

## Wolves Hope to Trounce Bengals In Crucial Conference Tilt Tonight

### Nevada Quintet To Play Pacific Bengals Tonight

Pacific Brings Strong Team To Fight Wolves in Two Contests

#### VISITORS OUT IN LEAD

Bengal 'B' Team to Play Two Preliminaries to Varsity Contests

Playing the defending Far Western conference champions and one of the strongest teams in conference play this season, the University of Nevada Wolf Pack meets the College of Pacific Bengals in the first of a two game series tonight at 8 o'clock.

The College of Pacific team is at present tied with San Jose State for the conference championship with five wins and one loss, while Nevada is holding down the bottom position in league standing, with no wins and four defeats.

Playing almost the same team that won the conference last year, the Bengals are coming to Reno with two fresh victories to their credit over the Chico Bobcats, who defeated the Wolf Pack earlier in the season. Pacific took the Chic team 38 to 27 the first night and 27 to 17 in the return game.

Outstanding in these victories were Truckell, center, who has replaced Captain Roland Holne, and Randall and Thompson, forwards. Thompson was high point man in the second contest with 10 points to his credit.

Coach Laurie Apitz, Pacific mentor, has finally hit upon a winning combination after much early season improvising. In Truckell, center; Randall and Thompson, forwards; and Baimbridge and Hammond, guards, Apitz has a fast breaking outfit which is strong on both offense and defense.

Apitz is also well reinforced by a strong reserve squad, and Jacoby and Wilson, substitute forwards, play fast and accurate ball.

Coach J. E. "Doc" Martie, Nevada head, will not be caught napping by the Pacific team. After a week's rest from collegiate play, in which he has attempted to iron out all of the defects uncovered in the tilts with San Jose State and the House of David, Martie has brought his men to peak form, and they are ready to repeat their performance of last year and hand Pacific another two defeats tonight and Saturday.

Martie, although he has been trying several new combinations in practice, announced that his starting lineup will probably consist of Leighton and Phillips, forwards; Carroll, center, and Curran and Tapogna, guards.

This combination made a good showing against the San Jose Tigers two weeks ago and held them down to a rather low lead, and turned in one win over the tricky House of David men.

If these men can hit their stride tonight Martie believes that Pacific will go home without the badly torn Wolf hide. The more confidence and experience of the Pacific men, however, will probably give them an advantage over the Wolf Pack.

The tentative starting lineup of the teams follows:

Nevada—Leighton, Phillips, Carroll, Tapogna, Curran. Pacific—Randall, Thompson, Truckell, Baimbridge, Hammond.

In the preliminary game tonight the University of Nevada frosh will meet the College of Pacific B team and, on Saturday, the B team is scheduled to meet the hard fighting Reno Printing Co. Bear Cats. The preliminary games will probably start at 6:45 p. m., and the floor will be cleared for the varsity warmups at 7:40 p. m.

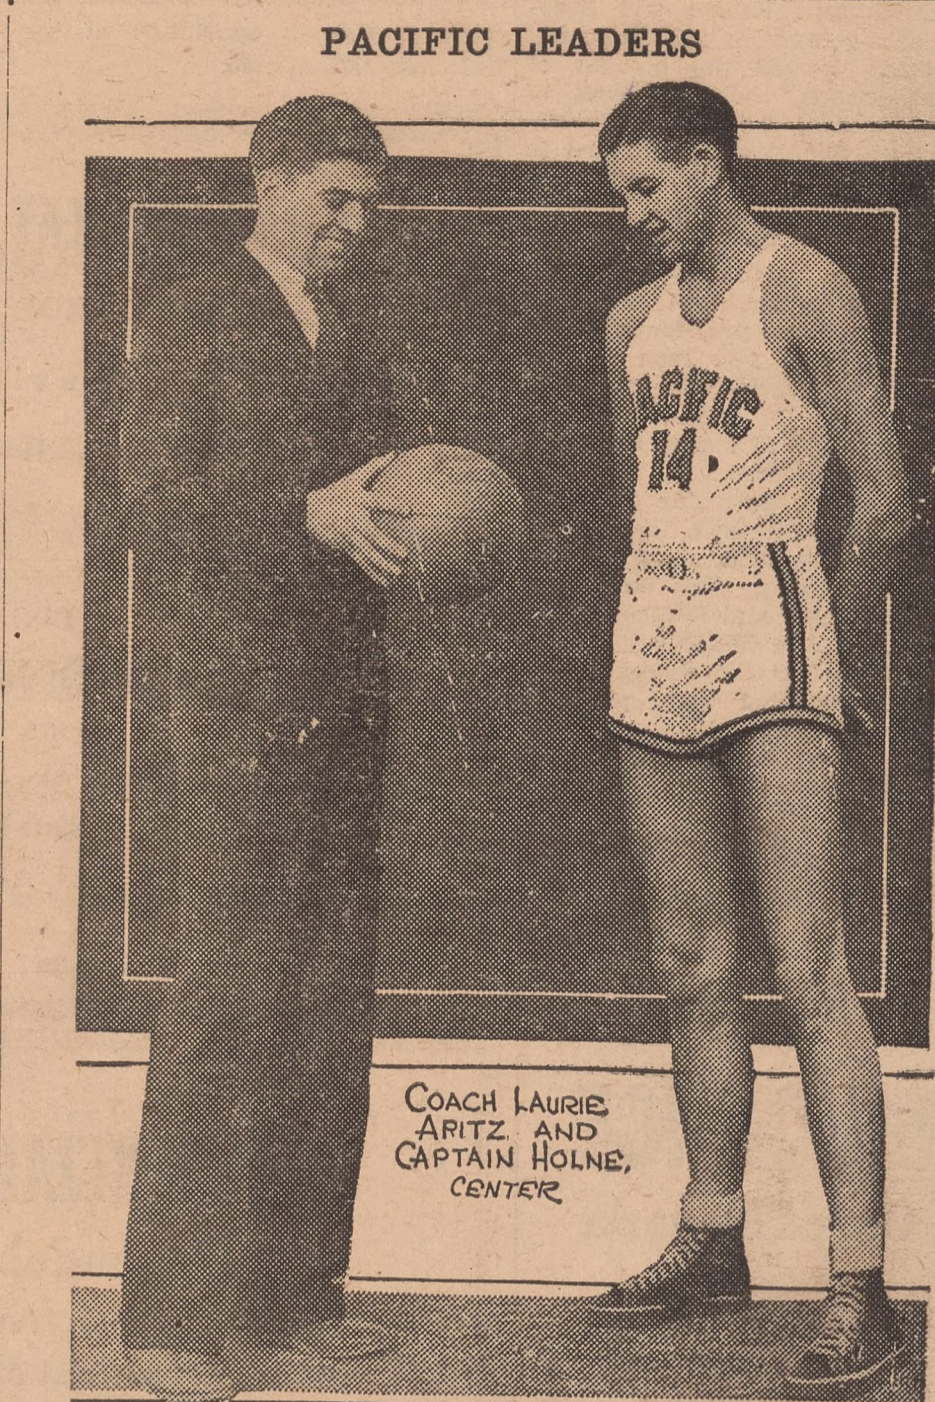

## Finance Control Accepts Budgets

Meeting Tuesday afternoon in the A.S.U.N. building, the finance control committee acted upon routine business matters.

Reports were read from the Sagebrush and were approved by the committee and requisitions submitted by university play productions, publicity bureau and debate were approved for payment.

A preliminary estimate of next season's football budget was read by Coach C. L. "Brick" Mitchell, who petitioned the committee for permission to order new equipment for his players at this time.

Mitchell stated that approximately \$150 would be saved by buying now before prices rise. His plan is to journey to the bay district, where he can "shop" for his merchandise. The committee tabled the matter until its next meeting.

Laurie Aritz, College of Pacific basketball coach, and Captain Holne, Bengal center, have developed a smooth, fast team which will see action against the Nevada Wolf Pack tonight and Saturday. The Pacific team is tied with San Jose State for the conference title, and the tilts with Nevada will decide the question of leadership in the conference.

## Pugh Gives Reason For Bank Failures

Lack of Law Enforcement Is Given by Reno Attorney As Reason

Nevada's recent bank failures resulted from the lack of law enforcement rather than from the laws governing banks and banking systems, was the opinion of Attorney C. R. Pugh in his address, "The Nevada banking situation, its present status and significance to the state," before the Faculty Science club yesterday in the Mackay Science building lecture room.

He not only discussed the conditions and faulty law enforcement prior to the bank failure but also traced the history of the state's banking laws from 1861 to 1933, stressing particularly the laws of 1911, under which the 1932 bank failure took place.

"Banks," he said, "were created to substitute public ends, but when legislation regarding banking laws has no definite purpose it weakens the banks and their system of service to the public. Such was the condition in Nevada and when the test came the banks failed and public confidence was destroyed. Consequently, the next legislature must rewrite new banking laws," he said.

He discussed the question of branch banking in regard to whether or not it would be practical and efficient in Nevada. Following his address a discussion of these questions was conducted by the group.

The next meeting of the Faculty Science club will be February 22.

#### CO-ED'S PICTURE PUBLISHED

Pictures of Margery Mullen, Scabard and Blade honorary major, were published in newspapers throughout the United States and in papers in various parts of Nevada this week. The pictures were sent over the N.E.A. and Associated Press services as feature material.

## Finance Control Accepts Budgets

Meeting Tuesday afternoon in the A.S.U.N. building, the finance control committee acted upon routine business matters.

Reports were read from the Sagebrush and were approved by the committee and requisitions submitted by university play productions, publicity bureau and debate were approved for payment.

A preliminary estimate of next season's football budget was read by Coach C. L. "Brick" Mitchell, who petitioned the committee for permission to order new equipment for his players at this time.

Mitchell stated that approximately \$150 would be saved by buying now before prices rise. His plan is to journey to the bay district, where he can "shop" for his merchandise. The committee tabled the matter until its next meeting.

## Lincoln Hall Swimming Meet Between 'Deck Men' To Be Next Week at Moana

Fancy Diving, Long Distance Swimming, "Float Dive," Breast Stroke Contests To Be Among Forms of Competition At Annual Hall Meet

The annual swimming contest between the second deck men and the first and third deck men of Lincoln hall will be staged at Moana Springs next Friday night.

Jack Reed will captain the swimmers of the middle deck and George Francis will lead the other group. Albert D'Allesandro will act as judge.

Featuring fancy diving, long distance swimming, the float dive, the breast stroke, back stroke and other tricks known to swimming, the meet

## 'Bumpstead-Leigh' Cast Works Hard

Galsworthy's Play 'Justice' To Be Produced in March

Work on "Mrs. Bumpstead-Leigh," humorous play to be presented by the University of Nevada Campus Players, on the evenings of February 27, 28 and March 1, is rapidly nearing completion, according to William C. Miller, faculty supervisor.

Nightly rehearsals of the three acts of the play, in conjunction with Sunday morning sessions, have kept the thirteen members of the cast busily engaged for the last several weeks.

Following the three night run of this comedy skit, work will commence on the second student production of the semester.

This play, entitled "Justice," from the pen of John Galsworthy, will occupy campus dramatic talent during the month of March. Of more serious nature than the semester's initial performance, "Justice" is scheduled to make its appearance during the session of the state high school forensic tournament to be held on the campus the first part of April.

These two productions will round out this semester's program of campus plays, Miller stated.

#### STUDENT HURT ON TOBoggAN

Injured while tobogganing last Friday at Wa-Ne-Va lodge, Ruth Goldworthy '37 is suffering with a sprained knee. Miss Goldworthy was the last one to get on the toboggan and it started before she was seated, causing her to twist her knee. She was attending the W.A.A. outing at its lodge on Alena creek.

One of the 16 Northwestern university students recently elected to Phi Beta Kappa matriculated at the university at the age of 13 and graduated at 17.

## Debaters Contest With Nazarene Men In Season Opener

Lloyd Bowen, Guid Gray Are Speakers for Nevada Team

#### DODGE IS CHAIRMAN

Powers of President Subject of Heated Debate; No Decision

The University of Nevada debating squad met the Northwestern Nazarene college in a no-decision intercollegiate debate last Monday night in the Education building auditorium. This was Nevada's first intercollegiate debate to be held this year.

Carl Dodge, debate manager, acted as chairman for the evening, introducing the speakers for each side and greeted Nazarene college in its first intercollegiate debate with the University of Nevada.

#### Bowen, Gray Speak

Upholding the affirmative side of the question of granting additional powers to the president of the United States as a settled policy, Lloyd Bowen and Guid Gray were Nevada's representatives on the platform. The Idaho school was ably represented by Earl Klein and PaPul Spencer.

The Nevada debaters based their case on two main issues, namely, that a change is necessary and that the requirements of the change point to the president as the logical recipient of these increased powers.

Bowen and Gray were in favor of giving the president power over industry, control over banks and deposits so as to make the banks sound institutions and guarantee deposits. Under their plan, the president would also have power over gold and silver, and power over the dollar in domestic and foreign exchange. He would have the power to regulate price and production of agricultural commodities. These powers, and others, are identical with the temporary powers that President Roosevelt has today, they declared.

#### Attack Centralization

The Nazarenes maintained that concentration of too much power in the hands of the president is dangerous in that it destroys the system of checks and balances that our national government knows today.

They stated that past presidents have proved themselves incapable of handling the powers that the president enjoys today. It is logical to assume, they said, that incapable men will sit in the president's chair in the future, and that since past presidents have abused the presidential powers given to them, future presidents will undoubtedly abuse these powers even more since additional powers would be granted.

#### Extended Tour

The Nazarene team, accompanied by Norman Oke, manager and alternate debater, and Professor Donald Harper, debate coach, arrived in Reno from Salt Lake City late Monday and left immediately after the debate for Stockton, where they met the College of Pacific Tuesday evening. Wednesday they debated San Jose State Teachers' college.

Proceeding on their tour of the Pacific coast and parts of the north-west, the Idaho debaters will meet a team in Los Angeles, University of California in Berkeley and Stanford in Palo Alto. With twenty other colleges they will participate in the McMinnville tournament at Linfield, Ore. This will complete their tour of 4500 miles.

In an interview Klein said that, as this was the first intercollegiate debate between the University of Nevada and Northwestern Nazarene college, he hoped this was the beginning of a long series of debates between the two schools. He said that debate was the most important extracurricular activity on the Nazarene campus and that the school derived most of its fame from its indulgence in forensic work.

Phi Kappa Phi Talks To Be By Hartman, Sears

With plans for Phi Kappa Phi day, scheduled for February 23, being made this week, Dr. Leon Hartman and Dr. George W. Sears have been selected to give the addresses, according to Miss Sarah Lewis, president of the local chapter.

Election of new members from the graduating class will be held February 22, and bids will be given to the newly elected seniors at the assembly the next morning. Initiation will be held Friday night and will include the initiatory address to be given by the past president, Dr. Geo. W. Sears, head of the chemistry department.

This will be the third annual celebration of Phi Kappa Phi day since its establishment in 1932. The purpose of the fraternity is to stimulate scholastic attainment.

## Martie Resigns Duties as Head Of Faculty Athletic Committee; Thompson Receives Appointment

### CWA STUDENT WORK PLANS ARE CONSIDERED BY REGENTS

Students needing financial aid may be able to secure an income of \$15 to \$20 in cash each month under a new plan of the National Recovery Administration for work on this campus if a plan which will be considered at a meeting of the university regents next Monday proves successful.

The university regents, Silas E. Ross, George S. Brown, George Wingfield of Reno, A. C. Olmsted of Wells and Frank Williams of Goodsprings, will meet here Monday to discuss the important question and consider the advisability of the plan which is being extended by the federal government. They will take under consideration the provisions of the new civil works program plan outlined and attempt to put it into effect upon this campus.

### Mackay Committee Formulates Plans

Costume Ball, Feature Acts Will Conclude This Year's Celebration

Featuring a forty-niner costume ball at which several special acts will be presented, plans for the Mackay day celebration are rapidly rounding into final form, Ed Bath, chairman of the committee in charge of the celebration, announced today.

There will be the usual workday, from 8 to 11 in the morning, during which time the baseball field will be put into condition for the season. A new backstop will be built and the surface of the field improved.

At 12 o'clock noon the Mackay day luncheon will be held, at which the results of the election of the celebration queen will be announced. A different policy in the selection of the queen will be instituted this year. She will be elected by the male portion of the student body, selected by the committee and composed of two girls from each sorority and two Independents.

Another special feature of the luncheon will be a song contest among the Greek letter organizations, each group singing its favorite song. There will be awards for the best fraternity and sorority song.

In the afternoon will be held a rugby game, between teams selected from the spring football candidates.

The dance is the high spot in the celebration. It is to be strictly a costume ball, and awards will be given for the best costumed man and woman. Special features have been inaugurated to make it an unforgettable affair.

There will be several big acts, among which will be a Flordora chorus and other appropriate features.

The whisterno will be the longest in some years, starting on March 1 and ending on Mackay day, March 24. There will be rewards for the suffering of the men with the longest, reddest and blackest beards.

Ticket sales will be solely in advance, with sales closing one week before the luncheon.

#### MACK ANNOUNCES TRYOUTS FOR PLAY BUSINESS STAFF

With several positions to be filled on the business staff of the coming production, "Mrs. Bumpstead-Leigh," tryouts will be held next Tuesday at 4 o'clock in the Education auditorium, according to Ernie Mack, business manager of play productions. No previous experience is necessary, he said.

Mr. Miller, instructor in the English department, had his class in the doghouse Tuesday afternoon. In fact, the class was in an uproar.

Why? Because Miller announced that he had experimented upon his scholars with a freak device called a "cheat detector," and had found several who fell decidedly short of what an upstanding University of Nevada student should be.

Followed a moral oration upon the man who cheats, a statement that in the future all such persons being caught would be expelled from school at his request and finally a pointed demand to one of his audience to

The program provides for a system of administration that would carefully select those students who were in extreme need of funds. Their names would be submitted to the state civil works administrator accompanied by affidavits from the college men or women in need of aid.

Designed to aid deserving students who desire to remain in attendance at this university during the present semester and who have not sufficient funds to do so, it would probably do much to uphold the present enrollment figures. Students could remain in university who would otherwise have to secure relief, jobs or civil service work, thus taking the positions of older men or swelling the ranks of the unemployed.

### 'Ruckus' Planned By Campus Scribes

Mardi Gras, Campus Masquerade Will Be Revived by Press Club

That the Press club has official sanction to revive the Mardi Gras ball in April was made known by Edward Montgomery, president of the organization, at the weekly meeting Monday in the A.S.U.N. building.

This will be the first time in five years that the university has had a costume dance, and a committee to arrange for costumes, music, entertainment and prizes was appointed by the president.

A "Ruckus," sponsored by the club, consisting of vaudeville skits and other featured acts, will be held on March 9 at the 11:25 period, in the Education building. This show, in which members of the club will take part, is being produced in order to raise money for the coming masquerade ball. Admission charge will be 10 cents per student, Montgomery stated.

The members voted to limit the membership of the club to 35. There are now 28 active students in the organization, with several pledges being considered. Prospective pledges will be passed on at the next regular meeting.

Fines were levied on those absent from past meetings, and Bill Crowell, treasurer, reported on the financial standing of the members.

Committee Named  
Montgomery appointed Grace Armbruster to be in charge of getting a speaker to speak before the organization in about two weeks. Denver Dickerson was also appointed to serve on this committee.

The "Ruckus" committee consists of Forrest Bibb, chairman; LaRue Stark, Kathleen Haffey, Frank Sullivan, Myra Sauer and Frank Mildren. Merle Atcheson was put in charge of the committee to revise the Press club constitution.

#### PHI SIG PREXY HERE

The Nevada chapter of Phi Sigma Kappa fraternity is expecting a visit this weekend from Raymond G. LeFante of Amherst, Mass., the national president of the fraternity, who is on a countrywide tour of inspection.

It is reported that some of the geology students at the University of Washington are hanging around the seismograph and placing bets on the number of vibrations set up by the earthquakes in this western region.

## 'Cheat Detector' Betrays Unfair Student And He Retreats from Room in Confusion

Miller Gives Stern Oration Concerning Those Who Cheat and Requests That 'Found' Scholar Apologize to His Fellow Students

Mr. Miller, instructor in the English department, had his class in the doghouse Tuesday afternoon. In fact, the class was in an uproar.

Why? Because Miller announced that he had experimented upon his scholars with a freak device called a "cheat detector," and had found several who fell decidedly short of what an upstanding University of Nevada student should be.

Followed a moral oration upon the man who cheats, a statement that in the future all such persons being caught would be expelled from school at his request and finally a pointed demand to one of his audience to

## Withdrawal Leaves Posts on Student Committees Open

Move Made to Aid Harmony in Nevada Student Affairs

#### RESIGNS WEDNESDAY

Dean Thompson to Fill Duties Of Committee Chairman Until Spring

J. E. "Doc" Martie, for ten years one of the foremost figures in University of Nevada athletic administration, last Wednesday resigned from his positions as chairman of the faculty athletic committee, member of finance control committee and from all duties assigned by the A.S.U.N. constitution, which formerly empowered him to make athletic schedules and to sign contracts for athletic meets.

By his action, Martie relinquished all participation in student affairs and his official duties now consist of head of the P.E. department, basketball coach and member of the faculty athletic committee.

R. C. Thompson, dean of men, has been appointed by President Clark to serve in Martie's positions for the balance of the semester. No statement concerning the matter could be obtained from President Clark as he is in San Francisco on business at the present time.

When asked by a Sagebrush reporter the reason for his action, Martie stated that it was his desire to do everything in his power to promote harmony in student government. He continued by saying that certain unpleasant conditions had arisen which he believed could best be alleviated by his withdrawing entirely from student affairs.

The letter which Martie wrote to President Clark in requesting that he be relieved of particular duties, follows:

February 6, 1934.  
President Walter E. Clark,  
University of Nevada.  
Dear President Clark—Will you please relieve me from my duties as chairman of the faculty athletic committee?

Since this particular chairmanship carries with it membership on the finance control committee as well as other duties in connection with student activities, and since these duties make necessary certain decisions that may at times be construed as personal, I am convinced that it will be best for the smooth working of student affairs

(Continued on Page Eight)

## U.N. ORCHESTRA PLAYS IN RENO

First Appearance This Year At 'Romeo and Juliet' Play Wednesday

The University Community Little Symphony orchestra, under the direction of Professor T. H. Post, made its first appearance this year at the "Romeo and Juliet" play given Wednesday at the Century club.

The orchestra was assisted by Mrs. Harriet Barnum Ihreg, violinist, who was the soloist last year.

Several university students and members of the faculty play in the organization. The personnel of the orchestra is: Violins—Harriet B. Ihreg (concert master), Anna Blundell, Dr. A. S. Lough, Helen Guild, Mary Ream, Elmer Doan, P. Barango, Jack Horgan, Lloyd Leonard, Leota Maestretti, G. A. Aokley, Henry Grimmer, Marjorie Sweet; violas—Mrs. L. A. Sweet, Mrs. F. O. Welch; cellos—L. A. Sweet, Irina Kepner; basses—W. G. Grey, Robert Comer, Herb Taylor; flute—Rev. F. D. Graves; clarinets—Fred Bruce, Dr. Merle Deming; oboe—Lois Brooks; french horns—William Dubrow, D. F. Morrill; drums and tympani—Robert Kemper and Don Butler; piano—Dorothy B. Post; trombones—Dr. S. T. Sappin, Paul Rain; trumpets—Darrell Berry, Thomas Welsh.

#### FONTANA TAKES PILOT EXAM

Paul Fontana left yesterday for Chrissie field, San Francisco, where he will take his physical examination for entrance into the air school at Kelly field, today. Fontana is a senior student, registered in the college of engineers. He is affiliated with the Alpha Tau Omega fraternity.

# Interfrat Council Discusses Problems Of Social Groups

## Solution of Difficulties Faced By Fraternities Is Sought

How it is actually going to function as a body and how it can help the fraternities in solving their common problems were the big questions debated at a meeting of the Interfraternity council held Monday afternoon in Dean R. C. Thompson's room.

Organized for the purpose of acting as a clearing house for all conflicts and problems arising between the fraternities, the council is not quite sure just how it is going to achieve this objective. One of the subjects discussed was whether or not corsages should be allowed at university dances.

LaRue Stark, junior student, was elected secretary-treasurer.

The body also voted to hold a dance March 9, and a committee consisting of Gene Salet and Haynes Roberts was appointed to handle the affair.

The council is composed of one representative from each fraternal organization of the university. The members are as follows: Beverly Douglas, president, Phi Sigma Kappa; Elmer Hawkins, Alpha Tau Omega; James Cazier, Sigma Phi Sigma; Gene Salet, Sigma Alpha Epsilon; Grant Rice, Delta Sigma Lambda; Haynes Roberts, Lambda Chi Alpha; LaRue Stark, Sigma Nu; James Clark, Beta Kappa; Guy Morris, Lincoln Hall association, and Dean R. C. Thompson, faculty adviser to the council.

# LECTURE BY GRADUATE PRESENTED TO ART CLUB

A University of Nevada graduate of a quarter of a century ago, Mrs. Rose Berry, who has become famous in art circles of America, returned last week by proxy as the author of a lecture presented by the Fine Arts group.

The lecture on American art, which was written by Mrs. Berry for the American Federation of Arts, was read by Oscar Robinson and illustrated by colored slides.

Mrs. Berry received an honorary master of arts degree from the Uni-

versity of Nevada in 1907. After leaving Reno she became the lecturer in the Terminal Art gallery in New York. Four years ago she lectured at the Legion of Honor gallery in San Francisco.

The art critic now lives in New York and is chairman of the Fine Arts Confederation of Women's Clubs and a recognized authority on the arts.

Introductory remarks were given by Dr. J. E. Church, head of the classics department.

# Lions Frolic Cast Includes Students

## Reno Club Plans Show Based On Wolves Frolic; W. C. Miller to Direct

With university talent playing a large part, an extravaganza, modeled after the Wolves Frolic, will be staged by the Reno Lions club on March 5.

The show will be under the direction of William Miller, university dramatic coach, while Ernest Mack, Campus Players production manager, will have charge of the stage crew.

The production will consist of a number of song, dance and comedy acts, with downtown talent furnishing added entertainment.

Funds raised by this show will be used to pay for the neon sign which the Lions club has erected at the eastern city limits, advertising the attractive features of Reno to the incoming visitor. Publication of a pamphlet advertising Reno is also planned.

Miller has requested that any students desiring to arrange for a try-out see him the first of next week, as production will start within the next ten days.

Lincoln Hall association will give its first dance of this semester tonight at Lincoln hall. The affair is to be a radio dance. Chaperones for the evening will be Prof. and Mrs. Paul Harwood, Mr. and Mrs. William Miller and Robert Griffin.

A social meeting of the women's faculty was held Saturday afternoon in the Home Economics building.

The hostesses of the meeting are: Mrs. Lyman Vawter, Mrs. Speers, Mrs. P. A. Lehenbauer and Mrs. Spencer.

The officers of the club for this year are: President, Mrs. J. Carpenter; secretary, Mrs. Wood; treasurer, Mrs. Headley.

The students of the education 41 class entertained Friday afternoon, February 9, between 2:30 and 4:30, in room 209 of the Education building. There was much pleasurable entertainment provided for those present. Refreshments were served at the end of an enjoyable afternoon.

A Founders' day banquet and initiation ceremonies for nine were held February 3 by Kappa Alpha Theta. Those initiated were Annabelle Arentz, Mary Catherine Blakely, Zoe Hampson, Jeanne Cardinal, Margaret Place, Leone Clark, Betty McCullough, Ruth Palmer and Eleanor Garrison.

Delta Sigma Lambda fraternity entertained members and guests last Friday night with an informal dance at Danla hall. The chaperones are Mr. and Mrs. Robert Conant. Those

# Committee Begins Mackay Day Plans

The committee in charge of the annual Mackay day celebration, given in honor of the university's benefactor, will complete tentative plans soon for the celebration, to be held on March 24.

Provided the necessary funds can be secured, the annual clean-up of the campus will include, besides the usual work, the building of a new backstop on the baseball field and other much needed repairs on the field itself.

At present the committee is planning on closing the ticket sales for the luncheon one week in advance, in order that the usual confusion, caused by a large number of students buying tickets at the door, may be avoided.

The committee will definitely decide on the place in which the dance will be held. Both the gymnasium and the Washoe County Library building are under consideration.

present are: Mary Murphy, Ruth Tucker, Jean Sauer, Lucille Berg, Lillian Smith, Anna Nelson, Katherine Nichols, Patricia May, Dorothy Upson, Claire Fitzgerald, Frances Slavin, Frances Graf, Helen Records, Helen Malloy, and Grant Rice, Howard Christensen, Kenneth L. Austin, Darrel Cain, Forrest Bibb, Harvey Vonsild, Walter Bell, Ralph Smith, Les Upson, Ernie Mack, Charles Koerner, Nelson Webster, Reed St. Clair and Lowell Russell.

Pi Beta Phi sorority is holding its annual "Tin Can" dance tonight. The theme is to be carried out in the decorations and the program. Music is to be furnished by Garry Callahan's orchestra. The chaperones are Mrs. Claribel Pike, Mr. and Mrs. John Cameron and John Gottard.

Dean Margaret Mack has returned from Los Angeles, where she was called because of the illness of her mother.

Thomas W. Mack, former student of the university and brother of Dean Mack, has been spending the last few weeks in Reno on business. Mack was a member of the class of 1899, and a student of mining engineering. He was affiliated with T.H.P.O. fraternity, which is now S.A.E.

# ALKALI IKE

All some sorority gals 'ave on 'eir minds is what's on 'eir backs.

# LIBRARY RULES TO BE REVISED

A new set of rules for student conduct in the library is to be established in the near future, Miss Thea Thompson, librarian, announced today.

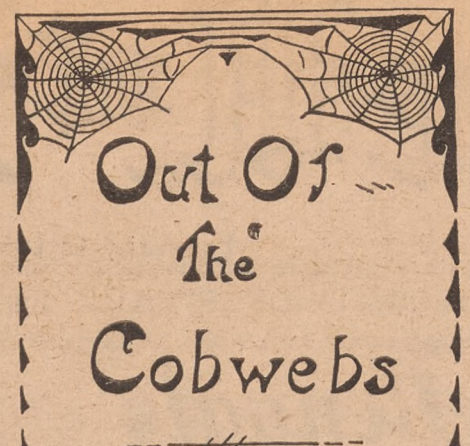

Complaints have come to the librarian that little studying can be done in the library because of rattling of candy papers, talking and other disturbances. The new regulations will cover all disturbances and attempt to correct them.

The new rules will cover the use of the seminars, the taking out of books, fines and general conduct in the library.

"If the regulations are not kept better than in the past, more severe restrictions will be made," Miss Thompson said.

Stanford, California and Saint Mary's recently met in a tri-college debate. Pass the smelling salts, please.

In England there is a college with a staff of 40 professors, although student enrollment is never over 18.

# Out Of The Cobwebs

An oft repeated question has been put to your scribe once again. "When was the large block N built on Peavine?" After searching through dusty files of Student Record and Sagebrush, dating from the year 1893, and not having located the account of the construction, the idea burst of having a look at the Nevada University Jubilee Supplement, published in 1924. And there, written ten years ago by some unknown chronicler, was the following story:

"Hey, frosh, paint the N!" This cry is heard by freshmen each year on the Nevada campus, for it is the duty of the first year men to keep the big N on Peavine, the symbol of the university, in good order and freshly whitewashed during the whole of the school year.

Way back in the spring of 1914 a small group of students, then known as the A.S.U.N., held a special student body meeting. Two men, Harvey McPhail '15 and William Clark Webster '14, both football stars and both registered in the college of engineering, presented their plans to the small assembly. It was received with unanimous favor. The Univer-

sity of Nevada was to have a huge block letter, the second largest in the world. A site had to be selected. Peavine mountain, looming before the eyes of the campus, offered an ideal situation. Accordingly, the motion was passed, McPhail and Webster agreeing to survey the site.

The following fall one of Nevada's long cherished traditions was founded. "Hey, frosh, paint Nevada's N" became the slogan and the freshman class took its first semi-annual trip to the big N. Not until the letter gleamed white under the Nevada sun did the frosh return to the campus.

Robert J. Bankoffier '32 is field inspector in the Crop Production Loan office, Salt Lake City. Bankoffier received a B.S. in agriculture at the University of Nevada.

John A. Walsh '30, recipient of a B.S. degree in electrical engineering at this university, is assistant power sales engineer of the Savannah Electric and Power company, Savannah, Ga.

# Tri Deltas to Initiate Seven Pledges

Theta Theta chapter of Delta Delta Delta will hold initiation ceremonies tonight at the chapter house for seven girls who were pledged last September. Those to be initiated are Evamae Beemer, Mary Casey, Mary Millard, Mary Connelly, Elizabeth Juniper, Kathryn Luke and Eileen O'Hara, all members of the class of 1937.

Elizabeth Hawkins, post-graduate student, left Sunday morning with her mother to visit Carson Hawkins in Pensacola, Fla. Before returning to Nevada Miss Hawkins plans to visit New York, Washington, D. C., and will attend the Mardi Gras in New Orleans. She is affiliated with Pi Beta Phi sorority.

Isobel Priest, sophomore student from Westwood, has withdrawn from the university because of poor health. She lived at the Delta Delta Delta house.

The marriage of Miss Grace Burnett, University of Nevada co-ed, to Wayne B. Stephens of Pasadena, Calif., took place Sunday in Carson City.

Mrs. Stephens attended the University of Nevada for several years and is a member of the Pi Beta Phi sorority. She has resided in Reno for several years and was connected with the secretarial staff of Woodburn and Thatcher. Mr. Stephens was connected with the Lazy Me ranch for some time prior to moving to Pasadena. They will make their home in that city.

Mrs. Frank Harriman, who attended the University of Nevada last semester, sailed January 26 on the S.S. President Hoover for a trip around the world.

Her trip will include visits to the Hawaiian Islands, the Orient, where she will stay indefinitely; England, France, Germany, India and other places. She plans a tour for a year.

Mrs. Harriman was among those on the University of Nevada honor roll last semester. She graduated several years ago from a physical education school in Michigan and until last fall

# A.T.O. Province To Hold Conclave In Reno April 23

### Arizona, California Chapters Will Send Delegates to Nevada Convention

Students of Stanford, California, U.C.L.A., Loyola, Arizona and Nevada will attend the Alpha Tau Omega twelfth province annual convention to be held at the University of Nevada, April 23 and 24.

It is the first time the convention has been held in Reno. The last one was sponsored by the University of California chapter in Los Angeles.

About 65 delegates from other chapters will attend the sessions, Wayne Van Voorhis, local chapter president, stated. With alumni, pledges and active members attending, nearly 200 are expected to gather in Reno during the two day convention.

All other social functions planned by the local chapter for the semester will be canceled to help make this a success, Van Voorhis said.

The convention will begin officially at 10 o'clock Friday morning with a business meeting. Friday evening a banquet will be held at the Century club, when the main speakers will be John Mead, province chief, and Roy S. Milligan, a grand officer of the fraternity. Following the banquet a smoker will be held at the chapter house.

Saturday morning and afternoon will be taken up with business meetings. Saturday night a formal dance will mark the end of the conclave.

# Many Grads Enroll In Advanced Work

Information in the most recent edition of the Alumni Directory of the University of Nevada indicates that graduation does not close a college career, as many undergraduates believe, but serves as an incentive to higher learning.

An accurate check on the recipients of bachelor degrees shows that post-graduate work has been taken by at least one-third of the University of Nevada graduate students.

Interest displayed by return graduates varies widely. Among them may be found dental surgery, the ministry, music, law, the sciences and engineering, but arts and science work is by far the most popular.

Twelve Nevada graduates have won commissions in the United States army and navy. Two have become certified public accountants, and three have taken advanced piano courses with noted masters in both the United States and Europe. Research fellowships in Europe have been held by three students and nine have diplomas in their respective fields.

This data serves to indicate that many of Nevada's students plan far beyond a bachelor degree and eventually attain success in the fields in which they are interested.

# 'Romeo and Juliet' Presented by Club

Shakespeare's "Romeo and Juliet" was presented Wednesday evening at the Twentieth Century club under the direction of Mrs. Emerson J. Wilson.

Excellent costumes, properties and lighting effects combined with the ability of the actors to make an enjoyable performance. The prologue was presented in traditional Shakespearean manner before the curtain rose for the first act.

Appropriate music was furnished by the University Community orchestra under the direction of Professor Theodore Post.

University of Nevada students who appeared in the performance are: Walter Christian, Reed St. Claire, Melville Hancock, William McMennamin, George Steffens, Donald Butler and Charles Jensen.

# P. E. Students Feature Foreign Folk Dances

Featuring social dances typical of foreign peoples, the women's classes of the physical education department will present a folk festival on March 2, said Miss Elsa Sameth, this week, who is head of the department.

Dances representative of every nationality on the campus will be offered, and where possible the women participating will be of the same country identified with the dance, Miss Sameth said.

Reno's foreign groups are cooperating with Miss Sameth in teaching unusual steps to the women, which will insure the authenticity of the dances.

# Five on Hilltop; Four Reach Bottom

### Women Tobogganers Lose Member in Galena Snow Mishap

Five girls in a classroom is one thing, but five girls coming full speed down an icy hill on a toboggan is another.

The five in question, members of the Women's Athletic association, discovered the difference last Friday when they tried it for themselves.

After dragging their toboggan up a steep hill near the large ski-jump at Galena Creek, popular snow playground, the five seated themselves and "pushed off." Everything was fine until they hit a bump—and then there were only four.

Ruth Goldworthy, freshman student, who was holding down the rear position, had fallen off at that stage and wrenched her knee, necessitating taking her to Reno at once.

Joining the others, the "survivors" went to the nearby W.A.A. lodge, where they succeeded in getting stuck in the slush. The cars were pushed out with logs and the party returned late that night. Sixteen went on the expedition, one of several outings scheduled for the winter season.

Miss Goldworthy was able to attend classes Monday, her injury being better.

# Sophs and Juniors Lead in Basketball

Interclass basketball games started Tuesday night, with the Sophomores defeating the Seniors 25-8 and the Juniors vanquishing the Freshmen 35-5. The schedule of interclass games is as follows:

February 8—Freshmen versus Seniors; Sophomores versus Juniors.

February 13—Freshmen versus Sophomores; Juniors versus Seniors.

Officials for the different games will include Charlotte Pope, Margaret Kommmayer, Blanche Keegan, Dorothy Gordon, Madeline Miller and Helene Stark.

Captains elected are: Seniors, Dorothy Pope; Juniors, R. Bliss; Sophomores, M. Butler; Freshmen, E. Beemer.

# MILITARY BALL IS SUCCESSFUL

The annual military ball, one of the highlights of the social season, was held last Saturday night at the Washoe County Library building under the auspices of Scabbard and Blade and R.O.T.C., with Miss Margery Mullen presiding as honorary major.

Guests of honor were Governor James Rolph of California and Governor F. B. Balzar of Nevada. The patrons and patronesses for the evening were President and Mrs. W. E. Clark, Colonel and Mrs. R. M. Brambila, Lieutenant and Mrs. H. B. Wilcox, Sergeant and Mrs. G. H. Hustis, Dean and Mrs. E. C. Thompson and Dean Margaret E. Mack.

Entertainment consisted of vocal selections by Anna Blundell and clever exhibitions by a drill squad.

The dance music was furnished by Garry Callahan and his eight piece orchestra.

Financially and socially the dance was a success, according to its sponsors.

# Mary Murphy Chosen Independent Senator

Mary Murphy, junior student, was unanimously elected Independent woman representative to the senate at a special meeting Monday night, replacing Mrs. Kathryn Johnson, who withdrew from the university. Miss Murphy will serve until Christmas.

While the revised student constitution gives the Independents two representatives in the senate, the constitution of the Independent student organization specifically provides that one of the representatives

# WOMEN The Hot Shot Sagebrush WOMEN

## Co-Ed Marksmen Shoot in Matches

### Many College Teams Compete With Nevada Rifle Experts

The women's rifle team of Nevada shot matches last week with the women's rifle teams of Carnegie Institute of Technology, University of Washington, University of South Dakota, University of Oklahoma and Pennsylvania State college. The results of these matches will not be known until next week, since all reports have to be received by mail, according to Margaret Place, team manager.

Intermural matches started Tuesday, February 6. Four women from each sorority and four Independents must shoot in order to compete for the trophy, which will go to the group having the highest score. These matches will be held each week for the next three weeks. The scores will then be totaled and the winner announced.

Miss Place urges that "All sororities should have four girls shooting in these matches. If only three shoot their scores are lowered and if the sorority has no team entered it loses by default."

The women's rifle team will not be announced until the end of this week.

The following girls are signed up for rifle: Alma Shiappcase, Ellen Creek, June McGuire, Dorothy Phillips, Wanda Bell, Orpha Morgan, Marie Morgan, Dorothea Shidler, Louise Emminger, Mary Sweet, Alice Lundberg, Myra Sauer, Aileen Daniels, Mabel Armstrong, Elizabeth Frey, Ruth Palmer, Catherine Dondero, Velma Parnelli, Lucille Berg, Georgianna Harriman and Margaret Place.

## Fraternity Rushing Season Is Concluded

Rushing season ended with a total of twenty-seven men pledged to the various fraternities.

At the head of the list stands Alpha Tau Omega, with seven men pledged. Sigma Phi Sigma comes next with five new men pledged. Tying for third place with four men each are the S.A.E. and the Sigma Nu houses. Next come Lambda Chi Alpha, Phi Sigma Kappa and Beta Kappa with two men apiece. Last is the Delta Sigma Lambda with one man pledged.

The school of religion at U.S.C. is one of the five accredited by the Methodist church.

shall be a man and the other a woman. Ned Morehouse, president of the organization, represents the men.

**ATTENTION, GIRLS!**

Phone 7851 I.O.O.F. Bldg.

## Class Badminton Tourney Planned

Badminton, a game which has recently become quite popular and fashionable, is entering its third season as a W.A.A. sport at Nevada. There will be no intramural contests for this sport, but interclass games will be held, probably in two or three weeks.

Those girls signed up are M. Place, S. Graves, R. Goldworthy, C. Dondero, M. Murphy, A. Belmonte, E. Azarez, G. Compton, M. Williams, M. Burt, L. Tidball, M. Butler, A. Lundberg, N. J. Mills.

## Church Bells

The Campus club of the Federated church will meet at 7 o'clock Sunday evening for a social hour and discussion conducted by S. D. Cummings of the Auburn Theology seminary. The subject to be discussed will be "Vocational Problems" for college students now and in the future. Vesper services will be at 6 o'clock p. m.

The Baptist church will hold its usual Young People's meeting Sunday night, with Dean Thompson in charge. The service will, in part, be a discussion of the lesson to be given at the beginning of the hour.

This Sunday the Epworth league of the Methodist church will have its meeting at 7 o'clock, under the direction of Bob Comer, who will conduct a discussion of a recent religious book. Preliminary plans will be formulated to organize an institute club for the purpose of raising money to send several girls to the Epworth institute at Lake Tahoe this summer.

Minnesota's trainer recently stated the "no sport is toughest." Oh, no! Just ask some of our letter men and see what they think of their particular line.

## Tri Deltas Awarded Scholarship Plaque

Three scholarship awards were made at the A.S.U.N. meeting last Friday to those fraternal groups on the campus whose scholarship average was exceptionally high last semester.

The Delta Delta Delta sorority was awarded the scholarship plaque which is given by Dean Mack for the greatest scholastic improvement of any sorority over the previous term's average.

This is the first time this plaque has been awarded to any sorority. The custom of awarding it was established late last semester by Dean Mack.

Lincoln hall was given the scholarship cup which is presented to the men's organization obtaining the highest scholarship average during the year by Dean Thompson. Both this and the women's award rotates in accordance with scholarship averages.

A third scholarship award for scholarship improvement was made by the Pan-Hellenic council to the sorority which has the highest average for the semester. This cup was given to the Beta Sigma Omicron sorority which has ranked first among the sororities in scholarship for two consecutive semesters.

Nicholas E. Basta '32 is now employed as clerk in the document division of the house of representatives, Washington, D. C.

## Sagens' Reverse Hop To Be Held Feb. 17; Co-Eds Get Up Nerve

Co-eds are again looking forward with apprehension to the task of getting reverse dates, in view of the Sagens' reverse dance scheduled for February 17.

According to Genevieve Wolf, president of that organization, this dance will initiate the making of an annual affair for the Sagens.

The Sagens is a women's pep club, made up of girls who have shown themselves capable of furthering campus activities.

The decorations will be modernistic and carried out in their colors of silver and blue, which are also the colors of the university.

A prize will be given to the sorority having the most members present. Music will be furnished by Garry Callahan's five piece orchestra. Bids may be obtained for 75 cents from any member of the Sagens.

Russell E. Laird '30 was commissioned as second lieutenant in the U.S.A. air corps on October 14 of last year.

### "IT'S A TRADITION"

What is a tradition? According to the dictionary, a tradition is "a body of beliefs or usages handed down from generation to generation" or "accumulated culture and practices so handed down."

But having had this clarified, we are once more thrown into a muddle by a glance at the student handbook, which sets forth that it is a tradition that there be no "queening" at football contests, that it is a tradition that chapel services be held every day at 10 o'clock, that it is a tradition that only seniors sit on the senior bench, etc.

If these, and a dozen other items, are "traditions" then the students have lost all respect for tradition.

In the first place, it is hardly proper or correct to call them traditions. In the second place, usage has discarded some and adopted others.

Since when, for instance, have the seniors challenged the faculty to a baseball game just before the final exams? Yet the handbook says they do.

Also we note that seniors only may wear sombreros. Despite the handbook, the seniors seem to have signed away their rights.

Freshmen do not park their automobiles on University avenue. Neither does anybody else, but it's red paint, not "tradition," that decrees it.

All of which shows a need for revision of our "traditions." Strictly speaking, they should not be called traditions, unless they have been handed down for us from preceding classes. Also it would be better if they were divided up into rules and practices. For instance, it would be a rule that there be no smoking in front of the administration building, and a practice that the Trojan war flag be flown before the California and Stanford games. This would make it easier when we wanted to establish a new practice, which we could do arbitrarily.

For instance, we could say, "After Tuesday it shall be the practice for seniors to wear opera capes." But it is incongruous to say, "After Tuesday it shall be a tradition for seniors to wear opera capes."—Southern California Trojan.

### WHY NOT INTERCLASS ATHLETICS?

Class rivalry on the Nevada campus has been at a low ebb for several years and no attempt has been made by student leaders to rectify the situation. A freshman or a sophomore is scarcely distinguishable from a junior or a senior in the social life of the school. Class meetings are attended only by a few students and little spirit is shown. Instead of a class spirit, we have on this campus a strong rivalry among small fraternal groups that promotes dissension within the student body and leaves out a great number of independent students.

It seems that there is no apparent solution for the problem, but the Sagebrush would like to make a suggestion. If it is carried out, we sincerely believe that it would do much to put class spirit back on its former plane and aid in avoiding dissension.

Athletics, most leaders who are well informed on college affairs believe, are an extremely strong force in unifying a group of students. Athletic teams are the backbone of college spirit. Since this is true, a form of interclass athletic competition in all sports which the fraternal groups now engage in, to last throughout the year, under the direction of the physical education department of the university, would, we believe, inject new life into the corpse of class spirit. It would develop a clean and wholesome form of rivalry that would undoubtedly prove successful.

An athletic plan of the type which we wish to suggest could include, first, a tournament within a class to choose the best team in the class. The winners of the class tournament could then plan a round robin tournament to determine the university championship. The tournaments would probably cost very little to carry on and could be financed either by the physical education department of the university or by the student body.

Other universities have this type of athletic program and it has proved a complete success. More students are given physical training. More outstanding athletes are developed, and student body spirit is strengthened.

The Sagebrush would like to see this plan at least given a fair trial. This could be done by making an attempt at running such a tournament either during the coming baseball season or during the volleyball season of next fall. It might be tried with little expense in a horseshoe pitching tourney.

If the plan is undertaken, it must not be done half-heartedly. It will take a good deal of work to get the system organized, but once it is established the labor expended should be well rewarded.

### HOLD THAT TIGER

By S. A.

### Wolf Howls

The dirt column of last week, which offered personality sidelights of various feminine students on the campus, has met with such widespread approval that we have decided to run something this week along the same lines although with certain changes.

We are going to adopt an idea which was carried out several years ago in the Brush which presents the perfect man who has the good qualities of several male members of the campus. A perfect woman will also be presented and if anyone does not approve of our selection please call the office and register complaints to whoever answers the phone.

Are you ready? Here goes:

The perfect man should have:  
Oly Glusovich's hair;  
Vic Carroll's build;  
LaRue Stark's teeth;  
Forrest Bibb's eyes;  
Bud Loomis' assurance and clothes;  
Elwin Jeffers' voice;  
Steve Comish's personality;  
Paul Hartman's brain;  
Clarence Byrd's musical ability;  
Ed Lorenzo's worldliness;  
Ernie Mack's confidence;  
Jack Hill's athletic ability;  
Bill McMenamin's ambition;  
Harold Curran's taciturnity.

The perfect woman should have:  
Virginia Murgotten's curves;  
Elva Neddnerlep's teeth;  
Frances Smith's complexion;  
Betty Howell's clothes;  
Anne O'Neil's voice;  
Alice Boland's figure;  
Jean McIntyre's smile;  
Lois Midgely's allure;

Evamae Beemer's personality;  
Cornelia Arentz's hair;  
Florine Frank's beer;  
Nell Lozano's friendliness;  
Gwenevere Erikson's speaking ability;  
Claire Fitzgerald's poise;  
Paula Bradshaw's noisemaking ability (an asset?).

Do you want to hear the prize boner pulled in a classroom in the spring semester of 1934 at the U. of N. Here goes:

Prof. Young—What value is there in being scared stiff if you were in the jungle in Africa without a gun and you saw a lion moving through the tall grass twenty-five yards away?

Paula Bradshaw—It would make me run faster, I guess.

We wish to make a plea against injustice, do the Wolf at the Key-hole and his henchmen. Here is the injustice. Two snappy co-eds of Man-

zanita hall, feeling spring in the air yester morn, trotted up the Purdy highway in the latest things in shorts past Lincoln hall and out into the

### Letter to the Editor Kearney Is Elected To Lead Mechanicals

Editor Sagebrush—Your editorial in the Brush of January 26 is timely and I believe will do some good because thoughtlessness is responsible for unsightliness to a great extent. In this regard I should like to point out the condition of the pillars in front of Mackay Science hall and the Mackay School of Mines building. These pillars have been seriously defaced by having matches scratched on them and I suggest "every student" referred to in the closing paragraph of your editorial have this matter in mind, too.

John A. Fulton '98.

The Mechanical Engineering group held its first meeting of this semester at the home of Dean Sibley last Tuesday evening, February 6. An election of new officers was held. Kearney was elected chairman, Cecil Cheal vice chairman and Jim Crawford secretary and treasurer. Activities of the society for the ensuing semester were discussed.

Conference telephone service—a new telephone convenience—enables a number of people far apart to talk together as freely as though gathered around a table.

This fosters quicker interchange of ideas in business—saves time and money—expedites decisions. For example: an executive wishes to discuss plans with his district managers. His telephone is connected simultaneously with each of theirs—all can talk, all hear everything that is said!

Through constantly developing new uses, Bell System service grows more and more valuable.

# National Officer Of A.I.E.E. Group Will Speak Here

### R. W. Sorenson of California Tech to Speak at Banquet Tuesday

As the feature of the Associated Engineers' banquet, which is to be held next Tuesday evening, February 13, R. W. Sorenson, vice president of the American Institute of Electrical Engineers for the eighth district, will speak on "Personality as a Factor of Success in Engineering."

The banquet will be held at the Toscano cafe at 6:30. The price of the dinner will be 60 cents.

Paul Hartman, president of the student group of A.I.E.E.; H. Hart, Angelo Granata, Robert Anderson and Louis Dellamonica form the committee that is in charge of arrangements.

At 4 o'clock Tuesday afternoon, preceding the banquet, Sorenson will speak to university engineers on "The Electrical Engineer and His Rainbows." Anyone interested may attend the lecture which will be made in the electrical building.

Sorenson, head of the electrical engineering department at the California Institute of Technology, is returning from the mid-winter convention of A. I. E. E. in New York. He is lecturing at various universities on his return.

## Writing, Walking Mileage Checked

That Nevada students write enough words in a term of four years to make a line long enough to reach approximately from Reno to San Francisco and back, has recently been determined. On one day students write 562,500 words, making a line of solid writing of 165.3 miles in a year. In four years the combined student body would write 540,000,000 words, or a line of solid words 661.2 miles long.

Each student writes an average of 750 words per day, or a total of 180,000 words per year, making a line of solid writing of 14 miles a year. In four years the individual writes 720,000 words, making a line 56 miles long.

Not only does the student body gain mileage in writing but they walk 7500 blocks per day, or a combined total of 535.7 miles. In four years the students walk 12,875.8 miles, or half the distance around the world.

In four years the individual student walks 686.3 miles, or the distance from here to Los Angeles, via Las Vegas. Of course some individuals do not keep up their average of 2400 blocks, or 171.1 miles, per year; they let the other portion of the campus do the "hoofing." One member brags that he has not walked ten blocks since the semester started. The lucky stiff!

## SOCIAL SUICIDE

Well, well, what is the magic power of words? It is the art of speech, say current etiquette writers.

It is too bad that we do not think of these things when we chatter along today. The way we use it is not as an effective weapon to social success. Remember this, it is very important.

Also, there is such a thing as courtesy of conversation. In China a young man will not introduce in conversation a topic that has not been talked about by his elders. Thus we see that in some other countries that there is a distinct significance of courtesy.

No one should ever interrupt unless there is a good reason for it.

One should always be agreeable in conversation. Also be a polite listener.

Tact in conversation is one of the first things to learn. Your speech accounts for likes or dislikes by other people.

Never talk just to be talking. This is every bad. There is a lot to talk about in our world. Lots is going on and so conversation should be easy to carry on.

Don't tell stories. Don't exclude others from your conversation. Don't be a small talker.

## National Student Federation News Given in Weekly Letter to U. of N.

NEW YORK, N. Y. (NSFA).—In New York state alone, 11,272 students have left college for financial reasons in the last four years, \$3,000,000 would be the amount required for them to finish their education should they return to college, and approximately 150 teachers would have to be reemployed to meet the increased enrollment should the students be able to return, according to results so far compiled from answers received to a survey instituted by Young America.

The survey, which was sent to 300 colleges in all parts of the country, will form the basis for an approach to the federal government for a sum of money to aid "students on the campus in immediate need, students who have been forced to discontinue their studies because of lack of funds, and high school graduates who are not financially able to enter the freshman year of college," according to an announcement by the Joint Student Commission for Federal Aid to Higher Education at 218 Madison avenue, New York. Organizations represented on the commission, in addition to Young America, are the National Student Federation, the Student League for Industrial Democracy, the National Student League and the Student Divisions of the Y.M.C.A. and the Y.W.C.A. The new group has been formed to cooperate with the Federal Advisory Committee on Emergency Aid in Education, for which John A. Lang, president of the National Student Federation, has been invited to act as consultant.

The action contemplated is in line with the resolutions passed at the ninth annual Congress of the National Student Federation held recently in Washington, D. C. At that meeting a request for government funds totaling \$500,000,000 to be used to aid universities and needy students was submitted in the form of five resolutions to Dr. George F. Zook, chairman of the Committee on Federal Emergency Aid to Education, and to Dr. W. G. Carr, secretary and chief of the research division of the National Education association.

In addition to approaching the government for a grant, the student commission is urging college students to support its efforts by writing to President Roosevelt, Secretary Ickes of the department of the interior, Dr. Zook, United States commissioner of education and, if they are voters, to their representative in congress.

NEW YORK, N. Y. (NSFA).—One thousand one hundred and fifty-four jobs on a federal project will shortly be available to qualified college trained persons, according to Dr. Esther Lloyd-Jones of Teachers college, who spoke recently at a three day personnel conference held in New York and attended by experts in the field of employment for women from many colleges, placement agencies and business organizations.

Dr. Lloyd-Jones revealed that the American College Personnel association, of which she is secretary, had received a communication from Washington asking information on qualified college men and women with regard to positions on the project, the nature of which she could not reveal.

It was generally felt by those who attended the conference that the young woman of today could not succeed on the traditional college "cultural" education, but that a grasp of current affairs, and understanding of the new conditions that business had to face, were prerequisites.

NEW YORK, N. Y. (NSFA).—Youth in America will be given an opportunity to present its criticism of various aspects of our social order—war, imperialism, capital, vocational opportunity, education, politics, sex and family life, the social and economic role of woman, our values and philosophical ideals, our art and literature, our religious outlook—in a course entitled "Youth Faces the New

World," to be given for the first time during the summer session of Washington Square college, New York university, according to an announcement by Milton E. Loomis, director.

Representatives of the youth movement in various countries—Germany, Italy, England, India, Latin America, China—as well as leaders among youth in the United States, will be invited to present the goals of organized youth throughout the world and to tell how youth would reconstruct our way of life. The course will be conducted as a forum, with GAL TWO—national stud fed ..... ample opportunity for discussion, in which both friends and critics of youth, from the outside community as well as those who attend the forum will be invited to participate. At the conclusion of the forum the leaders of the youth movement who have participated will present "Youth's Manifesto," a challenge to the social order built by their elders, a platform upon which youth plans to work in building a new world.

"Every generation witnesses the conflict between youth with its enthusiasms, ideals, inconclusiveness and age with its caution, realism, conservatism," the announcement states. "But never has the conflict been more dramatic than today. The shifting of social reforms and values draws the lines of the conflict more clearly. The increasing proportion of the older age groups in our population, as our birth rate declines, intrinsically age more firmly. The discrimination against youth in the competition for employment and economic security makes the conflict more bitter. It is possible that the most radical consequence of our worldwide social turmoil will be the routing of age, and for the first time in history the establishing of youth

in control of our social destinies."

NEW YORK, N. Y. (NSFA).—Dr. James Bryant Conant, the new president of Harvard university, addressing 600 members of the Harvard club of New York at their recent annual dinner, discussed the future of their university among American universities in general.

"The success or failure of the civilization we are building in America today," he said, "depends on the new recruits enlisted by the universities to carry on this never ending adventure."

"No one can predict in what locally able young men may be found or into what family they may be born. A widespread democratic system of education which provides for suitable selection should produce the greatest number of talented and well trained intellectual leaders. We are already far along in the development of such a system in this country today, and this fact gives us great hope in spite of the heavy clouds of financial troubles which hang over all educational institutions.

"The universities must see to it that they select for higher education men of exceptional talent and exclude, none who are truly gifted. The privately endowed institutions, if they are to play their part as national universities, must be careful to have their share of the most

## Southern Nevadans Propose U.N. Branch

That it would be advisable to establish a branch of the University of Nevada at Las Vegas, was the opinion expressed by Edgar Mineer, president of the Moapa chamber of commerce, at a recent meeting held at the Overton school.

Mineer stated that the increasing number of graduates from the high schools in Lincoln, Nye and Clark counties made such a plan of extension advisable, and urged that this move be considered.

promising youths of the entire country.

"An intellectual career open to the talented, and really open to all, will provide, perhaps, in the next twenty-five years in this country a group of creative workers which will make permanent contributions to civilization of the greatest significance. "This seems to me a beckoning promise which must stir the imagination of everyone. How can the community fail to support such a program? Higher education is not a luxury but a necessity for a country which hopes to achieve something more than material success."

## Seniors Will Plan Festivities Early

A meeting of great importance to all seniors will be held next week, according to Eugene Salet, class manager.

A senior week committee will be appointed and instructed to begin with their plans immediately. Trying to avoid the lax attitude of former years, Salet is making committee appointments early. From all indications this year's graduating class seems to point towards a "greater week with a better spirit."

Having been contacted by several printing firms in regard to announcements, Salet will in all probability appoint an announcement committee. A choice of announcements should be decided upon as soon as possible, according to the printing firms.

There are various other committees to be appointed, so too much emphasis cannot be placed on the importance of the meeting.

### Three Teams Tie For First Place In Handball Meet

Sigma Phi Sigma, Alpha Tau Omega, Phi Sigs Are Undefeated

Ten Games Are Scheduled For Weekend Play In Tourney

Sigma Phi Sigma, Alpha Tau Omega and Phi Sigma Kappa emerged on the top of the intramural handball singles heap as the only undefeated teams...

Last Friday Sigma Nu and Lambda Chi Alpha were also among the undefeated, but the Phi Sig team defeated Lambda Chi Alpha...

In other games played Friday, Lincoln Hall defeated S.A.E., with the balance of victory loaded in favor of the Hall...

Only four of Saturday's six games scheduled were played. A.T.O. held its triple divided position on top by outpointing the twice beaten S.A.E.s...

Two of the top place holders were slated for a tilt last Saturday, but the game was postponed until some time this week...

Sigma Nu began last Monday's play by showing that they were very much in earnest about their bid for a high berth once more with a defeat to the other one time topnotcher...

The A.T.O.-Sigma Nu game, scheduled for Wednesday, 7, was postponed indefinitely.

Games scheduled for the remainder of this week are: Friday-A.T.O. versus Lambda Chi; Independents versus Sigma Nu...

Saturday-Independents versus A.T.O.; Delta Sigma versus Lambda Chi; Sigma Nu versus Lincoln Hall...

FRESHMEN TAKE EASY VICTORY OVER CCC MEN

Nevada's undefeated frosh showed their mettle Saturday night when they upset the strong Hawthorne CCC team by a score of 40 to 29.

The victory of the Wolf Cubs came as a surprise, as the Hawthorne hoopsters have an impressive record of wins over the strongest teams in the state.

The visitors took an early lead, but the frosh managed to tie the score several times during the first half.

The CCC outfit led, 23 to 12, at half-time. The third period was close and fast, with both teams leading alternately.

This year's freshman squad appears to be one of the most powerful in many seasons. They showed considerable speed and smooth floor-work Saturday night against the Hawthorne players.

Leonard Rougin starred for the freshmen. The tall center rang up 16 points to take individual scoring honors.

Parker, center, and Grover, forward, were outstanding for the Conservation Camp hoopsters.

### BENGAL GUARD

TOM WILSON GUARD

Tom Wilson, halfback on the Pacific football team, is part of Coach Ariz's reserve strength, but will probably see action against the Wolves tonight and Saturday.

Varsity Is Downed By Reno Printers

Clever Town Team Upsets Varsity; Combination Fails to Click

Completely swamping Nevada's varsity, the Reno Printing Bear Cats ran off with all scoring honors last Friday night in the university gym by a 48 to 26 score.

The Wolf Pack never threatened to lead the Cats throughout the entire contest, although the first half was marked by the good showing of Ronnow, clever Nevada forward.

Coach J. E. "Doc" Martie tried several new lineups, starting Tapogna and Lansdon at guards, Stowell at center and Tharp and Ronnow at the forward positions.

Martie Experiments

Nevada failed to click as in previous games and appeared to be slow. This was probably because of the strenuous games played during the week.

Freitag, former University of Nevada star, ran circles around the Nevada players and hit the basket from every angle.

MIKE SCHERRUP IN HOSPITAL

Magnus Scherrup, University of Nevada student, is confined to St. Mary's hospital with jaundice.

### Sparks Is Leading Western Tourney

Railroaders Beat Reno Huskies In Hotly Contested Tussle

Friday night, before a large crowd of enthusiastic rooters, Sparks High school defeated the Reno High school Huskies, 28-21, in a closely contested game...

The Huskies never appeared to give up, even with their hard luck in hitting the basket. Their teamwork was outstanding, but could not offset the superior shooting ability of the Railroaders.

In other games played Friday night Virginia City defeated Gardnerville 19-18. An overtime period was necessary to settle the superiority of the two teams.

Saturday night the Sparks High school basketball team went into the lead in the Western Nevada conference through their 20-8 victory over Yerington.

The Reno Huskies came back after the defeat handed them by Sparks the previous night and triumphed over Stewart 31-13.

In a game played at Lovelock the small Wadsworth team defeated Lovelock High school 23-17.

At Carson, the strong Virginia City team was trounced by Carson City High 29-12, in a fast game.

Gardnerville won from Fallon High school 30-28 in a fast game played on the Fallon court.

### Frosh Will Meet Junior Varsity

Striving to keep their undefeated record intact, the freshman basketball team meets the Junior Varsity Whites in a preliminary to the College of Pacific game tonight.

The Whites are favored to upset the winning streak of the yearlings, but the less experienced freshmen are determined to keep their slate clean.

Saturday night the Frosh travel to Susanville to play a return game with the strong Lassen Junior college team. In a game played several weeks ago the yearlings won by a comfortable margin, and they hope to repeat their victory on the Susanville home court.

It will be a homecoming for Doug McDow, star Frosh forward, who played four years with Susanville. Roughin, Frosh center, will also be familiar to the sport fans of that section as he formerly played with Westwood.

The starting lineup for these games will probably include Smith and McDow, forwards; Rougin, center; Williams, Rodriguez and De Lamaire, alternating at guards.

## Mitchell Forecasts Few Football Rule Changes for 1934

### Nevada Mentor Favors Dead Ball Rule to Prevent Injury to Players

#### MAY MOVE POSTS

### Mitchell Likes Moving Ball in 15 Yards When Out of Bounds

Changes in the playing rules for the 1934 intercollegiate football season will be of little significance, stated Clarence L. Mitchell, University of Nevada head football mentor, when interviewed recently.

The widely heralded dead ball rule, causing the ball to be out of play if the ball carrier falls to one knee, is before the all-America football rule committee for nullification, but such action is unlikely, declared the coach. "I favor this worthwhile rule. It prevents unnecessary piling of men on the pigskin toter, and thus prevents many injuries," he declared.

"The principal objection of some coaches, which I feel is the wrong attitude on their part, is that the rule slows down the game to a considerable extent."

Mitchell declared "that the safety of the players of the game should be foremost in the minds of all coaches." This idea seems to be sadly lacking in the tactics employed by some mentors, he said.

"However," he remarked, "there is one change in the playing odds which I do favor. Alteration of the rule to move the ball in from the sidelines 15 yards instead of the present 10 yard movement when run or kicked out of the playing field has been suggested. I feel that this five yard difference will offer the offensive team more leeway for formations and, as a result, the game will not be interrupted so often by out of bounds rulings."

The committee is considering moving the goal posts back on the goal line, the coach states. Until a few years ago the posts were located in this position. The change is designed to give the offensive team more scoring opportunity.

In commenting on this proposed change, Mitchell was indifferent as to just where the uprights should be located for the next season. He said that he believes "the change in the location would prove a hindrance rather than a benefit to the offense. The obstructions on the goal line would offer undesirable interference to ball carriers in 'close quarter' scoring plunges."

For the attempt after touchdowns for the extra point, no difference would be made in the length of distance the ball would have to travel to go through the uprights, he explains, as the kicker would have to stand ten yards farther back on the playing field than is required at present.

The national rule formulating committee meets annually to discuss any irregularities which arise during the preceding season and to make any desirable rule changes for the future. The body is composed of a selected group of coaches and officials from all sections of the nation.

The co-eds of Missouri have voluntarily shaved their heads to keep from having so many dates that they might not be distracted from their studies. Oh, yeh!

## Victory Dropped By Cat Champ

Wimpy wins by a rout! And thus ended the two and a half round all-American canine-feline fight which took place at the library corner ring, and fought under Queensberry rules.

Wimpy, all-coast gaboon guzzler, entered the ring confident of a victory, accompanied by his trainer, the notorious Spot. But his opponent, Felix the Manassa Mouser, was to show his bag of tricks.

The first round opened with Wimpy getting the sniff on his clawed adversary but ended with the dog doing a barrel roll to a neutral corner.

The second round was neutral, but in the third and last round Wimpy caught the champ off balance and opened up with a haymaker to the back. Felix, stunned, sank to one knee, but the barrage continued. Another smacking blow knocked the titleholder through the ropes and he raced for his dressing room beneath a window grating.

Wimpy, the new champ, is now looking for a capable manager and will take on all comers in the whelp-erweight division.

## One Major Upset Features Hoop War

### San Jose and Pacific Leading Far Western Conference Tournament

Pacific coast basketball wars continued over the weekend, with but one major upset.

Repeating their victory of the night before, University of Southern California thumped the University of California at Los Angeles, on their own court, again Saturday night, after defeating them Friday night, 39 to 22.

Oregon State college remained definitely in the coast championship running by upsetting the dope and routing the University of Washington basketball team 28 to 18 Saturday night. Oregon State won from the Huskies 25 to 21 Friday night.

**U. S. F. Wins**  
A set-up shot in the closing minutes by diminutive "Happy" Chambers gave U.S.F. cagers their second consecutive win over Santa Clara Saturday night by a 28 to 26 score at Kezar pavilion. The score at half-time favored the victors 15 to 10.

University of California's Bears retained their leadership of the southern division, Pacific Coast conference, over the weekend by larruping Stanford's Indians Friday night 42 to 25, and Saturday night 39-22.

San Jose State Teachers kept their tie for first place in the Far Western conference over the weekend by defeating the Cal Aggies Saturday night 33 to 29.

College of Pacific kept their pace and downed Chico State Saturday night 27 to 17. C. of P. is tied with San Jose State Teachers for leadership of the Far Western conference.

Scores for the games are:  
California 42, Stanford 25.  
U.S.C. 39, U.C.L.A. 22.  
U.S.F. 28, Santa Clara 26.  
Oregon State 28, Washington 18.  
San Jose State 33, Cal Aggies 29.  
Idaho U. 33, Washington State 27.  
S.F. State Teachers 31, Golden Gate J.C. 15.  
College of Pacific 27, Chico State 17.

## ROCKY MOUNTAIN CONFERENCE LEADERS

Pictured above are five star members of the Utah State basketball team. This team is one of the leading members of the Rocky Mountain conference and is rated as one of the strongest collegiate teams in the country.

## Men's Upperclass Aids Sophomores To Punish Frosh

Determined to give its full support to the sophomore vigilance committee in punishing all "incorrigible freshmen," the men's upperclass committee, at a meeting last week, went on record as favoring the strict enforcement of existing campus tra-

ditions until such time as the student body may decide to act on the question.

Coming out from behind a cloud of uncertainty which has enveloped it since the beginning of the semester, the enforcement tribunal also decided that freshmen who fall to show up for paddlings will be dealt with personally by that body.

The committee voted to hold meetings every alternate week. The members include Paul Turner, chairman; Vic Carroll, Don Brown, Clayton Phil-

lips, Tom Cashill, Elwin Jeffers, Alson Gibson, Reed St. Clair, Charles Jensen and Frank Leonard.

Loran Thornton Pease, graduate with the class of '31, is now employed as commission salesman by the Pacific Telephone and Telegraph company in Oakland. While attending the university Pease was associated with the Alpha Tau Omega fraternity.

Boost, don't knock, Nevada.

## Scabbard and Blade Escort Veterans' Head

The members of Scabbard and Blade, men's honorary military fraternity, led the grand march and formed an escort of honor to James E. Van Zandt at a formal reception given last week by the Veterans of Foreign Wars in the auditorium of the Washoe County Library building. Fred Needham '33, a former member of Scabbard and Blade, had charge of the program.

Van Zandt, commander in chief of the Veterans of Foreign Wars, paid an official visit to Reno.

## Captain Inspects Campus R.O.T.C.

Completing the annual auditing carried on by the United States army headquarters, Captain L. M. Edwards, property auditor of the Ninth Corps area, inspected the University of Nevada R.O.T.C. unit Tuesday, February 6.

Captain Edwards also audited the property and property accounts of the Reno High school unit while in Reno.

Boost, don't knock, Nevada.

The results of Coach J. E. "Doc" Martie's extended drill work and re-organization of the Wolf Pack will be evident tonight and Saturday when the Pack will meet the College of Pacific Bengals in a two game series.

An interesting phase of the game will be the contest between the centers. Vic Carroll, Nevada center, jumped against the Pacific man while in prep school, and the two were teammates for several years. Thus, an old rivalry will be revived at the games, and unless the Pacific center has some of the latest "spring" developments in his legs Carroll will probably have the jump on him.

A P.E. class that should attract quite a number of students is the proposed golfing class under the tutelage of Steve Comish, now being organized. A serious drawback to the class, however, is likely to be the high cost of equipment and unless the green fees of the local club are lowered enrollment is likely to be

Although gradually being bettered by the committee in charge, conditions at the basketball games are still rather bad, especially in the mad rush to leave the gym after a game.

If several new exits could be installed as part of the present relief work on the campus a menace to safety would be abolished and the gym could be emptied in less time in case of an accident.

Although intramural handball is now the chief sport of fraternity groups on the campus, interest in the coming baseball tournament is beginning to grow with the tournament scheduled to start on March 1.

Present plans call for a round robin tourney with ten teams, one from each fraternity, Lincoln Hall and Independents entered. This will necessitate the opening game of the tourney to be played on March 1 in order to complete the schedule on time.

# ARE YOU A HAIR MUSSER?

### How are YOUR nerves? TEST NO. 16

Place a cork upside down on top of a bottle... Back up six paces... Extend your right arm and sight with your index finger... Walk rapidly toward the bottle, without wavering your arm... See if you can knock off the cork with the first flip. Most people try this test six times before they succeed.

Anton Lelang (Camel smoker), National 1932 ski jumping champion, flipped the cork off the first try.

Copyright, 1934, B. J. Reynolds Tobacco Company

## Those untidy habits come from jangled nerves

It's bad enough to look untidy—ill-groomed.

But it's twice as bad when you think that those nervous habits are a sign of jangled nerves... a friendly signal that says, "Find out what's the matter."

So, if you catch yourself mussing your hair, biting your nails, chew-

ing pencils—or suffering from any other of those countless little nervous habits—

Get enough sleep and fresh air—find time for recreation. Make Camels your cigarette. You can smoke as many Camels as you please, for Camel's costlier tobaccos never jangle your nerves.

## COSTLIER TOBACCOS

Camels are made from finer, MORE EXPENSIVE TOBACCOS than any other popular brand of cigarettes!

# 15 Rifle Students Chosen to Shoot In Area Match

Fifteen University of Nevada students were chosen Wednesday to represent the student body in the Ninth Corps area intercollegiate rifle matches to be held during the next two weeks, according to Sergeant Grant Hustis.

Those who have made the best scores this season during practice are Wendell Duplantis, Bela Harcos, Leonard Hazelbine, Walter Boron, Richard Sauer, Alton Gibson, Frank Margrave, Joseph Lubin, Donald Odell, Paul Walker, Ralph Ball, Paul Fontana, Nell Plath, Ned Morehouse and Dan Harvey. On Wednesday and Friday of next week these men will fire in prone and sitting positions, and the following week they will fire kneeling and standing. Only the ten high scores will be sent to the judges.

The winning team will be presented with ten bronze medals, given by the judges. The local chapter of Scabbard and Blade has arranged to give to the three best shots on the Nevada team a gold, silver and bronze medal, respectively. These prizes will be presented at the annual inspection in May.

# Lincoln's Powers Of Leadership Did Not Receive Test

Prof. Smith Delivers Lecture On Great Emancipator To Assembly

"The real test of Lincoln's leadership never came," Professor Claude C. Smith of the University of Nevada history and political science department said today in his address on "The Leadership of Lincoln During the Civil War."

"Lincoln's real ability was not put to trial during the period of the war," Smith said, "but would have been displayed during the period of reconstruction following the war."

In discussing the causes of the war, Smith stated that the issue of slavery was only minor in comparison to the clash between the divers political and economic system of the north and the south. Slavery, Smith said, would have disappeared with time.

The lecture was the first of the year to be held under the auspices of the university, and was held in conjunction with the university's celebration of Lincoln's birthday.

# Rhodes, Fletcher Chosen to Tour On Debate Squad

Robert A. Griffin, debate coach, announced today that Bryce Rhodes would be the teammate of Granville Fletcher on a debating team's trip through the northwest. Rhodes was chosen this week from among a group of debaters who participated in a series of practice debates conducted during the latter part of last week and the first part of this week. Guild Gray and Lloyd Bowen, who debated against Nazarene college last Monday, were the other two debaters considered by Griffin as possible teammates for Fletcher.

Be proud of your university.

# BEARDED DAVID PLAYERS Basketeers Not Members of Religious Sect ON GRUELLING CAMPAIGN

Six games a week for fourteen consecutive weeks. That's the gruelling schedule of the barnstorming House of David aggregation hailing from Benton Harbor, Mich.

Their local visit for a two game series with Nevada's Wolf Pack last week marked their fortieth and forty-first games of the current campaign, losing but five contests out of all their starts.

Their long trek, sanctioned by the American Athletic Union, is an annual undertaking. Contrary to popular belief, the players, receiving nothing but scant traveling expenses, are not inhabitants of the House of David colony. They are invited by the "house" to make a tour, wearing the colony colors of black and yellow together with the notorious unshaved face regalia.

### Ex-High School Stars

Three of the men on this year's roster are ex-high school stars, while the other two men were selected from a Big Ten university. The oldest man

on the squad, Buchanan, great showman guard, is 25 years of age, while the youngest member, Linville, "celebrated" his twentieth birthday by aiding his mates in losing to the Pack on Tuesday evening.

George Johnson, coach of the "long beards," said that "his boys are out to have a good time seeing the country and as a 'sidelight' they attempt to win a basketball game now and then."

### Player Breaks Ankle

An unfortunate accident overtook the Michigan men before their journey was two weeks old. Miller, their start 6 foot 11 inch pivot man, suffered a badly fractured ankle in their second game versus Texas Tech. This untimely injury hospitalized the "real entertainer" of their troupe, the coach declared.

The men will conclude their three and a half months' tour around the middle of next month after playing numerous contests in the northwest and Rocky mountain regions.

# Teams Are Tied For League Title

San Jose State and the College of Pacific teams are tied for first place in Far Western conference basketball standings with five wins and one loss each, while the University of Nevada Wolf Pack is "in the cellar" with four defeats and no wins to its credit, latest figures show.

This year the Far Western basketball league is made up five teams—Nevada, Cal Aggies, San Jose, College of Pacific and Chico State—while the other member of the conference, Fresno State, is not represented in basketball play.

League standings are:

	W.	L.	Pct.
San Jose	5	1	.795
College of Pacific	5	1	.795
Chico	3	3	.500
Cal Aggies	1	3	.250
Nevada	0	4	.000

# Martie Resigns

(Continued from Page One)  
if you will relieve me immediately. I hope you realize I am not making this request from a selfish motive. I assure you it is not my desire to shirk work or responsibility. My only desire is to do the thing that I feel will be of the most

benefit to the student body as a whole.  
Sincerely,  
J. E. MARTIE.

Following is the letter addressed to Jim Wallace, student body president:  
February 6, 1934.

Mr. James Wallace,  
President Associated Students,  
University of Nevada.

Dear President Wallace—May I ask you to please release me at once from all responsibilities your A.S.U.N. constitution has bestowed upon me. This as you know will mean that you are to designate someone else to act upon each committee and to function in each case where your constitution has designated the director of athletics.

My sole purpose in this request is to continue to be of service to the Associated Students. Due to recent developments, of which you are thoroughly familiar, I am convinced that I can best serve you by becoming inactive.

I want you and your employees to be perfectly free to carry out your program, and I sincerely wish for you and the Associated Students happiness and success.  
Sincerely,  
J. E. MARTIE.

In accepting Martie's resignation, President Clark responded with this letter:  
February 6, 1934.

Professor J. E. Martie,  
Department of Physical Education  
of Men, University of Nevada.  
My Dear Professor Martie—Knowing, as I do, something of the recent difficulties which have de-

veloped in connection with the duties of the chairman of the faculty athletic committee, I very greatly appreciate your unselfish attitude when you ask to be relieved immediately from the chairmanship of the faculty athletic committee. I see clearly that you are taking this step in the belief that it will be helpful to the solution of some current difficulties. This is but another proof of the many you have given to me during your years of fine service that you always have service in mind and are thinking for the whole university and its best interests at all times.

I very greatly regret that the finance control committee, so importantly in charge of student affairs, is to lose your valuable services as a member, but I none the less do here and now honor your request to be relieved from the chairmanship of the faculty committee on athletics and do give you hereby, such relief to be effective immediately.

I desire you to remain one of the three members of the faculty committee on athletics whose services as a committee have no tangling connections with the administration of student athletic affairs. I shall ask Professor Thompson, the other man member of the present committee, to act as chairman of this committee for the remainder of the university year.

Again assuring you of my deep appreciation of this sacrificial unselfish move which you have made, I am, as always,  
Cordially yours,  
WALTER E. CLARK,  
President.

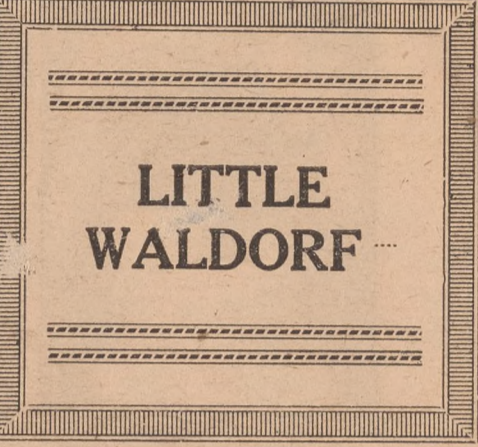

Jim Wallace's letter to Martie is as follows:  
February 9, 1934.  
Mr. J. E. Martie, Director  
Physical Education for Men,  
University of Nevada.

Dear Mr. Martie—On behalf of the Associated Students of the University of Nevada, I accept your resignation from the responsibilities of director of athletics as set forth in our constitution and by-laws. It will not be easy to find someone else as competent and willing to fulfill these duties.

Having worked with you on various committees the past school year, I know that your advice has always been respected. You have seen fit to withdraw from certain active responsibilities, and on behalf of the student body I wish to thank you for your past services.  
With best wishes, I remain,  
Sincerely yours,  
JIM WALLACE,  
President A.S.U.N.

The appointment of Prof. R. C. Thompson to fill the positions of chairman of the athletic commission and member of finance control brings the dear duties which he has handled before. Thompson, based on finance control on the athletic committee for many years, in company with the late dean of men, Charles Haseman. When asked for a statement concerning his appointment, Thompson only said that he regretted that the students were losing such a valuable assistant as Coach Martie.

In resigning his duties as set forth

in the A.S.U.N. constitution, Martie's action came a day after the student executive committee had definitely interpreted the much discussed term "director of athletics," appearing throughout the constitution, to mean J. E. Martie. It will now be necessary for the student senate to designate some person or persons to fill the duties specified by this term, one of which is to be a member of the highly important coaches' committee.
