

Blue Key Elects Twenty-four Men; Initiation Planned

Membership Quota for Coming Semester Is Almost Complete

Cletus Libbey to Head Group Next Term, Succeeds Morris

Twenty-four new men, filling the quota of the organization for this semester, were elected into Blue Key, national honorary service fraternity, this week.

The majority of the men were chosen from the ranks of the Sagers, undergraduate pep organization, with the elections being based almost entirely on the work record of the candidates for membership.

Those elected are: Jerry Havens, Guy Morris, Emile Gezelin, Kenyon Richard, Oliver Aymar, James Hart, Charles Wheeler, Charles Leavitt, Sherwin Garside, William Ellwell, Emery Graunke, Kenneth Powell, Louis Wiener, Adam Patterson, Joe Lommori, Willis Dalzell, Murray Moler, Edward Olds, Morgan Mills, Richard Carville, Bill Cockrell, Ben Morehouse, Robert Zadow, Dan Chiatovich.

The men will be inducted of their election by officers of the group, and arrangements are being made to hold formal initiation ceremonies for them later in the semester.

During the meeting, election of officers for the coming year were held, with Cletus Libbey being chosen president. Libbey succeeds Tom Morris, acting president for the past semester, who filled the vacancy left when Lee Ward left school.

Other officers include Kirk Fairhurst, vice-president; William Johnstone, secretary; and Bert Cummings, treasurer. Arrangements for a picnic to be held by the group later this month and reports of committee chairmen were also discussed, with Johnstone assuming control of his new office.

Miller Announces Revision in Cast For 'Much Ado'

A revision of the cast of the Shakespearean play, "Much Ado About Nothing," has been announced this week by William C. Miller, director.

Charles Doherty will take the part of Dogberry, replacing Walter Christian, who has been recast in the part of Oatcake, and William Tyrrel now has the part of the attendant.

In preparation for the presentation the cast spent Tuesday in taking measurements of the actors for costumes which will be furnished by a cost designer.

According to Miller, the play will be presented after the manner used in the old Globe theater of Shakespeare's day. No curtain will be drawn during the entire show, and the few scenery changes will be effected through the use of signs mostly.

Luke Chosen Head Of Home Ec Club

Group Elects Officers, Gives Membership Emblems At Meet

Katheryn Luke was elected president of the Home Economics club Tuesday night at the last meeting of the club for the semester. Other officers elected are: Orpah Morgan, vice president; Mildred Woodward, secretary; Doris Bath, treasurer, and Gertrude Polander, historian.

Home Economics pins were presented to Frances Smith, Georgia Cooper, Doris Bath and Agnes De Armond during the business meeting by Miss Sarah Lewis, head of the home economics department.

Katheryn Luke, as president, will be the official delegate to the National Home Economics association convention to be held in Seattle, Wash., July 6 to 9. Several other club members will also attend.

Margaret Gorman, with 1100 points, signed the home economics honor plaque as the senior with the most points.

The upperclass members of the club will entertain the upperclass electrical engineers some time in April. Genevieve Hansen is in charge, assisted by Katheryn Luke, Colene Hollan and Ruth Bails.

The last meeting, which is always a banquet, was held at the Colombo hotel. During the evening the traditional senior entertainment was given by Neca Jones, Eleanor Bateman, Ruth Bails, Mary Eleanor Underwood, Colene Hollan, Margaret Gorman, Eleanor Campbell. A skit entitled "A Satire of the Worst Class Miss Lewis Ever Had" was presented. An opportunity test, also given by the seniors, was taken by the entire club.

A gift was presented to Miss Mary Pattie by the club at the conclusion of the meeting.

Engineers to Visit Dam This Weekend

Twenty-five engineering students left this morning for Boulder City, where they will have a two-day inspection tour of the dam.

A stopover at Hawthorne was scheduled for today from 9 a. m. to 2 p. m. to inspect the naval ammunition depot there.

The tour of the dam is to start at 9 a. m. Friday.

This is the third consecutive year that members of the Associated Engineers have made a trip during the Easter vacation to follow the progress of the dam construction.

Those signed up for the trip are T. Satter, Rhoads, Maxwell, Westfall, Redhead, J. Cleary, B. Cleary, Sharpe, Burrows, Pacini, Rodriguez, Tucker, M. Steinheimer, Grutt, Thormeyer, Kennedy, Dodson, Rossolo, Broili, Best, Ceander, Francis, Mastrolanni, Caffrey, Butler.

Meets Are Listed For Cub Trackers

Frosh trackmen will have a chance to show their ability this spring with the announcement by Coach J. E. Martie that a meet had been scheduled with the Susanville Junior college for May 18, and one with the Reno high school on May 25.

Placing second in the interclass meet this year, the freshmen boast a strong team with many outstanding point getters on the squad.

The probable contestants in the meet are: Walter Powers, dashes; Harry Mornston, hurdles; Bill Martinez, distance; C. Friedhoff, high jump; Kenneth Day, javelin; Ernest Rodriguez, half-mile; Forest Roman, weights; Malcolm Nobs, high jump; Bill Arbonies, distance; Bill Puccinelli, high jump; Clinton Hinman, distance, and B. Stewart and Harry Gallaway in the weights.

Forensic Entries Leave U. N. Today For West Meet

Goldwater, Cashill, Pulsipher To Represent Nevada At Tourney

Coach Griffin Is Optimistic For Wolves' Chances On Coast

Robert A. Griffin, varsity debate coach, William Cashill and Lewis Pulsipher, junior student, left this morning for Los Angeles for the annual Pacific forensic tournament to be held from Monday through Friday of next week.

Believing the Nevada squad to have the best chance in years, Griffin said, "Nevada defeated the best team on the Pacific coast when they defeated University of Southern California, a team which has been undefeated all year. If we do as well in the tournament we should come out with credit."

Bert Goldwater will leave by train Monday morning to meet the team in Los Angeles. Goldwater is entered in the orations contest.

Last year the Nevada team was eliminated by the strong U. C. L. A. team which went on to win the finals. Cashill is serving his second year on the varsity debate squad, while Pulsipher and Goldwater are making their first tournament trip.

Making the trip by automobile, Griffin expects to stop at Pacific to debate the question regarding the power of the supreme court, and have a return debate with St. Mary's on the trip home.

Cashill, junior student of Sigma Phi Sigma fraternity, will also be entered in the extemporaneous speaking contest.

Transferring from Brigham Young University, Pulsipher is a member of Beta Kappa fraternity. He is co-winner of the Ginsburg intramural debate trophy annexed this year, and has previous Nevada experience against the San Francisco State touring team.

The subject for the debate at the meet will be, "Resolved, that the several states should enact legislation providing for a system of complete medical service available to all citizens at public expense."

Nevada was admitted to the Pacific Forensic league three years ago. It is composed of all the large colleges on the coast. Griffin is secretary-treasurer of the league.

This is the first time since its entrance into the league that Nevada will send a three man team, and the first year they have had a representative in the oratorical contest.

Handball Trophy Goes to Sawyer

Pairing a singles championship with a previously won doubles championship, Harry Sawyer made it a clean sweep for S. A. E. in the interfraternity handball tournament last night when he defeated Oly Glusovich of Sigma Nu.

The match was a terrific affair, going the full three game limit. A loss of the match would have thrown the tourney into a two-way tie between A. T. O. and S. A. E.

Sawyer, who weathered the tourney with a perfect record, defeated Joe Kelley of A. T. O. last week in one of the closest matches of the competition.

The interfraternity handball games have been going on for the past month. A. T. O. was second in the tournament.

Brown Appointed Lecture Chairman

Professor Harold Brown was appointed chairman of the lectures committee this week, succeeding Prof. Irving Sandorf. This committee, consisting of professors of the university, are those who make it possible for the students to hear lectures given by different well known authorities on various subjects. They arrange for the speakers' visits to this locality.

An almost complete schedule has been worked out up to this time, and any further plans of the committee will be announced next week.

Gunter to Wed Rector Fuhrman

Rita Gunter, senior arts and science student, will be married on May 17 to Rector Fuhrman, former student and member of Sigma Phi Sigma fraternity.

The announcement of the coming marriage was made Saturday afternoon at a party given the bride-elect at her home by her mother, Mrs. L. E. Gunter, and her sister, Mrs. John Beetschen.

Four university friends, Elma May, Darrel Doyle, Georgia Cooper and Margaret Turano, were among those present at the announcement party.

Choralists Begin Night Practices For Spring Show

In preparation for the final appearances of the music department, night practices of choral clubs and orchestra were started this week on the music to be used in the annual spring concert April 21 at the Century club. These practices will be held about once a week for the next two weeks.

An hour concert will be given by the band April 25 in Sparks in conjunction with the high school band festival. This concert will be followed the next day by the annual band concert in Powning park. The band will also take part in the training inspection of the military corps May 1 on Mackay field.

The "campus sing" will conclude the activities of choral groups and the band for the semester. Sponsored by the Campus Music association and Delta Delta Epsilon, honorary band fraternity, the "sing" will be open to all university students and only college and the older songs will be sung. The singing will be done by the tram and will last an hour.

A selected choir from the choral groups will sing baccalaureate Sunday, accompanied by the orchestra.

'Bean Feed' Date Set for May 4

Kinnear Intramural Trophy Will Be Awarded Winning Fraternity

Monday evening, May 4, was set as the date for the annual interfraternity "bean feed" at a meeting of the interfraternity council Monday. Friday of Senior Week is usually selected, but Monday was chosen this year because it is believed that on a meeting night more men will be able to attend.

The "bean feed" is an annual affair sponsored by the interfraternity council for the purpose of creating a closer fellowship among the men of the campus.

A committee consisting of Melvin Ruedy, chairman, George Francis and Jess Christensen was selected to arrange details for the feed.

One of the outstanding events of the affair is the presentation of the J. C. Kinnear revolving trophy to the fraternity which has totaled the most points intramural competition during the school year.

At the present time standing of the fraternities in tramural points are: Alpha Tau Omega, 270; Lambda Chi Alpha, 262.82; Sigma Nu, 115.15; Sigma Phi Sigma, 108.82; Independents, 87.49; Sigma Alpha Epsilon, 61.66; Beta Kappa, 32.66; Phi Sigma Kappa, 3.33, and Lincoln Hall, none. Baseball is the only sports event yet to be run off. The winner of the tournament will receive 100 points, second place will receive 60 points, third place 40 points, fourth place 20 points, fifth place 10 points and sixth place 5 points.

Pre-Meds to Hear Talk on Radiology

There will be a meeting of Omega Mu Iota, pre-med society, tomorrow night at 8 o'clock in the Agricultural building, with Dr. C. E. Piersall of the Reno Radio X-ray association to speak on "Radiology."

On April 16 Albert P. Krueger, one of the foremost bacteriologists on the Pacific coast and a graduate of the Stanford medical school, will lecture to the group.

After his graduation from Stanford he taught there for some time, and then went east where he worked at the Rockefeller Institute for Medical Research as associate professor in general physiology. After returning to California, he accepted a position as associate professor of bacteriology at the University of California, and has been consultant at many hospitals and has published about 50 articles on bacteriology.

Krueger will lecture to the pre-med society at 4 o'clock in the Mackay Science hall. The talk will be open to all interested in the work. He will especially emphasize the work on phage. That same night he will speak to the Medical Association of Nevada, at which he will go into his work more thoroughly.

U. N. Grad Weds California Youth

The marriage of Helen Records of Reno and Orval L. Shreck of Sacramento was announced last night by the bride's parents, Dr. and Mrs. Edward Records. The ceremony was performed by Reverend Carl M. Warner last July 14.

Mrs. Shreck is a graduate of the University of Nevada and is a member of Alpha Delta Theta sorority. Shreck is a graduate of the University of California. The couple will make their home in Sacramento.

High School Girls To Convene Here For Annual Fete

Extensive Program of Sports, Contests to Feature Event

Women's Play Day to Follow Olympic Theme This Year

One hundred and fifty representatives from high schools throughout the state will gather May 2 for the ninth annual girls' play day which is sponsored by the Women's Athletic association of the University of Nevada, it was announced today by Dorothy Roseberry, chairman of the committee.

An Olympic theme has been decided upon and the different teams will wear various insignias denoting the country which they represent. The arm bands will bear symbols of Scotland, Ireland, England, France, United States, Spain and Germany.

Will Tour U. N.

The program will include a tour of the campus, during which there will be demonstrations of fires and cooking by the Girl Scouts. The representatives will be honored at a luncheon in the dining hall and a G. A. A. meeting then will be held. Registration will open at 9 and games will begin at 10. After the luncheon there will be group folk dancing and folk songs under the direction of Rita Jepson and Catherine Dondero.

The sports that will be played are basketball, volleyball, horseshoes, badminton, ring tennis, archery and delf golf. At 2:30 a water pageant and demonstrations by the senior life saving members will be staged at Moana. Candidates selected by each school will compete in a posture parade and will be judged by the P. E. 56 class, Mae Simas and Miss Sameth.

Alice Sauer, Florence Koocher, Nelda Oppedyk, Pat Davis and Elizabeth Best are on the committee and will choose their own assistants.

There will be a small admission charge for each representative to cover the expenses of the play day.

The high schools sending representatives and the number of girls they are sending is as follows: Reno 25, Sparks 15, Stewart 10, Carson 10, Dayton 8, Yerington 10, Wadsworth 10, Lassen Union 25, Virginia City 10, Smith Valley 5, Douglas county 10, Fernley 5.

Two Are Added To Letter Group

Two new members were added to the roll of the Block N organization yesterday afternoon at a meeting held in the training quarters by President Clayton Phillips. Stan Smith was elected because of his activity in basketball and Roy Gomm earned a position in the club because of the basketball managership this semester.

A committee was appointed at the meeting to handle the trophies for the coming state high school track meet scheduled on Mackay field May 9. Those named were John Benson, Tom Morris, Orv Tregellas, John Robb and Sam Basta.

Frank Showalter and Roy Gomm were named on the equipment committee.

Econ Longhairs Have Difficulty In Writing Odes

Students in the economics 92 class from Professor E. G. Sutherland are going to let their hair grow long and continue their studies at Greenwich village—where they can write poetry that really is poetry.

In a study of economics history, members of the class have been assigned to write poems on different phases of the subject. The assignment has not bothered several students in the class, but athletes and brawny chested men in the group are having trouble in making both ends rhyme.

Hall Girls Fete Language Prof

On Wednesday evening Manzanita Hall association entertained Professor and Mrs. F. C. Murgotten at dinner. Dean Margaret E. Mack, Eloise Lyons, Virginia Wallace, Opal Harvey, Marilyn Rhoades, Yvonne Siard, Mary Stott and Ruth Doolittle were seated at the table with the guests.

Similar dinners for the faculty are given every two weeks, usually on Thursday evening. Because of Easter vacation, this week's dinner was held on Wednesday. Each week a professor of a different department is entertained in order to enable students to establish more friendly relation with the faculty.

Juniors Outline Plans for Annual Graduation Ball

Plans for the annual senior ball, given by the junior class, were made at a meeting of the ball committee last night.

Various members of the committee were named to arrange the details of the affair. Louis Wiener, acting chairman for Emery Graunke, appointed the following: Ethel Kent, arrangement of chaperonage; Emile Gezelin, door; Oliver Aymar, advertising; Betty McCulloch, refreshments; Gwen Erikson, programs.

Decorative theme of the ball has been decided upon, according to Wiener, but will be kept secret until May 8, the night of the dance.

The dance is arranged and given by the junior class each year and honors the graduating senior class.

Pataky to Appear In Modern Dances

Recital to Supplant Annual Spring Festival This Semester

In place of the traditional spring festival given by the women in the physical education department a program of modern dances will be offered by Miss Veronika Pataky and five of her pupils from San Francisco. It was announced today by Miss Elsa Sameth, head of the women's physical education department.

The program will be given on the evening of April 29 or 30 in the university gymnasium and it will be open to the public with a small admission charge to defray Miss Pataky's expenses.

Miss Pataky was a student in the Mary Wigham school of the dance and now has her own school in San Francisco.

The proceeds left after paying the expenses will be used to engage Miss Pataky for an hour of demonstration to those taking physical education who are interested. The rest of the money will be used to start a fund for dancing and the bringing of dancing to Reno as a part of W. A. A. activities.

Sundowners Plan 'Sweater' Dance

A "sweater" dance open to all college students will be given by the University of Nevada Sundowners, it was announced today by Clayton Phillips, president of that organization. The dance will be held April 17 at the Odd Fellows hall.

"All men and women attending the dance must wear sweaters," Phillips said.

A cup will be given for the fraternity having the best attendance and one for the sorority having the most women at the dance.

Tickets, which will be 50 cents for couples and stags, may be purchased from the dance committee: John Benson, Adam Paterson, Sam Basta, John Stock, Frank Showalter and Jerry Havens, and from members of the Sundowners.

Titles Announced For Commencement

Announcements of the speakers for the graduation exercises in May and the subjects of their addresses was made today by Dr. Walter E. Clark, president of the university.

"Hearts Aloft" will be the title of the commencement day address on May 11, and will be delivered by the Reverend Michael J. Ahern of Massachusetts.

Rabbi Morris Lazeron, leader of the Hebrew congregation at Baltimore, Md., will give the baccalaureate sermon on Sunday, May 10. His subject will be, "The Challenge of Religion to Contemporary America."

The annual Phi Kappa Phi banquet address, which concludes the Phi Kappa Phi activities for the semester, will be made by Dr. Everett R. Clinchy, director of the National Conference of Christians and Jews, who will speak on "Cultural Pluralism in America."

Final arrangements for the commencement exercises will be completed next week, at which time the list of graduating seniors will be announced, Clark said.

Night Prowlers Awaken Tri-Delts

A few minutes after midnight five fellows rang the door bell and pounded on the door of the Tri-Delta house. Disturbing all the occupants, especially the house mother, they became more persistent in their efforts to arouse the major part of the neighborhood.

After succeeding in awakening everyone, they were confronted by the house mother and with very long and sober faces they asked for a glass of water.

Lettermen Lead Wolf Track Team To Aggie Cinders

Nevada Spike Artists Enter First Meet of Year Today

Track Event Points Hoped To Offset Weakness On Field

With a good chance to pick up enough points for victory in the track events, offsetting a weakness in the field contests, the University of Nevada track team this afternoon meets the Cal Aggie cinder squad at Davis.

The Wolf Pack representatives were picked by Professor J. E. "Doc" Martie, head track coach, after the interfraternity meet here Monday.

Leading the Nevada team will be the three lettermen, Paul Leonard, Doug McDow and Kynon Richard. Leonard will be entered in the 880-yard and mile runs. The lanky distance star is now representing Nevada on the track for the fourth year, having started intercollegiate competition before the conference ruling barring freshmen from varsity teams went into effect.

McDow will be counted on for a first place in the 100 and 220 yard dashes. The redheaded sprinter formerly held the northern California record in the century while running for Susanville high school and was a consistent point winner for Nevada last year.

Richard holds the Far Western conference record in the board jump of 24 feet 7 3/4 inches. He has been picked by sports writers all over the coast as a probable representative of the United States in the Berlin Olympic games this summer, providing he can continue the improvement he showed last year. He will also enter the 100 yard dash.

Nevada will also be strongly represented in the hurdles, with Lockley Maule, Bill Johnstone and Prescott Wilson in the 120 yard highs and Bob Zadow and Pay Waite in the 220 yard lows.

Emory Graunke and Jack Richardson in the 440 yard dash have shown speed in the interfraternity and interclass meets this year and are counted on by Coach Martie to annex points in this event.

The one mile relay team of McDow, Graunke, Richard and Richardson is rated as one of the fastest in the conference and is expected to have little trouble picking up first place in the final event of the meet.

Wolves in Distances
Marvin and Murray Moler, the Nevada entrants with Leonard in the distance runs, are untried in intercollegiate competition but might come through with points for the Nevada side of the score sheet.

Backing up Richard in the broad jump will be Zadow and Jerry Havens, each of whom has jumped far enough in practice to make a possible showing for first, second and third places for Nevada in this event.

The Nevada weak spot in the weights is being filled by Stan Smith and Havens in the shotput, and Bert Cummings and Smith in the javelin and discus.

Cummings, Havens and Wilson will be in the high jump for the Wolf Pack, with Dick Carville the lone Nevada entrant in the pole vault.

The Nevada squad was hurt by the loss of Billy Grubbs and Paul Aznarez in the pole vault and weights by scholastic requirements. These two sophomores made a good showing Monday and would help the Nevada team today if they were eligible.

While here for a basketball game during the winter, Track Coach "Woody" Wilson indicated the Aggies have been concentrating on boxing instead of track but that he had several men he was counting on for points, especially in the field events.

The complete Nevada entrant list, announced by Martie on Tuesday, follows: 100 yard dash—McDow, Richard and Segerbloom.

220 yard dash—McDow, Graunke and Segerbloom or Maule.

440 yard dash—Graunke, Richardson and Waite.

880 yard run—Carpenter—Leonard and Johnstone or Metten.

1 mile run—Leonard, Murray Moler and Marvin Moler.

Two mile run—Marvin Moler, Murray Moler and Devore.

High hurdles—Maule, Johnstone and Wilson.

Low hurdles—Zadow and Waite.

Shotput—Smith and Havens.

Discus—Cummings and Smith.

Javelin—Cummings and Smith.

Pole vault—Carville.

High jump—Cummings, Havens and Wilson.

Broad jump—Richard, Zadow and Havens.

Relay—McDow, Graunke, Richard and Richardson.

NOTICE
There will be an Artemisia business staff meeting Tuesday at 3:30 in the Artemisia office at 330 U. N. building. This is the last meeting of the semester and it is very important that everyone be there.

Delta Sig Frat May Be Revived On U. N. Campus

Prominent Faculty, Students And Alumni to Attempt Reorganization Plans Laid to Regain Status Of Leadership Once Held by D. S. L.

The huge task of rebuilding and reorganizing Delta Sigma Lambda, once one of the biggest and most influential fraternal social groups on the campus, will be the work of Walter Stinson and several alumni members for the next several months, it was learned this week.

Rumors to the effect that the organization would die out this spring and thereby lose its charter since have been current on the campus since the beginning of the year, but Walter Stinson, unclassified student in mining, emphatically denied the rumors this week.

"We are going to build it stronger and better than ever," he said. "We intend to make it again one of the biggest fraternities on the hill."

Collins Helps Stinson, along with Fred Collins, instructor in economics, and Lawton B. Kline, instructor in modern languages, both of whom are alumni of the group, are laying plans for a spirited campaign to restore the organization's prestige on the campus.

Two freshman pledges, Bill Whiting and Norman Hoover, are the nucleus around which the remaining members intend to rebuild their organization, Stinson said. The customary rushing routine of dinners and informal get-togethers will be part of their program during the spring and summer months, Stinson stated.

With the graduation of Darrell Cain this spring, it was rumored that Delta Sigma would lose its charter on the University of Nevada campus. Cain is one of the two active student members on the campus. Stinson, the other active member, is returning next fall to the university.

Established 1922 In 1922 on the Nevada campus, Delta Sigma Lambda rose, in a few years, to be one of the biggest fraternal groups on the hill. In 1927, there were 38 members and six pledges in the organization, which increased its membership to 47 students in the following year. Shortly afterwards the organization began to dwindle until there were eight students actively affiliated with it at the end of the school year in 1935.

The fraternity numbers among its alumni five members of the faculty as well as a number of former students who were very active in university activities and now are prominent in public life.

Lawton B. Kline, '27 graduate of the U. of N. and instructor in modern languages; Fred Collins, who was president of the group the year he graduated, 1932, and who is an instructor in economics; S. G. Palmer, professor of electrical engineering; Ernest Brown, former faculty member and now Washoe county district attorney, and S. C. Dinsmore, commissioner of food and drugs, are all alumni of the group.

Alumni Prominent Among the prominent students who are now alumni of the fraternity were Forrest Bibb, editor of the Sagebrush from 1934-1935; Dan Senseney, editor of the Artemisia in 1930 and now special writer for the Radio Mirror magazine; Ed Bath, 1934 Mackay Day chairman, and Joe Jackson, who is now sports editor of the Reno Evening Gazette.

The charter members of the social fraternity are Charles Poppe, Ira Herbert, Raymond Holtzman, Tom Welsh, George Gosline and Jesse Smith. These former students established at the University of Nevada what was the third chapter of Delta Sigma in the country and named it Triune. The first chapter was established at the University of California in 1921.

Drivers of college age cause the greatest number of accidents. In the 18-24 bracket, 286,940 crashed last year.

MADAME ROSETTA Ordained Medium Teacup readings Thursday Evenings 8 p. m. Private readings. Reduced rates to students. 730 Marsh Ave. Phone 6214

Pi Phis Model Latest Fashions

Modeling the newest spring models, members of Pi Beta Phi sorority entertained Reno townspeople and campus women at a charity fashion tea at the Riverside Saturday.

The proceeds will be used as a contribution to the Nevada chapter of the sorority to the Tennessee settlement school.

During the afternoon entertainment was furnished by Miss Rena Semenza, Larry Layman and Mrs. Frazer West. Members who modeled were Isabel Henderson, Elna Jepson, Rita Jepson, Charlotte Caton, Virginia Heany, Catherine Armstrong, Thelma Armstrong, Jessie Sellman, Annette Priest, Virginia Posvar, Joyce Dodge, Amelia Zorich, Jean Rice, Jessie McClure, Dorothy Roseberry and Helene Fulton.

Yearbook Ads Given to Printers

The entire ad section of the Artemisia is at the printers, Winifred Walsh, business manager, said this week, and final work of the business staff is being completed.

County ads, used for the first time last year, will again be in this year's book. Counties with full page ads are Churchill, Lyon, Mineral, Ormsby, Storey and Washoe. Cletus Fisher, local artist, who is taking Lew Hymer's place, did the maps and sketches for these ads.

An innovation this year will be the use of snaps of interesting campus events in the advertising pages. It is hoped that in this way students will be persuaded to read more of the ads.

There are also more out of town ads than ever before, Miss Walsh said. Hotels where teams stop on trips, firms that do work for the Artemisia and stores that sell supplies to the university have all taken ads in this year's book.

Miss Walsh, who is also in charge of the senior announcements, said they will be here April 27, and may be obtained where the order was placed.

Nevada Debaters Lose to Moraga

Louis Wiener and Charles Doherty, representing the University of Nevada, were defeated by Philip Quittman and Arthur Mott of St. Mary's by a 2-1 decision in the debate Monday evening.

The Nevada team argued the negative side of the question, "Resolved, that congress should have the power to overrule by two-thirds vote decisions of the supreme court declaring acts of congress unconstitutional."

William Cashill acted as chairman, while Miles N. Pike, Judge E. P. Carville and Joe Haller judged the contest.

The St. Mary's squad left for San Francisco following the debate.

A clock, visible for five miles, will soon be erected at the University of Texas.

Campus Boys and Girls, get your EASTER Candy and Rabbits at the CRYSTAL 215 North Virginia Street Phone 8957

Press Club to Bid Cubs at Meeting

Approximately nineteen new members must be taken into the Press club, the local publications organization, to bring the quota up to the membership of 35, provided for in the constitution, it was revealed at a meeting held yesterday afternoon in the A. S. U. N. building, at which Lois Midgley, chairman, presided.

A list of twenty students eligible for membership has been submitted to the group, and it is expected at least as many more will be turned in before the active members vote on the candidates at the next meeting to be held early next week.

To be eligible for membership in the group the student must have worked for at least one year on one or both of the publications, or must have passed a three hour course in journalism and must show promise in the journalistic field.

Also at the meeting names were presented from the floor for offices in the group next semester, but these were all tentative, and additions to the number will be made when the nominating committee returns its panel at the next meeting.

Coed P. E. Head Attends Meets

One of the most interesting announcements discussed at the conferences attended by Miss Elsa Sameth, head of the women's physical education department, last week, was that the recreational agencies are combining to spend their money to increase the development of creative ability in minors. The conferences were held at Long Beach, Calif.

Another feature was the round table discussion held primarily for students to present their problems and questions, Miss Sameth reported. This was well attended by physical education students and they brought to the discussion many timely difficulties, she said.

The results of a questionnaire which had been sent to various school boards asking for the qualifications most desirable in applicants for teaching positions was also presented. The first in importance was health, vigor and vitality; then came self-control, poise and even temper; cooperation was another essential that placed high on the list. The conference attendees were interested in the fact that the most important qualifications were those concerned with leadership and personality, Miss Sameth said.

Engraver Howls For Annual Copy

The reporters of the Sagebrush aren't the only ones who are begged, threatened or otherwise persuaded to produce copy.

The Artemisia editorial staff has received recently three telegrams of a similar nature from Frank Fussell, engraver for the Artemisia.

The telegrams are usually very brief, but strictly to the point. The latest one received simply says, "Copy, copy, copy. How about some copy? Please rush."

Now it's the editorial staff of the yearbook who stay up until the wee sma' hours, producing copy.

Auditions Are Set For Amateur Hour

Tentative Date for Campus Radio Program Is April 23

The amateur hour under the sponsorship of the Musicians' association of the University of Nevada will have auditions next Tuesday afternoon between 3:30 and 4:30 at the Bee station KOH.

"No list has yet been made of those who will have auditions at that time," according to Margaret Piercy, head of the committee in charge of the program.

"However, I wish to urge all students who are at all interested to come down to the station and have an audition whether they have previously signed up or not."

The tentative date for the program has been set for April 23.

At Stanford coeds are fined \$10 if they are found wearing fraternity pins. Men are not allowed to wear neckties.

U. N. Debate Team Upsets S. C. Duo

Scoring the first major victory of the current debate season, the University of Nevada debate team of William Cashill and Emile Gezelin defeated the highly touted and pre-debate favorites of the University of Southern California by a 2-1 decision Tuesday evening in the Education auditorium.

Speaking on the question, "Resolved, that the several states should enact legislation providing for a system of complete medical service available to all citizens at public expense," the Nevadans clearly established their superiority on the rostrum in the final rebuttal given by Cashill.

Arthur Groman and Homer Bell showed the sparse gathering masterful speaking and all around understanding of the debate, and throughout the discussion the Trojan speakers interspersed clever remarks which added to the interest of the event.

Bert Goldwater was chairman of the debate and Don Harvey Bell, Maurice J. Sullivan and L. N. Bowen judged the contest.

Nevada Dancers Enter Symposium

Women from the physical education department of the University of Nevada attended for the first time a symposium of dancing on March 28 at Mills college. Nevada was represented in the program by "The Gavotte," a minuet type dance of the French court.

The symposium is held annually for the northern California colleges and universities for the purpose of discussing new developments in dance technique and style.

This year's gathering was built around the one simple foot step, a number of variations and dances.

While Miss Sameth was attending the symposium and two conferences at Long Beach, Catherine Dondero and Dorothy

For Digestion's sake...smoke Camels

Smoking Camels a Pleasant Way to Promote Digestion The nervousness induced by our modern life often affects digestion. The mental effort—the physical rush—the worry and tension—all slow down the flow of the digestive fluids. Smoking Camels acts to restore and increase the natural and necessary flow of the digestive fluids. Modern scientific research, based on Pavlov's great work on digestion, definitely confirms the fact that Camels encourage good digestion in this pleasant way. As you enjoy Camel's superb mildness—a mildness that is never flat or tiresome—you feel cheered and comforted. And experience a delightful "lift." Camels set you right! Enjoy them as much as you like. Camels do not tire your taste or frazzle your nerves.

BARONIAL DINING at the famous Winter Place Tavern in Boston. Theodore Roosevelt, Enrico Caruso, Henry Cabot Lodge—all knew and praised its famous fare. Here Camels reign supreme. Nick Stuhl, maître d'hôtel for over 41 years, says: "Camels have the gift of making food more enjoyable. Camels are the most popular cigarette at the Winter Place Tavern."

TUNE IN! CAMEL CARAVAN WITH WALTER O'KEEFE DEANE JAMES, TED HUSING GLEN GRAY AND THE CASA LOMA ORCHESTRA Tuesday and Thursday—9 p. m. E.S.T., 8 p. m. C.S.T., 9:30 p. m. M.S.T., 8:30 p. m. P.S.T. —over WABC - Columbia Network

COSTLIER TOBACCOS! Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.

Coed Robin Hoods Prepare to Enter Telegraphic Meet

Nevada Women Will Compete Against U. S. Colleges April 29

Eight High Scorers of Squad Will Represent U. N. In Tourney

With arrows flying through the air every Tuesday and Thursday afternoon, the University of Nevada women archers are getting ready for the intercollegiate telegraphic meet to be held April 29 to May 7.

Is Nationwid Nevada archers will compete against colleges from all parts of the United States. The team will be chosen from the persons shooting the eight highest scores.

The event to be shot is the Columbia round (24 arrows at each of the distances, 50 yards, 50 yards and 30 yards), which is one of the official N. A. A. rounds for women. Rules sent by the association stated that the 50 yard range shall be shot first, then the 40 yard range and lastly the 30 yard range.

Choose Eight Nevada entrants will shoot during the week of April 29, with the team chosen from the eight highest scores shot at that time, and the contestants will comply to all the rules set down by the N. A. A.

The target must be the regular 48 inch target, and each hit in the gold shall count 9, in the red 7, in the blue 5, in the black 3 and in the white 1.

Arrows hitting outside the white shall not be counted either for hits or scores. An arrow cutting two colors shall be for the higher value. An arrow rebounding from or passing through the scoring face of the target shall count for one hit, five score.

An official score sheet must be kept, and the value of each arrow hitting the target must be recorded separately on it.

The event will take place at the women's field and Mrs. Mae Simas, instructor, or Barbara Clark, manager, will be present at all times during the official shooting, as is required by the rules. The score sheets must be signed by the instructor or student head.

It has not been definitely settled yet whether the entire round will be shot off at one session or not, but according to the rules the 50 yard and 40 yard ranges must be completed at the first session. The 30 yard must be shot the next succeeding session.

A large number of women have turned out to the practices to date, and a good showing is expected of them during the meet.

Names of all members of the team, and checked scores by the official heads, must be sent to and accepted by Louis C. Smith of Boston, Mass., by May 7.

WITH THE WOLFETTES

The badminton group, under the direction of Evamae Beeme, will open its annual intramural tourney on April 10. No interclass games will be played this semester. Two singles games and two doubles game will be played off each time the group meets for competition. For the first time in the history of the sport winners will be awarded trophies. The cups are now on display in the university library in the case presented to the school by the senior class of last year.

Women who have not been initiated by sororities after the pledge period is up, and whose names are not listed in the registrar's office as affiliated members, will no longer be allowed to represent a sorority house in any intramural sport. This new ruling was drawn up by the intramural board recently and will go into effect immediately.

Tennis is not included on the women's spring sports schedule. The university courts are being used by the men's teams, making a conflict in a proposed schedule of the women. This sport will be held next semester for anyone interested.

Margaret Snyder, sophomore student, whose hand was injured by an arrow while she was participating in a practice archery game recently, has recovered sufficiently to have the bandages removed.

Five women appeared on the campus Monday morning wearing new Gothic N coats. Letters were awarded to the coeds efficient in sports at the Mackay Day luncheon. Initiation ceremonies were held in the university gymnasium Sunday morning, followed by a breakfast in honor of the newly elected women at the El Cortez hotel. The women thus honored were Verla Champagne, Helen Traner, Emily Tholl, Frances Smith and Betty Bowman.

Only one woman from each sorority and one independent woman will serve on the intramural board from now on. Previously representatives for each sport from every house made up the group. The lessening of the number of women in this group will make a more compact ruling body.

Coeds, resting between classes, have abandoned the benches on the campus, and are using the cement curbs for gathering places. It is no unusual sight to see from six to a dozen women strung

McCustion Goes To Colorado for A. W. S. Conclave

Betty McCustion, recently elected A. W. S. president, will leave Monday for Boulder City, Colo., to attend the Associated Women Students' convention to be held there from April 15 to 18.

Miss McCustion hopes to be able to use some of the suggestions offered by other presidents on the Nevada campus next year. Included in her plans for the coming semester will be the annual A. W. S. fashion show, the buy a brick campaign and other activities along the line of those used by Catherine Dondero this last year.

The secretary for A. W. S. and other committee appointments will be made by Miss McCustion after her installation, which takes place May 1.

Nevis Sullivan '23 Is Buried in Reno

Marie Nevis Sullivan, University of Nevada graduate with the class of 1923, who died Sunday evening at a local hospital after a long illness, was buried Tuesday morning in the Mater Dolorosa cemetery after funeral services were conducted for her at St. Thomas Aquinas cathedral.

Miss Sullivan graduated with her twin sister, Margaret Neal, with a bachelor of arts degree in 1923. She was a member of Pi Beta Phi sorority and was active in social affairs while attending the university.

A native of Reno, she attended local schools before coming to the university. Surviving relatives include her mother and father, Mr. and Mrs. James R. Sullivan of Reno; her twin sister, who is now Mrs. Eugene Howells of Reno; three nieces, Mary Margaret, Nancy Jean and Carole Ann Howell. She was the niece of Mrs. J. W. Brooks, Denis O'Sullivan, and Roger, Tom and Martin Grotton.

Piercy Is Named Musicians' Prexy

In the regular bi-monthly meeting of the Campus Musicians organization held Thursday Margaret Piercy, junior student and member of Gamma Phi Beta sorority, was elected president. Dorothy Jones was elected vice president and Kellene Morris, secretary and treasurer.

Radio auditions for the university amateur hour will be held April 14 at station KOH under the direction of Professor Post and Ralph Freese, announcer, at the station.

The program will be broadcast shortly following the test auditions.

Later in this semester, the group may participate with the university band in a joint program.

along the sidewalk edge engaged in a genuine "bull session."

Frances Nichols, sophomore student, recently elected vice president of the Women's Athletic association, has assumed her new duty as chairman of the intramural board. This position automatically falls to the vice president of this organization.

Georgianna Harriman, junior student, was Sunday elected president of Gothic N, honorary women's athletic society. Ruthe Goldsworthy, junior member of the organization, was chosen vice president, and Orpah Morgan, junior student, was nominated secretary-treasurer. New officers will assume duties of office immediately.

Women to Cavort In Water Pageant

Women students will exhibit their grace and skill in a fantastic water pageant to be presented at Moana Springs April 18.

Lila Stoddard will lead the cast of swimmers in the role of the fairy princess. Eloise Campbell will play the queen's father and the three daughters will be portrayed by Kennedy Walker, Ruth Doolittle and Mary Stott.

Emily Tholl, student instructor of the women's swimming class, will direct the pageant. Mrs. Mae Simas, assistant professor of physical education for women, will assist Miss Tholl in this project.

Individual diving stunts are scheduled to open the day's program. A chorus of mermaids will participate in this event along with the above mentioned cast.

Alice Lundberg, Peggy Gill, Lois Miller, Edith Delmore, Patricia Turner and Frances Smith have been selected as mermaids.

Group stunts and figure swimming by the mermaids will be next on the program.

A demonstration by members of the life saving corps will conclude the day's events. The "break," "stranglehold," "carries" and the administration of artificial respiration will be featured in this event.

Mrs. Simas announced that there would be no admission charge for the pageant and all interested observers will be welcome.

W. A. A. Mounted Plans Night Ride

With 18 girls out for Saddle and Spurs this semester, riding is well under way, announced Julia Sibley, manager of the group. The girls hope to have a long evening ride near the close of the season.

The horses used for the rides are rented from the Carnation stables and the group rides every Tuesday and Thursday afternoon from 4 to 5. The rides always vary in direction, and the same route is seldom taken more than once.

The class this year includes an unusual number of beginners, and with the aid of Sergeant Hustis the group is learning and progressing very rapidly.

PLAN BANQUET

Plans are being made by the Sagens to honor their seniors at a banquet on April 16. Evamae Beemer and Joyce Cooper are in charge of the affair and will make definite arrangements for the banquet.

Bids To Be Issued By Cap and Scroll

Bids to Cap and Scroll, women's honor society, will be given out April 17 at the regular A. W. S. meeting. Membership in this group is the highest honor accorded University of Nevada women. To be eligible, a woman must have high scholarship, be a leader in one activity and active in two others.

At present the membership consists of six women, Mary Corecco, president, Winifred Walsh, Inez MacGillivray, Catherine Dondero, Alice Lundberg and Evelyn Semenza.

Senior women will sign the A. W. S. honor roll for service to the university at this meeting, Catherine Dondero, president, said today.

Entertainment will be furnished by freshman women who have broken traditions.

The meeting was originally scheduled for April 10, but has been postponed because of the Easter vacation.

Tholl to Attend Coed Convention

As president-elect of the Women's Athletic association, Emily Tholl will leave on April 18 to attend the grand convention of the American Federation of College Women in Minnesota.

The convention is scheduled to run from April 23 through April 25. While there, she will summarize the discussions on outing clubs and cabins.

This grand convention is held once every three years in various important cities of the United States. It is attended by college women representatives from all over America.

Miss Tholl is a sophomore student and member of Kappa Alpha Theta, and will be the University of Nevada's only delegate to the convention.

An epidemic of mumps and of German measles has broken out on the campus of the University of British Columbia at the same time.

English Honorary Awards Trophies

Two silver cups were awarded to the winners of the Chi Delta Phi poetry contest for Nevada high schools on the last night of the high school forensics tournament April 4.

The cups, awarded by Lois Midgley, who was in charge of the contest, were presented to Doran Combs of Elko county high school, who won first prize for his poem "The Muddy Stream," and Helen Joseph of Tonopah, whose poem "Lost" won second honors.

Honorable mention was given to Yoshiko Nagamatsu and Bonnie Marshall, both of Las Vegas.

Miss Midgley said that she had received more than 100 poems in the contest, representing more than 11 high schools.

This is the first statewide poetry contest sponsored by Chi Delta Phi, national women's honorary English sorority. The great degree of response will probably inspire the group to make the contest an annual affair, Miss Midgley said.

Previous contests of the organization have been confined to the campus and local schools.

At the University of Manitoba a newspaper woman is not a woman. Reporters, male or female, are allowed to enter fraternities where women may not enter.

Pioneer Alumnus Dies in Capital

Walter C. Lamb, student at the University of Nevada from 1895 to 1899, died in Washington, D. C., where he took an active part in national politics, Friday night after a two days' illness.

He attended university for four years but left before he graduated for George Washington university, where he studied law.

He was a close friend of Senator Pittman of Nevada, serving on the secretarial staff of the foreign relations committee, of which Pittman is chairman, for several years. He was actively affiliated with the Democratic party since 1902, serving as secretary of the chairman of the Democratic national committee in 1904.

AN ALLIANCE

In the "Letters to the Editor" column this week, there is a note from Miss Neca Jones, president of the Home Economics club, deploring the conduct of the student body at the recent Mackay Day luncheon, and asking the Sagebrush to assist in putting a stop to the practice of throwing food-filled plates across the gymnasium during lunches.

The Sagebrush took the initiative on this subject last week and is only too willing to see that it is carried through to a successful conclusion.

But, so far, there has been nothing done either to punish the offenders at the last luncheon or to take steps to prevent a recurrence of a similar event at coming university occasions.

The Sagebrush realizes that it is difficult to punish all those who participated in the near-riot Mackay Day, but surely someone must have noticed who took the roles of ringleaders, and surely the men's upperclass committee must have some views on the subject.

But up until now, the upperclass committee has failed to take any steps on the last luncheon and, unless a meeting has been held in secret, they have not even met to discuss the situation.

The Sagebrush, and every student on this campus, is vitally interested in the solving of this problem, and last week a suggestion was made that the upperclass committee police the gymnasium and show its authority. The Sagebrush repeats that suggestion this week.

The Home Economics club has asked for assistance in this matter, and Miss Jones' letter is self-explanatory. The Sagebrush also asks for assistance, and asks it from the men's upperclass committee. A three-way alliance now, when the last luncheon is still fresh in the minds of the student body, will bring action, but if the men's upperclass committee does not feel that this comes within the sphere of its activities, there are other groups on this campus which will take over the job, and there are upperclass men on the campus who will be glad to serve on the men's upperclass committee and make it the live organization that it once was.

GOOD LUCK, WOLVES

Today the University of Nevada track team will open its intercollegiate season, meeting the California Agriculture college at Davis.

Track has not always been successful at the University of Nevada in recent years, but this year seems to be an exception.

In spite of the fact that the track men have been forced to work under terrific handicaps, they have turned out daily and have gone through strenuous workouts to reach their training peak. They have circled Mackay field in thin shorts while other students have huddled close to the radiators during the recent cold snap, and they have put in hours a day in monotonous limbering-up exercises while others enjoyed themselves.

But the results of the work will be seen in the men themselves when they take to the field at Davis. They will be in shape and ready to go, and they will be out to win. They will be out to show doubters that Nevada still has trackmen and that track is still a live sport at the University of Nevada.

11 Seniors Initiated Into Honor Group

California Physicist Welcomes Initiates to National Scholastic Group

Initiation services for eleven University of Nevada students bid Phi Kappa Phi, national honorary scholastic society, last Thursday, were held at 7:30 Friday evening in the home economics room of the Agriculture building.

The newly elected members, Mary Corecco, Winifred Walsh, George Francis, Irvin Wanke, Harold Westfall, Richard Greulich, Florindo Nannini, Charles Winter, Charles Hill, Walter Bowrin and William Holmes, were selected for this honor because of the excellent grades they have earned during the past four years in the university.

Hicks Presides
Dr. Charles Hicks, president of the Nevada chapter, presided over the initiation ceremonies. He introduced the speaker of the evening, Dr. Leonard B. Loeb, professor in the department of

physics at the University of California, who gave as his speech "Genius and Its Requirements."

"Only hours of work, insight and distinction in the line in which you are working can qualify you for the role of a genius," Dr. Loeb said. He said that the sum total of scientific knowledge had multiplied and that in the future there will be a thousand different fields in each subject, making it impossible for any person to gain a knowledge of them all. For this reason, Dr. Loeb said, people are going to lose a good part of the knowledge they have.

At a previous meeting held in the Education auditorium at 10:30 a. m. Friday morning, Dr. Hicks announced the new members bid to Phi Kappa Phi. At this meeting Dr. Loeb talked on "Effective Scholarship."

Townpeople, students and faculty members were invited to hear Dr. Loeb's speech Friday morning. At the initiation ceremonies in the evening only invited guests, parents of initiates and Phi Kappa Phi alumni and members were present.

Phi Kappa Phi is recognized as the highest honor a student can attain in four years at college.

Back your activity leaders.

The Pedagogue

Those of you who have been with us since the infant Pedagogue took its first feeble steps will remember that we invited letters, and while we did not promise to print them wholly or in part, we have lifted from them from time to time. Now, however, we are in receipt of a letter from one who signs himself "A Student" which we feel called upon to print without further comment:

"Dear Pedagogue—In the last issue of the Sagebrush you advocated swift and vigorous punishment for students who, in some way, violate rules of good breeding and consequently subject the university to unfavorable criticism from townspeople and visitors.

"On this point, I feel called upon to agree with you without reservation, but when you say:

"If the upperclass committee and its authority is being held in an atmosphere of contempt by the underclass men, the Pedagogue would suggest that it either be reinforced with means of enforcing its rulings or that the student affairs committee step into the breach and deal out student justice in a manner offenders would not likely to forget in a short lapse of time" I disagree.

"With the material at hand with which it must work, the men's upperclass committee is doing an excellent job. I point with pride to the way it assisted the Block N men during the painting of the emblem.

"Anyone can see that the men on the committee are doing everything in their power to enforce the rules which are still in effect on the campus, but everyone forgets that they really have no tools with which to enforce them.

"All of us are entitled to mistakes, and the student body made its last year in voting to abolish lakings. Give them back to a responsible committee and changes will immediately be made in the discipline of the underclasses at this university."

The Pedagogue can only answer this letter by quoting from page 26 of the 1935-36 edition of the student handbook:

"The men's upperclass committee has the power to paddle, lake or recommend the suspension of student body privileges of any student who breaks campus traditions."

A rose goes to Bill Cashill and to Betty McCuiston, and may they have clear sailing during the coming academic year.

We become enthusiastic over the spring weather which has recently come to the campus, and which will most likely be with us after we return from Easter vacations. The winter is most likely over, but don't let the weather fool you. School isn't over yet—in fact the "worst is yet to come." It may be pleasant, and all that, to lay out on the lawn and nurse a nice case of spring fever, but it would be a better idea to let the mind rule the body and stay inside studying until examination and report days are over.

What with all the activity evident in the office of the Artemisia things seem to be rounding the turn on the home stretch. A hand to you, Walter Bowrin, and to you, Winnie Walsh, and a bouquet to the rest of the staff—we hope the book is a success.

Last issue we cracked about the lack of cinders on the track, and now we hear that a new covering has been ordered. The Pedagogue believes in expressing ideas, but he also believes in retracting on statements when the targets at which his shafts are aimed have been withdrawn. Therefore, he bows before the power which correct all evils.

3 Fellowship Bids Sent U. N. Student

Paul Bohlke, senior electrical engineering student, has recently received offers to teach and do advanced work in physics at three universities—Cornell, California Institute of Technology and University of Michigan.

Definite acceptance of one of the offers will be made by Bohlke soon, with his enrollment at the university he selects to start in the fall.

Each of the opportunities offered the Nevada student combines several hours of teaching with a chance to earn a master of science degree.

He is the son of Mr. and Mrs. M. B. Bohlke of Reno and has been an university honor roll six times, earning election to Phi Kappa Phi, national scholastic society, last semester. He is a member of the varsity tumbling team.

Phi Sigs Hold Chapter Dance
The Phi Sigma Kappa fraternity held a dance at its chapter house on Lake street last Saturday night. The chaperones were John Gottardi, Chester Scranton and Mr. and Mrs. T. R. Withers.

Pi Phis, Sig Phis Hold Dinners
Members of the Pi Beta Phi sorority were the guests of the Sigma Phi Sigma fraternity Sunday at a dinner congratulating Bill Cashill and Betty McCuiston on their election victories. Betty McCuiston, Bill Cashill and Bud Showalter gave speeches during the course of the evening. Dick Sault and Bob Baum entertained with songs.

Letters to the Editor

Editor, the Sagebrush:
In conjunction with the editorial in last week's Sagebrush about the conduct at the Mackay Day luncheon, members of the Home Economics club would like to express their opinion at this time.

We feel that it will not be necessary for the club to spend its time and effort to prepare future lunches if such actions are continued. If the students would rather throw than eat the luncheon we have prepared for them, let them bring their own lunch next year and we will supply the coffee only. We are willing to cooperate with the Mackay Day committee in every way possible but refuse to supply food for people to throw and to ruin dresses of guests at the luncheon.

We feel this problem should be a campus interest, therefore we appeal to you to assist us in determining the solution.
HOME ECONOMICS CLUB,
Neca Jones, President.

Editor, the Sagebrush:
Now that the student body election for the coming year is over and a thing plans for the remaining term made.

of the past, there is one thing that stands out noticeably.

This is the participation of certain members of the faculty in student politics.

Now I don't want to be misinterpreted as saying that I do not feel that faculty supervision of our affairs is a good thing. We all know that our faculty members on finance control committee and activity coaches are doing work, and doing it well, that could not be done in any other manner or by anyone else. And I, for one, am grateful for this.

But when members of the faculty make pre-election speeches in their classrooms, booming the candidacy of those who happen to be taking classes from them, it is too much.

Let's hope that from now on in student elections professors stick to their curricula and leave politics, especially

student politics, out of them. Let English teachers teach English; let engineering teachers teach engineering; let language teachers teach languages, and let students make their own election talks and vote for the men they prefer without fear of crossing their professors.

A. T. O. Takes Cup For Greek Track; L. C. A. Runnerup

Sigma Nu Places Third; Barbs Show Strength, Rank Fourth

Race for Points on Cinders Is Close; Spectators Thrilled

In one of the closest and most thrilling interfraternity track meets in many years, Alpha Tau Omega's well balanced team chalked up 51 points Monday afternoon to take the cup.

With a large number of entrants, Lambda Chi Alpha remained in the running in a nip and tuck struggle up to the last two events, and finished second with 43 markers.

Two Sigma Nus, Walter Powers and Stan Smith, put on a real show and annexed 27 points between them. Powers was the sensation of the meet and showed future decathlon possibilities.

The former Sparks star ran up 17 1/2 points, finishing first in the 100, first in the 220, tying for first in the shotput, taking second in the high hurdles, after winning his heat in this event, running a lap in the relay, and also competing in the discus and broad jump.

Relay Thrills

The relay had the crowd in an uproar throughout. Powers, after a very poor start, dynamited around his lap to give Sigma Nu a substantial lead, which was maintained by Smith. Maule of A. T. O. and Powell of Lambda Chi forged ahead in the third lap, during which a mix-up as to lanes occurred. Graunke of the A. T. O. team emerged slightly in the lead at the beginning of the anchor lap, and after a bitter race with Richardson of L. C. A. broke the tape first.

Bill Grubbs, football star, took 12 of Sigma Phi Sigma's 18 1/2 points, with first places in the pole vault and broad jump, and finishing a close third in the 220 low hurdles.

The Independents showed surprising strength, capturing fourth place in the meet. First places were annexed by Day in the javelin, Rodriguez in the half-mile and Roman in the discus. Enough odd points were picked up to bring the Barbs' total up to 23 1/2.

Taus Strong

The A. T. O.'s strength came through such performances by such first place winners as Graunke in the 440, Maule in the high hurdles, Friedhoff in the high jump, Zadow in the low hurdles.

Results of the meet are as follows: Mile run—Murray Moler, LCA, first; Marvin Moler, LCA, second; Hinman, ATO, third; Barrett, Ind, fourth.

100 yard dash—Powers, SN, first; Powell, LCA, second; Agee, SPS, third; Segerbloom, ATO, fourth.

Pole vault—Grubbs, SPS, first; Agee, SPS, second; Aznarez, LCA, tied for second; Carville, ATO, fourth.

440 yard dash—Graunke, ATO, first; Richardson, LCA, second; Metten, LCA, third; Leavitt, ATO, fourth.

120 yard high hurdles—Maule, ATO, first; Powers, SN, second; Johnstone, ATO, third; Wilson, SPS, fourth.

Two mile run—Marvin Moler, LCA, first; Murray Moler, LCA, second; Etchemendy, ATO, third; Devore, LCA, fourth.

Shotput—Smith, SN, and Powers, SN, tied for first; Havens, LCA, third; Steward, Ind, fourth.

High jump—Friedhoff, ATO, first; Cummings, ATO, second; Nobbs, Ind, third; Wilson, SPS, fourth.

Javelin throw—Day, Ind, first; Smith, SN, second; Cummings, ATO, third; Aznarez, LCA, fourth.

220 yard dash—Powers, SN, first; Graunke, ATO, second; Maule, ATO, third; Powell, LCA, fourth.

880 yard run—Rodriguez, Ind, first; Carpenter, Ind, second; Defosset, LCA, third; Metten, LCA, fourth.

220 yard low hurdles—Zadow, ATO, first; Waite, LCA, second; Grubbs, SPS, third; Mornston, ATO, fourth.

Broad jump—Grubbs, SPS, first; Havens, LCA, and Day, Ind, tied for second; Zadow, ATO, fourth.

Discus throw—Roman, Ind, first; Roguin, ATO, second; Basta, ATO, third; Smith, SN, fourth.

880 yard relay—Won by ATO, Segerbloom, Leavitt, Maule and Graunke.

Chico Meet Set For Next Week

The University of Nevada Wolves will travel to Chico a week from tomorrow to hold the annual track meet with the Chico State Wildcats. The Martie men are slated to take the dual meet.

Although a few outstanding tracksters are slated for the trip, a more accurate last will be made up after the clash with the Cal Aggies this week.

Chico's shotputter, Ed Jorgensen, will be the outstanding threat of the Wildcat team and will probably make Smith of Nevada the second choice.

Wally Campbell, fast 440 man of the Californians, will force Graunke of Nevada to run his best. Richardson, also of the Wolves, will not be far behind in that race.

Tom Evans, Stater, and Carville of Nevada will do some close leaping for the pole vault honors, with the Chico man slightly favored.

Richard, broadjump, Leonard, miler, and Zadow, low hurdles, will probably come through winners for the Wolves.

Ineligibilities have greatly weakened the team this year, with Aznarez, Roguin, Grubbs and Defosset unable to enter competition because of grades.

Back your activity leaders.

Scared Soldiers Get Gased, Don Gas Masks

A gas attack in Stewart hall! Eleven University of Nevada R. O. T. C. officers going into the gas-filled room and coming out alive! Believe it or not.

The occasion was the testing recently of gas masks by the officers of the cadet corps.

One of the small rooms on the third floor of Stewart hall was filled with chlorine gas. The officers donned their masks and cautiously entered the room. The masks worked, the men coming out all right but slightly nervous.

Taus Hold Lead By Seven Points For Sports Cup

Alpha Tau Omega now leads in the race toward the possession of the Kinnear revolving intramural sports trophy by 7.18 points. The only sport remaining on the interfraternity calendar is baseball, with the final game scheduled April 25.

Ranking next to the Taus are the Lambda Chis.

The present standings are: Alpha Tau Omega.....270. Lambda Chi Alpha.....262.82 Sigma Nu.....115.15 Sigma Phi Sigma.....108.82 Independents.....87.49 Sigma Alpha Epsilon.....61.66 Beta Kappa.....32.66 Phi Sigma Kappa.....3.33 Lincoln Hall.....0.

Alpha Tau Omega has been the winner of the "mug" for the last two years. Presentation to this semester's winner will be made at the interfraternity "bean feed" May 4.

The trophy was donated to the interfraternity council by Kinnear, prominent Ely business man. The award is made entirely of copper and is shaped in the form of an old German drinking stein.

INITIATE EIGHT

Lester Agee, Harry Bradley, Tom Kane, William Grubbs, Louis Nash, Albert Manhan, Donald Richards and John Robb were initiated last week into Sigma Phi Sigma under the direction of Clyde Keegal. The formal degrees were completed Sunday, with the informal initiation preceding it.

Phi Sigs, A. T. O. Lead in Baseball For Second Week

With the winding up of the second week of play in the interfraternity baseball league, few changes were made in team standings.

Phi Sigma Kappa and Alpha Tau Omega still remain at the top of the league with no losses, while close behind is Sigma Alpha Epsilon and Lambda Chi Alpha, with only one defeat marked up against them.

Tonight should see two evenly matched teams taking the field when the undefeated Phi Sigs and the Lambda Chi teams clash. If the Lake street boys are defeated they will lose their spot in the top of the league, while on the other hand if the Lambda Chis lose they will be shunted out of any chance for the championship of the league.

Pitching good ball for Lambda Chi, Walter Kane held the Sigma Nu team down to six runs, while his mates were pounding out seven runs from the offerings of Stan Smith and Don Leighton. The University terrace boys held the lead up until the last inning, but were seriously threatened near the end of the game. Errors proved the downfall of the Sigma Nus. This game was played on Sunday, due to the track meet, which prevented the game being played Monday.

Lincoln Hall almost upset the dope bucket Monday night when they were edged out by the S. A. E. team 10 to 9. The Sig Alphas were barely able to nose out the dormitory boys in the last inning when they pounded out enough runs off of Gunlach, Hall pitcher, to annex the contest. Tregellas and Benson pitched for the S. A. E. team.

Last night Sigma Phi Sigma garnered enough runs in the first few innings to put them out in front for the remainder of the game with the Lincoln Hall team. Gunlach pitched for the Hall and Grubbs served for the Sigma Phi. Final score, Sigma Phi 8, Hall 4.

U. N. Militarists Aid in Army Day

The University of Nevada chapter of Scabbard and Blade, national honorary military fraternity, aided in the observance Monday of Army Day.

Members of the Nevada unit, who are R. O. T. C. cadet officers, appeared in uniform all day and at a luncheon held at the El Cortez hotel at noon installation of officers for the coming year was held. Guy Morris was installed as captain, William McNeely as first lieutenant and Jack Richardson as second lieutenant. Colonel W. L. Reed, Captain H. W. Isbell and Sergeant Grant Hustis were guests of the fraternity.

The outcome of today's meet down Davis way will depend entirely upon the ability of the Martie men to carry their strength in the track events into the victory lane. The Wolves are especially strong in the dashes and dis-

A. T. O. won their only game this week when the Independent team defaulted, due to lack of sufficient numbers to round out a team.

tances. Whether Emory Graunke, 44 and relay man who has shown great possibilities, will be able to compete is not known. The Wolf speedster was taken ill Wednesday. If he isn't able to compete Nevada's chances will be considerably dampened.

In an effort to make up for the weakness in the field events—high jump, discus, javelin and pole vault—Coach Martie is entering long, lanky Paul Leonard in the 880. This is Paul's first time at the short distance but he ought to come through for points.

Evidently the Aggies are about in the same boat as the Wolves. They have been forced to quit training for three and a half weeks due to bad weather.

The interfraternity spike carnival held last Monday afforded the fans quite a treat. The performances of Bill Grubbs and Walt Powers were the individual highlights of the meet. These two boys are a one-man track team in themselves. Another thing that showed up

Ford's Grocery

655 N. Virginia Phone 7689

Ice Cream and Fountain Service Candies Cigarettes

DROP IN AND SAY HELLO

—too well—was the fact that Nevada's 1936 track team is severely handicapped by ineligibilities. Boys like Grubbs and Aznarez would be good for points in anybody's track meet.

The officiating in the interfrat meet at times looked a little uncertain. Some of the officials picking the places acted slightly bewildered on some of the outcomes.

The relay was the highlight of the whole affair. It was anybody's meet and it looked like Jack Richardson would take Graunke in tow but he couldn't quiet catch the flying Tau.

Joey Oleata, former Lovelock footballer, with his name and picture on

a big spread across the Tiger Rag from Pacific, is being boomed as the mainstay of Coach Alonzo Stagg's 1937 varsity. Oleata has been playing in the Bengal backfield for the past two years.

What a wall is this? From a high school paper in California a writer says, "Universities should begin picking out athletic prospects from high schools when they are only freshmen or sophomores. At this school, half a dozen or more star performers have been offered athletic scholarships and have been ineligible because they did not meet the minimum scholarship requirements. If the college scouts had them before they started flunking out, California may have a few more greats."

Plenty of Water Predicted by Prof In Radio Address

Boardman Says Lake Tahoe Will Rise 3 Ft. Above Rim During Summer

Data Shows Truckee Will Run Stronger This Year Than Last

Predicting plenty of water for irrigation for most of Nevada, especially the central Sierra region and the Humboldt basin, Professor H. P. Boardman, director of the Nevada cooperative snow surveys, spoke Tuesday night on "The Water Supply Outlook for This Season."

The data presented by Boardman is based on snow surveys which were devised and largely developed by Dr. J. E. Church.

The surveys indicate, said Boardman, that Lake Tahoe will rise to an elevation of 6226 feet, which will be three feet above the rim and higher than any year since 1928. The Truckee river will probably flow a little better this year than last, he said.

Professor Boardman devoted the last part of his lecture to the growth and importance of snow surveying throughout the world.

"Snow surveying was born on Mt. Rose and is a Nevada invention," stated Boardman. "Dr. Church is its founder."

Interest spread until twenty-five nations, virtually every country with snow or ice problems of any type, became members of the International Commission of Snow, with Dr. Church as its first president.

Leading scientists and Arctic explorers of the world have become engaged in the work. The international development came with the request of Australia to work in cooperation on the snow and ice problem at the meeting of the International Association of Scientific Hydrology in Lisbon in 1933. It was then that the American idea of snow surveying received international standing, said Boardman.

The final lecture in the faculty radio series will be given Tuesday evening at 7:15 over KOH by Professor Philip A. Lehenbauer of the university biology department on "Planting to Beautify Our City."

PERSONALS

Margery Hiskey will go to Austin for Easter.

Bill Guild will spend his vacation in Yerington.

Ethel Graunke will spend the weekend in Gardnerville.

Eloise Lyon will spend the weekend in Winnemucca.

Geneva Bliss will spend Easter at her home in Mason.

Marlea Dodge will spend Easter at her home in Fallon.

Meda Haskin will spend her vacation at her home in Tonopah.

Marjorie Griswold and Nina Stinson will spend Easter in Elko.

Lido Puccinelli and George Warren are going to Elko for Easter.

Nina Stinson will spend her vacation at her home in Winnemucca.

Helen Shovlin will spend Easter at her home in Battle Mountain.

Georgia McFadden will spend Easter visiting her sister in Sacramento.

Harold Foremaster and Bob Betten left Thursday noon for Las Vegas.

Margaret Hussman will spend Easter vacation at her home in Gardnerville.

Clinton Hinman will spend the Easter vacation at his home in Battle Mountain.

Mary Burt, University of Nevada alumna, who teaches in Goldfield, is in town.

Georgia McFadden will visit in Sacramento and Oakland over the Easter vacation.

Paul Azarez, Lambda Chi Alpha, will spend Easter vacation at his home in Wellington.

Gertrude Polander, Pi Beta Phi, will spend Easter vacation at her home in Winnemucca.

Berna and Kathleen Hansen are planning to spend their vacation at their home in Wells.

Ann Banovich left Wednesday morning to spend the Easter vacation at her home in Tonopah.

Emma Azarez, former student now teaching near Yerington, spent last weekend in Reno.

Avanell Manzonie is planning to spend this weekend at the home of Mary Boszkiewicz at Stewart, Nev.

Miss Adeline Belmonte, who teaches in Battle Mountain and is a graduate, is in town for the week.

Elsie Seaborn, University of Nevada alumna, is in town from Austin, where she teaches, for the week.

Jay Robinson is planning to go to Tonopah and from there down to the Boulder dam during Easter vacation.

Melva Fowler, who teaches in Battle Mountain, is spending the Easter vacation with her parents here in Reno.

Julia Arrobio, Elizabeth D'Alessandro and Mildred Woodward will spend Easter vacation at their homes in Lovelock.

Betty Bowman, junior mining student and member of Pi Beta Phi sorority, will spend the Easter holidays visiting friends in Oakland.

Katherine Booth, who is a member of Delta Delta Delta sorority and lives at Manzanita hall, will spend Easter at her home in Alameda, Calif.

Jean Smith, a sophomore student, will leave this afternoon with her parents to spend the weekend visiting Lieutenant and Mrs. Dale O. Smith at Hamilton Field, California. Lieutenant Smith

FROSH FEMMES FISH FOR FORMER FAULTS

For the benefit of older students, Kathleen Hansen and Marjorie Hiskey will fish from the tram for 20 minutes on Friday, April 14, at 11:25.

At the same time Gwen McGinnis, Alma Twist and Loretta Collins will scrub the steps of the library so that all onlookers may observe their diligence. The sidewalk from the library to the gates will be swept by two other freshman offenders, Alma Twist and Geraldine Westfall. The same day all of the erring first-year women will be required to wear a red ribbon in their hair to distinguish them from the other freshman women.

Considering punishment to have been too mild in the past, thus causing freshman women no worry when failing to carry out the orders of the women's upperclass committee, the women's group decided on Wednesday afternoon that all future punishment will be much more severe.

At the meeting Rose Boggio was dismissed for punishment until a later date. Clara Smith, having been called before the committee four times this semester, was referred to Dean Margaret E. Mack for further discipline. Margaret Cline, who was called before the committee, failed to appear.

Former Student Edits Magazine

Thomas P. Brown '99, son of LeRoy D. Brown, who was the first president of the University of Nevada in Reno from 1887 to 1890, is now editor of the news service bureau of the Western Pacific railroad company in San Francisco.

As head publicity man for the company, Brown recently edited and published a booklet, entitled "Little Stories Along the Line of the Western Pacific Railroad," in which he includes two stories about Nevada, "The Lure of the Sage" and "The Humboldt River."

UNDERGO RITES

Informal initiation rites which started Wednesday were completed Sunday when seven men received preliminary degrees into Sigma Alpha Epsilon fraternity. The following men were eligible for the final degrees: Russell Bailey, Guy Brown, Robert Paik, George Folsom, Bill Martinez, Jack Starret Anderson and Clyde Healey.

POSTPONE WORK DAY

Garden Day, which was to be held April 4, by the members of Gamma Phi Beta sorority, was postponed because of the windy weather, which made it impossible to work outside. This is an annual affair, but it will not be held this year because it is too late in the season.

ENTERTAINS GUESTS

Silas Ross Jr. entertained guests at an informal dinner last Sunday evening. The guests included Elizabeth Best, Elizabeth Osborne, Aldine Branch, Mary Elizabeth Wood, Harold Herz, Willis Dalzell and Betty West.

is Miss Smith's brother and a former student at Nevada.

Louise Rawson and Evelyn Madsen, graduates of the University of Nevada, are spending Easter vacation with their families in Reno. They are both teaching in the Austin schools.

Professor and Mrs. A. E. Hill left Friday afternoon for a weekend trip through Yosemite park. Professor Hill expects to return to his university duties Monday.

Pat Cline, PWA engineer at Lovelock, visited with his daughters, Elaine Cline and Beulah Cline, last weekend. Beulah accompanied her father to Lovelock on Sunday.

Mr. and Mrs. Byron Stetler are in from Battle Mountain. Stetler is a graduate of the University of Nevada and is now principal of the high school in Battle Mountain.

Margaret Piercy, resident of Manzanita hall and member of Gamma Phi Beta sorority, was taken to the university infirmary Monday afternoon to receive treatment for a severe cold.

Pete Burgess, junior student at the University of California, visited with his brother, John Burgess, mining student, Saturday and Sunday. He returned to Berkeley Sunday night.

Katherine Luke, Betty Kornmayer and Elizabeth Juniper will attend the convention of the Order of the Rainbow for Girls, which will be held during the Easter holidays at Sacramento.

Earle Seaborn, graduate of the University of Nevada, spent last weekend in Reno. He is employed in Austin, where he is assistant superintendent of the Austin Silver Mining company.

Eunice Beckley, Marilyn Rhodes and Ruth Doolittle left Thursday noon for Las Vegas where, on Sunday, they will be bridesmaids at the wedding of Jeanne James, former student of the university.

Louise Emminger, junior student and member of Kappa Alpha Theta sorority, journeyed to San Francisco last Sunday with her mother, who had been visiting here from Silver Dyke. They expect to return to Reno Monday.

Jean Cameron accompanied Anne Gibbs and Elizabeth Best to their homes in Fallon, where she will visit with them until Saturday, when she will return to her home in Carson. All three girls are residents of the Kappa Alpha Theta sorority house.

Helen Morris, former student and member of Alpha Delta Theta sorority, was a Reno visitor last week. Miss Morris is employed in the Tonopah high school and is coach of dramatics. She was accompanied by several of her pupils. While here she was honored at a tea by Alpha Delta Theta sorority Sunday.

Awards Presented At Forensic Meet

The annual Nevada state high school forensic league tourney which opened Thursday on the Nevada campus was brought to a close Saturday night with the presentation of the one-act plays, following which the awards were made to the various contest winners by Robert S. Griffin, director of the tournament.

Reno high school, with the one-act play, "The Feudal System," won the first place in the A division, and the cup for the best one-act play in the B division was awarded to Yerington high school.

Second place in the A division went to Sparks high school for its presentation of the "Tangled Web," one-act comedy. In the B classification Virginia City took the cup for second place.

In Reno's winning play Ted Lent was played by Jose de Larios, June Anderson by Betty Marie Schilder, Robert Baglan by Robert Moore, Robert Anderson by Preston Freeland, King Baglan by Dick Sawyer and Martha Baglan by Evelyn Bulmer.

Tom Foley of Las Vegas, with the topic, "Are Our Brothers Killers?" was declared winner of the oratorical contest, with second place going to James Tranter of Reno.

Jay Call of Sparks won first place in the extemporaneous speaking contest. John Burfening of Reno ranked second and Bryn Armstrong of Las Vegas was third.

The Lovelock class B debate team, composed of Frank Fuss and Robert Cole, won a judge's decision over the Reno class A team composed of Mary Murphy and Roland Severston. There was no award given for this contest.

More than 85 students from 15 towns were entered in this year's competition.

Geologists Visit Comstock Lode

Twenty students Saturday made a day-long geology field trip to Virginia City, under the direction of Professor V. P. Gianella, instructor in the department. Bad weather prevented the number from being any larger because the students encountered rain and snow on the way.

Leaving as planned at 9:30 in the morning, the group made stops at the sand pit near the Reno city limits, Steamboat Springs and the great fault scarp, before the 45 minute lunch period at Virginia City.

After lunch, the party stopped to view the Ophir croppings and the Arizona-Comstock glory hole. Continuing the outing, they went down Gold canyon through Gold Hill. A short stop was made at Silver City and a longer stop at the Dayton mine, where the students were shown maps of the Comstock lode.

After an investigation of the hot springs at Bowers mansion, the students returned to Reno at 4:30 in the afternoon.

ENGINEERING

Charles Allen, M.E., and George Anderson, E.E., were nominated for presidency of the Associated Engineers at a meeting Tuesday night. Kenyon Richard, E.M., was also named, but declined. Allen and Anderson have worked on A.E. projects, both serving on the Engineers' Day committee, and Allen has been secretary-treasurer of the mechanicals for the past year, while Anderson has served as chairman of the engineers' publicity committee.

Bill Morris, E. E., Melvin Redhead, E.M., for vice president, and Guy Morris, M. E., Clayton Carpenter, E.E., and Frank Sharpe, E.M., for secretary-treasurer were other candidates named. Nominations will be open until next Monday, with elections to be held on April 14 and installation on April 21.

At the business meeting, final plans for the Boulder dam trip were outlined and discussed.

Nine members of Prof. Boardman's senior C. E. class in structural design made a trip to Rye Patch dam, an earthwork dam near Lovelock, on Tuesday, and inspected the diversion tunnels and dam. Those making the trip were Wanke, Rhodes, Mastrolanni, Anker, Franklin, Gundlach, Hunter, Kornmayer, Guisti.

The C. Es. will meet next Tuesday evening in the E. E. building to elect officers for next year and to discuss plans for the annual C. E. banquet, according to an announcement made this week by Irvin Wanke, head of the organization.

It must be spring when Bill Guild comes out of an 11:25 class singing a song all about love 'n' things.

Ten students have signed up for the trip to Mill City, scheduled for April 18, 19. Only juniors, seniors and student members of the A. I. M. E. are eligible to go. The party will leave early Saturday morning and return Sunday afternoon. At Mill City they will be guests of Ott Heiser, general manager of the Nevada Massachusetts company, and will be given an opportunity to observe the mining and milling of the tungsten ore. Transportation will

Sagers to Issue Membership Bids

Filling the vacancies left by members who have been elected into Blue Key, Sagers, men's service organization, will meet on Tuesday, April 14, to issue bids to new members. At this meeting the Sagers will also elect officers for the coming semester, Oliver Aymar, president, has announced.

In concluding their semester's activities, the Sagers are planning their annual banquet to be held in the near future at the Colombo hotel.

be furnished by the Hunt fund.

From small acorns big oaks grow, or something. The question, "Will beer in cans upset the trend toward trade balance in tin?" is seriously proposed in an article dealing with strategic minerals and the deficiency mineral problem faced by the United States in the E. & M. Journal for March, 1936.

Mechanical Engineers will meet next Friday to elect officers for next year, according to a statement made this week by Jack Teiford, chairman of the group.

Notices were posted on the school of mines bulletin board this week concerning graduate work available. Pennsylvania State college offers graduate fellowships and assistantships in the school of mineral industries for a ten months' period at stipends ranging from \$600 to \$800. Research fellowships and graduate assistantships are also offered by the Montana School of Mines for the school year and for intervening summer work.

Easter Pageant Draws Good Crowd

Favorable weather and a record crowd ushered in the tenth annual presentation of the Y. W. C. A. Easter pageant, "The Vision of Sir Galahad," last Sunday afternoon.

Janet Parish, member of Delta Delta Delta sorority, played Galahad. Other members of the cast were Doris Bath, Virginia Posvar, Peggy Gill, Margaret Turano and Thelma Armstrong.

Members of the campus Y. W. C. A. cabinet under President Crissie Finn sponsored this year's performance, with assistance from Mrs. Jean Southward, dramatic director, and Miss Gertrude Geopfarth, secretary of the city Y. W.

C. A. Professor T. H. Post organized all musical arrangements. Miss Ruth Palmer, member of Kappa Alpha Theta sorority, sang the "Ave Maria."
F. J. De Longchamps was the voice in the play. High school and junior high school girls completed the cast.

PLAIN FACTS

Our Advertisers---

Are establishments conducted on the basis of service and dependability. Every advertisement represents an investment on the part of one of these establishments for the purpose of securing campus trade.

The U of N Sagebrush

As custodian of these investments is pledged to see that they are returned and that dividends are paid.

We Then Ask YOU

To patronize our advertisers; we ask you to mention The Sagebrush when you buy, for only in this way can the merchant and the dealer know the benefits accrued from his advertisement.

REMEMBER

It is because of the support which the campus publications receive from their advertisers that they are able to exist.

: Campus Advertisers are Campus Boosters :

Crescent Creamery

USE Crescent
Milk
Butter
Cottage Cheese
and get THE BEST.
