

## Debaters Seek Pacific Forensic League Title

### Fourteen Speakers Leave for Coast Tomorrow Night

Team Will Spend Entire Week at Two Tournaments in California

By JACK PIERI

Victory number one of the 1939 debate season will be sought next week by 14 University of Nevada debaters, when they compete in the annual Pacific Forensic League meet at Claremont, Calif., and the invitational Pi Kappa Delta tournament at Pasadena, Calif.

Those making the trip, starting tomorrow morning, are Francis Breen, Leo McCudden, Robert Joy and James Driscoll, who are all varsity debaters.

#### LEAVE TOMORROW

They will leave early tomorrow morning with varsity debate coach, Robert S. Griffin, to represent Nevada in the Pacific Forensic League, which is scheduled to last from Monday through Wednesday at Pomona Junior college, in Claremont.

Early last spring Nevada played host to the P. F. L., which corresponds roughly to the Pacific Coast Conference and includes the following institutions: Stanford, Whitman College, University of Oregon, Oregon State College, Willamette University, U. C. L. A., University of Arizona, Pomona College, University of Washington, and Nevada.

En route to the P. F. L. meet the squad will stop at Stockton, Calif., Saturday night where Robert Joy, varsity debate manager, will engage in a non-decision debate with the College of Pacific.

This year only one member of each team can compete in the respective events.

Francis Breen will represent Nevada in the oratorical contests and the title of his oration will be "The Challenge of Charity." Robert Joy is being entered in the symposium type of debate, discussing the question "What Can Be Done to Assure Peace for the United States?"

Leo McCudden will take part in the after-dinner speaking contest, while James Driscoll will defend Nevada's honor in the extemporaneous speaking contest.

This P. F. L. meet will mark the last debate trip for Francis Breen, last year's varsity debate manager, and Leo McCudden, who will both graduate this spring.

This will be the first time Breen and McCudden have been teamed together as debate partners since winning the intramural Ginsburg debate trophy three years ago.

On Wednesday morning, March 21, Andrew Rosasch, Donald Downs, Russell Strom, Charles Mapes, Ross Ashley, Edwin Mulcahy, Betty Mason, Kathleen Devlin, Eunice Beckley and William Casey will leave Reno to compete in the Pi Kappa Delta tournament. They will meet the Nevada varsity debate squad at the Crown Hotel in Pasadena, Calif.

The Pi Kappa Delta meet at Pasadena is scheduled to run for three days, March 23-25, and for the first time in the history of the school, Nevada will have an entry in the impromptu speaking contests.

#### TOPICS OF DISCUSSION

Current editorials from various newspapers will form the topics of discussion and each speaker entered will be given a copy of the editorials 15 minutes before speaking time. The judges also will be given a copy of the same editorial, and no more than five minutes will be allowed each speaker to comment upon his topic.

The question to be debated at the Pasadena meet is: "Resolved, That the United States Should Cease to Use Public Fund for the Stimulation of Business," and all teams will take part in the first seven rounds of debate. At the end of the seventh round, all teams having two defeats or less will be allowed to continue into the advanced series of three rounds. Decision will not be announced until the end of the tenth round.

Awards will be furnished in the form of gold loving-cups for the winning schools in each section, and individual awards will be furnished for speakers on the winning teams of first and second rank.

The extemporaneous question will be "Solidarity of the Western Hemisphere." All speakers, according to Coach Griffin, will participate in the first three rounds, and only those receiving high ranking will be allowed to take part in the semi-finals.

Griffin, Joy, and possibly Beckley, will act as official debate judges from

(Continued on Page 6)

## Prominent Physicist To Deliver Lectures Here Early in May

Dr. Millikan Will Speak As Fulton Memorial Representative

Dr. Robert A. Millikan, internationally-known physicist and president of the California Institute of Technology, will deliver a series of lectures under the Fulton Memorial Foundation at the university during the first week of May, Dr. Leon W. Hartman, acting president, announced today.

"Dr. Millikan has lectured here before," Hartman said, "and we are indeed fortunate to secure the services of such a renowned speaker. In my opinion, this will be one of the major events of the university's spring semester."

The Fulton Memorial Foundation was established in 1924 by Mrs. Mary Bragg Fulton in memory of Robert Lardin Fulton, one of Nevada's most constructive citizens for over half a century.

The first series of lectures under the foundation were delivered by Dr. Millikan in April, 1925. It is recalled by many who heard him at that time that he is a highly interesting speaker. Hundreds were turned away from the small education building auditorium and other hundreds stood outside the building to listen.

Dr. Millikan was professor of physics at the University of Chicago from 1896 to 1921. He became director of the Norman Bridge laboratory in physics and chairman of the executive council California Institute of Technology, Pasadena, Calif., in 1921 and has acted in that capacity since.

Among the prizes and awards he has won were the Comstock prize for research in electricity by the National Academy of Sciences, 1913, and the Nobel prize in physics for isolating and measuring the ultimate electrical unit, the electron, and for photo-electric researches, 1923.

In 1922 he was appointed the first exchange professor to Belgium. He was president of the American Physical Society from 1916 to 1918. More than twelve books, textbooks and treatises on physics have been written and published by Dr. Millikan.

The Fulton lectures were suspended for the years 1931-38 at the desire of the executor of the estate of the donor. This year marks the first to be held in the last eight years. The foundation provides funds to be used to bring annually to the university some leader in the field of science, art, literature or public affairs, who will give a series of lectures upon his special themes.

Among other lecturers of the foundation were Dr. Will Durant, Count Ilya Tolstoy, Dr. James H. Cousins, Dr. Frank Morten McMurry, Dr. Edward T. Devine and Upton Close.

The dates for Dr. Millikan's lectures have not been set, Dr. Hartman said, but they will occur during the first week in May. Dates and subjects for the lectures will be announced later.

## Heckethorn Named Sigma Nu President

Clarence Heckethorn, prominent junior student, was elected president of Sigma Nu social fraternity at a meeting Monday night.

Other officers elected were Robert Cameron, vice-president; William Casey, senator; Olinto Barsanti, interfraternity council representative; Albert Caton, social chairman; William Marks, recorder; Hugh Chesser, pledge master; William Newman, chaplain; Tom Smart, reporter, and Walter Culver, sentinel.

## PREP SCHOOL PREXIES MEET HERE IN APRIL

High school presidents will meet at the university for the annual presidents' convention April 14-15. Letters have been sent out by the committee to all of the high schools in the state, but as yet no answers have been received.

The high school forensic tournament will be held at the same time to participate in both meetings will stay at downtown hotels, and will be entertained by campus sororities and fraternities.

A round-table discussion has been planned for the presidents, and prominent members of the university student body will address the group.

## R.O.T.C. Holds Review

A preliminary review was held by the R. O. T. C. battalion this morning during the regular drill period. The colors were presented to the battalion and the unit passed in review before members of the military instructors staff.

## LET ME AT 'EM!

Part of the action in Act II of the Mackay Day play "Washington Jitters" comes when Senator Briggs, portrayed by Jack Beach, tries to force Henry Hogg (left, as represented by Dave Goldwater), an innocent sign-painter snared by the political whirlpool, to make a radio speech concerning a congressional move. Ed "Boss" Mehaffety (center) played by Robert Van Wagoner, protects Henry from the wrath of Senator Briggs when he refuses. Eula Keefe, played by Kathleen Meeks, watches the proceedings interestedly from her point of vantage behind the desk.

## Play Cast Begins Final Rehearsals

Further Reservations Will Be Sold Next Week At Granada Theatre

Production on "Washington Jitters" swings into the last week of rehearsals Monday, with the members of the cast feverishly ironing out the last of the rough edges in preparation for the one and only performance at the Granada theatre Friday night.

"As goes this play, so goes a budding tradition," stated Professor William C. Miller, director of the drama, this week. "With a successful reception of this production in the offing, we are making every effort to present the play in the most exemplary manner possible, because a success this year means another Mackay Day play next year," the play's director said.

Reserved ticket sales under direction of the Blue Key service organization, have been going rapidly the past week and further reservations may be made at the Granada theatre box-office next week between 10:30 a. m. and 5 p. m.

Continued absences because of illness which were prevalent last week have ceased, and the first rehearsal of the play in its completeness is scheduled for the middle of next week, according to Director Miller.

## WILSON TO ATTEND STATE STOCK SHOW

Professor Frederick W. Wilson of the College of Agriculture left today for Elko where he will attend the annual meeting of the board of Nevada State Livestock Show, of which he is chairman.

The Nevada Livestock Show is held in conjunction with the Elko County Fair on every second week in September.

Other members of the board are Charles Sewell and Dave Ogilvie, both of Elko.

#### NOTICE

All Blue Key treeys who have out receipt books and money for the Mackay Day play must turn them in to the graduate manager by 4 o'clock Monday.

MAX O. JENSEN.

## Kent State University Professor Says College Men Are Perfect Paradoxes

University of Nevada men might be interested to know that they are perfect paradoxes, according to the description given by Dean R. E. Manchester of Kent State University, who sets the man-of-the-campus on his pedestal in the following manner:

"The college man is a living paradox. Most people cannot understand him and those who do come to their conclusions by indirect proof. He talks of the future but worships the past. He is liberal in his conversation but elects standpatters to the class offices. He demands freedom of thinking but defends with all his strength the traditions of his institutions. He takes wild stands on religious theories yet attends colleges and universities that are created and maintained by orthodox creeds.

"He preaches a democracy yet supports the most rigid campus-caste system. He demands that his university maintain the highest athletic standards, yet in the same breath demands a professional football team. He scoffs at his profs, yet defends them strenuously when they are criticized. He rebels against rules but sets up more rigid ones when given the opportunity. He hazes the high-school graduate who comes with a Boy Scout badge on his coat, but he covers his own vest with medals and honors. He invents and uses the most outlandish slang on the street but reads and writes pure English in his room. He clamors for self-government, but doesn't want it after he gets it. He laughs at convention but insists on it. He cuts classes the day before vacation but comes back three days early.

"You ask 'What are we going to do about it?' We are going to praise the Lord that we have him and that he is just what he is, a walking contradiction of himself."

## PRESS CLUB ELECTS 18 TO MEMBERSHIP; INITIATION SOON

Eighteen new members were elected into the U. N. Press Club at a meeting of the group Tuesday.

New members are Joe McDonald, Jim DuPratt, Robert Parker, Margaret Records, Lila Stoddard, Ross Ashley, Nellie Roseberry, Frank McCulloch, Richard Edwards, Walt Lobenstein, Dick Roche, Jack Pieri, Barbara McKenzie, Marjory Gusewelle, Robert Van Wagoner, Dyer Jensen, Bill Casey and Cleora Campbell.

Informal initiation services for the neophytes will take place at the next student body meeting, when they will be required to wear paper hats made of the Sagebrush. They might also be called upon to present some form of entertainment before the student body, according to President Fran Breen.

The new initiates will first meet Monday at 4 p. m. in the A. S. U. N. building, where Ray Garamendi will give them assignments in presenting the Press Club dance April 1.

Requirements for membership in the organization are two semesters of service on a university publication, or to have passed six credit hours of work in the university department of journalism.

## Swimming Classes Offered in April

Classes for the renewal of life-saving and instructors' cards will be offered by Carl F. Belliston, American national Red Cross field representative, who will be in Reno for 10 days during the first part of April.

University students who have had senior life-saving or advanced swimming or who have held examiner's cards in life-saving will be eligible for the course. Meetings will be held in the gymnasium from 5 to 6 o'clock on Wednesdays and Fridays.

It is necessary for senior life-savers and examiners to have fifteen hours' preliminary training before Belliston arrives. Practice for the requirement will be held between 3:15 and 5:30 on Wednesdays and Fridays. Present examiner's cards will not be recognized after April 1.

## Election Candidate Declared Ineligible

Y.W.C.A. Committee Will Draw Up New Panel At Wednesday Meeting

A new panel for the election of officers for 1939-40 in Y. W. C. A. will be drawn up when the committee meets Wednesday in Artemisia hall.

Florence Butler, presidential candidate on the original ballot, was declared ineligible to run because she previously had been named president of Gamma Phi Beta sorority. According to the organization's constitution, any person holding another office on the campus is ineligible for a place on the panel.

The election is scheduled to be held Wednesday, March 22, from 9:35 until 3:15 in the basement of Morrill Hall. Elaine Adams, senior student from Reno, will be in charge of voting arrangements.

Soon after the election the old and new officers and cabinet members of the "Y" will hold a dinner party at the downtown Y. W. C. A. Installation ceremonies will follow the dinner.

At the cabinet meeting on Tuesday a report also will be given on the sale of ice cream at the state high school basketball tournament last weekend. Kay Devlin, who was in charge of sales, estimates that approximately \$50 profit was realized from the sales for the three nights.

## Author Lectures At Friday Assembly

"Death Takes a Pair of Wings," a narrative novel-length poem which follows the life of General William C. Gorgas, builder of the Panama Canal, was read at an assembly this morning by Robin Lampson, noted California lecturer.

Lampson, who has also written "Laughter Out of the Ground," a story of the '49 days of California written in blank verse, is the author of the poem which he read this morning.

His appearance this semester marked his second visit to the Nevada campus, as he lectured in Reno three years ago. The meeting was sponsored by the university committee on lectures and assemblies, headed by Professor Irving J. Sandorf.

Lampson has had a wide experience in the writing field, having published articles and poetry in "The Best Poems of 1937-38," Scribner's, Esquire and Forum magazines. He also has served as a member of the English department at the University of California.

## CHAPEL HOLDS LENTEN SERVICES

Lenten services for University of Nevada students are now being observed at St. Stephen's chapel every Sunday. Regular services are held at 8 a. m. and 11 a. m. each Sunday morning, with the vesper services at 6 in the evening.

At the vesper services, through the Lenten period, the chaplain will deliver a series of addresses upon the history of the English church.

Holy Week services will open with Palm Sunday, April 2. Services will be held daily through the Easter season.

## U. N. to Celebrate Its Twenty-sixth Annual Mackay Day

Full Day's Program Is Scheduled for Next Friday and Saturday

By PETE KELLY

The University of Nevada, in commemoration of its best-known benefactors, will celebrate its twenty-sixth annual Mackay Day next Friday and Saturday.

Each year, one or two days are set aside in memory of the Mackay family in honor of their donations to the University of Nevada. This year is to be no exception and a full and well-rounded program is in its final stages of development.

The spirit of the 49'ers will again prevail as the campus will be decked out with gayly-colored students in old-fashioned clothes, top hats and hoop skirts.

Tickets for the Mackay Day luncheon will go on sale the first part of next week in front of the library, at thirty cents each. The Home Ec department, under supervision of Gwen Megginness, will put up box-lunches to accommodate approximately 600 people expected at the luncheon.

The Mackay Day program will officially open on Friday night with the university play, "Washington Jitters," at the Granada theatre. This is the first time that a school play has been put on in a downtown theater.

Saturday morning the men's beards will be checked at 7:30 in the gym. Following this check-up, a short benediction will be held in front of the Mackay statue with the Rev. Brewster Adams officiating.

Work for the various fraternities will then begin with the following men in charge: Bob Smith will be in charge of the tennis courts, with members of Beta Kappa fraternity doing the cleaning up. Dick Roche will take care of Lincoln Hall in the gym. Ray Garamendi will be in charge of the stadium and track ground, with members of S. A. E., P. S. K., S. N. and Independents working with him. L. C. A., A. T. O. and S. P. S. will clean up the baseball grounds under the supervision of Al Caton.

At 11:30 the Mackay Day luncheon will take place with a well-balanced program. Lester D. Summerfield, Reno attorney, will give the main address of the luncheon. "Tank" Smith, a popular graduate of Nevada, has also been asked to give a short talk, but it is uncertain if he will or not.

A portrait of Clarence Mackay will be presented to the university at this time by Dave Goldwater and presentations of awards will also be given. George Hardman, chairman of the Mackay Day celebration, stated that if any person has any awards to make to inform him immediately.

Sorority and fraternity song contests will be held, followed by an A. S. U. N. meeting, which will bring the luncheon to a close.

The seating arrangement will be different than last year. There will be no reserved sections except for the Blue Key fraternity and the Sagers.

Saturday night the 49'er dance will be held in the gymnasium and will be featured in the usual style, reminiscent of the old west. Mark Nesbit and his orchestra will furnish the music.

Six cups will be presented at this time (Continued on Page 6)

## A. W. S. Amendment Changes Made

Changes in the two amendments submitted by the Associated Women's Students to the A. S. U. N. senate were again presented to the student solons last Wednesday evening.

The changes consisted of adding another member of the university faculty to the committee, and provides for non-voting members of the board who shall consist of one delegate representing each of the organizations participating in the central treasury of the A. W. S.

The changes in detail are concerning the amendment to Article VI, section 3: b. The women's finance control board shall consist of the following members chosen by the A. W. S. board at the first regular meeting of the fall semester: Two members of the university faculty who shall be women; a delegate from Cap and Scroll; a delegate of the A. W. S. executive committee, who will act as chairman; and a woman member of the senate who is selected by that group to serve on the finance control committee.

Non-voting members of the board shall consist of one delegate representing and chosen by each of the organizations participating in the central treasury.

## Pre-Meds at U. N. Hear Lecture by Noted Chemist

Dr. Poe Is Main Guest At Alpha Epsilon Delta Banquet and Meeting

"Medical students must work and work hard, and they must not be afraid of work," said Dr. Charles F. Poe, grand president of Alpha Epsilon Delta, at a banquet held in his honor by members of the local chapter Wednesday night. "Anyone contemplating taking medicine as his vocation must set a goal and strive to attain that goal," Dr. Poe added.

Dr. Poe is with the department of chemistry at the University of Colorado, and visited the university in connection with his office in the pre-medical fraternity.

### PUBLIC MEETING

After the banquet the group adjourned to the Agricultural building where Dr. Poe addressed a public meeting on "Food and Drug Adulteration and Legislation." The address traced the history of the food and drug legislation, explained the Copeland food bill passed by congress in 1938, and enumerated the contents of products on the market today.

"Pure food legislation is not a new thing," Dr. Poe said, "for recent discoveries prove the Palestine enforced rules along that line as far back as 3000 B. C. The first pure food law in the United States was enacted in 1883 in Massachusetts.

"The new Copeland bill is a good bill, but the food and drug department was given no funds to enforce it, so it is rather handicapped at present. It is hoped that this situation will soon be corrected."

### RECOGNIZED AUTHORITY

Dr. Poe is present professor of chemistry at the University of Colorado and is a generally recognized authority in the field of medicine and pharmaceutical chemistry. He has published a large number of research papers on various aspects of this particular branch of chemistry. He has also done research work at the Pasteur institute in Paris.

He has spent much of this time working actively for food and drug legislation, and has spoken extensively upon the subject in the past few years. Head of the food and drug department of the state of Colorado for the past twenty years, he is chiefly interested in the analysis of foods, drugs and water.

Those present at the banquet included Dr. Peter Frandsen, Dr. Alan S. Lough, Dr. Edward Lowrance and active members of Alpha Epsilon Delta.

## Kappa Alpha Theta To Present Alumni Fashion Show Today

Kappa Alpha Theta alumnae will hold a formal dinner dance at the Riverside hotel this evening at 8:30. As entertainment, a fashion show featuring the bride's trousseau, with members of the active chapter as models, will be presented.

Costumes appropriate for morning, afternoon and evening wear will be shown. The gowns worn by the bride, Merle Young, and her attendants, Jane Devine, Betty Hardy, Romietta Ward and Aileen Smith, are featured by the Wonder; luggage is from Grey, Reid, Wright. Clothes from the Grey Shop, Riverside Dress Shop, the Mayfair, Doris Wilson's, the Wonder and the Vanitie Dress Shop will be worn.

Mrs. William Woodburn, Jr., '36, is in charge of the fashion show. Models are Merle Young, Merian Ducker, Margaret Heitman, Covey Wills, Margaret Hussman, Dorothy Atcheson, Doris Rice, Jane Devine, Betty Hardy, Aileen Smith, Romietta Ward, Jeanette Taylor, Wilma Jones and June Adams.

Mrs. B. D. McKay and Miss Eva Adams have prepared the script for Kay Devlin, the announcer.

A monopolist is one who gets an elbow on each arm of his theatre seat.

## Exhibition Debate Matches Are Held

Two exhibition debate matches were held last night when University of Nevada played host to the Montana State debate team which is en route to the Pi Beta Phi debate tournament at Pasadena.

The two debates, which were non-decision, were held in the Education building with a sparse attendance.

In the first argument, Bill Lattin and Tom Cooke upheld the affirmative, while the visitors took the negative side of the question, "Resolved, That the United States should cease to use public funds for stimulation of business."

Darrell Birch and Fred McIntyre supported the negative side of the argument in the second debate, Montana upholding the affirmative.

## Nevada Wrestlers To Vie for Titles

The "all-university" wrestling championships will be decided at a tournament scheduled to be held Wednesday night at 7 o'clock in the university gymnasium.

Eighteen university "grunt and groan" artists will compete in matches of nine minutes' time duration, with a one-fall decision. The wrestlers have been working out every Tuesday and Thursday for the last semester in the gymnasium under tutelage of Frank Rosaschi, wrestling manager.

Referee for the matches will be Bob Robinette, while judges for the affair will be George Wade, John Silva and Louis Sanborn. The public is invited to the contests free.

## A.T.O. Celebrates 'Founder's Day'

Alpha Tau Omega celebrated its "Founders' Day" Wednesday, March 15. The fraternity is 75 years old and celebrates its diamond jubilee with a convention in Richmond, Va., this year.

Active members and pledges wore suits for the day, and a program consisting of a skit and several speeches was followed by refreshments at the chapter house in the evening.

## Contest Is Open To Nevada Poets

University of Nevada poets are invited to enter the \$400 poetry prize contest and to be included in the "1939 Rhythm and Rhyme," an anthology of leading contemporary poetry to be compiled by Cromwell publications.

Poetry should be limited to 28 lines to be eligible for the contest. Both published and unpublished work is eligible. There will be no restriction as to quantity, theme or style.

Entrance for both the contest and inclusion in the anthology must be postmarked not later than May 1, 1939. Additional information may be obtained by sending a self-addressed envelope to Cromwell Publications, Springam Arcade building, Jersey City, New Jersey.

## Kearney Speaks Before Engineers

William M. Kearney, prominent Reno attorney and authority on water rights, was guest speaker at a meeting sponsored by the Nevada Civil Engineering organization last evening.

The subject of Mr. Kearney's talk was "Water Rights." The prominent attorney formerly held the position of state engineer for Nevada and has spent 27 years on water right specialization.

The Civil Engineers have tentatively planned to attend a banquet to be given tonight by the Sacramento section of the American Society of Civil Engineers.

Tomorrow the engineers plan to make a trip to the Shasta Dam site, located near Redding, Calif., where they will visit the main portion of the project at present under construction.

## AGGIE CLUB SENDS FOUR MEMBERS TO FAIR EXHIBITION

Four representatives of the Aggie Club journeyed to the San Francisco recently to attend the livestock exhibition on Treasure Island.

Members making the three-day trip were Leland Fallon, Roy Jensen, George Friedhoff and Walter Christensen.

They will make a report to the Aggie Club at the next meeting of the organization.

Plans are being made by the club to send a competing team of livestock judges to one of the national fairs next year. The team will go to either Kansas City, Portland, San Francisco or Denver.

## OUT OF THE SCRAPBOOK

### HELL!

Said a San Francisco Chronicle columnist following the capture of Pacific Coast Conference ski titles by Nevada: "We certainly have a few apologies to offer the University of Nevada ski team today, after predicting last Friday that no team in the west had any chance of taking the coveted Pacific Coast Conference ski titles away from the University of Washington. The boys from Reno really did nobly by themselves, winning the downhill, slalom and jumping, to take the most points of anybody."

DOUBLE TROUBLE  
Fraternity troubles hit a new high at Syracuse University if one interprets rightly a feature swiped from the Syracuse Daily Orange. The "trouble," as stated in the daily, is this: Zeta Psi has inaugurated a new fashion in canine mascots. Last night they inducted two four-month-old police puppies into their sacred halls.

The idea back of it all is to start a kennel, raising dogs to amuse future generations of Zetas. The female is therefore called "Zeta," and her spouse answers to "Psi."

So far the only thing the brothers have to complain about is that the newly acquired couple woke up the dorm this morning by being a little too playful in the next room.

### A NEW ANGLE

A professor at Brown University photographs every person who borrows money from him. It has been suggested that everyone who has any money to lend be photographed instead, as this information would have a larger field of application.

### INVENTOR

A junior in Syracuse University's College of Applied Science recently developed a lie detector which promises to surpass the efficacy of any ever devised by skilled technicians. He conceived the idea while employed as the chief radio engineer of the Auburn police department.

The Federal Bureau of Investigation is intending to send a technical expert to the college to study the device.

### HONORED SPEAKER

Dr. Eduard Benes, former president of the Czechoslovakian republic, will deliver this year's commencement address to University of Colorado graduates.

### HOT STUFF

Fresno State College dramatic students were recently called to rehearsal for a show entitled "Swinging the Dictators," which is a 1939 version of "Spring Swing." The "Dictator" show will include numerous dances such as may be applied to Ethiopia, capitalists, men of Mars, Russian and both men and women chorus and jitterbugging. A total of 78 Fresno States turned out for the dictator comedy.

### HOOP HITTERS

Wholesale scoring was the order for the evening when Brigham Young University clashed with Colorado State several weeks ago. The Brigham Young quintet held the basketball spotlight

in defeating Colorado State, 91 to 24. One "Y" player netted 25 points, 24 of them being gained from the floor.

As there was no one downstairs, he answered, "Kappa Alpha Theta, third floor." Came the reply in a deep baritone, "Well, chum," said the young man, "you're a better man than I am!"

A NEW JOB  
A design for a new Los Angeles air terminal will be the subject for the project of this month to be undertaken by students of the University of Southern California College of Architecture and Fine Arts.

BEDTIME STORY  
Borrowed from the Idaho Argonaut is this little feature: You can't get a determined man down.

TO COMMEMORATE  
On March 25, the California Aggies will participate in the 71st annual celebration of the University Charter Day. The birth of the university is commemorated by all branches of the University of California. This will be the second time there has been an observation of this date on the Cal Aggie campus.

THETAS FLOOR 'EM  
While a young man was waiting for his date at the University of Wisconsin Theta house recently, the phone rang.

## PRINCE ALBERT

THE NATIONAL JOY SMOKE

50 pipefuls of fragrant tobacco in every handy pocket tin of Prince Albert

time in the history of the Bucket, according to Mr. Marsh.  
With a little persuasion, S. A. E. changed its order to 40 chocolate milkshakes, and Mr. Marsh began work. The Hobart kettle commonly used for mashing potatoes, was thoroughly scoured and filled to the brim. The mixing machine in the kitchen (resembling a stoker) was turned to full speed ahead.  
S. A. E. got its order—plus an extra pitcherful.

COLLEGE ECHO  
In a poll recently conducted by the Student Opinion Surveys of America, college students were found to favor congress' slash of relief appropriations. In answer to the question, "Do you agree with congress in reducing relief appropriations?" 63.3 per cent replied in the affirmative while 36.7 per cent responded negatively.

## Co-Recreational Play Day to Be Held Tomorrow

150 Western Nevada Prep School Representatives Are Expected to Attend

Nearly 150 western Nevada high school students are expected to attend the Block N-W.A.A. co-recreational play day tomorrow on the University of Nevada campus.

The event will mark the first time such an attempt has been made at co-recreational work. Heretofore there has always been a W. A. A. play day for western high school girls, but never one in which male students also participated.

### MAY BE ANNUAL EVENT

Sponsors of the program plan to make the affair an annual event if it is successful in its inaugural attempt tomorrow. The program is being planned with events that will be readily adaptable to continued use in high schools.

The event will mark the first attempt towards a unified program for the sole benefit of high school students in this part of the state, and is under direction of Eunice Beckley and Fred Galloway.

Dr. L. W. Hartman, acting president of the university, will be an honored guest, and Miss Mildred Bray, state superintendent of public instruction, as well as the various principals of high schools have been invited as special guests of the celebration.

### OPENING REGISTRATION

Registration will take place from 9 to 10 a. m. in the university gymnasium. From 10 until 12:15 the group will participate in musical games under direction of W. C. Higgins, university training teacher, as well as in American folk dances under direction of Mrs. Mae Simas of the physical education department.

Luncheon at the various fraternity and sorority houses will be held at 12:15 and at 1:30 the Block N society will take over the direction of the activities on Mackay Field.

### MEN'S FIELD MEET

The field meet for the male students will consist of contests in punting for accuracy, passing for accuracy, and punting for distance. A pentathlon will also be offered for the men during the afternoon.

After the field meet both the boys and girls will compete in mixed games of volleyball, softball and horseshoes.

Several interested townspeople have indicated their desire to attend the field day and have received invitations while Reno and Sparks high schools each plan to send twenty delegates to the affair.

## Coed Rifle Team Is Showing Good

Twenty-five campus "Annie Oakleys" are rounding into shape following a month's practice of the women's rifle team in the Barracks building.

Coached by Major R. O. Bassett, one of the army's best pistol shots, and Sergeant M. J. McCormick, crack rifle marksman, some of the girls are showing first-rate ability, Eunice Beckley, rifle team head, announced.

Due to the delay in procuring ammunition, the team will not fire any intra-collegiate matches this year. Tentative contests with the Reno and Carson City rifle clubs will furnish the coeds competition.

Main object of this year's firing will be to turn out a team next year, Miss Beckley said.

A varsity team of five of the best shots will be picked to represent the women.

A date for the intramural matches has not yet been set.

## Stewart Elected Honor Group Head

Election of Cleon Stewart, president of Chi Delta Phi, and initiation of eight new members took place Thursday night.

New members are Mary Ellen Bennetts, Jeanne Brannin, Mary Boylan, Gratia Ferguson, Eleanor Goldsworthy, Marjory Gusewelle, Margaret Hermansen and Inabelle Jarvis.

Initiation ceremony was held in Artemisia hall at 6 o'clock with a short business meeting following. Cleon Stewart was elected president at this time, and the next meeting was set. It is to be held at the home of Miss Eva Adams and at that time the high school poetry will be judged.

Dinner for the new initiates was held at Carlan's Lakeside Inn with Professor and Mrs. A. E. Hill as honored guests.

## Sagens' Reverse Given Tomorrow

Amid decorations of green and orange, Sagens, university pep organization, will present its annual reverse dance in the gym tomorrow night.

Decorations will carry out a St. Patrick's theme, according to President Reveau Hansen, and the dress will be of a sport nature.

Buddy Williams and his campus orchestra will furnish the music.

## FINAL FEMININE LEAD

Kathleen Meeks, outstanding campus thespian, will portray the love interest in the first annual Mackay Day production next Friday evening. "Katie" will wind up an outstanding campus career in dramatic presentations as well as in general campus affairs when she graduates this spring. In "Washington Jitters" she portrays Eula Keefer, a secretary in one of the alphabetical divisions of the government.

## Contest Winners To Get Free Trip

An opportunity to visit the New York world's fair of 1939, with transportation to and from New York and a one-week all-expense stay at the Beekman Tower hotel, awaits University of Nevada essayists who are invited to subscribe for the first prize of the essay contest sponsored by the New York City alumnae groups of the twenty-three national women's fraternities.

The contest is devoted to a consideration of America's so-called "four freedoms," a theme based on the first article of the Bill of Rights, which provides for the freedom of speech, freedom of the press, freedom of worship and freedom of peaceable assembly.

Second and third prizes are cash awards of \$25 and \$15 respectively and an all-expense stay of one week at the Beekman Tower, not including railroad transportation.

The contest, open to both men and women, is not confined to fraternity members and is offered to students in any department who wish to participate. Those entering the contest will select as topics one of the questions submitted by nationally-known men and women.

Information on the essay contest may be obtained from the office of this paper or from the committee's headquarters at the Hotel Beekman Tower, 3 Mitchell Place, New York headquarters of the National Panhellenic fraternity.

"You're the first girl I ever kissed, dearest," said the senior as he shifted gears with his foot.

## Horsewomen Will Visit Sacramento Campus This Week

Saddle and Spurs riding group will make a trip to Sacramento this week-end to visit the riding group of the Sacramento Junior College, Beatrice Lansdon, Saddle and Spurs head, said.

The girls will arrive in time for breakfast at the S. J. C. campus Sunday morning. The junior college girls will take the Nevada girls through the campus and will entertain them until 1 o'clock when they will begin a two-hour horseback ride.

Those planning to go are Nancy Hall, Ethel Graunke, Doris Chestnutt, Mary Margaret Cantlon, Katherine Schnell, Mary Mahoney, Eileen Mahoney, Bea Lansdon and Mrs. Mae Cassinelli, who runs the Reno stables.

The trip to Fallon which was scheduled for last week was postponed because many of the girls were unable to go, but it will be taken some time later in the semester, Lansdon said.

Major Bassett and Dick Roche of Scabbard and Blade are trying to interest a group of boys in riding with the girls, Lansdon said. The Sacramento girls asked a mixed group to come, but no boys were available, so this was impossible. It is hoped that the mixed group will be started here soon.

Master—James, is my wife dressed?  
Valet—No, sir!  
Master—You're fired!

Broadmindedness is the ability to smile when you suddenly discover that your roommate and your girl are both missing from the dance floor.

## Freshman Class To Paint Block N

Tomorrow morning at 8:30 o'clock the freshmen again will begin the tedious task of painting the Block N.

Under direction of Gordon Thompson of the Block N society, the frosh will leave Mackay stadium at 8:30 with enough lime to paint a white stripe down Virginia street from the university to the Waldorf—three feet wide.

Clark Guild, freshman class manager, has appointed Sm Francovich as head of the general committee to take care of all of the minor details of the job.

All freshmen are required to be present or to give a written excuse to Duncan Dorsey of the men's upperclass committee.

The committee would like to have all of the freshmen possible bring cars. The highlight of the day will be the serving of refreshments to the "working-men" by the women of the class.

## COAST GUARD LECTURE SCHEDULED

A lecture on the United States Coast Guard Academy will be given March 27 in the Education building auditorium for students interested in becoming officers in this branch of the service. The talk, which will be supplemented by sound pictures, is to be given by Lieutenant Evor S. Kerr, who will outline the advantages of the coast guard as a career and describe the academy.

### ALTHOUGH DELAYED UNTIL THE LAST

possible moment, measures were passed this week by the 1939 legislature to, in some measure, rehabilitate the University of Nevada.

Passed by the assembly yesterday morning and referred to the senate last night, who unanimously accepted the action, were two bills calling for the appropriation of \$200,000 for a new gym and \$175,000 for a new engineering laboratory.

Last Tuesday the legislature passed and sent to the governor a measure calling for a change in the distribution of funds received from the sale of liquor stamps. The new bill gave fifty per cent to the state distributive school fund as before, but instead of only receiving fifteen per cent, the university contingent fund will now receive forty per cent. The remaining percentage will go to a bond fund. Under this act the university will receive approximately \$74,860 a year.

It has always been a fallacy of human nature to hope for all one can get but to adapt one's self to the inevitable. So it is for the gymnasium. Fine plans had been drawn up calling for a gymnasium slightly over the amount appropriated by the legislature, and, until the final moment, it had been hoped that the money could be obtained for the complete gymnasium.

The extra money coming from the liquor fund was more or less of a surprise to many people but will come in handy to bolster the running expenses of the university.

We thank the legislature for the measures which they have adopted in an attempt to build the university further. The \$200,000 appropriated for the gymnasium will at least build a new structure with sanitary conditions, provide for a greater playing space as well as seating space, and will provide for added facilities for physical education for men as well as for women.

Again, we thank the legislature.

### ACCORDING TO AN ARTICLE

published in the Sagebrush this week plans for the frosh-soph field day have not progressed and doubt is entertained whether or not the field day will be held.

The Sagebrush wonders where is the freshman class of last year? Where is the fiery group of youngsters who created a major sensation on the campus last year with their willingness to go forward and initiate varied projects. Where is the group which rebelled against the sophomores last year and for a period instituted a minor rebellion?

We expected great things of the class of '42 this year. Those things have not been forthcoming. The sophomore vigilance committee, a group which does much to keep spirit on the campus high, has done little or no operating this year. The sophomore class' activities may be limited to the sophomore dance which was held early last semester.

The lack of drive and initiative in the matter of the frosh-soph field day, the establishment of which last year was due in a large part to the freshmen, shows further the inactivity of the class.

The Sagebrush feels that the frosh-soph field day should not be dropped from the calendar this semester as an old worn-out rag that is useless.

The field day is definitely an attraction to the Mackay Day celebration. It is a contest in which both the contestants and the spectators join in wholeheartedly. It is not dangerous, and it does a great deal to promote comradeship and goodfellowship on the University of Nevada campus.

We feel that if the frosh-soph field day is shoved in the discard this year, not only will it be an evidence of freshmen and sophomore stagnation, but that the student will be discarding a section of the world-wide university spirit.

## Library Is Given Gift Subscription

The University of Nevada library is given recently received a gift subscription to the magazine "Wings," a quarterly of verse edited by Stanton A. Coblenz.

The new addition has been placed upon the library shelves and is available for student use.

The gift was presented to the library by a student at the university who has requested that her name be withheld from publication.

Two pints make a cavort.

The modern college campus is a wonderland filled with Alices.

To tax is to burden. A burden the hand is worth two in the bush. A bush-over is an easy customer whom you can tax.

## Phi Sigs Honor Founders Sunday

Alumni and members of Phi Sigma Kappa will gather together Sunday afternoon at a banquet to be held at the fraternity house in commemoration of the 66th anniversary of the founding which was Wednesday, March 15.

An alumni meeting will be held immediately after the banquet, at which time new officers for the following year will be elected.

Adolph Hitler, we read, says there have been times when starvation was staring him in the face. Couldn't have been very pleasant for either of them.

The flapper coed went up to the young prof and said: "Proffy, dear, what are my marks?" He put his arms around her and whispered sweet little nothings in her ear.

## LETTERS TO THE EDITOR

To the Editor:

I wish to call your attention to the fact that the Nevada state legislature has tabled two bills which are as important as any which they could have been called upon to consider, and which are of vital importance to young people today.

They are a bill which requires prenatal blood-tests for all pregnant women, and Bill 165 which requires blood-tests to show freedom from syphilis for all applicants for marriage licenses.

My hope would be that the one institution of higher education in the state, the one place where we can hope that the most progressive thought prevails, would be a leader in insisting that these bills be brought forward. The press of the state has failed lamentably to support them. To the best of my knowledge the Nevada State Journal is the only paper that has commented favorably. Yet the fact is that the bills received the most thorough consideration of experts who not only investigated the medical angle but got information from every state in the union having such legislation. A rumor prevails in the state capitol that a delegation from the southern part of the state succeeded in quashing the bills because of the fears of certain magistrates and ministers who live on our peculiar marriage-racket. In other words, the commercial interests of a small class outweighed professional and considered opinion. It will not be long before we must take the responsibility for the marriage of every infected couple from the adjoining states who dodge across our borders.

It is my hope that the Sagebrush, and such persons on our campus as understand the gravity of the situation in Nevada, will enter the lists challenging the ability of our legislature to deal properly with these matters of social health. Universities in time past and in many places have led the thought of the community and forced the power of their youth and idealism upon the stupidity of their elders. A legislature without social insight is certainly not a body capable of examining a university.

HENRY B. THOMAS,  
 Chaplain St. Stephen's House.

### VERSE AND WORSE

We quarrel about the slightest things,  
 I'm all upset and harried;  
 We're getting on each other's nerves—  
 It's time that we got married.

A pessimist is one who thinks all women are immoral. An optimist is one who merely hopes so.

Some girls are like cigarettes: They come in packs, get lit, hang onto your lips, make you puff, go out unexpectedly, leave a bad taste in your mouth—and still they satisfy.

To the Editor:

This letter is written in protest of the action taken by three individuals of doubtful character and questionable mental facilities who comprise the secret non-progressive organization known as the Jocks.

They were entirely out of the limits of their duties. They were instructed to think out and develop a project that would represent and encompass Blue Key and all of its members. Instead of following instructions, they carried on as Jocks in the guise of Blue Key. They did not consult the organization in taking their action and consequently were not in the bonds of the authority vested in them.

They are hereby charged with insubordination, deceit, slander, fraudulent competition, malicious persecution, conversion, defamation and nuisance.

The action taken by these unscrupulous individuals is therefore unconstitutional and is hereby declared null and void. Being of liberal spirit, Blue Key is willing to offer a remedy. We propose the mentioned Queen of Blue Key be renamed the Queen of the Jocks. If this action is taken, Blue Key will not prosecute the Jocks for the aforementioned charges.

Respectfully submitted,  
 BLUE KEY.  
 M. S.

P.S.: Off the record, but offered as a helpful suggestion (based upon well-founded rumors), we would like to see the action of the Jocks divorced from internal strife and recommend that the little Jocks, Yrberry and Heckethorn, allow their president and Big Jock, Ross Ashley, the right to vote on such grave and important matters as the subject matter of this letter.

## SCREAMS...

From the Dark

By OPHELIA '00

Well, today is the day for wearing the green, but personally with all this hubbub of trying to outdo this week's prevalent disease "cinchitis," I would just as soon be off in some sunny but secluded spot pushing up the green.

Hi ho! Drink and be merry and give the university forty per cent of the state liquor tax fund. Now the legislators really have touched upon something—what did, and does, everyone agree to be one of the greatest needs of the University of Nevada—MONEY! According to the proposal of both houses of the legislature the allotment of this forty per cent rather than the usual fifteen per cent to the university fund of the state liquor tax would net

## Riding Classes Are Given P. E. Credit

All women students interested in taking riding for credit in physical education have been asked to get in touch with Mrs. Mae Simas, physical education instructor, immediately.

Classes will begin next week, the first meeting to be held in the gymnasium Thursday afternoon. The course, under direction of Miss Marion Nichols, will be taken in preference to any of the physical education classes in which the students now are enrolled.

The group will take lessons once a week for the next six weeks, and a fee of \$8 has been set for the course.

the university approximately \$74,800. Man, what we couldn't do with that amount!

It's full steam ahead as the frosh prepare to scramble up the slopes of Peavine mountain once more and give the good old "N" its annual Mackay Day cleaning.

Mackay Day, oh Mackay Day! That should be a happy thought but to many it is more like "Death, where is thy sting?" Its hubba hubba and hurry, hurry to many a student as they begin wondering about costumes to be worn on the campus; the campus hams try to artify themselves so that the annual Mackay Day show will be the success it is supposed to be. Blue Key tries are trying their utmost to sell tickets. Home Ec girls are scurrying through cookbooks to provide a tasty luncheon and then people are continually asking who is Mackay Day queen. Oh, a ticket—why couldn't I get lost instead of that darned basket?

Just read some place or other that Alaska has had commercial aviation for the past fourteen years. All of which makes me wonder what happened to the proposed aviators' course at Nevada. 'Tis a shame, indeed—just when everyone thought they had finally found a course that, should you fail in, you wouldn't have to worry about it. But then, who the devil cares? And then again, isn't it likely that the devil would care, for 'tis very likely that he would

FIVE sophomores at a New England university had been assigned to report on the residential districts of a southern city, its principal products and the location of its plantations.

Hour after hour they thumbed through book after book in the library—all to no avail. Then one of them had a happy idea—why not telephone the city's Mayor? They did—and in a few minutes had all the information they needed.

No matter what the question—in college, in social life, in business—you'll find the telephone is often the quickest, most economical way to get the answer.

How about a telephone call to Dad?  
 Rates to most points are lowest any time  
 after 7-P. M. and all day Sunday.

have to play host to many of the failures.

Another weekend, another whirl of dances. Sigma Nu with something novel, the Pi Phi sporting a house dance and then, of course, the Sagens' reverse. 'Tis a shame that so many of the coeds find their funds in reverse, too. Can't help shedding a tear for the neglected social life of the Evans-street boys. I've heard tell that since a portion of their happy domicile can no longer take it, they have to hold back on their social activities lest they have a catastrophe of some sort on their hands.

Orchid of the week goes to Prexy Maurice Sheppard and his Blue Keyers. Shep and the boys really have been covering the town this week on a ticket-selling campaign in the interests of the up-and-coming (out of the hospitals, mostly) "Washington Jitters" cast. The advance ticket sales have been going at full speed. So Shep, old dear, it's an orchid to you and please place it some place so that all the boys can marvel at its beauty.

Pardon my snickering just a little louder than you did at the mention of orchids. . . . didn't you know that we have a lovely greenhouse on our campus and that orchids have been raised in said greenhouse?

An an arguing good time was had by all senators at their meeting this week. But at least they did get together and

financial favor of the proposed women's financial setup. Now, little ones of the student body, it depends on you and you alone, whether or not it will become an actuality. You'll be given your chance to voice your opinions at a student body in the near future and then, of course, there is your voting privilege, too.

Announcement of Junior Cut Day and senior ball committees once more jolts the memory to the fact that it won't be long now!

Ho, ho, and the postman rings twice. And what do I find—a bill from my dentist. I thought I told him I'd pay next month! Well, since my dentist sleeps in a bed and, since beds contain flowers, and flours are made in mills, and mills are run by rivers which are dammed, so can my dentist be. Only don't tell him I said so.

# 'brush N sports

## SPORTSLITE

By FRANK McCULLOCH

What's happened to the proposal that Nevada support a varsity golf team? At the beginning of last semester, the chances of such a venture looked very bright, indeed, but since then the movement has pretty well died out. The golfers are still here, the general interest in the game is just as great about the campus as it was last semester, yet very little is being done to foster the idea.

Reportedly, only two drawbacks are holding things up—lack of administrative and student body support and lack of competition.

The recent fine showing of the ski team, a comparatively new sport at the university, shows how easily Nevada can gain national athletic recognition by branching out into athletic fields other than the major ones.

The material for a golf team fully as strong in its own field as the skiers are in theirs is certainly here. Bob Cameron, Bob Taylor, John Hoffman and Jack Rhoades are among the finest collegiate golfers on the Pacific Coast and deserve a chance to show their wares somewhere besides in purely local tournaments.

If a few matches with some coast colleges could be arranged, the golfers certainly merit the support of the student body and the administration of the university.

Last weekend's interfraternity ski meet brought to light a lot of hitherto unknown talent among campus skiers. Sigma Nu, in winning the meet, had five snowmen, anyone of whom was not far below the calibre required of varsity material, and the same is true of outstanding performers on such teams as the Lambda Chi and Lincoln Hall.

Especially impressive were the times turned in by Bob Cameron of Sigma Nu in the slalom and cross-country, and by Bill Moran of S. A. E. in the down-mountain.

The skillful performances turned in by all the contestants as a whole serves ample notice that Nevada has plenty of material to remain among the country's top-notchers in skiing for some time to come.

From all indications this year's Stag Night is heading just where that one of two years ago was—nowhere. As yet a ring has not been definitely arranged for, the fighters are not definitely matched—at least, if they are, lots of them don't know it and the general organization seems to be slightly on the seedy side. We've got a good thing there—let's not lose it!

A lot of local athletes could have learned a valuable lesson from sportsmanship displayed by the Stewart Indian basketball team which was beaten out for the state title here last week.

The Indians had played and beaten two of the toughest teams in the tournament and came up for the final game a tired bunch of boys. Yet for three full quarters and most of the fourth, they outplayed, outfought and out-gamed their opponents. They lost out by a one-point margin in an overtime, but never once did they object to a referee's decision, and in the end they were among the first to congratulate the winners.

Throughout both the state and district tournaments they set a fine example for other teams to follow.

As the interfrat track meet nears, S. A. E. looks more and more like the team to watch. Strong in almost every event, S. A. E. has some outstanding performers such as Max Forbes, Jim Shepley, Ray Harris and John Mayse who are certain to gather plenty of points.

As usual, however, Tau, Lambda Chi and Sigma Nu will all have equally good chance of coming out on top. To predict the winner of this meet is a near impossibility.

### Harris Named on All-Opponent Team

Ray Harris, stellar guard on Nevada's 1939 basketball team, was chosen on both the Chico State teams' all-opponent team and Chico Coach Art Acker's all-Conference quintet, according to a story in the Chico State Wildcat, student paper.

John Radovich, Nevada center, also received notice by being chosen for the center berth on Acker's second-team aggregation.

The Nevada men received their recognition even though the nights the Wolves played the Wildcats the locals displayed probably the worst form of the recent season.

The all-Conference opponent team consisted of Chorak, high scoring Cal Aggies' forward, and Lawless, aggressive Fresno State performer, in the forward spots; Conrad of the Aggies at center, and Soekland, Aggies, and Harris, Nevada, at guards.

Acker's all-Conference ratings found Schleuter, Chico, and Chorak, Aggies, at forward; Conrad at center; Whitmer, Chico, and Harris, Nevada, guards. The Wildcats did not pick an all-Conference-opponents' second team.

### Interfrat Baseball To Start March 27 On U. N. Diamond

#### Beta Kappa, Alpha Tau Omega Are Matched For Season's Opener

Baseball, Nevada's most popular interfraternity sport, will again hold the center of interest when the regular season opens on the university field Monday, March 27.

A practice schedule for next week was arranged by representatives of the social organizations at the drawing yesterday.

Opening the regular playing season will be two strong teams, Beta Kappa, the dark-horse of the league, and Alpha Tau Omega, a perennially strong title contender.

Official results of the matches in the tourney this week are:

Sigma Alpha Epsilon beat L. C. A. 21-12, 21-10; Phi Sigma Kappa 21-15, 21-9.

L. C. A. beat Independents 21-12, 12-31, 21-9; and also beat Sigma Phi Sigma.

Sigma Nu beat P. S. K. 21-15, 21-9, but defaulted to Lincoln Hall.

Beta Kappa beat P. S. K. 21-7, 21-5. A. T. O. beat S. P. S.

Other games of the first week include Phi Sigma Kappa vs. S. A. E. on Tuesday night; Sigma Phi Sigma vs. Lincoln Hall on Wednesday night; Sigma Nu vs. Lambda Chi on Thursday night, and Beta Kappa vs. the Independents on Friday night.

All games must begin promptly at 4 o'clock and any team not on the field and ready to play at 4:05 must forfeit the game, according to league rules. No games may be postponed without consent of captains of both teams and the approval of Martie.

**SUNDAY GAMES**

For the first time in the league's history, games will be played on Sunday as part of the regular schedule. Postponed games will be played on Sunday mornings, while the scheduled games will begin at 3 o'clock in the afternoon of that day.

The practice schedule: Monday, 20, Beta Kappa and A. T. O.; Tuesday, 21, Phi Sigma Kappa and S. A. E.; Wednesday, 21, Sigma Phi Sigma and Lincoln Hall; Thursday, 22, Sigma Nu and Lambda Chi; Friday, 23, Independents.

The schedule for the regular season will be completed next week, Martie said.

### INTER-FRATERNITY SKIING MAY BE ADOPTED BY GREEKS

Adoption of skiing as an interfraternity sport was almost cinched last week when the initial interfraternity ski meet at Galena creek sent scores of fraternity and sorority members out to the ski grounds to compete and boost for their houses in a meet that was run off with the smoothness and precision that the regular college meets enjoy.

The tourney was to determine whether the sport should be adopted by the Interfraternity Council as part of the regular sports curriculum.

A major argument against the sport has been the fact that difficulties might arise in getting teams to the site of the contest and that lack of enthusiasm resulting from this difficulty might dampen the sport as a whole. The inaugural two-day contest held last week bore no evidence of this contention and a great deal of enthusiasm was displayed.

Sigma Nu emerged champions in the tournament, with Bob Cameron leading his team with individual wins in the cross-country and slalom. The Lambda Chi Alpha team was first in the slalom race with a team composed of Dukes, Foster and Eccles. Moran of S. A. E. had the best individual time in the downhill.

Total points gained by the fraternities in the two-day meet are: Sigma Nu, 298.41 points out of a possible 300; Lambda Chi, 275.29; Lincoln Hall, 257.95; S. A. E., 245.45; Beta Kappa, 215.51; A. T. O., 186.98.

### Frosh-Soph Tilt May Not Be held

Although plans for the soph-frosh field day were considered last week, definite arrangements to hold the day were not concluded this week.

A revival of the old freshman rush which was abolished several years ago, the frosh-soph day made it appearance again on the campus on Mackay Day of last year.

Run off as a part of the Mackay Day celebration on Saturday morning, the freshmen triumphed over their rivals in contests which included the greased-pole climb, the obstacle race, the bicycle relay and others.

As there are no definite plans at present, observers state that there probably will be no frosh-soph field day this year.

### Beta Kappa Takes S. A. E. to Tie Handball Doubles

Sigma Alpha Epsilon, Beta Kappa and Lambda Chi Alpha battled their way into a three-way tie for first place in the current intramural handball doubles tourney this week, all with one defeat against them.

Last week saw these teams tied with no defeats, but S. A. E. beat L. C. A., L. C. A. beat B. K., and B. K. stalemated all three of the teams by trouncing Sig Alp in a match Thursday afternoon.

Formerly the Independent duo was also in on the tie, but Lambda Chi relegated them to second spot this week with their second defeat.

S. A. E. must still hurdle the three-man squad representing Alpha Tau Omega and Beta Kappa must meet the strong Independent contingent before these two can enter a play-off with Lambda Chi, which has completed its schedule.

Official results of the matches in the tourney this week are:

Sigma Alpha Epsilon beat L. C. A. 21-12, 21-10; Phi Sigma Kappa 21-15, 21-9.

L. C. A. beat Independents 21-12, 12-31, 21-9; and also beat Sigma Phi Sigma.

Sigma Nu beat P. S. K. 21-15, 21-9, but defaulted to Lincoln Hall.

Beta Kappa beat P. S. K. 21-7, 21-5. A. T. O. beat S. P. S.

### Over Fifty Men Report for Track

#### Regular Workouts Held Daily in Preparation For Spring Meets

Spring weather has brought trackmen out in full and more than fifty men have been issued training suits. Approximately sixty-five men have been placed on the track rolls.

Varsity Coach Jim Coleman has been assisted the past three weeks by Kenneth Waymire and Jack Pieri, sophomore track manager, in getting the broad jump, high jump, and vaulting pit runways in condition for the season.

**RUNNING SURFACE**  
The strips have been oiled, cindered and rolled for the first time and it is believed that the practice will prove successful in producing a hard running surface for the jumpers.

Stringency of rules pertaining to the training of the men, out for the season, is to be stressed. Coleman issued a statement last night concerning the workouts for the varsity, frosh and fraternity men training for the interfraternity meet to be held in April.

**TRACK WORKOUTS**  
"Varsity and frosh track men must be out every night of the week not later than 4:30 at which time roll will be taken," Coleman stated. "Men training for the interfrat meet must be out three times a week at the same time. All of the men using the training quarters must leave the field by 5:30 so that the quarters may be locked by 6 p. m."

"Fraternity men will not be eligible for the interfrat meet unless they comply with the training rules for two weeks previous to the interfraternity contest."

We have a dog. We called it "Butch." Until it had pups. Then we changed its name.

### Fighters Matched For Stag Night

#### John Polish to Meet Joe McDonald in One of Eight Matches

Match-making for the boxing end of the coming Stag Night has been completed, with sixteen amateur pugilists preparing to "trade leather" Mrch 29. Len Carpenter, who is in charge of the bouts, announced the final card this week.

**LIGHT HEAVIES**  
The light-heavy division will see John Polish, star football and track man, pit his natural ability against the experience of Joe McDonald in the 175-pound match.

Ointo Barsanti will pair off with Bill Andrews in the 160-pound division to open the affair. Two featherweights will mix it up, with Billy West meeting George Peckham in the 130-pound class.

John Lemich, who fought a close bout with Paul Aznaraz last year, will mix with John Mayse, both weighing 155 pounds.

At 160 pounds, Len Carpenter will meet Tom Beko. Two veterans of the ring, these boxers were victorious in last year's affair and the bout gives promise of real boxing.

**145-POUNDERS**  
Clarence Heckethorn, who fought a rough-and-tumble match with Jimmy Esola last year, will enter the ring with Mark Stewart at 145 pounds.

Another 145-pound match will see Bill Foster swap punches with Malcolm Musson.

Clarence McEwen will meet Leon Etchemendy in the middleweight division, entering the ring at 150 pounds.

The boxers have been working out at the Y. M. C. A. gymnasium for the past two weeks in preparation for the bouts.

Stewart was the outstanding team of the tournament, however, Seeded fourth in the Far Western tourney, they fought their way to the finals of the state tournament by defeating two of the strongest teams in the state, Sparks and Las Vegas. The Indians were the crowd's favorites and exhibited the most outstanding good sportsmanship of the tourney.

Governor E. P. Carville presented the interscholastic league trophy and the Reno Printing Company's revolving cup to the victors of the finals and the runners-up trophy to Stewart, Fallon was presented with the consolation trophy.

### FINAL GYMNASIUM TILT SEES PANACA DEFEAT STEWART

In what may be the last game of basketball ever to be played in the present University of Nevada gymnasium, Lincoln County high school last Saturday captured the state championship from a fighting Stewart Casaba quintet, 28 to 27.

The game was decided in a sudden-death overtime period when George Jeffs, sophomore tosser from Lincoln, sank two free throws to win the contest.

Stewart was the outstanding team of the tournament, however, Seeded fourth in the Far Western tourney, they fought their way to the finals of the state tournament by defeating two of the strongest teams in the state, Sparks and Las Vegas. The Indians were the crowd's favorites and exhibited the most outstanding good sportsmanship of the tourney.

Governor E. P. Carville presented the interscholastic league trophy and the Reno Printing Company's revolving cup to the victors of the finals and the runners-up trophy to Stewart, Fallon was presented with the consolation trophy.

### Ladder Tourney Played by Netmen

A "ladder" tournament in the tennis department has got under way, with the object of seeding out top-ranking players.

Coach Chet Scranton started the contest last Monday, and reports that it is a very favorable method, making more interest among the players and more hard practice.

"If they want to defeat the other fellow they will have to get in and practice as it is entirely up to them," Scranton added.

The players are listed as they turn out and the players closest to the top when the tourney ends will be the varsity tennis players.

Any player may challenge the first or second man above him and the one challenged must play within twenty-four hours. Each player must also defend his position between challenges.

So far the original ranking has been listed as the following: Eugene Peter-

sen, Frank Goodner, Ross Ashley, Bud Young, Johnny Etchemendy, Clinton McKinley and Ralph Stone. Murrell Nutting and Leon Etchemendy are the latest prospects.

When Coach Scranton picks his varsity material, they will play three scheduled matches that have already been arranged. On April 22, Sacramento Junior College will play here, and some time during the first of May the Nevada team will go to Stockton to participate in the conference tourney.

"With one foot on the land, and one in industry, America is safe."  
—HENRY FORD

### Factory in a Meadow

A DOZEN small Ford plants dot the fields and meadows within fifty miles of Dearborn. We call them the "village industries." Their windows are bright in the sun, and their wheels turn to the harnessed energy of once lazy streams.

Many of their workers are farmers who love fine machinery. After harvest and before green-up, these farmer-workmen park their cars in

neat rows beside the plants. Inside, with the newest, most modern machines, they build Ford parts.

With the money earned, they buy that fertile forty just east of the pasture lot—families go to school—houses grow wings—barns are filled with provender and sheds with back-saving machinery.

These Ford families have one foot on the land and one in industry.

They raise food for themselves and feel secure. They know that if slack times come, farm and garden will still provide employment.

Life is pleasant in the villages. Working conditions are almost ideal. Men do better work and are proud of their contribution to Ford quality. It shows up in the fine performance and all-around dependability of the 1939 Ford cars.

# Theos. C. Bernard To Lecture on Tibet Next Week

## Speaker Will Lecture On Sacred Mysteries of Tibetan Lama

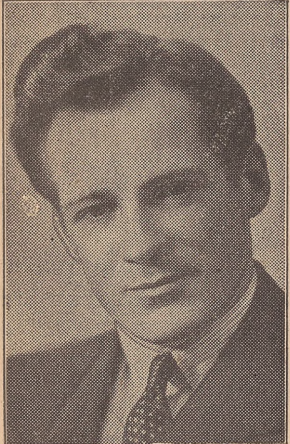

Theos. C. Bernard, student of Buddhism and "Tibet's First White Lama," will deliver his lecture, "The Penthouse of the Gods," Tuesday, March 21, at the State building.

The first white man to live in the forbidden lamaseries of Tibet, Bernard was able to witness and photograph the religious ceremonies which heretofore have been regarded as fictitious.

As Tibet's first white Lama, he was able to see and study the sacred mysteries of the most totally church-ruled nation of the world.

### SECURED BEST WISHES

Though it is generally believed that the natives of Tibet are isolationists, who repel any foreign advances, Bernard, after his visit among them, came away with the best wishes of the most powerful and respected men of the country.

THEOS. BERNARD

He received numerous and extraordinary courtesies—was permitted to visit the valley which has been popularized by the motion picture "Lost Horizon" as "Shangri-La."

Lhasa, the Tibetan name of this valley, is located 5000 feet below the famous Khamba La Pass which lies at an elevation of 17,000 feet.

Mr. Bernard describes Lhasa as "a fertile valley with a strangely mild climate, located in the midst of an immense area which is swept by blizzards, dust and hailstorms."

### RICH TEMPLES

In recent lectures, he has told of the richness of the temples, their lavish furnishings, the greatness of their carvings and relief work. Many of the roofs of temples are of pure sheet gold. There are great treasures stored in the monasteries and temples of Tibet and rooms filled with solid gold incense-burners, dragons, butter lamps, with gem-encrusted statues and finest gold and silversmith's work. Colored films brought back by Bernard show clearly the beauty and vividness of Tibetan art.

A year ago last July Mr. Bernard started on a relatively short trip to India, having at this time no intention of visiting Tibet. He had long been interested in the religious outlooks and insights of the east, especially in the Tantra, the social and philosophical ground from which Buddhism sprang.

### GRADUATE STUDIES

He was engaged in graduate studies in anthropology and philosophy at Columbia University, and it was in quest of further material that he undertook the trip to India, and later to Tibet.

Mr. Bernard is a native of Tucson, Ariz. He received his B. A. and LL. B. from the University of Arizona; took his master's degree in philosophy from Columbia, and is now working toward his doctorate in philosophy.

Charlie Merrill, president of the Kiwanis Club, will act as master of ceremonies. Bernard—a Beta Kappa alumnus—will appear under auspices of Beta Kappa fraternity.

## DR. GIANELLA NAMED ON COMMITTEE

Dr. Vincent P. Gianella has been appointed to serve on the publicity committee for the national meeting of the Geological Society, to be held under the auspices of the Cordilleran section in Berkeley during the week of August 8.

The meeting is the first to be held in the far west since 1915.

This is not very interesting  
But if  
You have read this far already  
You will  
Probably  
Read as far as this  
And still  
Not really accomplish  
Anything at all.  
You might  
Even read on  
As far as this,  
Which brings you to  
The line you are reading now  
And after all that you are still  
Going  
Right on making  
A dope  
Out of yourself  
By reading  
As far down  
The page  
As  
This.

## Stoddard Named Associate Editor

Lila Stoddard was named associate editor of the Artemisia this week by Gertrude Polander, editor of the yearbook.

She is a senior student from Reno and has worked for two years on the Artemisia staff. She has served as vice-president of the Y. W. C. A., is a member of the French Club and also a member of the Commerce Club.

Lila Stoddard also worked on the Sagebrush staff for two years and has been an outstanding member of the coed rifle and swimming teams. She has been a member of the Red Cross life-saving corps for four years.

Members of the yearbook staff were hard at work this week preparing fraternity and sorority panels for mounting. Final write-up on all organizations were also being concluded this week.

## CAMPUS CLUB HOLDS MEETING SUNDAY

At the meeting of the Campus Club next Sunday evening there will be a buffet supper at 5:30 and a hymn service.

The service will be led by Elona van Sickle of Carson who will read the histories of well-known hymns, and explain their origins. After each hymn is described the students will sing it. Any students wishing to come are welcome.

## IRWIN TO TEACH AT WASHINGTON STATE

Dr. Ralph A. Irwin, psychology professor, has accepted a position as instructor of psychology at Washington State University during the summer session there this year. The term will last for eight weeks, beginning June 19.

Besides classes in general and educational psychology, Irwin will teach a course on the "Psychology of Propaganda and Public Opinion."

Irwin has taught in two universities, Ohio State and Kansas State, in addition to the University of Nevada.

"It promises to be an interesting summer," he stated.

## Dr. V. P. Gianella Given Fellowship

Dr. Vincent P. Gianella, professor of geology and mineralogy in the Mackay School of Mines, has been elected to fellowship in the Society for Research on Meteorites.

Fellowship in the society is restricted to those who have done outstanding research work in this field.

## Fourteen Speakers Leave for Coast

(Continued from Page 1)  
Nevada at the Pi Kappa Delta tournament at Pasadena.

The Nevada students who have been entered in the various contests at the Pasadena tournament are:

Debate—Senior men, Francis Breen and Leo McCudden, James Driscoll and William Casey; junior men, Andrew Rosaschi and Donald Downs, Charles Mapes and Russell Strom.

Oratory—Senior men, Francis Breen and Leo McCudden, senior women, Eunice Beckley.

Extemporaneous Speaking—Senior men, Francis Breen, Leo McCudden and Robert Joy; junior men, Donald Downs, Andrew Rosaschi, Charles Mapes, Russell Strom; junior women, Kathleen Devlin.

Impromptu Speaking—Senior men, Francis Breen, Leo McCudden and Robert Joy; junior men, Donald Downs, Andrew Rosaschi, Russell Strom and Charles Mapes; senior women, Eunice Beckley; junior women, Kathleen Devlin and Betty Mason.

## Congratulations!

A six and three-quarter-pound son was born to Dr. and Mrs. Harry Eugene Wheeler Sunday afternoon at 4:30 at the St. Mary's hospital.

Dr. Wheeler is assistant professor of geology in the Mackay School of Mines. Mrs. Wheeler is the former Loretta Miller, assistant professor of botany at the University of Nevada.

The son has been christened Eugene Anthony Wheeler.

## M. E.'s to Sponsor Moving Picture

The University of Nevada Mechanical Engineering Society will be hosts to the university associated engineers during a mechanical-sponsored meeting on Thursday, March 23, at 7:30 p. m., in the main Mackay Science lecture hall.

Featured on the program will be a sound moving picture entitled "Carbon Knocks in the Modern Motor," and a special talk to be given by Mr. Fieldcamp, representative of the Union Oil Company.

The moving pictures were obtained by the engineers through courtesy of Union Oil Company of California. It is reported that these pictures represent the first cinema production of its kind to be produced.

Mr. Fieldcamp's talk will be made on the subject of "The Advantages of the New Solvent Propane Process of Oil Refining."

According to Edward Zareh, chairman of the Nevada student mechanical engineering society, "All University of Nevada engineers are invited and urged to attend the meeting. As the picture and talk by Mr. Fieldcamp will be of general interest to everyone."

And then the Sphinx said, quote. Unquote.

**Chesterfield CIGARETTES**  
FINEST TURKISH AND DOMESTIC TOBACCOS

*He'll say... Look what it says on the back of the package...*

"Chesterfield Cigarettes are a balanced blend of the finest aromatic Turkish tobacco and the choicest of several American varieties blended in the correct proportion to bring out the finer qualities of each tobacco."

*When you try them you will know why Chesterfields give millions of men and women more smoking pleasure... why THEY SATISFY*

**Chesterfield**  
...the blend that can't be copied  
...the RIGHT COMBINATION of the world's best cigarette tobaccos

Copyright 1939, LIGGETT & MYERS TOBACCO CO.

**SIX STEPS TO MORE SMOKING PLEASURE**

**AGEING**—Chesterfield's mild ripe tobaccos, like fine wines, are aged for two or more years in huge wooden casks. Here they gradually acquire that true Chesterfield mildness and better taste which give millions of smokers more pleasure.

**STEMMING**—"Almost human" is what they say about the interesting stemming machines, whose fingers pick up the tobacco, leaf by leaf and take out the stem, leaving only the mild, tender, good-tasting part of the leaf to go into the making of Chesterfields.

**BLENDED**—There is only one Chesterfield blend... the blend that can't be copied... a happy combination of the world's best American and Turkish tobaccos. Just the right proportions to make Chesterfield a milder, better-tasting cigarette.

**PAPER**—Every Chesterfield you smoke is wrapped in pure cigarette paper... the finest cigarette paper made. That's another reason why Chesterfields are milder and better-tasting.

**MAKING**—Almost faster than the eye can follow, Chesterfields come rolling out of the marvelous cigarette making machines. Chesterfields are always round, firm and well-filled.

**PACKAGING**—Truly amazing are the packaging machines which wrap and seal Chesterfields in their air-tight, moisture-proof packages. Regardless of where you buy them, Chesterfields reach you as fresh as the day they were made.
