

## Honorary Captains Selected by R.O.T.C. Cadets This Morning

Meeks, Henderson, O'Brien And Crosby Chosen By Battalion

Almost two hundred R. O. T. C. cadets this morning selected the coeds of their choice to act as honorary captains of the three university cadet companies and the cadet band.

Eight coeds were selected to run for the positions last Tuesday during the regular classes of the cadets. Final election of four coeds was held this morning during the regular drill period of the battalion.

The four coeds honored by the R. O. T. C. will assume their first duties next Saturday evening at the Military Ball when they will act as attendants to the honorary major, Gene Wines, who was selected last week.

The honorary captains also will attend all company functions, including the spring review scheduled later in the semester. If a crack drill platoon is sent to San Francisco for the Bay Exposition the honorary major and the four honorary company commanders will probably accompany the platoon.

Capping a full collegiate career, Kathleen Meeks, outstanding senior student, was elected honorary captain of the cadet band.

The appointment is the second position to which she has been nominated during her four years of college. She was elected honorary major of the cadet battalion in 1937.

Miss Meeks also has been active in campus dramatics circles and is taking the leading feminine role in the forthcoming Mackay Day production. She also served as Mackay Day Queen last year.

She is a member of Campus Players, Press Club, has served in the senate and on senate committees for several semesters and is serving this year as women's editor of the Sagebrush.

Selection of Company A was Jean Henderson, prominent junior arts and sciences student. She is affiliated with Kappa Alpha Theta sorority. Chosen by Company B to act as honorary captain for the coming year was Pat O'Brien, sophomore student.

Elected to serve as honorary commander of Company C is Thelma Crosby, junior arts and sciences student. Miss Crosby was nominated this semester to run for honorary major and has been active in campus affairs. She is affiliated with Kappa Alpha Theta.

Other candidates for the honorary positions were Eileen Buck, Wilma M. Jones, Helen Lily and Ruth Harris.

## McCulloch, Jensen Named Bible Heads

Frank McCulloch and Dyer Jensen were named heads of the 1939-40 Frosh Handbook by Student Body President Dave Goldwater today.

McCulloch will serve as editor of the bible and Jensen as business manager. Both are sophomore students.

McCulloch is a member of the Sagebrush editorial staff and fraternity editor of the Artemisia. This is his second year on the Artemisia editorial staff. He is a member of Sigma Nu, a member of Sagers and an honor roll student.

Jensen has been a member of the Sagebrush business staff for the past two years. He has served two years as a yell leader, is a member of Lambda Chi Alpha and a member of Sagers.

They will name their assistants at a later date.

## Clark Reorganizes R.O.T.C. Battalion

A complete reorganization of the university R. O. T. C. battalion by Colonel Oral E. Clark, professor of military science and tactics, got under way this week.

Chief change is the creation of a battalion staff, which will consist of a cadet major, a cadet adjutant and several other cadet officers who will assume the duties of regula staff members as practiced in the regular army.

Two additional officers will be assigned to the staff in order to fill vacancies and afford promotion. Non-commissioned officers will be assigned more responsible positions, affording them more experience in handling the affairs of a company.

Actual cadet commissions will be given to advanced course men, and the non-coms will receive cadet warrants. Honorary commissions will be presented to the honorary major and four honorary captains, sponsors of the battalion.

A private office for the provisional staff also is being contemplated. It will be located in the front end of the mimeograph room.

## Crack Drill Platoon, Military Band Will Participate in 'Frisco Exposition

A "crack" drill platoon and the military band, both from the university R. O. T. C. battalion, will participate in the Golden Gate International Exposition if the project receives enough support, military authorities announced this week.

The units will help fill in Nevada Day at the fair and will act in conjunction with Nevada's ski team. Probability of the journey increased with the withdrawal of the sheriff's posse originally proposed to represent the state.

Although definite plans have not been made, it is probable that about 45 men and three officers will make the trip, accompanied by Major R. O. Bassett, assistant professor of military science and tactics.

Much extra drill will be required of men chosen to represent the battalion. They will go through a routine of manual of arms, taking their cues from the music of the band. This type of drill is very difficult and requires much practice, but is very effective when perfected, military instructors said.

The trip will prove valuable to the training of the cadets in that it will acquaint them with the maneuvers of moving troops and transportation of armed forces, military authorities stated.

Support of local townspeople already has been secured, Bassett stated.

## Plans for Jumping Championships Are Furthered by Club

Scarcely finishing the clean-up of the very successful University of Nevada Winter Carnival, the University of Nevada Ski Club has put across the idea to the officials of the Golden Gate International Exposition to let it sponsor the intercollegiate ski-jumping championship at the fair grounds on the giant man-made jump recently completed on Treasure Island.

The Golden Gate International Exposition will open February 18 with one of the headline attractions being the international ski-jumping championships under the sponsorship of the Auburn Ski Club.

February 25 and 26 will find the intercollegiate jumping championships holding the spotlight under the sponsorship of the University of Nevada Ski Club.

The competitors in the intercollegiate championship will be the ski stars of several western colleges and universities with jumpers from any institutions of higher learning welcome to compete.

The hill, built of steel scaffolding, is one of the largest in existence of its type. Jumps of over fifty meters will be possible and, because of the scientific construction of the hill, many outstanding jumps should be made.

The snow on the hill will be crushed ice, sprayed from huge machines borrowed from Hollywood for the occasion. The "snow" will consist of 300 tons of ice for an initial coat and 80 tons added each day.

If the ice is in good condition it is much preferred to snow by champion jumpers because of its smoothness and because it gives added speed.

A special train will be run to San Francisco in conjunction with the meet, enabling students and townspeople to follow the ski team to San Francisco to see the jumping contests and the much publicized world's fair at a very nominal price.

Arrangements are being made to let Nevada students in the meet at a great reduction in price, to encourage a large number of rooters to cheer on the skiing sponsors of the meet.

The train will be run on the same principle as the football or basketball excursions and will be the only special train to the coast from Nevada this semester. The plans call for the train to leave at noon February 24 and return the night of February 26, but the return tickets will be good any time within ten days. The train will have a club car for dancing.

The members of the University of Nevada ski team who are expected to take a part in the meet are Jack Starret, Don McMeekin, Jim Worden, Martie Arrouge, Dick Mitchell, Earl Edmunds and Coach Wayne Poulsen, who will give a jumping exhibition.

Plans also are being made to have about twenty members of the University of Nevada Ski Club to patrol the hill and act in some official capacity at the meet.

## Carville to Speak Here Next Monday

Governor E. P. Carville, who will address the student body at 10:30 a. m. on Monday, February 13, will speak on the influence of Abraham Lincoln on the people and conditions of his day and the influence he is still exerting on the modern world, according to word received here this week by Dr. Harold N. Brown, chairman on assemblies and lectures.

"I hope to develop the thought that Lincoln was one of those figures that lose their nationality in death and become a world figure," Carville's letter said.

## Scabbard, Blade Expects Greatest Of Military Balls

Grand March to Be Feature Of Annual R.O.T.C. Dance

Preparations for the annual Military Ball are nearing completion, with members of Scabbard and Blade putting forth every effort to make this year's affair the greatest ever presented.

The ball will take place February 18 in the State building, and dancing will begin at 9 o'clock.

11-Piece Orchestra Music will be furnished by a campus orchestra headed by Duane Collins, Buddy Williams and Jerry Salter. A vocalist will accompany the 11-piece ensemble.

Highlight of the affair will be the grand march led by Gene Wines, honorary major, and Colonel Oral E. Clark, Arch of Sabers.

An arch of sabers under which the couples pass is formed by the cadet officers. The grand march will be broadcast over KOH during the half-hour the ball is on the air.

Final Scabbard and Blade degrees will be received by 14 junior officers and their official insignias will be presented them by the honorary major in a short ceremony.

Six associate members also will be inducted into the organization during the evening's ceremonies.

Among the guests of honor at the affair will be Governor and Mrs. E. P. Carville and Lieutenant Governor and Mrs. M. J. Sullivan.

Cadet Captain Dick Roche, battalion adjutant, was appointed chairman of the dance committee by Harry Galloway, Scabbard and Blade head.

Committees appointed by Chairman Roche are: Decoration, John Barrett, chairman; Clinton McKinley, Delbert Stewart, Max Johnson and Ben Cardinal, Program committee, Walter Wilcox, chairman; Ed Beaupere and John Naughton, Publicity, Don Kinskel, chairman; Clarence Heckethorn, Ointo Barsanti and Allen Rives, Music, Virgil Hart, chairman, and Fred McIntyre, Refreshment, Kenneth Day, chairman, Guy Brown and Harry Mornston, Hall, Bob Greng, chairman; Ned Dickson, Roy Shipp and Ernest Jorgensen.

Tickets to the dance may be purchased from any member of Scabbard and Blade.

## Aggie Members to Attend Stock Show

Annual Judging Scheduled At Treasure Island Feb. 18

Five University of Nevada students will be the envied persons chosen to represent the Aggie Club at the stock-judging show at Treasure Island on February 18 to 22.

Jim Jensen, George Friedhoff, Walt Christensen, Charlie York and Leland Fallon will go down to the exposition "not representing the University of Nevada in competitive judging with other universities, but gaining experience and knowledge in watching some of the best judges in the country judge the finest livestock," Fallon said.

In connection with the judging is to be dedication of a pavilion and a coliseum to the service of the livestock industry. As a climax to the dedication of these buildings, the grand champion steer will be chosen. This selection is staged under the auspices of the Golden Hoof club of the College of Agriculture at Davis.

The American National Livestock Association will have concluded its annual session in the Palace hotel February 19, and its members, leading figures from every section of the western range country will be "turned loose" to enjoy the thrills that await every visitor at the Golden Gate exposition.

This is by far the largest and most publicized livestock show that has ever been held in the west, according to Fallon, and it not only will enable the delegates from the University of Nevada to witness one of the greatest stock shows that have been put on, but it also will enable them to acquaint themselves to the art of judging.

## At Last --- University of Nevada Club's Work Is Commended

The University of Nevada Press Club was commended for its "constructive work" by the Nevada State Journal this week.

Writing in his "Good Morning" column on page one, Jack Rutledge, managing editor of the local journal, praised the university organization for taking an interest in the history and welfare of the state.

"Most college students," he said, "are so busy thinking about the blonde they met at the prom, or about football, or their own futures, they give no thought to doing anything constructive for the community in which they live."

"So that makes the University of Nevada's Press Club unusual. This organization has a project which is doing excellent work in commemorating and preserving historical relics of the state."

## Scabbard, Blade Expects Greatest Of Military Balls

Grand March to Be Feature Of Annual R.O.T.C. Dance

Preparations for the annual Military Ball are nearing completion, with members of Scabbard and Blade putting forth every effort to make this year's affair the greatest ever presented.

The ball will take place February 18 in the State building, and dancing will begin at 9 o'clock.

11-Piece Orchestra Music will be furnished by a campus orchestra headed by Duane Collins, Buddy Williams and Jerry Salter. A vocalist will accompany the 11-piece ensemble.

Highlight of the affair will be the grand march led by Gene Wines, honorary major, and Colonel Oral E. Clark, Arch of Sabers.

An arch of sabers under which the couples pass is formed by the cadet officers. The grand march will be broadcast over KOH during the half-hour the ball is on the air.

Final Scabbard and Blade degrees will be received by 14 junior officers and their official insignias will be presented them by the honorary major in a short ceremony.

Six associate members also will be inducted into the organization during the evening's ceremonies.

Among the guests of honor at the affair will be Governor and Mrs. E. P. Carville and Lieutenant Governor and Mrs. M. J. Sullivan.

Cadet Captain Dick Roche, battalion adjutant, was appointed chairman of the dance committee by Harry Galloway, Scabbard and Blade head.

Committees appointed by Chairman Roche are: Decoration, John Barrett, chairman; Clinton McKinley, Delbert Stewart, Max Johnson and Ben Cardinal, Program committee, Walter Wilcox, chairman; Ed Beaupere and John Naughton, Publicity, Don Kinskel, chairman; Clarence Heckethorn, Ointo Barsanti and Allen Rives, Music, Virgil Hart, chairman, and Fred McIntyre, Refreshment, Kenneth Day, chairman, Guy Brown and Harry Mornston, Hall, Bob Greng, chairman; Ned Dickson, Roy Shipp and Ernest Jorgensen.

Tickets to the dance may be purchased from any member of Scabbard and Blade.

## Barbs Hold Social, Business Meeting

The Independents held a combined social and business meeting last Monday night at the St. Stephen's chapel. Lola Frazier and Walter Wilcox were in charge of the games and entertainment.

Business discussion was concerned with the activities of the organization on Mackay Day. Final decision as to the plans for that occasion was postponed until the next meeting, to be held February 20.

Beko to Leave Tom Beko, Sigma Nu, will leave tomorrow afternoon for the bay region where he will spend the weekend on a pleasure trip. He will be accompanied by Clarence Heckethorn.

## FROSH PROPAGANDA

Winter is over, or didn't you know? If you don't believe us, then breeze by the Century Club the 25th of February and attend the Frosh Thaw.

This year the Frosh Class presents the Frosh Thaw, undoubtedly one of the hottest dances of the year. Usher in Spring with a bang by "truckin' on down" with the hot music of Les Leggett's Campus orchestra.

Everybody's coming to bid old man winter good-bye. Buy your tickets in advance and avoid the rush. Support the Frosh Class by coming, and thaw out the icicles in your beard.

## Mackay Queen Nominations Opened; Beards to Begin to Sprout Soon

Nominations for the Mackay Day queen to rule over the annual festivities will be made within the next few days, George Hardman, chairman of the committee, said today.

Nominees for the honor chosen by the various sororities will submit personal pictures to the committee. These photos must be in the hands of the committee chairman by February 21. The pictures must be of a uniform 6 inches by 8 inches size.

Contestants for the queenly position will be judged on beauty, poise and personality. As yet the person who will be judge of the contest has not yet been chosen.

## SORORITY GIRLS WORRY ABOUT PAN-HEL REVERSE

"Whom shall I ask? Whom can I take to the dance tomorrow night? After all, it is the first reverse dance this year, and it's to be extra-special if I have to pay all the bills."

Thus the conversation goes in the various sorority houses, concerning the annual Pan-hellenic dance to be held in the Odd Fellows hall tomorrow night. Other questions fly through the houses also, but the one most often heard is that concerning the money situation.

Overheard at one sorority was an older sister giving another member advice as to how to get around paying for the ticket, 75 cents, and the entertainment afterward.

"You call up John," she explained, "and tell him you'll take him to the dance if he'll buy the food afterward."

A good idea, if it would work. For decorations, each sorority is making a large valentine, the best of which will receive a prize. Awards also will be presented to the fraternity and sorority having the best attendance at the dance, Georgia Cooper, head of the Pan-hellenic group, stated.

Dean Margaret E. Mack, Miss Echo Loder, Mrs. Jeanette Rhoades and the house mothers of the sororities will be chaperones.

## Former U. C. Prexy To Deliver Address

Dr. Barrows, Renowned as Educator, Will Make Commencement Talk

Dr. David P. Barrows, former president of the University of California, has given his acceptance to an invitation to deliver the Commencement speech next May, Dr. Leon V. Hartman, acting president, announced today.

"Dr. Barrows is one of the most interesting and fascinating speakers I have ever heard," Dr. Hartman commented. "He is a renowned world traveler as well as a famous speaker."

U. C. President Dr. Barrows was president of the University of California from 1919 to 1923. Prior to his membership on the California university faculty he spent ten years in the Philippine Islands, where he was connected with military and educational agencies.

His travels include Asia, Malaya, Africa, Central and South America. He was exchange professor of the University of Berlin for a year. The University of Bolivia, Catholic University of Chile, Columbia, Mills College, Pomona College and many others are among the list of schools at which he has served as faculty member.

Military Leader Dr. Barrows, in addition to his educational achievements, is a major general of the California National Guard, and was the first state commander for the California American Legion.

The subject of Dr. Barrows' Commencement speech is not yet known, but will be announced in the near future, Hartman said.

## Fulton Pledges B. K.

Milton Fulton, sophomore engineering student, was pledged last week to Beta Kappa fraternity, Gene Rowland, president of the group, said today.

All University of Nevada men who enjoy a good, clean daily shaven face had better splurge and shave at least twice a day for the next week, it was indicated today by the Mackay Day committee.

The Military Ball will be the last chance that the coeds will have a chance to feel that schoolgirl skin, for the growth of beards for the Mackay Day celebration starts the Monday following the ball. Men will be forbidden the razor until Mackay Day when prizes for the best adornments will be awarded.

Members of the committee are George Hardman, chairman, Ross Ashley, Gordon Thompson, Al Caton, Dick Roche, Ray Garamendi, Robert Smith, Gwen McGinnis and Ruby Nay.

## Goldwater, Meeks Cast in Leads of Mackay Production

Campus Thespians to End Collegiate Careers in 'Washington Jitters'

Kathleen Meeks, veteran dramatist of campus productions, will enact the leading feminine role of the satirical comedy "Washington Jitters," which will be the play presented by the Play Productions group in its first annual Mackay Day performance. Professor William Miller, director, disclosed today. This play will be presented at the Granada theatre.

Dave Goldwater, another veteran, is cast in the male lead of the play, opposite Miss Meeks.

Miss Meeks will conclude her college dramatic career in this production. She has appeared in prominent roles in six former campus dramas, besides being extremely active in other college activities.

Some of the inveterate theatregoers will remember her for her performances in "The Royal Family," "You and I," "Twelfth Night," "Much Ado About Nothing," "Hell Bent for Heaven" and "The Torch-Bearers."

Goldwater, A. S. U. N. president, made his debut on the campus stage as a freshman, when he played the lead role in "Hell Bent for Heaven." He has since appeared in "Much Ado About Nothing" and "The Royal Family." He will also complete his college theatrical career in this spring's play.

Other Parts Filled Bob Van Waggoner will make his third appearance back of the collegiate footlights in portraying one of the principal roles of this drama. He formerly played in "Twelfth Night" and "The Royal Family."

Hal Peterson, university freshman, who recently took part in a Reno "Little Theatre" production, will take one of the other chief supporting roles in "Washington Jitters."

Others included in the cast of 33 are Willis Dalzell, Kelly Eccles, Ralph Stone, Lee Strauch, Allen Rives, Jack Hanson, Kathryn Wilkes, Mary Ellen Bennets, Beulah Leonard, Jack Beach, Jim Gibbs, Harold Jacobsen, Eli Nickovich, James Johnson, Ned Dickson, Mary Lockridge, Cleone Stewart, Mary Arentz and Betty Marie Shidler.

Some of the minor roles have one actor filling two or three different parts in this production, as many of the characters' appearances are so brief.

Rehearsals will begin Monday afternoon in the Education building auditorium, Professor Miller added.

## Four Pre-Meds Rate Above National Average in Aptitude Tests

Of the nine University of Nevada upperclass men who took the pre-medical aptitude test late last semester four came out with a grade above the national average, Dr. Peter Frandsen, head of the department of biology, announced this week.

One of the four obtained a grade that rated him in the upper quarter.

The average this year was slightly lower than it has been in years past. This, however, may be accounted for by the fact that those taking the tests were unusually excited and seemed to take it too seriously, Dr. Frandsen explained.

Approximately ten or eleven thousand pre-medical students take these tests every year. Of this number only seven thousand are allowed admittance to the various medical schools of the country.

This aptitude test has been made by most medical schools a requirement for entrance. Other qualifications are character, personality and scholarship. These tests should not be taken as meaning whether or not one is to become a doctor, Frandsen explained. "It has been found in the past that many students with an average rating have become excellent practitioners in their fields."

NOTICE Reading material will be carried in next Friday's supplement. DON KINKEL, Editor.

## Pack Plays Vital Series with C. of P. Friday Saturday

U. N. Must Defeat Bengals to Have Chance for Championship

A vastly improved University of Nevada Wolf Pack left last night for Stockton, where it will meet the College of Pacific Bengals in two games which may well determine the basketball championship of the conference.

The Pack, fresh from its double victory over Fresno State last week, is at present tied for second place in conference standings with Chico and must take Pacific into camp both nights to have a chance for the title when it meets the league-leading Cal Aggies later this month. The series will open the conference season for the Bengals.

Wolves Continue Improvement After thoroughly walloping Fresno last week-end, the Wolves kept up the good work and continued to improve through the week in practice. Against the Junior Varsity Tuesday night, their plays were working with oil-smooth precision and they poured the ball through the hoop with the flash and precision of last year's championship team.

The Wolves received a serious setback this week, however, when it was learned that neither John Etchemendy or Ray Waldren will be able to see much action in the Bengal series. Waldren is still suffering from a broken toe received in the San Jose games, and Etchemendy has a badly sprained wrist from a fall in the Fresno series.

Replacements Taking Etchemendy's place in the starting line-up will be either Gordon Thompson or Mitch Cobega. Both boys have looked their best in practice this week, and both are certain to see plenty of service.

Max Forbes, whose shooting eye is improving with every practice, will again hold down the other forward post. Lee Conaway should also get into action against the Bengals.

Big John Radovich, who had his one-handed pivot shot down to perfection in the Fresno games, should give the Pacific guards plenty to worry about from his center position. He will be relieved by John Mayse.

Ray Harris and Ted Olsen, Nevada's two candidates for all-conference ratings, will, as usual, hold down the guard spots.

Harris' "side-waltz" dribble and one-handed shot have been the Fresno guards in hot water continually last week as he poured in 26 points for the two games, and he should be able to repeat in Stockton tonight. Olsen turned in one of the strongest exhibitions of defensive work ever seen in the Nevada gym, in addition to dumping in 17 points for the series.

John Lemich and Blake Speers will be ready to relieve Harris and Olsen.

Pacific, however, is far from being a push-over. They are rapidly reaching their peak, and led by little Paul Rippen, flashy forward, have begun to make things exceedingly tough in their region.

They hold a win over San Jose State, who the Wolves split with two weeks ago, and also walloped the University of Mexico, beaten badly by Nevada three weeks ago.

In addition to Rippen, the Bengals boast of two fine forwards in McWilliams and Higgins, and a center, Pat Dunlap, who matches Radovich in size and ability. Bud Doyle and Earl Dahl, both very big men, hold down the guard spots.

Out For Revenge Last year's championship Pack flattened Pacific in two games, and the '39 Bengals swear that they will avenge both defeats on their home floor.

"If we didn't expect to win, we wouldn't even trouble to make the trip," Coach J. E. "Doc" Martie said of Nevada's chances.

Martie will take Manager Vernon Wines and twelve men: John Etchemendy, Lee Conaway, Max Forbes, Gordon Thompson, and Mitch Cobega, forward; John Radovich and John Mayse, centers; and Ray Harris, Ted Olsen, Ray Waldren, John Lemich and Blake Speers, guards.

## DR. MAZOUR TO TALK ON YOUTH, EUROPE AT CHAPEL SUNDAY

Dr. Anatole Mazour, professor of history, will speak next Sunday at St. Stephen's chapel upon the subject of "Modern Youth and the Religious Crisis in Europe."

The talk will be the first of a new series of lectures planned by Father Thomas of the chapel by speakers and upon subjects that have special appeal to University of Nevada students.

The Sunday following Dr. Mazour's talk, Emily Ross of the mathematics department will deliver a talk concerning "Chinese Adventures."

Miss Alice Maxwell, secretary of the Reno Red-Cross, will speak at a later date on "Social Welfare Work as a Vocation."

All students and members of the faculty are invited to attend all of these meetings.

The editorials in the University of Nevada Sagebrush express the thoughts of the editor of the publication and make no pretense of being the barometer of the sentiment of the University of Nevada student body or administration. All editorials are written by the editor unless signed otherwise.

### MORE OR LESS OF A REPLY

was printed this week in the Fallon Standard concerning the article printed on the front page of the Sagebrush last week.

The article did not repeat its accusation of last week but said that "we can soften our allegation by saying that undue faculty influence was evident."

We would like to know in what manner the undue faculty influence manifested itself? Perhaps the readers of the Sagebrush would rather have its editor react instantaneously and violently, editorially, every time a question concerning the university is brought forward. Is it undue faculty influence because the editor chooses to reason the situation out to a logical conclusion instead of writing an editorial screaming with black and violent headlines all over the front page?

Regarding the Standard, the Sagebrush doesn't need softening of anything. The Sagebrush would rather have such things come without any strings attached.

The Sagebrush believes that if the writer of the article had investigated as thoroughly as the investigating committee he praises so highly that the article never would have been written in the first place.

If he did investigate, the Sagebrush would like to be offered proof of such an investigation and would like to see the material by which he reached such a conclusion. In the second place, if the writer published what he has heard rumored, then he is guilty of gross and foolish misconduct.

## J. V., Elks Clash Tomorrow Night

Coach Ray Harris' Junior Varsity quintet, directed by Jack Pieri in Harris' absence, will meet the powerful City League Elks in a game beginning at 7:30 in the Billingshurst gymnasium tomorrow night.

The Elks, at present leading the "B" division of the City League, have swept over all opposition so far this year, even whipping many of the better "A" league teams.

Led by a former light-heavyweight amateur boxing champion, Tony Poloni, and their towering center, George Gates, they boast one of the tallest teams in the state and should provide all the opposition the Jayvees want.

Harris' charges, however, have shown a steady improvement since the first of the season, and by all rights should win the game. Monday night they walked through the strong California Grocery team by a score of 40-35 and looked good against the smooth-working varsity the following evening.

Pieri probably will start Edwards and McCulloch at guards, McNabney at center, and Taylor and Shepley at forwards.

The coach of the conference champions has a cute way of disciplining his football players. Every time any one of them makes a mistake, he fines him and takes it out of his pay.

### KAY STARRATT TRAINS UNDER NOTED SKI INSTRUCTOR

Kathleen Starratt, ace University of Nevada woman skier, left last week for Sun Valley, Idaho, to enter in intensive training under Friedl Pfeiffer, famed ski instructor at the snow resort.

The long period of training will be primarily conditioning for the coming Olympic trials in which Starratt will compete in an attempt to win a place on the United States women's Olympic ski team.

While attending school at Nevada, Starratt was affiliated with Kappa Alpha Theta sorority and was active in campus affairs.

She also was director of the first annual winter carnival held recently and has won many trophies for skating contests. She is the former women's combined champion of California.

A professor is, in reality, a text-book wired for sound.

## Wolf Pack Second In F.W. Conference

### Nevada Tied With Chico By Virtue of Fresno Conquests

As a result of two wins over the Fresno State College this past weekend, the University of Nevada is tied for second place with Chico State in the Far Western conference basketball standings.

The California Aggies are on top after taking two straight games from Chico, which previously had taken a two-game series with Nevada.

Fresno State, which is playing in the league for the last year, has no wins, while College of Pacific has played no conference games as yet.

**Pack in Form**  
Wolf Pack enthusiasts saw the Nevada team last week in contests which showed true form by the Wolf Pack.

Friday night the Wolves played ball every minute to ring up a 54-40 victory. A lag in the second half, with the Bulldogs gaining a 26-25 edge over Nevada, was broken by Forbes, who touched off a Nevada rally with a field goal under the basket. Following Forbes' shot, the Wolves ran up 21 points in seven minutes. Fresno kept up its end of the score with long shots.

The second game of the series showed the Wolves more confident, but their tough luck under the basket kept the score low.

Harris was high-point man in the second game of the series, scoring seventeen points, while Radovich took scoring honors the first night of the series with sixteen tallies.

### Art Exhibit Discussed at Meeting

The Fine Arts Society held a meeting last night at the Tri Delt house, Margaret Hussman, Fine Arts president, announced today.

Maude Patterson was hostess for the evening. Following a short business meeting, Mrs. Minerva Pearce addressed the group.

Miss Hussman announced that the exhibit which was scheduled last week could not be obtained at the time and cannot be obtained for next week. However, the group is planning to sponsor exhibits this semester, as in the past.

## SCHOOL OF MINES GRAD LECTURES TO CLUB

Ray Misener, Mackay School of Mines, '27, now general superintendent for the Sociedad Minera Badius and Johnson mining company of Casapalca, Peru, addressed the members of the Crucible Club at a special meeting last Friday.

Misener outlined mining conditions and operations in Peru, told of the trials and tribulations of the young mining engineer in South America, and described the climatical phenomena that exists in the Casapalca region.

Though Casapalca is in the chill grip of mid-winter, at Lima, a distance of only seventy miles, the populace is sweltering in the hottest days of summer.

Casapalca's temperature ranges from 70 degrees to 20 degrees, yet within five miles east lies a huge glacier, and in a radius of seventy miles people are dying of tropical fever.

Misener said that the railroad leading to the mine made fifty-six switchbacks in fifty-six miles, and then when the train reached the 11,000-foot level a doctor came on board to administer oxygen to passengers overcome by the rarified atmosphere.

More pleasant to the ears of the mining students was the fact that all engineers started at \$225 a month. With each two-year contract comes a three-month vacation with pay.

Misener expects to find Whit De Lamare and Clyde Keagle, both Nevada graduates, at Casapalca when he returns. Both have signed contracts with the Cerro de Pasco company, of which the Sociedad Minera is a subsidiary, and it is probable that they will start under Misener.

If you give some girls the world with a fense around it, they'll turn around and give you the gate.

"For Pete's sake, don't hurt me!"  
"Who's Pete?"  
"Me."

## Y.W.C.A. to Launch Emergency Drive

### Proceeds to Be Used for Benefits of Students In Far East

The Far Eastern emergency drive on the Nevada campus will be launched at the next A. S. U. N. meeting, according to plans made at a general meeting of the Y. W. C. A. held on Tuesday evening.

Speakers will appear before the students at the next A. S. U. N. meeting to outline and acquaint everyone with the aims and purpose of the drive.

**Tags to Be Sold**  
Immediately following the meeting, and continuing for several days, small tags will be sold which have printed on them: "I have shared with an eastern student."

Last year the Asilomar district of the Y. W. C. A. which includes California, Nevada, Utah, Arizona, New Mexico and the Hawaiian Islands, contributed \$2500 to the emergency fund. Nevada gave only \$5 of that amount. This year Nevada hopes to give at least \$50.

**Student Expenses**  
The expenses of the Chinese student is listed as follows: 5 cents, three meals;

## Frosh Win Twice During Weekend

Nevada's freshmen cagers chalked up two more victories when they took both Lassen J. C. and Hallon High into camp by close scores last weekend.

In Friday's game, the Cubs edged out the Jaysee club, 35-31, and on Saturday they barely beat Fallon, 25-24.

Both tilts were played in the Nevada gymnasium as preliminaries to the varsity games.

Bob Hawley headed the Frosh in the scoring department with nine points in the first game, and shared honors with Paul Seaborn in the Fallon basketball-making contest, each accounting for six tallies.

## Frosh Hoop Team Plays Two Games With High Schools

Yerington, Stewart Clash With Cubs Friday, Saturday

Tonight, Coach Jim Coleman's freshman basketball team will journey to Stewart to engage the hard-fighting Stewart Redskins. Tomorrow night in the Nevada gym at 8 p. m. the Cubs will face Yerington's highly-touted high school cagers.

Chances of two victories for the Nevada babes are high, Coleman indicated, for they are all in the best of shape and everyone is determined to do his best.

### Predicted Thriller

The Stewart Indians so far this season have met with good luck in their games, and indications are that tonight's tussle will be a thriller from the spectators' point of view. Having won games from Carson, Gardnerville, Dayton and Sparks, the Stewart Bucks are given a fair chance to defeat the frosh.

The comparative strength of the Yerington Lions still is unknown, but it is safe to assume that they will give the Nevada boys a tough time of it, for they took an easy 21-17 victory from Fallon's Green Wave, while the yearlings barely overcame them in the last twenty seconds of play by 25-24.

The Nevada frosh this week have been put through several hard practice sessions in an attempt to correct the weaknesses that especially were noticeable in last week's contests. Coach Coleman said that his players have hit a mid-season slump, for they were having a tough time with their charges last Wednesday night when a scrimmage was held with the steadily improving Nevada Junior Varsity quintet.

Myron Waldman is the only player reported to be injured on the Nevada freshman team. Waldman received a badly wrenched ankle in practice two weeks ago and will see little or no action this weekend.

### Starting Line-up

The probable starting line-up as released by Coach Coleman last night consists of Paul Seaborn, Winfield Babcock and Robert Hawley at forwards and Bill Harrington and Peter Rosaschi at guards.

Other reserve players expected to see

## L. TUCKER LEADS IN HANDBALL WITH WIN OVER 'LEFTY' MAYER

Leland Tucker, Beta Kappa, clinched first place in the 1939 intramural handball singles tourney this week with a hard-fought three-set victory over "Lefty" Mayer, last year's champion, who represents Phi Sigma Kappa.

Scores of the match were 15-21, 21-18, 21-16. Mayer and Tucker had been tied for first place in the tourney with no defeats and, as there are only eight games left on the schedule, the championship was practically decided by this match.

Bill Peccole, Sigma Alpha Epsilon, remains in a tie for second place, with one defeat, having rung up victories over Lambda Chi Alpha, 21-11, 21-10, and over Alpha Tau Omega, 21-11, 9-21, 21-18, in this week's competition.

Completion of the singles tournament will mark the beginning of the doubles handball competition, and last year's champion team from the A. T. O. house again is favored for first-place honors.

In other singles contests this week, Phi Sigma Kappa beat Lincoln Hall, 21-3, 21-10; Independents also topped Lincoln Hall 21-19, 21-9; Beta Kappa scored a win over Sigma Phi Sigma. Lambda Chi Alpha subdued Sigma Nu 21-10, 21-6, and Sigma Phi Sigma beat Alpha Tau Omega.

action are Robert Johnson, Herbert Smithwick, Kenneth Mann, Mario Vial, Sam Franovich, Clark Guild, Bill Latin and Marvin Luhrs.

After this week of play the freshmen have five more games to play: February 15, Sparks high school, here; February 18, Hawthorne high school, there, and on February 24 and 25 they meet the California Aggies Frosh at Davis.

"When you fell out of the window did you hurt yourself much?"

"No, I had on my light fall overcoat."

A certain Scotchman used to make a nickel go so far the Indian got fallen arches.

## Nine Coeds Named To English Society

Nine women have been elected into Chi Delta Phi, women's honorary English society, Elizabeth D'Allesandro, president, announced Thursday.

These are Mary Ellen Bennets, Marjorie Gusewelle, Laverne Parks, Eleanor Goldworthy, Margaret Hermansen, Inabelle Jarvis, Mary Boylan, Jeanne Brannin and Gratia Ferguson.

An initiation banquet probably will be held for them March 2, at which time they will present stunts for the entertainment of the members.

## FACULTY, WOMEN TO CLASH IN BASKETBALL

Members of the University of Nevada faculty will meet members of the W. A. A. in a girls' basketball game February 19 in the University of Nevada gym.

The game will start a 4 o'clock with a charge of ten cents being made to all coeds. No admission will be charged the faculty.

Professor Demming will be in charge of the faculty crew and Marie Varnum, assisted by Moos and DuPratt, will be in charge of the coeds.

## Junior Varsity Continues to Improve; Defeats City League Team

Coach Ray Harris' Junior Varsity quintet continued to show improvement this week when it defeated the California Grocery, City League team, by the score of 40-35 on Monday night.

Off to a shaky start, the Jayvees were completely outplayed by the Grocers in the first half and were trailing by a 27-to-14 score as the half ended.

During the second period, however, they tightened up to bottle the high-scoring Frank Goodner and his mates, and went on to dump in a few points of their own.

Bob Taylor led the Jayvees in scoring with 14 counters to his credit, while Frank Goodner led the City League team with 13. Edwards, McNabney and Shepley all turned in good floor games for the winners as did Polish and Peterson of the City League team.

## Twelve Cub Gridders To Receive Sweaters

Twelve freshmen football players completed measurements for their 1938 awards this week and will receive the sweaters and numerals within a few days.

The twelve frosh gridsters were the men recommended from the cub squad last semester by Frosh Coach Jim Coleman, who also made the necessary scholastic average necessary to be eligible for an award.

The men are Roy Anderson, George

Frey, Clark Guild, Charles Jones, James Gaines, Thomas Guild, Joe Kosakowski, Robert Meacham, Sam Osgood, Wesley Schlager, George Westergard and George Basta.

Send the 'Brush home.

## U. N. Probe Group Meet With Faculty

Members of Student Body Also Meet for Inquiry

The committee appointed by the state legislature to investigate conditions at the University of Nevada continued its work this week when it met with department heads and members of the faculty on Friday and student leaders on Saturday.

Thirty-minute interviews were held with each individual or group, and Chairman Ralph Lattin announced that this practice would be followed until all voluntary interviews are received. Additional witnesses may be subpoenaed later if necessary, Lattin said.

Students meeting with the committee included Dave Goldwater, president of the A. S. U. N., a committee chosen from the student senate, the executive committee of the Block N, and the president of that organization, Fred Gallo-way.

Department heads and other interviewed on Friday and Saturday included Prof. F. W. Wilson, head of the department of animal husbandry and a member of the faculty athletic committee; Elsa Sameth, head of the department of physical education for women; Ernest L. Inwood, associate professor of economics; Edward G. Sutherland, acting head of the department of economics; Prof. T. H. Post, head of the music department; Prof.

## E. E.'s ARE INCLUDED IN INTERNATIONAL EXPOSITION

The University of Nevada branch of the American Institute of Electrical Engineers has been included in the San Francisco section of the institute, Professor Stanley G. Palmer, head of the electrical engineering department, announced this week.

According to Professor Palmer, who also is Nevada branch counselor of the institute, Nevada's admission into the San Francisco section will be a distinct advantage to the electrical engineering students here.

It means closer contacts with the engineering industry and carries an invitation to all student members to attend section meetings of the institute whenever they are held in San Francisco, Palmer said.

The inclusion also brings the University of Nevada branch closer to the group of student branches that include California, Stanford and Santa Clara universities.

Palmer stated that the student relations committee of the institute particularly asked the Nevada branch members to attend the meeting of this group of universities and to participate in them by presenting student technical papers, the first of which is to be presented at the first joint meeting to be held in April.

The American Institute of Electrical Engineers is a national organization of engineers to promote advancement of science in the field of electrical engineering. It corresponds somewhat to the American Medical Association in the field of medicine.

The local chapter was formed in 1922.

## Saddle and Spurs Announce Program

A combined business and social meeting was held Wednesday evening by Saddle and Spurs at the Club Fortuna. After the banquet, a program for the remainder of the semester was drawn up and approved by the regular members of the club.

Regular meeting will be held on February 22 and March 1 to make arrangements for the trip to Fallon. March 5, the entire group will go to Fallon to the Dodge Brothers' ranch to see their famous jumping horses. March 14 will be the first ride for the semester. March 18 the club will go to Sacramento to attend the W. A. A. Play Day and will ride with members of the Sacramento Riding Club. April 19 another banquet will be held. April 20 will be a supper ride and the last one of the semester.

Mickey Fairhurst was appointed secretary-treasurer for the group. At the conclusion of the business meeting, Doris Chestnut presented the entertainment, which took the form of a "Professor Quiz" hour.

The members who were eligible to attend this banquet were Mae Cassinelli, guest of honor; Kay Schnell, faculty adviser; Beatrice Lansdon, manager, and members of Saddle and Spurs which included Nancy Hall, Doris Chestnut, Marie Wadnon, Ethel Graunke, Mickey Fairhurst, Dorothy Schooley, Alice Mahoney and Mary Mahoney.

Alpha Tau Omega sent seventeen men through informal initiation rites last week with a "Hell Week" which began Thursday evening at midnight and lasted through until Saturday when it was concluded with the semi-annual pledge dance.

Those men who went through the work week are: Tom Cooke, Kirk Day, Sam Francovich, Jay Gibson, Clark Guild, Tom Guild, David Hall, Art Kinneberg, Aubin Miesel, Nick Pappas, George Peckham, Pete Rosaschi, Frank Rosaschi, Andrew Rosaschi, Mario Vial, George Carr and John Simpson.

On Tuesday the committee called in Baldwin M. Woods, professor of mechanical engineering at the University of California and a member of the Engineers' Council for Professional Development which last spring failed to accredit the school of mechanical and civil engineering at Nevada. The mechanical engineering school since has been fully reinstated.

Woods explained to the committee the manner in which the council accredits an engineering school and answered questions concerning the educational facilities and program at Nevada.

## Senate Minutes

The A. S. U. N. senate met Thursday night with President Dave Goldwater calling the meeting to order. Minutes were read of the previous meeting.

Discussion of the reorganization of the News Bureau took place, with Sybil Furchner being appointed to present a report next time.

Women students brought forth the plan of allotting the women one-fourth of the general fund which is \$2.40. This would allow the women approximately \$500 a semester.

A finance control board, composed of the A. W. S. executive board, faculty advisers and heads of women's activities, would apportion the money to women's activities. Next meeting the women will present a more detailed plan.

the shin-dig? But I can't ask Tom on account of he rooms with Bill and you know how Bill is . . . And so it goes as the feds take over the "date" duties for the week-end.

After listening to this one and that one it seems that the ideal date for this occasion would be a young man about Leland Fallon's height with Joe McDonald's (Sigma Phi Sigma) looks, topped with Breen's hair, having Ardanz' manner of dress plus Jensen's dancing ability and Leon Etchemendy's disposition, rolled in with Ray Waldren's manners, Kenny Day's devotion, DuPratt's laugh, sprinkled with Kinkele's boyish appeal and Yriberry's ability to keep the party going—and then you've got something there—that is, if you can find a little money to go with it all.

Local girl makes good—or at least is trying to make good—and so it goes. Kay Starratt leaves our fold to join the skiers of Sun Valley. Kay's got the abilities and our very best wishes, so here's hoping she makes the team.

Time turns backward to our Sunday school days when we used to save our pennies in a little box, which, when filled, was opened and sent to some poor

little boy or girl in a faraway country. The Y. W. C. A. is the time-turner on our campus. . . . Plans are being made to collect fees from Nevada students which will be sent to the "old country" to ease the hardships of the Eastern emergency—but more explanations will come later, so why dither over it now—but, anyhow, 'tis a thought.

Noticed while meandering: Several Nevadans rolling their own—their own in the fem's life being stockings and in the males cigarettes. Couldn't help wondering how many of them will be doing a different type of rolling their own in a few years to come. I laughed and laughed at the thought of some of them rolling their own in a baby carriage in just a few years to come.

Things I wish I hadn't missed . . . wish I hadn't missed meeting a certain

young lady who certainly must have "verve" or sompthin', the way she gets around. Reference is to Yvonne Blossom who for a while skied under Nevada's colors. But I noticed just this a. m. that she now is carrying the colors of the "sunshine" state.
