

Student Committee Suggests Plans To Assist Needy

Commission Urges Assistance From Federal Funds to Pay Registration

NEW YORK, N. Y. (NSFA).—In a report presented on March 5 to the United States house committee on education, the Joint Student Commission on Federal Aid to Education recommended to congress for adoption a policy involving the appropriation of \$120,000,000 to colleges and universities through existing channels or through special legislation. The student group suggested that the funds be administered by a federal committee composed of the United States Commission of Education and four persons appointed by the president, two of them to be outstanding educators and two of them student leaders.

The report of the student commission is prefaced with an opinion of the conditions now existing in colleges all over the country. It outlines the qualifications which should be required of the colleges and of the students receiving aid, and makes specific recommendations for changes in the program inaugurated by Administrator Harry L. Hopkins of the FERA.

"Unless section F of part 4 of Hopkins' order, which states that the institutions will waive all fees for registration, tuition, laboratories and/or any other purpose for students working under this arrangement is restored," the report says, "the neediest class of students will not qualify for relief, since college charges for tuition, et cetera, are the greatest obstacles to needy students remaining in or about to enter colleges. But even if this order is restored, many colleges will not be able to subsidize tuition fees, et cetera, for their needy students, and therefore we suggest an additional federal appropriation to aid such colleges for this purpose." The student commission believes that funds should not be limited according to enrollment, and that the amount of relief per student should be decided according to need, which might make it advisable to exceed the maximum amount of \$20 per month. A suggestion that relief be extended to cover the academic year 1934-35 is also included.

In introducing the recommendation the report says, "Higher education is today as greatly in demand as it has been in the past. The federal government should not now desert the colleges and universities after they have been of inestimable value and benefit to the welfare and the progress of the nation. The intellectual development of thousands of young men and women is at stake. The federal government should show its responsibility to youth just as it has to the other sections of its citizenry. If congress is able to appropriate more than \$600,000,000 for the army and navy, elementary, secondary and higher education most certainly deserves equally large sums to save them from bankruptcy."

N.S.P.A. Gleanings

A student at Brigham Young college brought a cow and a supply of hay to school with him this year. He gets his board and room in exchange for the milk.—The Aquin.

Search throughout Kansas is being made for students of the University of Kansas who, in the last year or two, have had to withdraw from the university for lack of money. These students will be advised of the recent grant of the CWA of money to enable 100,000 students of American colleges to continue, and they will be invited to make application for employment on such projects at the university.—K. U. News Bureau.

The depression may not have been a bad thing for the health of the American people, according to Dr. Hugh Cabot, surgeon at the Mayo clinic, Rochester, Minn.

Recently he said that people who have been unable to live extravagantly because of financial conditions are in a better state of health than they would have been had there been no economic catastrophe.

"Of course," he added, "people who have been thrown out of work and have been worrying about employment have suffered ill effects. But the nation as a whole may have benefited. We will know for certain in a few years when the generation now growing up begins to show the effects, if any, of the present period of suffering."—Temple University News.

Yale's Daily News recently published a barbed editorial against junior fraternity men who force initiates to "parade half nude and none too sober through New Haven streets and department stores."—N. Y. American.

Something new in football. At Ohio university there is a twelfth position on the football team. The extra man is called the "humorist." He wears a uniform at all practices and sits on the bench during the games. His job is to keep the team in good humor and prevent them from getting nervous before a big game.—Johns Hopkins News Letter.

Louise Gastanaga '32 is now working as a teacher at Imlay.

INTERNATIONAL PEACE IN PACIFIC URGED BY JAPANESE IN SPEECH

NEW YORK, N. Y. (NSFA).—"Fundamentally there is no concrete obstacle in the way of amity between Japan and the United States, and the two countries should cooperate to preserve the peace in the Pacific," said Prince Iyosata Tokugawa in a recent radio address over a nationwide network, under the auspices of the National Student Federation. Prince Tokugawa, whose father resigned from the hereditary position of shogun, or general of all the Japanese armies, held by his family for hundreds of years, in order to bring about a peaceful evolution of democracy and end feudalism in Japan, served for thirty years as head of the house of peers. His paramount interest is peace "because of personal interest and a feeling of obligation to carry on the great pacific traditions" of his family. "Peace requires, however, political confidence, economic cooperation and cultural appreciation of others," he said. Prince Tokugawa is in the United States now on a good will tour.

Prince Tokugawa pointed out that we do not compete with Japan on any important items of trade, with a few exceptions, that Japan's trade with the United States amounts to several times more than that with any other country, and that Japan is second only to the British empire in the magnitude of purchases from America.

"When peoples do not respond to a given situation exactly as we ourselves are accustomed to doing," he said, "we are prone to be suspicious. We suspect that there must be an ulterior motive. So it is with nations. When another country reacts differently from ours to various situations, then many of the less in-

formed begin to suspect and accuse that country of sinister designs. . . . When we have countries differing as widely as Japan and the United States in cultural and social traditions the unthinking are bound to misunderstand. Such a condition is a fertile field for mongers of fear and suspicion.

"It is therefore a function of the educated groups in this country to study and understand the Japanese civilization, as the similar element in Japan is doing of yours. The next age of the world as often repeated is the Pacific era. In the Far East, Japan occupies a leading position and across that ocean her ancient culture has many contributions to make to your daily lives. At the same time in this process one will begin to comprehend the Japanese views and reactions and with such an understanding even closer cooperation will be possible.

"Any student who studies the heritage of my country," Prince Tokugawa concluded, "will learn that we Japanese have had an unusually peaceful history with but a few wars in a period extending over 2500 years. During the 300 years of the Tokugawa shogunate we had absolute peace. What other nation can compare with that for a pacific record? Japan is anxious to see the coming era on the Pacific ocean to be one true to its name and hopes confidently that the American students will take a leading part in interpreting your civilization to us and our culture to America."

With spring in the air, grass growing green and the swans back once more, we thought we would delve into the files and find just how long Manzanita lake has been in existence.

Turning back to the issue of November 23, 1911, your scribe found the account, in bold headlines. Relating faithfully the minute details of the dedicatory exercises, the reporter at great length told his story. A few excerpts will serve to give the reader an idea of what happened on that day:

The cadet band was out and kept the people in a good humor with popular marches until all the students and the faculty had put in their appearance. Shortly after the appointed hour, President Stubbs introduced to the assemblage Dr. H. E. Reed of the board of regents.

The building of the dam across

DRS. TAYLOR & MYERS
OPTOMETRISTS
Corrective Ocular Treatments
Eleven Arcade Phone 3362 Reno

the ravine, he (Reed) said, had been due to our patron, Clarence H. Mackay, and represented his latest gift to the university. The gift amounted to something like \$10,000. Dr. Reed then told how the building of a lake on the campus had been a long cherished dream of Dr. Stubbs and how the president had tried year after year until he finally succeeded in seeing his dream a reality.

On behalf of the student body, Edgar Pearson, president of A.S. U.N., accepted the gift and thanked them for the interest they had shown in the student body, and asured Chairman Codd that the sophomores each year would see that the lake was used for swimming purposes at the beginning of each year.

At the conclusion of Pearson's remarks the college men joined heartily in some good, strong Nevada yells as the water was turned into the new pond.

On Saturday at high noon the water was turned into the new lake.

Donald A. Knapp '32 is now taking work toward a law degree at Stanford university.

SOCIAL SUICIDE

How society conduct has changed during the last fifty years! Say, in 1888 a girl wasn't allowed alone in a room with a man. A chaperone was always present.

By the way, do you remember when etiquette books said that it was very daring for a young lady to go to a theater with a man unless strictly guarded by members of her household?

Another thing I noticed was that in those good old days men never wore long trousers unless they were over 21. What a break.

Again we turn to the mode of traveling and see that in the past generation that buggy riding was quite the thing, and the lady was always placed facing the horse. The man

could not sit next to her, but had to sit facing her with his back to the road. Oh, boy, my kingdom for a buggy ride in those days.

Holding hands in public, private or otherwise was a serious offense. Even touching a lady's hand when introduced was as bad as kissing new acquaintances in public now.

In the modern world the lady may refuse to marry a man only once, but in 1888 the mode of lovemaking was to be coy the first time and refuse because it was so overwhelming, and then to refuse several more times before accepting.

Supper at a restaurant alone with a gentleman was frowned upon by the whole world several years ago, but today a girl may even have breakfast at any hour alone with a man in public and not be considered indecorous.

Barnard College Students Protest Censure of Editor

NEW YORK, N. Y. (NSFA).—The action of the Barnard college student council in appointing an editorial staff for the Barnard Bulletin, will be automatically nullified when a new constitution, now awaiting ratification by the representative assembly, goes into effect in the near future. The new constitution is satisfactory to the managing board of the paper, and is expected to answer the accusations of a number of Barnard students who felt that the student council was imposing a system of censorship on the Bulletin. The controversy led to the resignation of the editor a few weeks ago.

The plan embodied in the new constitution provides that editorial policy be decided by a majority vote of the managing board, which is to comprise seven members: the editor in chief, two managing editors, two assistant editors and two copy editors. The editor, in the event of an insoluble disagreement between herself and her managing board, can be removed by a unanimous vote of the board. If the editor and the managing board pursue a policy unacceptable to the college they can be removed by a majority vote of the entire student body.

Be proud of your university.

Twenty Men Form U. N. Track Squad For Spring Meets

Varsity Team Shows Good Early Season Form, States Coach

Rounding into shape after three weeks of "limbering up workouts," "Buck" Mitchell's varsity track team is rapidly swinging into good early season form.

The mentor has, since the practice sessions opened, been letting the men take things easy, with the result that no times, distances or heights have been taken under observation.

"I intend to start putting 'clocks' on all runners the first part of next week and at that time I will actually get some idea of the various abilities of the candidates," the coach stated.

The first competition of the year will be in the intramural meet on April 7.

"Several men are showing up well in the weight divisions, and if they continue to improve we shall have a fairly well balanced track and field squad," Mitchell declared.

Wildcats Here April 21

The only intercollegiate meet to be held on the local field will be on April 21, with the Chico State Wildcats furnishing the opposition.

"Lack of material gives the Nevada team practically no chance of taking honors in the 'big meet' of the year, the Far Western conference meet, but I confidently expect several men to capture their respective events," Mitchell asserted.

The squad, composed of twenty men, is attracting many spectators to the stadium each afternoon to watch the members go through their daily warm-ups.

Panaca Men Place On Mythical Team, Staff Announces

Panaca High school placed three men on the mythical all-conference team selected by members of the University of Nevada Sagebrush sports staff, it was announced today. The remaining two positions were given to players on the Sparks High school team. The team was chosen from among individual lists handed in by the staff writers following the close of the tournament.

No attempt to choose an all-state team was made this year because the tournament was between division leaders only, with Sparks, Panaca, Winnemucca and Yerington entered.

On the first team the staff writers placed Haight (Sparks) and Dula (Panaca) at forward positions, Lee (Panaca) at center and Huerta (Panaca) and Sorenson (Sparks) guards. Individual scoring, ability to cooperate with teammates and general playing ability were considered by the sports men in making their choices. Haight and Huerta were unanimously chosen to the team.

On the second string Sparks placed two men, while Yerington, Panaca and Winnemucca each placed one. The second team is as follows: Powers (Sparks) and Booth (Yerington) forwards, Speers (Sparks) center and Stewart (PaPnaca) and De Arrieta (Winnemucca) guards.

LAKINGS WILL BEGIN FOR WAYWARD FROSH

Spring is here!

This fact will be impressed upon the freshmen next week when the sophomore vigilance committee will hold the first laking of the semester. Ed Sullivan, chairman of the committee, announced today that all freshmen who do not show up for the painting of the Block N on Peavine mountain will be the first to test the temperature of Manazinta.

The students who appeared for a paddling today will be the last to feel that form of punishment this semester as laking will be the order of the day from now on. The erring frosh who appeared before the committee today were Charles Allen, Clyde Beck, Jack Becker, Dick Haman, Cyril Hawkins, Bill Emyart, Noel Kitchen, Bernard Caldwell, Ed Fuetsch, Rudy Semenza and Cecil Kepl.

The student loan fund at Syracuse university is helping 100 students through this year.

COACHES TRACK

C. L. Mitchell, varsity track and football coach, is now devoting all of his time and energy to developing a strong squad to put on the turf and cinders this year since spring football practice has been called off because the turnout was too small to work with.

Varsity Whites Win City League Basketball Cup

A silver plated trophy cup is to be presented to the Junior Varsity Whites, A division champions in the City League. The cup will be given by the Reno City Basketball league soon.

The Whites, who defeated the Reno Printing Company in the finals and who lost only one out of seven official games during the season, were coached by Dan Bledsoe, former forward on the Nevada varsity and a member of the football and track teams.

The trophy will be approximately 14 inches, with the figure of a basketball player mounted on the top.

Tennis Team Will Be Picked Soon

Fifteen Men Have Been Given Temporary Rating on Ladder

Fifteen men have turned out for varsity tennis and have been given a temporary rating prior to the tournament which will be held some time between now and April 1.

Those out for the varsity in the order of their rating are Elliott, Clark, Sam, Chism, Bowrin, Curn, Voorthies, Miller, Wanke, Word, Prunty, Williams, McMenamin, Raiford and Urrutia.

The tournament will eliminate all but six men, who will constitute the varsity squad. At a later date these six will play another tournament. The two winners of the second contest will represent the university in all scheduled games and conferences.

A meet has been scheduled with the California Aggies and arrangements are also being completed for a meet with the City Tennis club. A Nevada team will also be sent to the coast to compete in the conference meet.

In order to avoid any complications Chet Scranton, varsity tennis coach, has announced that at 4 o'clock every afternoon two courts are reserved for the varsity, one for the faculty and one for the students.

"Obey rules or get out" was the ruling laid down by the regents of U.C.L.A. concerning required military training.

Seventeen of 18 University of Oregon law students who took the Oregon state bar examination passed.

Sparks High Cups Awarded by Clark

The victorious Sparks High school basketball team was awarded five championship cups this morning.

President W. E. Clark of the University of Nevada made the formal presentation of trophies and addressed the students.

The new state champions won the right to hold three of the cups permanently. The three cups include the western district championship cup; the second cup signifying the state championship, and the third was presented by the Sparks Lions club.

Presentation of the cups was first made following the games Saturday night by J. E. Martie of the University of Nevada and E. Otis Vaughn, principal of the Reno High school. Yesterday the trophies were displayed in the study hall of the Sparks school and Coach Proctor Hug and Superintendent George L. Dilworth delivered short addresses.

on the track and the number of experienced and promising men practicing, the Wolf Pack track team should be able to go somewhere in the Far Western conference track meet this year. The weather has been ideal for track practice this spring, and repair work on Mackay field has put the track in top shape. Nevada has the men, the coach, the ground and the weather all in its favor, and should place high in Sacramento this spring.

More attention is being paid to tennis this year, physical education officials report. A competitive ladder for potential varsity men has been drawn up, and by the end of the month Coach Chet Scranton should have a good idea of the kind of team that will represent Nevada.

Three letter men and numerous prospects are now practicing, with 15 men on the ladder.

Although no schedule of matches has been drawn up, it is probable that the Wolf team will meet the Cal Aggies and the Reno Tennis club this season, besides playing in the annual conference tournament.

Spring Football Practice Stopped

Lack of Interest Is Given by Coach as Reason for Discontinuance

C. L. "Buck" Mitchell, head football coach, announced Wednesday that spring football practice will be discontinued. Lack of interest was given by the coach as the reason for the abandonment of the spring session. The past week only nine candidates reported for practice, although at the start of the practice season about twenty-five men were out.

The beginning of track practice and the commencement of intramural baseball season have taken interest from the gridiron, Mitchell said. The exhibition game usually held on Mackay day was abandoned early in the season.

Next year plans will be made so the program of spring sports will not conflict with each other, according to Mitchell.

Mining Graduate Writes to Fulton

A letter to John A. Fulton, director of the Mackay school of mines, from Weave A. Solomon '29, who is a mining engineer for Benguet Exploration, Inc., at Baguio, Philippine Islands, was recently received.

At the present time he is engaged in surveying. Solomon holds a B.S. degree in mining engineering from the university.

From the results of the first week's play in the intramural baseball tournament, it seems that the fight for the championship cup will come when the Sigma Alpha Epsilon team meets Alpha Tau Omega. Sigma Nu, winners of last year's cup, was put out of the race by losing to A.T.O. At the end of the week A.T.O., Phi Sigma Kappa, S.A.E. and Beta Kappa were undefeated, but in a practice game the S.A.E. team defeated Phi Sigma Kappa.

However, it is too early in the season to make any definite forecast. Surprise victories, produced by over-confidence or slack play by one of the leading teams and good showings by the "underdogs" will probably keep the championship cup in the air until the last game has been played.

Some definite announcement concerning the status of the Sigma Nu-Delta Sigma Lambda game should be made by interfraternity officials. Campus opinion seems to be divided on whether or not the game should go to the Sigma Nu team on default or be played on the first possible date. Because of the circumstances that preceded the game it seems that the fair thing would be to play the game as soon as possible. Yet, on the other hand, the rules of the tournament state that unless the game is played on schedule it is defaulted to the team that is on the field.

Sigma Phi Sigma Handball Players Win Championship

A.T.O. Team Is Defeated in Final Playoff Game Of Tourney

In the final playoff with the A.T.O. team, Sigma Phi Sigma won the interfraternity handball championship by taking two games out of three.

The Sigma Phi Sigma team, consisting of Tom Cashill and Allen Cromwell, dropped the first game of the finals to the Taus by the score of 15 to 21, but rallied to win the second contest, 21 to 14. In the last game the boys from Virginia street had a considerable edge and defeated their opponents 21 to 6. The A.T.O. team consisted of Dan Bledsoe and Joe Kelly.

This week marked the close of the tourney, with each team having played nine games. The Sigma Phi Sigm outfit has a 1000 per cent average for the season, having lost no contests. The Taus lost one set, while the Lambda Chi Alphas dropped two. Beta Kappa and the Independents were defeated four times each.

The standings of the teams for the first four places are: Sigma Phi Sigma, 40 points; Alpha Tau Omega, 20 points; Lambda Chi Alpha, 10 points, and Beta Kappa and Independents, 3 1/2 points each.

Jackson Woodward is now an engineer at the Plumas Eureka mine, Johnsville, Calif.

Tumblers Tour To Give Exhibitions

The tumbling team, under the direction of Andrew Morby, will give an exhibition at Virginia City tonight, according to J. E. Martie, director of physical education.

Trips to Gardnerville, Carson City and Fallon are being planned for the near future. The team is also scheduled to appear before a Reno high school assembly soon.

Members of the two classes have been working hard the last several weeks in order to get in condition for the trip.

Those making the trip are Robert Bartlett, Paul Bohlke, Robert Best, Dale Hart, Emmett Spencer, Tom Prunty, Walter Bowrin, Ellis Ceander, Jack Hart, Craig Moore, Charles Allen, William Morris, Bill Morby, Calvin Bannigan, Dave Clark and Andrew Morby.

Sparks High Wins State Basketball Prep Championship

Winnemucca Downs Yerington, Sparks Beats Panaca In Semi-Finals

SCORE 38 TO 17

Panaca Team Loses by One Point to Sparks in Fast Game

Handing Winnemucca a 38 to 17 defeat in the University of Nevada gymnasium last Saturday night, Sparks high school won the Nevada high school basketball championship for 1934.

The game culminated high school basketball for this season.

In the semi-final games of the tournament Sparks downed Panaca 28 to 27 in a fast game, and Winnemucca defeated Yerington 28 to 19. This gave Sparks and Winnemucca the right to play for the championship, while Panaca and Yerington met in the junior tournament.

Playing a steady game of fast ball, the Sparks Railroaders took an early lead against Winnemucca, and led for the remainder of the game. The Humboldt county players did not threaten Sparks at any time. At half-time Sparks was holding a 16 to 7 lead over the rangy Winnemuccans.

In the second half Winnemucca came back with a stiff fight and although the players took every possible shot at the basket they were unable to cut down the Sparks lead. Winnemucca missed shot after shot, while the Sparks team made practically all of its attempts count.

High point man for the game was Sorenson, Sparks guard, who accounted for 17 points, while Haight, Sparks forward, held down second place with 6. De Arrieta, guard, topped the Winnemucca scoring with 5 points to his credit.

In the preliminary game to the championship contest Panaca drubbed Yerington 39 to 17 in a game marked by the smooth play of the Panaca team. Haight, ability and speed combined to make Panaca the most spectacular team in the tournament.

Coach Keith Lee of Panaca substituted freely during the game, and ran in practically every man on his squad. Yerington, on the other hand, did not substitute more than necessary, and was worn down by the Panaca team.

Panaca started on its scoring spree early in the game and was never headed by Yerington. At the end of the first quarter Panaca led 4 to 1, and at half-time 14 to 8. In the last half the southern team scored easily, running the count up to 27-12 at the end of the third quarter and 38 to 17 at the game ended.

High point men for the game were Stewart, Panaca guard, who scored 10 points, and Friedhoff, Yerington center, with 7 points to his credit.

In the semi-finals, played Friday night, Sparks won a 28 to 27 victory over Panaca in the speediest game of the season. Panaca started out early during the game, and by the end of the first quarter was leading Sparks 12 to 2. Sparks slowly raised its score, until at half-time Panaca was holding down an 18 to 10 lead.

In the second half Sparks staged a slow comeback, making the score 21 to 17 at the end of the third quarter, and in the last few minutes of play eked a 1 point win from Panaca.

In the other semi-final game Winnemucca, the undefeated representatives of the eastern part of Nevada, defeated Yerington, runner-up in the western division, by a 28 to 19 score. Winnemucca, aided by the height of its players, had a rather hard time with Yerington, but led through the entire game. The outcome was never in doubt after the third quarter.

Winnemucca held an 8 to 6 lead at the end of the first quarter, and at the half the score was 13 to 10 in favor of Winnemucca. By the end of the third quarter Yerington had cut the lead down to 21 to 17, but in the fourth quarter the game was all Winnemucca. Yerington did not make a point during the last quarter, while Winnemucca ran the score up to 39.

Former Professor Is College Prexy

Raymond Leach, former dean of men and associate professor of history at the University of Nevada, has been appointed president of Trinity University, Waxsachachie, Texas. Notice of the appointment was carried in the Federated Church magazine.

Trinity university is a coeducational institution and in 1933 had an enrollment of 325 students. He is a member of Delta Sigma Lambda fraternity.

Freshman Track Turnout Large

Twenty-two Students Report To Coach Mitchell As Practice Begins

Turnout for the freshman track team is especially large this year, Coach C. L. "Buck" Mitchell said yesterday. Approximately 22 students are now practicing daily for the meets scheduled to begin next month. A tentative schedule calling for the freshman squad to meet western Nevada high school teams is being drawn up, according to Mitchell.

The freshman team this year promises to be a fast, well balanced outfit, with several former high school track men reporting for practice. The majority of the squad, however, is green, but will probably develop with practice.

Freshmen out for track are Clayton Carpenter, Bill Cashill, Bill Devore, Jerry Havens, Cyril Hawkins, Ralph Mangum, Lockly Maule, Douglas McDow, Clifton Prussia, Ken Richards, Jack Richardson, John Robb, Ray Rodriguez, Jack Roguin, Ed Rose, Richard Sauer, Frank Showalter, Frank Smalley, Stanley Smith, Robert Zadow, Charles Funk and Cliff Segerbloom.

Sixteen Frosh Will Receive Numerals

Sixteen members of the freshman basketball squad will be given numerals, Coach Chet Scranton announced this morning. The awards are given for participation in freshman athletics and attendance at practice, ability and time spent in games are counted in making the award, according to Scranton.

The freshmen who will be given class numerals are Whitney De La Mare, Jack Elliott, Leslie Gray, Emery Graunke, Bill Johnstone, Jerry Havens, Dearing Dixon, Ralph Mangum, Allister McNabney, Douglas McDow, Clifton Prussia, Jack Roguin, Stanley Smith, John Williams, Melville Wilder and Ray Rodriguez.

Spring Days Bring Colds to Students

Spring fever isn't the only illness that these beautiful sunny days are giving the students, for the University of Nevada hospital is treating the usual number of spring colds brought on by putting the winter red flannels in moth balls.

These, with the physical examinations given men out for track, are the only demands upon the hospital at the present time, Mrs. Ethel Shurtliff, matron, said. No one has been confined at the hospital for the last ten days.

Four Ball Clubs Are Undefeated in Interfrat Games

Phi Sigs, Sigma Phi Sigma and S.A.E. Win Early Season Victories

Phi Sigma Kappa, Sigma Phi Sigma and Sigma Alpha Epsilon were victors in this week's interfraternity baseball tournament, which is being held on the university baseball field.

Monday afternoon Phi Sigma Kappa won an easy victory from the Delta Sig nine by a score of 9-3. The Phi Sigs piled up a 6 run lead in the first inning and maintained it throughout the contest. Tuesday the Beta Kappas won from the Independents on a default.

Wednesday's game proved a walk-away for the Sigma Phi Sigma aggregation when they trounced Lambda Chi Alpha 24-6. This game was a close contest up to the fourth inning, at which time the score stood 4-3 in favor of the Sigma Phis. Walter Christian, Lambda Chi hurler, injured his arm and was removed from the box. The Sigma Phi men then started a barrage of heavy hitting and managed to pile up 20 runs.

Yesterday afternoon S. A. E. completely swamped the Lincoln Hall nine by a score of 26-0 in a slow and uninteresting game.

Tomorrow's game should be a close contest between the A.T.O. and Phi Sig nines, as both teams have been undefeated so far. S. A. E. and Beta Kappa are also at the top with no defeats.

Block N Will Be Dressed Up for Mackay Day Fete

Frosh Men Whitewash Letter As First Year Women Serve Food

The freshman class will make its annual spring trip to the N tomorrow in order to have it white and fresh for Mackay day, it was announced recently. Students are to be at the Mackay stadium at 8 a. m. on Saturday. All freshmen are required to go, says Cecil Stowell, head of the committee, otherwise they will be turned over to the upperclass committees, which will punish them as they see fit.

The women are responsible to Marthine Solares, A.W.S. prexy. Committees will be appointed to bring food for the men and freshmen will furnish information as to the cars they will take and the number of passengers to Wayne Kennedy, freshman class manager. Those who do not take cars can get rides at the Mackay stadium on Saturday morning, Kennedy stated.

As this work is an old tradition, freshmen should not try to evade it, Stowell said.

LIFESAVERS TAKE RED CROSS TEST

Several university students and other persons interested in lifesaving underwent examinations and check-ups last week for examiners' positions, Mc. Terwilliger, Pacific coast representative of the national Red Cross lifesaving corps.

Extensive practices were held Monday and Tuesday at Moana Springs in all phases of swimming and lifesaving, and members of the senior women's swimming class, as well as several outside persons, participated. Examiners and those trying for appointment are checked annually by Terwilliger on his visits to this territory.

Mrs. Mae Simas, assistant in the women's physical education department; Margaret Place, Helene Stark, Sally Fagan, Miriam Butler, Grace Armbruster and Dino Barengo took the tests.

3 Candidates Take West Point Tests

Examinations for entrance into West Point, United States army training school, were taken by three men from the University of Nevada when the annual tests were given in San Francisco last Monday and Tuesday.

The Nevada candidates were Joseph Littlefield and Sam Ackerman, present undergraduates, and George Sanford, a former student.

Results of the examinations will be determined after judgment of officials of Washington, D.C., and the decision will be issued in approximately sixty days.

The men, if successful in their preliminary work, will take up studies at West Point early in the fall of this year.

Fifteen sorority and fraternity houses of the University of Washington have signed 100 per cent the N. R. A.

Dr. Evans of the physics department of the University of California sees hope for the people that are victims of radium poisoning.

R.O.T.C. Officers Appointed for Year

Colonel Brambila Designates Battalion and Company Commanders

Cadet officers' appointments for the University of Nevada R.O.T.C. were released this week by Colonel Robert M. Brambila, with Paul Fontana being promoted to the rank of cadet major. Fontana will assume command of the cadet battalion for the remainder of the semester.

The other officers as announced by Brambila are: Bruce K. Moore, adjutant; Donald D. Odell, color-bearer; Robert M. Hansen and Alton F. Gibson, color guards.

Officers for the companies are as follows:

Company A—Eugene Salet, captain; Neil W. Plath, second in command; Samuel Arentz, on duty with the company; William H. Hill, first sergeant; William F. Kottke, right guide, and Perry B. Priest, left guide.

Company B—Daniel Harvey, captain; Ned Morehouse, second in command; Bela A. Harcos, on duty with the company; Antonio Chavez, first sergeant; Wendell H. Duplantis, right guide, and James M. Thompson, left guide.

Students given positions with the two companies are all members of the military 52 and 54 classes.

Presidents' Convention Will Be Held April 5

At a meeting of the high school presidents' convention committee Tuesday, it was announced by Gene Salet, chairman, that the convention would meet April 5, 6 and 7, in conjunction with the annual forensics tournament.

Letters have been sent to twenty-seven high schools in the state and the committee expects about twenty-five delegates, Salet said.

The purpose of the convention is to discuss the problems of high school student bodies throughout the state, in an effort to solve them. Each morning the delegates will meet for

Intramural Ball Tournament Opens

The opening week of intramural baseball saw no upsets, with all favorites winning their games. Four teams are undefeated.

The most important game of the week was the Alpha Tau Omega-Sigma Nu match, which the Taus won 7 to 4. The feature of this game was the pitching of Jack Hill and Joe Jones, both fanning fifteen men.

The results of the other games were: Sigma Alpha Epsilon easily defeating Lambda Chi Alpha 9 to 2, Phi Sigma Kappa drubbing Delta Sigma Lambda 9 to 3 and Beta Kappa, by virtue of a forfeit, won a game from the Independents.

The standing of each team to date is listed below:

	W	L	Pct
Sigma Alpha Epsilon	1	0	1.000
Alpha Tau Omega	1	0	1.000
Phi Sigma Kappa	1	0	1.000
Beta Kappa	1	0	1.000
Sigma Phi Sigma	0	0	1.000
Lincoln Hall	0	0	1.000
Independents	0	1	.000
Lambda Chi Alpha	0	1	.000
Delta Sigma Lambda	0	1	.000
Sigma Nu	0	1	.000

Extensive Publicity Marks Success of U. N. News Bureau

The University of Nevada news bureau, under the direction of Howard Umber, has completed a successful season of publicity work of spreading news of the 1934 hoop squad.

Many cuts of the various members of the squad, with supplementary reading material, were sent to practically all of the papers of the state and to several newspapers outside of Nevada.

Pictures being taken of the track team members will also be circulated among various far western publications in the near future if plans materialize, according to the bureau head.

"Plans for the proposed neon football schedule sign to be erected on some downtown corner early next fall are at present at a standstill, but the proposal has not been dropped," stated the director.

"Extensive preparations are in their infancy for a greater and more widely spread news service for the fall semester," he declared.

Boost, don't knock, Nevada.
