Life, at times, has brighter moments even for such busy men as athletic coaches. "Chet" Seranton (right), assistant coach; Head Mentor Doug Dashiell, and Frosh Coach Jim Coleman take time out for a few seconds to pose for the cameraman.

New Formations, Tricks And Stunts, Planned By Band

Whole 82-Piece Contingent Will Attend Game Tomorrow

German, Jam Bands Will Be Featured In Rooting Sections

By ROBERT PARKER
New formations, new stunts, and tricks have been outlined by the varsity band to keep the crowd at Kezar stadium this week guessing.
The 82-piece band will march on the field of the Nevada-St. Mary's game in full uniform and with a new style and spirit calculated to raise eyebrows.
Under the direction of Professor T. H. Post, music department head, and Rueben Tuttle, assistant director, a trumpet ensemble will step from the ranks of a standing band, march front, and give a trumpet salute.
The band will then march forward to form the Nevada 'N' for which a new forming arrangement has been prepared.
Military March.
The military march, "Stars and Stripes," by Sousa, has been re-arranged for a novel effect. The full details of this are still secret and will only be known when the march is played in the stadium.
A German band and a jam band will keep spirits up when the going gets tough. The two bands have made some unusual innovations with new and old music, and, judging by the reception given them by the Reno High school last week, should merit attention.
Leading the parade when it starts at the Ferry building in San Francisco Friday night, the band will march up to Powell and Market streets where the musicians will disband.
The band will feature the march numbers "E. Pluribus Unum" and "Little Giant" while on parade. The new instrumentation is expected to add better quality and greater volume than any previous Nevada band has had, it was stated by Professor Post.

Miller To Attend Relations Conclave

Robert Miller, last year's president of the International Relations club, has been selected to represent the University of Nevada club at the gathering of the Pacific Coast International Relations clubs at Mills college the last week in October.
Many colleges of the Pacific slope are sending delegates, and each one is to represent a paper on some phase of international relations. Miller will speak on propaganda in international relations.
The International Relations club is holding meetings on alternate Thursday evenings at 7:30 in room 202 of the Education building. Margery Totman is this year's president and Fred J. Collins is the faculty adviser.

"The Soul Of Soviet Russia" Subject Of Talk

"The Soul of Soviet Russia," was the topic of the speech given by Dr. J. E. Church at the Faculty club meeting Tuesday evening.
In speaking of the Russian calendar, Dr. Church explained that it is not arranged as elsewhere in the Occident, with Sunday always in the first column. The Soviet calendar is blocked off into rows of six days each, instead of seven, and the sixth day is the day of rest.
"Thus Sunday will become obscure, and will most frequently coincide with work days, giving the faithful difficulty in attending church," said Dr. Church.
The government does not deny the right of the people to worship, and on the days that happen to be Sunday and rest day the churches are crowded.
That Atheism was a thing of the head, rather than the heart, was evident on the peoples' behaviour, Dr. Church observed.
The people of Russia seemed to Dr. Church to be contented and happy, and looking forward to the day when their country would produce goods of sufficient quantity and fine quality in its factories, as the impulse for progress apparently comes not from above, but below.
"I saw only one case of pronounced lipstick, and smelled three cases of perfume. The people seem as yet unspoiled," said Dr. Church.
Professor and Mrs. H. P. Boardman and Professor and Mrs. C. L. Brown were hostes and hostesses to the club for the evening.

First Social Hour Declared Success

With more than 200 students dancing to the strains of Morgan Mill's jam band, the first Blue Key social was held in the gymnasium last night.
Because of the successfulness, both socially and financially of this first social, the fraternity plans to hold them weekly until varsity basketball practices begin.
The profit of \$27.10 made last night will be reverted to the general fund held by the organization.
According to plans made last semester, when sufficient funds are collected, an electric clock to be placed in front of the library will be purchased.
Hudson Lee, committee member in charge of these socials, indicated that special features will probably be planned for future socials.
Members of the university staff availed themselves of the low rates of the special football season tickets, and turned out to the game last Saturday.
They are enthusiastic about the present arrangement and plan to attend all home games, Comptroller Gorman, who is in charge of ticket sales said.
This is the first year that such an offer has been made to the faculty. Formerly, a staff member paid for each game, but under the present scheme, a season's ticket admits the staff member and a guest to each of the five home games scheduled for a nominal sum.

Taus To Landscape House Back Yard

Plans are underway to completely landscape the back of the A.T.O. house according to Ed Pine, house president.
The engineers in the house will survey the ground this weekend, and the other members will start actual work the following week. Each member will be required to put in 12 hours of work a week.
The space will be completely excavated and leveled off with a driveway built in and the rest of the space planted in lawn.

33 WOLVES LEAVE FOR GAEL CONTEST

Pre-Game Parade In San Francisco Is Being Planned

Special Section Is Reserved For Nevada Rooters In Kezar

Tickets For Special Train To Be On Sale Until Noon Today

Led by the 82 piece band, Nevada will literally march into San Francisco tonight.
In addition to the band, over 200 students will entrain today at noon to attend the St. Mary's game tomorrow, "Bud" Doherty, who is in charge of ticket sales for the special train estimated today.

Including a group of engineers that left last night for the bay region, and students that will make the trip in cars, it is estimated that between four and five hundred students will be present at Kezar stadium to witness the "big game" on Nevada's schedule this year by kick-off time tomorrow.
A spectacular pre-game rally will be held in San Francisco when the "special" arrives at 8:15 tonight. Starting from the Ferry building, the contingent of Nevada rooters will parade through Market street up to Powell street, Doherty said. Permission for the parade has been obtained from San Francisco authorities.
All students who are driving to the game are urged by the committee in charge of the San Francisco rally to meet the special at the Ferry building and join the parade through the city streets.
Special Section.
A special section has been set aside for all Nevada rooters in Kezar stadium. Sagens, women's pep organization, will form the nucleus of the Nevada rooters by forming the symbolic 'N' with their blue and white uniforms, Eunice Beckley, president announced. This group also will march with the band in its maneuvers on the field between halves.
Student tickets will be honored only at section AA through gate 29 of the stadium, Doherty said.
The largest band ever to represent Nevada at an out of town game will present many novelty numbers and stunts, according to Professor T. H. Post, head of the music department. Bands within the band, such as the German and jam bands, will help keep spirit alive during the game.
Nevada's team of five yell leaders will all be on hand to direct the rooters.
Hotel Rates.
Headquarters of the Nevada students will be at the Powell hotel, Doherty stated, where special rates have been obtained. Rooms for two without a bath will be 75 cents per persons, while a room with bath will be given for \$1 per person.
Tickets for the special will remain on sale until train time today under the supervision of Charles Doherty and Russ McDonald. Size of the special train, which will have a car stripped for dancing, will be determined by the number of tickets sold. Price of the tickets is \$5.40 round trip, and they will be honored for ten days on any east bound train to Reno.

Two Frosh Coeds Break Traditions

Six Other Women Are Slated For Punishment

Two freshmen girls were punished by the Women's upperclass committee yesterday afternoon. They were brought before the committee, headed by Nina Bozkievicz, and were sentenced to wear a large cardboard placard on the campus today.
After the committee gets enough offenders, they will hold regular Friday morning stunts below the tram.
At the next meeting of the group, six women of sophomore and higher class standing will be punished. These students broke Nevada traditions by smoking in the buildings and sitting on the senior bench. They are: Virginia Johnson, Margaret Heiman, Nadine Hursh, Virginia Vuich, Lila Stoddard and Mary Fox.
The only freshman on next Wednesday's punishment list is Roberta Bowers. She fongot the traditional "bible."
Freshmen who wore placards today are Thelma Crosby and Earlmond Baker.

Banquet For Hunt Held Last Night

Benefactor Presented With Birthday Gift

Honoring S. F. Hunt, benefactor of the University of Nevada, the Crucible Club held their annual banquet last night at the Golden Hotel.
Richard Thormeyer, president of the Crucible Club presented Hunt with a birthday gift on behalf of the club members.
Guest speaker of the evening was former U. S. Senator Oddie, who is club councillor. Other guests were Mrs. Oddie, Dean Sibley, Prof. and Mrs. John Fulton, and Dr. and Mrs. Walter Clark.

Plans Underway For "N" Painting

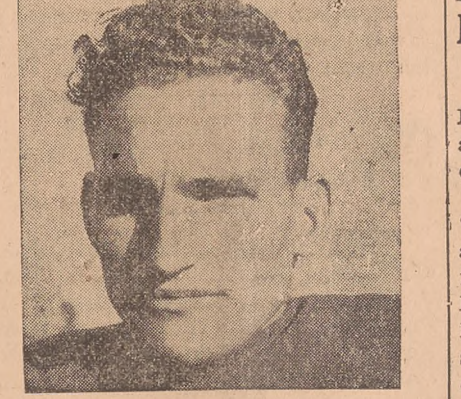

Nevada's Block N will be given a coat of white-wash next week by the freshmen men and women.
Painting the N is an old tradition, and those frosh who try to escape the job will be dealt with by the upper class committees, who are now busy concocting new penalties, "just in case."
The freshmen will meet at the stadium at eight o'clock in the morning, October 16, and then proceed to the N. The women will work until noon, passing buckets of whitewash to the men, and then will prepare lunch.
Donald Leighton, chairman of the upper class committee, members of the upper class committee, and seven members of the freshmen class are completing the plans.

Faculty Members Buy Game Tickets

Members of the university staff availed themselves of the low rates of the special football season tickets, and turned out to the game last Saturday.
They are enthusiastic about the present arrangement and plan to attend all home games, Comptroller Gorman, who is in charge of ticket sales said.
This is the first year that such an offer has been made to the faculty. Formerly, a staff member paid for each game, but under the present scheme, a season's ticket admits the staff member and a guest to each of the five home games scheduled for a nominal sum.

NOTICE
All Sagens, Sagens, and Blue Key members will please meet at the A.S.U.N. building at 4:30 p. m. Monday to start work on the Sale of tickets for the Wolves Frolic.
Mel Wilder, Chairman.

SHOWS PROMISE

NOEL ENNETT
A transfer from Susanville, Noel will see plenty of action against the Gaels. He will alternate with Robb at the tailback position.

'HUGOMETER' WILL DETERMINE BRAWL ADMISSION

Feature of the annual Engineers' Brawl, scheduled for October 16, will be a "hugometer," which will be used to determine admission prices.
The ingenuity of the students on the "other side of the campus" has evolved a new contrivance which will rate the type and degree of each girl's brand of hugging, and, incidentally, the price of her ticket. Fifty-cent tickets will be sold on the campus, with the remainder of the price to be determined by the hugometer, according to Clyde Keegel, chairman of the committee in charge of the brawl.
Cups will be awarded to the fraternity and sorority having the largest representation at the affair, as an additional feature of this year's brawl, Keegel said.
Practicing Reno engineers in any of the fields embraced by the U. of N. college engineering—civil, mechanical, electrical, and mining engineering—will be invited to the dance, according to present plans.
Entertainment for the brawl is being arranged. The engineers themselves will probably furnish a novelty feature. Music will be furnished by Reuben Tuttle's 12-piece campus band.
Decorations for the dance will be provided by the various engineering departments, which will compete with each other in this matter.
The dance will be held in the gymnasium. Tickets will be on sale during the week of October 11th-15th.

Traner To Attend Teachers' Institute

First District Institute Is Held at Elko

Professor F. W. Traner, dean of education at Nevada, left yesterday afternoon for the district teacher's institute to be held in Elko today.
Dean Traner, president of the Nevada State Educational Association, was accompanied to Elko by Dr. Harold N. Brown, associate professor of education, and J. P. Puffinbarger, assistant professor of education.
During the second session of the N. S. E. A., which will be held this afternoon, Dean Traner will be the main speaker and will speak upon "Problems of the Profession."
Both of his associates will also speak during the course of the institute which is the first to be held this year but will be followed by four more held in different sections of the state.
Doctor Brown will speak in the morning on "Teacher's Equipment," while his afternoon topic will be "School Discipline." Mr. Puffinbarger will take "My Job" for his morning topic while "Progress in Education" will be his afternoon subject.

Horseshoe Title Won By T. Botti

The Taus tucked away the horseshoe singles title today when Tili Botti out-tossed George Ardans, 21-5, 21-14.
The horseshoe singles were tied at the end of the regular schedule with the A.T.O.s and S.A.E.s each with five victories and one defeat. In the play-off Botti won four games in succession making him undisputed champion.
This week's results:
Sept. 29—A. T. O. defeated S. A. E., Sigma Nu defeated Independents.
Sept. 30—Beta Kappa defeated Sigma Phi Sigma, Lincoln Hall defeated Phi Sigma.
Oct. 1—Beta Kapa defeated Lincoln Hall, S. A. E. defeated Phi Sigma.
Oct. 4—A. T. O. defeated Independents, Lincoln Hall defeated Sigma Phi Sigma.
Oct. 5—A. T. O. defeated S. A. E.

45 Engineers Leave On Inspection Trip

Meeting at the railroad station in Crockett, California this morning, 45 engineers will inspect the California-Hawaiian Sugar company plant, and then tour Mare Island, the naval construction base.
The party will be divided among cars and a train which left last night. A faculty member, Professor Clark Amens, of the mechanical engineering department will supervise the expedition.
Professor J. Sandorf and Dr. S. Allan Lough will drive down to meet the party at Crockett.
A 16 mm. movie will be taken of the expedition by Ned Westover, Sagebrush photographer, to be shown upon the return of the party.
The group will return Saturday evening after the Nevada-St. Mary's game.

Basketball Star To Appear Here

"Chuck" Taylor, former all-American basketball star, will present an exhibition of trick basketball shots and a program of moving pictures about basketball in the gym October 13.
The program will be sponsored by the J. C. Penney Co.
Taylor will demonstrate plays and features of the game, using members of the U. of N. varsity hoop squad to run the plays.

CAPTAIN

"HAM" ROBB
From his post of quarterback, "Ham" will direct the destinies of Pack tomorrow as captain. A new captain for every game is chosen by Coach Dashiell.

Work Progressing On Wolves Frolic

Tickets For Production To Go On Sale Monday

With stage crew working on settings and tickets going on sale next Monday, the University of Nevada Wolves Frolic is progressing toward a finished production.
Variety from a toe dancer, whistler, and a Dutch comedian to a satire upon certain campus activities and personalities will distinguish this year's show. Songs and music will not be neglected either, judging from the various entrants of double piano teams, quartets, vocal and instrumental soloists.
Chorus routines have been settled upon with the selection of three the "Tiller" routine, the "Peckin'" routine, and the "Tap" routine.
The first will present the entire chorus of June Adams, Rosa Boggio, Marie Belz, Verna Bullis, Janet Holcomb, Gloria MacDonald, Mary Margaret McGill, Billie Morgan, Mary Alice Plath, Mary Read, Nellie Roseberry, Cleone Stewart, and Gene Wines.
The second, the Peckin' routine will be made up of eight, June Adams, Rose Boggio, Marie Belz, Mary Margaret McGill, Mary Alice Plath, Mary Read, Cleone Stewart, and Gene Wines.
The Tap will have five including four from the regular chorus, Mary Margaret McGill, Mary Read, Cleone Stewart, Gene Wines, and Charlotte Johnson, who is also directing the chorus routines.

Alums In 'Frisco Plan For Meeting

A meeting of the recently reorganized group of Nevada alumni in San Francisco and the bay area will be held in San Francisco, on Friday, October 15 at 8 p. m. at 940 Powell street. President Walter E. Clark will be the principal speaker of the evening and his topic will be, "The Advancing University."
Professor Paul A. Harwood, editor of the Alumni Bulletin, will also speak and his topic will be, "The Development of the Association and Its Needs."
The group has recently been reorganized through the work of Miss Kathryn McCormack, who graduated with the class of 1933. The association used to be the largest and most active group of alumni from Nevada. The meeting next week, will mark the first time in ten years that the group has been active. All alumni are cordially invited to attend.

Good Pass Defense

"When we got behind in the Wyoming game, and needed passes, the weather conditions made it impossible to use anything except short, flat passes, one of which resulted in a 50-yard gain."
"We will have a good pass defense," Dashiell continued, "As you will recall, no one hurt us on passes last year. Santa Barbara attempted 14 and completed none; College of Pacific attempted 20, and completed four."
During the past week, Dashiell has been working on the line.
"A lot of work is yet to be done on the line," he said. "But at that, the line showed push at times proven by the repeated long gains through center (Continued to Page Six)

The program will be sponsored by the J. C. Penney Co.
Taylor will demonstrate plays and features of the game, using members of the U. of N. varsity hoop squad to run the plays.

Tomorrow's Game Biggest Football Classic For Pack

"Ham" Robb Will Captain Blue Bombers In Contest

Gaels Favored; Both Mentors Make Many Changes In Lineups

By CLARENCE HEKGETHORN
Nevada's chances of making the annals of football fame this year depends upon 33 Wolves that left this morning for San Francisco, where they will meet the St. Mary's Gaels in Kezar stadium tomorrow.
The game is the biggest football classic on the Nevada schedule.
In addition to the 33 gridiron warriors making the trip are Head Coach Douglas Dashiell, Assistant "Chet" Seranton, Trainer Leaf McManus, and Manager George Ardans.
Renew Rivalry.
Tomorrow's contest will be the second game of the Wolf schedule, and will renew a rivalry between the two institutions that began back in 1917, and which has been going on up to the present time, with the exception of last year.
John "Ham" Robb, quarterback field general of the squad, was named by Dashiell as acting captain for the game.
According to reports from the Bay area, "Slip" Madigan, head coach of the Gaels, the St. Mary's backfield will weigh in at approximately 188 pounds, and possesses plenty of speed.
Stalwart Line.
The Gael line is as stalwart and heavy as ever, the average being 196 pounds with such stars as Joe Hurley and John Giannoni in the end posts; Carl Orth and Denny Keran or Nick Kartzmeyer as tackles; Ernie Jorge and Don Miller, guards; and Lee Scatena at center.
The possibility that Hollis McKinnon, all-conference end last year, will be at the left end post added strength to the Pack. McKinnon has just recovered from a neck injury.
Backfield Change.
The long expected change in the backfield became evident this week when Dashiell shifted Jim Twombly from fullback to right half. Prior to the change, both Twombly and Bill Grubbs had been playing first-string fullback, which left one of the stars on the bench.
Both Twombly and Grubbs are noted for their line-plunging ability, and Dashiell had hoped to keep them both in the fullback position. Lack of reserves and experienced men, however, necessitated the change.
When questioned about the St. Mary's game, Dashiell said the Nevadans would use a number of pass plays, and would also have a good pass defense.
Dashiell accounted for the absence of passing in the Wyoming contest due to the fact that Nevada went into the game without the idea of making a passing attack.
Good Pass Defense.
"When we got behind in the Wyoming game, and needed passes, the weather conditions made it impossible to use anything except short, flat passes, one of which resulted in a 50-yard gain."
"We will have a good pass defense," Dashiell continued, "As you will recall, no one hurt us on passes last year. Santa Barbara attempted 14 and completed none; College of Pacific attempted 20, and completed four."
During the past week, Dashiell has been working on the line.
"A lot of work is yet to be done on the line," he said. "But at that, the line showed push at times proven by the repeated long gains through center (Continued to Page Six)

Famous Lecturer Newton H. Bell Will Speak Here

"Fortunate To Get Such A Speaker At This Time"—Brown

Bell Will Speak On Current Events In Japan And China

"Modern Japan and Ancient China," will be the topic of the lecture on October 20, given by Newton H. Bell, lecturer and writer on foreign travel and international affairs.

This lecture is presented under the auspices of the committee on lecturers and assemblies of which Dr. Harold N. Brown, is chairman. Other members are Professor C. C. Smith, and Professor Irving J. Sandorf.

"Owing to the fact that he has such a splendid background and such unusual knowledge of the conditions in the Orient, the committee feels especially fortunate at this time, to be able to present Bell to the University of Nevada students," stated Dr. Brown.

Dr. Bell returned from the Orient about September 15. In his lecture, he will touch upon current events in Japan and China. Following this, the meeting will be thrown open to discussion, and anyone is free to ask questions concerning developments in these two countries.

Since the war, Mr. Bell has been abroad seventeen times; traveling in Europe, Asia, Africa, and Latin America. He speaks five languages.

He has spoken many times before the Oakland Forum and is scheduled to appear there again in a series of lectures on recent developments in China.

Bell is well known in the bay region for his lectures delivered to various literary societies. He has spoken for such organizations as the English-Speaking Union, the San Francisco Center, the Japan Society, the Pacific Society, and the Century club.

U. C. Lecturer.

He is a lecturer of the extension division of the faculty at the University of California. He was elected fellow of the Royal Geographical Society of Great Britain, and was also awarded academic palms by the French government.

The London Telegraph states Bell has an unusually comprehensive understanding of international affairs.

Students and the public are invited to attend this lecture to be held in the Education auditorium at 8 Wednesday evening.

Highway Periodical Will Feature Campus

The University of Nevada will be featured in the November edition of Nevada's Highways and Parks, official publication of the state highway department.

The magazine will make its appearance on or about November 15.

Fred G. Greulich, editor of the magazine, was on the campus this week gathering material for the edition, which will contain pictures of the campus, students, activities, sports, and prominent graduates. A feature article will be about 2500 or 3000 words in length, and will have a short history of the university along with a story of the present organization and activities.

Approximately 15,000 copies of the magazine will be sent throughout the United States to colleges, public libraries, auto services, and tourist agencies. Greulich said that the university should receive a great deal of favorable publicity from the article.

Nevada's Highways and Parks is published every two months by the highway department to promote interest about Nevada among the thousands of tourists in the country. The November edition will complete its second year of publication.

Last year over \$7,000,000 in tourist trade was brought to Nevada. This figure was a 16 per cent increase over that of the previous year, and officials say that the interest created by the magazine was responsible for the increase.

READY TO GO

HOLLIS MCKINNON

On the sidelines with an injured neck for the past two weeks, Nevada's all-conference end will be in the starting line-up tomorrow against the Gaels. His return bolsters up the Pack line considerably.

Wolf Pack Defeats Wyoming Squad, 9-7

Winning in the last minute of play, the Nevada Wolf Pack emerged victorious in its season opener with the Wyoming Cowboys 9-7, last Saturday.

The winning score was made in the last minute of play by the team of Eaton and Twombly which only failed to convert or make a try for a field goal once during the 1936 football season.

Due to the high wind and prevailing cold during the contest, which made effective ball tossing almost impossible, the Wolf Pack looked little like the Blue Bombers of last year that completed 67 passes out of total of 143 attempts. Pack Backfield men threw 12 passes during the entire contest, but only four of the attempts connected with a team mate, while two of the tosses resulted in interceptions by Wyoming players.

Though the Pack through necessity deserted their wide-open style of attack around the ends, the long gains made by Nevada backs through the center of the Cowboy line more than made up for this change of offense.

Grubbs, hard-plunging Nevada full-back proved to be the most outstanding offensive player on the field, several times breaking away for long gains which threatened to make the game into a high-scoring affair. The husky 195-lb. plunging back gained a total of 97 yards on straight thrusts through the Cowboy line.

Coffin Publishes Hawaiian Article

Harold Coffin, '26, is the author of a humorous article on the progress and modernization of Hawaii in one of the latest editions of Liberty magazine.

The article received what is called a "double page spread" with illustrations and told how Hawaii has become a thoroughly modern territory during the past few years.

Coffin is publicity secretary of the Hawaiian Tourist Bureau.

A Nevada journalism graduate, Coffin was editor of the Desert Wolf university comic, when on the campus.

Inter-mural Tennis Doubles Underway

Tongs Are Now Practicing For Basketball

By HENRY MAYER
Inter-mural tennis doubles got underway Wednesday when Good and Inman of the A. T. O. house defeated Schumacher and Arlang, representing the Phi Sigs 6-1, 6-1.

The other game between Sigma Nu and S. A. E. was postponed.

Horseshoe doubles will not start play till the beginning of next week. George Ardans and Leland Strauch of the S. A. E. will probably be strong contenders for the title. Tillie Botti and John Etchemandy will furnish the keenest competition, according to advance reports.

Intense practice sessions in inter-raturnity basketball began Monday, with Sigma Nu and S. A. E. showing the best material. S. A. E. will be hampered by the loss of Dick Kolbus and John Radovich, who were the mainstays on last year's championship team. However, the Sigma Alphas will have some good replacements in Jim Shepley, Lee Barrett and Ross Ashley.

The Sigma Nu will have a formidable team as usual, with such stalwarts as Ointo Barsanti, Wall Powers, Clarence Heckethorn, Bob Cameron, Sam Stark and Ira Ferris performing for the "Snakes."

A. T. O. will have a strong team this year depending, on Ray Walgren, Leno Etchemandy, "Doc" Summerbell, Earl Smith and Jim Duprait to carry the burden of their attempt for the title.

Little is known of the other teams. Most of them all in the experimental stage. More information will be out as practices become better organized.

Coeds Will Sell Candy At Meets

Candy will be sold at all student meetings by members of the Young Women's Christian Association. It was decided at the last meeting of the group.

The candy sales have been popular in former semesters, and the group has ordered a wide variety of favorite bars.

The project is under the management of Eunice Beckley.

Join the Buck a Month club.

NOPE, JUDGE—I STICK TO MY MAKING'S CIGARETTES WITH PLENTY OF PRINCE ALBERT IN 'EM—I'VE ALWAYS WANTED TO SMOKE A PIPE TOO—GAVE IT A TRY ONCE, BUT A PIPE IS TOO MUCH HUSS FOR ME TO RIDE. THE DANG THING TRIED TO BITE MY TONGUE OFF.

HERE IT IS—ALL SLICK AND SHINY LIKE WHEN I GOT IT FOR A CHRISTMAS PRESENT. I'LL LOAD HER UP WITH P.A. AN' SEE WHAT HAPPENS.

WHY DOGGONE IT, JUDGE, THIS PIPE IS AS GENTLE AS A LADY'S SAFFLE HOSS!

YOU'LL GET A HEAP O' SATISFACTION OUT OF P.A.—IT'S ALWAYS MILD AND EASY ON THE TONGUE.

Patterson Declared Tennis Singles Champion

Gene Patterson, Independent, is the intramural tennis singles champion of 1937.

Patterson sewed up the crown Monday by defeating Chester Jacobsen, Lincoln Hall, 6-3, 6-1, to finish his schedule of tournament matches without the loss of a set. This feat established a new record in intramural net singles.

Runner-up in the tourney is Bob Leaver, Lambda Chi Alpha, who won seven matches and lost one.

Tied for third are John Etchemandy, Alpha Tau Omega, Ross Ashley, Sigma Alpha Epsilon, and Chester Jacobsen, Lincoln Hall, each with four wins and four losses.

Points toward the Kinnear Trophy are awarded as follows in tennis singles: first place, 20; second place, 10; third place, 5; fourth place, 2½; fifth place, 1. However, points are not awarded to the Independents, so the top award in this event will not be awarded.

Puffinbarger To Speak To Professor Group

"A Remedial Program for Probationary College Students" will be the topic of a speech to be given by Prof. J. P. Puffinbarger at the first meeting of the Nevada chapter of the American Association of University Professors, Thursday, October 14th.

Dr. S. Allan Lough, chapter president, stated that no definite meeting place has been decided upon.

Negotiations for a regional meeting of the association at the University of California chapter are being made. If the plans are carried out, delegates from chapters at Nevada, Fresno, Mills, and Stanford will meet with the Berkeley chapter serving as host.

Sagers To Raise Membership Quota

Committee Is Appointed By Dimock To Supervise Elections

The first step toward increasing the membership of the Sagers, men's underclass work organization, in line with the membership provisions of the new Sagers' constitution, was taken at a meeting of the organization Tuesday night.

President Kenneth Dimock appointed an election committee to supervise elections of new members and officers under the new chapter.

Appointed to the committee were Prescott Wilson, member from Sigma Phi Sigma and temporary chairman of the committee, Donald Kinkel, Paul Aznar, Leon Etchemandy, Stanford McNair, Sam Wilson, and Louis Denton. Each men's social group on the campus represented in Sagers has one member on the committee.

The group discussed its work in connection with the Homecoming bonfire.

On the Campus It's "Hello!"

Taus Are Leading In Trophy Race

Taking an early lead in the race for the Kinnear trophy, Alpha Tau Omega today captured the volley ball and horseshoe single championships to swell their total to 5 points.

The Taus swept to a swift victory in two straight games in horseshoes, but barely eked out a hard fought victory in winning two out of three volley ball games from the Beta Kappas.

The victories in these two intramural sports make the Taus favorites in the copper mug race for the sixth consecutive year. Ever since the donation of the mug to the intra-mural sports program, five years ago, it has been in

the possession of the A. T. O's. Following close behind the leading fraternity is Beta Kappa with a total of 55 points, while Lambda Chi Alpha has scored 25 points to take third place. Sigma Nu and Sigma Alpha Epsilon are tied in fourth place, each gathering 15 points to date.

WITH THE WOLFETTES

By BARBARA SCHMIDT
Twenty women have signed up for the inter class archery tournament now being conducted. These women represent two classes, the freshmen and seniors.

Frances Smith is the only woman to represent any class other than the freshman. She is also the only upper-class woman to enter competition in the W. A. A. archery.

Saddle and Spurs is going to give varsity rating to three or four women taking riding this year.

Requirements for varsity rating in this sport are at least one other W. A. A. activity and one year experience in Saddle and Spurs. The varsity rating is merely an imaginary rating of a team which would represent the university in riding events were such events to take place.

Announcement of the varsity members will be made at the W. A. A. banquet.

A dinner-get-together of the W. A. A. women will be held immediately after mid semester, according to Kennedy Walker, president.

This dinner will be for participants in the various sports now concluding the season—swimming, riding, hockey, tennis, and archery.

In charge of the arrangements is Elizabeth Best, head of hockey. Assisting her will be the other heads of sports—Verna Bullis, swimming; Marie Varnon, tennis; Beatrice Lansdon, riding; and Felscia Moos, archery.

A demonstration on proper technique and a display of skill in shooting the bow and arrow was to be shown to the women taking archery at 7:45 today by Dr. J. Pratt, Reno oculist.

Dr. Pratt, formerly a member of the Oakland Archery club, has recently moved to Reno. Several times he has used the bow and arrow on hunting trips. He will also show the technique used in hunting with the bow and arrow.

All freshmen women taking folk dancing will be excused to watch the demonstration if they are taking archery.

Earlmond Baker, freshman student, won the inter-class archery tournament. Sarah Bawden, frosh, was second.

Third place was held by Anita Capitani and Rometta Ward, and Ruth Wilcox was fourth. All are freshmen.

Frances Smith, senior, was the only person representing any other class. She did not report to the field to shoot either Monday or Wednesday.

Each entrant shot sixty arrows and the total scores determined the winners.

Mary Jane Littlefield of the National Field staff of the Girl Scouts of America, will visit in Reno from October 28th until November 8.

Miss Littlefield will review the scout troops of Reno and Sparks. She will offer a training course for the leaders and council of the Reno and Sparks troops.

Any university women who are leaders or who are interested or who are interested in these meetings may sign up with Mrs. Mae Simas of the physical education department for attendance at the meetings.

The Fine Arts group is planning to have an exhibit of quilts and other early American folk work in connection with the Folk Festival this fall.

This will be the first time that this group has shown anything of this kind on the campus.

Musical selections are being arranged for the festival by Robert Comer, music student. It is planned to have a small group of singers and instrumentalists.

Dancing in the festival will be under the direction of Miss Elsa Sameth, head of the woman's physical education department.

GRAD VACATIONS

Miss Martha Scragham, former U. of N. Student, will spend three weeks in Hawaii.

She will be accompanied by her father, Representative J. G. Scragham of Nevada, who will arrive in San Francisco from the nation's capitol by plane on Monday.

They will leave Tuesday on the Matson boat the S. S. Ludline.

Women

Buy A Brick Drive Starts Next Week

Sagens Offer Membership Points For Service

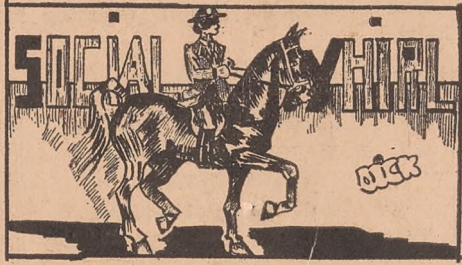

The annual "Buy a Brick," campaign in which all freshmen women are required to participate will begin Monday with the announcement made by Eunice Beckley, chairman of the committee in charge.

Each "frosh" woman will be required to sell at least ten bricks. Any woman failing to comply with this will be reported to and punished by the women's upperclass committee.

Sagens, women's service organization, plans to recognize the services of the freshmen women by counting the work of the women selling the largest number of bricks as part of the required work toward membership in the organization.

Proceeds of the campaign will be added to the \$500 now in the treasury which is being saved to help build a new Student Union building.

Committee members chosen by the A.W.S. to be in charge of this year's campaign are Eunice Beckley, chairman, Mary Sala, Genevieve Gardella, and Eleanor Goldsworthy.

Steffens Marries In Washington

According to word received by friends in Reno this week, George Steffens, '36, was married in Washington three weeks ago.

Steffens was a member of the Lambda Chi fraternity. While at this university he was very active on the campus, being a member of Coffin and Keys, Blue Key and Associated Engineers. He worked on the Sagebrush Staff and was president of the Sagens.

Exchange Dinner

An exchange dinner between Pi Beta Phi and Lambda Chi Alpha took place last Wednesday evening.

Two representatives from each class were the guests at the two houses.

Grad Marries Secretly

Blanche Cosby, class of '33, was married secretly to Byron Foster on May 16, 1936 in Kingman, Arizona it was revealed this week.

Mrs. Foster is a graduate of the University of Nevada where she was a member of the Beta Sigma Omicron sorority as well as being active in student affairs.

Foster is a graduate of Tonopah High School. The couple will make their home in Tonopah, where he is employed.

Chinese Grads Are Married

The wedding of Miss Bernice Lam, '36 and Frank Sam, '35, culminated the Nevada campus romance of these two Chinese graduates in Hongkong, China, September 5th.

Doctor S. F. Lam, Bernice's father,

YW Bookstore Profit Doubled This Year

The Y. W. C. A. book store profit for this semester has doubled over preceding years.

Elona van Sickle, manager of the project announced that the total book sale would be about \$175.

The book store will close next Friday, and all those students who have not called for their money or books will have to come before Friday. Notice will be posted on the bulletin board for hours the store will be open, it was decided at the regular meeting Tuesday night.

and who is vice-president of the bank of China in Hongkong, sent his daughter to the U. S. for her education. He chose the University of Nevada, and she graduated from the home ec. department.

While here she met, Frank Sam, American born Chinese, who attended the Mackay School of Mines from which he graduated two years ago. After graduation he worked for a year in a cyanide plant in Arizona. From there he went to China where he accepted a position of government mining engineer.

For the past year Miss Lam has been teaching in Canton, China.

Manzanita Dance Postponed

Manzanita Hall Association postponed its first dance of this year, due to so many of its members going to San Francisco for the Nevada-St. Mary's game.

Burke-Barnes To Marry Monday

Frances Burke and Charles Barnes, former students of the University of Nevada will be married at the Baptist Church, Monday, October 11th.

The bride, a member of Gamma Phi Beta sorority, graduated in 1937. Charles Barnes, also a student last year is a member of Sigma Alpha Epsilon.

The couple plan to spend their honeymoon in Canada, and then return to Reno to reside.

Alpha-Delta Hold Theater Party

A traditional theater party is being held by the Alpha Delta Theta sorority tonight. Members will attend the majestic theater and then go to Margaret Burnhams where refreshments will be served.

Mary Boczkiewicz is in charge of the party.

COED FOOTBALL FASHIONS ARE OUTLINED

By JANE FRISBIE

We're packing our bags for San Francisco!

The football season is here again, and so are tweeds, woollens, and jerseys in the ever smart blacks and browns, and in the new bold plaids that have so much zing.

Some fashions go on for a month, some for a season, but suits are so good that they go on forever. Packing your bag should be easy if you have a suit. Your coat without fur looks well with all your clothes and right wherever you go. Your versatile suit can be worn with equal smartness to the football game or lunching de luxe with different hats, sweaters, or blouses.

For those of you who prefer dresses to suits there are wools, plaids, and of course the knockabout knits. We found a smartly tailored brown wool with natural pigskin belt and buttons that would conquer the entire football squad.

For the miss who likes color, there was a plaid wool that zipped at the neck and wrists—a dress that would have St. Mary's cheering for Nevada.

After the game you'll want to dress up your suit with a silk blouse or change from your wool into a silk dress, change your shoes, and you'll be ready to celebrate Nevada's victory over St. Mary's.

"Central Park" Picture Popular

The picture "Central Park" seemed most popular with the downtown women when it was shown at the recent Fine Arts exhibit.

Humorous art such as the burlesque on the U. S. senate ranked highest among the students.

The next Fine Arts exhibit will open Monday.

Sorority Tennis Starts Wednesday

Using the round robin type of tournament, the inter-sorority tennis competition will get under way next Wednesday, according to Marie Varnon, head of the sport.

Under the round robin type of play, it is expected by the physical education department that more exciting play will result, and that the results will be fairer than if the elimination type of tournament is held.

In the round robin, each woman entered will meet every other player. Thus, if five houses enter the play, each woman will meet four other players. The winner will be determined by the number of wins and losses.

The schedule of play will be posted in the gymnasium by next Monday, and play will start Wednesday. If anyone fails to show up for her match at the scheduled time, she will automatically forfeit the game.

To date, five organizations have entered women in the matches. Beatrice Lansdon, independent, is the only new entrant.

PLEDGES PI PHI

Miss Louise Martin, sophomore student from Sacramento Junior college, was pledged to Pi Beta Phi sorority last Monday. The total number of pledges for the house at the present time is 19.

Life Saving Corps Bids New Members

Invitations have been extended to 14 students to join the University Red Cross Life Saving Corps, according to Verna Bullis, president of that organization.

Twelve of the invitations have been offered to men for the first time. Announcement of acceptance will be made next week.

On Wednesday night the entire group, including those newly bid, will meet at the Pi Beta Phi sorority house on Sierra street for a meeting to outline the drive to extend membership further.

The group is planning a short swim at Moana before adjourning to the Pi Phi house for refreshments.

CONFINED TO HOME

Helen Collins, member of Delta Delta Delta, has been confined to her home with appendicitis since Friday.

Colombia requires that all immigrants be able to speak Spanish.

Baker Wins First Match In Tennis

Earlmond Baker, freshman, won her first match in the W. A. A. tennis tournament. She defeated Mary Anxo by a score of 6 to 4.

Beth Cowgill defeated June Drake 6-2 in another match. Miss Cowgill will meet Katherine Louney next week.

Marie Varnon will meet Marla Dodge next week, the winner of the match to meet Baker in the semi-finals.

COOPERATE

Something that happened last week brings attention once more to the Sagebrush.

A staff reporter, assigned to cover a certain organization, came to the office with the report that the head of the particular group would give no information, because every time he gave out news items "the Sagebrush gave them very little space."

Looking back over past issues, an investigation showed that the organization had been given space everytime that anything of importance happened, and that the space had been given in relative value of the news.

The stand taken by the head of the organization shows, not only a decided lack of knowledge regarding a newspaper, but also a lack of school spirit.

It must be remembered that there are difficulties—many difficulties—encountered in publishing a newspaper. There are certain types of news that warrant large headlines, and prominent display. There are others that are not so important, but that are nevertheless vital, and they are granted space accordingly.

In the rush of press time, this latter group of stories have to be selected for "spots" in a hurry, and it is often that a front page story will get left, and therefore be placed on some other page. It is not always a matter of choice.

Some stories are often left out altogether, especially if their importance is overshadowed by other ones.

The Sagebrush does not intend to intentionally slight any group or organization on the campus. As said in the first editorial written at the beginning of the year, "The Sagebrush is and will remain the student newspaper of the University of Nevada."

But in order to be that, it must have cooperation from all campus groups and organizations, as well as individuals.

We will cooperate. Let's see you do it.

SUPPORT THE FROSH

The varsity football game last week on Mackay Field may have broken a lot of jinxes for the Pack, but the preliminary frosh game either broke a more important jinx, or set an example that should be kept up.

For the first time in a great number of years, there was actually a band of rooters, cheering the frosh on.

This is something that has been noticeably lacking at all frosh football games in past years. Usually, they are just out there playing to no one in particular.

The frosh are just as important in athletics as the varsity team. Next year they will form part of the varsity team.

Why not give them a little support; attend their games, and make them feel that they aren't doing all that work for nothing.

It will not only make them feel better, but it will also give the students something to talk about. That game Saturday was almost as good as he varsity contest.

Father Of Student Dies In Fresno

Called to her home by the death of her father Russell Cafferata, Frances Cafferata, junior student and member of Kappa Alpha Theta sorority, left Saturday night for Fresno.

Cafferata, son of Mr. and Mrs. Cafferata of Reno, was manager of the Owl Drug Stores in Fresno, California. Besides his parents and daughter, he is survived by a brother and a sister, Gladys, who was graduated from the University of Nevada with the class of '29.

APE Association To Meet Monday

The Nevada branch of the American Physical Education association will meet for the third time this year Monday evening in the gymnasium.

Frances Humphrey, '26, teacher in Reno High school, is president of the group, and Mrs. Mae Simas, of the woman's physical education department, is secretary.

The object of the group is to bring together more people interested in the same field. Their present activity is th study of the playground problems in the city of Reno.

PICKLED PLATITUDES

By MAX JENSEN

"Why didn't we do this before?" was the big question at the first belated social hour Wednesday night. Big crowd; and a nice crowd, too, though it was practically all college students.

Probably a lot of you have heard in wanderings about the campus, a lot of talk on the possibility, within a few short years, of an architect's dream in student union buildings decorating the U. N. All possibilities in this line presuppose a raise of \$2.50 in the semestral student body fee.

Now before you begin to kick, consider: About the first of each semester, when we all line up to lay down the fees at the comptroller's window, and take our places as bona fide students, we're all feeling just a little bit "stakey." By fair or foul means, most of us manage to have a five spot or so after the payment of the fees, which is more often than not devoted to some approved ceremony of welcoming the new term. Contention: that probably no one will notice an extra two-and-a-half at the time of registration.

Before I have you all flocking into a bewildered comptroller's office and trampling each other to lay down \$2.50 for the present semester, like mamma from somewhere, remember that the proposition now before us requires official sanction of the administration.

They are the powers on whom the duty of instituting such a raise would fall. They would have to deal with any and all kicks, but would also probably receive their share of thanks when and if such a new ASUN building as proposed become a reality.

Just supposin'. If each of one thousand students dropped an extra two-and-a-half into a special fund each semester, my in tricrate system of geometrical progression says that five thousand dollars per year would be the result.

In ten years, the fund would amount to fifty thousand, by the slide rule (engineers please check). Fifty thousand would build a building to that we all agree. How much of a building is not at present sure, but think, first of all of an auditorium which would seat a thousand or better. A dance floor, student offices, possibly a cooperative store, and other advantages which will come to mind after I've had another sniff of powder.

The advantage of keeping campus functions on the campus carries a lot of weight with many who have been thinking about this. Besides being better for the general attitude on the hill, keeping dances, etc., as near as possible to the university, and using a university building, would save money for the associated students as a whole, and in the long run defray the expenses of the erection of such a student union building.

Oh yes, with the proposed increase in fees could go the stipulation that the increase fees should be maintained only until a sufficient amount had been amassed for the building.

For you live-for-the-moment believers who may say that "a student union building ten years from now does me no good," consider this. With such a fund established and growing in spite of the floods in Ohio, it would probably be perfect-

THE WOMEN HAVE THE BRAINS!

It's the women who have the brains! This statement was definitely proved this year when the freshmen women made a higher average than the men in the intelligence test given annually to the students in orientation.

The women may appear "dumb," but it is really only a camouflage as the facts seem to prove.

This year's freshman class is no more intelligent than that of last year, with the average of the two classes being the same—73 points out of a possible 150. There were fewer scores near the upper and lower extremes this year, but more average scores.

The Home Economics women had the highest average score, that of 84 points, which might go to prove again that it is really the intelligent woman who runs the home.

The Engineers came next with 81 points, the Arts and Science women with 73 points, the Arts and Science men with 70 points, the normal school with 60 points, and the agriculture men with 53 1/2 points.

As a final proof, a freshman girl made the highest score in the class, a 129 points out of the possible 150; and a freshman boy made the lowest score.

Let the men of the campus, therefore, heed the advice of the women and save themselves considerable work.

IN HOSPITAL

Only one case warranting hospitalization, that of John Etchemandy, has been brought to the attention of University of Nevada medical authorities.

Etchemandy, junior student, and resident of Gardnerville, afflicted with a slight foot infection, is expected to be confined only a short time.

ly possible to borrow enough within two or three years after the establishment of the fund, or to raise money by some other means, for the construction of the building.

I don't know, but it seems that such a fund would be pretty good security. That answers that kick, because it is a fifty fifty chance that, even though you call yourself a senior right now, you'll be here in two or three years from now.

If this idea meets with any favor at all among the students, depend on it that the administration, Dr. Walter E. Clark and the individual members of the board of regents, will be contacted, and the pipe dream will either take on the shape of a definite program or be dissipated into this air with a few "safts of logic" and some well put objections from the final authorities.

In any event, you'll hear more on this subject.

LETTERS To The Editor

Editor The Sagebrush:

Michigan has its "Little Brown Jug," California its Axe, and both institutions annually put them up for their "most endeared" rivals to shoot at.

Nevada has a rally bell in which College of the Pacific students have already shown keen maternal instinct. The old "rally rounder," I am told, until recently rested forlornly amid dust and silence, in a local fraternity house. Once put to heavy use on the local campus, the bell was stolen some years ago by C. O. P. rooters to rest in shameful silence within the domicile of a Stockton tong.

Recently a raiding party of loyal Nevadans, risking a Dutch haircut for their efforts, retrieved the bell and, receiving their just commendation, carted it off to seclusion. Hence, Nevada has a bell—so what?

All honor to those who made the restal, but what now? Need the bell recline in sweet repose indefinitely—or until some C. O. P. raiding party again carries it off to Stockton? Why not bring it out, install it as a token of supremacy and let the Wolf Pack and Bengals annually vie for its ownership? No single factor could more greatly enhance the "natural" rivalry of the two schools.

Put the bell out in plain sight before the grandstand on Homcoming Day, and then say to the Bengals "Here it is boys—all you have to do to take the blamed thing home with you is win this ball game."

And who knows, Nevada might go right on saying indefinitely, "better luck next time."
EDWARD S. MONTGOMERY, '34.

Editor:

There is one man on the campus who has never received his rightful share of applause. His name is Ross Morris. Ross is a swell guy, helps everyone who helps him, he even helps the girls. He likes the girls. The girls like him, you like him, we like him, I like him—I repeat he is a swell guy, who is always thinking of someone else.

He is not conceited, and is always trying to help out someone else who is in trouble. This letter is written for the express purpose of giving him a pat on the back.

Aggie Club Begins Membership Drive

A membership drive to include all of the College of Agriculture students in the ranks of the Aggie Club was instituted today.

President Archie Albright stated that they would attempt to enroll all of the of the 82 College of Agriculture students in the club by the end of the semester. The club now has 40 of the 82.

A committee appointed by the president will immediately take up the duties of contacting all the students who aren't members of the club at the present time.

The membership committee will be headed by Buster Lund, with John Lemich, William Button, Benjamin Barton and Richard Roche as his assistants.

PREXY TO VISIT

Mrs. John Francis D'Aule, province president of Pi Beta Phi sorority, will visit the local chapter on October 25 and 26.

Mrs. D'Aule, from Los Angeles, is making her annual visit to the various chapters in the province.

A chapter dinner will be held on Monday, October 25th, in her honor.

I would be very glad to have you print this, as I know he would appreciate it very much, and incidentally his phone number is 6621, and he is willing to accept a date with any nice girl with a nice car.

Signed,
Ross Morris.

HYPNOTISM USED TO QUIET ZOOLOGY FROGS

Hypnotizing frogs for the study of their circulatory system by stroking soothingly their ventral side is the latest development in the zoological laboratory at the University of Nevada.

The new method gives a more true-to-life picture of the actual workings of a frog's circulatory anatomy, because there is no drug to slow down the blood channels.

Premature death of several frogs after they had been injected with a dye—drug solution caused Professor C. L. Brown, associate professor of biology, to seek other means for quieting the animals.

His assistant, Dorothy Evans, solved the problem by hypnotizing the creatures and then tying them to the microscope slides with thread.

Professor Brown blamed the failure of the dye solution to exposure to sunlight and age, the last bottle having been bought some six years ago.

Eleanor Doan, 36, who has been attending Wheaton college, Illinois, for a master's degree, will teach in the Austin high school this year.

IN THE SPORTLIGHT

SHORTS ON SPORTS FROM FAR & NEAR

By CLARENCE HECKETHORN

A Pack of hungry Wolves will be at the door of opportunity Saturday when they clash with the St. Mary's Gaels in a football tussle which has been on and off for the past twenty years.

Followers of the Pack will recollect that it was back in 1917 when the teams played their initial contest. The Wolves bowed in defeat at that time by a score of 41-0.

The two teams clashed annually through the years, with Nevada on the short end until 1919 when the Wolves tied the Gaels with the score 0-0.

Through all these years Nevada was playing "big ball" with such institutions as Stanford, California, U. C. L. A., and other top-rate schools.

In 1922 Nevada emerged as one of the leading teams on the Coast when they defeated the Gaels 21-13. This was Nevada's last victory over St. Mary's until that memorable day in 1934 when the Wolves led by 9-7.

Nevada's victory over the Gaels shifted St. Mary's from the ranks of a leading contender for the national title to just another team.

This defeat is still fresh in the memory of "Slip" Madigan, Gael coach, and just last week he announced over the radio that he was gunning for the Wolves and expected them to give him his toughest game of the season. "Slip" made another challenge this week when he told Associated Press correspondents that he was going to try to redeem himself for a loss to California and a tie to the Gonzaga Bulldogs by a victory over Nevada.

Should the Wolves defeat the Californians Saturday it will put Nevada up again as a likely opponent for big Coast gridiron games.

Dashell realizes the strength of the Gaels, and it is obvious that the boys from Moraga valley would have the edge on the Wolves if they depended entirely on power and drive. However, Dashell is matching science against power in Saturday's contest. He's going to depend on tricky reverses and passes to bring home the bacon, and once the Nevadans get going anything can happen. So don't be surprised if Nevada returns home a victor over St. Mary's.

Nevada's victory over Wyoming last Saturday is very similar to the beating the Wolves handed St. Mary's back in 1934. The final scores were identical. The same type of counters were made. In 1934 the Wolves made a touchdown and failed on the conversion, and in the last few minutes of the game Tom Cashill booted over the field goal that gave Nevada an edge of two points when the final gun ended. Last Saturday the same thing occurred when Nevada went into the last few minutes of play with the score 7-6, and Pat Eaton kicked the field goal that gave Nevada their first victory of the 1937 season.

A jinx that followed the Wolf varsity since Dashell has coached the local boys was broken last Saturday when Nevada scored first over the opponents. During all of last season's games Nevada allowed their opposing team to score the first counter.

Two former University of Nevada athletes gained quite a name for themselves this summer in the ranks of the Reno Garage semi-pro baseball club. Jack Hill, who played as catcher for the garage team, was one of the Pack's greatest backfield men of all time a few years back. Hill played quarterback on the Nevada squad, and was mentioned on Pop Warner's all-American team at one time.

After graduation, Hill was the property of the New York Yankees for some time. Hill was recognized as the spark plug on the Reno garage club and one of the best catchers around. He has one of the most feared throwing arms in semi-pro baseball. At the present time Hill is employed as coach of Virginia City High school.

Ted Barnes, former Sacramento Junior college griddler, who played for Nevada last year and earned a reputation as an open field runner was the other former Nevada student on the Reno Garage club. Barnes played baseball in the Placer-Nevada league, and this year worked himself into a regular spot as centerfielder for the Reno Garage. Barnes was rated as a fair hitter and perfect fielder. He was noted for his accuracy in catching flies and for his great throwing arm, which completed several double plays.

"Buck-A-Month" Club Membership Increasing

Jack Walthers, president of the local chapter, today announced the Buck of the Month Club was rapidly increasing in membership. At present there are 120 members in Reno alone. Sparks has a total of 60. Bert Spencer, who is staying a few days in Ely, has created a lively interest in the club in that part of the State. Yesterday the members started a special three-day membership drive in hopes of securing large additional number of new Buck of the Monthers.

Alaska has had commercial aviation for 14 years.

Frosh To Meet Cedar City Squad On October 16

Coach Coleman Sees A Win Over Utah Gridsters Barring Injuries

Lassen Contest Cancelled, No Weekend Foe For Cubs

The frosh gridgers will play their next game October 16th, against the branch Agriculture college of Utah from Cedar City. The game will be played on Mackay field and will probably be called for 2:15.

In the first game of the season, the Aggies were beaten by Las Vegas high school in a game played on the Utah boys' home field. Coach Coleman is not yet certain of his starting line up for this game, but he says that he will probably use the same crew who started in the last game.

Barring injuries and other minor details which cause a coach to grow a good crop of gray hair, the Nevada cubs should win this game.

A game was scheduled for October 9th against Lassen Junior college, but as this school is not having a football team this year, the game had to be cancelled.

Coach James Coleman is trying to find a team who will play the frosh, filling in for this cancelled game.

Coleman has arranged for two out-of-town trips for this Cubs this year. The first trip will be played at Auburn, in a return game against Placer Junior College. The game will be played on October 30. The second away-from-home game is with Compton Junior college, on Compton's home field. The frosh and Compton will tangle November 30th.

Starting with the game on October 16th against B.A.C., the frosh have four games left. On November 30th, they play Placer J. C. at Auburn. As the frosh have already won one game from the Placer outfit, they expect to win this game. Menlo Junior college comes to Reno, November 13th. As this outfit is reputedly good, the frosh will have to show a good brand of ball to win. The last game of the season is with Compton Junior college. Compton usually puts out a good team, and this year will be no exception. They will give the frosh a good battle.

Ground, Air Attack Net Frosh Win Over Placer

Displaying a varied ground and air attack, the frosh football team more than lived up to pre-game expectations by defeating Placer Junior College 19 to 6 last Saturday.

The "Cubs" were unable to penetrate Placer's tight defense until early in the second quarter when Tail-back John Polish, former Yerington star broke away to score the first touchdown.

A little while later a long pass to Duncan netted another tally. Triger, hooked another pass in the third quarter for the last Frosh touchdown.

Placer was unable to score until the last minutes of the game, when they pushed over a score.

The Frosh defense appeared ragged at times, and on offense they had a hard time getting running plays to click.

Passing attack and aggressive playing were the biggest assets the Frosh had.

Probably the largest crowd ever to witness a Frosh game was on hand for the contest. Made up of out-of-town people in Reno to watch last year's high school stars perform, the crowd cheered as loudly as they did for the varsity game.

MODEST GUYS

PAT EATON—JIM TWOMBLY

It's practically three points when the Pack falls into place kick formation with Pat kicking and Jim holding the ball. They were responsible for the win last week. Pat says that 98 per cent of the credit should go to Jim, and Jim says Pat deserves all the credit. At any rate, they are a dependable combination to have in the line-up.

St. Mary's, Nevada C. O. P. and Chico Game History Traced Meet In Stockton

By GODFREY ARLANG
Two games won, two tied, and ten lost.

That, in one brief statement, is how Nevada has fared in football wars with the mighty Gaels of St. Mary's.

The two schools inaugurated the series in 1917 when St. Mary's won by a score of 41 to 0.

The war caused a cessation of athletic activities in 1918. But in 1919, Nevada came into its own by playing the Galloping Gaels to a scoreless tie. No game was played in 1920, but in 1921, St. Mary's again won, this time by a score of 14 to 6.

In 1922, Nevada tasted victory for the first time when they downed the Mighty Men of Moraga by a score of 21 to 13. The Wolves continued to play an inspired brand of ball and in 1923 they held the Californians to a 10 to 10 tie. Chet Scranton, present assistant coach, was a hero of the 1922 victory.

1924 marked the beginning of a depression for the Nevada team. In seven games played during the next ten years, the Wolves failed to win or score once. The Madigan men won by the following scores: 1924, 27 to 0; 1925, 35 to 0; 1926, 13 to 0; 1928, 22 to 0; 1929, 54 to 0; 1932, 35 to 0; and in 1933 by a score of 61 to 0.

Revenge is sweet. But never has a team captured a sweeter revenge than did Nevada in 1934. St. Mary's came to Kezar stadium slated for a game which was considered as a mere practice. The week previous, they had sent California down to defeat and were considered as a possible national champion. But when the final gun had sounded, Nevada had won by a score of 9 to 7 and scored one of the greatest upsets of modern football.

The last game between the two teams was played in 1935 when St. Mary's won by a score of 20 to 0.

Wrestlers Turn Out Early For Practice

Wrestling began its second year as a minor sport at Nevada this week with the turn out of 16 men, working under Trainer Edward Kulhan.

Workouts will be held Monday and Wednesday at 4 p. m. Wrestling was started early this year in order to get the wrestlers in shape, and learn the fundamentals of the sport, so that they will be in condition when wrestling season starts next semester.

No matches have been scheduled as yet, but Kulhan hopes to get a few contests with nearby colleges or let the grapplers perform in connection with the tumbling team.

Among those reporting were Hugh Herber, Frank Sandborn, James Atkinson, Louis Rosaschi, Ernest Jorgensen, George Wade, Jack Cliff, Joe Moore, Verle Walker, Bill Mitchell, Bill McGee, Tracy Phillips, and Hugh Widaman.

TO HONOR CARDS

As in the past, student body cards presented at the St. Mary's game will be honored without tax, according to Robert Creps, students graduate manager.

The cards are good for all A. S. U. N. student functions during the semester, he added.

Frat Teams Prepare For Cross Country

Prospects for keen competition in the annual cross-country race are evident, with the various tongs having men training for the grind.

TIM Botti, individual winner last Homecoming will race again this year. Botti's closest contender will probably be Joe Giomi, Phi Sigma Kappa former Yerington High School miler.

The race is run from the high school in Sparks to Mackay stadium, a distance of four and three-quarter miles. The last 440 yards being a circuit of the track. The fraternity having the first three men to finish wins the race.

Teams entered are: Alpha Tau Omega, Botti, Tibbs, Lee Conaway Emery Conaway, John Etchemendy, George Friedhoff Earl Smith, and Mickey Evasovich.

Betta Kappa: Morehead, Stokely, Turner and Mortenson.

Special Invitations For Homecoming Mailed By Group

Many Novelty Stunts Being Planned For Grid Game By Musicians

Parade Promises To Be One Of Largest Ever Held By University

Special invitations to Governor Richard E. Kimman and Mayor John A. Cooper asking them as honored guests at the Homecoming celebration were sent out this week by Ross Morris, chairman of the Homecoming committee.

Twenty-three hundred other invitations to Nevada alumni announcing the eighteenth Homecoming celebrations on October 21, 22, and 23 were sent out last week.

Over 2000 of these invitations were sent to graduates in Nevada and California, the remaining number being mailed to alumni in various parts of the United States.

Program Highlight

The highlight of the program will be the Nevada-College of Pacific game in which Nevada will try to reverse the 25-0 defeat of last year. Through the courtesy of the Standard Oil company a broadcasting system will be installed, and a play-by-play description of the game will be given. The game will begin promptly at 2:15 p. m.

Something new is being planned in the way of field demonstrations by Professor Post and Rueben Tuttle for the band Saturday afternoon. As yet the plans for the event have not been worked out completely, but it promises to be one of the novel events of the celebration.

Practice for the acts for the Wolves frolic are well underway with almost every fraternity and sorority competing for the cups which will be presented for the best acts.

William C. Miller, director of the Frolic, went to San Francisco last weekend to purchase costumes for the Frolic, and a special garb for the chorus under the direction of Charlotte Johnson, student director.

The Frolic will be held in the Granada Theater Thursday evening at 8:30, instead of on Friday evening as in past years. Reason for the change is that more spirit for the football game Saturday afternoon is anticipated if the rally is held Friday night instead of Thursday night.

Big Parade

With the entrance of more than 25 floats, the university R.O.T.C. unit and band, Reno high school band and R.O.T.C. unit, the Sparks band, and the American Legion drum corps, the parade this year promises to be one of the largest ever held.

Honorary guests for the parade are Governor Richard E. Kimman, Mayor John A. Cooper, Walter E. Clark, president of the university, Marshall Guisti, president of the alumni association, Bette Naismith, president of the A.W.S., Richard Taw, student body president, and Coaches Douglas Dashiell and Alonzo Stagg of the College of Pacific. On Friday evening, after the bonfire and rally, the Phi Sigma Kappa fraternity will hold its annual street dance in front of the chapter house.

Gathering of the boxes and automobile tires by the freshmen will start on October 11.

Failure to get the required number will result in severe punishment by the upperclass committee. Louis Peraido and Tony Yribery are in charge of the event.

Tomorrow's Game

(Continued from Page One) made by Grubbs. "Holes just don't open up—linesmen make them. And opponents' kicks just don't get blocked, but rather a result of an aggressive line play."

Starters: Nevada's starting line-up against the Galoping Gales as announced by Dashiell is:

McKinnon and Basta at ends; Clayton and Gustafson, tackles; Podesta and Lommori, guards; McIntyre, center; Robb, quarter; Eaton, left half; Twombly, right half; and Grubbs, fullback. The 33 players making the trip are: Basta, Bennett, Brooks, Bryant, Campbell, Clayton, Demosthenes, Deverell, Eaton, Foremater, Galloway, Grubbs, Gustafson, Hardie, Kievit, Lommori, Loveall, McIntyre, McKinnon, Metten, Podesta, Powell, Radovich, Robb, Sala, Stewart, Taylor, Twombly, Witham, McMichael, Brandon, and Sullivan.

Mine Salting Is Subject Of Talk

Professor William Smyth, of the Mackay School of Mines spoke on the salting of mines at the last meeting of the Rocks and Minerals club Wednesday.

Mine salting is the introduction of rich ore into the workings or samples of a poor or worthless property for the purpose of impressing prospective investors.

Professor Smyth explained that the salting may be done in various ways. In a gold property gold dust may be shot into the face and backs of ore bodies, or may be added to the muck piles, poked into crevices or dropped into the samples when they are being cut. Samples have even been salted by cigarette ashes carrying gold, and the injection of gold chloride solution into the sacked sample with a syringe.

Among many examples of such hoaxes is the Mulatos mine in Mexico, which was sold for one and one-half million dollars, although it was actually a worthless property.

"While salted mines are a rarity," Professor Smyth concluded, "the possibility of salting is ever present, and the examining engineer must always be on his guard."

'37 Alumni Bulletin Now Being Printed

Latest edition of the Alumni Bulletin is now in the hands of the state printer, Professor Harwood, editor of the bulletin, stated today.

"I expect to receive the proof for the bulletin by the end of next week. Publication of the book, however, will not be until the middle of November."

The 1937 bulletins will be similar to those published in former years. There will be 125 pages and approximately 3000 copies, which will be sent to the alumni of Nevada.

Besides the various feature stories, a social history of the university, and articles written by President Clark, several professors, the bulletin will also contain a complete list of last year's graduates and their addresses.

Professor Harwood also states that having edited the Alumni Bulletin for three years, this '37 copy will be his final edition.

Hilltoppers Win Volleyball Crown

After a bad defeat last Tuesday at the hands of Beta Kappa, Alpha Tau Omega came through today to take first honors in inter-mural volleyball.

Sigma Nu proved its title to third place by defeating Lambda Chi Alpha in three straight games.

With the last of volley ball played, 50 points go to Alpha Tau Omega, and Beta Kappa for first and second place, and 20 to Sigma Nu toward the Kinnear revolving trophy.

This week's results: Sigma Nu defeated Lambda Chi Alpha, 21-18, 21-8, 21-0; Alpha Tau Omega defeated Beta Kappa, 21-9, 21-10.

Beta Kappa defeated Alpha Tau Omega 21-9, 21-17, Alpha Tau Omega defeated Beta Kappa 11-21, 21-19.

410 Directories Reported Sold

Sales for the Blue Key Directory, sponsored annually by the national honorary service fraternity are progressing nicely, Chairman Charles Doherty announced today when he made the statement that more than 410 directories had been sold.

Sales started Monday evening and will continue through next week. It was announced that the directory may be secured at the graduate managers' office any afternoon between one and five o'clock.

"Messiah" Music Being Practiced

Practices by both choral and orchestra groups on the "Messiah" music have been very promising, according to Professor Theodore H. Post, department of music director.

A mixed community choral group at Wednesday night meetings in the Education building is fast coming into shape, according to Post, for the program to be given next December. The community chorus now number about fifty.

The Choral club with its twice-weekly practices will provide ample material and background for the coming music festival. Soloists from the group have not yet been announced.

Under Post's baton, the University-Community Little Symphony orchestra began its first rehearsal of Messiah music. The turnouts for the orchestra have not been as great as expected and instrumentation in the first violin section is not yet complete. However, the orchestra will be ready to supply its part, Post added, by December 12.

Musicians interested in orchestra work are invited to attend its meetings every Tuesday night at 7:30 in the barracks, the director stated.

Shone Is Elected Second Lieutenant

Thomas Shone was elected second lieutenant of Company C, 7th regiment, at the meeting of Scabbard and Blade Tuesday night.

Initiation of new members will be October 14 and 15, followed by a breakfast on Friday morning, it was announced.

Those who will be initiated are John Barrett, Ben Cardinel, Kenneth Day, John Etchemendy, Harry Galloway, Harry Mommston, Walt Powers, John Radovich, Benjamin Rivers, Richard Roche, Walter Wilcox, and Bruce Buton.

Naismith Plans A. W. S. Meeting

A meeting of the A.W.S. will be held sometime next week, probably Wednesday at 10:30, it was announced this week by President Bette Naismith.

Cap and Scroll, headed by Winifred Hiltonen, will provide the entertainment in the form of a speaker. The subject will be "Child Welfare."

Discussion will take place on the revision of the lost A. W. S. constitution and what will be done on the subject. An entire new constitution will probably have to be drafted if the old one is not found. A great many changes will be incorporated in the new draft.

BONFIRE BUILDING STARTS NEXT MONDAY

October 11 and 20 are two dates to be borne well in mind by every "frosh" man and woman—or else.

These dates mark the period allotted for the collecting of boxes and tires for the traditional Homecoming bonfire.

Each freshman man is required to bring five boxes and two tires as his part of the burnt offering, while the women are expected to bring at least five boxes.

Anyone failing to comply with these requirements will be reported to the respective upperclass committees, who in turn will administer just punishment.

Members of the Men's upperclass committee and the Sagers will be posted at the site of the fire every day during the allotted time to check the tires and boxes as they are brought in.

A list of the hours in which these men will be on hand to do this checking will be posted on the bulletin board Monday morning.

Service Groups To Sell Tickets

Sagers, Sagers, and Blue Key members will meet Monday afternoon in the Student Union building to begin work on advance sales of tickets for the Wolves' frolic.

All ticket sales except those made at the Granada box office will be made by members of the above campus service organizations.

Mel Wilder, Blue Key member in charge of ticket sales, asserted, "due to the fact that the Wolves' frolic is being held on Thursday night instead of Friday night, a real deal of cooperation will be necessary to sell out the Granada theatre for the frolic."

Wilder also said that any student wishing to help in the ticket sales and who is not a member of a service group should see a member of the Blue Key or the graduate manager.

Committee Works On Constitution

Members of the committee for revising the A. S. U. N. constitution are meeting every afternoon from four until five o'clock.

Richard Taw, A. S. U. N. president and member of the committee, states that they are now reorganizing the present document, but the sequence has been altered.

The reorganized constitution will be divided into divisions, articles, and sections. There are five tentative divisions: general organization, publications, athletics, extra curricular activities, and subsidiary organizations.

At present, the reorganization of the first division has been completed, and work on the second started.

Revision and detailed work will be taken care of later.

'Bean Feed' Held By Barbs Monday

A "bean feed" which furnished a good time for 30 "Barbs" was held on the Truckee river near Idlewild Park, Monday night.

David Barber was in charge of the affair and entertainment was furnished by singing campfire songs, led by Bob Comer.

The next meeting will be held within two weeks. Plans for the Homecoming float will be taken up in detail at this time.

Canoe burials were once practiced among American Indian tribes.

Sagens Planning Dinner Meeting

Sagens are holding a dinner at the Lincoln hotel in Sparks Tuesday night at six o'clock.

All Sagens are to meet in front of the A. S. N. N. building at 5:30 and go to Sparks in a group.

Plans were made at the last Sagens meeting to follow the rest of the campus groups and revise their constitution. Betty Kormmayer is in charge of the revision. She will be assisted by Virginia Johnson and Juanita Elcano.

Pompoms will be carried by the Sagens at the future football games. In charge of making the pompoms is Betty Parish.

Samuel Johnson, 18th century poet and critic, was called "the Great Cham of Literature."

LOST
Lost in vicinity of the education building a small dinner ring with 1/4-k diamond set with 8 small sapphires.

New American Flag Donated University

A new American flag was donated to the university today by J. P. Rawson, manager of the Overland hotel.

The flag is made of heavy silk, and is nine feet long and six feet deep. It will replace the old flag now used on the flag pole at the training quarters.

Harvard university has the largest endowment of any college or university in the United States. It amounts to \$129,000,000.

Did this ever happen to you?
You might be standing right next to the most attractive person you ever met, but you don't know it until you are introduced... until you get acquainted.
And you don't know how much pleasure a cigarette can give until somebody offers you a Chesterfield.
Certainly this is true: Chesterfields are refreshingly milder... they've got a taste that smokers like.
refreshingly Milder more pleasing Flavor and Aroma
