

HIGH SCHOOL PREXIES AND EDITORS SWARM CAMPUS FOR CONVENTIONS

Approximately 65 high school student body and publication heads swarmed the University of Nevada campus today as the annual conventions opened. Delegates represent high schools throughout the State of Nevada and northern parts of California.

The press conclave went into full swing at 9:30 when a round-table discussion led by Harry Frost, manager of the Reno Printing company, was held. The subject of this discussion was "Hints to the Editors and Business Managers of High School Publications." Charles Doherty, chairman of the committee, presided at the meeting.

Following the mass attendance of the student body meeting the delegates were feted at a luncheon given by the Pi Beta Phi sorority.

Professor A. L. Higginbotham, head of the journalism department, and Walter Bowrin, former editor of the Artemisia, were the principal speakers at this luncheon.

One of the outstanding highlights of the day was an inspection trip to the Reno Printing company and the United Press bureau.

While at the United Press bureau the convention members saw the actual representation of news bulletins being sent out to all parts of the country, among which was an account of their convention.

Reno high school acted as host at a student body meeting and matinee dance in honor of the delegates.

The day's activities will be concluded this evening when the delegates attend a joint banquet with the presidents' convention delegates at the Alpha Tau Omega house, and the rally-social being held by the university in the gymnasium.

Tomorrow's activities will begin with breakfast at the Tri-Delt house, followed by a short business meeting at which John Brackett and Ned Westover, editor and photographer of the Sagebrush, respectively, will be the guest speakers. Willis Datzell, Sagebrush business manager, will speak at the breakfast.

Following this meeting the second round-table discussion will be held. The subject will be "What To Do with the News." This discussion will be led by Joe McDonald, managing editor of the Reno Evening Gazette.

A demonstration and talk on "The Mimeograph in High School" will be given, after which the delegates will lunch at the Lambda Chi Alpha house. Angelo Urrutia, former business manager of the Artemisia, and Frank Sullivan, former editor of the Sagebrush will speak.

The university will act as host at the Nevada versus Fresno State college football game in the afternoon.

Adjournment of the convention will be made at a banquet to be held tomorrow evening at 7 o'clock at the El Cortez hotel.

The presidents' convention opened officially yesterday morning with the registration of visitors in the Student Union building, and short talks by Dick Taw, A. S. U. N. president; Robert Griffin, Nevada debate coach, and Hudson Lee, chairman of the convention committee.

After luncheon at the Delta Delta Delta house the guests toured the Nevada campus, and then attended a student body meeting of the Sparks high school.

Athletics at the University of Nevada was the subject of a talk by Chester Scranton, assistant varsity football coach, at dinner last night when the Lambda Chi Alpha house entertained the visiting presidents.

Breakfast this morning was held at the Gamma Phi Beta house, followed by a meeting in the A.S.U.N. building, with Dean Maxwell Adams as speaker.

After attending the Nevada student body meeting at 11:25 the presidents had luncheon at the Kappa Alpha Theta house, where Winifred Hiltonen, president of Cap and Scroll and Chi Delta Phi, explained the place of women's honorary organizations on the campus.

A matinee dance and student body meeting at the Reno high school concluded today's activities.

After breakfast at the Pi Beta Phi house tomorrow morning the presidents will hold a final meeting at the A.S.U.N. building with Kirk Fairhurst, Blue Key president, speaking about men's honorary organizations.

Presidents for each of the four zones, and a general head for the whole of Nevada, will be elected at the meeting tomorrow morning.

Luncheon at the Sigma Alpha Epsilon house will be followed by attendance of the Fresno State-Nevada football game.

100 Fresno Rooters To Attend Contest

Approximately 100 rooters from Fresno State college will arrive tomorrow morning at 7:30 by train.

The large band which accompanied the Bulldogs to Woodland will not be present at the game.

The group of rooters will be met at the railroad station and accompanied to the campus by the members of the Blue Key and Sager service organizations.

Blue Key Elects 13 Upperclassmen

Outstanding Student Leaders Taken Into Group

Thirteen upperclass men students were elected to the Blue Key service organization by members of the group at a special meeting in the Student Union building last night.

Men elected to the group are Archie Albright, Lou Carpenter, Dorence Jameson, Don Leighton, Russ McDonald, Stan McNair, Marvin Moler, Llewellyn Young, Richard Taw, Dick Summerbell, John Brackett, Walter Cain and Maurice Sheppard.

Eligible students were graded for outstanding work in campus affairs and were judged according to grades. To be eligible to election to the group a man had to have an average higher than the men's average of the preceding semester.

Other business during the meeting included plans for the social-rally to be held Friday night and discussion concerning the proposed Sager-Blue Key football game to be held tomorrow.

Classes Dismissed For Armistice Day

Armistice Day, November 11, will be a day of rest for most Nevada students, due to the fact that there will be no classes held on that day.

The university band and the R.O.T.C. unit, however, will represent the university in the official Armistice Day parade.

The band, under the direction of Professor T. H. Post, and the battalion, headed by Captain Basil Kehoe, will meet at the university at 9:10 Thursday morning, preparatory to joining the parade at a point in the business section of Reno.

All entrants in the parade will form promptly at 10:00 o'clock Thursday morning. The exact line of march has not yet been announced by the parade

Tradition Breakers Perform At Meeting

Coed violators of Nevada traditions entertained the student body this morning through the courtesy of the women's upperclass committee.

A "take-off" on "Goldie Locks and the Three Bears" was presented by Lucille Orr, Phyllis Anker and Dorothy Gill.

Jean Cook, originally in the comedy, was released from her duties when she was operated upon for appendicitis recently. She will be summoned before the committee after she has recovered.

The skit was in charge of Mary Fox, sophomore, one student charged with cutting campus.

The four girls who failed to show up at the upperclass committee meeting Wednesday will be called up next week as set on offenders. They are Anita Capitani, Mary Alice Cleary, Jean Ellner and Elizabeth McDonald.

More lay the freshman girls who didn't appear at the last A.W.S. meeting will be called before the committee. On Wednesday, freshman girls who didn't paint the "N" will appear before the upper class women.

Deutscher Verein Meets Wednesday

A regular meeting of the Deutscher Verein, German language club, will be held next Wednesday at 4 p. m. in Morrill hall.

During the course of the meeting, Jack Maack, Reno business man, will speak upon "A Cross Section of German Life." The remainder of the meeting will be devoted to a business discussion.

Final Scout Training Meeting Is Tomorrow

The final meeting of women training for Girl Scout leadership will be held in the Education building Saturday morning from 9 to 12. All women who are interested are invited to attend.

Miss Mary Jane Littlefield, eleventh regional director from the national office of Girls Scouts of America in Washington, D.C., has charge of the training course.

RABBIT No. 2

KENNY GLEASON

The triple-threat abilities of this mainstay of the Bulldog squad has reminded many of the "old timers" of Coach "Rabbit" Bradshaw's own playing days. He will be the "big gun" in the Fresnoans' quest for a Wolf pelt tomorrow.

FEUD RAGING; NOW IT'S TOUCH TACKLE

Challenges, counter-challenges, acceptances and reacceptances flew back and forth between the Blue Key and Sager's organizations for a full time touch tackle football game this week.

After much deliberation by both sides an agreement was reached today whereby each organization will field a team of seven men on Mackay field Saturday morning at 11 o'clock.

The game will be played under organized college football rules with certain exceptions agreed upon by the participants. Officials for the game will be Frosh Coach Jip Coleman and a university student.

3 Nevada Delegates Attending Conclave

President Clark, S. Doten, C. Creel in Washington

University of Nevada's three-man delegation will play a prominent part in the session of the annual convention of the National Association of Land Grant colleges, meeting in Washington, D.C., November 14 to 17.

President Walter E. Clark, leader of the U. of N. delegation, will participate in the sessions of the executive body of the association, as well as in the meetings of the full convention.

S. B. Doten, director of the U. of N. agricultural experiment station, will play an even more prominent role, having been chosen by the committee in charge of the convention to deliver one of the principal addresses on the convention program. Doten has also been invited to be one of the guests of honor at a "Pioneers Program" to be presented in connection with the gathering.

Cecil W. Creel, the third member of the Nevada delegation, will participate in the dedication of memorial arches and tablets by Epsilon Sigma Phi.

President Clark left several days ago, and will attend a meeting of the U. N. alumni in New York City before going to Washington. After the land grant colleges convention, he will attend a gathering of the National Association of State Universities and another alumni meeting in the capital.

Social, Indoor Rally At Gym Planned For Tonight

Two hours of dancing and indoor pep rally will be offered to university students and friends tonight from 7 to 9 o'clock in preparation for the Fresno-Nevada game to be played tomorrow afternoon.

The combined social-rally will be offered free to anyone wishing to attend, the cost being split among Blue Key, the associated students and the administration.

Interspersed between dances will be talks by several speakers, including Coach Douglas Dashiell and Game Captain Joe Lommori.

In case the Fresno team arrives in Reno in time to attend the social, plans include Fresno Coach James "Rabbit" Bradshaw and Captain Ken Gleason on the program as speakers.

Yells led by the university yell leaders and songs, both university and popular, will also be on the program.

KING TO REIGN AT ANNUAL PAN-HELLENIC DANCE

For the first time in many years the campus will have a king for a day, or rather a night.

Selected by the council from fraternity delegates, the king will rule over the annual Pan-Hellenic dance December 11. Announcement of the ruler will be kept until the night of coronation, the dance committee decided at the meeting of the council yesterday.

A list of qualifications will be drawn up and presented to the fraternities next week, Georgia Cooper, president, said, while the final decision will be made by the council at a meeting just before the dance.

Instead of each sorority decorating a corner of the dance hall, a central motif will be decided upon and each house will decorate in keeping with the central theme, probably that of a coronation scene.

Members of the committee are Norma Anderson, chairman, Lola Yvonne Stoddard, Mary Bozkiewicz and Jessie McClure.

The Pan-Hellenic council also discussed the possibility of limiting the number of activities of freshman women during their first semester on the campus, to aid them in orienting themselves to college work, Georgia Cooper, president, said.

Yearlings Dunked In Chilly Waters By Upperclassmen

Culprits Are First Yearlings Tossed In Lake For Many Years

Sp-l-a-a-sh!
Sp-l-a-a-sh!
Wh-a-a-ck!

Thus in above manner did the men's upperclass committee dispose of three "special cases" today after their meeting at the Student Union building.

Irritated by the constant ignoring of their summons by several underclassmen, members of the committee gave two culprits the strictest punishment they could devise and convinced a third that traditions are "all right."

Walter Wilcox and Kenneth Edson were dunked in the icy waters of Manzanita lake this afternoon marking the first revival of the "laking" tradition in recent years.

Robert Hadspeith was on the receiving end of "Black Maria."

According to Chairman Don Leighton, the committee will devote the remainder of the year in attending to "hard guys" who have given cause to the belief that they deliberately and overtly defy the associated students' right to lay down rules governing the campus.

"We will go after these 'special cases' if they won't come to us," Leighton said.

Proper protection will be provided at each party of the committee to forestall any chance of accident.

Tennis Tournament Tied Three Ways

With A.T.O., Lambda Chi and the Independents in a three-way tie for first, regularly scheduled play in intramural tennis doubles ended this week.

The three teams will split the Kinross trophy points awarded for the first three places in this event, each getting 23.33 points. Lambda Chi and the Taus will play off the tie for possession of the cup, while the Independent team may also enter the play-off, although the Independents are not eligible for the cup.

Fourth spot will be decided tomorrow when Sigma Nu and Lincoln Hall finish their match, postponed after each team had won a set and one loss to date.

Sigma Alpha Epsilon finished sixth, Phi Sigma Kappa seventh, Beta Kappa eighth and Sigma Phi Sigma ninth.

Senior Picture Schedule Given

Seniors may have their pictures for the Artemisia taken at any time until December 1st, Sam Wilson announced today.

The Artemisia is furnishing the Caps and Gowns for the pictures of the graduating seniors and they may be obtained at Goodner's studio, where the pictures are taken.

Blue Key, Scabbard and Blade, Coffin and Keys, and other organizations that have pictures taken in uniforms or caps must furnish their accessories, Wilson said.

Pictures are being taken early this year so the students may have a chance to have some finished for Christmas gifts.

Picture Contest Announced By Camera Group

Any Amateur Can Compete For Artemisia Cup In Contest

Westover and Lobenstein Are Elected To Offices At Meeting

The Camera club photography contest is on!

Ned Westover, newly elected president of the Camera club, announced this new contest Wednesday, at the initial conclave of the group.

The winner will be presented with a cup by Artemisia, sponsor of the contest.

Contest Rules

Rules are as follows: It is open to all amateur photographers who enter a group of three pictures—one candid, one scenic, and one sport.

The pictures must be at least 2 1/4 by 3 1/4 in size. Smaller pictures do not show enough detail to be adequately judged.

Pictures are to be shots of campus life, and all photos entered must be on subjects to be of use by the Artemisia editors.

Negatives of pictures entered should be saved for future use if the picture is to be used for publication.

Pictures taken prior to the opening date of the present semester are not eligible.

The closing date of the contest is January 15, 1938. This will allow participants to "shoot" snow scenes, one of which may prove to be the artistic winner.

Quality will not be the main factor in judging the candid and sport pictures, but naturally will be considered first in the artistic pictures.

The contest aims to stimulate an interest in photography and improve the Artemisia by furnishing it with a variety of good pictures.

Ned Westover was elected president and Walter Lobenstein corresponding secretary for the Camera club at its first meeting.

The club agreed to have regular meetings every two weeks. The tentative date for the next get-together of photography fans was set for Thursday, November 18, at 7:30 p. m., in room 203 of the Education building.

Members will bring shots they have made to the next meeting, where an authority on photography will criticize them.

"If you get criticism you know what is the matter with them," President Westover said, while urging the members to cooperate with this arrangement.

An exhibition of pictures will be held later after the members have had a chance to apply some of the technique learned in meetings.

Miss Katherine Lewers, head of the art department, led a brief discussion on "Composition" at the first meeting.

Westover, who is experienced as a newspaper photographer, gave a few pointers on odd angle shots and composition.

Solons Favor Spring Musical Comedy Suggestion

With the student senate going on record as unanimously favoring a proposed spring musical to be made a part of the annual Mackay Day program, that organization met in its regular monthly meeting in the senate chambers of the A.S.U.N. building last night.

Chairman Taw, with the approval of the senate, appointed a committee of five to circulate petitions among the entire student body to record the consensus of opinion for a \$2.50 semester rates in student body fees to be placed in a fund for a new Student Union building.

Working on this committee under William Goodin, chairman, will be Richard Summerbell, Frances Nichols, Gladys Blair and Prescott Wilson.

Announcements were made by Hudson Lee, chairman of the high school student body presidents' committee, and Charles Doherty, chairman of the high school press convention committee, as to the progress of the conventions now in session.

Fine Arts Elect 12 New Members

The Fine Arts group took in 12 new members this week, according to Peggy Gill, president of the group.

The members elect have completed ten hours of sitting with the different exhibits, which is the quota required for membership.

The new members are Aldene Branch, Helen Byrd, Jeannette Greene, Berna Hansen, Margaret Husman, Beverly Jones, Gloria McDonald, Gwen Meglin, Georgia McFadden, Lois Miller, Faletta Moore, and Maude Patterson.

HOME AGAIN

COACH BRADSHAW

Nevada's famed "Rabbit" will be on Mackay field again tomorrow, only this time he won't be on his alma mater's side. As head mentor of the Fresno Bulldogs, he is starting a coaching career that promises to be as spectacular as his gridiron feats while a member of the Wolf Pack.

Dr. Meyer Speaks Here November 10

Will Lecture On "Sylvatic Plague" To Pre-meds

Dr. K. F. Meyer, director of curricula in public health at the University of California, will speak before Omega Mu Iota, honorary pre-medical group, on November 10, Charles Turner, president, said today.

The subject of Mr. Meyer's talk will be the "Sylvatic Plague," and he will illustrate the speech with films he has taken in this country and abroad.

Dr. Meyer has carried on much intensive research in different regions where the disease has appeared. Last summer he investigated several cases which were found in the Lake Tahoe and Carson City regions, and he says that fleas which have been taken from the furs of chipmunks and other rodents have established the existence of the sylvatic plague in these sections.

Dr. Floyd Gardner, director of the Nevada state board of health, who was instrumental in bringing Dr. Meyer to Reno, has announced that all downtown people who are interested may attend the meeting.

Relations Members Attend Y Banquet

Five members of the International Relations club attended a banquet under the auspices of the National Peace Council held at the Y.W.C.A. last night.

Short discussions concerning the probability of war were given with the important message to be delivered as that of "All Youth Against All War."

Members of the university club attending were: Margery Totman, president, Bob Miller, Prescott Wilson, Helen Shovin, and Fred Collins, faculty advisor.

A plan was suggested by Father Thomas, leader of the local organization of the National Peace Council, to align the University International Relations club with other groups in sponsoring panel discussions for the promotion of peace.

Following participation in the banquet, students adjourned to the campus for the regular meeting of the club. Plans were made to sponsor a campaign to get more students interested in the organization as a club which may serve as an informal meeting place to discuss affairs of international interest.

Interesting accounts of the conference of International Relations club of the west held at Mills College were given by Bob Miller and Prescott Wilson, delegates from Nevada. It is a definite aim to make representation in the conference an annual practice.

Cap and Scroll Plans Luncheon

Mrs. Angelo Urrutia, the former Mary Corcoran, will be a guest at a Cap and Scroll luncheon on November 11. Mrs. Urrutia, a graduate with the class of 1936, was president of the society in her senior year.

Miss Winifred Hiltonen, president of the organization, is making arrangements for the meeting. She also announced that Cap and Scroll will be in charge of entertainment for A.W.S. meetings.

Determined Wolves Play For Upset For Bulldog Pelt

Lommori Chosen By Dashiell To Lead Pack Game Against Fresno

Injured Veterans Return To Bolster The Nevada Forward Wall

By CLARENCE HECKETHORN

A chance to prove false the prophecy of local football critics and give the Fresno Bulldogs the first far-Western conference defeat of the season will be given to the University of Nevada Wolves tomorrow afternoon on Mackay field.

In tomorrow's contest, the local grid-ders will find in the Bulldogs one of the strongest conference teams of the year, and a squad engineered by a coach who will be gunning for the scalp of his alma mater, and who was one of the greatest athletes ever produced by the local institution—James "Rabbit" Bradshaw.

Lommori Captain

Led by Joe Lommori, Wolf guard who was named as captain of the game by Douglas Dashiell, the Pack's class against the Fresno squad will terminate Nevada's conference contests.

Lommori's return to the squad and the possibility that Neal Campbell, wingman who has been suffering from a pulled muscle, may see action tomorrow boosted the Packs' chances.

Kievit and Basta are definitely out of the Fresno game, Dashiell said last night. Carpenter has been changed from the backfield to the end position formerly held by Basta, and Clayton or Galloway will replace Kievit at the tackle post.

According to Dashiell, Dick Taylor has been showing remarkable improvement during the past week's practice and is expected to see a great deal of action as right half.

Sullivan and Twombly have also improved in practice and will be used in the game, Dashiell said.

This year's Bulldog team is one of the strongest in the history of the school as evidenced by the records and ability of the players.

All-American Candidate

Fresno's candidate for all-American is Captain Ken Gleason, 180-pound full-back. Gleason breaks through the line when it appears he is stopped and comes out into the secondary running brilliantly in the open field.

"Granny" Holbrook, right half heavy-weight, is the hardest back on the Bulldog team to stop. His ability as a back is judged by his speed, shifty running, and blocking.

The game is scheduled for 2:15 p. m. Tentative line-up is as follows:

Nevada: McKinnon, L. E.; Clayton, L. T.; Brooks, L. G.; Demosthenes, C.; Lommori, R. G.; Gustafson, R. T.; Carpenter, R. E.; Bennett, Q.; Powell, L. H.; Eaton, R. H.; Grubbs, F.

Fresno: Andrews, L. E.; Morris, L. T.; Demoto, L. G.; Berukoff, C.; Hanson, R. G.; Benck, R. T.; Rosellini, R. E.; Stoddard, Q.; Heeb, L. H.; Holbrook, R. H.; Gleason, F.

Sigma Nu, A. T. O. Fives Still Ahead

Phi Sigs Barely Defeated; Trail In Third Place

The second week of play in the intramural basketball league ended last night with the Sigma Nu and Alpha Tau Omega quintets still in the lead, the only contenders for the title.

The Phi Sigs were in third place by virtue of their wins over Lambda Chi and Sigma Phi Sigma.

Sigma Alpha Epsilon and Lambda Chi Alpha are tied for fourth place with Beta Kappa, Sigma Phi Sigma, the Independents and Lincoln Hall following in that order.

The most important games of the week were the A.T.O. victory over S.A.E. and the bare 18-17 win of the Sigma Nu five over a fighting Phi Sig outfit last Friday night.

Outstanding players of the week were: Shepley, S.A.E. guard; Etchemendy, A.T.O. forward; Menante, S.A.E. forward; Fowers, Sigma Nu forward, and Root, Phi Sig center.

Official standings of the teams:

| | W | L | Pct |
|---------------------|---|---|-------|
| Sigma Nu | 6 | 0 | 1.000 |
| Alpha Tau Omega | 5 | 0 | 1.000 |
| Phi Sigma Kappa | 4 | 2 | .666 |
| Sigma Alpha Epsilon | 3 | 2 | .600 |
| Lambda Chi Alpha | 3 | 2 | .600 |
| Beta Kappa | 2 | 4 | .333 |
| Sigma Phi Sigma | 1 | 4 | .200 |
| Independents | 1 | 5 | .166 |
| Lincoln Hall | 0 | 5 | .000 |

New Constitution Formally Accepted By Service Group

Membership And Eligibility Qualifications Are Changed

A new Sagens constitution was formally accepted at the regular meeting of the group last night, Eunice Beckley, president, announced.

Changes made were relative to membership and eligibility. Membership will be limited to 25 women who must be voted into the organization by unanimous choice of the active members.

Qualifications for membership will be based on attendance at one half of the home games in uniform; attendance at all meetings unless previously excused by the president; selling tickets for the Wolves' Frolic; and participation in all Sagen activities.

Failure of present members to attend two meetings without being excused will result in the member being dropped from the organization. Members will be dropped if they appear to be uninterested or inactive. Members will be requested to hand in a formal resignation after receiving written warning.

Two offices were made of the secretary and treasurer position. Betty Brannin was elected treasurer.

The president will be selected in the future upon the following basis—she must be an upperclasswoman, actively interested in the group, and have been a member at least one calendar year. The secretary and treasurer must be at least sophomores and members of at least one semester.

Future meetings will be held regularly twice a month. There will be a fine for lateness and unexcused absences.

Three-fourths of the group will be needed to amend the constitution.

Emily Tholl, Kappa Alpha Theta, resigned her appointment. Her place will be filled next semester when the new freshmen women are elected.

Mary Plath, Juanita Elcano, Marie Belz, and Eunice Beckley were the members of the revision committee.

Large Coed Group Out For Volleyball

Seventy-two girls signed up for volleyball last week, the largest group ever to participate in this sport.

Captains were elected last week, and due to the large number of freshmen out for the sport, two leaders were chosen for this class. Elected were Eleanor Goldworthy, freshmen Wolfettes; Earlmond Baker, freshmen Truckers; Shirley Feutsch, sophomores; Teletha Kirn, juniors; and Christie Hermansen, seniors.

Practices are scheduled for Tuesdays and Thursdays from 4:30 to 5:30. Dates for inter-class games have not yet been set.

Criminologist Slated To Speak Here December 9

A morning lecture by C. Ray Hansen, criminologist of national reputation, has been scheduled for December 9th by the committee on lectures and assemblies.

Hansen's topic will be "New Twists on the Old Crooks." He is an international lecturer, and a lawyer, as well as a criminologist, and endorsed by the American Bar Association.

On January 13th, Dr. Ethan Colton, who has been in Europe all summer, will come to the University of Nevada campus for the third time.

"He is considered one of the foremost analysts of European conditions that we have in this country," stated Dr. Harold N. Brown, chairman of the committee.

Dr. Colton has offered many subjects for selection by the committee. However, the members are waiting until nearer the time of his appearance, so that they may make a timely selection.

The committee also plans to have at least two lectures next semester. The first will probably be by Dr. A. F. Blanks of the department of speech at the University of California.

FRESHMAN IN HOSPITAL

Ann Perkins, freshman, was operated on for appendicitis Wednesday night at the Washoe General hospital.

She is reported to be as well as can be expected.

She will be moved to the university hospital as soon as her condition permits.

The ... BAND BOX

By BOB PARKER

Plans to reorganize choral singing on the campus are under consideration, according to Professor T. H. Post, head of the music department.

If present arrangements are completed, the Campus Choral club will be divided into two divisions to facilitate the handling of the large group. A new chorus of eight men and eight women will comprise a club to be known as the University Singers, Post said.

The regular Choral club will meet on Monday afternoons at the regular time, and on Wednesday night at 7:30 with the Community chorus.

The new group will meet Wednesday night at 7:30 with both singing organizations and on Friday at 4 p. m. The University Singers will be selected from the more experienced musicians and will devote their Friday rehearsal period

YOUR CHRISTMAS CARDS SPEAK VOLUMES

They may just say "A Merry Christmas and A Happy New Year"—but your Christmas Greetings speak "volumes" more than that.

Smart styling and artistic merit, plus apparent fine craftsmanship tell those who receive your cards that you use care and discrimination in whatever you send to your friends.

To be sure that your Christmas Cards reflect good taste, choose them from our showing of new and beautiful designs now on display.

FORMER STUDENT NOW FIGHTING WITH LOYALIST ARMY IN SPAIN

Frank Stout, graduate of Reno high school, and student at the University of Nevada for two semesters, has reported in a letter to Professor Paul A. Harwood that he has enlisted in the Spanish civil war with the Loyalists.

Stout wrote Harwood an account of his experiences, and said that he joined the Loyalists because he believed in their cause.

Stout is the second Nevadan to join in the war. Robert A. Merriman, former Nevada student has taken a prominent part in the war since it began.

An interesting part of Stout's letter was that it was written on odd scraps of paper. He explained this by saying that more than anything else the Loyalist forces missed writing paper, soap and cigarettes.

In an account of his observations, Stout said that all European countries were represented on the Loyalist side.

He stated that the whole Spanish civil war was misinterpreted in the United States.

Stout pointed out that in Spain the Loyalists are commonly called Communist-Socialists and the opposing side is known as the Fascists. The former Nevadan declared that in some cases, soldiers were sent into battle bare-handed in order to obtain weapons, because on both sides there was a noticeable lack of ammunition and weapons.

Professor Harwood advanced the theory that the letter was not mailed in Spain, but was smuggled out of the war area and mailed in Paris. There was no Spanish postmark on the letter, but it bore a Parisian postmark.

While a student, Stout was registered in the college of arts and science. He was active in dramatics, having taken a part in "Both Your Houses" and other campus dramatic activities.

A proposal that Delta Delta Epsilon accept the national charter of the Symphonian fraternity was turned down at the last meeting, Lang said. The bid from Kappa Kappa Psi has not yet been received, he added. Kappa Kappa Psi is also a national musicians fraternity.

Plans to incorporate Tau Beta Rho have been drawn up, according to James Galvin, head of the music appreciation group. Professor T. H. Post presented the

Delta Delta Epsilon, honorary band fraternity, held formal pledging for six initiates last week, according to Henry Lang, president. The men will be formally initiated into the fraternity some time the latter end of the month. A banquet is held by the group at the time of initiation.

Nevada Debaters To Enter Tourney At Bakersfield

Herz, Joy, McCuddin, Breen Will Make Trip On November 11th

Compete In Extemporaneous Oratorical Contests At Collegiate Meet

Two debate teams will represent the University of Nevada at the annual Western Forensic tournament to be held at Bakersfield, California, November 11th, 12th, and 13th.

Homer Herz, Robert Joy, Francis Breen, and Leo McCuddin will compose the two Nevada teams, who will be accompanied to Bakersfield by Professor Robert Griffin.

Herz, a junior student, has gained much experience from two years of inter-collegiate debate competition.

Joy is a sophomore student and has been absent from school for a year. In his freshman year he was active in inter-collegiate competition and was runner-up for the Ginsburg trophy.

Breen and McCuddin are both junior students. These two veterans were last year's winners of the Ginsburg trophy and winners in the intramural debate competition last year.

Debating Question
The subject to be debated is: "Resolved, that the National Labor Relations board should be empowered to enforce arbitration in all industrial disputes."

The Nevada teams will compete in oratorical and extemporaneous contests in addition to debate. Topics for the extemporaneous speeches will be taken from articles on national and international affairs appearing in October and first two November issues of Time and News Week.

This is the second year that Nevada has participated in the tournament. Last year the teams of Herz-Gezelin and Wehner-Miller were entered in the tournament held at Pasadena, California. This tournament was sponsored by Redlands University.

Herz and Gezelin composed the only team to defeat last year's winner of the tournament, Willamette.

Bakersfield junior college will be the sponsors of this year's tournament. It is expected that from 125 to 150 teams, representing nearly every school in the west, will be present.

Any team, before it can be eliminated from the tournament, must be defeated two times. Last year, Nevada remained in the tournament until only 16 teams were left.

Nevada is a member of the Pacific Forensic league and Prof. Griffin hopes that the four debaters will gain valuable experience at Bakersfield.

Junior Miners See Gold Hill Mills On Trip

Members of the junior miners' assaying laboratory took a field trip to Gold Hill on October 27th under the supervision of Professor William I. Smythe. Miners visited the Sutro tunnel construction mill and looked over the 120-ton modern cyanide plant.

They also visited the consolidated Chollar, Gould, and Savage mill. This plant is a floatation mill which treats 400 tons of ore daily.

Irene, whose name means peace, deposed and blinded her son, Constantine VI, in order that she might rule in his place.

FASHION TIPS

By JANE FRISBIE

Some advice to the miss who is sighing and moaning over the new clothes. This also goes for the gals who are going to buy their fall and winter wardrobes, and as for those who have already done so well (you and I and the men who take us places) just hope that they know already what I'm going to talk about.

Don't adhere too closely to the rules set down by the fashion experts. Even they'll tell you everyone can't wear ostrich feathers, ermine tails, carrot tops, humming birds, and imitation poppies at one and the same time.

So if you hear titters and see covered smiles when you enter a room—just remember they're laughing not because of your faults (presupposing, of course, that you have any), but because you either emphasized them or forgot (?) to cover them up.

Sadie (there are lots of Sadies) is a plump (we don't dare say fat—we might hurt Sadie's feelings) miss who is just simply mad about the new plaids. She has a plaid satin evening gown that is just absolutely the latest thing, and when she enters the ball room, you wonder who had the courage to bring the whole darned Scotch army.

As for the battlefront—well, it's resplendently low and made supremely elegant with two red name clips that are so large they look like the neon sign on top of the Riverside Hotel.

Come on, Sadie, wake up and live! You'd look swell in a little black jersey number 1 saw, and you wouldn't be wondering why John didn't call you up after that last date!

Then there's Janie, the tall slender (we don't dare say skinny or thin because we're sure her feelings would be hurt) gal. She has a new white satin empress gown that is fashion's latest edict. The lines are molded to fit her figure, and she looks like a walking ad for Ironized Yeast (we do not get paid for advertising).

She also is resplendent in low décolletage. Her neckline looks like the Egyptian pyramids in miniature. With the high waistline (a gold cord just below her negligible bosom) she looks like a surrealist's idea of the Empire State Building. Now if you're the slender type and want to impress people with your sylph-like figure, then keep it to your sylph. Don't expose it. Make it a secret between you and the full-length mirror in your bedroom.

To go back to the carrot tops and ermine tails. Maybe your boy friend liked 'em on Carole Lombard, but when he sees you with poppies just above where you sit down (I here take time out to thank R. M.) and a humming bird in your hair, he'll immediately proceed to a monastery with all possible haste.

Only Two Coeds Out For Debate

Only two women, Eunice Beckley and Kathryn Devlin have turned out for the debate squad, Professor Robert Griffin stated today.

There will be no women on the Nevada debate teams which are going to Bakersfield for the annual Western Forensic tournament he said.

Two dependents of deceased veterans of the War of 1812 were still receiving pensions in 1936.

Gianella Speaks To Faculty Group

Geological Significance Of Scenic Features Given

Speaking on the geological significance of the scenic features of Western Nevada and Eastern California, Professor Vincent P. Gianella addressed the faculty club Tuesday night.

Illustrating his lecture with slides, Professor Gianella showed the scenic beauties of the two states which owe their origin to geological processes.

Among these were the glacial lakes and moraines of the Tahoe region which were formed during the Tahoe and Tioga stages of glaciation. These included Lake Tahoe, Fallen Leaf Lake, upper and lower Angora Lakes which are separated by a moraine, and Emerald Bay which is an end moraine. One part of the highway leading to Emerald Bay from the south of the Lake is built right on a moraine.

Pictures of Slide Mountain near Carson City, with its fault scarps, cirques, and moraines at the base of Washoe valley, also were shown. These moraines are the lowest on the eastern front of Sierra Nevada. Reno, itself, is situated between two fault scarps, one on the Carson range and one on the Virginia range.

Another interesting feature was the igneous dikes which are intrusions of lava which have solidified. These being more resistant to weathering, have remained standing where surrounding rocks have been weathered away.

Organizations Are To Get Checks From Bank

Receivers of the Reno National bank announced this week that several campus organizations which had accounts with the bank when it closed, will be paid a dividend on their deposit.

These checks can be obtained at the Lyons Building on the corner of Second and Center streets.

There are four groups that have checks awaiting them. Beta Sigma Omicron, Home Economics club, Block N Society, and Kappa Alpha Theta alumni association are the ones left who have not called for their dividend check.

The receivers are now liquidating the accounts of the bank and wish to have all dividends paid as soon as possible.

Sugar cane, now rivalled by sugar beets, was for centuries the only source of commercial sugar.

Station Interviews Students For Work

Students who desire part-time employment and who have filed applications with United States Employment service are being interviewed regularly over radio station KOH on Tuesday evenings, according to A. D. Crowfoot, employment service youth counselor.

The programs which come on the air at 8:30 are confined to appeals for employment, a part of the aid extended by the employment service.

Those students that seek part-time employment are being urged to contact Crowfoot at the Clay Peters building in Reno. The employment radio programs have been successful in finding work for a large percentage of applicants, according to Crowfoot.

The Tri Deltis will hold a dance at their chapter house tonight. Shirley Ferron is in charge of the house decorations which will be in an autumn theme.

Music will be furnished by Reuben Tuttle's orchestra. Mrs. Shattuck, housemother, will act as chaperon.

Mrs. Katherine Mackay O'Brien, daughter of Clarence Mackay, presented the Gamma Phi Beta improvement plaque to Bette Naismith at a buffet supper Monday night at the Gamma Phi house.

Alpha Tau Omega was host to the Tri Delt sorority Wednesday evening at a coffee and mint hour. Dancing and games were the diversion.

The Kappa Alpha Thetas will hold a house dance Saturday night. A railroad theme will be carried out in the decorations.

An exchange dinner was held with the SAEs Wednesday night. Those who took part were Jeanette Hutchins,

Intramural Debate Competition Keen

Competition in intramural debate, to be held the latter part of November, will probably be keen this year, with nearly 28 men reporting for the debate squad.

This squad is the largest in the history of the university, and places on the varsity team next semester will be hard-fought for, Prof. R. C. Griffin, debate coach said today.

All men interested in debate are eligible to enter the intermural competition, which is held for the purpose of giving men experience for the varsity team.

Elizabeth Best, Elizabeth Osborn, Kathleen Starratt, Anita Jauregui, Margaret Hussman, Russell McDonald, Clinton Stevenson, Leo McCuddin, Leland Strauch, Lawson Sullivan, and Jack Hanson.

The Beta Kappa Mothers' club will hold a card party at the house Friday night. Refreshments will be served.

The Sigma Nus will entertain Kappa Alpha Theta sorority Sunday afternoon from 4 to 6. Games and a buffet supper will be the diversion of the afternoon.

The Sigma Phi Sigma fraternity will hold open house for its town members after the Nevada-Fresno game Saturday afternoon.

On the Campus It's "Hello!"

Dr. V. W. Poulsen Analytical Optometrist NEW LOCATION 28 West Second Street

Coed P E Class Referees Games

Members of the Physical Education 69 class are refereeing the volleyball games which started Thursday afternoon, according to Mrs. Mae Simas, athletic instructor.

The girls will do all the officiating at the inter-class and intra-mural contests, and will choose the varsity team at the end of the season.

Mrs. Simas said that an intra-mural banquet would be held on the final day of the season. Plans are being made to hold the annual affair in the gymnasium instead of the dining hall where it was held last year. At that time, varsities will be announced and cups will be awarded to the different organization winners.

Kennedy Walker, president of the W. A. A., announced that an executive committee meeting would probably be held next week at which time plans for the revision of the constitution will be discussed. A committee to handle the work will be appointed, according to Miss Walker. Further plans for sports and activities will also be discussed at the meeting.

Setting the longest successful rod and reel contest ever recorded, Mrs. Oliver C. Crimmel and her husband landed a 450-pound swordfish in 20 hours.

Save your stories for the 'Brush.

CAMEL'S COSTLIER TOBACCOS? The Best Answer is This... *Camels are the Largest-Selling cigarette in America* CAN PEOPLE REALLY TELL THE DIFFERENCE IN CAMEL'S COSTLIER TOBACCOS? The largest-selling cigarette in America, and the world. If you are not a Camel smoker, perhaps you, too, would enjoy a cigarette with a richer, cooler taste. Turn, then, to Camels. Put them to the severest test—smoke them steadily. You'll realize how true it is that there is no substitute for costlier tobaccos. **THE CAMEL CARAVAN** now on the air with a full-hour show! Includes "Jack Oakie College" and Benny Goodman's "Swing School"! Sixty fast minutes of grand fun and music. Every Tuesday night at 9:30 pm E.S.T., 9:30 pm C.S.T., 7:30 pm M.S.T., 6:30 pm P.S.T., over WABC-Columbia Network. **COSTLIER TOBACCOS IN A MATCHLESS BLEND** Camels are a matchless blend of finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic. Skillful blending brings out the full flavor of these choice tobaccos. Copyright, 1937, R. J. Reynolds Tobacco Company, Winston-Salem, N.C.

JOE VOLLMER, graduate student: "After long hours of concentrating—or at any other time when I feel tired—I get a mighty welcome 'lift' in energy with a Camel."

EVELYN CHANDLER, figure skater: "What an asset good digestion is! I smoke Camels during meals and after. They do help to keep my digestion in order."

GENE SARAZEN, golf champion: "I've walked. I guess, thousands of miles around golf courses with Camels. They never throw my nerves out of tune."

JOANNA DE TUSCAN—fencing champion: "I enjoy smoking—I find that with Camels I can smoke often. Camels don't give me ragged nerves."

FRED McDANIEL, Texas rancher: "Me and Camels have been getting along mighty fine for 15 years. I never saw the beat of Camels."

MRS. JOHN W. ROCKEFELLER, JR., society aviatrix: "I prefer Camels. I smoke as many as I please—they don't get on my nerves."

RAY WINTERS, radio announcer: "Camels suit me! And that goes for my throat especially. Can't remember when Camels ever scratched my throat."

MRS. VINCENT MURRAY, home-maker: "Believe me, I appreciate how mild Camels are! I smoke steadily. Camels don't leave any 'cigarette' after-taste."

IRENE SHERWOOD, shopper: "Noon-time is one of my busiest times. That's why 'for digestion's sake'—smoke Camels' means so much to me."

MAJ. GEORGE MASON

GRADUATED FROM THE UNIVERSITY OF MICHIGAN AT THE AGE OF 93. AT 21 HE WAS WITHIN A FEW WEEKS OF RECEIVING HIS DEGREE WHEN HE ENLISTED IN THE CIVIL WAR. HE WAS PRESENTED WITH HIS SHEEPSKIN 72 YEARS LATER!

DE-PANTSING — AT ARMOUR TECH (CHICAGO) ALL FRESHMEN REFUSING TO WEAR GREEN CAPS ARE STRIPPED OF THEIR PANTS AND REQUIRED TO WALK IN SUCH A STATE TO ALL CLASSES DURING THE DAY!

ALEXANDER WOLLCOTT WAS NEARLY VOTED OUT OF HIS FRATERNITY BECAUSE HE INSISTED ON WEARING A RED FEZ AROUND THE HOUSE. 60X - HAMILTON COLLEGE.

Copies of these petitions, requesting the Board of Regents to assess the student body for that express purpose, should be given to heads of fraternities, fraternities, Lincoln hall and the Independents, for signing by the members of those groups. When the almost unanimous voice (another prediction) of the student body approves the petition, then they may be handed to the administration. The regents can go directly ahead then and institute the raise, which would be irrevocable until the goal had been attained.

A reminder: Within ten years, or even, happily, within five, the building may be started. Such an action on the part of students may be reciprocated by interested groups outside the school, or by friends of the university, who may add their own bit to the fund. Then such a fund which will go on regardless seems to me fairly good security for a loan. There may be some technicalities which prohibit the university from borrowing, but there is still the out of a bond issue.

Branching into sports again: The Sigma Nus, basketball factory, scored 84 points to Lincoln Hall's 8 last night. One question: What's the idea?

Perhaps Sigma Nu presumes that running up higher scores than do the Taus, who seem to be the chief threat to their hopes of a championship team, will help them win the cup. Or perhaps Sigma Nu couldn't help from scoring and still play basketball. Maybe I'm getting into a tong war without reason, but there seems to be no reason for butchery into intra-mural sports.

care of much of that excess energy which crops up come sowing time.

Another committee has been appointed, replacing last spring's efficient morals committee which was headed by a prominent last season's rose, I mean co-ed. Exuberant spirits who haunt the Student Union building are at last under some sort of control. We're skeptical, because the controllers have no direct curb on their own youthful tendency toward unapproved pranks.

Forgetting often that the brick and ancient walls and curtainless windows are neither sound nor sight proof, one a. m. slaves have of-fended ears across alleys. So something had to be done. The first session of the student affairs committee was held, the first in a long time. Thanks to them for leaving the administration of rules drafted on short notice, and pertaining to the uses to which the building should be put, to a student committee. Lots of things in the line of noise, etc., have been prevalent in the balcony without reason. It shall be changed.

Constitution revision has been completed with revision to follow. This is a hint for all with cause to notify the committee of desired changes which may be put into the new document before it is brought up before the student body for approval.

A committee was appointed last night with the express job of determining student reaction on paper to the proposal for a two-fifty raise in student body fees per semester with the ultimate object of the construction of a student union building.

Not knowing how the committee will work, we recommend that a petition be drafted setting down the fact that we, the students, request the raise, and also request the establishment of a fund for the construction of the building. Two-fifty from each student fee each semester is to be set into the fund. The fund is to continue until through it, or through it with the help of other agencies, sufficient of the lucre is raised to construct a student union building. The plans for a suitable building have been drawn in the past, and the committee head will probably print copies of the plan to be circulated with the petitions.

PICKLED PLATTITUDES

By MAX JENSEN

Last year Nevada had a debate team which was one of the best on the Pacific coast. Members of the squad got that way through full application to the problem and weeks of work. It takes undivided attention and concentration to build a case worthy of entering in intercollegiate competition. This is our way of recommending the initial efforts of the men who are already interested, and of urging any other adept at the fine art of persuasion, verbal, of making debating their major activity.

Now all you debaters and debaters-to-be, study hard and get your pictures in life.

W. C. Miller, he of the Frolic and play production, has what we along with the rest of several groups, i. e., Blue Key, senate, etc., consider a good idea, to use an overused expression.

The plan is to present a musical show of one sort or the other, there are two kinds, you know, in connection with the Mackay Day celebration next spring. We believe it has a better chance of survival than the late Wolves' Frolic. It has an even better chance of being born, hale and healthy into an unkind world.

Miller, we think, has had the egg hatching a long time, and the type of peculiar talent on the campus is no doubt better suited to feed and nourish a musical show into a full grown production, acceptable in all kinds of society, than to make a success out of a strictly vaudeville production such as the Frolic.

For the success, full or partial, of a new type of show, the backing and acquiescence of the entire student body is needed. Their reactions are being tested and we predict them to be in favor. Think of all that mess of rehearsal, dress and undress to go through again in the spring. It'll take ample

Few Schools Enter In Poetry Contest

Out of 38 letters sent to schools throughout the State of Nevada, only one reply has been received by Chi Delta Phi, national English literary society. The letters concerned the poetry contest of which Margaret Turano, vice president of Chi Delta Phi, is taking charge.

The principal of Carson high school expects his school to enter several poems in the contest.

In order to create more interest in the contest several follow-up letters will be sent to the various schools, Miss Turano said.

SQUASH IT NOW!

In true Nevada tradition, the Wolf Pack's loss to Cal Aggies last weekend has already started that infallible barrage of criticism against the team and the coaching staff.

This year the gripes seem to be originating not only from the perennial downtown tongue wagers but from students and members of the football team as well.

In a recent issue of the Tonopah Daily Times is an article on this subject which is worth reprinting in part here:

"With the defeat of the Nevada Wolves in their contest with the Aggies from Davis on Mackay field last Saturday, we wonder who will be the first to holler for the seap of young Doug Dashiell, present Wolf Pack mentor.

"As you have probably been informed the Nevadans lost to the invading eleven . . . This in itself was a surprise to the majority of fans, but we wonder if it surprised Douglas Dashiell and the coaching staff.

"Dashiell was forced to field a team composed in part of substitutes and inexperienced players. The entire right side of the regular forward wall was missing as the opening whistle blew, which in itself is a handicap that is not easily overcome, especially with limited reserves such as offered Doug at the Reno institution.

"Although some of the regulars missing last Saturday may be ready for action against Fresno this weekend, it is hardly possible that the Wolves will emerge on the long end of the score . . .

"Should the season end with the Wolves on the red ink side of the ledger, it is very probable that the usual array of fans will get in their words and demand the ousting of the Texan. This is not improbable and has been done on many occasions before.

"Buck Shaw, George Philbrook and Brick Mitchell were given the gate at Nevada during the past decade because they had a bad season or two . . .

"Reports have made their appearance from time to time this year, that at least two schools are angling for Dashiell's services. Doug has refused to comment, but we are willing to bet a dime that if the opposition grows against him, he will voluntarily give up his post at Nevada and accept another position. TO OUR MIND WE NEED DASHIELL AT NEVADA AND EVERY EFFORT SHOULD BE MADE TO IMMEDIATELY SQUASH ANY DISSENSION THAT WILL FLARE UP.

"One prominent Nevada state official seems to have hit the spot and it goes for us, too. He says, 'If we never win a football game I'll be satisfied. Dashiell is doing a wonderful job with the young fellows on the campus and has certainly cleared up an awful sore spot. He's the man we've been looking for.'"

LETTERS To The Editor

Cinnabar Specimen Given To Museum

Mackay School of Mines Museum has a new specimen of cinnabar ore, found by Eugene Grutt, Jr. while on a field trip to Steamboat Springs with other members of the Petrology class.

Vincent P. Gianella, head of the Geology department, stated that a like specimen of cinnabar ore has been presented to the Smithsonian Institute.

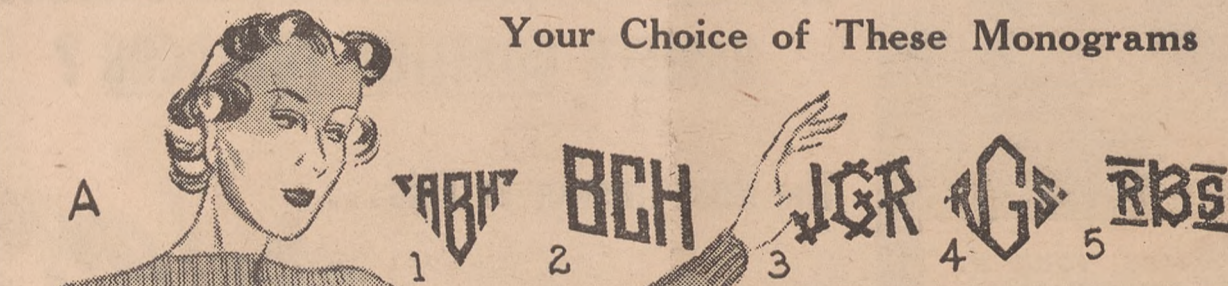

This new specimen is the richest in cinnabar yet to be found at Steamboat Springs, word from the Smithsonian Institute proved.

Cinnabar is the main ore from which mercury for commercial use is recovered. Mercury is important in the extraction of gold and silver from ores.

Many attempts have been made to mine mercury in the Steamboat Springs region, but without success. First attempts were probably made by Comstock Lode miners.

Editor, The Sagebrush:
What has become of large down box that was purchased last year for use in home football games?
At the game last Saturday, and even at the C.O.P. and Wyoming contests, that antiquated box, whose numbers are so small one would have trouble deciphering them with double power field glasses, has been used.
Has the new large one been destroyed or broken, or what? If not, how about getting it back in use so that some of us bewildered fans in the stands can at least keep track of how many plays there are to go?
Yes, I know, the scoreboard keeps track of the downs—but even it gets balled-up, as it has several times already.
Kinda Blind.
