

Nominees' Political Platforms

CARL DODGE

Feeling that I am justly qualified for the office of A.S.U.N. president, I am aspiring to that position with a genuine knowledge of what is expected of that office and with the determination to carry out, if elected, the responsibilities of that office in a manner befitting the students and the institution.

I place the institution above any individual or any group on the campus. It has always been my aim to further the interests of the university and the student body, and that shall be my aim in the future.

All student body offices should be filled by candidates elected solely on their merits. The principles for which combines and political affiliations stand are the very principles which tend to undermine the efficiency of student government and destroy the morale and spirit of those governed. The concept of clean government may be Utopian, but it is, none the less, the perfect ideal, and I support means which will attain that end.

In our student government, platforms are difficult to outline. Believing, however, that a candidate should express his opinion on leading issues, I have taken the liberty of enumerating such factors as are of vital interest to everyone, and express here-with my opinions and beliefs relative to them:

1. A.W.S. and W.A.A. Appropriations
The women of the university have decidedly contributed more money to the student body coffers than they have ever taken out. As they present conservative budgets to carry on their activities, I believe in granting them all that they ask for.

2. Minor Activities
In the past the minor activities have been sacrificed at the expense of athletics to a certain extent. If the administration takes over athletics next year, as has been proposed, I believe that the budget allotments to band, debate, and dramatics should be increased to the greatest extent possible.

3. Athletics
Assuming that the administration takes over athletics, I feel that the students should continue to support athletics and do everything possible to further the interests of the student body and the university in this respect. I also believe that we should retain the power to suggest possible athletic policies and activities to the administration. Extra-mural sports should be furthered, with boxing and wrestling advocated.

4. Committee Appointments
Appointments should always be made on the basis of merit and capability. The nominating committee and the senate are and should continue to be, fair minded groups. In representing the students fairly they must continue to act justly—especially in making committee appointments.

5. Traditions
Traditions should not have to be enforced but should be upheld voluntarily by the students. However, when necessity demands, worthwhile traditions should be rigidly enforced.

6. School Spirit
In that school spirit is an element which is handed down from year to year and is dependent solely upon the students themselves, it is imperative that each individual strive to keep school spirit at the highest possible pitch. If clean government is effected—and it can be effected—it should correct the dissention and indifference of the students, for they will automatically sense an air of cooperation which in itself will stimulate school spirit.

Carl Dodge came from Fallon high where he was active in forensic circles, at one time taking second in the Pacific division of a national meet.

Dodge first gained prominence in Campus Players. He was later big to Mask and Dagger and Blue Key fraternities. He has been twice elected Senator and was chosen by the senate to represent them on the finance control committee this semester.

Last semester he served as chairman of the Homecoming Day committee. He is a member of Alpha Tau Omega fraternity.

Dodge was born in Reno and is the son of Mr. and Mrs. Carl Dodge of Fallon.

JOHN BENSON

To The Students of the University of Nevada:

As a candidate for the office of President of the A.S.U.N., I wish to give the platform I will work under if elected.

The Office of A.S.U.N. President—It would be my endeavor to serve and cooperate with the students of the U. of N. at all times, to the best of my ability, to conduct the office in an unbiased, unprejudiced manner and to always strive to better the organization.

Political Appointments—I have been in contact with combine methods long enough to realize that they are a detriment to any possible perfected government that we might attain. These methods do not allow free representative government but a cut and dried proposition of catering between a certain group or organization merely for the titles of various positions from year to year.

I advocate the abolishment of this present spoils system and encourage free, representative government. I believe in the appointment of those individuals who are best fitted for the various positions regardless of whatever group they may belong to.

Student Spirit—It would be my endeavor to build up the lost but much

needed student spirit. I believe the combine methods now existing have been the downfall of student spirit; and, the introduction of a representative, unprejudiced government will do much towards rebuilding unification of the student body.

Finance Control—It would be my wish to install a sound, unbiased body to direct the finances of the A.S.U.N. I would advocate the furthering and bettering of those activities such as debate, band, dramatics, etc; which have suffered sorely from lack of financial aid.

Traditions—Traditions are sacred in the hearts of any loyal student. Their rigid enforcement is another path by which spirit may be rebuilt.

Athletics—I advocate the building up of athletics at this University. Their opportunity of building strong minds and strong bodies. With the control of major athletics going into the hands of the administration, we are now in a better position to place respected teams in competition. Their betterment is the best form of advertising our university and inducing students to enroll here. It is my sincere wish to encourage student spirit toward athletics and to help place Nevada's teams among the best on the coast.

John Benson came to the university from Westwood High School. He first made the news columns as football end, and later became prominent in student organizations. He is president of the Sagers and a Sunday member of the Sagebrush. Although Benson went to high school in California he is a native of Nevada.

He was a member of the California Interscholastic Federation, Phi Kappa Phi of California high schools, and active in athletics at his prep school. Benson is an S.A.E. and a two letter man in football.

His parents are Mr. and Mrs. H. E. Benson of Westwood.

LEE WARD

To U. N. Students:

With a complete knowledge of the requirements and responsibilities of this position, as well as a keen respect for the abilities of the other candidates nominated for this position, I am indeed honored by being chosen a nominee for student body president of our university.

This honor comes to me as the first indication of an opportunity to serve the university as a representative of the student body for the benefit and welfare of this institution.

If I am fortunate enough to earn the esteem of this position, the compensation paid me will be duly compensated, for I will by honest and

sincere efforts conduct the business of the office honorably and effectively and absolutely without any interference from political obligations and entanglements.

Lee Ward was elected president of his freshman class when he entered the university from Las Vegas high. In his prep school days Ward was both president of his class and student body president. He was a quarterback on the Vegas 1931 Championship football team.

Ward is a Sager, a member of the upperclass committee, Block N society, and house manager of the Lambda Chi Alpha fraternity.

He is the son of Mr. and Mrs. M. E. Ward of Las Vegas.

Catherine Dondero

I believe in the University above all things, and accordingly I feel that campus politics should be conducted on a square basis. Appointments to the various committees should be given to those who are best fitted and most deserving. If elected, I shall do all within my power to administer the office with impartiality and efficiency, and give help and support to the women students to the best of my ability.

ALICE MASON

Impartiality is the keynote of my platform and will be the keynote of administration if I am elected. My interest lies in the Nevada campus as a whole, and is not with any one faction. I intend to co-operate with government of the Associated Students, uphold its constitution, and give aid to women students in any way possible.

GEORGIA COLE

There are three principles which I shall endeavor to carry out as president of the Associated Women Students. First, I believe in selecting the logical women for committee appointments, rather than those favored by any group. Secondly, I will strive to equal representation among all the organizations on the campus. Thirdly, I shall aim for the efficiency of committee activities.

Texas, California and Nevada are represented in the race for A.W.A.S. presidency, although two of the three candidates were graduated from Reno high school and attended primary schools here.

Catherine Dondero, Kappa Alpha Theta nominee, is from Hawthorne. During her three years on the campus, she has been active in women's affairs, and is president of the Sagers, A.W.S. secretary and treasurer, member of W.A.A., and served one year on the "Brush" staff.

She is the daughter of Mr. and Mrs. M. J. Dondero of Hawthorne.

Alice Mason, Independent candidate, graduated from Reno high where she was active in publication work. Her college activities include student senate, finance control, women's upperclass committee, and women's executive committee.

Miss Mason is a step-daughter of Ray E. Mason of Reno.

Georgia Cole, Delta Delta Delta entry, got her start in campus politics when she entered the University from Reno high school and was elected vice-president of the freshman class. Y.W.C.A., Sagebrush, and Artemisia are other of Miss Cole's collegiate interests.

Born in Big Pine, California, she now resides in Reno with her parents, Mr. and Mrs. J. A. Cole.

Mackay Luncheon Returns Profit
Eighteen dollars and thirteen cents was cleared at the Mackay Day luncheon Saturday, and the money made at the luncheon will be used to buy equipment for next year, according to Kathryn Nichols, chairman of the committee in charge.

The new seating arrangement, with men and women seated according to classes, instead of all men together and all women together, worked very well and made a quieter audience. Hearing was also improved by placing the speaker's table at the west wall instead of the north, as formerly.

Serving was made easier by the use of large plates, which held all the food at once and made fewer trips necessary.

House Presidents
(Continued from Page One)

have been endangered," he shouted at Martinez. "However, I feel that we must come to the realization that combines must go."

Then John Sullivan, S.A.E. president retorted: "We threw away a lot of good offices when we quit the combine Monday night."

About this time Elmer Hawkins, speaking for A.T.O., asked Martinez to explain why the S.A.E.'s refused to sign the neutrality pledge proposed at the combine meeting last week, by which the members would agree to crush this machine. Martinez replied that the house representatives did not have authority to sign the pledge at the time but that they would be willing to at this time.

"Politics Will Stink"
"Politics will stink until combines are out," was the short statement of Edgar Olson, former president of

Sigma Nu hasn't engaged in machine politics for many years. The surprising announcement of A. T. O. fraternity came in the last few minutes of the spirited meeting and was made by Brooks Park, president.

A.T.O.'s Quit
"We give our word of honor, and we want you to believe it, that we will drop out of the combine as the S.A.E.'s have done," he said. "We feel that we can get as many votes on the outside of the combine as we can on the inside."

Strong criticism of combine politics was also expressed by the majority of the remaining students at the meeting.

"Spite" Vote Threatened
Although the combine is wrecked as far as electing a candidate is concerned, it still has votes enough to defeat any of the nominees now in the race. Several leaders in the remaining combine houses have revealed that there is a strong movement to cast a solid "spite" vote for Lee Ward, Lambda Chi candidate, in order to defeat the S.A.E.'s and Taus, former machine organizations who, by their withdrawal, sapped the life of the combine.

Friends of the individual candidates for this year plan an extensive advertising campaign, and are working at top speed to pull votes for their favorites.

The election will be held in the A.S.U.N. building next Thursday, and the polls will be open from 9 a. m. until 4 p. m.

Power Talled
The total non-combine vote, allowing for 90 Independents, is 333. Assuming that each of the candidate's houses voted for its own man, Dodge

would have 52 A.T.O. votes, Benson, 50 S.A.E. votes and Ward 56 Lambda Chi ballots. Subtracting the total of these votes, 158, from the total non-combine votes, 333, leaves 175 non-combine, non-partisan votes to be split between the three nominees. How they will fall, no one knows. If they do split evenly, and the combine persists in a "spite vote," the combine vote may possibly defeat any candidate whom it blocs against.

Last year a total vote of more than five hundred ballots were cast, and this year it is expected that the vote will be still larger. So closely did the machine leaders have the votes figured that their candidates received only eight ballots less than they had estimated.

Music Department To Give Concert At Century Club

Eighty-Four Students Will Participate in Annual Presentation

The eighth annual spring concert of the University of Nevada department of music is scheduled to be held at the Twentieth Century Club, Wednesday, April 10, at 8:15 p. m. Featuring selections by the University-Community Little Symphony orchestra and the University Choral Society, the concert will be open to the public.

Prof. Theodor H. Post, head of the department, will direct the concert.

Programs, listing the entire personnel of both groups which have a combined membership of 84, have been printed and will be given out at the door. The program follows:

1. "Triumphal March," Grieg. "Sarabande," Bohm.
 2. College Songs—"March On to Victory," words by A. L. Higginbotham. "The Fighting Wolf Pack," words by R. Mann. "Nevada Spirit," words by Richard Solt.
 3. Symphonic Poem, "Ghost Cities," T. H. Post.
 4. Choral Numbers—"By the Bend of the River," Edward Dies; "Pretty Little Miss," Horton; "May Song," Geyer; "Glory Train," Cain.
 5. Clarinet Solo—"Caprice," Mueller.
 6. "Blossom Time," Romberg.
 7. Choral Fantasia from "Tannhauser," Wagner.
- The vocal solo parts in "Tannhauser" are being sung by Beth Stringham and Larry Carter. The clarinet solo will be played by F. C. Clark, formerly of the U. S. Army Band. Evangeline Grant will be concert master and Harriet Ihrig is to be the guest violinist.

The choral selections will be featured by several a cappella or unaccompanied numbers. This method of group singing is becoming very popular among colleges all over the country, and these songs will be the first of this type ever presented at Nevada.

Those taking part are:

- Viols—Evangeline Grant, concert master, Harriet Ihrig, guest violinist, Leota Maestretti, Helen Gould, Murray English, George Brady, Lloyd Leonard, Donald Burnett, Nina Bockiewicz, Marjorie Sweett, Ruth Doan, Edna Ericson.
- Violas—Mrs. F. O. Welch, Mrs. L. A. Sweatt.
- Cellos—L. A. Sweatt, Ervina Kepner.
- Basses—Robert Comer, W. C. Gray, Piano—Dorothy Post.
- Tympani—Murray Moler.
- Uccolo—Henry Lang.
- Flutes—F. D. Graves, Henry Lang.
- Clarinet—F. C. Clark, Fitzgerald Salter.
- Baritone Sax—Clarence Byrd.
- Horns—William Dubrow, Oden Romwall, Jean Cavell.
- Trumpets—Darrel Berry, Lyman Clark, George Warren.
- Trombone—Dr. S. T. Spann.
- Tuba—Robert Defosse.

- Sopranos—Norma Anderson, Barbara Bryant, Jeanne Cardinal, Lois Darrough, Anna Lucas, Donna Matthews, Mary Matthews, Ruth Palmer, Margaret Piercy, Virginia Posvar, Mary Louise Waltenspiel, Elizabeth Best, Elizabeth Osborn, Margaret Tranter, Dorothy Pearch, Jean Smith.
- Tenors—Dino Barenjo, Darrel Cain, Glen La Tourette, Albert Manhan, Kistler Rivers, Philip Shore, Harry Bell, Don Burnett, Richard Solt.
- Altos—Nina Bockiewicz, Mary Douglas, Ruth Hansen, Norma Jean Mills, Helen Spina, Beth Stringham, Peggy Warren, Rita Winer, Nancy Bordewich, Mary Louise Durkee, Helene Fulton, Sarah Graves, Reed Schraps, Betty McCustion.
- Baritone-Basses—George Anderson, Claude Cauble, Charles Doherty, Emile Gezein, William Hill, George Gottschalk, Ed Parmenter, Lawrence Carter, Henry Lang, Morgan Mills, Robert Montgomery.

W. H. Du Plantis Is Named Leader Of Cadet Corps

R.O.T.C. Unit Prepares For Annual Inspection In May

Cadet Captain Wendell H. Du Plantis, senior student, has been chosen to act as battalion commander during the R. O. T. C. spring inspection held April 29 and 30, and May 1, Captain H. W. Isbell announced this week.

Du Plantis will be in charge of the battalion during all drill periods, Isbell said, in order that he may become used to the men, and they accustomed to him.

Other appointments which were made and released were:

Officers Listed

Battalion operations and training officer, Cadet Captain William Harvey Hill; battalion adjutant, Cadet Captain William F. Kotke; company commander, A company, Cadet Captain Robert M. Hansen; second in command, A company, Cadet Captain Donald D. Odell; company commander, B company, Cadet Captain Perry B. Priest; second in command, B company, Cadet Captain Alton P. Gibson; company commander, C company, Cadet Captain James C. Thompson; second in command, C company, Cadet Captain Antonio Chavez. Junior officers will be distributed throughout the battalion to act as guides, first sergeants, and file closers.

Next week, Isbell said, will be devoted to finishing up theoretical training in the in-door quarters. After this time has expired the corps will begin daily drill on Mackay field with the sophomores drilling on Tuesdays and Thursdays, and the freshmen on Mondays and Wednesdays. The entire command will drill together every Friday, weather permitting.

An officer, as yet unnamed, but probably from the Presidio in San Francisco, will be at the university to conduct the inspection.

Activities Outlined

Following is an outline of the activities for the three days:

- Monday, April 29, 7:45-8:40 a. m.—Freshmen examined on theory training.
- Tuesday, April 30, 7:45-8:40 a. m.—Sophomores examined on theory training; 11:25-12:15, juniors examined on theory.
- Wednesday, May 1, 7:45-8:40 a. m.—Seniors examined on theory; 1:30-4:30 p. m., battalion review and inspection.

During the last period, the outfit will be engaged in competitive company and individual drills, extended order drills, and such demonstrations as may be prescribed by the inspecting officer.

Madame Secretary Perkins is scheduled to speak at University of San Francisco's honorary political science society soon.

At Syracuse university there is an annual Women's day on May 11. This day is exclusively for the activities of the women on the campus.

Future Farmers To Convene Here During Next Week

President Clark and Paul Walker Will Address Convention

The annual state convention of the Nevada Association of Future Farmers of America will be held at the university next Monday, Tuesday, and Wednesday, and students from several Nevada high schools will attend the affair to participate in contests in public speaking, livestock and crops judging, and weed, seed, crop, pest and disease identification.

Gerald Anderson, state president of the organization and member of the Lincoln county chapter, will preside, and R. B. Jeppson, state adviser, will supervise the contests.

Andrew Sundstrom, who is eighteen years old, and president of the association, and W. A. Rose, national executive secretary, will attend the convention.

The organization has chapters in forty-seven states and Hawaii, and the membership is approximately 100,000.

President Walter E. Clark of the university will give an address of welcome at 10 a. m. Monday when the convention begins. Paul Walker, president of the University of Nevada Aggie club and Mrs. Florence Bovett, secretary of the Nevada State Farm Bureau, will also speak Monday.

Judges for the various contests will be Mrs. Bovett, Chauncey W. Smith, superintendent of public instruction, and W. A. Rose.

The speaking contest will be held in the Civic Auditorium, and will be open to the public, officials said.

The youths will visit several farms in Washoe valley for the livestock judging competition.

Committee reports, development of program work, and election of officers will bring the convocation to a close Wednesday afternoon.

Prizes for winners of the public speaking contest include gold, silver, and bronze medals to students placing first, second, and third, and are donated by President Clark. Other prizes will be donated by the Nevada Packing Company and the J. C. Penney Company.

Students, attending the convention will be housed at Lincoln hall and some of the fraternity houses.

U. N. French Club At Local Theater

'Madame Bovary' To Be Given April 8, Together With Travelogues

Le Cercle-Francais, campus French club, will present a talking picture of Gustave Flaubert's famous novel, "Madame Bovary," 4:30 p. m., April 8, at the Majestic theater. All the speaking will be in French, but superimposed screen lines in English will appear throughout the entire production to aid persons might find it difficult in understanding spoken French.

This picture has been highly recommended and was acclaimed the best foreign language film for the year 1934-1935 by the National Board of Review.

The New York Times expressed its opinion of the production as "having a capable, excellent cast. Persons may find much to entertain them in the scenes of rural France."

The New York Sun says, "Flaubert's 'Madame Bovary' becomes an earnest, moving French picture. It is a beautiful piece of work."

The Daily News comments, "It is excellent for its dialogue titles which make it easy for persons not understanding French to follow the story."

Turned out by a capable French director, with an excellent cast at his command, the story tells of the tragic life of a middle class, small-town girl, eager for romance and action but married to an honest and stupid country doctor.

In addition to the main feature, the full-time program includes two travelogues, one of Brittany and one of Normandy, with an off-stage narrative voice in French.

Profits derived from the presentation of this film will help to provide for further productions of this nature or to bring free public lectures to the Nevada campus by Le Cercle-Francais. The foreign language department of the university urges all students to attend the show. Tickets may be purchased from members of the Cercle-Francais or Professor B. F. Chappelle.

Theta Delegates Return to Reno From Convention

Three women representing the Nevada chapter of Kappa Alpha Theta attended the district convention at the University of California at Los Angeles on March 28, 29, and 30. The women were Genevieve Wakefield, official delegate, Cornelia Arentz, Florence Kirkley, and Mirial Holland, alumni representative.

The main discussion was on the best time for rushing seasons. It was suggested by the other chapters that rushing season be held one week before the colleges opened.

Women representing the local chapter, said that they would make no recommendation to the Pan Hellenic council here.

This district includes California, Arizona, and Nevada chapters.

GIVE IT A TRY!

Two fraternities, formerly members of the "big combine," which has long shamed the University of Nevada, its social organizations, its student body and the individuals it has backed, have this week announced their desire to have a clean election. To this end they have formally severed their connections with the political machine. Their courage in this action is one of the finest things that has occurred in the entire school year, and should point the way for all organizations on this campus, which claim to serve the best interests of the university.

It took courage on the part of those two organizations to take that step. They knew the dangers that would follow their action. They knew the suspicions, the charges of collusion, the counter-campaigns, that would result from their decision. And yet they dared. Innumerable members of these organizations have declared as sincerely as possible that they have no ulterior motives in mind. They admit frankly that they will attempt to get all the votes possible for their candidates in the field, and they have offered all that they can to assure the remaining organizations of the old combine that they will keep their faith—they have given their word. They can give no more.

It is human nature to hunt for motives that do not exist. Hence all the probing on the part of the remaining combine members to unearth hidden reasons for the action of these two houses. Hence the suspicion, the eternal mistrust. Hence the belief that the other groups are sinister liars, ever on the alert for the dirty "double cross." Hence the combine.

Combine members themselves readily admit that the results of bloc voting, based on dictatorial ballot casting and office rading, is rotten, and thoroughly harmful to the student body. They agree with the fact that members outside the combine utterly fail to support the combine president "steam-rollered" to office and, in addition, that members of the combine itself, once the election is over, turn against their president and organization because he cannot distribute minor offices to combine members. They admit that they cannot control the date. Further, they all say that they would like to see the combine disbanded and a clean election held, but add that if there is a combine they want to be "in."

Fear, then, is the reason for this filthy combine tradition that has governed politics at Nevada for years. Vicious distrust of one's fellow students, and yet all are supposed to be voting for the betterment of the UNIVERSITY. How can the student body work as a unit while this condition persists? The answer has been written wretchedly through the years—IT IS NOT.

The organizations that remain in the combine are in the twilight. Their attitude will tell whether they are TRUE NEVADANS. The total number of votes they control is 156, the two fraternities having 73, the three sororities having 83. It is evident that they have one of three alternatives to select; they may nominate one of their own members, or consolidate and cast a "SPITE" vote against the candidates of those two former combine houses. The first would be a futile procedure, the second a despicable one. It would climax the meanness of all that has been done in petty politics at this institution. The third and first alternative would be to gracefully acknowledge that since a combine candidate cannot be selected, the sportsmanlike thing to do would be to resolve among their individual membership to vote ENTIRELY BY INDIVIDUAL CHOICE. To try for once to let the candidates stand on their own merits. To have a CLEAN election.

The Sagebrush knows that it will be called Utopian, idealistic, and all those other supercilious terms used by those who lack courage to try. It knows that the argument will be used that as long as fraternities and sororities exist on the Nevada campus there will be dirty politics, but it steadfastly believes that the day will come when these petty interests consolidate. It has no "irons in the fire" itself. In its salutary editorial at the beginning of this school year, it promised to work for what it thought was the best interest of the entire university. It is doing so now.

Further the Sagebrush believes that now is the ideal opportunity to try this game experiment. If the individuals in the remaining organizations of this decayed political machine will decide to use a free vote to ballot on those men up for the presidency, it is highly possible that a new and worthy tradition of clean politics can be inaugurated on our campus. If this could be accomplished, then certainly Nevada would be on the road to a spirit it has never know before. If the experiment failed, the combine itself would have lost nothing; the same organizations would exist and would certainly organize as they have in past years.

Give it a try, Nevadans!

WELCOME, VISITORS

With Nevada playing host this week-end to the greatest number of high school presidents, journalists and orators ever

to be high in these specialized forms of endeavor.

Begun many years ago by the university and other interested groups, the meets have increased in significance year by year. At first only a handful of students attended but this handful inspired others until this year each convention has a full quota.

Forensics was the first of the annual conclaves to become established, filling a real need for good competition in the debating, extemporaneous speaking and dramatics now included under this category. The problems of presidents and then of prep school journalists came to the university's attention and these are now annual affairs. A lapse in the editors' conferences came with the dissolution of the old Press club but was renewed last year very successfully with its reorganization.

Student committees who have striven to make the conventions helpful and entertaining to the young executives and forensic competitors are to be commended for the way they are handling things, and the delegates for the way in which they have responded.

To you students who have come from the farthest parts of this, the fifth largest state in the union, and to you who reside in this vicinity, the university extends congratulations for your ambition and interest. Welcome to our campus.

Ago This Week—

FROM THE FILES OF THE 'BRUSH

40 YEARS
The Junior mines and agriculture colleges spent last week laying out the plans or the walks and roads in front of the Agriculture experiment station.

The young ladies of the Dorm, which has been established temporarily in the home of Mrs. Pratt, will begin boarding at the boy's hall much to the delight of the men.

At the next meeting of the Regents, plans for the gymnasium will be submitted for consideration.

30 YEARS
Stanford men defeated the Nevada debate team this week. D. M. McDonald and J. D. Scott upheld the negative for Nevada.

Dr. J. E. Stubbs, president of the university, and eight professors left this week for Winnemucca to conduct a farm institute.

John Case, B. G. McBride, Curry Jameson and H. L. Jones were nominated this week for student body president.

20 YEARS
The He-Jinks was held this week with no neckties in evidence. The tradition of no neckties was started at the first He-Jinks.

The Frosh spent last Saturday white washing the N.

A leap year dance was given by Manzanita Hall women with the men having to sit on the sidelines and wait for dances until they were asked.

10 YEARS
An annex was planned for Manzanita Hall. The addition is expected to accommodate eighty women.

Twenty engineers left this week for the Bay region on a sight-seeing trip.

ONE YEAR
Thirty high schools are to be represented this week at the Presidents convention and the Press convention. The date for Senior week was set for April 4 this week. Clara Galvin was appointed chairman.

Missouri School of Mines is planning to adopt silver diplomas instead of the original sheepskins.

Students from Egypt, Germany, Argentina, China, Japan, Colombia and Iraq are registered at the Davis, California, Agricultural College.

Alumni Magazine Receives Approval

Replies from Nevada graduates indicating a favorable reaction to The first alumni magazine, have been received and Editor Paul A. Harwood is confident that another edition will be published.

The second publication will again take the form of a university bulletin and will appear in the last quarter of the 1936 school year. Professor Harwood will edit it, and will endeavor to include more alumni news, although the magazine will not contain as many special articles as this year's.

Replies Received
The replies that have been received by Harwood are answers to the questionnaire published in The Nevada Alumnus, in which Harwood asked each alumnus to indicate his approval or disapproval of certain sections of the magazine by filling out the questionnaire.

One section also asked that each alumnus contribute one dollar of his dues to help support these publications. As a result, Louise Blum Lewers, secretary-treasurer of the alumni association, reports that several contributions have been received. "We feel," Professor Harwood said, "that the university can put out at least one more bulletin, but after that there will have to be outside support."

The first class organized in the United States to study Radio Police Communications has been formed at San Jose State College.

Sophs Favorites In Interclass Meet As Season Opens

Varsity Squad Will Compete To Give Mitchell Line On Strength

With the sophomores conceded a decided edge, the interclass meet tomorrow will officially open the 1935 track season. The second-year men are favored on the basis of the east by which they swept last year's meet while competing as freshmen, and on the large turnout this season.

Lettermen of the varsity squad will compete, and will give Coach C. L. ("Brick") Mitchell a line on Nevada's prospects this year. Only five lettermen remain of the team, which has been hard-hit by injuries and withdrawals.

Hill Is Out
With Harvey Hill unable to compete, Doug McDow appears an easy winner in the sprints. He will be pressed by Emery Graunke, Ken Richard, and Jack Richardson, all of whom are sophomores.

The quarter mile will be more closely contested, with the veteran Dale Hart seeming to have a slight edge.

The half mile will be a toss-up between two outstanding performers, Floyd Harid, freshman, and Lee Ward, junior and letterman.

Paul Leonard, who with Hart, constitutes practically the entire senior team, is the favorite to capture first places in both the mile and two mile races, but will not compete in the former Saturday. Fred Hartman, junior, and Moier of the frosh are other men competing in these events.

The pole-vault will probably see closer competition than any other event with Carville, Rose, and Jones of the Sophs meeting Caldwell, junior, and Aznavaz and Creel of the freshman team.

Lynn Gerow, letterman, will probably make a clean sweep of the weights, having as his strongest competition, Gallaway, sophomore, and Ruggeroli, freshman.

There are no outstanding performers in the high jump, although Becas and Havens may take several points. Wilson and Engblom also will offer strong competition in this event, Ken Richard and Jerry Havens will fight it out in the broad jump.

The meet will be run off under the direction of manager Charles Worn.

The order of events is as follows: Two-mile, 100-yard dash, mile, 120-yard high hurdles, half-mile, 220-yard low hurdles, 220-yard dash, 440-yard dash, and half-mile relay. The field events will begin with the high-jump, followed by the javelin, pole-vault, discus, shot-put and broad jump.

Aspiring Tildens, Vines, Cochets, etc., are having about as tough a time as the cindermen in rounding into shape because of the inclement weather.

However, some of the top rungs of the ladder tournament will probably be held by the veterans Wanke and Bowrin, who are both letter men of last year, and by Herz, seeded number one in the tourney.

Dark horse of the meet is Leone, who has been taking some of the more highly touted netmen over the hurdles during the past couple of weeks.

Apparently about the only way to organize an effective track team at Nevada will be to construct an armory of sufficient size in which to place an indoor track, thus enabling the men to begin their spring training in January, as do the Wolf's competitors in the sunny valleys of California where spring is something more than a six letter word meaning March, April and May.

Weather permitting, the interclass meet will be held tomorrow. The Sophs, with good men in most events, should win in a breeze, followed by the freshmen, juniors, and seniors in the order named.

Following the women's wild guesses of last week the old winner-picker continues to offer a few sage predictions on the outcome of the intra-mural baseball wars, rounding into their third week of competition. Monday the Sig Alphas, slight fav-

Chico Track Team Is Well-Balanced Results Indicate

Strong Team Will Meet Wolves In Contest On April 20

Advance dope indicates that the University of Nevada track team will have a tough assignment when it engages the Chico State Teachers' track and field artists on Mackay field, April 20.

The Staters, judging from the results of their interclass competition held last week, will have a well-balanced team and will be especially strong in the field events. The veterans Henry and Jenks, in the sprints and middle distances, are also expected to give the Mitchellmen plenty of competition.

Haymes, a letterman of last year, is consistently leaping better than 22 feet in the broadjump, while Mealie in the shot and Sherrod in the pole vault are counted on for first places in their respective events.

Nevada has been severely crippled by lack of material and adverse weather conditions, and Mitchell is faced with the extremely difficult problem of rounding out a well-balanced team. Since Harvey Hill was judged unable to compete, Coach C. L. Mitchell was left only three returning lettermen in Gerow, Ward, and Leonard. These men can always be counted on for points. Leonard is considered as one of the best milers Nevada has turned out in several seasons, and is pointing for a record year.

Mitchell will be able to tell more about his season's prospects after the interclass meet this Saturday and the intra-mural competition the following weekend. He has several promising sophomores in McDow and Graunke in the sprints, Mauls and Zadov in the hurdles, and Richards and Havens in the 440 and broad jump respectively.

rites to oop the tourney, will meet, in what promises to be the classic of the week's play, with the Lambda Chis. The boys from the hill top having been doing very well for themselves but we give the S.A.E.'s a slight edge.

On Tuesday another close one will be decided. A.T.O. versus Sigma Nu. The Taus would have been easy favorites at the beginning of tourney but since that time many things have happened, including a tie between the Beta Kappas and the Taus and a 13-5 victory of the Sigma Nus over the same B.K. team. Using only this an indication we put a very wobbly vote on the Avenue boys.

Wednesday will see little action this week with Lincoln Hall an easy pushover for the Sigma Phis. Lambda Chi and Sigma Nu clash in their second games of the week on Thursday. Lambda Chi by a pretty close score.

The defending champions, Phi Sigma Kappa, appear to be heading for certain defeat at the hands of the S.A.E. team in the closing game of the week on Friday.

Competition Keen As Interfrat Ball Teams Warm Up

Sigma Nu Win Over Betas Is Upset. Games Slow Thus Far

Entering the second week of the playing schedule, fraternity baseball teams are settling down in an earnest attempt to win the intra-mural championship and annex the coveted trophy offered to the victor.

The strongest clubs in the league have not played to date and the contests have been mostly slow and one-sided.

Lincoln Hall Downed
Monday night the S. A. E.'s had little trouble in turning back the hopes of Lincoln Hall, defeating them 18 to 2, the long distance hitting displayed by the victors being the best seen this season.

On Tuesday the Sigma Nu's swamped the Beta Kappa's 13 to 5, in one of the biggest upsets in the tournament thus far. The Sigma Nus, barely mentioned in pre-season reports, displayed a hard-hitting, well-organized team which labels them as a strong contender for championship honors. De La Mare, Olson and Leighton form a nucleus for a strong combination.

The games Wednesday between Sigma Alpha Epsilon and Lambda Chi Alpha and between Phi Sigma Kappa and Beta Kappa on Thursday were postponed because of the soggy condition of the field, and will be played at a date convenient to the teams.

Following is the standing of the teams to date:

	Won.	Lost.
S. A. E.	2	0
Sigma Nu	2	0
L. C. A.	1	0
Phi Sigma Kappa	1	1
A. T. O.	0	1
Beta Kappa	0	1
Sigma Phi Sigma	0	1
Lincoln Hall	0	2

The Stanford Daily ceases publication during examinations.

All-Star Teams Play Slow Game On Mackay Day

Heralded as all-star baseball nines, picked teams of fraternity diamond artists failed to demonstrate their calibre in a game played on the University field Mackay day.

S. A. E., A. T. O., and Sigma Nu proved to be a stronger combination than Lambda Chi, Phi Sig., Beta Kappa, and Sigma Phi aggregation, winning the ragged contest 18-11 in seven innings.

Ruggeroli and Tregallis took the mound for the winners, while Christian, Hadlen, and Rhodes hurled for the losers. Basta served behind the plate for the winning team, and Stefens and Buru caught for the losing nine.

Numerous errors marred the contest, and no spectacular plays bobbed up to thrill the crowd.

Haden's triple was the longest hit of the game, but was not enough to put his team in the winning side of the score column.

No official record of the game was compiled.

Former U. N. Athlete Visits Friends Here

James Bradshaw, former University of Nevada athlete and present freshman coach at Stanford university, visited friends here last week.

Bradshaw, with other members of the Stanford coaching staff, stopped over here for a few hours en route to Chicago, where they plan to attend the national coaches conference.

While in Reno, Mrs. Bradshaw visited her parents, Mr. and Mrs. N. E. Wilson. Wilson was a former professor of chemistry at the University of Nevada.

Twelve students at U. C. were arrested and fingerprinted for distributing hand bills advocating a student strike.

Pack Meets Gaels In Season Opener Next Semester

Annual Cal. Game Dropped; Wolves Meet Idaho for First Time

Nevada's 1935 football schedule has been completed, and next fall's Wolf Pack will meet some strong Pacific coast teams. Four games will be played here and four will be played away from home, and the first game scheduled is with Saint Mary's at Kezar stadium.

Since the Wolves' sensational 9-7 victory over the Galloping Gaels last October, and since the game is the first of the season for both teams, it should be the best attended contest in Nevada's sporting history.

The traditional California-Nevada game is not included in this year's schedule, while the University of Idaho appears for the first time. The game will be played at Boise.

C. L. ("Brick") Mitchell, Wolf Pack coach, would not predict Nevada's chances in any of the grid contests, but felt certain that the Wolves would do their best in every game.

The schedule is as follows: Saint Mary's—September 28.

Waldorf Barber Shop
Six Chairs of Courteous Service

WE ASKED OUTDOOR PEOPLE:

"Is this fact important to You?"

"Camels are made from finer, more expensive tobaccos... Turkish and Domestic... than any other popular brand."
(SIGNED) R. J. Reynolds Tobacco Company
WINSTON-SALEM, NORTH CAROLINA

MILDNESS! "Every woman prefers a milder cigarette," says Miss Helene Bradshaw, an enthusiastic horsewoman. "Camels are the only cigarette I've ever found that is mild—and pleasing to your throat."

HEALTHY NERVES! "I've smoked Camels for 14 years, without a sign of upset nerves," says Bill Horn, former Gold Cup winner and outstanding figure in American motorboat racing. "I like Camels and they like me."

ENERGY! "As a master builder, I have learned that any work requiring 'push' just naturally calls for Camels," comments Frazier Porman Peters. "Camels always give me new energy when I'm feeling listless."

FLAVOR! "It's been thrilling to have a part in the vast enterprise of building Boulder Dam," says Erwin Jones, Boulder Dam engineer. "Fifty of strain. Many long hours of exhausting work—that's the lot of an engineer on this job! A recent check-up shows that most of us here at Boulder smoke Camels. Man, what a swell flavor Camels have! Mild, cool, mellow! You can tell they are made from choice tobaccos, too, because they don't get 'flat' or tiresome in taste when you smoke a lot."

VALUE! "I've seen how Camels are manufactured," says Charley Belden, who runs the big Pitchfork ranch in Wyoming. "They are made from costlier tobaccos. No wonder Camels have such a rich, cool flavor!"

"Whiskerino" Dance Ends Successful Mackay Program

Beard Prizes Won By Sharp, Freudenberg, Southworth At Dance

Service "N" Awards Made At Luncheon; Student Meet Held

Climaxing the twenty-second annual celebration in honor of Clarence H. Mackay, Nevada's greatest benefactor, the Mackay day dance held last Saturday night in the gymnasium was declared a complete success by hundreds of attending students. Prizes for the day's contests were awarded at the dance by Sallie Fagan, queen of the celebration.

The dance itself was a parade of colorful costumes surrounded by an atmosphere of an old-time barroom. This theme was carried out by the installation of a bar at which cider and soda water were sold. Old wagons and miners' equipment were placed about the room.

Prizes were awarded by the queen as follows:

Best woman's costume, Virginia Hill; best men's costume, Frank Buru; fraternity beard competition, Sigma Nu; sorority song contest, Pi Beta Phi; fraternity song contest, Alpha Tau Omega; work-day contest, Sigma Phi Sigma; engineer's chinning contest, Nelson and Rhodes; civil engineers drilling contest, Ben Sheehan; best beard, Herman Freudenberg; blackest beard, Fred Sharp; reddest beard, George Southworth.

Throughout the day, in accordance with the program laid out by the committee, contests were held, the first being the check-in for work, and the tabulation of beards held at 7:45 Saturday morning in the gymnasium.

Sallie Fagan, prominent senior arts and science student, was selected by Dick Powell, motion picture crooner, to reign over the celebration, and was formally presented at the luncheon by Martinez, who explained the method by which she had been selected.

The luncheon was enlivened with addresses by Mrs. Louise Sadler, president of the Alumni association, Silas E. Ross, vice-chairman of the board of regents, who was speaker of the day, and Walter E. Clark, president of the university, all of whom were introduced by Kathryn Nichols, luncheon chairman. The song contests for fraternities and sororities also were held.

During the luncheon, Miss Mae Simas, head of women's athletics, awarded gothic "N's" to six women. Those receiving the awards were: Ruth Goldworthy, Georgianna Harriman, Sarah Graves, Orpha Morgan, Dorothy Nason and Dorothy Roseberry. W.A.A. blankets for outstanding achievements in sports were given to Dorothy Gordon, Elizabeth Frey, Nell Lozano, Helene Stark and Blanche Keegan.

Colonel Robert Brambila presented Circle "N's" to members of the women's rifle team. Those receiving the awards were: Elizabeth Naismith, Catherine Dondero, Florence Kirkley, Jessie Sellman, Mary Sweet, Ruth Tucker and Mable Armstrong.

Forrest Bibb and La Rue Stark,

Celebration Plans For Senior Week Are Progressing

Picnic, Dance, and Memorial Included in Tentative Arrangements

Plans are in progress for the preparation of the annual Senior week celebration of the class of 1935, heads of the several commottees announced today.

In a meeting held last Wednesday the senior gift committee, headed by Edwin Martinez, decided that it was advisable to circulate a petition among the seniors which would enable the committee to revert one dollar out of every members' fund to go toward the purchasing of the senior gift.

It has not yet been decided what the gift will be. Among things considered are a bench in front of the library building, a bronze wolf on the Haseman Jones memorial, a sun dial to be erected near the memorial, or an amplifying system to be installed in Mackay stadium.

The senior week committee, headed by William McMenamin, is making preparations for the program. Those handling phases of the program are: Senior picnic, Elizabeth Young and Bill Gelder; Teas, Sarah Graves and Dorothy Nason; Faculty baseball game, Henry Smith and Charles Jensen; Sigma Phi Sigma dance, Walter Hargraves; Senior Ball, Charles Jensen; Programs, Walter Hargraves and William McMenamin.

The Senior picnic will be held at Buck's Beach at Lake Tahoe. Plans are being arranged for a dance after the picnic.

Programs will be printed in the near future at an approximate cost of \$45.

Sagebrush heads, awarded italic "N's" to the following:

Editorial staff: Paul Leonard, Lois Midgley, Bob Nelligan, Inez MacGillivray, Richard Stoddard, Eleanor Doan, Rita Gunter, Elwin Jeffers and John Carr. Business Staff: John Dana, Sterling Johnson, Dan Chiatovich, Evelyn Semenza and John Franklin.

At the conclusion of the luncheon, the traditional student meeting was called to order for the purpose of nominating A.S.U.N. officers. Bringing Nevada's spring political situation to the fore, five were declared nominated as candidates for next year's student body president.

When the report of the nominating committee was read by President James Cazier, it was announced that Bryce Rhodes, Sigma Nu; Carl Dodge, Alpha Tau Omega; Lee Ward, Lambda Chi Alpha; Tom Morris, Independent, and John Benson, Sigma Alpha Epsilon, had been selected to carry the flags in the race.

At the same time Georgia Cole, Alice Mason, and Catherine Dondero, were nominated for the presidency of the Associated Women Students. Dorothy Roseberry and Frances Burke were nominated from the floor, but declined to enter the race.

Diversion following the meeting was afforded in the chinning contest won by Forrest Rhodes and James Nelson, and a rock drilling contest won by Ben Sheehan.

Nevada Engineers Attend A. S. M. E. Meet At Berkeley

Dean Frederick Sibley, of the College of Engineering, accompanied by James Crawford, Cecil Cheal, Charles Allen, and Edward Parmenter, left Thursday for the University of California where they will attend the first annual southwestern conference of the student branch of the American Society of Mechanical Engineers.

The business program for the two-day meet has been drafted as follows: Friday, registration, inspection trip to the Californian Hawaiian Sugar Refining company at Crockett, and lunch. In the afternoon the technical session will begin at 2 p. m. In this session James Crawford will present a paper entitled "A Horizontal Cam Engine." The evening of the first day will be taken up with a banquet, open forum, and finish the day with a round table.

Saturday morning, the meeting will convene with a technical session in which James Crawford will act as chairman, and Cecil Cheal will present his paper, "Mechanical Emersonifier." In the afternoon, luncheon, the awarding of prizes, and an inspection tour of the engineering laboratories of the University will take place.

The social calendar has several dances, a track meet, a play and a musical jubilee scheduled. Universities with representatives are: University of California, University of Nevada, California Institute of Technology.

University Students May Rent Wa-Ne-Va

Wa-Ne-Va, lodge Women's Athletic association camp at Galena creek, may now be rented by any university students, Alice Lundberg, W.A.A. president, said today.

Blue Key Shifts Time of Election Of New Members

Approximately 15 men will be elected to Blue Key, honorary service fraternity, on April 11 to fill vacancies which will be left by graduation this spring.

This new plan of choosing new men to fill vacancies before they occur is being established to prevent shortage of members next semester. Bids to membership will not have to be issued at the beginning of the year, under the new system, according to Edwin Martinez, president.

"At the beginning of school last semester," Martinez explained, "there were only eight members in the group, and as we needed a little time to elect new members, we were short-handed in carrying out our activities."

Plans are being formed for a Blue Key picnic to be held at Lake Tahoe on April 14. Newly elected members will probably be initiated at this time, Martinez said.

Social hours will be held in the gym every week for the remainder of the semester.

Reservations for the lodge, which must be secured a week in advance, can be made with Miss Lundberg or with Mrs. Mae Simas. The rent for the camp is \$2 a day or \$5 for a week-end.

Initiation Rites Set by Gothic N For Six Members

Georgianna Harriman, Dorothy Roseberry, Dorothy Nason, Orpha Morgan, Ruthe Goldworthy, and Sarah Graves will be initiated by Gothic N, women's honorary athletic society, this week.

Requirements for membership in Gothic N are scholarship, service to W. A. A. and the University, good sportsmanship, athletic ability.

U. N. Aggie Society Views Water Picture

Members of the U. of N. Aggie club, social society for students in the college of agriculture, saw the first of a series of motion pictures dealing with various phases of agriculture, Wednesday evening in the Agriculture building.

The picture, "The Conveyance and Measurement of Irrigation Water," was presented by a committee headed by Paul Walker, president of the organization.

Cap and Scroll Bids Will Be Issued April 12

Signing of the A. W. S. service honor roll will be the feature of the meeting April 12. Cap and Scroll bids will be issued and the big sister committee for next semester will be appointed. The group's new president, soon to be elected, will be chairman of this committee.

The new president will be the sole delegate from Nevada to the national convention of the A. W. S. in Bloomington, Illinois, April 24, 25, 26, and 27. Stanford and Southern California have been written in regard to their sending delegates. If their A. W. S. associations are to be represented, it is hoped that Nevada's president may travel with them.

Popular colors are pink, mauve, blue, white, grey, red and black.

Journalism Grad Receives Promotion

Thor Smith, journalism graduate with the class of 1927, has recently been promoted to assistant classified advertising manager on the New York American, according to word recently received here by Professor Paul A. Harwood, editor of the Nevada Alumnus.

Before his promotion, Smith was associated with other papers in Long Beach, Los Angeles, and San Francisco.

Smith was very active in journalism, being editor of the Desert Wolf for one year.

Every student will receive a piece of birthday cake on the birthday of King Husky I, official mascot of Northwestern University.

There's something about a Chesterfield —

There's one thing I especially like about Chesterfields — entirely aside from the fact that it's a milder cigarette — and I've heard a number of people say the same thing ... While I'm smoking Chesterfield I

never get little crumbs of tobacco in my mouth — the tobacco doesn't spill out and that adds a lot to my pleasure of smoking them ... I notice more and more of my friends smoke Chesterfields.

Chesterfields are Milder Chesterfields Taste Better
