## MISSING

**MISSING**  
Missing for eight days from his Berkeley residence, Bump is the object of an intense search being led by his parents and police.

## G. Bump, Former Student, Missing For Eight Days

### Parents, Police Conducting Widespread Search For Youth

### Disappeared From Berkeley Residence About Sept. 1st

By JACK CALL

George Bump, former honor student of the University of Nevada, and a graduate of the class of '37, has for the past eight days been the object of a widespread search by parents, and by the law enforcing bodies of California and Nevada.

Bump, who was a mathematics major here, and who this year entered the University of California to take a post-graduate course in electrical engineering, disappeared from his Berkeley residence September first, and has not been heard from since.

### POLICE THEORIES.

Police have advanced three possible theories as being responsible for his absence.

First, as he was known to have been a keen student of government and governmental affairs and was particularly interested in the Nazi movement, it is thought that he may have joined a party bound for Germany.

It is also considered possible that he may have joined one of the United States, Army or Navy, or, finally that he may be suffering from a nervous breakdown.

### BRILLIANT STUDENT.

During his undergraduate years here Bump was noted as a brilliant student and a prominent member of the International Relations Club, campus organization for the study of foreign governments.

His absence was first discovered when his mother, who resides in Burlingame, came to visit him in Berkeley, only to find that he had not been seen for several days. It is understood that he had written several encouraging letters home since entering the university for the fall term, and he was thought to be in excellent health.

## "Pink Slip" Method To Start Soon

With the report current that about eighty freshmen on the campus are not wearing "dinks," the men's upperclass committee will swing into action next week.

At their first meeting, Thursday noon, the Committee headed by Don Leighton, decided to use the "pink slip" method adopted by the men's upperclass committee last semester.

The pink slip is handed to any tradition violator by a member of the upperclass committee. On this slip will be stated the violator's name and violation. Notices with list of offenders will be posted on the bulletin board summoning the erring undergraduates.

Underclassmen failing to heed these notices and the pink slips will have their punishment increased, as the upperclass committee intends to keep a careful record of all men given pink slips.

## Pictures Exhibited By Math Group

Twelve pictures of eminent mathematicians that had been framed were shown to the students of the Math Club at a meeting last night.

Several members of the club presented short biographical sketches of the mathematicians.

Refreshments were served by Evelyn Bulmer, Martha Ann Holcomb, and Doris Chesnut.

The Math Club meets on the second Thursday of each month with President Llewellyn Young and Professor Woods in charge. Other officers are vice president, Margaret Jensen, and secretary and treasurer, Martha Ann Holcomb.

All students interested, as well as those who are majoring or minoring in mathematics, are eligible for membership.

## Press Club Begins Work On Annual Conclave

Plans for the high school press convention, which is sponsored annually by the University of Nevada Press club, were begun this week at the club's first meeting this year.

Charles Doherty, senior student, was appointed chairman of the committee in charge of the convention. Other committee members are Ned Westover, Hudson Lee, Rosalys Martinez, Gertrude Polander, Helen Shovlin, Frances Breen, Mary Handley, Norma Anderson and Winifred Hiltonen.

"A definite date has not been set for the convention," Doherty said, "but it will probably be held sometime in November in conjunction with the annual high school presidents' convention."

At the meeting Hudson Lee, treasurer, gave a financial report.

Students interested in joining the club will have to tryout for the organization in some manner, according to plans formulated this week.

A Press Club float for Homecoming was also suggested, and will be taken up in detail at the next meeting of the group, Max Jensen, president, said.

## Mining Students Return From Trip

### Were Guests of American Mining Congress In Salt Lake

Seven senior mining students returned Wednesday evening from Salt Lake City where they were guests of the American Mining Congress.

Through the benefits of the S. F. Hunt Foundation, the men were able to take the trip and attend both the luncheon and dinner dance given Tuesday by the Congress.

The Nevadans at lunch had honored seats at the speakers' table where Senator Key Pittman of Nevada sat with many of the leading mining officials of the west.

Before arriving in Salt Lake City, the students were guests of the various mining companies of northern Nevada and Southern Utah.

Louis Meyers, '20, took the group through the open cut mine at Ruth, Nevada. Meyers is now the chief engineer at the Nevada Consolidated Company.

Another former student, Jim Thomas, showed the future miners the Elton Tunnel, at Tooele, Utah. Thomas is now the superintendent at the Elton workings.

Seniors who took the trip were, Louis Carpenter, Gordon McDonald, Milton Steinhilber, Deniz Carr, John Cleary, Clyde Keegal and Robert Cleary. They were accompanied by Professor W. Smythe.

## Constitution History Will Be Traced By Smith

Chauncey W. Smith, state superintendent of public instruction, will be the guest speaker for the Constitution Day assembly, September 17. He will be introduced by Professor C. C. Smith, professor of history.

Smith will speak upon the history and development of the constitution from its beginning to the present time, and also upon the passing of the teacher's oath to the constitution and its relation to present day problems.

Nevada has not as yet passed a teacher's oath.

Many states have explicitly stated that the teaching of Communism, Fascism, and other doctrines against the democratic government of the United States is against the law, it was stated by Professor Harold N. Brown, chairman of the committee for assemblies and speakers.

Other professors on the committee are Professor C. C. Smith and Professor I. J. Sandorf.

The assembly will be held in the Education auditorium September 17 at 9:35 a. m.

## Engineers To Have "Dues Payment" Contest

A cup will be given at the end of registration to the group of engineers who have the largest percentage of dues paid up, according to Llewellyn Young, president of the associated engineers.

The mechanical engineers are leading with 30 of the 37 members paid up. Running them a close second are the civil engineers with 24 out of 51 members with their dues in. The electrical students have 18 out of 44 and the mining students 30 out of 87.

Of the total 219 engineers, 90 have paid their semester's dues. Llewellyn Young, Milton Steinhilber, and Howard Evans are collecting the money for all the groups.

## Students Urged To Enter Tryouts For Wolves Frolic

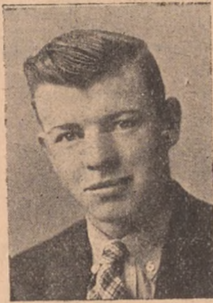

### Variety Of Acts Are Needed For Presentation Of Annual Show

With plans for the forthcoming Wolves Frolic clothed in fraternal secrecy, Director William C. Miller, university dramatic instructor and the one responsible for the presentation of the annual frolic, announced yesterday that the show is not limited to any group or organization and asked any student interested to report for tryouts September 13.

Variety is the thing most wanted, Miller emphasized. "Singers, dancers, quartets, and magicians will be particularly welcome, and quality rather than quantity is at present the desired element," he said.

So far only two campus organizations, Lincoln hall association, and Sagers, have made their attempts known to Miller, and he is particularly anxious that other campus groups intending to take part in the affair see him at once.

### CHAIRMEN

HUDSON LEE  
CHARLES DOHERTY

Nevada will start playing host to prep school students in November when the high school presidents and editors conventions are held. Doherty and Lee will conduct the conventions as chairmen of the respective committees.

## Lee Is Chairman Of Prexy Group

Committee for the President's convention, which will be held at the University sometime in November was appointed by the Senate at a special meeting last night.

Those appointed were Hudson Lee, chairman; Betty Naismith, Barbara Ferron, Loyal Willis, Francis Menante, Jean Rice, and Don Cole.

Appointments of yell leaders was discussed, but no definite action will be taken on the matter until the next meeting of the Senate to be held this coming Thursday night in the ASUN building.

## Coed Vigilantes Start Activities

Beginning Monday the women's upperclass committee will be on the lookout for all freshman women violators of traditions, Nina Boockiewicz, chairman said after a meeting of the committee this week.

Women who sit on the senior bench in front of the English Hall, cut campus, or forget their frosh bibbles will be called up before the committee for punishment. Failure to report will double the penalty imposed, Miss Boockiewicz stated.

## Students Tryout For Year Book

With much new material, as well as some of last year's staff members appearing for the first Artemisia tryouts, Sam Wilson and Ted Olds are optimistic about this year's book, they report.

Many of the trees are ex-editors of high school annuals, Wilcox said. There are many vacancies yet and much opportunity for people interested in typing and shorthand.

## Enrollment Reaches Highest Figure In History

When registration closes Tuesday, it will surpass last year's mark by approximately 60 students, President Clark estimated yesterday.

Already the cards out exceed the final enrollment of last year by 12, and 20 or 30 more students are expected to complete registration before the deadline on the 14th. Teachers from nearby districts will have an additional 4 days in which to complete their registering.

Figures released yesterday by President Clark show 1077 cards out with 1048 checked in at the registrar's. Of this number 649 are men and 399 are women students.

The classes line up as follows: 527 freshmen, 232 sophomores, 121 juniors, 78 seniors, 29 graduates, 45 unclassified, and 16 special.

At the same date last year there were 997 cards out with 967 completed registrations and a final number of 1036 at the close of the registration period.

## Student Directory Plans Underway

### 500 Copies To Be Printed By Blue Key

Five hundred copies of the 1937-38 edition of the student directory will be available to students and downtown merchants the latter part of the month. Bud Doherty, head of the Blue Key project, announced last night.

The book will be published by the Reno Printing Co. and the price will be fifteen cents, the same as last year.

The publication, which was started last year for the first time, was accepted in such an enthusiastic manner that it was decided to continue it.

The book will consist of 16 pages, a title and cover page.

## University Enters City Bridge Fete

The University of Nevada today joined the rest of Reno in the Bridge celebration.

With classes closed for the afternoon, the university was ably represented by the band and a float.

Decked out in its uniforms for the first time this year, the band, 70 strong, marched in the parade today. With 15 other students marching in either the Reno city band or high school band, the entire university band was not in one unit on the line of march.

The university float was representative of the coming football season. Carrying out the color scheme of blue and silver, the float carried the football schedule.

A team of four men, managed by Max Jensen, participated in the gumshoe race this afternoon.

## Military Instructor In Bay Hospital

Sergeant Grant H. Hustis, instructor in Military Science and Tactics at the University of Nevada since 1928, is now under treatment in Letterman hospital in San Francisco.

Captain H. W. Isbell and the military department received permission during the summer to take the Sergeant to the bay city, where he is recovering slowly. According to Captain Isbell, Sergeant Hustis will probably be well enough to return in two months.

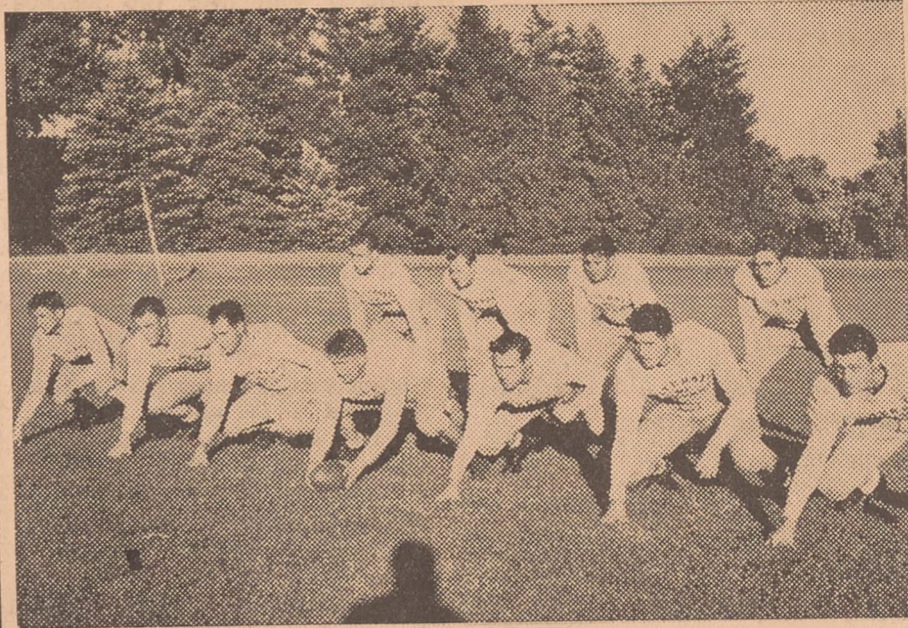

Sergeant John T. Kelly, who has been assigned to take Sergeant Hustis' place, was connected with Company I, 30th Infantry, Presidio, San Francisco, Calif. for six years. He will remain until Sergeant Hustis returns.

### NOTICE

Failure to wear a dink and carry a handbook will bring the violation before the Men's Upperclass committee immediately. The seriousness of this offense increases as the days pass. D. Leighton.

## '37 Grid Season Officially Open; Dashiell In Charge

### READY FOR ACTION

Workouts began in earnest today for the 1937 edition of the Wolf Pack as Coach Dashiell officially assumed his duties. What will probably be the first string is pictured here. Reading from left to right they are: Backfield—Eaton, Bobb, Grubbs, and Twombly. Line—Basta, Gustafson, Lommori, Clayton, Podesta, Lovell, and McKinnon.

## Novelties Planned For Soph Dance

### Twelve-Piece Orchestra To Be Main Feature

Although the theme of the Soph Hop will not be released until a week before the dance, all plans are well under way, according to Louis Peraldo, class manager.

After the elimination of the queen contest, it was decided that some other feature would take its place. Several novelty numbers, have been planned, including a dance duet from Los Angeles now performing at the Colombo hotel; a Columbia broadcasting singer, and other local talent.

There will also be a master of ceremonies to enliven the evening's entertainment.

The dance will take place in the State building, September 25, and will be a semi-formal affair, the women wearing formals and the men dark suits.

Reuben Tuttle's and Morgan Mills' 12-piece orchestra will furnish the music.

This is the first time that so large an orchestra has played for the Hop.

Stickers and posters advertising the dance will be distributed next Monday, Clifford Malone, publicity chairman, announced.

## Heckethorn Named Handbook Editor

Appointment of Clarence Heckethorn as editor of the Student handbook was announced yesterday by Richard Taw. The business manager will be appointed next semester.

Previously, the editor and the business manager have been appointed the second semester.

Taw's plan enables the editor to keep up with the work on the Handbook and follow the changes that occur during the semester, instead of delaying responsibility for the Handbook material until the second semester.

Heckethorn will appoint his assistants later.

## WANTED: RIGHT ADDRESSES—SAYS REGISTRAR

With only three weeks of the fall term passed, Mrs. Jeanette Rhodes, registrar has already lost track of several students.

Many students failed either to give their addresses, or to note changes in their addresses on their registration coupons. Unless these students do so at once, immediate contact with them is impossible, she said.

## Mentor Satisfied With Prospects

By CLARENCE HECKETHORN

Football season for 1937 was officially opened today, and with it over 50 University of Nevada Wolves gathered on Mackay field, where, under the direction of Douglas Dashiell, head football coach, and his assistant Coach Scranton, the Wolves were put through a stiff workout.

Today's scrimmage marked the coronation of old King Football in the conference and the beginning of a tough schedule of eight contests with colleges and universities for the local gridmen.

Dashiell and Scranton seemed well satisfied with the performance of the Wolves this afternoon, as they put the men through a number of plays and exercises.

### CAPABLE TRANSFERS.

From today's practice three junior college transfers came into the limelight and proved themselves capable of making the veterans hustle for first string berths. One was a young fellow named Bennett, who Dashiell expressed as being a good punter and passer, and having plenty of fire in his playing.

"It's this type of players that I'm looking for," Dashiell said as his eyes followed the Lassen junior college transfer across the field.

Lovell is another transfer from Lassen that took the eye of the Nevada mentor because of his fight, love for the game, and playing the game for all it's worth.

Another transfer is Podesta, high guard from Compton, who Dashiell said was well schooled in the fundamentals of the game and was a very aggressive player.

The return of Bill Grubbs to the roster Wednesday afternoon was another asset to the squad. Grubbs weighed in at 188—ten pounds lighter than last season, but in splendid condition and much faster. Dashiell put Grubbs in as fullback this afternoon, and thus started a feud between Twombly and Grubbs for the first string berth.

### CENTER NEEDED.

At the present time Dashiell is scanning his eye for another man to work in the center position. Clayton, Hardie, and Demosthenes have been given signals for the position and are doing a good job at snapping the ball, however, Dashiell says he still needs another to compete for the position.

Little Neal Campbell was lauded by Nevada's mentor because of his fine spirit and continual hustling. "With this attitude Neal will win a starter berth," Dashiell said, Campbell, as last year, can play either of the end positions.

The right halfback post is worrying Dashiell, because of the lack of large and fast backfield men. Powell, Powers, and Peccole were used as right halves this afternoon and showed plenty of speed, but the deciding question is whether or not they will possess the "punch."

### OPEN STYLE.

Dashiell said he would use an open style of playing this year, and providing the line can be rebuilt from tackle to tackle the team will have a stronger running attack than last year.

Because of the planned open style of play, passing was stressed during practice. At the present time Robb, Bennett, Metten, Deverell, Michael, and Grubbs are being tried at passing and all seem to be hitting their mark.

Distance and altitude is being stressed as requirements for kickers. Robb, Bennett, Sala, Metten, Smith, and Mile seem to be the candidates in punting.

A deciding factor in determining starting men for the Wyoming game will be the defensive ability of the respective backs, Dashiell said.

Thus far Eaton has proved himself a capable line backer and Grubbs is recognized as one of the finest defensive backs on the coast. In the past a number of backs have proved weak on pass defense. This must be corrected if they are to use regularly, the former Texas continued.

Dashiell was well satisfied with his guards, as he had a large and good group of strong and husky players for the two sentinel posts. Those looking good this afternoon were: Lommori, Podesta, Brooks, Barton, Barsant, Dickson, Foremaster, and Sullivan.

### NOTICE

To Freshmen and all transfers from other colleges:

The regular university psychological examinations will be given next Tuesday and Thursday mornings at 7:45 in the Education Auditorium. These are a part of the permanent university records, and are required of all students. The only excuse for not taking them at the scheduled times will be attendance in another class. In that case, make an appointment with the undersigned to take the examination some other time.

Ralph Irwin, Associate Professor of Psychology.

## Wanted: Two Bloodhounds

Some things go westward—others are gone with the wind—but as far as the Sagers and Press Clubs are concerned, their precious documents are just gone.

It all began when the Sagers met for the first time this semester, and found themselves without a set of laws by which to govern themselves (constitution to you), then the Press Club had a meeting and there they sat without a minute book or membership list.

The Sager constitution has neither been seen nor heard from. The Press Club membership list at the close of the last semester was tucked away in the Sagebrush morgue—and from present indications it has gone the way of most things sent to a morgue buried and out of sight for good.

Dimock and Jensen, respective leaders of the two organizations haven't as yet given up hope, but it won't be long—so boys and girls, if you have a trusty bloodhound

chained to your dog house, or you have acquired some super-sleuth secrets from your summer's reading—your donations will be greatly appreciated.

Should these searches fail to bring about the desired results, a "devil-may-care" attitude will be assumed, and a few of the boys will get together and reconstruct the necessary laws, and a new membership list will be started, according to those present at future meetings.

### A SERIOUS MISTAKE

Another Nevada tradition seemed ready to "bite the dust" this year when Blue Key members announced that social hours may not be continued.

Reason for the discontinuance was not disclosed, but the Sagebrush believes that Blue Key is making a serious mistake.

Nevada has long been known as the campus where "everybody knows everybody else," and this reputation has been achieved largely through the medium of the social hours.

At these gatherings, students are afforded the opportunity of intermingling socially in a manner that is conducive to the forming of acquaintances and friends, something that is not able to be found in classrooms or in the general approved sorority or fraternity dance.

The cost of the socials to the students is negligible, and the hour spent is never missed.

We repeat: Blue Key is making a serious mistake.

### AN OLD STORY

This is an old story, but it is still pertinent.

At a dinner meeting of fraternity and sorority house presidents this week, Coach Doug Dashiell urged that all students help his athletes keep in training—by keeping temptation away from them.

Everyone knows that there cannot be a winning team without training.

We all want a winning team.

So do your part—don't include the athlete in your parties. Make him keep in training.

### NO LETTERS? CALL AT U. N. STATION!

Students failing to call for their mail at reasonable intervals will not only incur the wrath of the postoffice authorities, but are in danger of having their correspondence sent to the dead letter office as well.

Postmaster Robert Prescott of the university station states that he now has numerous letters, some of them possibly containing checks welcome in undergraduate pockets, which within the next few days will be returned to the senders, or, if no return address is given, will go to the dead letter office, never to return.

In view of the fact that all mail addressed to students of the university and bearing no street address or address of a fraternity or sorority house is sent directly to the postoffice here, Prescott urges all persons, whether ordinarily receiving their mail through his office or not, to call occasionally for any correspondence that may be there for them.

### Banquet Scheduled By Scabbard and Blade

Members of Scabbard and Blade, military honorary, will be entertained at a banquet Tuesday night at the El Cortez, Basil Kehoe, president, announced last night.

A. E. Stewart—Class of 1894

Time goes on and on, but never gets anywhere, according to the library clock. It keeps on being 11 o'clock, or a few minutes after. According to someone's diagnosis, the hour hand is confused, or hesitant, or perhaps too many holidays has something to do with it.

Perhaps it's the holidays too that are affecting the eyes of the men or maybe it's the deep study, anyway, there have been no Pipers in front of the library this year to Pipe the Flight. Could it possibly be lack of material with over two hundred freshman girls on the campus and any number of them blondes, too?

"Brother, could you spare a quarter?" was the query of some unknown swindler. "The flag pole is terribly crooked and we are taking up a collection to straighten it out." And about twenty of the poor frosh fell for it. Pretty soon they'll be selling them an interest in the tram as a minor edition of the Brooklyn Bridge.

Since this is about the time of year that all the well-known Frosh blunders are pulled, we thought it might be appropriate to reprint a few selections from H. Cecil Hunt's "Howlers," collected from examination papers in English Schools.

Dust is mud with the juice squeezed out.

A miracle is something that someone does that cannot be done.

To keep milk from turning sour, you should keep it in the cow.

Christians are only allowed one wife. This is called monotomy.

All brutes are imperfect animals. Man alone is a perfect beast.

A red Indian's wife is called his squaw, and his children, squawkers.

A vacuum is nothing shut up in a box. They have a way of pumping out the air. When all the air and everything is shut out, naturally they are able to shut in nothing, where the air was before.

A lie is an abomination unto the Lord, but a very present help in trouble.

Taxes are things what people won't pay. They are used to keep the roads nice.

A stethoscope is a spy-glass for looking into people's chests with your ears.

The function of the stomach is to hold the petticoat up.

The cold is so cold at the North Pole that the towns there are not inhabited.

Shakespeare was a very polite man. He often said "Go to" but he never finished the sentence.

### DO YOU WANT A LITTLE WORKOUT? FOLLOW FRANK'S "NANNYGOAT!"

By SHIRLEY FEUTSCH  
Have you ever walked across the continent?

Not many people have. But right here on Nevada's campus, is someone who walks that far every year. The man is Frank, who cuts the campus lawn, and everywhere that Frank goes his "nanny-goat" is sure to go ahead. That is his name for the gasoline driven lawnmower.

Frank starts his long trek every year sometime between April 9 and 15, when the grass begins to grow. From then until October 15, he puts a tramp to shame; for every week, he averages 150 miles of walking. If that number is divided by seven, the campus' sun-burned hero really travels about 21 miles a day.

And speaking of that sunburn, how many of you college lassies have admired it? Frank says, he has caught many a girl staring with awe and admiration at his bronzed physique.

But Frank doesn't mind his work even though he has to walk 3000 miles a year. He doesn't even mind being bothered by the co-eds who stare at his sunburn.

Right now, he is figuring out how many more miles he has to go before he puts his "nannygoat" in storage for the winter.

After that, Frank will go over to the heating plant to do the students a favor by keeping the m warm during the cold weather.

### AGGIES ISSUE CHALLENGE TO MINING GROUP

"We may be farmers, but we can take the measure of the measuring engineers," was the challenge issued to the Crucible club from the Aggie club after a meeting last night.

Ted Demosthenes, chairman of the Aggie club softball committee, says they will cross their pitchforks with the level rods of the engineers a week from Sunday, September 19, if this is convenient for the miners.

This game, which is an annual affair, is usually a rousing battle, and this year is to be no exception.

Crucible club members are expected to accept the challenge in the near future.

The first meeting of Cap Scroll to be held since the initiation of new members last spring will be held September 16.

The members will be guests of Dean Margaret E. Mack at dinner in the university dining hall, and former prominent members of Cap and Scroll will be invited as honored guests of the group.

Meetings will be held regularly each month during the year, some being routine business meetings held in the meeting room in Artemisia Hall, and other, social dinner meetings.

Cap and Scroll is an honorary women's organization composed of senior women. Its activities are confined to promoting coordination between women's groups on the campus. The women who will uphold the standards this year are Winifred Hiltonen, president, Alice Sauer, Jessie McClure, Norma Anderson, and Elizabeth Best.

### "Choral Tryouts Very Good"—Post

Try outs for Campus Choral Club have been very satisfactory so far, Prof. Post, said today.

The turn out is about the same as last year, and good singers are turning out right along, try outs won't close for a week.

Approximately 24 are trying out now, but Prof. Post expects an enrollment of possibly 40. He says that the members of the Choral Club will be announced in a week.

Ted Ashworth is president of the group, and other officers are as follows: Managers: Nancy Hall, Elmer Ford; Secretary treasurer, Margaret Cline; Librarians: Eleanor Kruger, Ed Beaupert.

The Choral Club will take part in a "Messiah" by Handel which will be given around Christmas time. Work will begin immediately. The Community Chorus and the University Community Little Symphony Orchestra will also take part in the presentation of the "Messiah," which is something new, and, according to Prof. Post will probably become an annual affair.

### Banquet In Honor Of S. F. Hunt Planned

Plans for a banquet in honor of S. Frank Hunt, liberal benefactor of the Mackay School of Mines, will be made next week by the executive committee of the Crucible Club.

Started for the first time last year, the banquet will be made an annual affair by the group, Richard Thornmeyer, president of the organization said today.

Regular meeting of the club will be sometime next week, Thornmeyer said. The executive committee is composed of the president, vice-president, secretary, treasurer, and faculty adviser.

The organization will strive for 100 percent membership of mining engineers this semester, Thornmeyer said. Anyone enrolled in the Mackay School of Mines is eligible for membership.

and, according to Prof. Post will probably become an annual affair.

By DON KINKEL

Speculations are now in order concerning the design and effect of the new varsity game suits which arrived in town yesterday.

Following the showing made by university athletes in the Nevada amateur golf tournament this week, it looks as if a situation comparable to last year's ski situation is brewing . . . agitation for the formation of a golf team.

This corner must confess the possibilities for a golf team ranking among the best on the Pacific coast are rampant at Nevada.

Ranking among the universities golfers is Jack Holmes, former intercollegiate champion of California. Holmes grossed a total low score in the recent tournament besides grossing a 70 for nine holes, which equalled the amateur record at the Washoe county golf course. As further proof of his prowess, Holmes will be on the course Sunday to play as an equal, an exhibition match with two professional golfers.

Ranking close behind Holmes is J. Hoffman, formerly ranking No. 1 man on a University of California golf team, and who shoots steady golf in the low 70s. Bob Cameron, runner-up for the A. K. Bourne trophy, was barely defeated in the play-off for the title, and can be depended on for consistently brilliant playing. R. Taylor, shot his first nine with a 34 in the tournament, and could round out a winning golf team.

With the formation of a seven or more school conference becoming a certainty, and with the introduction of an eleven sports athletic schedule for 1938 in which golf will be included, Nevada should be able to rank tops in the sport.

Suggestion—Wolf golfers follow the example of the ski team, and form an independent golf team next semester challenging coast school teams.

It looks very much like a case of pure sabotage to a piece of the football equipment. Managers found one of the expensive blocking dummies partly cut through the middle, rendering it practically useless for further use on the practice field.

Tilli Botti, winner of last year's cross-country race, started training Labor Day with a half block dash down the main drag of Virginia City chasing a greased pig. P.S. He caught it too.

### BAND PLATFORM BUILT ON MACKAY FIELD

A platform to be occupied by the band during its appearance at football games has been built on the east side of Mackay field in front of the bleachers. The platform is about 50 feet by 24 feet and it built with three different levels, on which chairs are to be placed for band members. The platform will probably be filled to capacity this year, due to the enlarged number in the band. In previous years the band assembled on the grass at the end of the bleachers, and could not be seen from all angles of the field. With the new platform, students in the cheering section will be able to hear the band, and follow better in the yells and songs.

### Montana Olin Dislocates Knee

Montana Olin, of 250 Thoma street, Reno, junior student, tripped and fell on the university tennis court Tuesday morning, dislocating her right knee. It is the first major accident to be reported at the university hospital this semester.

Virginia Harger, former university dietician, will leave next week to enroll as a graduate student in the University of Kansas.

## FAR-WESTERN CONFERENCE MAY BE REORGANIZED IN DECEMBER

An enlarged Far-western Conference, instigated by stronger teams of the Southern California conference, promises soon to become an actuality.

The newly proposed conference will not become a fact until the football season of 1938, but final action upon the formation of such an organization will be taken at a meeting of Far-western conference officials sometime during December.

According to reports, the reaction of Far-western conference teams to such a plan is favorable, and the belief is that the present conference would be strengthened, and would have added prestige through the addition of new and strong members.

Meetings by representatives of the various schools interested have been held, and tentative outlines of the rules of the new league have been drawn up.

A definite agreement has been reached that all schools interested in such a pact must present their application for membership in the conference by January 1, 1938.

Besides the regular sports schedule of football, tennis, track, and basketball, seven other sports will be added to the new conference's tentative athletic list.

In addition to the five schools in the Far-western conference, a new conference will probably include San Diego State, Santa Barbara State, and San Jose. These schools have already signified their willingness to join a new athletic league.

### Tennis Under Way; Women's Champ Competing

With the appearance on the tennis courts of Earlmond Baker, Nevada State woman's tennis champion, W.A.A. tennis got under way last Wednesday. Miss Baker, freshman student from Reno high, recently won the state tennis championship. If her present form continues, tennis fans have little doubt but that she will also win the university championship.

Approximately 20 women reported for tennis this week. Offered between 3:15 and 4 on Monday and Wednesday, the group is still open to those who desire to play tennis. More upperclass women are expected to report for tennis as soon as the rushing season is over.

### C. E.'s Inspect Swimming Pool

Twelve civil engineering students were taken on an inspection tour of the new Reno Municipal swimming pool Wednesday afternoon by assistant pool Superintendent Jack Layson.

Layson explained the filtration process of the large plant to all and showed tests of the water due to the filtration plant.

Municipal pool, according to Layson, has proven a popular pastime for the public. Over the recent holidays, on Saturday, Sunday and Monday the pool averaged 150 swimmers a day.

### U. N. Golfers Miss Title But Win Places

Although they did not take first place in the Nevada State Amateur handicap golf tournament held last week at the Reno golf course, University of Nevada students just about captured all of the remaining place positions.

Robert Cameron, sophomore, of Reno, led the student contingent by tying L. R. Ivens of Pioche, for the championship with a total score of 136 strokes. In a playoff, Cameron lost to the Pioche teacher by a total of six strokes.

Jack Holmes, also a student from Reno, followed the leaders in with a total of 141 strokes. This enabled him to tie Ralph Smith of Reno for third place. Holmes was awarded the Reno Golf club trophy for the lowest gross score. He had the lowest handicap in the tournament, 5, and toured the course in 147, only three strokes above par for the 36 holes.

Robert Taylor, frosh from Ruth, tied Bert Center of Reno for fourth place when both carded scores of 144.

Doug Dashiell, football coach at the university, carded 158 strokes for the 36 holes.

If efforts to add golf to the athletic curriculum at the university succeed, the accomplishment of these students holds out a bright future for the success of the venture, students interested in the project said today.

### Barn Dance, Plan Of Aggie Group For October 2

Discussion of dues, finances, activities and tentative plans for a Barn Dance, to be held October 2, were the main issues brought before a meeting of the Aggie Club Wednesday evening.

Walter Cain, Lowell Hillygus and Jim Strosnider were appointed on the entertainment committee. Ted Demosthenes and Buster Lund will handle the softball engagements for the group.

Motion pictures will be shown at some future meetings it was decided and members of the faculty will be invited to attend.

President Archie Albright was pleased with the interest shown by the group, and he is sure this year's club will be an excellent one.

A regular meeting of the club will be held next week.

### Peterson Wins From Etchemendy In Tennis Tilt

### Volleyball, Horseshoe Singles Competition Started By Greeks

By ROSS ASHLEY

Gene Peterson, Independent, yesterday defeated John Etchemendy, ATO, 6-1, 6-1, in the first match of the intramural tennis singles tournament. The two men were unofficially seeded one-two, so their meeting was probably the key match of the tournament.

Other first-day scores follow: Volleyball: ATO defeated SFS, 21-0, 21-3; Beta Kappa defeated Independents, default.

Horseshoe singles: George Ardans, SAE, defeated Bob Grenig, Lincoln Hall, 21-14, 15-21, 21-10; Tilly Botti, ATO, defeated Oakley and Eckley, Phi Sigma Kappa, 21-9, 21-0.

The other tennis match on the program, Sigma Nu vs. Lincoln Hall, was not played.

Winding up the first week of fall intramural sports competition, two matches will be held this afternoon in each of the sports now under way—volleyball, tennis singles, and horseshoe singles.

On the program for today are volleyball games between Lambda Chi Alpha and Phi Sigma Kappa; SAE and Sigma Nu; tennis matches between Beta Kappa and Phi Sigma Kappa; SAE and Sigma Phi Sigma; and horseshoe matches between the Independents and Beta Kappa; Sigma Nu and Sigma Phi Sigma.

With last year's tennis singles champion, Bob Herz of Sigma Nu, out of school, Gene Peterson, Independent, and John Etchemendy, ATO, last year's runner-up, appear to be the class of the field in tennis.

ATO, winner of the cup in last year's volleyball tournament, will be out to defend its title, but will probably find stiff

### Frosh Football Managers Needed

There are still positions open for freshmen on the football managerial staff, George Ardans, 1937 manager announced today.

To date, only five freshmen have tried out for the staff. Tryouts will be held any afternoon next week at the training quarters, Ardans said, and any frosh interested in working on the staff should report then.

Duties of freshmen managers consist of taking care of dummies, balls, and other field equipment.

The football field yard lines will be painted with lime tomorrow in preparation for the first game, Ardans said.

Working under Ardans at present are our sophomore managers, Harry Ackerman, Dick Ronzone, Clifford Quillic, and Dave Langberg; and Bob Madison, Lee Conway, Lee Strauch, Verle Lytle and Pete Fiser, freshmen managers.

opposition from several other teams, including Lambda Chi and Sigma Nu, tied with the Taus at the end of the regular season last year, but were beaten in the play-off.

The horseshoe singles situation appears to be dominated by Ashworth of Beta Kappa, who won last year. However, with points toward the Kinnear Trophy to be awarded in the event, as in the others on the intramural program, every house will probably put a strong representative in the field and competition will probably be keen.

### Revived Bureau Sends Bulletins

News bulletins were sent out to the various papers throughout the state this week for the first time this year by Sybil Purchner, director of the news bureau service.

About twenty people have signed up on the staff so far this year and they are still signing up.

Students already working on the service are Clarence Heckethorn, Virginia Snow, Shirley Feutsch, Helen Collins, Betty Glazer, Lenore Kohlepp, Marjory Gusewell, Robert Parker.

Cleora Campbell, Louise Leonard, Elizabeth Osborn, Janet Holcomb, Mary Handley, Margaret Johnson, Nellie Little, and Jean Henderson.

Papers that received bulletins this week are the Carson Daily Appeal, Ely Daily Times, Fallon Eagle, Eureka Sentinel, Las Vegas Review Journal, Mason Valley News, and the Tonopah Times-Bonanza.

### Freshmen Coeds Greeted by Prexy At First Meeting

#### A. W. S. Executive Council Appointments Are Announced

#### Welcoming Address To New Students Is Given By Dean Mack

Welcoming new women students to the university, Bette Naismith, president opened the first meeting of the Associated Women Students in the Education auditorium Thursday.

After freshman roll call, Miss Naismith made a report of the national AWS convention she attended on the UCLA campus last April. The part scholarship, and activities played in AWS organizations were discussed.

#### APPOINTMENTS

Following this report Miss Naismith read the appointments made by the AWS executive council which included: Betty Kornmayer as secretary-treasurer, "Buy-a-brick," Eunice Beckley, chairman, assisted by Mary Sala, Genevieve Gardella, and Eleanor Goldsworthy.

Jean Chism was appointed chairman of the AWS fashion show, with a committee composed of Katherine McCleary, Reveau Hansen, Nancy Hall, Mary Boczkiewicz, Lola Stoddard, and Barbara McKenzie.

Earlmond Baker was appointed freshman representative to AWS executive and Pat Meaker was made sophomore representative to the committee. Ruth Rowe was appointed AWS historian, and Jean Smith the official school leader.

Members of the Women's Upperclass Committee were introduced by Miss Naismith to the freshmen women. The committee consists of Nina Boczkiewicz, chairman, Eunice Beckley, Kennedy Walker, Elizabeth Best, Avonelle Manzoni, Thelma Armstrong, Elizabeth Osborn, Georgia Cooper, and Betty Kornmayer.

#### DEAN SPEAKS

Miss Margaret Mack, dean of women, gave a welcoming address to new students and briefly outlined the requirements for Cap and Scroll, highest women's honorary on the campus. She also explained the "Buy-a-brick" campaign and the benefits derived from it by the Associated Women. The AWS loan fund, available to all women students, was described.

In conclusion the presidents, or chairmen of campus organizations were introduced to the women attending the meeting.

### STUDENT HOUSING FACILITIES ARE AT PREMIUM

With a record-breaking number of students enrolled this semester, housing facilities for students are at a premium. Lincoln Hall is crowded to capacity and has a waiting list of 35 men, according to Professor Paul A. Harwood, master of the Hall.

However, many of the students who could not be accommodated at the Hall secured suitable lodgings through the assistance of Professor Harwood, who made up a list of rooms available to students in private homes.

Most of the fraternity houses on the campus are also crowded to capacity. Alpha Tau Omega leading the list with 32 men living in the chapter house. Sigma Phi Sigma reports 28 men in residence, followed by Lambda Chi Alpha with 23 house men and Phi Sigma Kappa with 20.

Sixteen Sigma Nus are living in Buckingham Palace, while 15 Beta Kappas and 12 SAEs are living at their respective houses.

### Beta Kappa Leads In Pledge Derby

Beta Kappa now leads the fraternity pledge derby. Four new men took the BK button during the last week to bring their total to 31.

Alpha Tau Omega, leader for the first two weeks, is second with 28, followed by Sigma Alpha Epsilon with 22.

None of the other tongs report any new pledges.

The new Beta Kappa pledges: Preston Larson, Ross Mortenson, Paulus Svedin, and Leroy Smith.

### Relations Club Plans Meeting

International Relations Club will hold its first meeting of the year in the Education Building, Room 200, on Thursday September 16 for the purpose of electing officers for the ensuing semester.

The club is composed of university students who are interested in International affairs, both socially and economically. It is financed by the Carnegie endowment fund, and the faculty advisor of the group this year will be Frederick Collins, instructor in Economics.

All students that are interested are invited to attend the first meeting next week, Collins said.

### Rushing Season Draws To Close; 4 Parties Left

#### Silence Begins Tonight; No Dates Allowed For Fresh Women

#### Bids Will Be Given Out On Monday; Preferential Dinners Planned

Four parties, scheduled for tonight and tomorrow, will officially close the 1937 coed rushing season.

Silence will begin immediately after the last party tomorrow night, and will not be broken until bids are given out Monday.

In keeping with Pan Hellenic regulations, no dates will be allowed freshman women on Friday, Saturday, or Sunday nights.

Bids will be signed in the girls' room of Artemisia Hall from 10 a. m. to 2 p. m. Monday, with Mrs. A. E. Hill officiating as lawyer.

Preferential dinners will be given by the various sororities that night.

Parties listed for tonight are Alpha Delta Theta, 4-6; and Pi Beta Phi, 6-8. Delta Delta Delta will give its last party tomorrow afternoon from 4-6, while Gamma Phi Beta will hold the last entertainment of the list from 6-8.

### Sale of Freshman Accessories Slow

During the past week, the sale of dinks, songbooks, and bibles has been very slow, graduate manager Robert Creps announced today.

Up to date there have been approximately 181 dinks, 310 bibles and 220 songbooks sold, making a total of \$323.75 collected for these articles.

There have been only 664 student cards issued, leaving a great many students who have not yet received their tickets.

### U. N. Sharpshooters Tops In College Matches

Nevada ranked highest of any of the colleges competing in the U. S. Army rifle and pistol matches held this summer at the Presidio, Monterey, California.

Herman Owens, who excelled in pistol, and Thomas Shone, who excelled in rifle, gave Nevada the highest honors in these two divisions of the meet. Both of these men are senior students.

The following R.O.T.C. men represented the University at the California meet: Captain Henry Isbell, Cadet Captain Basil Kehoe, Ex-Cadet Captain Guy P. Morris, Kenneth Tedford, Thomas Shone, Hollis McKinnon, Harold Foremaster, Herman Owens, Joe Lommori, Dorence Jameson, Paul Aznarez, William Johnstone, Howard Evans, Robert Quirk, Bruce Button, and Robert Leaver.

At present, Thomas Shone and three other men selected to represent the Western division, are at Camp Perry, Ohio, competing in rifle matches.

### Coed Riding Season Started This Week

Planning an entirely new system of handling the activity this semester, Saddle and Spurs met for the first time this Wednesday.

With about 12 women riding on Wednesdays and 20 on Fridays, no attempt is being made to give instruction in group riding, drills, or special form.

This year the women are permitted to ride in small groups instead of in one large group as has been the custom in the past.

### Interfrat Group To Elect Prexy

A president of the interfraternity council will be elected next Monday to replace Jack McCrae, who did not return to the university, it was decided at a meeting of the Greeks last Tuesday.

McCrae was named head of the organization at the close of last semester and was to preside over the Greek house council for this semester.

Harold Foremaster was appointed to purchase seven trophies for the interfraternity sports for the first semester. Cups for this semester are for, cross country race, volley ball, horse shoe singles and doubles, tennis singles and doubles, and basketball.

Definite plans for the annual bean feed on September 20th will be decided at the next meeting of the fraternity. Because of the large increase in enrollment this year, it will be impossible to hold the festivity in the university dining hall as on previous occasions.

### Astronomy Group Begins Activities

Professor G. E. Blair, head of the Astronomy Club, announced today that the first meeting of the organization will be held in the Mackay Science hall next Friday.

John Carlson, biology instructor at Reno high school, will give the fourth of a series of talks on the Milky Way. "Plaskett, The Speed Cop" will be his topic.
