

'37 Wolves Frolic To Be Best Ever Predicts Miller

Charlotte Johnson, Student, To Direct Sixteen-Girl Frolic Chorus Tryouts For Individual Acts Reported Very Poor By Miller

That this year's Wolves Frolic, to be staged October 2, will not only be one of the finest ever produced...

Chief among the innovations of this year's presentation is the fact that Charlotte Johnson, senior student...

They are Marie Belz, Verna Bullis, Mary Reed, Nellie Roseberry, Pi Phi's Eileen Angus, Eleanor Du Pratt, Jean Eller, Mary McGill, Tri Delts, Rose Bogio, Mary Plath and Dorothy Radcliffe...

Director Miller again announces that there is a demand for individual acts and individual talent. Only one, that of Dorothy Cline, was thus far definitely scheduled.

Miller also warns all fraternities, sororities or other campus organizations that unless the presentations of all groups are made known to him...

C. E.'s Are Leading In Trophy Race

Civil Engineers were leading all other departments in the engineering school for the cup offered for payment of dues...

The Civils have a record of 62 per cent of their enrollment paid completely up as compared to their nearest competitors...

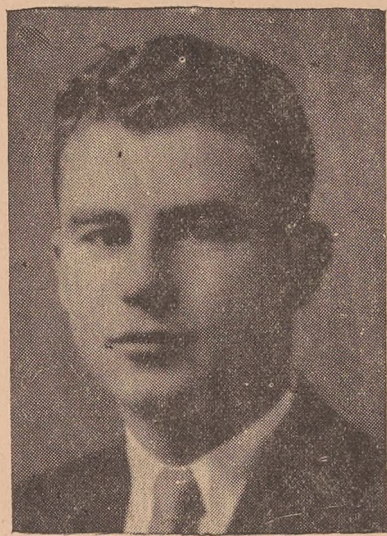

REGISTRAR STILL WANTS RIGHT ADDRESSES

With registration now closed, the compiling of the Sagebrush mailing list has begun...

All students should be sure that they have their correct address in the Registrar's office. If students who have changed their addresses...

NOTICE All fraternities, sororities and organizations that plan to enter a float in the Homecoming Day Parade...

MINE VICTIM

E. Hawkins Killed In Mine Accident Was Prominent In Activities While on Nevada Campus

Elmer Hawkins, 35, was killed in a mine accident in the Philippine Islands yesterday...

Hawkins, who was a graduate of the Mackay School of Mines, was prominent in campus activities...

Exact details of the accident which claimed the life of Hawkins were not given in the short cablegram sent to Kirkley, former Reno Police Chief...

Twenty-five years of age, Hawkins was the son of Mrs. C. Hawkins of Grass Valley, California.

Directory Makes Appearance Soon

The 1937-38 student directory, sponsored by the Blue Key, will be out before October...

The price will be 15 cents, the same as last year. Five hundred copies have been printed...

Handbook Editor Appoints Staff

Clarence Heckethorn, who last week was appointed editor of the 1937 student handbook...

Ross Ashley, his only assistant, will help him collect and revise material for the new Handbook.

Thespians To Initiate Goldwater and Miller

Dave Goldwater and Bob Miller, pledges of last semester, will be initiated into Masque and Dagger within the next two weeks.

Mel Wilder, president of the honorary organization, stated that new members will probably be pledged after the Wolves Frolic or after the first University play.

Dashiell Preparing Pack For Initial Game of Season

Three Teams Are Picked By Mentor as Combinations For 1937 Season

Injuries Put Three Wolves On Sidelines For A Short Period

In anticipation of the University of Wyoming football game—two weeks from tomorrow—Douglas Dashiell, head football mentor...

Judging each player on the basis of his performance during the first week of scrimmage, Dashiell has segregated the Pack into first, second, and third string teams...

Latest press dispatches from Laramie, Wyoming rate the Cowboys as having an exceptionally strong team this season.

With the Nevada first string weighing in at an average of 186 pounds, the Nevada men will have a weight advantage of six pounds over their opponents.

When asked about other games on the schedule Dashiell replied, "We will take the games as they come this season."

Last week's scrimmage put Sam Basta out with a shoulder injury; Olinto Barsanti, guard, on the bench with an injured back; and George Deverell, fullback, out with an injured ankle.

SCRIMMAGE SUCCESSFUL

The three teams selected by Dashiell are as follows: First string: McKinnon, left end; Klevit, left tackle; Clayton, left guard; McIntyre, center; Lommoor, right guard; Gustafson, right tackle; Easta, right end; Bennett, quarterback; Eaton, left half; Powell, right half; and Grubbs, fullback.

Second string: Campbell, left end; Loveall, left tackle; Podesta, left guard; Demosthenes, center; Brooks, right guard; Stewart, right tackle; Sala, right end; Robb, quarterback; Whitham, left half; Carpenter, right half; and Thonbley, fullback.

Third string: Calhoun, left end; Bryant, left tackle; Sullivan or Dickson, left guard; Hardie, center; Foremaster, right guard; Spitz, right tackle; Peckham, right end; McMichael, quarterback; Taylor, left half; Metten, right half; and Deverell, fullback.

Grad Initiated By Chi Delta Phi

Mrs. Juanita Frey Ludwigs of Walla Walla, Washington was recently initiated into Chi Delta Phi, National English honorary society.

Mrs. Ludwigs, who graduated from the University of Nevada in 1917, was a member of Delta Alpha Epsilon, the organization corresponding to Chi Delta Phi before it became a national group.

STUDENT BUILDING WILL HAVE A NEW ROOF

Construction of a new roof for the ASUN building is now under way, and will be completed in about two weeks, Robert Creps, graduate manager, announced today.

WATER WAGON RAPIDLY TAKING SHAPE

Under construction at the mechanical engineering building, the parting gift from the Class of '37 is gradually taking the shape of a water wagon.

The approximate cost of the service unit will be \$125, a saving of about \$100 by having the mechanical engineering students handle the work.

The water wagon, with its blue body and white letters "U. N. '37," will add a touch of color to the sidelines this fall.

Three separate spray heads, producing a very fine spray, will give players a chance not only to drink, but to take a miniature shower during rest periods.

Possibilities are that a third wheel will be added later, in the event the weight is too great for two wheels.

Charles Doherty Is Named Yell Leader

Appointment Made Following Two Week's Debating On Subject

Charles Doherty was last night selected to head the rally committee of the university and as head yell leader for the coming year.

He will be aided by assistants also named last night: William Cook, Leon Etchemendy, and Dyer Jensen.

The appointment of Doherty came as the climax of a two weeks' debate over possible candidates for the position.

Interest in the job will be created, and with coaching and a definite organization built up, the university will not find itself without a capable man to act as head of the rally committee, Richard Taw, student body president, said.

Dates of Bonfire Rally and Frolic Are Interchanged

One of the significant changes of the Homecoming plans for this year is the interchanging of dates of the Wolves Frolic and the annual bonfire rally.

The reason for the change was that it was felt by the Finance Control that the rally and the game were too far apart; therefore, a great deal of the spirit for the football game was lost.

E. Graunke To Speak To Deutsche Verein

Members of "Der Deutsche Verein" will hear a report next week by Ethel Graunke, on her trip through Germany last summer.

Miss Graunke is a junior student and a member of the Kappa Alpha Theta sorority.

NOTICE All men and women interested in trying out for Yell Leaders report to the A. S. U. N. building Monday at 4:30 p. m.

Finance Control Approves Twelve Campus Budgets

Total of \$2717.50 Allotted To Various Groups For Semester

\$700, Largest Sum Allotted Goes For Production Of Wolves Frolic

With the total amounting to \$2717.50, Finance Control Committee approved 12 budgets presented to it Friday afternoon by university organizations.

The largest approved sum which was \$700 for the Wolves Frolic, will be used to rent a theater, to build a set, rent costumes, and to buy props and makeup.

The next largest budget was for the ASUN miscellaneous fund, which was \$447.50. This will be used for any emergencies which may arise during the year, such as extra athletic awards.

Estimated expense for the upkeep of the ASUN building this fall was \$272.50. Both the WAA and the university play productions were allotted \$200.

W.A.A. will use its money to buy equipment, while play productions will use its money to pay royalties, and to buy costumes and makeup.

Military Honorary Bids Murgotten

Dr. Murgotten, professor of modern languages, was bidden to honorary membership of Scabbard and Blade, honorary military society, at a banquet at El Cortez hotel last Tuesday evening.

Captain H. W. Isbell was presented with a gift at the banquet in appreciation of the work done for the Scabbard and Blade during the past year.

The banquet was attended by President Basil Kehoe, Professor J. E. Martie, Dr. Wood, Captain H. W. Isbell, and Col. Reed.

Hunt Donates \$2500 More To Fund Of Miners

S. F. Hunt, founder of the Hunt foundation, this week donated \$2500 more to the fund which already totals approximately \$250,000.

Professor Fulton of the Mackay School of Mines, who is now on a leave of absence, met with Hunt in Salt Lake City over the weekend and arrangements were made for the donation.

Annual Bean Feed Will Be Held Monday

The annual inter-fraternity bean feed, which seemed slated for obscurity at the beginning of this year, has finally been scheduled to be held Monday evening on the football bleachers in Mackay stadium.

The feed, held annually to promote better inter-fraternity feeling, almost became a dead tradition this year, when, due to the large increase in male membership, it became clear that it would be impossible to hold the festivity in the University dining hall, as has been the practice in former years.

Constitution History Traced In Talk By Smith

Tracing the history of the constitution and its "workability" Chauncey W. Smith, state superintendent of public instruction, made the Constitution Day address today in the Education auditorium.

"Never since the Constitution was framed has there been so much discussion about it as now," Smith said in speaking of the struggles the writers of it had in getting it signed, and the storms over it during the years of its existence.

Superintendent Smith also discussed the proposed Supreme Court change of the past few months, stating that it was not an unconstitutional change, but merely a new and radical viewpoint.

In conclusion Superintendent Smith said "Our constitution is a precious heritage passed on to us from our forefathers. Let us cherish it and guard it with our lives if necessary."

Prexy Convention Plans Being Made

Annual high school student body president's convention will be held on the campus November 4, 5, and 6, Hudson Lee, chairman of the convention committee stated today.

Registration will open on Thursday, November 4, at 9:30 a. m. Following registration, the group will attend a student body meeting held in the Sparks High School auditorium.

On Friday, after the ASUN meeting, the presidents of the various schools will be the guests of the Reno High School at a student body meeting and a matinee dance.

Plan Special Train For St. Mary's Game

University officials will be contacted within the next week in the hope of obtaining their official sanction for the St. Mary's football trip early next month.

It is also hoped that it will be possible to secure a special train, complete with such innovations as a car stripped for dancing, which would leave here Friday morning, October 8. In order to obtain such a special, however, it will be necessary to sell at least 150 tickets, otherwise the trip will have to be made upon a regularly scheduled train.

The cost for the round trip will be only \$5.40, with which will go the privilege of returning any time within three or four days upon any regular train.

E. Graunke To Speak To Deutsche Verein

Members of "Der Deutsche Verein" will hear a report next week by Ethel Graunke, on her trip through Germany last summer.

Artemisia Picture Taking Starts Monday

Schedule for fraternity and sorority pictures for the 1938 Artemisia was announced by Sam Wilson, editor, this week.

The pictures are to be taken at the Goodner studios, 217 North Virginia street, each day (except Sunday) from ten to 11:30 a. m. and from 1 p. m. to 5 p. m.

U. N. Constitution To Be Reorganized By Student Group

Present Document Not In Parliamentary Form Says Prexy

Revised Paper Will Have To Be Ratified By Student Approval

A completely revised and reorganized constitution will be presented to the student body for their approval in the near future, according to Dick Taw, A. S. U. N. president.

Work on the constitution will begin next week under the supervision of R. S. Griffin, assistant professor of English. Working under Griffin will be a committee consisting of Clyde Keegal, chairman; Richard Taw; Bette Naismith, A. W. S. president, and Hudson Lee.

The present constitution lacks organization and parliamentary form, according to Taw. Furthermore, it has never been completely revised before.

It will probably take a month or six weeks for the committee to reorganize it. If any amendments are found to be necessary, they will be added by the Senate before the constitution is voted on by the student body as a whole.

If there is an improvement in the constitution, the entire work will be adopted as a new one, according to Taw. Copies will be sent to all the sorority and fraternity houses, Lincoln Hall and Manzanita Association for their consideration.

Engineer's Brawl Date Is Named

Engineer's Brawl, traditional dance sponsored by the associated engineers, will be held on October 16, members of the group decided at a meeting this week.

Regarded as one of the social highlights of the fall semester, the Brawl features special entertainment and novelties, and is open to all campus students.

Registration Closes; 1070 Students Enrolled

All registration records crashed today as Mrs. Jeannette Rhodes, registrar reported a total enrollment of 1070. There are 1069 cards out at present, 27 of which have not been finished as yet.

At the same time last year there were 1025 cards out and a complete enrollment of 905, making a total of 75 more students this year.

The senior class has only 79 members to date, but due to the fact that several students have only a few hours of certain required subjects to complete in order to register as seniors, the graduating class will be much larger.

Annual Bean Feed Will Be Held Monday

The annual inter-fraternity bean feed, which seemed slated for obscurity at the beginning of this year, has finally been scheduled to be held Monday evening on the football bleachers in Mackay stadium.

The feed, held annually to promote better inter-fraternity feeling, almost became a dead tradition this year, when, due to the large increase in male membership, it became clear that it would be impossible to hold the festivity in the University dining hall, as has been the practice in former years.

Surprise Theme Planned by Sophs For Annual Hop

Student Duet; Former Radio Star Will Sing At Dance

Novel Decorations Also On Schedule; 12-Piece Orchestra

A surprise theme will characterize the Soph Hop, according to Tony Yrberry, chairman of the dance committee. Although the theme will not be released until September 25, several features were announced by Yrberry yesterday. Mary Reed of Las Vegas, and Cleone Stewart of Sparks, both sophomore students at the University of Nevada, will sing a duet.

A former Columbia Broadcasting star, Barbara Lhea, will also sing.

Louis Peraldo, sophomore class manager, and Yrberry hope to procure a dance duet from Los Angeles. A definite arrangement concerning these plans will be made next week.

Direction of all features will be under alternating Masters of Ceremonies, Louis Peraldo and Tony Yrberry.

Decorations are appropriate for this season of the year. These, too, will be a surprise. Yrberry said. Reveaux Hansen is committee chairman. Betty Parish, Betty Nelson, Juanita Elcano, and Sybil Furchner have been named as assistants.

Stunts for advertising the Soph Hop are being planned, as well distribution of stickers and posters.

The dance will be held in the State building September 25, and will be semi-formal. Price of admission is \$1.00.

A unique feature of the dance is that the music is to be furnished by Reuben Tuttle's and Morgan Mill's 12-piece orchestra.

Astronomy Group Schedules Talks

Featuring talks by a prominent Nevada alumnus and a Reno school teacher, the Astronomical Society will meet tonight at 8 o'clock in the Mackay Science hall.

Paul Hartman, a graduate of the university in 1934, who has been a student at Cornell University, will be one of the season's outstanding speakers. The title of his topic will be "Astronomical Photography."

John Carlson, a teacher at the Reno High School, will speak on the subject, "Plaskett, the Speed Cop."

Several authorities from other universities and observatories will be guest speakers of the society during the year. Prof. C. B. Blair, head of the group said.

Dr. R. H. Crawford, one of the directors of the Student's Observatory of Berkeley is scheduled to speak the group soon.

Tennis Turnouts Are Very Large

Much more interest has been shown in tennis classwork than in former years, according to Coach Chet Scanton.

With some 31 frosh on the courts learning the fundamentals back, forward, and service strokes as preliminary lessons, and 15 sophomores following advanced training, there will be ample timber for the coming ladder-tournaments, from which will be picked the tennis men to represent the university in inter-collegiate matches.

The ladder-tourney starts in March and is open to all students interested in tennis competition.

Tennis classes would be much larger, said Scanton, if there were more courts available and student schedule conflicts could be eliminated. At the present time there are only three courts to accommodate the 46 men.

Preliminary Plans Are Made For Homecoming

Work on the 1937 Homecoming celebration got under way Wednesday night at the first meeting of the committee in charge.

The committee laid plans for the celebration as a whole, and delegated the handling of the various events on the program to subcommittees, according to Ross Morris, committee chairman.

GENERAL PLANS

General plans formulated by the full committee include decisions to hold the Wolves' Frolic on Thursday night, instead of on Friday night, as has been the custom, and to award a cup for the best exhibit prepared by a campus department.

The date change for the Frolic was decided upon in order to allow the traditional rally to be held Friday night, on the eve of the Homecoming football game. Finance control sanctioned the change last Friday.

The exhibit cup will be awarded in addition to the seven other trophies which have been awarded at previous Homecoming celebrations.

These trophies are for: the best fraternity float, the best sorority float, the best organization float, the best fraternity and sorority house decorations, and the best fraternity and sorority skits in the Wolves' Frolic.

Members of the trophy committee are: Maurice Sheppard, Leo McCuddin and Lew Young.

Arrangements for the rally bonfire are in charge of a committee composed of Louis Peraldo, Tony Yrberry, and Lawrence Strong. This group will determine the number of boxes required from each freshman, and will set a deadline for their acceptance.

The Homecoming Dance, culminating event of the celebration, will be handled by Archie Albright. The dance will be held Saturday night after the football game.

The inter-fraternity cross-country race, another traditional feature of the celebration, will be held on Saturday morning over the usual Sparks-Reno course. Contestants are already training on Mackay field for the event.

GHOSTLY RITES PLANNED BY PRE-MEDS

With a rattle of bones and a few gusts of ghostly winds; five neophytes of Omega Mu Iota, medical fraternity will receive degrees in that order Saturday at midnight.

A full afternoon of preparation for the slaughter will precede the initiation. At two o'clock Saturday afternoon, the initiates will visit the local insane asylum where they will be treated to a lecture concerning the inmates of the institution by Doctor Ferrell. Following a tour of the asylum, the neophytes initiates will visit the local insane asylum at a show.

The five taking the midnight rites are Laurence Strong, Herman Owens, David Barber, and Louis Peraldo.

Band Frat Donates For Oboe Purchase

Twenty-five dollars was given to the band by Delta Delta Epsilon for the purchase of an oboe, Prof. T. H. Post, director of the band said today.

The oboe is a second-hand one in good condition, and will be played by Jean Knouse, freshman student. According to Professor Post, the University of Nevada helped out on the balance of the expense.

MINERS IGNORE AGGIE BALL CHALLENGE

Happiness reigned among the Aggie Club members today, as no answer to their softball challenge, issued to the Crucible Club last week was received.

"What! No answer to our challenge?" said Archie Albright president of the group. "Of course, we know they aren't afraid, (not much) but, with no answer forthcoming, what are we to think?"

In case the challenge was misunderstood, the Aggies wish to make it increasingly clear that they are willing to play the Crucible Club a game of softball, any place at any time, Albright said.

'Messiah' Featured On Yule Program

The brilliant Christmas oratorio, The Messiah, by George Friedrich Handel, will be given early in December by university music organizations, Professor T. H. Post, music department head, announced this week.

The University Community Little Symphony orchestra of 40 pieces will provide background and incidental music for the presentation, which depicts the life of the Messiah in musical form. Cooperating with the campus Choral club on the choral arrangements will be many community singers.

One of the most famous choruses ever composed, the Hallelujah, will be one of the outstanding features of the program. The university music director hopes to make the presentation of The Messiah an annual event during the Christmas season.

Interested musicians were urged by Post to notify him before start of practices, scheduled to begin soon.

The December 12 performance will be held in the afternoon, and a repetition of the performance has been set for the evening of December 15.

Simas Attends A. A. U. Swimming Meet

Mrs. Mae Simas of the woman physical education department accompanied by her husband, attended the national A. A. U. Swimming meet held recently in San Francisco.

Mrs. Simas saw such champions as Adolph Kiefer, Jack Medina, John Higgins, and Katherine Rawls, perform. She was impressed by the number of young athletes who made their appearance. Their ages ranged from about 12 or 13 years up to 25.

After teaching at Genoa, Georgia, Cole, '36, has accepted a position in Ruth.

Engineers Plan Many Activities During Semester

Dr. H. C. Caples Speaks To Group On Control Of Venereal Disease

Activities for the associated engineers during the fall semester were completely outlined this week at the initial meeting of the association.

Feature of the meeting was a talk on venereal diseases by Doctor H. C. Caples, recently appointed director for the control of venereal diseases in the State of Nevada. Doctor Caples was the first speaker ever to appear before the engineering group who has spoken upon topics of the day instead of engineering problems.

According to President Young of the engineers, future speakers will be brought before the group who will speak on interesting problems of the day.

ACTIVITIES LISTED

Activity towards the building of the float to participate in the Homecoming day parade was started and a committee headed by Louis Carpenter was appointed. Helping Carpenter on the float are Guy Patterson, Don Townsend, Wayne Kennedy and Joe Littlefield. A tentative stunt for the Wolves' Frolic was eagerly backed by all present. A committee of Hal Lang, chairman, and Ben Morehouse, Jay Waite and Morean was appointed to conceive a suitable skit or act.

An engineers' trip was suggested to be held in conjunction with the St. Mary's trip. An investigating committee of Marvin Moler, chairman; Eugene Grutt, and Joe Keller was appointed.

President Llewellyn Young suggested that a softball league composed of the four engineering departments be organized. A round-robin tournament would be played with a trophy being presented to the winner. Discussion was held, but no further action was taken upon the suggestion.

Coeds May Enter Dance Symposium

As a follow up on the last year's success of Nevada at the Dance symposium at Stanford, Miss Elsa Sameth, head of the woman's physical education department, is interested in creating another group to appear at the event again this spring.

The dance symposium attracts the various colleges of the Pacific coast. Last year it was held at Stanford.

Nevada took part in the symposium two years ago when eight of her coeds were guests of the group. Unofficially, they performed for the group in costume, the "Gavotte," a period dance of Louis XIII's time.

Last year Nevada was again unofficially represented by eight women. This year Miss Sameth hopes that a larger group of women will be sufficiently interested to work up dances which they can present in the spring.

Defunct Philosophy Club Replaced By New Group

Formation of a new club, St. Stephen's Men's club, to succeed the defunct Philosophy club of which Gene M. Gordenew, ex-'37, was head, was announced by the Reverend H. B. Thomas, chaplain of St. Stephen's University chapel. The new club will meet next Sunday evening at 7:30 to discuss plans for reorganization and events for the coming year.

Membership in the club is limited to men of the university faculty and student body. Former members of the Philosophy club are being urged to attend.

Coed Vigilantes Schedule "Party"

Frosh Women Are Warned To Observe Traditions

Freshman women students who fail to comply with campus regulations will receive suitable punishment when the Women's Upperclass committee meets next week, Nina Boczkiewicz, chairman said today.

First on the list of offenders will be the only freshman girl who failed to attend the A.W.S. meeting last week. "However," stated Miss Boczkiewicz, "there will probably be a good many names added to the list by the first of next week."

This is a warning to freshman women who are cutting campus, sitting on the senior bench, or failing to carry their Frosh Bibles, she said.

"Those who choose to use the senior

bench will have to scrub it with a tooth-brush."

Other offenders are punishable according to the pleasure of the committee.

A method of distinguishing freshman women by an arm band or something similar to the dink worn by Freshman men, has been suggested by Elizabeth Osborn, a member of the Women's Upperclass Committee, but no action has been taken on the proposal yet.

Fay Marie Caples is now teaching in the Ruby Central School in Arthur.

AHEAD WE GO

A step in the forward direction was taken for Nevada this week when Student Body President Dick Taw announced that the A.S.U.N. constitution will be completely reorganized and revised.

Supervising the project will be Professor Robert Griffin, who, with the aid of a student committee, will see that the governing document is arranged in correct parliamentary form. Wording will be changed for clarification, and obsolete sections will be stricken out.

In its present form, the constitution is a hopeless jumble. Its revision has not kept pace with the changing times, with the result that many provisions are still incorporated in it that should not be there, and many that are there can be interpreted in different fashions because of the wording.

Revision of the constitution will not mean that the A.S.U.N. will have to adopt an entirely new one. In context, it will remain fundamentally the same.

It will take about a month to complete the revision, according to Prof. Griffin's estimate. After the revision is completed, the remainder of the task—that of adopting the document—is up to the students.

Copies of the revised document will be sent to the various Greek houses and organizations. It will be thoroughly discussed in the student senate. Final ratification will depend on a favorable vote of the A.S.U.N.

The project is a worthy one, and should be heartily endorsed by every student.

DO YOUR PART

Interchanging of the dates of the Wolves Frolic and the annual Homecoming rally, which was sanctioned last weekend by Finance Control, should help a great deal in making the Homecoming celebration a greater success than ever before.

As contended by student leaders favoring the change, the purpose of the rally is to stimulate interest and spirit in the football game, and if it is held two nights before the game, much of the effect is lost.

Prime objection to the changing of the dates was that the Wolves Frolic would lose money if held on a Thursday night. Defenders of this theory stressed the fact that many out-of-town grads would be unable to attend the Frolics because they couldn't take too many days off to attend the whole celebration.

The whole argument, as it finally simmered down, revolved around the fact of whether or not the Frolics would make money.

The Sagebrush believes that changing of the date will not materially effect the proceeds of the Frolics if the student body gives its wholehearted support to the show.

The main thing is to start preparing now. Each student should plan to go, and should assist in keeping the date of the performance in the minds of townspeople and alumni so that they too will attend.

If the change works successfully this year, it will become a set tradition.

Help make it a success. It is worth while.

Fulton Is Granted Births, Marriages Absence Leave Increase Family By Regents

Is Succeeded By Carpenter As Mining Director

John A. Fulton, director of the Mackay School of Mines at the University of Nevada since 1924, was granted a year's leave of absence by the Board of Regents Saturday, and Prof. J. A. Carpenter, professor of mining, was appointed to succeed him.

Prof. Carpenter took charge Wednesday. Professor Fulton expects to devote his time to his extensive mining interests in Nevada, both in mining operations and as a consultant.

A graduate of the University of Nevada with the class of 1898, he received a degree of mining engineer from Columbia in 1900, and spent the next twenty-four years in practical work in South Africa and the United States. He was named head of the mining department of the university and director of the Mackay School in 1924.

Professor Carpenter was graduated from the University of Nevada in 1907 and received his E. M. degree from the Mackay School of Mines in 1911. He was an instructor and assistant professor at the school until 1910, when he took charge of the West End Mining Co. mill in Tonopah as superintendent.

In 1921 he went to the South Dakota Milling School as professor of mining and returned to the University of Nevada in 1926 as professor of mining. He recently acted as consultant for the Nevada-Colorado river commission in a Boulder Dam power survey.

Within a period of less than three weeks this summer, President and Mrs. Walter E. Clark became grandparents twice.

To Mrs. James Santini, nee Euphemia Clark, was born a son, James David, on Friday, August 13, 1937.

To Mrs. Walter Clark, Jr., formerly Miss Barbara Morse, was born a daughter, Barbara Ann on Wednesday, September 1, 1937.

Mrs. Santini was graduated from the University of Nevada with the class of 1931. The son has been named James after his father and David after his uncles, David G. Clark, '34.

Walter Clark was graduated in 1931 from the University of Nevada, and obtained a Master of Arts degree in English in 1932. Mrs. Walter Clark graduated from the University of Nevada in 1930.

S. F. Hunt Banquet Will Be Held Oct. 7th

A banquet in honor of S. F. Hunt Mackay School of Mines benefactor will be held on October 7, members of the Crucible Club decided this week.

No definite plans have been made yet, however, as to where the banquet will be.

President Richard Thornmeyer said there would be a general meeting next week at which Oliver Seamore, a former U. of N. Student who has been in Cuba, will give a talk.

Join the Buck a Month club.

PICKLED PLATITUDES

By MAX JENSEN

Out of the litter of exchanges and ancient 'Brush issues which mat the floor of the poorly lighted little hovel where one Brackett and one Dalzell hold forth with secretaries on their laps, comes the cry for a column.

Born over a beer in the most pleasant surroundings in town was 'Pickled Platitudes,' and nothing else. No ideas of what to put into a column—dirt, dry wit, or a serial report of the findings of the last Mt. Everest expedition, resulted. So here we sit with a pretentious name whose very meaning is as obscure as the dinner conversation of a poet, and moaning for something to put beneath it.

Much agitation has come from frequenters of the Sagebrush office for the resurrection of the dirt column, consigned to the tomb last spring. Editor and yours very truly agree that the dirt column entertained many, but the man in the green shade, Brackett, hesitates to make the reinstatement.

Personally, I think it isn't such a good idea to tip all the frosh right away to the good things on the campus. That column reveals a lot of dope that it has taken some guys and gals four long years to acquire through hard work and the tough school of experience.

Everybody bar none on the campus would like to see the revival of something approximating the famous Cobblestones of last year. Perhaps an approximation can be obtained. Let's hear through a few letters to the editor.

We can't apologize for the appellation at the top of this. There's no special reason for it, except that platitudes are something, an utterance probably, dull, flat and insipid. The pickle part takes care of all contributions which fall our way. Little items we catch as they take their spiky flight towards Kinkel's column may drop into our clutches.

While we've got the space to fill, we may as well mention that most people are congratulating each other on the fact that the sororities have finished their race. With the excitement subsided, such affairs as the publication of the Sagebrush can depend slightly more on the huge list of freshmen women on the staff.

The bean feed in the bleachers is a new and welcome innovation. There's no better place to hold that kind of a gathering. For instance, there are no walls to cramp the style of baseball-minded lunchers who have a penchant for throwing plates etc. Then for those who consider that their thirty cents entitles them to nothing but the lunch, it should be easy to ignore the speeches.

Seriously, it seems like a good idea, if President Taw will take the suggestion into consideration, to hold student body meetings in the stands as long as the weather permits. At last meeting (congratulations, Dick) many students were turned away because there was not even standing room in the education auditorium.

When it is packed to the doors, we compute that not more than four or five-hundred students can attend the meetings. Second best suggestion is that we use the gymnasium.

We realize that there are certain difficulties to be overcome by hard-working Blue Keyers before the social hours can be presented. What they are we don't quite know, but we can't imagine any possible objection strong enough to merit discontinuing the socials.

If the fault lies with the procrastinating tendencies of the Blue Keyers, may they be reminded that there are two or three other groups on the campus who envy them the concession.

Blue Key Plans Dinner for Sissa

Blue Key will honor Miss Sissa, former registrar of the university, at a dinner on next Tuesday evening at the El Cortez Hotel. Miss Sissa was registrar for a number of years and recently retired.

Kirk Fairhurst and Ted Olds are in charge of the event.

A former Kings River school teacher, Mary Gates, '35, has accepted a position to teach primary grades in Verdi.

"DOG" SELLING IS GOING TO THE DOGS!

Selling of "hot dogs," ice cream, pop at football games will have to be done by outsiders this year.

In former years the Womens Athletic association has had charge of the selling of "hot dogs." For the past few years the Sagens group has sold pop and ice cream for the Associated Women students.

According to Mrs. Mae Simas, advisor of W.A.A., the job has become too much for the athletic association to handle with its limited facilities. This may mean that the Sagens will not sell at the games as they received their concession from W.A.A.

What is to be done about the matter is yet undecided. Professor J. E. Martie, head of the men's physical education department, is attempting to get the situation straightened out before the first football game, October 2.

Probably the concession will be granted to some outside organization which is capable of handling the sales and a set percentage will be given to the general athletic fund.

Publications Group Holds First Meet

An amendment to the constitution, which will officially establish a University News Bureau and a salary for the head of it, was discussed at the meeting of the Publications Board on Monday.

The board decided a lock on the "cut morgue" was necessary to protect the "cuts," and one is now being installed.

Eighty-nine dollars was reported in the treasury, and they discussed possibilities of getting new styles of type for use on the Sagebrush. Definite plans will be made for this at the next meeting, Max Jensen, chairman said.

Frosh Entertained By Prof. Carpenter

Prof. Jay A. Carpenter entertained the freshmen of the Mackay School of Mines at his home Saturday evening. Ping pong, pool, cards and playing the baseball board were enjoyed throughout the evening.

Short talks were given by Richard Thornmeyer, president of the Crucible Club and Prof. Walter S. Palmer, chairman of the Nevada Section of the American Institute of Mining Engineers.

An invitation was issued to make an all day trip to the Comstock on Sunday with the Hunt Foundation as the host for transportation. Professor Jay A. Carpenter and William I. Smith acted as the guides.

LETTERS To The Editor

As stated in a recent issue, the columns of the Sagebrush are always open to students and faculty members on important campus questions. All letters, so long as they stay within the bounds of decency and good taste will be printed if so desired. All letters must be signed, although names will be withheld upon request. Have you a gripe or a bouquet? Send it in.—Ed.

Editor, the Sagebrush:

It seems that the Sagebrush has taken a drop from the better to the worse.

Why do I say this? Well, I'll tell you all. Last year the 'Brush had two and even three columns. Now they have none. Well, I'll take part of that back—you do have two columns, that is, two columns that take up space, but as far as their contents . . . not even a good quarter of a column.

First: Your sports column seems dead. Not much fire and drive like the one last year. I don't want any column to razz and give h— to the athletes, but at least make it interesting enough to read. Some little human interest comments would help it a lot.

Second: That ? (question mark) column is true to it's name. It is a question to really find out what the column is about. A good spread of type that I believe is meant by the author of that one is truly a wonderful asset to any newspaper, collegiate or secular. With a 1000 student body there must be at least a dozen students able to write a real peppy column of that type.

Third: Oh where, oh where is our dirt column? Oh where, oh where can it be? (No music). Last year, you may recall, my dear editor, (no affection there, just as a matter of form), every student looked forward

to the razz spread, and it was the first part of the sheet that was read. The Frosh don't miss it, as they don't know what it is, but us older students do. (I've never had my name in it so this is not for personal publicity).

Final paragraph: Think it over and although I haven't written this in a very classy style, I really mean well.
A JUNIOR.

Wow! A nice fellow. Give us a chance. How do you like Jensen's column, appearing for the first time? The sports column has changed hands. The dirt column is a sore spot. What do some of you other students think? Write in and tell us all about it.—Ed.

Editor, the Sagebrush:

When the Interfraternity council decided to have the annual Bean Feed this year, they ran into quite a bit of opposition on where this annual get-together of the Tongs would be held.

It seems too bad that with the University Dining Hall in the position to take care of this feed, that permission could not be had to have it there.

For many years there has been a squawk on the spirit between the different organizations on the campus, and now the plan is to have the feed in the Mackay Stadium where a box lunch will be served. How will this bring the organizations together

when they are going to be spread all over the stadium?

The next time that a student activity comes up how about having a little cooperation from the faculty, and I am sure that the students will cooperate to the best of their ability.

A SENIOR.
You're more than half right.—Ed.

GRAD VISITS CAMPUS

Joyce Dodge, '37, is spending the week at the Pi Beta Phi house.

Miss Dodge, president of the house last year, is visiting Reno from her home in Sacramento. Upon her return home, she plans to enter a business college.

Floyd Smalley, former teacher in Austin, completed his work for his B. A. this summer. He is now teaching in Wells.

IN THE SPORTLIGHT

SHORTS ON SPORTS FROM FAR & NEAR

BY CLARENCE HECKETHORNE

While all Wolf followers are directing their interest in the St. Mary's-Nevada contest, Douglas Dashiell, the Wolf mentor, is directing his attention toward the Wyoming contest. . . . "We will take the games as they come," Dashiell said. . . . It's true a victory over the Gaels would give the Nevadans a great deal of prestige, but then on the other hand Wyoming is by no means a set-up and a victory over the Cowboys would give the Wolves recognition throughout the Rocky Mountain area.

The style and arrangement of the new football suits still remain a mystery to everyone but the coaching staff. . . . However, Dashiell has vouched that there will be no better dressed team on the coast this fall than the Nevada squad. . . . The uniforms are to be very colorful and will tack on the players, quite properly, "Blue Bombers."

FROM THE SIDELINES

Diminutive Neal Campbell is a lad that should go far in the game of football. . . . Although small and light in weight, Campbell makes up for this handicap in fight, fire and eagerness.

Old Man Injury is again taking his toll from the Wolf Pack. . . . Last week he picked Fred Galloway, Basta, Dev-erell and Barsanti—all promising players—as his victims. . . . Yet these injuries are slight and all four injured are expected to be back in uniform before long.

Players to hold down the mainstay guard positions have not yet been definitely selected. . . . A feud of long standing is being fought on Mackay field between Podesta, Lommori, Foremaster, and Brooks each evening in an effort to prove their superiority.

It's still a toss-up between Robb and Bennett for the quarterback position. . . . Robb seems to have the edge in signal calling, while Bennett seems to get off the better passes.

The center position is well taken care of with such men as McIntyre, Hardie, and Demosthenes at the pivot post. . . . McIntyre, 220 pounds, was all-division center in Ventura Junior College last year.

It looks as though Jim Coleman will have a big and hard-hitting Frosh squad this year. . . . With about 45 former Nevada and California high school stars on the squad, this year's yearling team should be the best since the Frosh squad of 1933.

DuPratt, Gioni, and Polish, players on Yerington's state championship football team last year, are among the most prominent members of the freshman squad.

According to Dr. Martie, Nevada will have a much better public addressing system this year. . . . This will be a great help to spectators and should draw a larger crowd to the home contests.

Although basketball is still a long way off, from the present prospects it looks as though the Wolf quintet this winter should be able to give any Far-western team a good argument. . . . Returning to school this year are such veterans as Radovich, Radetich, Robb, Kolbus, and Elmer Bawden. . . . Then there are a number of other stars like Ferris, Powers, Thompson and others.

Led by Tillie Botti, it looks as though the Taus are off to a victory in the horseshoe singles in the intermarial sport program. . . . The dark horse of the tournament is undoubtedly the Independent pitcher, David Hartman. . . . Hartman has just defeated Ted Ashworth, a member of the championship double team last year.

Social Meet Held By Home Ec Club

First meeting of the Home Economics Club was held Tuesday evening at 7 o'clock in the Agriculture building, with President Sarah Swett presiding. The meeting was brief and strictly social, the evening being given over largely to getting the members acquainted. There was a large number of new girls present.

Cub Coach Sees Fast, Hard-driving Freshman Eleven

Many Former All-Staters Turn Out For Frosh Practice

Frosh Continue In Shorts; Suits To Be Donned Shortly

By CLIFF MALONE

With more than 50 turning out, many of them former all-staters, the 1937 Frosh football team shows prospect of a good season.

The team has been working out daily and the way the men go through their paces indicates that they "have the stuff."

"Weight will not be the main factor, but we hope to have a big, fast-hard-driving outfit," Coach Jim Coleman said this week.

As yet, the team has not gone into uniform, but is still getting into shape by training in shorts. Coleman said that as soon as the varsity gets their new uniforms the frosh will get the varsity outfits and will start real practice.

PROSPECTS.

The possible linemen making the best appearance in practice are: Jack Beech, Albert Collier, Vic Donovan, Robert Foley, Ray Garamendi, Joe Gioni, Bill Griswold, Gus Hebgren, John Lemich, Riley Lee, Robert Robinett, Carl Tobiasen, Elwyn Trigerio, and Dale Miller.

Prospective backfield men showing up well are: Lee Barrett, Olive Brown, Mitch Cobega, Wayne Curry, Jim DuPratt, R. P. Duncan, Ralph Evans, Jim Gibbs, Cyril Ham, Mills Hoff, Lyman Keele and John Polish.

Bill Andrews and Jim Stromsieder look good in practice, but Coleman is uncertain what position they will play.

The first game will be October 2 against the Placer Junior College. The game will be a preliminary to the University of Nevada and Wyoming game.

U. N. Golfers Keep Near Top In Tourneys

Continuing from the point where they left off last week, the Nevada State Amateur Golf tournament, the University of Nevada golfers again showed their class in various golf events at the Reno Golf Course Saturday and Sunday.

Robert Cameron, Reno, proved his ability again by tying Dr. LeRoy Edwards, Reno, for low net honors in an amateur tournament which drew a field of 70 players. Both had net scores of 133 strokes for the 36 holes. Robert Taylor, frosh from Ruth, tied for fourth with a total of 139 strokes.

In the hole-in-one competition, Jack Holmes, sophomore from Reno, snared second place by placing his shot 3 feet, 3 1/2 inches from the cup. Holmes also played in a foursome which included the local professional. Holmes carded a 79 for the 18 holes. He shot a par 36 on the incoming nine. This was the best round of any played during the day.

Freshman Coed Struck by Car

Bette Fedrin, fresman student from Carson City and Kappa Alpha Theta pledge, was injured when she was struck by a car at second and Virginia streets late yesterday afternoon. She sustained minor cuts and bruises, which did not keep her from classes.

"NEVER A DULL MOMENT," SAYS WALT STATES AS HE BEG'NS PACK PUBLICITY

"Never a dull moment" is Walter States' idea of publicizing the 1937 Wolf Pack, and, if all his ideas are carried out, Coach Doug Dashiell needn't worry about getting moral support for his boys.

States is planning everything from teaching the townspeople how to understand a football game, to a day in honor of the university's most famous athlete. The Armanko Office Supply Co. is sponsoring a little booklet entitled "Keys to Football" in which all the official rules are stated and the referees' code of signals is given. These will be given to townspeople in order that they might

have a better understanding and appreciation of the game.

Two-thousand miniature megaphones have been ordered by the Ramos Drug Co. to be given out to students at every home game. The megaphones are silver with a large blue "N" on the side. Large blue feathers with a silver "N" will similarly be given out.

For the Fresno State game on November 6, States is planning a "Jimmy Bradshaw Day" in honor of the famous former Nevada athlete.

Arrangements have been made with the WPA for them to make an American flag of cotton material to fly beside the state flag on the training quarters.

Forty Cindermen Are Out for Track

Forty stalwart youths from the ranks of the lower-classesmen have reported to Coach Jim Coleman for the fall track program, he announced.

There is no fall track season in the Far-western conference but the boys come out to condition themselves for next spring. Coach Coleman arranges a week-to-week schedule for them as they develop.

Outstanding in the freshman ranks is Tilly Botti, winner of last year's cross-country race, considered by Coleman to be the best distance runner at Nevada.

Ernie Rodriguez, varsity half-miler, is also taking advantage of the fall weather to get into shape.

Other men who are reporting regularly for practice are: Bill Arbonies, John Barber, James Edwards, George Escobar, Chesley Freemont, Homer Herz, Clarence Heckethorn, Tom Hooper, Fred Lang, Pio Maistroianni, Earl Smith, Gordon Thompson.

Earl Trousdale, Henry Wells, Stanley Wines, Grant Anderson, James Bett, Cameron Batzer, Emory Conway, G. Dawson, Dupratt, Fisk, Jacobsen, Johnson, Ray Jones, Frank McCulloch, Frank Mills, Hank Morehead, Noyes, Ceno Questa, Richter, John Severne, Jim Shepley, Charles Tibbs, Tom Tucker, Nick Vasovic, F. Williams, and Bob Worts.

Elizabeth Barnes, '37, has obtained a teaching position at the Island Mountain Schools in Elko.

Annual Aggie Dance Will Be Held October 2

The Aggie Club will hold its first dance of the semester Saturday, October 2, in the gymnasium, members decided at a meeting this week.

Leland Fallon will head all dance committees.

The dance will be the evening after the Nevada-Wyoming football game.

Other matters discussed at the Wednesday night meeting are plans for the next meeting to be held September 29, with Loyal Willis as chairman of the refreshment committee, and further plans for the remainder of the semester.

With some new members already taken in, President Albright stated this week that students in any branch of the Agricultural College are cordially invited to attend all future meetings.

From present indications, the membership will be larger this fall than it has been for some time.

Horseshoe Singles Race Deadlocked

At the end of the second week's play in the interfraternity horseshoe singles tournament, George Ardans, Sigma Alpha Epsilon, and Tillie Botti, Alpha Tau Omega, are deadlocked for first place. Both men have clean slates of three victories and no defeats.

Beta Kappa and the Independents, third and fourth respectively at the end of yesterday's play, will meet today in a match which will determine an undisputed third-place holder.

This week's results: Tillie Botti, ATO, defeated Harry Dawson, Lincoln Hall, 21-10, 18-21, 21-5. George Ardans, Sigma Alpha Epsilon, defeated Azmaraz and Everett, Lambda Chi Alpha, 14-21, 21-3, 21-19.

Phi Sigma Kappa defeated the Independents by default. Ted Ashworth, Beta Kappa, defeated Sam McMullen, Sigma Nu, 21-8, 21-10. Tillie Botti, ATO, defeated Azmaraz and Everett, Lambda Chi, 21-2, 21-3.

Harry Dawson, Lincoln Hall, defeated Bob Dale, Sigma Phi Sigma, 21-19, 21-16. George Ardans, SAE, defeated Don Leighton, Sigma Nu, 21-17, 19-21, 21-20. Ted Ashworth, Beta Kappa, defeated Phi Sigma Kappa.

CLOTH PENNANTS FOR GAMES ARE PURCHASED

All colleges which play football on the home field this fall, as well as Nevada, will be represented by large cloth pennants flying from the colonnades above the stands.

Seven pennants have been purchased by the A.S.U.N., two for Nevada and one each in the official colors of Wyoming, College of Pacific, California Aggies, Fresno state and Willamette. The pennants are 6 feet long by 2 1/2 feet wide. Nevada's pennants will probably wave from both ends of the stands, with the pennant of the visiting team in the middle.

It is hoped that this policy of purchasing a pennant for each of the visiting colleges will be followed in the future. In this manner, it will take only a few years to have a complete assortment of pennants for all schools which Nevada meets on the football field, Walt States, publicity director said.

This is a part of the new program to add color to the contests to be held here this fall.

Foremaster Elected Interfrat Prexy

Harold Foremaster, Lambda Chi Alpha, was selected president of the Interfraternity Council at a meeting Monday night. Foremaster succeeds Jack McCrea, Phi Sigma Kappa, who did not register this semester.

Jim Sullivan, Sigma Alpha Epsilon, was elected vice-president, and Bill Winters secretary-treasurer of the organization.

Honorary Will Begin Community Concert Membership Drive

100 Special Student Tickets Will Be Released Next Week

Jooss Ballet Will Be One Of Featured Concerts This Winter

An intensified drive for student membership in the Community Concert Association will be inaugurated by Chi Delta Phi, Women's honorary English society, next week, according to Winifred Hiltunen, president of the organization.

Only 100 tickets are available at the special student price and a thorough canvass of all university students will be made. Reservations will be taken by the members of the society and tickets will be mailed to students after the close of the drive. Students who purchase membership will pay for the tickets at the Elk's Club October 18 and 19.

A waiting list will be compiled also and it will also be possible for students to buy the regular adult memberships if no student memberships are available.

It is hoped that by having Chi Delta Phi canvass the campus more students will become acquainted with the Concert program.

Mrs. W. E. Clark, state chairman said at the meeting of the group yesterday. A complete list of organizations to be contacted will be made at the regular Chi Delta Phi meeting on Thursday at which time representatives will be appointed to organize the drive.

A limited number of reservation cards will be placed in the registrar's office for advance sale.

The Community Concert movement in Reno was started two years ago by the Columbia Broadcasting system and such noted artists as Nino Martini, Jascha Heifetz, the Russian Imperial singers have appeared at past concerts. The Jooss Ballet, internationally famous European ballet will be one of the features of this winter's concerts. There will be at least three other concerts at intervals during the winter.

Artemisia Staff Given by Wilson

Sam Wilson, editor of the Artemisia, today announced the tentative editorial staff for the 1938 year book.

Appointed to the position of associate editor is Mary Louis Carmody, senior Arts and Science student, and in the positions of assistant editors are Charlotte Caton, Kenneth Dimock, and Gertrude Polander.

Secretarial work on the staff will be attended to by Maxine Leonard, Lois Miller, Anita Jauregui, Rose Boggio, Margaret Heidtman, LaVon Wilson, Reveau Hansen, Marilyn Rhoades, Shirley Ferron, and Emily Tholl.

The clippings department will be edited by Charlotte Caton who will be assisted by Lola Frazer, Berna Hansen, Ethel Hardy, Godfrey Arlang, Pat Meaker, Jim Tranter, and John Russell.

Nina Boeckiewicz was appointed class editor and will have a staff composed of Margaret Nash, Nita Hunter, and Frank McCulloch.

Activities will be recorded by Gertrude Polander and serving upon this staff will be Lola Frazer, Berna Hansen, Ethel Hardy, Godfrey Arlang, Pat Meaker, Jim Tranter, and John Russell.

The fraternity and sorority editorships have been assigned to Ross Ashley and Emily Tholl. Taking care of the men's organizations are Bill Marks, Laurence Strong, Vernon Wines, David Goldwater and Glenda Wilson.

Portrait Editor is Jean Rice with Elna Jepson, and Margaret Heidtman as assistants.

Sports editors are Clarence Heckethorn and Reveau Hansen. Jim Perkins and Betty Kormmayer will also assist in this department.

Kenneth Dimock and John Robinson were appointed to assist Editor Ned Westover with photography work.

Additional positions on the staff will be assigned later in the semester, Wilson said.

Taus, Lambda Chi Tied in Volleyball

Intra-mural volleyball got underway September 9, with Alpha Tau Omega taking an early lead in the tourney.

The A. T. O.'s and Lambda Chi are tied for first place followed by Sigma Phi Sigma in third place. The two teams tied for first place ended in a three-way tie with Sigma Nu last year and appear just as strong this year.

The Independents have failed to report for any of their games which puts them in the cellar with Sigma Alpha Epsilon.

Five Smash Hits May Be Produced By U N Thespians

First Comedy To Be Shown Sometime In December Miller Says

Five smash hits of the past few years, as well as one Shakespearean work, have been named by William C. Miller, university dramatic instructor, as being considered for production during the 1937-38 school year.

As it is impossible to do the entire list, however, Miller intends to select the three most suitable to campus talent and taste, and to produce these at different times during the coming semester. Although exact dates of opening will not be announced until after rehearsals begin, it is expected that the first will make its bow some time in December, and that the others will follow next semester.

Heading the list of those almost certain to be shown is "Brother Rat," hilarious new comedy centering around cadet life at the Virginia Military Academy. Written by Monks and Finkelhouse, this show had its Broadway opening only last spring and since then has been playing to packed houses, not only in New York, but in numerous other cities, where it has been done by stock companies, and by little theater groups.

The others, although of somewhat earlier vintage, include such favorites as the Edna Ferber, Geo. S. Kaufman success, "The Royal Family," the more recent "Tovarich," by Robert Sherwood, Maxwell Anderson's "Winterset," the German production, "Help Yourself," and finally Shakespeare's "Twelfth Night."

As is customary, Campus Players, campus dramatic organization, will present the plays, which are expected to set a new standard of excellence.

Cornell Professor Addresses Engineers

Lloyd P. Smith, professor of physics at Cornell University and former Nevada student, addressed the engineers yesterday afternoon on "Engineering Problems in Physics."

Professor Smith, who was a member of the Phi Kappa Phi social fraternity, graduated from Nevada in electrical engineering in the class of '25, and received his doctor of philosophy degree at Cornell in 1930.

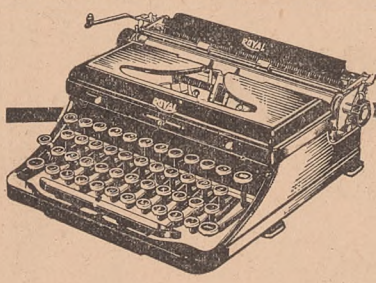

Since that time, Professor Smith has held National and International Research Fellowships in California, Germany and Holland.

Margaret Rather and Dortha Shidler, '35, have both accepted positions in the Reno city schools.

Program Is Released For Annual Press Convention

Registration for the annual high school press convention will begin Friday morning, November 5, according to Charles Doherty, chairman head. The convention will continue all day Friday and Saturday, November 5 and 6.

A tentative program for the meet is as follows: On November 5 Max Jensen, Press club president; John Brackett, Sagebrush editor, and Ted Olds, business manager of the Artemisia, will speak to group at its first meeting.

A roundtable discussion will then be held on questions submitted by the various schools and will be conducted by Harry Frost, manager of the Reno Printing Company, and Ray Jefferson, manager of Carlisle's stationery shop.

At luncheon at one of the sorority houses, Professor A. L. Higgenbotham will speak. For the afternoon a student body meeting and a matinee dance are scheduled at Reno high school.

At the Gazette office, the editors and business managers will see the paper go to press and also watch the United Press send out stories on the teletype at its local bureau in the Nevada State Journal plant.

A joint meeting of the press members and student body presidents, whose convention will be the same time will be held at the Alpha Tau Omega fraternity house, where Coach Douglas Dashiell is scheduled to speak. Rube Tuttle's jam band will play.

Short talks will be presented by Willis Dalzell, business manager of the Sagebrush, and Sam Wilson, Artemisia editor, Saturday morning. Roundtable discussion will be held and questions answered by Joe McDonald, editor of the Reno Gazette, and Ernest Foster, United Press representative.

Entertainment for the group will close the convention with the Nevada-Fresno game, and a grand banquet Saturday evening.

Doherty announced today that a cup will be awarded to the best representative newspaper. The papers will be judged on the handling of writing of news. Also a cup will be presented for the best working plan of yearbooks. Schools from Nevada and northern California will be able to compete, and Col. Reed.

Mackay Museum Additions Made

Numerous additions were made to the museum in the Mackay School of Mines during the summer.

W. E. Roming, graduate of the University of Nevada with the class of 1922, who is now employed as superintendent of the Climax molybdenum mine in Climax, Colorado, sent three samples representing the typical ores taken from that mine. The mine is the largest of its type in the world.

Four fine specimens of turquoise were taken from his mine near Tonopah. Harry Carner of Las Vegas added to the collection a sample of vanadium lead ore. J. W. Lowman and Seifert of Basic Ores Inc. of Luning, Nevada, sent a sample of urucite with an unusual fracture.

J. A. Fulton donated a fine specimen of Mountain City Copper Co. ore. Frank Horton, former Nevada student, gave a sample of silver-gold ore from Unionville.

The first sample of allophane that the museum has was sent in by E. R. Henderson of Palisade. R. C. Walker of Gardnerville sent in a sample of thulite. These two donations will form a new addition to the Dana collection, the collection of all kinds of minerals in the museum.
