin.

Former Nevadan Will Speak Here

Speaking on her experiences in Rhodesia, South Africa, Mrs. Leland Durham, former student of the university, will speak to members and friends of the campus Y. W. C. A. at the general meeting of that organization to be held October 12.

Mrs. Durham has lived in Rhodesia for three years, where her husband is employed by engineering interests. She is in Reno on a short visit with her parents and friends.

Strong Wolf Cubs Down Reno Huskies

Yearlings Hand Rivals Most
Decisive Drubbing in
Many Years

Avenging defeats of the last two years, the Nevada Wolf Cubs handed the Reno Huskies football team the most decisive drubbing they have received for several years last Saturday. The final score of 34-7 favored the Cubs.

Approximately one thousand enthusiastic rooters were on hand to see the initial appearance of Chet Scranton's 1934 yearling squad.

The Huskies kicked off to the Cubs, who received the ball on their own fifteen yard line and carried it back to their 25 yard stripe. Sticking to center plunges and off-tackle smashes, the yearlings started a march down the field that was ended by a fumble on Reno's 40-yard line. Reno recovered, hit the line three time for no gain, and punted.

Crashes over guard and tackle to Reno's 3-yard line followed from where Sauer Cub backfield man carried the ball over for the first score. Cromwell, halfback, made the conversion.

Robb Scores
Robb, fast Cub quarterback, crossed the goal line for a second score in the second period, and the half ended, 14-0.

In the third quarter, after various penalties and a good run by Reno fullback, Elcano, the ball was downed on the Cubs' two-yard line. Reno failed to score, and the frosh kicked out of danger.

After a few plays, two more penalties against the frosh placed the ball on the Cub one foot line. The Reno rooting stand went into pandemonium when Elcano, Husky fullback, crashed over right guard for the lone Reno score of the game.

McDow Tallies
McDow, Frosh ten second man, came in the game in the last quarter, and ran wild against the tired Huskies. Chalking up three touch downs in the closing minutes of the game, to set the final score at 34 to 7 for the Wolf Cubs.

The lineups of the two teams were: Reno—F. Sullivan and Carroll, ends;

Gridders Appear Strong in Weekly Scrimmage Tilt

Nevada's football team showed its wares in the weekly scrimmage to a large and enthusiastic crowd Wednesday night on Mackay field.

It was a grim and determined Wolf Pack that passed and fought its way through the less experienced freshmen and gave all it had, to get in shape for the California game Saturday.

In an effort to bolster up the supposedly weak substitutes, Coach "Brick" Mitchell gave them much of his attention, with the second string showing a snap and drive that has been lacking before.

The first string spent most of the time in running through signals and polishing off the rough edges from their passing attack, which will be much in demand when yardage is needed. With Vic Carroll blocking, Jack Hill doing the passing and Priest, Salet and Harris on the receiving end, much may be expected from this veteran combination.

Beecher and Varnum, tackles; Hook and L. Sullivan, guards; Conton, center; Elcano, left half; Pincollini, right half; Echante, fullback; Chickese, quarter.

Frosh—Smalley and Cashill, ends; Kennedy and Sherwaller, tackles; Foremaster and Canson, guards; Lansdon, center; Robb, right half; Cromwell, left half; Haman, fullback; Sauer, quarter. Substitutes were—Allen, Byington, Bowden, Cook, Callahan, Coldwell, Corle, Guild, Di Iullo, Herz, Horgan, Lommore, McDow, Miles, Palmer, Poulsen, Roberts, Rose, Roquin, Williams.

Nevada-Cal Tilt History Is Given

Records Show No Victories,
One Tie for Wolves
in Contests

By ROBERT NELLIGAN

When Nevada's triumphant Wolf Pack clashes with California's Golden Bear varsity in the California Memorial stadium tomorrow, a thirty-four year gridiron relationship will be renewed.

History tells a sad story. One glorious tie just a decade ago is yesterday's story of Wolf Pack success against the native sons of California.

"Chet" Scranton, present freshman mentor, led a clever Pack against the "wonder" team of "Andy" Smith, that fall afternoon back in '23. The stunned crowd that witnessed that game acclaimed and awarded the Nevada a great moral victory after the Nevadans with one of the most noteworthy teams ever produced under the campanille's pinnacle.

"Tie-Victory"
That unforgettable 0 to 0 "victory-tie" on that memorial occasion was not gained through the efforts of a one-man machine but a coordinated eleven-man combination was responsible for the Wolf Pack's great showing. "Corky" Courtright, Nevada coach

then, placed on the field a team handicapped by weight and experience, but his team was a smooth-clicking organization which divided no arguments with its formidable opponent.

Tomorrow, when a gallant but light Pack trots through a tunnel into California's gigantic bowl, it will go into the fray with the intention of wiping out many historic black-marks.

Hill Is Star

A current edition of yesterday's "rab-bit," in the personage of Jack Hill, will recall fond memories to Nevada supporters. A greater team will be facing the Berkeley opposition this season than upset the dope bucket just ten seasons ago.

The closest games ever played between the two institutions have been settled in ten year intervals beginning with the ancient game of '03. In that year the Golden Bear barely scalped the Wolf by a touchdown margin.

No game was scheduled in '13. Then in '23, the indelible date in Nevada football annals, "Bradshaw & Co." successfully raided the lair of the "big bruiser," letting the Californians down with little for consolation. "Bleechers" coaches of the current season are withholding their usual pre-game California victory prediction. Critics recall

that another decade has elapsed since the Wolf Pack's greatest game on that balmy autumn afternoon not long ago in '23.

Scores since '22 have been:

Year	Nev.	Cal.
1922	13	61
1923	0	0
1924	0	27
1925	0	54
1926	6	20
1927	0	54
1928	0	60
1930	0	8
1931	6	25
1932	0	35

Why—

Tobaccos grown in this country are "seasoned" with tobaccos from Turkey and Greece

THE ANSWER IS VERY SIMPLE:

TOBACCOS to taste right in a cigarette need to be flavored or seasoned just the same as you might season a steak or a pudding.

No tobaccos have ever been found that equal the spicy aromatic tobaccos of Turkey and Greece for this purpose. That's why we send 4000 miles for aromatic tobaccos from Samsoun and Smyrna, Xanthi and Cavalla.

When blended and cross-blended in just the right amounts with Chesterfield's mild ripe Domestic tobaccos, the result is a rich flavor and a fine fragrance.

Chesterfields are seasoned right—they taste right. May we suggest you try them.

Chesterfield
the cigarette that's MILDER . . . the cigarette that TASTES BETTER

Turkish tobacco is packed thousands of tiny leaves to the bale. It averages 400 leaves a pound.

Federated Church Club Is Organized

Contemporary Subjects To Be Discussed at Club Meetings

Inaugurating a semester's program of discussions of contemporary subjects, the Campus club students' organization, sponsored by the Federated Church, has already held its first two meetings of the year.

The meeting programs of the club include book discussions, addresses by prominent men of Reno, discussion hours in charge of members of the club, and a dinner once a month.

The first meeting of the semester was a get-together dinner. Officers, who were elected last semester were installed. They are: President, Camille Cerreta; vice president, Elmer Bawden; secretary, Wilma Chancellor; treasurer, Clayton Carpenter.

The various speakers of the evening included Professor I. J. Sandorf, who addressed the members concerning the Campus Club and its activities; Professor G. B. Blair spoke to the students about the beginning of Campus clubs and their purposes; Bob Marean, one of the first presidents of the Campus club, told of some of the incidents concerning its growth; and Professor F. W. Traner welcomed the students in behalf of the Federated Church.

The second meeting included a book review of "The Magnificent Obsession" given by Mrs. Chase and a completion of the program for September. Plans were made for a Halloween party.

Meetings are held in the basement of the Federated Church each Sunday evening at 8:30, and once a month a dinner is given for the members.

The program for the semester is as follows:

- October 1—Sermon on the Mount by Camille Cerreta.
- October 8—Discussion hour in charge of Paul Hartman.
- October 15—The Fair.
- October 22—So this is Missions by Marthene Solares.
- October 29—Discussion hour in charge of Bob Marean.
- November 5—The NRA.
- November 12—Experimenting in Friendship by Wilma Chancellor.
- November 19—Today's Youth by Cornelia Arentz.
- December 10—So this is Missions by Margaret Traner.
- December 17—Christmas Play.

Griffin Pleased With Debate Squad

"I am very much encouraged by the turnout for the tournament," Mr. Griffin stated as he completed final arrangements for the first intramural tournament to be held on October 10.

Twenty-eight men and women filled the roster of debaters. The men debaters, who will divide the tournament honors among the many fraternities represented, are Guild Gray, Milton Wallace, Jim Wallace, Lee Ward, Bud Loomis, Jack Williams, Fred Elkelberger, E. Gezein, C. Jackson, Edward Connors, George Lohse, Albert Agee, Ralph Myers, Dick Haman, William Cashill, Oliver Aymar, Bob Hodgkin, Bob Smith and Richard Clewett.

The first proposition, regarding bi-metalism, has given way to another question of paramount importance. It is, "Resolved, that the federal government should own and operate the banking institutions of the country." Although of very significant importance, the bi-metalism proposition was abandoned because of obvious conflicts within the question itself.

The proposition now under discussion will probably be used in inter-college debate next semester. A few of the budding young debaters will get a crack at this because of the shortage of seasoned debaters this year.

Debate Coach Griffin expressed his sincere opinion that the participants in the tournament would be "amply rewarded for their earnest efforts."

\$2000 PROFIT MADE ON NEV.-S.F.U. GAME

The game last week end with the University of San Francisco not only gave Nevada a victory but was also an outstanding financial success. An estimated report shows that approximately \$2000 in cash was taken in. Of this amount \$500 went for the game expenses and \$500 for stadium rent. This deduction made the net income for Nevada over \$2000, according to Joe McDonnell, executive secretary to the finance control committee.

DENVER DICKERSON ILL AT HOME; CONDITION BETTER

Denver Dickerson, prominent junior student, has been confined to his bed for the past two weeks suffering with a case of high blood pressure. Dickerson, who is sports editor of the University of Nevada Sagebrush, plans to return to school in the near future as his condition is now much improved. He is affiliated with Sigma Nu fraternity.

WHITEHEAD TO TENNESSEE

Ross Whitehead, senior student of the University of Nevada, left last week for Memphis, Tenn., where he will study dentistry at the University of Tennessee. Whitehead was affiliated with the Sigma Alpha Epsilon fraternity.

Harvard astronomers believe that they have found an asteroid that has been lost since 1904.

Editor Chooses Brush Editorial Staff Members

The largest number of students ever to be given the ranking of staff status was appointed this week by Bill McMenamin, editor of the Sagebrush.

A total of thirty-one tryees were tentatively given reporters' positions on the Sagebrush masthead. Since the number is so large, it will be necessary to make a smaller selection later, McMenamin said. The new appointees will be on probation, but those who attend the staff meetings and meet the deadline on assignments will receive places.

Those appointed to the woman's page are Eva Beemer, Mary Casey, Ruth Palmer, Elizabeth Juniper, Gwendivere Erickson, Mary Millard and Virginia La Rue.

New members of the general news staff are Howard Ueber, Robert Smith, Ed Connors, Annabell Arentz, Walter Palmer, Helene Fulton, Gerald Roberts, Mary Williams, Fred Wood, John Carr, Ruth Goldworthy, Robert Kempter, Betty Bowman, Daudee St. Cyr, Elda Haslett, Merle Atcherson, Margaret Lyon and Lois Midgley.

The sports staff will include Howard McMullen, Robert Nelligan, Clarence Byrd, Frank Mildren, Lyman Clark and Max Jensen.

Dean Adams Talks On Radio Program

Adams Will Tell of College of Arts and Science Personnel

Dean Maxwell Adams of the College of Arts and Science will be the principal speaker on the University of Nevada News Bureau program, to be given this evening from 7:45 to 9 o'clock over station KOH, Howard Ueber announced today.

The purpose of Dean Adams' address will be to acquaint outsiders with the scope and personnel of the College of Arts and Science. It is his intention to cite as examples during his talk, various students who specialized in the department.

Last week James Wallace, president of A.S.U.N., spoke on changes in student government and student activities. Plans for next week's program have not been completed, but football will be featured, and Marjorie Mullin has been selected as pianist.

Nevada Fraternities Expect Prosperity

With a total of 122 men living in houses this semester, University of Nevada fraternities look forward to a prosperous year.

Alpha Tau Omega fraternity leads the list with a total of 29 men residing in their house. Al O'Connell acts as house manager for this group. Sigma Phi Sigma runs a close second with 25 men, while the Lambda Chis have 21 and expect to be able to accommodate three more men as soon as the new room they are adding to their house is finished.

Beta Kappa house holds fourth place with 14 men, Sigma Alpha Epsilon houses the unlucky number of 13, Phi Sigma Kappa has 12 and Sigma Nu 8. The Delta Sigma Lambda do not have a house this semester.

As there are only a few more than 500 men on the campus, this makes an average of over one-fifth of the total number residing in fraternity houses, while many members of the various organizations live in Reno and do not stay at the houses.

JEAN STODDARD UNDER KNIFE

Miss Jean Stoddard, freshman student of the University of Nevada, was operated on for appendicitis Sunday evening at St. Mary's hospital. Because of her illness she will not return to school until next semester. Her condition is reported to be favorable.

Tom Cashill, center, Vic Carroll, fullback, and Marvin Turner, three of the veteran members of the 1933 edition of the Nevada Wolf Pack, who played nearly the full sixty minutes against the San Francisco university Dons last week and who will make trouble for the California Bears tomorrow in their game at Berkeley.

Fine Arts Club To Show Etchings

The etchings of Roi Partridge, noted artist of California, will be presented by the Fine Arts Group of the University of Nevada, as their second exhibit of the year.

Some twenty-five of Partridge's latest works will be on exhibit, and they will include some of his medal winning etchings.

Partridge is known to Europeans and Americans alike as the "Western Etcher." He was the recipient of the highest honor conferred by the Print Makers Society of California during the ninth annual International Exhibition, that of the Gold Medal. At present he is the art instructor of the Mills College Art Institute, and is very active in California art circles.

The etchings were borrowed from the Couvlessier Galleries of San Francisco, and will be shown October 3, 4, 5, and 6, between the hours of 2 to 6, and 7 to 9, in the University of Nevada library.

The zoology department of the University of Kansas has recently had on display a collection of Western Kansas reptiles and Amphibia.

Finance Committee Accepts Budgets

Budget allowances of most of the campus organizations using the central treasury system were passed at a recent meeting of the finance control committee, it was announced by Joe McDonnell, executive secretary.

Whether the amount asked by the Aggie club will be granted is to be decided at the next session.

A sub-committee composed of James Wallace and Charlotte Pope was appointed to examine the budgets presented by Artemisia, Sam Arentz and Wallace were named to examine the possibilities of football programs for this year and were given authority to act in the matter.

Budgets allowed for the semester are: University play production, \$162. A.W.S. \$55, with provision that

PARAGON CLEANERS

Prospects Bright For Fall Track

Large Number of Men Sign for Homecoming Day Race Trials

With more than the usual number of men out for fall track, prospects for the coming season look hopeful, Frandsen Loomis, track manager, announced this week.

There are no letter men signed, although Sam Arentz and Frank Leonard, distance runners, will be back with added varsity experience. With more men expected to turn out, and with promising new material, the prospects for a successful spring track season look good, Loomis said.

There has been a good turn-out for the annual cross-country race this year, with many of last year's competitors entered. The race will be watched with interest, as several new "Eddie Tolan's" will attempt to make it dusty for the old men.

Times Good
October 21, at 10 a.m. is the date scheduled for the starting gun. It is expected that the event will be run near the time set last year, which was approximately 32 minutes. The deadline for entering the cross-country meet is set at October 1, and prospects are urged to sign immediately.

The track at Mackay Field is not in shape, as yet, but several freshmen are working on it. The 220-yard straightaway will be repaired, Loomis announced, and the number one lane will be ready for use this year. This is the first time in several years that this particular lane has been available.

Wolf Pack Hopes

(Continued from Page One)

tackle. Morris and Carlson are scheduled to start at guard and Christie at center. Boone will play right tackle. Meek, regular right end, is out on injuries and his substitute is not listed as yet.

Backfield Strong
In the backfield Ingram has two exceptionally strong combinations and he will probably start the following: Verducci, quarter; Williams, left half; Relles, right half, and Keefe or Thorell at fullback position.

Other California men who looked promising last Saturday are Blower, sophomore understudy to Bertoll, at half, and Carlson and Morris, centers.

Meet Aggies First
California meets the California Aggies in the first game of the double header tomorrow morning.

Nevada men who are making the trip are Beasley, Sherrup, Austin, Bledsoe, Cockrell, H. Hill, Backer, Turner, Priest, Stowell, Hunting, Beemer, Harris, Flournoy, Cashill, J. Hill, Tharp, Stephens, Freudenberg, Keil, Carrol, Walker, Salet, Burru, Stock, Benson, Bengoa and Manager Ralph Menante.

J. E. "Doc" Martie left Thursday night to broadcast over the coast stations on the Nevada squad.

Send the 'Brush home.
