By PAUL LEONARD

Observance of Senior week by the forty-fifth graduating class of the University of Nevada since the school has been in Reno has gone forward with marked success.

The annual week dedicated to the graduating class began on May 1, when the members marched in a body to the auditorium for the last A. S. U. N. meeting of the semester.

Win Game On Monday 21 senior men gathered on Mackay field to do battle against the faculty baseball team. The senior men emerged victorious at the conclusion of the wild melee, by the astounding score of 17 to 1, although faculty players dis

May 2 found some fifty of the prospective graduates journeying to odd points of Lake Tahoe to celebrate their annual picnic. Inclement weather failed to dampen the ardour of the participants and the occasion has been declared distinct success by all who attended.

Yesterday morning over one houndred members of the 1936 class assembled at the Student Union building to begin the yearly pilgrimage over the familiar scenes of the campus. En route class manager Thomas Prunty presented the electric scoreboards in the gymnasium to the university.

Tonight the junior class will fete the outgoing students at the senior ball. Plans for the affair have been going forward for several weeks, and Emery Graunke, chairman of the committee in charge, has announced that the dance will be one of the most unique and entertaining in the history of the school. Tea Planned

Tomorrow Mrs. W. E. Clark, Dean Margaret E. Mack and the Associated Women students will be hostesses to all members of the graduating class, their friends and members of the faculty. The tea will be held at Manzanita hall from

Baccalaureate service will be held in with Dr. Walter E. Clark presiding. Senior week will be concluded with commencement exercises beginning at 10 a. m. Monday in the gymnasium.

Frances Slavin's Cap and Gown 45 Years Old

Slavin it means more than that. It's belonged to your great-great-grand-mother—only more exciting—for a wedlike wearing a lace weding gown that ding gown is worn only by the women in the family, while Frances' cap and gown was worn by her father as well as her brothers.

In the family for 45 years, it was used by her father first when he was graduated fro Old St. Mary's Prep school in Kansas. He wore the same gown when he was graduated from Old St. Mary's university.

Helene Slavin, Frances' aunt, used it when she was graduated from Teacher's college in Pueblo, Colorado, and then it was given to Isabelle Slavin Blacknaw, Frances' oldest sister; thence to her brothers; worn again by Cathrine Slavin just two years ago; and finally it came Frances' turn to graduate in the family cap and gown.

Change in Type Face Enables Professors to Make Changes

The official University of Nevada cataloug for 1936-37 will be issued within a few weeks, Miss Carolyn Beckwith, secetary to President Walter E. Clark, an ounced today

Exact time for the distribution of the book will depend upon the completion of the printing. The catalog is printed by Joseph Farnsworth, Nevada state

The 1936-37 bulletin will have a number of changes. The type for the book has been completely reset because of injuries to the forms since they were irst set up several years ago.

The complete re-composition of the catalog enabled the faculty members of the university to make more than the usual number of changes.

Two outstanding changes will be made in the modern languages and English sections The courses of modern languages, especially the beginning courses the gymnasium 10:30 Sunday morning were revised at a recent faculty-meeting and will be included in the book to be used during the next school year. The changes in requirements for the English department have also been put in the bulletin. A new section of course in journalism will be included in the catalog for the first time because of the recent creation of a division of journalism under the department of English.

Copies of the catalog will be sent to other universities and libraries through-

On Yearbook Pay

Editor Walter Bowrin and Busines Manager Winifred Walsh of the Artemisia will receive their \$300 salaries May 30, provided the final audit of the financial accounts of the publications reveals that suficient bills have been collected to warrant the payment of salares, it was decided by finance control this week.

The committee also set August 1 as the deadline on which all outstanding bills owing to the publications must have been collected.

Robert Creps, graduate manager, who presented the final financial report o the year at the meeting, estimated that approximately \$525 in unexpended student budgets would be returned to the central treasury. Any balance in stu-dent budgets still remaining tomorrow automatically revert to the student treasury, Creps stated.

A proposal to raise the yearly rent of the Sagebrush offices to \$175 and the Artemisia office to \$125 was passed by the members of the committee. The new rates, according to Creps, are not considered excessive since the offices of the publications occupy a large part of the space in the student union build-

Creps also reported to the committee that the yearly cost of maintenance of the student union building, including heat, light, water, janitor and garbage service, is approximately \$600.

DORMS TO CLOSE

Women's dormitories at the university will close at midnight, Tuesday, May 12, for the summer, according to Dean Margaret E. Mack. The university Wise, Mrs. Ed Vacchina, Mrs. C. C. after the Monday night dinner, she said.

Sorority Rushing Dates Announced; Start August 29

Dates for sorority rushing parties vere drawn Wednesday at the final neeting of the Panhellenic council Rushing parties will begin on August 29, the Saturday after the new semiester opens, and end September 9. With a man on first and a man on third, two outs and two strikes on the batter, Tregellas tightened up, and the game ended when Summerbell grounded

In the preceding game of the series, the Sig Alphs took an early lead and held it, with Tregellas pitching steady ball and receiving plenty of support from Ted Barnes in center field. Barnes played one of the outstanding games of the tournament, raising his batting average and snagging balls from all parts of the field.

Big Sister Committee Plans Aids for Next Semester Freshmen

Freshman women next year will be greatly aided in registration and in becoming acquainted with the university through the Big Sister committee, Betty McCuistion, new president of A. W. S., said this week.

This decision that the committee should be more active in its assistance o freshman women is a result of suggestions made at the convention of A. W. S. presidents at Boulder City, Colo.,

The problem of freshman orientation at the universities and suggestions as to ways of aiding new students in regstering and in becoming familiar with the university life, were the main top-ics of discussion at the convention. Miss McCuistion hopes to incorporate many of the suggestions made at the meeting in her plans for the coming

Campus Sing Is **Declared Success** By Large Crowd at 7 o'clock last Friday evening. Lois Brooks, accompanied by

First Revival of Colorful Old Fete Led by Band; College Songs Sung

Declared a success by the several hundred students and townspeople who attended, the first campus sing in several years was held on the banks of Manzanita lake last night.

Led by the band, the singers specialized in traditional college songs. A majority of the numbers printed in the A. S. U. N. song book were played and sung during the evening. Directed by Prof. T. H. Post, the singing probably will be continued again next year because of the success of the revival.

The campus sing was an officia part of the senior week program Sponsors included the Campus Mu sicians asociation and Delta Delta Epsilon, honorary band fraternity. As sisting in handling the crowd were members of the Sagers, underclass pep society.

Campus sings had long been a tra ditional part of student life on the University of Nevada campus until abandoned several years ago.

Started by the late Prof. Charles Haseman, the sings have always been held on Manzanita lake. The occasio in other years was one of the mos festive parts of the school year.

For the other sings the lake was decorated with Japanese lanterns hung around the shores. The band and glee clubs, as this year, led the singing but they played and sang from a raft in the middle of the lake.

As shown by pictures in old Sage brushes and Artemisias, the campus sings have always been largely at tended. The programes for the singing bees were much the same as last night's affair, with the rendition of college tunes and hymns favored. With the death of Dean Haseman the idea fell into disregard.

This spring, in keeping with the general revival of interest in music on the campus, the sponsors of the sing decided to see if interest would warrant a revival.

The various campus groups wer contacted and all were in favor of the iead. A program was worked out, the plan spread, climaxed by the successful sing last night.

The equipment house near the women's hockey field was thoroughly cleaned by the 9:35 gym class under the direction of Mae Simas and Katie Dondero. An inventory of the equipment was taken.

Betty Bowman, Pat Tarner and Lois Miller successfully passed the swimming tests last Wednesday, Lila Stoddard acted as the subject during the tests.

The audience at the recent Pataky recital was afforded a rare treat by being able to see Miss Pataky dance two solo numbers and then again with her class. She usually does not dance with the group and did it as a special favor.

Miss Elsa Sameth and Mrs. Mae Simas are on a two-day trip to Stock ton. They plan to attend the Dance Drama there.

"Durange's Ballroom Guide" issued in 1848 is being copied by the P. E. department. A copy will be placed in the library for the use of the students This is a very rare book and has proven very interesting.

Managers of the various sports were named at a W. A. A. meeting held yesterday in the gym. The new managers as announced by Emily Tholl president, are:

Hockey, Frances Smith; basketball Ruthe Goldsworthy; volleyball, Janet Parish; archery, Beatrice Lansdon; ten nis, Betty Kornmayer; badminton, Kennedy Walker; dancing, Elizabeth Best

The rifle and riding managers will b appointed next semester. Francis Smith was named chairman of the freshman W. A. A. party to be held on the first Friday of school. Emily then reported on the convention that was held in Minnesota.

Amateur Hour Is Said Success

With "U. of N. So Gay" as the theme ong, the amateur hour sponsored by the Campus Musicians came on the air

Lois Brooks, accompanied by Margaret Piercy, then played "Serenade" as a flute solo. Merle Snyder then played "It Must Have Been a Dream" and "Lights Out" on the piano. Charles Doherty, accompanied by Merle Snyder, than sang a number entitled "Mana-lay." A cornet solo, "Tulip Polka," was also rendered by Margaret Kline, ac companied by John Brackman. "Hail to Our Sturdy Men" completed the 15 minute program with Charles Doherty

"It is hoped that future programs of this nature will be held from the very first of next semester," according Margaret Piercy, president of the Campus Musicians' organization.

The Pedagogue

The death of Colonel J. P. Ryan, who was one of the founders of the R. O. T. C. at Nevada, as well as having been instrumental in establishing the local last year. company of Scabbard and Blade, cast a pall over campus military circles this week. Colonel Ryan has been one of the staunchest supporters the local unit has ever had, and he has been the friend of every individual cadet. Those who knew him say that Colonel Ryan had kept in close touch with campus military affairs even after his retirement, and his friendly advice to officers and men will be missed.

What a bang-up blow out the Publications Board banquet must have been-especially at the rate of \$7.50 per head tax on the incoming members. Can you imagine a pile of cash that size disappearing from your pocket along about this time of the year? However, the boys and girls who paid it were around the campus Thursday morning with tired, though bright and happy faces. Maybe they're glad it's over.

The general student body is to be ongratulated. There were all of 25 students out to watch the R. O. T. C. review Wednesday. Of course, that in itself is not so bad—but the colors were awarded to a new company, and stu dents should be interested in that.

A bell sounded. The campus became quiet. The senior pilgrimage moved down the quad. The graduating class was taking its farewell look at the home it had known for four years-but through it all classes continued for the underclass men. Professors droned on in finish-up lectures. It is a pity that the under classes could not be dismissed-at least during the 10:30 class to view this procession. Another pity that the administration fails to see the significance of this annual procession, and use it as an object lesson showing them the goal toward which they are working.

When the senior class graduates, year in the history of the university ends, and still another begins. But from all indications, next year should see Nevada reaching entirely new heights in every direction. But cooperation between students and their leaders and understanding between leaders and the students will be necessary.

Students must realize the problems confronting their leaders, and these leaders must be able to forget one or two of the activities in which they were interested chiefly, and think of the campus not as one group, but as a collection of groups bound together under one common head-the A. S. U. N.

As this is in the nature of a swan song for the Pedagogue, there is a hope that it will be continued and its purpose reached more completely next year. The Pedagogue is an adjunct to the editorial column, yet it is not the editorial column. Its purpose is to act as a forum for general discussion of problems on the campus, and to bring matters to student attention that other wise might be forgotten.

As a finale, the editorial board of this year's 'Brush wishes its successors all good luck, and may they have clean copy throughout the year. It also wishes to thank students who have aidedthe 'Brush in bringing news to the campus, and a final bouquet goes to members of the administration and faculty who have realized the terrific competition facing the Sagebrush, and have helped it to 'scoop' other papers. This is vital to any weekly paper, and it is too bad that it has not been fully realized by everyone, students and faculty, on the

Though taking most of his time durng his senior year, editing the yearbook is not all Walter Bowrin did while Is Well Attended in the University of Nevada.

Chairman of the senior week commit ee this year was no small task, either, but he handled it very efficiently and arranged a program meeting with the approval of the graduates and under-

Scholarship is another of the busy Sparks high school graduate's attainments. Climaxing placement on the honor roll for most of the semesters while in school, Bowrin this semester was elected to Phi Kappa Phi.

Next year he will go to law school A dinner honoring the junior members of the house was held on Tuesday, A major in economics, Bowrin will be were honored at dinner on Thursday, qualified to teach through a teaching May 7. certificate he will receive at Monday's ommencement.

Walter is an active member of Lamb- Picnic, Breakfast la Chi Alpha fraternity. Campus accivities have included membership in Blue Key, Scabbard and Blade, publica-tions board, Press club, Sagers and ophomore vigilance committee.

While in school he earned two N awards. The first was in varsity tennis last year and the second for holding down a berth on the '36 rifle team Other athletic endeavors included bas ketball and football.

He was also the recipient of the General O. M. Mitchell military scholarship

Walter Bowrin will be missed on the ampus next year. His cheery voice will no longer be heard on the tele phone arguing with some member of the Sagebrush staff for temporary possession of their mutual line.

But his activities will long be remem bered, especially in the 1936 Artemisia which is a splendid reflection of the industry and ambition of its editor

Informal Snapshots Give Life To Book; Student Art Shown

Students flocked to the Education when the 1936 Artemisia was distributed on Wednesday morning to the campus Dedicated to the mothers of Nevada

"whose devotion is inspiring yet human exacting yet sympathetic," the year book carries throughout the progres and inspiration which the student strive for and accomplish.

Edited by Walter Bowrin and under the financial direction of Winifred Walsh the annual introduced man novel additions which will probably b continued in future years. Features Seniors

Featuring the eight most prominen seniors, Carl Dodge, Kathrine Dondero Robert Stoker, Alice Lundberg, Mary Corecco, Robert Butler Inez MacGilli vray and Frank Sullivan, the annual was well received by the students.

One of the outstanding attractions o the yearbook was the section devoted to informal snaps of familiar spots or the campus. Seniors chose the Haseman-Jones Memorial bench as being th most characteristic of college life.

The art work and photography is elab orately done, and the book is consid erably enlivened by the use of smal snapshots showing collegians engaged in their various activities Is Enlarged

For the first time this year the senior were portrayed in their caps and gowns and entire pages were devoted to the heads of the four classes. The majority of the students approve of this innova tion and hope that it will be continue in future years since it gives due prominence to campus leaders.

Enlarged by the addition of two more book divisions, the 1936 annual devoted more space to intramural and intercol legiate activities, including a colorful group of action pictures.

The advertisements were tied in with the student life by the snapshots of half the income from a trust fund to a campus scenes and prominent students, making the section more readable than

All-Star Players Challenge S. A. E.

A potential team of all-star player has been established by various mem bers of the defeated inter-fraternity baseball clubs on the campus, in a one last attempt to down the champion ship Sigma Alpha Epsilon ball twirlers An official challenge by Johnny Ohr and his pack of All-Star backers has

been accepted by Captain Orv. Tregellas of the Sig Alph nine. The line-up for the All-Stars is under termined as yet, but it is expected that

Sam Basta, the "Iron Man" from the Tau house, will be on the mound and will be ably aided by such twirlers as McCrae or Rougin. Ohrt will probably fill the catcher's position, and other outstanding players such as Cleary Powell, Grubbs, Landson and Aznarez will form the nucleus for the remainder of the nine

The S. A. E. outfit will be consider ably weakened by the absence of 'Trick'' Tregellas, but the ability of Charles Barnes to "bat and run" may nake up for the loss of the pitcher.

The game is scheduled to take place on the university field at four o'clock today.

The only machine of its kind

500 camshafts can be inspected every hour by an automatic machine which has been designed and built by the Ford Motor Company. It is the only one of its kind. It has a gaging accuracy of one ten-thousandth of an inch.

It gages Ford camshafts at 25 points. Any dimension not within the specified limits causes electrical and mechanical devices to reject the camshaft as it leaves the machine.

There are ten inspection stations. The camshafts are placed in registered position in carriers mounted on an endless linked conveyor and carried into the machine, At each station the conveyor stops momentarily. Automatic centers engage the ends of the camshafts and hold them rigidly. Then 25 floating gage heads lower automatically, measure the shafts, then rise. As the conveyor moves the shafts to the next station, other mechanism rotates and indexes them for the next set of gage heads.

The gage heads contain hardalloy-tipped measuring plungers which are linked to amplifying levers. Variations in shaft sizes, beyond set limits, close a set of contact points which operate two solenoids. One sets the rejection mechanism; the other raises a marking plunger which puts a daub of copper sulphate solution on the shaft where the dimension is over or under size.

When shafts come out of machine they are automatically passed or rejected. All told, there are 54 inspections on every Ford V-8 camshaft.

13 Prep Schools To Enter Meet At U. N. Saturday

Block N Society to Sponsor Annual State Title Tourney

Approximately 123 Track Men Compete on Mackay Field

By DON KINKEL

High school track athletes from thirteen Nevada high schools will meet for the last time this year for the annual state track meet tomorrow on Mackay

According to Block N authorities under whose auspices the meet is being held, approximately 123 track men have signified their intention of participating in the meet. Preliminaries will be held at 10 o'clock and will be preceded by a coaches' meeting at 9 o'clock. The final events will be held at 2 o'clock.

The contests predicted to be the "hot test" staged within recent years with no one school holding the advantage "Dark horses" will be the order of the day and although Ely seems to be favored to win the meet some of the smaller schools entered may cut into the point column enough to submerge Ely's chances for their second state title this year.

The darkest clouds on Ely's horizon seem to be Willard of Fallon in the 880 and Riley of Las Vegas in the mile run. Callahan of the Bobcats has been picked by pre-season dope to win both runs. However, Willard upset and ran away from the entire field in the 880 last Saturday, and if pressed will probably lower his time several seconds. Riley And it shouldn't have. The Wolves ran the mile within one second of the to win. Others who may take points in the mile are Mastronni of Dayton at Chico had Nevada doped for a close and Ochiho of Stewart.

hotly contested during the day. Cameron is slightly favored to win the high out. sticks but will have a hard time getting away from Sorenson of Sparks, De Arrieta of Winnemucca, Carpenter and Turner of Ely, all of whom have run the race as fast as the Reno boy.

The low barriers will be just as hotly disputed as the highs. Sorenson of Sparks, Turner and Adams of Ely and De Arrieta of Winnemucca have all turned in fast wins at meets in different zones. Kinnell of Sparks, how ever, may upset the favorites. The Sparksite was leading the race at the far western meet until he stumbled over a hurdle. He got up and finished in time to beat out several, but wasn't quite fast enough to take the leaders. If he hits his stride during the race he may take the contest.

Yerington's Polish will have a hard time taking his allotted 20 points tomorrow. Polish will be restricted to four events in the meet and will probably concentrate on the javelin, discus, broad jump, high jump. He was nosed out by Shaw of Stewart in the javelin last week and will probably be pressed to take the discus throw from Sala of

De Arrieta of Winnemucca may take away the high jumping crown from Polish but will also have to fight it out with Biale and Turner of Ely, Wald-man of Las Vegas and Cameron of Reno. Beloso of Reno, Wells of Las Vegas and Turner of Ely have a chance holders. However, such records are of outjumping the Yerington man in questionable. Not that we are always

mucea will fight it out in the shot put. Giometti of Dayton has put the iron inactivity in this column this year. No ball out 47 feet, but has failed to show crusades simply because of a slight his wares in previous meets held at the university. If right he may break the record and take the event.

Winnemucca won the relay last year but Sparks, Ely and Las Vegas have been hanging up fast times, and in such fast company either one may hang up a new state record.

Ski Team Makes Creditable Showings During First Snow Season

By MAX JENSEN

The past two semesters from the sports fans' viewpoint, considering victories and defeates, comparative show ings and the rest of the statistical and speculative data that molds the opinions of the "dopesters," was mildly disas trous for Nevada's athletes.

The end of the football season with the 14-6 win over Chico, left the Wolves tied with California Aggies, just one step from the cellar floor.

The Pack suffered predicted beatings from the Moragans of St. Mary's, from the U. S. F. Dons and from the University of Idaho outside the Far West ern conference.

In conference play, San Jose, Fresno and College of Pacific beat the Wolves. Cal Aggies and Chico were defeated by flashes of power the Pack seemed to promise all season. The Cal Aggies win marked the first home victory for the Nevada team since the 1933 season

An impressive spring practice of one month ending with a practice game be tween two Wolf elevens on Mackay Day, under the direction of Doug Ba shiell, new coach, revived interest and backing for the football men.

Next fall when Dashiell takes over the stadium show, James W. Coleman, who left his post at Minot, N. D., Teachers' college for the position as track and assistant football coach at Nevada, will be directing the Wolf gridiron ma-

While the new administration in the mens' athletic and physical education department was being arranged, Nevada's hoop squad, under the direction of the veteran coach, J. E. "Doc" Martie, opened the season which in cluded the 1935 national A. A. U. cham-

pions, the Kansas City Stage Line five. Utah State, a team which this season went very near the top in the Olympic playoffs, was another of the country's best squads which the Nevada men played.

Several of Nevada's games in conference play were lost by only one point. With victories in these games instead of the narrow defeats that they were, the Wolves would have been in or near the top instead of the lower rung on which the end of the season

With the opening of the track competition, prospects were a bit brighter But as the date for the first meet rolled around, Emory Graunke, point hope in the 440, was unable to compet on account of illness. Nevada lost to Cal Aggies in the first titl by a lop sided score. Chico downed them jus as decisively as had the Davis men when the Wolves trekked west for their second meet. In the second meet Kenyon Richard, practically certain to gar ner at least five points for the Wolves was unable to compete because of an injured leg.

Last Saturday Nevada placed second in the tri-cornered meet with Cal Aggies and San Francisco State. Runar Stone, State's excellent athlete, with his teammates, walked away with the day's honors, but the Wolves upset dope by nosing out the Aggies. In the minor sports, Nevada has

fared somewhat better.

In two tennis matches so far this season the Wolf net men have won one and lost one, being beaten by S. F. U and winning from Cal Aggies.

Agitation for competition by Nevada in intercollegiate ski events, led to the formation of the Nevada snow squad. Captained by Wayne Poulsen, Califor fornia class B ski jump champion, un der the Auburn Ski club colors, Wolf skiers annexed third place in the Yo semite meet, University of Washington taking first and University of Califor nia second with six points more than Nevada.

Nevada is now a member of the Pacific Coast Intercollegiate Ski union formed after the Yosemite meet. sport was easily adapted to the Nevada campus because of the prominence of several Nevada men who had performed under the colors of the various Sierra ski clubs.

Competing against four schools, th Wolf Pack skiers annexed second place in the first intercollegiate meet in which a Nevada team had ever been

This first meet was held on the Cisco grounds early in January. Sacramento Junior college took first and the Nevada men beat the University of California for second place. U. C. L. A. and Whittier placed fourth and fifth.

SAGEBRUSH ALL-STAR TEAM PICKED BY FRATERNITY MEN

This all-star team has been selected, offensive side of the decision not from the opinions of the men on the Sagebrush sport staff but from a popular ballot taken from each house of great importance in the selection of a on the campus. These ballots were man for an all-star berth, is just what tabulated and then the names of the men listed through popular acclaim of boosting element of his particular ball men playing on the respective house club.

This tough assignment of picking a mythical team has been unusually difficult this season because of the fact judged along with that intangible thing that the caliber of men playing in some known as sportsmanship. In a brief of the positions was all but equal. The summation of the respective qualities of all around ability of the men selected the "topnotchers" in the league, these has been carefully judged, both from men have been given the jobs because the defensive side as well as from the of the items listed in the following:

What's going on here

...what's happening in these 40 houses

-the curing and ageing of leaf tobacco, that's what's going on.

Thousands of hogsheads of mild ripe tobacco are under these roofs...just lying here ageing and sweetening and mellowing for Chesterfield cigarettes.

Like Rip Van Winkle, they sleep—the tobaccos getting mellower and milder for the cigarette that Satisfies.
