

FRESHMAN REGISTRATION BREAKS RECORD

NEVADA MENTOR PESSIMISTIC OVER PROSPECTS

"Can Lose One--- Even All Eight Games"--Dashiell

Loss of 11 Lettermen Throws Bolt Into Machinery of Wolf Pack

Sophomores, Transfers May Play Important Part In Build Up

A dark shadow of gloom hangs over the University of Nevada football coaching staff as preparations for the 1937 gridiron season are getting under way.

Busily preparing for the forthcoming season, Douglas Dashiell, head of the coaching staff, was in a pessimistic mood as he discussed Nevada's possibilities for the season.

"We can lose any one of the games or even all eight of the scheduled contests," stated the statuesque Texan when interviewed. One of the greatest problems confronting the athletic department at the present time is finding employment for needy athletes, Dashiell said.

LETTERMEN LOST

It was the loss of eleven lettermen that threw the bolt into the Wolf Pack machine and left only eleven returning lettermen from which Dashiell may pick a varsity team. However, the Nevada mentor is relying on members from last year's freshman squad and junior college transfers to fill the gap made by graduation.

On the line, both St. Clair and Showalter are gone, which will leave both tackle positions vacant. These positions will have to be filled with Galloway, Gustafson or Walker from the varsity squad of last year, or Sullivan from the freshman team of last year.

The pivot berth left vacant by Cashill will probably be filled with Landson or Hardie. The right guard position formerly held by Bradley will undoubtedly be filled by Barsanti from last year's yearling squad.

Ohr, Caldwell and McDow are gone from the backfield, and this is another serious setback. Ham Robb will probably be used to take over part of Ohr's triple-threat duties, and George Deverell may do the passing. Baton, Twombly and Grubbs should also see a great deal of action in the backfield. With the return of Kenny Powell, the backfield posts should well be taken care of.

SOPHOMORE MATERIAL

Should members of the frosh squad of last year live up to their past records, Dashiell will be able to find a great deal of potential material to fill the vacancies. Returning to pursue the scholastic and gridiron activities from a summer's hard work are such men as John Sals, Olinio Barsanti and Leonard Carpenter.

George Deverell, '36 freshman, and Jack Lazaskus, transfer last year from Minnesota, should also prove themselves varsity material.

Three junior college players have already turned out and a number of others are expected within the next week. The three transfers now on the field are Bob Van Wagner, a husky back from Fullerton junior college, and Auston Lovell and Noel Bennett from Lassen junior college.

Conditioning drills are now being held every afternoon on Mackay field, but organized team play will not begin until September 10.

G. Ardans Named Football Manager

Fills Position Left Vacant By Bill Willison

George Ardans, junior student, was this week appointed manager for the 1937 football squad.

Ardans was appointed to fill the place left vacant by Bill Willison, who did not return to school this year.

Prime duty of football manager are to issue and maintain equipment used by the players. He also arranges for out-of-town trips.

Assisting Ardans as sophomore managers will be Harry Ackerman, Cliff Quilici and Dave Langberg. From this group the manager for the 1938 season will be selected at the end of the football season.

Tryouts for freshman managers will be held in the near future, Ardans said. Ardans is affiliated with Sigma Alpha Epsilon.

TRAGEDY STRIKES

WILLIAM YOE

WILLIAM BEARDSLEY

MORGAN MILLS

W. Yoe Service Held Yesterday

Funeral services for William Yoe, sophomore engineering student who lost his life in a double tragedy at Lake Tahoe Sunday, were held yesterday in Reno.

Interment of both boys was in Elko this morning.

Yoe's body was found after a four-day search near the spot where the body of William Beardsley, Elko high school graduate who was going to enroll at the university, was recovered early Monday.

The two youths were drowned Sunday evening when the boat in which they were riding capsized on the turbulent lake. Morgan Mills, senior student, who also was aboard the boat, discarded his clothes and swam safely to shore.

Enrolled in the college of electrical engineering, Yoe was a member of Sigma Alpha Epsilon fraternity. He was a member of Delta Delta Epsilon, honorary music society, the DeMolays, and was an Eagle Boy Scout. He was 19 years old.

Two Are Pledged By Gamma Phis

Maude Patterson and Phyllis Horton were pledged to Gamma Phi Beta sorority last night.

Both have been students at the University of Nevada for the past two years and are residents of Reno.

Repair Work Done In Student Building

The walls of the student union building were calsonimed and two new windows put in the east end of the building this summer, according to Bob Creps, graduate manager. The new windows will make the Sagebrush office much lighter.

Improvements were made on the grounds outside the building and a new curbing was put on the sidewalk.

NOTICE

Students on the NYA lists will please watch the Campus Bulletin Boards for notices of work and appointments.

DEAN MARGARET E. MACK

NOTICE

Anyone interested in the position of yell leader will please report at my office as soon as possible.

Richard Taw,
A.S.U.N. President.

Sagens to Select New Prexy Soon

Jane Bell, Former Head, Out of School

A new president for Sagens, women's pep organization, will be selected early in September, members of the group indicated today. Jane Bell, head of the group last semester, will not return to the campus this semester.

With football season just around the corner, the coeds, will also outline a pop selling program, returns of which will be appropriated to the Associated Women Students loan fund.

This movement, begun last year under the leadership of Evamee Beemer, will be continued each year as a special project of the service organization. At one time it was thought that the money earned in such sales would be put into a scholarship fund to be awarded some worthy coed; however, at the suggestion of campus leaders the proceeds were added to those of the women's loan fund to permit a more general and widespread benefit to all the women enrolled in the university.

Later in the season, under the leadership of an upperclass woman, the annual Buy a Brick campaign will be conducted. For the past few years the Brick drive to increase the fund for a new student union building has been profitably handled by the group. Freshman women will be drafted into the selling service with an opportunity to earn a bid to the organization through exceptional work. Committee chairmen for the semester will be appointed at this time and a general outline for the year's work will be mapped.

'Brush Editorial Staff Announced

Editorial staff for the Sagebrush was announced today by John Brackett, editor.

For the first time in the history of the paper, the women's staff will be captained by two editors. Co-editors are Norma Anderson and Winifred Hiltonen.

Acting as sports editor will be Don Kinkel, who at present is attending a national convocation of Sigma Alpha Epsilon fraternity in the east, but who will return to assume his duties next week.

A new editorial department has been added this year, that of engineering editor will be captained by Mary Handley. Associate editors of the sheet are Charles Doherty and Max Jensen.

Ned Westover is staff photographer, while Nina Bozkievicz, is society editor.

Serving as associate women's editors are Beverly Joyce, and Margaret Turano. Tryouts for new students will be held Monday afternoon at 4:00 p. m. in the Student Union building, and all persons interested in working on the publication should report at that time, Brackett said.

NOTICE

Many students failed to give their addresses on their registration coupons. These addresses must be turned into my office as soon as possible.

Registrar's Office.

Tans Lead Pledge Derby; 28 Buttons Hung On Frosh

Beta Kappa Holds Second Spot With 20 Pins Given Out

S. A. E., In Top Spot Last Year, Is Third With 18 Recruits

Alpha Tau Omega went into the lead in the fraternity pledging race yesterday when President Ed Pine turned in the Tau pledge list of 28 names.

In second place is Beta Kappa with 20, Sigma Alpha Epsilon, with 18 pins out is third, followed by Sigma Phi Sigma with 15, Sigma Nu with 11, Lambda Chi Alpha with 10 and Phi Sigma Kappa with nine.

The pledge lists of the various houses follow:
ALPHA TAU OMEGA:
John Polish, Jim Strosnider, Jim Du Pratt, Don Downs, James Gibbs, Jack Beach, Jr., John Lemlich, Nick Evasovich, Robert Taylor, Mike Miskulin, Geno Questa, Leslie Oppio, Howard Guinn, Dave Thompson.

Richard Edwards, Elwin Trigero, Bob Van Wagner, Jack Smith, Bill Andrews, Burwell Holmes, Noel Bennett, Austin Loveall, Julian Mapes, Emery Connoway, Lee Connoway, Pete Fisler, Harrison King and Jack Callahan.
BETA KAPPA:
Harry Stokely, Rosmino Berengo, Jack Cliff, Frank Mills, Joe Cleary, Walter Wilcox, Caesar Siard, Henry Morehead, Bob Bernard, Jack Holmes.

Nathan Hughes, Dean Nelson, Jay Shurtliff, Bill Brooks, W. F. Roberson, John Cooper, Fred McIntyre, Julian Hunt, Willard Weller and Berley Russell.

SIGMA ALPHA EPSILON:
Bob Locke, Robert Madison, Lawrence Devingazi, Arthur Anderson, Jack Pieri, Bob Forrest, Jim Shepley, Riley Lee, Leland Strauch, Tom Rice, Leslie Leggett, James Worden, Heath Hovey, Gus Heben, Tom Tucker, Carl Bechtolt, John Spann and Craig Tranter.

SIGMA PHI SIGMA:
Joe Keivet, George Wilbur, Bob Dale, Joe Sadler, Bob Robinette, Jim McDonald, Marvin Linson, John Gustafson, Wayne Curry, Dick Donovan, Joe Schida, Thomas Elson, Walter Schwartz, Woodrow Dempsey and Paul Asterberry.

SIGMA NU:
Bill Casey, Hubert Chesser, George Deverell, Roy Dondoro, Jack Elkin, Keith Garner, Jim Griswold, Kermit Lynch, Frank McCulloch, Tom Menzies and John Rose.

LAMBDA CHI ALPHA:
George Beattie, Dick Smith, Dyer Jensen, Roy Jensen, Buddy Williams, Cyril Ham, Harry Stuart, Jim Mahoney, Charles Harris and Paul Senter.

PHI SIGMA KAPPA:
Joe Giomi, Henry Mayer, John Fisk, Allan Root, Albert Lydie, Charles McKeema, Hugh Widaman, Chuck Barry and Frank Roylance.

John Carr Now At Randolph Field

John K. Carr, '37, former editor of the Sagebrush, is now at Randolph Field, Texas, enrolled as a cadet in the United States Military Flying Academy.

Carr is now soloing, and is building up his number of flying hours, according to word received by friends recently.

Affiliated with Lambda Chi Alpha social fraternity, Carr was a member of Scabbard and Blade, national honorary military society, the U. of N. Press Club, and the Publications Board.

'Brush Is Without A Coed Business Manager

There will be no women's business manager of the Sagebrush until the second semester, Willis Dalzell, business manager, announced today.

Tryouts for the business staff will be held Monday, and all who are interested are urged to be at the Sagebrush office at 4 o'clock.

Junior business managers for this year are Ross Morris, Hudson Lee and Martin Smythe. Other members of the staff are Tony Yriberry, Forrest Roman, Eleanor Gardella, Georgia Cooper and Louise Leonard.

TOP MAN

RICHARD TAW

Number 1 man of the campus has had a busy week giving out student body cards, and sticking the frosh for handbooks, songbooks, and dinks. He will preside over the first official student body meeting next week.

More Fun, Laughs Planned by Miller For Wolves Frolic

Rehearsals To Start After Rushing; Tryouts Are September 13

Greek Houses Are Asked To Prepare Skits For Show

More fun, more laughs, and more entertainment are scheduled for this year's annual Wolves' Frolic to be held in conjunction with the homecoming celebration in October.

Director William C. Miller is already formulating plans for this year's show and indications point to one of the greatest assemblages of talent that has been used in any of the previous frolics.

Rehearsals will not get under way until after rushing, Miller stated. September 13 has been set as the tentative date for the opening tryouts.

LETTERS SENT

Letters have been sent to each of the fraternities and sororities asking them to prepare their skits. It is expected that the keen rivalry between the houses will produce much novel entertainment.

This year's theme will be based upon take-offs from the leading musical comedies and road shows which have made successful runs.

Tickets for the show will be placed on sale about October 1. The frolic is sponsored by Blue Key, national honorary service organization.

550 Student Cards Issued To Date

Approximately 550 student body cards have already been issued to university students, Dick Taw, A.S.U.N. president revealed today.

The number taking out cards is unusually large as compared to other years as the students usually wait until the cards are needed before drawing them.

Keeping pace with the cards, sales of the dink, handbook, and songbook, which are required of all freshmen students, were unusually heavy.

Long waiting lines were on hand Tuesday and Wednesday to purchase the needed articles.

No accurate figures were kept on these sales, but it is estimated that over 200 dinks were sold, while more than 350 songbooks and bibles were given out.

Frosh to Select Manager Sept. 1

Announcement was made this week by Richard Taw that the election for the frosh manager will be held Wednesday, September 1.

All freshman are urged to attend the meeting, so that there will be less dandling of cliques, an also to install a class spirit into the new group.

The manager will be installed at the first A.S.U.N. meeting.

Senate Will Meet On Monday To Fill Vacancies

First Regular ASUN Meet Planned for Tuesday

Meeting for the first time this semester on September 2 in the A.S.U.N. senate chambers, the Senate will appoint various committees, and new senators from the fraternities and sororities will be sworn into office.

The main committee, the nominating committee, will be presented by Richard Taw, president, to the Senate for approval, after which the committee will draw up the panels for the other fall committees.

There will be three members appointed to the publications board, three members to the executive committee from the Senate, Homecoming committee, men's and women's upperclass committee, members to the finance control. An A.S.U.N. historian, a song leader, and senate representatives to the rally committee.

On September 3 the first A. S. N. U. meeting will be presided over by Richard Taw in the Education auditorium.

Announcement will be made of the committees appointed in the Senate, and the new frosh manager will be sworn into office. There may possibly be a speaker, other entertainment and songs, Taw said.

Finance Control To Meet Friday

Organization Budgets Will Be Looked Over

Meeting for the first time next Friday, Sept. 27, Finance Control will look over the budgets to be presented by the various campus organizations.

Among the budgets to be submitted to the committee are the AWS expenses, the ASUN budget, the interfraternity council, dramatics, and the athletic expenses. All budgets must be presented during the first four weeks of the school year.

The finance control consists of two members of the faculty, one of whom shall act as chairman, the president of the student body, and a man and a woman from the senate. There are also a number of non-voting members.

Activities of the finance control consist of approving budgets, fixing salaries, auditing of books of ASUN organizations, and the checking of gate receipts at any ASUN function.

Choral Club Meets Monday Afternoon

Opening its activities for the semester, the University of Nevada Choral Club will meet for the first time Monday afternoon.

Students interested in joining the organization will be given voice trials at that time, Prof. T. H. Post, who is in charge of the group said.

Advance indications show that there will probably be a record turnout for the group.

Men and women will try out at different times, with the men scheduled to report at 4 p. m. The coeds will take their tests at 4:30 p. m.

President of the group is Hal Lang, who is also drum major for the University of Nevada band.

Defunct News Bureau Discontinued Entirely

Inactive since last semester, the University News Bureau will be discontinued entirely, Robert Creps, graduate manager announced today.

Prime purpose of the bureau was to supply papers throughout the state with university publicity, confined mostly to activities of the student body and individual students.

The bureau has been functioning for several years, and became inactive last year with the resignation of Sherwin Garside, who served as director for three semesters. Director of the bureau serves without pay.

A movement was started last semester to have the director draw a small salary, intended to stimulate interest in the position, but it died with the withdrawal of the amendment to the constitution providing for the change.

Total Enrollment To Date Largest In School History

Men Outnumber Women As Usual; Sophomores Increase

Junior Class Is Only One That Does Not Show Enlargement

An all time Freshman registration record was reached this morning when the 465th enrollment card was turned into the registrar's office.

Already last year's record of 430 Freshmen enrollees has been nullified, marking the present class as the largest in the fifty-year history of the University of Nevada.

1004 CARDS OUT

With 1004 cards out, and 908 completed, the total number of students entering the university this semester surpasses that of any previous semester. At this time last year 944 cards were out and 865 completed, showing 60 ahead in the former case and 43 in the latter.

If the "dribbling" keeps on as it has in previous years it will be the second time in the history of the institution that enrollment figures have passed the 1000 mark for the fall semester. The highest mark was made last year when over 1000 students were daily attending classes.

The number of men and women students registered this year has followed the trend of previous years, with the men students outnumbering the women students. This morning 539 men had completed registration, while the figures for the opposite sex showed 369.

Divided as to classes, the total number showed the following: Freshmen 465; sophomores 210, juniors 106, seniors 66, grads 17, unclassified 35, and specials 9.

A comparison of the two years' figures shows an increase of 55 freshmen over the last year, with the sophomore class increasing 17 over the 1936 enrollment. The juniors with 106 enrolled shows a decrease of 26 over the period of the year; while the senior class surpasses that of last year by 3 members. Seven more graduate students enrolled for advanced work in 1937 than have signed up for similar courses for the present semester. Unclassified students have increased by three while special students have decreased the same number over last year.

With the registration record already broken, it is certain that the university has the largest semestral enrollment in its entire history.

Blue Key Meets Late Next Week

Blue Key, men's national honorary service fraternity, will meet Thursday afternoon at 4, it was announced yesterday by Kirk Fairhurst, president of the group.

Of primary importance at the meeting will be the planning of social hours. A new system for these weekly dance hours will probably be suggested.

Also subject to discussion at this time will be the student directory which was compiled last year for the first time. This pamphlet, containing names, addresses and telephone numbers for the entire student list was very popular on the campus, but, unfortunately, failed to pay for itself, according to Fairhurst. Publication this year is, as yet, undecided.

Plans for the football season and the Wolves' Frolic which is sponsored by the organization will also be made at the meeting.

Yell Leaders To Try Out On Sept. 3 At Meet

Tryouts for yell leaders will be held at the A.S.U.N. meeting September 3. All persons interested are requested to report to Richard Taw before the day of the meeting.

"I would like to see a yell leaders' club, so that the student body would not be without yell leaders in the future," stated Richard Taw.

Duties of the head yell leader are that he be in charge of all student body rallies, that he shall organize and conduct the rooting section at all intercollegiate athletic contests.

There are two assistant yell leaders who shall be of sophomore standing and any number of freshman assistants. After the tryouts September 3 the Senate will choose the yell leaders upon the recommendation of the nominating committee.

A. W. S. To Meet In Near Future Says B. Naismith

Scholarship Improvement Plaque Will Be Given Winning Sorority

A. W. S. Executive Council Will Also Be Named At Meet

The President of the Associated Women Students, Bette Naismith, will probably hold the first meeting of the year in about two weeks.

Appointments of various committees will be made and the scholarship improvement plaque will be awarded.

The awarding of this plaque is done every semester when it is presented to the sorority that makes the most improvement in scholarship. If no sorority has made any improvement it is given to one that has had the least decline in its average. The plaque was won last semester by Gamma Phi Beta.

One of the more important committees to be selected will be the executive committee of the Associated Women students. A representative from each class has a place on this.

It is possible that the chairman of the "Buy A Brick" campaign will also be named.

The Forgotten Woman Found at Last!

Probably the least heard about officer in the A.S.U.N. student body is the historian.

Each year someone is appointed to record minutely the succeeding events of the year and after the appointment the person is promptly forgotten.

But somewhere in the dim, dark archives of student government lies a volume rich with historic matters and gossip about former students and campus groups.

Serving as official historian last year was Jean Cameron, '36, who quietly made entries in the volume, presenting the highlights of the year in 25 pages.

It is Dick Tau, A.S.U.N. president, who now calls attention to the book which he plans to put in the library in order that interested students may have access to it.

BEGUN IN '29
Begun, in 1929, the record of campus life has been kept, day by day, in various styles of longhand, ever since. Included are clippings concerning various events which appeared in the Sagebrush.

Some pages are indexed and some have headings in the margin, although many historians used simply guiding datelines. Handwriting specimens in the book are interesting and include everything from the finest Specerian to the smuggest scrawlings.

Here and there the personality of the writer is revealed in such excerpts as these:

"Boy! Ain't these socials the dope? Everybody goes."
"All I heard last week was football."
"Did you see the scandal show? Now will you be good?"

But, on the whole, the book is serious and contains an authentic and complete record of campus life which should prove very interesting to students to come, according to Tau.

NOTICE

The next meeting of the Campus Calendar committee will be held next Tuesday afternoon at 4 o'clock in Room 109, Agriculture building. Any organization which desires a date for any campus function will kindly have a representative at the meeting to make the wants of the group known.

L. M. Sissa Resigns From Registrar's Position

Dr. Traner Replaces Dean Hall in College of Education

When Miss Louise Sissa resigned her post as university registrar after 31 years of service, Mrs. Jeanette C. Rhodes was appointed to take over the duties of this office.

Mrs. Rhodes is already known on the campus as a Nevada alumnus and a member of Pi Beta Phi sorority. Mrs. Rhodes is house mother at the Sigma Alpha Epsilon fraternity house for her third year, this year.

NEW DEAN
Dr. F. W. Traner, professor of education, has been appointed to the deanship of the college of education to succeed Dean John Hall, who resigned early this year.

Many newcomers are present on the campus this year to fill campus staff positions left open by resignations or the absence of old members, now on temporary leave of absence.

Dr. Charles R. Hicks, professor of history and political science, has been granted a leave of absence for the 1937-38 college year to do some advanced governmental research in Washington, D. C. Dr. Charles L. Stewart, graduate of the University of California, is a new member of the history department's teaching staff this year.

FELLOWSHIP
The teaching fellowship in the women's physical education department left open by Miss Margaret Tolton upon the completion of her advanced work will be held this semester by Miss Katherine Schnell, graduate of Fresno State college.

From Hope college in Michigan, Harold Heinen came to Nevada this year to replace Kenneth Karstens, who served as a teaching fellow in chemistry while he completed work for his master's degree in that department last year.

Ingo Maddus, Jr., will instruct in mathematics in the position left open by the resignation of Horace C. Ayers.

MATRON
Miss Betty Shaffer, who received her B. S. degree at Washington State college, will succeed Virginia Harger as matron of Manzanita hall girls' dormitory and assume the duties of supervisor of the campus dining hall for this year. Lester Hall will replace Alex Parmenter, former chef of the dining hall, who resigned this post recently.

Clair Harper, '28, is the new campus physician in the position left vacant by the resignation of Vernon Canton, '31.

Frosh Learn About Campus Life From Leaders

Opening the fall semester, freshman students were yesterday greeted by Richard Taw, president of A. S. U. N., Bette Naismith, A.W.S. president; and John Brackett, editor of the Sagebrush; in the first Orientation class of the year.

Acquainting the freshmen with the details of college life, the Orientation classes will meet at 7:45 Tuesdays and Thursdays in the Education auditorium. Only those freshmen enrolled in Arts and Science and the Normal school are required to attend.

Other speakers for the semester will include: Maxwell Adams, dean of arts and sciences, who conducts the classes; Margaret E. Mack, dean of women; R. C. Thompson, dean of men; President Walter E. Clark; Robert Stewart, dean of agriculture college; F. W. Traner, dean of education; F. H. Sibley, dean of engineering; Professor Jay Carpenter, mining; Professor Ralph Irwin, psychology.

Professor J. E. Martie, physical education; Professor Katherine Riegelhuth, English; Professor C. C. Smith, history; Professor Vincent Gianella, geology; Professor E. G. Sutherland, economics; Professor T. H. Post, music; Professor A. L. Higginbotham, journalism.

Doctor J. R. Young, psychology; Doc-

tor P. A. Lehenbauer, biology; Doctor J. E. Wier, history; Doctor F. C. Murgotten, modern languages; Doctor Peter Frandsen, biology; Doctor E. F. Chappelle, modern languages; and Doctor J. E. Church, classics.

Instruction in vocational home economics and agriculture in the college of education will be given this year by Miss Doris Nesbitt and Winfield C. Higgins, respectively. This work has been handled by the state supervisors of these departments in the past.

A veteran of the Nevada grounds staff, A. E. "Dad" McFadden, retired after 24 years of service. "Dad" McFadden's general duties of care to the grounds and his activities in directing campus automobile traffic made him a familiar figure to all Nevadans in the past.

New Books Added To U. N. Library

Several new accessions to the university library were made recently according to Miss Thea Thompson Librarian.

The new additions include most of the latest of fiction, non-fiction, biography and autobiography. Further additions will be made at regular intervals in the semester.

Included among the new publications are:

- Blythe.....Marshall Ney
- Kingsley.....Dead End
- Parker.....Cult of Antiquity
- Federal Writers Project.....Washington, City and Capital
- Johnsen.....Reorganization of the Supreme Court
- Hillyer.....James Talcott
- Kaufman.....Let 'Em Eat Cake

RIVALRY FOR STUDEBAKER RUNS HIGH IN PORT ANGELES, WASH., AS SEASON FOR 1937 SALMON DERBY APPROACHES

Port Angeles, Washington, is a small town, but it has built up the largest organized fishing event in the world; one that draws sportmen in increasing numbers from all parts of the United States and Canada. It is the Annual Derby of the Port Angeles Salmon Club to be held this year on September 5 and 6.

The prize was a new Studebaker, and on the last day of last year's derby there were still 273 contestants fishing furiously off Ediz Hook. A crowd estimated at 8,000 was watching and with only forty-five minutes to go, Chris Jacobsen, shown here with his finny prize, staggered up the beach with the largest salmon ever caught in a derby, 53 lbs. and 4 ounces. As you can see, it was SOME fish!

The prize this year will again be a Studebaker Sedan, and covetous fishermen are already swearing that there's going to have to be even bigger fish caught than Chris Jacobsen's to win the car this year!

Delayed Yearbook Now Distributed

After a six weeks delay due to the burning of the truck carrying them to San Francisco, Artemisias were finally distributed in the middle of June by hard-working members of the staff.

Only one copy of the book, which was at the office of the Reno Printing company, was not destroyed and was sent to San Francisco. This one copy saved reassembling the entire book and saved considerable time and expense.

Of 1100 books that were printed, only 385 were mailed out of town, the rest being obtained by calling at the graduate manager's office. There are still 23 books to be delivered.

FORMER DEAN VISITS

Charles Knight, former dean of the college of agriculture at the University of Nevada, and his wife were the weekend guests of Professor and Mrs. Frederick Wilson.

Saturday evening they were the honored guests at a lawn party attended by many former friends.

Dean Knight is now with the California State Chamber of Commerce.

Official Rushing Season for Coeds Begins Next Week

Additional Changes Made In Rushing Plans By Pan Hel

The official coed rushing season at the university will open Monday when Kappa Alpha Theta entertains prospective pledges at the first party in the two weeks of entertainment for the freshman women.

Gamma Phi Beta will be the other hostess for the first day with a party from 6 to 8.

Several additional changes were made in the rushing plans already revised by the Pan Hellenic Council last semester. The council decided that there shall be no off-campus contact with freshman women after Monday noon, the first day of the registration. If new women are to be registered by sorority women they must meet on the campus only.

This includes contact with alumni as well as university students. This change abolishes all double-dating with sorority women until after the close of the rushing season.

ALLOTMENT ENLARGED

The rules affected last semester by the council consisted of enlarging the season for each sorority from a 25-cent allotment for the cost of the rushing non-accumulative per rushee per party price to a sum of \$60 to be used at the discretion of the sorority. Instead of all invitations being issued by Dean Mack, invitations to all women living in the dormitories will be distributed by the individual houses.

All invitations, including those delivered by Dean Mack to freshmen in the dormitories, will be answered by telephone.

RUSHING CALENDAR

The complete rushing calendar is:
 August 30-4-6, Kappa Alpha Theta; 6-8, Gamma Phi Beta.
 August 31-4-6, Beta Sigma Omicron; 6-8, Delta Delta Delta.
 September 1-4-6, Pi Beta Phi; 6-8, Alpha Delta Theta.
 September 2-4-6, Gamma Phi Beta; 6-8, Delta Delta Delta.
 September 3-4-6, Alpha Delta Theta; 6-8, Kappa Alpha Theta.
 September 4-4-6, Pi Beta Phi; 6-8, Beta Sigma Omicron.
 September 6-Labor Day.
 September 7-4-6, Beta Sigma Omicron; 6-8, Kappa Alpha Theta.
 September 8-4-6, Alpha Delta Theta; 6-8, Pi Beta Phi.
 September 9-4-6, Delta Delta Delta; 6-8, Gamma Phi Beta.
 September 10-Silence.
 September 11-Bid.

Bids will be announced by Mrs. A. E. Hill, Pan Hellenic lawyer, at four o'clock Saturday, and most sororities will hold preferential dinners and pledging that evening.

WAA to Entertain California Coeds

The Woman's Athletic Association is planning to entertain the W. A. A. women from Sacramento and Lassen Junior colleges on Sept. 25.

Plans are being made to offer breakfast, lunch and tea to the visitors. Guests will tour the campus and participate in mixed recreational activities.

Junior and senior women will act as hostesses, while the sophomore and freshmen women will participate.

Girl Bridge Worker Is Nevada Graduate

Reno, besides being "the biggest little city in the world" has given it the only feminine bridge worker in existence—Miss Kathryn McCormack.

Miss McCormack experienced none of the fanciful whims of most woman while going across the catwalks before the cables were strung, or climbing to the top of the completed towers of the Golden Gate bridge. Instead she said, "They've been two of the most glorious years of my life."

She was employed as secretary to Field Engineer Russell D. Cone and was graduated from the University of Nevada in 1930.

AWS PREXY

BETTE NAISMITH
 Freshmen women were greeted yesterday in Orientation by the number woman of the campus. First AWS meeting will be within the next few weeks, Bette says, at which time all important committee appointments for the semester will be made.

Hockey, Tennis, Archery Given

Women students will be given an opportunity to further their abilities in hockey, tennis and archery this fall.

The hockey group will meet at 4 o'clock Tuesdays and Thursdays. Interclass and intramural competition will be offered.

Tennis will be taught by Miss Schnell at 3:15 Wednesdays and Fridays. Competition will take place between the classes and sororities. Those women who are unable to report for tennis at the hour mentioned may be able to make other arrangements by seeing Mrs. Mae Simas or Miss Schnell.

Archery will be offered at 3:15 Tuesdays and Thursdays under the supervision of Mrs. Mae Simas. This is the first time archery has been offered in the fall semester. The physical education department is hoping to select a team to represent the university in the spring intercollegiate meet.

Initiation Held For Mazie Frosh

Approximately 50 girls and transfers, living in Manzanita or Artemesia halls, entertained dormitory residents at an LFG initiation Thursday night in the university dining hall.

Want ads for talent were issued early in the week to the new members, who complied in a program fashioned after a Major Bowes' amateur hour. Margery Cliff, sophomore, acted in the capacity of Major Bowes to introduce the numbers. The gong sounded quite frequently amidst the hissing and penny-throwing of older members.

Light refreshments were served after the initiation ceremony, a yearly event of the Manzanita Hall association. Committee in charge was: Nina Boczkiewicz, Elizabeth D'Alessandro, Winifred Hiltonen, Gaynell Giblin, and Edith Delmore.

New Instructors Added to Women's P. E. Department

Margaret Tolton Replaced By Miss Schnell In Dancing

Marion Nichols Will Teach Riding; Golf Will Be Taught

Three new instructors have been added to the staff of the women's physical education department.

Miss Schnell, a student fellow, is replacing Miss Margaret Tolton. Miss Schnell graduated from Fresno State college in 1936, where she was president of the women's athletic association. She studied physical education for a year at the University of California.

Miss Marion Nichols, 1930, will offer instruction in riding. Miss Nichols is an experienced horsewoman. She attended the summer session of riding school offered by Boots and Saddles New York riding club, at Long Island, New York, where, under Captain V. S. Littauer, U. S. A., she studied advanced riding and schooling. She has also had instruction in jumping.

Charles Foley, professional at the Washoe county golf course, will give instruction to beginning golfers. Woman's Athletic association is hoping to sponsor a golf tournament this fall under the supervision of Foley.

Y W Tea Planned For Near Future

With a tea in honor of freshmen women scheduled to be presented within the next week and the early opening of the bookshop, the Y.W.C.A. plans an active program for this semester.

As yet no date has been set for the tea which is one of the annual functions of the beginning of the fall semester. It is planned that the affair will be given, as usual, on the lawns around Manzanita hall, according to Jean Smith, president of the group.

The candy shop probably will open simultaneously with the bookshop, it is reported. Both are located in the basement of Morrill hall, near the post-office compartment.

A membership drive is also planned by the organization and will be inaugurated with the tea, Miss Smith said.

Maryem Morris, sophomore, spent the summer visiting in Long Beach, Los Angeles and Santa Barbara.

Return of Dink Is Topic Of Conversation

Reinstated after a two-year absence from the campus, the "dink" has become the topic of the hour.

Conversation everywhere invariably turns to it sooner or later.

For the most part, it is reported that the upperclassmen are in favor of the new headgear. Sophomore opinions on the matter differ. The burning memory of their own first year makes some of them a bit sympathetic for those who have replaced them. Freshman opinions, of course, are not given much importance.

Some of the various comments extracted from unwilling students are as follows:

Kirk Fairhurst, "I'm spellbound. It will create a better spirit among the frosh."

Colbus and Calhoun, "Keeps the freshmen in their place."

Jack Hanson, frosh, "Truthfully and sincerely they're the bunk."

Billy Morgan, "Is it the dink or the gold nugget under the dink?"

Kenny Powell, "Colorful."

Mickey Fairhurst, frosh girl, "They ought to make the girls wear them next year."

Shirley Fuetsch, "—with ribbons."

Ernest Larkin, "It's a waste of time. Makes people look like overstuffed files and it's six bits you could buy beer with."

Mary Mathews, "Excellent class distinction to keep the senior girls from getting mixed up."

Dean Thompson, "I've no objections. I don't have to wear one."

Reuben Tuttle, "Keeps the hair out of their eyes."

Montana Olin, "The girls ought to have them with tassels."

Bud Doherty, "Once when I was young and I came upon this campus and I thrilled to the prospect of wearing a dink. I dink it's a good idea."

Professor Harold N. Brown, "It's well to keep some tradition."

Louis Peraldo, "It would be all right if they'd make the girls wear green stockings."

Lenore Kohlepp, "I think the dink is in the pink."

Betty Glazar, "I'll keep the frosh from getting fat and sassy."

Bob Creps, "We're afraid they're going to their heads."

Somebody's mother, "They're the cut-

20 Maizies To Sign Scholastic Honor Book

Twenty women, more than in any previous semester, last night signed the scholastic honor book of Manzanita association.

To be eligible for the honor roll a coed must have attained an average of 1.8 or better in her previous semester's work.

The movement was inaugurated several years ago by Dean Margaret E. Mack and the executive committee of the association to recognize scholastic ability within the group.

Those adding their names to the role were Rebecca Taitel, Margaret Worthington, Elizabeth D'Alessandro, Melva Lauritzen, Ida De Nevi, Vera Delmue, Winifred Hiltonen, Nina Boczkiewicz, Edith Dutton Orr, Delphina Gotochoea, Ann Taylor, Virginia Beckley, Elizabeth Burleigh, Genevieve Hansen, Yvonne Slard, Rose Boggio, Julia Arrobbio, Irma Kitchen and Dorothy Acheson.

est things!"

Herbert Jacobs, "I don't want to be quoted."

Eileen Mahoney, frosh, "At least, you know who's a freshman. If they'd only remember to take them off in class."

Sam Stark, "Good initiation idea. They ought to be worn from sun-up to sun-down."

Clinton McKinley, "It's a good idea for reasons I haven't time to divulge. Almost wish they'd made me wear one."

Clarence Heckethorne, "It's liable to be a hard year, and this is as good a way as any to get a little graft."

On the Campus It's "Hello!"

Less Coeds Live In Greek Houses

To date, residents in the sorority houses number less than they did last semester.

Kappa Alpha Theta resident students top the list with fourteen house girls, the same as last year's number. Mrs. Helen Joslin, who came to the sorority as house mother last year, will hold that position again this year.

The Delta Delta Delta house residents show the only increase over last year's number, with ten girls living in the chapter house this year and eight last year. Mrs. Mabel Shattuck will continue as house mother to the sorority girls again this year, it was announced.

Pi Beta Phi sorority reports that Mrs. Dorothy Grill, recently of Los Angeles, has come to fill the house mother position in the sorority house left open by the resignation of Mrs. Amy Lee Mathews.

Gamma Phi Beta and Pi Beta Phi sororities each announce their resident membership for this year to be seven, as compared with eight each last year. Mrs. J. K. Foster will continue as Gamma Phi Beta house mother again this year.

Elizabeth Naismith, Gamma Phi Beta, and president of the Associated Women Students, vacationed in Long Beach.

OUR FIRST

We give you our initial issue.

You will, perhaps, at the first glance, see few changes in the 'Brush from last year. And you are right.

There aren't many—yet.

You will probably note that there are a few changes in headline style. Perhaps the makeup seems different. Maybe a few of last year's features are missing.

Outside of that, the paper probably seems the same; but still it IS different.

And that all reverts to the little matter of policies.

When Paul Harwood edited the 'Brush in 1923-24, he wrote the following about policies, which voices exactly our sentiments:

"Changes have been made—new features have been added. It is not The Sagebrush of last year, nor of any year past; it is a different paper.

"And with the above—a new editor.

Editors usually have policies. The new editor has them, but they're not going to be printed.

Policies mean little in print. They're so very easy to write. Carrying them out is another story.

"It would be no great task to fill this page with printed policies. But to what advantage? People might read them . . . what then?"

"The policies would remain in print; cold, useless things.

"The Sagebrush will not be influenced or controlled by any group, no matter what its nature or composition.

"Neither will The Sagebrush favor one group over another.

"This newspaper is and will remain 'the student newspaper of the University of Nevada.' The columns will be open to all students at all times.

"The Sagebrush believes, with Theodore Roosevelt, that 'aggressive fighting for the right is the noblest sport the world affords.'

"But as for policies . . . they're easy to write, but they mean so little in print."

REVIVE THE NEWS BUREAU

There will be no University News Bureau this year.

After many semesters of service to the university by publicizing its activities throughout the state, the organization has been discontinued.

The bureau has been inactive since last semester, when the director resigned, and no one was found to take his place.

The task of the director is a difficult one, and he was expected to serve without pay. Such a setup did not stimulate interest in the position, nor was it bringing forth the best possible efforts.

It is regrettable that this organization, which was one of the best advertising mediums the university has had, has been allowed to die. Not only did it serve a useful function for the university, but it also provided a worthy activity for a large number of students.

The Sagebrush believes that every effort should be made to revive the News Bureau.

It will not be an easy thing to do. If the bureau is to be a success, some arrangement must be made for paying the director enough to keep interest in the position alive.

An amendment introduced at a student body meeting last year, which was later withdrawn because of technical errors, provided for the establishment of an official bureau.

This same amendment, with a few revisions, would serve to establish an official news bureau, providing a salary for the director, and placing the bureau under the supervision of either the publication's board or finance council.

The need for the bureau is apparent. The student body will never regret giving its whole-hearted support to the re-establishment of this news distributing agency. Get it going as soon as possible.

NO YELL LEADER

Nevada is without a yell leader.

Probably for the first time in its history the student body will have to rely upon an inexperienced person to assume an office whose most important function is to instill and maintain campus spirit.

There was once a time when it was considered an honor to hold the position of yell leader. It was something of a goal to strive for. Aspirants for the job started working for it in their freshman year.

But now, as we begin what gives every indication of being one of Nevada's most spirited years, the experienced guiding hand is missing.

Such a condition is nothing short of deplorable.

Is this important office, like some others in the past semesters, to degenerate into just another activity or place after one's name in the Artemisia—a mere title?

We hope not.

As we see it, the office is still a high one, and should be made as difficult to attain as any other responsible campus office.

The situation cannot be remedied in one semester, or even a year. At least two years should be spent in apprenticeship before a student be allowed to hold the position of chief yell leader.

This year we will have to do the best possible with inexperienced leaders—the price for the folly of letting things "slide."

Building up of the office must start this year, if the present condition is to be avoided in the future.

CUPID GOES TO TOWN!

Numerous showers and receptions were given during the summer for the newlyweds, who were graduates of the university and former students.

At a very impressive ceremony performed in Johannesburg, South Africa, Mary Anita Fulton was married to William Alan Hepenstall. Mrs. Hepenstall was a senior at the university before she went to South Africa in 1935, and member of Kappa Alpha Theta. Her husband is a mining engineer in South Africa, and the couple have made their home there.

Miriam Clark, daughter of the president of the University of Nevada, became the bride of John Chism at a ceremony performed in Reno on May 18. Both are Nevada graduates and were active in campus activities. Mrs. Chism is a member of Kappa Alpha Theta and he was a member of Sigma Alpha Epsilon.

Two popular members of the class of '37, Virginia Crosby and Clayton Phillips, were united in marriage in Minden on May 12. Phillips was a star basketball player during his college career and a member of Alpha Tau Omega. The bride was prominent in student affairs and a member of Pi Beta Phi.

In Ruby Valley on July 28, Frank Sharp and Agnes DeArmond were married at a beautiful home wedding. Both were graduates from the university in May, and will make their home in the Philippine Islands.

Eleanor Keema, graduate of the normal school of the University of Nevada, and Phillip DeLongchamps, '34, members of Alpha Tau Omega, were married in Ely on June 6. They have made their home in Yerington.

Alice Parman, '36, and Arthur C. Hayes were united in marriage in Beaty, Nevada, on May 17. Mrs. Hayes was employed as teacher in the Beaty schools during the last year.

John Gilmartin, star athlete of the university and graduate with the class of '31, married Patricia Ann Rathbun at a church wedding in Yerington on June 19. During his college course, Gilmartin was captain of the basketball team, and still holds the Nevada high jump record.

Betty Seeds, Nevada graduate and member of Delta Delta Delta, became the bride of Fred Black Jr. in Reno on July 20. Both are Reno residents and have made their home here.

Miss Stella Vucovich and Howard Diebel were married at one of the season's prettiest church weddings on July 20 in Reno. Mrs. Diebel is a graduate of the University of Nevada and member of Gamma Phi Beta.

Florence Kirkley and Elmer Hawkins, both prominent Nevada graduates, became bride and groom at a ceremony performed in the Philippine Islands in July. Hawkins is employed as a mining engineer in the islands and the couple will make their home there.

A marriage of interest to Nevadans took place in San Francisco on July 24, when Dorothy Nygrant became the bride of Mr. John Theron Wright. Mr. Wright is a graduate of the university with the class of '33 and a member of Alpha Tau Omega, while his wife was a former student of the University of California.

The Catholic cathedral in Reno was the scene of the wedding of Estelle Petrinovich and Harlan Heward on June 21. Mrs. Heward, Kappa Alpha Theta, is a graduate of the university and her husband an alumnus of the University of California.

Bernard York, mining graduate with the class of '32, and Marie Porteous were married in Reno this month.

Anne O'Neill became the bride of Leo H. Perrier in Hawthorne on August 2. The bride is a graduate of the university and member of Delta Delta Delta. The couple have made their home in Yerington, where Mr. Perrier is employed at the naval ammunition depot.

Earle Seaborn and Margery Hisey were married in San Francisco on June 19. Seaborn, '33, is a member of Sigma Nu, and his bride is a member of Kappa Alpha Theta, having attended the university for two years.

Mary Adeline Thompson, daughter of Dean R. C. Thompson, became the bride of Merle Atcheson at a ceremony performed in Reno on July 5. Both are graduates of the university. Mrs. Atcheson is a member of Pi Beta Phi and her husband was a member of Alpha Tau Omega.

Elwin Jeffers, '36, and Ruthe Goldsworthy, '37, were married at one of the prettiest summer weddings in Reno on June 2. Both Mr. and Mrs. Jeffers were active in publication work during their college careers.

Wedding bells rang throughout the summer when over 30 romances that had begun during college careers ended in lovely summer marriages.

Colebe Hollan, '36, was married to William Devore, '37, in Reno on June 29. Mrs. Devore has been a member of the faculty in Alamo, Nev., for the last year and Mr. Devore is now employed as engineer on the dam at Boca.

At Hawthorne on June 28, Arlene Boerlin and John Franklin were married at a pretty home wedding. Both are Nevada alumni, having graduated from the university with the class of 1936.

Miss Ruby Bliss, '35, became the bride of Melvin Ruedy at a ceremony performed in Reno on June 28. Ruedy is also a graduate of the university and is a member of Sigma Alpha Epsilon.

Dwight Nelson, honor graduate from the university in 1932, and Alice Heise of Carson valley were married in Reno on May 13. During the summer the couple have made their home at Lake Tahoe.

John Mariani, '34, and Miss Lorena Brady were married in Greeley, Colo.,

ST. PIERRE'S BOOTERY

WELCOMES BACK ALL THE OLD STUDENTS AND WISHES THE NEW ONES SUCCESS

16 East Second Street

LIBRARY GOOD MANNERS CODE COMPILED

For the benefit of new students (and a few old ones whom experience has left untaught) the following code of good manners for the library has been compiled by Miss Thea Thompson, librarian, and assistants:

Visiting and waiting should be done elsewhere than on the stairs of the library building where groups block the entrance.

Conversation should be kept at the meagrest minimum everywhere within the building for the benefit of those who wish to study. (Strange as it may seem, they are usually in the majority.)

Books borrowed must be returned after a stated period (but, of course, the penalty for this is a fine.)

Chair arms are not to sit on. Plenty of chairs are provided for that. In the same way, stair rails are not constructed to bear a person's weight.

Candy and gum will be found just as nourishing outside the building and not so annoying.

Papers and books should be handled with care and not thrown around like last year's rubbers.

And it almost goes without saying, there is positively no smoking within the building—or any campus building for that matter.

Courtesy at all times and quiet, quiet, QUIET!

On July 15, Mr. Mariani was graduated from the university in 1933, after serving for two years as editor of the Desert Wolf. He was also active in dramatics and other student affairs and a member of Sigma Nu.

Miracle Happens! Cut Morque Now In Shape

Miracles do happen! Proof: The cut morque in the student union building has come to life after all these years.

Disorder reigned supreme until John Brackett, editor of the Sagebrush, took up the tedious task of restoring order to the long-neglected morque.

Instead of searching furiously for hours and then not finding what you are looking for, all one has to do now is to step into the Brush office and calmly and quickly find the cut.

All of them have now been catalogued and filed, with all the worthless one having been discarded.

Summer Activities Add Distinctions To R.O.T.C. Unit

15 Man Contingent Scores Perfect Marksmanship At Monterey

William Johnstone Appointed To West Point By Col. Scragham

In addition to having one of its members appointed to West Point, and still another chosen to represent the ninth corps area in the country's rifle contest, the 15-man Nevada R. O. T. C. unit distinguished itself again this summer as the only contingent at the Monterey camp to score 100 per cent in marksmanship.

More honor came its way with the appointment of William Johnstone, senior student, to the national military academy at West Point. Johnstone, who was appointed several weeks ago by Col. James Scragham, congressional representative, entered the academy shortly after the graduation of Robert Palmer, former Nevada student who recently received his commission in the regular army.

Robert Shone, of Boca, Calif., also a member of the military detachment, recently achieved note by being selected to go to the national rifle matches at Camp Perry, Ohio, as representative from this university and the ninth corps area, of which it is a part.

SUZIE NOTES CHANGES ON CAMPUS

While you and I and about 1003 other students were enjoying our vacations, Miss Nevada Campus went to the beauty parlor—and believe me, she is a new woman! Just look around and appreciate the improvements.

Remember the old tram in days of yore? Of course you do, but let's don't wax sentimental. The new tram has many advantages over the old one:

1—No memories of that lost but sweet romance of last year, so consequently it is an ideal place for the new one to bud and blossom.

2—No slivers annoy rail sitters (so they tell us).

3—It matches the grass in color. If you are looking up, which you should be doing these fine sunny days, you will see a new roof on both the Aggie and Education buildings.

Just take a look at Mackay field and see if you don't think that leveling it down has been nothing short of a transformation. Remember how it used to look? It was as smooth as a storm in mid-ocean. It will stay level now, because the pipeline that runs under the field has been laid in a concrete trough. So—"If the line breaks, the turf won't fall."

RECEIVES POSITION

Alanson Gibeaut, who graduated from the University of Nevada this year, is employed as an assayer at Port of Spain, Trinidad Island, in the New Gold Field Developments company, Ltd., an English concern owning gold properties in Venezuela, South America.

Gibeaut graduated with honors in chemistry and general science. He was employed near Elko this summer and sailed for New York City on July 17. He is the son of Mrs. Helen Gibeaut, assistant matron of the State Orphans' Home at Carson City.

Thetas Head Spring Semester Honor Roll List

In the spring semester grades, Kappa Alpha Theta headed the sororities by earning an average of 2.1806 while Lambda Chi Alpha led fraternities with a 2.4007.

Earning individual honors were Walter Palmer, senior, who had a perfect average of 1.00 for seventeen hours of work and Betty Bowman, also a senior with a 1.02 average for nineteen hours of engineering. Both Palmer and Betty Bowman are from Reno.

A summary of the averages follows: Student body 2.4166 Women 2.2666 Men 2.5103

DORMITORIES	
Manzanita hall	2.3278
Lincoln hall	2.3373
SORORITIES	
Kappa Alpha Theta	2.1806
Pi Beta Phi	2.2234

School Supplies - Stationery and Greeting Cards

GIVES

S. FRANK HUNT Including bequests made this summer, Hunt has given approximately \$250,000 to the university. The gifts were in the form of cash, equipment, and valuable stock.

S. F. Hunt Donates More Stock To Foundation

Total Value Of Bequest Is Now Approximately \$250,000

As a result of a meeting of S. Frank Hunt, who was the founder of the Hunt foundation, his attorneys, and Director John A. Fulton of the Mackay School of Mines in Salt Lake City this summer, the total value of Hunt's donations is now about \$250,000.

Hunt sent the board of regents 10,000 shares of Mountain City Copper Company stock, selling then at \$12 a share, 5000 shares of Combined Metal stock at 20 cents a share and 5000 shares of Prince Consolidated stock at 60 cents a share.

Previous to this time he had made bequests of 10,000 shares of Mountain City Copper company stock, 15,000 shares of Tybo Lead company stock, \$5000 in cash, a station wagon and a Ford coupe. Also numerous other donations have been made by him. The total on the present basis of the market price is \$260,000.

NOTICE

Tryouts for positions on the editorial staff of the Sagebrush will be held at the Student Union building, Monday, August 30, at 4:00 p. m. All new students wishing to work on the Sagebrush are requested to report at that time.

On the Campus it's "Hello!"

GREETINGS FROM THE NEW YORK CLEANERS

134 W. 2nd St. Phone 3341

Two Scholarships Given for First Time at Exercises

Two scholarships were awarded for the first time at the spring commencement exercises. To Marvin Moler of Carson City was awarded the Raymond Spencer Scholarship of \$250, given to a student in the school of Electrical Engineering, who is of good character and scholarship and is self supporting in whole or part, and has earned junior or senior standing.

The James Ward German Scholarship in forensics amounting to \$100 went to Frances Breen of Reno, with Leo McCuddin of Ione, alternate.

Four of the graduating class were recipients of awards and medals. Attaining an average of 1.23 during his four years of university work, Walter Palmer, Jr., son of Professor and Mrs. Walter Palmer, Sr. of Reno, received the gold medal, the highest honor awarded to seniors. Palmer also received the Armanco senior library prize of \$100 worth of books presented to the senior having the best private library.

FRENCH MEDAL

The French medal for outstanding ability in French was presented to Emile Gezelin. William Cashill, received the Henry S. Albert senior service prize of \$25, while Cadet Major Charles Allen received a citation as the honor graduate of the University of Nevada R. O. T. C. corps.

Other awards made at commencement were the Azro E. Cheney scholarship of \$250 for the student judged best in English during the year given to Elizabeth D'Alessandro of Lovelock. Alternate is William Hatton of Fallon.

Two engineering students of good standing, Ben Morehouse of Fallon a junior and John Marean of Lovelock a sophomore, received Elmer Clough scholarships amounting to \$80 a piece. Junior alternate is Eugene Rollins of Sparks; sophomore alternate, Gotfred Hoffman of Reno.

Richard Summerbell of Fallon was named recipient and John Boylan of Reno alternate for the pre-medical and pre-nursing scholarship of \$100 for excellence in this field.

Named winner of the William S. Luns-

Reno Residents Attend Annual Alumni Reunion

With several Reno residents attending, the thirteenth annual reunion of the southern California alumni association of the University of Nevada was held in the Town and Gown Foyer, on the U. S. C. campus in Los Angeles this summer.

All University of Nevada alumni and former students in the vicinity were invited to attend.

Honored guest at the meeting was Dean Maxwell Adams, who represented the University of Nevada as vice president. Doug Dashiell, varsity football coach, also was a speaker, and Paul Harwood attended as editor of the alumni issue of the university bulletin.

ford scholarship in journalism was Murray Moler of Reno. The scholarship is for \$75.

Margaret Jensen of Gardnerville received the Ella S. Stubbs \$100 memorial scholarship given to a worthy student of high scholarship. Melva Lauritzen of Fernley is alternate.

Richard Taw of Lovelock was named winner of the Lewis D. Folsom \$100 scholarship given to a worthy student of good standing. Alternate is Dorence Jameson of Ely.

The Women's Athletic association scholarship of \$75 was given Patricia Turner of Sparks, with Kennedy Walker of Reno as alternate.

For excellence in mathematics James Galvin of Tonopah received the Mayre Williams Butler scholarship of \$50. E'Lois Campbell, Reno, is alternate.

The Mrs. Carl Otto Herz scholarship for \$50 for excellence in electrical engineering was given to Guy Patterson of

Former Students Now Touring Europe

Gene La Tourette, Jack and William Horgan, former Nevada students are now touring in Europe on a trip they had planned for eight years.

Among the countries they will visit are Ireland, England, France, Italy, Morocco, Austria, Germany and Switzerland. Part of the trip will be made on bicycles. They will return to the United States a short time before Christmas.

Sacramento. Ned Westover of Reno was named alternate.

REGENT SCHOLARSHIPS

During the summer five regents scholarships of \$50 apiece were awarded to students who ranked highest in their respective classes.

Winners of the two junior scholarships are Alice Sauer and Jessie McClure, both of Reno. Alternates are Joseph Littlefield of Elko and Russell McDonald, Reno.

Sophomore winners are Herbert Jacobs and Maurice Sheppard both of Reno, who were named recipients and Rebecca Taitel of Indiana and George Sears of Reno, named alternates.

The one freshman scholarship was won by John Barber of Reno with David Hatman of Reno as alternate.

Other scholarships awarded this summer were the Associated Women's scholarship for \$25 given to the woman

student who receives no other scholarship and has attained the highest average grade for the year in 30 hours, awarded to Rebecca Taitel of Knox, Indiana. Helen Byrd of Reno is alternate.

The Grand Army of the Republic scholarship, from a trust fund, was won by Elmer Isaac of Austin.

Lloyd Bowen of Reno was awarded the Carrie Brooks Lyman scholarship given a student of high moral character.

For a good scholarship record Mary Mathews of Reno won the Rose Sigler Mathews scholarship of \$100.

COME IN AND SAY HELLO

Eddie Conway — Don Skinner

WALDORF SMOKE SHOP

IN THE SPORTLIGHT

SHORTS ON SPORTS FROM FAR & NEAR
By CLARENCE HECKETHORNE

While Don Kinkel is enjoying himself in all the glamour and excitement of Chicago, I'll do a little hitting and try to give a few interpretations of the latest reports on sports.

At the present time the big question is how and what Nevada will do in the forthcoming football season. . . . According to Doug Dashiell, the great problem now confronting the coaching staff is to replace the 11 lettermen of last season. . . . From the ranks of the 36 freshmen squad laid such stars as Deverell, McMichael, Peccole, Sala, Barsanti, Carpenter and several others. . . . But on the other hand it has been proven in the past that many high school and freshmen outstanding players blow up once they are thrown in against heavy opposition in varsity games. . . . With the exception of McMichael, all the previous mentioned players tip the scales above the 160 mark and are capable of giving any opponent a good argument as far as ruggedness and intestinal fortitude is concerned. . . .

Doing conditioning exercises yesterday was a young lad by the name of Bennett, who looked plenty hot. . . . He tossed a number of passes and sent off a few punts for a considerable distance. . . . Lassen Junior is a transfer from Young Ben Junior college in Susanville and according to reports he should relieve Doug of part of his worries.

The problem of replacing such men as Ohrt, Grubbs, and McDow in the backfield is another trouble confronting Doug. . . . Whether Twombly, Eaton, Grubbs, Robb, Powell, Deverall, and Carpenter will be able to fill up this gap remains yet to be seen.

Red Sala from Ely has just returned from a hard summer's work mingled in Ely. . . . Sala was one of the mainstays on the frosh squad last year and will probably see a great deal of action as either guard or tackle of this year's varsity squad.

Good news arrived the other day, when through the postman it was revealed that Hollis McKinnon, all-conference end last season, was scheduled to arrive on the campus Sunday. . . . McKinnon was a great asset to the squad last year and will probably be used as one of the stellar wingmen this season.

It is rumored around town that Dick Sauer will return to the university. . . . Sauer was a member of the famous frosh squad back in '32, and from the performance as a freshman Sauer will prove a great asset to the Pack. . . . However, at the present time no one has seen Sauer within the vicinity and this hope may in time turn sour.

Looking over the freshman material, ye scribe is in doubt as to whether the famed John Polish will be able to outshine the other freshmen candidates, as he did all his Yerington teammates, and all other high school gridmen throughout the state last year. . . . Polish is given a great deal of competition in such candidates as Lyman Keele, Jack Rhoades and others.

A determined drive is being made by campus students to install golf as an interfraternity sport. . . . Arrangements can easily be made with Ken Johnson, '33, who is manager of the Washoe county golf course, to hold such a tourney. . . . Johnson has already offered a special rate to students and at the present time there are at least ten students practicing regularly for an open handicap tourney to be held Labor Day. . . . Among those with chances of copping places are Robert Cameron, Jack Rhoades, Whit De La Mare and Robert Taylor.

Making his daily rounds to our university classes is a lad by the name of Kermit Lynch, who is making quite a name for himself in the local softball league. . . . Lynch is pitching for the Chism ball club and after chucking two contests has a record of limiting his opposition to only two hits. . . . Lynch is a product of Delano high school in Delano, Calif. . . . Incidentally, it was Ray Fredricks, Wolf athlete who persuaded young Lynch to continue his education and athletic participation in the local institution. . . . Not only is Lynch a star chucker, but also an outstanding basketball player. . . . After completing one year's junior college playing, Lynch was acclaimed the high scoring player in the southern California junior college conference. . . . Watch Lynch go to town when Martie's hoopsters take the floor next January.

To Fredricks should go a great deal of credit for his work in watching the interests of his alma mater while coaching in Delano high school. . . . Another Nevada alumni who is continually sending prospective athletes to the university is Goldie Holmes of Compton Junior college. . . . What Nevada needs is a few more such men.

Utah, California Teams will Meet Frosh Grid Team

Nevada High School Stars To Form Basis of 1937 Squad

All Yearlings Interested In Sports are Urged To Turn Out

With contests scheduled with institutions from Utah and northern and southern California, the 1937 frosh football schedule of six games was announced this week by Coach Jim Coleman.

A game with Compton junior college in Compton, California, will mark the first foray of the local yearlings into southern California. Other games on the schedule for the first time include: Utah Branch Agricultural college and Menlo junior college.

Suits are being issued to the gridlers following strength tests and doctor's examinations. It is expected that this year's frosh squad will be much larger than that of last year.

Prospective players now out include such stars as John Polish and Jim DuPratt of Yerington; Jim Shepley, Reno star; Lyman Keele, all-around star from Sparks; Rodger Foley, Las Vegas linebacker; and Artie Ham of Los Vegas.

Other former high school notables who are expected to report in the near future are such men as DoArieta, from Winnemucca; John Potthoff, Las Vegas; and Jim Griswold, from Elko.

Coleman urges all freshmen having an interest in the sport to turn out. "It doesn't matter whether students have had high school experience or not. What we want is to find any new material which may develop into varsity candidates," stated the frosh mentor.

Coleman also stressed the fact that he wanted both light and heavy men to report because he was expecting to use a backfield of light but fast players. Sweaters with engraved class numerals will be awarded to members of the frosh squad upon the recommendation of the coach at the end of the season.

1937 SCHEDULE
The 1937 schedule is as follows:
Oct. 2—Placer junior college at Reno.
Oct. 9—Lassen junior college at Susanville.
Oct. 16—Utah Branch Agricultural college at Reno.
Oct. 30—Placer junior college at Auburn.
Nov. 13—Menlo junior college at Reno.
Nov. 20—Compton junior college at Compton.

P. E. Department Looking For Jobs

Determined to find employment for needy athletes, the University of Nevada physical education department is making a drive among local merchants to find part-time work for students interested in athletics.

At the present time several students have been provided with jobs, but a large number are still awaiting positions in order to continue their scholastic and gridiron activities.

Florsheim Quality

...THE SOUNDEST SHOE ECONOMY

To buy one pair and wear it longer is certainly cheaper than to buy two or three less expensive pairs, in the same period. That's why we say Florsheims cost you less!

PROMOTED

"CHET" SCRANTON
As member of Nevada's famed Wonder Team, "Chet" started making history for himself. He has been connected with the men's physical education department for several years, and was coach of freshman athletics. He was this year appointed to serve as assistant football coach under Dashiell.

9 Cindermen Earn Awards During '36 Season

Block N's have been awarded to nine University of Nevada cinder men, who made at least five points in any singular track meet during the 1937 season. Coach Jim Coleman announced today.

The greatly-cherished awards and membership to the Block N society were given to the following tracksters during the summer vacation: Paul Aznarez for the pole vault event; Kenneth Day, broad jump and javelin; Emery Graunke, sprints; Chester Howard, 440 and relay; Lockley Maule, high hurdles; Walter Powers, sprints; Kenneth Richard, broad jump; Ernest Rodriguez, 880; and Robert Zadow, low hurdles.

Among the highlights of the track season was the tying of the 100 and 220-yard dashes by Powers and Graunke at the Far Western conference meet at Chico.

Both Powers and Graunke were eligible to compete in the National Intercollegiate association meet but could not participate because Nevada was not a member of the association.

With graduation last spring went four track graduates — Richard, Maule, Zadow and Graunke, whose absence will greatly weaken the 1938 squad.

Douglas McDow, former Nevada sprinter, visited the local Alpha Tau Omega last week. McDow is now residing in Susanville.

1937 FOOTBALL SCHEDULE

Oct. 2—	University of Wyoming at Reno
Oct. 9—	St. Mary's University at San Francisco
Oct. 16—	Chico State College at Chico
Oct. 23—	College of Pacific (Homecoming) at Reno
Oct. 30—	California Aggies at Reno
Nov. 6—	Fresno State College at Reno
Nov. 13—	Santa Barbara State College at Santa Barbara
Nov. 25—	Willamette University at Reno

New Student Gives States Appointed Publicity Director Views On Jap China War

Japan's undeclared war upon China has a very realistic meaning to Bart Llana, who visited the site of the present conflict in Shanghai a few days before the 1937 fracas.

Llana, a transfer from the University of California, stopped in Shanghai for two days in April, 1932, en route to this country to attend college. His boat, the 'President Jackson, was one of the last boats to leave the port before an embargo was placed on all shipping.

"Although we did not see any actual fighting, both sides were feverishly preparing for war at the time," Llana reported. "Many refugees were leaving the city and we visited many sections of the international settlement that were recently bombed."

Llana believes that the Chinese have more than a decided edge in the present conflict.

"Japan is fighting a united China at this time, and unless she overwhelms the Chinese troops immediately the war may go on for a long time, which greatly aid China."

Llana is a native of the Philippines and is completing his courses at Nevada.

Anyone wishing to try out for the business staff of the Sagebrush please report at the Student Union building, Monday, August 30, between the hours of 1:00 and 4 o'clock. There are positions open on both the men and women staffs. Willis Dalzell, Business Manager.

Inter-frat Bean Feed Date Set

The annual University of Nevada bean feed will be held September 13, and was decided at a meeting of the Greeks last night.

No definite plans for the festivity were decided upon, but were referred to an appointed committee, who will arrange all details.

Another gathering of the fraternities will be held Sept. 7 to discuss other programs for the coming year.

Foremaster Attending Lambda Chi Conclave

Harold Foremaster, 35, is attending the national convention of Lambda Chi Alpha in Toronto, Canada, as a delegate from the Nevada chapter.

Foremaster left his home in Las Vegas about two weeks ago and is expected back to register about September 3. He visited in Chicago, Washington, D. C., and other eastern cities.

Varsity Gridmen Train In Shorts

Varsity football players will blossom out in shorts and sleeveless shirts for the opening two weeks of grid practice, Coach Doug Dashiell said today.

According to conference rulings, Coach Dashiell cannot officially take over the team until September 10, and until then Assistant Coach Chet Scranton will drill the squad on fundamentals and conditioning exercises.

All football candidates underwent a medical examination Thursday night and were issued football equipment and lockers. Actual training began Wednesday afternoon at 3:30.

Scranton Named Assistant Coach For Pack Varsity

Jim Coleman, Varsity Track Coach, Appointed New Frosh Mentor

Reorganization of the university football coaching staff was announced last week which made Chet Scranton, former freshman football coach, the new assistant varsity coach in the place of Jim Coleman, who will take over the duties of tutor of the first year gridriders.

The change was officially made upon the arrival of Douglas Dashiell, head football mentor, and Scranton from a summer football coaching school in southern California, which the two attended during two weeks of the summer session.

While attending the coaching school, Scranton and Dashiell were constantly together, planning for the 1937 football campaign. The classes lasted from 7:30 a. m. until 10 p. m. each day with lectures in the morning, field demonstrations in the afternoon, and motion pictures dealing with football in the evening.

NEVADA GRAD

Scranton graduated from the University of Nevada with the class of '24. During his college career, Scranton was a member of the 1919 freshman football squad, and a member of the varsity team for three years. In 1923 Scranton captained the famous Wolf Pack which held the California Bears to a scoreless tie.

After graduation, the Nevada athlete was appointed to the position of head football coach of Sparks high school, and following three years of successful tutoring, he was given a place in the university coaching staff. Scranton has been affiliated with the university during four different coaching regimes — those of Shaw, Philbrook, Mitchell and Dashiell.

Life Saving Corps Spends Busy Summer

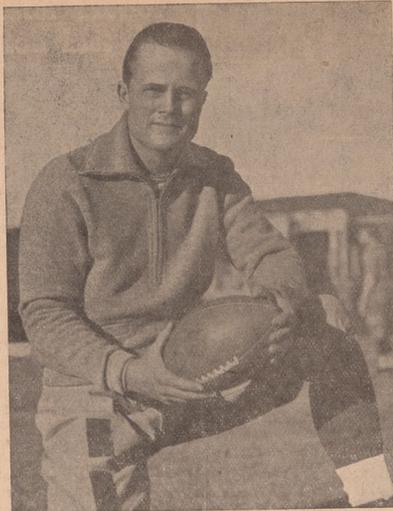

The university Red Cross life-saving corps was kept busy this summer. Miriam Butler, '36, Gene Wines, Frances Smith, Lila Stoddard and Gail Moore were employed at the Reno Municipal pool as life guards.

Verna Bullis, president of the Red Cross life saving corps at the university, and Patricia Turner attended the Red Cross aquatic first aid school at Russian river.

Patricia Turner acted as life guard and swimming instructor at the 4-H camp at Lake Tahoe.

The corps is planning a busy semester with a drive for new members.

HE WORRIES

COACH DOUG DASHIELL

The genial Texan starts his second year as head football coach at Nevada the same as he did last year — worried about his team. He made a pretty impressive record last year and most people seem to think he'll repeat. Until he officially takes over his duties on September 10, his squad of gridiron warriors are training in sweatshirts and shorts.

Senior '37 Gift Being Constructed

Parting gift of the class of 1937—a football waterwagon—will soon be ready for use, Emory Graunke, senior class manager of last year said today.

The waterwagon, running on wheels, will eliminate the old "water bucket system," and will speed up service.

Now under construction by the university mechanical engineers, the water wagon will make its first appearance on Mackay field in the initial home game.

Blue Key Dance Declared Success

Last fall's record attendance at the Blue-Key get-together dance was broken Tuesday night when over 758 students were admitted to Tony El Patio ballroom for the first of the semester's social affairs.

Men at the dance outnumbered the women with 431 as compared with 327. According to reports, nearly half of this number were freshmen, although other classes were well represented, and many alumni also were present.

A total of \$303.25 was taken in. An eightpiece orchestra furnished the music for a straight tag-dance evening. All students were furnished with colored slips which designated their class.

These semi-annual get-together Blue Key service fraternities for the benefit of new students.

Chaperones were Mrs. Jeanette Rhoades, Dean R. C. Thompson and Sergeant Grant Hustis.

Upperclass Women Survey The Frosh Crop

This and these we dedicate to the latest and bumper crop of freshmen, the down-trodden masses that grow green at our feet.

From green to blue. It's funny the way these frosh are so particular about the size dink they get, when they ought to know that even if it were the right size it wouldn't fit. We like to see the new headgear on redheads and curly-heads. Blondes and brunettes look almost normal.

But without the dinks we'd know their shining faces and scrubbed ears and chins.

And we know them by the way they dance — and the line they give at the get-together. For instance, there's the awe-stricken, timid soul who begins: "What's your name I'm Harold Smith Where are you from I'm from Blurtown Are you a freshman too What course are you taking —"

But of the countless thousands, we hate the girl who can't remember that she has already met us and begins on the same line she gave us the last time.

But a wave of pity sweeps us for the poor, floundering frosh who meet such unreserved approval from the sorority and fraternity members who will

Former Student Graduates From West Point

Robert S. Palmer, former University of Nevada student, and son of Prof. and Mrs. Stanley Palmer of Reno, was graduated from the United States Military Academy at West Point in June.

Palmer was appointed to West Point by Representative S. S. Arentz after attending the University of Nevada for three years. He has held grades of sergeant and lieutenant in the cadet corps and graduates with a "very high" rating, says the academy report. He will be commissioned an engineer upon graduation. He was a member of the cadet chapel choir for three years and participated in the activities of the rifle team.

Eli Nickovich, member of last year's varsity football squad, called on campus friends over registration period.

Large Enrollment In R.O.T.C. Unit

Nevada may this year boast of the largest R. O. T. C. unit in her history. Aided by the influx of 132 new freshmen, the personnel of the corps now numbers over 250.

Of these, some 25 are commissioned officers, 80 more are sophomores serving as non-commissioned officers, and the balance, freshmen, some of whom are serving with the band.

Support the local Business Houses.

Betty Bowman Inspecting California Mining Property

later perhaps even forget their names. Little they know, these men and women of the moment, of the sorrows of being a forgotten and slave-driven pledge.

And there's the fraternity sweetheart who is going collegiate in a big way.

And the memories of those frosh — as long as from the beginning of one dance to the beginning of the next. The starry-eyed boy who had the second dance with an upperclasswoman and who walked up and down in front of the wall looking for her. Finally the girl stepped forward and asked: "Remember me?" (Maybe all women are alike to him, or maybe it's the same way with him a with us. We can't tell one Chinaman from another).

The beautiful politeness and generosity displayed by the sorority women while rushing the frosh women reminds one of the golden rule. One sorority woman was supposed to call for a frosh at 7:30. At seven the frosh appeared at her house with a sorority woman of another house. Not to be outdone the first one tagged along with them at four o'clock they both wearily dragged the frosh to their doorsteps with the good praises of both sororities ringing in their ears.

Miss Betty Bowman, who was graduated from the University of Nevada Mackay School of Mines with high honors last May, is now inspecting mining property in Lone Pine, California. She plans to return to Reno the first week in September and her plans after that are indefinite. During July, Miss Bowman made a visit to Alaska, where she also inspected mining properties. She is the daughter of Mrs. Gloria Bowman of Reno.

Musical Activity Interest Is High Says Prof Post

Hal Lang Will Again Act As Drum Major; 65 Sign Up

First Practice To Be Held Monday Afternoon In The Barracks

With only tentative lists available of students showing an interest in various musical activities, conditions are very promising for an early start, Professor Theodore Post stated yesterday.

Hal Lang, drum major for the past three years, will again head the band in the recitals planned for the coming year. Sixty-five students have signed up for the work in the band and the ability as to various instruments is very well distributed.

However, it is hoped that more clarinet talent will present itself before the first meeting, to be held Monday in the barracks.

The highest enrollment ever attained in the band in previous years was 63.

COEDS TURN OUT

Feminine interest in music has been displayed in the activity, which until the past few years was a field occupied by the men.

Thirteen women will appear in the blue and white costumes with the band this year.

Assistant Director Reuben Tuttle and veteran band members are kept busy this week getting the instruments in first class condition and new uniforms will be ordered with the R. O. T. C. annual allotment.

A new Scotch drum to be played with the bell lyre will replace the old one, which added much to the appearance of the band in public.

Student Prospecting Party Returns To Reno

After ninety days of roving the desert, a little party of Nevada mining students are back in Reno after their arduous trip.

The group, consisting of Roy Caldwell, Craig Moore, Kenyon Richard, Frank Sharp, Fred Tong, Hal Lang, John Burgess, Betty Bowman and Jean Horning, made the summer trek under the direction of E. N. Pennebaker and John A. Fulton for the purpose of allowing embryo mining engineers to have actual prospecting experience.

The first five weeks were spent near Pioche in the general vicinity of the Prince mine, where the class was first given instruction with the Brunton compass and pacing. At the same time, a general reconnaissance of the Cambrian formations of the region was made to gain familiarity with the geological mapping units.

GO UNDERGROUND

While at Pioche, underground trips were made into the mines in order to view the ore deposits and their relation to the geology of the district.

From Pioche the party made a journey to Boulder Dam and took a motor boat trip up Lake Mead to the west entrance of the Grand Canyon of the Colorado.

At the close of the Pioche field work the party prepared finished aerial maps and other material and submitted a report on the area studied.

Going next to Kimberly, the party studied the general geology of the district and inspected the operations of several of the mines in the vicinity.

LOCATE CLAIM

After about 10 days at Kimberly, the party made camp on Cave Creek, about 15 miles southeast of Ely, from where scouting or exploratory trips were made to observe the structure and search for minerals showing. While in this territory, a gold-silver mineral showing was found and a promising lode mining claim located.

Camp was broken at Cave Creek on July 25 and the party began a tour of the various mining areas of the state, including Gold Creek, Tenabo, Copper Basin, Copper Canyon, Galena, and Junco.

Although the trip was primarily for the purpose of furthering the education and enhancing the experience of the students, it has been indicated that fishing and other activities were enjoyed.

Professors of the Mackay School of Mines, Jay A. Carpenter, Henry E. Wheeler, and V. P. Gianella accompanied the expedition, each of them serving a month.

The trip was made through funds provided by the S. Frank Hunt foundation, which not only made it possible, but further facilitated it by furnishing much of the equipment, such as station wagons and trucks.

Most of the group have since departed for their respective places of employment; only two, John Burgess and Hal Lang, returning to the university.

FORMER STUDENT DIES

Gifford Shuey, a former University of Nevada student, died May 13 at a local hospital following an illness of seven months.

He attended the University of Nevada for two years and was a member of Phi Sigma Kappa, fraternity. After leaving the university, Mr. Shuey was associated with his father in the drilling of water wells. Recently he had been engaged in the stock business in Inyo county, California, and in northeastern Nevada.

Rock and Mineral Group To Show Pictures

Three sets of pictures will be shown Tuesday, Aug. 31, in the Educational building by the Nevada Rock and Mineral club.

Pictures concerning the earth's history will be shown at 7:30 p. m., while reels on internal combustion engines will be shown at 1:15 p. m. and pictures of Boulder Dam at 4 p. m.

Changes which have taken place in the earth's physiography in North America since the earliest fossil-bearing sediments, which occurred more than 550 million years ago, are shown by animated maps and diagrammatic cross-sections.

A travelogue, in full color, of the weird natural wonders of Death Valley will be of special interest to residents of this section of the country. The formative stages of this area, the building up of block mountain structures, is shown by color animation and models through the courtesy of the Union Oil company.

Three films compiled by Harvard university: "The Earth's Rocky Crust," "The Wearing Away of the Land" and "The Work of Running Water," will be presented to show that the forces now changing the face of the earth are likewise responsible for its present topography.

The Nevada Rocks and Mineral Study club, headed by Miss Echo Loder, procured these educational pictures.

N. Y. A. Will Aid Needy Students

Giving aid to 76 university students this year, the National Youth administration will be in operation next week under the supervision of Dean Margaret E. Mack.

Part of the applications were made during the summer, and are now being checked by the NYA office, after which they will be checked by the university faculty. The work includes part-time employment in university departments as assistants and other positions.

To be eligible a student must have a good scholastic standing, be in need of employment, and be between the ages of 16 and 24. Eight per cent of the student body will be employed.

Two Riding Classes To Be Offered To Coeds

Two separate riding classes will be offered this semester.

The regular Saddle and Spurs group will meet as in the past for six weeks of riding. The date for the opening ride has not as yet been set.

A new class for credit is being offered this semester for the first time. Under the leadership of Miss Marian Nichols the group will be taught jumping and correct riding positions.

Miss Nichols, '30, has received instructions from Captain V. S. Littauer, U. S. A., at the summer session of the Boots and Saddles, New York riding club, at Long Island, New York.

Besides the riding period, the women will hear lectures on the proper care and the schooling of horses.

The fee for the class will be \$16.50, payable in two installments, \$10 at the first ride and \$6.50 due October 1. This fee includes instruction, horses and all extras.

On the Campus it's "Hello!" Support the local Business Houses.

Barbs Will Hold Meeting Monday

Max Jensen, Group Prexy, Not Yet In School

The Independents will hold their first meeting of the school year next Monday, August 30, at 7:30 p. m. in the Educational Auditorium, senator for the group, who is acting in the absence of Max Jensen, president.

Students not belonging to any fraternity or sorority will be encouraged to join the Independent organization. It is estimated that an average membership of 150 members will be maintained throughout the school year.

Max Jensen, Independent president and candidate last semester for A. S. U. N. presidency, has not yet returned to school.

Mary Mathews, a leading Independent student, stated that one business meeting and one social meeting would be held each month.

Max Johnson, student senator, predicted an active year for the organization in athletics. As many students as possible will be given a chance to participate in the various inter-fraternity sports. A float will be entered in the Homecoming parade, Johnson stated.

Mine Discovered By U. N. Students

Roy Caldwell, graduate of the University of Nevada last spring, is in charge of work being carried on by the Hunt Foundation on mining claims taken up by them during the summer near Ely.

John Burgess, member of the group of students, who did active prospecting for the Hunt Foundation, found a piece of float. A vein was revealed and claims were taken up. Work was carried on by the group part of the summer and since then Caldwell has been in charge.

Returns from the mine will be divided among the university and others who aided in the discovery.

J. Church Awarded Honorary Degree At Exercises

Dr. J. E. Church, the oldest member in years of service on the University of Nevada faculty, was awarded one of the three honorary degrees, that of Doctor of Laws, presented by the university at the commencement exercises last May.

Senator Key Pittman and Former Governor Roswell K. Colcord received the other two awards. These were the first honorary degrees awarded by the university since 1924, and came as a complete surprise to the trio as well as to the audience. Dr. Walter E. Clark presented the honorary doctor of law - L. D. - degrees.

Four men were also signally honored at the ceremony when they were presented with advanced degrees.

Raymond Killian, Creighton graduate of 1925, received a master of arts degree when he was presented by Dr. Wier.

Dr. George Sears presented Kenneth S. Karstens, graduate of Hope college, Mich., in 1935, who received a master of science degree.

The name of Arnold Bensen was announced by Professor Stanley Palmer as having earned an electrical engineer degree. He is now a member of the Oklahoma A. and M. college faculty.

Raymond M. Henriksen's name was also presented by Director John Fulton as a candidate for the same degree of engineer of mines. In 1927 he received his B. S. degree from Nevada and is now teaching at the University of Alaska.

Harriet Cazier, graduated with last year's class, was a guest at the Phi Beta Phi house last night.
