Scrimmage Begins New Brand of Ball For Nevada Pack

Loss of Lettermen Weakens Right Backfield Sports for the First Game

Constant Practice for Team Is Assured to Continue by Coach Dashiell

By CHARLES DOHERTY

Promising a wide open brand of football, Coach Doug Dashiell put his charges through a week of dummy scrimmage, practicing the timing of plays.

Relying on a dazzling array of laterals, spinners and delayed bucks Dashiell plans to open the game to its fullest as soon as the team shows promise of developing a strong ground game.

Following the scrimmage against the freshmen Tuesday, Dashiell found that he had no right halfbacks, Caldwell, letterman and veteran back, is on the sidelines with a bad shoulder. Gordon Miles, candidate for the position, is on the sidelines with an injured knee, while Pat Eaton, scheduled to get first call on the right half spot, is out for the time being with flu.

Declaring the scrimmage Tuesday night to be very satisfactory, Dashiell and Coleman will keep their men under wraps until the Southern Branch game Friday afternoon.

The timing, he said, is very satisfactory, although the blocking is not yet up to par but should develop in the next week.

Although the positions for the starting team are about settled, all spots will remain open until the days before the game, when the starters will be announced.

'Brains, Brawn' Ready for Brawl

Bright revolving lights and a kaleidoscopic array of brilliant colors, to an accompaniment of sweet music, will be seen at the first campus dance of the year—the Engineers' Brawl—which will be offered for campus entertainment tomorrow night in the university gymnasium.

Unusual and interesting exhibits of engineering subjects and accomplishments that can be seen, heard, understood and enjoyed are promised by Charles Allen, president of the Associated Engineers.

Slide rules, logarithmic tables, transits, microscopes and transformers will be thrown into discard Saturday by the hardy engineers when they set out to entertain the western side of the quad in the traditional manner of the "brain and brawners." Cords and gingham dresses are the only acceptable garb, according to edict of the engineers.

Exhibits from the various departments are under the direction of Frank Sharpe, Frank Kormmayer, Robert Davey and Guy Morris. General committees in charge of the dance are headed by Claude Hunter and Ben Morehouse. Chaperones are Dr. and Mrs. Walter E. Clark, Dean and Mrs. Frederick Sibley, Dean and Mrs. R. C. Thompson, Dean Margaret E. Mack, Prof. and Mrs. Jay A. Carpenter and Miss Louise M. Sissa.

Committees in charge of the dance are headed by Claude Hunter and Ben Morehouse. Other committee members are Eugene Rollins, Gene Wines, Chas. Keeler, Wayne Kennedy, Mark Nesbitt, James Atkinson, Jack Good, Marvin Moler, Betty Bowman, Robert Davey, Lowell Young and John Burgess.

Math Club Plans Made for Term

Plans for the semester's work of the Math club were made on Thursday afternoon when the officers of the group met in executive session with the faculty members of the mathematics department.

The first regular business meeting of group will be held on October 8 when two students will talk to the group. James Galvin, vice president of the club, will choose his own subject for his talk. Helen Crabtree, a senior majoring in mathematics, will also present a short paper to the organization.

Dr. Merle Deming of the chemistry department will be the guest speaker of the first semester when he addresses the group in November. His topic will deal with applied mathematics in chemistry.

Closing the first semester's activities will be a social meeting at the home of Dr. Frederick Wood, head of the department. Assisting Dr. Wood will be officers of the club.

Record Figures Released at End Of Registration

Final and complete registration figures totaling 1016 for the fall semester were released last night by President Walter E. Clark, who felt enthusiastic about the record-breaking number of students who are attending the university this semester, as his is the first time enrollment has passed the thousand mark.

An analysis of the enrollment figures shows that the comparative number of men and women students followed the trend of previous years, with 595 men and 421 co-eds enrolled for semester classes.

Several registration increases in the various colleges were accomplished this fall. The College of Arts and Science, with 669 students, shows an increase of 20 over last year; College of Engineering a similar increase, and the College of Agriculture 17 more than the previous year.

Divided as to geographical distribution, the total includes 935 from Nevada, 61 from California and 20 from other states and Canada. Among the 935 attending the university from this state, each county is well represented, with Washoe county, as previously, sending the largest representation, totaling 594. Clark county is second with 53 and Churchill third with 42.

Ohrt, Showalter Are Co-Captains Of U. N. Gridders

System of Leaders Is Used by Doug Dashiell After Several Years

Appointing John Ohrt and Frank "Bud" Showalter to serve as cocaptains of the Wolf Pack for the 1936 season, Coach Doug Dashiell last night reinstated regular captaincy of athletic teams after being absent from the campus for several years.

Commenting on appointments Dashiell said, "I feel the need of a captain for leadership of the squad and particularly to serve as contact between the team and the student body."

Ohrt, a veteran backfield man, was one of the mainstays of the Nevada backfield last year, and is expected to be the backfield threat this year.

A veteran linesman, Showalter has been selected as one of the possible candidates for the mythical all-American honors. He is playing his last year for Silver and Blue and is going for his best year.

"I feel sure this will meet with an enthusiastic reception from both the squad and the students," Dashiell said.

Barbs May Have Seat in Council

Seating of an Independent in the Interfraternity council was the main issue discussed at the first meeting of the Barbs held in the Education building auditorium Thursday afternoon. If this issue is accepted the organization will have to consider some manner of assessing dues. Voting on this question will be held over till the next meeting.

Sherwin Garside, president, introduced Marguerite Feutsch, who spoke to the group on women's athletics. Garside appealed to the members to get behind intramural sports. Sam Zackheim was made manager of the volleyball team, and Sam Stark was put in charge of basketball.

Possibility of revisions to the constitution were considered and Garside appointed Marguerite Feutsch, Revaun Hansen and Max Johnson to investigate and draw up a new constitution to be presented at the next meeting Thursday.

The Rocks and Minerals club, of which Professor Walter S. Palmer is president, is planning a field trip Sunday to collect specimens of thulite in the Pinenut range southeast of Gardnerville.

Thulite is a rose-red mineral, comparatively rare, but found in a few places in Nevada. The Rocks and Minerals club is part of the adult education program sponsored by the university. Its activities consist of lectures pertaining to mineral industries, laboratory work in the determination and identification of minerals, and field trips to visit mineral deposits of interest.

NOTICE

There will be a meeting of the **Brush sports staff Monday afternoon at 3:30.** It is imperative that all men who wish to remain on this staff report for the meeting.

Fireworks Show To Be Highlight Of Bonfire Rally

Former A. S. U. N. Presidents To Be Honored Guests in Home- coming Parade

Formal Alum Banquet Invites To Be Mailed to Grads During Next Week

The fireworks display will be a highlight of the Homecoming Day rally again this year. Emile Gezelin, chairman of the committee in charge of the celebration, announced last night.

At a committee meeting this week, plans were made for former student body presidents to ride as honored guests in the parade and for the distribution of free passes to the members of the University of Idaho football team for the Homecoming dance which will be held Saturday, October 24.

Formal invitations to University of Nevada alumni will be in the mails next week, Gezelin said. He also said that an invitation to Clarence Mackay, university benefactor, will be forwarded to him the latter part of this week.

Serving on the committee besides Chairman Gezelin are Cletus Libby, Walter States, Charles Allen, Mark Yori, Ross Morris, Maurice Sheppard, George Warren, Kathryn Luke and Jane Bell.

"The public address system, furnished by the Standard Oil Company, will also be used again this year," Gezelin said. "The Shell Oil Company is supplying the fireworks display."

Hunt to Donate Truck to Miners

A new truck will be added to the list of equipment of the S. Frank Hunt Geological Foundation of the Mackay School of Mines in the near future, it was announced Thursday by Director John A. Fulton of the School of Mines.

S. F. Hunt, president and general manager of the Mountain City Copper Co. and donor of the foundation, was a visitor at the Mackay School of Mines this week and announced that the truck, either of one ton or one and a half ton capacity, would be purchased and added to the foundation in time for the use of the students' summer field work next year.

He expressed himself as pleased with the progress made this summer but said that the students were too crowded when traveling with the present equipment and that a truck which could carry all the necessary camping and prospecting equipment would be very beneficial.

According to Director Fulton, the Hunt Geological Foundation presents an opportunity for field work that is unique and peculiar to the University of Nevada.

"It is true," he said, "that other institutions send out groups of students during the summer to inspect mines. The Hunt Foundation, however, gives special emphasis to prospecting and the development of new properties. Any new discoveries made by the group, should they prove profitable, are shared in by the students making them. It presents practical, experience and a possible chance for financial gain."

Artemisia Sittings Begin This Week

Fraternity and sorority sittings for Artemisia pictures will begin this week, Genevieve Hansen, Artemisia editor, announced this week.

Hours for sittings will be from 10 to 11:30 a. m. from 1 to 4 p. m., while proofs may be obtained from 2 to 5 p. m.

An extra charge will be levied on all late pictures, Miss Hansen announced. Regular charge for a sitting is 50 cents.

Following is a complete schedule for fraternity and sorority sittings:

- Fraternities**
- September 21, 22, 23—Alpha Tau Omega.
 - September 24, 25, 26—Beta Kappa.
 - September 28, 29, 30—Lambda Chi Alpha.
 - October 1, 2, 3—Lincoln Hall.
 - October 3, 4, 5—Phi Sigma Kappa.
 - October 6, 7, 8—Sigma Alpha Epsilon.
 - October 12, 13, 14—Sigma Nu.
 - October 15, 16, 17—Sigma Phi Sigma.
- Sonorities**
- October 21, 22—Alpha Delta Theta.
 - October 23, 24—Beta Sigma Omicron.
 - October 26, 27, 28—Gamma Phi Beta.
 - October 29, 30, 31—Kappa Alpha Theta.
 - November 2, 3, 4—Manzanita association.
 - November 5, 6, 7—Pi Beta Phi.
 - November 9, 10, 12—Delta Delta Delta.

DASHIELL FEATHER

Brilliant blue feathers, with "Dashiell Day" printed upon them in silver, will be furnished by local merchants for the Dashiell Day celebration which marks the opening of the Nevada football season.

Students will be presented with these feathers at the rally Thursday night, and may also obtain them at the football game.

Various service clubs of Reno will distribute feathers at their meetings, and be asked to wear them until after the game in an attempt to arouse spirit among the townspeople.

This "sport a feather" movement has proved to be popular in other colleges, and are used primarily to arouse interest in the football contests.

Chemist Society Meets Tomorrow

R. C. Shuey, Bakelite Company To Discuss Plastic Uses in Modern Industry

R. C. Shuey of the Bakelite Corporation will speak at a meeting of the Sacramento section of the American Chemical Society to be held tomorrow night at eight o'clock in the Mackay Science Hall. His subject will be "Depressions Colloidally Dispersed."

In his discussion he will explain the use of plastics in industry. Shuey will have with him a display of articles composed of phenolic materials and products. Bakelite is one of a system of plastics from a substance called phenol and is a condensation product.

The University of Nevada is in the section of the American Chemical Society which also includes Sacramento Junior College, Davis Agricultural College and the College of the Pacific. The October meeting will be held at the Sacramento Junior College.

Soph Men Paddled By Upperclass Men

Three underclass men were victims of "black maria," the huge leather paddle, wielded by members of the men's upperclass committee. The paddling took place Wednesday morning and was the outgrowth of a decision made by the committee to rigidly enforce all traditions.

At the meeting Tuesday night the first list of offenders was presented and condemned for infringing on the tradition giving upperclass men the sole right to wear cords.

Kenneth Day, Frank Inman and Chet Evans were the three men punished.

"Of course the sophos were very much against the punishment, but I think they will make it a point to keep all other traditions unbroken from now on. If these underclass men and all others are against such action they should do their part to keep it from becoming necessary," Chairman Bill Guild said.

Moore Is Awarded G. A. R. Scholarship

Craig Moore, a Reno youth and a senior engineering student at the university, was awarded the Grand Army of the Republic scholarship of \$50. This award is given to the student who is outstanding in scholarship and activities and who is a descendant of a Civil war veteran.

It is given by the Woman's Relief Corps of department of Nevada and California. Last year it was awarded to Walter Bowrin of Sparks.

Moore is a member of the Sigma Phi Sigma fraternity.

Edith Mortensen To Direct Dances For 1936 Frolic

Miss Edith Mortensen, 1932 graduate, agreed last week to direct the dancing chorus of the Wolves' Frolic, which is expected to be staged as a part of the Homecoming celebration in October, William C. Miller, dramatics coach, who is directing the 1936 Frolic, has announced.

She was chosen last Wednesday evening after Ruth Ryan, local teacher of dancing, who has directed the dancing numbers in the annual production for several years, declined to accept the position again this fall.

Chi Delta Phi Bids 7 Women To Membership

In recognition of their outstanding work in English, seven women were bid to Chi Delta Phi, national honorary, at a meeting last night.

Miriam Clark, Beth Frederickson, Jeanette Green, Jessie McClure, Betty McCuiston, Elona Van Sickle and Mrs. Lucia Devore will be pledged to the group at formal ceremonies next Thursday at 4:30.

The Pentacle, magazine sponsored by the group, will be published for the second time early next semester, according to Eleanor Barry, editor of the publication. Deadline for contributions to the magazine was set for December 1, with the staff to be selected soon.

The meeting followed a dinner at which members were entertained by Professor and Mrs. A. E. Hill. Eva Adams, member of Delta Alpha Epsilon, local group from which Chi Delta Phi was organized, was a guest at the meeting.

Morris to Teach R. O. T. C. Students

Tom Morris, senior student and member of Scabbard and Blade, national honorary military fraternity, was added to the staff of instructors of the military science and tactics department at the University of Nevada this week, according to an announcement made by Captain H. W. Isbell, cadet commandant, Tuesday.

Morris, who completed his advanced military course last semester and received his commission as a second lieutenant in the reserve corps, will do classroom work one day a week and will be given credits which can be applied on advanced work.

"The greatly increased enrollment in the R. O. T. C. this semester made necessary the employing of another instructor," Isbell said, "and if six more students sign up we will have 250 men in the corps or an increase of 25 per cent over last year."

"I am very anxious that we hit the 250 mark and I believe that the students should be, too. It means that we will fulfill the army requirements for band instruments and will receive 28 instruments from the government, which would greatly strengthen the University of Nevada band."

Changes Planned For U. N. Songs

New arrangements of several of the college songs and yells are being made by Reuben C. Tuttle, Nevada song leader, with the cooperation of Louis Weiner and Sam Zackheim, in order to liven the cheering sections and rallies and to keep the new Nevada spirit alive.

"We aren't trying to defy any traditions by making this move," Tuttle said, "we are just trying to do what we can to keep the ball rolling and in the right direction."

The first song to be revised will be the peppy favorite, "Hail to Our Sturdy Men." Instead of using the present off key choruses of "Hurray, Hooray," a good snappy yell will be sandwiched in between the verses. This combination song and yell has not been tried on this campus before, but it is one of the main features of many eastern college rooting sections.

Tuttle and Weiner plan on making mimeographed copies of the revised songs and yells and distributing them among all students.

"There will be no excuse for anyone not singing and cooperating with the yell leaders at rallies and games," Tuttle said.

Large Audience Hears McCarran Address Today

Controversy on Constitution Is Analyzed by Nevada Senator In Observance Talk

Declaring that the controversy centering around the Constitution is the "uppermost thought in the country today," Senator P. A. McCarran addressed a crowded Education building auditorium audience this morning at 9:30, commemorating Constitution Day.

He analyzed the progressive growth of the practice of national executives delegating, by direct and indirect means, more power to themselves in emergencies than is stipulated in the constitution of the United States.

The Nevada orator began his speech with a philosophic discussion of the duties of lawmakers and the purposes of laws, saying, "the lawmaker synchronized and codified life's activities" and "civilization itself is imbedded in the law; hope is germinated and fear is destroyed in the law."

U. N. Coach Lauds Student Spirit in Radio Interview

Expresses Confidence of Wolf Pack Victory in First Home Encounter

Lauding the spirit of the University of Nevada football team and student body, Coach Doug Dashiell spoke over radio station KOH last night in the first of a series of programs known as the Sportsage of the Air, to be broadcast this fall.

In an interview with Announcer George Ross, Dashiell stated: "As far as the student body is concerned, I found on the campus a spirit potentially powerful, a spirit which, once directed along certain channels, will be something of which all Nevada can be proud. A fighting football team will furnish that leadership."

The Idaho Southern branch game will be closely contested, but if the Nevada team keeps up the hustle they are now displaying, the Wolf Pack play on October 2 will not be a disappointment, Dashiell stated.

Asked by Ross how he felt about Coach Amos Stagg's statement that "Nevada will be our first victory of the season," the Nevada coach replied, "If Mr. Stagg said that, it appears to me that his statement is based on a rather sound factual basis, inasmuch as his team has defeated Nevada each of the last two years."

Dashiell also brought out that the 1936 Wolf Pack has no intention of making Mr. Stagg "look good" in his assumption.

There will be no first team picked until the day of the opening game, and then it will vary from week to week, it was said. "The biggest problem now facing the squad is finding eleven players who are burning with the desire to win, Dashiell announced.

When asked for his opinion of the schedule for this season, the Wolf Pack mentor said, "Judging a schedule is not a matter of personal opinion. It's a matter of record. May I suggest that those interested refer to the 1935 records of the teams we play this season."

Campus Couples Bring 'Em Back With Bristles

A lone porcupine, wandering unescorted through the streets of Reno, provided a novel after-dance diversion for Betty Naismith, Eunice Berkley, Mary Handley, "Ham" Robb, John Sala and Harold Foremaster, last Friday night.

They were traveling along in a well known vehicle of ancient vintage when a small, bristly animal appeared crossing the street. The car was brought to a sudden stop and the diminutive animal scurried to the curbing. The six puzzled students chased after it, and discovered that it was a porcupine. The students didn't have anything to trap it in but one of them dashed into a nearby fraternity house and returned with boxes and flashlights.

After a short struggle "porky" was captured without mishap. He was taken to the fraternity house and put to bed with a diet of lettuce.

It seems that the cook turned him loose the next morning, but anyway it was quite a novel after-dance experience.

Spinal Incision Is Reported Successful

Earl Brooks was released from a downtown hospital Monday to the university infirmary. He underwent a spinal operation Friday. His condition is said to be much improved.

He is a sophomore student here and is a member of the S. A. E. fraternity. Dr. Vernon Cantlon was the attending physician.

Student Budgets Okehed at Finance Control Meeting

Allotment of \$2590.50 Appropriated at Board Meeting Last Night

W. A. A. and Play Productions Budgets Reduced, Fine Arts Quota Deferred

Budgets amounting to \$2590.50 were approved by finance control last night. Out of 12 budgets submitted, one was deferred, two cut down and the rest approved.

Action on the Fine Arts budget of \$23.36 was deferred until the group presents a financial statement. W. A. A. was cut down from \$362.95 to \$209.25, while University Play Productions was reduced from \$236 to \$200.

Largest budget approved was the A. S. U. N. general fund, amounting to \$800, which will be used for salaries, athletic awards and miscellaneous office equipment.

Approved at a meeting last week was the Homecoming budget of \$125 and the Wolves' Frolic revised budget of \$640. Other budgets approved are:

Upkeep on Student Union building, \$220; Aggie club, \$100; news bureau, \$30; band, \$123; debate, \$133.25; A. W. S., \$10.

Yearbook Editor Announces Staff

Miss Genevieve Hansen, editor of the Artemisia, University of Nevada yearbook, announced a tentative staff of thirty-eight women and twelve men last week.

"No one will be certain of his place on the staff until the Artemisia goes to print next spring," the editor said.

At the beginning of each week a list of all the assignments for the week for the staff members will be posted in the Artemisia office. This method will make it possible to check the way in which the tries get their work.

One or two missed assignments will be enough to drop any member from the staff, Miss Hansen stated.

Associate editor of the Artemisia will be Joyce Dodge, and junior editors are all junior students who are editorial tries.

Les Gray will be 1937 Artemisia sports editor, with Ross Ashley and Jim Perkins as staff.

Activities editor, one of the most important editorships on the annual, will be Gertrude Polander, with Loyal Willis, Mary Handley, John Barber, Berna Hansen and Glady's Blairs as staff helpers.

Walter Palmer will be administrative editor and will have Beth Frederickson as his assistant.

Betty Kormmayer will head women's sports and have Shirley Feutsch and Alice Jane Chism as staff assistants. Art editors will be Orpha Morgan and Pat Stewart and they will have as their staff Cliff Segerblom, Patricia Meakler and Lola Yvonne Stoddard.

Kenneth Dimmock will be photography editor and will have George Harlan and Ned Westover as staff members.

The secretarial staff will have as its head Joyce Dodge, with Maxine Leonard, Lois Miller, Anita Jauregui, Rose Boggio, Margaret Heitman, LaVon Wilson, Marie Barnes, Revaun Hansen, Marilyn Rhodes and Shirley Ferron on her staff.

Sorority editor will be Nina Boczkiewicz, who will be helped by Charlotte Caton, Frances Smith, Beth Frederickson and Christie Finn.

Mary Louise Carmody, with Virginia Crosby, Jean Rice, Joyce Cooper, Elma Jepson, Margaret Heitman, LaVon Wilson, Christie Pinn and John Marinen as staff members, will be in charge of portraits.

Classes editor will be Loring Primeaux, with Glady's Blair helping. Layouts editor is Sam Wilson and clippings editor is Marie Barnes.

Raine to Speak On Alaska Scenes

Classed as one of the most interesting and instructive lecturers on the road today, Edgar C. Raine, who is conducting his twenty-third annual tour of the United States, will present a travelogue in natural colors of Alaska in the Education auditorium at 8 o'clock Thursday evening.

The lecture will include scenes in various parts of Alaska, in which country Raine has spent most of his life taking pictures as a hobby and working for the United States treasury department. The travelogue will last for an hour and a half, according to advance information, will be free to students and the public.

The lectures and assemblies committee is sponsoring the affair.

Prep Prexy Meet Committee Named

Solons Approve Amendment to Revive Campus Tradition of Frosh 'Dink'

With Kirk Fairhurst as chairman, the high school student body presidents' convention committee was appointed by the student senate at a special meeting Tuesday night.

Assisting Fairhurst will be Margaret Piercy, Dick Solt, Barbara Ferron, Jack Elliot, Ben Morehouse, Jessie McClure and Hudson Lee.

In an attempt to revive the "frosh dink" an amendment was presented for approval by the solons. The body went on record as being in favor of the proposal, which will be submitted to the student body when it meets next week.

Plans for a distinctive emblem for senators were definitely dropped at the meet. This question was first presented early last spring and has been postponed indefinitely several times since then.

The number of voting members of the senate was officially reduced to eighteen Tuesday with a report from Guy Morris stating that Delta Sigma Lambda had definitely given up its charter on the Nevada campus.

Sagers Discuss Semester Plans

Plans and committee appointments for semester activities were made this week by Sagers, men's underclass pep group, at a meeting at the A. T. O. house.

Members will assist in cleaning the bleachers and will also aid in setting up bleachers on the east side of Mackay field for a rooting section.

Committees to assist in the Blue Key social hours and to handle marshal duties during the pep rally October 1 were named by Charles Doherty, president.

A skit that the organization is preparing for the Wolves' Frolic was reviewed before being presented to W. C. Miller, dramatics director, for final approval.

Newly initiated members, including George Hardman, Bill Winters, Jack McCrea and Harry Gravelle, will present a stunt at the next student body meeting, it was decided.

W. A. A. Revises List of Chairmen

Women's Athletic association held an informal meeting on September 10 to revise the list of chairmen for activities, appointed at an executive meeting on May 7.

Women managers now are: Dancing, Elizabeth Best; hockey, Frances Smith; tennis, Peggy Gill; badminton, Kennedy Walker; volleyball, Verna Bullis; basketball, Ruthe Goldsworthy; archery, Beatrice Lansdon.

Georganna Harriman will act as chairman for Girls' Athletic association conference, tentatively set for October 17.

Betty Kormmayer, sophomore home economics student, has been appointed chairman of the group in charge of hot dog sales at football games throughout the year.

Joe Lynch Leaves For Coast Hospital

Joseph Lynch, superintendent of buildings and grounds left last Wednesday for a coast sanatorium, where he will undergo an extensive course of treatments for arthritis. He is accompanied by his wife.

Lynch has been superintendent of grounds at the university for thirty years. He became ill a month ago.

Symphony Group Holds Rehearsal

The University-Community Little Symphony orchestra held its first rehearsal of the season Tuesday evening in the Education building.

The group of musicians represents both townspeople and university students and is conducted by Professor Post, head of the department of music.

According to Post, the first concert of the year will be held at the Century club. Among the numbers planned to be given will be selections from the opera "Carmen" and a novel arrangement of "In a Chinese Temple Garden."

Rehearsals are held each Tuesday evening from 7:30 to 9 p. m. in the music room of the Education building. Student talent is invited to participate. Instruments needed most are oboes, French horns, clarinets, bassoons, violas and first violins, Post stated.

Libe Discipline Poor, Says Head

Though improvement over previous years in library conduct is in evidence, Thea Thompson, head librarian, expressed dissatisfaction yesterday with that of library users this year.

"I find that the most trouble is, as always, being caused by upperclass men. The freshmen who come into the library are as good as pie and are willing to abide by the law of silence, but that is hard for them to do because of the examples which are set before them by their seniors."

Miss Thompson intimated that the library has been turned into a social hall where an enjoyable evening visiting with friends can be spent.

"I don't know why this condition continues to exist," Miss Thompson said. "I would appreciate any help or cooperation on the part of the students in correcting this state of affairs."

Miss Thompson added that those on the dismissal list are continued offenders and are all upperclass men.

"We of the library staff," Miss Thompson said, "have tried to be lenient with the students these first few weeks, but this leniency cannot be continued."

Those who have had their library privileges revoked at the present time are Lillian Just, Claude Silverwood, Gwen Erikson, Genevieve Hansen, Marguerite Feutsch, Charles Turner, Bill White, Jack Robinson and Walter Palmer.

Pre-Med Group Holds Initiation

The Omega Mu Iota, pre-medical club, held initiation Saturday, September 19, for its new members in the Agriculture building at midnight.

A mock initiation was held first, followed by the formal initiation. Refreshments were served early in the morning. The former president of the club, Fred Hartman, attended the initiation and left immediately afterwards for the University of Pennsylvania, where he will continue to study medicine.

Requirements for admission to the club are a 2.5 average in subjects and being either a pre-medical or pre-nursing student.

Those initiated were Silas Ross, Pat McDonald, Ellen Holcomb, Barbara Ferron, Maxine Leonard, Charlotte Michael, Jack Palmer, Richard Summerbell, Dean Nelson, Leo Doyle, Sam Stark, Louis Nash, Chris Wogan, John Boylan and Alma Twist.

New Awards Given Nevada Students

Bowman and Cashill Will Divide \$125 From C. I. Travelli Fund, Says Dr. Clark

Betty Bowman, school of mines student, and William Cashill, A. S. U. N. president and senior in the college of arts and science, were nominated by President Walter E. Clark as recipients of this semester of a new award just received by the university.

The award was made from the Charles Irwin Travelli fund and amounts to \$125 each semester and is to be divided equally between two students who are named by the president of the university.

The donors of the fund have indicated to President Clark that they are willing to continue the award next semester to the same recipients for the same amount, if the records of the two chosen are satisfactory.

The fund has not been permanently awarded and was originally intended to pay tuition for two students. As Nevada has no tuition for residents of the state, the award was put in such a form as to allow it to be presented as a scholarship.

Engineers Name Float Committee

The Associated Engineers met after the Blue Key social hour Wednesday night to discuss final plans for the Brawl, which will be held tomorrow night.

Appointments for the Homecoming Day float committee were announced by President Charles Allen. Charles Keeler will head this committee, with Elmer Bawden, Elmer Ford, Bill Devore, C. L. Sharpe, Norman Smith, G. Hoffman, Richard Thornmeyer, Stuart Neville and Martin Smyth working under him.

Discussion was held on the engineering contests usually staged for Homecoming Day, with a decision being made that energies along this line would be devoted to the Engineers' Day celebration next semester. Laboratories will be cleaned and open to inspection on Homecoming Day, but no particular exhibits will be planned by the engineering departments, although Dean Sibley announced that an extensive and interesting exhibit on Boulder dam might be furnished by an outside source for exhibition purposes on that occasion.

Sororities Pledge Nine New Women

Nine women have been initiated into Nevada sororities since the semester started, chapter heads announced this week.

Kappa Alpha Theta held initiation for the following, Sunday, September 20: Frances Cafferata, Lois Downs, Elizabeth Kolhoss, Jeanette Hutchins, Gwen Megginnes and Esther Romano.

Three new members were initiated into the Delta Delta Delta sorority last week. The new members are Beverly Jones, Alice Jane Chism and Mildred Cliff.

Gamma Phi Beta held initiation Sunday before the semester opened for Kathleen Hansen, Eunice Beckley and Virginia Kearns.

Jean Chism was pledged to Kappa Alpha Theta the Monday following the close of formal rushing.

Sophs Make Plans For Annual Hop

The sophomore class will give its traditional dance October 3. The dance will be strictly informal. Dark suits will be worn by the men and women will wear formals.

Each sorority house and Manzanita Hall association have nominated a sophomore girl as candidate for queen of the dance. The candidates are: Kappa Alpha Theta, Jeanette Hutchins; Pi Beta Phi, Jean Rice; Delta Delta Delta, Betty Kormmayer; Beta Sigma Omicron, Doris Jackson; Gamma Phi Beta, Virginia Johnson; Alpha Delta Theta, Doris Parman; Manzanita Hall association, Genevieve Ellis. The contest will be based on personality, activities and popularity.

Bids for the dance will be sold by the sophomore members of the fraternities and sororities. The soph hop will be the first class dance of the semester and will be held at the State building.

Lura Gamble, graduate of the University of Nevada in 1936, has been appointed to teach at Dayton, Nev., this year. Miss Gamble is affiliated with Pi Beta Phi.

Biology Hindered By Lake Debris

Accumulation of algae and other debris on the surface of Manzanita lake is not only an eyesore to the university campus but is also detrimental to the biology department's acquiring specimens from it, according to Dr. Philip A. Lehenbauer, professor of biology.

"At one time it was possible to procure many valuable botanical specimens from Manzanita lake," Lehenbauer stated yesterday, "but since the water has stagnated we have been forced to get our specimens elsewhere."

This condition has resulted largely from an inadequate water supply being introduced into the lake to flush it of the foreign matter which accumulates upon the surface, Lehenbauer reported.

"The addition of copper sulphate would temporarily remedy this situation, but only by increasing the flow of the creek which empties into the lake will it be possible to permanently clean it," he said.

Destruction of the growth of willows which at one time surrounded the lake removed one of its best purifiers, and has much to do with its present condition, Lehenbauer stated.

Concert Group Issues Invitations

Invitations to join the Nevada Community Concert association were issued yesterday to new university students from out of town, and to members of the staff who were not in Reno during the membership campaign last spring.

"By the rules of the association, membership is closed for the ensuing year at the end of the campaign," Mrs. Walter E. Clark, officer in the group, said, "but by special permission the local association is able to make exceptions in this case, as in the meaning of this ruling Sparks is not out of town."

In place of the Argentina ballet, which was originally scheduled for this year, the association offers Mrs. Laura

Boulton in "Rhythm in the Jungle," a program consisting of motion pictures and records of native African music; Tosca Seidel, violinist, and Nino Martini, lyric tenor.

Other numbers on the concert series are Dalies Franz, pianist; Piatigorski, cellist, and the Russian Singers.

Coeds Adhere To Campus Rules

Names of Offenders Will Be Filed By Mary Millard Under New Check System

That freshman as well as upperclass women are adhering strictly to the few remaining traditions is evidenced by the fact that only six names have been turned in to the women's upperclass committee, composed of nine women under the direction of Mary Millard.

Five of the offenders are listed as having violated that most important tradition listed by the organization, that of not attending the meeting of the Associated Women Students. The sixth was observed sitting on the bench in front of the English hall intended for seniors only.

For the first time since the organization was established a systematic file of the offenses will be kept by the head of the committee. Anyone turning in a complaint will list on it the name of the violator, the form of violation, the time of the violation, the place of violation, and sign to it her own name.

Special request was made by Miss Millard that each representative to the tradition body talk up the enforcement of the remaining traditions in their respective groups and promote an interest in them thus far lacking.

Violators will be called before the committee some time following the football game Friday. Any woman refusing to cooperate with W. A. A. or Sagens in the sale of pop and hot dogs will have her name added to the list of six offenders.

Eight women appeared at the meeting of the group Wednesday. Those in attendance at the A. S. U. N. building were Mary Millard, Peggy Gill, Kennedy Walker, Nina Boczkiewicz, Norma Anderson, Jessie Sellman, Isabell Soosa, Kathleen Meeks and Jean Cameron.

EX-STUDENT ENGAGED TO STOCKTON MAN

The engagement of Margaret Lyon ex-'37 to A. L. Trivelpiece Jr. of Stockton was announced this week by her mother. The wedding will take place early this winter.

Miss Lyon is a member of Beta Sigma Omicron sorority and has been working for the Postal Telegraph company in Stockton since withdrawing from school last semester. Trivelpiece is a graduate of the College of the Pacific and is now associated with the Stockton Independent.

During the summer Ruby Hoskins '36 was married to William Trivelpiece, also of Stockton, and brother of A. L. Trivelpiece.

National Officer Honored at Tea
Honoring Mrs. Juelia Conner Burnaugh and their four new pledges, Beta Sigma Omicron entertained the campus and downtown people at a formal tea Monday afternoon. It was held at the home of Mrs. Vincent P. Gianella, a patroness of the sorority.

Doris Jackson, Betty Burleigh, Margaret Garaventa and Genevieve Gardella were the other women presented. Mrs. Burnaugh is the national vice-president and executive secretary of the organization. She arrived last Friday night to inspect the Nevada chapter.

Gamma Phi Entertains At Coffee-Mint Hour
Members of Beta Kappa fraternity will be guests tonight at the weekly Gamma Phi Beta coffee-mint hour.

The sorority entertains the members of each fraternity and sorority once each year at one of these social hours. The committee in charge of the entertainment tonight is headed by Eunice Beckley '38.

Faculty Members Are Guests of Sorority
Dean Margaret E. Mack, Registrar Louise Sissa and Miss Carolyn Beckwith, secretary to President W. E. Clark, were guests at the Gamma Phi Beta house Wednesday night for dinner. This is the second of a series of dinners.

6 Nevada Women Enroll in Nursing At Lane Hospital

Six University of Nevada students are now enrolled at the Stanford Lane hospital in San Francisco where they will complete a nursing course.

Four students having transferred this semester, added to the two students already enrolled, comprise the largest group of Nevada students ever to enroll in the hospital.

Miss Helen Fulton, Miss Betty Simpson, Miss Helen Tramer and Miss Eleanor Risser are the new transfers. Miss Neil Lozano, former president of the A.W.S., and Miss Mary Tucker transferred to Stanford Lane Hospital last year and will get their degrees in May.

Miss Fulton and Miss Simpson have completed the required three years of the pre-nursing course at the University of Nevada and will receive their Bachelor of Arts degree from Nevada in May, if they do satisfactory work in San Francisco. They must now complete a two-year training course at the hospital to receive a graduate nurse degree.

Miss Tramer and Miss Risser have only two years of the required three, but they will work for both degrees at the hospital.

Miss Lozano and Miss Tucker will be qualified for a graduate nurse degree in May, having already received bachelor of arts degrees from the University of Nevada.

Letters given by that sorority throughout the year in honor of the members of the University of Nevada staff.

Elizabeth Young Married To James Work

Miss Elizabeth Young, daughter of Dr. J. R. Young, was married to James Work, a young business man of New York. The ceremony was performed in Rushland, Pa., on September 9 and the young couple have been spending their honeymoon on a farm there.

Mrs. Work graduated from the University of Nevada with the class of 1935. She is a member of Kappa Alpha Theta sorority and was prominent in campus affairs, taking part in the Wolves' Frolic and the Desert Wolf. She was also a member of the Campus Players and the Y. W. C. A.

Genevieve Wolf, J. Ralph Smith Married by Dean Thompson

Miss Genevieve Wolf and J. Ralph Smith were married at Bowers Mansion by Dean R. C. Thompson. Attendants of Mrs. Smith were Miss Doris Shaver and Miss Martha Rice. The wedding march from "Lohengrin" was played by Miss Mary A. Thompson. The guests were received by Misses Gertrude Jones, Edna Rice and Grace Semenza. After the ceremony the couple departed for a wedding trip to the coast.

Mrs. Smith graduated from the University of Nevada with the class of 1934. She was outstanding in athletics, being president of Gothic N. She also took a prominent part in other campus activities, being president of Sagens, a member of Women's Athletic association and in Fine Arts group. Smith graduated from the University of Utah in the school of electrical engineering in 1933 and he was a member of Sigma Chi fraternity. On return from their honeymoon the couple will reside in Ruby Valley, where Smith is a stockman.

Kappa Alpha Theta To Present Pledges

Tomorrow the Kappa Alpha Theta sorority will present their pledges at a tea to be held in the chapter house at 803 Sierra street.

Those to be presented are Mrs. Dudley R. Clarke, Mrs. Helen Joslin, Betty Anderson, Dorothy Atcheson, Juanita

Sagens to Attend Contests in Body

Sagens, women's pep organization, will attend all campus meetings and games this year in a body. This has never been done before, but will be tried this year in order to make the rest of the campus aware that the Sagens are a pep group.

"We also hope we can add more spirit to rallies by going in a body," Eyamae Beemer, Sagen head, said at a meeting of the group Tuesday night when plans for the coming year were discussed.

The Sagens will have charge of selling pop at the football game next Saturday. All fresh women are required to sell at some game and those who fail to appear at the appointed time will be called before the women's upperclass committee which will decide upon punishment for the offense.

It was also decided that the Sagens will wear their uniforms, which consist of a white sweatshirt and blue cap with their insignia upon it, to all football games, student body meetings and rallies this year.

The next meeting of the organization will be on September 6, Miss Beemer announced.

Janet Holcomb, Nadine Hursh, Anita Jauregui, Margaret Johnson, Wilma Jones, Jeanne McMeekin, Maris Maule, Josephine Seddon, LaVon Wilson, Anne Wood.

Hills Entertain English Honorary

Prof. and Mrs. A. E. Hill entertained members of Chi Delta Phi, honorary English society, at dinner Thursday evening. Those attending besides the host and hostess were Winifred Hiltonen, Mrs. A. Loforth, Mrs. Harriet McKay, Ida De Nevi, Jean Cameron, Ruth Palmer.

Laurada Jarvis, Elizabeth Osborn, Eva Adams, Anne Gibbs, Norma Anderson, Margaret Turano, Nina Boczkiewicz, Evamae Beemer, Louise Emminger, Elizabeth Best, Emily Tholl, Eleanor Barry, Genevieve Hansen.

Alpha Tau Omega To Honor Pledges

Alpha Tau Omega will honor their pledges at a dance to be held at the chapter house tonight.

Prof. W. C. Miller and Dean Thompson will chaperone and music will be furnished by Bill Busey and his orchestra.

Lincoln Hall-Maizies' Dance Saturday

Lincoln Hall-Manzanita Hall dance was held in the university dining hall last Saturday night.

Music was furnished by Merle Sinder, Rube Tuttle, Morgan Mills and Ray Sancts.

Dean Margaret E. Mack, Miss Echo Loder and Miss Virginia Harger were chaperones.

Y. W. C. A. Honors Freshman Women

The cabinet of the Y.W.C.A. acted as hostesses to nearly three hundred campus women when they entertained at Manzanita Hall on Wednesday afternoon at their annual tea and fashion show honoring freshman women.

The feature of the afternoon tea was a display of the newest fall fashions by co-eds. Those modeling include Elizabeth Best, Betty Burleigh, Barbara Ferron, Margaret Garaventa, Margaret Heitman, Catherine McCleary, Patricia Meaker, Charlotte Michaels, Bette Naismith and Jean Rice. Miss Dorothy Jones played the piano while the models showed the fall clothes to the guests.

Marie Barnes was in charge of all arrangements for the tea, while Jean Smith made the plans for the fashion show.

Y. W. Book Store Closes for Term

The Y.W.C.A. book shop closed today after five weeks of activity.

Students who have not collected unsold books belonging to them and who have not gone after their money will automatically lose both books and money to Y.W.C.A., Agnes Howell, in charge of the shop, announced yesterday.

Books most in demand, she said, were those for freshmen students, especially the Century Collegiate handbook, History of the Americas, and zoology and botany books. The volumes hardest to dispose of were those for upperclassmen.

A profit of about ten dollars is expected on the semester's transactions. The bookshop collects 10 per cent of the money received in sales as its profit.

Coed Net Champs Will Play Tourney

Because the teams were late in getting organized, it has been decided that winners in the women's intra-mural tennis tournament will play each other, stated Frances Nichols, chairman of the intra-mural board, after an informal meeting Wednesday afternoon.

The women tennis champions were formerly determined by playing a round-robin tournament at the close of the season. All the games must be played off by October 1.

Following is the order in which the games will be played: Pi Beta Phi, which drew a bye in the first draw, will play the winner of the Kappa Alpha Theta-Delta Delta match. Independents, which drew a bye in the second draw, will meet the winner of the Gamma Phi Beta and Manzanita Hall match.

Dan Bledsoe was recently appointed to coach and to teach at Ely this year. He graduated from the University of Nevada in 1934 and has been teaching at Dayton. Bledsoe will be remembered for his stellar basketball playing on the varsity. He was a member of Alpha Tau Omega fraternity.

Woodward Awarded Home Ec Scholarship

A ten dollar award for excellence in scholarship was given Miss Mildred Woodward '39 at the meeting of the Home Economics club last week.

This award is given each fall by Miss Sarah Louise Lewis, professor of home economics, to the freshman or sophomore student of home economics who attains the highest scholastic standard during the previous year.

Miss Woodward's average was 1.65. Miss Gertrude Polander was a close second with 1.75.

At the meeting reports were given by the delegates to the National Home Economics convention, held at Seattle last summer.

The delegates were Mary Louise Walspiel, Aldene Branch, Kathryn Luke and Ruth Galls. The girls' trips were financed by the Home Economics club.

THE 'DINK' SITUATION

ing the reacceptance of the "frosch dink" presented to the senate by Sherwin Garside Tuesday evening, is significant in that it shows a swing in student opinion on the campus.

Two years ago the craze to "abolish" traditions swept the campus and the greatest mark of distinction between upperclass men and freshmen went overboard in the general housecleaning that followed in the footsteps of this reactionary opinion. Now the student body is coming back to "normal," and the personnel is beginning to realize the need for the return of symbols which portray a college spirit.

A few years ago most of the freshmen proudly wore their "frosch dinks"—and those who did not repented their oversight in sessions with the men's upperclass committee behind the Agriculture building. This is a condition which makes for proper college spirit.

While a penalty should be enforced upon freshmen who refuse to abide by any of the recognized traditions, they should also be made to understand that there is an honor, and a feeling of satisfaction that goes with accepting them.

The "frosch dink" should be a mark of distinction between the freshman who wears it and the older man of the student body—it should be a symbol to express the pride in his class of the man who has it on.

The abolition of the "dink" two years ago was the result of hasty and false judgment on the part of the students. Its reacceptance should be only a formality when the amendment comes up for vote by the students in the near future.

WHAT WILL YOU DO?

Can the spirit of the Nevada students keep pace with that displayed by the Reno merchants who went to the trouble and expense of providing color for the first Nevada football game of the season?

Is the loyalty strong enough here to cause the students to "Back the Pack" throughout its current year—no matter if the outcome of the games spells victory or defeat?

These are questions which can only be answered at the close of Nevada's athletic season, but each student can answer them for himself by making up his mind now just what stand he will take. He may either turn out at the games, join the rooting section and lead his voice in encouragement, or he may sit placidly at home.

What are you going to do?

A BASEBALL DIAMOND

The opening of another year of interfraternity sports brings attention to a great need of the university—a new baseball field.

Baseball, from the standpoint of student participation and interest, is one of the most popular of interfraternity sports. Yet the university has no fit field upon which to carry on this sport.

The old diamond in back of the Mackay Science hall which the competing teams have been forced to use in the past is entirely unsuited to play upon. For one thing, it is too small. Located as it is in a little gully, it does not have enough fielding room. Then, too, the Orr ditch, which runs along the east side, makes it dangerous to play upon. Several students have been injured in the past by falling in this ditch while attempting to field balls. One student, Joe Lommori, was released last week from the campus infirmary after having received treatments for the repercussion of a back injury received playing baseball on this diamond last spring.

Competing teams last year realized the danger of playing on this field, and therefore played most of their games on the diamond at Idlewild park.

If baseball is to be played as an interfraternity sport, why can't there be a decent, university-owned field, located near the university?

There is no reason why there should not be. The 26 acres of land adjoining Mackay field on the north, which Dr. Walter E. Clark, president of the university, said the university is about to obtain title to, would be an ideal location for a new baseball diamond. Dr. Clark stated that these acres would be used as a supplementary athletic field, especially for baseball, but that nothing would be done until next summer.

Why wait until next summer? Let's get permission from Dr. Clark to clear off a new diamond on these acres and have it ready for the intramural baseball series next spring.

CONSTITUTION AMENDMENT

To add to the by-laws of the A. S. U. N. constitution:
Article 13, section 5, to read: All freshman (men) students of the University of Nevada are required to wear on the university campus from sun-up till sundown, during the entire fall semester of each year, the regulation frosch "dink." Violators of this tradition may be punished by the University of Nevada upperclass committee.

(This by-law to take effect in the fall of 1937.)
To add to the by-laws of the A. S. U. N. constitution:
Article 13, section 5, to read: All freshman (men and women) students of the University of Nevada will be required to carry from sunup till sundown on the university campus for the entire fall semester of each year, one frosch handbook. Violators of this tradition may be punished by the University of Nevada upperclass committee.

(This by-law to take effect in the fall of 1937.)

The Pedagogue

A whole bouquet should be presented to Blue Key men for the work they are doing. First they pledged their wholehearted support to the projects sponsored by the student body. Then they carried on the fraternity tradition of sponsoring the weekly social hours. They weren't satisfied with merely giving the socials but have undertaken to conduct the weekly affairs in a dignified and mannerly fashion. At the socials a Blue Key cap is to be seen at every turn. And these men are doing their bit to keep up the good old "Hello!" tradition when they see that the women present are asked to dance. Congratulations on the fine work, fellows!

We believe in giving credit, where credit is due. However, we don't know just who is responsible for the new brick front steps at Stewart hall. While they were repairing the front steps, the same unknown parties replaced the well worn and sagging wooden steps leading to the second and third floors. To those who climb these stairs daily it is unnecessary to point out the benefit of these summer repairs.

Senators are to be congratulated in finally deciding to face the other members of the student body without the glitter of an extra "chunk of brass" suspended from their clothing. As the situation now stands the campus is overloaded with metallic ornaments signifying that the persons who wear them belong to everything from the "Knights of the Dishpan" to the royal order of the "Dunka Chunka Pies."

Senators are far more distinguished now that they rise above the primitive desire to ornament themselves—in fact, those who wear no pins are the ones who attract the most attention at the University of Nevada.

We cry for student opinion on this. We journalists are so rum-dum with the heat (uncommon weather for the last part of September, eh, Clem?) that we can't think or even present anything clearly. We also know that there has been a lot of student whispering, some of it sour grapes and low blows by non-readers, about the sterility and impotency of the Sagebrush as it now stands in its "weekly nature."

What do you studef think of a semi-weekly Sagebrush? We know, that with the proper planning, it could be achieved and it would give you a better publication all the way around. There would be more opportunity for news rather than history, more columns of humor and observation and the paper could be made worth reading. That seems to be the only way to keep and maintain the spirited pace that has been set this year.

The present Sagebrush, typographically, is just about as good as you'll find anywhere. Look over the files of past issues and it seems better than it really is. That's because the timeliness of the news doesn't mean anything in looking over the files. But to those of us who have to read the darn thing every week we can easily see the necessity for a semi-weekly paper.

Several years ago, under the reign of Jim Hammond, we believe, the plan was experimented with rather haphazardly. No well laid plans were followed and consequently the thing took an early dive. However, now the problem becomes chronic again and it seems that the semi-weekly setup is the only way out.

Give us comment and suggestions, both apprehensive and constructive.

With the swinging of "black maria" on the corded behinds this week came the growing rumblings of a change of heart on behalf of student "big bugs." There is little rash in slashing the bite out of all our class traditions. Perhaps we ought to put just a few of them back.

That means the traditions haven't died. The wholesale slaughter on Nevada traditions, we can see now, was due to the democratic (what a fine word) reaction against hazing. Now we want to restore class distinctions because the traditional "lowly frosch" and "sophisticated senior" stuff is still in our blood. Well, it seems all right—harmless, even—and it will help the spirit along. The idea is good and it will maintain a certain prestige for the man who has managed to cheat, crib or red-apple his way to upperclass standing. Pick up the cry, fellows. Restore the dink and the bible, etc.

SENATE MINUTES

September 22, 1936

A special meeting of the senate was called to order at 7:30 by Chairman Cashill. Rollcall was taken and the minutes of the previous meeting were read and approved.

A report from Guy Morris stated that Delta Sigma Lambda fraternity had officially given up its chapter on this campus. In view of this, it was moved, seconded and carried that the word "nineteen" be stricken out of article V in the senate by-laws and the word "eighteen" be inserted.

The nominating committee then went into executive session to consider appointments for the high school presidents' convention committee. Silas Ross, chairman of the nominating committee, presented the following panel: Kirk Fairhurst, chairman; Margaret Piercy, Dick Solt, Barbara Ferron, Jack Elliot, Ben Morehouse and Jessie McClure. It was moved and seconded that the panel be approved. The motion was defeated. The nominating committee added Hudson Lee to the panel and it was then approved.

An amendment providing that all freshmen shall wear blue and silver dinks during the fall semester was presented and the senate, went on record as approving the amendment. If approved by the student body it would go into effect next fall.

It was moved and seconded that the senate insignia question be postponed indefinitely. The motion was defeated. A revote was called for and a rollcall vote passed the motion.

There being no further business, the meeting adjourned in regular order at 8:30.

William Cashill, Chairman
Eleanor Barry, Secretary

NEVADA SONGS

HAIL TO OUR STURDY MEN

Hail to our sturdy men, loyal and true;
March! March! on down the field,
O Silver and Blue.

We'll give a long cheer for Nevada's men,
See them break through again,
Fighting for our own U. of N. to victory.

(Yell it)

Hurrah, Hurrah! Hurrah, Hurrah;
Nevada Hurrah.

We'll give a long cheer for Nevada's men,
See them break through again,
Fighting for our own U. of N. to victory.

U. OF N. SO GAY

In a day that will be bye and bye,
We'll often dream of a bygone day,
And sing again the sweet old song
Of U. of N. so gay.

When college days are gone and past,
And wide and far our lots are cast,
The memory sweet of days of yore
We'll keep until the last.

(Chorus)

So here's to the friendship that binds
us in one,
And the fair hours of youth yet undone.
Come, drink to the health of old jolly
N. U.
And the banner of the Silver and the
Blue.
Now here's to Nevada, so staunch and
so strong,
May prosperity stay with her long.
Come, drink to the health of old jolly
N. U.,
Where all honor and all eminence be-
long.

Amherst students once packed a town meeting and put through ordinances calling for the erection of a new city hall to be 1 foot wide 100 feet long and made of glass.—L. A. J. Collegian.

They're at it again. First it was a tombstone left on a sorority lawn and now the Blue Key social sign turns up missing. A suggestion that a survey of Greek houses be taken was dismissed by a prominent Blue Key member, we might even call him the master key, with the statement, "Boys will be boys."

Kirk Fairhurst, claiming the title of the "Sleepless Wonder," disclosed the height of something or other when he admitted having gone to sleep with his head on Prof. Ayres' desk. The senior S. A. E. didn't say whether it was the result of not having slept or not having studied.

Seen at football practice. A wealth of brawny men, potential greats and near greats, all-American material. Also seen. The coaching staff that is the means to this coaching. The coaches were on the field, the "sturdy men" in the bleachers.

The Bulletin takes the greatest of pleasure in being of assistance to the students who have written questions which they desired answered. Due to lack of space only a few of these can be printed each week.

"We are newcomers here, and do not want to blunder in on private property, so how about printing a list of the more inviolable romances? We would particularly like to know about the following:
Q. Rives wears a fresh gardenia to school nearly every morning. Who is the admirer so devoted, or does she send them to herself?
A. We haven't seen the gardenia, but the coast is probably clear for you as no one on the Nevada campus can send gardenias every morning, and the individual who sends them is probably far, far away. By the way, don't you think gardenias smell dangerous?"

Q. Kay Meeks, we know she goes with Sam, but how serious is it? Would anyone else have a chance?
A. Well, this is a tough one. It seems that Sock Basta has really got it bad, but, well, Katie is like that. You know, she sorta likes 'em all. For full particulars you might ask Katie. Personally we think Sammy deserves a square deal so after deep consideration our advice is to "lay off."

Q. Geyer and Armstrong, we saw in your column that Geyer went to some dance with some fellow, but we would like to know if she goes steady with this fellow? What about Armstrong?
A. Geyer is on the market, go to it, fellas, but Armstrong is wearing the Armbruster lad's pin.
Q. We would like to know the following: Where we come from women

smoke as well as men, but if you offer a woman a cigarette around here she refuses. Don't U. of N. women smoke or is there some campus rule against it?
A. Women are not allowed to smoke on the campus, but, boy, you haven't been around at all if you think they don't off the campus. Do you like 'em better when they do?
In answer to the question regarding the black letters on the faces of some of the women at the social—merely a little initiation stunt the Maizies put on for the campus.

It is rumored, and quite rightly, that Mayor Laub of Lincoln hall is going for Pat Lannon in a big way. Anyhow, the little birdie that tells all saw them among the "spooners" in the Idlewild park rendezvous.

Gerald Roberts has a system that is so simple it is really good. Roberts never takes his book to class and in that way he has been able to strike up an acquaintance with Grace Cantlon. Things are going from worse to better—they don't even hear the bell ring anymore.

Blasted romances—how sad. This time it's Raitt and Barnes. So Char-

lie is wearing his pin again.
Charlotte Michael got mixed up on her dates the other night. She accepted a date with one of her many suitors after telling Red Dimmock that she had to stay home—then the little blonde held herself to the Waldorf with her other date. Fate was unkind, however, and Red happened to be in the Waldorf. It could hardly be said that he greeted her with a smile.
An orchid (yes, a real one) to the Phi Sigs for a clean, sober party. Could it be true or is this just the calm before the storm?

Cubs Will Open Football Schedule With Lassen J.C.

Cubs Anticipate Hard Game With Veteran Lassen Junior College Squad

Early Season Injuries May Be Great Handicap to Cubs, Chet Scranton Says

By DON KINKEL

The Wolf Cubs will have one of the toughest games of the 1936 season on their hands tomorrow when they take on the Lassen county junior college football team in the first game of the year, scheduled to be called at 2:30 at Susanville.

Lassen has practically the same team that played together last year. The line is heavier than that of the Cubs and will be backed up by a fast and heavy backfield that excels in passings and kicking.

Varsity Revenged

The varsity revenged themselves thoroughly Tuesday night when they engaged the yearlings in the second scrimmage of the season. The same falling that the varsity experienced in their first meeting of the season took hold of the frosh. When given the ball on offense, the freshman backs lost most of their sense of timing and ran into each other on several occasions. Costly fumbles and bad passes from center threw the youngsters back more yards than they could gain with their entire offensive, though Marinovich, Maroni and Deverell got away for several short gains.

The Cubs showed they still retained the same defense that they displayed a week ago, when they relinquished the ball to the varsity. They tackled hard and though the varsity backs pounded their way down the field several times it wasn't without a hard struggle.

Barsanti Good

The scrimmage uncovered a fighting little tackle by the name of Olinto Barsanti. Barsanti hails from Tonopah, which explains why we have not heard from the boy before as far as football ability is concerned. Tonopah high school does not have a football team. Barsanti was in on almost every defensive play made and showed that though green and inexperienced he will give the Lassen players plenty of trouble.

Another lad willing to mix in with the varsity players was Lawson Sullivan, who played left tackle. Sullivan seldom let plays go through his position and several times caught the play from behind to bring the runner down. Both Sullivan and Barsanti sustained injuries in the scrimmage. Sullivan cracked a bone in his foot which will keep him out of uniform for quite a few days. Barsanti received a knee injury but may be able to play tomorrow.

Several other freshmen looked good also. Clayton, a big husky back, excelled in carrying out his blocking assignments. On defensive he was shifted to fill a vacancy at left end and upset several varsity plays. Frank Beloso, diminutive half, looked plenty good while backing up the line, as did Willard, who played center and did a good job at that position. Marinovich, half-back, did most of the yard gaining for the frosh and looked shifty.

Injuries Are Handicap

According to Coach Scranton the Cubs will enter the game with a serious handicap due to early season injuries and ineligibilities. The ends have been the most seriously hit by the injuries. Hardie, who has been groomed as a running mate for Len Carpenter, received a serious cut on his hand which will keep him out for several days. Peckham and Hillygus, two other promising ends, will be kept out indefinitely because of sickness. Fulton, the other left end, will be unable to participate because of scholastic ineligibilities. Peccole was shifted from halfback to the end position and though inexperienced he held the spot satisfactorily until a sprained wrist eliminated him from scrimmage. Bernard Connolly, who played end during the rest of the practice, seems to be slated to start Saturday.

Trouble is also being found in finding a teammate for Cheshire, who holds down one tackle position. Sullivan will definitely not play Saturday. Sala and Paris, two other experienced tackles, are out with injuries. Barsanti may be able to play, but though a good defensive player is weak on offense. Guy Brown, a lanky but rather inexperienced play, may get the call against the Lassen team.

The University's Barber Shop Is THE WALDORF

144 N. VIRGINIA ST. Art Nelson

G. Miles Benched By Knee Injury

Forced to the sidelines by a torn cartilage in his left knee which will keep him benched for at least three weeks and maybe for the entire season, Gordon Miles, varsity halfback, was ordered to rest the leg by Trainer McManus in practice yesterday.

Miles had a year of varsity ball here and a year at Oregon and would have been playing his last season for the Nevada grid team.

Send the Brush home.

Aggie Club Issues Softball Challenge

A challenge to all other colleges on the University of Nevada campus to compete in a softball tournament was offered by the members of the Aggie club last night following a meeting of the organization.

The group has organized a softball team from within the membership of the club and will compete with any other team organized by the college of arts and science and college of engineering.

A social meeting with members of the Home Ec club is planned for next week. An entertainment committee to take care of the affair was appointed by President Mark Yori. Tony Primeaux will be chairman, assisted by Blaine Oakey, Dick Ronzone, Maurice Sheppard and Loyal Willis.

Yori presided at a meeting which decided to support the work of the Homecoming committee and will take charge of the dance which climaxes the annual celebration.

High Schools Open Practice Season

High school football teams swung into practice all over the state last week with the opening of the fall term. Prep football has a large following in this state and should give the fans plenty of sport this year.

Ely, co-holders of the state championship with Sparks, is football-minded. Coaches Geravis and Vander Meer have especially good material to work with. A large enrollment has given them high hopes of another banner year. Such material and new equipment, plus an enthusiastic backing, should put them up among the leaders again this year.

Fallon, always a tough contender for championship honors, will be no exception this year. The Melonpickers are always big and know their football. With a new grass field they should be one of the toughest teams in the state.

Reno, with eight of last year's squad returning, five of whom are letter men, is the "dark horse" this year. Coach Foster has an able assistant in "Bud" Beasley and with 51 boys out for the team should go places.

Sparks, which holds half-interest with Ely in the state championship, has 45 boys reporting to Coach Proctor Hug. Sparks is noted for her fast, tricky teams and this year should be no exception. Graduation took eight of her first string players and if these gaps can be filled Sparks will have another championship team.

Las Vegas has two new coaches this year and they have quite a reputation to uphold. Defeated for the first time in four years last season, it will be out to regain its lost laurels. Both of the new coaches, Harvey Stanford and Pat Diskin, hail from Texas, which should mean they will play a fast, open type of game.

Winnemucca, Lovelock and Carson are doubtful if they will be able to put teams on the field this year because of the lack of players. Elko will have a team this year for the first time in the history of the school. The sport has become so popular up there that they have decided to put a team on the field, and it should be a fairly strong one.

Horseshoe Tourney Starts This Week

Intramural horseshoes got under way this week with both the singles and doubles being run off.

Monday in singles, Kevin Callahan, Alpha Tau Omega, defeated Jim Betts, Lambda Chi Alpha, 21-18, 21-5; Bob Gernig, Lincoln Hall, downed Loyal Willis, Phi Sigma Kappa, 21-10, 21-9.

In doubles play Betts and Everett, Lambda Chi, defeated Callahan and Rebaleati, Alpha Tau Omega, 21-14, 21-10.

Tuesday in singles play, Frank Hickey, Sigma Phi Sigma, defeated Sherwin Garside, Independents, 21-2, 21-3; Ted Ashworth, Beta Kappa, defeated John Radovitch, Sigma Alpha Epsilon, 21-12, 14-21, 21-4; Bob Grenig, Lincoln Hall, defeated Blaine Oakley, Phi Sigma Kappa, 21-10, 21-15. In doubles Bob Grenig and Lee Guniach, Lincoln Hall, downed Sherwin Garside and John Franklin, Independents, 21-15, 21-11; Glen Hagedorn and Orv Tregellas, Sigma Alpha Epsilon, defeated Loyal Willis and Blaine Oakley, Phi Sigma Kappa, 21-6, 21-15.

Wednesday in singles Kevin Callahan, Alpha Tau Omega, downed Bob Dolton, Sigma Nu, 21-13, 21-10; Fritz Everett, Lambda Chi, defeated Bob Grenig, Lincoln Hall, 21-11, 21-5.

In doubles Paul Amarez and Jim Betts, Lambda Chi, defeated Frank Hickey and Harry Saddle, Sigma Phi Sigma, 21-17, 21-13. Lon Leighton and Bob Dolton, Sigma Nu, defeated Kevin Callahan and Wilson Rebaleati, Alpha Tau Omega, 17-21, 21-6, 21-10.

Thursday in singles Blaine Oakley, Phi Sigma Kappa, defeated Frank Hickey, Sigma Phi Sigma, 21-14, 21-7; Earl Brooks, Sigma Alpha Epsilon, downed Sherwin Garside, Independents, 21-9, 21-4.

In doubles Blaine Oakley and Shumacher, Phi Sigma Kappa, defeated Sherwin Garside and Bill Miller, Independents, 21-17, 4-21, 21-4.

Doubles
Sept. 28-4 p. m., Phi Sig Kappa vs. Lambda Chi; 5 p. m., Ind vs. Beta Kappa.

Sept. 29-4 p. m., L. Hall vs. S. A. E.; 5 p. m., A. T. O. vs. Phi Sig Kappa.
Sept. 30-4 p. m., Sigma Nu vs. Ind.; 5 p. m., Beta Kappa vs. Sig Phi Sig.
Oct. 1-4 p. m., S. A. E. vs. Lambda Chi; 5 p. m., Phi Sig Kappa vs. Sigma Nu.

Singles
Sept. 28-4 p. m., S. A. E. vs. A. T. O.; 5 p. m., Ind. vs. Phi Sig Kappa.
Sept. 29-4 p. m., Sig Phi Sig vs. Beta Kappa; 5 p. m., Lambda Chi vs. S. A. E.
Sept. 30-4 p. m., L. Hall vs. Ind.; 5 p. m., Phi Sig Kappa vs. Sigma Nu.
Oct. 1-4 p. m., Beta Kappa vs. A. T. O.; 5 p. m., S. A. E. vs. L. Hall.

Frats Compete In Net Singles

With two matches run off every afternoon of this week on the university courts, the intra-mural tennis singles contest continued for the second week of play.

Results were: Ed Hughes, P.S.K., outpointed Gordon MacDonald, Lincoln Hall, 6-3, 4-6, 6-2; Beta Kappa forfeited to Sigma Nu; Frank Margraevs, Ind., defeated Ross Ashley, S.A.E.; John Etchemendy, Tau, won from Bob Leaver, L.C.A., 6-2, 6-2; Bob Herz, S.N., defeated Ed Hughes, Phi Sig; Frank Goodner, S.P.S., won from Gordon MacDonald, Lincoln Hall; Etchemendy, Tau, defeated Gordon MacDonald, 6-1, 6-1; Beta Kappa and Lambda Chi players did not run on their scheduled game.

First Radio Rally Set for Thursday

Radio talks by Doug Dashiell and Coach Guy P. Wicks of Southern Branch of Idaho will feature the first radio rally, to be held October 1, in the auditorium of the State building.

According to Louis Weiner, yell leader, the rally will feature a torchlight parade through the business district, beginning at Ninth and Virginia streets and culminating at the State building.

"The parade will be led by the university band, consisting of 55 members, led by Reuben Tuttle," Weiner stated. "We will make stops at various intersections on the way to the State building."

Members of the rally committee working out the program are: Louis Weiner, chairman; Oliver Aymar, Kenneth Powell, Charles Turner, Murray Moler, Reuben Tuttle and Sam Zackheim.

A.T.O., Lambda Chi Tied in Volleyball

With two wins and no losses, Lambda Chi Alpha and A.T.O. hold the lead in the intra-mural volleyball tourney at the end of the fourth day of competition.

The play was featured by two hard-fought, three-game contests in which the S.A.E. team dropped close decisions to Sigma Nu, 24-22, 19-21, 21-15, and to Sigma Phi Sigma, 21-18, 4-21, 21-19.

Results of other games this week are: A.T.O. defeated Lincoln Hall, 21-2, 21-12.
Beta Kappa defeated S.P.S., 21-19, 21-0.

Lambda Chi defeated Phi Sigma Kappa, 21-6, 21-5.
Lincoln Hall defeated Independents, 21-15, 21-14.

A.T.O. defeated Beta Kappa, 21-16, 21-12.
Lambda Chi defeated Sigma Nu, 21-5, 21-4.

Sept. 28-4 p. m., Lambda Chi vs. L. Hall; 5 p. m., Sigma Nu vs. Sig Phi Sig.

Sept. 29-4 p. m., S. A. E. vs. Phi Sig; 5 p. m., A. T. O. vs. Lambda Chi.

Sept. 30-4 p. m., Beta Kappa vs. Sigma Nu; 5 p. m., Sig Phi Sig vs. Ind.
Oct. 1-4 p. m., Phi Sig Kappa vs. L. Hall; 5 p. m., Lambda Chi vs. Beta Kappa.

Karstens Honored At Blue Key Meet

Future Success of Socials Will Be Dependent on Students, Members Decide

Honoring Kenneth Karstens, fellow in chemistry and a member of Blue Key fraternity at Hope college, Holland, Mich., the members of Blue Key met for the second time this semester at a dinner meeting Tuesday evening at the S. A. E. house.

Other guests at the meeting included Dean Reuben C. Thompson, Coach Douglas Dashiell and Assistant Coach Jim Coleman.

"The future success of the social hours and the question of further weekly affairs depends entirely upon the students," Cletus Libbey, president, stated after the meeting. "Blue Key can't make the men, and the future of the socials depends entirely upon the action of the men."

A method of breaking the stag line and keeping the single end off the center of the floor was discussed after Dean Thompson had suggested several ways of handling such matters.

Participation of the group in the Wolves' Frolic and Homecoming Day plans was talked about. Full support was again pledged to Miller for sale of tickets. Kenneth Powell was placed in charge of advanced sale of tickets for the Frolic.

"Every member not out for football is expected to sell his share of tickets for the Frolic," Libbey announced. He also stated that the members will work in connection with Miller and Bob Creps on the sale of tickets.

Ushers for the annual stage production were appointed from within the group. More definite action will be taken at the next meeting on September 29 in providing ushers for the evening.

After talking this week with Charles Gorman, comptroller of the university, Bert Cummings will make final arrangements for the purchase of the library clock. It is hoped that the installation of the clock will be completed within the next two weeks.

Subject Chosen For High School Debate Tourney

Selection of the resolution to be debated at the annual high school debate tournament the first week of April was made last week by the National University Extension association.

According to Professor Robert Griffin, debate coach in charge of the tournament for Nevada, the question to be debated this year will be, "Resolved, that all electric utilities should be governmentally owned and operated."

"This definition of electric utilities is that it shall contain all those phases of the electrical industry which include the production and distribution of electrical power for either home or industrial use," Griffin said.

"This topic is of great national interest both from a political and economic angle. A complete bibliography of the subject as well as all other information regarding the question and the tournament will be sent the contestants in the near future."

Last year's championship of the state was won by Reno high school. The proposition debated was socialized medicine.

Appendicitis Attack Seizes Frosh Woman

While studying in her room at Manzanita hall, Miss Maryem Morris was seized by an attack of appendicitis Monday night.

Miss Morris' brothers, Ross, Tom and Guy, were notified of her condition and she was rushed to St. Mary's hospital about 10 o'clock, where she was operated upon immediately. Her condition is reported improved.

Military Classes To Be Governed By New System

Demerits Will Be Given Out by Isbell, Regulated by 'Common Sense' Rule

More satisfactory methods of administering discipline and of grading have been introduced into the Nevada R. O. T. C. classes this year, according to Captain Henry Isbell.

Demerits were formerly applied by ironbound rule, regardless of the offense, and regardless of whether or not there were logical excuses for the offense. Under the new regulation Captain Isbell, as commandant of cadets, can mete out punishment as he sees fit. The first offense will ordinarily be handled by admonition, the second by reprimand and if a third offense should occur, by demerit. Each succeeding offense will double previous demerits, Captain Isbell explained. Offenses include tardiness, absence, inattention during drill and carelessness in quarters.

In the system of grading in R. O. T. C. classes this year the average will be taken of marks received in tests, examinations and daily recitations separately for each subject. The final mark for each subject will then be "weighted" in the proportion that the number of hours devoted to the subject bears to the total hours included in the course. This grade, averaged with the attendance and discipline grade, will be the final standing of the student.

Formerly points were deducted from the student's attendance record whether or not the absences were made up. Under the new regulations points will not be deducted for excused absences.

Greater emphasis will be placed this year on the observance of the forms and principles of military courtesy. R. O. T. C. students will be urged to cooperate with university authorities in maintaining the neatness and cleanliness of the university grounds.

The new regulations governing the Nevada R. O. T. C. unit are printed in the "Regulations for Department of Military Science and Tactics" issued recently by Colonel William L. Reed, with the approval of Dr. Walter E. Clark.

Code Class Offered At Student Request

At the request of several members of the student body Professor Irving J. Sandorf is again conducting a code class in the communications laboratory of the Electrical Engineering building.

"Instruction is being given in the fundamentals of both sending and receiving of wireless messages," Professor Sandorf stated.

"The class meets every Thursday at 4 p. m. and anyone interested in acquiring a knowledge of wireless telegraphy is welcome. No credit will be given for the course as it is composed only of volunteers," he said.

Mining Museum Given Specimens

During the summer a specimen of dumortierite from the only known deposit in the world of any commercial value, and two specimens of tungsten from the largest mine in the world, were received by the Mackay museum.

The deposit of dumortierite, which is a greenish-blue ore composed of basic silicate of aluminum, is located in what is known as the Gypsy Queen canyon, about 50 miles northeast of Lovelock. This specimen was presented to the Mackay museum by the Champion Porcelain company.

Dumortierite from this deposit is shipped to Detroit, Mich., where it is used in the manufacture of spark plugs for airplanes and automobiles.

Ott F. Heizer, a mining student at the university 30 years ago and now general manager of the Nevada-Massachusetts mine, presented the tungsten to the museum.

G. O. Pledgelings Organize on Hill

Organization of a Young Republican Club on the campus became a reality last week with the election of officers and directors of the "Landon for President Club."

Charles Doherty was elected chairman, Kenneth Tordford vice-chairman, Marshall Creel secretary, and Norri-son Beatty treasurer. A board of directors consisting of Cletus Libby, James McNeely and Sias Ross, Jr., was appointed to guide the destinies of the organization.

"An intensive campaign is scheduled by the organization to unite all young republicans on the campus," Chairman Doherty stated.

MEDAL GIVEN MUSEUM

A medal presented by the Pacific Coast Pioneers to the national guard of Virginia City was given to the Mackay School of Mines museum recently.

The medal was the gift of Ferdinand Beck of Virginia City.

Birds sin to proclaim possession of a foraging country about their nests.

Autumn Equinox Marks Beginning Of Fall Weather

Fall, with its attendant chilly mornings, is here officially, but the students don't feel it. At least the evidence of coatless students with rolled and short sleeves, light clothing and a constant rise in temperatures since the beginning of the week are proof enough that fall—or autumn—is not here yet, even though the calendar insists it is.

As a matter of calendar fact, fall was inaugurated and summer a matter of the past Tuesday evening at the beginning of the autumnal equinox, although the weather man did not justify the calendar maker's insistence. And, what's more, warm weather will continue for some time, at least until the football season gets well under way, so the weather prophets predict.

Disregarding the feelings of the students and the fact that the steam has been turned on in the buildings while summer weather prevails outside, autumn is showing its colors in the motley of striking shades of golden brown, scarlet red, yellow and a mixture of green in the foliage about the campus.

The noise of the dead vari-colored leaves on the streets as they are crushed underfoot reminds the students not only that fall is here but that winter is not far behind.

An increase of more than 400 students is expected on the Los Angeles campus of the University of California, when registration opens there the last of this week. Last fall the registration reached 6362; for the year it was 7254.

U. N. Instrument Records Tremblers

Vincent P. Gianella, professor of geology at the University of Nevada, stated that records of an earthquake which shook parts of central Nevada around Winnemucca were shown on the U. of N. seismograph.

First quake was between 10:20 and 11 o'clock Sunday and the second between 11:30 and 11:40. The cause, Gianella stated, was probably a movement in Pleasant Valley fault, which caused severe quakes in 1915.

Emily Ross Recovers From Appendectomy

Miss Emily Ross, instructor in the mathematics department, returned to her home Sunday to recuperate from an appendicitis operation.

She is a graduate of Stanford university, where she was active in social and scholastic affairs and chosen a member of Phi Beta Kappa, national scholastic honorary society.

Miss Ross received her master's degree at the University of Nevada.

The next thing we expect to hear about is a professional wrestler who can write his name all by himself.

Former Brush Editor With U. P. in Reno

William F. McMenamin, 1933-34 editor of the Sagebrush and graduate of the University of Nevada in 1935, is now in charge of the United Press bureau in Reno, while Ernest Foster, United Press state editor, is absent on a three weeks' vacation.

"Scoop" McMenamin, who was prominent in student activities while on the campus, was transferred to Reno from Salt Lake City, where he has been stationed for nearly a year.

One of his most notable achievements while there was an exclusive interview which was printed in papers from coast to coast, with Amelia Earhart, noted woman flyer and first aviatrix to make a solo flight across the Atlantic.

After his three weeks' reportorial stay here McMenamin will be transferred to the Pacific coast division of the news service which is located in Los Angeles.

Chief William Loane West after a lapse of nineteen years has returned to complete his college course and play football at the age of 40.

American Chemists Will Meet at U. N.

The Sacramento section of the American Chemical society will convene on the University of Nevada campus tomorrow, Dr. George W. Sears, department head, has announced.

Principal speaker at the affair will be R. C. Shuey of the Bacalite corporation, who will talk on plastics under the head of "Depression, Colloidally Dispersed."

"The meeting," Sears said, "will be at 8 o'clock in room 250, Mackay Science hall. The public is invited."

YOUR WATCH NEEDS THIS EXPERT CARE

It's our business, yes... has been for a long time. But it's our pleasure too. We like to keep good timepieces in fine fettle. So we do right by your treasured watch, whatever make it is. By the way, when was your watch last oiled and inspected? Think hard—has it been taken care of this year? Funny how that job is left undone so long. Better drop in and we'll tend to it today. Prices to fit present times of course.

Chesterfield Wins ...for tobacco cut right to smoke right There's a right way to carve a chicken or slice a ham. And there's a right way to cut tobacco. When the tobacco in your cigarette is cut the way it is in Chesterfield... right width and right length ... it burns even and smooth... it smokes better.
