VOL. XLIII—NO. 3

UNIVERSITY OF NEVADA, RENO, NEVADA, FRIDAY, SEPTEMBER 13, 1935

PRICE FIVE CENTS

Far-West League Meets Tomorrow

Harwood, Wilson, Martie Will Act As U. N. Delegates

Nevada Will Play Scheduled Game With Spartans November 16

Three Problems Are Listed For Discussion at Meeting

Nevada will play its scheduled game with San Jose State November 16, meeting all the terms of the contract in spite of any action which may be taken at the special Far-Western conference meeting tomorrow, Prof. Paul A. Harwood, faculty delegate to the meeting, announced today.

Harwood made the statement following the receipt of a letter from Dudley S. DeGroot, director of physical education and head coach at San Jose.

DeGroot, in the letter, reaffirmed statements of Dr. McQuarrie, president of San Jose, saying that "San Jose has no desire to violate either the spirit or the letter of the contract" between the University of Nevada and San Jose for the game between the two scheduled for November 16.

Leave Tomorrow

The Nevada delegation to the meeting which will be held in Sacramento tomorrow, will leave Reno for the California city early tomorrow morning. Harwood, the official conference representative, will be accompanied by Coach J. E. Martie, representative from the Nevada coaching staff, and Prof. F. W. Wilson, chairman of finance control committee. Harwood and Martie will have voting power at the meeting, while Wilson will attend in the capacity of an observer.

Graves Call Meeting

The meeting was called by Dr. George W. Graves, conference president, earlier in the summer, following official announcement of the withdrawal of San Jose from the conference.

According to Dr. Graves, discussions on future relations between San Jose and teams of the conference will be held, and attempts will be made to settle current disputes amicably. The Nevada delegation has decided to take no stand against San Jose, but will endeavor to act as mediators between the disputing colleges.

Discussions Planned

Discussions on football and basketball contracts for the 1935-36 seasons which have already been signed with San Jose will also take place.

The conference will also endeavor to clarify by the discussions, if possible, the whole business of bringing in promising athletic material to conference schools by one means or another.

Press Club Plans Term's Activities

Journalists to Honor Twain With Exercises at Comstock

An active year for the University of Nevada Press club has been planned. It was announced this week by Charles Leavitt, president of the organization. A meeting will be held Tuesday at 4 p. m. to discuss plans for the semester's immediate activities. The High School Editors' convention to be held October 12 will be outlined, as well as a skit to be presented in the Wolves' Frolic.

Membership will also be considered when new pledges will be voted upon. Elaborate plans will be laid for the program to celebrate the anniversary of Mark Twain, which occurs November 30. An excursion, similar to the one held in 1934 and which attracted nationwide attention, will probably take club members to the historic site of the Territorial Enterprise in Virginia City, Leavitt stated.

Pep Committee Discusses Rally

Tentative plans for the first rally of the year were discussed at a meeting of the committee held Thursday afternoon at the A.S.U.N. building.

Those present at the meeting were Carl Dodge, Tom Morris, Ellis Ceander, Louis Wiener, Bob Creps, and Jerry Havens.

The Sagens, women's pep organization has been requested to elect a representative to the next meeting Thursday at 4:00.

Term Activities To Be Outlined By Service Club

Plans for the semester will be outlined at a meeting of Blue Key, national service fraternity, early next week, Lee Ward, president, announced today.

Arrangements for the continuance of social hours, the sale of football season tickets, the Wolves' Frolic and the presentation of skits between halves at football games and at student body meetings will be made, Ward said. Plans for the initiation of members elected into the organization last semester will be outlined.

Engineers Arrange For Annual 'Brawl'

Plans for Homecoming Discussed By Engineering Club At Meeting

Arrangements for the Engineers' Brawl, annual dance sponsored by the Associated Engineers, were made at a meeting of the group held Wednesday, with Ellis Ceander being placed as head of the committee in charge.

The dance will be held next Saturday, and several novel features will be introduced this year.

The committee in charge is composed of Ceander, Roy Caldwell, Richard Greulich, George Anderson, Harold Westfall, Betty Bowman and Bert Cummings.

Plans for Homecoming day were also discussed, with the group deciding to enter one float in the parade to represent the College of Engineering. Heads of the four engineering organizations were placed on the float committee, with appointments going to Richard Greulich, Roy Caldwell, Jack Tedford and Irvin Wanke.

The proposed inspection trip to the San Francisco Bay bridge was also discussed, and a committee consisting of Robert Best, John Dana and Charles Allen was appointed to prepare a report on the details of the trip.

George Francis was appointed scrap book keeper during the meeting. Robert Butler, president of the organization, presided.

Beasley Elected Freshman Mentor

Bud L. Beasley, former Nevada backfield ace, was named head coach of the freshman football squad at a meeting of the coach's committee this afternoon. Ervan Parman, a junior college transfer, will assist Beasley in handling the yearlings, and will probably take over the duties of line coach.

Beasley will also act as scout for the Nevada varsity squad, visiting the practice sessions and games of the opponents of the Wolf Pack in advance of their contests with Nevada. The information Beasley will obtain on these trips will greatly aid the Nevada coaching staff in their preparation for the ensuing games.

Faculty Science Club to Meet

The University of Nevada Faculty Science club will hold its first meeting of the semester Thursday, September 26, when plans for the coming year will be discussed. Professor C. C. Smith, president of the group, said today.

'BRUSH BRISTLES TO BRAVE ARTEMISIAITES ON HARDWOOD

Issuing a challenge to the gnarled Artemisia twigs, the stellar Sagebrush cage team this week served notice that it will take the publications basketball title with the greatest of ease.

Long have the upright and modest Brush men ignored the carries-on of their rowdy neighbors in the student union building, but the end of reportorial patience was reached when upstart hacks of the Artemisia dared to refer to the paper's staff as "Fuller Brushmen". The insult was promptly resented and the handkerchief thrown down.

Whether the cowardly minions of Walt Bowrin will emerge from their odorless hole long enough to meet the Sage-men is doubtful. Despite their bragging, the sprouts have a

Nevada Students Eligible to Apply For Rhodes Gift

U. N. Committee Will Pass On Candidates for Oxford Scholarship

Applications Must Be Placed On File by October Fifteenth

Students intending to enter the 1935 Rhodes Scholarship competition should file their applications before the middle of next month according to Dean Maxwell Adams, chairman of the nominating committee.

As yet no applications have been filed officially, Dean Adams stated, but any member of the nominating committee will receive applications. The committee is composed of Dean Adams, chairman, Dean Thompson, and Professor Hicks. Regulations for the competition have been sent Dean Adams by Charles Chatfield, secretary of the state committee.

The Rhodes Scholarship competition is held annually in every state. The state nominating committee is empowered to nominate two men to appear before the district committee, which represents California, Utah, Arizona, Colorado, New Mexico, and Nevada. This committee, which will meet December 16, will select four men to represent this district at Oxford. Its selections will be eligible to enter Oxford in October, 1936.

To be eligible, a candidate must be a male citizen of the United States, with at least five years' residence, and unmarried. Candidates will be eligible who were born between October 1, 1911, and before October 1, 1917. By October 1, 1936, he must have completed at least his sophomore year at some recognized degree-granting university or college in the United States.

Officers Chosen By Military Head

Appointments of commissioned officers were announced yesterday by Captain H. W. Isbell, assistant professor of Military Science and Tactics.

The seniors who are captains are: Ralph Ball, Walter Bowrin, William Cockrell, Bert Cummings, Richard Greulich, Leland Hazelton, Thomas Morris, Charles Nichols, Thomas Prunty, and Irvin Wanke.

The juniors who received the rank of lieutenants, are Charles Allen, John Carr, Robert Davey, Wayne Kennedy, Joseph Lommori, James T. MacNeely, Guy Morris, Jack Richardson, Richard Sauer, and Frederick Wood.

These men will not be given their commissions until next semester, but they will drill the sophomores and freshmen in marching.

Because of the large number of men available for promotion to non-commissioned officers, appointments will not be announced for these positions until next semester. There are, according to Isbell, twenty places open and seventy men eligible to fill them.

These who are sophomores will be given opportunities to drill the freshmen and after a semester's trial, promotions will be announced.

Chemistry Club Plans Initiation

Arrangements for formal initiation of new members were made at a meeting of the Chemistry club this week. Members voted to hold meetings the first Wednesday of each month with Dr. Laugh of the chemistry department acting as executive advisor.

Officers elected last spring for the fall semester are: Leland Hill, president; Clyde Beck, vice president; Ernest Larkin, treasurer; and Marguerite Feutsch, secretary.

BRUSH BRISTLES TO BRAVE ARTEMISIAITES ON HARDWOOD

strange reluctance to take the hardwood to defend their title, so deceitfully wrested from the journalistic brow last year.

In that contest the Artemisia whelps won the game when they sunk a bucket while the lights were off. Additional skullduggery included playing ringers, using the elbows freely and sending female players on the court so attired as to distract Brush players from the task at hand.

If the blighted shoots agree to give the Sagebrush five an opportunity to regain the championship, the greatest hoop contest ever seen hereabouts in fifty years will result. The Brush coaches will make certain that the game is on the square, and no Artemisia fiddle-faddle will go this year. The refreshments will be on the yearbook budget this time.

Mitchell Jumps Unlucky Thirteen

"Brick" Mitchell is not the least bit superstitious, but, just the same, "we're taking no chances," says the head coach.

"Brick" was filling out blanks for requisitions to the graduate manager for football expenses yesterday. While he was signing one of the sheets, Mitchell was startled to see that the number of the blank was 13.

To climax it all, Mitchell noticed that the "unlucky" requisition was for the St. Mary's game. However, "Brick" nonchalantly tore out the sheet, threw it away, and filled out the next blank, number 14.

Leonard to Direct Press Convention

Journalists Will Hold Annual Meeting on Campus This Fall

Initial steps in the preparation for the annual high school editors' convention were taken last week by the Press club when Paul Leonard was appointed to head the committee in charge.

Other members of the committee include Lois Middley, Rita Gunter, Eleanor Doan, Walter States and John Carr.

The convention which will be the third of its kind, will be held October 11 and 12. The date has been moved to the fall semester, so that the session will not conflict with the fornication tournament held in the spring, and so the benefits of the convention can be carried back by the delegates to their respective schools. The meeting will be held at the same time as the high school presidents' convention.

Last year more than fifty delegates attended the convention, representing this state and northern California. It may be necessary this year to restrict the number attending the meet, according to Charles Leavitt, president of the Press club.

In addition to the regular meeting of editors and managers, a session of the publication advisors and journalism teachers will be held. The latter idea was instituted last year and proved very successful, Leavitt stated.

All-American Man Assists Mitchell

Strengthened by the addition of another member of the coaching staff, the Nevada varsity football squad today completed its first week of intensive practice. Coach C. L. "Brick" Mitchell announced yesterday that William McKallip, former All-American player, has agreed to devote some time assisting Mitchell in coaching the line-men.

McKallip's addition will greatly aid Mitchell, as the head coach has a great variety of duties, and to devote all his time to instructing the large number of candidates for line positions would be impossible. McKallip will spend at least two days each week with the members of the Wolf Pack, giving them the benefit of his extensive experience. He now holds an executive position with an automobile corporation and covers western Nevada and northeastern California, visiting Reno twice a week.

McKallip began his gridiron career at Oregon State, performing during the years 1927, '28 and '29. After leaving college, he joined the New York Giants, famous professional football team.

McKallip held down an end position while with the Giants. He once was placed on the All-American professional team.

The first scrimmage of the season, scheduled for three tomorrow afternoon at Mackay Field, will probably draw a large crowd of spectators. The preliminary practice sessions have been witnessed by more football fans than usually attend pre-season preparations of the kind. Every night the past week the stadium rim has been lined with cars of spectators, a good indication of the tremendous interest being taken in the success of this year's varsity.

So far no line-ups have been picked, and no definite groups are working together in running through formations and simple plays. After the first actual scrimmage, the Nevada coaches will get a better idea of the calibre of their candidates, and will be able to begin arranging the men in their positions. A keen struggle is going on at every position on the team for the first-string berth.

Saturday, September 14—Preferential dinners, Kappa Alpha Theta open house.

19 Girls Try Out For Frolic Chorus Under Ruth Ryan

Skits, Acts, and Specialties to Be Shown to Coach Next Week

Novel Routines Are Planned For Vaudeville Show By Director

With 19 girls appearing, tryouts for the chorus routines for the Wolves' Frolic got underway this week. The tryouts worked under the direction of Miss Ruth Ryan, dancing instructor, who was in charge of the chorus specialties last year.

"The chorus will be cut down to 16 members and will begin regular rehearsals this week," Miss Ryan stated. Although the turnout was much smaller than that of last year, Miss Ryan expects the chorus to be one of the best in the history of the Frolic. Four novel routines, which will offer something different for this year's chorus, have been planned.

W. C. Miller, dramatics coach and director of the production, announced that tryouts for acts, skits, and specialty numbers will be held Tuesday, Thursday and Friday at 4 o'clock in the auditorium of the Education building. Miller stressed the fact that the tryouts are open to any student or organization on the campus. Any organization that has a skit or an idea for a specialty number is requested to notify Miller by Thursday.

Stage staff tryouts for the Frolic will also be held next week it was announced by Morgan Mills, stage manager. These will also be open to any student desiring to try out.

Prep Presidents' Convention Plans Are Being Drawn

First preparations for the annual convention of Nevada student body presidents were started this week when members of the committee in charge of the convales met Monday afternoon.

This year the convention is being held during the fall semester, so that the student presidents may use the information obtained at the convention during their term of office. When the convention was held in the spring semester, presidents attended the meet at the end of their term of office and no direct benefit was obtained.

The convention will extend through October 10, 11 and 12, being held at the same time as the high school journalists' gathering.

While at the convention, the representatives will be guests at various sorority and fraternity houses, where they will be addressed by student leaders of the university.

During their stay at the university the representatives will be guests of the student body at the University of San Francisco-Nevada football game at Mackay stadium. Special assemblies at Reno and Sparks high schools will also be held for the student leaders.

Last year approximately 25 high schools were represented at the gathering, and it is anticipated that a full attendance will be had this year. Thirty-two high schools in Nevada and two in California, at Westwood and Susanville, were invited to the convention.

The committee in charge of the meeting is headed by Ray Armstrong, chairman; Joe Kelly, Evamee Beemer, Katharine Norrid, Margaret Pearcy, Willis Dalzell, and Louis Nash.

BAPTIST GROUP TO MEET

Officers will be elected and plans for the semester discussed at a meeting of the Baptist Young Peoples' union to be held Sunday evening.

PLEDGING MARKET DROPS AS RUSHING SEASON ENDS

Brass dropped to a new low today as the last choruses of "The Hanging of the Brass" resounded over the now placid University of Nevada campus.

However, the market closed firm in such commodities as brooms, rakes, lawn mowers, shovels, dustpans, rags, furniture polish, paint, and vacuum cleaners, as fatherly fraternity fellows prepared to make the formerly bullish frosh bolster the curb—and also to clean the inside of the house.

Bi-annual Preferred Pledge was much in evidence as the result of three weeks of rabid trading. But this stock is scheduled to drop to an unprecedented low due to the importance of the new issue of Upperclass Fraternity Members common.

Bi-annual Preferred Pledge will be put to a severe test in the next eight months, and is expected to take the

Jeffers Appointed Home-Coming Chief

Publicity Bureau To Hold Tryouts Starting Monday

Tryout dates for the News Bureau staff have been postponed until the first of next week, Robert Creps, head of the Bureau announced this week.

An extensive publicity program is planned by Creps for this year's university activities. Items of interest to various local papers throughout the state will be sent from the bureau, in addition to the publicity incidental to football and basketball games.

The staff will be chosen from tryees who sign up for News Bureau work, Creps said, and will consist solely of university students.

Chemical Groups To Convene Here

Dr. Deming to Deliver Address On Ionization Theory Developments

The Sacramento division of the American Chemical society will hold its annual conference on the University of Nevada campus over the week-end, offering lectures to which the public is invited.

Dr. Meryl William Deming, associate professor of chemistry at the University of Nevada, will speak on "Developments in the Theory of Ionization," followed by a lecture on "Lime and Lime Manufacture" by George W. Johnson, chemist for the Diamond Springs Lime company of Diamond Springs, Calif.

In addition to the University of Nevada, the Sacramento division of the society includes the College of Pacific at Stockton, the California Agricultural college at Davis, and the Sacramento Junior college. Delegates to the conference from each of these institutions will arrive in Reno Friday or Saturday.

Supplementing the lectures, which are to be given Saturday at 7:30 p. m. in room 215, Mackay Science hall, plans have been made by Professor Jay Carpenter of the Mackay School of Mines for an excursion to the flotation and cyanide mills of Virginia City.

This trip will be taken Sunday morning and is being conducted for the benefit of the visitors, but is also open for any Nevada students who wish to go.

Frosh to Take Placement Tests Under Prof Irwin

Placement tests will be given to the Orientation classes next week by Professor Ralph A. Irwin of the psychology department.

Each fall the new students undergo these examinations, and every year they approach them with the same dread. Something about the term "Intelligence Tests" causes the average freshman to shy off in alarm, when in reality the result of his test is hardly ever known to anyone but himself and the instructor who corrects and grades it, Irwin said.

The real purpose of the tests is to check later in the term when a student falls down in his work and find whether it is due to a lack of ability or to some other cause. If his work is satisfactory, the test is never taken out of the files.

The tests were developed by psychologists in research work, and have proved a valuable aid in determining a student's ability and the correlation between this factor and the work he accomplishes.

Ad Staff Chosen For 1936 Yearbook

With the total cost of this year's Artemisia estimated at \$6000, the new business staff is pushing old members and tryees in a concentrated drive for advertisements, according to Winifred Walsh, business manager.

The present working staff includes Mary Corecco, associate manager; Cletus Libbey and Betty McCulston, assistants, and Benjamin Rothholtz, Verla Champagne, Lillian Guisti, Ted Olds, Merle Snider, Marshall Creel, Charles Doherty, Alice Jane Chism.

Tryees for positions on the staff are Elmer Ford, Harriet Cazier, Mary Pappas, Annie Lucas, Ray Tennant, Hudson Lee, Ethel Kent, Gerald Roberts, and Kathleen Hansen.

Betty Jane McCulloch, Billie Geyer, Emily Tholl, Thelma Armstrong, Paul Lannon, and Jessie Sellman comprise the secretarial staff. Although this is the present working line up, Miss Walsh announces that the list is subject to revision and is not final.

Senate Chooses Committee to Plan For Celebration

Carroll, Kirkley Reaffirmed as Upperclass Group Chairmen

Senators Move to Consider Proposal of Official A.S.U.N. Seal

Meeting Thursday night in a special session, the A.S.U.N. senate accepted panels of the homecoming, men's upperclass, and women's upperclass committees.

Elwin Jeffers, senior independent student, will act as chairman of the homecoming day committee. Others on the committee are: Tony Primeaux, Walter States, Nece Jones, Frances Graf, Bob Butler, Emile Gezlin, Cletus Libby and Bill Goodin.

The men's upperclass committee, which has the power to punish any man breaking a campus tradition, will be headed by last year's chairman, Victor Carroll. He will be assisted by Herbert Freudenberg, Jesse Christensen, Bert Cummings, Guy Morris, Bud Showalter, George Sharp, George Hadlin, Lee Ward, and Elwin Jeffers.

Disobedient women will be reprimanded by the following committee: Florence Kirkley, chairman; Dorothy Roseberry, Georgia Cole, Luellie Berg, Frances Burke, Genevieve Hansen, Charlotte Robinson, Genevieve Wakefield, Mary DeArmand, and Cornelia Arentz.

A fourth committee was appointed to investigate the possibility of adopting an official student body seal. This committee is: Bob Nelligan, chairman, Bob Stoker, and Katherine Dondoro.

931 Students Are Enrolled for Term

Enrollment figures released last night by President Walter E. Clark showed that 931 students have completed registration, supporting Dr. Clark's previous estimate that completed enrollment this semester will approximate 960, to exceed last year's mark of 938 for the fall semester.

The freshmen class will be the largest in the history of the university—388 to date. The complete figures are as follows: sophomores 223, juniors 154, seniors 84, graduates 24, unclassified 36, special 17.

With the registration deadline set for Tuesday, Clark expects that the last minute rush of students, which last year amounted to 20 during the last two days, will bolster enrollment figures to 960. Teachers in active service are not subject to this date, Clark said.

The total number of cards out last night totaled 950, compared to 928 on the same day last year.

Business Manager Directs Drive for Artemisia Advertisements

With the total cost of this year's Artemisia estimated at \$6000, the new business staff is pushing old members and tryees in a concentrated drive for advertisements, according to Winifred Walsh, business manager.

The present working staff includes Mary Corecco, associate manager; Cletus Libbey and Betty McCulston, assistants, and Benjamin Rothholtz, Verla Champagne, Lillian Guisti, Ted Olds, Merle Snider, Marshall Creel, Charles Doherty, Alice Jane Chism.

Tryees for positions on the staff are Elmer Ford, Harriet Cazier, Mary Pappas, Annie Lucas, Ray Tennant, Hudson Lee, Ethel Kent, Gerald Roberts, and Kathleen Hansen.

Betty Jane McCulloch, Billie Geyer, Emily Tholl, Thelma Armstrong, Paul Lannon, and Jessie Sellman comprise the secretarial staff. Although this is the present working line up, Miss Walsh announces that the list is subject to revision and is not final.

KARSTENS ILL

Kenneth Karstens, fellow in chemistry at the university, underwent an appendectomy at the county hospital Tuesday. His condition is satisfactory.

Education Grads Receive Positions In Nevada Schools

With a large number of teaching positions opened this year by the numerous marriages of teachers throughout the state many Nevada graduates have received places for the coming year, according to officials of the School of Education.

Ruth Bixby, Pi Beta Phi, who graduated in 1933 and who received her master's degree in French last spring, will teach in Yerington high school.

Ruby Bliss, Gamma Phi Beta, who graduated with the class of 1935, has a position in the Sparks high school. Her home is in Sparks.

Kathryn Martin, Kappa Alpha Theta from Reno, will handle a position in the Verdi Elementary School.

Glenna Delle McQuerry will teach in the high school at Lund.

Dorothy Nason, Gamma Phi Beta, who lives in Sparks, has a position with the Sparks high school.

Marion Brodie, '35, has a school in Harmon, near Fallon.

Margaret Robinson, a graduate student at Nevada last year, will teach in St. Clair, near Fallon.

Helene Stark, Pi Beta Phi, will teach physical education and Spanish at Virginia City High School.

Dorothea Shidler, Delta Delta Delta, will be teaching the elementary school at Ruth.

Emily Ross, Stanford graduate, who took some courses at Nevada last year and was affiliated with the Gamma Phi Beta sorority, will take a position in the mathematics department at the university.

Mary Swett, Beta Sigma Omicron, will teach home economics in Lund High School.

Lawrence Carter, graduate student at Nevada last year, has a teaching position in Gardnerville.

Walter Scott, Alpha Tau Omega, will teach in Sparks.

Dan Bledsoe, Alpha Tau Omega, has a coaching position at Dayton high school.

Anna Maude Sterne, Nevada graduate who returned to the University for post-graduate work last year has a position in the Reno elementary schools.

Dorothy Pope, Beta Sigma Omicron and 1934 graduate, will be the teacher of commercial subjects at Wells high school.

Mary Burt, '34, plans to teach in the Goldfield high school.

Ina Sharpe, Normal School student, will handle a position in the Midas school, in Elko County.

John Fant, '33, who formerly taught at Lovelock, will teach at Wells high school this year.

Mary A. Thompson, Pi Beta Phi and 1934 graduate, will teach music in the Hawthorne elementary school.

Blanche Lucas, '34, who formerly taught at the Wells Elementary School, has a position in Minden.

Inez Gillies, Normal school student of 1934, has a school at Deeth.

Doris Shaver, Pi Beta Phi and 1934 graduate, will teach in the Sparks elementary schools.

Arvis Reil will teach mathematics in the Smith Valley high school.

Margaret Sullivan, '33, who was formerly at Pioche, will teach home economics at Boulder City.

Blythe Bulmer, Delta Delta Delta, will teach dramatics in the Reno Junior high school.

Howard McMullen, '34, will teach at the Como Mine near Dayton.

Elmer Pedrol, '33, has received a promotion to principal of the Smith Valley high school.

Ina Johnson, Delta Delta Delta, will teach music in the Minden elementary schools. Since her graduation from Nevada in 1934 she has been studying music at U.C.L.A.

Kathryn Ligon, Delta Delta Delta, will handle library work and also teach English at Las Vegas high school.

Jim Bailey, formerly coach at Dayton, will coach at the Yerington high school.

Virginia Cole, Delta Delta Delta, who taught last year at Washoe City, has a position in the Reno elementary schools for this year.

Sessions Wheeler, who acted as assistant in the botany department at the university last year, will teach in Fernley high school.

John Dolan will teach physical education in the Battle Mountain elementary school.

Floyd Smalley, Sigma Phi Sigma, has a position in the Austin elementary school.

Nevada Solari, '35, will teach in Wells High school this year.

Alice Batchelder '33, will handle the home economics department at Alamo.

Margaret Kormmeyer, Delta Delta Delta who graduated in 1934, has a position as home economics teacher at Ely High school.

Clara Tomlin will teach in Hall Creek, Lander County.

Josephine Tyrrel, normal student, will teach in Dresslerville.

Dwight Nelson will take a position in the Lovelock elementary school this fall.

Marguerite McQuiston has a place in the Montello schools.

Ailene Daniels plans to teach in Simpson Park, near Austin.

Camille Cerrita, '34, will teach music and the seventh grade in the Gardner-ville school.

Kistler Rivers, '35, has a position in Contact.

Harold Curran, Alpha Tau Omega, '34, will handle departmental and boy's activities in Gardnerville.

Alice Traynor, '34 normal graduate, plans to teach at Miller's, near Tonopah.

Support Brush advertisers.

88 U. N. Students Are Employed By Department Heads

Applications Still Being Filed At City FERA Office By Students

Approximately Ten Per Cent of Enrollment Given Federal Aid

Approximately ten per cent of the students now enrolled in the University of Nevada have found employment under the National Youth Movement which has taken the place of the FERA of last year, it was announced today.

This movement is handled from the FERA headquarters in Washington and is designed to give employment to high school and college students. Of the 88 securing campus positions, 41 are men and 25 women.

The positions occupied by students range from student instructors to stenographers and waiters, with every possible opening being taken by the willing applicants.

Miss Thea Thompson, librarian, leads the list of employers of co-eds, having three women in the library under her direction. Professors Sameth, Hartman, Chappelle, Mack, Church, and Dean Adams each have two employed, while Professors Lehenbauer, Lewis, Chase, Lewers, Bemis, and Dean Thompson each have one working in their departments. A total of five coeds have not been assigned work to date, but have been assured positions.

The coaching staff of the university has the most men employed, with Coach "Bric" Mitchell having work for eight and J. E. ("Doc") Martie employing five. Director Fulton of the mining school, Superintendent Joe Lynch and A. Henrichs each have sufficient employment for four male students.

Two students each have found employment in the offices of Director Headley and Professors Sears and Higginbotham, while Deans Sibley and Thompson and Professors Wilson, Bemis, Brown, Chappelle, Lehenbauer, Harwood, Wilson, and Palmer have a man each working for them. Twenty-two men who have been promised positions and probably will be employed the earlier part of next week.

Applications are still being entered at the down-town FERA employment office for positions open to college students.

Junior Student Still in Hospital

According to reports from the St. Mary's hospital, Elma May, junior student, will probably not be released before the next month. Miss May was operated on three weeks ago for chronic appendicitis and it was found that she was suffering from internal hemorrhages as well. According to the doctors she is out of danger at the present.

Miss May was recently elected president of the Beta Sigma Omicron sorority. Margaret Lyon is at present acting in the capacity of president until Miss May returns to school.

Mrs. Eugene Kelly, the former Ann Shaughnessy, and her sister, Frances Shaughnessy, former students, arrived in Reno Saturday to visit their parents, Mr. and Mrs. J. F. Shaughnessy.

Officers Elected By Normal Club At First Meet

Officers for the ensuing school year were elected and social plans discussed at the first meeting of the Normal club, held Wednesday afternoon.

Anne Banovich was named president, Marie Schopper, vice-president; Geneva Beth Ellis, secretary; Rebecca Taitle, treasurer, and Margaret Clark, social chairman.

Another meeting is scheduled for Wednesday, September 18, at which time definite plans for the club's first party will be made.

Letter to the Editor

Editors Note—Following the policy set forth in the first issue of the Sagebrush, the Sagebrush is printing a letter to the editor on a vital question to many students. Further letters to the editor are welcome, but they must be signed. If it is desired by the writer, no name will be printed.

Editor, the Sagebrush:

Nevada is receiving a great deal of publicity this fall. So much, in fact, that the entire school will be placed in the "spot light" of the Pacific Coast when we play St. Mary's.

Because the bay region, and the Pacific Coast will expect so much from this school, and because our band gets at least one trip each season, every effort should be made to send our band to the St. Mary's game.

Money is the only draw back. As yet the central treasury cannot afford the expense of such a trip but, the student body has that money if it can be arranged so that it can be used for this purpose. The Publications Board has \$300.00 which it received out of the profits from last year's publication. This group has no place to spend money, they have no activities that require working capital, or any expense other than social where this money can be spent.

If the Publications Board does not spend this money this year it will revert to the central treasury next year. The school as a whole, the band as a worthwhile activity, and the football team itself, would be benefited if the Publications Board could be prevailed upon to turn at least a portion of its fund over to Finance Control to be used for sending the University of Nevada band on this trip with the football team and the rest of the student body.

A STUDENT.

Students Attend Hockey Practice

Approximately 35 students have turned out for hockey, which started last week with practices every Tuesday and Thursday. The freshmen are now leading with 16 practicing; while the sophomores have 11, the juniors 5, and the seniors 3. More are expected to sign up before Tuesday.

Nevada Graduate Speaks on Power

High Voltage Machines Are Discussed In Address By Dr. Smith

Speaking on "Modern Methods of Producing High Voltage and Its Applications," Dr. Lloyd B. Smith, '25, addressed the Associated Engineers at their first meeting of the semester Thursday night.

The expense and space necessary for equipment are the two principal factors to be considered when dealing with apparatus for the production of high voltages, according to Dr. Smith. The first apparatus which he discussed briefly was a transformer, such as the one in use at the California Institute of Technology, with which 1-500,000 volts has been reached.

This particular method, however, is quite expensive and beyond the usual range of laboratories, Smith said. Insulation difficulties and the fact that the transformer can only deliver alternating current are other disadvantages.

A second type of machine used to get high voltages is one involving an induction coil, but the difficulties of insulation and expense are problems with this method as well, according to Smith.

The Serge generator, which involves the charging of condensers in parallel and then switching them to a series connection, is also in use. This type delivers direct current and is not of such prohibitive cost as the preceding two machines. The highest voltage which has been obtained in this manner is 200,000-300,000 volts.

Another type of machine which is used is the Vandergraft, patterned after a generator invented early in the 19th century. Dr. Smith described this apparatus in some detail and also described a Vandergraft machine on a much larger scale which has been built at Round Hill, Massachusetts, with which the makers hope to reach 10,000,000 volts. Only 2,000,000 or 3,000,000 volts have so far been attained, however. The General Electric Company has also carried on some research work along similar lines, he said, to get high voltage for use in X-ray machines.

A successful means of measuring high voltages was described in detail by Dr. Smith, together with diagrams illustrating features of the method more clearly.

Enlarging upon his topic Dr. Smith

Pi Phi Club Holds Meeting

The Pi Beta Phi Mothers' club, organized recently, held a luncheon meeting Saturday at the home of Mrs. J. A. Fulton. Plans for the coming year were discussed, and following a short business meeting a social hour was enjoyed. Mrs. Fulton was assisted by Mrs. Albert J. Caton, Mrs. Elsie Johnson, Mrs. J. A. Cooper and Mrs. J. B. Williams.

S.A.E. Entertains At Pledge Dance

The Sigma Alpha Epsilon fraternity entertained in honor of its new pledges with a dance at the chapter house on Evans Avenue Saturday. Music was

outlined a means of producing pseudo-high voltages, giving both the theory and the practical application of it. An apparatus for this work has been set up at Cornell University where Dr. Smith is assistant professor of physics, and Paul Hartman, '34, who is doing graduate work at Cornell, is doing a great deal with it, he said.

Another apparatus for the same purpose, Beam's, was described and an apparatus which has been designed in part by Dr. Smith along somewhat the same lines.

Smith graduated with a physics major from Nevada in 1925, and is now assistant professor of physics at Cornell University.

Engagement Announced By Mary Tholl

The engagement of Mary Tholl and William Evans was announced at a breakfast held at the El Cortez hotel Saturday. Miss Tholl attended the University of Nevada and was a pledge to Kappa Alpha Theta sorority. Mr. Evans also attended the University of Nevada and is a member of Gamma Eta Kappa fraternity. The marriage will take place sometime in October.

Sigma Nu Mothers Meet at Chapter House

The Sigma Nu Mothers' club held a meeting in honor of new members Monday at the chapter house. A social meeting followed the regular business session of the group.

Former Students Married Saturday

Miss Martha Hansen and Clarence Jones were married Saturday afternoon at the Baptist church. Rev. Brewster Adams performed the ceremony in the presence of a large number of guests and family friends.

Adura Nell Wilson of Richmond, Cal., was the only attendant of the

bride. Marvin B. Humphrey attended the bridegroom.

Miss Hansen attended the University of Nevada where she was a member of the Beta Sigma Omicron sorority. Later she attended the College of Pacific where she studied music.

Jones is a graduate of the University of Nevada, and is a member of the Delta Sigma fraternity.

Mr. and Mrs. Jones are spending their honeymoon on the coast. They will make their home in Reno where he is employed by the Reno Evening Gazette.

A.T.O. Holds Pledge Dance

The annual Alpha Tau Omega fall pledge dance was held Saturday night, September 7, at the Chapter house.

Patrons and Patronesses were Dean and Mrs. R. C. Thompson and Dr. and Mrs. Lehenbauer.

The music was by Embree Ralford's orchestra.

Beta Kappa's Honor Dr. Smith

Honoring Dr. Lloyd V. Smith, a graduate of the University of Nevada with the class of 1925, the members of Beta Kappa fraternity entertained at a dinner preceding Dr. Smith's address to the Associated Engineers Wednesday. Other honored guests were Prof. V. P. Gianella, Dean A. C. Stewart, Prof. Lehenbauer, and Prof. V. E. Scott.

Women to Close Sorority Rushing Tomorrow Morning

Formal Dinners for Pledges Set for Saturday Evening

Silence Period Is Observed by Rushees, House Members

The annual race for pledges among the six sororities will end tomorrow, when "rushees" state their preference before the Pan Hellenic lawyer from 10 a. m. until 2 p. m.

Preferential dinners, which are formal, will be held tomorrow evening at a variety of places: Delta Delta Delta has selected the Riverside Hotel for its dinner, Kappa Alpha Theta will entertain at the Century club, Beta Sigma Omicron at the El Cortez Hotel, Gamma Phi Beta at the Golden, and both Pi Beta Phi and Alpha Delta Theta will entertain at their chapter houses.

Eight Parties Held "Rushees" have been entertained at eight parties this week. Gamma Phi Beta opened the rushing for the week with a pink carnation tea, held in its chapter house on Sierra street Monday afternoon from 4 to 6.

Alpha Delta Theta entertained at the second party of the day with a Hawaiian dinner served at their new chapter house on North Virginia street. Delta Delta Delta honored the new women at a formal tea Tuesday from 4 to 6, which was followed by a "hotel" dinner by Pi Beta Phi from 6 to 8.

Wednesday afternoon Kappa Alpha Theta held a formal tea, with Alpha Delta Theta presiding at a carnival dinner in the evening.

Rushing continued until Thursday with Beta Sigma Omicron acting as hostess at a garden tea in the afternoon. Pi Beta Phi closed the rushing season with a buffet dinner from 6 to 8. Silence began at 8 p. m. Thursday and will continue until 2 p. m. tomorrow. During this time no social intercourse will be allowed between "rushees" and sorority women. Sororities will receive pledge lists Saturday at 3 p. m.

The list of eligible "rushees" exceeds that of former years, and a large number of pledges is predicted by each house.

Modern Dances Will Be Taught This Semester

A new class in modernistic dancing under the direction of Miss Elsa Sameth will be offered during the last half of the semester. This class will be given in conjunction with the W.A.A. sports, with Jessie Selman as manager.

Plans are being made to get new and very modern costumes, with perhaps some percussion instruments to furnish the music for this new type of dancing.

This is the first year that the Women's Athletic Association has sponsored a dancing class of this sort, although this type of thing has been very popular on California campuses.

Home Ec. Group Opens Membership

Membership in the Home Economics club will no longer be limited to students majoring in home economics. Neca Jones, president of the group, announced this week. Anyone who is carrying two hours of work in the department is eligible for membership under the new plan being inaugurated by the club.

Because of the sorority rushing season, the regular meeting of the club scheduled for Wednesday night was postponed until September 18. Miss Jones will tell new students of the activities and purposes of the club at the meeting.

It was formerly planned that the faculty would entertain the new members at the first meeting, but this plan has now been abandoned. Entertainment is being planned by Margaret Gorman.

U. N. Traditions To Be Enforced By Senior Women

Enforcement of tradition for women students will begin in earnest Monday. Florence Kirkley, chairman of the committee said today. "Enforcement this year will be twice as rigid as ever before; women students in recent years have been too unconcerned about traditions."

Freshman women are the chief offenders, but a warning was also extended to sophomores and juniors who might "cut campus" or sit on the senior bench. Senior women are seldom called upon to account for their actions.

The fact that this year's committee is made up entirely of seniors is a further threat to wrong-doers. The committee is as follows: Florence Kirkley, Georgia Cole, Charlotte Robinson, Neca Jones, Dorothy Roseberry, Genevieve Wakefield, Cornelia Arentz, Frances Burke, Lucille Berg, Mary D'Armand, and Katherine Dondero, ex-officio member.

Student Leader Speaks to Group

Meeting with the cabinet of the campus Y.W.C.A., Virginia McGregor, graduate of Occidental college, will discuss activities of that organization. Miss McGregor has just returned from New York where she has been attending a national convention.

Women Register In Riding Classes

Saddle and Spurs, women's riding club, has started its yearly activity under the management of Julia Sibley, who has scheduled riding classes on Tuesdays and Thursdays at 4:00 p. m.

A large number of coeds have signed up. They are as follows: Evelyn Anderson, Laurada Jarvis, Beatrice Lansdon, M. Eleanor Underwood, Lois Aldrich, Patricia Lannon, Francis Cafferata, Beverly Joyce, Jane Bell, Martadel Cooper, Agnes Howell, Marie Barnes, Nancy Hall, Lola Yvonne Stoddard, Margaret Johnstone, Alice Jane Chism, Opal Harvey and Suzanne Traub.

Thetas to Hold Party Tomorrow

An "open house" for the campus will be given by the Kappa Alpha Theta sorority Saturday night, September 14, to formally open the new addition, Genevieve Wakefield, president of the house announced this week.

A tour through the house followed by dancing, will be the features of the evening. Dudley Nix, former student at the University of Nevada, and his band will furnish the music.

During the summer vacation, a \$6000 addition, which includes a new living room, chapter room, bedroom, shower, and bathroom, was built. It was refurbished at a cost of \$1500.

Pan-Hell Lawyer Chosen by Council

Nevada Lawyer Commends Methods of Rushing Candidates

Mrs. A. E. Hill, wife of Professor Hill of the university, was elected Pan-Hellenic lawyer last Saturday by the Pan-Hellenic council, it was announced by Inez MacGillivray, president of the Council.

Stating that rushing at the university is well organized, Mrs. Hill also added that the manner of having bids phoned and accepted on definite days is one of the best methods.

"Rushing is much more sensible and well planned now than the haphazard, expensive rushing season of former years," Mrs. Hill said.

She believes that students should have more contact with faculty members and she is pleased with this opportunity to become better acquainted with the University women.

A member of Delta Gamma sorority at the University of Michigan, Mrs. Hill will replace Mrs. Scott Harrington, who resigned as Pan-Hellenic lawyer.

Mrs. Hill will phone to freshman women today. Bids must be accepted between the hours of 10 and 2 tomorrow at Mrs. Hill's home, 343 Maple.

Silence began Thursday night after the final rushing party and will continue until noon tomorrow.

Bid lists from every sorority were given to Mrs. Hill last night. Notice of accepted bids will be sent to sororities at three o'clock tomorrow afternoon.

Co-Ed Glee Club Enrollment Large

Turnouts for the Women's Glee club this year has shown an increase over past semesters, according to Professor T. H. Post, director of the group.

Enrollment in the Men's Glee, however, is not as large as it has been for the past several terms.

The first rehearsal of the combined groups will be held Monday, Post reported, with the Wolves' Frolic, October 25, scheduled to be the first public appearance of the clubs.

SORORITY MOVES TO NEW CHAPTER HOUSE

Alpha Delta Theta sorority has opened a new chapter house at 728 North Virginia Street with Mrs. C. Inquest as house mother. As yet there are no girls living in the house.

Women Will Sign Hall Honor Roll At Special Meet

Signing of the Honor Roll book by students with a semester average of 1.8 or better will be a feature of a special meeting of Manzanita Hall Association to be held September 19.

The Honor Roll book was put into use last year as an incentive to scholarship advancement among hall residents. To date the book contains seven names.

Included in the same program is the initiation of freshmen residents into Manzanita Hall association. Each year the new residents are required to display their skill by presenting skits before an audience of critical upper-classwomen. Prizes will be awarded to those who put on the most original and entertaining stunts.

Refreshments will be served after the meeting by a committee under the direction of Miss Claire Bemis, matron of Manzanita Hall.

Y. W. Bookshop Realizes Profit From Text Sales

A profit of \$35 had been realized early this week in the used book shop sponsored by the Y.W.C.A. This amount is slightly smaller than last year, but it is a decided increase over the profit of year before last.

Although 177 books have been brought in by students, only about 80 of these have been sold. The organization receives 10 per cent from all books sold.

According to Georgia Cole, chairman, the bookshop will remain open another week and all students who have books there are requested to obtain either their money from sold books or their books before the end of the week.

Miss Cole also said that books remaining when the shop is closed will be sold next year with all money going to the Y.W.C.A.

Former Student Leaves for Africa

Mary Fulton, ex-36, left Reno this morning enroute to Capetown and Johannesburg, South Africa. She will remain in the latter city visiting relatives for an indefinite time, and may continue her studies at the University of Wilwaterstrand in Johannesburg.

Miss Fulton will sail from New York on October 5, on the "Conte Di Savoia," through the Straits of Gibraltar to Genoa, Italy where she will stay two days. From Genoa, on the "Gullo Cesare," Miss Fulton will sail for Capetown in the Union of South Africa arriving there October 31.

Mr. and Mrs. Fred Linscott will accompany her. Linscott is a graduate of the University of Nevada, and has been employed as mining engineer in South Africa since 1904.

From Capetown, Miss Fulton and her friends will drive to Johannesburg in the automobile which they are shipping from the United States. In Johannesburg, she will stay for an indefinite time visiting an aunt. Although she has no definite plans thus far, Miss Fulton may continue her course of study at the University of Wilwaterstrand.

Miss Fulton is the daughter of Professor John A. Fulton, director of the Mackay School of Mines.

Dorothy Perch, of Susanville, Cal., has discontinued her work at the university. Miss Perch, affiliated with Pi Beta Phi, was a sophomore student.

Post Graduates Are Allowed Help From U. S. Funds

Post-graduate students of the University of Nevada will be able to receive part-time work from the federal government to continue their studies, according to President Walter E. Clark, who has just received word from the National Youth Administration officials.

Students who have already completed a full year of graduate study may receive an average of thirty dollars per month and a maximum of forty dollars per month. This allotment also includes post-doctoral students.

The allotments are to include all universities and colleges which award non-professional master's and doctor's degrees, provided they are institutions which operate on a non-profit basis.

The funds for each university are based on the number of non-professional master's and doctor's degrees conferred between July 1, 1934, and June 30, 1935.

NO, NO, NO!

With a special meeting of the Far-Western conference set for tomorrow to consider problems which have arisen as a result of the recent withdrawal of San Jose from the conference, three questions face the University of Nevada campus.

These are:

- Should Nevada cancel its game with San Jose?
 - Should Nevada enter disputes now current in the conference?
 - Should Nevada withdraw from the conference?
- The first question, in spite of considerable agitation on the part of Reno newspapers, may be disposed of quickly. In the first place, San Jose officials have repeated time and time again in letters to Nevada officials that it is not the intention of that school to play the Nevada Wolves under any rules other than those under which the contract was signed. This automatically precludes any possibility of Nevada canceling the game, unless San Jose does not live up to its pre-season indications. If Nevada should cancel the game while San Jose is willing to play under Far-Western conference rules, the student body would then be liable for breaking a contract.

Another factor which should be called to the attention of those in favor of canceling the game is that Finance Control, acting for the Associated Students, has the authority to break any contract, and that any such action must come through this committee, not any other medium.

The second question also is easily answered. Athletic relations between several schools in the conference and San Jose are at a breaking point, and Fresno has even ventured to break off all relations with San Jose. Pacific is also at odds with San Jose at present, and feelings between other conference members are equally strained.

Up until now, the University of Nevada has managed to maintain friendly relations with its fellow conference members, and should do so, although attempts to bring Nevada into the disputes will probably be made. In most instances, these disputes have been brought about through petty jealousies, and they do not in any manner promote good sportsmanship on the athletic field.

The third question has been raised in downtown papers, but so far no official comment on it has been made by university authorities.

To those who have paid considerable attention to this question, it is evident that such a move at present would be unwise.

Nevada has not yet reached the point in its athletic career that it can play an entire season against strong coast teams on an equal basis, and, although a complete schedule could probably be drawn up if Nevada should withdraw, the results of such a season would undoubtedly be disastrous.

As it stands now, the Far-Western conference affords good competition to the Wolf Pack, and the university has the authority to go ahead and schedule games with non-conference members. Competition, a vital factor in university athletics, is also given by the conference, and a strong spirit of rivalry between conference members is easily achieved.

Membership in the conference also enables Nevada to continue track as a major sport by giving those interested in this sport some goal to work for. Withdrawal from the conference would take this away, and, eventually, track would be discontinued on the Nevada campus, leaving many students with no major sport in which to participate.

The answer to the third question, as well as the the first and second, then, is, "No." The conference affords competition, enables Nevada to schedule a satisfactory and profitable season, and adds to the interest in athletics by creating rivalry. What more could one ask?

A DANGEROUS MOVE

A move to extend the Reno business district northward on Virginia street to Seventh street is now before the Reno city council, and it is likely that the petition will be granted by the council in the near future.

The university and the Associated Student body have no objections to the move, other than it might eventually open up this residential district to beer gardens and saloons, placing these business houses within one or two blocks of many fraternity and sorority houses.

Those seeking to have the business district extended have said that it is not their intention to allow saloons in the district, and the city council should take every precaution to see that liquor is not allowed there.

One must recognize the fact that Reno is a growing city, and that the business district is bound, sooner or later, to expand to the north. It is even possible that within a few years, the business district might even reach the university gates.

It is the opinion of the Sagebrush, and the majority of the students will agree in this, that considerable harm has already parents, not knowing the real Reno, have refused to send their

children to the university because of its supposedly bad atmosphere.

The granting of licenses to sell liquor in the district would only give rise to further criticism, and harm both the university and Reno itself in the long run. The city council must recognize this fact, and if the business district is extended, should not allow liquor to be sold beyond the limits of the present business district.

Senate Minutes

September 5, 1935.

The first regular meeting of the fall semester of the senate was called to order at 7:20 p. m. by Chairman Dodge. Roll call was taken. Two Senators were absent.

Chairman Dodge then swore into office the following new senators: Betty Bowman, Robert Nelligan, Bill Cashill, and Leland Fife.

Katherine Dondero, A.W.S. president, was then appointed vice-president of the A.S.U.N. by Chairman Dodge. The senate approved the appointment.

The senate also approved the appointing of the following to the nominating committee: Elwin Jeffers, Bob Butler, Walter States, Opal Harvey, and Elizabeth Juniper.

Suggestions were presented to the group by the chairman regarding the tradition of the High School Student Body Presidents and Editors conventions. After some discussion, it was moved and passed that the convention be held in the fall semester, this year on October 12.

A recess was then called while the nominating committee drew up panels for the Executive committee, Publications board, Rally committee member, High School Presidents committee, Homecoming committee and secretary of the senate and A.S.U.N. The meeting was called to order, and Elwin Jeffers presented the following panels for temporary approval:

Executive committee: Bob Butler, Bob Nelligan, Opal Harvey.
Publications board: Eleanor Doan, Charles Leavitt, Elwin Jeffers.
Rally committee members: Tom Morris.

High School Presidents convention: Joe Kelley, chairman, Evamae Beemer, Margaret Percy, Kay Norrid, Richard Tau, Jack Elliott, Willis Dalzell.

Homecoming committee: Elwin Jeffers, chairman, Neca Jones, Frances Graf, Paul Walker, Bob Butler, Walter States, Bill Goodin, Emile Gezelin.

Senate and A.S.U.N. secretary: Elizabeth Juniper.

The senate approved temporarily the following panels: Executive committee, Rally committee member, Publications board, and secretary of A. S. U. N.

After some discussion concerning the rejected panels, a motion was made and seconded that a further panel be drawn up for the High School Presidents convention allowing the rest of the rejected panels and new business to wait until next Thursday night.

The meeting was recessed while the nominating committee drew up a new panel which included: Ray Armstrong, chairman, Evamae Beemer, Margaret Percy, Kay Norrid, Louis Nash, Joe Kelley, Willis Dalzell.

The Senate approved the new panel for the Presidents convention. Suggestions for the vacancies on the Men's Upperclass committee were: George Tharp, Bud Showalter, Louis Pulsipher, Bert Cummings, and Guy Morris. For vacancies on the Women's Upperclass committee: Dorothy Roseberry, Neca Jones, Cornelia Arentz.

Discussion ensued pertaining to the senate's expressing an opinion on the city council's move to extend the business district of Reno. Motion made and carried that senate would not vote on the question because of lack of knowledge of the case.

A motion was then duly made, seconded and carried that the senate reconsider the panel of the Executive Committee. A short recess was declared

Freshmen Jacobs, Joy, Primeaux, and Eccles, of dead old Lambda Chi Alpha, have gone collegiate in a big way—they all bought pipes yesterday and were sick last night. Some fun, huh fellas?

The candy and cigar stores are doing a rushing business, with five pins being hung since school started. The lucky or unlucky persons (call it what you will) include Darrell Cain and Margaret Traner; Marian Brier and Harry Bonfield; Ollie Aymar and Rita Winer; "Dud" Henderson and Doris Bath; Phillip Shore and Ruth Palmer.

Shades of something or other—Miss Sameth is going modern on us and has thrown away the old black bloomers and given up the polka—to wear shorts and do the danse moderne.

We wonder what the Cercle Francois, of "Madame Bovary" fame, is going to put on next? So much secrecy about their plans has led us to believe that they will startle the campus with the

"Follies Bergere." Can't you just see Prof. Chappelle crooning a risque French ditty?

This rushing business is getting we fellas down. It must be getting bad when the Tri Deltas have to listen under the Theta's windows to see how they are rushing. Maybe the Tri Dillies would like to know how the Thetas get the "cream of the crop" every year. But, we all know cream turns sour, so what's the difference?

Since rushing is the talk of the campus we will try to give you an idea of what goes on in a rushing meeting—and leave you to draw your own conclusions.

Setting: A sorority house.

Characters: A lot of the sisters.
First Gal: "We have to get going—get a new line—we're getting stale letting those other houses get the pick of the crop."

Second Ditto: "We want Sally Gok Rocks—maybe her old man might build us a new addition."

Third One: "Yes, and we want Sadie Zilch."

Fourth Femme: "We do not. (Confidently). Why my mother knew her mother when—she is an awful gossip—and besides that (horrified whisper) she drinks beer."

All Together (gasp): "Oh, oh! how awful—of course we don't want her."

End of First Scene
Rushing Party at Pi Eye House

First Pi Eye (gushing to rushee): "My dear, you simply must join our house—we can do everything for you—why when you're a senior up here you can be president of the student body, Mackay day queen, editor of the

Artemisia and anything else you want to be."

Second wench: "Yes you must go our house—you see (modestly) we are the best house on the campus—we'll see that you have a date every night during the week and at least two on Saturday night."

Rushee (impressed): "You really mean that. But what about the Alphas—I heard—"

Second Co-ed (interrupting her): "My dear, you mustn't even consider the Alphas—why they just aren't anything on this campus—and, besides you will have to pay for their parties later on—they just don't rate at all—you'd better promise us right now and not do to their next party—blah, blah, blah."

Rushee, (fed up with it all), "I think I'll go Sigma Nu."

Curtain
And that dear readers is the life of a rushee.

Prize joke of the week—Ed Rose crashing the football luncheon as one of the players—not that he doesn't look like a fullback—or is it a water-boy?

Hundreds Attend Football Luncheon As Season Opens

William Kearney Cheers Wolf Pack as Mitchell Takes Over Squad

Reno Merchants Pledge Aid To Nevada Coaches, Players

With the words, "Bring home the bacon," ringing in their ears, members of the 1935 football squad and leading business men of Reno gathered at the luncheon sponsored by the graduate managers office Tuesday.

Several hundred attended the luncheon to hear short addresses by T. L. Withers, toastmaster, Coach C. L. Mitchell, Assistant Coach Roy Baker, "Brick" Morse, Ted Fairchild, Robert Creps and William Kearney.

Kearney, prominent football player of 30 years ago, delivered the principal address, urging the business men to give more support to the university.

"We may be justly proud of our university," he said, "and the team should be met at the train with enthusiasm after a good try as well as after a victory." He advocated the closing of business houses in Reno if necessary, in order to promote more support for the football team.

Speaking to members of the squad, he continued: "Put your heart and soul into the spirit of the game. It takes a strong heart to play football, and the team that can take it and come back is the team that wins."

"Fight" Characteristic
Kearney also compared early Nevada football teams to those of the present, pointing out that "fight" has always been a characteristic of Nevada athletic teams.

Withers, taking charge of the meeting, told the group that a different spirit is prevalent on the campus this year, and that loyalty to the coach by both student body members and football players is at a high point.

"The boys on the field have eliminated petty disputes," Withers said, "and will give their best."

Morse Introduced
"Brick" Morse, California football star, was introduced as the "oldest football player" present, and Coach Mitchell was then presented.

Mitchell compared football to a business, saying that financial support, cooperation, loyalty and manpower all go to make a football team. He refused to make any predictions concerning the outcome of the Nevada season, but said that the players "have what it takes" to make a good football team.

Mitchell also introduced individual players on the squad, and then introduced Roy Baker, new assistant coach.

Ted Fairchild, another former Nevada football man, was also introduced.

Ticket Sale Announced
The sale of season tickets for home games was explained by Robert Creps, graduate manager, while an announcement of a special train to the Nevada-St. Mary's game was announced by H. E. Ish, general agent of the Southern Pacific railway at Reno.

Entertainment was furnished by a group of students from the University of California who filled a vaudeville engagement in Reno this week. Nevada, Stanford, California and University of Southern California songs were presented.

The meeting was attended by delegations from the Nevada Bar association, Chamber of Commerce, the Kiwanis, Rotary, 20-30, Nevada Retail Merchants, Lions, football players, student government leaders and members of the faculty and coaching staffs.

Galloping Gaels Are Shaping Up To Meet Wolves

University of Nevada's adversaries for the opener of the football season, the Galloping Gaels of St. Mary's, are undergoing strenuous workouts this week. Their first game this year being with the University of Nevada Wolf Pack, they will undergo heavy training periods to prepare to make up for last year's defeat.

Coach "Slip" Madigan, having returned from his duties of assistant coach at the all-star game in Chicago, received several shocks after looking his squad of forty-eight men over.

The first is the absence of Denny Keran of Bakersfield, a 228 pound tackle.

Madigan's dreams of making a star place-kicker out of him were broken as Keran has not returned to school. However, "Herm" Meister, tackle, will take over the place-kick and kick-off duties.

Even with the smallest turnout in years, "Slip" still has the makings of a great team having fourteen lettermen back on the squad.

Familiar names such as Erdelatz and Strub, ends, Meister and Haloski, tackles, O'Connor, guard, and Jorgensen, center, in the line sound very encouraging to Gael followers.

In the backfield Mal Fiese, Ed Hallman, Herb Schreiber, and Kelly Kellogg will excite the supporters of the Moraga-men.

Nevadans will remember Erdelatz as the end who made the only touchdown against the Wolves in last year's game.

The Gael's fame for producing great centers is another problem confronting the Moraga mentor. Only three men are listed for the pivot position, Wag Jorgensen, brother to the all-American Carl Jorgensen, Les Jersa, and Wally Garard.

The above named are good men, but Madigan believes in reserve strength, and may switch Leo Scatena, guard, to center in order to keep up the tradition of great Gael pivot men.

Western Nevada Coaches to Meet Here Saturday

Coaches in the Western Nevada high school conference will meet tomorrow to arrange for officials for the coming football season and to discuss rules.

The meeting will be held at Reno high school and will begin at 10 a. m. Coaches who will attend include Proctor Hug, Sparks; James Bailey, Yerington; Dave Norman, Lovelock; Donald Robertson, Fallon; Roy Banotier, Gardnerville; George McElroy, Carson; Herbert Foster, Reno, and Albert Hawley, Stewart.

Referees who will also attend the meeting include Harold Curran, Willis Church, Clifford Devine, and Ken Johnson. Others expected to attend are Jack Walther, Jack Gilmartin, Jake Lawlor, Eddie Ducker and others.

Gerald Hartley, former University of Nevada student, visited friends in Reno over the week-end. Hartley is now an engineer at the Dixie Comstock mine in Dixie Valley.

Nevada Tumblers To Tour Schools

Tumbling classes under the direction of Professor J. E. Martie will make an extensive tour of Nevada, including a visit to the high schools at Greenville and Quincy, Cal. A series of acts are being perfected to the tune of cracking vertebrae and thudding skulls.

The tour is a continuation of a practice begun several years ago to give the human sponge balls a chance to demonstrate their skill.

Greenville and Quincy will be the first schools visited, followed by a complete coverage of the eastern part of the state. Afterward a series of trips to school in this vicinity will complete the program, the plan being to finish with a trip to Elko near Thanksgiving.

Yearlings Respond To Football Call

Forty-two aspirants for the 1935 freshman football squad at the University of Nevada were issued gridiron equipment this week by varsity manager Si Ross.

So far the yearlings, who are being temporarily directed by Bud Beasley and Paul Walker, are merely indulging in limbering up exercises, and going through light practices in formations, passing, kicking. Heavy workouts will probably begin during the middle of next week.

Among the list of first year men who have turned out for the team are several former all-state high school stars. At the present time it appears that the majority of the team will be composed of players from Fallon high school, champions of western Nevada. This prep school sent a large delegation of griders, headed by Frank Inman, all-state quarterback, and Martin Hanifan and Loyd Parish, linemen.

Walter Powers and Blake Speers, who were named on the all-state high school team of 1934, have signed up for the frosh team. Speers is a candidate for the center position, while Powers, who also holds state sprinting championships in track, has turned out for end.

The complete list of the frosh who have signed up for football follows: Harry Mornston, Blake Speers, Walter Powers, Frank Inman, George Franklin, Edgar Walters, Martin Hanifan, Ted Demosthenes, Bud Bernardo, John Weeks, Tom Kane, Lloyd Parrish, George Ferrick, Lester Agee, Donald McDonell, Wellington Jeffers, Lester Shaw, Robert Handley, Frank Eastman, Eli Nickovich, Bob Grubick, James Colvin, Jack Cunningham, Wilton Dole, Louis Neddenniep, Fritz Neddenniep, John Parole, Dick Taylor, Herb

25 Men Report For Fall Track

The men are taken from the P.E. 1 and 3 classes, and meet Monday, Wednesday, and Friday at 4:15 p.m.

There is little opportunity for specialty men during the fall, and most of their efforts are expended to get themselves in shape for the spring session. The first part of the afternoon is devoted to stretching exercises, and the balance of the time is spent in limbering-up on the track.

The following men have turned out: Marvin Moler, Murray Moler, Louis Carpenter, Basil Kehoe, Richard Laub, Floyd Hand, Stanford McNair, Peter Berfering, Morgan Jarvis, Ralph Brown, John Boylan, Kenneth Day, Clyde Marty, Malcolm Nobbs, Alfred Paecl, Ernest Rodriguez, Vernon Scott, and Robert Defosset.

Ward, Earl Brookes, Iowan Parman, Les Demetrakopolis, Dana Dodge, Alan Rives, Dick Roche, George Friedhoff, Bob Jackson, Chet Evans, Tom Beko, George Koocher, Donald McMeekin, Jim Sullivan.

Greek Athletics To Start Monday

Points Toward Cup Offered to Houses Placing in Marathon

That inter-fraternity athletics will start Monday was announced by the inter-fraternity council when it met last week to draw up the schedule for the ensuing semester.

The race for the copper stein will get under way with games in volleyball, tennis singles and doubles, and horse-shoe singles and doubles.

At the completion of these tournaments, the basketball season will begin. Practice sessions will be held for the various houses before October, in order to give each house ample time to whip its teams into shape. The tourney will be completed by November 11.

All of these sports will be conducted as a round robin tournament, which will allow the contestants an even chance against upsets.

All cross-country entries are to be working out prior to October 1, if they wish to be eligible for the three-mile

Credit Offered In Four Sports

Four classes in sports are being offered for physical education credit this semester, according to J. E. Martie, head of the department of physical education for men.

Those sports are freshman football, fall track, tennis, and tumbling.

In commenting on these classes, Martie said, "It seems that there is more interest in tumbling this year than there has been before."

Chester Scranton, tennis coach, said that the tennis classes have been filled to near capacity.

In the women's division of physical education, Miss Elsa Sameth, head of the department of physical education for women, said that only swimming would be offered for full credit, but that tennis will be given as long as the weather holds good.

Margaret Piercy spent Sunday at Lake Tahoe.
race from Sparks to the Mackay stadium on Homecoming day.
Cups will be offered to the winners along with points towards the inter-fraternity copper stein.

Dr. Clark Opens Lecture Courses For Townspeople

President Answers Charges of "Red" Influences in Colleges

First Address of New Series Is Well Received by Townspeople

Before an audience of about 65 adults in the Mackay Science lecture hall, President Walter E. Clark last night, in opening the weekly series of lectures in the newly inaugurated adult education classes sponsored by the faculty, answered the charges of critics of colleges who claim that college professors and students "are pink, if not red."

Dr. Clark was introduced by Dean Maxwell Adams, who invited the students of the university and the people of Reno, Sparks and other towns to attend the Thursday night lectures, which are free of charge.

"Our graduates, in taking the university oath, sincerely acknowledge the debt they owe to their Maker, to their inheritance from mankind, and pledge their lifelong loyalty to American institutions, our government, and our concepts of liberty, life and justice," Clark said.

Clark is gratefully grateful for the marvelous training in courage and loyalty that the people of Nevada have instilled into the boys and girls they send us for training," he continued. "I have yet to deal with a student who has come to me to ask to have his military training—the focal point of red agitators—deferred or postponed indefinitely. "If fundamental American liberty and concepts are ingrained in our students, which we earnestly are trying to do, you need not fear that the student riots that real Americans deplore, will ever take place on this campus."

Nevada Student Dies in Bay City

Cedric Brockliss, student in the School of Electrical Engineering of the University of Nevada from 1923 to 1928, died in San Francisco Friday. He was born in Carson valley and attended grade and high schools there. After finishing his five years of engineering work, Brockliss was employed in San Francisco. He joined the army aviation corps after finishing his engineering work, and in recent months was a employee of a steamship company operating out of San Francisco. Brockliss was unmarried, and is survived by his parents, Mr. and Mrs. James Brockliss of San Francisco, and a sister, Miss Ramona Brockliss of Carson. Funeral services were held Monday afternoon at the Kitzmeyer-Elges chapel in Carson City with the Rev. P. H. Willis officiating. His remains were placed in the Mottsville cemetery.

Band Practices Marching Order

Open air rehearsals of the U. of N. band started this week, with marching on the quad Tuesday and Thursday being held under the direction of drum major Hal Lang.

The band this year has an enrollment above that of the past several years. Prospects of a bright year are indicated because of the unusually good instrumental balance of the 35 students enrolled.

It is possible that the band will accompany the football team to the St. Mary's game, and is an added incentive to the members of the organization to improve in marching and playing.

Final action upon the projected trip to Kezar stadium depends upon support given the band by the student body and upon the granting of additional funds to the band by the finance control board.

Dinner Is Plan Of Campus Club

Beginning with a get-together dinner at 6:30 p. m. Sunday, September 15, the Campus club of the Federated church is looking forward to an unusually active semester, according to Fred Hartman, president of the group. The dinner will be held at the church, and is primarily for the purpose of greeting new students, Hartman said, although the affair will be open to all students who wish to attend.

W.A.A. Sponsors Swimming Classes

Swimming classes for women will be held Monday, Wednesday, and Friday at 4:00 p. m. starting as soon as rushing season is over, physical education heads announced today.

Betty Simpson will be in charge of the classes. The purpose of the class is to enable women to make their Women's Athletic association points, and any woman is eligible for W.A.A. who has earned nine hours in any sport.

Publicity Heads Plan Programs For Home Games

Programs for all the home football games this year will be furnished by the publications board, it was announced today.

A different program for each game will be available with a special edition for the annual Homecoming game.

Line-ups and cuts of each team will be shown and there will be available with a special edition for the annual Homecoming game.

Line-ups and cuts of each team will be shown and there will be more features than in the past. Comments on other games of the year will also be printed.

The programs will be sold at the gates before the game and, in addition, will be given to down-town advertisers to be distributed among their customers. This will insure a complete circulation.

The publications board consists of the editors and managers of the Sagebrush and Artemisia, and Elwin Jeffers, Eleanor Doan, and Charles Leavitt.

Scholastic Group To Elect Members

Candidates for membership in Phi Kappa Phi, national honorary scholastic society, will be selected at a general meeting of the group to be held October 8, according to Dr. Harold Brown, secretary.

At this time a list of senior students, outstanding in scholarship, will be submitted and voted upon; the 1935 budget presented for approval; and plans discussed for the initiation of members during the latter part of October.

Seven students were elected to membership last spring: Merle Atcheson, Ruby Bliss, William Johnstone, Blanche Keegan, Grace Semenza, Glenna Delle McQuerry, and Mrs. Ralph Wittenburg; and the organization hopes to initiate as many this semester.

Officers of the society, chosen last spring include: Professor C. R. Hicks, president; Professor John Fulton, vice-president; Professor Brown, secretary, and Professor Merle Deming, treasurer.

Pre-Med Plan Active Semester

Six local doctors will be on the lecture program of Omega Mu Iota this term, while negotiations are going forward to secure other speakers to round out the program for the year, Fred Hartman, president announced today.

Hartman said that he is attempting to get motion pictures which deal with medical developments and medicine in general from the American Medical association. These pictures, if negotiations are successful, will be shown before members of the pre-medical club.

Omega Mu Iota is one of the first organizations to announce preparations for a skit to be presented by the club in the annual Wolves Frolic, it was learned today.

At the meeting Ellen MacFarland was elected vice-president and Virginia Crosby was selected as secretary-treasurer. Initiation of new members will take place one week from this Saturday at midnight, Hartman announced.

Marlea Dodge visited relatives in Fallon over the week-end.

Annual Program Is Presented by Hall

Lincoln Hall, in keeping with established traditions in the big house on the Hill, gave its annual stunt program last Wednesday evening.

Primarily, the stunt night is a form of initiation given to all new men living in the hall whether they be upper or lower classmen. Those who failed to give a creditable performance were dealt with accordingly before a committee headed by Louis Wiener.

After stunts had been given, coffee and doughnuts were served under the direction of Paul Hwood, acting master.

The Yearlings in the hall are: Tom Beam, Jack Borland, George Brown, Chester Burt, Kenneth Dimmick, Frank Eastman, Chester Estes, Tom Friend, Allen Gibeaut, Robert Grubick, Roy Jacobson, Basil Kehoe, Joe Keller, John Keenen, Bud Lauten, Claire Lorton, John Marean, Douglas Montgomery, Clyde Marty, Malcolm Nobbs, Tracy Phelps, George Robinson, Lee Sanborn, Delbert Schiffrer, Vernon Scott, Lester Shaw, Roy Stott, Jack Walker, Herbert Ward, Frank Weeks, and Frank Zadow.

Fine Arts Group Will Elect Soon

With plans definitely made for at least five exhibits this semester, Fine Arts Group will hold its first meeting to elect officers and new members Monday, September 17, in the Student Union building.

The first exhibit is scheduled to take place September 22 to 25, according to Virginia Murgotten, president of the organization and will consist of drawings by Richard Stevens, Art Director of the University of California, and magazine illustrator.

Other exhibits for the semester will include water color groups, and will feature such artists as William Ross Cameron, Louie MacQuilliard, Imato Gonzales, Heath Anderson, and Maurice Logan.

Fewer Parking Warnings Issued

The campus parking habits of U. of N. students have improved this year. "Dad" McFadden, veteran assistant groundskeeper, reports that he has had to issue fewer warnings this semester to those who insist upon parking their cars on the driveways during school hours than any other term in the past several years.

SOD TRAMPLED WHILE C.E.'s 'SHOOT' CAMPUS

Traditions are disregarded as an invading army of 21 civil engineers trample the lawns while they "shoot" the campus for bi-annual maps.

"Station O plus O" is the first objective," comes the blustering voice of the general who in the vernacular of the surveyor is chief of party.

The "gun" is placed, the point shot, the rod removed and the crew goes to another position to spray the campus with its "deadly" fire.

One of Nevada's feminine engineers, Betty Bowman, records hits scored by the "gun crew."

While the hairy engineers play with gun, rod, and chain, the rest of the campus wonders why a yardstick wouldn't do.

Nevada Graduate Publishes Works

Articles by Harold Coffin, Nevada journalism graduate of 1926, have appeared in national magazines, according to word reaching the campus.

Polo, Country Life, Spur, Saturday Night, Golden Book, and Nomad, are among the publications carrying Coffin's work recently.

Articles he has written have appeared also in Script, Travel Trade, American Traveler's Gazette, Pacific Coast Review, World's Fair Weekly, American Traveler, Western Home Monthly, AAA Travel Magazine, Boston Motorist, Lehigh Valley Motor Club News, National Aeronautic Magazine, Angelic, Western Flying, Grade Teacher, Arrowhead Magazine, Sierra Educational News, Western City, Blue Peter, and the American Golfer.

Coffin is editor of "Hawaii," a magazine published in the Islands, and director of the news service of the Hawaii Tourist Bureau, owned by the Hawaiian government.

While at the university, Coffin was affiliated with Alpha Tau Omega fraternity and distinguished himself in student publications, being editor of both the "Desert Wolf" and the "Artemisia."

Bibb Is Employed On Salinas Paper

Forrest Bibb, '35, and editor of the U. of N. Sagebrush last year, is now employed by the Salinas Independent of Salinas, Cal., as advertising and circulation manager, according to word received here this week.

Associated with Harvey Buntin, editor of the Salinas Independent and also a former editor of the Sagebrush, Bibb has been with the newspaper since August. Buntin edited the Sagebrush in 1927, graduating the same year.

Aside from regular duties on the Independent, Bibb recently "covered" a hanging at San Quentin prison for the Salinas paper.

Bibb was a member of Delta Sigma Lambda fraternity, president of Coffin and Keys, and president of the Sagers.

Besides editing the Sagebrush, Bibb worked on the staff of the college yearbook, was a member of publications board, and was a member of the U. N. Press club. He also participated in the annual Wolves' Frolic sponsored by the university.

Bibb served in the student senate during his junior and senior years and on the men's upperclass and finance control committees also.

Upon graduation in May, the Henry Albert senior public service prize was awarded him for his service to the University of Nevada.

Margaret Bronson of Richmond, Cal., has been the guest of Helen Heaster at the Tri Delta house for several days.

Ex.-Nevada Man To Present Talk On Cosmic Rays

Lieutenant Alden K. Sibley, ex-'32, will be in Reno September 17 to 27, and will address the students in the physics department on the subject of cosmic rays.

Sibley is a graduate of West Point with the class of 1933 and is now attending Oxford university on a Rhodes scholarship.

Sibley left Southampton, England, July 9 for Manila, P. I., where he will study cosmic rays under the direction of Dr. Compton of the University of Chicago.

He has attended Magdalen college for the past two years and will return there to complete his work in physics immediately following his visit to Reno.

Active in rowing, Sibley won his oar at Magdalen in 1934 and later rowed in the Henley regatta.

Mark Yori, Charles Jensen, Peter Jensen and George Steffens, who are members of the Lambda Chi Alpha fraternity, spent the week-end at Sacramento, Cal., where they attended the California State fair.

Charlotte Robinson has returned from Sacramento, Cal., where she visited friends.

A COLLEGE PROFESSOR DISCOVERED
That Often It Isn't a Student's Brain but his Pen that Runs Dry—causes Failure—in Classes and Exams!
So he invented this sacless Vacumatic, and Parker engineered it to perfection—gave it 102% more Ink Capacity—made its Ink Level VISIBLE, so it suddenly can't go empty!

Visible ink supply
Holds 102% more ink
this side writes fine, medium or broad
this side writes hair line or fine

YES, a scientist on the faculty of the University of Wisconsin was amazed to find how pens that run out of ink slow down classes, demoralize thinking, and bring marks that no student wants to write home about.
His observations led to the birth of the revolutionary Parker Vacumatic. This miracle pen writes 12,000 words from a single filling—shows when it's running low—tells when to refill!
Any good store selling pens will show you how the Parker Vacumatic eliminates 14 old-time parts, including the lever filler and rubber ink sac found in sac-type pens. And due to this, it has double room for ink, without increase in size.
But don't think that sacless pens containing squirt-gun pumps are like Parker's patented Vacumatic. This new creation contains none of these. That's why it's GUARANTEED MECHANICALLY PERFECT!

Parker VACUMATIC
GUARANTEED MECHANICALLY PERFECT
Junior, \$5 Pencil, \$2.50
Over-Size, \$10 \$7.50 \$3.50 and \$5

WRITES TWO WAYS
writes and writes hair line or extra fine or fine
Lower side writes fine or medium or broad, etc.
WITHOUT ADJUSTMENT

Go and try writing two different ways with its Reversible Point—solid Gold combined with precious Platinum—skillfully fashioned to write on both sides—slightly turned up at the tip so it cannot scratch or drag, even under pressure!
Do this and you won't let an old pen impede your learning another day. The Parker Pen Company, Janesville, Wisconsin.
Send a Post Card for Free Bottle of Parker Quink—the marvelous new quick-drying, pen-cleaning ink, and throw your blotter away. Address Dept. 712.
