

OSBORN CHOSEN SCABBARD, BLADE HONORARY MAJOR

Change Proposed At Coed Meeting Held Yesterday

Leaders Advocate Creation Of Executive Board to Replace Prexy

New Set-up Would Eliminate Combines, Endorsers of Plan Assert

By SHIRLEY FEUTSCH

Abolition of the presidency of the Associated Women Students, and the substitution of an executive board in its place, was proposed by Cap and Scroll, senior women's honor society yesterday.

Winifred Hiltonen, president of the honor group, read the newly proposed constitution at the A.W.S. meeting which was held yesterday morning in the education auditorium.

Under the proposed constitution, the A.W.S. would be governed by an executive board composed of the women members of the A.S.U.N. senate, who are representatives of the various women's Greek organizations, Manzanita association, and the Independent women students. A chairman and a secretary-treasurer would be chosen from within the committee itself with each member to have one vote.

Abolishes Combines

The president of Cap and Scroll, under the new set-up, would preside over the initial meeting of the executive board until the body chose its officers. Such a setup, Miss Hiltonen explained, would do away with the office of A.W.S. president and abolish all possibilities of a combine which might arise through the election of the women's chief executive.

The meetings of the associated women students, which are now held every month, would be held only when deemed necessary by the executive board. Provision has been made for special meetings by the presentation to the executive board of a petition signed by 25 active members of the A.W.S.

Fund Disbursement

Under this condition, a meeting of the women students may be called within two days after the presentation of such petition.

The disbursement of all funds would be under the control of the executive committee subject to the approval of the finance control. All warrants on the A.W.S. budget would be presented to the chairman and the secretary-treasurer of the executive board of the A.W.S. before presentation to the Finance Control.

The group would continue to set aside a sum of \$25 to be paid annually at commencement to the woman student receiving the highest general average in all studies who had not received any other scholarship.

Requires Reports

Under the new set-up all women's organizations would be responsible to the executive board. Presidents of all such groups will be required each semester to present reports of group activities to the board.

Miss Hiltonen requested all house (Continued on Page Six)

Leave of Absence Taken By Clark

Dean Adams Will Serve as Acting President

President Walter E. Clark, accompanied by Mrs. Clark, is now in San Francisco, where he will rest for a week or two before completing plans for an extended trip which will last until late in August, at which date he will return and resume his duties at the university.

Dr. Clark's leave of absence was granted by the Board of Regents at their December meeting, and came after the completion of his twentieth year as president of the institution.

His visit will take him to various parts of California and possibly to the Hawaiian Islands.

Dean Maxwell Adams will serve as acting president during Clark's absence. Dean Adams stated that he will follow in Clark's office during the following hours: 10:30 a. m. to 12:00 noon, and 1:15 to 3:15 p. m. on Monday, Wednesday and Friday, and 8:40 to 10:30 a. m. on Tuesday and Thursday.

He will also maintain his own offices and teaching duties.

Enrollment Record Hits New High For Spring

A new spring semester enrollment record went on the books last night as student registration ended with a total enrollment of 1045.

Teacher's registration will be prolonged until tomorrow noon because of the university regulations which allow faculty members an extra week. Nineteen enrollment cards are still out, of which a few are expected to be turned in tomorrow.

Men students outnumbered coeds 207, with a total of 626 against 419 registered women.

In keeping with the records of past years, the freshmen led the list in single class numbers. Total of first-year students listed is 460; sophomores, 214; junior, 110; senior, 133; graduates, 54; unclassified, 58, and 16 specials.

U. N. to Assist In State Hygiene Day Observance

Pre-med Club, Dr. Frandsen, Will Arrange Program For Campus

The University of Nevada will participate in a nation-wide observance of Second Social Hygiene Day Wednesday, February 2, with a program at 4:00 p. m. for the entire university, faculty and students being arranged by Dr. Peter Frandsen, chairman of the university committee on the celebration, and Omega Mu Lota, student pre-med fraternity, Leo Doyle, president of the group said last night.

The university observance will be held concurrently with similar affairs throughout the state of Nevada. Governor Richard Kirman, Sr., honorary chairman of the state committee on the celebration, proclaimed a state wide observance of the day early this week. A Reno committee and committees in every community of Nevada are arranging programs for local observance of Social Hygiene Day.

Setting aside one day each year for placing special emphasis on the educational campaign to stamp out syphilis has been instituted by the American Social Hygiene association to give civic groups and welfare organizations the opportunity to promote frank discussion of syphilis among the public, it was said.

All programs are being designed to acquaint the layman with the seriousness of the threat of syphilis, and to point out also the way to adequate control and eradication of the disease, committee heads said.

The university program will consist of educational talks, demonstrations and the distribution of literature, Doyle said. The entire student body and faculty are urged to attend. Efforts are being made by Dr. Frandsen and Omega Mu Lota to secure a speaker from the state board of health. As alternative, medical students who have done extensive research on the local hygiene problem will be asked to speak. Dr. Frandsen will also talk at the meeting, Doyle said.

Members of the university committee other than Chairman Frandsen and members of Omega Mu Lota are Prof. Frederick Wood, Dean Maxwell Adams, Prof. W. S. Palmer, Prof. T. H. Post, Dean F. L. Sibley, Prof. J. E. Martie, Prof. A. E. Hill, Prof. Sarah Lewis, Prof. C. R. Hicks, Prof. Edward Records, Dr. J. E. Church, Dean R. C. Thompson, Dr. J. E. Weir, Thea C. Thompson and President Walter E. Clark.

Sigma Nu Pledges Take 'Hell Week'

"Hell Week," which started Wednesday for eight Sigma Nu neophytes, will end Sunday when formal initiation services are held at the Methodist Church, Whit De La Mare, president, said today.

The pledges that are undergoing informal initiation services are: Jim Griswold, Jack Rodney Rhoades, Frank McCulloch, William Casey, Herbert Chessher, Sam McMullen, Felix Turritas and Herbert Winer.

Other fraternities that are planning their annual spring initiations are the Lambda Chi Alpha and Alpha Tau Omega, on February 13; Sigma Phi Sigma will hold theirs on February 10, while the Beta Kappa and Phi Sigma Kappa fraternities will initiate in the last week of February.

Crippled Wolves To Meet Staters In Double Header

Harris to Start at Guard Position; Kolbus Will See Action

Pack Underdog as Result Of Spartans' Early Showings

Old Man Injury finally found an opening in the Nevada Wolf Pack's defense last week-end, and slipped over a one-two that will keep the Wolves covering up in their two-round engagement with San Jose State here this week-end.

Elmer Bawden and Dick Kolbus, first-string Packsters, brought home sprained ankles from Chico, where they Wolves won two conference games from last year's league titlists. Bawden will see little or no action against San Jose, but Kolbus is back in shape and will play, although the weak ankle may bother him.

With Bawden out, Ray Harris will team up with Joe Radetich at guard.

John Radovich, center, and John Robb and Kolbus, forwards, will round out the starting lineup for Nevada.

Johnny Etchemendy and Bob Cameron will alternate with Robb and Kolbus at forwards, while Gordon Thompson will fill in at center, and Ray Walden and Milt Parsons at the guard spots.

San Jose will probably enter the series as slight favorites, as a result of their early season showing, marked by a close contest with the powerful Stanford Indians.

The injuries to Bawden and Kolbus also lower the odds on the visitors. However, Nevada has a winning streak of five games, starting with their win over Brigham Young on their Christmas barnstorming tour, and including victories in doubleheaders with San Francisco University and Chico State, and stand an excellent chance of spilling the Staters.

Rated as one of the fastest-breaking quintets on the coast, the Spartans have also one of the tallest teams. Most of the players are over six feet. Probable starters tonight are Berry and Carroll, forwards; Mann and Titchenal, guards, and Larson, center.

Plans Progressing For Engineers Festivity

Plans for Engineer's Day are being made by the various engineering departments for the annual event which will be held March 19.

The civil engineers, as part of their program in the affair, have obtained a 45-minute reel of the Golden Gate bridge in technicolor. This will show the development of the bridge from the time that it was started until it was finished. It is expected that this film will be of great interest to the people of Reno because of the nearness of the bridge, stated Llewelyn Young, president of the Associated Engineers.

Small Mill

The mining laboratory will have a small mill running and the Mackay museum will be open to visitors.

Souvenirs of the day will be given out to visitors. These will probably be in the form of a coin with the words "Engineer's Day" engraved upon them. There may be a small insignia on the coin also, Young said.

Two years ago the main features of the Day was the smashup of two cars which drew an audience of approximately 2000 people. Last year the engineers had an auto show, with models from various Reno showrooms.

Members of the committee for the day are Chairman Marvin Moler, Guy Patterson, Ed Pine, Gene Rollins and Richard Thormeyer.

Sagen Tryees Sell Ice Cream

Tryees for Sagens will be required to sell ice-cream at all basketball games, Eunice Beckley, president of the organization said today.

New members will be elected after basketball season. Eligibility will be based on sale of bricks and sale of ice cream.

The funds made from the sales will be used to finance the Sagen dance to be held in the near future, Miss Beckley said.

Picture Executive To Select '38 Queen

Selection of the Mackay Day queen this year will be made by an executive of either United Artists or Metro Goldwyn Mayer motion picture corporations, it was announced this week by Duncan Dorsey, committee chairman.

Dorsey said that actors are not allowed to judge such contests, but directors or producers are allowed to do so. Walter Wanger, producer at United Artists studio, may make the choice, Dorsey added.

Letters will be sent out this week asking each sorority to name its candidate, and the committee requests that pictures of the girls will be sent in as soon as possible.

The actual celebration will begin Saturday morning before the Mackay statue. At that time, a minute of silence will be observed in honor of John Mackay, and a talk by a local minister, yet to be selected, will be made.

Further plans for the event will be made when the committee meets next week, Dorsey said.

Tholl Is Elected To Cap and Scroll

Receives Highest Possible Co-ed Honor

Emily Tholl, senior student at the university, was elected this week into membership of Cap and Scroll, highest women's honorary society on the campus, Winifred Hiltonen, president of the organization, announced in AWS meeting yesterday.

Miss Tholl, president of Kappa Alpha Theta sorority, has been active in dramatics, having the lead in "You and I" last year. A member of Gothic "N", she was president of WAA last semester, and is also a member of Chi Delta Phi, women's honorary English society.

Initiation services for Miss Tholl will be held some time in April when members chosen from the present junior class will be initiated.

Membership in Cap and Scroll is the highest honor accorded women on the University of Nevada campus. Eligibility is determined by a high scholastic average and activity in campus organization. A member must be leader in one activity and active in two others.

Present members of the organization include Winifred Hiltonen, president; Elizabeth Best, Jessie McClure, Alice Sauer, Norma Anderson.

Formal Initiations Being Planned This Week

With the sororities planning initiation services, the weekend promises to be a busy one for the coeds.

The Kappa Alpha Theta sorority will have formal initiation after their Founder's Day banquet, which will be held at the El Cortez Hotel Saturday. Those being initiated are: Mary Arentz, Caroline Best, Thelma Crosby, Kathryn Devlin, Annie Laurie Ballom, Marian Ducker, Marjory Gusewelle, Betty Hardy, Georgia Ereno, Inabelle Jarvis, Lucille Hewes, Shirley Marshall and Kathleen Starrett.

The Gamma Phi Beta's will have a formal banquet and will initiate the following: Earlmond Baker, Florence Butler, Mary Fox, Delma Pincolini, Virginia Vuich and Dorothy Radcliffe.

The Pi Beta Phi initiation banquet, which is being planned by the alums, will be held Saturday. Students being initiated are: Phyllis Anker, Betty Grunt, Ruth Harris, Margaret Harrison, Shirley Heany, Margaret Hermanson, Ann Johnson, Wilma A. Jones, Aileen Mahoney, Mary Mahoney, Mary Sala and Ruth Wiley.

The Tri Deltas are having regular initiation at the chapter house on Wednesday, Thursday and Friday. The following girls are being initiated: Barbara Fulstone, Ethel Hardy, Mary Kormmayer, Doris Larson, and Glenda Wilson.

OFFICER VISITS

Dr. Malcolm D. Sewell, grand secretary of Sigma Nu fraternity, was a dinner guest at the chapter house Tuesday night.

Sewell is on his annual tour which takes him to chapters of the fraternity throughout the country. A special meeting was held by the local chapter Wednesday night in his honor.

THE NEW MAJOR

ELIZABETH OSBORN.

Prominent Senior Coed Will Reign At Military Ball

Selected on Basis of Poise, Charm, Popularity and Personality

Elaborate Program Planned For Social Highlight February 5

Elizabeth Osborn, prominent senior coed, and member of Kappa Alpha Theta, was last night selected honorary major of Scabbard and Blade at a secret meeting of that group.

Miss Osborn was chosen on the basis of "popularity, poise, charm and personality." Basil Kehoe, captain of the military society stated today, and is the seventh coed to hold the honorary title.

She will assume her official duties February 5, when she will lead the grand march of the Military Ball with Colonel William L. Reed, head of the military department.

Active on Campus

A well known figure in campus activities, Miss Osborn last year held the office of A.W.S. secretary and was a member of the executive committee of that group. During her sophomore year, she was a member of the soph hop committee, and last year served on the junior cut day committee.

Interested in publications, Miss Osborn is connected with the Artemisia staff, and also served on the News Bureau. She is a member of Chi Delta Phi, honorary English society, and is this year serving on the women's upper-class committee.

In addition to the duties that she will perform at the Military Ball, other functions include her being the head of all formal functions of the society this semester. Later in the season she will be present at the formal dress review of the battalion, and at that time will present the medals and awards to the various R.O.T.C. members who have won them.

Presents Insignia

Newly initiated members will be presented with their official insignia by Miss Osborn at the dance. This will take place sometime during the middle of the evening. Approximately 16 men will receive the award.

Those who received the final degree this semester are John Barrett, William Burton, Ben Cardinal, Kenneth Day, John Etchemendy, Harry Galloway, Harry Monchman, Walter Powers, John Radovich, Allen Rives, Richard Roche, Walter Wilcox, William Byington, Fred Laing, Fred McIntyre and Clinton McKinley.

At the end of the semester, Miss Osborn will be presented with a miniature sash as a souvenir of her office by the national military society.

Predecessors of the office of honorary major were Marion Stone, now Mrs. Robert Merriman, Gamma Phi Beta, 1932; Mary McCullough, Kappa Alpha Theta, 1933; Margery Mullen, Kappa Alpha Theta, 1934; Arlene Boerlin, Gamma Phi Beta, 1935; Evamae Beemer, Delta Delta Delta, 1936, and Kathleen Meeks, Independent, 1937.

Candidates Honored

All the honorary major candidates were honored at a tea at Manzanita hall last Friday at which time they were formally introduced to the Scabbard and Blade members. Candidates were Mary Bozkiewicz, Eleanor Gardella, Mary Mathews, Helen Shovlin, Claribel Masterson, Katherine McClure, Virginia Posvar and Elizabeth Osborn.

The dance will be broadcast over KOH from 9:30 to 10 o'clock. A description of the grand march will be given and orchestral numbers will be played.

The first dance will begin promptly at 9:30, then will come the grand march at 9:40, and the second dance will take place after that. There will be only ten dances during the evening and no extras.

Reuben Tuttle and Ray Sancts' orchestra will furnish the music. There will be additional entertainment of singers with Mary Kay Read and Ray Sancts, members of the orchestra, doing numbers.

Members of the dance committee are Chairman Howard Evans, Paul Aznaraz, Thomas Stone, Bud Owens, Robert Leaver, Harold Foremaster, Richard Sauer, Hollis McKinnon and all junior officers.

NOTICE

There will be a meeting of the women of the Sagebrush Business Staff Monday at 4:30 in the A.S.U.N. Building. ELEANOR GARDELLA, Women's Manager.

SHAKESPEAREAN COMEDY—? IT'S BURLESQUE!

Burlesque, a la Shakespeare, comes to the campus under the guise of "Twelfth Night" on February 22, 23 and 24.

Critics previewing the rehearsals are divided in opinion as to whether or not local authorities will allow the presentation to go on, because of the shocking display of masculine underpans in the diabolic third act.

Director William C. Miller has sworn to present the play in its unexpurgated form, regardless of the possible action of the "League of Decency," in attempting to close the production.

The part under fire is the unashamed display of legs made by the various male members of the cast.

The full flow of passion of Shakespeare's pen is given full evidence in the third act, when the unparalleled display of legs is shown in the "yellow stocking scene," as the song in the tight's made famous in the titled "The Man On the Flying Trapez," Leo Doyle, Kelly Eccles, Robert Van Wagoner and Robert Miller parade before the footlights in the original version of Shakespearean "Vanities."

War Experiences Told by Graduate

Speaking before a large gathering of university students at St. Stephen's chapel Wednesday night, Mrs. Robert Merriman, '32, told of her experiences in Spain during the present war.

Mrs. Merriman, wife of Robert Merriman, '32, recently returned from war-torn Spain where her husband is leader of the Abraham Lincoln brigade.

Mrs. Merriman told of her experiences as head of the personnel department of the brigade. She is the only American engaged in this type of work.

Following her visit in Reno, Mrs. Merriman plans to tour the coast giving lectures. She will return to Spain in April.

Police Officer Speaks to A. E.'s

William Van Volkenburg, of the Reno police department, was a speaker at a meeting of the associated engineers Wednesday night.

Van Volkenburg pointed out to the engineering students the numerous ways in which youth may aid police agencies in fighting crime. Methods of crime prevention, detection and punishment were also reviewed by the officer.

The veteran officer said that several features of the prison system have the wrong effect in that they do not punish the criminal so that he is prevented from committing another crime.

Finance Control To Decide Fate Of Engineer's Day

Engineers Petition Board For Entrance Into Treasury

Fate of the annual Engineer's Day celebration will rest in the hands of the Finance Control committee this afternoon, when that group meets to consider several student budgets.

The associated engineers' organization at the beginning of the spring semester, submitted a budget of \$75 to the finance board which, if passed by the committee today, will go to finance the annual Engineer's Day. According to the engineering group, unexpected expenditures have decimated the funds originally planned to cover the expenses of the celebration, thus necessitating the budget.

The associated engineers last Wednesday night voted to petition Finance Control to allow them to place their future funds in and under the control of the central treasury.

It was the consensus of opinion of the engineers that since the group found it necessary to ask help from the central treasury in order to finance their celebration, that the organization should become a part of the student body's treasury system. In the past, however, all funds collected into the associated engineers' treasury have been administered solely by members of the engineering society.

Besides the opinion voiced by several officers, the president of the organization, Llewelyn Young, said "It is thought that the new administration of associated engineer funds will give greater security to the financial structure of the organization."

If the petition is accepted by Finance Control, the associated engineers will turn over all dues and other funds collected to the control committee, and will present budgets to that group for approval when an expenditure of money is considered.

Several other budgets will be also considered today by the Finance Control. The Women's Athletic Association and the Associated Women's students have handed new budgets to the committee last week. Other routine matters will also be considered by the committee.

Illness Confines Church to Home

Professor J. E. Church of the department of classics has been confined to his home for a period of about ten days or two weeks by a serious infection in his right eye.

Professor Church will probably have to rest for an additional week so that his eye can recover enough for him to use it. In the meantime his classes are being handled by his son, Willis Church, of Reno, graduate of Nevada in 1923.

Debate Schedule Announced Today By Coach Griffin

Four-Man Team Will Enter Tourney at Stockton This Fall

Pacific Coast Forensic Meet To Be Held In Reno April 11-13

A complete schedule of debate activities for the spring semester was announced this week by Professor Robert C. Griffin, University of Nevada debate coach.

A match will be held in Reno with the College of Pacific, but as yet no definite match date has been set, Griffin said.

Four debaters will be sent to Stockton to compete in the Far Western debate tourney which is to be held on April 7-8 and 9. Those who will represent Nevada will be chosen from five members of last year's varsity and 20 students who are entered in the intramural competition.

Won Last Year

The Stockton tournament was won last year by the Nevada team which was composed of William Cashill and Bryce Rhodes, graduates with the class of 1937 and now attending Harvard Law school.

On April 11, 12 and 13, the Pacific Coast Forensic League tournament will be held in Reno. The number of students who will represent the university in this meet has not been decided upon, as yet, Griffin said.

In this contest, held last year at Salem, Oregon, Cashill and Rhodes debated 18 times before being eliminated, Griffin added.

The members of the 1937 varsity who are now working under Griffin are: Leo McCuddin, Francis Breen, Robert Joy, Homer Herz and Eunice Beckley.

Intramural Contests

The intramural competition began Tuesday with four teams debating. The contests will be held every Tuesday and Thursday night, but results will not be announced until later.

The teams debating Tuesday were: James Driscoll and Robert Van Wagner vs. Roger Foley and Norrison Beatty; Artemus Ham and David Goldwater vs. Kathryn Devlin and Bill Casey.

On Thursday, Milton Mapes and Allan Rives met Andrew Rosachi and Robert Parker, and the team of Ham and Goldwater met Foley and Beatty.

Griffin also announced that the high school forensic tournament sponsored each year by the university, will be held on April 21, 22 and 23.

FASHION TIPS

By JANE FRISBIE
The Military Ball has come along just in time to alleviate our mid-winter blues, particularly if we are going to get a new formal for it.

Our special find was a dress of white and red brown (which will be the spring color), and a huge folding skirt of white margenza worn with a tightly fitted blouse of red brown lace. Wear gardenias in your hair!

Something different is a mat silk green jersey printed with russet colored tropical flowers. The bodice is gathered. It has a tightly fitting waistline and full skirt. Wear heavy gold jewelry with this dress.

Or go naive in a printed celanese crepe with a straight line skirt extending from the hem to under the shirred bodice—baring your shoulders with demure puffed sleeves covering your upper arm. A corsage on your wrist

Revamp Plans Made By Letterman Society

Plans for the revamping of the Block N society were made at a meeting of that group last night.

John "Ham" Robb, the lettermen's president, pointed out that the group has become close to a state of inactivity lately.

In their drive to get the society working again, the Stag night was one of the proposed remedies. The idea in view of the proposed get-together is to raise money for the lettermen group, and to get the group together. During the meeting, definite plans were made for the Stag Night.

In order of business, Kenneth Powell reported on the Block N's selection of high school all-state football men. Cards entitling men to membership in the society were given to the new members. Hereafter, the lettermen agreed to wear their Block N sweaters on Friday.

During the meeting, indefinite plans were made for an all-high school track meet, to be held on Mackay field. Robb pointed out that such a move as this would tend to get the society into action again.

and your grandmother's locket!

For those of us who still need a pick-up, a new suit is recommended. Again it is suits, suits for late winter and suits for spring. Only this time last year's jackets won't do unless you have it made over.

The new ones have boxed jackets or bolero jackets (the bolero is all important for suits, afternoon dresses, and evening gowns). Most of them have quantities of buttons from the neck to the waistline or they are put on either side of the jacket to give a military effect. Wear them with Gibson Girl shirtwaists.

A new gadget that is a blessing for our Nevada climate is the Compact Cleanser to prevent chapping. With the compact you get a bottle of lotion and a jar of pads. The lotion is to refill the compact. You can take it on all of your outings, but it is especially grand for skiing.

The newest evening shoes are made of dress materials such as silk jersey. They are wrapped snugly around the toe and heel, and tied in the front. They come in all colors and reduce foot fatigue to a minimum.

We have definitely decided that the purpose of all this is to get a handsome husband with a yacht!

IN HOSPITAL

Frank McCulloch, freshman student and Sigma Nu pledge, is in the university hospital due to blood poisoning from floor burns received while playing basketball.

Next Phi Kappa Phi Election Scheduled for Feb. 24

Friday, February 25, has been chosen as Phi Kappa Phi Day, Professor Harold N. Brown, secretary of the Nevada chapter, announced this week.

The candidates will be elected Thursday, February 14, and will be announced to the campus and initiated February 25.

Election to Phi Kappa Phi, national scholastic honorary society, is one of the highest scholastic honors attainable at the University of Nevada. The upper one-eighth of the senior class is considered, and as high as 10 per cent may be elected.

To Get Speaker

The committee, headed by Professor William I. Smyth, will choose and make arrangements for a special, imported guest speaker. All classes will be dismissed during a morning period, at which time the selected speaker will address the student body. Announcements of elections will be made at this time.

Initiation rites will be held on the night of February 25, at which time the same speaker will address the members and parents and close relatives of the Phi Kappa Phi men and women.

"The purpose of Phi Kappa Phi is to emphasize the importance of scholastic ability," said Professor Brown. In choosing new members the actives consider character of the individual as well as his scholastic record.

Meryl W. Deming, associate professor of chemistry, is president of the Nevada chapter of Phi Kappa Phi, which was founded in 1897.

Frosh Glee Declared Social Success

First class dance of the season was staged by members of the freshman class last Saturday night.

According to Herb Winer, chairman of the Frosh Glee committee, the affair, although a financial failure, was declared to be a social success by those attending.

Alpha Tau Omega was awarded the cup for having the most members present. The only other class dance of the semester, the Senior Ball, will be held in conjunction with Senior week.

Drama Group Starts Campus Search For Talent

University students formerly prominent in high school dramatics will be contacted by members of the Campus Players and urged to enter into dramatic work on the campus, it was announced this week by Kenneth Tedford, head of the group.

Charlotte Johnson and Beth Fredrickson were appointed by Tedford to head a committee whose duty it is to find out who the members of the associated students are who were prominent in high school dramatics but who have not come out for dramatics in the university.

At the last meeting of the Campus Players held this week, Rosalyz Marne, Virginia Posvar and John Marean were formally pledged to the group.

Initiation of the new members will take place at the next meeting of Campus Players which will be held at the Tri-Delt house. Jessie McClure will be in charge of the initiation and meeting.

Raising of Frat Grades Discussed

Remedies to raise the fraternity scholarship were discussed at the meeting of the inter-fraternity council Monday.

Plans were also made to have Professor J. A. Carpenter, chairman of the scholarship committee, meet with the council.

A resolution was also discussed of prohibiting fraternities giving favors at fraternity dances. Limiting the price allotted for favors also was suggested as a means of cutting down expenses.

The ATO's will hold their first dance of the semester tonight. It will be a pledge dance.

Wilson Announces Picture Deadline

"Absolutely no more individual pictures for the Artemesia will be taken by Goodner's Studios after January 29," Sam Wilson, editor of the year-book, announced today.

The pictures of the students and faculty which were taken last semester and this semester will be sent to the engravers early next week, Wilson said. Thus, anyone who has not had their picture taken by Saturday will not have one in the 1938 Artemesia.

Although the exact number of copies to be printed is not known as yet, the covers of the book will begin to be manufactured about the first of February. The covers will be similar in texture to those of last year's Artemesia.

According to temporary plans of Editor Wilson, the book will appear upon the campus during or before Senior week.

BREAKS WRIST

Leslie Leggett, freshman student and member of Sigma Alpha Epsilon, broke his wrist last week while playing basketball in physical education.

SOCIETY

The Kappa Alpha Thetas had a dessert hour for the Beta Sigma Omicrons and the Alpha Beta Thetas Wednesday from 7 to 8.

The Pi Beta Phi alumnae gave a dinner for the new initiates at the Riverside hotel Saturday night.

The Lambda Chis entertained the Pi Phis at a social hour Wednesday night from 7 to 8. This is the beginning of a series of social hours for this semester.

Mrs. Robert Merriman, formerly Marion Stone, '32, member of the Gamma Phi Beta sorority, was entertained at

the Gamma Phi Beta house Wednesday night at dinner. She has just returned from Spain where she has been helping the Loyalist troops.

The Phi Sigma Kappas will hold an informal radio dance tonight at the chapter house. Chaperons will be Professor and Mrs. Ayres and Prof. John Goutardi.

Skiers Preparing For Intercollegiate Yosemite Contest

Informal Meet Competition Planned Over Weekend At Tahoe City

Pending action of the Physical Education department on the budget submitted, the University of Nevada ski team this week is going ahead with preparations for the intercollegiate ski meet with the University of Washington to be held February 4-5-6 at Badger Pass, Yosemite Park.

A practice meet which had been arranged with the Reno Ski club to be held Sunday was postponed due to lack of snow upon the slopes of Mount Rose and upon the course at Galena.

Depending on top performances from their star men, the ski team is, however, taking no chances of "rusty" performances and the championship meet is just two weeks distant. Under the careful coaching of Martin Arrouge and Wayne Poulsen, the team is spending all possible spare time on skis.

Practice under meet conditions will be held Sunday when members of the team hold informal meet competition against each other at the ski club outing to be held at the ski jump at Tahoe City.

Although the Nevada skiers have been showing exceptional form in practice and in the first meet of the season, the meet at Yosemite will be one of the toughest of the team's career.

The biggest obstacle in the path of the Nevadans to a Pacific Coast championship will be the Washington Huskies, who nosed out the Pack last year.

The Huskies are at present rated number two team in the United States, and have only been defeated this year by Dartmouth, leading team of the nation. They have a complete team of experienced skiers and are favorites to win the meet again this year.

However, such men as Carl Bechtold, Jack Starrett, Ed Rose, Earl Edmunds, Jim Worden and Don Fanning may be able to upset the dope cart at Yosemite and complete the conquest of the Pacific Coast which was started by the ski team of last year.

Initiation Is Set For Pre-Med Group

Formal and informal initiation ceremonies for 17 neophytes of Omega Mu Iota, pre-med organization, will be held this Sunday, Leo Doyle, newly appointed president of the group, stated today.

In accordance with usual custom, the initiation will be held from midnight until 4 a. m.

Students who will be initiated are: Barbara Fulstone, David Thompson, Eleanor Goldworthy, Kern Karrasch, Ruby Nay, Glenda Wilson, Charles Locke, Marjorie Gregory, Peter Jensen, Jean Knouse, Chester Green, William Pasutti, Mary Boylan, Margaret Records, Godfrey Arlang, Mary Cleary Yen Kwan, Eleanor Hedres and Anita Capitani.

Mahabalipuram, southern India, has a huge bowl, carved from solid stone. Native kings once used this bowl to feed their subjects on religious feast days.

Col. Reed to Retire From Military Service

Colonel William L. Reed, for three years the head of the military department at the University of Nevada, will retire from active military service on October 31, 1938.

Upon his retirement Colonel Reed will move to San Rafael, Calif., where recently he built a new home.

Colonel Reed came to Nevada in 1935 from Atlanta, Ga., where he was R.O. T.C. officer of the fourth corps area. His retirement will mark the completion of a long and active life in the military service, which began when he graduated with the rank of a second lieutenant from the United States Military academy at West Point in 1899.

During the World war Colonel Reed served as liaison officer to the seventeenth French corps from the fifth American corps. He served in this capacity in the battle of St. Mihiel, and was afterward appointed chief of staff of the 100th division. He served also in the Philippine insurrection, the Cuban occupation, Spanish-American war, and on the Mexican border.

Colonel Reed graduated from the Infantry and Cavalry school in 1904, the General Staff school in Langres, France, in 1918, and from the Command and General Staff school in 1924. He received the rank of colonel in 1923.

Mardi Gras Dance Revival Planned

Meeting for the first time under the regime of the newly elected president Fran Breen, definite plans were made by members of the Press Club at their meeting this week for the revival of the Mardi Gras, traditional activity of the club.

The revival of this masquerade will bring to life an activity of the group which has been stagnated for the last three years. March 19th has been set as the date for the dance and extensive plans to make it a social success will be worked out within the next few weeks.

Since the membership quota has been filled, new members will not be elected until the latter part of April. Members chosen at this time will be selected on the basis of merit of work shown on either the Artemisia or Sagebrush staffs. Members taken in at this time will fill vacancies to be left by graduating seniors.

Following the business meeting of the group, members enjoyed refreshments in the form of apple cider and doughnuts.

Comedy Characters Stress Portrayal

Rehearsals for Shakespeare's comedy "Twelfth Night" are taking on a semblance of genuine Shakespearean comedy.

With more time being spent on character portrayal, proper voice inflection and actions of the characters this week, the play is now progressing as well as can be expected, according to Director William C. Miller.

Most of this week's rehearsals were spent working on the scenes in which Robert Miller as Sir Andrew Anguecheek, Robert Van Wagone as Sir Toby Belch, Kathleen Meeks as Maria, Leo Doyle as Malvolio, Evelyn Bulmer as Viola, Jessie McClure as Olivia and Wilma A. Jones as Feste take part.

Director Miller is well pleased with the cast and the general progression of the play at this time.

With The Wolfettes

With the sophomores and frosh reds trying for championship, the women's interclass basketball games ended this week.

The seniors took second place, juniors and frosh lavenders tied for third and the frosh pink placed fourth. The frosh lavenders held the frosh reds, 5-6, until the second half, when the lavender team took a four-point lead making the final score 10-6.

Intramural basketball games will begin February 8, and previous practices are being held February 1 and 3. Schedule for intramural games is as follows:

- February 8—Independents vs. Manzanita; Delta Delta Delta vs. Gamma Phi Beta.
- February 10—Kappa Alpha Theta vs. Pi Beta Phi; Delta Delta Delta vs. Manzanita.
- February 15—Gamma Phi Beta vs. Kappa Alpha Theta; Independents vs. Pi Beta Phi.
- February 17—Gamma Phi Beta vs. Manzanita; Delta Delta Delta vs. Pi Beta Phi.
- February 22—Independents vs. Kappa Alpha Theta; Pi Beta Phi vs. Manzanita.
- February 24—Delta Delta Delta vs. Kappa Alpha Theta; Independents vs. Gamma Phi Beta.
- March 1—Kappa Alpha Theta vs. Manzanita; Gamma Phi Beta vs. Pi Beta Phi.
- March 3—Independents vs. Gamma Phi Beta.

WOMEN ARE NO LONGER THE INVADERS

Trend of an invasion, in the last five years, of the college of engineering by women students, has turned this semester towards an invasion of the home economics department by men students.

Survivor of the woman's contingent is Mrs. Emma Crabtree, who has been taking courses in civil engineering for the past four semesters.

Leader of the men's invasion is Alexander D. Doak, who is specializing in quantity food preparation. With him is Jack Smith, taking a course in beginning foods.

Doak, who is interested in hotel management, plans to go later to Cornell university where special courses in hotel management are given in conjunction with large New York hotels.

The result of this trend cannot be predicted, but there should be a more wide-spread knowledge of foods to combat today's food faddery, said Miss Sarah Lewis, head of the school.

Gothic N discussed the A. W. S. constitution revision, and discussed plans for a freshman party at their meeting last week.

A party for freshmen women belonging to W. A. A. will be given February 3 in Artemisia Hall from 7:00 to 8:00 by Gothic N.

The senior Red Cross life saving corps will meet at the Pi Beta Phi house February 9.

Six new girls who will be initiated into the group are Mary Arentz Betty Brannin, Dorothy Kunsch, Betty Johnson, Helen Westall and Ann Gamble.

A swimming meet will be held at Moana hot springs April 8, of which the life saving corps will have charge.

At the present time the group has \$52 in the treasury, which is being

saved to purchase a canoe. Verna Bullis, president of the group, said they hope to have the canoe shortly after mid-semester.

This week the archery scores were much improved over those of last week. The total score for the week of January 17 1938, compared to that of the previous week of 880 shows promise.

Mrs. Mae Simas, W. A. A. faculty advisor, said she expects her team of archers to place in the final ratings but not at the top, due to the first week's score.

The women's intramural board will meet in the gym Tuesday, February 2 at 4:00 o'clock to discuss the revisions on the W. A. A. constitution.

Teletha Kirn, chairman of the intramural board, has asked that each sorority, Manzanita hall and the Independents send a representative to the meeting.

Miss Frances Humphrey, Reno high school physical educational instructor; Mrs. Sales, James Coleman and Mrs. Mae Simas expect to attend the physical education and National Recreation conference at Salt Lake City, Utah, April 13, 14 and 15.

A class in senior life saving will begin approximately March 8. Women wishing to participate in this class will report to Mrs. Mae Simas.

Badminton will begin around the first of March. A definite date will not be set until intramural basketball is well under way.

The intramural basketball games should prove to be very interesting and close from the way interclass games have been going.

Kappa Alpha Theta, with forwards such as Emily Tholl and Shirley Fuetsch, shows excellent possibilities of coming out on top. However, Delta Delta Delta has some material that will give them serious competition.

DO COW-PUNCHERS APPRECIATE CAMEL'S COSTLIER TOBACCO'S ?

TED YOCHUM was born and raised in the cattle country. Speaking from personal observation, Ted says: "Cow-punchers are great Camel smokers. Seems like if a man smokes Camels once—he sticks to 'em. Come round-up time—I'm in the saddle for hours, and not sparin' myself. A Camel sure hits the spot then. I get a mighty pleasant 'lift.'"

Yes, and to America at large, Camel's costlier tobaccos have such a special appeal that they are the largest-selling cigarette in this country!

COLLEGE STUDENT Herb Weast (left): "In that jammed-up week before exams, nerves often tighten up. I've found Camels don't get on my nerves."

AUTO MECHANIC Al Patterson (right): "In the garage business you have to catch your meals on the run. I find that Camels seem to smooth the way for good digestion."

TED YOCHUM

CHAMPION TYPIST Remo Poulsen (left) says: "I enjoy Camels from one end of the day to the other. And Camels don't irritate my throat."

WATCHMAKER I. C. Gorkun (right) says: "Every Camel I smoke seems to be milder and tastier than the last. Camels don't leave me 'smoked out' no matter how many I light up a day."

Camel spends MILLIONS MORE FOR COSTLIER TOBACCO'S! Camels are a matchless blend of finer—MORE EXPENSIVE TOBACCO'S—Turkish and Domestic

ATTENTION!—W.P.A.

Over \$23,000 in W.P.A. funds, which will be used mainly for repairs on the Orr ditch in back of the engineering buildings, have been allotted to the university, according to an announcement made this week by Gilbert Ross, local administrator.

While there is no doubt that the Orr ditch could stand some general repairing, there is one other project on the campus that could be undertaken with some of this money; a project that would clear one of the worst sore spots of campus beauty—the cleaning of Manzanita Lake.

Campus authorities have estimated that a thorough job of removing trash, fungi, and other items that now mar the beauty of the little lake could be accomplished for about \$1,000.

Some reports have it that the zoological department is against the cleaning of the lake because algae and other microscopic organisms are readily available for students to procure for their studies.

A thorough cleaning of the lake, these reports say, would greatly lessen the number of organisms, making them a little harder for the students to get. Therefore, the lake as is, is indispensable.

The Sagebrush fails to see the logic of this reasoning. Why should the beauty of the campus—one of its valuable assets—be sacrificed so that a few students can get some microscopic specimens without walking more than a few steps? Some substitute for Manzanita lake as a place of cultivating the growth of these organisms should be easy enough to find.

The Sagebrush suggests that the W.P.A., if it really wants to do a service to the university, appropriate a small portion of that money for a thorough cleansing of Manzanita.

ABOLISH IT!

Proposal made yesterday by Cap and Seroll that the office of A. W. S. president be abolished, and that an executive council be instituted in its place is the wisest plan of organization that has come from the coeds for a long time.

As the Sagebrush sees it, there are nothing but advantages to be derived from acceptance of the plan.

One of the best features of the proposal is that sorority politics, which have characterized A.W.S. presidency elections in the past, will be entirely eliminated. By the organization of an executive council, which would be composed of coed members of the senate, all women's groups will have an equal say in the running of A.W.S. affairs. One member of the group would be elected chairman, and in that capacity would conduct the affairs of A.W.S. with the approval of the rest of the committee.

Greater unity in the associated women's organization would also be attained by having a representative number of coeds participating in the actual running of the group.

One objection that has been raised is that by abolishing the office, there would be no one to handle the duties of vice-president of the A.S.U.N. when the occasion demands. Technically, the A.S.U.N. at present does not have a vice-president, if the constitution is to be interpreted literally. In the past, the A.W.S. head has served as vice-president of the associated students because of precedent. The chairman of the new proposed executive committee could just as well serve in that capacity when the occasion demanded.

The Sagebrush believes that the associated women students will be taking a great stride forward if they accept the new plan.

Committee Receives Applications for Awards

Applications for the American-Scandinavian scholarships are being received by the University of Nevada committee which is in charge of the appointments, Dean Robert Stewart, chairman of the committee, announced yesterday.

Students, graduates and instructors and professors under a certain age are eligible for the appointments, Dean Stewart said.

The fellowship includes one year of study in Swedish, Danish or Norwegian colleges. To qualify, a candidate must have been born in the United States

PICKLED PLATITUDES

By MAX JENSEN

I can't write a column, 'cause I don't feel strongly enough about anything to give it a second thought.

My memory is functioning with about the same efficiency as that of Mr. Moore, the government's star witness, in the famed Reno bunco trial, now well launched on what this astute dramatic critical corner predicts will be a 279-day and 4637 recess, stand. Is there anything going on which is loaded with enough dynamite so that mention of it will draw more than a laconic "So What?" from the 1023 mentally alert collegians on Reno's hill of higher education?

Political medicine is being brewed, according to short snatches of conversation I have purposely listened in on while passing small knots of earnest young men, and women, occasionally, on the campus.

"Who's the logical man?"

"Why, there's nobody on the campus for the job."

Then the more polished, discreet practitioners of the great salve-spreading brotherhood, affiliated student group, are saucily surveying probable candidates through direct and indirect channels, attempting to place the "well-known finger" on the ephemeral, erratic, political pulse. In other words, to quote the man who told me about Jessie James, the lines are beginning to form.

If I'm at all premature in tossing this meaty bit of conversational nourishment to the famished Nevada Wolves, then perhaps I can expect thanks for reminding those interested that nominations will be made, officially, Mackay Day.

TOO LATE TO CLASSIFY FOR SALE

A slightly used, experienced, tractable lot of legal votes, varying in number from 100 to 172, depending on who counts the ballots. Sealed bids will be accepted no later than February 13. The money is needed to make a donation to the American Political Reform League. Telephone Hillside 7777.

The above ad was just phoned in by a confederate from the fifth ward. Ads will be accepted daily by this column at our usual rate of 20 cents per insertion.

U. N. Dean Raids Student Carousal

Mixed Group Mid Many Jugs "STOOLIES" SUSPECTED

A prominent University of Nevada Junior student, who gave his name as Francis Breen, said by university authorities to be a ringleader of a group of about 30, was apprehended by a raiding party Tuesday night while he and his alleged followers were indulging in what was referred to by the officers as "bacchanalian revels."

University authorities were deciding today the disposal of the guilty students, who were witnessed carrying jugs of liquor into a university building on Tuesday night. A telephone call from a mysterious source apprised the dean of men of the situation, and he hastily led a raiding party to the dive.

Unique Nature

The exact nature of the party, which, authorities assert, "has no rival in the history of the school for its unique nature" is being kept a secret. Officials seemed anxious to hush up the affair. A mixed group of men and women were involved, it was reported, and the revelry was being held openly in the student building. The raiding party's descent came as a complete surprise to Breen and his accomplices.

Effort had been made by the group to distract attention from the building. The basement light had been turned out, and, although fourteen other 100 watt bulbs blazed in the small room, authorities regarded dimming the lights among the compromising features of the affair.

This coup by university authorities caps successfully a long campaign against rumored misconduct by this group, it was reported.

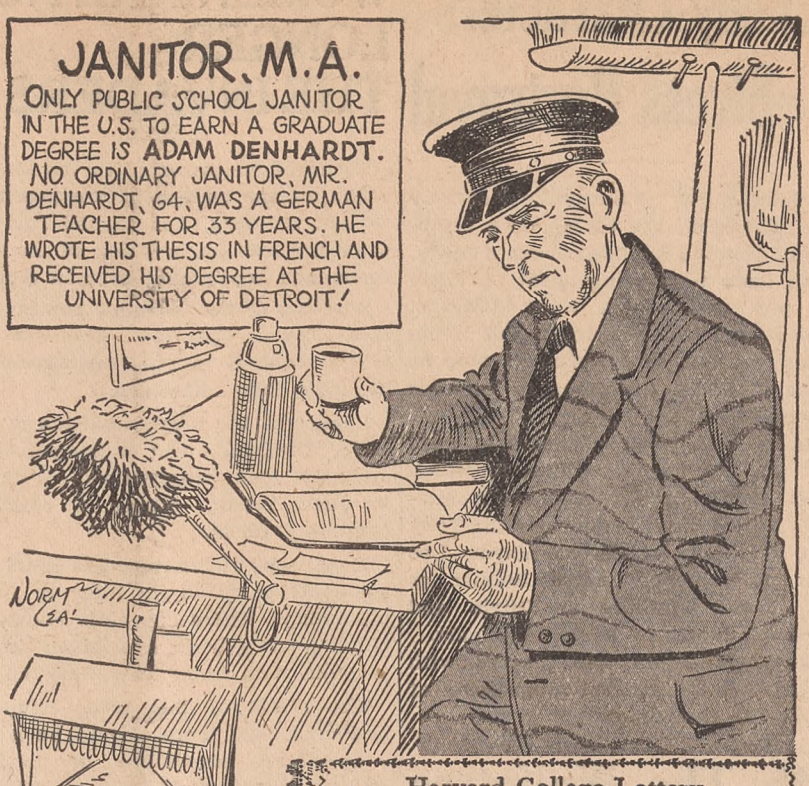

The man who gave his name as Breen, when interviewed as he sought to avoid attention today, asserted that he and friends had been wrongfully suspected, and that the gathering had been held solely by a group of professional journalists to discuss the rising price of newsprint. When pressed, he admitted that "refreshments" had been served, but said that they consisted solely of doughnuts and soft cider.

(Hump, if I may be allowed to comment editorially, doughnuts and soft cider seem to me to be hardly the type of refreshments which anyone could, let alone, would serve to a group of journalists.)

Breen seemed angered when the telephone call, which authorities report, gave them a lead to the affair, was mentioned, exploding suddenly with "Stoolies," then "Fussbudgets." In keeping with Breen's decision to clear himself and friends, several persons involved in Tuesday night's affair were seen eating ice cream in the building the following night.

Speaking of news stories, Brackett was just reading copy on an article about the Y. W. C. A. cabinet meeting at which talks on the historical and economic background of the Sino-Japanese conflict were given. After the talk, discussion of the war was held, so goes the story, then, says this reporter with a sense of humor, "after

English Honorary Meets Next Week

Consideration of prospective candidates for election to Chi Delta Phi, national English honor society, will be the main business of the next meeting, Wednesday, at Artemisia hall.

Election to Chi Delta Phi is based on a general average of 2 and consistently high grades in English. Those elected will be announced later.

"If present plans materialize, we will have a guest speaker at the meeting," Winifred Hiltonen, president, said this week. Professor and Mrs. A. E. Hill will be guests, and refreshments will be served after the business meeting.

The committee in charge of the meeting is composed of Elizabeth D'Alessandro, Winifred Hiltonen and Nina Boczkiewicz.

A report on the high school poetry contest sponsored by Chi Delta Phi will be given by Margaret Turano, chairman of the contest.

According to Miss Turano, Winemucca has answered its invitation to enter the contest. Communication from Carson and Austin was received this week, informing her that they intend to send contributions. The deadline is February 28. More answers are expected to arrive before then.

Aggie Enrollment Shows Increase

A marked increase in the enrollment in the college of agriculture is evident this semester, reports Dr. Robert Stewart, dean of the college.

This semester there are 75 men enrolled in the college as against the 69 during the spring semester of 1937.

Dean Stewart believes that today's students are far more alert to the problems in agriculture than they were ten years ago. "On the whole, all of our graduates are employed today," he said.

An increase of enrolled students is also shown in the home economics courses. While in the spring semester of last year there were but 38 women enrolled in these courses, this year the class of 46 students includes two men.

been sent to 35 high schools of the state, inviting them to have their students to enter original poems concerning any subject. The poems are limited to 30 lines.

The winners of first and second place will be presented with trophies at the annual forensic tournament this spring. The cups are to be the property of the individual poets, not of the schools.

The judges will consist of Chi Delta Phi members and members of the English department staff.

the present far-eastern conflict is settled, the Y. W. C. A. members will take up religion."

Either the China-Japan affair, we assume, will be disposed of simply, in a Y. W. meeting, or else religion will go un-discussed until Chang Kai Shek and the Japanese army head thresh the matter out.

SEARCH FOR POSITION NOT IN VAIN

On the eve of entering into a long sought teaching position, Lincoln Liston received another postponement to his active teaching career. Various circumstances, since his graduation Christmas, have caused him to narrowly miss several positions.

The last postponement came Monday night shortly after his return from Fernley, where he completed arrangements and signed a contract to teach. It was caused by an emergency operation for appendicitis at St. Mary's hospital.

Liston's worries about retaining this last position have been dispelled. It was learned that a substitute teacher from Fernley will assume his duties until he is able to take the position.

The last report from the hospital stated that Liston was in a very satisfactory condition.

Women's Rifle Team Competes With Outsiders

Women's intercollegiate rifle competition continued this week with the Nevada women meeting co-eds from Ohio university and the University of Washington.

Bill Peccole appears to be a sure shot to cop the intramural handball singles crown again this year.

However, Peccole is having difficulties in fighting his way to the top, not only against opponents but against illegitimate forces.

Records show that Peccole was supposedly to have lost a match last week on a default because he failed to appear for his match. Upon investigation it was learned that Peccole had never received a schedule or any other notice of the match.

A similar situation happened to Peccole last year. After going through the tournament undefeated he was pushed aside while men of three other houses whom Peccole had defeated made plans for a championship playoff.

It looks as though John Robb really meant business this year when he announced that he would present the long anticipated Block N Stag night in the middle of March.

The plan is good and the entertainment will be good if the proposition is promoted.

The professional fight game has practically died out in Reno and naturally leaves an opening for a similar type of entertainment to step in. If professional boxing has been a profitable business for local matchmakers during all the years the game has survived then a good amateur show of boxing, wrestling and stunts should pack the gym on the eve of the show.

Another good point in sponsoring the show, as Robb has said, is that it will promote good feeling and friendliness between faculty members, university students and townspeople.

A farmer in Woodbury, N. J., expressed his gratitude by presenting three stolen chickens to the two policemen who caught the thief.

Coed Sports Rules Drawn Up by WAA

The women's athletic association of the University of Nevada has drawn up a new set of rules governing all participants in women's sports.

A list of these rules has been sent to each sorority house, Manzanita hall, and the Independents, where it will be read and discussed.

Rules which were drawn up are as follows:

- 1—Each girl, before she is eligible for intra-mural competition, must attend at least half the practice games. 2—Each girl in order to be eligible for intra-mural competition must have passed a medical examination and have her name on file in the office. 3—When it is necessary to have extra games during intra-mural sports, the approval of the captain of each team is necessary before games can be played. 4—In case of a tie in a round robin tournament between more than two teams, the tie will be played off by elimination method rather than round robin tournament.

TREE BARBER GIVES ANNUAL CUT

Trees need haircuts, too, but trees are more fortunate than we humans, requiring only one haircut a year. John Rosasco, the official tree barber on the campus, shears approximately 120 trees each year at this time, barring snow.

When all the trees on the campus have been properly trimmed, the shrubs will be pruned and shaped, Rosasco stated.

Whites Undefeated In League Play To Lead Tourney

Blues Lose One, Win One In Week's Plays as Whites Win

By virtue of a five-point victory over the Block N the University Whites took undisputed lead in the city league and became the only undefeated team in the "A" division of the league.

In a nip-and-tuck battle with the Block N last night, the Whites emerged victorious in a game played at the University gym by the score of 32-27.

The game was fast and thrilling throughout with the Block N leading at half time, 17-14. In the third quarter the Whites got hot and started pouring them in from all angles, one after another. During this quarter they held the scrappy Block N outfit scoreless while they ran the score to 26-17.

In the fourth quarter the two teams battled back and forth with the Block N regaining the lead only to be beaten out in the last minutes of play.

The outstanding players for the Whites were Root, Roylance, Morrison and Rebaletti. For Block N A. Sprentson, Hall and DuPratt played good ball.

The Whites' victory left them the only undefeated team in the "A" league. They now lead with three wins and no losses.

The other Jayvee team, the Blues, are finding the pace pretty tough, losing one and winning one in this week's play. They defeated the Baker's Grocery in last night's game by the score of 30-27. The previous night they were defeated by the Waldorf outfit to the tune of 35-32. This leaves the Blues in the lower bracket of the "A" division with two wins and two losses. In the week's play, Ferris, Olsen and McMullen were outstanding for the Blues.

Grenig Is Winner of Photo Contest

Roy Shipp, Fred Galloway Take Second Honors

Robert Grenig, sophomore Lincoln Hall Association member, is winner of the Campus Camera contest, it was announced this week.

Roy Shipp, L. H. A., and Fred Galloway, A. T. O., were awarded honorable mention by the judges, Ted Olds and Sam Wilson, Artemisia business manager and editor.

Difficult Choice
"It was very difficult to choose the winner, as all of the pictures submitted were of the highest quality and represented fine photographic talent. Many of the pictures will be used in the Artemisia, but as yet we haven't chosen just which ones to use," Olds said this week.

Under the rules of the contest, the Artemisia is free to use any pictures entered.

Grenig will be awarded a cup from the Artemisia, sponsor of the contest, during the Mackay day celebration.

The meeting of the camera enthusiasts scheduled for last night was postponed until Tuesday, February 1, due to a conflict with a meeting of the civil engineers, Ned Westover, president of the club, said today.

Tuesday night, Bill Richter, '41, will give an illustrated lecture on miniature photography. His lecture, illustrated with slides, will deal with the comparison of miniature and larger cameras, and will explain correct ways of developing miniature films. Several members of the club develop their pictures themselves.

Professors Speak to YWCA About War Problems

Featuring talks by professors, Y. W. C. A. is now holding discussion and study on the Chinese and Japanese war.

Professor C. R. Hicks spoke Tuesday night at the home of President Jean Smith on the history of the Chinese-Japanese conflict; while Fred Collins talked on the economic side of the situation, concerning resources in each country, and the bearing they have on the war.

Cabinet meetings will be held the rest of the month and there will be discussion on problems such as: What should the United States' attitude be toward Japan and China? Should the United States send raw materials to either China or Japan?

In about two weeks a general meeting on this subject will be held at the auditorium. The group intends to have four speakers and have panel discussion, Miss Smith said. Each speaker will talk for about 15 minutes. This meeting will be open to anyone who wishes to attend.

Later in the semester the organization plans to hold discussions on religion. The same procedure will be followed: Cabinet meetings and speakers—then turn the subject open to the public. The main item will be "Christianity on the Campus."

Y. W. plans to have a few more waffle suppers this semester, Miss Smith said. Officers will be elected early in April.

Coleman to Submit Paper at Meeting

Professor James W. Coleman, instructor in the physical education department, has been asked to present a paper on his own research work to the national convention of the American Association for Health and Physical Education at the organization's meeting in Atlanta, Georgia, on April 23.

Professor Coleman, who is the chairman of the research section of the southwest district of the organization, announced that the section will meet in Salt Lake City April 15.

Thomas to Speak At Baccalaureate

The baccalaureate sermon for the class of 1938 will be given by the Reverend Henry B. Thomas, chaplain of St. Stephen's university chapel, it was announced this week by President Walter E. Clark.

The Reverend Thomas, though not unaccustomed to participation in university activities, is a newcomer to Nevada, having arrived in Reno last fall from the east to take over the duties of chaplain of the chapel on the corner of University and Eighth streets.

He has selected as the subject of his baccalaureate sermon—"The University of Life."

Born and reared in San Francisco, Reverend Thomas is a graduate of the University of California. After graduation, he continued his education in the Church Divinity school in San Francisco.

After spending several years in Baltimore and attending Oriol College at Oxford, the Reverend moved to Princeton to take over the duties of chaplain at that university. After two years at Princeton, he returned to Baltimore, residing there until this fall, when he came west to his present position.

Support the local Business Houses.

Nevada Graduates Appointed to Positions

George W. Lang, Jr., '30, recently was appointed deputy superintendent of schools of the third supervision district in Nevada.

Lang, who has been teaching in the departmental grades at Las Vegas, will be stationed at Lovelock.

John F. Armstrong, '37, who holds the position of superintendent of schools at Fernley, will take Lang's former position at Las Vegas on January 31.

Change Proposed

(Continued from Page One)
presidents to present the idea to their organizations for discussions. A vote on the new plan will be taken at the

next meeting in March.

A revised plan for a "big sister" committee was presented to the assembly by Elizabeth Naismith, president.

Letters will be sent to the school superintendents throughout the state in request of the list of girls who are planning to enter college upon graduation.

"Big Sister" Committee

When the fall semester opens in August, each member of the "big sister" committee will be assigned to take care of five freshmen women. Those who are registering in different courses will be asked to meet in designated rooms where they will have the assistance of older women in registration problems.

Betty Kornmayer was appointed chairman of the group to write the letters, and three other women will be appointed to work with her. At the March meeting, a "big sister" committee of 25

members will be appointed.

To raise money for the A.W.S. scholarship fund, the group will hold several card parties at the various sorority houses, Manzanita and Artemisia halls. If the Pan-Hellenic grants its permission for the plan, a date will be announced for the parties.

Loan Fund Changes

Dean Margaret Mack explained the changes in the loan fund which will become effective immediately. Hereafter borrowers will be charged 10 cents a day for every day after the loan is due. The women will be granted one week's grace before more drastic measures for bringing in delinquent dues are taken.

ures for bringing in delinquent dues are taken.

Cap and Scroll announced the election of Emily Tholl, prominent senior student from Sparks, to the organization.

Mrs. Marion Stone Merriman, former university coed, spoke briefly on the conditions of women in war torn Spain.
