

# Social Calendar For Spring Term Is Now Complete

Meeting with Dean of Women Margaret E. Mack in the Agriculture building Tuesday afternoon, representatives from campus social organizations and activities drew up the social calendar for the present semester.

To all appearances the spring term will be a busy one from the social standpoint as nearly every available date has been reserved, in many cases by as many as three groups. The schedule follows:

**JANUARY**  
Fri. 18—Basketball — Chico State Teachers College at U. N. Open.  
Sat. 19—B. B. —Chico at U. N. Open.  
Fri. 25—B. B. San Jose at S. J. Alpha Tau Omega  
Sigma Phi Sigma.  
Delta Delta Delta.  
Sat. 26—B. B. San Jose at S. J. Sagens and Sagers.

**FEBRUARY**  
Fri. 1—B. B. Fresno State Teachers at U. N.  
Lambda Chi Alpha  
Sigma Alpha Epsilon.  
Kappa Alpha Theta.  
Sat. 2—B. B. Fresno at U. N. Newman Club.  
Sigma Phi Sigma.

Tues. 5—B. B. House of David at U. N.  
Fri. 8—B. B. College of Pacific at Stockton.  
Beta Kappa.  
Manzanita Association.  
Sat. 9—B. B. College of Pacific at Stockton.  
Frosh Glee.  
Thurs. 14—Play.

Fri. 15—B. B. St. Mary's at U. N. Pi Beta Phi.  
Gamma Phi Beta.  
Delta Delta Delta.  
Sat. 16—B. B. St. Mary's at U. N. Fri. 22—B. B. California Aggies at Davis.  
Beta Sigma Omicron.  
Lincoln Hall Association.  
Alpha Tau Omega.

Sat. 23—B. B. Calif. Aggies at Davis.  
Military Ball.  
Tues. 26—Play.  
Wed. 27—Play.  
Thurs. 28—Play.

**MARCH**  
Fri. 1—Sigma Phi Sigma.  
Sat. 2—Sigma Alpha Epsilon.  
Fri. 8—Beta Kappa.  
Kappa Alpha Theta.  
Sat. 9—Press Club.  
Thurs. 14—Play.  
Fri. 15—Gamma Phi Beta.  
Beta Sigma Omicron.  
Lincoln Hall Association.  
Sat. 16—Lambda Chi Alpha.  
Fri. 22—Pi Beta Phi.  
Delta Delta Delta.  
Sat. 23—Open.  
Fri. 29—Alpha Tau Omega.  
Manzanita Association.  
Sat. 30—Mackay Day.

**APRIL**  
Tues. 2—Play.  
Wed. 3—Play.  
Thurs. 4—Play.  
Fri. 5—Kappa Alpha Theta.  
Beta Kappa Formal.  
Beta Sigma Omicron Formal.  
Sigma Phi Sigma Formal.  
Sat. 6—Lambda Chi Alpha Formal.  
Sigma Alpha Epsilon Formal.  
Fri. 12—Pi Beta Phi Formal.  
Gamma Phi Beta.  
Lincoln Hall Association Formal.  
Sat. 13—Campus Players.  
Fri. 19—Easter Vacation.  
Sat. 20—Easter Vacation.  
Fri. 26—Manzanita Association Formal.  
Alpha Tau Omega Formal.  
Sat. 27—Spring Festival.  
Delta Delta Delta Formal.  
Tues. 30—Play.

**MAY**  
Fri. 3—Kappa Alpha, Theta Formal.  
Beta Sigma Omicron.  
Sat. 4—Open.  
Fri. 10—Senior Ball.  
Sat. 11—Beta Kappa.  
Phi Kappa Phi Banquet.  
Sun. 12—Baccalaureate.  
Mon. 13—Graduation.

**ENGINEERING HIGHLIGHTS**  
Max Crowell '34 is now working as an assistant to Murl Schrock '26 in Paracole Camorines Norte, Philippine Islands, Professor Carpenter has been informed.  
Schrock and Crowell have charge of opening a new gold mine in typical tropical jungle country.

It is expected that a new man will be elected to replace Lawrence Kearney, chairman of the student branch of the American Society of Mechanical Engineers, who did not return to school.

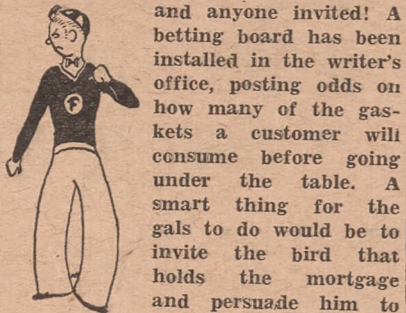

W. C. Smith, prominent engineer of the General Electric company of San Francisco, was the main speaker at the meeting of the student branch of the American Institute of Electrical Engineers held last Wednesday evening.

Bob Anderson '34 and Paul Fontana '34, who for a short time were stationed at Randolph Field, are now employed at the agricultural experiment station.

Robert Smith, star end of the frosh football team, plans to spend the week-end with his mother in Carson City.

The eyes of the campus are turned to the Pi Phi house in anticipation of the gormandizing spree advertised for Sunday morning, Fancy—all the waffles you can eat for thirty-five cents and anyone invited! A betting board has been installed in the writer's office, posting odds on how many of the gaskets a customer will consume before going under the table. A smart thing for the gals to do would be to invite the bird that holds the mortgage and persuade him to eat one. Then their troubles would be over (if he's dumb enough to fall for the gag). Anyway, we have gone to no small expense to take an advance snap of one of the customers in the act of sampling one of the man-hole covers—the lad pulled out all his bridge work just after the foto was taken.

A laff is handed the campus at the swift action of sly Fred MacHartman. The story is something like this: 1. Fred hangs pin on gal at C. O. P. 2. Signatures find him out and demand cigars and candy. 3. Hero stymies them and a week later has his pin back—There's a MAN for you.

Breaking into the limelite again is Bill McMooch McMenam who, when short pay for a coke at Margaret Burnham's, with certain of his cohorts, donned apron and cap and dove for pearls for an hour or so. Ah, the irony of it all.

A wall arises from the Gamma Phi house that none of the contents of this weekly offering are digestible. They complain that nobody knows what it's all about. And yet if we told the customers about such things as Muffin Worries, we'd be accused of senility.

Here is a sample of Chi Delta Phi poetry that won the box of saddle soap offered for the last contest: "Old Mother Hubbard Went to the cupboard To get her poor dog a bone—When she got there The cupboard was bare So Rover said: "What kind of a dump is this, anyway?" The foto is of Mother Hubbard in her new slacks.

A touching scene was enacted in the gymnasium Monday afternoon when cameraman Ned More-

Gilbert Matthews, a mining engineering graduate in 1932, who for the past four years has been employed as bus driver for the Nevada Transit company between Reno and Sparks, left last week for Virginia City, where he will be employed as assayer for a Virginia City milling company.

Mrs. Matthews, formerly Katherine Nason, also a one time University of Nevada student, is remaining in Sparks for a short time before accompanying her husband to Virginia City.

house and his henchman Bob Creps lined out Doc Martie's minions of the court for their Artemisia photographs. The sincerity with which the lads clutched basketballs, gazed rapturously into space and puffed out chests suggested nothing so much as a flock of pouter pigeons giving imitations of the real McCoy. Tapogna and Glusovich—ah here are two subjects for a photographers window. Sigh, sigh!

Charlie Nichols of the R.O.T.C. foot cavalry just poked his head in the door and said that all that is holding up the military ball is the fact that his new boots haven't arrived yet. Well, it is a large enough subject to merit the delay at that—however, Charlie said that the gondola in which the new sabots are coming has passed Denver, so everything looks okay.

He of the thespian tribe, Bill Miller, announces that "The Tavern" will be presented as the Hill's next thriller. Boy, oh, boy, he sure won't have to look hard for material to cast in his roles. Who doesn't know all about the Tavern, anyway?

Our idea of the two nattiest (typographical error) people on the campus is the Rhodes - Arentz combination. When the mad farmer gets those arms flailing and Rhodes gets that antiquated wit going there's no telling what will happen. The picture shows them in one of their more serious moments.

A collection of 30 news stories, taken from newspapers of Utah, Nevada, and parts of California, were sent by Prof. A. L. Higginbotham, head of the course in journalism, to the editor in chief of News Stories of 1934. The items will be considered for publication in that book, of which Higginbotham is one of the editors.

Under the editorship of Frank Luther Mott of the State University of Iowa, with the assistance of twenty-seven cooperating editors throughout the country, the volume was first printed last year under the title News Stories of 1933. It is the intention of the editors that the best stories written each year will be published in the volume of that year.

"The collection I sent in this year are far better stories than submitted last year for the 1933 edition of the book," Higginbotham stated.

# Names of Activity Heads Are Listed

**A. S. U. N. Officers**  
President—James Cazier.  
A.W.S. president—Nell Lozano.  
Graduate manager—Joe McDonnell.  
**Class Managers**  
Senior—Paul Turner.  
Junior—Jack Hughes.  
Sophomore—Bill Horgan.  
Freshman—Kenneth Powell.

**Sagebrush**  
Editor—Forrest Bibb.  
Business manager—LaRue Stark.  
**Artemisia**  
Editor—Ned Morehouse.  
Business manager—Angelo Urrutia.

**Fraternity Presidents**  
Alpha Tau Omega—Brooks Park.  
Beta Kappa—Robert Butler.  
Delta Sigma Lambda—Grant Rice.  
Sigma Alpha Epsilon—John Sullivan.  
Phi Sigma Kappa—George Southworth.  
Lambda Chi Alpha—Fred Tong.  
Sigma Phi Sigma—John Franklin.  
Sigma Nu—Edgar Olson.  
Lincoln Hall—Donald Odell.  
Independents—Elwin Jeffers.

**Sorority Presidents**  
Pi Beta Phi—Grace Semenza.  
Gamma Phi Beta—Dorothy Nason.  
Delta Delta Delta—Elva Neddendriep.  
Kappa Alpha Theta—Cornelia Arntzen.  
Beta Sigma Omicron—Mary Swett.  
Alpha Delta Theta—Juana Barber.  
Manzanita Hall—Emma Aznarez.

**Activity Heads**  
Home Ec club—Kathryn Nichols.  
Crucible club—Carleton McCulloch.  
Nu Eta Epsilon—Jim Crawford.  
Y.W.C.A.—Betty Howell.  
Blue Key—Edwin Martinez.  
Sagers—Forrest Bibb.  
Sagens—Sallie Fagan.  
Coffin and Keys—Forrest Bibb.  
Sundowners—Edgar Olson.  
Masque and Dagger—Ray Frohlich.  
Omega Mu Iota—Max Kepl.  
Campus Players—Darrell Berry.  
Associated Engineers—Ben Sheahan.

Gothic N—Blanche Keegan.  
Chem club—Dino Barengo.  
Press club—Merle Acheson.  
Aggie club—Paul Walker.  
Phi Kappa Phi—John Fulton.  
Civil Engineers—Henry Smith.  
Electrical Engineers—Donald Odell.  
Mechanical Engineers—To be elected.  
Faculty club—Mrs. F. C. Murgot-ten.  
Scabbard and Blade—Wendell Duplantis.  
Cap and Scroll—Sarah Graves.  
Chi Delta Phi—Inez Macgillivray.  
Kappa Kappa Psi—Kistler Rivers.  
Fine Arts group—Virginia Murgot-ten.  
Block N—Tom Oashill.  
Band—Ellis Ceander.  
Normal club—Margaret Bagley.  
Interfraternity council—Forrest Rhodes.  
Pan-Hellenic council—Grace Semenza.

# Artemisia Manager Issues Ultimatum To Campus Groups

Because they have not signified their intention of buying a panel in the 1935 Artemisia, several campus organizations may be omitted in this year's edition, according to Angelo Urrutia, yearbook business manager.

"All were notified last semester that the initial deposit was due before the end of the semester, but several have not yet made their token payments," Urrutia said.

February 1 has been set as the deadline, and any organization not making the first deposit before that date will be dropped, Urrutia declared.

Unpaid balances are due March 1. To avoid misunderstanding, the Artemisia will announce next month a list of the groups that have not met the requirements, the business manager said.

**Omega Mu Iota Will Initiate**

Omega Mu Iota, campus pre-medical society, will hold its formal initiation next Friday, Max Kepl, president of the organization, announced today.

Fifteen members will be brought into the club when the ceremonies take place at midnight in the Aggie building Friday.

At a meeting held last Wednesday letters from former Nevada students now attending medical schools were read. Dr. Fransden read letters from Jack Wright, Dave Clark and others. Plans for a trip to the Nevada state hospital were discussed, and the trip was planned for next month.

Larry Carter, senior student, will visit with Mr. and Mrs. Robert Marean at Fallon over the week-end.

# PROF. EXPLAINS 'VICIOUS CIRCLE' AND MAINTAINS HIS REPUTATION

For alas, these many years, alert students have been on the watch for a professorial blunder, but to date the fountains of wisdom have managed to outwit their critics. At least they have never admitted defeat.

Then imagine the excitement of Brush newshawks when a hot tip was received that finally a prof had committed himself and definite proof of his ghastly slip could be demonstrated.

Discussing the possibility of lighting the campus with the power plant in the electrical engineering laboratory in case the local plant should fail, the prof was reported to have said it could be done.

But the big engine in the laboratory is powered by steam, which in turn depends on an oil burning furnace which is dependent on a motor run by current supplied by the local electrical plant, a "vicious circle" apparently overlooked by the professor.

The writer hastened to investigate, and as might be expected found that the professor had not been trapped. "Certainly it is possible," he said. "In fact, we were once hooked up with the campus lighting system and prepared for just such an emergency."

"However, when the campus grew larger, we gave the plan up as impracticable."

"How would you run the furnace to get up steam for the engine to generate power?" the writer asked. "That is easy," was the reply, "we could burn wood."

And so, fellow students, we must continue the good work and not despair—one of our great-grandchildren may turn the trick and outwit one of the cagy old fellows.

Make this a real Nevada year.

### THE ISSUE MUST BE SETTLED

With the seating of a new senate and appointment of nearly all student committees, the A.S.U.N. is ready to face another semester of student body activity. Whether or not it will have a successful season depends utterly on how quickly the coaching situation, which now wracks the campus, is settled.

It is well known that the campus is divided into two distinct camps, each of which, armed with petitions, is bitterly struggling to accomplish its objective, that of hiring or firing a coach as the case may be. Former friends are now enemies and the smooth functioning of student government is veritably impossible. All other business has been laid aside during this struggle and the former spirit of friendliness, so much a part of this campus, is at extremely low ebb.

While a sluggish senate evaded the issue, the two opposing groups have so carried on the warfare with charges and counter-charges, that members of the coaches' committee which must eventually settle the issue, have refused to vote, pending "investigations." Ample time for such investigations has passed and still the question is undecided, and the student body flounders on. **THE PROBLEM MUST BE SETTLED AT ONCE.**

The Sagebrush stated its views on the situation long ago, and it still believes those views are right. It believes that Mitchell must go, for with the schism which now exists on the campus, Nevada will have no chance for a successful football season next year, if he is retained.

However, whether the coach stays or goes, it is imperative that the coaches' committee meet as quickly as possible to decide this matter, in order that the student body may resume its normal functions, and heal the wounds that have been caused by this conflict. The new senate must expedite this matter.

**THE ISSUE MUST BE SETTLED AT ONCE!**

### WINTER WEATHER

The arrival of real winter weather with the variety of outdoor sports it offers serves as a reminder of the seasonal advantages to be had in Nevada.

Students at this university have the opportunity of enjoying every season in full whereas collegians attending institutions in the southern areas and at sea-level know only a few. There are, no doubt, a great many advantages to living in a constantly temperate climate, but more drastic weather changes are generally conceded to be beneficial.

Nevadans at present are enjoying skiing, tobogganing and other sports of the winter season while their southern cousins are having just weather with no appreciable variation from the usual order. Whatever can be said against winter with its occasional annoyances and hardships, it at least cannot be said to be tedious.

Students should make the most of the winter season and even if they do not engage in the more active winter sports, should drag themselves away from the warm fireside occasionally and really get an idea of the joys the winter season can offer.—G. A.

### FINE ARTS GROUP

Marking the second year of its existence on this campus, the Fine Arts group continues to render a real service to students by offering in its continuous exhibits many enjoyable works of art.

In any progressive civilization, the finer arts have a place of high importance, and any college graduate who is not familiar with some aspect of them cannot properly call himself educated. Painting, etching and general freehand portrayal of ideas is indeed a fascinating subject and one from which people can learn much.

The Fine Arts group has quietly and successfully gone on with its work and, operating on a very small budget, has amply repaid the student body with its services. Many collections of prominent artists have been exhibited, and increasing numbers of visitors have come to see the displays. The group is doing fine work, and deserves all praise for its efforts.

### A FINANCE CHAIRMAN

The re-appointment of Prof. Frederick Wilson as chairman of finance control committee, made last night by the new senate, was indeed a wise action. Wilson has proved himself one of the staunchest friends this student body has, through a trying year of constant service.

Finance control is the most important committee in the

A.S.U.N. government—it is the treasury of undergraduate activity. Through it, all of the numerous student activities must function, and pleasing all of these groups is indeed a hard task. And Wilson has succeeded admirably in this respect. In addition he has, with the aid of graduate manager Joe McDonnell, set aside a reserve fund of two thousand dollars, saved from student body funds, with which to meet emergencies which might face the A.S.U.N. For this wise piece of work, he is indeed to be thanked.

Students are too prone to forget that many faculty members spend many hours of time in their interest, asking no pay and receiving little thanks, for their efforts. Students take for granted these services. It would be well for them to give thanks for having such men as Wilson, to aid them in their government.

## Mid-Term Grads Find Employment

Herbert Peck and Melba Wible, who graduated from the school of education at the close of last semester, have already accepted teaching positions in two Nevada schools.

Peck, who graduated last semester, secured a position on the faculty of Churchill County high school at Fallon, where he will teach commercial courses, dramatics and music. He plans to begin teaching January 21.

Miss Wible has a position teaching in a rural school at Goldfield, situated thirty miles south of Goldfield.

Louise Gastanega, a graduate of 1932, has been appointed an attaché to the state legislature. She will assume her duties at the next session of the legislature.

Other recommendations have been made, but as yet no further appointments have been received at the office of the school of education, Miss Codd, secretary, said today.

## Nevada Graduates Get Scholarships

Miss Doris Conway and Allen Young, both University of Nevada graduates, have been chosen to continue their work at the University of California on FERA scholarship funds, and one other, who has not been named, was chosen to receive a third scholarship. Mrs. Lois Craig, FERA agent, has announced. Miss Conway and Young are now enrolled at the University of California.

These scholarships, which include transportation to and from the college selected by the recipient of the scholarship and \$50 a month while attending college, are awarded by the FERA to graduates who have had at least one year of political science, psychology and political economy. The applicant must be unemployed and have no other opportunity to attend school.

## Concert Date Set For April Tenth

The date for the spring concert of the glee clubs and the University-Community orchestra has been set definitely as Wednesday, April 10, according to Professor Theodore H. Post, head of the department of music. The concert will be given at the Reno Twentieth Century club and is sponsored by that organization.

The feature numbers of the concert will be Wagner's "Tannhauser" and "Ghost Cities," a tone poem written by Professor Post.

## Old Graduate Visits From South Africa

Frank L. Peterson, graduate with the class of 1907, recently arrived in the United States from South Africa to attend an anniversary meeting of the Caterpillar Tractor company in Chicago.

Peterson, who is the Caterpillar representative in South Africa, is a brother-in-law of John A. Fulton, director of the Mackay school of mines.

Patronize Reno merchants.

## Ago This Week—

### FROM THE FILES OF THE 'BRUSH

The young ladies' corps instituted here gave a benefit for the gymnasium fund, taking in several hundred dollars.

The T.H.P.O. organized a lying club on New Year's eve. Officers, by-laws and a constitution were selected. (The T.H.P.O.s. are now the S.A.E.s.)

### THIRTY YEARS

A new library was decided upon, with the site to be directly below the present Lincoln hall on the shore of Manzanita.

Nevada had plans to meet the Stanford debating team annually, it was announced this week.

### TWENTY YEARS

The staff of the Artemisia put on a big social dance. It was planned to be an annual affair.

Prof. J. G. Scroggum left for Carson City to appear as witness in a damage suit.

The Engineers club sponsored a safety conference.

### TEN YEARS

Mrs. Charles Haseman was selected as Pan-Hel lawyer to take bids on bid day.

Cobb Balaam was elected president of Block N and Hans Lohse was elected secretary and treasurer.

The oldest living grad in 1925 is Frank Norcross, who graduated in 1891.

### ONE YEAR

The cast for "Mrs. Bumstead-Leigh" was chosen, with Helen Lewis playing the lead opposite Wayne Kennedy. (Miss Lewis has just returned from the east, where she has been playing the lead in "Midsummer Night's Dream.")

Honorary majors were nominated by the sororities this week for the military ball to be held soon.

## Alumni Magazine Distribution Set For Next Month

The first University of Nevada alumni magazine will probably be ready for distribution by the middle of February, Professor Paul A. Harwood, editor, announced this week.

All copy for the bulletin has been edited by him and was returned to the state printing office Tuesday.

The magazine will be a standard sized university bulletin, probably about 128 pages in length. A few line cuts will be included, but there will be no half-tones, due to the expense of this type of picture, Harwood said.

Twenty-eight hundred copies will be printed, of which 2800 will be mailed to university alumni. Two hundred copies will be distributed among others who are especially interested or connected in some way with the university.

## BOOK SHOP HAS GOOD SEASON

Handling over 170 books with a net profit of \$90, the Y.W.C.A. book shop has had a successful semester in the sale of books to students, it was reported.

The shop will close next week, and all money or books not called for by that time will revert to the Y.W.C.A., attendants said.

Support Brush advertisers.

# Wolf Pack Scores 40 to 31 Victory Over Comstockers

Nevada's varsity basketball team Tuesday wound up the pre-season practice schedule undefeated, trouncing the Virginia City Eagles 40 to 31, in a colorful game.

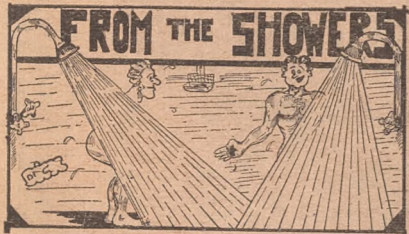

The Comstockers played a slow-breaking attack, relying on continual passing and long shots for their points. The Wolves were puzzled by this type of ball at first, but near the end of the game, Nevada's fast-breaking offense enabled her to forge ahead.

**Tregellis, Gould Star**  
Orv Tregellis, forward for the Pack, proved himself to be a real ball-hawk, outspeeding the big Comstock guards. He was high point man of the evening with 15 points. Mike Gould, center, was a mainstay of the Wolves' attack, chalking up nine points and breaking up many of the Eagles' plays.

The Muckers started out with a rush, and although unfamiliar with the new no-tip-off style of play, maintained a short lead for the first quarter, with the Pack leading by one point at the close of the period. Merv Gallagher was high point man for the visitors with 12 markers.

Lawlor and Gilmartin, former Nevada stars, kept the large crowd amused with clowning, and provided fans with thrills, sinking long shots from the center court. Near the end of the contest, the rapidly-tiring Muckers, who came to Reno after only two practice sessions together, were forced to rely on all their experience to keep up with Nevada's speedy team.

In the last half the varsity moved its forward line of defense further up and succeeded in stopping the Muckers' flashy passing attack.

In tackling the Chico State Wildcats in their opening series of the current basketball season, the Nevada Wolves may find that they have undertaken a little too large an assignment. U.C.L.A. had to go into an overtime period before conquering the Staters in a holiday game, 43 to 41.

Last weekend the Chicotes split a two-game series with the Fresno Bulldogs. Dropping the first game by a narrow count, the northerners staged a sensational reversal of form the second evening to walk away from the rain center boys by a count of 49 to 30.

Gould and Tregellas proved to be a pair of high scorers against the Reno Printers last Saturday evening. In fact, neither of these two boys has been bottled up during early season games. O'Connell, Chico guard who caused Nevada shooters trouble last year, is still in the Chico roster. The Nevada scoring twins will have a few uneasy moments hitting the hoop with this man and his 6 foot 3 inch running mate, Wallace Campbell, moving about.

Harry Lewis, a freshman from Oakland, is proving to be the high scoring artist of the Chico team. Over at the other forward spot will be Ernie Lambrecht, considered one of the best shots in the conference for the past two years.

Remember the name, Jenks of Chico? This Jenks is a young fellow who ran wild against the Wolf Pack in their final home football game last fall. He'll be on the floor tonight at a guard position for the invaders.

It won't be long now until track season rolls around. The prospects for one of the best teams in years were dealt a severe blow when Dick Haman left school, but there still remain a dozen or two men who may account for a good many points.

## HANDBALL TO BEGIN

### A.T.O. Leads Greeks in Race for Athletic Supremacy as Spring Semester Program Starts

With a close three-cornered race between A. T. O., Sigma Nu, and Lambda Chi Alpha for interfraternity sports supremacy in view, the Greeks will resume their wars early next week when the handball playoff is scheduled to open the spring season.

Representatives of the several tongs will assemble in J. E. (Doc) Martie's office today to draw contest dates, and the first clash will probably be set for Tuesday, January 22.

**A. T. O. Leads**  
Official compilation of last semester's standings give A. T. O. the lead, with Sigma Nu and Lambda Chi Alpha in position to forge ahead of the Taumen in the struggle for the victory cup.

Total points amassed in the four fall sports, tennis, volleyball, cross country run, and basketball, are as follows: Alpha Tau Omega 225, Sigma Nu 171, Lambda Chi Alpha 130.5, Sigma Phi Sigma 91.25, Lincoln Hall 30.625, Phi Sigma Kappa 27.375, Sig-

## Nevada Defeats Printers, 42 - 40, In Fast Contest

Exhibiting a type of play that surprised the spectators, the Nevada Wolf Pack basketball five nosed out a 42 to 40 victory over the Reno Printing company's Bearcats in an overtime period last Saturday evening on the university court.

**New Rule Helps**  
The Printers, rated as one of the outstanding club quintets in the state, were obviously bewildered by the fast breaking offense of the Wolves, who have had considerable training in the new ruling which eliminates the center jump.

The margin of difference in the score throughout the contest was never greater than 5 points. Orv Tregellas, sharpshooting little Wolf forward, opened the evening's festivities with a close undershot.

**Phillips Ties Score**  
With the local commercial team leading by 2 points in the closing seconds of the regular playing time, Clayton Phillips, Wolf guard, sunk one from far out on the court which knotted the count at 36 all and sent the game into an overtime period.

Three field goals scored by the Nevadans in rapid succession totaled enough points to stave off the closing rush of the Printers, who accounted for a pair of field goals in the extra five minute period of play.

**Gould Stars**  
On the offensive side of the argument for the varsity, Mike Gould and Orv Tregellas played sparkling ball to score all but 11 of their team's points and prove themselves the mainstays of the Nevada team. Clayton Phillips turned in a credible performance for the little experience he has had at the guard position. Martie used ten of the twelve men on his squad during the course of the game.

For the invaders, "Spot" Ayers and Dennis Hill, former Reno High school stars, played heads-up ball to account for a majority of their team's counters. Carroll, Guffrey and Lansdon, all ex-university hoopsters, did most of the visitors' defensive work.

## New U. of N. Sport; Ski Class Formed In P.E. Department

A skiing class, in which P. E. credit will be given, is being tentatively planned by J. E. "Doc" Martie, head of the men's physical education department. Several students signified their desire to form such a class and as a result a group of twelve has been enrolled.

Two Nevada students, Wayne Poulsen and James Crawford, will supervise the new class, both being expert in the sport. Poulsen will give instruction in the fundamentals of jumping and Crawford will teach cross country work.

As yet, no special plans have been made for excursions, but it is expected that Galena Creek, Cisco and other favorable skiing sites will be visited. Martie said that members of the student body not enrolled in the class but interested in the sport will be invited to accompany the class members on the trips. A weekly schedule and plan for the excursions will be posted on the gymnasium bulletin board and regular reports of the class progress will be made.

Martie said that this is not the first time such a course has been offered, one having been given several years ago with much success.

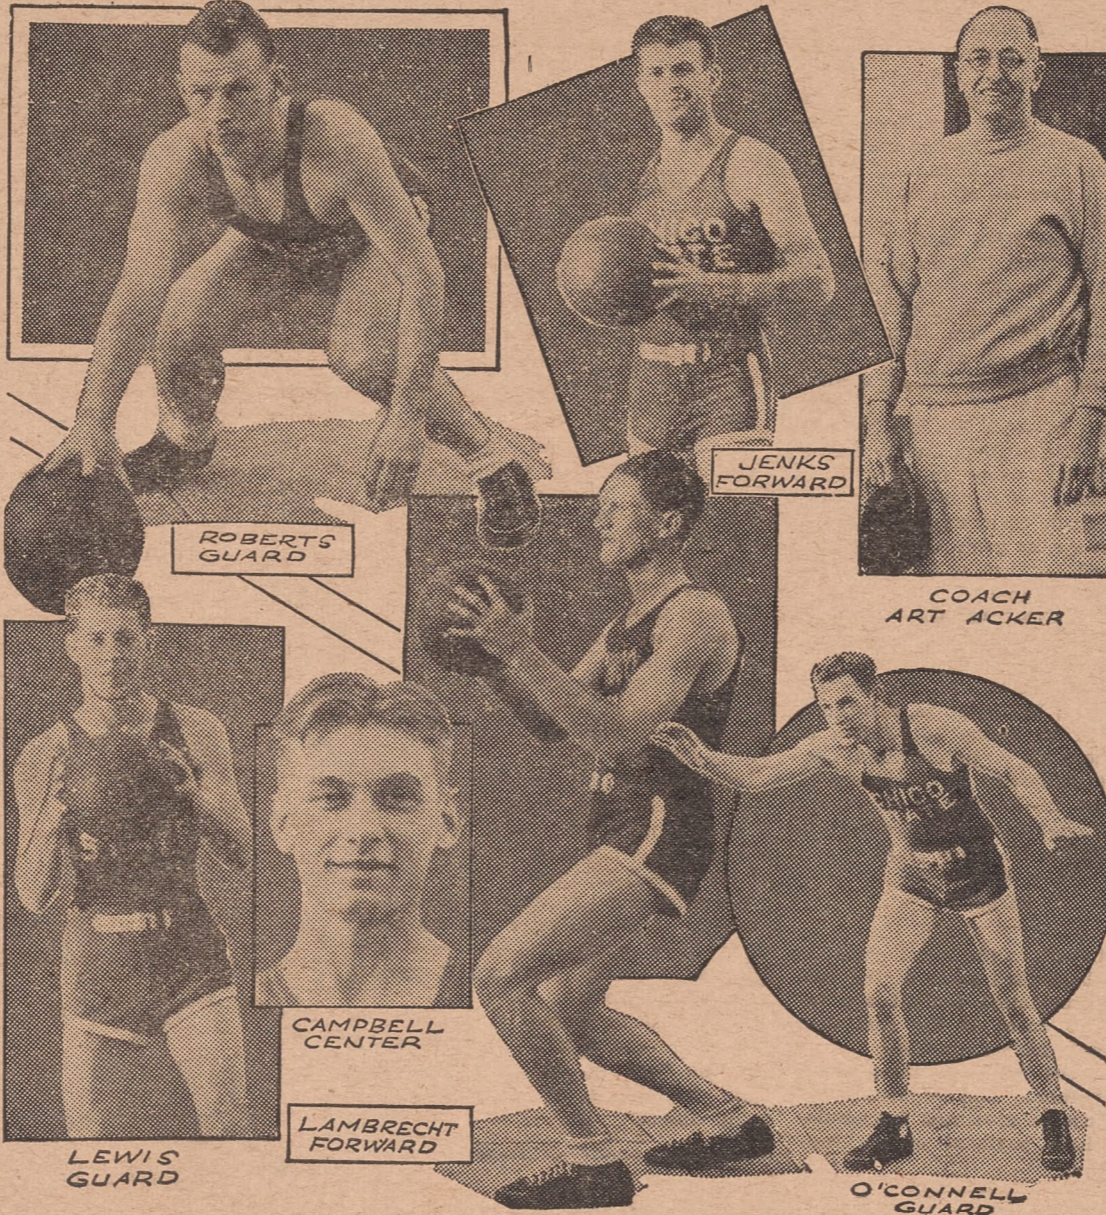

## Military Ball Will Be Held in February

Members of Scabbard and Blade, national military society, are looking forward to the annual military ball, which will be held some time in February, according to Wendell Duplantis, president of the group.

No definite plans have yet been made, but a committee will be appointed soon, he said.

## INVADING WILDCATS AND BOSS

## Publicity Bureau To Handle News Of Basketball

News of the basketball team and plays given during this semester will again be handled by the news bureau, and the signboard on the corner of

Fourth and Virginia streets is being prepared for this purpose.

**Squad Pictures**  
Pictures of the entire basketball squad were taken early this week, and mats and cuts are being made. These will be distributed to state and coast papers as part of the advance publicity for the games.

**Signboard Changed**  
The signboard will be arranged so that the material on it can be changed

from week to week. Lights have been placed on it to illuminate it at night.

With the new movable panels which are being installed each week's games can be advertised during that week.

Creps stated that although no definite arrangement has yet been made, it is hoped that a press bureau representative may accompany the basketball team on out of town games and handle the advance publicity, as was done during the football season.

## Conference Hoop Season Opened by Fresno and Chico

Formally opening the 1935 Far Western conference basketball season, Fresno State college and Chico State college split a two game series held at Fresno last week.

Fresno won the first game by a 39-38 score after a fighting last minute rally by the Chico Wildcats almost swept them to victory.

The second game was won in comparatively easy style by the Wildcats, 49-30.

Chico, with a team built around its veteran center, Lambrecht, displayed a polished quintet and may prove a strong contender for the conference crown.

IF YOU FEEL WORN OUT —

GET A LIFT WITH A CAMEL!

**NEWSPAPER MAN.** Ray Baker says: "Whenever I feel 'all in', I can quickly restore my energy with a Camel. Camels bring back my pep. For over ten years I've preferred Camels. They have a rich, distinctive flavor that suits me."

**SALES MANAGER.** "Long ago," says Louis Bayard, "I learned that by smoking a Camel I could insure myself against the effects of fatigue. I find, too, that smoking as many Camels as I like doesn't affect my nerves."

## ALL TOBACCO MEN KNOW:

"Camels are made from finer, more expensive tobaccos — Turkish and Domestic — than any other popular brand."

## EDWIN BOYD, '35—Engineering Student:

"An engineering field trip is enough to tire out anybody. When I'm lugging a transit and tripod across rough country...taking the hills as they come...fighting through brush and woods...I'll admit I often get tired clear through. No wonder you'll find me smoking a Camel most of the time. For I've learned that a Camel restores my energy—cheers me up—makes the miles ahead seem easier. And why not enjoy a Camel whenever I want one—Camels never get on my nerves!"

# Freshman Cagers Have Clean Slate In Games Played

## A and B Teams Face Heavy Schedule; Undefeated Thus Far

Nevada's freshman basketball teams went through the weekend's scheduled games with a clear record, chalking up four victories.

**Stewart Beaten**  
On Friday night the frosh, showing unexpected power and speed, trounced Stewart Indian school by a 35-17 score. A strong scoring combination, consisting of Don Leighton, brother of the Nevada star of 1934; Sam Stark, all-state player from Reno, and Charley Cavanaugh, former Tonopah star, proved almost invincible. Stark rang up 11 points to take individual scoring honors.

Engblom and Young, guards, and Falconi, forward, also showed up well in the fast contest.

**B Squad Good**  
In the preliminary game, which was faster and rougher than the other game, the freshman B squad beat the Stewart B team by a score of 19 to 9. The Bucks made up in fight and energy what they lacked in polished floorwork and as a result a large number of fouls was called.

"Chet" Scranton's yearlings took the Reno High Huskies into camp Saturday night 29-16. After trailing in the second quarter, the frosh hit their stride, led by Leighton, who was high point man with 10 markers, and supported by the classy forward pair of Stark and Cavanaugh the freshmen easily ran up the score.

**Future Varsity**  
The U. N. frosh B team continued undefeated also by downing the Reno High Bs, 29 to 21. Paul Amarez, guard, was the outstanding player for the yearlings in the two B team games over the weekend. Murphy, Trail, Metten, Leaver and Austin also showed up well, and show promise of developing into future varsity material.

The freshman squad added Yerington high school to its string of victims, by trouncing the prep school cagers 27 to 14, in a preliminary to the Nevada-Virginia City game Tuesday night.

Yerington scored but four points in the first half but made a comeback in the last half to liven up the game. "Chet" Scranton used his entire squad in the contest.

## Stewart Attends Regional Meeting On Agriculture

Dean Robert Stewart, head of the University of Nevada College of Agriculture, returned this week from a far-west regional conference on plant nutrition, held at the University of California at Berkeley.

Work done by the soils department of the Nevada experiment station in connection with the use of new types of fertilizer of organic nature was adopted by the conference as a basis for more extensive investigation of soil problems of interest to the far western region.

## R.O.T.C. Program For Term Light

Major functions of the military department will be few this semester, according to Colonel Brambila, head of the R.O.T.C. department. Inspection of the unit by a qualified officer from the coast, to be selected later, is the only ceremony planned for the spring semester.

The cadet officers for this term will remain the same, the colonel said, and the cadet major of the unit will not be appointed until after mid-semester.

The registration in the regular basic military course has been exceptionally high, exceeding that of any of the previous five years, he said.

## Women's Honorary To Initiate Three

Helene Stark, Grace Semenza, and Elizabeth Frey will be initiated into Cap and Scroll, honorary women's upper-class society, January 23. The initiation, which is to be held at St. Stephen's chapel, will be followed by a formal dinner honoring the new members.

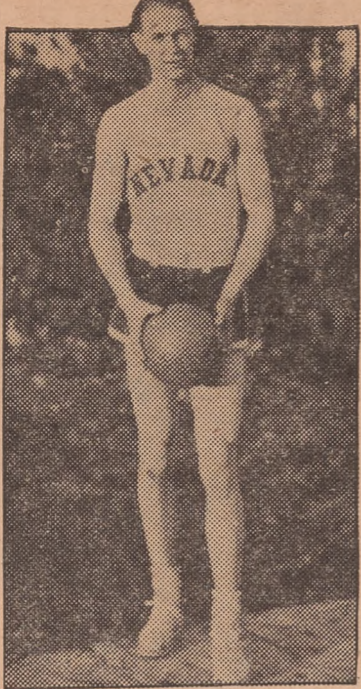

Election to membership in Cap and Scroll, which is usually held in the spring, is occurring earlier this year in order that the senior students, Miss Stark and Miss Semenza, might be initiated. Another election may be held later this semester.

## Engineers Shown Motion Picture

A motion picture explaining the use of the acetylene torch in the welding and cutting of metals, the installation of long transmission pipes for oil and gas, and the development and organization of city and suburban gas systems, was shown to engineering students in the Electrical Engineering building last night.

Arrangements for the showing of the picture was done by Ben Sheahan, president of the Associated Engineers, and it was given on the newly purchased university projector.

## VETERAN CENTER

Mike Gould, star pack center, on whom Wolves pin much of their hope for success in the present hoop season.

## Nonchalance Shown By U. N. Students When Lights Fail

Be nonchalant and light a Fu-mad, we are advised. But how can a person smoke when he finds himself in a spot where it is strictly taboo when he is called upon to manifest that admirable trait known as nonchalance? He'll just have to be un-nonchalant in a case like that, no doubt.

In the Gym and in the Library such is the case. And students assembled in the two buildings Tuesday night had to try and exhibit their possessions of the very admirable trait sans nicotine. About 7:30 the lights went out.

At the basketball game in the Gym, the referee blew his whistle so that no player could make a basket without his seeing it. Some of the students who had chosen to study fumbled and stumbled their way out of the library, muttering, cursing, or giggling.

Maybe something really interesting would have happened, but the lights didn't stay off long enough.

## Campus Players Hold Initiation, Bid Seven More

Edwin Lozano and Guy Morris were formally initiated into membership in Campus Players at a meeting held at the Alpha Tau Omega house, Tuesday evening, and the names of seven prospective members were passed upon, Darrell Berry, president, announced. Plans were also discussed for a dance to be held in the early part of April by the group.

The following students were offered pledgeship in the organization: Maurine Graf, Florence Kirkley, Cornelia Arentz, Griffith Macdonald, Russell Baker, Fred Hartman, and Darrell Cain.

Acceptance of the bids will be made at a meeting at the home of Raymond Frohlich, next Wednesday night.

## New Aggie Course Has Large Scope

Agriculture from its primitive beginnings centuries ago down to its highly specialized form of today is the scope of the first course to be offered in the recently created department of agricultural economics.

Offering embryo farmers everything from production trends in the United States to the relation of agriculture to international trade and taxation, the new course is entitled "Agricultural Economics 52," and will be taught by Professor F. B. Headley of the agricultural experiment station.

Students of agriculture, Headley believes, should have some knowledge of taxation since farming property constitutes the greatest source of taxable wealth in the nation.

Louis Titus, former student, who now holds a master's degree from Cornell university, and Milton Howard, statistician for the station, will assist Headley in teaching the new course.

## Band Will Play At Hoop Games

Scheduled to appear at all of the home basketball games, the university band is preparing for a full semester. Besides the basketball performances, the band will also play during the Mackay day celebration, military inspection and present a concert of semi-classical selections during national Music week to be held later in the semester.

Prof. T. H. Post, director of the band, indicated that, judging from first week enrollment, the band will be larger this semester than that of past spring terms.

Election of a band drum major will be held at an early meeting. Ross Hall, who formerly held this position, has resigned.

Robert Hansen, senior pre-med student, is recovering from the effects of a bad cold.

## Sparks Hoopsters Remain Unbeaten In Prep Tourney

Following three weeks of conference competition for western Nevada prep school basketball, Sparks High's players are well defending the title of state champions. The Railroaders have won three games and lost none so far.

The Carson High quintet forced the Sparks boys to exert themselves when the two teams met. Sparks won in the last minute of play by sinking a field goal and a free throw. Score, Sparks 25, Carson 23.

**Reno High Better**  
The Reno High Huskies have made a better showing this season than last. In their first practice game they beat the Vergilia CCC team 34 to 19, and later took Lovelock 24 to 20. Reno was downed by the fast U. of N. Frosh 31 to 16.

Although Lovelock has lost two conference games to Reno and to Sparks, the score was close in both cases. Showing unexpected strength this year, Lovelock made Sparks fight to win 27 to 23. In a close game with the Stewart Indians, Lovelock won 20 to 18, and lost to Reno 24 to 20.

**Other Games**  
Scores of other western Nevada prep school games follow: Sparks 34, Stewart 31; Gardnerville 20, Fallon 17; Yerington 26, Hawthorne 13; Carson 25 Fallon 16; Fallon 30, Winnemucca 19; Virginia City 31, Dayton 15; Gardnerville 29, Yerington 19; Hawthorne 23, Fernley 8; Hawthorne 17, Dayton 10; Carson 19, Gardnerville 11, and Fallon 19, Lovelock 18.

## NOTICE

All students attending the Chico-Nevada basketball game at the university gymnasium tonight are requested to enter at the east door and occupy seats downstairs. No student will be admitted at the main entrance, and student body cards must be presented for admission without payment of the regular fee.

Margaret Lyon, who has been employed by the Sacramento branch of a telegraph company, has returned to Reno to resume studies at the university.

Feb. 15-16—St. Mary's at Reno.  
Feb. 22-23—California Aggies at Davis.\*

\* Conference games.

## Forrest Rhodes Plans Revision Of Council Laws

### New Constitution Is Planned for Inter-Fraternity Council

A study of constitutions of interfraternity councils of various universities in the country is now being conducted by Forrest Rhodes, president of the Nevada council, which plans to revise its constitution in the near future.

Hoping to make the council stronger and more active, Rhodes is seeking information about methods of organizing such bodies, the powers of councils at other colleges, and general facts on traditions and their enforcement.

The constitution revision committee consisting of Dean Thompson, Forrest Rhodes, Ed Olsen, and Ben Sheahan was appointed at a meeting of the council Monday.

Selecting and awarding of cups for athletics this semester will be the work of a committee composed of Rhodes chairman, Leonard Voorhis and Grant Rice.

Rhodes declared that he would in the future make it a point to collect the fines of one dollar, imposed upon fraternities for representatives being absent.

## Noted Engineer To Speak Here Next Thursday

Said to be one of the world's authorities on hydraulic problems, Fred C. Scooby will make the first address of the year before the Associated Engineering Students and faculty of the University of Nevada next Thursday evening.

The speaker is being presented under the auspices of the student chapter of the American Society of Civil Engineers, and his topic will probably deal with the measurements of the flow of water and various types of conduits.

As senior irrigation engineer for the bureau of agricultural engineering and chairman of the irrigation division of the American Society of Civil Engineers, Scooby has been associated with drainage and irrigation projects in many sections of the country.

Scooby is also the author of numerous articles for technical press journals and has edited several government publications.

## Post Announces Heavy Enrollment In Music Classes

With opening registration far ahead of that of past years, the University-Community orchestra and glee clubs have made plans for a very busy season this spring semester. The principal feature, according to Prof. Theodore H. Post, head of the music department, will be a joint concert during April, probably about a week before Easter.

Featured at the April concert will be a short version of Wagner's "Tannhauser." There will be parts in this for the orchestra, glee clubs and several student soloists. Also to be presented at the concert will be one of Director Post's own compositions.

"Ghost Cities," a tone poem which he recently composed.

Glee club work for the spring semester will consist largely of mixed men's and women's chorus selections, with all work pointing towards the spring concert.

# Did you ever notice..in a roomful of people..the difference between one cigarette and another..and wonder why Chesterfields have such a pleasing aroma

Many things have to do with the aroma of a cigarette... the kind of tobaccos they are made of... the way the tobaccos are blended... the quality of the cigarette paper.

IT takes good things to make good things. Someone said that to get the right aroma in a cigarette, you must have the right quantity of Turkish tobacco—and that's right. But it is also true that you get a pleasing aroma from the home-grown tobaccos... tobaccos filled with Southern Sunshine, sweet and ripe. When these tobaccos are all blended and cross-blended the Chesterfield way, balanced one against the other, you get a flavor and fragrance that's different from other cigarettes.
