

Vivid Compositions Feature Concert Given by Dancer

Fire Cycle Group Is Highlight Of Flade Recital Last Night

Students, Townspeople Meet Mills College Teacher After Show

Miss Tina Flade, German interpreter of the modern dance, last night presented her vivid compositions to an audience of students and townspeople.

This concert was unique in Reno and presented many new and original ideas to the audience.

Fire Cycle Miss Flade gave to many of her dances a forceful and personal element which was felt most strongly in the "Fire Cycle group".

Is Encored She was called back twice after dancing Two Sarabandes and Elegy.

After the concert the audience was invited to stay and meet Miss Flade. They found her gracious and pleased by her reception in Reno, answering many questions with a definite and charming accent.

Miss Flade was brought to Reno by the Women's Physical Education department and largely through the efforts of Miss Elsa Sameth, head of the department.

The program was made more interesting to the students by a selection of books dealing with the dance which has been placed on a reserve shelf in the library and pamphlets prepared by the Physical Education department.

Miss Ruth Hunt accompanied Miss Flade on the piano and made the music effective by constant use of bass dissonances and the playing of the piano wires.

Naismith Week To Be Observed By Hoop Coaches

The week of February 7-15 has been designated by the National Association of Basketball Coaches as "Naismith Week" in honor of the 74 year old Dr. James A. Naismith who, in 1891, originated the game of basketball.

As a 28 year old instructor on the staff of the Y. M. C. A. college of Springfield, Mass., Dr. Naismith invented the game to fill the need for an indoor competitive game for winter. He is quoted as saying that he got his idea for the game from playing "duck on a rock" as a youngster.

Dr. Naismith has been a member of the University of Kansas physical education staff for 34 years and in 1898 introduced basketball into that section of the country. He coached the Kansas team until 1908.

The purpose of the present movement by the coaches' association is to raise a fund from games played during "Naismith Week" to send Dr. and Mrs. Naismith to the 1936 Olympic games and to establish for them a small annuity.

No official announcement has been made regarding action by the University of Nevada in this work, but all followers of the game here as elsewhere are individually observing the week as devoted to that purpose.

Alaskan Bishop To Speak Here

Veteran of 40 years' missionary work in the territory of Alaska, the Rt. Rev. Peter Trimble Rowe, bishop of Alaska, will speak at the University chapel at Eighth and University avenue Sunday at 11 a. m.

Bishop Rowe was consecrated in 1895 and since that time has spent most of his time in Alaska, opening the first hospital in Skagway in 1897. He has also opened seven other hospitals. Rowe has sponsored exploration trips in the territory, aiding in the ascent and exploration of Mt. McKinley by Archdeacon Stuck, and was also the first to pilot a scow over the Whitehorse rapids, and he is well known throughout Alaska. He is now visiting in the United States.

FRENCH GROUP TO HOLD LECTURE, PICTURE SOON

Emile Gezelin, president of Le Cercle Francais, said last Tuesday that another lecture would be sponsored by the organization the last of February, and that a French moving picture would be shown about the middle of April in the Education building. The new projector which has lately been installed will be used.

Eight to Receive Membership Pins At Theta Rites

Beta Mu chapter of Kappa Alpha Theta will initiate eight pledges into the sorority tomorrow night, with the ceremonies to be followed by a Founders' Day banquet at the Riverside Hotel.

Those who will be initiated are Helen Brown, Margery Hiskey, Marguerite Rives, Dorothy Palmer, Ethel Graunke, Betty West, Margaret Hussman, Bernice Denton.

The sorority was founded at DePaul University in 1880, and the founding of the group is observed each year by all chapters. Only members and alumni are allowed to attend.

Wheeler Testifies At Murder Trial

Striking a heavy blow on behalf of the defense in the trial of the state vs. Pete Mendez, charged with the murder at Wadsworth on the evening of December 7, 1935 of Nellie Sam, an Indian woman, Dr. Harry E. Wheeler, assistant professor of geology at the University of Nevada, gave professional evidence to the effect that Mendez is an Indian, in the district court Tuesday.

"The Indian," he said, "differs from other races in that he has small hands and feet, that his hair is black, his skin brown, and in 91 percent of the cases the inside surfaces of the incisor teeth are 'shovel shaped.'" In addition to these characteristics, which Dr. Wheeler said were present in the defendant, he was able to find evidence of some twenty-odd other Indian characteristics present in the little Indian.

After he had enumerated the outstanding features of the Indian race which were present in Mendez, Dr. Wheeler went on to further clinch his contention by stating that in his opinion, "no doubt Pete Mendez is an Indian". He was excused from the witness stand on condition that he remain within call, but the case went to the jury without necessitating his return, and a verdict of second degree murder was returned.

Lincoln Hall Men To Spend Sunday In Sierra Snow

Taking their annual plunge in the snow, members of Lincoln hall will sally forth Sunday morning to spend the day in the drifts near Truckee.

Skis, sleds, toboggans and makeshift snow apparatus is being assembled for use in the four foot deep snow. It is reported that the upper and lower class men are going to settle all difficulties that have occurred during the past semester with a snowball fight.

The group, which will be under the charge of Paul Harwood, acting master of Lincoln hall, will be treated to a hot lunch when their activities are finished.

Women The Hat of Sagebrush Women

Nevada to Enter Debate Tourney

Wolves To Be Host to C. O. P. In First College Meet March 17

Tentative approval of the debate budget, amounting to \$382, having been given by the finance control committee last week; a schedule for Nevada debaters, including a trip to the intercollegiate tournament to be held in Los Angeles, can now be completed, Robert Griffin, debate coach, said yesterday.

To date, one meet has been definitely scheduled. The Nevada team will be host to the College of Pacific debate squad March 17.

16 Men Make Up Squad Four men remaining from last year's varsity debate team plus twelve new men make up the complete debate squad, Griffin said. All new members are at present participating in preliminary work for the intramural tournament.

Intensive study is being given the two questions: Resolved, That the Several States Should Enact Legislation Providing for a System of Complete Medical Service Available to All Citizens at Public Expense. This question was submitted by the Pacific Coast Forensic league. The other question, submitted by Pi Kappa Delta, national honorary forensic society, reads, Resolved, That Congress Shall Have Power to Overrule by Two-thirds Vote Decisions of the Supreme Court Declaring Legislation Unconstitutional.

Regular Practices Held Because of the French lecture held in the Education building, the regular Monday night meeting of the squad last week was postponed until Wednesday. At this time Morrison Beatty and Don Purdy, Lambda Chi Alpha team, and Charles Doherty and Lewis Pulsipher, a split team, met in a regular practice debate.

Regular intramural competition will begin at the close of the practice period, according to Coach Griffin.

VISITS CAMPUS Ellen Wedertz of Smith Valley visited friends on the campus last Saturday and Sunday. While here she attended the Frosh Glee.

OLD MAN WINTER MAY LEAVE RENO MONDAY

Old Man Winter will take a leave of absence perhaps until next winter makes its annual chilling appearance, beginning next Monday, weather officials reported this week.

With the rapid melting of snow and the softening of the thick sheets of ice on sidewalks and streets, obviously winter is on its way out. Warmer mornings have been greeting the students on their way to school. The afternoon and evening weather has been cool this week, but considerable rise in temperature since Sunday night, when cold weather invaded the city and campus, has been noted.

It is expected that cool weather will prevail for the interval until spring. No severe storms are expected within the next few weeks.

Cap and Scroll Meets Thursday

Money making devices of all kinds possible for a woman's organization, will be discussed at the next meeting of Cap and Scroll, upperclass women's honorary society, to be held next Thursday.

The annual tea, which the organization gives during senior week, will necessitate raising money, it is reported by Mary Correcco, president. The organization is without a treasury and all money needed must be gotten through outside means.

Election of officers for the organization will not take place until the May meeting when new pledges for this semester are to be initiated.

Frosh Glee Said Success by Class

The Frosh Glee, held Saturday night at the Civic auditorium, was a social success in spite of the fact that it was not attended by a large crowd, class officials said today.

The hall was decorated so as to represent the deck of a ship. A false ceiling of blue hung with stars was a feature, while the walls were hung with lifeavers and portholes which added a great deal to the nautical appearance of the room. The orchestra, dressed as the crew, sat behind a ship's wheel.

John Marean was chairman of the committee for the affair, with Elaine Kline acting as chairman of the decorations. Music was furnished by Embree Raiford's orchestra.

Chaperones for the dance were Dean and Mrs. R. C. Thompson, Mr. and Mrs. Robert Griffin, John Gottardi and Miss Louise M. Sissa. Patrons and patronesses were President and Mrs. Walter E. Clark and Dean Margaret E. Mack.

135 Forget Copy For Staff Dinner

The Publications board were hosts to the active members of the Sagebrush and Artemisia staffs and several guests at a banquet held at the Colombo hotel last week. According to Elwin Jeffers, publications board head, 135 students attended.

The total cost of the banquet was \$150. This fund was taken from profits earned by the Sagebrush last year and from this year's fund.

The honored guests of the evening included Harry Frost, former president of the Nevada Alumni association and Artemisia printer; A. L. Higginbotham, professor of journalism; George Knauth, printer of the Sagebrush, and 1934-35

editors and business managers of the Sagebrush and Artemisia now in Reno.

New Track Coach Picked by Regents, Clark Announces

Personnel of P. E. Department Completed by Selection Of Coleman

New Mentor Is Now Located At Minot College, Has Good Record

Completing the personnel of the department of physical education and athletics for men, James W. Coleman, for nine years head coach at Minot, North Dakota, Teachers' college, has been appointed track coach and assistant football coach, Dr. Walter E. Clark announced early this week.

Coleman will assume his new duties at the beginning of the fall semester, working with J. E. "Doc" Martie, basketball coach; Douglas Dashiell, football coach, and Chester Scranton, tennis and freshman coach. He will be a regular member of the faculty.

Regents Act

The selection of Coleman was made at a meeting of the board of regents held last week, but announcement was withheld pending the acceptance of the offer by Coleman.

Under the new setup which officially went into effect the beginning of this semester, all intercollegiate athletics will be handled directly by the administration, instead of through the A. S. U. N. as in former years.

Each member of the department will be in full control of his particular division, according to announcements, and each will be directly responsible to the administration.

Arkansas Grad

Coleman is a graduate of the University of Arkansas in 1920, and was named to the Southwestern conference eleven during his last two years of play. He was captain of the Arkansas squad from 1917 to 1919, and was also a star track and basketball man.

He has taken post-graduate work in the Universities of Illinois, Notre Dame, Chicago and Iowa, and expects to receive a degree of master of arts in physical education from Iowa this summer.

Coached 14 Years

During his coaching career of 14 years he has won 79 games, tied 11 and lost 21 in football, while his basketball teams have won 169 games and lost 51. He has coached at a military school

Radio Addresses Will Begin Soon Over Reno Station

Prospective speakers have been contacted by members of the committee, and this semester's radio series will begin sometime in February, according to announcement made by Professor Stanley G. Palmer, committee chairman.

Professors A. L. Higginbotham and Paul Harwood, together with Palmer, compose the committee.

Tentative plans include twelve speeches to be broadcast weekly over radio station KOH. Subjects will be seasonal, ranging from the snow survey to spring planting.

Illness, Accidents Take U. of N. Toll During January

During the month of January, a number of students attending the University of Nevada have been sick or injured through accidents.

Lee Ward, senior student, who was seriously injured several weeks ago, is reported doing nicely. According to hospital officials he will leave the St. Mary's hospital, where he has been staying since his injury, some time this week, and will return to his home in Las Vegas.

Kenneth Powell, who was also injured several weeks ago while tumbling, left the Washoe County hospital, where he has been recovering from his injury, the early part of this week. He is expected to resume his studies at the university next week.

Officials at the university infirmary reported two cases of flu, those of Henry Land and Bill Cockrell.

SON IS BORN

According to an announcement received at the Sigma Nu house this week, a baby son was born to Mr. and Mrs. Walt Linehan at Harlingen, Tex. Linehan was a prominent student at Nevada during his undergraduate days and served as varsity football captain as well as sports announced for a local radio station.

in Tennessee, Georgetown college, the University of Akron and Minot college, and has also attended several coaching schools, working under Glenn "Pop" Warner, Harry Kipke, Noble Kizer, Richard Hanley, Gil Dobie, Bennie Bierman, A. A. Stagg and Knute Rockne.

Engineering Day Committees Picked

Engineers' Day committees were announced this week by Bob Butler, president of the Associated Engineers. A general committee will be composed by Tom Morris, Jack Tedford, Roy Caldwell, Irvin Wanke, Dick Greulich, Jean Horning, Claude Hunter, Charles Allen, Ellis Ceander, Bob Best, Bob Butler, chairman.

Working under the central committee will be the publicity committee, with Tom Morris chairman, George Anderson, Betty Bowman; lunch committee with Jean Horning chairman, Eloise Lyon, Gene Wines, Ellis Ceander; stunt committee with Jack Tedford, Dick Greulich, Irvin Wanke, Roy Caldwell.

A meeting of the general committee was held Thursday to make tentative plans for Engineers' Day, which will be held March 14.

Corps Inspector Visits U. N. Unit

Robert C. Gloss, assistant corps area inspector of the Ninth corps area, inspected company C, seventh regiment, chapter of Scabbard and Blade, national honorary military fraternity, and the military department of the University of Nevada this afternoon.

Gloss spent the morning visiting with President Walter E. Clark of the university and Professor R. C. Thompson, dean of men.

This evening he will address a meeting of Scabbard and Blade members.

DISCUSS NEUTRALITY

Members of the Campus club held their regular weekly meeting last Sunday evening. This semester the meetings are held for the purpose of discussing points of current interest. Last Sunday the subject of neutrality in war was discussed.

OLSON IN ELKO

Edgar Olson, former Nevada student and ex-president of the Sundowners, now resides in Elko, where he is employed at a hotel operated by Newton Crumley, a Nevada graduate.

'Colitch Etikett' Needed By Freshmen

For the benefit of freshmen the Sagebrush presents a few lessons in college etiquette, gleaned by a few reporters after considerable experience in these lines.

When to arrive at a party: After the receiving line breaks up. When to depart from a party: After the orchestra breaks down.

How to attract the stag line: Laugh at almost everything your partner says; dance very, very smoothly (if you don't know how, learn); have clothes with some zizz to them; whatever the cost, always look as though you were having a marvelous time.

How to be considered priggish: Don't wear any makeup. Keep pulling your collar up and your skirt down. Dance more than one inch away from your partner. Say "No thanks, I never smoke" and "No thanks, do you think you could get me some plain orange juice?"

How to be considered fast: Get tight; get into too many bulletins; keep losing your shoulder straps; have a lock of hair hanging over one eye.

What to do with your evening bag: Anything except ask your escort to keep it for you (potted palms are a good parking place).

What to do while dancing: Keep your lipstick off your partner's tie; keep your hair out of his mouth; preserve a reverent silence while he is concentrating on a very tricky step. Let him apologize if you step on his foot.

What to do when your escort passes out: Call it to the attention of one of his friends, and see that some provision is made for the body. Then make the most of your position of a damsel in distress, and throw yourself on the mercy of the most attractive man in sight.

Fred Hartman, president of Omega Mu Iota, is ill at his home. He will probably return to school next week.

ENGINEERING

Engineers' Day committees were appointed at the C. E. meeting held last night, with Sam Ackerman placed in charge of stunts and Claude Hunter handling exhibits. Slides on "Sanitary Districts of Chicago" were shown to the group.

A Crucible club meeting will be held next Thursday evening at 7:30 in the Mackay school of mines, Roy Caldwell announced this week. Ott Heiser, superintendent of the Nevada Massachusetts Co., Inc., at Mill City, will be the speaker. Kenyon Richard will give a report on scheduled field trips for this semester, and discussion will be held on the Crucible club's part in Engineers' Day activities.

The "cock-eyed mayor" of Lincoln hall got his date with the Manzanita girl all right this week, but caused the Maize no end of confusion. Even an arts and science student realizes the importance of a ten minute time element and will go any length to be on the safe side.

An interesting talk on different limestone occurrences and formations was given by Captain Isbell at a meeting of the Rocks and Minerals club Thursday night, and Dr. Harry Wheeler gave a brief talk on the distinguishing characteristics of the Indian race.

Plans for the forthcoming trip to Boulder dam are well under way, according to A. E. president Bob Butler. The trip will be made during the Easter vacation, and will have six cars and thirty students in the caravan. Director Fulton of the Mackay school of mines

will accompany the group and it is expected that several other professors will make the trip.

Some electric wit evidently feels that Esquire humor needs improvement—judging from the cartoons and labels which have been appearing on the E. E. bulletin board this week.

William Vanderberger of the State Bureau of Mines has presented the Mackay Museum with a dozen mineral specimens collected by him on his travels through this state and Arizona.

Official Associated Engineers stickers, bearing insignias of each of the four engineering departments are being distributed by Bob Butler and Bob Best. The stickers were designed by Charles Allen.

Keeping several veteran players from the first-string position.

The star of the visiting squad appears to be Wally Hallberg, the leading scorer of the C.O.P. outfit. He is one of the steadiest defensive players on the squad. Hallberg is known as the "Masked Minnesotan", because he wears glasses and a protecting mask while performing on the basketball court.

Martie, if hard pressed, may be forced to depend on his sharp-shooting forwards, Tregellas and Robb, to develop another of their "hot" streaks and go on a scoring spree and bring the Pack victory.

Bengals to Play

(Continued from Page One)

210 pounds; or by Earl "Red" Singleton, a stellar defensive player.

Coach Laurie Apitz of the Bengals will probably start the famous Parsons brothers tonight. Beck Parsons is a regular guard, while Mick, a dead-eye shot from inside the double lines, will get the call for forward. These two brothers hail from Stockton high school and form a smooth-working passing combination.

The other guard berth will be handled by a sophomore, Hal Kniveton, who is

Here's one cigarette that writes its own advertising..

It's like this—

You see I'm reading a Chesterfield advertisement and I'm smoking a Chesterfield cigarette, and all of you are smoking Chesterfields.

Now listen—Chesterfields are mild (not strong, not harsh). That's true isn't it?

Then you read "and yet they satisfy, please your taste, give you what you want in a cigarette." That says it, doesn't it?

Wait a minute—

It says now that Chesterfields have plenty of aroma and flavor. One of you go out of the room and come back. That will tell you how pleasing the aroma is.

Chesterfield writes its own advertising
