

## THREE STUDENTS ARE PLACED ON HEALTH BOARD

### Goodin and Parish Survive Primary of Frosh Election

#### Bechdolt, Hursh Tie for Runnerup

#### Light Vote Is Cast by Yearlings in Class Office Race

Bill Parish, Lambda Chi Alpha pledge, and James Goodin Sigma Nu pledge, were selected by the freshman class to compete in the finals for frosh manager, Joe Gross, chairman of the election board announced today.

Goodin led the field, consisting of five candidates, in the voting. He received 68 votes; Parish, 59. Warren Hursh, ATO candidate, and Bill Bechdolt, SAE, tied with 29 apiece, and Bob Wise, Phi Sig pledge, from Sparks, brought up the rear with 21.

Out of a total of 332 eligible freshman voters only 210 cast the ballot. Four votes were declared void, leaving 206 to be counted. This was one of the lightest percentages in recent years.

Goodin and Parish will battle it out for the class office in the final election to be held Thursday, Sept. 25, and the winner will be installed as manager at a student body meeting to be held on Sept. 26.

Polls will be open from 8:00 am to 4:00 pm on election day, Gross announced.

### Hot Water Boiler Installed Recently

With the recent installation of a new 250-horsepower hot water boiler, the first phase in the revamping of the University's heating system is nearing completion, Charles H. Gorman, comptroller, announced today.

The new boiler replaces two that had been condemned, and will be ready for use on or before Oct. 1.

To date an estimated \$15,000 of the \$75,000 allotted for the work has been spent.

One of the two remaining 125-horsepower hot water boilers is being converted into a steam boiler, and will heat the new civil engineering, the veterinary science building, and the mechanical engineering building.

The remainder of the campus buildings will be hot water heated until next year, when steam heat will be used throughout.

The vital need of metals in the defense industries is delaying completion of the job, Gorman said.

A saving of \$350 a month in heating expenses will result from the improvements, it is estimated.

### Material Priorities Hold Up Work on Building Projects

Government priorities were reported as holding up work on campus building projects it was learned here this week from Dr. Hartman.

Opening of the nearly completed new engineering building was once again postponed, due to difficulty in obtaining a pump for the heating system. No definite date could be set for the beginning of class work in the building, Dr. Hartman said.

Difficulty in obtaining steel was also holding up work on foundations for the new gym, with priorities claiming steel already ordered for this project.

Work on two other campus buildings was progressing rapidly this week, however, with the walls for the addition to the infirmary completed and with brick laying for the new field house on Clark Field progressing rapidly.

Installation of the boilers in the campus heating plant was nearing completion also. In spite of many setbacks due to difficulties in obtaining material, the contractor is expected to complete the project by Oct. 1, two weeks ahead of the Oct. 15 deadline.

### Masque and Dagger Meeting Held Monday

A meeting of the Masque and Dagger Club was held last Monday afternoon. The purpose of the meeting was to elect officers, but since there was not a quorum present, the election was postponed until the next meeting.

Several skits for the Wolves' Frolic were discussed, but no definite plans were made.

### NEVADA COEDS AIN'T SO ORIGINAL

Whether or not University of Nevada coeds have a mind of their own became a debatable topic on the campus this week.

Hair-dos, especially those on the younger set of the feminine sex, have always been somewhat of a mystery to the male of the species as to where they originated or what miraculous incident may have given them their earliest "breath of life."

Such styles as up-does, shingles, page-boy bob, and what have you have graced the collective coiffures of the ladies in bygone years, some becoming classical through their tenacity of remaining in favor, while others have proved only a flash in the pan and have been only of the briefest duration.

Now at the University of Nevada the age-old hate of the grammar school girl, braids, have been chosen as the hair style of numerous coeds. No mystery as to the origination is evident, at least to the readers of Life magazine, which is the source of the suggestion.

Still the argument persists as to whether the women students on Nevada's campus would have stumbled on the idea themselves if left to their own resources with no prompting from a nationally circulated magazine.

### Engineering Group Appoints Committees At Recent Meeting

Nominations for the offices of secretary and treasurer and the appointment of permanent committees highlighted the meeting of the Associated Engineers held Wednesday.

Nominations will remain open until Wednesday, Sept. 24, as yet no nominations have been received for the office. Any engineering student is eligible for the award.

A committee for the purpose of scheduling meetings and engineering events, composed of Joe Mezzano, Herb Peck, Jack Rookus and Jack Pierce, chairman, was selected.

A central committee composed of heads of the engineering clubs, including Jim McCutcheon, Joe Gross, James Bett, John Kneemeyer, Gene Mastrolanni, was appointed.

Plans for the engineers' brawl will soon be under way, Bett announced.

### Etchemendy Names New Cheer Leader

Dorothy Savage was added to the cheer leader staff by Leon Etchemendy, head cheer leader, Harriet Morrison and Harold Sweet are veterans from last year and will aid Etchemendy again this year. Miss Savage, who held the same position in Reno high, was chosen from a group of six contestants to fill the much coveted opening.

The group has ordered new outfits which will consist of white skirts for the girls, white pants for the boys, white long-sleeved sweaters with blue sleeves and a blue megaphone on the front with a blue wolf head and Nevada on the back. The material is saaten and, all in all, the costumes should be very striking and add a great deal to our routing section this year.

They are beginning work on new yells and stunts to present at the student body meeting next Friday which will also be the pep rally for the first gridiron game of the year as the Wolf Pack meets California Polytechnic here Sept. 27.

### Aggie Club Elects Questa to Office

Donald Questa was elected vice-president of the Aggie Club at a meeting of the organization Tuesday.

The Aggies have charge of the Homecoming dance. A committee on arrangements includes Lee Hansen, chairman, George Frey, Noel Willis and Henry Stewart.

Leonard Anker, secretary, announced the reason that the Aggies are in charge of the Homecoming dance is that Homecoming is the outgrowth of an Aggie Day, held previous to the present Homecoming celebrations.

Anker also stated that the Aggies have challenged the Miners to a volleyball game Sunday, Sept. 28, at 10 pm.

### Many Graduates Receive New Jobs In Teaching Field

Several graduates of Nevada's school of Education and the normal school have been transferred to new positions in the teaching field this year, Dr. Fred W. Traner, dean of the school of Education, announced today.

Kirk Herrick, '39, formerly located at Virginia City, accepted a position at Lovelock, where he will handle athletics and academic subjects in the high school. Nellie Foster, normal, '29, has gone to the Fairview school in Pershing county, and Alberta Nicoll, '40, transferred from Dyer to Wichman school.

Mary Malloy, '32, has been transferred from Ely to Reno, as has Juanita Eicano, '40. Miss Eicano will teach the first grade at Mt. Rose school.

John Gilmarton, '31, former principal at Rio Tinto, took over the principalship at Wadsworth this year, and Mary Venturino, normal, '37, has transferred from Fairview school to Wadsworth.

Sybil Furchner, '40, formerly at Kimberley, has secured a position in Reno schools, and Georgia Cole, '36, transferred from Ruth to the B. D. Billingshurst junior high school here. Margaret Johnson, '40, transferred from the elementary school at Gardnerville, and will teach in Sparks. Also transferring to Sparks were Esther Laiblo from Smith valley, and Jeanette Green, '38, from McGill.

Ruth Rowe, '38, shifted from Ruth to the high school in Goldfield, and Patricia Davis, '39, went from the Gardnerville elementary school to Eureka elementary school.

Annie Lucas, '36, transferred from the Wabuska school to Yerington, and Theda Burrus from Elko to Gardnerville elementary. James Schulz, normal, '38, went to the Sloan school near Las Vegas.

Helen Spina transferred from the Yerington elementary school to Boulder City, and Wilma Lauritzen, '38, from Eureka to McGill.

Bob Comer, '40, transferred from the Carson Indian school to Yerington where he will teach band, and Don Trimbull from Harmon school to Reno. Lorraine Robinson transferred from Gardnerville to Hawthorne elementary school where she will teach music; Aldene Branch from Winnemucca high school to B. D. Billingshurst junior high.

Gwen Shearer is now teaching in the Reno elementary school. She taught at the St. Clair school in Churchill county last year. John Dolan is teaching in Battle Mountain (Lander county) high school this year after being a teacher in the elementary school there.

Dagmar Fredericksen, '40, transferred from Wichman school to Como school in Lyon county, and Chester Green, '39, has gone from the Montgomery school in Mineral county to the Round Mountain high school.

### Senate Appoints Memorial Committee

A committee of Ed Grundel, chairman; Cliff Young and Warren Ferguson was last night appointed by the student senate to investigate action on the Sibley Memorial which would commemorate the late Dean Frederick H. Sibley.

Prof. William Miller spoke at the meeting and announced that all fraternity, sorority and organizational skits must be approved by today. This was done to forestall any complaints that might be offered by groups who did not meet the deadline.

Wes Schlager, head of the men's upper-class committee, gave a report on the actions of that group.

### Notice of Poetry Contest Is Received by President

An announcement of the annual national poetry contest sponsored by the National Thanksgiving Association, was received here this week by President Hartman.

National prizes for the contest are: First, \$25; second, \$15, and third, \$10. Poems entered in the contest must reflect the patriotic and religious significance of Thanksgiving or consider historical reasons why the flag must be displayed.

Contest is to close Oct. 20, 1941. Complete rules will be posted on campus bulletin boards next week.

Charles Mapes, right; Warren Ferguson, left, and Alice Martha Traner, below, who were chosen today by Dr. Leon W. Hartman as student representatives to the University health committee.

### Mapes, Ferguson, Traner Named as Student Members

#### Proposal Is Accepted By Dr. Hartman On Trial Basis

Dr. Leon W. Hartman, president of the University of Nevada, today put his stamp of approval on a proposal submitted to him by the executive committee of the ASUN senate, calling for student representation on the University health committee.

In accepting the proposal Dr. Hartman added Charles Mapes, Alice Martha Traner, AWS president, and Warren Ferguson, senior member of the executive committee, to the personnel of the group.

Faculty members who are on the committee include Dr. Peter Frandsen, chairman; Prof. Elsa Sameth, Prof. J. E. Martie, Dr. E. W. Lowrance and Col. Oral E. Clark.

Dr. Hartman approved the committee with the understanding that the move be placed on a trial basis, pending successful operation of the plan.

In a letter concerning the proposal which was submitted to Dr. Hartman, the executive committee of the ASUN expressed the belief that a student voice in the operations of the health service would greatly increase cooperation with the general health program undertaken last year.

### Education Department Shows 100 Percent Graduate Placement

The road to success leads through the Education Building.

Dr. Frederick W. Traner, dean of the school of Education, announced today that all students who graduate from the department in May and who applied have been placed in teaching positions.

The entire graduating class from the normal school course have jobs, and three who received third grade certificates are also drilling the three r's. All graduates of the four-year education course who applied for positions were reported by Dean Traner as employed.

Bill Peelle is in the Eureka High School as coach and instructor in academic subjects; Aileen Mahoney is in the elementary school at McGill; Dick Miller is coaching and teaching in the Akron City school system in Ohio; Henry Mayer is teaching in the high school in Manhattan; Faye Bybee is in Gardnerville; Chester Green teaches at Round Mountain; James Dooley is an instructor in the agriculture department at Panaca.

Alice Winter, a normal school graduate, is in the elementary school at Gardnerville; Eleanor Ryan is in the primary grades at Lund; Helen Bradshaw is teaching all grades at the Elgin school; Betty McGee is at the St. Clair school in Churchill county; Lucille Mortensen is teaching at the Washoe school.

Rosalie Hauk is an instructor in the Rose district school in Nye county. Emmett Rae, who applied for and received a third grade certificate after completion of a one-year course, is now employed at the Fay school.

Mary Kling is teaching in the elementary grades in Eureka, and Evelyn Callahan is teaching at the Cherry Creek school after the completion of the one-year course.

### Campus Requested To Enter Floats In Carson Parade

A request for organizations to enter floats used in the annual Homecoming parade in the Admission Day parade to be held in Carson, Nov. 1 was received today by organization heads on the campus.

W. T. Holcomb, chairman of the parade committee of the annual Admission Day fete, said that the parade would be held on Nov. 1 and would start at 10:30 am. The theme for the floats entered will be primarily historical, but other types of entries will be welcome, Holcomb announced.

Nevada students have taken an active part in past parades with the band, military battalion and other marching units participating last year.

A new feature planned for this year's event will be a half hour broadcast over the blue network of NBC, probably on Friday, Oct. 31, Holcomb said.

### Pilots to Occupy CE Building Soon

Not yet complete in heating and lighting, the new civil engineering building is to be occupied immediately by the advanced CAA class, it was announced today by Prof. I. J. Sandorf, ground school instructor, in that course.

The moving of equipment, which consists of the major parts of three airplanes, four engines and various wing assemblies, has already been started under the direction of Carl Horn, superintendent of grounds.

Tenancy of the building was authorized by Supervising Engineer Friedhoff.

A great part of the equipment used by the students in this course has been donated by Ted Morill, CAA flight instructor and local pilot.

### Artemisia Editor Releases Schedule

First organization pictures for the Artemisia will be taken next week, Teddyanna Pease, editor, announced yesterday. Lincoln Hall Association sittings are scheduled for Sept. 22, 23 and 24, and Sept. 25, 26 and 27 for Sigma Alpha Epsilon.

Cost of pictures will be 50 cents for each student, with a 25-cent additional charge for special sittings for members of Scabbard and Blade, Blue Key and similar organizations, Miss Pease said.

Hours of sittings will be 10 am to 12 noon and 1 to 4 pm. No other time will be allowed because of the lighting situation.

Women are requested to wear white blouses and men white shirts and ties. A complete schedule of pictures will be posted on the bulletin board soon.

Students are asked to mark envelopes in which pictures are returned indicating the number of duplicate prints required for organizations such as the YWCA, junior class and fraternity.

"This year mounted panels will be given only to the fraternity, sorority and organizations having the highest percentage of representation in the book," Miss Pease said.

### Guild Announces Train Trip Plans

Clark Guild, chairman of the San Francisco trip committee, today announced the final plans for the students' trip to the USF-Nevada tilt at Kezar Stadium Friday, Oct. 3. Hundreds of students are expected to make the trip this year and students planning to go should see Guild to make their reservations.

Last year many Nevada rooters took advantage of the low rates offered by the railroad and followed the Pack to Fresno.

The rate offered to the student body this year is \$5.60 per person round trip. The train will leave Reno at 9 o'clock Friday morning, getting everyone in San Francisco in plenty of time to get to the game, which starts at 8:00 in the evening.

Train tickets issued will be good until Oct. 13, thus enabling students to remain in the bay area for several days.

Attempts are being made to arrange for students to be admitted on their student body cards, but no arrangements have yet been completed.

### Six Are Elected To Sagers Group

Six men were elected to membership in the Sagers, men's pep organization, at a meeting of the group held Wednesday night.

Don Ross and Howard Campbell, Sigma Alpha Epsilon; Elmo Di Ricco, Tom Harvey, Sigma Nu; John Hawkins, Alpha Tau Omega; Elwood Moffett and Henry Jones, Phi Sigma Kappa were the men elected.

Plans for entrance of a skit in the Wolves' Frolic were also discussed but no definite action was taken. The initiation banquet for the newly elected members of the group will be held Thursday, Sept. 25, at the Lincoln Hotel in Sparks.

Leota Maestretti's orchestra has been secured to play at the Sagers' Varsity Swing, which will be held Sept. 27 in the gym, Jack Pierce, president of the group, announced.

### MILITARY STUDENTS ALLOWED S. F. LEAVE

Students enrolled in military will be excused for the special excursion to San Francisco Oct. 3, providing they hand in excuses before hand and their name is included upon the special list which Clark Guild, chairman of the excursion, will hand to the heads of the military department. This list will include the names of all students who have purchased tickets.

Price of the tickets has been set at \$5.60. The special train will leave Reno at 8:00 am the morning of the game, which will be played under lights at the Kezar Stadium in San Francisco. Tickets may be secured on the campus from Guild.

A week prior to the game, a booth will be erected on the campus in front of Clark library to handle the ticket sales.

### Cadet Officers Advanced in Rank By ROTC Heads

Eighteen cadets in the University ROTC battalion were given promotions in rank by Col. Oral E. Clark, Lieut. Thomas Prunty, personnel adjutant of the local battalion, announced today.

Perry C. Pollock, cadet captain, headquarters, first battalion was promoted to cadet major, and William G. Barton, cadet first lieutenant, company B, to cadet captain.

Three cadet second lieutenants, Edwin C. Mulcahy, George L. W. Clark, Jr. and John H. Uhalde, were raised to first lieutenants.

Promoted to cadet master sergeants were James W. Kehoe and Eugene B. Francovich. New cadet staff sergeants are Clifton Young, James W. Warriner and Arthur Palmer, Jr. with appointments as first sergeants going to Eugene Mastroianni, Wendell Leavitt and Herbert Chiara.

Appointed to cadet second lieutenants were J. Lyman Earl, Peter I. Echeverria, William E. Etchemendy, Mario G. Recanzone, Jack B. Streeter.

Favorable comment upon cadets assigned as orderlies to commissioned officers, non-com in charge of quarters, and room orderlies was made by Lieut. Prunty, who said that these details had been carried out in a very satisfactory manner.

### Higginbotham Heads Farm Production Laison Committee

Prof. A. L. Higginbotham, head of the department of journalism at the University, was named chairman of a committee to aid in the program of the department of agriculture to adapt the 1942 farm production to national defense needs.

He will head a farm organization committee for the eleven western states, officials of the department announced.

An adequate production, but not an oversupply of crops is the aim of the program in which Prof. Higginbotham will play a part. AAA representatives will personally interview the nation's farmers in effort to determine what the farmers intend to produce and then an adjustment will be made in order that production may conform with national defense demands.

Specific duties of Higginbotham's committee will be to solicit the cooperation of farm organizations.

The appointment was announced during a recent convention in Salt Lake City which Prof. Higginbotham attended. For a number of years he has acted as editor of the agricultural extension bureau at the University of Nevada.

### Mining Students Take Field Trip

Virginia City and the Comstock mines were visited by the new and freshmen students in the Mackay School of Mines last Saturday.

Purpose of the trip was to study the history and operations of the various mines and mills. The group visited three mills where flotation, cyanide and amalgamation processes are being used. The trip also gave the students an opportunity to see the open pit operations of the three companies.

Guides were Prof. Jay Carpenter as faculty advisor and James Rookus, president of the Crucible Club.

Those taking the trip were Roy Peterson, Robert West, Allan Wharton, William King, Douglas Launer, Miles Steel, James Bircham, Godfrey Christensen, Douglas Eyselbosch, James Goodin, Alvin Sorensen, George Mar, Fish Yuen, Edmund Sawyer and Fred Haley.

### Best Non-Greek Act In Wolves' Frolic To Receive Trophy

A cup for the best skit appearing in the Wolves' Frolic and staged by an organization other than a fraternity or sorority, will be awarded this year, Ed Dodson, chairman of the Homecoming committee, announced today.

Last night the senate executive committee expressed plans for an early meeting to pass upon the rules changing former frolic routine.

These plans, suggested by Prof. W. C. Miller, frolic director, would allow men to appear in sorority skits and women to appear in fraternity skits. Borrowed props for use in the acts would also be allowed under the Miller proposal. Acts which were not submitted and approved by Miller by the deadline today will not be eligible for participation in the frolic, Miller said, in discussing the proposed rulings.

Skits already submitted and approved by presstime were Kappa Alpha Theta, Pi Beta Phi, Sigma Nu, Gamma Phi Beta, University Dancers, two band numbers, an accordion act, a piano duet and a piano single act.

Houses and organizations which have signified their intention of submitting acts include Delta Delta Delta, Lambda Chi Alpha, Alpha Tau Omega, Sigma Alpha Epsilon, Sigma Phi Sigma, Sun-downers, Masque and Dagger and Manzanita Hall Association. These groups are scheduled for showings this afternoon.

Three chorus routines have been under rehearsal for the show approximately a month today and will include a chorus of campus coeds and routines put on by a male chorus. These groups will double up in one number.

Members of the kick chorus are Fritz Jane Nedenreip, Billie Jean Stinson, Lauris Gulling, Dorothy Savage, Nita Reifschneider, Yvonne Rosasco Patsy Prescott, Marie Dooner, Ellen Lou Connelly, Jeanette Rives, Valerie Snell, Kathryn Wilkes and Mary Ellen Nenzel.

Male chorusers are Dick Booker, Dan Rice, George Penbo, Bruce Bowen, Robert Bruce and Richard Vietti.

Frolic ticket sales are to begin Oct. 6. Prices are from 50 cents to \$1.50.

## Griffin Receives Doctor's Degree At Coast School

Dr. Robert S. Griffin, assistant professor of English at Nevada, officially received his doctor of philosophy degree at a special ceremony held Saturday culminating his study at the University of Southern California.

Dr. Griffin was granted a leave of absence from the University last year to enable him to continue his work for the degree, which he began in 1935. While at USC he taught classes in public speaking and continued his studies in the school of speech.

Dr. Griffin's thesis for his degree is on the psychological study of intellectual and emotional factors in reasoning processes of the auditor. The material for his thesis involved a historical analysis of conviction-persuasion rhetoric from Aristotle to the present time, and an analysis of auditor response in the light of modern theoretical and experimental psychology. The thesis is regarded as an important contribution to the understanding of convictions and persuasions of public speaking.

During the research Dr. Griffin studied under Dr. Lee Edward Travis and Dr. Milton Metfessel, internationally known psychologists, and Dr. Allen Nichols, who is one of the outstanding argumentation and debate men in America.

His thesis is to be published soon in Speech Monographs, yearly publication of the National Association of Teachers of Speech, and an abstract of the treatise will also appear in the Quarterly Journal of Speech.

Dr. Griffin began teaching English and coaching debate at Nevada in 1928 after graduation from Oregon State College. Since then he has continued his graduate studies during the summers at the University of Iowa, and at USC, where he received his master of arts degree in 1935.

## Peck Is Elected Vice-President Of Engineering Club

Franklin Peck, junior student in engineering, was elected vice-president of the Mechanical Engineers at a meeting held by that organization in the mechanical engineering building Wednesday night.

Peck's election fills the vacancy caused by former Vice-President Chet Salsberry's failure to return to school.

Prof. J. R. Van Dyke was chosen honorary chairman of the organization. Van Dyke is a member of the national organization of ASME.

Herb Holt was named chairman of the committee formulating plans for the semi-annual engineers banquet to be held in the first or second week of October.

Money—The mint makes it first and it's up to us to make it last.

## FINANCIAL REPORT 1940-41 ASUN ACTIVITIES

September 2, 1941

Dr. Ernest Inwood, Chairman  
Board of Finance Control,  
University of Nevada  
Reno, Nevada  
Sir:

Pursuant to the request of Mr. Joseph McDonnell, graduate manager, University of Nevada, I have made a limited examination of the books and records of the graduate manager for the period July 1, 1940, to June 30, 1941.

Receipts and disbursements for selected months were tested and found to be in order. All receipts are promptly deposited with the University comptroller and are evidenced by a comptroller's receipt. All disbursements are made by the comptroller upon receipt of properly authorized voucher accompanied by original invoice. Duplicate vouchers and invoices are on file in the graduate manager's office.

Funds represented as being on deposit with the comptroller were verified and found to be correct.

In my opinion, based upon such examination, the accompanied statement of funds fairly and accurately presents the condition of all funds in the custody of the graduate manager at June 30, 1941.

Respectfully submitted,

LAWRENCE J. SEMENZA,  
Certified Public Accountant.

### Phi Kappa Phi Meeting Is Scheduled for Thursday

A meeting of the local chapter of Phi Kappa Phi, national honorary scholastic society, will be held next Thursday, according to an announcement by Dr. Hartman this week.

Business of the meeting will be to arrange for the initiation of new members, and for a breakfast meeting to be held Sept. 28.

To speed is but human; to get caught, fine.

## Morrill Hall Bell Still Tolls After Fifty-Three Years' Service to Nevada

Although it has been out of use by the modern bell system, the old bell in Morrill hall still rings out each morning heralding the new day's classes.

Since the erection of Morrill Hall in 1886 the bell has tolled, at first, purposefully, now traditionally. Its first pealings summoned and dismissed the classes of the newly established University of Nevada.

Soon an electric bell system was installed.

For a number of years the bell was used by the military department.

As if to keep alive a 55-year-old campus tradition the night watchman faithfully rings the old Morrill bell each morning as he goes off duty.

During those early years the ringing of the bell was a regular student job. The student would be dismissed early from class to make a dash to the third floor of Morrill and ring the bell for dismissal. Five minutes later he would ring it again for the next class, then dash back down the stairs. He was always late for class.

## Sagens Plan Entry In Pajamboree for Football Opener

Clad in white nighties, 20 Sagens will march in a unit as their contribution to the first rally of the year—the annual pajamboree, Sept. 26.

Sagens will be wearing blue skirts and white sweaters with blue felt emblems at the football games this year.

The organization has five vacancies in its membership at present, but new members will not be chosen until after the first game.

Townpeople Meet Sorority Pledges At Teas Tomorrow

Pi Beta Phi Will Present Neophytes to Campus Saturday Night

Formerly presenting their new pledges the University of Nevada sororities, acting through Panhellenic Council, will be hostesses to 750 guests at a presentation tea Saturday, Sept. 20, from 3 to 5.

Reno townpeople, sorority alumni, mothers' clubs and guests from many sections of the United States are among those invited to meet the 65 newly pledged sorority members. All four of the houses will welcome guests during the tea hours.

Betty Nash and Martha Vandewark are in charge of preparations for the tea for Gamma Phi Beta; Shirley Huber for Delta Delta Delta; Fritzi Jane Neddenriep for Kappa Alpha Theta, and Adey May Dunnell for Pi Beta Phi.

Pi Beta Phi will hold its campus presentation tea at the Century Club Saturday evening, Sept. 20, from 7 to 9, with Kay Padden in charge of plans. Other sororities have not yet definitely scheduled their campus teas.

Alpha Tau Omega Entertains at Tea

Alpha Tau Omega fraternity honored new pledges of each sorority and their respective presidents at an elaborate tea last week.

A committee composed of Addison Millard, chairman, Jay Gibson and Mario Recanzone were assisted by the ATO Mothers' Club in making arrangements.

Mrs. H. R. Cooke and Mrs. P. McNeilly poured at the tea table decorated in fraternity colors of blue and gold. Mothers taking an active part in the social function included Mesdames John Beaupere, S. B. Francovich, L. J. Hart, J. A. Fuller, S. Van Dyke and L. M. Frazier.

Three Greek Letter Organizations Set Dances for Weekend

The social whirl continued unabated on the campus this weekend with three Greek letter houses, one sorority and two fraternities, scheduling dances.

Gamma Phi Beta sorority is holding a house dance tonight, using brown and mode colorings as a decorative scheme. Leather programs with the sorority letters on them will complete the theme, according to Jane Moyer, committee chairman. Dorene Naismith is assisting on the committee.

Buddy Williams and his orchestra will furnish the music.

Chaperones include Mrs. Celine Francis, Mrs. Catherine Rawls, Mrs. Anita Raymond, Mrs. Anna M. Warren, Mrs. Dorothy Grill and Dr. and Mrs. S. K. Morrison.

Beta Kappa entertains Friday night in honor of 20 pledges at their chapter house.

Sam Osgood is in charge with Bob Crowell and Hale Tognoni assisting.

The decorative scheme, according to Osgood, will carry out the story in purple and gold of a pledge pin advancing to that of an active in Beta Kappa.

Prof. and Mrs. D. Beasley and Prof. and Mrs. N. Vance will be chaperones. Guests from fraternities have been invited. They include Gene Mastrianni, Lambda Chi; Bernard Smith, Sigma Nu; Myner Walker, SAE; John Hawkins, ATO, and Henry Jones, Phi Sigma Kappa.

Ernie Piersall's orchestra will furnish the music.

Sigma Nu entertains at Lawton's Saturday night in honor of their new men. Lester Gleisemann, chairman; Bernard Smith and Robert McDonough are in charge of arrangements.

Chaperones will be Dr. and Mrs. P. A. Lehenbaur and Dr. and Mrs. H. N. Brown. Paul Jones and his orchestra will play.

Fine Arts Exhibit Held During Week

The first Fine Arts exhibit of the year was open this week in the library building.

Drawings on display, among which were several French originals, were taken from the collections of Charles F. Cutts and Merle Singleton.

Those interested in joining the Fine Arts Club should see Jean Caple or Doris Rice as soon as possible.

Sorority Expenditures Are Curtailed by Pan-Hel

Expenditures by sorority houses for homecoming house decorations, floats and skits were limited to \$65 at a meeting of the Pan-Hellenic Council this week.

Final plans were made for the presentation teas which will be held Saturday afternoon from 3 to 5 at each of the sorority houses.

Betty Nash, chairman, was in charge of the meeting.

"I see she's let her hair go dark again." "Yes—off the gold standard."

Karen Bratton, New Library Assistant, Vacations in Reno, but Stays Three Years

Three years ago Karen Bratton, new assistant in the University library, came to Reno for a vacation. She has been here ever since, though at that time she was expected back in Washburn, Wis., within a week to continue her teaching duties.

Born in Ashland, Wis., she has taught in Wisconsin and Illinois for nine years in junior high and high schools.

"Wisconsin is a lovely state," Miss Bratton said, "but Washburn is right on Lake Superior and it's very cold there in winter. For eight days in January one year it was more than 35 degrees below zero. We told the students not to come to school when it was below 35."

When it was 20 degrees below, we used to have the students go out and warm up our cars between class periods. If we didn't, the grease in the motors would freeze and it was impossible to shift gears."

Miss Bratton received her B. A. degree at Northland College in Wisconsin in 1928 and attended the summer session at the University of Wisconsin in 1935.

As at Nevada, the University of Wisconsin has a lake which figures prominently in the campus scenery, although Lake Mendota is very much larger than Manzanita.

"Lake Mendota," Miss Bratton explained, "has the student union building right beside it, and the fraternity and sorority houses are built around it. Undergraduates were not allowed to go swimming, but graduates could—until 10 o'clock at night."

"The Nevada campus is really more beautiful than Wisconsin's," Miss Bratton declared. "I think it is perfectly lovely."

Two Juniors Named To Staff Jobs on 1942 Yearbook

Clifton Young and Jack Fleming were named junior business managers of the 1942 Artemisia today by Nellie Isola, business manager.

Others who have signed up for staff positions are Katy Little, Mary Prida, Gloria Gildone, Raymond Gardella, Helen Carlidge, Bobby Heany, Helen Delich, Forrest Nickles, Margaret Jane Clark and Geraldine McFarlane.

Adey May Dunnell, Katherine Padden, Geraldine Cochran, Margaret Echeverria, Mariellen Nenzel, Mary Wilcox, Lucille Leonard, Robert Crowell, Mario Isola, Norman Warren, Jacqueline Thompson, Melba Trigerio, Noel Willis and Glenn Supp.

Miss Isola announced that most staff positions were still open and that new tryees will be signed up for several weeks yet.

Women's Honorary Plans Initiation

Cap and Scroll, women's honorary organization, will hold its initiation on Thursday evening at Manzanita Hall. Girls who will be initiated are Mary Higgins and Alice Martha Traner.

After the initiation ceremonies a dinner will be held downtown.

Applications for WAA Dance Classes Asked

Application for registration in the WAA dance classes are still being taken, instructors in the women's physical education classes announced today. The classes are held Tuesday and Thursday afternoons at 4 o'clock.

The instruction is part of the training taken by the University dancers who join the group for the first hour of the class.

Freshman Coed Heads Fallon Rainbow Girls

Jean Bailey, University freshman coed, will be installed as worthy advisor of the Fallon Rainbow chapter Thursday, Sept. 25, according to a release received from Fallon today.

"Will you marry me?" "No, I'm afraid not." "Oh, come on, be a support."

Average Man—One who thinks he isn't.

Publication Board Banquet Set Tonight

The publications board will hold an informal banquet at the Trocadero tonight.

Members of the board expected to attend are Dr. Ernest L. Inwood, chairman; Andrea Anderson, Bob Hawley, George Ross, senate representatives; Bryn Armstrong, Mary Margaret Cantlon, Sagebrush heads; Teddyanna Pease, Nellie Isola, Artemisia heads; Joe T. McDonnell, secretary of the board; Dolores Saval, office secretary, and Charles Mapes, ASUN president. Each member is allowed to invite a guest.

atist and past president of Masque and Dagger, will guide the building of a set for the 1941 Frolic. This position is not a new one to Sawyer for he has been backstage on Little Theater productions as well as for the University plays. Assistant Director Sawyer will handle the technical crew.

Perhaps the most difficult task in directing the Frolic is the building up or toning down of the sorority and fraternity ideas. Sororities come through with fantastic ideas such as only Max Reinhart could produce, and fraternities have wonderfully disconcerted plans. Somehow Miller brings them together and produces skits that rate the praise of the alumni of the different houses.

Frolic rehearsals, when secret plans come into the open, are the trying times. Here the orchestra has to get the tempo for all the acts. The routines must be reshaped and sometimes even replanned for ideas on paper often turn out differently when executed.

Rehearsal after rehearsal only shows the participants that this year the Frolic will not be successful. Dancers miss the beat. "Can't you ever get that step, Ellen Lou?" "Patsy, you cross too fast."

"One, two, go." "Where's Billie Jean?" "Let me tie it."

"Tri Delta on next." "Where's Millie Missimer?" "We can't dance without music." "Miss Rives, Gamma Phi Beta. Miss Moyer, Pi Beta Phi. Sorry girls, I never can remember." "One, two." On and on into the night beats the music of the band, taps the rhythm of the dance, groans the voices of the directors.

Dress rehearsal until early hours, when the weary participants wind homeward, certain in their hearts that they are producing a flop. The stage crew stays on and hammers the last nail, arranges the orchestra once more, catches the flat before it falls.

The night arrives, excitement and Fritzi saying, "Oh, my nerves." Then the fatal words, "Places, curtain going up."

Comes the night for kick chorus try-outs. Tall girls, short girls, thin ones and fat ones present themselves attired in proper regalia to become the well trained Frolic Coeds. None of them, however, arrive on time. At 8 o'clock the 7:30 rehearsal is started. This delay does not last for more than two nights, for the chorus goes on without you, if you are not there.

In addition to the difficulty of training the girls, Miss Ryan has added a mixed routine this year. The men who will participate are Richard Booker, Sigma Alpha Epsilon; Bruce Bowen, Lambda Chi Alpha; Dan Rice, Sigma Alpha Epsilon; Richard Vietti, Independent; George Perd, Sigma Alpha Epsilon, and Robert Bruce, Lambda Chi Alpha.

Their partners will be Fritzi Jane Neddenriep, Nita Reifschneider, Patsy Prescott, Ellen Lou Connolly, Alyce Savage and Billie Jean Stinson.

The regular chorus was definitely chosen and is composed of Fritzi Jane Neddenriep, Patsy Prescott, Billie Jean Stinson, Lauris Gulling, Dorothy Savage, Mary Ellen Nenzel, Jeanette Rives, Ellen Lou Connolly, Marie Dooner, Valerie Snell, Yvonne Rosasco and Kathryn Wilkies. Nita Reifschneider will participate in the tap routine and be alternate for the chorus.

Nights of rehearsal and days of aching muscles is the immediate future of these "kicking" coeds!

Soon after the chorus is underway, the sorority and fraternity skits begin to trickle into Miller's office. This year's assistant director, William Cochran, will bring the skits into shape before they are presented to Miller.

This is not Cochran's first directing job, for last year, you will remember his one-act play as being the most successful of any presented. Cochran seems to have the knack of directing his performers. He is a senior Sigma Alpha Epsilon who has been active in dramatics since his appearance on the campus some three years ago.

Richard Sawyer, another active dram-

WOLVES' FROLIC

Wolves' Frolic to the majority of students means an evening of laughter and entertainment. Or maybe a seat in the vast Granada Theater to watch skits in which their best friends perform for them.

Strangely, most students do not inquire any further than dress rehearsal, which to them is nothing but a pre-performance of a finished show; which they would, if they could, attend and avoid buying the ticket.

Wolves' Frolic begins in the mind of Director Miller, some time between freshman English classes. He then calls Ruth Ryan, asking her to once more direct the popular kick chorus. This done, announcements of tryouts for skits, specialties and chorus are given to the various organizations.

There is no sitting around while waiting for replies for Miller has to choose his technical staff, plan with them, and teach his play production class how to makeup the two hundred members of the Frolic.

Greek Bean Feed Attendance Large

Approximately 285 students and faculty members attended the interfraternity council's annual bean feed Monday night.

Beta Kappa was awarded trophies for victories in handball singles and doubles and in skiing competition. Lambda Chi Alpha captured the baseball crown and Alpha Tau Omega gained possession of the track award.

The Kinnear trophy, emblematic of intramural sport achievement throughout the entire past school year, was taken by Lambda Chi, the first time in the seven-year history of the trophy that ATO did not win the award.

President L. W. Hartman was the principal speaker at the gathering. Talks by Coach Jim Aiken, Chet Scranton and "Doc" J. E. Martie, physical education instructors, highlighted the remainder of the program.

President Hartman discussed the campus improvement program mentioning the near completion of the electrical engineering building and the new gymnasium, as well as the enlarging of the hospital.

He advised students to place a high premium on scholastic work stressing the point that high academic marks are an important factor in the deferment of men from the draft calls.

The Wolf Pack mentor exhibited confidence in his football team. Aiken remarked that the training table now in effect has improved the Pack's spirit. He expressed himself as well pleased with his reserves and appeared optimistic of a good record in the stiff schedule ahead.

Prof. Scranton's remarks concerned intramural athletics. The director of the intramural program emphasized the importance of full fraternity cooperation in this phase of campus activity. He explained intramural rules and regulations, pointing out the necessity of playing games on schedule.

"Doc" Martie, one of the originators of both the bean feed and the Kinnear

trophy, closed the affair with the presentation of the awards.

Gioml, who was master of ceremonies, declared that the bean feed had satisfactorily served its purpose in furthering friendship and understanding among the campus Greek letter houses.

Sally: I don't like some of these modern dances. They're nothing but hugging set to music.

Nancy: Well, what is there about that to which you object?

Sally: The music.

"Don't you think George dresses natively?"

"Natalie who?"

YWCA Meeting Held Last Week

Members of the YWCA held their first regular meeting in Artemisia Hall last week.

Mrs. Dorothy Romaine, Reno business woman, spoke on fashions, future styles and materials to be presented by American designers.

Plans for the orphans' party to be given in Carson City during October were discussed.

A cabinet meeting will be held Thursday, Nov. 18, in Artemisia Hall.

"Peace and the Restoration of World Order" will be the topic of the Sept. 25 meeting.

Officers of the organization are Mary Anne Lockridge, president; Mary Higgins, vice-president; Lois Coffin, secretary, and Beulah Leonard, treasurer.

### YOU ARE NEVADA

From the background of gone football seasons and departed heroes we are bringing out old words and dusting them off for use again as sparkling headlines to kick us into a football frame of mind.

Words like spirit, enthusiasm, support—hard to define, none overworked as much as spirit.

We can't say, in a paragraph or in a page, what spirit is. It isn't necessary to define it. If it's there, we can feel it.

Spirit is a gruff-throated coach, pouring his spiced contempt at a tumble-legged lineman.

It is the chill tingling in your stomach and up your backbone when the teams line up for the kickoff.

It is you trying to remember the words to "U. of N. So Gay."

It is all the hellos on the hill; and it is you trying to remember a name.

It is all the editorials and all the speeches, saying the same phrases, crying the same tiring cry, trying to reach your insides.

It is your hot resentment at an outside knocker, and it you poo-pooing the sports pages' overdone enthusiasm.

It is you proud of the men in block sweaters and wishing you were an athlete.

It is your fraternity house scrapbook; the pictures of old grid greats on the walls.

It is a pretty coed being aloof.

It is the aggravating tilt of old brick walks that can never be dug up.

It is Nevada the state and Nevada the University, and the pride of both in you.

It is all the sweat and scabs and iodine and gripe in the locker room, and all the tense fear as you come onto the field.

It is the respect and pride felt by the team for the coach, and the love of the man for his kids.

It is the growth of Nevada in your heart.

It is the growth of you in Nevada's heart.

It is—it is you.

### MASS INERTIA

We know how a goat that is addicted to butting stone walls feels. We know that the goat, no matter how dumb he is, will, after charging headlong into an immovable pile of cement and stone, finally come to his senses and find new, and not quite so hard, fields to conquer. Therefore, beginning sometime in the very near future, the Sagebrush will confine its efforts to waxing editorial on the latest trends in the style of clothes worn by the campus romeo, who went with who to what, and other material heartily desired by the intelligentsia of our campus. We promise to say nothing or very little about school spirit, "back the pack," or "this is Nevada's year." We are hard-headed, but not as tough as the goat.

However, in attempt to dent said stone wall, just a little bit we back up, and set ourselves for one more try. Maybe we can scrape off a few of the corners, then again, maybe the hardened mortar of that solid stone pile will scrape off our hide, but he who tries and loses is a better man for the trying. Here goes.

Monday night at the interfraternity bean feed two men addressed the fraternities assembled there on two widely divergent subjects, yet closely allied, in that both have as their goal a unified, triumphant University of Nevada.

Dr. Leon W. Hartman, president of the University, spoke on the subject nearest and dearest to his heart, scholarship, and the enviable record made by Nevada men at larger institutions stretching from California to Minnesota. He stated that graduate students who have gone on for further study at much more famous schools have ended up at the top of the heap in both the academic and practical fields. Using for his theme that the University is growing and will continue to grow, Dr. Hartman called for a unified student body, with each individual rooting and working for a greater school.

Coach Aiken talked about football, and asked that the entire student body support the team 100 per cent. Of course, Aiken is not the first coach to ask the student body to support an athletic team, but if the students pay any attention to him, that will be a record.

Both of these gentlemen painted a grand picture of what the University of Nevada is, what it will be, and what it could be, if all who call themselves Nevadans would bend every effort to place their institution at the top of the heap.

Wonderful things can be done in the scholastic field here at Nevada. Wonderful things can be done in the athletic line also.

Standing between Nevada and the goal of scholastic and athletic renown is the solid wall of lack of interest presented on every front and in every activity by the student body of the University. If we are to reach the goal pointed out by President Hartman and Coach Aiken the wall must be broken. One person can't do it. The entire student body can.

## PROSPECTING

With SMOKY EVANS

To put it briefly, we are the last big nation on this reddened earth that is not actually engaged in killing and being killed. But we approach the brink hour by hour. And the microphones of the nation blare out the advice of anyone who has either the nerve or the ability to speak. Lacking personal experience, we are listening for a voice among the babble that sounds reasonable and that is trustworthy. Let's hear a few:

Lindbergh flew the Atlantic in 1927, he warned the democracies of Hitler's air force, and he makes his living in aviation. But is he a statesman or diplomat or international economic expert? No. He is an aviator who is flying in the stratosphere of international intrigue and economic forces, and without a license. We ground him for lack of experience. After all, these aren't our opinions alone he is monkeying with, these are our lives and happinesses. No amateurs, please.

What of the president? About a year ago he pledged—understand—the executive head of all Americans PLEDGED that we would not get into this war. One would think that eight years in the White House would give a president ground for being sure before he promised such a vital promise. But tonight, even as you read this, any American naval unit sighting an Axis unit between here and Iceland, has personal orders to sink it. If that isn't getting into war, then the supreme court has been ordered to reinterpret the meaning of the phrase. And say, who declares war in America? Not the president, but Congress, because Congress is you and I condensed, and in our American democracy only you and I may choose this messy way of dying. So-o-o, how come?

Maybe such dictator methods are justified in these times of blitzkrieg. But mark well that they are being used in America, and that for you and I they spell our happiness, our life and our death, from here on out.

Another voice was heard last Tuesday over the radio—a quiet man who worked his way through Stanford 40 years ago by hashing, who is tops in the engineering world, who as an executive in the last war saw in detail all of it and the hell that is still its product. He has no black marks in a life of high achievement and unselfish humanitarianism: And what he said last Tuesday is what he wrote two years ago, of the First World War:

"I dodge no responsibility. I reluctantly joined in the almost unanimous view of our country that America must go into that war. I believed that we could impose an enlightened peace, that we could make it a war to end war, that we could make the world safe for the spread of human liberty. If experience has any value, there are in the wrecking of these hopes a thousand reasons why we should never attempt it again.

"When President Wilson arrived in Paris he met at the peace table the invisible forces of age-old hate and greed for possession of world resources. He met the sinister demands for power. Above all he met with the pressures of European boundaries and eco-

of populations and the unsolvable problem of life. The setup in Europe has made a general war inevitable every hundred years since the Romans kept the peace.

"Today Europe is again engaged in a hideous conflict for power. Stripped to its bones, the quarrel is much the same. Dictators in Germany and Italy rise to power on opposition to Communism, launched into their peoples by the dictator of Russia. Again the dictators are in conflict for power. Again France, a democracy, ties herself to the dictatorship in Russia. England becomes endangered should France be overwhelmed. And thus again begins the dreadful treadmill.

"What is proposed? That we join to stop inevitable movements and readjustments of people; that we engage in ideological wars. Who will pay for it in blood and treasure? Our children.

"And what profit it, if by joining in war to extinguish totalitarian systems, we lose our own American life? We can never go through another great war without becoming a totalitarian state ourselves in order to effectively fight such a war. When we have finished we shall not have established peace in the world. We shall have sacrificed liberty for generations in the United States. By far the greatest service we can give to civilization is to hold the lamp of liberty alight on this continent. . . . And we can keep out only if we have the resolute will to do so. The first thing required to keep that will adamant is vigorous, definite statement from all who have responsibility that we are not going to war with anybody in Europe unless the western hemisphere is attacked. The second thing is not to sit in this game of power politics."

That was Herbert Hoover two years ago. And last Tuesday night, he said the same things, and added, "England can prevent invasion of her shores if we give her the tools, and even warships without sending our boys to death either on ships or land."

There is just one thing that we do not hear in the verbal torrents coming out of Washington. And that is the resolute promise not to send "our boys to death either on ships or land."

And if the promise were made, would it be among the long list of broken pledges that have cast their uncertain shadows across the Roosevelt era? And yet, that single promise of about ten words, AND KEEPING THAT PROMISE, is the thin thread of infinite strength, that will hold us from the brink.

He (s they drove along a lonely road): You look lovelier to me every minute. Do you know what that's a sign of? She: Sure. You're about to run out of gas.

## Sea Captain Gives Illustrated Lecture

Capt. John Benson of Norway presented an illustrated lecture to the student body at the second meeting of the semester Friday morning of last week in the Education Building auditorium. Introduced by ASUN President Charles Mapes, the 75-year-old captain told of his experiences at sea and in Alaska, where he has lived for the past 41 years.

Capt. Benson was born in Hammerfest, Norway, the most northerly city in the world, 300 miles north of the Arctic Circle. He started his sea career at the age of 9 and at 17 commanded his own ship from Norway to Russia.

During the gold rush of 1900 Capt. Benson went to Alaska. He is now making plans for starting the first tourist hotel in Ketchikan, Alaska.

Speaking with a strong Norwegian accent, the captain told the students that education is valuable, but determination and physical stamina are to be depended upon most for a successful career.

Before Capt. Benson was introduced to the students, Paul Seaborn, president of Blue Key, announced that car registration will be held Tuesday in front of the library from 9 am to 2 pm.

### Former Student Visits Reno on 15-Day Leave

Frazier West, 40, and member of Sigma Alpha Epsilon, is in Reno on a 15-day leave from Quantico, Va., where he is a second lieutenant in the marine corps. He has had his commission for about six months and when he returns he will be in the artillery school.

Two students were passing a residence where one of the occupants had forgotten to lower the shade.

"That girl's not a bit shy, is she?"  
"Well, not exactly, but she's certainly retiring."

## Harris Returns To U. N. Faculty

Everett Harris has returned to the University of Nevada after a two-year leave of absence.

He will serve in the mathematics department.

Prof. Harris has been studying for a doctor's degree in mathematics at the

University of California. While there he served in the mathematics department and completed his doctor's thesis last year.

He will teach engineering mechanics, strength of materials, and mechanical drawing courses.

"So you think Dora's face is her fortune."

"I'm sure of it. It runs into a nice little figure."

**Wolf Prints**  
BY GEORGE ROSS

**COMMENTS OF HIS** gridders should warm Coach Aiken that the team is on edge and due for a lay-off, or at least deserving of less strenuous practice sessions. There is no one in the world better qualified to coach and handle men than the Nevada mentor, but his enthusiasm and love of the game carry him along on a crest not reached by even the most cooperative athlete. There's no sign of squawking among the men and their spirit is higher than that shown by a Wolf squad in many years, but the peak is not far away.

**DESPITE SOME** feeling that a recent editorial in the 'Brush was directed at freshman football as a waste of time, our strong support follows the Cubs on their first start tonight. We do regret that the frosh class, which numbers many former Nevada high school athletes resting upon their broad laurels, cannot see fit to organize a football team of more than 17 or 18 players. If the frosh win tonight, the class of '45 will be proud of "our" team. But the freshman class will be ashamed if "they" fail at Auburn.

**DON'T GET THE** idea that last week's 7-0 win of the second team over the varsity in the Blue vs. Silver intra-squad game has anyone worrying. In the first place the Blue team was superior in all around play, with the Rebels fighting on spirit. In the second place the offensives of both squads were stopped before the ball was centered, each knowing the other's plays.

**IN FACT, MUCH** was accomplished on the field that makes the score immaterial. Coach Aiken wasn't expecting either team to dazzle the spectators with beautiful exhibitions of mid-season football. If one squad had motored up and down the field untouched, or if backfield men had been sprung open to scamper over the stripes, the game would have been a flop, from a coaching viewpoint.

**TO DATE THE** bugaboo of injuries has been scaring the coaching staff, but no serious casualties have been reported. Motley favored a pointer on his hip for awhile, and Dark re-opened a four-stitch gash over his eye Wednesday night and added two more tucks to the embroidery, but every man on the squad should be in good shape by opening day. Boyce will undergo an examination of his injured ankle in a day or two and is expected to be returned to service, probably at a running guard spot.

**JOHN POLISH WILL** be wearing a special built knee brace starting next week, which is expected to give the Yerington star more confidence. Sideline quarterbacks have been attributing Polish's habit of slowing down for his tacklers to the psychological reaction following his many knee injuries.

**DON'T PUT ALL YOUR** kopeks on the frosh over Placer on our hunch, but Coach Aiken, who is said to be an authority regarding football, favors the yearlings over the Auburnites.

**IT'S BEEN SAID** that Alf Sorenson lost so much confidence in himself knocking around on the second and third teams last season that he was developing a cute pink phobia. His play last Saturday must have cured any jitters the Sparks flash had acquired.

**Aiken Revamps Line Offense**

**Brennan Goes to Tail Back Spot on First String as Dark and Blaine Move Up**

Coach Aiken, finding some weaknesses and uncovering some hidden talent in an intra-squad game last Saturday, revamped his offensive formation and made some changes in personnel this week as the Pack made ready for the season opener, Sept. 27, against Cal Poly.

Finding that the running guard was having trouble breaking formation and cutting through the line hole leading interference for the fast backs on the Nevada squad, the coach shifted the key blockers to the right side of the center, thus giving the Pack offensive an even greater strength on an unbalanced line formation.

"The change is a somewhat radical departure for a Nevada offense, but the men in line positions are of such caliber that they can make the change and strengthen the line play a great deal. Fast backs lose much of their potential breakaway opportunities when they have to wait for their interference to form in front of them," said the head coach.

Aiken, whose type of line play is making football history at Nevada, was high in praise of both lines in the Blue vs. Silver fracas.

"The only spot that had us worrying was at left tackle and the brilliant play of both Blaine and Dark removed most of the doubts we may have had," the coach added. "Dark is a powerhouse on defense, with Blaine a shade the better on offense. 1941 substitution rules being what they are, we can shift them back and forth relative to the possession of the ball, if need be."

Quilici and Co-captain Goodner at the ends were mentioned as outstanding defensive men, while the coach was also high in his praise of Co-captain Schlager at tackle and Smithwick and Shea at the guard chores. Skidmore, who fought his way from a sub berth last season, is playing beautiful ball.

In the ball carrying department, little John Hatalla came in for a share of praise, while Alf Sorenson, star of the "rebel uprising" that outpointed the varsity 7-0 Saturday, looms as a contender for starting honors.

Ed Brennan, one of the hardest running backs on the squad, hit the first string this week at a half back. Other men named to the potential starting quartet are Motley at tail back, Bennett at quarter and Kot at full.

"Red" Slaughter, moved from tail back to block back (quarter back), was a standout in scrimmage sessions throughout the week.

"Slaughter may develop into the smartest quarter back of the three," Aiken stated. "Bennett and Chappell are both good men at the signal calling spot, and Slaughter will have lots to do to work into a starting job, but he is a tough blocker and has the makings of a good field general."

Aiken added that the entire pattern is working out in good order. The spirit is high, competition keen and the team rounding out with good reserves in every position.

**Tognoni to Defend Cross Country Win**

Hale Tognoni, Beta Kappa winner of the annual Homecoming Day cross country race last year, stated today that he will defend his title in the grueling four-mile grind from Sparks to Mackay Field.

Tognoni, who was clocked in 22 minutes, 36.7 seconds last year, is the only known entry to date, according to Chet Scranton, who stated that all entries must be listed by Oct. 1, three weeks before the race.

The pavement pounding starts in front of the Sparks high school, tours highway 40 to University Avenue, circles the football field once and ends in front of the stadium. A trophy is awarded the winner, and 60 Kinnear trophy points go to the first team having three entries cross the finish line.

**1921 Grid Captain Calls Twentieth Anniversary Hawaii Game "Old Stuff"**

BY JERRY WETZEL

A football junkie to the Hawaiian Islands is the sparking goal of the season for the Nevada varsity, but to two men, members of the University agricultural extension service, football games in the land of hula and pineapples are old stuff.

Ed Reed, captain of the '21 Pack which was the first American team to play in the Islands, said yesterday that by the Islanders, who feted them at house parties and kept them in private homes, that a New Year's hangover from fermented coconut juice led to the downfall of the athletes. Although the team beat the University of Hawaii, 14 to 0, on Christmas Day, the New Year's Day game with the Honolulu town team ended in a 0 to 0 tie when most of the men carried their heads in slings throughout the contest.

In addition to Tom Buckman, assistant director of the extension office, members of the team included Reno high coach, Herb Foster, and Fresno State mentor, Jim (Rabbit) Bradshaw, among others.

Although football was strenuous enough for the men, they played a couple of exhibition basket ball games to raise funds to visit the island of Hilo. A team of Hilo Boy Scouts took the measure of the Wolves when the mainlanders fouled out of the contest with the diminutive Hawaiians.

Reed claimed the five-week stay of the '21 team was not all picnic. Financial troubles struck the football players as sailing time came around.

"The opening of the new semester at Nevada came around much too soon for all of us, and the financial set up was such that we abandoned the plan of returning via luxury liner, and returned on a freighter which we had all to ourselves."

"We old-timers know that the men of 41 will play better football for having a Hawaiian game to shoot at," the ex-griddler and student body president stated, "but they'll have to play lots of football to impress the islanders more than we did 20 years ago."

"Just to show the current crop of ball packers that our hearts go with them, we may dig up our address books so that they can get dates with the daughters of the girls we dated. If the like-mother-like-daughter rule holds up, Nevada's enrollment is apt to decrease for the spring semester," he added.

**Snakes Undefeated In Volley Ball Race**

Volley ball competition neared its final phase this week with Sigma Nu remaining undefeated and other teams engaged in a dogfight behind the leader.

ATO got the nod over Beta Kappa in last Friday's game. The other tilt found Sigma Phi Sigma defaulting to the Independents.

SAE outperformed the Independents in Monday's lone match, Sigma Phi Sigma handing a forfeit to Beta Kappa in the other scheduled match.

Phi Sigma Kappa forfeited to Sigma Nu Tuesday, with Lambda Chi nudging Lincoln Hall in the only actual engagement.

Sigma Nu maintained its torrid pace by shellacking Lincoln Hall Wednesday. The Independents staged a mild surprise in defeating Phi Sigma Kappa.

The real upset of the week came on Thursday afternoon when Beta Kappa measured SAE, thus confusing even more the place and show spots. SAE is a leading contender behind the Sigma Nu pace setters.

Editor: That coed draws well, don't she?  
Assistant Editor (Absently): Yep; there were ten of us there last night.

**MAN O' THE WEEK**  
BY BARBARA FRANCIS

From now on we're all going to hear quite a bit from, or about, the gentleman who is chairman of the Homecoming committee for this year.

He it is who sees that all the alums who come back for the festivities go home thinking that this was the best Homecoming they'd ever seen. This is no small task, for everyone has a soft spot in his heart for some past Homecoming.

The chairman it is also who keeps fraternities and sororities on nice friendly terms instead of being at each other's throats during the competition for the best float, decorations and skit.

These are but two general phases of his duties of organizing and overseeing the big excitement and if the rest of the campus collapses afterwards from fatigue or "overdoing," you can imagine what sort of shape the chairman will be in. However, Ed Dodson looks very much as though he could take it.

For your further information, Edwin lives over at the Beta Kappa house, and from the reports we have heard, he is very easy to get along with. But beware of crossing him when he really makes up his mind. He's not only a determined sort of person, but he's big enough to back up his decisions.

Besides being Homecoming chairman, Ed served on many committees last year, Mackay Day committee for example. And when he isn't busy committeeing, he attends the meetings of Cofrin and Keys, or drops over for a Sundowners gathering.

The rest of the time he is either studying, going to his home in Carson City, playing tennis or swimming.

**Horseshoe Doubles Remain Undecided**

Horseshoes doubles competition remains indefinite as Lincoln Hall, SAE, Beta Kappa, Lambda Chi and ATO all have fingers in the pie. The only clue to a possible edge is the presence of George Moore, singles winner, on the Beta Kappa team. Even so, the race is wide open.

Moore and his Beta Kappa teammate, Hale Tognoni, won over Gamble and Giomi, Phi Sigma Kappa, last Friday night. Lincoln Hall's Righetti and Waldman triumphed over Streeter and Smith, Sigma Nu. The ATO-SAE game was postponed and Sigma Phi Sigma forfeited to the Independents to fill out the schedule.

Monday ATO outpitched Sigma Nu, and Lincoln Hall measured the Phi Sigs. Beta Kappa defeated Henley and Gianella, Independents, and Lambda Chi took a forfeited game from Sigma Phi Sigma.

Roush and Bett, Lambda Chi, defeated Beta Kappa in Tuesday's opener. Lincoln Hall beat the Independents, ATO proved superior to Phi Sigma Kappa, and Sigma Nu drubbed SAE in the balance of the program.

Wednesday's three games went to SAE, ATO and Lambda Chi, who stopped Phi Sigma Kappa, the Independents and Lincoln Hall, respectively. Sigma

**Nevada's Old Gym To House Military Department Soon**

Walls that for nearly half a century have resounded to the cheers of countless Nevada athletic fans will echo to the bark of military commands when transformation of the old University of Nevada gymnasium into headquarters for the student cadet corps is completed next fall.

Scene of many a state and zone basketball tournament, as well as center of University indoor athletics, the squat old gym is a familiar Nevada landmark, known to generations of students and ordinary "gallery experts" alike.

**Excellent Armory**  
"It will make an excellent armory," said Col. Oral E. Clark, head of the University military department, who is pleased at the prospect of moving from his cramped quarters in the basement of Stewart Hall.

Final plans for transformation of the venerable, student-built structure are contingent upon the erection of the new gymnasium, scheduled for construction this summer.

It is expected that the old building will be devoted entirely to the military department, but this depends on whether accommodations for the women's physical education department can be included in the new building.

**Rifle Range**  
A large new rifle range in the basement will be a feature of the new ROTC headquarters. Plans call for a 16-target range, with additional basement space to be used for storage of supplies and equipment. A WPA crew is now at work excavating for the basement.

Staff offices, a battalion headquarters office and an officers' assembly room will be established in the east end of the building, while the west end will contain three large classrooms, showers and a "strong room" where ammunition and other valuable equipment will be kept.

Indoor drilling will be possible on the main floor, although it will not be held except when weather conditions make it necessary, according to Col. Clark.

Many facilities, unavailable under existing conditions, such as improved map cases and tables, will aid in the instruction of the cadets.

The University's cadet corps now consists of three companies, totaling more than 300 men. From 1939 to 1940 the number increased by 55. If the growth continues on a relative basis, a fourth company will be added next fall, said the colonel.

**Sigma Nu Leader In Tennis Doubles; ATO, LHA Follow**

The third week of intramural tennis doubles found close observers picking the Sigma Nu combination of Brown and Menke to set the pace with ATO's Gabrielli and Etchemendy and the Knemeyer brothers, Lincoln Hall, among the closest pursuants.

In Thursday's competition Gabrielli and Etchemendy defeated Osgood and Dodson, Beta Kappa. The other half of the twin bill was captured by Frank and John Knemeyer, who turned back Bowen and Glynn, Lambda Chi Alpha. Sigma Nu scored a default win over the Independents, and a similar victory was registered by SAE over Phi Sigma Kappa.

Last Friday Lincoln Hall triumphed over Bell and Monsanto, Independents. Sigma Nu's powerful twosome, Brown and Menke, beat Gabrielli and Etchemendy, SAE's Nelson and Ross out-fought Bowen and Glynn, Beta Kappa got a gift decision from the defaulting Sigma Phi Sigs.

Gabrielli and Etchemendy proved too powerful for the Evans Avenue house in Monday's first engagement. Bell and Monsanto trimmed Phi Sigma Kappa's Jones and Moffett. The Knemeyer brothers didn't unpack their rackets in taking a Sigma Phi Sigma forfeit, and Beta Kappa's tussle with Sigma Nu was postponed.

Menke and Brown overpowered the Knemeyer brothers Tuesday afternoon. Gabrielli and Etchemendy outvolleyed Lambda Chi, and the Phi Sigs scored a default over Sigma Phi Sigma. The scheduled SAE-BK game was postponed.

Bowen and Glynn took the Beta Kap-

**Scabbard and Blade Plans Geiger Picnic**

The 51 junior officers of Scabbard and Blade will attend a picnic at Geiger grade Sunday, Sept. 21, at 2 pm, James DuPratt, president, announced this week.

Chaperones at the affair will be Col. Oral E. Clark, Major William Gent and Lieut. Tom Prunty.

pa entry into camp Wednesday. The smooth working Knemeyers had too many guns for SAE's Nelson and Ross. Sigma Phi Sigma and Phi Sigma Kappa defaulted to the Independents and Sigma Nu, respectively.

Verne Brown, Sigma Nu singles contestant, has taken that competition through his undefeated record, but postponed games pitting together ATO-Lincoln Hall and SAE-Lambda Chi must be played before the remaining standings can be tabulated.

### Lecturer Speaks On Bill of Rights

The vital importance of the provisions in the bill of rights of the Constitution was discussed by Dr. P. G. Auchampaugh, assistant professor of history, in a speech delivered this morning in commemoration of the 150th anniversary of the adoption of the bill of rights of the Constitution.

Stressing the importance of the provisions of the first amendment to the Constitution, Dr. Auchampaugh stressed the value of freedom of speech to modern university life. But he deplored the tactics of radical groups who, while demanding protection under the bill of rights, seek to destroy the very principles for which the Constitution was established.

The importance of the ninth and tenth amendments of the bill of rights to a small state like Nevada was stressed by Dr. Auchampaugh who said that small states were still able to maintain certain characteristics of liberty by virtue of the fact that the small state could readily be a testing ground for future political progress. Moreover, people to whom the bill of rights really means something might find a fertile field for the continuation and growth of those time-honored ideals of contentment and liberty.

Pointing out that the present trend in government was gradually receding from the old ideas of federalism and turning toward "economic nationalism," Dr. Auchampaugh introduced a quotation from the late President Coolidge as follows:

"It does not at all follow that because abuses exist, it is the concern of the federal government to attempt this reform. Society is in much more danger encumbering the national government beyond its power to comprehend or its ability to administer, than for leaving the local communities to bear their own burden and remedy their own evils."

Elihu Root deplored the trend toward consolidation of federal power in similar language. "When the time comes when the form of adjustment which preserves both national and local liberty in our system shall be destroyed; then the breaking up of the federal union will naturally follow."

Deprecating such a national calamity Dr. Auchampaugh believed that public opinion in the not too distant future would turn to favor of a revival of federal principles in national affairs.

### Campus Directory Ready Next Week

The Blue Key directory will not be ready for distribution until the end of next week, it was announced today by Jim Bett, head of the directory committee.

"The student body list compiled by the registrar's office will not be available until the end of this week," Bett said, "and until it is ready the book cannot be printed."

New features of the book include a new cover in a different color and a list of activity heads with their phone numbers. Otherwise the directory will be the same as before, listing all organizations, faculty and students with their phone numbers.

Bett is assisted in this work by Cliff Young, Dean Quilici and Bill Wylie.

### Freshman Football Team Meets Placer Tonight at Auburn

The University of Nevada's freshman football team will have its first test of the year against Placer Junior College tonight at Auburn.

Backfield starters as released by the coach include Turk Ellades, quarter; Bob Robinett and Bob Eaton, halves, and Dave Fairley at full.

In the line will be Lloyd Nordeman at center, Stan Cohen and Bill Parrish, guards; Bob Wise and Don Talcott, tackles, and Wayne Bradford and Jack Brace, ends.

Coach Bob Robinett believes his boys will fare well against the Placer team. Although the squad is still short of recruits, Robinett expressed the opinion that his hard charging line and his speedy, shifty backs will carry the weight of their four-game schedule.

Reserves who will make the trip are Elroy Meckley, Ed O'Connor and Jack Marquis, tackles; Hap McGuirk, guard, and backs, Al Pasquale, Bob Sheean, Wallace Green and Stan Guterman.

### Members Elected By FFA Chapter

Don Chapman and Verle Hendricks were elected to membership in the collegiate chapter of the Future Farmers of America at a meeting of the group held yesterday at the home of Prof. W. C. Higgins.

Meetings will be held the second and fourth Tuesdays of each month, Leonard Anker, secretary, announced. Officers of the Reno high school are to be initiated by the FFA, he said.

Chapman and Hugo Smith were appointed members of the social committee.

### Cal Poly Students May Trek to Reno

More than 100 California Poly Tech students may visit Reno for the Cal Poly-Nevada game Sept. 27, if present plans are realized, George Homer, student rally chairman, said this week.

Homer has received notice of the contemplated excursion and is now making arrangements for a fitting reception.

The rooters' train will probably arrive in Reno early Saturday morning. Homer plans to have Nevada students at the station to greet them and to show them a bit of Reno before and after the game.

### First Blue Key Social Wednesday

The first Blue Key social of this year will be held next Wednesday, Sept. 24, according to Warren Ferguson, chairman of the social committee.

An attempt will be made to prevent a large stag line by the introduction of group dancing such as the La Conga or by introducing the men to the women. There will be five socials this semester, each one an hour long, from 7 to 8 in the evening, at the gymnasium.

Ferguson asks all leaders of campus orchestras, if interested, to submit bids to him as soon as possible for the music at the socials.

### New Libe Schedule To Begin Tomorrow

Beginning tomorrow the University library will remain open Saturday afternoon until 5 pm, Thea Thompson, head librarian, announced this week.

This new change in the library schedule has been made in response to the requests of many students and faculty members, Miss Thompson said.

The library will now be open from 7:45 am to 9:30 pm Monday through Thursday; from 7:45 am to 5 pm on Friday and Saturday, and from 2 pm to 5 pm on Sunday.

### Hall Association To Honor Pledges

Lincoln Hall Association will honor its new pledges tomorrow night with a buffet supper dance to be held in the Desert room of the Riverside Hotel.

New pledges to be honored are Mark Anderson, Marion Escobar, Leroy Mow, Bob Smith, Bob Gould, Bill King, Roy Peterson, Fred Haley and John Mortinson.

James Kehoe is chairman of the committee in charge of arrangements for the dance and will be assisted by Bob Hoyer, Art Palmer and Dick Joplin.

Chaperones at the affair will be Col. and Mrs. Paul A. Harwood, and Mr. and Mrs. Robert P. Farrar.

### Tickets for Frolic Go On Sale Soon

Ticket sales for the Wolves' Frolic will start Monday, Oct. 6, at the ASUN building, Art Palmer and his assistant, Bob Hoyer, of the Lincoln Hall Association, are in charge of sales.

### University Singers Plan Frolic Entry

The University Singers, a select group from the Campus Choral Club will participate in the Wolves' Frolic, Prof. Theodore H. Post, announced this week. Chosen on a competitive basis, the Singers present a well-balanced program featuring a capella and other special numbers.

Members now rehearsing for the frolic appearance are Emogene Byars, Janice Bawden, Dorothy Clark, Jean Clawson, Patricia Herz, Annette Leighton, Virginia Walterspiel and Janet McClellan, sopranos.  
Kathryn Hackwood, Merle Young,

Eileen Buck, Jo Ann Record, Barbara Grimmer, Novella Larson, Helen Kearney and Nancy Her, altos.  
Bryant Cleary, Bryn Armstrong, Ben Cardinal, Lawrence Osborne and Elmo De Ricco, tenors. Marvin Trigo, William Gustin, Harold Kerns, Dan Solari, Holly Mertel, Richard Johnson, Bob Gottschalk and Robert Squires, basses.  
Solo work for the singers will be done by Osborne and Mertel, both graduate students.

### Reno Sky Ranch, CAA Flight Field Opens Operations

The Reno "Sky Ranch," where CAA flight training will be given this year, is ready to start operations immediately, pending government approval, Ted Morrill, operator of the "ranch" and CAA flight instructor, announced this week.

Secondary classes in CAA training will get underway this week, and little time will be lost before primary courses are started, Morrill said.

The new airport is located on the Pyramid lake road in Spanish Springs valley. It has three runways, all 400 feet wide, the longest of which is 5000 feet. One hangar, holding six planes is now ready and another will soon be built to bring the total airplane capacity to twelve.

Latest plans to be acquired is a Fairchild trainer identical with the army type trainer, PT-19. Flying delivery will be taken on the plane immediately.

An outstanding advantage of the location of the field lies in the fact that the trouble encountered with farmers regarding low flying will be eliminated.

The first coeducational institution was Eden.

### Bradshaw Asked To Give Talk at Homecoming Rally

James "Rabbit" Bradshaw, former University football great, has been asked to speak at the annual Homecoming bonfire rally, Ed Dodson, chairman of the celebration, announced today.

Bradshaw, only Nevada football player to be chosen on an all-American team, is the coach at Fresno State, Wolf Pack opponent on Homecoming Day.

Dodson asked that all fraternities and sororities make a special effort to be represented in float, skit and house decoration competition, and that a rough outline of the idea for float and decorations be submitted to him before Oct. 7. He pointed out that duplication in ideas must be avoided and this will be done if the ideas are submitted to him.

The bonfire will be built on the hill in back of Mackay training quarters, and freshmen must start gathering material Oct. 1, he said.
