

Harwood Appointed Faculty Athletic Committee Head

Former Finance Control Group Chairman Given Important Position

REPLACES THOMPSON

Graduate Member of Faculty Has Wide Knowledge of A.S.U.N. Affairs

Paul A. Harwood, former finance control chairman, has been appointed chairman of the faculty athletic committee by President Walter E. Clark, it was learned yesterday. Harwood succeeds Dean R. C. Thompson.

Under the constitution of the A.S.U.N. the head of the faculty athletic committee is the university's delegate to the Far Western conference committee on the eligibility of athletes.

When J. E. Martie resigned as chairman of the athletic committee last winter President Clark named Dean R. C. Thompson to replace Martie.

Thompson's successor has been a matter of conjecture among students and the president's action comes as a surprise in some quarters.

Harwood held the chairmanship of the finance control board for two years and served on the coaches' committee for the same length of time.

Other members of the faculty athletic committee are J. E. Martie and Miss Elsa Sameth.

Prof. Harwood was graduated from the University of Nevada in 1924 and was in residence at Oxford University, England, until 1927. He came to the university as an instructor of English in 1927, becoming an assistant professor in 1929 and an associate professor in 1930.

Scholastic Honorary Will Hold Election

Phi Kappa Phi, national honorary fraternity, will elect officers and new members at a meeting to be held next Wednesday, Miss Sarah Lewis, president of the local organization, announced this week.

The new members who are to be chosen from the graduate list and the senior class will be the honored guests at the annual Phi Kappa Phi banquet to be given at the Century club Saturday, May 12, at which Dr. Theodore Kreps of the Stanford faculty will address them.

Only two months ago the first election of the spring semester was held, and thirteen members of the senior class were given bids and initiated. They were Donald Butler, Virginia Cross, Paul Fontana, Russell Elliott, Margaret Martin, Ned Morehouse, Myra Sauer, Nevada Solari, Virginia Wheeler, Mary Williams, Howard Hart, James Young and Mrs. Hammitt.

The society elects to membership only those who have attained a high scholarship, which is usually a 1.75 for arts and science students, a 1.78 for agricultural students, 1.86 for chemists and a 1.95 for engineers. The local chapter was established here in 1912.

Original Compositions Of U. N. Musicians Heard Music Week

The University of Nevada's participation in the local program in celebrating National Music week was featured by original compositions played by two campusites in a program presented last night at the Twentieth Century club.

A flute solo, played by Lois Brooks '36, and an original offering done by Rev. F. D. Graves, were the highlights of the evening's entertainment.

The pleasing program, presented under the direction of Professor Theodore Post, was well attended by many townspeople as well as university representatives.

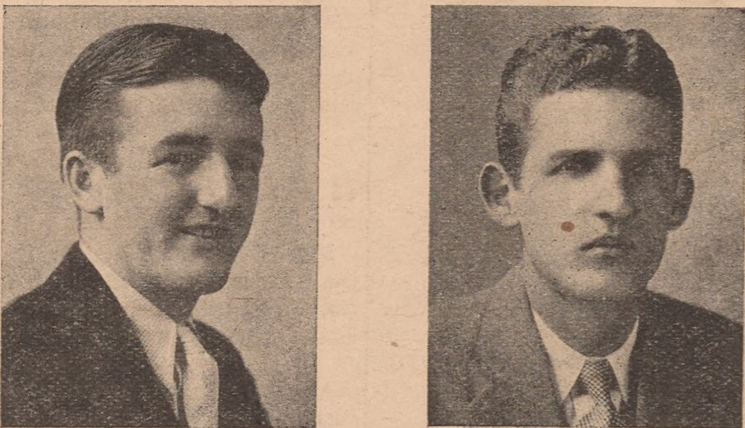

LORRAINE JOHNSON HOME

Miss Lorraine Johnson of Sparks, sophomore student who underwent an appendectomy at a local hospital last week, was removed to her home Sunday. Miss Johnson is reported much improved, but she will not return to school until next semester. She is affiliated with Kappa Alpha Theta sorority.

STUDENT TALENT SHOWN

Talent of the students of the University of Nevada is being shown as the last exhibit of the year by the Fine Arts group, in a collection of work done by the art classes, the mechanical drawing class and the education department.

PUBLICATION HEADS END TERMS

Pictures at the top are William McMenamin, Sagebrush editor, and Robert Creps, Artemisia editor, and, below, William Crowell, business manager of the Sagebrush, and Donald Brown, Artemisia business manager. These men led the publications of the university through the present year and will officially close their terms of office with the end of this semester. The last issue of the Sagebrush will appear next Friday and the Artemisia made its appearance on the campus yesterday and today.

Four Women May Have to Resign Jobs in Senate

Question of Eligibility Raised By Women Because of A.W.S. Amendment

Because of a recent addition to the A.W.S. constitution four women members of the senate may be required to withdraw from that body, according to Nell Lozano, A.W.S. president.

Those who may have to resign are: Sallie Fagan, senator for Kappa Alpha Theta; Dorothy Nason, senator for Gamma Phi Beta; Elva Neddendriep, senator for Delta Delta Delta; Helen Record, senator for Alpha Delta Theta.

It is said to be contrary to the A. W. S. constitution for women senators to hold other offices in addition to the senatorship. The section of the constitution stating that this is so has not been entered in the freshman handbook because of the lateness of its adoption.

The amendment was adopted on November 10 of last year and is that section which concerns the point system, the purpose of which is to divide the offices more evenly among the students.

When adopted, little was made of this particular proviso in the point system, but now several questions have been raised as to the advisability of its use.

Among the questions raised by women leaders on the campus is whether the women having more than one office are not usually those best equipped for holding office. The attempt to divide the offices more evenly is admittedly fair, they say, but the limiting of holding of offices is too restrictive.

Reno Alum Actors Give Play May 18

"Servant in the House," a play written for Walter Hampden, greatest living Shakespearean actor, will be presented by Reno High school alumni, now university students, at the Granada theater on May 18.

Helen Lewis, who was outstanding in the leading role of "Mrs. Bumpstead-Leigh," recent university production, will play the part of Mrs. William Smythe, socially ambitious wife of Rev. William Smythe. Walter Hargreaves is cast in the role of Smythe. Mary, portrayed by Mildred Murdock, is a young girl who lives with the Smythes. Pete Walters is cast as the Bishop of Lancashire.

These university students have the leading roles excepting for the title part, which is played by Randall Ross, teacher in the Reno High school and a brother of Russell Ross, an instructor at the university.

Two lesser parts are played by Reno High students, James Hawkins and Leo Doyle.

Geology Classes Make Trips to Study Terrain

The geology classes of Professors Giannella and Stoddard went on a geological field trip last Saturday.

Professor Stoddard's class went to Cisco, where they ate lunch, studied the geology of the region, and returned to Reno.

Professor Giannella's group journeyed to Truckee, where they studied some of the interesting geological features of the region and returned home, stopping along the way to study the different formations. Both parties pronounced the trip a big success.

Prexies Installed At Final Meeting Held by A.S.U.N.

Band Amendment, Resolution On Dances Passed by Students

HUGHES YELLEADER

Merle Atcheson to Head New Freshman Handbook Committee

James Cazier, new A.S.U.N. president, and Nell Lozano, A.W.S. president for the coming college year, were installed as students of the university met in their last regular meeting of the semester held in the Education building this morning.

In his speech of acceptance Cazier declared that his purpose throughout the year would be to build up stronger student body meetings, to develop a greater interest in student affairs and to be impartial in his dealings with the various groups within the body.

Retiring President Jim Wallace announced that Jack Hughes had been chosen as new A.S.U.N. yell leader by the student senate at a meeting held Thursday night. Wallace also announced the appointment of a freshman handbook committee composed of Merle Atcheson, chairman, Bill Gelder, Florine Frank and Inez MacGillivray.

When Wallace turned the gavel, symbolic of the office, over to Cazier, his brief speech of thanks to the students for their cooperation throughout the year was followed by a loud and enthusiastic applause that lasted several minutes.

The new class officers: Bill Horgan, sophomore; Jack Hughes, junior, and Paul Turner, senior, were installed by the outgoing officers. Bela Harcos presented a miniature saber to Margorie Mullen, honorary major, in behalf of Scabbard and Blade, cadet officers' club.

The amendment which provides for awards to the members of the university band for two years of work was passed unanimously after a brief discussion.

A resolution presented by William McMenamin, editor of the Sagebrush, asking the faculty student affairs committee to lengthen the hours for campus dances was passed unanimously. The resolution reads as follows:

"A resolution to be presented by the students to the university faculty student affairs committee:

"Be it resolved, that we, the Associated Students of the University of Nevada, assembled together in a regular meeting of the A.S.U.N., believe that a change should be made in the regulations governing our regular general campus dances during the college year.

"Be it resolved, that we believe that the hour of closing of general campus dances should be changed to 1 a. m. instead of 12 midnight, as has been the ruling in the past. This resolution does not include fraternity and sorority dances.

"Be it resolved, that we are presenting this resolution to the members of the faculty student affairs committee with the idea in mind that it will be treated as a suggestion and in no way as a demand or command."

Dean Thompson Is Blue Key Speaker

Athletic Cups Awarded at Interfrat Meet; Feature Is Bean Feed

Dean R. C. Thompson is to be the principal speaker at the Blue Key interfraternity bean feed, to be held Monday evening at the university dining hall, according to an announcement made today by Elmer Hawkins, president of the Interfraternity council.

Other speakers for the affair will be President W. E. Clark and J. E. Martie.

On Monday evening all fraternity meetings and regular dinners are being eliminated in order that the fraternity men will turn out for the "feed" and make it a success, Hawkins said.

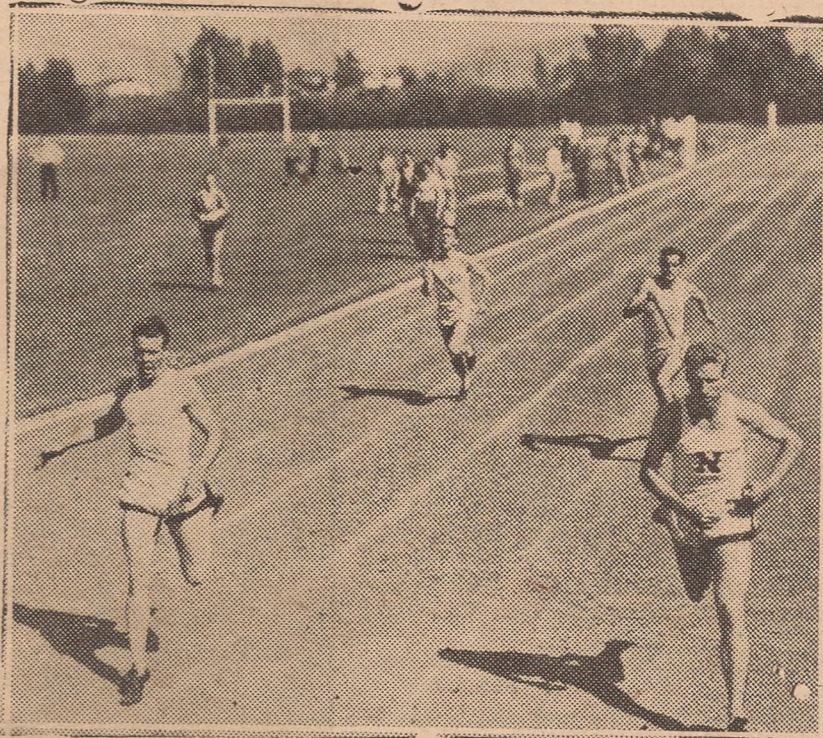

One of the main features of the evening is the presentation of the cups won by the various fraternities in the sports of the season.

Mardi Gras Revived In Colorful Fete

A small crowd enjoyed the first restoration of the annual Press club Mardi Gras at the State building last Saturday evening.

Cups were given to Frank Buru and Charlotte Robinson for the best individual costumes, Buru being dressed as a Bowery dude and Miss Robinson as Raggedy Ann. Rector Fuhrman and Rita Gunter were elected king and queen of the dance.

TO LEAD NEVADANS IN MEET

Harvey Hill, right, and Ross Hart, left, are shown above coming home far ahead of the California Aggie sprinters in the 220 yard dash of the dual meet between the two colleges held on Mackay field last weekend. These Nevada scintilads will carry the leading hopes of the Pack in the Far Western conference meet at Sacramento tomorrow.

Lubin Wins Annual 'Best Soldier' Race

Company B Declared Best Drilled; Will Bear Colors

Following a final inspection by Major Roger Hillsman, United States reserve officer stationed at Sacramento, held on Mackay field last Wednesday, it was announced that Cadet Private Joseph D. Lubin had won the annual "best soldier" contest.

Medals will be presented by General Sherwood A. Cheney, U.S.A., Friday morning to Cadet Private Joseph D. Lubin, for being the best drilled and disciplined cadet, and to Company B for being the best drilled company.

Lieutenant H. B. Wilcox announced that Cadet Lubin had a perfect record in attendance and discipline for the school year 1933-34. He will be presented the gold medal for drill and discipline presented by Company C, Seventh regiment, Scabbard and Blade for the school year 1933-34.

With Cadet Captain Daniel M. Harvey commanding, Company B was adjudged the best drilled company by Major Hillsman and was designated color company for the school year 1934-35.

Six cadets remained after the elimination drill was conducted at the inspection. Cadet Corporals W. J. Cockerell and Maxwell Kepl and Cadet Privates Pete Guisti, Frank Mildren, Clyde Beck and Joseph Lubin remained after the elimination drill.

"I was very much pleased with the inspection," Major Hillsman stated. "The battalion was so well disciplined that I could have given the corps just as high a rating without staying to watch the drill."

Nevada Tracksters Down Calif Aggies

Winning its first home track meet of the season, the University of Nevada Wolf Pack last week defeated the California Agricultural college team 93 1-3 to 37 2-3.

The Wolf Pack took an early lead and after the first series of events the Mustangs were never close enough to worry the Nevada men. Nevada took eleven first places to three for the Davis team.

Outstanding men on the Nevada team were Ross Hart, who placed first in the broad jump and high jump and second in the 100 yard dash and 220, and Paul Leonard, who ran the mile in good time. Harvey Hill, veteran dprinter, was also a high point man for the Wolf Pack, winning both the 100 yard dash and the 220 yard dash.

SHEAHAN ELECTED ENGINEER PREXY

Ben Sheahan, member of Sigma Phi Sigma fraternity, was elected president of the Associated Engineers for next year at an election held Friday in the lobby of the Electrical Engineering building. Sheahan defeated Merle Atcheson and Lawrence Kearney for the position.

Nell Plath, a member of the same fraternity, won the race for the office of vice president, while Donald Odell, Lincoln Hall association, was elected secretary-treasurer.

WOMEN GRADUATES HONORED TOMORROW

The senior women will be the honored guests of the American Association of University Women at a tea given tomorrow at 158 Mill street. The affair will be from 4 to 6, with a program starting at 5 o'clock.

Wolf Pack Leaves For Far Western Track, Field Meet

Fresno Bulldogs Considered Likely Winner in Annual Cinder Battle

Fourteen Nevada tracksters, Coach "Briek" Mitchell, Fritz Coltrin, assistant coach, and Frandsen Loomis, manager, left this morning for Sacramento, where the Wolves will compete in the Far Western conference track meet against Chico State, Cal Aggies, San Jose and Fresno State.

According to sport critics, Fresno State, after its remarkable showing against Stanford last week, should win the meet. San Jose is considered a good chance to give the Bulldogs a close contest. Chico and Nevada will also garner many points to split the score.

Coach Mitchell stated last week that Nevada has a more than even chance to win the mile and two mile runs. Leonard is the Wolves' chief threat in these events. If Harvey Hill does as good in this meet as he did in the Chico contest Nevada should capture several points in the 100 and 220 yard dashes. Nevada's chances in the broad jump will be seriously hindered by the absence of Ross Hart, who has cleared 22 feet 2 1/2 inches this season.

Mitchell had formed a relay team composed of Ward, R. Hart, D. Hart and Harold West, but due to the absence of Ross Hart Leavitt will probably be placed in his position.

The highlight of the meet will probably be the high jump in which the world's record holder, Walter Marty of Fresno State, will try to better his record made last week of 6 feet 9 1/2 inches against Stanford.

Peck, Cal Aggies, is rated as one of the best hurdlers in the Far Western conference, while Haynes, Chico, runs the 120 high hurdles in record time. He is also a dangerous threat in the low hurdles. In the half-mile Elroy Robinson, Fresno, is considered a cinch to take the event. Unbeaten in two years of intercollegiate competition, Robinson has chalked up the fastest time in college circles this year, beating out Johnson of U.S.C. by 10 yards in 1:54.7. Ward, also of Fresno, is capable of running the high hurdles in 14.7.

The conference championship was won by Fresno State last year.

Women Students Sponsor Festival

The spring festival, one of the clearest presentations ever given by women of the physical education department, was held in the university gymnasium Saturday before a large audience of townspeople and a number of women from the various state high schools.

Catching the spell of fairyland appropriate to the theme of "The Circle of Enchantment," as the festival was entitled, approximately 100 women in the character of gnomes and fairies danced a number of sprightly original dances around a large Maypole.

The spring festival, which is an annual affair, is usually held earlier in the season, but was postponed this year until Play day in order that members of the girls' athletic association of the state, who were guests of the university on that day, might be able to witness some of the work done in the physical education department.

Engagement of Former Students Is Announced

The engagement of Helen Smith '29 and Jack Heward '29 was announced last Friday night by Mrs. Preston Smith, mother of Miss Smith. The wedding will take place on June 20.

Final Vote Taken On Traditions; Few Changes Are Made

'Queening' Proviso Remains As Before; Seating Rule Abolished

PADDLINGS BANNED

Vote on Rule for Mackay Day Beard Growing by Men Students

University of Nevada traditions of the future will be essentially the same as they are at present, if the vote taken at the A.S.U.N. meeting this morning is carried out, according to the opinions cast in the balloting this morning.

According to the votes, freshman dinks are to be retained, paddlings will not be retained, but the frosh may still be laked.

As in the past, the frosh will not be allowed to "queen" in the library, so must keep their place and not talk while in this sanctum of study. Nor will they be relieved from the tradition of singing at student body meetings.

Class distinction was partially done away with on the vote to abolish the tradition of having a definite seating arrangement at student body meetings and school lectures. The vote was 130 to 109 to abolish this tradition.

The hotly contested question during the past two months of having the social groups punish tradition violators was voted down by a large majority, which means that the vigilance committee and the men's and women's upperclass committees must still punish all violations.

The tradition of having men grow beards for the Mackay day celebration, which has been growing during the past several years, was adopted by a large vote. Hereafter all men will be expected to do their best in the way of beard raising.

The new question of prohibiting freshmen from wearing high school jewelry was voted down by a slight majority.

Most of the votes were cast by freshmen, in the opinion of President Jim Wallace who, in a prepared statement for the Sagebrush, said:

"From the vote cast it appears to me that there were mostly freshmen at the meeting—voting to make next year's frosh wear "dinks" and be thrown into the lake. I am glad that the paddlings have been done away with.

"The upperclass committee will have to take active charge of violators. I think it best.

"The vote prohibiting freshmen from wearing high school jewelry was close, but I believe the result is ok. Making freshmen leave their personal jewelry, et cetera, home will not create a friendly spirit.

"I hope that the spirit on the campus is lively next year—it will be if school starts with a bang."

The complete vote on the proposed changes in rules and traditions follows.

To abolish freshman dinks, 66 yes, 181 no.

To abolish paddlings, 128 yes, 124 no.

To abolish laking, 100 yes, 149 no.

To abolish restrictions of molesters for sophomores only, 61 yes, 176 no.

To abolish songs by freshmen at student body meetings, 99 yes, 135 no.

To abolish seating arrangement of classes at student body meetings, 130 yes, 109 no.

Adopt group system of punishment, 94 yes, 146 no.

Adopt rule that beards shall be grown by men for Mackay day, 188 yes, 59 no.

Adopt rule prohibiting freshman from wearing any high school jewelry, 118 yes, 121 no.

To abolish rule of "ne queening in library," 109 yes, 133 no.

In the opinion of observers, this vote means that the frosh will be punished severely in the future for tradition violations. It is evident from the vote, in their opinion the campus is not yet ready to relieve the incoming class from the pressure of rigid observance of the present rules.

Officers Elected By Crucible Club

Carlton McCullough, member of Beta Kappa fraternity, was elected president of the Crucible club for the coming year at an election held Friday in the Mackay school of mines.

The race for the office of vice president was won by Antonio Chavez, Sigma Phi Sigma, while Ben Sheahan, Sigma Phi Sigma, was elected secretary. Philip McGuire, Phi Sigma Kappa, was elected treasurer. The faculty adviser for the group is Professor Vincent P. Giannella.

The Crucible club is an organization of mining, metallurgical and geological students and is a junior branch of the American Institute of Mining and Metallurgical Engineers.

A. S. U. N. MEETINGS

There has been a deplorable lack of interest shown by the student body in the A.S.U.N. meetings during the last part of the present semester and we would like to know the reason for the falling off in the spirit of the members of the organization. Every effort has been made by student officers to make the meetings interesting and to bring up for discussion issue that should be of vital interest. Plenty of notices of meetings have been posted.

Today the final meeting of the semester of the A.S.U.N. was held in the Education building and the new president and vice president were installed. Awards were presented. Surely there is enough of interest taking place at meetings to draw almost the entire membership of the association to them.

We as members of the student body are paying large fees for the support of our activities. It is our duty to find out how these funds are spent and to aid in the holding of intelligent meetings at which important features of A.S.U.N. business are discussed.

POOR SUPPORT

A band concert was held on the lawn below the tram last Sunday. A story about the concert was published in the Sagebrush. Six students attended.

We realize that students are busy preparing term reports and getting ready for final examinations. We understand that this is the probable reason why the attendance was small.

But when we consider the time and effort that the university band puts into getting ready for the concert, the criticism that is made when the band does not show up for an athletic contest and the way in which they responded to a request that they increase their attendance at basketball games last season, we cannot help but feel that the students are doing the band an injustice. They might at least have turned out better for the band's annual concert.

ANCESTORS DEMANDED THEM!

Why do sighs of disgust generally prevail at the end of each quarter when examinations loom ominously and black on the academic horizon? Such a condition should never exist.

For the strange but naked truth is that our forefathers requested examinations. Time was when the students were the administrators of the colleges in Europe; when they hired and fired unfavorable instructors; and then they demanded what courses be offered them.

But then came the deluge. The colleges became large, crowded, and so unwieldy that the students were compelled to turn over the administrative offices to men who thenceforth took complete control of the academic and business affairs of the college. Along with this, the students demanded that examinations be given in order to keep out the undesirable students. And until today custom and tradition guarantee to each and every student his periodical examinations.

Now we must pay for what our forebears, foolishly or otherwise, did. The answer appears to be in the affirmative. Like Protestants we must pay the price for the mistakes of our ancestors. The only difference is that Protestants can amend the mistake of their ancestors by taking up with the Church where their forebears left off.

The moral of this message is to take examinations with a smile. Take them with the same enthusiasm as that demonstrated by our forefathers. We must give them no room to boast of the "good old days" when they were students. After all, our generation should have some pride.—St. Mary's Collegian.

Herbert Peck Presented With Silver Plaque

A silver plaque was presented Herbert Peck Monday night by Professor Paul A. Harwood for having performed the most service for the A.S.U.N. through representation of Lincoln Hall association while attending the university.

It is a tablet of silver on a background of black painted hardwood, bordered on both sides by a column. Engraved across the top of the tablet is "Awarded for Service"; underneath is engraved the name of Herbert Peck, the first recipient of this award.

Election and installation of the new officers for the ensuing year was held previous to the presentation. The men elected to offices were: Donald Odell, mayor; Tom Morris, secretary; Bob

PROFESSORS GET NUDIST LETTERS

Letters were received during the past week by University of Nevada professors from the Reno Nudists' club asking their presence at the formal opening of the club on April 27 and 28.

A number of the faculty received the letters telling the purposes of the nudist group, and urging them to visit the Reno colony, which is located at Spanish Springs valley, some ten miles out of Reno.

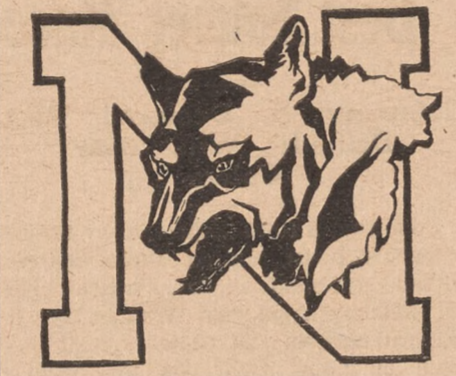

Whether the professors would attend the opening was not known today, and nothing was to be had of their sentiments or reactions to the invitations.

English bumping races are being adopted at Washington university.

Best, treasurer; Alson Gibson, custodian.

Wolf Howls

By ZOOOPER SNOOP

Studes spend the weekend gazing fondly at their pictures in ye yearbook and we have a terrible time getting any of our dirt operatives to do any sleuthing this week, but here's the sum total of their observations, colored by a slight tinge of the dumps over the lack of lining for the pockets which comes with the end of the semester.

Judson and Houx took two university gals to the wrestling matches this week. Was this a little training in technique or what?

Dan Bledso seemed to admire Libby Young's costume at the Mardi Gras. Well, why not? It is alleged that the orchestra also lost their places on the music several times when the "vision" drifted by.

Darrel "Bugler" Berry seems to have found the light of his life in Barbara "Giant" Bryant, but we still think that Freddie Woods should be best man. They match so well in size, if that means anything.

The height of something or other is the cursed laziness of Frank (Nine P) Mildren, who sits back luxuriously pulling on his hod while he dictates a sports story to Dorothy Roseberry, who writes it out on the typewriter and

then sits on her lap while he answers the telephone. Come out for the Brush staff, frosh!

Adams and Murgotten do play together so very cutely, do they not? But we do think that they got a little rough at the geology picnic. Perhaps it was the liquid refreshments.

Wonder who the four enterprising young lads were that tried to gyp the Sagens out of a dime by sneaking into the gym during the social hour Wednesday. What about it, Crowell?

Broken hearts, multitudes of them, come to our attention as the year ends. Spring weather, cutthroat competition and battles are given by authorities on campus love as the causes. Combinations that are no more include: Dan Toquero and Eleanor Fisher, Dearing Dixon and Joyce Dodge, J. D. Stephens and Donna Wilson, George Hadlin and Marie Morgan, Clayton Phillips and Frances Burke, Edgar "Swede" Olson and Peaches Stark, Harold Tapogna and Louise Emminger, Ole Glusovich and Paula Bradshaw, "Bowse"

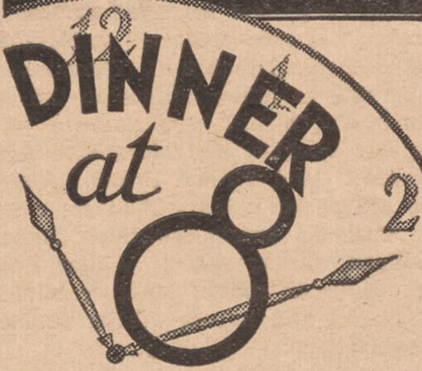

Hill and Abbie Hackett, Max Kepl and Frances Slavin, Don Brown and Julia Sibley, Ed Rose and Joyce Cooper, John Williams and Lois Aldrich, "Soapy" Southworth and Letty Bowman.

How does Kilpatrick do it? There was a near war in the S.A.E. house when Kearney and Blackledge discovered that little Nell had accepted each

of their pins at one and the same time.

By the way, we wonder why Blackledge hasn't introduced his up and coming young friends. Either he is ashamed of them or else they are just shy.

Why doesn't Paradis learn to control his passions or emotions? It's getting so little girls aren't safe in his company. Looking back on the Sunday picnic.

We are still wondering why the campus let the Press club down. Music was keen, decorations wonderful, refreshments light, and yet the attendance was poor. Whatsamatta campus?

EXCHANGES

At the University of Minnesota an empty tomato can mounted on a tripod is awarded annually to a member of the business school who has rendered outstanding service to the school during the year.

A freshman at Columbia was guaranteed a grade of A in mathematics when he solved just one problem. The professor had offered this nearly unsolvable problem for years and promised a grade of A to anyone who could work it.

Solares and Lozano Return From Arizona Conference; Successful Trip

Carnivals, Tea Dances and Big Sister Work Featured in Other Schools

Marthine Solares, A.W.S. president, and Nell Lozano, president-elect, returned last week from Arizona, where they attended the Western Intercollegiate Conference of Associated Women Students.

They reported a successful and interesting meeting where problems of vital importance to women students were discussed. Customs and traditions of the colleges represented were brought up before the conference, and it was found that the bulk of traditions were in the form of social events which have become customary to the various colleges and carried out each year. Delegates from the University of Colorado explained their annual tea dance, at which a king is elected by the women, who tag for dances. An outstanding tradition of another college is an old fashioned box social.

Carnivals were suggested as a means of raising money for A.W.S. All the women's organizations reserve space for concessions or booths, the individual organization keeping the money they take in and A.W.S. keeping admittance receipts.

Smoking among women students came in for a great deal of discussion. It was found that a few of the campuses provide smoking rooms for their women students, while on others no special provisions are made.

Orientation of freshmen occupied a prominent part on the discussion program. Stanford A.W.S. provides a system whereby senior women live in freshman dormitories for several weeks, assuring the new women welcome and guidance. Big sister work, such as is carried on at the University of Nevada, was found to be prevalent. Point systems were upheld and suggestions were given to those colleges which did not have such a project. Several colleges requested copies of the constitution of the University of Nevada, it being unique in its form.

Margaret Taylor, president of A.W.S. at the University of Arizona, was elected sectional registrar and will have charge of the correspondence of the conference. Boulder City, Colo., was chosen as the location for the next convention, which is to take place in 1936, the National Conference in Bloomington, Ind., taking place in 1935.

Among the prominent convention speakers were: Dr. H. L. Shantz, president of the University of Arizona; Dr. Joseph J. Spengler of the Arizona economics department; Mrs. Ansel F. Hemenway, national Pan-Hellenic treasurer and grand president of Alpha Delta Theta, and Frank Lohse, secretary of the National Student Federation of America, of which Nevada has recently become a member.

Entertainment was supplied by the convention committee. Luncheons and teas were given in honor of the delegates and many trips of interest, including a visit to the Mexican border, were made by those attending the conference.

CHI DELTA PHI INITIATES SIX

Chi Delta Phi, honorary English society, initiated six members Tuesday afternoon when the organization held its final meeting of the semester in the Agricultural building.

Those who were initiated are: Orva Selkirk, Ellen Ernst, Paula Bradshaw, Amelia Zorick, Inez MacGillivray and Mary Correo. These students are either majors or minors in the department of English, having a 2. average in the work for three semesters in English.

It was the decision of the society not to sponsor their annual Scandal show this semester.

On May 8 a formal banquet will be held honoring the new initiates. The banquet will be at 5:30 at the El Cortez hotel. At this gathering Professor A. E. Hill and Miss Katherine Riegelhuth will also be guests of honor.

Sororities Fete Their Graduates At Dinners, Teas

Gamma Phi Beta sorority is giving a breakfast for its senior women May 13. The mothers of the graduates will also be guests. On Sunday afternoon they will be honored at a tea to be given at the home of Mrs. S. K. Morrison. The members who will be graduated are Virginia Cross, Nevada Solari, Alyce Couch, Lois Hutchinson and Margot Evans.

Beta Sigma Omicron is entertaining its graduating members and the sorority Mothers' club at a luncheon on baccalaureate Sunday. Seniors of the group are Charlotte Pope, Dorothy Pope, Alene Daniels, Camille Cerrita and Marthine Solares.

Members of the graduating class of Kappa Alpha Theta were entertained by the sorority with a picnic held at Lake Tahoe last Sunday. They will also be the guests of honor at a breakfast preceding commencement exercises on May 14.

The graduating members are Margery Mullens, Pearl Lunsford, Frances Smith, Theresa Jauregui, Katherine Slavin, Elizabeth Carpenter, Mary Williams, Margaret Martin, Ermyne Goodin, Florence Diskin, Patricia McCullough, Gladys Morris, Mary McCullough, Marjorie Records and Jean McIntyre.

Proceeding the baccalaureate services on Sunday, May 13, the Delta Delta Delta sorority is giving a breakfast in honor of the senior women of their organization who will be graduating this spring. The breakfast will be held at the Riverside hotel at 8 o'clock.

The members of the sorority who will graduate are Clara Galvin, Jessie Gulling, Margaret Kormmayer, Blanche Lucas, Jean Sauer, Anne O'Neill, Myra Sauer, Ruth Brown and Ina Johnson.

The Alpha Delta Theta sorority is complimenting Mrs. Maude Taylor, who is receiving her master's degree this spring, with a luncheon to be given at the El Cortez hotel on May 13.

Pi Beta Phi honored their '34 graduates with a breakfast Sunday morning at the chapter house. The honored guests, who are Mary A. Thompson, Doris Shaver, Jean Rowe and Adelaide Belmonte, were given silver bracelets with the sorority insignia engraved upon them.

As entertainment, sorority songs were sung by the group.

Y. W. C. A. Faculty Advisory Board Is To Be Reorganized

The university Y.W.C.A. advisory board, which cooperates with the university women in various organization activities, may be reorganized early next fall, according to Betty Howell, president of the university Y.W.C.A. group.

If the board is maintained the only change will be the election of officers to replace Verdie Fant, president; Mrs. Harold Brown, secretary, and Doris Conway, who has automatically passed from the board, the term being two years.

The selection of advisers for the coming year will not be made next fall as the board of advisers which is now active will remain so. Mrs. McKeel was recently selected as head of the Junior Red Cross, thus filling the only vacancy on the board, Miss Howell announced.

Other members of the board are: Mrs. Springer, hostess adviser; Mrs. Henry Byars, worship group adviser, and Miss Cornelia Williamson, adviser for the campaign drive committee. Ex-officio members are: Miss Margaret E. Mack, dean of university women; Mrs. H. Simas, who is connected with the women's athletic department of the university, and Miss Geopforth, who heads the downtown Y.W.C.A. organization.

Play Day Ends After Successful Meet on Campus

Green Color Team Victorious; Honored Girls Sign G.A.A. Scroll

The green colored team, sponsored by Charlotte Pope and captained by Lillian Botti of Reno, was victorious in the annual high school Play day held on the campus last Saturday. The rose color team, sponsored by Margaret Kormmayer and captained by Anna Louise La Voy of Sparks, came in second in the race for honors in the various games played.

The participants were welcomed by Miss Mack in a short address at the luncheon held in the university dining hall. Miss Sameth also said a few words of greeting. Short talks were given by Margaret Kormmayer on possibilities for improving the G.A.A., and by Blanche Keegan on the value of G.A.A. and W.A.A.

At the G.A.A. meeting following the luncheon which was presided over by Nina Boszkiewicz of Carson High school, several by-laws were discussed and adopted. An amendment to the constitution of the state G.A.A., eliminating Gothic G awards and substituting in their stead a scroll to be signed by the girls selected by the individual high school G.A.As, as being worthy of the honor, was also adopted. The invitation of Dayton High school to be hosts at Dayton for the fall conference was accepted.

Following the meeting, the girls adjourned to the gym to watch the Spring festival, an entertainment feature sponsored by Miss Sameth and her dancing classes. Preceding the festival several awards were made and a short welcome was given the guests by President Clark. A \$2 prize was awarded to Sparks High school in the poster contest. A similar prize was given Reno High school for winning the scrap

Y.W. ELECTS DELEGATES

Three delegates from the university Y.W.C.A. organization will be selected to go to the Girl Reserve camp at Zephyr Cove, Lake Tahoe, next week. Frances Burke, vice president of the organization, stated this week. Miss Geopforth, who is in charge of the downtown Y.W.C.A., will select the girls from the university organization to attend camp. Any girl is eligible to submit her name for consideration, Miss Burke said.

book contest. Announcement was made that Anna Louise La Voy of Sparks was winner of the posture parade held following the luncheon.

Fifteen girls belonging to the high school graduating class of 1934 signed the Gothic G scroll. These girls are Janet Parish, Fern Taylor, Bernice Taylor, Wilma Hankanhammer, Francis Nichole, Helen Traner, Beamba Gianni, Nina Boszkiewicz, Bertha Mastrianni, Emily Tholl, Marie Shelley, Patricia Turner, Anna Louise La Voy, Wilma Schneider and Josephine Schultz.

Several girls, seniors of last year, who were eligible for Gothic G award, also signed the scroll. Those girls are Mary Louise Carmody, Chrissie Finn, Orpha Morgan, Betty Bowman and Jean Cameron.

Kappa Alpha Theta Wins Swimming Cup

Mist of Battle Clears to Show Pi Phi Second and Gamma Phi Beta Third

The women's intramural swimming cup will stay for another year on the Kappa Alpha Theta mantel as a result of the meet held Wednesday in the Moana Springs pool.

When the mist of battle cleared away from the pool the final results of the mermaid jousts were discovered to be as follows:

Kappa Alpha Theta, 97½; Pi Beta Phi, 87½; Gamma Phi Beta, 16½.

Individual scores of members of the various group teams were as follows: Kappa Alpha Theta—Margaret Place, 55; Elizabeth Young, 18; Julia Sibley,

17; Sallie Fagan, 7½. Pi Beta Phi—Helene Stark, 61; Miriam Butler, 23; Betty Bowman, 7. Gamma Phi Beta—Nell Lozano, 16½. The score of events of the meet is as follows:

45 yard free style—Won by Sibley; second, Place; third, Butler. Time, 29.4 seconds.

45 yard racing side stroke—Won by Butler; second, Lozano; third, Sibley. Time, 35.6 seconds.

Breast stroke (for form)—Won by Place; Lozano and Stark tied for second.

45 yard breast stroke—Won by Place; second, Young; third, Bowman. Time, 37 seconds flat.

45 yard backstroke—Won by Sibley; second, Stark. Time, 35.5 seconds.

Sidestroke (for form)—Fagan and Lozano tied for first.

Diving contest—Stark, first with 45

points; Place, second with 30 points. The swimming cup has been won twice by the present holders. One more victory will give them permanent possession of it.

Be proud of your university. Boost, don't knock, Nevada.

Phi Sigma Kappa Wins Intramural Baseball Tourney

Finishing the season with no ties or defeats, Phi Sigma Kappa's well balanced baseball team last week won the championship of the 1934 interfraternity baseball league.

Garnering more runs and hits per game average than any other outfit in the circuit, the Phi Sig sluggers made things consistently uncomfortable for opposing hurlers. The batting average for the team was close to the .400 mark, with several members clouting the ball for a safety nearly half the times that they came to bat.

Cyril Hawkins, a rookie in university baseball circles, proved to be a great help to the Lake street outfit's hurling department and along with George Hadlen, veteran chucker, the Phi Sigs were quite well to do in this section of the roster.

Although showing signs of weakness in the pitching staff in several of their contests, this deficiency was more than made up for by the heavy bat work of most of the members of the organization.

In the eight game schedule on the interfraternity program, the Phi Sig men crossed the home plate a grand total of ninety-five times against the opposition's forty-three tallies. Such a record indicates a game average of nearly twelve runs.

"The toughest opposition on our league schedule was encountered in our close 8 to 7 win over the second place team, the Sigma Phi Sigmas," declared several members of the championship team.

"Our loss through graduation will be hardly noticeable, with the result that our next year's team should be about the same as the present championship outfit," Manager "Red" Ayres stated.

The members of this season's undefeated team were: William Hammond, right field; George Hadlen, catcher and pitcher; "Dusty" Rhodes, third base; Frank Buru, left field; Floyd Holt, shortstop; Cyril Hawkins, pitcher and fielder; John Stook, center fielder; Irvin "Red" Ayres, first base, and Gordon Miles, second base.

U. N. Band Gives Open Air Concert

Opening National Music week, the University of Nevada band presented an open air concert on the campus Sunday before a small gathering.

The concert was held on the lawn south of the tram and despite a stiff wind the complete program was played. The various selections won the applause of those present, especially the trumpet solo, "Sylvia," played by Darrell Berry and accompanied by the entire band.

Other campus musical organizations are to take part in music week, Post announced. The University Community Little Symphony orchestra, women's glee club and smaller groups will present selections throughout the week.

N. Y. College News Writers Protest Censorship Move

NEW YORK, N. Y. (NSFA).—The entire staff of The Ticker, undergraduate weekly newspaper at the school of commerce of the College of the City of New York, recently resigned in a body as a protest against faculty censorship. The immediate cause of the mass resignation was the refusal to permit the publication of an editorial criticizing Dean Justin H. Moore for suspending the editors of an April Fool's number.

The dean, it was learned, suspended seven students for their part in putting out an unauthorized issue on April 1. At the same time the editors of The Ticker were advised not to give any notice of the suspensions in its columns.

Leonard Hankin, managing editor and acting editor in chief, sought to have the ban lifted and requested the dean's permission to publish an editorial which called the punishment unwarranted and overharsh. The request refused, the paper appeared with a blank front page editorial column flanked by the story of the seven suspensions. On the editorial page was the announcement of the resignations.

In contrast to the success of faculty censorship at City college was the recent victory for the cause of freedom of the student press at Louisiana State University, Baton Rouge. David R. McGuire Jr., columnist on the Reveille, weekly undergraduate L.S.U. newspaper, incurred the displeasure of Dean James F. Broussard when he facetiously criticized Southeastern conference athletics and referred to the delegates to the conference, of which Dean Broussard was vice president, as "lads" and "boys." Editor Wiggin of the Reveille not only defended McGuire but permitted the paper to carry an editorial belittling the "big shot athlete" and a cartoon depicting the overemphasis of the conference on football.

Although Dean Broussard recommended to President James M. Smith of L.S.U. that McGuire be dismissed from the staff of the paper, no action has been taken against him or against Wiggin. President Smith, Dean Broussard and Dr. Wilkerson of the journalism faculty have refused to comment on the affair, and the L.S.U. campus halls the incident as a great victory for the Reveille and for freedom of the college press, according to Wiggin.

At a formal tea given Saturday afternoon Miss Margaret Martin announced her engagement to Robert Bankofier. The decorations were in pink, and corsages of pink roses were presented to each guest. The date for the wedding has been set as May 1.

Many Varieties of Shrubbery Will Be Planted on Nevada Campus This Week

Over 250 shrubs, trees and various types will be scattered throughout the campus and will be the center of several groups of small shrubs.

Other plants which are to be put in are the flowering quince, golden bell, hardy honeysuckle, Persian lilacs, spiraea and weigela.

New soil has also been taken from the river bed to pack around the plants. The clay soil which has been dug out of the holes has been removed. This should insure the good growth of the shrubs, said Lynch.

Helping to install these plants are several relief men, but the university is in complete charge. Lynch added that after May he expected a large crew of FERA workers to help in cleaning up the campus before graduation. However, he added, little work except the setting of the plants will be done before this time.

Engineering Society Banquets New Members

Honoring the members who have been elected during the last year, Nu Eta Epsilon, honorary engineering society, will hold its annual banquet tonight in the Rosebud on South Virginia street at 6:15, it was announced by Paul Hartman, president of the group.

Professor Frederick Wood of the mathematics department will be the principal speaker at the affair, Hartman said.

The new members are Robert Leighton, Paul Fontana, Howard Hart, Louis Dellamonica, Merle Atcheson, Ben Sheehan and James Crawford.

Ned Morehouse is vice president of the Nevada chapter of Nu Eta Epsilon and F. L. Bixby, professor of civil engineering, is permanent secretary.

Jean McIntyre, Mary Adeline Thompson and Ermyne Goodin, who have been chosen as bridesmaids, assisted in serving tea. Miss Martin is the daughter of Mr. and Mrs. Hoyt Martin of Reno. She is a member of Kappa Alpha Theta, Phi Kappa Phi, Chi Delta Phi and other campus organizations. Bankofier is a member of Alpha Tau Omega and was prominent in campus activities. He is employed in Salt Lake, where the couple plan to make their home.

PI Beta Phi sorority celebrated its founders' day on Saturday with a banquet held at the sorority house. The affair was given by the alumnae club.

Nevada Net Squad Enters Conference Meet This Weekend

Six Schools Will Participate In Tourney for Tennis Championship

After a victorious weekend, in which they trounced the College of Pacific in straight sets, the varsity tennis team is training vigorously for the Far Western conference meet in Sacramento this week, Chester Scranton, coach, announced.

Six institutions are to be represented in the conference, Scranton stated, with Dave Clark, Frank Sam and Russell Elliott playing for Nevada.

The meet will be based on the elimination process; as soon as one team loses they are automatically out of the competition.

That the California Aggies will take the singles playoff was the prediction of Scranton, since their representative in this branch is experienced and has won before. He added that Fresno State Teachers and San Jose State Teachers have good teams also, and have a chance to capture the tourney.

As to Nevada's chances, Scranton added, "We didn't have a varsity tennis team last year, but have started this season by defeating Chico State and College of Pacific. If our team plays up to its ability, we should make a good showing, but the competition is tough and any weaknesses shown will spell defeat."

Nevada will play Friday afternoon and Saturday morning in the conference, Scranton said.

The varsity last Friday made a clean sweep of the four singles and the two doubles matches with College of Pacific.

Sam downed the Benals' number one man, Wilson, 6-0, 6-1; Clark defeated Hoyt, 6-0, 7-5; Elliott won from Rogers, 6-0, 6-0, and Tapogna beat Schiffman, 6-2, 6-4.

In the doubles Clark and Sam won from Wilson and Hoyt, 6-1, 6-2, and Wanke and Elliott defeated Rogers and Schiffman, 6-2, 6-3.

Youth to Develop Social Sciences

Economic Leader Cites Responsibilities of Students

WELLESLEY, Mass. (NSFA).—What youth will do with science is the most important question of today, believes Dr. William T. Foster, director of the Pollak Foundation for Economic Research and author of many books and articles on economics. Speaking at the New England regional conference of the National Student federation last week at Wellesley college, Dr. Foster described numbers of instances in which scientific advances in the twentieth century have progressed far beyond the point where our knowledge of the social sciences can control them.

"Our astounding discoveries in science may either save us or ruin us," said Dr. Foster. "That is no concern of science. We can use motion picture machines to degrade us or to uplift us. That is our concern. The machines are adapted to either purpose. We can use airplanes to scatter germs of disease or to carry serums to cure disease. We can use poison gases to exterminate the pests of civilization, or to put an end to civilization itself. Ways have not yet been found of making more than a faltering use of the discoveries in physics, chemistry and biology."

The generation which built up this paradox cannot be expected to solve the problem, Dr. Foster believes, for "every organization of adults . . . presently becomes organized inertia." Youth, however, is attuned to change and has the necessary energy and idealism to produce change.

"There is little danger in moving too rapidly under such stimulus," the speaker pointed out. "The danger is that we may not move rapidly enough to avert a destructive revolution. Every energized liberal is blocked by a thousand lethargic conservatives who regard themselves as the divinely appointed preservers of the past. Raymond Fosdick puts the matter neatly: 'The ship of destiny has ballast enough; it needs sails.'"

"Far-reaching changes are coming; changes in the distribution of wealth, in the control of monopolies, in the practice of law, in the protection of consumers against fraud, in the control of bank credit, in medical economics, in the rivalries which are breeding war. But changes are not progress unless they are directed by leaders who think hard and straight. It is to youth itself that we must look for the builders of the new world."

Student Union Building To Have Improvements

Several improvements in the A.S.U.N. building have been planned as soon as the FERA finishes on the campus, Joe McDonnell, graduate manager, stated recently.

The fountain donated by the senior class of '34 will be connected and a women's rest room will be put in. Also the furnace will be relined and repaired to keep it from smoking as it has done this year.

Yearlings Win in 4 Cornered Meet From High Schools

The University of Nevada freshmen annexed the four cornered dual meet at Mackay field last Saturday by nosing out Reno and Susanville high schools in the last part of the competition with 48 points. Sparks trailed gamely during the entire meet.

Despite the absence of several freshman mainstays, including Haman, McDow and Smalley, the yearlings managed to garner a total of 48 points. Susanville copped second position with 43 1-3 corners and Reno fell back into third with 41 1-3. Sparks brought up the rear with 20 1-3 hard earned markers.

Reno proved unexpectedly strong in several events in which they had shown no special ability before. The Huskies gathered their points mainly by virtue of a majority of firsts.

Susanville was consistent and raked in enough seconds, thirds and fourths to gain second berth.

The frosh results were generously sprinkled with all positions, and their well balanced ability was a big factor in their victory.

Results of the meet follow: 880 yard run—Rodríguez (R), Prussia (F), Moore (L), Elliott (L). Time, 2:4.9.

Shotput—Haven (F), De Witt (L), Powers (S), Varnum (R) and Packwood (L) tied for fourth. Distance, 41 feet 8 inches.

Pole vault—Sorenson (S), Cameron (R) and Whitmore (L) all tied for first. Height, 10 feet.

Javelin—Day (S), Mathew (L), Miles (F), Mangum (F). Distance, 148 feet, 220 yard low hurdles—Maule (F), Sorenson (S), Elcano (R), Mornston (S). Time, 27 seconds flat.

Mile run—Story (R), Botti (R), Anderson (R), Hutzler (S). Time, 4:55. 100 yard dash—Always (L), Callahan (F), Terrill (L), Powers (S). Time, 10.2.

440 yard run—Menke (R), Richardson (F), Pincoini (R), Kendall (L). Time, 52.9.

120 yard high hurdles—Warren (F), Maule (F), Sorenson (S), Bennett (F). Time, 15.9.

High jump—Cameron (R), Gilbert and Friend (L) tied with Haven (F) for second.

220 yard run—Terrill (L), Alway (L), Powers (S), Kane (R). Time, 2:25. Broad jump—Haven (F), Mangum (F), De Witt (L), Kendall (L). Relay—Freshmen, 1:32.9.

Discus—Varnum (R), Bennett (L), Warren (F), Haven (F). Distance, 113 feet 4 inches.

Frosh Tracksters End 1934 Season With No Defeats

The University of Nevada freshman track squad rang down the curtain last Saturday on one of the most successful seasons ever experienced by a Nevada frosh squad. The yearlings were undefeated.

This year's freshman class has shown remarkable strength in every major sport, the football and track teams closing their seasons undefeated and the basketball team losing but one game out of a long and tough schedule.

Varsity Track Coach C. L. "Brick" Mitchell was elated over the good showing of the frosh this season. He believes that the yearlings will form the nucleus of the varsity team next year.

The yearling tracksters commenced the season with a decisive win over the other three classes at Nevada in the annual interclass meet. Scoring seven first places, the first year men ran up 69 points.

Outstanding performances were those of Dick Haman, Kenyon Richards and Doug McDow. Haman, giant frosh football star, took four first places and broke two university records, setting marks of 127 feet 2 inches in the discus and 46 feet 11 inches in the shotput. McDow won the 100 yard dash in fast time, and Richards turned in an exceptional performance in the broad jump with 22 feet 3 inches, broad ump with 22 feet 3 inches.

In the interfraternity meet the next week the freshmen showed up remarkably well. McDow scored wins in both the 100 and 220 yard dashes. Richards took first places in the 440 yard dash and broad jump. Haman broke his own discus record with a heave of 133 feet 8 3/4 inches and also won the shotput, high jump and high hurdles. Frosh competing for their various fraternities scored clean sweeps in the high hurdles, relay, pole vault and low hurdles, and took most of the places in the broad jump, shotput, 100 and 220 yard dashes, high jump and javelin.

The following week the yearling tracksters won over Reno and Yerington high schools by a score of 76-24-25. The frosh took 12 out of a possible 14 first places. Haman, Smith and Smalley showed up especially well in the weights. Mangum, Richards, Sagerbloom and Robb accounted for a majority of their team's points.

Last Saturday the freshmen closed their season with a win over three high school track teams. Zadow, Warren and Maule were outstanding in the hurdle events, while Haman ran up a large personal score in several events.

Michigan State College is considering a football course for men and women.

Fresnan Breaks High Jump Mark

Walter Martie Boosts Own Record in Dual Meet With Stanford

Walter Martie, Fresno State, broke his own world record in the high jump Saturday in a dual track and field meet between Stanford and Fresno State college. Stanford won the meet handsly 76 to 53. Martie easily surpassed his former record of 6 feet 8 1/4 inches with a jump of 6 feet 9 1/4 inches. The meet was witnessed by A.A.U. officials.

The other notable event which happened in the course of the meet was the injury which befell Captain "Gus" Meier of Stanford. Meier, who is the intercollegiate high hurdles champion, stumbled while running the low hurdles and broke his arm. Doctors say he will not be able to compete in the Stanford-U.S.C. meet, but may recover in time for the national collegiates, which will be held in June.

Good times were made in the distances, particularly in the 880, in which "Chuck" Nimmo (S.) was beaten by Elroy Robinson (F.) in the fast time of 1:54.1. Johnny Lyman (S.) did not repeat his performance of two weeks ago in the shotput, although he did take two firsts in the shot and discus.

The other track meet held on the coast, between San Jose State and Chico State, resulted in San Jose winning 77 2-3 to 53 1-3. Salvato (S.J.) won the 100 and 220 in the times of 9.6 and 21.6.

Be proud of your university.

JOHNNY

San Jose Points For Conference Cinder Carnival

Thirteen High Schools Are Expected to Enter Men In Contests

SAN JOSE, May 4.—Standing a good chance to cop first honors in the annual Far Western conference track and field meet, a squad of some twenty Spartans, headed by Coach Erwin Blesh, will invade Sacramento Saturday to vie with the thinclads of the five other conference colleges.

San Jose's chief threat for supremacy will stand in the sprints, broad jump and discus. The Spartans lost to the strong Fresno aggregation in a dual meet two weeks back and downed the Chico Staters last Saturday. Fresno has a better balanced all around team but San Jose hopes to win on the strength of its probable first place winners.

Captain Lou Salvato, who bettered Kiesel's times on the morning of the big meet at Stanford, is almost a certainty to win both the century and furlong. Doug Taylor, his teammate, has been only scant feet behind Salvato in both these races, so there is a possibility that the Spartans may take one-two in the dashes.

Taylor also looms as the probable winner of the broad jump, having gone through the ozone 24 feet 5 inches already this season. With "Dee" Sheh-tanian and Burt Watson to aid Taylor in this event, San Jose may take two or more places in the pit-spanning joust.

John Harlan is studying law at the Boalt hall of law, University of California. He is a graduate with the class of 1932 and is affiliated with the Lambda Chi fraternity.

Hold Annual Meet On Mackay Field

Western Nevada High School Track Meet Will Take Place Tomorrow

The Western Nevada High school track meet will take place tomorrow on Mackay field. Because of the number of schools entered, preliminary run-offs will take place at 10 o'clock in the morning. The regular meet will begin at 1:30.

Thirteen schools have been invited to participate, although it is expected that several of the smaller ones will not send teams.

Invitations were sent to Sparks, Reno, Carson, Dayton, Stewart, Gardnerville, Wellington, Yerington, Hawthorne, Wadsworth, Fernley, Virginia City and Winnemucca.

Competition should be exceedingly close, with Reno, Sparks and Yerington battling for first honors. There is little to choose between these three as in previous meets this year they have been running neck and neck.

Reno High school is exceptionally strong in the distance runs and should garner most of their points in these events. They are also strong in the

Fresno Chances For Win in Meet Tomorrow Strong

Walter Martie Leads Bulldog Team in Far Western Conference

FRESNO, May 4.—Highly pleased

440 and the discus.

Sparks has a more evenly balanced team. The 100 and 220 yard dashes, hurdles and the pole vault are events in which they are certain to place.

Yerington should have little trouble in winning the high jump and the javelin. They are strong in the distance runs, pole vault and the hurdles.

A trophy will be awarded to the winner of the meet. Ribbons will be presented to men placing in the events.

with the showing of his men against Stanford last Saturday, Coach Flint Hamner is pointing his Fresno State college Bulldogs for the Far Western conference meet in Sacramento tomorrow.

Headed by Walt Martie's record breaking jump of 6 feet 9 1/4 inches, the Fresnoans took seven first places from the Indians, piling up a total of 53 points to 77 for the Palo Altans. Elroy Robinson cinched his claim as the best collegiate half-miler on the coast by finishing ten yards ahead of Stanford's Nimmo in the fast time of 1:54.1. He should have no trouble in the conference meet.

Other Bulldogs who seem certain of conference victories include Bob Harris, who ran 43.3 in the 440 to take second to Blackman of Stanford; Glenn Hotchkiss, who coasted along with a bad foot to win the mile in 4:35; John Hickey, who won the two-mile by 100 yards over Stanford's Azevedo, and Darrel White, who consistently heaves the javelin between 190 and 200 feet.

The Fresnoans will be favored to capture the conference crown for the third straight year, San Jose State being the only school given a chance to upset the dope.

ARE YOU A KEY JUGGLER?

JANGLER NERVES

Watch out for the signs of jangled nerves

You've noticed other people's nervous habits—and wondered probably why such people didn't learn to control themselves.

But have you ever stopped to think that you, too, may have habits just as irritating to other people as those of the key juggler or coin jingler are to you? And more important than that, those habits are a sign of jangled nerves. And jangled nerves are the signal to stop and check up on yourself.

Get enough sleep—fresh air—recreation—and watch your smoking. Remember, you can smoke as many Camels as you want. Their costlier tobaccos never jangle the nerves.

32 Engineering Students Enroll Names on Plaque

College of Engineering Has Largest Graduating Class in Several Years

Comprising one of the largest graduating classes in the history of the university, thirty-two engineering students will have their names engraved on the bronze plate which will soon be completed by the mechanical engineers and placed on the wooden bench in front of the Electrical building. The only larger class was in 1928, when the department graduated thirty-eight students.

The practice of placing the names of all the graduating engineers on the bench was started back in 1925, when the class of that year burned their names in the wood. Since that time, however, all of the classes have followed the present practice of using a bronze plate.

The following students make up this year's graduating engineers:

Mechanical—John C. Bryan, Fred Feutsch, Robert Horschman, Thomas Kachos, Paul Nichols, Jack Reed and Cecil Stowell.

Mining—Samuel Arentz, Max Crowell, Lionel Grindell and Harold Willard.

Civil—Cleto Bengoa, Robert Leighton, George Schilling, Jack Smith, Fred Needham, and Winston Somerville.

Electrical—Robert Anderson, William Beemer, William Best, John Chism, Ervin Christensen, John De Kinder, Lino Del Grande, Louis Dellamonica, Paul Fontana, Angelo Granata, Howard Hart, Paul Hartman, Dan Harvey, James McKenzie and Odd Oteraaen.

DRAMATIC STUDENTS COACH SHORT PLAYS

A small audience witnessed the performance Wednesday evening of four one act plays presented by the play productions class of the University of Nevada.

The plays were directed by Katherine Slavin, Mary McCulloch, Blanche Lucas and Marjorie Mullen and were entirely under their supervision.

This presentation is an annual presentation of the play production class, which is under the supervision of Wm. C. Miller, dramatic coach.

Engineering Honorary Will Banquet Tonight

Honoring the members who have been elected during the last year, Nu Eta Epsilon, honorary engineering society, will hold its annual banquet tonight in the Rosebud on South Virginia street at 6:15, it was announced by Paul Hartman, president of the group.

The members elected this year are Robert Leighton, Paul Fontana, Howard Hart, Louis Dellamonica, Merle Aatcheson, Ben Sheehan and James Crawford.

DRAMATIC GROUP BIDS NEW MEMBERS

Election and initiation of four new members of Mask and Dagger, highest dramatic honorary group on the campus, was held this week, following the close of the dramatic season.

Grace Semenza, Ray Frohlich, Tom Morris and Ernest Mack were elected and initiated at a formal dinner held at the El Cortez hotel Tuesday evening.

Honorary Board Makes Annual Visit on May 11

The honorary board of visitors of the University of Nevada, which is appointed every two years by the governor of the state, will make its annual visit to the university on Friday, May 11, according to Miss C. M. Beckwith, secretary to the president.

The committee is appointed each two years to serve for two successive terms. They visit the university every year in commencement week. This year they will arrive on Friday and stay until after commencement.

Get Together Dance Committee Appointed

A committee to take charge of the Blue Key get together dance at the beginning of the fall semester was appointed today by Ed Martinez, president of the honorary service organization. The committee is composed of William McMenamin, chairman, Charles Worn, Gary Callahan, William Gelder and Frandsen Loomis.

Band Society Elects Rivers to Presidency

At the dinner held by Nevada Kappa Kappa Psi members, given at the Toscano hotel Tuesday, Kistler Rivers of Reno was installed as president.

Other news officers who were installed were: Tom Morris, vice president; Morgan Mills, secretary; Prof. T. H. Post, treasurer, and Robert Baum, chapter editor.

FULTON RETURNS

John A. Fulton, director of the Mackay school of mines, returned this week from Fort Worth, Texas, where he testified in a federal mining fraud case.

Curran Released From Hospital

Injured Student Recovering At Home; Will Not Return This Semester

Harold Curran, senior student of the University of Nevada who was seriously injured in a baseball game on the university field recently, returned to his home yesterday well on the road to recovery.

Curran was scheduled to graduate with the present senior class a week from Monday but he will not be able to return to classes before the end of the semester.

Curran suffered an intestinal rupture when a belt buckle was driven into his stomach by another player who had jumped in the air to catch a fly ball.

Extra Artemisias Put Up for Sale

One hundred extra copies of the 1933-34 Artemisia will be placed on sale at \$3 apiece at the beginning of next week, it was announced today by Robert Creps, editor, and Donald Brown, business manager.

The copies which will be sold may be obtained at the Artemisia office in the A.S.U.N. building or in the office of the graduate manager. Creps stated that those who wish to obtain copies of the book should apply for them early since the number on hand is limited.

Social Calendar

Friday, May 4—Gamma Phi Beta formal; Kappa Alpha Theta formal.

Saturday, May 5—Tea, 4 to 6, for senior women given by American Association of University Women; Phi Sigma Kappa; Delta Delta Delta formal.

Sunday, May 6—Conclusion of Music week.

NOTICES

Graduating students will assemble at Morrill hall by 9:45 a. m. for baccalaureate services on Sunday, May 13, and at 9:45 a. m. on Monday, May 14, for commencement exercises. Tickets for reserved section for members of families of graduating students may be obtained from the office of the president beginning Monday, May 7. Owing to limited space in the gymnasium only two tickets can be allowed each graduating student.

KATHRYN MARTIN IMPROVES

Kathryn Martin, senior student of the university, is in St. Mary's hospital recovering from an appendicitis operation. She is rapidly returning to health.

Officers Selected By Campus Groups For Coming Year

Most of Elections Complete As End of Semester Draws Near

With the end of the semester near, campus organizations ended the regular work of the term with final meetings at which they elected officers for the coming year. Most of the campus organizations have devoted this week to the election of officers.

The Sun Downers have selected Steve Cornish as chief for 1934-35. Eddie Olsen is vice president and J. D. Stephens is secretary and treasurer.

Mask and Dagger officers for the coming year are: Herbert Peck, president, and Grace Semenza, secretary and treasurer.

Omega Mu Iota last week selected Max Kepl president, Lynn Gerow vice president and Helen Records as secretary and treasurer.

Ernest Mack is the new president of Campus Players. Helene Per Lee is vice president, Helen Lewis treasurer and Grace Semenza secretary.

Victor Carroll has been named president of Coffin and Keys, Bud Loomis vice president and Angelo Urrutia treasurer.

The Associated Engineers have named Ben Sheehan president, Nell Plath vice president and Donald Odell secretary and treasurer.

Donald Odell has been elected mayor of Lincoln hall, Tom Morris secretary, Robert Best treasurer and Alson Gibson, custodian.

Last week the following organizations elected officers:

Blue Key—Edwin Martinez, president; Elmer Hawkins, vice president; Robert Creps, treasurer; Herbert Peck, secretary.

Manzanita Hall association—Emma Aznarez, president; June McGuire, vice president; Opal Harvey, treasurer; Jean Cameron, secretary.

Gothic N—Ruby Hoskins, president; Elizabeth Frey, vice president; Dorothy Gordon, secretary and treasurer.

Chemistry club—Dino Barengo, president; Melvin Ruedy, vice president; Joe Winters, treasurer; Betty Bowman, secretary.

Men outnumber the women in the cooking classes at Michigan State.

PHI SIGMA KAPPA FRAT MEN ARE QUARANTINED IN HOUSE

Henry Smith Stricken with Scarlet Fever; Members Are Trapped with College Work to Do

With one member in the hospital and twelve members of Phi Sigma Kappa fraternity under observation for scarlet fever, the fraternity house, located at 737 Lake street, was quarantined Monday night for an indefinite period.

Henry Smith, junior engineering student, was taken ill last week and transferred to the Washoe County hospital, where physicians discovered that he had scarlet fever, and promptly put the Phi Sigma Kappa house under quarantine. His condition was described this week by Dr. Dwight L. Hood, attending physician, as improving although he had a high fever.

Resident members of the house were examined by Dr. Hood, and although no new cases were discovered several men were confined to their rooms pending further investigation. How long the quarantine would continue was not known because of the possibility of a new outbreak and Dr. Hood's opinion was that it might be anywhere from one to several weeks before members could be released. Dr. Hood said that the course of scarlet fever sometimes runs about eight days, but a complete quarantine would be about six weeks in length.

Interviewed this week over the telephone, Forrest "Dusty" Rhodes, vice president of Phi Sigma Kappa, said that the quarantined men were studying for finals and working on papers although they had no idea when they would be allowed to attend classes. In the event that they were released sooner than anticipated, he said that all papers and belongings would have to be fumigated.

Questioned as to whether Ross Hart, who last week broke Nevada's broad jump record, would be able to attend the Far Western conference track meet on Saturday at Sacramento, Rhodes said that he could give no definite information.

President W. E. Clark and professors, approached as to the status of graduating seniors among those quarantined, said that until the length of the siege was known that no provisions could be made, but that if they should be released this week final examination work could be finished. Beyond that, in the opinion of Maxwell Adams, dean of the university, the professors probably would make their own decisions.

Last reports from the Phi Sigma Kappa house were that the members were enjoying a little more sleep than usual but that the tedium was growing irksome, especially with the end of the semester in view. Communication with the outside world is the main need at present, Rhodes said.

Those incarcerated are Floyd Holt, George Hadlen, Frank Buru, John Stock, Robert Maher, Marvin Turner, Thomas Trythall, Fred Foster, William Hammond, Gordon Myles, Ross Hart and Forrest Rhodes.

ALUMNI TEACHING
Violet Rebaleati, who has been teaching music in the Battle Mountain grammar school, has been appointed English and dramatic teacher at White Pine County High school in Ely, under Benjamin W. Wheatly. Miss Rebaleati attended the University of Nevada for a semester last year as a graduate student and was a member of Kappa Alpha Theta sorority.

Bulletin Features Important Changes

Master Requirements Altered; New Committee Heads Are Noted

Incorporating several important changes, the University of Nevada Bulletin for the years 1934-1935 has been released from the state printer's office, it was announced this week.

The new requirements for a master's degree which were decided upon by the faculty last winter are listed in the catalog and constitute the most important alteration in the bulletin.

Changes in committee heads and chairman are also noted in the 1934-35 bulletin. Paul A. Harwood replaces R. C. Thompson as chairman of the athletic committee, while A. L. Higginbotham has retired in favor of Irving J. Sandorf as head of the committee on lectures and assemblies.

The new bulletins are not at present available to students, it was learned at the registrar's office.

CHURCH LECTURES

Dr. J. E. Church, University of Nevada professor, will present an illustrated talk on "Greenland" at the Sparks Parent-Teachers' association meeting tonight at 8 o'clock.

Kappa Kappa Psi Elects Officers

New officers of Kappa Kappa Psi, national honorary band organization, were elected and installed Tuesday evening at a meeting and banquet of the group given at the Toscano hotel.

New officers, who will serve at the opening of the fall semester, are: Kistler Rivers, president; Tom Morris, vice president; Morgan Mills, secretary; Professor T. H. Post, band director; treasurer, Robert Baum, chapter editor.

Regular members of the chapter who were present were Fred Nagel and Herbert Veck, former presidents, and Darrel Cain, William Durbrow and Murray English.

The way tobacco is cut has a lot to do with the way Chesterfield burns and tastes

There are many different ways of cutting tobacco. A long time ago, it used to be cut on what was known as a Pease Cutter, but this darkened the tobacco, and it was not uniform. The cutters today are the most improved, modern, up-to-the-minute type. They cut uniformly, and cut in long shreds. The tobacco in Chesterfield is cut right—you can judge for yourself how Chesterfields burn and how they taste.

Everything that science knows is used to make Chesterfield the cigarette that's milder... the cigarette that tastes better.

Chesterfield

the cigarette that's MILDER
the cigarette that TASTES BETTER
