

Wolf Pack Quintet Will Meet B. Y. U. In 2 Game Series

Phillips, Glusovich, De La Mare, Kolbus and Lansdon May Start Tonight's Contest

Coleman Assists Martie Coaching 1937 Team; Clayton Phillips Named Game Captain

Meeting the strong Brigham Young university basketball quintet on the local hardwoods, the University of Nevada Wolves will be put to their first acid test in the current season with the intercollegiate curtain-raiser tonight in the university gym in the first of a two-game series.

Opening the season a little shaky, the Wolves lost their first encounter to the Reno Printers by a score of 23-21. Tuesday they got into form and swamped the Virginia City Miners 37-18, showing promise of developing into a fast stepping team by mid-season.

Experienced Five
J. E. "Doc" Martie, veteran Silver and Blue coach, will start his most experienced five against the barnstorming B. Y. U. outfit and will substitute freely during the game to test the caliber of his players.

In Far Western conference engagements the Utah team won three straight, taking two games over Fresno State by 45-44 and 38-30. In their first game with the Cal Aggies they won easily, 38-28.

Martie will use four lettermen and one junior college transfer as his starting lineup.

Phillips Captain
Clayton Phillips, serving his fourth year on the Nevada squad, will hold down the pivot position and has been appointed by Martie as game captain. Phillips has lost some of his offensive prowess, but has improved his defensive game, and works smoothly in the "merry-go-round" style adopted by Martie.

Forwards
In the forward positions Dick Kolbus and Whit De La Mare or John "Ham" Robb will see starting action.
At guards Martie will probably start Oly Glusovich and Al Lansdon. Glusovich's game has improved readily since last year and should prove to be an important cog in the Pack's attack. Lansdon is also in poor physical condition but has promise of regaining the form displayed in last year's contests. On offensive Lansdon is a real sharpshooter and has the knack of hitting the hoop from near the center of the court.

Reserves
For reserves Martie can rely upon Joe Radetich at the guard position along with Elmer Bawden. Radetich has been showing a world of promise and should be able to give the veterans a run for the starting position in future games. Bawden, sharpshooter of the junior varsity, garnered 8 points to hold second high scorer of the university team in their game with the Miners.

Jack Elliott, Don Leighton, Ray Walden, Dean Croft and Sam Basta will probably see action in tonight's game, all of them showing improvement during the practice sessions.

Other men who will probably see action are Carig Moore, Sam Stark, Walt Powers and Blake Speers.
Coleman Assistant
Assisting Martie this year as assistant coach is Jim Coleman, who also assisted Doug Dashiell in football last fall.

Little word has been received about the Brigham Young team except that the five which lost the Rocky Mountain conference title by a few points last year is almost intact this year.

Dashiell Confined In Bed With Flu

Doug Dashiell, coach of the University of Nevada football team, was thrown for a five day loss by flu which nearly brought about pneumonia.

Dashiell has been confined to his bed during the past week and is expected to be on his feet today. He will return to school to resume classes some time next week.

He was recently mentioned on a Pacific coast poll as having done the best coaching job of any coach during the 1936 season.

Eilene Martin Wed To Kenneth Cochran

Eilene Martin, graduate of the University of Nevada, and Kenneth Cochran were married December 20 at St. Thomas Aquinas cathedral.

Miss Martin, who was a member of Kappa Alpha Theta, has been teaching in Pioche. She is the daughter of Mrs. William Martin.

Cochran, the son of Mr. and Mrs. Fred Cochran of Mt. Vernon, O., is a graduate of Ohio State university. The couple will live in Pioche, where Cochran is employed as a mining engineer with the Combined Metal Reduction company.

Water Contents In Snow Tested By Dr. Church

Christmas holidays afforded Dr. J. E. Church, head of the department of classics, an opportunity to work on snow tests and precipitation records, a field in which he has become internationally recognized.

Basing the water content of the snow on tests made at Tahoe City, Dr. Church stated that he felt that one-fifth of a normal winter's supply of snow had fallen in the mountains which drain into the Truckee river. At the time of the tests, the depth of snow at Tahoe City was 33 inches and showed a water content of some four inches.

Records of snow depth and precipitation at Soda Springs indicated that the amount of snow there is about one-tenth of the water's normal for that point. In the absence of tests of the snow for water content, Dr. Church stated that the tests at Tahoe City would probably more nearly reflect conditions in the mountains.

The usual amount of snow on January 1 is about one-fourth of the full winter's normal, expressed in terms of water content. The tests taken at Tahoe City showed only 20 per cent, which is regarded close to the amount expected this time of the year.

Dr. Ethan Colton Will Speak Here Thursday Evening

Noted World Affairs Lecturer Returns to Nevada Campus By Popular Demand

Recently Returned to America Following 15 Weeks' Study of European Conditions

By LESLIE GRAY

Dr. Ethan Colton, nationally known authority on world affairs and just returned from a 15 weeks' study of European conditions, will deliver a lecture to students and townpeople at 8 o'clock in the Education auditorium Thursday.

Dr. Colton's topic will be, "Behind the European Headlines," with special emphasis upon the Spanish situation and its implications upon world affairs. He spoke here last fall and is being brought back by popular demand, according to Dr. Harold N. Brown, head of the committee on assemblies and lecturers for the university.

His conversational style of speaking, his clear, concise and direct method of handling his subject and his complete understanding of the material, are responsible for his popularity with audiences throughout the country.

Dr. Colton spoke last February on the chances of peace in Europe, asserting that the prevailing attitude across seas was toward aversion to war. It will be interesting to note his present opinions with the current war cloud complications throughout Europe centered around the Spanish revolution.

The lecturer has made an intensive study of social and political Europe. Having visited 39 countries in his 16 trips abroad, he has had ample opportunity to keep his finger on the pulse of the swiftly moving events in Europe. His international reputation for open-mindedness and ability give him access to the leaders of all nations.

He represents the national and international Y. M. C. A. and is missionary lecturer of New Jersey. Besides lecturing on vital current issues he is the author of several books, such as "The XYZ of Communism," "Four Patterns of Revolution" and "Why Hitler Lasts."

He spent the entire month of December at Portland, Ore., conducting a public forum under the auspices of the United States bureau of education. There are ten such forums being conducted in the country.

He conducted forums at Seattle and Salt Lake City and spoke at Stanford university.

NOTICES

Dean Margaret E. Mack will meet with the social calendar committee Tuesday, January 12, at 4 p. m. in the big lecture room in the Agriculture building. All groups wishing to schedule dates are requested to send a representative.

A Sheaffer fountain pen was left on my desk during registration Monday. The owner may have it by calling in my office and identifying the pen.
Louise M. Sissa, Registrar.

All new sittings and resittings for Artemisia pictures must be completed by January 13. This applies to new fraternity and sorority pledges and to those who intend to affiliate with houses this semester.
Genevieve Hansen, Artemisia Editor.

There will be a meeting of the A. S. U. N. senate at 7:30 Wednesday evening.
Bill Cashill.

Totals Show 822 End Registration In Opening Week

Proportional Division by Class; Sexes Remain Nearly Same as Last Semester

Present Figure Tops Last Year Mark by 44 Cards Issued for Same Period

Registration figures for the spring semester so far show a total of 911 cards taken out, topping this figure for the same time last year by 44.

Of the 911, only 822 cards have been completed as compared to 812 completed cards for the same period one year ago. The difference is probably due to the cold weather this semester, which has discouraged any tendency on the part of students to rush through and complete the process in one day.

The division of the 822 completed cards into classes is about in proportion to the division of the registration for the fall semester.

Freshmen have completed 342 cards, sophomores 194, juniors 134, seniors 87, graduates 88, unclassified 34, specials 9. Men have accounted for 503 of the completed cards and women for 319.

Panhellenic Dance Tentatively Fixed For This Month

Although a definite date will not be selected until the social calendar committee meets next Tuesday, Panhellenic members indicated this week that their annual reverse dance will certainly be held this month.

An attempt will be made to secure Saturday, January 23, for the dance. Norma Jean Mills, Panhellenic president, said.

A unique theme is promised the campus by Elizabeth Juniper, Panhellenic member in charge of the dance committee.

Walter Christian Funeral Is Held

Walter Christian, 24 year old University of Nevada graduate with the class of '36, was killed by a 22 rifle which was discharged accidentally early last Monday at his home in Pioche.

The accident occurred in the bedroom of the youth, whose body was found by his mother after she was attracted to his door by the whining and scratching of the family dog. The mother is said to have heard the shot but attributed the noise to some work which was being done on the house.

Death is said to have occurred instantaneously.

Christian had returned to Pioche for the holidays from Fernley, where he was employed in the Fernley high school and had been acting as basketball coach for the institution.

Born in Nevada 24 years ago, "Chris," as he was called by his friends, was one of the most popular students on the hill during the four years of his college career. A member of Lambda Chi Alpha fraternity, he was chosen as pitcher of the all-star baseball team for several years. He was also prominent on the junior varsity basketball team.

Christian was affiliated with the Sun-downers, and served as a member of the sophomore hop committee. As an active member of Campus Players he played several important roles in "Ghosts" and "As You Like It," university plays.

Christian is mourned by his mother, two sisters and two brothers, residents of Pioche.

Funeral services were held Wednesday in Masonic cemetery at Pioche.

Grad Is Married During Holidays

During the holiday season Miss Clara Tomlin of Hawthorne and Richard Link of Los Angeles were married in Hawthorne. Mrs. Link was graduated from the university in 1931 and since that time has attended the University of Southern California and studied dramatics at the Pasadena Community playhouse. For the past few years she was employed in the Boulder City grammar school.

The couple will make their home in southern California after a honeymoon in the northern section of that state.

Barbara Johnstone, James Paterson Wed

Miss Barbara Johnstone and James Paterson were married at Lovelock October 3, it was announced recently by Mrs. Roy Johnstone, mother of the bride.

Miss Johnstone is a graduate of Reno high school and a resident of Reno. Paterson is the son of Mr. and Mrs. A. C. Paterson of Caliente, and attended the University of Nevada last semester where he was pledged to Sigma Alpha Epsilon fraternity.

Social Committee To Name Dates Early This Week

Representatives from all campus organizations desiring to give any social functions during the spring semester were requested to meet with the social calendar committee by Dean Margaret E. Mack this week.

Set for Tuesday at 4 o'clock in the main lecture room of the Agriculture building, the meeting will be used to draw dates for all social doings and also to explain some new regulations to be enforced this semester, Mack said.

No tentative dates for fraternity and sorority dances will be granted for Saturdays under the new scheme. If the Saturday date remains open at the time the house desires they may, upon approval of Dean Mack, hold their dance upon that date.

Rifle Competition For Coed Groups Starts Next Week

Strong Teams Entered in Intra-mural Matches; Junior Class Strong With 5 Veterans

Women's interclass and intramural rifle matches will start Tuesday, according to Bette Naismith, manager of the sport.

Pi Beta Phi, Gamma Phi Beta, Delta Delta Delta and Kappa Alpha Theta will enter teams in the intramural shoot. Pi Beta Phi, last year's winner, is particularly strong this year, led by Gertrude Polander, high point woman last year. Gamma Phi Beta, with Bette Naismith, manager, shooting for them, will prove serious competition for the rifle cup. Kappa Alpha Theta will build their team around Elizabeth Osborn, last year's rifle manager.

Members of last year's varsity will shoot this year. Betty Inda, Jessie Sellman and Gertrude Polander will represent Pi Beta Phi, Laura Jarvis and Elizabeth Osborn Kappa Alpha Theta and Bette Naismith and Frances Smith Gamma Phi Beta.

Class Competition
Miss Naismith will appoint class managers for the interclass meet Tuesday. The junior class is particularly strong with five of last year's varsity shooting for it. The sophomore class, led by Betty Inda, will probably give the juniors their most serious competition.

An unusually large number of freshman women have turned out for rifle this year and may make the veterans work for their wins.

The Nevada women will shoot matches with approximately thirty-five universities throughout the United States, Miss Naismith has announced.

The varsity will be chosen after all matches have been shot.

Fernley Quintet Meets Freshmen Tomorrow Night

Fresh hoopers will open their 1937 basketball schedule tonight when they play an intersquad contest preliminary to the Brigham Young-Nevada tilt. Tomorrow night they meet a strong contingent from Fernley high school in the local gym.

According to Coach "Chet" Scranion the Cubs are in fairly good shape and should beat "Tip" Whitehead's Fernley five. This will be the initial game between the two schools.

With the beginning of the spring semester many new players are reporting regularly and have added new strength to the squad, Scranion said.

Olinto Barsanti, three-year letterman from Tonopah, has recovered from a foot injury and is being worked at the forward position.

Toddy Sorenson, former Sparks star, is reporting regularly and shows possibilities.

From Battle Mountain high school squad of last year are Kenneberg, Smith and Mentine, who are possible starters.

Although Scranion has not definitely decided on a starting team for the Fernley contest, he will probably pick a team from Ferris, Du Pratt, Earl Smith, guards; Thompson, Kenneberg, center; Fife and Cameron, Barsanti, Herz as forwards. The entire freshman squad will probably see action, Scranion stated.

Ramser - McDow Wedding Announced

Announcement of the marriage of Miss Willa Ramser of Susanville and Douglas McDow, former student of the university, was made last week.

The couple were married at Carson City October 26. McDow continued his studies on the campus, finished his football season and his term as president of Alpha Tau Omega fraternity, meanwhile keeping the marriage secret.

Mr. and Mrs. McDow will reside in Susanville, where McDow is employed by the Doyle Motor company.

Nevada to Meet Six Major Colleges At Ski Tourney

California, Stanford, St. Mary's, Sacramento J. C. and Cal Aggies to Enter

Poulsen, Arrouge, Rose, Fanning, Edmunds, McMeekin and Herz Are Nevada Team

Competing against major coast colleges, the University of Nevada Ski club will be hosts in the first intercollegiate ski meet of the year.

Of eleven teams invited to participate in the meet California, Stanford, Sacramento Junior college, Cal Aggies and St. Mary's have definitely decided to enter teams, while U. C. L. A. and Whittier have tentative plans to enter.

The Nevada team in its second year is built around returning veterans of the Silver and Blue ski trails Wayne Poulsen, Don Fanning and James Herz. Team strength has been greatly increased with the addition of Martin Arrouge, Ed Rose, Earl Edmunds and Don McMeekin.

Poulsen and Arrouge will form the bulk of the Nevada team, both being proficient in the slalom and downhill races and in jumping. Poulsen last year annexed the class B jumping championship of California, while Arrouge was listed as third ranking skier on the Pacific coast.

Ed Rose, lost to last year's team, will hold third spot on the Nevada team, followed closely by Earl Edmunds, veteran of the snow trails, who won Class C jumping championship twice and garnered more points than any other contestant in the Cisco meet last year.

Fanning, Herz and McMeekin are expected to hold their own in the cross country and downhill races.

Following team performances members of the university ski club are urged to make the downhill run. Times will be taken and there is a possibility that they might qualify for the Yosemite meet.

The Nevada team has been working out on the Auburn Ski club course during the past weeks under the direction of Roy and Halvor Mikkelsen. Roy Mikkelsen holds the distinction of twice annexing the national class A jumping championship. He also captained the United States Olympic ski team last year.

Events for the two day meet have been scheduled to allow sufficient time for many performances. Saturday afternoon at 1 o'clock the cross country race will start. Sunday's program includes the downhill race at 10:30, jumping at 1:00 and the slalom immediately following the jumping.

This will be the first intercollegiate meet in which Nevada has participated that jumping has been held.

In conjunction with the meet the University of Nevada Ski club will also hold its first outing, with many members of the club planning on attending.

Officials for the meet will be: Joel Hilderbrand, head of the chemistry department of the University of California and manager of the Olympic ski team last year; Wendell Robie, vice-president of the American Ski association, a member of the Olympic committee, former president of the Auburn Ski club and former president of the California Ski association, and Dr. Frank Howard of San Rafael.

Women's Faculty Holds Novelty Party

Under the direction of the members of the Women's Faculty Club, a novelty party was given for the professors, instructors and guests. The get-together was held in the university gymnasium Wednesday night at 6 o'clock.

A large gastronomic coffee pot, presented by Mrs. Walter E. Clark, was the door prize, which was won by the members of the agriculture experiment station.

Box lunches were auctioned by Professors S. E. Dotan, M. W. Deming and F. W. Truener. Songs, rhymes and tunes on musical instruments were the only bids accepted.

Sellman-Gravelle Nuptials Observed

Miss Leona Sellman, daughter of Mr. and Mrs. J. J. Sellman, became the bride of William Gravelle at a quiet ceremony December 28 at the Sellman home on North Virginia street.

Miss Sellman, who attended the university several years ago, has been employed in the bureau of reclamation at Boulder City. She is affiliated with Pi Beta Phi sorority.

Gravelle is the son of United States Marshal and Mrs. Harry Gravelle of Boulder City. He attended Arizona State college and later the University of Nevada, where he became a member of Sigma Phi Sigma fraternity.

The couple will make their home in Boulder City, where Gravelle is connected with the department of the interior.

U. N. Graduates Named Teachers In State Schools

Two Christmas graduates and five alumni were appointed to vacancies in Nevada schools during the holidays, according to Dean John W. Hall, head of the school of education.

Christmas graduates who have accepted positions are Ruth Lyons, who will teach the intermediate grades in Verdi, and Paul Heilmann, who will do departmental work in the Ely elementary schools.

Blanche Lucas will also teach departmental work in Boulder City. She formerly taught in the Minden schools and was graduated in 1934. Her place at Minden will be filled by Jane Uhart, a normal graduate who has been teaching in Franktown.

The vacancy in the Franktown school will be filled by Mrs. LaVerne Park, who graduated from the normal school at Christmas.

Eunice Caton will teach the intermediate grades in Kimberly. She graduated last spring and has been living at home since that time.

Filling a vacancy in the Sparks schools will be Marianne Severne '35.

Informal Rushing With Few Rules Planned by Coeds

Several Houses Attempt To Do Away With All Restrictions; Few New Rushes

Rushing Begins Monday, With Preferential Dinner, Pledging Scheduled for Saturday

Sorority rushing will be carried on under an informal plan with very few rules, according to the decision made by Panhellenic council members at their first meet of the semester Tuesday.

With probably not more than six women being rushed, this decision came after an attempt on the part of several houses to do away with all rules and rush under the same type of system used by fraternities at Nevada.

Enforced Rules
According to Norma Jean Mills, Greek council president, the only rules enforced will be the double-dating and off-campus rushing regulations and a limit on the number of times each house may entertain a rushee.

Each rushee may be a guest at either luncheon or dinner at each house two times, beginning next Monday and lasting until Friday luncheon is over. Silence will begin at 1:30 immediately following lunch and will last until 1:30 Saturday when preference lists will be announced by Mrs. A. E. Hill, Panhellenic lawyer. No dating will be allowed during the silence period.

Dinner engagements will be limited to two hours, from 6 to 8, while luncheons may not start before 12 and must end by 1:30.

Houses indicated that pledgings and preferential dinners will probably take place Saturday afternoon and evening, immediately following the acceptance of bids as released by Mrs. Hill.

Hansen Announces Picture Schedules

Complete schedules of sittings for pictures for the 1937 Artemisia to be taken by Goodner's studio this semester were announced by Genevieve Hansen, editor of the book, this week.

Students dissatisfied with pictures taken last semester may have new sittings from January 4 to 13, at which time students entering the university this semester will also be photographed.

Departmental heads will be photographed during the week of January 13-20, while graduating seniors will sit for special pictures between January 29 and February 6.

Organizations such as Blue Key, Coffin and Keys, Scabbard and Blade, Y. W. C. A., Gothic N and Sagens will have their pictures taken between February 8 and 20, Miss Hansen said.

Recipients Named For Scholarships

Three Rose Seigler Mathews scholarship awards have been announced for the spring semester by J. A. Carpenter, chairman of the university scholarship committee, in keeping with the desires of the donor, Isaac R. Mathews of Reno.

Mary Mathews, junior student, was named for the \$100 scholarship, and Melva Lauritzen and Ned Westover, juniors, were designated as recipients of \$50 each.

Notice of the awards was sent to the recipients today by the president's office.

Coleman Presents Football Awards At Student Meet

Gamma Phi Receive Women's Scholarship Plaque; Lincoln Hall Given Men's Trophy

A. S. U. N. News Service Bureau Amendment Presented; Martie Speaks of Hoop Squad

Tom Morris, senior member of the football team, received an athletic blanket this morning at the A. S. U. N. meeting for outstanding service on the team. Other seniors who received final awards in the form of blankets were Roy Caldwell, Bill Cashill and Bud Showalter.

Eighteen other members of the team earned sweaters for their services. They were John Oht, Harry Bradley, Sam Basta, John Robb, Harold St. Clair, Hollis McKinnon, Pat Eaton, Bill Grubbs, Jim Twombly, Doug McDow, Joe Lommoni, Paul Walker, Neil Campbell, Gordon Miles, John Gustafson, Joe Cleary, Allen Lansdon and Louis Nash. The presentations were made by Jim Coleman, assistant coach, in the absence of Doug Dashiell. Charles Wheeler, manager of the 1936 team, also received a sweater.

Lincoln hall received the Thompson trophy for scholarship. Dean R. C. Thompson made the presentation. Guy Morris received the trophy for the hall.

Amendment
An amendment, presented by John Brackett, to provide in the constitution for the University of Nevada news service bureau, was read at the meeting. This amendment will provide for a director to be appointed by a majority vote of the publications board.

Under the proposed plan the director will receive a salary of \$20 a month for the school year and will choose his own assistants.

This amendment will make the news bureau the official publicity agent of the university and will keep the name of the school before all high schools in the state.

Martie Speaks
In preparation for the basketball games this weekend with Brigham Young university, Coach "Doc" Martie gave a short talk. He believes that the team this year is the best since 1932, using as a basis for his prediction the evidences of spirit shown by members of the team and the students.

Reuben Tuttle and Joe Cleary led the students in community singing and the band played several numbers. The meeting was concluded by the singing of "U. of N. So Gay."

Aviation Training Will Be Offered To U. N. Students

Two Years of College Work Required of Applicants; First Training Begins May 1

Opportunities for college men to obtain training in aviation in preparation for careers in either military or civil aeronautics are set forth in announcements recently received by the military department.

The announcements, issued by both the army and the navy, call for applicants who have completed two years of college work or its equivalent in the form of a written examination covering the same material. Applicants for army training must be unmarried male citizens between the ages of 20 and 26. In the case of the navy the age limits are 20 and 28 years.

To relieve applicants of the necessity of traveling, at their own expense, to a naval base to undergo physical examinations, the navy will send an officer and a medical representative to Reno sometime in the latter part of February, dates to be arranged in conjunction with the military department.

The first training period, for a group of seven men, will begin May 1. Applicants for admission to this group must apply before March 1.

Full details and application blanks may be obtained at the offices of the military department.

Traner Will Sit In On Pension Conclave

Dr. F. W. Traner, head of the secondary department of education, will sit in on a discussion of the teachers' pension system committee in Carson City Saturday.

A revision in the present plans is necessary to take care of the number of teachers applying for pensions, Dr. Traner said. While he is not a member of the committee he has been asked to be present at the discussion on the problem.

WE HEREBY PROCLAIM

As the Sagebrush rounds the last corner and starts down the home stretch under the present regime, it declares its policies to be the furtherance of the welfare of the most people on the Nevada campus. In the past the paper has, erroneously perhaps, attempted to please everyone—tried to give that which it felt would be the thing which everybody wanted—and it found out that the policy would not work.

Consequently, the turn of the half-way mark in publication also brings on a new era in the policy. Wherever possible, the Sagebrush will continue to remain aloof from petty squabbles, but when a definite stand is called for this paper shall weigh all the evidence available, gather all the facts to which it may lay its hands, and then take its stand—no matter who is favored or who is to be hurt.

As was stated before, we are aware that no matter what policy we follow we must face the displeasure of some. We are not in college to make enemies, but as "servants of the public" our duty is to the A. S. U. N. as a whole and not a few isolated individuals or groups. If we follow out this policy we are bound to make enemies, but we shall arrive at the close of this year a great many more friends. The end, then, is worth the means.

The columns of this paper shall be always open to students wishing to write sane and constructive letters. The editor only asks that they be signed, although they will be printed anonymously if desired.

As formerly, all criticisms regarding this paper are not only welcome but are solicited in the belief that they will ultimately lead to a better, more comprehensive publication.

A MEETINGS CALENDAR

Some time ago the Sagebrush had occasion to put into words an idea advanced by a few of the leading students on the campus to the effect that there should be some sort of a meeting schedule for campus organizations which would eliminate conflicting gatherings. At the time there was a great deal of favorable comment from campusites, but now the idea seems to have been forgotten—or relegated to the limbo of "good idea, but so what?"

In cases where conflicts arise, the student who happens to belong to two or more organizations meeting at any specified time must make a choice between them, with the result his interest in those he neglects must lag.

In order to meet the contingencies caused by the growth of organization interests on the campus, something must be done to remove the congestion, and the Sagebrush believes the answer to the problem is herewith being presented to the students:

Let one member of each organization be chosen to represent his group at a meeting calendar "congress" in the A. S. U. N. building some time this or next week. It is a simple matter to arrange among these delegates a satisfactory meeting schedule for all groups. Then let a definite day in the week be set aside for "emergency" meetings to take up the slack whenever it occurs—thus would confusion be avoided and students interested in more than one campus activity might pursue their affiliations in a manner that would prove profitable to all concerned.

A FLYING COURSE?

We have noticed the institution of flying and gliding at other progressive universities and colleges throughout the United States, and we believe that a course of instruction in building, maintaining and flying aircraft could profitably be installed at the University of Nevada.

This is not such a hair-brained scheme as it would appear at first glance. It is, on the contrary, quite within the realm of possibility.

A sturdy training plane can be built with student labor and, if necessary, with student money at a cost which would not exceed \$500. Once built and put into operation, the craft would easily pay its own expenses if the pilot, commissioned to act as instructor, were allowed to use it for trips and as an extra-curricular training ship.

Hangar rent and upkeep of a two-place training ship does not exceed \$4 per hour actual flying time, and as rental rates for the plane itself are listed at \$7 and \$8 per hour it can easily be seen that the ship would be of small expense to its owners.

Should this plan meet with student favor, shown through letters or personal interviews with the editor, it can easily be carried to university authorities for approval or rejection by them.

There is still another possibility, should students interested in promoting aviation prefer it. A flying club could be organized, independent of the university itself, and instruction carried out in much the same manner as outlined above.

However, instruction in flying, as well as the ground work incidental to flying, could still be obtained much more cheaply than would be the case were the student learning to fly in the commercial field.

CAMPUS

-ETIN

It's getting so you just can't tell what's going to happen with all these secret marriages. Bad enough when Marie Barnes of many loves comes back to school and registers under the Dwyer monicker, but when "Flash" McDow simply decides to take up the simple life with his Susanville sweetie it's just too much. And rumors tell us of a couple of other "keep this under your hat marriages." Looks like it's the style.

"Big Shot" Sue Hicks, the new frosh that has 'em all agog, is making her debut. At present looks like Bud Smith is top man.

One thing you can't win against is love. If Mary Moler and Beverly Jones could have made connections they might have enjoyed the vacation, with their respective better-halves in bed with the little bugs.

Juanita Elcano's New Year's resolution was to make the dirt column even if it has to be with Garside. Still this might be the real thing. Scoop hasn't been so continuously interested since the days of Tornado Turano.

Don't know what Cameron and Horgan are going to do now with their Mills girl friends gone back to collich. Downs is back to school though—guess the lads will manage.

Maybe this isn't the time or place but this was clipped from the Reno Evening Gazette of January 5, 1937: "A number of roosters are expected to accompany the team from the Comstock." Wonder if they would mind bringing along some young chickens.

And Frank Hickey gets the bouquet for the worst line. Overheard on the dance floor, Hickey to Furchner, "You're a freshman, aren't you? And did anyone ever tell you that you're cute?"

Blum stepped out on Cobb with Moore, and that accounts for the interest Betty took in the basketball game Tuesday night. All her interest was centered on the other end of the hall where friend Tyrus sat.

More sparklers on the campus as Norma Jean Mills and Gaynell Giblin show their third fingers to admiring pals. Best and Freeman are the lucky fellows.

Wanted: One female of strong physique and even disposition to take the place of the gal who drove me crazy. I must be crazy; I've been on the wagon for two weeks.—Bob Maher.

Then there's "Dutch" Hughes, who follows the usual procedure of drowning the loss of his lady love in whoopee soup. Wonder who Oakey lost, or was

COBB-L-STONES

NUTTY

NUGGETS

Overheard during some R. O. T. C. skull practice:

Captain Isbell—Private Glusovich, what is a maneuver?
Private Glusovich—Something you put on grass to make it green, sir.

Our janitor would rather sleep than heat.

Lambda Chi—When are you going to pay me those ten bucks you owe me?
Tau—When did I borrow money from you?

L. C.—Once when you were drunk.
Tau—Well, I paid you back.
L. C.—When?
Tau—Once when you were drunk.

Little Audrey was riding in a taxicab along mountain roads. The taxi was swinging around curves at 60 miles per

hour when suddenly the driver yelled: "Look out, Audrey! The cab's liable to run over the cliff."

But little Audrey just laughed and laughed because she knew the cab was yellow.
Emily Tholl—What were you doing outside the Riverside yesterday?
Sam Wilson—I live there.
"Where?"
"Outside the Riverside."

We thought all arguments over Marg Rives would end with Pat Stewart's abdication, but Bob "Clarence" McLeod kept Libby pretty busy watching her at "El Potato" Tuesday night.

48 U. N. Students Make Honor Roll For Fall Semester

Walter Palmer Heads List With Semester Average of 1.05 for Term Work

Kappa Alpha Theta, Lambda Chi Alpha Are Victors in Tong Honors Rivalry

Walter Palmer, senior arts and science student, topped the University of Nevada honor roll, consisting of 48 students, with a total average for the semester of 1.05, and Kappa Alpha Theta led the sorority list and Lambda Chi Alpha headed the fraternities. Their averages were 2.2030 and 2.4225, respectively, giving the men's scholarship trophy, awarded by Dean R. C. Thompson, to the latter organization for the third consecutive time.

The engineers led the other two colleges on the hill by placing a larger percentage of members on the roll. Out of 200 students enrolled in the engineering departments, 19 won honors, giving 9 1/2 per cent. Three and seven-tenths per cent, or 26 out of 700, won honors from the arts and science college, while three out of 100 in the college of agriculture, or 3 per cent, made high averages.

In the engineering schools, 12.8 per cent of the electricals made the honor roll, followed by the miners, who placed 10.4 per cent, while the mechanicals and civils placed 7 per cent each.

Following is the honor roll:

Name	Average
Walter Palmer	1.05
Herbert N. Jacobs	1.07
Maurice Sheppard	1.12
Eugene John Barber	1.15
Jessie McClure	1.17
Alice Sauer	1.18
Charles Allen	1.22

Woman Debaters Meet U. C. Coeds In Premier Clash

The first official women's intercollegiate debate was held in the debate seminar in the library here between University of California and Nevada, Wednesday evening at 8:15. The debate being non-decision, it took the form of an informal round-table discussion. U. of C. was represented by Irene Noya and Genevieve Jempegaard, both varsity debaters of three years' experience. Lola Yvonne Stoddard, Dorothy Dignan and Gwen Erikson represented the University of Nevada, all three women having had some previous experience.

The question discussed was, "Resolved, that congress should adopt a permanent policy of mandatory neutrality to keep the United States out of a future war."

This will be the only women's date on this question. Work will be started immediately on the question, "Resolved, that congress should enact legislation providing for minimum hours and maximum wages."

Dates for competition on this question will be set later, announced Prof. Robert Griffin, U. of N. debate manager.

Charles Stewart May Take Oil Job

Charles Stewart has discontinued his studies at the university to take a position with the Standard Oil company of California.

Stewart, who was a junior on the campus, is a member of Phi Sigma Kappa fraternity. He was well known for his art work, both by students and townspeople, and took an active part in university life.

He may make his home in California.

Musicians Meet For Rehearsals

More than fifty band members reported for their first rehearsal of the University of Nevada band when the group met under the direction of Theodore H. Post yesterday afternoon.

With the new band instruments which arrived shortly before Christmas to augment the university military band, the organization will now be able to accommodate students who play musical instruments but who have none of their own.

With registration still incomplete, the rosters for the glee clubs have reached almost fifty students, Professor Post announced late yesterday afternoon. The singers have already begun work on the musical numbers for the spring concert although there is a lack of male voices to make the glee club complete.

The Little Symphony orchestra, which combines its talents each year with the glee clubs to present the spring concert, has upwards of thirty-five members reporting for weekly practice.

\$5 Prize Offered For Best Work In Literary Book

A chance to prove their literary ability and, incidentally, to win \$5, was given the campus this week with the announcement that all contributions to the Chi Delta Phi Pentacle would be considered for a \$5 award.

Opening the columns of the magazine to the general campus, the publication is scheduled to appear the middle of February, Eleanor Barry, editor, announced this week.

Every member of the sorority will contribute something in addition to the general campus entries. Deadline for members is set for the next meeting date, probably next week. Campus contributions will be accepted until the last day of January.

Miss Barry will pick her staff of assistants from members of the honorary, and will announce their names at the next meeting.

Office Furniture Is Now Installed In Student Union

Two new desks and a typewriter table in the Sagebrush office, and a desk, file and secretarial desk in the office of the A. S. U. N. president are among the new improvements in the Student Union building which were installed during the past week.

Rubber matting has been laid in both Artemisia and Sagebrush offices, as well as in the corridors and the stairs, and weather stripping has been installed at all windows in the building.

Furniture which formerly belonged in the A. S. U. N. office has been moved to the Artemisia rooms and the desks that were in the Sagebrush editorial office are now in the outer room.

Further improvements planned for the building include a new lighting arrangement in the upstairs offices which will do away with the drop lights and exposed wiring now in use.

Pentacle Editor To Name Staff

Eleanor Barry, editor of the Pentacle, will announce the staff for this year's publication of the magazine at the first meeting of Chi Delta Phi this semester to be held at the Delta Delta Delta house Thursday night.

Miss Barry will appoint an assistant and an associate editor and a staff to prepare copy. Other business will include discussion of women eligible for membership in the organization. Tentative plans for the remainder of the

Panhell Discusses Regional Conclave

Possibilities of Nevada's participation in a regional Panhellenic conference were discussed by the Greek council Tuesday afternoon at a meeting in Manzanita hall.

Indefinitely scheduled for some time between January and the Easter holidays, the conference would be held at San Francisco, and would include Nevada, Stanford, U. C., U. C. L. A., U. S. C. and Arizona.

In a questionnaire filed in response to a request from National Panhellenic congress, Nevada sorority heads indicated that they would be interested in participating in such a conference.

Possible topics suggested by Nevada for round-table discussion included rushing regulations, activities as governed by sororities and internal development of organizations on individual campuses.

semester will be discussed. Elizabeth Frederickson and Evamae Beemer will be in charge of the meeting.

WHERE THEY'VE BEEN AND WHY

Glen Hagedorne, member of Sigma Alpha Epsilon fraternity, spent the holidays in Sacramento.

Joe Moore, S. A. E. pledge, visited in Los Angeles during Christmas vacation. Charley Whitham, Henry Clayton, John Robb, Duncan Dorsay, Willy Dale and Ed Olsen spent the vacation in Los Angeles and attended the Rose bowl game.

Clyde Healy returned early this week from San Francisco, where he spent the holidays.

John Radovitch, member of Sigma Alpha Epsilon, returned last week from an extended two weeks' tour of California.

Bill Cashill and Bud Showalter visited the latter's parents in Los Angeles during the Christmas vacation.

Lester Agee spent the two weeks at their homes in Wells.

Charles Calhoun and Bob Ferguson returned the first of the week from Sacramento.

Harry Bradley and Tom Bafford spent the vacation in Fallon.

Don Brandon returned this week from Twin Falls, Idaho, where he spent the holidays.

Lockley Maule, senior, spent Christmas vacation at his home in Minden. Maule is a member of A. T. O.

Jim McNeely, president of Alpha Tau Omega, spent part of the holiday vacation at the Marine Naval station in San Francisco.

Ely Nickovich returned this week from Yerington, where he stayed with his parents during the two weeks' vacation.

Russ Bailey went to San Francisco for a two weeks' stay, returning this week.

Mary Prunty, pledge to Beta Sigma

Thetas Begin Series Of Informal Teas

Kappa Alpha Theta entertained friends at an informal tea at the sorority house Wednesday afternoon. The group expects to hold a tea each Wednesday for the remainder of the semester.

FORMER STUDENT WEDS

Phyllis Hayes, former student at the university, was married recently to George Worrell of Las Vegas.

Miss Hayes has been employed in Las Vegas since withdrawing from school. Following a wedding trip to the bay region the Worrells will make their home in Las Vegas.

Omicron, went to San Francisco for New Year's.

Morgan Mills visited in Sacramento during the holidays.

Bill Grubbs went to Pasadena, returning to Reno for registration early this week.

Harry Bradley and Tom Bafford spent the vacation in Fallon.

Don Brandon returned this week from Twin Falls, Idaho, where he spent the holidays.

Lockley Maule, senior, spent Christmas vacation at his home in Minden. Maule is a member of A. T. O.

Jim McNeely, president of Alpha Tau Omega, spent part of the holiday vacation at the Marine Naval station in San Francisco.

Ely Nickovich returned this week from Yerington, where he stayed with his parents during the two weeks' vacation.

Russ Bailey went to San Francisco for a two weeks' stay, returning this week.

Mary Prunty, pledge to Beta Sigma

Glen Hagedorne, member of Sigma Alpha Epsilon fraternity, spent the holidays in Sacramento.

ALUMNI NEWS

Grace Semenza, former student of the university, left early this week for Chicago, where she will enter the University of Chicago to study social service work. Miss Semenza took graduate work at the University of California last week. While attending the university she took an active part in many activities and was a member of Pi Beta Phi sorority.

Peggy Williams daughter of Mr. and Mrs. John B. Williams and a graduate of the university, left recently for Memphis, Tenn., to enroll in the Pathological institute of the University of Tennessee. Miss Williams was a member of Pi Beta Phi sorority and received her bachelor of science degree, having studied in the pre-medical department. During the school term she will live with her aunt, Mrs. William McInnis, a former resident of Reno.

Tom Prunty, class of '36, spent the holidays with his parents in Sparks. He returned Sunday afternoon to Battle Mountain, where he teaches in the high school.

Inez MacGillivray, who teaches in Fallon, was in Reno last week with her mother.

Victor Carroll, who graduated last year, was in Reno during the holidays.

Mr. and Mrs. Dino Barengo are parents of a baby girl, Elaine Camille, born on New Year's day in Lodi, Calif. Barengo graduated from the university in 1935 and is now chemist at the Bradford winery in Lodi. His wife is the

former Mae Gardella of Wadsworth.

Mr. and Mrs. Howard Gallaway left last week for Nebraska, where he will be employed as draftsman by the Southern Pacific railroad. Mrs. Gallaway is the former Marthine Solares '35, who was A. W. S. president during her senior year on the campus. She is a member of Beta Sigma Omicron sorority.

Eleanor Garrison, student at the university three years ago, left Reno this morning for Dominican college, where she is a senior student. Miss Garrison is a member of Kappa Alpha Theta sorority.

Katharine Priest, former student at the University of Nevada, recently announced her engagement to Robert Hughes of Honolulu. Previous to the announcement of her engagement Miss Priest taught commercial subjects in the Sparks high school.

as 200 B.C. One machine dispensed holy water when a Roman coin was dropped into the slot.—Modern Mechanics.

Fearing the proletariat might get bad ideas the Soviet overlords have banned the use of kings and queens in playing cards used in the U. S. S. R.—New Current Digest.

The Hawaiian language contains no word weather.

Workers on the resettlement project in Arthurdale, W. Va., made Mrs. Franklin D. Roosevelt a present of a gold-plated vacuum cleaner.—New Current Digest.
