Debaters Compete In Second Round Of Western Meet

Tourney Opened Yesterday, With Nevada Team As Favorites

Nevada debaters entered the second round of the western states forensic tournament at Stockton today.

Because of the excellent showing of the team last year, in which they won the forensic championship, Nevada was installed as the favorite to repeat again this year.

The tourney opened yesterday, with representatives of most of the western colleges competing in the preliminary debate matches.

The seven Nevada students who, accompanied by Coach Robert S. Griffin, left Reno Wednesday for the California city are: Francis Breen, Homer Herz, Leo McCuddin and David Goldwater, all of whom are representing Nevada in debate; Kathryn Devlin and Eunice Beckley, who are competing in the women's debate tourney, and Robert Joy, who is entering the oratorical and extempore speaking contests.

The debate question for the tourney is: "Resolved, That the National Labor Relations Board Should Be Empowered to Enforce Arbitration in All Industrial Disputes." Joy will deliver his oration on the subject of "Monopolies."

Ames' Lectures Almost Concluded

Round Table Discussion and Lecture Ends Series

With a lecture on British foreign policy this evening and a round-table discussion for students this afternoon, Sir Herbert Ames, famed Canadian diplomat and former League of Nations treasurer, will conclude his series of lectures at the university and will leave tomorrow morning for the University of Montana at Missoula.

"British Policy at Geneva" is the topic for this evening's talk, while the round-table discussion in the auditorium at 4:30 will afford students the opportunity to ask questions of an astute political observer on current foreign affairs.

No Imminent War

Sir Herbert, who has delivered lectures in nearly 250 American universities and colleges, does not believe a war is imminent in Europe. He returned from Germany less than nine months ago and had the opportunity to analyze the political situation in Germany and central Europe from a diplomatic standpoint.

"Modern Germany," he said, "is not built on fear of Hitler, whose recent exploits have rocked Europe, but on the foundation of the German youth, supported by the bourgeoisie class."

Ames' Monday night lecture was entitled "Present-Day Germany and the National Socialist Party Rally at Nuremberg."

Czechoslovakia will inevitably follow in Austria's footsteps, Ames stated, provided the current trend of German political conquest remains constant. Ames summarized the situation in a talk entitled "A Democracy in Danger" on Wednesday evening.

Danger Point

Ames believes the ever-present danger point to lie not in Germany, but in the "bubbling cauldron" of central Europe, which he analyzed in his talk Thursday evening.

Ames' lectures were made possible through the Carnegie Peace Foundation and was sponsored by the Committee on Assemblies and Lectures, headed by Professor Harold N. Brown, and assisted by Professor I. J. Standorf and Professor C. C. Smith.

The current lectures conclude the committee's speakers for the season. A new series has been planned for next year, Brown announced.

Future Farmers Meet On Campus Next Week

More than 300 high school students from different sections of the state will invade the campus next week for the annual meeting of the Future Farmers of America.

The members will register in room 107 in the Agriculture building Monday morning. The meeting will be then held in room 109 of the same building.

Dean Maxwell Adams, acting president, will give an opening address of welcome followed by a few words of greeting from Dean Robert Stewart of the college of agriculture.

Aggies to Attend F. A. A. Meet In S. F.

Five University of Nevada agricultural students will leave tomorrow to attend the annual baby beef show in San Francisco, presented by the Future Farmers of America.

Archie Albright, president of the Aggie Club; Hudson Lee, Ted Demosthenes, Leland Fallon and Blaine Oakey were selected on the basis of their activity in the club during their college career to attend the show.

Members of the Aggie Club will also act as judges in the Nevada branch of the Future Farmers of America convention to be held in Reno next week. They will present the revolving trophy to the school receiving the highest number of points during the convention activities. The trophy was won last year by Pranghet Valley of Lincoln county. It must be won three times in succession to become permanent.

Schools attending the convention are: Overton, Bunkerville, Alamo, Lincoln County, Lund, Baker, Wadsworth, Fernley, Churchill, Douglas and Yerington.

E. D'Alessandro Elected to Head Honorary Society

Other Posts To Be Filled At Annual Banquet Of Group

Elizabeth D'Alessandro, junior student registered from Lovelock, was elected president of Chi Delta Phi, national honorary English society for women, at a meeting held by the group last night. Helen Brown of Reno was elected treasurer.

Miss D'Alessandro is a member of Manzanita Association and has been a member of the English group for the past two years. She was awarded the Associated Women Students' scholarship last year for attaining the highest women's average in the junior class.

Other Offices

The offices of vice-president and secretary of the organization will be filled when the group holds its annual banquet and initiation services in the women's meeting in Artemisia Hall on April 27. These two positions will be filled by students chosen from the group of incoming members.

The retiring officers will conduct the initiation ceremonies at that time, Winifred Hiltonen, president of the society, said. Elizabeth Osborne and Elizabeth Best will be in charge of arrangements for the affair.

At the meeting last night, which was held at the home of Eva Adams, instructor in English department, a representative of Compton's book store in Reno gave several reviews of the latest best-sellers.

Professor and Mrs. A. E. Hill were guests at the dinner last night.

Crime Significance Shown Students In Talk

Major W. H. D. Lester of the Federal Bureau of Investigation, brought the significance of crime in the United States to the students of Nevada in a talk delivered to a capacity crowd in the education auditorium Monday morning.

Major Lester stated: "Crime is the biggest single business in the United States." As closely as the bureau can estimate, there is over \$15,000,000 income in criminal intrigues every year.

In order to check this wide activity, Lester explained that the Federal Bureau of Investigation has a corps of 683 special agents to protect the interests of 130,000,000 people in the United States, Alaska, Porto Rico and Hawaii.

Major Lester explained in detail the methods of identification that the bureau uses. Of these, he said the Bertillon finger print method is by far the most useful. He emphasized the fact that there is no way for a person to erase or change his fingerprints.

Lester asked the students to apply to the local police agency to have their fingerprints taken for filing in the Washington identification file. He explained that many unidentified people are identified in this way. He said that this was the way the student could help in the drive against crime.

A point of interest to the students was the high percentage of crimes committed by younger persons. By far the biggest majority of our criminals are around twenty years of age, stated Lester.

PFL Will Open Monday For Run Of Three Days

Twelve Western Universities To Participate in Varied Program

By SHIRLEY FUETSCH
The University of Nevada will play host to the forensic squad of twelve western universities when the sixteenth annual Pacific Forensic League conference and tournament opens on the campus Monday for three days.

This will mark the first time that the meet has been held in Reno since Nevada joined the league four years ago, Robert S. Griffin, debate coach, said this week.

"We are very fortunate in being able to have the tourney on our campus, inasmuch as the older members of the conference will have all bid for the honor," he declared.

Varied Program

A varied program of events has been planned for the tournament and will include, besides the forensic contests, a concert by the University Singers on Monday and a banquet Wednesday night at the Golden Hotel.

"We are looking forward to having these representatives on our campus and we hope that we will be able to make their stay enjoyable and profitable," Griffin stated.

Only men from the coast universities will compete in the tourney events, which will include debate, oratory, extempore speaking and after-dinner speaking. All events will be open to the public.

The oratorical and extempore speaking contests will be especially important this year because awards will be offered to the winners, Griffin said.

No Decisions

All debates will be non-decision matches this year for the first time since the beginning of the annual tourneys. The symposium is an experimental affair to see whether the officials will retain it as a permanent feature of the annual conference or whether they will go back to the old type of competitive debate.

Cups will be awarded in oratory, extempore and after-dinner speaking contests, Griffin announced. There will be a trophy for the school and smaller cups for the first and second place winners.

Nevada Competitors

The Nevada students who will compete in the tourney are: Frances Breen, Homer Herz, Leo McCuddin and David Goldwater in debate; and Robert Joy in oratory. Breen will also compete in the after-dinner speaking, contest, and Goldwater will enter the extempore speaking event.

Members of the league who will compete in the tournament this year are: Stanford University, Whitman College, University of Southern California, Oregon State College, Willamette University, University of California, University of Arizona, University of Idaho, Pomona College, University of Washington, University of Oregon and Nevada.

(Continued to Page Six)

Frosh Violators To Be Punished

Eighteen freshman women will be summoned to appear before the women's upperclass committee next week for failure to attend the AWS meeting held March 17.

Miss Nina Boczkiewicz, chairman of the group, stated that the freshman women who failed to perform their Mackay Day duties would be summoned later in the semester.

Those who will be required to appear before the committee next week are: Elaine Armstrong, Roberta Bowers, Jeanne Brannin, Verona Doron, Leota Frisbee, Lillian Funk, Dorothy Gill, Helen Hall, Betty Hardy, Margaret Harrison, Jean Henderson, Lois Holcomb, Elizabeth McDonald, Louise Martin, Mertice McQuerry, Barbara Standart, Rosa Steele and Lorraine Thomas.

Barbs Will Contribute To Winer Scholarship

All members of the Independents will contribute twenty-five cents each to the Rita Winer scholarship fund, according to a vote taken at the meeting Monday night.

Robert Defosset, Independent president, said any other unaffiliated students who wish to contribute to the fund through the Independents may do so through Ruby Nay, treasurer.

The Independents came out on top in the baseball game with the Phi Sigma Kappa fraternity Wednesday afternoon with a score of 7 to 3.

New Election System Is Inaugurated Monday

Inauguration of the new A. S. U. N. election system will take place Monday, when the primary vote for student body president and class managers is held.

Whether or not the A. S. U. N. accepts the revised and reorganized constitution will be determined Monday also. Included on the ballots will be the question: "Do you accept the new A. S. U. N. constitution?"

Separate ballots for all the four classes will be used in the election. Seniors will vote only for student body president and constitution changes, while the remainder of the classes will vote for the next year's class managers in addition.

Supervising the election will be the senate-appointed committee, headed by George Hardman.

Assisting Hardman will be Louis Peraldo, Don Cole, Willis Dalzell, Don Kinkel, Max Jensen, Clyde Keegel, Oliver Ness, Ray Garamendi, Lloyd Willis, Emily Tholl, Winifred Hiltonen, Georgia Cooper, Mary Boczkiewicz, Kathleen Meeks, Barbara Ferron, Sybil Furchner and Jean Rice.

Medical Society To Become Member Of National Frat

Omega Mu Iota to Join Alpha Epsilon Delta, Doyle Announces

Leo Doyle, arkon of Omega Mu Iota honorary medical society, announced this afternoon that the university pre-medical society would become a chapter of Alpha Epsilon Delta, national honorary medical fraternity.

"The matter was discussed at a meeting last Tuesday evening, at which time a vote was taken, the result deciding that the local organization would become part of the national medical society," Doyle said.

Petition Sent

A petition has been sent to the national society and action taken to have the University of Nevada medical society become the first chapter of Alpha Epsilon Delta on the Pacific Coast.

Dr. Charles F. Poe of the medical department of the University of Colorado and member of Alpha Epsilon Delta, will come to Nevada for founding the chapter when Omega Mu becomes eligible, Doyle stated. The present pre-medical fraternity has nearly thirty members. Louis Nash is vice-president, Barbara Ferron is secretary and Doyle president.

Infirmity Cases Rapidly Increase

Injuries and illness have rapidly increased since Mackay Day, keeping hospital attendants busy.

Sam Basta member of Alpha Tau Omega, is confined to the university hospital with an injured leg. Basta received the injury while playing baseball and will remain in the hospital for several days.

Duncan Dorsey, member of Sigma Phi Sigma and chairman of the Mackay Day celebration, is in bed at the university hospital with the flu. He is getting along very well, but will have to stay in for several days.

Fred Gallovay, member of Alpha Tau Omega, was also in the hospital with the flu, but was able to attend classes yesterday.

Gordon Thompson, member of Alpha Tau Omega, received treatment at the university hospital last Friday for a cut hand. It was necessary to take several stitches.

Mary Anxoand Marjorie Gregory, both Independent students, are confined to their homes with mumps.

Pat Eaton, ledge to Sigma Alpha Epsilon, sprained his ankle while playing baseball Wednesday. The injury was not serious, and Eaton is able to walk on his foot.

Don Dondeo, Independent student, was treated at the university hospital last Friday for a bruised head. He received his injury when he dived into Manzanita Lake.

States Busy With N. Y. Firm

Walter States, former graduate manager of the university, who gave up that post to work with an advertising concern in New York, reported in a letter to Professor A. L. Higginbotham that he is just "getting into the wing of things."

Student Body, Constitution, Class Manager Elections Set For Monday, Wednesday

Twelve Men Chosen As Nominees For Class Managers

Election To Be First Time Class Heads Selected By Secret Vote

Nominations for class managers, which will be voted on Monday in conjunction with the election for student body president, were closed at 9 o'clock this morning, with a total of twelve men running for three different positions.

Chosen to run for next year's sophomore manager were Mitchell Colbeaga, Lambda Chi Alpha; Jim DuPratt, A. T. O.; Joe McDonald, S. A. E.; Leland Straugh, S. A. E.; and Herb Winer, Sigma Nu. Nominated to run for junior class manager were Lawrence Strong, Phi Sigma Kappa; Clifford Quilici, Sigma Nu; and Richard Ronzone, Lambda Chi Alpha. Seeking posts as senior class managers are Ted Ashworth, Beta Kappa; Kenneth Dimock, Lambda Chi Alpha; Bill Goodin, Sigma Nu; and Fran Breen, S. A. E.

Nominations Closed

Although nominations for these offices were closed during the respective class meetings during the week, the A. S. U. N. executive committee ruled that the same rules that applied to the student body nominations would be in effect for the class managership posts.

Monday's election will mark the first time in the history of the institution that class managers have been selected by secret ballot at general A. S. U. N. elections. The change was authorized by the Senate, and is incorporated into the new constitution.

In case no candidate receives a majority in the primary election, final vote will be taken on Wednesday, election officials announced.

Sager Officers, Members Elected

Leon Etchemendy, sophomore student, was elected president of Sagers Tuesday night in a meeting held at ASUN building.

Other officers are William Arbories, vice-president; William Pasutti, secretary-treasurer.

New members were elected into the organization at this time also. They are Jack Pieri, Clifford Malone, Tom Tucker, Frank McCulloch, Bill Casey, Herb Winer, Bill Mitchell, Ralston Hawkins, Jim DuPratt, Fred McIntyre, Walter Wilcox, Rosmino Barengo, John Cooper, Ray Garamendi, Harley Harmon, Sam Moorehouse, James Edmonds, Bill Orr and Ben Cardinal.

Sagers, underclass men's pep organization, was very active over the Mackay Day week-end, cleaning the gymnasium after the luncheon and helping decorate it for the Mackay dance. Sunday morning, Sagers also cleaned up after the dance held Saturday night.

Crucible Club Elects Officers

Martin Smythe, junior student, was elected to succeed Richard Thormeyer as president of the Crucible Club at a meeting of the group Tuesday night.

Other officers elected are Martin Hannifan, vice-president; Charles Tibbs, secretary; Ernest Rodriguez, treasurer; Professor Jay Carpenter, faculty advisor.

During the meeting, Senator Tasker L. Oddie gave a talk dealing with the relation of economics to the mining student.

George D. Page of the Arizona Comstock mine also gave a talk on glass mine models and their help in explaining the structure of mines.

Refreshments were served after the business meeting.

NOTICE!

Brush editorial assignments for next week are posted in the Student Union building now, with Sunday, Monday and Tuesday deadlines. Due to the fact that the 'Brush is coming out Wednesday of next week, these deadlines must be met.

Presidential Candidates

ROBERT McLEOD

An arts and science student from Reno, McLeod has been prominent in campus affairs during the past year. He is serving a term in the Senate as representative of Phi Sigma Kappa, has served on the men's upperclass committee, and is a member of this year's junior cut day committee. He worked as a member of the interfraternity council. Recently he was extended membership in Coffin and Keys, men's secret honorary.

ROSS MORRIS

An arts and science student from Tonopah, Nevada, Morris has had an active college career. He is an assistant business manager of the Sagebrush, and also served on the editorial staff for two years. As delegate of Lincoln Hall, he has served in the A. S. U. N. senate, and was appointed to the nominating committee last semester. He has been a member of both the Homecoming and Mackay Day committees, and served as chairman of the former last semester. During his sophomore year, he was class manager and was a member of the Soph Hop and Frosh Glee committees. Membership in Press Club and Coffin and Keys complete his campus activities.

HUDSON LEE

A junior student from Carson City, Lee is enrolled in the college of agriculture. He is a member of Alpha Tau Omega, and is the present senate representative of that group. Lee served as president of the high school presidents' convention committee last fall, and was a member of the Sagebrush staff for five semesters. He has been active in debating, and is a member of the Press Club, Aggie Club, Blue Key and was a member of the senate executive committee this year.

DAVID GOLDWATER

Prominent in debating and dramatic circles, Goldwater is an arts and science student from Reno. Today he is representing the University of Nevada in the debating tournament at Stockton, California. Goldwater is a member of Campus Players and Mask and Dagger, campus dramatic societies, and is a member of the Artemisia editorial staff. He is a member of Sigma Nu fraternity.

Maurice Sheppard

Maurice Sheppard, junior agriculture student, was elected president of Blue Key, men's service organization, at a meeting held this week. Other officers elected were Jim Sullivan, vice-president; Dick Summerbell, secretary; Leland Fallon, treasurer.

Russell McDonald was appointed in charge of plans for an initiation banquet in honor of the members elected last week into the organization, Kirk Fairhurst, president, said.

The Nevada branch of Blue Key will install a chapter in Fresno the last of the semester, Fairhurst, said. James B. Mayer, commissioner of public safety of Fresno, instigated the petition, with Ralph Taylor, president of the Fresno student body, as chairman of the group, requesting installation.

Installation services were held by the Nevada group in Chico last year.

Four to Compete For Presidential Duties Next Week

Two Drop Out of Race As Others Are Declared Eligible

BULLETIN

Duncan Dorsey, junior arts and science student, was declared eligible to run for the office of student body president late today by the executive committee.

Dorsey is a member of Sigma Phi Sigma, was chairman of the Mackay Day committee, is a member of Coffin and Keys and has been active in university athletics.

With the race narrowed down to four men, and primary election set for Monday, the student body settled down today to await for what promises to be the tightest election battle in many years.

Ross Morris, Lincoln Hall; Hudson Lee, A. T. O.; Robert McLeod, Phi Sigma Kappa; and David Goldwater, Sigma Nu, remained in the race for student president as nominations closed this morning. Duncan Dorsey, Sigma Phi Sigma, who was nominated at the Mackay Day luncheon, was declared ineligible this week by the A. S. U. N. executive committee because of scholastic deficiencies. Kenneth Powell, Lambda Chi Alpha, also nominated at the luncheon, declined to run for the office.

Deficiencies Adjusted

McLeod, Morris and Goldwater were declared ineligible early in the week by the executive committee, but adjusted their deficiencies so that they would be eligible for the office.

Monday's vote will eliminate two of the candidates, with general election slated for Wednesday. In case any contestant receives a majority in Monday's vote, no general election will be necessary. Campus political observers, however, declared there was little possibility of this happening.

Although the campus was generally quiet today, electioneering was expected to begin in full force Monday morning. Handbills stressing candidates' qualifications are usually distributed on the campus, and these were expected to make their appearance early Monday morning.

Mention of "combinations" was carefully avoided throughout the week, and there was no evidence to make neutral observers believe the famed campus "cliques" were in action. This condition was generally attributed to the fact that houses with men running were backed solidly behind their candidates, and other houses were waiting for the results of the primary before backing a candidate as a group. The absence of politics because of the recently revised A. W. S. constitution eliminating the president's office was also advanced as a reason why the political factions were so quiet.

While no one candidate was rated as a high favorite, Lee, and either Morris or Goldwater were given best chances by speculators to survive the primary vote.

Entries in Library Contest Due April 18

Deadline for entries for the Armanco senior prize has been extended to April 18, Professor A. E. Hill, chairman of the judging committee, announced today.

Hill stated that the extension of time was granted to permit and to encourage more senior students to participate in the \$100 book contest.

"There seems to be an exaggerated notion among eligible students that the number of books submitted is the sole basis for judgment," Hill said. "It is only one of several points upon which the winning collection will be determined," he added.

Hill pointed out that quality and other elements are equally as important as the number of books, and that contestants should not hesitate to enter because of size of their collections.

All Business Staff ads must be in by Monday night at 7 o'clock.

Awards, Luncheon And Dance Feature Mackay Activities

Daughter of Mackay Guest At Luncheon; Adams Is Main Speaker

With the daughter of Clarence H. Mackay, Mrs. Kathryn Mackay O'Brien present students, faculty, and alumni celebrated the twenty-sixth annual Mackay Day last week-end.

Featuring the reading of a telegram from her father, in which he expressed regret at not being able to attend the celebration, Mrs. O'Brien told students that she felt greatly honored to be the special guest of the Mackay Day committee.

Announcement of the portrait of Mackay, donor of \$2,000,000 to the university, to be painted by Hans Kassel-Meyer, who is now in New York starting work on the picture, was made by Richard Taw, ASUN president.

Other Speakers

Other speakers at the luncheon included the Reverend Brewster Adams, Dean Maxwell Adams, Kathleen Meeks, Mackay Day queen, and Sarah Swett, toastmistress for the day.

Stressing the possibility of obtaining a new gymnasium, Adams said that the students should first start a donation fund, and then present the evidence of the fund to the legislature, asking their support in obtaining money for the building.

During the remainder of the luncheon, sorority and fraternity song contests were held and awards were made to students for various activities.

John Brackett, editor of the Sagebrush, presented trophies to a freshman and sophomore on the editorial staff and a freshman and sophomore on the advertising staff.

Trophies Given

Those receiving the awards were Jim DuPratt for freshman editorial work, Shirley Fuetsch for sophomore editorial work, Kathryn Dalzell for freshman advertising and Tony Yirberry for sophomore advertising.

Presentation of the Far Western Conference basketball trophy to the students of Nevada was made by J. E. Martie, head of the department of physical education, who stated that this was one of the best teams he had ever coached.

Italic "N's," band awards, men's and women's rifle awards and women's athletic awards were also presented at this time.

Culminating the two-day celebration was the costume dance held in the gymnasium in the evening, with Kathleen Meeks, Mackay Day queen, awarding prizes for the various contests held throughout the day.

Those winning trophies were Lambda Chi Alpha for the best work attendance, Kappa Alpha Theta for the best sorority song, Sigma Phi Sigma for the best fraternity song, Lambda Chi Alpha for the most beads and Delta Delta Delta for the best Mackay Day decorations for the dance.

Individual awards were given to Evelio Hernandez for the blackest beard, Lew Young for the reddest beard, Charles Whitham for the best beard, Lola Yvonne Stoddard for the best women's costume and Clinton McKinley for the best men's costume.

A sophomore-freshman field meet, including a greased pole race, three-legged race and a costume bicycle race, was held Saturday afternoon, with the freshmen winning the meet by a 4 to 3 score.

A kangaroo court was held Saturday, also, with punishment being meted out to those who did not appear on the campus in costume.

Smyth, Jackson Take Field Trip

Professor William I. Smyth of the Mackay School of Mines and Thomas A. Jackson, analyst of the United States Bureau of Mines, took a trip to Mill City and the Getchell mine last week-end to arrange for the meeting of the A. I. M. E. to be held at the "hello" habit.

Geological Meeting Called Success By Profs

"The geological meeting attended by a Nevada delegation at Stanford last week-end was one of the most successful in several years," Professor Harold Wheeler said today.

Professors V. P. Gianella, Harold Wheeler and Students Eugene Grutt, Martin Smythe and William Newbold attended. John Burgess, who was scheduled to speak before the convention, was unable to attend the meeting, Wheeler said.

A banquet, sponsored by the Le Conte Geological Club on Friday evening, was followed by a lecture by Dr. Elliot Blackwelder, head of the geological department at Stanford, who spoke on his recent trip to Egypt.

During the meeting, Professor Wheeler gave a talk that dealt with the relationships of land and sea in western United States at the close of the Paleozoic era. It was based upon rare fossils from the Sierra Nevada and the Humboldt range.

Professor Gianella spoke on the ore veins of Alpine County, California, dealing mainly with hubnerite. "Several papers of the eighty papers read were revolutionary from the point of view of the old standards of geology," Wheeler said.

Geologists and seismologists from most of the states west of the Rockies were there. Several members from the United States Geological Survey at Washington, D. C., and members of the other eastern institutions attended.

Sundial Selected As Graduation Gift

A sundial will be the gift of the '38 graduating class to the university, it was decided upon at a meeting of the senior gift committee last week, according to Russell McDonald, chairman.

The dial will be placed in front of the Haseman and Jones memorial bench by Manzanita Lake, and will be presented during the senior pilgrimage, McDonald said.

Members of the committee helping McDonald are Elizabeth Best, Georgia Cooper, Winifred Hiltonen, Kathryn McCleary, Jessie McClure, Alice Sauer, Walter Cain, Louis Carpenter, Dean Croft, Howard Evans, Max Jensen, Ed Pine, Prescott Wilson and Llewellyn Young.

Seven Students Make Snow Trip

Seven University of Nevada students and ski experts were included in snow survey crews which this week made what will possibly be the last survey of the year of the western Nevada watershed.

The university students who donned skis and ventured forth in search of the necessary data were Hal Lang, Dick Sauer, Ray Waltz, Don Fanning, Leo Foster, Frazier West and Pete Guisti.

"It is possible that further surveys will be made in May to determine the extent of the melting snow," Professor H. P. Boardman, head of the survey for this region, said yesterday.

According to Professor Boardman, the snowfall for this season has been exceptional, and the water content is unusually high.

In the event of the invention of a silencer that will completely silence the noise of an airplane motor, most of the equipment now in use for the detection of planes would be obsolete.

Band Trip Plans Definitely Dropped

Lack of Fund Necessitates Action of Post

Arrangements for the university band to go to Las Vegas for the annual arts and music festival held there April 21 to 23 are "definitely off," Professor T. H. Post, head of the music department and band director, announced today.

Lateness of the season and financial handicaps were attributed by Post for the calling off of the spring trip.

Barge Concert

The seventy bandsmen who were to have made the trip were to have been guests of the United States Government Park Service and plans had been laid for a concert to be given by the band from a barge on Lake Mead the afternoon of April 23.

Details of the trip called for three buses to carry the bandsmen to Las Vegas, while rooming accommodations were to have been provided by the festival association.

Elaborate preparations which had been made and which included a banquet and dance, as well as swimming and other entertainment, were called off.

Post, however, may continue rehearsal of concert music planned for the festival for other events, it was stated.

Senior Week Plans Near Completion This Week

A general outline of senior week was completed this week by the program committee, but dates and places will not be released until next week, Charles Doherty, chairman, said.

Senior week will begin with a banquet Monday night, May 2, for all graduating seniors, at which time programs will be distributed.

Events lined up at present for graduating seniors are the traditional Cap and Scroll tea for men and women, Sigma Alpha Epsilon tea for women, senior and faculty softball game, senior picnic and senior pilgrimage.

Assisting Doherty on the program committee are Bette Naismith, Frances Nichols, Margaret Turano, John Brackett, Leland Turner, Hal Lang, Don Leighton, Marvin Moler and Willis Dalzell.

Senior announcements will be in the Student Union building all next week from 1 to 4. Everyone wishing announcements must order them by next Friday, Chairman Doherty stated.

Senator Getchell To Award Eight Scholarships

Establishment of a \$300 annual scholarship for eight Lander county high school graduates attending the University of Nevada was announced this week by State Senator Noble H. Getchell.

The terms of the scholarships will provide for a full four-year term, with two students benefiting the first year, four the second, six the third and eight thereafter each year, with a total maximum annual scholarship contribution of \$2400.

The eight awards will be made annually at the graduation exercises of the Austin high school and the Battle Mountain high school to the worthiest members of each class of individual ability and need, who has not received another scholarship.

The committee selecting the winners will be made up of the principals of the two schools and the deputy superintendent of public instruction.

Week of Exams Will Be Given

A full week of examinations will be given at the end of next semester, according to a vote taken on this matter at a recent University of Nevada faculty meeting, Dean R. C. Thompson said this week.

Whether or not the examinations will be of two or three-hour length is undecided, and the details will be worked out by a committee.

It was decided that the tests would not be compulsory if the professor of the class deemed them unnecessary for that course. If the class does not take the examination, it will have to meet at the hour scheduled for the examination and be present as if the test were being given.

Hussman Elected Fine Arts Prexy

Margaret Hussman, junior student from Gardnerville, was elected president of the Fine Arts group at a meeting held at the Theta house this week, Peggy Gill, retiring president of the group, announced today.

Other officers elected are: Pat Meaker, vice-president; Maude Peterson, secretary, and Elizabeth Kollhoss, treasurer.

New members elected are Ruth Wiley, Aileen and Mary Mahoney, Betty Anderson, Marie Belz, Nellie Roseberry, Margaret Harrison, Isobel Fairhurst, Margaret Nash, Meta Hunter, Lola Frazer, Sue Hicks, Ruth Harris, Betty Grutt, Barbara McKenzie and Margaret Records.

The works now being exhibited by the group were obtained from the California Arts and Crafts Association at Berkeley. Included are sketches, water colors and oil paintings. Dorothy Kunsch is in charge of this exhibit, which will close on Wednesday, April 13.

Works of the state of Nevada will be shown next. This exhibit will be given by townspeople who have borrowed the Fine Arts room for the purpose.

Four horses, the Unexpected, Over Reach and Lady Golightly, all ran a dead heat for first in a field of five in 1855.

Chicken Chasers Riot Next Week

Annual Chicken Chase of the Sundowners, men's social group, will be held some time next week, according to an announcement made by Duncan Dorsey, president.

Other plans for the initiation of the neophytes will include several new events, which will remain secret until next week. The "Chase" will be held on the lawn off the tram, as usual. All initiates will be required to take part.

The Sundowners are also planning a regatta to be held on the lakes of Manzanita. Plans are as yet rather vague, but will be completed in the near future, Duncan said.

The new men to be initiated are: James McDonald, Henry Clayton, Charles Whitham and Edwin Olson, Sigma Phi Sigma; Lester Kitch, John Sala, Leonard Carpenter and Ray Garamendi; Lambda Chi Alpha; Dick Summerbell, Ed Pine and Peter Kelley, Alpha Tau Omega;

Sororities Vie in Spring Swim Meet At Moana Today

Gamma Phis, Pi Phis, Thetas Competing For Cup In Contest

The annual spring inter-sorority swim meet will be held this afternoon at Moana Hot Springs at 4 o'clock, with Pi Beta Phi, Gamma Phi Beta and Kappa Alpha Theta competing for the revolving trophy.

"There are several good swimmers on both the Pi Phi team and Gamma Phi team, and we expect competition to be keen between the two," Gene Wines, president of the Senior Life Saving Corps, said last week.

Pi Beta Phi won the meet last fall with 71 points. Gamma Phi Beta was second with 55 points.

Ruth Wiley, freshman member of Pi Phi, is expected to give a good showing. Verna Bullis, Pi Phi swimmer, will enter again this year.

Frances Smith of Gamma Phi Beta, assisted by Earlmund Baker, freshman, are expected to take several events for their team.

The cup in circulation at present must be won by the same house five times in order to be kept permanently. Kappa Alpha Theta has held it three times and Pi Beta Phi once.

All time records stand as follows: Emily Tholl, 45-yard free style, fall '36, 23 seconds; Emily Tholl, 45-yard racing back, fall '36, 29.1; Frances Smith, 45-yard racing breast, '34, 35.8 seconds; Emily Tholl, 90-yard free style, '36, 1 minute 30 seconds.

Events for the first part of the meet consist of the 45-yard free style, 45-yard breast, 45-yard racing back, 90-yard free style and 90-yard medley, which consists of the back stroke, side-overarm and free style. The second part of the meet will be devoted to form swimming.

In all events except the medley, ten points will be given for first place, five points for second place and three points for third place. In the medley, fifteen points will be given for first place, ten points for second place and five points for third place.

It will be necessary to have four entries for each event if three sets of points are given. If there are three entries, points for first and second places only will be given, and if there are two entries the winner only will receive points.

The campus Red Cross Life Saving Corps is in charge of the meet.

Judges will be Mr. Norman, Mr. Yohn, Mrs. Moore and Chester Scranton. Timekeepers will be Mrs. Mae Simas, Darrel Cain and Galen de Lngchamps. Starter will be Miriam Butler.

Changing their waffle feeds from breakfast to supper, the first waffle supper sponsored by the Y. W. C. A. will be held at the Pi Phi house Sunday from 5 to 8.

YW Waffle Supper Is Planned For Sunday

Because the breakfasts were so successful, Y. W. decided to try supper and give the students chance to spend the entire day in the open. Entertainment will be furnished by students and will include piano solos and vocal selections.

In charge of the affair are: Sue Hicks and Kay Dalzell. Assisting them are: Anne Johnson, June Adams, Inabelle Jarvis, Romietta Ward, Betty Johnson and Barbara Fulstone.

Plans are being made to have a supper party in honor of the seniors. This will be held in place of the regular meeting on April 19 at Artemisia Hall. It will include a general get-together for all members. Working on the committee are: Mary Kornmeyer, Eileen Smith, Thelma Crosby, Dorothy Radcliffe, Nellie Roseberry and Virginia Snow.

The cabinet retreat will be held at Lake Tahoe the first week-end of next semester, it was decided this week. Miss Eva Adams and Mrs. Mae Simas will accompany the cabinet members to the lake, where they will outline the activities for the semester.

With The Wolfettes

By LOUISE LEONARD

Dan Rainier has been asked to show pictures at the next meeting of the senior life saving corps April 20, Gene Wines, president of the group, said last week.

Where the meeting will be held has not been decided upon. Peggy Gill and Betty Brannin have charge of the arrangements.

Twenty-four men and women are working for their senior life saving certificates.

Mrs. Mae Simas, W. A. A. faculty advisor, is coaching the following women: Betty McCormick, Mary Fox, Romie Pine, Mary Stott, Roberta Bowers, Earlmund Baker, Eleanor DuPratt, Ruth Wiley, Patricia Swan and Sada Haller. Helen Westall and Mary Arentz have already passed their tests and are assisting Mrs. Simas in coaching.

Ben Cardinal, Darrell Cain and Galen de Longchamps are coaching Grant Anderson, Dana David, Harry Dawson, Richard Edwards, David Hartman, Robert Lowry, Tom Menzies, Don Purdy, Bill Richter, Walter Schmidt, Walter Wanke and Robert Worts.

Interest is running high among Gamma Phi Beta, Kappa Alpha Theta and Pi Beta Phi members with the annual spring inter-sorority swim meet taking place this afternoon.

Gamma Phi and Pi Phi seem to be favorites in regard to the outcome.

All students on the campus are urged by Gene Wines, president of the Senior Life Saving Corps, to attend the meet.

Students attending will be charged 10 cents.

FASHION TIPS

By JANE FRISBIE

Formals and such are still the important thing, and they will be until graduation day!

Generally we know "what" to wear, and we know that our date deserves special consideration for planning a special evening.

Don't keep him waiting for hours on end while you pin the same curl in place twenty times. Remember the poor lad is probably uncomfortable in his tux, anyway, and waiting won't increase his already rapidly decreasing joie de vivre!

Be ready on time, and don't forget to be just a little more considerate than usual all evening—then don't forget to make some remark about what a splendid time you've had. That's so easy to do, and it is so important, and we've heard a number of the boys say that so few do it!

To the boys, we say: Compliment her on her dress, or her coiffure, or better still, tell her that she's beautiful—even if she stutters, has freckles and maybe even a few teeth missing (there are a few lads who choose 'em on the basis of personality alone). You'll have to give her credit for trying, and a white lie of that sort will do wonders!

Back to the girls: Don't forget a touch of perfume, an extra special handkerchief (nothing looks worse than a flowered sport handkerchief covering a sneeze), and don't wear evening slippers that pinch or rub. Your smile and your temper will be strained, and you'll have a very inferior time!

Above all, have an extra special good time. Even if he's a blind date or a substitute for the One and Only!

If it will make you feel any better, that One and Only stuff is a romantic fallacy—there are any number who can bring that love-light into your eyes and make you sparkle with plenty of that glad-to-be-alive enthusiasm—not that we don't approve of the One and Only idea. We think it's swell!

Let yourself go (lady-like abandonment, of course), and be very, very gay!

Miller Postpones Final Production

"Many Interruptions" Given As Reason For Action

"The Tavern," George M. Cohan's comedy, which was to be presented by the University Play Productions group April 19, 20 and 21, has been postponed until next semester, according to Director William C. Miller.

In a statement issued the first of this week, Miller said: "The play will be postponed, due to the many interruptions during the rest of the semester."

This announcement comes after the play had gone into its third week of rehearsals. The cast was completed and some work on the part of the production staff had been done.

Faculty Visit Mining Camp

Professor W. S. Palmer of the Mackay School of Mines and Captain Henry Isbell of the military department visited Silver Peak mining camp, twenty-two miles west of Goldfield, over the week-end.

According to Professor Palmer, there are now about 700 people in the camp working a number of properties. He states that it is probably the most active mining camp in Nevada at the present time.

Sagens to Banquet Graduates and Initiates

Sagens, women's pep organization, will honor graduating seniors of the group and also hold initiation for newly elected members of the organization at a dinner meeting April 21.

A place for the dinner has not been decided upon as yet, but the Colombo Hotel has been suggested as the site for the banquet. Initiation ceremonies and entertainment will be in charge of June Bradbury.

All Sagen members will appear on the campus in uniform on April 20, and newly elected women will be required to wear costumes as a part of their initiation.

Five seniors of the organization are prospective graduates and one member of the group has resigned. Their places will be filled by the newly elected members.

AWS Meeting Will Be Held in Spring

The "Big Sister" committee will be announced and the service roll will be signed at the last meeting of AWS to be held near the last of this month, Bette Naismith, AWS president, announced today.

The "Big Sister" committee, composed of upperclass women, helps the freshmen girls register in the fall. The members are chosen by the executive committee of the senate the day before the AWS meeting.

The service roll is signed by the women who have been of outstanding service to the university for the past year. The executive committee also selects those who will sign on the service roll book.

Women's Honorary To Hold Banquet

A formal banquet and initiation for new Cap and Scroll members will be held April 20, according to Winifred Hiltonen, president.

Those recently elected into the organization are Eunice Beckley, Gamma Phi Beta; Charlotte Caton, Pi Beta Phi; Gertrude Polander, Pi Beta Phi, and Betty Kornmeyer, Delta Delta Delta.

Alumni, Dr. J. E. Church, Dean Margaret E. Mack and Miss Eva Adams will be invited to attend the banquet. Norma Anderson is in charge of the affair.

Election of officers for the coming year will take place at the gathering and they will assume their official duties at that time.

Cap and Scroll is the highest women's honorary society on the campus. Requirements are high scholarship, leadership in one activity and prominence in two others.

Former Students Visit On Mackay Day

Two former students of the Mackay School of Mines who have been working in the Philippine Islands visited the campus on Mackay Day.

John Swearingen withdrew from the school of mines and went to work for a mining company in the Philippine Islands a year ago. He plans to resume studies at the university next semester.

N. J. Ericson, '30, also visited with B. F. Couch of the school of mines. After graduating from the Mackay School of Mines, Ericson was in South America two years and from there proceeded to the Philippine Islands. He is now consulting engineer and geologist for several of the large mining companies in the Philippines.

ELECTION OF MANAGERS

Of the various classes by ballot along with the regular ASUN elections, was conceived early this semester in an attempt to abolish campus politics from the class manager elections. Despite the elaborate plans of the designers of the proposal, politicians almost scored a scoop this week when the meetings were held for the nominations of the class managers for the next year.

Attempts to railroad their own candidate through and to "freeze out" any other possible nominees were plainly made at the meetings when only two or three nominations would be made and then the presiding officer would allow the nominations to be closed.

This is but another example of the methods that have been used on this campus probably as long as there have been student body elections. The nominations of the class managers are governed by the same regulations as those of the student body heads. If the ASUN prexy had not nipped the plan in the bud and held the nominations open until this morning, the whole proposal would have been superfluous and the student body would have been but incurring an additional expense in holding the class elections in such a manner.

It seems to this corner that when such a plan is broached and plans made for it to be carried out, that such people who are directly influenced by it have a duty to find out the complete details of the plan. When they do not, unfortunate situations generally arise which are detrimental not only to the participants, but to the whole school.

CONGRATULATIONS

Seem to be in order for the way that the kangaroo court was conducted during the recent Mackay Day celebration. It seemed to observers that this court did more to bolster the enthusiasm of the celebration than did the whole celebration itself.

The court tried and punished a great number of students who refused to enter into the spirit of the occasion, and the Sagebrush believes that traditions were more strengthened by this action than they have been by any other method this year. Perhaps it would be well if the two upperclass discipline groups would adopt the same tactics.

THE BEST SOLUTION

To the present parking problem at the university was offered by the upperclass committee this week.

The methods of parking at the campus and the chains across the main drive of the university have been condemned as unsafe by the city fire department. The men's committee has come forward with the suggestion and has been working on the plan to allow students to park in specified places on the campus. The road in front of Lincoln Hall may be widened and spaces in front of the gymnasium and by the engineering building may be graveled to avoid the mud hazard.

It is the suggestion of the men's upperclass committee that the student body incorporate another tradition into its midst by making a distinction of spots where underclassmen and upperclassmen can park. Cars will not be allowed to park anywhere else upon the campus besides at these specified spaces.

With the chains down and the added parking space, the above proposal will do much to relieve the situation, if the upperclass committee will do its part in maintaining the tradition. A lax committee would only result in a worse chaos than there is at present.

THE INTERFRATERNITY COUNCIL

Last week voted to abolish favors from all fraternity functions. It is too bad that this action wasn't taken several years ago. There is no real reason why a fraternity should have favors at a dance except perhaps to entice the opposite sex to attend. Students attending the University of Nevada have a hard enough time keeping up running expenses without incurring an additional expense for a gaudy bauble which will probably be tucked away in a hopechest to be shown to the grandchildren or the boy friend.

LETTERS To The Editor

To the Editor:
 I'm disgusted! Never in my life have I seen so much cheating going on in examinations. Books in laps, notes on sheets of paper, whispered answers, all form leaning posts for the spineless individuals who need support in order to keep from falling flat on their faces.

Cheating is anti-social and puts an inaccurate slant on the grading scale. The student who gets a 70 honestly is rated lower than the cheater who proudly displays an 85 or 90. The professor at the end of the term will give the 70 student a 2.5 perhaps and the 85 or 90 student a 1.5, depending upon the mass grades.

Students who cheat are inconsiderate and dishonest. They violate the very purpose of a test, which is primarily to show the instructor the weak spots in student knowledge so that he can better teach and enlighten them. If all the students cheat and get a good grade, the professor doesn't know where he needs to accent the beat or skip a few. Of course, there are a few students in every class who wouldn't cheat, but they are decidedly in the minority. Their grades do not often reflect their true ranking in the class, and as long as there is a grading system, the fact is to be lamented.

The college diploma has come to mean four years of successful plagiarizing on the sly!

Honor to most students is a word under the H's in Webster, and if asked what the word meant, one would see fifty per cent copying old Noah's words to the letter!

It's better to have a crude or wrong idea than NO idea at all. This situation is ROTTEN, and I OBJECT!

SOPHOMORE.

To the Editor:

Gothic N, women's athletic honorary, recognizes that the Sagebrush has given time and space to W. A. A. and the women's physical education department, and it appreciates the fine work and spirit of the Sagebrush.

We, the members of Gothic N, wish to correct the statement that appeared in a letter to the editor in last week's Sagebrush. It was stated that the head of the women's physical education department refused to allow the names of candidates for Gothic N to be published in the Mackay Day edition of the Sagebrush when she had absolutely nothing to do with the organization.

It has been the tradition of the organization to announce its new members on Mackay Day. This tradition has been in effect since 1920, and only once during that time have the names been known before. Last year the names were printed without the consent of the whole group. This year the group unanimously agreed to preserve this tradition, and Miss Sameth, as an honorary member, had a perfect right to express her opinion on such a matter.

We would be perfectly willing to give the names of our candidates to the paper if we were assured the paper would not be given out until the luncheon on Mackay Day, and we made such fact known to the reporter who asked us for the story.

We regret any hard feelings that may have been caused by our decision, but we feel that such a long-standing tradition should be considered.

FRANCES SMITH,
 President Gothic N. Society.

Goodner to Give Camera Club Talk

Ned Westover, president of the Camera Club, made tentative plans this week with W. F. Goodner, Reno photographer, for a lecture to be given by Goodner to the club early this month.

Goodner will hold a round table discussion on portrait photography and will exhibit some of his portraits, Westover said.

Camera Club members plan to show more of their work at the next fine arts exhibit to be given in April. Bill Mitchell, Fred Galloway, Ned Westover and Walter Lebenstein and perhaps other members of the club will exhibit original pictures. These solon prints will be on campus scenes and shots of scenic spots near Reno.

A picture on photographic pictorialism will be given by Robert Grenig during the last week in April, Secretary Lobenstein said. Grenig will emphasize picture composition, arrangement of subject and shading. The lecture will be illustrated by slides.

Students Appear In Theater Play

Appearing in "Romance," current production of the Reno Little Theater, are Jack Morse and Ben Moore, students at the University of Nevada.

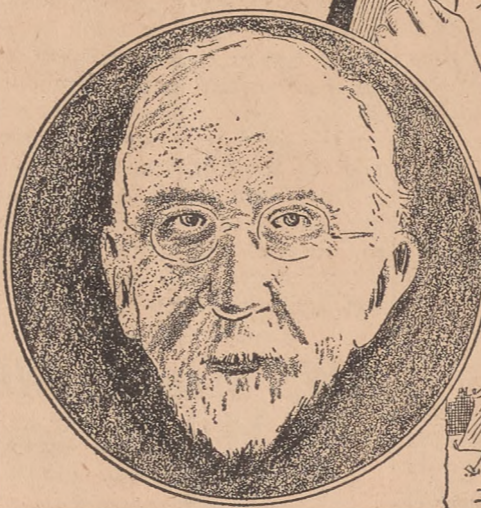

The play, which will be presented on April 8 and 9, is being directed by Edwin Semenza, former university student and one-time editor of the Artemisia.

Morse recently won first prize in the Little Theater's state-wide one-act play contest.

Senior Sketches

BETTE NAISMITH
 This week, boys and girls, we bring to you a brief college-life sketch of the gal behind the gavel in those rare AWS meetings.

She represents the last of the Mohicans or something. Anyhoo, since the wheels of law revisions have been going round and round, there will be no more AWS prexies. Thus, when we bid adieu to Naismith, we do likewise to the AWS office.

Coming from her home in the hills of Tonopah, Bette, registered at Nevada, pledged Gamma Phi Beta, moved into the house and has been doing her bit to keep things moving for the gals in her chosen Greek domicile.

WAA was the first activity on the campus to catch Bette's fancy, and from her preliminary sports training there she meandered into the rifle barracks, where she quickly made a mark for herself, thus becoming manager of the sport in her junior year.

She has worked on the Artemisia staff, and has been a member of the Press Club, Fine Arts and YWCA.

This, her senior year, has been the busiest of all. She has served a term in the senate, has been a mem-

ber of the various constitution revision committees, and vice-president of the senate and the ASUN.

And now with senior week just a picnic or two away, this little gal is preparing to close up her minute books, pick up her gavel, reach for her sheepskin and be off.

She has tried to convince us that she intends to be a schoolmarm, but I have a wooden nickel that says she will be changing her name before very long—get it?

A new glass, made of two layers of glass with a layer of dry air sealed between them, is sometimes used in windows and doors to provide insulation and to reduce or prevent moisture or frost formation.

Spring Concert Set For May 1

Beginning the celebration of national music week in Reno, the spring concert date has been definitely set for May 1. It will be held in the Civic Auditorium Sunday afternoon, Professor T. H. Post said.

The program will include the Oratorio, Brahms' "Requiem," varied numbers by the orchestra and secular chorus numbers.

Certain numbers will be used as special numbers at both baccalaureate and graduation exercises. One number which will be featured at all three occasions will be the new "Sagebrush Hymn," with words by Captain Henry Wyatt Isbell and music by Professor T. H. Post. "This song has received many favorable comments in private hearings," Post said.

The groups participating in the concert are a continuation of the groups first united in giving the "Messiah" last December. They include: University Community Orchestra, Community Choral Society, Campus Choral Club, the University Singers. There will be a total number of about one hundred and fifty people participating.

Get the "hello" habit.

Senate Approves Constitution Change

An additional change in the A. S. U. N. constitution was made by the constitutional committee last week and approved by the Senate. This amendment will be voted on with the rest of the constitution at the time A. S. U. N. officers are voted on.

Division II, article 5 (Artemisia), section 1, to read:

(1) The only exception to the above shall be when there is only one tryee for the position concerned. The clause shall then read: Upperclass standing as contained in section 1-a and section 1-b shall be defined as the minimum number of hours required for junior standing in the particular college in which any individual is registered.

By CLARENCE HECKETHORN
Intramural baseball has made its appearance on the university campus for the first week of a full month's season...

The S. A. E.'s were the dealers of one of the most drastic baseball defeats in intramural history Wednesday when they trounced Lincoln Hall, 30 to 1...

Lambda Chi Alpha dealt a similar beating to Beta Kappa Tuesday by dishing out a 16 to 0 defeat at the end of one inning. Lambda Chi's four home runs and several two and three base hits either proved that Lambda Chi is exceptionally strong in batting or Beta Kappa is weak in pitching...

Sigma Nu broke a jinx of some eight years when it pounded out a 6 to 3 victory over Alpha Tau Omega Tuesday. Whether basketball, baseball or track, Sigma Nu has always dreaded the meet with A. T. O. The Taus have dropped Sigma Nu in every baseball meet for the past several years...

Wrestlers Defeated At San Francisco Tourney
The University of Nevada wrestling team last night drew a blank in their first test of intercollegiate competition, when the five members of the team were all defeated in the first round of matches.

A recent analysis of the pitching material would put Kinneberg, independent chucker, in top place. Should the "Barbs" round out a team that could support Kinneberg, the Independents would be a hard team to beat.

Eddy Kuhlman and his Nevada wrestlers left Wednesday for a two-day meet in San Francisco this week. Win, lose or draw, we must tip our hat to a group that has withstood all obstacles in the path of a foray into the bay region.

Eligibility is Head Track Coach Jim Coleman's greatest worry. John Sala is capable of tossing the discus 132 feet in daily togs, but when the tracksters leave for Chico Saturday Sala will be in Reno; his trouble is scholarship. George Friedhoff cleared six feet in the high jump Wednesday afternoon, but he, too, is a victim of ineligibility.

Frosh prospects are good. All-star John Polish is heaving the javelin around 175 feet consistently in practice and Duncan can do nearly as good. John Fulton has been making around five eleven and six feet constantly in high jumping.

Favorites for the interfraternity track meet Tuesday consist of Sigma Nu, Alpha Tau Omega and Sigma Alpha Epsilon. Sigma Nu is depending on places by Rhoades, Cameron, McMullen and Griswold, while the Tau power is vested in John Polish and S. A. E.'s potentiality in Milt Parsons.

Engineering Jobs Given to Seniors

Ed Pine and Hal Lang, both senior engineering students, were this week placed in positions with the Columbia Steel and Ingersoll Rand companies.

Ed Pine will probably be located in Pittsburg, California, where the Columbia Steel Company will employ him in detailing reinforced concrete design.

Four Inter-Frat Teams Hold Top Positions As Baseball Ends First Week on Campus

Four interfraternity baseball teams remained undefeated Thursday with the first week of a full month's annual season of baseball completed tonight.

Sigma Alpha Epsilon, Lambda Chi Alpha, Sigma Phi Sigma and the Independents are all tied for first place running, with each having 1000 per cent in games played.

Sigma Nu felt defeat Thursday night after playing six hectic innings with Sigma Phi Sigma by a score of 15 to 11 after defeating their traditional masters, Alpha Tau Omega, 8 to 6, Tuesday. The contest revealed a new prospect for the Sigma Phis when Marvin Linson took over the pitching and finished the game with eleven strikeouts and seven hits. Errors were plentiful on the Sigma Nu side and SN was at the short end of the score throughout.

Most Impressive
The most impressive game of the week was the Alpha Tau Omega-Lambda Chi Alpha contest played Thursday, which gave Lambda Chi a 11 to 5 victory. The Taus went into the game without Basta or Thompson, who were suffering injuries, and Earl Smith was hand-capped with a sore hand. Cain's fast and curved ball was too much for the Tau hitters and the Lambda Chi chucker left the field with thirteen strikeouts and ten hits. Herick, A. T. O. pitcher, had a good record with nine strikeouts and nine hits.

Wednesday, the "Barbs" chalked up their second straight win by beating Phi Sigma Kappa, 7 to 3. Kinneberg, independent pitcher, used fast balls and drops and was fairly well supported in the field, while Phi Sigs' Mayer showed good control, but was poorly supported by his teammates.

The Idlewild field was the setting for one of the greatest defeats in intramural history, when Sigma Alpha Epsilon trounced Lincoln Hall 30 to 1 in five innings. The Hall's pitchers, Esola and Kulhan, showed inexperience in pitching and the S. A. E.'s had little trouble in getting hits.

Another one-sided game was played off Tuesday when Lambda Chi took Beta Kappa, 16 to 0, in one inning. Cobega copped two home runs, Azarez one and Cain one, and several other Lambda Chis took two and three baggers from the Beta Kappa pitchers, Cleary and McIntyre.

Sigma Nu pulled an upset and downed A. T. O. Tuesday, 6 to 3, with Farris and Campbell both making homers. The season was officially opened Monday, with S. A. E. defeating Phi Sigma Kappa, 14 to 7, and Sigma Phi Sigma dropping Lincoln Hall 9 to 5.

Wrestlers Defeated At San Francisco Tourney

The University of Nevada wrestling team last night drew a blank in their first test of intercollegiate competition, when the five members of the team were all defeated in the first round of matches.

In the first round, Winglem, San Jose, 155, defeated Joe Moore; Hughes, San Jose, 126, defeated Hugh Huebner; Enos, California, 155, defeated Nissen; and Benson, California, 165, defeated Ted Oxboro.

During the preliminary matches, University of California qualified seven men, San Jose State and UCLA three each.

Other colleges entering the meet are Stanford, Whittier State, California Aggies and San Francisco State.

More than 17,585,000,000 postage stamps were issued last year by the United States.

Frosh Reserve Strength Is Strong; Team Conceded Easy Victory
Local track enthusiasts will be treated to the first meet of the season when the U. of N. Frosh play hosts to teams from Hawthorne, Lassen J. C., Sparks and Reno in a four-cornered track and field meet on Mackay Field tomorrow, starting at 1:30 p. m.

Sparkling with last year's crop of high school track stars, the yearlings are conceded an easy victory over the opposition. Led by last year's high school sensation, John Polish, who will enter four events, the frosh will have a well-balanced squad, with plenty of reserves in every event, as thirty-six tracksters have given notice of participating under freshmen colors.

Coach Absent
In the absence of Track Coach Jim Coleman, who will be at Chico with his varsity team, the meet will be under the supervision of Herb Foster, Reno high coach, and Doc Martie.

Nucleus of the first team will be made up of John Polish, John Lemich, Mitch Cobega, Joe Giomi, Emery Conaway, John Willard, Don Kemp and Geno Questa.

Men who will probably participate in the meet are: 100-yard dash—Geno Questa, Emery Conaway, Jarrel Perkins, John Rogers, Albert Collier; 220-yard dash—Jim Griswold, Emery Conaway, Frank Mills, Albert Collier, George Oshima, John Fisk; 440-yard dash—Elwin Triger, John Willard, John Rogers, George Oshima, Sam Morehouse; 880-yard dash—Joe Giomi and John Willard; mile—Joe Giomi.

Broadjump—Mitch Cobega, John Polish, Geno Questa, Emery Conaway.

Interfrat Meet Held Next Week

Polish, Parsons, Cameron To Be "Iron Men"
"King" Baseball will step out of the frat spotlight next week when the annual interfrat track meet will be run off Tuesday afternoon.

Originally scheduled for last Saturday, but postponed because of bad weather, the meet is being held on a week-day so as not to interfere with varsity track schedule.

"Iron" Men
All indications point to a wild scramble for first place honors between ATO, SAE and SN, with Polish doing the "iron man" work for the Taus, Parsons for the SAE's and Cameron for the Buckingham Palace boys.

Tau track men are plentiful, and way, Nick Evasovic, Jarrel Perkins and Elwin Triger; discus—John Polish, George Basta, John Lemich, Jarrel Perkins, Don Kemp, Jack Prker, Dick Smith and Dale Miller; shotput—John Polish, Jarrel Perkins, Don Kemp, Jack Parker, Dick Smith and Dale Miller; javelin—John Polish, John Lemich, Elwin Triger, R. P. Duncan; high jump—Mitch Cobega, John Fulton, John King; pole vault—Mitch Cobega, Geno Questa; low hurdles—Jim Griswold, Frank Mills; high hurdles—Jim Griswold, John Fulton and John King.

ROSS-BURKE CO. Reno Member National Selected Morticians Phone 4154 101 W. 4th St.

The University's Barber Shop Is THE WALDORF For the Man Who Cares 144 N. VIRGINIA ST. Art Nelson

A. T. O. should be able to enter men in almost every event. Etchemendy, veteran distance man, shows possibilities in the mile and two-mile. Polish in the dashes, jumps, weights and javelin. The Conaway brothers are threats in the dashes, as is Triger in the quarter-mile.

Sigma Alpha Epsilon points to Parsons for points in a decathlon. Shepley comes with a high school record and Peccole shows prospects in practice.

Rhoades is Sigma Nu's bet in the 100 and broad jump; Cameron a favorite in the high hurdles, high jump and 220 and Griswold, McCulloch, DuPratt and Fulton in other events.

For Lambda Chi there are Cobega, Ham and Waite. Carpenter, winner of the high hurdles in last year's interfraternity meet, has not been reporting for practice.

Track is one of the major sports of the intramural program. One hundred points go to the winning team toward the Kinneberg revolving trophy, in addition to the track championship cup.

Ski Team Enters Final Meet Sunday

With the season almost over, the University of Nevada ski team will enter in its last meet of the year Sunday, when the team will take part in a contest sponsored by the Tahoe Ski Club. The meet will be held on Olympic Hill, near Tahoe City.

Team members who will compete are: Jack Starrat, Carl Bechdolt, Jim Worden, Wayne Poulsen and Earl Edmunds. Jumping and slalom are the only events which will be held, according to Earl Edmunds, team member.

The meet will be featured by the exhibition skiing of Sig and Olaf Ulland, internationally known skiers.

An annual event in Calcutta is known as the Noah's Ark race; the competitors on one occasion were a goat, a horse and an elephant.

Wolf Pack Track Team Opens '38 Season at Chico Tomorrow

The '38 track season will get into full swing tomorrow afternoon when the Nevada Wolves tangle with the Chico Wildcats on the Chico oval.

With a smashing win over COP in a dual meet last week to their credit, the Wildcats are conceded as easy victors over the Nevada tracksters, who so far have been able to do very little serious training because of the bad weather.

Key Man

Key man in the Nevada hopes for victory is Walt Powers, fleet Wolf sprint star. Powers was clocked this week in an easy 9.9 century, but he will meet serious opposition in the person of Bennie Reems, Chico sprinter, who is reported to have turned in an official 9.7 century. His time in the Chico inter-class meet, however, was 10 flat.

Running mates to Powers in the dashes will be Jack Rhoades and Kenny Day, both of whom are expected to place in the broad jump. In practice this week, each made a 22-foot 9-inch jump.

In the hurdles, Nevada will be represented by Powers and Sam McMullen.

Untried Men

Three untried men—Tom Horgan, Lowell Hillygus and John Barber—will line up for the quarter mile against Chico's Dallas, Holland and Garner.

Little Ernie Rodriguez will wear the Nevada colors in the 880 against Kostiz, Wildcat half-miler, who is reported to have accomplished a 2.02 race already this season.

In the mile and two mile race, Barrett, Moler and Mastriani should show easily in the scoring column. Barrett has a 5.02 mile and a 10.21 two mile to his credit during practice sessions.

Tough Opposition

Nevada will meet its toughest opposition in the field events with Chico's trio of Hoffman, Campbell and Bragdon expected to rule over the Wolf field men. Hoffman won the javelin throw against COP last week with a heave of 188 feet.

In the high jump, Nevada will have Bob Cameron and Ferron Bunker. Both are consistent 5-foot-10-inch jumpers. Cameron will also compete in the pole vault with Paul Aznarez, and in the discus throw with Ray Garamendi. Day, Bunker, Galloway and Garamendi will enter the javelin throw. Del Stewart and Walt Powers will do the shot-putting.

The relay team has not as yet been selected, but will probably include Powers, Horgan, Rodriguez and Hilligus.

Nevada will enter the meet uncertain in every department. Bad weather has prevented trials in most events, and up until this week hardly any practice has been held. Nevertheless, Coleman is highly optimistic concerning the outcome of the meet, as it was reported they are having the same weather trouble.

PFL Will Open

(Continued from Page One)

Officers of the league are: President, Robert Griffin of Nevada; vice-president, Professor John W. Ackley of Whitman College; secretary-treasurer, Professor Albert L. Franke of the University of Washington.

The complete schedule for the tournament is:

Monday, April 11

8:30 a. m.—Registration in the education auditorium.

9:00—General assembly. Address by the Hon. Silas E. Ross, chairman of the Board of Regents of the University of Nevada.

9:45—First round symposium (headquarters of the tourney in room 107 of the Hall of English).

11:00—Second round symposium.

3:00—Preliminary oratorical contests in the education auditorium and Mackay Science auditorium.

8:00—Final oratorical contest. Douglas Dashiell, university football coach and instructor in public speaking, will preside. Music by the University Singers, under the direction of Professor T. H. Post.

Tuesday, April 12

9:00 a. m.—Third round symposium.

10:00—Discussion of symposium in the education auditorium.

1:15—Drawing of topics for preliminary extempore speaking contest in Hall of English.

2:30—Preliminary extempore contest in education auditorium and Mackay Science auditorium.

7:00—Drawing of topics for final extempore speaking contests.

8:15—Final extempore contests in the auditoriums. Music under the direction of Reuben C. Tuttle.

Wednesday, April 13

8:45—General business meeting, elections, discussion.

1:00—All afternoon recreation for delegates.

6:00—Banquet and after-dinner contest at the Golden Hotel dining room. Vocal solo by Mrs. Ethel Frost, accompanied by Mrs. Robert S. Griffin.

Mining Convention Postponed Until Fall

Coming as a disappointment to the mining department is the announcement that the meeting of the American Institute of Mining and Metallurgical Engineers has been postponed until fall and will not be held as scheduled in Ely on April 9.

Coach Coleman

Artemisia to Contain Pictures of Everyone

An attempt has been made by the editor and staff of the '38 Artemisia to have a picture of every student on the campus in this year's book, either in the photo section, group pictures or individual settings. Heads of the departments have not been forgotten, and a picture of every professor heading a department will also appear in the book.

Over 50,000 words will appear on the 232 pages included in the annual, on which ten different borders are used. Writings total 200 pages; advertising, 37; cuts, 350, and Goodner's pictures of different students over 800.

Several sections of the yearbook have been sent to the printers and engravers, with the remainder being sent out next week, Sam Wilsoff, editor, said. The annuals will be distributed on the campus during senior week.

Students to Give Mackay Portrait

Painting Will Probably Be Ready By Commencement

A portrait of Clarence H. Mackay, who endowed the University of Nevada, will be presented to the institution as a gift from the students who are members of the A. S. U. N. This year, it was announced at the Mackay Day luncheon last Saturday.

Money will be taken from the treasury of the A. S. U. N. to finance the painting, Richard L. Taw, president of the student group, stated.

Professor Hans W. Meyer-Kassel, artist of nation-wide prominence, who now makes his residence in Reno, will do the portrait, and he is now in New York for that purpose.

According to an agreement made last fall, Mr. Mackay will have sittings for the painting during the first two weeks of April, and the picture will be finished by the last of April so it may be placed on display during commencement week.

According to the tentative plans, the portrait may be hung in the Mackay School of Mines building. It will be placed in a hand-carved wood frame.

Meyer-Kassel recently completed several paintings of the past presidents of the university, which were presented to the students at a ceremony last month.

Before leaving for New York last month, Meyer-Kassel made this statement: "I am very much honored by having the commission for the painting of this portrait, and I think it is a marvelous thing for the University of Nevada. It is a fine way for the students to show their appreciation for what Mackay has done."

Where would the college boy be without the double socket and the extension cord?

'Tennis Prospects Gloomy'--Scranton

Cold weather has again stuck its finger in the pie, and because of it, prospects for a successful tennis season for Nevada look pretty dark, Chet Scranton, coach, said this week.

Twelve men signed up for the minor sport, but there have been so much snow and windy weather it has been impossible to get in more than five or six practices.

Play in the ladder tournament, which is being held to determine the seedings of the men out for the sport, has been pretty slow, but Scranton hopes to have the tourney finished some time next week. Six men will be chosen to play on the varsity squad.

Only two members of last year's team are signed up for the 1938 outfit, and they will be the mainstays for this year.

Frank Goodner was a letterman last year, and Robert Leaver just missed earning his sweater.

Of the men who didn't play for the university last year, Gene Petersen looks to be the most promising racquet wielder. In the original rankings, he was ranked fourth, but in the past few weeks he has moved up to the top spot in the ladder.

Scranton, who is coaching his fifth varsity team at Nevada, said that the loss of Herz, Leone and Bawden, members of last year's varsity, will be keenly felt when the squad goes into action against Fresno on April 23 in the Raisin City.

Nevada will meet the Cal Aggies here on April 30, and will journey to Davis on May 7 to compete in the Far Western conference meet, which is being held in conjunction with the conference track meet.

The men who are signed up for the ladder tourney are: Goodner,

Formals Numerous On Remainder of Calendar

Looming as a highlight for the students in the social calendar for the rest of the semester is the Easter vacation on April 14, 15, 16 and 17. Formal dances and senior week constitute the minor part of the rest of the social schedule.

April 8—Lincoln Hall formal, Phi Sigma Kappa and Sigma Phi Sigma.

April 9—Field meet, dance play day, Beta Kappa, Pi Beta Phi formal.

April 10—S. A. E. mother's tea.

April 11, 12, 13—Future Farmers of America and Pacific Forensic League.

April 14, 15, 16, 17—Easter recess.

April 21—Normal Club banquet.

April 22—Gamma Phi Beta formal, Delta Delta Delta, Sigma Alpha Epsilon, dance at chapel from 4 to 6.

April 23—Sigma Nu formal, Beta Sigma Omicron, Manzanita Hall formal.

April 29—Delta Delta Delta, Pi Beta Phi.

Frosh Take Victory In Field Day

The revived underclass field day held Saturday afternoon on Mackay Field found the freshmen winners by a four to three score.

Bowling, the first event, was given by the sophomores, with Ed Beaupt, second year man, taking individual scoring honors. The tug-of-war was chalked up to the frosh in about ten seconds of tugging.

April 30—Lambda Chi formal, Alpha Tau Omega.

May 2 to 6—Senior week.

May 6—Senior ball.

May 7—Phi Kappa Phi banquet, Kappa Alpha Theta formal.

May 8—Baccalaureate.

May 9—Commencement.
