Dramatics Society Will Initiate Six

Six students were elected to Masque and Dagger, national honorary dramatic fraternity, at a meeting this week. Hal Johnson, Jim Johnson, Bud Owens, Lee Strauch, Ridgely Pierson and Dick Sawyer are the students named as candidates for initiation. The initiation ceremonies will be held at the Delta Delta Delta sorority at 6 o'clock tomorrow evening, followed by a banquet at the Tavern, Betty Marie Shidler, president of the organization, announced today. Bud Owens, Hal Johnson and Dick Sawyer were elected because of their activity on the stage crew. Jim Johnson, who played the lead in "Ah, Wilderness", and Lee Strauch have worked backstage as well as taking part in the productions. Ridgely Pierson, the only woman selected, has been property manager on several plays and took part in "Ah, Wilderness." Another election probably will be held after the next presentation in April, Miss Shidler said.

New Grade System May Bring Changes

Changes in university regulations necessitated by the adoption of a new grading system last week are being considered by the faculty and will be voted upon next week. The change to the new grading system, prompted by the difficulty involved in registering and classifying transfer students from other universities, consists chiefly of a shift from the present six passing grade system to four passing grades and the adoption of grade points. A, B, C and D, under the new system will represent passing grades with 4, 3, 2 and 1, grade points for each respectively. A "2" or "C" average will be necessary for graduation. "E" and "F" will be considered conditional and failing grades, and will receive no grade points. The method of computing grade averages will remain essentially the same, with A, B, C, D, E, F, and other grade points substituted for the numbers in the present system. This change will be put into practice at the beginning of the fall semester of this year. Revisions in the university announcement catalog are being made at present by the faculty committee.

Coed Rifle Team Ends Practice Drill

The women's rifle squad completed its preliminary group shots this week, according to Major Richard C. Bassett, rifle instructor. "The girls are showing real ability in marksmanship," Major Bassett said yesterday. "Grace Ammonett, Frances Larragueta, Alice Traner and Mary Jane McSorley have already turned in a good score sheet on their group shots." The high scores for the week were turned in by Grace Ammonett, with a perfect count of 50 points, Frances Larragueta, 48, Alice Traner, 46, and Alice Kolhoss, 45, Teddyanna Pease, 47. After the coeds have completed the four group shots, matches will be held to determine the "high-low" scores for the entire squad, Major Bassett stated. On the basis of these competitive matches, the team will be selected. Frances Larragueta, captain of the women's rifle team, stated that there have been no challenges offered by any other group of women shooters. "We will accept all challenges and will probably issue some in the near future," she added. Women receiving rifle training are Earlmond Baker, Mollie Morse, Fritz Jane Nedenreip, Lauris Gulling, Jane Goodyear, Betty Nash, Harriet Williams, Jean Cave, Mary Ann Lockridge, Sue Brannin, Grace Ammonett, Eleanor Potts, Mary Hackett, Emogene Byars, Jean Knouse, Alice Kolhoss, Mary Hill, Ruth Pray, Marie Borsini, Mildred Riggle, Dorothy Jones, Marlea Dodge, Patty Goodman, Helen Westall, Betty Hull, Mary Mahoney, Dolores Saval, Margaret Hermansen, Dorothy Mason, Eileen Wholey, Ruth Cash, Ann Allen, Madeline Downs, Mary Jane McSorley, Chetty Milberry, Frances Arenaz, Alice Traner, Charleen Whyland, Frances Hawkins, Teddyanna Pease and Harriett Hills.

WOMEN'S UPPERCLASS PUNISHES FOUR CO-EDS

The women's upperclass committee met last Wednesday at the student union building to decide the punishment of ten freshmen women, who did not wear ribbons or carry Bibles the last two weeks of last semester. Only four violators made their appearances, Nonie Goldwater, Mary Louise Griswold, Betty Cole and Mary Margaret Mason. They were duly reprimanded and today are seen on the campus with their hair piled high on their heads tied with immense ribbons. Gloria Day was excused for her offense. The remaining six coeds will be doubly punished for not attending the meeting and their lots will be decided on at a later date, according to Shirley Feutsch, head of the upperclass committee. The violators include Patsy Prescott, Laura Matson, Marigene Christensen, Charlotte Mason, Jerry Black and Barbara Dickerson.

Dr. Clarke Speaks To U. N. Pre-Meds

Dr. Walter Clarke, executive director of the American Social Hygiene Association, addressed members of the university pre-medical society last night on social diseases. Dr. Clarke discussed the history of venereal diseases, noting their introduction into Europe and their spread into the western hemisphere. He continued with a description of the discovery and use of methods of treatment, and concluded by outlining steps of the diseases.

DIESEL ENGINES IS SUBJECT OF TALK

George Penkroff, Diesel engineer for the International Harvester Company, appeared before the class in gas engines in the School of Agriculture on Thursday with a lecture on the history and the development of Diesel engines. Penkroff, whose talk was sponsored by the Allied Equipment Company, also instructed the students in the modern methods of machinery operation and present trends in the farm power and traction fields.

CAP AND SCROLL TO ELECT NEW MEMBERS

A discussion of possible candidates for membership to Cap and Scroll, women's honorary society, featured a meeting of that group Tuesday. New members will be announced next week, according to President Pat Meaker.

P. McNUTT GAINS SUPPORTERS ON U. N. CAMPUS

Although the presidential election in 1940 is many months away, there is one student on the campus of the University of Nevada that is willing to make you a bet and tell you who the next president of the United States will be. That student is Jack McNutt, freshman student and pledge of the Sigma Phi Sigma fraternity. Of course, there may be a method to his madness, as this junior campaign manager, Jack McNutt, runs around the frat house with pictures and Democratic literature in one hand, and a dollar bill in the other. Or perhaps the oft-mentioned "blood is thicker than water" might explain his eagerness to wage this bet, since Paul V. McNutt, social security administrator and possible Democratic candidate for president, is his great-uncle. Jack McNutt entered the university this spring, coming from Kalamazoo, Mich., and hopes to participate in freshman football next fall.

Social Doings

S. A. E. Celebrates Founding Members of Sigma Alpha Epsilon will celebrate the seventy-fifth anniversary of the founding of the fraternity March 8. Plans for the occasion, which include a formal banquet and dance at the Riverside hotel, will be made by a committee consisting of John Radovich and Jack Pieri. Many alumni of the fraternity are expected to be present for the diamond jubilee celebration. Sigma Nu Alumni Breakfast Sigma Nu held a breakfast for the alumni at the chapter house of the organization Sunday morning. A free discussion of the past and present activities and plans for future events featured the meeting. The honored guest of the alumni get-together was regional Inspector B. Ingram, of the Sigma Nu.

Thetas Entertain Kappa Alpha Theta sorority entertained Lincoln Hall at a dessert hour Wednesday night. Hartman's Entertain President and Mrs. Leon W. Hartman entertained members of the faculty at dinners at their home on Tuesday and Thursday nights. The social affairs will be continued next week by the university executive and his wife and are part of a social program planned by them.

U. N. Choral Group To Sing in Lovelock

The University Singers, advanced choral group, will go to Lovelock on February 23 to present a concert under the auspices of the Lovelock American Legion post. Professor Theodore Post, head of the department of music, announced this week that twenty-eight singers will make the trip. A program featuring four-part songs, male choruses, women's choruses, several solos, novelty songs, and dances is being rehearsed. It includes mixed choruses by Jean Sibelius, noted Finnish composer, a Negro spiritual, "Joshua Fit de Battle of Jericho," arranged by Montague with a solo part to be sung by Prof. Post, and two novelty arrangements by Schaeffer of "Pop Goes the Weasel," and "Hi Diddle Diddle." The male glee club will sing Sigmund Romberg's "Riff Song," and the women's chorus will sing "Chit Chat," by Moffatt. Two old carols have also been prepared by the mixed chorus. The University Singers have also received requests from Carson City to present a concert in conjunction with a program given by the Little Theatre group of that city, and an invitation to give a concert in Smith, Nev. The Twentieth Century Club of Reno has invited the singers to present a concert before that organization on April 26, Prof. Post said.

Women to Discuss A. W. S. Constitution Changes The constitutional revisions proposed by the Associated Women Students last week will be threshed out at a women's executive meeting Wednesday, Gertrude Freeman, president of Associated Women, announced yesterday. The constitutional change suggested would change the present plan of selecting the Associated Women's president by rotation to the competitive election system abandoned in 1939.

Women to Discuss A. W. S. Constitution Changes

The constitutional revisions proposed by the Associated Women Students last week will be threshed out at a women's executive meeting Wednesday, Gertrude Freeman, president of Associated Women, announced yesterday. The constitutional change suggested would change the present plan of selecting the Associated Women's president by rotation to the competitive election system abandoned in 1939.

BATDORF SPEAKS AT SIGMA XI MEET

A meeting of the local organization of Sigma Xi, national scientific society, was held Tuesday at the home of Dr. George Sears. Dr. S. B. Batdorf of the department of physics, gave a talk to the group on "Identifying the Penetrating Component in Cosmic Rays." Professor Harry Wheeler of the geology department is president of the group. The organization consists of twenty members, most of whom are on the faculty at the university. The membership in the club consists of men who have been elected to Sigma Xi in other institutions based on their research in science. The club is planning a dinner party next month.

Lambda Chi Alpha To Hold Final Initiation

Twelve initiates will be given full membership in the Lambda Chi Alpha fraternity Sunday at 6 p. m. The final degree, climaxing three weeks of initiation and ritual work, will be followed by a banquet at the El Cortez hotel. New members are Leonard Anker, Herbert Chiara, Pete Echeverria, Gerald Johnson, Eugene Mastroianni, Jack Pierce, Drew Smith, John Uhalde, Duane Ramsey, William Van Tassel, Otis Vaughn and Clifton Young.

Paintings Displayed At Fine Art Exhibit

Various foreign and American paintings, floral prints and old maps featured the fine arts exhibit held in the library February 18, 19, and 20. The paintings included sketches, finished paintings and a few wood blocks in color, the work of Hiroshige. The old hand tinted fashion plates dating from the middle of the nineteenth century, together with the prints, some of which are as old as 1836, also made up the exhibit very unusual. The maps, which made up the rest of the collection, were about two hundred years old, hand printed in old French. The exhibit has been shown throughout California at colleges and was made available by a California importer.

AGGIE CLUB PLANS LIVESTOCK SHOW

The Aggie Club is busy in preparation for a horse show, one of the few of its kind in the state, to be held either during Mackay Day celebration, March 20 and 21, at the Junior Livestock Show. Four classes of horses are to be in competition and all breeders in Nevada and parts of California are expected to be in attendance. Frazier West is in charge of arrangements with a general committee helping.

GO GAY in a "Gay Gibson" THE WONDER

His hockey's fast and hot! BUT HE SMOKES A SLOW-BURNING CIGARETTE FOR MORE MILDNESS, COOLNESS, AND FLAVOR "SPEED'S fine in hockey but not in cigarettes"—Roy, how right you are! Research men may use fancier language—but they say exactly the same thing about cigarettes. Scientists know that nothing destroys a cigarette's delicate elements of fragrance and flavor so mercilessly as—excess heat. And cigarettes that burn fast also burn hot. Your own taste tells you that. Slow-burning cigarettes don't burn away these precious natural elements of flavor and fragrance. They're milder, mellower, and—naturally—cooler! And the slowest-burning cigarette of the 16 largest-selling brands tested was Camel! They burned 25% slower than the average of the 15 other of the largest-selling brands tested. (See panel below, right.) So...why not enjoy Camel's extra mildness, coolness, fragrance, and flavor?... And extra smoking equal to 5 extra smokes per pack. When it's easy-chair time after that rough-and-tumble mêlée known as a hockey match, you'll find Roy Conacher of the Bruins enjoying a milder, cooler, more fragrant, and flavorful cigarette... Camels, of course. FOR MILDNESS, COOLNESS, AND FLAVOR— CAMELS SLOW-BURNING COSTLIER TOBACCOS 5 EXTRA SMOKES PER PACK!

WHAT WE THINK

By JACK RHOADES

The New Minor Sport
With three matches already on the schedule, golf has finally won a place on the young but growing minor sport program. Through the ceaseless work of Bob Cameron last year and the coming of the new athletic set-up this year the putt and pitch game has arrived. It will be hard at first to get much interest in the sport but in a couple of years the ball will be rolling along nicely. Those on the schedule to date are S. F. U., and Calags.

S. F. U. will play in Reno the last of March and a home and home agreement with the Aggies is set for the month of April. Also on the list as possible matches are San Jose, Cal., Chico and C. O. P. If you remember, a group of students went down to Stockton last year and beat C. O. P. 9 1/2-2 1/2. John Hoffman, king pin of the last year team, has graduated and it will be hard to fill his gap. Coach Schuchardt has made a call for players and he stated that a meeting will be held at 4 p. m. Monday.

"Doc's" All-Time Team
With a scratch of the head and a puff of the pipe "Doc" let fly his all-time Nevada team. Some of the players are from the great '20 teams and some are from the stellar 1938 varsity, three to be exact. We don't know many of the players but when Dick Kolbus is on the second team those players on the first must have been super.

Our only objection is that John Radovich wasn't mentioned. Big John has been playing bang-up ball this year and is especially effective near the foul circle. All in all the team stacks up plenty good and would probably give the best of them a run for their money.

Nevada's Last Games
Tonight and tomorrow the Pack will wind up the season with a two game series with Calags. Nevada has had an up and down season this year, looking pretty good in a few games and looking terrible in the rest. The team has made a vow to thump the Ags and may pull a surprise and do it. The frosh are riding high after a week of success and should dump the Aggie babes.

The State Basketball Tourney
The high schools throughout the state will be playing their zone tournaments the next couple of weeks and from our seat near the stove it looks like Carson, Reno, Fallon, Sparks, Montello, Ely, Las Vegas and Winnemucca. Carson, Reno and Las Vegas will probably be the favorites.

What Are They Doing Now?
Jake Lawlor and Ray Fredericks are both at the same high school in California, namely Delano. They coach all athletics and do a swell job if their record means anything.

Glen Hagadorn, a grad in 1937, is head of the testing department for General Electric in New York.
Tip Whitehead, mighty mite of 1927-31, is now coach at Sparks high school. Tip won Fernley's only basketball championship in 1937. He coached Fernley from 1931 until 1937.

Roy Caldwell, all conference back in 1936, is now chief assyast at the Westgate mine near Fallon.
Walter States, remembered as one of the ardent supporters of the new gym movement, is now working for an advertising agency in the East.

Marianne Severne, '37, is now teaching in the Robert Mitchell school in Sparks. While at the university, Miss Severne was a member of Gamma Phi Beta sorority.

BRUSH SPORTS

Cubs Meet Davis Freshmen Tonight

Flashy Aggie Men in Good Shape; Bailey Says Frosh O. K.

Nevada Wolf Pack Cubs will face the Mustang Colts from Davis in two preliminary basketball games tonight and tomorrow night at 7 p. m., at the University of Nevada gym. The series will mark the last appearance of the frosh this season.

The Aggie freshmen come up from Davis with a good team, having won their last encounter with Chico's first year team. This should put the game on comparatively even terms, as the Nevada babes whipped the Chico yearlings by approximately the same scores.

Line-up Changed
Coach Jim Bailey has altered his line-up for the last series, hoping to find a winning combination for the expected tough games. He has moved guard Alf Sorenson to a forward position, and shifted both Marion Motley and Geno Quilici to the defensive positions. Otis Vaughn will probably see action as center, as Bailey finds that he works well against a zone defense, which the Aggie team is expected to use.

Starters
Bailey is expected to start Marion Motley, John McDonald, Alf Sorenson, Tom Ross and Geno Quilici, a quintet of high scoring, fast ball players who have scored among them 317 of the team's 433 seasonal points.

Bailey said that the week's practice consisted of work on plays that are expected to stop the fast-breaking offense that Cal Aggies are expected to use.
"The team showed a lot of power and drive when they played Carson but they have a tendency to take it a little bit easier when playing a high school team. I am confident that they will be out there fighting all the time when they play the Mustangs," Coach Bailey said.

Reserves to See Action
Although the reserves will probably not see as much action in the last two games of the season as they have previously, Bailey stated that he would substitute enough to give almost all the subs a chance to see some action. Bill Friel, Gene Mastrolanni and Al Wisniewski have alternated with the starting line-up all during the season.

The rest of the squad is made up of Tony Sutich, Drew Smith, Ira DuPratt, Jack Streeter, Bill Bingham, William Etchemendy, Lester Ferguson, Bill King, Bob Stewart and Jack Pierce.

Game Cancelled
The scheduled basketball game between the frosh and Reno high school to have been played last Wednesday was cancelled by Coaches Herb Foster and Jim Bailey following the death of Norman Whiddett, student athletic manager at Reno high school.

ATTENTION GOLFERS
An important meeting will be held in the office of the athletic department on the third floor of Morrill Hall Monday, February 26, at 4 p. m. All those interested in the sport are invited to attend and a discussion will be held concerning the coming season.

Patronize "Brush" Advertisers

TO START AGAINST PACK

Jack Gallagher, forward (left) and Walter Buckingham, guard (right) are two regulars of the Cal. Aggie Mustang squad who will probably start against the Wolves tonight and tomorrow night in the U. N. gym.

ALL-TIME BASKETBALL PLAYERS NAMED BY J. E. "DOC" MARTIE

Without a doubt, this state's most ardent follower of basketball is J. E. "Doc" Martie, head of the department of physical education.

When Nevada plays in the local gym, you'll find him in the southeast corner upstairs—just as excited and concerned about the showing of the Wolf Pack as any student. He's always up-to-date on his rules of the game, and basketball is his favorite subject.

He likes to recall to memory the exploits of such stars as Ray Fredericks, Don Bledsoe and Dick Kolbus, and this week "Doc" Martie named what he termed the greatest all-time team ever to play for him during his sixteen years of coaching at the university.

Selects All-Time Team
First he selected a squad of fifteen men, then from it he chose his starting five:

For forwards, he named Don Bledsoe, '35, and Ray Harris, who played for the Wolves last season.

"Bledsoe," Martie said, "besides being an excellent shot, was clever and a great deceptive player."

He described Harris as being a powerful all-around man and the greatest player he has ever coached.
Bob Friend, '26, was his choice for center. Martie said Friend was the most intelligent player ever to don a suit for the Wolves.

Guards were Leslie Harrison, '25, and Leslie Clover, '28.

Harrison's leadership and determination gave him a starting berth on this "Doc" Martie's team of all time.

Clover, according to Martie, never missed a set-up shot.
Substitute Team
Then from the remaining ten play-

Nevada Tracksters To Start Practice Friday, March 1

A veteran track squad will report for varsity practice next Friday to get in shape for this year's season.
A number of lettermen will report, among whom are Walt Powers, Elwin Trigerro, John Sala, Pio Mastrolanni, James Perkins, Del Stewart, Bob Cameron, Lee Conaway, John Lemich, George Friedhoff, Harry King and Ferron Bunker.

It is doubtful whether John Polish will report because of a knee injury received last year.

Coming up from the ranks of freshman track are James McNabney, Paul Seaborn and Larry Callahan, all of whom look good.

The track season will open on April 6, when Nevada meets the Cal. Aggies in a dual meet. April 13 Nevada will meet Chico at Chico in another dual meet. April 20 is open. On April 27 there will be a three-cornered meet with Nevada, Cal. Aggies, and Chico participating.

The conference meet will be held May 4 at Fresno, with all the teams participating.

Coach Jim Bailey says that at this point the outlook for a strong team is very good, although there will be some tough opposition, especially Cal. Aggies.

In connection with varsity track, freshmen track will also start training.

Griffin, because of his aggressiveness.

The Other Five
The remaining five on Martie's all-time squad were Archie Watson, '27, forward; Erwin Morrison, '27, forward; John Robb, '39, forward; Mike Gould, '35, center, and Toby Guffrey, '35, guard.

And Martie stressed the point that these players were not only great athletes but also good students.
"Every one of these players," he said, "got better grades than any men's social organization and better than the all-men's average."

Gilmartin was chosen because of his coolness and smoothness; Lawlor because of his leadership and determination.

Nevada Freshmen Beat Prep Cagers

The Nevada Wolf Cubs lengthened their string of victories over northern Nevada high schools by defeating the Stewart Indians, 47-15, last Friday, and nosing out the Carson Senators, 32-25, Saturday night.

In both games, Marion Motley was the outstanding player for the frosh, scoring eleven points in the Carson game, and fourteen points in the Stewart contest. Geno Mastrolanni also played good ball for the frosh in both games as did John McDonald, center.
The frosh squad winds up its season this weekend when it plays a two-game series with the Cal. Aggie frosh.

On March 1, to be eligible for inter-frat track meet, all the participants will have to have at least three weeks' training, according to Chet Scranton, intra-mural coach. They probably also will go on March 1.

J. V. Hoop Team In Two Way Tie For Second Spot

The junior varsity basketball team was defeated last night by the Sportsmen five by a score of 40 to 37, putting them in a tie for second place in the "A" division of the city basketball loop.

Tied with the Reno Print quintet, the Jayvees enter the championship play-offs of the city league teams, beginning next Monday night.

High scorers for last night's game were Veneer Walker of the Jayvee five, and Willie Kern of the Sportsmen, each tallying 12 points in a close-fought game marred by a total of 25 fouls.

Participants in the play-off for the league championships are the three top teams of the A division, the two B group leaders, and the winner of the C loop. The California Grocery five, winner of B division play and a competitor for league championship, is composed entirely of university students. Most of the other competing teams in the play-off have Nevada students in their line-ups.

Winning seven of eleven games played to date, the Jayvees enter the play-offs with a good chance to win. Players on the squad said they were confident of reaching the finals.

The squad competed in the A division of the Reno YMCA city basketball league this year, while the Jayvees last year played a loose schedule, competing in no definite league.

After completing championship competition, the junior varsity quintet engages the university freshmen in a three game series. Jayvee Coach Dick Miller said this week of the fresh encounter, "A cinch. We'll win without a struggle."

Members of the freshman group, however, when approached on the subject, disagreed and said the final scores would definitely surprise the junior varsity players.

Squad members agree that Veneer Walker has been the best all-around player this year, as well as high scorer to date.

Team members are Dick Miller, playing coach, and Vince Shea, Brad Johns, Pete Linson, Paul Seaborn, Dave Melarkey, Veneer Walker, Ralston Hawkins.

REVEREND THOMAS LEAVES FOR U. OF W.

The Reverend Henry B. Thomas, Chaplain of St. Stephen's House, left this week for a two-weeks visit at the University of Washington, where he will be the guest of the Canterbury Club and will hold religious discussions with a number of student groups.

He will give three addresses at Washington fraternity houses during his stay, and will preach a mission daily at St. John's Church, Seattle.

Do You Know That . . .

By JEAN HARRIS

The varsity football team of 1900 did very well for themselves despite that fact that they all parted their hair in the middle and wore turtle-necked sweaters.

N.S.U.	42	Reno Wheelmen's Club	0
N.S.U.	0	Reliance Athletic Club	2
N.S.U.	0	San Jose Normal	0
N.S.U.	0	California	32
N.S.U.	6	Stanford	0
N.S.U.	17	Stewart Institute	0

Nevada 65 Opponents 34
The above record may not look so stupendous now, but considered in the light of the preceding seasons, it was something of which Nevada was proud.

ing the possibility of developing teams in 1896 the athletic association, realizing the U. of N. secured Frank Taylor, University of California graduate, to organize and coach a football with Belmont school for a game on campus. Arrangements were then made it would require a great deal more training to convert raw material into athletes—the score was U. of N. 0, Belmont 70. However, the team seemed to have learned something from the Belmont game for several weeks later Cal's second string only scored forty points against them.

The oldest record in the University of Nevada track and field annuals which has yet to be bettered is the hammer throw, set by C. C. Smith back in 1901 with a long distance heave of 129 feet. Since those days when Smith threw the sixteen pounds of metal for a record, the modern javelin has taken the hammer's place in Nevada field events. Lefebvre, who continued his athletic career as an Olympic competitor after leaving Nevada, holds the javelin record with a throw of 193 feet, two inches.

Since 1901 when athletics at the university were to be taken seriously, marks and times have been continually bettered. The difference can readily be seen in a table setting up the records of today and of 1901, the year in which the first track and field records were filed:

1901	Event	1940
10 1-5	100 yd. dash	9.6
23 2-5	220 yd. dash	21.3
53	440 yd. dash	49.9
19	120 yd. H. H.	15.5
28 4-5	220 L. H.	24
2:8 3-5	880 yd.	2:0 1-10
8:3	Mile walk	Discontinued
20 ft. 8 in.	Broad jump	24:7 3-4
5 ft. 6 in.	High jump	6 ft. 2 1-4 in.
10 ft. 6 in.	Pole vault	12 ft. 6 in.
36 ft. 1 in.	Shot put	43 ft. 8 in.
129 ft.	Hammer throw	Discontinued

Included in the 1901 repertoire of events which are not seen today were the mile bicycle race, the long distance stand and the running high kiss. Records set in these events in 1901 have not yet been bettered. However, a mile bike race was run off at Nevada at the Frosh-Soph field day in 1938. The modern peddlers failed to break the record because of hampering clothes that the participants were forced to don at intervals throughout the race.

The following list of identifying characteristics appeared in the U. of N. humor magazine, "The Nevada Desert Wolf," March, 1928. Things haven't changed much these last twelve years.

- To Be a Nevadan
1. Never have your own cigarettes.
 2. Shave only when absolutely necessary.
 3. Carry no books. (An old binder with last semester's work is permissible.)

STUDENT BODY PREXY RECEIVES PUBLICITY

A photograph of President Leon Hartman congratulating his son Dave upon his election to the office of president of the Associated Student Body of the University of Nevada is being used by various newspapers throughout the western United States, and will probably be printed in some of the larger college newspapers.

The photograph was sent to the manager of the Pacific coast branch of the Newspaper Enterprise Association, one of the largest newspaper syndicates in America, by Professor A. L. Hogginsbotham, chairman of the committee on public relations at the University.

- sable.)
4. Never have any money.
 5. Do not ruin your cords or jeans by washing them.
 6. Do not take notes in class.
 7. Know some one who will lend you a tux or an overcoat when needed.
 8. Never come to class on time.
 9. Never go to bed before midnight, but get plenty of sleep in 8 and 9 o'clock classes.
 10. Register in as many pipe courses as possible.
 11. Owe money to at least four people.
 12. Be prepared to take an active and enthusiastic part in a bull-session on football, women or other tongs at all time.
 13. Know where "it" can be obtained for the least loss of time, money or effort. (This was in the days of prohibition.)
 14. Meet her in the library at least five nights a week.

Senator Pat McCarran started his career as a speaker at the University of Nevada in 1900. He was a member of the first debate team sponsored by this institution.

Nevada Debaters Win Tournament

University of Nevada debaters took top honors in the junior college tournament held at Stockton last weekend.

Bringing Nevada its first debate championship in two years, the sophomore debate team of Tom Cooke and Kenneth Mann tied for first place in the tournament with Bakersfield junior college.

Winning seven debates out of eight in their first inter-collegiate tournament, the team of Cooke and Mann won the Pacific Coast Pi Kappa Delta Junior College tournament.

Placing third in the tournament was the duo of Charles Mapes and Russell Strom, who took runner-up honors of the tourney with six victories out of eight starts.

Charles Mapes received a third place in the "town meeting" which consisted of a public discussion of the foreign policy of the United States.

Nevada competed against such schools as University of California, Pasadena J. C., Stockton J. C., College of Pacific, California Aggies, Utah Aggies, San Bernardino J. C., Pasadena Junior College, Dixie J. C., Greeley State, and numerous other Coast colleges.

Professor Robert S. Griffin, debate coach, in commenting on the trip, said: "I'm well pleased with the showing our debaters made in the tournament."

The subject of debate was "Resolved, That the United States adopt economic and military isolation policy toward all nations outside the Western Hemisphere engaged in armed international or civil conflict."

ON THE HILL, IT'S HELLO!

ROTC Military Ball Acclaimed Success

A tribute to America's peace-time forces, one of the largest crowd of military officers and students to attend a military ball, thronged the civic auditorium Saturday evening.

Highlights of the evening, the presentation of commissions to the honorary major, Romietta Ward, as well as sponsors of each ROTC company, and the message of Governor Carville to the dancers, were entirely in keeping with the dignity of the occasion.

According to Robert Grenig, captain in charge of the affair, the ball was a financial success. "Scabbard and Blade as well as the military units at the university were well pleased with the attendance at the dance," he said. Many comments were received praising the decorations and the entertainment featured during the evening.

Assisting Miss Ward were Rita and Emile Turano, honorary captains of company A, Margaret Hermansen, sponsor of company B, Aileen Smith, of Company C, and Billie Jean Stinson, representing the military band. A special novelty was music furnished by the Town House quartet.

rooms, Dr. Hildebrand will deliver his second address before the members of Phi Kappa Phi, their families, and their guests, the subject of this talk being "The Education of Gifted Students."

Dr. Hildebrand was the luncheon guest of the executive committee of Phi Kappa Phi today, and will be entertained at dinner tonight by the members of the Chemistry Department.

Phi Kappa Phi was founded in 1898 at the University of Maine to emphasize and encourage scholarship among college students, and to stimulate mental achievement by the prize of membership in the organization. There are 44 institutional chapters in America, Nevada's being the eighth one established. It was installed in 1912.

The upper eighth of the graduating senior class scholastically is eligible for membership, the upper tenth usually

being chosen. Activities, and personality, as well as scholarship are used as a basis for choosing new members. A few especially outstanding students are given bids to join the organization in the fall. Three such students, John Barber, David Hartman, and Gene McDaniel were initiated last fall.

A POEM

Sad the case of Tillie Zilch
She couldn't help but spill the milk.
Her horse picked her to run the Formal
But Tillie's mind was pure Sub-Normal.
She doped out decorations choice
(In this affair she had full voice.)
With favors, too, she rang the bell
But she blew the budget clear to hell.
And as the Details cleared away
But one cold fact remained to stay.
The Dance was set. The dough was spent
But not an invite had been sent!
Worse than that—the Chapter hinted
The Gol Darn bids were never printed!
Sublime hysterics and tears a while
Till one smart gall phoned A. Carlisle.
The Job was printed with extra Swank
At a price that saved real dough in the Bank.
