

# THE U. of N. SAGEBRUSH

## Tough Series Seen; Pack Opens Season Against S. F. Five

State Defeated Wolves Two Straight Games Last Cage Season

Nevada's Wolf Pack, basketball champions of the Far Western Conference, will meet San Francisco State tonight and tomorrow night at 8 o'clock in the university gym in what appears to be the toughest series on the Pack's schedule.

Because of the impressive record made by the Staters in games played this year and, because Nevada will start only three experienced men, critics pick the visitors in both contests.

Etchemendy, forward; Radovich, center, and Harris, guard, will be the only starters on Nevada's roster with previous varsity training. Cobega, the other forward, showed good in last year's frosh team and played outstanding ball during the recent intramural tourney. Olsen, guard, is a star from the 1937 junior varsity and has been showing good on defense and scrapping ability in recent scrimmages.

### Wolf Pack Starters

J. E. "Doc" Martie, Nevada coach, will start Cobega over Thompson, a letterman from last year, in an effort to offset the fast offense and fast break of the San Francisco Gaters. Also Cobega has proved himself a more accurate shooter than Thompson. Thus, with the combination of Etchemendy and Cobega at forwards, Radovich, center, and Olsen and Harris as guards, Martie hopes to match Dan Farmer's Gaters with speed and scoring ability.

Farmer will start Tom Collingwood for center, Dave Kerwin and Bill Plutte for guards, and Bill Hammond and Joe Sanz forwards.

It is this combination which has been largely responsible for the State's nine straight victories. Most notable of its wins are those over the Frisco Y. M. I. and Olympic Club. In nine contests the Gaters have averaged 52 points a game. Collingwood is the man the Wolves will have to watch; he has scored a total of 121 points this season. Kerwin is another scoring expert, having made 104 points in the nine games.

### Defeated Nevada

Last year the Staters gave Nevada its only two-series defeat of the season. The scores of last year's games played in San Francisco gave the Gaters the edge by counts of 45-26 and 47-33. Past contests between the Wolves and Gaters give the Californians an edge of four victories out of six meetings.

However, despite the loss by graduation of Bowden, Radetich, Robb and Colbus—men who composed what Martie termed the greatest basketball team Nevada ever produced—such newcomers as Speers, Mayse, Cobega and Olsen make this year's Pack a threat to any team.

Dispatches from the San Francisco State publicity department rate this season's team as one of the greatest ever produced:

### Record-Seekers

"The Staters are almost certain to break the school record of 960 points scored by the 1935 team, and three members of the squad are shooting at the individual record of 261 points, which Sanz chalked up last season. They are Collingwood, Kerwin and Sanz. Sanz played against Nevada last season, and scored 16 points in the first game and 11 in the second."

The contest tonight will be Nevada's second this season. The Pack lost its initial scheduled contest against the Utah Aggies via 43-36. In its first game the Pack appeared off-time and slightly inexperienced but very scrappy and aggressive.

## Idaho Press Club To Be Reorganized

Plans for the reorganization of a press club similar to the one now in effect at the University of Nevada are being considered at the University of Idaho, it was learned today.

According to reports, the business manager of the Idaho paper is holding a meeting this week to determine final plans for the reorganization of the club.

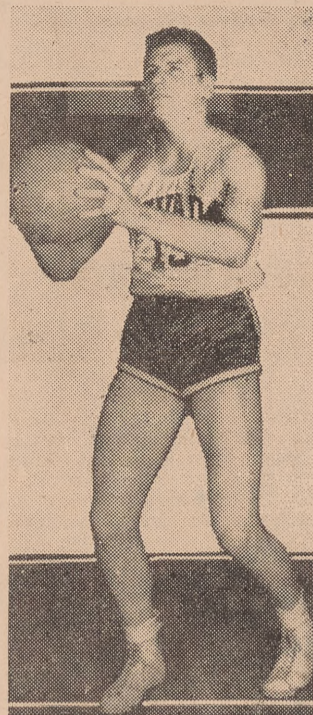

Selection of pledges and election of officers will be considered at the meeting. Administration approval of the club's reorganization already has been obtained.

The club ceased functioning last spring after the publication of a special tabloid burlesque edition which resulted in administrative disapproval and wholesale revision of the publications staffs.

### NOTICE

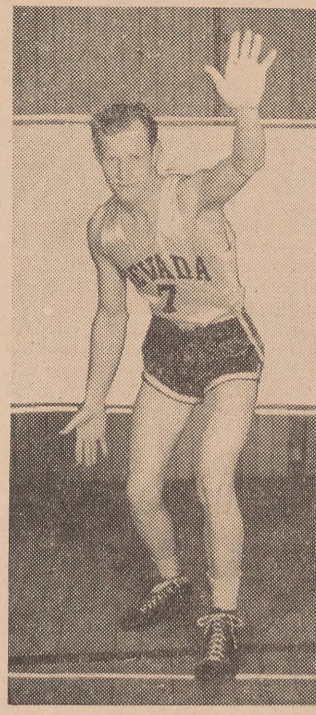

All basketball players who are interested in trying out for the Junior Varsity basketball team are asked to report to the gym Monday night when practice will start. Ray Harris, member of the varsity team, will be in charge of coaching the team.

## ADANVE-GUARD WOLVES TO SEE ACTION AGAINST S. F. STATE TONIGHT

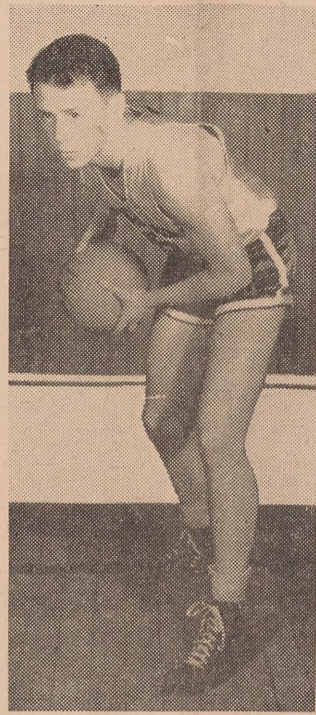

JOHN RADOVICH

Right in the front on the firing line when the whistle sounds tonight and Saturday night will be Radovich, center; Harris, guard, and Thompson, forward. These three veterans from last year form the nucleus around which the '39 edition of the Wolf Pack has been built. Radovich, towering center, is key offensive man for Nevada and is expected to hit his stride during the weekend games. He is especially deadly on looping one-hand shots from close in to the basket. Harris is a lanky guard who has been sparking the offensive drives of the quintet

RAY HARRIS

during pre-season contests. His coolness under fire last year earned him the cognomen of "Cucumber." He is as deadly in breaking up the opponents' scoring thrusts as he is in gathering counters for the Pack. A veteran from last year's championship five is Thompson who will not start in his customary forward spot, due to a scoring slump. However, in practice tilts with home clubs, Thompson has played exceptional floor games and, if the starting combination fails to click, "Ace" will see a full share of action against San Francisco State's high-scoring quintet.

GORDON THOMPSON

## SKI EVENTS TO BE BROADCAST OVER CBS HOOK-UP ON SPECIAL FEATURES PROGRAM

Plans have been made for KOH to broadcast some of the events of the intercollegiate ski competitions to be held in conjunction with the first annual University of Nevada Winter Carnival.

A direct wire is being laid at the present time which will enable KOH to broadcast over the Columbia network from the site of the jumping con-

test to be held at Galena Creek Sunday, January 29.

Besides the regular broadcast of the contest KOH will broadcast from the carnival ball.

The local radio station also has agreed to cooperate with the carnival committee in presenting spot plugs and other programs for publicity purposes.

## Interfrat Debate Tournay Planned

Participants Must Attend Meeting Next Monday Evening

Plans for the intramural debate tournament scheduled to begin the latter part of this month will be discussed Monday night at 8 p. m. in the Hall of English.

All those who expect to take part in the tournament must be present, Professor Robert C. Griffin, university debate coach, said yesterday.

Competition will be open to both men and women students of the campus, and it is not necessary to be affiliated with any Greek-letter organization in order to contest for the Ginsburg revolving trophy. Last year the beautiful silver love-cup was won by Robert Parker and Andrew Rosaschi.

Those who have already signed up for intramural debate with Professor Griffin include Elizabeth Mason, William Lattin, Charles Mapes, Andrew Rosaschi, Artemus Ham, James Driscoll, Edwin Muleahy, William Casey, Olin Souders, William Curtis, Eunice Beckley, Ross Ashley, Russel Strom, Jim Banett, Kathryn Develin and Darrell Birch.

## Handball Singles To Start Monday

Handball singles, first intramural sport of the spring semester, starts Monday when Beta Kappa plays Lincoln Hall at 4 p. m. and Sigma Nu meet Sigma Alpha Epsilon at 5 p. m. in the university gym.

The second day of the tournament is scheduled for Wednesday with Lambda Chi Alpha playing Alpha Tau Omega and Phi Sigma Kappa vying with the Independents.

The complete schedule of the contests is being drawn up this week and will be announced Monday.

All indications point to a tight race in this year's tournament with Phi Sigma Kappa's Lefty Mayer, last year's champion, and Bill Peccole, S. A. E., as favorites.

Last year Mayer eliminated Charley Turner of Beta Kappa to win the trophy, while Bill Peccole of S. A. E. placed second.

Among the men expected to break Mayer's undefeated record of last year are Bill Peccole, S. A. E.; Kenneth Dimock, Lambda Chi; Olin Barsanti, John DuPratt or Jim Griswold, Sigma Nu, and John Etchemendy, A. T. O.

## 799 STUDENTS AT U. N. REGISTERED FOR SECOND TERM

Registration at the University of Nevada for the second semester of '38-'39 has been rather slow, but the final enrollment is expected to be well over a thousand, even though it may not reach the figures that were established last fall.

On Thursday, there were 799 students registered with 986 cards out. According to the registrar, Mrs. Jeanette Rhodes, many cards were still coming in, and many more were expected before the end of the week.

Of the 799 students already registered, the freshmen have a majority with 267 members, closely followed by the sophomores with 204.

The juniors have an edge over the seniors with 144 members to the latter's 125. There are 22 graduate students registered, 16 unclassified and 21 specials. Only 50, so far, have had to pay tuition.

The second week of last year's registration showed that there were 1055 cards out and 1002 completed. This was the third time in the history of Nevada that registration was over the 1000-mark. The men had the edge over the women students with quite a majority.

The freshman class again was the largest with an enrollment of 381 students. The sophomores had 246 registered, while the juniors and seniors had 163 and 133 respectively. There were 28 people taking graduate work, 36 unclassified and 15 specials.

### NOTICE

There will be a meeting for the social calendar on Tuesday, January 17, in room 109 of the Agricultural building. All organizations are requested to have a representative if they wish dates for the coming semester.

DEAN MARGARET E. MACK.

### NOTICE

All freshmen women who wish to try out for Sagens report to Florence Butler in the gym before the game Friday night.

## "LIFE GOES TO A PARTY" MAY FEATURE FIRST ANNUAL WINTER SNOW CARNIVAL

Life, the weekly picture magazine, may go to a real party if tentative plans go through and a Life photographer attends the University of Nevada Winter Carnival.

In a letter from Life magazine shown enthusiasm for the affair was shown and unless some notable social event turns up unexpectedly Nevada will make pictures and news for the outstanding feature of the weekly issue,

## Finance Control To Meet Tuesday

## Board to Consider Budgets Of Campus Groups For Semester

Members of the board of finance control will meet Tuesday at 4 p. m. in the A. S. U. N. building to consider budgets and requisitions which will be presented by campus organizations and groups at that time.

Included among the groups submitting budgets are the W. A. A., A. W. S., University Play Productions, Fine Arts, Associated Engineers, Debate, and Band.

Budgets for the A. S. U. N. office and general expenditures, and the A. S. U. N. building maintenance will also be submitted.

The budget for the annual Mackay Day celebration will be considered at a later meeting of the board.

From the various groups submitting budgets, representatives will be present at the meeting to discuss any question concerning their respective group's budget.

On the finance control board are: Prof. F. W. Wilson, chairman; Prof. F. L. Bixby, David Goldwater, George Hardman and Kathleen Meeks.

## Brush to Feature New Ski Information Column

Starting with the next issue of the Sagebrush a weekly feature column, "Ski Heil," will appear.

The column will feature ski news, bits of gossip, and snow conditions of the favorite ski grounds in the vicinity of Reno. The column also will contain many helpful hints to the novice as far as what equipment is necessary for the many varied conditions found around Reno.

## Explorer, Lecturer May Present Radio Talk

Thomas Bernard, prominent explorer and lecturer, who presented some of his experiences in Tibet over a national broadcasting hook-up, may present his lecture in Reno, Bob Parker, Beta Kappa secretary, states.

Bernard will be sponsored by the fraternity, probably in March, Parker said, and will show colored motion pictures as well as dress in the actual costume of a Tibetan priest. Bernard, one of the few white men ever to explore the remote interior of Tibet, is the only white man ever admitted as a priest of the living lama.

## John Barber Tops U. N. Honor Roll With 1.02 Average

Lincoln Hall, Kappa Alpha Theta Lead Groups in Scholarship

Fifty-three University of Nevada students were listed on the fall semester honor roll, their grades representing the averages made by the upper five per cent of the student body.

Grades ranged from a top of 1.02, made by John Barber, Arts and Science, to a 1.66. The Arts and Science department placed thirty-two students on the honor roll, while the Engineering department placed seventeen and the Agriculture department four.

### Lincoln Hall Tops

Lincoln Hall Association led the fraternities, with a 2.3972, but was closely followed by Alpha Tau Omega with a 2.4034. Kappa Alpha Theta led the sororities with a 2.2460. Pi Beta Phi was second with 2.3550.

The student body average for the semester hit a mark of 2.6027. The women proved themselves superior to the general average by making an average of 2.4330, while the men fell below with a 2.7207.

Following is a list of students who were named on the honor roll, along with the averages of the sororities and fraternities.

Name	Avg.	No. of Hrs.
John Barber	1.02	17 1/2
Gene McDaniel	1.06	18 1/2
Wayne Ames	1.10	15
Edward King	1.11	18
Orin J. Mead	1.17	16 1/2
Mary Jane McSorley	1.20	17
Joseph Littlefield	1.23	15
Dorothy Mae Snider	1.23	15
David Hartman	1.25	20
Francis Arenaz	1.28	16
Francis Breen	1.29	17
Kenneth Eather	1.29	15 1/2
William Ogle	1.33	19 1/2
Wilfrid Wylie	1.34	16
Howard G. Mason	1.35	17
Mario Vial	1.37	16 1/2
William J. Hatton	1.37	16
Helen Byrd	1.38	18
Nancy Hall	1.40	15
Joseph W. Gross Jr.	1.41	18 1/2
Merlynn Thompson	1.41	18
Esra Funk	1.43	21 1/2
Elizabeth Burleigh	1.43	16
Pauline Tobener	1.43	16
Julian Mapes	1.44	19
Charles Bacon	1.45	18 1/2
William Potter	1.45	16 1/2
Newell Hancock	1.46	16
Paul Seaborn	1.47	17 1/2
Elizabeth D'Allesandro	1.47	17
Cyril Ham	1.47	17
Georgia Ereno	1.48	16 1/2
Warren J. Ferguson	1.48	16 1/2
Dean Nelson	1.50	18
Richard Edwards	1.50	16 1/2
Wilbur Cook	1.52	18
Mary J. Higgins	1.53	16
Margaret Hussman	1.53	15
Don H. Townsend	1.53	15
Marjorie Davin	1.56	16
Ned Dickson	1.57	19
Gratia Ferguson	1.58	17 1/2
Martin Hannifan	1.58	17 1/2
Robert Worts	1.58	17 1/2
Beulah Leonard	1.60	15
Melvin M. Tilley	1.62	17 1/2
William Cochran	1.62	16
Mary Boylan	1.65	17 1/2
June Julian	1.65	16
Evelyn Bulmer	1.66	18
Dallas Downs	1.66	18
Kenneth Mann	1.66	16 1/2
Teddyanna Pease	1.66	15

### Sororities

Members	Pledges
Kappa Alpha Theta	2,2460
Pi Beta Phi	2,3550
Delta Delta Delta	2,4311
Gamma Phi Beta	2,5333
Beta Sigma Omicron	2,5885

### Fraternities

Lincoln Hall Ass'n	2,3009
Alpha Tau Omega	2,4034
Lambda Chi Alpha	2,4208
Sigma Nu	2,5215
Beta Kappa	2,5871
Sigma Alpha Epsilon	2,8025
Phi Sigma Kappa	2,8545
Sigma Phi Sigma	3,1464

### CORRECTION

In the last issue of the Sagebrush a story listing the ten best news stories of the campus year was printed. One of those stories was the non-accrediting of the mechanical and civil engineering schools. In some manner the story appeared in the paper listing the electrical engineering school as not being accredited, instead of the mechanical. The Sagebrush takes this opportunity to retract the statement and to apologize to the electrical engineering school.

Since last spring, when the schools were not accredited, the mechanical engineering school has added new equipment and has received a Class A rating from the Engineers' Council for Industrial Development.

### NOTICE

All frosh interested in trying out for freshman basketball managers, will report to Vernon Wines at the gymnasium Monday afternoon at 4 o'clock.

## Snow Carnival Program Is Released This Week

Intercollegiate Ski Meet and Social Events Will Comprise Fete

Thrills, spills, snow games, dances, all sorts of sporting events, and other varied features will be given during the first annual Winter Snow Carnival held by the Ski Club of the University of Nevada January 27, 28 and 29.

The carnival will have two distinct parts, namely an intercollegiate ski meet and several outstanding social events.

### Intercollegiate Meet

The intercollegiate ski meet will be held on the slopes of the Tahoe Alps and Galena Creek region for the members of the six outstanding teams on the Pacific Coast and the intermountain region.

The schools which are expected to enter the meet are Washington, No. 1 ranking team in the Pacific Coast region and placed second to Dartmouth in nation-wide ranking; California, Stanford, Sacramento Junior College, Auburn Junior College, Idaho, and a team from either University of Southern California or the University of California at Los Angeles.

Besides the schools mentioned, Nevada, the third ranking intercollegiate team of the United States, will compete.

### Four Events

The ski meet will consist of four events which will tax the skill, stamina and ski technique of the contestants. The cross-country relay race will be held Saturday morning, January 28, over a short course that will have practically every type of terrain represented.

Four-man teams from each school will be entered and each contestant will run between a mile and a half and a half. The downhill race will be held Saturday afternoon and promises to be a very thrilling event. The course will be around a mile and a half in length and is designed to test not only the skill but the stamina of the contestants.

The slalom race will be held Sunday morning near the course of the downhill race. This race is designed primarily to test the skill and ski technique of the contestants and is a beautiful race from the spectator's point of view.

### Jumping Contests

The ski jumping contests will be held Sunday afternoon on the jump at Galena Creek. This event promises to be the most spectacular of the entire program as many of the best collegiate jumpers in the country will represent their schools. The ski jump is designed for jumps of over one hundred feet so the spectators are promised many breath-taking thrills.

The points for the contestants will be kept under the new point system devised by the Intercollegiate Ski Association, thus enabling the awarding of the team and individual trophies immediately after the jumping contest.

The entire ski program has been sanctioned by the Pacific Coast Intercollegiate Ski Union and will be the only intercollegiate meet to be held on the Pacific Coast that week-end.

The other part of the carnival program containing the social events has been planned so that anyone whether or not he is interested in skiing will have a rip-roaring time.

### Social Program

The social program will start Friday afternoon, January 27 with open-house parties featuring dances and refreshments at various fraternity and sorority houses on the campus.

Friday evening will be taken up with the "campus slalom" which will consist of the group of visitors touring the campus and seeing the various decorations carrying out the carnival theme. The "slalom" will end up at the Education auditorium where there will be a short meeting for the contestants, which will be open to the public.

Immediately after the meeting there

## BUILDING PROJECTS NEARLY COMPLETED M. JENSEN STATES

Carpenters moved out and painters moved in to the A. S. U. N. building this week as finishing touches to repairs to the building were applied.

This work, which was the result of surplus money from former WPA projects on the campus, money from the building fund, and from a special fund from the campus publications, was started at the close of last semester.

Improvements consist of an improved lighting system, new panelling of the balustrade around the publication offices and the installation of glass in place of the screening around the publication offices.

The whole of the interior of the building is being painted a cream color which will displace the former brown staining of the building. This new white interior will allow for more light, since the former dark shade absorbed all of the light, while the light color will reflect it, according to Graduate Manager Max Jensen, who is in charge of the improvements.

## Starratt Appoints New Committee Members This Week

Twenty new committee members have been added to the standing committee for the ski carnival, Kay Starratt, chairman of the committee and veteran skier, announced tonight.

The committee has been meeting nearly every night this past week in the A. S. U. N. building shaping the program of the carnival scheduled here for January 27 and the ensuing week. Campus organizations are being asked to cooperate in decorating houses, handing visitors and participating in the events.

Don Kinkel and Joe McDonald were placed on the publicity committee while Helen Shovlin, Virginia Johnson, Lola Frazier, Sam Frankovich and Marie Williams have been added to the reception body.

Mildred Brendel, Inabel Jarvis, Don Kinkel, Jane Devine have been named on the host committee. Mary Conish, Alice Kolhoss, Margaret Hussman, Charles Matson and Dave Langberg will work with the dance committee.

Frank Shumacher, tickets; William Newbold, registration; Ruby Nay and Ed Olsen on the housing committee complete the appointments.

## RACE FOR CARNIVAL QUEEN IS THROWN OPEN BY COMMITTEE

Nevada girls will have an equal chance to win the ski carnival queen honor but also will have to enter into competition with her fair neighbors from California and points north and east and south, was the decision handed down by the carnival committee this week.

After a great deal of discussion last Wednesday night, the committee decided that it might show greater sportsmanship if the other competing colleges and universities were permitted to enter applicants to rule over the carnival which will be held in Reno and in the Tahoe Alps on January 27, 28 and 29.

All major colleges and universities on the Pacific coast will send teams to compete in the ski tournament, which will be held at Mount Rose.

The ski tournament will be held during the first two days of the carnival. It will consist of cross-country relay racing, downhill racing, jumping and slalom racing.

Arrangements are being made by the committees for a banquet that will be open to all winter sports enthusiasts. In addition there will be a carnival ball held in the State building and tours will be made to the most interesting parts of Reno and vicinity.

## BUTTON . . . BUTTON or Who's Got the Snowball?

The slogan, "Never before been tried on skis

# P.-H. Council to Strengthen Rules

## Rushing and Party Dates Set by Council at Meeting

Strict enforcement of Pan-Hellenic rushing rules will be made this semester, it was announced last night by Mary Sanger, president of the group.

The arrangements for the rush season as planned by the governing body at the meeting yesterday will include nine parties to be held from January 14 through January 19, and a silence period from eight o'clock Thursday evening until ten Friday afternoon afternoon at which time bid lists will be announced.

If any sorority members meet with rushes during the rush season and silence period, the houses to which they belong will suffer the loss of either one party or of their bid days, Mrs. Sanger said.

It is felt that such punishment handed down by the Pan-Hellenic Council will result in a cleaner and more satisfactory rush season, the president declared.

The dates for the parties are:

Saturday, 4 to 6, Delta Delta Delta; Saturday, 6-8, Beta Sigma Omicron; Monday, 4-6, Kappa Alpha Theta; Monday, 6-8, Pi Beta Phi; Tuesday, 4-6, Gamma Phi Beta; Tuesday, 6-8, Delta Delta Delta; Wednesday, 4-6, Beta Sigma Omicron; Wednesday, 6-8, Kappa Alpha Theta; Thursday, 4-6, Pi Beta Phi; Thursday, 6-8, Gamma Phi Beta.

Edith Salvi, representative from Beta Sigma Omicron, was chosen by the group to draw the date for the annual Pan-Hellenic reverse, which will be held later in the semester.

# Pledging Season Lax This Semester

Rushing among the Greek fraternities has been considerably slower than in past semesters, with only 11 pledges in all.

Those listed as having pledged are: Sigma Alpha Epsilon; Monty Johnson of Portola, Doug Smith of Tahoe City, and James Breen of Reno.

Sigma Nu—George Tweedy of Montana and Bob Gaines of Reno.

Alpha Tau Omega—John Simpson and George Carr, both of Reno.

Phi Sigma Kappa—Frank Davis of Reno and Glenn Keiser of Los Angeles.

Lambda Chi Alpha—Joe DeArrietta of Winnemucca.

Sigma Phi Sigma—Nels Helgren of Joaquin, Ill.

# Plaque Dedication Discussed Tuesday

The University of Nevada Press Club will meet Tuesday evening at 7:30 in the Student Union building to discuss plans for the erection of a bronze plaque commemorating Nevada's first newspaper, the Genoa Enterprise.

The site of the tablet is being selected by the people of Genoa and is to be announced at an early date. The plaque was completed recently by the mechanical engineering department.

All Press Club members are requested to attend the meeting.

# Engineers Hear Former Student

W. E. Melarkey, graduate of the University of Nevada engineering class of '21, was guest speaker at a meeting held by the Associated Engineers last evening.

Mr. Melarkey spoke upon the subject: "Engineering Problems Confronting the Sugar Industry."

At the present time he is associated with the engineering firm of Ramsay Ltd., located in Honolulu, T. H.

TENTATIVE DATE SET FOR STUDENT MEET

Although a definite date has not been set, the first Student Body meeting will be called within the next two weeks, A.S.U.N. President David Goldwater has stated.

The meeting will not be lengthy, the awarding of the Sorority and Fraternity scholarships cups to be the major part of the business for the assembly.

## VERSE AND WORSE

A tutor who tooted a flute,  
Tried to teach two your tooters to toot;  
Said the two to the tutor,  
Is it harder to toot, or  
To tutor two tooters to toot?

There was a young lady of Kent  
Who said that she knew what it meant  
When men asked her to dine,  
Gave her cocktails and wine,  
She knew what it meant—but she went.

There was a young man of Cadiz  
Who inferred that life is what it is;  
For he early had learnt,  
If it were what it weren't,  
It could not be that what it is.

As a beauty I am not a star,  
There are others more handsome by far;  
But my face—I don't mind it,  
For I am behind it;  
It's the people in front that I jar.

# 'Forgetful' Studes Ostracized From the Library

Of the many New Year's Resolutions Nevada's collegiate colleagues have made it is evident that about five per cent of our industrious learners forgot one important item . . . to donate a few minor shekels to the library.

Why? Because a certain five per cent of Nevada University's "studes" have returned from first semester convalescence to find themselves ostracized from the library for not keeping up on their installments towards the payment of library fines and overdues.

Mr. Richard Roe, prominent student and library appreciator, commented upon the exceptionally large list of fines tacked up on the library bulletin board the other day.

Said Mr. Roe: "I wonder what would happen if one hundred per cent of the boys kept out books."

I guess I would not be able to find a book in the library . . . which would be good material for Ripley . . . and the library would be broke."

Because the library has allowed an extension of time for those who failed to make their resolutions to pay fines, it is expected that those ostracized will soon make amends for their unsocial neglect.

# Discipline System Adopted by ROTC

A new system of discipline will be inaugurated in the military department next Monday when a student captain and one assistant will be chosen from each class to take the post of disciplinarian.

It will be the duty of the officer to call the roll, and report all absences, as well as other infractions of military courtesy and discipline.

It has been the custom for the instructor to attend these details. More experience and greater efficiency will result from the new method, military officials stated.

# STUDENTS INJURED DURING HOLIDAYS

Willis Dalzell, Francis Breen, Jane Goodyear and Ray Walts, prominent campus figures, received setbacks in the form of injuries while skiing during the Christmas holidays.

Dalzell received a broken ankle when he slipped on slippery ice after skiing during the day. Jane Goodyear also received leg and ankle injuries while skiing. Both students will be laid up on crutches for a few days.

Ray Walts, former student who planned to register in school this semester, collided with a tree while attempting a difficult skiing maneuver. He will be confined to Washoe General hospital for a short time.

Fran Breen, campus political figure, received injuries to his pelvis and back while skiing. Breen has almost recovered and is taking up his campus duties.

# Membership Drive Planned by Ski Club

A final dive for membership to the University Ski Club will be launched next week.

Tickets will go on sale beginning Monday in front of the university library for \$1 each.

At present over fifty students have been given membership. The committee hopes to have a total of two hundred at the end of this week.

# RECEIVES POSITION

Margaret Gill, graduate with the class of 1938, was appointed to a teaching position in the Kimberly schools, it was learned here this week.

She has been taking graduate work at the university during the past fall semester.

In a Massachusetts graveyard there is a stone having the following inscription: Here lies Dentist Smith filling his last cavity.

Auto Tops Auto Glass  
Seat Covers Awnings

# Engineers to Plan Fete Next Tuesday

The Associated Engineers of the University of Nevada will officially open preparation for the annual Engineers' Day program when the organization meets next Tuesday at 4:00 in the Electrical Engineering building.

The engineers plan an extensive program for the annual event and a complete committee for the day will be appointed at the Tuesday meeting.

Contest Featured  
Thus far the Engineering Contest committee has announced that a statewide Mechanical Drawing contest will be featured by the Engineers and very shortly invitations will be sent out to high schools inviting students to enter their work in the Mechanical Arts fields.

Judges  
Contest judges have been named by the committee and will be Professors Amens, Wheeler and Davidson.

The contest committee members are as follows: Ike Caroco, John Knemeyer and Dallas Downs.

Prizes for the contest will be awarded by the Deitzgen Co., national manufacturers of mechanical drawing instruments, in cooperation with several local merchants.

# BOY SCOUT LEADERS OFFERED ED. COURSE

A special course to provide training for Boy Scout leaders is being offered to university students and townspeople this semester, according to Fred W. Traner, dean of the school of education.

Credit is given to university students taking the course, Traner said.

With a record enrollment of nearly a hundred students, the annual prospectors' school, sponsored by the state vocational education department, opened at the Mackay School of Mines last Monday night.

Under the direction of Ed Muth, graduate of the Mackay school, classes will be held six days a week for the next six weeks.

"Because of the unusually large enrollment," Muth said, "it was necessary to split the enrollees into two groups, meeting on alternate nights three nights a week and, because of the double classes, it will be necessary to prolong our stay from the usual three weeks to six weeks."

Muth stated that the purpose of the school is to create interest in mining and to give background to "prospective prospectors."

The state vocational education department maintains two permanent schools, one in Ely and the other in Tonopah.

"I gotta leave college, Joe. People have been cancelling their subscriptions."

Frosh girl, after a blind date: I've had a wonderful evening, but this wasn't it.

WELL, I WOULDN'T MIND ENJOYING ALL MY YEARS OF PRINCE ALBERT SMOKING OVER AGAIN

BY THE WAY—HOW LONG AGO DID YOU START WITH P.A., JUDGE?

EVER SINCE I TOOK UP PIPE-SMOKING—AND NEVER A HINT OF TONGUE-BITE IN ALL THAT TIME, EITHER! THERE'S NO OTHER TOBACCO LIKE PRINCE ALBERT

TAKING UP PIPE-SMOKING? START RIGHT! P.A. SMOKES SLOW, COOL, NEVER TOO MOIST—PACKS EASY, WON'T BITE

SMOKE 20 FRAGRANT PIPEFULS of Prince Albert. If you don't find it the mellowest, tastiest pipe tobacco you ever smoked, return the pocket tin with the rest of the tobacco in it to us at any time within a month from this date, and we will refund full purchase price, plus postage. PRINCE ALBERT THE NATIONAL JOY SMOKE

# President's Ball Held January 30

## University Cooperation Is Asked; Campus Ticket Sale to Be Held

With proceeds going toward the national fight against infantile paralysis, the annual President's Ball will be held at the Elks club, State building and the El Patio ballroom on Monday night, January 30.

Foundations, clinics and sanitariums for the aid of infantile paralysis victims have been established throughout the United States since the inauguration of the annual dances.

Because it is for the benefit of young people and children afflicted with the disease, the cooperation of college students has been asked by the townspeople and local committees.

Sparks and Reno have combined plans for the affair, and committees will be chosen from the two cities, to be headed by Dr. R. A. Crider of Reno.

Campus Ticket Sales  
Tickets for the dance are priced at \$1 per couple, and 25 cents for extra ladies. Plans are now being made to have the tickets sold on the campus.

Music will be provided by local orchestras, including Tony's, Louis' and Upson's.

# TECHNICAL DIRECTOR TO VISIT NEVADA

J. H. Dillon, technical personnel director for the Ingersoll-Rand company of New York, will visit the University of Nevada sometime this spring to interview engineering students who are desirous of obtaining positions with his company.

Several Nevada graduates have gone to the Ingersoll-Rand people in past years, and most of them have made excellent records.

At Nevada you say "Hello!"

# Matches Delayed as Rifle Range Is Repaired

Outlook for the Scabbard and Blade rifle team took on a new aspect this week when it was reported that the rifle range would not be repaired in time for the inter-chapter gallery matches.

With three of the best R. O. T. C. shots in the 9th corps area to form the nucleus, members of the organization hoped for the best team in history.

Harry Galloway, John Barrett and Clinton McKinley captured top honors as expert riflemen at the summer training camp.

The matches must be completed by the end of March, and no time for practice will be allowed the student officers, even though the range is repaired.

# Brown to Teach At Summer School

Word was received by the department of education here this week that Dr. Harold N. Brown, associate professor of education, has been appointed to teach at the summer session of the Kansas State Teachers' College in Emporia, Kansas.

The position will be a return engagement for Brown, as he taught there in the summer of 1937. He taught at the University of Nevada summer session in 1938.

# JOURNALISTS HAVE GOOD ATTENDANCE DESPITE HAZARDS

Some kind of attendance record was hung up last semester by the students in Journalism 21, News Gathering and Writing.

With 14 students in the class, only 18 absences were recorded during the entire semester, despite the menace of mumps, colds, treks for athletic events, holidays, and other hazards.

Nearly one-half the class members attained a perfect record, being present at every class and laboratory period during the semester, while three other students were absent only once.

More than a third of the class absences were caused by illness or absence from the campus in connection with inter-collegiate athletic competition.

Those attaining a perfect record were Peter Kelley, Frank McCulloch, Allan McGill, Jack Pieri, Edna Williams and Walter Wilcox.

Send the 'Brush home.

# W. A. A. Calendar Discussed Thursday By Executive Group

## Archery, Dance, Basketball And Other Sports to Start Jan. 17

W. A. A. executives met Thursday afternoon to discuss the present W. A. A. calendar which was announced but a short time ago. Plans for skiing, dancing and basketball were discussed by the group.

Definite plans are as follows: Tuesday, January 17, at 3:15, in the gym, the girls who are interested in dancing, regardless of whether it is modern or folk, will meet with the dance manager, Caroline Best.

Regular work will be given every Tuesday and Thursday at 3:15 and will last until 4:15 and 5:30.

**May Re-Visit Nevada**  
The outstanding members of this group will be chosen by a committee to represent Nevada in a dance symposium (or play-day) at the University of California on February 17.

Any girls who are interested in this activity are urged to either sign up for the class or, if they wish, they may meet with the class and be observers if they do not wish to participate.

Tuesday, January 17, at 2:15 in the gym, girls interested in archery or in participating in the intercollegiate archery tournament will meet with the archery managers. If this time is inconvenient for any archer, it is requested she turn in her name to either Mae Simas, Felicia Moos, or Lola Frazer.

Regular archery classes will be held on Tuesday and Thursday at an hour to be announced at the first meeting of the new group.

**Basketball**  
Tuesday, January 17, at 3:15 to 4:30, Manager Shirley Fuetsch and Assistant Manager Eleanor DuPratt will meet with the girls who are interested in basketball. Interclass matches probably will begin on February 2 or 7 and intramural matches will begin on February 21.

If present arrangements are carried out, more individual attention will be given to all participants before class matches start.

**Skating Classes**  
Skating for W. A. A. credit will be handled by Kay Starrat and Miss Schnell. The present arrangements are to have skating every Saturday morning. No credit will be given to any girl who does not ski with this group. Complete arrangements for this course are still not definite, but the completed plans will be announced shortly. Girls interested in skating for credit should see either of the two managers, Starrat or Schnell.

Fencing will be offered this semester but the time is yet to be arranged. Miss Schnell will be in charge of this group. January 25, the intramural banquet will be given at Carlan's Lakeside Inn. Plans will be announced next week.

# Band Swing Music Feature at Games

With the reorganization of the university band, plans are being made for the group to play at the basketball games this term. Mr. Felton Hickman, graduate with the class of 1938, has been named assistant director, during the absence of Rueben Tuttle.

Between halves of the games, band music will be supplemented by popular songs, to be presented by Buddy Williams' swing band. Members of the swing band are: Louis Peraldo, Collins McCutchan, Bill Bennett, Duane Collins, Bill Orr, Cyril Ham, Leslie Leggett, Jerry Salter, Walter Culver and Dan Fryberger.

Football player—Aw, take me on, Doc. I won't work hard.

Then there's the efficiency expert who walks in his sleep so he'll get his exercise and his rest at the same time.

Here's one about a dumb stenographer who didn't mail the circular letters because she couldn't find any return envelopes.

We know a man who speculates in airmail stamps—because they're bound to go up.

Freshman—What is the difference between a stenographer and a confidential secretary?

Sophomore—You don't fire confidential secretaries.

Martie (to applicant): No! I tell you I haven't enough work to keep my own men busy.

January 25, the intramural banquet will be given at Carlan's Lakeside Inn. Plans will be announced next week.

Martie (to applicant): No! I tell you I haven't enough work to keep my own men busy.

# \$1500 TO BE OFFERED NATION'S FOUR MOST VALUABLE STUDENTS

The nation's four most valuable students will be awarded \$1500 in prizes by the Elks National Foundation, a philanthropic organization of the national order of Elks.

The conditions of the contest were made public this week by Mr. John F. Malley, chairman of the foundation's board of trustees.

The prizes are \$600 for first place, \$400 for second place, \$300 for third and \$200 for fourth place.

The applicants must be a member of the senior or graduating class of any preparatory or high school or an undergraduate of any recognized college. They must also be a citizen of the United States or of any of its possessions.

The applicants will be judged on the basis of character, scholarship, courage, patriotism or service. No application blanks are required and each student must use his own ingenuity in presenting his case. Each application must be accompanied by a photograph of the applicant and a certificate signed by the exalted ruler and the secretary of the Elks lodge in the applicant's jurisdiction.

The deadline for applications is April 1, 1939, at which time all applications must be in the office of Mr. Malley.

# Temperance Group Offers Scholarships

Five scholarships of \$50 each will be given to University of Nevada students, the Reno branch of the Woman's Christian Temperance Union announced this week.

The awards will be made given in two \$25 installments on January 15 and September 15 of each year.

A committee chosen from the Reno chapter of the W. C. T. U. and the chairman of the university scholarship awards committee will pick the winners from students who are of a good moral character who neither smoke or drink.

The scholarships are being given as memorials to five leaders of the temperance movement.

According to Miss Thea C. Thompson, university librarian, the Library hours will remain the same during the second semester.

The Library hour schedules are as follows: Mondays through Thursdays, opening at 7:30 a. m. and closing at 9:30 p. m.

Fridays and Saturdays, the Library will open at the regular time but will close at 6:00 p. m., while Sundays it will open at 1:30 and close at 5:30 p. m.

January 25, the intramural banquet will be given at Carlan's Lakeside Inn. Plans will be announced next week.

Then there's the efficiency expert who walks in his sleep so he'll get his exercise and his rest at the same time.

# Island Educators Visit M. S. of Mines; Examine College Teaching Methods

Dr. Camilo Osias, president of the University of the Philippines, and Dr. Mavro Baradi, Manila attorney and professor in the law college of the University of the Philippines, visited the Mackay School of Mines Wednesday to study educational methods and problems.

Dr. Osias and Dr. Baradi are making a round the world tour to study methods of developing raw materials and methods of improving their school systems, educational principles and facilities. They plan to visit twenty-six countries, innumerable cities and towns.

When questioned as to why they chose the Mackay School of Mines as one of the focal points of their observations, the educators replied that a small school with such an excellent reputation as is

enjoyed by the Mackay School is an ideal subject for their studies.

Dr. Osias spoke very highly of Leopoldo Abad, a Mackay School of Mines graduate in 1923. According to Dr. Osias, Abad is now a consulting engineer in Manila and on the staff of the Philippine Bureau of Mines.

A graduate of Columbia university, Dr. Osias holds degrees from several other American universities. He has served, besides his present position, as Philippine Commissioner, and as president of the National University of Manila.

After making a short survey of the Stewart Indian school, Osias and Baradi plan to go to New Orleans to study the fishing industry.

# Former Student Married in N. Y.

Arthur Ocheltree, former University of Nevada student and Reno youth, was married in New York City Jan. 11 to Miss Bonnie Lee Berryhill, an Oklahoma Indian beauty.

Ocheltree, who has gained prominence through his operatic tenor voice, was married in the St. Stephens Episcopal church in the presence of other prominent musicians, notably Walter Safford, basso of the Chicago City Civic Opera Company, Emanuel Marti-Folgada of the Royal Opera Company, Madrid, and Miss Marian Brownell, New York concert pianist.

Singing with the Wagner group in Norman, Oklahoma, Ocheltree met Bonnie Lee who was a journalism student at the University of Oklahoma and had come to interview him.

Ocheltree, now thirty years old, is a native of Riverside, California. His nineteen year old bride, and he will spend their honeymoon in Italy.

Some years ago George Bernard Shaw addressed us Americans as "Dear boobs" in a radio talk. Newspapers here howled in protest but did nothing else.

Not until the New York Times, that sedate and conservative journal, reported Shaw's visit to Miami two years ago did we retaliate properly for the insult.

The Times reported the arrival of Mrs. G. B. Shaw in Miami and related her activities in great length—Mrs. Shaw went to a luncheon—Mrs. Shaw went to that dinner, Mrs. Shaw attended these, those and other such functions. Finally at the bottom of the long article was this concluding sweetly vengeful note:

"Mrs. Shaw was accompanied by her husband, George Bernard Shaw, a writer."

"So Elsie's a business woman. What business is she interested in? Second coed: "Everybody's."

# Alumni and Professors Lead Panel Discussion Last Wednesday Night

At a meeting of the Reno chapter of the American Association of University Women held Wednesday night, University of Nevada alumni and professors led a panel discussion on "The American Family in the Changing Civilization."

Fred W. Traner, dean of the school of education, Mrs. Mary S. Buol, assistant director for Home Economics, Agricultural extension division; Mrs. Ruth Finley, graduate with the class of 1933; Lloyd D. Bowen, graduate with the class of 1938, and Mrs. Andrew Rice, wife of Andrew C. Rice, assistant analyst in the Mackay School of Mines, were all members of the panel.

# PROFESSOR BLAIR REPORTED IMPROVED

The condition of Professor G. B. Blair, associate professor of Physics and Astronomy, is so much improved that he is able to sit up at his home at 1059 Sierra street.

Professor Blair underwent a series of major operations the latter part of last fall, and, although complete recovery will be slow, it is expected that he will be out and around again in the near future.

All of Professor Blair's classes in physics are being taken care of by substitutes, but the classes in astronomy have been discontinued until he returns to active duty on the faculty.

# Students Attend Asilomar Meeting

Eleven University of Nevada students journeyed to Pacific Grove, California, during the holidays to attend the annual Asilomar student conference.

The group left Reno on Christmas Day and returned January 2.

A combined movement of the Y. M. C. A. and the Y. W. C. A., the Asilomar conference is for the purpose of discussing problems vital to students.

Such topics as "Peace and the International Scene" and "What the Student Should Get From College" were discussed at the convale.

Representatives from all coast colleges swelled the attendance to over 450, the University of California contributing the largest number of delegates.

Each Nevada representative attended a different discussion, thus bringing back to the campus a well rounded knowledge of student problems and progressive movements taking place on the various campuses throughout the west.

It is the purpose of the Nevada delegation to stimulate the discussion of various educational and world problems on the home campus.

# Traner to Lecture On Childhood Problems

Fred W. Traner, dean of the school of education, will give the next in a series of lectures on the problems of childhood. The lectures have been sponsored by the education department for interested parents.

Traner's subject will be "Morality, Religion and the Development of Character." The lecture will be given in room 103 in the Education building at 7:45 p. m. Monday, January 16.

# Fine Arts Group to Exhibit Etchings of Local Artist

The etchings of Charles Cutts, noted Reno art collector, will be exhibited next week by the Fine Arts club, according to Margaret Hussman, president of the group.

The exhibit will be open to the public and will begin on Monday, January 16. The hours will be from 2 to 5 p. m. and 7 to 9 p. m., Monday through Thursday, and 2 to 5 p. m. on Friday and Saturday.

It is expected that the etchings will prove of great interest and profit to those who care to view them.

There will be a meeting of the group next week, at which time plans for the semester will be drawn up, Hussman stated. The group will sponsor about six exhibits during the semester.

# DASHIELL ELECTED

At a meeting held last Monday, the Reno Rotary Club elected Coach Doug Dashiell vice-president of the organization.

Dashiell has been a member of the board of directors for the past two years. He was also president of the Las Vegas Rotary club in 1933.

A hick town is one where there is no place to go where one shouldn't.

# U. N. Choral Club To Present Concert

In conjunction with the Reno Community Chorus and the University singers, the University Choral Club will present a popular concert this spring, consisting of abridged versions of the operas "Faust," by Gounod, and "Carmen," by Bizet, in concert form.

Intensive work on the operas will begin soon, and a call has been made by Director Theodore H. Post for more men to join the Choral Club.

A man who succeeds where others fail is often a bankruptcy lawyer.

# NERVE STRAIN APLENTY BUT NO JITTERY NERVES FOR CARL DOSSEY CHAMPIONSHIP COWBOY AND STAR OF THE RODEO

ON THE "BRONC" is Arizona's Carl Dossey, winner of two bareback championships in California and a high-point cowboy title at the big Utah show. Here is Carl at Madison Square Garden in a stunt depending on split-second timing, perfect nerve control. Is it a strain?

Carl says: "One hour around the ring puts more strain on the nerves than a whole day of punchin' cows. My nerves would be plenty tired, jittery if I didn't rest 'em every chance I get. My way is to let up—light up a Camel. Camels are mighty comforting."

GREAT RIDING, CARL, BUT IT MUST BE PLENTY TOUGH ON THE NERVES

SURE IS, BUT I BEAT NERVE TENSION BY EASING OFF WHEN I CAN—

I LET UP—LIGHT UP A CAMEL! I FIND CAMELS ARE SOOTHING TO THE NERVES

## LOOK TO THE DOG FOR A VALUABLE HINT ON NERVE STRAIN

THE ENGLISH SPRINGER SPANIEL (above) has a nervous system remarkably similar to our own...complex, sensitive. But this dog doesn't ABUSE his nerves. Nor does any dog. When a dog feels tired, he rests INSTINCTIVELY! We humans often let our will-power whip us on, deaf to the warning that nerves are getting frayed. Yet how much more pleasant, profitable life can be when nerves are rested now and then. Try it... break the tension...LET UP—LIGHT UP A CAMEL! You'll welcome Camel's mildness—rich, ripe flavor. Smokers find Camel's costlier tobaccos soothing to the nerves.

EDDIE CANTOR—America's great comic personality. Each Monday evening on the Columbia Network. 7:30 p.m. E.S.T., 9:30 p.m. C.S.T., 8:30 p.m. M.S.T., 7:30 p.m. P.S.T.

## LETTERS TO THE EDITOR

**Ed. Note:**—This letter was received by Dave Goldwater, A.S.U.N. prexy, during the holidays. It was postmarked Victoria, Hong Kong. It was addressed Class of 1939, U. N., U. S. A.

To the Editor:

Dear Friends in America:

By the time this letter reaches you, it will be Christmas—the season for world rejoicing in freedom and good-will.

From across the seas we send you our heart-felt greetings. At this time, however, let us remember that countless thousands in betrayed Czechoslovakia, in trampled Austria, the thousands of Jews deprived of nationality or persecuted in their home-land.

For them the spirit of Christmas will not be a reality.

In our country we are fighting for those rights which democracy and freedom give and we are confident that America, which stands for these same ideas, is our closest friend. Moreover, we feel that America and the democracies of the world should stand united and through an awakening public opinion, firmly resolving to devise ways and means by which aggression and international lawlessness shall be curbed.

Do you realize that Japan is buying

fifty-four per cent of her munitions from the United States of America? Her heavy industry depends upon a grade of steel and a type of machinery that can be bought only in America. The military truck, airplane, oil and gasoline comes largely from your country.

It is your purchase of Japan's chief export, silk, that enables her to buy these indispensable supplies from you. Ninety-seven per cent of your silk comes from Japan; eighty-five per cent of all the silk that she exports is sold in the United States.

America can help to stop aggressiveness in China. A welded public opinion in America against Japan and her imperialistic policy can be a most effective instrument and we are appealing to you to be a part of this force.

This is how you can help: Write to your friends and organizations. We particularly wish that you will send letters to men in key government positions urging them to make unlawful the sale or shipment of arms and munitions and other war materials to aggressor nations. You will thus be actively contributing to the cause of peace and will make this Christmas significant as a step toward the goal of time, "Peace on earth; good will toward men."

CHEN CHIANG HWA.

## SCREAMS...

From the Dark

By OPHELIA, '00

Flash! Found that yellow basket so I'm happy, yes I'm happy—Here we are out of news (almost) again foolish little editor, daffy little dame.

And so boys and girls marks the opening of the babble herein and herewith of this column for the year 1939.

And though the phrase may be a bit worn by now may I wish each and every one of you a verry happy and successful new year.

Since the new year is the time that we supposedly start out with a clean slate, new ideas, resolutions and all that stuff, may I pass along to you a bit of rhymed wisdom—which I feel certain if more of us would heed this scarred old world would be a far brighter and better place. "If you see a tall fellow ahead of a crowd, A leader of men, marching fearless and proud, And you know of a tale whose mere telling aloud Would cause his proud head to in anguish be bowed IT'S A PRETTY GOOD PLAN TO FORGET IT."

If you know of a skeleton hidden away In a closet, and guarded, and kept from the day— In the dark—and whose showing, whose sudden display Would cause grief and sorrow and life-long dismay— IT'S A PRETTY GOOD PLAN TO FORGET IT.

If you know of a thing that will darken the day Of a man or woman, a girl or a boy That will wipe out a smile, or the least way annoy A fellow, or cause any gladness to cloy— IT'S A PRETTY GOOD PLAN TO FORGET IT."

What's a good three hour course? Do you have any books you want to sell— good heavens I've registered in three 9:35 classes and they all come on the same day—and so it goes and comes and the hurry and scurry of registration comes to an end.

It might be well too if we get right into the swing of that swinging door into the library and start this semester right and end it up in a way that will give us a grade average that is not under water—and by a grade average under water I mean below "C" level. Wowo.

Train committee meeting Tuesday night, publicity meeting Wednesday afternoon—and so the notices on the bul-

letin boards read as the enthusiastic Nevadans tie in and strive to tie up all the loose ends accumulated in the preparation for the ski carnival. It won't be long now—and remember that every student is a part of this show so do your part, cooperate with the committee heads!

Let you forget there is going to be a bouncing good time in "Martie's Barn" this week end. Yes once more the silver and the blue will go into action as Nevada's basketball squad goes on the court this Friday night. The best of luck to you fellows. These boys really deserve a hand, win or lose—while the rest of us were either lolling around the home fires, vacationing, working, or the like, these fellows had to stay in lonely fraternity house, observe the early to bed and early to rise rule and report every day for good stiff workouts and practice games—Ho hum, what price glory.

And once more I think I can say this is "30" for this week. Plans for drastic changes in this slush have been made but what will come of them remains to be seen. Perhaps the suggestion offered early last year, that I go further into the bushes might be headed—anyhoo sompthin's gotta be done when I receive word from a friend that she has named a china donkey that she has acquired, "Ophelia," it made me see what I am—oh my I didn't mean to say that but the truth will out I reckon.

Woo wo maybe I just laid the cornerstone of wisdom—I recall reading once that the cornerstone of wisdom is laid when a person gets wise to himself.

Bashful Frosh—Do you mind if I kiss you? (No answer.)  
Bashful—Would you care if I kissed you?  
Wise Soph—Say, do you want me to promise not to bite?

## GET-TOGETHER HELD BY BARBS DURING VACATIONS

The organized independents held a get-together party January 4 at the home of Dorothy Elkins. Games played by the Barbs included Chinese checkers, pick-up-sticks, spooof and five hundred.

During the evening a grab bag was held to pass out favors made in the form of birds and animals from nuts. Sandwiches and hot chocolate were served as refreshments.

The next meeting will be held Monday, January 16, Room 109 Aggie Building. It will be a business meeting, and plans for the semester will be discussed.

President Dick Roche urges all members to attend, and also extends a cordial invitation to any unaffiliated students who are interested.

## Give us a ring—we're all at sea!

NOW you can telephone to scores of yachts, tug-boats and fishing vessels, from any Bell telephone.

These boats are as easy to reach at sea as your friends' homes ashore. Many are equipped with Western Electric marine radio telephone, sea-going brother of your Bell telephone, and service is provided through radio telephone stations on land.

This new service is a great convenience to yachtsmen—a valuable business aid to operators of commercial craft. One more step toward enabling you to talk with anyone, anywhere, any time!

Why not telephone home oftener?  
Rates to most points are lowest any time after 7 P. M. and all day Sunday.

## BELL TELEPHONE SYSTEM

### IN EXACTLY FOURTEEN DAYS

the University of Nevada will open its gala attempt of the spring semester when the curtain rises on the West Coast Winter Carnival.

To the uninitiated the words "fourteen days" seems like fourteen years at the first hearing, but to the people actively engaged in promoting the affair it seems more like fourteen seconds.

Last semester, the Sagebrush published an editorial urging the students of the university not to wait until the carnival had become a success to climb upon the band-wagon.

The editorial seemed gratifyingly taken to heart and numerous students began flocking to the carnival director and others intimately connected with the proceedings on the carnival committee, and offered various and sundry services.

Alas! and alack! The services of each student are sadly needed and each offer of aid is gladly received. However, the Sagebrush feels obliged to make this following observation:

All affairs of the scope and magnitude of the winter carnival must have a guiding genius with other geni each directing a single department of the planned activities.

It seems to the Sagebrush, after various and sundry observations, that much of the proffered assistance consists of, "Well, I think it ought to be done this way" or "Maybe it would be better if it was done my way"—with little material assistance forthcoming.

It seems obvious to the Sagebrush and to most everyone who gives the subject but an instant's thought, that there are people already appointed to head the committees who are also capable of, with the aid of their committees, planning the course or procedure to follow.

It is far, far better to step out of the way or devote your services to carrying on the planned procedure than to oppose the procedure merely with grumbling.

Fourteen days from today the winter carnival will open with several hundred spectators from varied and assorted colleges and universities looking on.

Whether or not these spectators return to their homes favorably impressed with the University of Nevada depends upon each and every individual's efforts towards the completion of a successful carnival.

So what do you say? Will you let down your hair, take off your shoes and stockings and grip the earth firmly for a little manual labor? If you do, the successful carnival will be yours and the University of Nevada's.

### MONDAY WILL BE THE BEGINNING

of a crisis for the University of Nevada. For weeks, people have been gathering in Reno, Carson and elsewhere waiting for Monday to be ushered into being.

When, on Monday, the legislature convenes in the legislative chambers at Carson, the attention of every university-minded individual in the state of Nevada will be focused upon that law-making body for the duration of its meet.

Upon the legislature's actions during its sojourn in Carson will depend the future of the University of Nevada. Is the university to continue as in the past? Is it to remain a junior college in tinsel and braid in actuality or is it to take its rightful place among state universities?

The Sagebrush wishes to warn each and every legislator that solving the problem is not as simple as it has been ballyhooed around the state. It is not just a matter of granting appropriations for a couple of buildings and then boasting, "There, we fixed it!"

This writer admits that buildings are a pressing need at the university, BUT that other needs also must be considered. We hope that the solons will not regard the matter lightly, for not only the reputation of the university but also the reputation of the entire state is at stake.

### FRESHMEN OF THE CLASS OF 1938

have passed through the first stage of their existence. They are now faced with a period in which many of the restrictions of their first semester at college have been lifted.

However, because many of the most hated bans have been lifted during the spring semester it is no time to relax caution. There are still many traditions which will be enforced.

The men and women's upperclass committees are still on hand and we hope to impress it upon the freshman's mind that though it is as if he has returned home that "spare the rod and spoil the child" is not the practice of the committees.

### Lambda Chi to Hold Pledge Dance

First dance of the year will be the Lambda Chi Alpha fraternity dance Friday night in their chapter house in honor of their pledges.

Chaperones for the affair will be Jerry Havens, Thomas Prunty and Marvin Moler. Buddy Williams' orchestra will furnish the music.

### ORCHESTRA FORMED

Another campus dance orchestra has recently been organized and will be known as the "Campus Musicians." Bud Williams, Duane Collins and Jerry Salter, who have been active in campus music groups will manage the band.

At present only three members make up the orchestra, but it is possible that ten pieces may be used.

# 'brush N sports

## Frosh Open Hoop Schedule Tonight In University Gym

### Washoe Market Is Slated as First Opponent for Season

The University of Nevada Frosh basketball quintet this week-end will face its first hoop opponents of the season when it tangles with the Washoe Market tonight in a preliminary to the Nevada-San Francisco State tilt, and with Lassen Junior College tomorrow night at Susanville, Calif.

Tonight's tussle with the smooth City league's Washoe Market cagers should reveal many new promising hardwood stars, and with the yearlings' spirit and enthusiasm at a new high, they should have little or no trouble in winning from the over-rated marketmen.

**Lassen Tough**  
Reports from Lassen Junior College indicate that they will once again floor an exceptionally tall and well-balanced team that spells trouble in any man's language, and, with this in mind, Freshman Coach Jim Coleman is quite pessimistic about the outcome of tomorrow night's battle.

For the past two days, Coach Coleman has put his young hoopsters through several heated practice sessions on fast-breaking drives under the basket, and five-minute scrimmages stressing individual offense and defense.

**First String Lacking**  
Although a first-string five is still lacking, Coleman announced last night that most of the following players are certain of seeing action: Pete Mariluch, Robert Hawley, Kenneth Mann, Bob Ganes, Paul Seaborn, Windfield Babcock, Bill Harrigan, Herbert Smithwick, Myron Waldman, Peter Rosaschi, Marvin Luhrs and William Roseberry.

After this week of play, the remaining freshman basketball schedule will be as follows:

Jan. 20-21, Chico State Frosh, here; Jan. 27, Dayton High School, here; Jan. 28, Hawthorne High School, here; Feb. 3, Lassen J. C., here; Feb. 4, Fallon High School, here; Feb. 7, Carson City High, here; Feb. 10, Stewart Indians, there; Feb. 11, Yerington High School, here; Feb. 15, Sparks High School, here; Feb. 18, Hawthorne High School, there; Feb. 24-25, California Aggies Frosh, there.

## B. K. Get-Together Declared Success

According to Maurice Sheppard, president of the organization, the semi-annual Blue Key "get-together" dance held last Tuesday was a great success.

It has been the custom of the Blue Key for several years to sponsor a get-together dance at the beginning of each semester for the benefit of new students.

It is also the plan of the Blue Key organization to contribute to the success of the university snow carnival, west coast winter event.

## SPORTSLITE

Jim DuPratt, the sports critic of the Sagebrush, is now convalescing from a battle with the mumps, which gives me another chance to "pop off" on eminent sporting events.

Dan Farmer, coach of the San Francisco State basketball team, which meets the Nevada Wolf Pack tonight and tomorrow night, was once a hoop star on the Chico State hoop team. . . . Lou Nova, second rated heavyweight contender for Joe Louis' crown, was once a student at the University of Nevada. Nova was enrolled for slightly more than a month when he transferred to Sacramento Junior College where he starred in boxing, basketball, rowing, track and football. Later he went to Cal Aggies where he won the world's amateur heavyweight boxing crown. . . . And while on the subject of boxing I have a match to suggest to Fred Galloway for his Block N Stag Night: Clifford Quilici, at 223 pounds, versus Robert Bennyhoff. . . . I see where the Ski Club is selling membership cards. Do these cards give membership to the Waldorf Ski Club or do you really have to ski in order to be admitted?

This week one of my operators gave me an interesting copyrighted article on football, written by Grantland Rice in his "Sportlight by Rice" column. It is an interview by Rice of Artie McGovern concerning football glory—and football injuries. And of the rewards the concluding paragraph of the story sums up:

"Of course, the college football player has his rewards. He gets his name and his picture in the papers—and 10 or 15 years later is trying to get put together again."

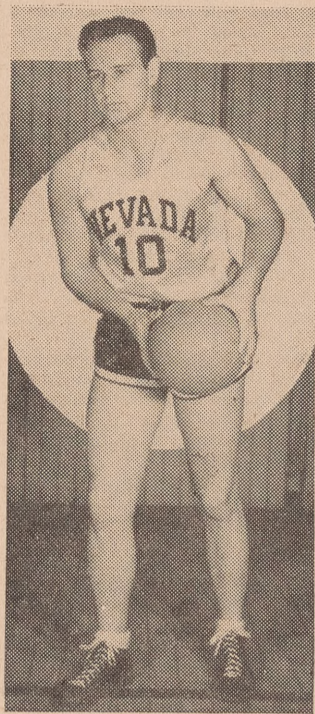

And so the boys will continue to play football!

## THIS PAIR IN RESERVE FOR U. N. PACKMEN

RAY WALDREN

Two of the reserves probably to see action tonight are Waldren and Farris, guards. Both men worked out under Doc last year both on the varsity and on the junior varsity. Both men are rangy and fast and are capable of putting on the pressure enough to stop any offense dead. Farris is an exceptionally good floor player, while Waldren can be counted upon for a couple of points when most needed. Due to the fact that the Pack meets its first college competition for the season this weekend with a decimated squad, both of these men probably will see lots of action during the series.

IRA FARRIS

## Scabbard-Blade Holds Initiation

Fifteen Scabbard and Blade neophytes will be formally inducted into the organization next Sunday at 5 p. m.

The initiation will take place in the A.S.U.N. building, and both members and pledges will report in full dress uniform.

This will be the second phase of the induction, the first being a night-long patrol of the campus, some weeks ago.

The junior officers will become full-fledged members when they are presented with the organization shield by the honorary major at the annual Scabbard and Blade ball.

## SUMMER BROADCAST MAY BE PRESENTED AGAIN BY STATION

The University of Nevada Land-Grant College radio hour, presented here by students, alumni and faculty members of the institution last July, will be reproduced by recordings over KOH some time in January, Dr. Harold N. Brown, chairman of the committee on assemblies, said this week.

KOH, a Columbia Broadcasting System station, has received special permission from the National Broadcasting Company, which gave the program last summer, to give the program.

The program traces the development of the state from the day of its first pioneers until today and, with it, the subsequent development of the University of Nevada. It also shows how the university has been an immeasurable aid to the state and its varied industries.

As Nevada has no National Broadcasting system station, reception of the program was generally poor throughout the state during the broadcast last summer, but all will have a second opportunity to hear the broadcast.

## REGISTRATION FIRSTS COPPED BY 'FASTIES'

Combating the tide of railroad tickets, schedules, signatures, professors, fellow students and fees, Robert Handley, junior student and member of Sigma Alpha Epsilon, succeeded in pulling through to be the first student of this semester to complete registration.

Following close behind was Ralston Hawkins, member of Alpha Tau Omega, being the second to have his name on the registration record this semester.

Not to be outdone, Clinton McKinley make quick work of getting his name at the top of the student body card record for the spring semester. Geno Pisani, showing his true school spirit, called for student body ticket number two.

Whether purposely obtained or accidentally, Albert Caton, Sigma Nu, has in his possession student body card number thirteen.

"Have you ever been outsmarted by a woman, handsome?"  
"Yes, I'm married."

We won't always be able to keep our girlish figures. No; there's a destiny which ends our shapes.

The modern miss is weak in the nays.

## Reno Merchants To Back Carnival

### Agreements Reached With Association During Holidays

During Christmas vacation a committee representing the University of Nevada Winter Carnival met several times with members of the Reno Chamber of Commerce and the Retail Merchants Association to discuss plans for backing the carnival.

The plan which was finally agreed upon was one similar to the financing of the Reno rodeo which is sponsored on an underwriting basis. The chamber of commerce and the merchants' association agreed to help the carnival committee to collect the money and were appointed on a committee to approve expenditures.

During the vacation nearly ninety per cent of the money needed to finance the carnival was collected from Reno business concerns and the other ten per cent seems to be forthcoming in the near future.

Besides money, Reno business men have contributed ten beautiful cups to be used as awards for various events of the ski meet and carnival. Without the cooperation of the civic groups the winter carnival would have been impossible.

## RIFLE TEAM IS UNABLE TO COMPETE IN MATCHES

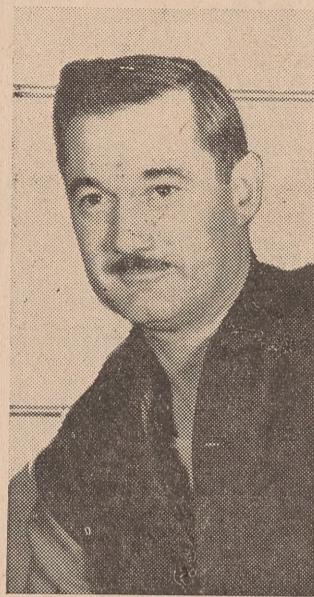

Prospects for a University of Nevada Rifle Team darkened this week as the date set for scheduled matches drew nearer and the range remained banned as unsafe for fire.

Already several galley matches have been cancelled because of the lack of facilities, and no practice will be afforded the marksman in the event the range is repaired.

A large number of targets and several thousand rounds of ammunition were received by the military department this week to be used in inter-collegiate competition.

A concrete wall is needed to serve as a bullet stop. This was to have been supplied by the University, but thus far it has failed to materialize.

## COACH MARTIE

Doc will have his hands full tonight when the Pack tangles with the Gaters. He has been trying to weld an inexperienced outfit into a team of the calibre that took the Far Western crown last year. Whether he has succeeded will be tested for the first time tonight.

A clever man tells a woman he understands her; a stupid one tries to prove it.

Dictators always begin their pronouncements with the words, I, the people.

During the recent depression business was so bad it was the bosses daughter who hoped she could marry out of the help.

Dr. V. W. Poulsen

Analytical  
Optometrist

28 West Second Street

## Play Productions Will Start Soon

Activities in the Play Production department will commence as soon as the Finance Control committee approves the budget, Professor William Miller, director of the campus thespians, stated Thursday.

Plans are being formulated for the presentation of the customary two plays given each year in the spring semester, and practices for the first of these plays will begin promptly.

No specific plays have been chosen as yet, since the final choices will depend on the amount of money available for sets, costumes and other necessary items on the stage.

## GEOLOGY MAJORS TO VISIT COMSTOCK

Senior geology majors from the Mackay School of Mines will visit the Comstock Saturday to gather field data for their required project courses. The party will leave from the mining building at 8 p. m. Transportation will be furnished by the Hunt Foundation.

At Nevada you say "Hello!"

## DU PRATT RETURNS TO HOME WITH MUMPS

Jim Du Pratt, Sophomore Arts and Science student, and member of Alpha Tau Omega fraternity, came to school last Monday from Yerington only to find out that he had the mumps, and promptly had to retrace his steps.

Jim is manager of the Sophomore Class and Sports Editor on the U. N. Sagebrush. Clarence Heckethorn will take over the Sports editing until Du Pratt recovers.

No other illness has been reported at the University hospital with the exception of a few minor cases of sore throats.

"Are you a clock watcher?"  
No, I like outside work—I'm a whistle listener.

# 97 U. N. Students Employed on NYA During Fall Term

## Authorities Expect Slight Decline in Number This Semester

Of the 217 NYA students in 34 schools throughout the state, University of Nevada had 97 students employed on government projects last semester, according to figures released by the National Youth Administration.

While there is no method of estimating the number of students to be employed this semester at the university, it is expected that there will be a slight decline in the number to be handled by the NYA.

**300,000 Employed**  
National Administrator Aubrey Williams announced today that 312,893 students were employed in the NYA student aid program for October, an increase of 68,000 over the figure for the corresponding period in the preceding year.

The increase in student aid enrollment for the current academic year 1938-39, said Mr. Williams, is due to the enlarged fund quotas allocated to schools and colleges and to the familiarity with procedure which enabled the educational institutions to complete their arrangements earlier for participation in the student aid program.

**Total Enrollment**  
The total student aid enrollment in October, 1937, was 244,648. Of this number, 155,793 students were receiving high school aid and 8,855 were receiving college and graduate aid. In October of 1938, of the total NYA enrollment of 312,893, high school students numbered 212,473 and college and graduate students numbered 100,420.

The enrollment is almost equally divided between the sexes, with 160,312 males and 152,581 females receiving student aid. The number of schools participating in the program in October was 22,395. Of this number, 20,824 were high schools and secondary educational institutions and 1571 were colleges and universities.

### —AND WHAT'S YOUR REACTION TO THIS?

The height of embarrassment: Two eyes meeting through a keyhole.

The height of optimism: Looking in the cuckoo clock for eggs.

What this country needs is a spot remover to remove the spots left by spot removers.

Then there was the girl who remained an old maid because she could never quit talking long enough for any man to kiss her.

There once was a man from Nantucket, Who kept all his cash in a bucket, But his daughter, named Nan, Ran away with a man, And as for the bucket—Nantucket.

There was a girl of Australia Who went to a dance as a dahlia. When the petals uncurled It revealed to the world, That the dress, as a dress, was a failure!

She—Why in the world did women take up knitting, anyway?  
He—To give them something to think about while they talk.

Editor—Jones, this is two weeks now that you've come in, saying "No news is good news."

There once was a lady named Eve, Who caused Father Adam to grieve, When he asked where she'd been, She replied with a grin, I've been absent without any leave.

Said a Monk, as he swung by his tail, To the little monks, female and male; "From your offspring, my dears, In a few million years, May evolve a professor in Yale."

Mother—Junior, say "Ah" so the doctor can get his fist out of your mouth.

## Many Scholarships Are Now Available

### Cornell Is Offering Twelve Fellowships Valued At \$1000

University of Nevada students are being urged to watch campus bulletin boards for notices of awards and scholarships for the year 1939-40 at various colleges in the United States, Professor J. A. Carpenter, head of the mining department and chairman of the committee on scholarships and awards, stated.

Engineering, arts and science, and professional advanced work at many prominent eastern and Pacific coast institutions are now being offered on an award and competition basis.

**Advanced Work**  
Among the many offering graduate work are Cornell, Brown College in Providence, R. I., Stanford, University of Chicago and the University of San Francisco.

Particular attention is called to the fellowships and scholarships at Cornell university. The college of engineering will award this spring 12 John McMullen graduate scholarships of an annual value of \$1000 for students interested in pursuing research and working for an advanced degree, as well as the Elton Huntington Hooker fellowship in hydraulics, with a stipend of \$150 a year for research in experimental hydraulics in Europe or America.

**Additional Scholarships**  
The following additional scholarships and fellowships in engineering are offered by the Cornell graduate school: In civil engineering, the McGraw fellowship, \$400 a year and free tuition, and a university graduate scholarship, \$200 a year and free tuition; in mechanical engineering, the Sibley fellowship, \$400 a year and free tuition, and in electrical engineering, the Charles Bull Earle memorial fellowship of \$400 a year and free tuition. These scholarships and fellowships are open to graduates of accredited schools and colleges of engineering. Applications should be sent either to the dean of the college of engineering or the dean of the graduate school, as indicated above, before March 1. Further information may be obtained from the dean of engineering of this institution or from Dean S. C. Hollister, College of Engineering, Ithaca, N. Y.

## CHARLES TURNER ATTENDS U. S. C.

Charles Turner, graduate from the college of Arts and Science last year, is attending medical school at the University of Southern California in Los Angeles, it was learned here today.

## Hartman Asks U. of N. Students To Take TB Exam

### Health Exam. Is Important Hartman States in Notice

The University Health Service, it was announced by Dr. L. W. Hartman, university president, would like to have all students take the Mantoux skin test beginning Monday, January 1. The test will be given by Dr. Vernon Cantlon, college physician, and his assistants at the university hospital between the hours of 3 to 6 each afternoon.

**Simple Test**  
The test, it is stated, is a very simple one. Its purpose is to detect unsuspected and latent tuberculosis which is revealed by a positive reaction within 48 hours. An X-ray examination of those who give a positive reaction may locate the site and extent of the infection. Then by a little extra care, hygienic living and inexpensive treatment the individual may be assured of avoiding any future trouble from this infection, Hartman states.

**Cooperative Movement**  
Most of the colleges in the United States are now requiring all students to take this test before they are allowed to register.  
It is in cooperation with the American student health association and the National Tuberculosis Association that

## Nevadans Prepare For Western Ski Meet Next Week

### Entire Team Reports in Practice Sessions, Says Coach Poulsen

Intensive practice in preparation for the nine western states meet at Sun Valley next week began in earnest for the University of Nevada ski team during Christmas vacation.

Every man on the team has been participating in long workouts, according to Coach Wayne Poulsen.

Frazer West, Jimmy Worden and Carl Bechdolt will leave for Sun Valley tonight, while Dick Mitchell, Earl Edmunds, Martie Arrouge, Jack Starratt, Kay Starratt and possibly Don McMeekin will leave Wednesday.

Mitchell, Poulsen, Edmunds, West and Arrouge, who may return to school this semester, have all been working out steadily in the vicinity of Donner summit, where Poulsen, Edmunds, Arrouge, Mitchell and Yvonne Blossom, Nevada co-ed who won the combined women's championship at Sun Valley last week, have been skiing for a movie "short" company.

Bechdolt, Worden, West and Starratt have been practicing steadily in the Tahoe area during the vacation.

Last Sunday the group held its first workout as an organized team, under the direction of Coach Wayne Poulsen and Martie Arrouge.

The University of Nevada is asking the voluntary cooperation of its students in applying the test at this time. With the financial assistance of the Nevada Tuberculosis Association, the university is enabled to give this service to its students without any expense to the individuals. The information obtained is important for general health knowledge and in the worldwide efforts to stamp out tuberculosis, but it will be of value to students in giving assurance of having no latent infection or if such is present will make it possible to safeguard against a future flare-up under physical or mental strain, it was stated.

Each student is urged to report for the test at the university hospital on the day and hour which will be posted on the official bulletin board for his particular group.

## Program Released For Ski Carnival

(Continued from Page 1)

will be ice-skating exhibitions and general ice-skating for the public on Manzanita Lake under floodlights. Saturday will be featured by a women's slalom race, to be held between the intercollegiate events at the ski grounds. This race will be one of the featured events of the day and will give the weaker sex a chance to show their ski prowess and try for the beautiful award to be given the winner.

Saturday night will feature the skiers' banquet, which will be open to the public. The entertainment at the banquet will be short talks by the coaches of the different teams and talks by officials of the tournament. Other entertainment will be by Rube Tuttle's Swiss Swingers, featuring skiing songs and music.

Immediately after the skiers' banquet will be the Winter Carnival Ball which promises to top the social events of the carnival. Much elaborate preparation has been made by the committee handling the dance to make it the biggest thing of the spring semester social calendar, and from the latest reports the committee has an excellent chance of making good its boast.

Entertainment of the carnival ball will be topped by the crowning of the carnival queen, to be selected from contestants from all Pacific Coast colleges. Other entertainment will be arranged by the Swiss Swingers and will feature college students and entertainers from local night spots.

The decorations for the dance will carry out the winter carnival theme and the committee promises that they will be spectacular. The ball will be held at the State building.

Sunday the social events will be concluded with the much-publicized ski chase. Never before having been tried

## Beta Kappa Historian Appointed

Ralph Moyer was appointed historian for the ensuing year at a meeting of the Beta Kappa fraternity, Gene Rowland, president of the group, reported.

Lee Tucker also was named by Rowland as active Beta Kappa member representative of the Mothers' Club.

on skis is only one of the features of this event which promises to be thrilling fun for all. Modeled after the treasure hunts known to all, the ski chase will be a treasure hunt on skis by teams. A girl from one college will be teamed up with a man student from another and they must follow the clues together and finish together.

During the three days of the carnival many short tours to interesting spots in Reno and vicinity will be arranged for the visitors.

The University of Nevada Winter Carnival is modeled after the famous Dartmouth Snow Carnival and is the first attempt at this sort of entertainment to be made on the west coast. The carnival, if it proves successful, will become an annual affair, thus instilling a famous eastern tradition on the west coast with western variations.

The winter carnival promises to surpass any other winter sports program ever held on the Pacific Coast and is

# Happy Combination

...a new year  
...a new SMOKING PLEASURE

Make Chesterfield your New Year's resolution ...they'll give you more pleasure than any cigarette you ever smoked.

Chesterfields are better because of what they give you —refreshing mildness, better taste and aroma.

Chesterfields are the right combination of mild ripe American and aromatic Turkish tobaccos — rolled in pure cigarette paper.

When you try them you will know why Chesterfields give millions of men and women more smoking pleasure...why THEY SATISFY.

# Chesterfield

... the blend that can't be copied  
... a HAPPY COMBINATION of the world's best cigarette tobaccos
