## Mazour Speaks At Assembly

### International Students' Day Celebrated By Program

By TOM BUCKMAN  
International Students' Day, commemorating 160 Czech students who were murdered by their Nazi oppressors three years ago was observed on the campus this morning with a special assembly program featuring Dr. Anatole Mazour, professor of history, as the chief speaker.

ASUN President Gene Mastroianni introduced President Leon Hartman who in turn introduced Dr. Mazour. A brief moment of silence honoring the dead Czech students was observed.

The special assembly, originally scheduled to be broadcast over radio station KOH, did not reach the air because of a faulty telephone line connection. Telephone linemen entered the gym yesterday afternoon during a girls' gym class to put in the special line for the broadcast. Station KOH said that the telephone men were asked to leave by the instructor of the class before they could adequately test the line.

### Telephone Trouble

Miss Elsa Sameth of the women's physical education department, stated that the men told her that they had completed the line, but that they had not tested it at the time. Broadcasters from KOH were unable to put the line in workable order during the assembly program this morning.

Freedom of learning is threatened by the Nazi regime, Dr. Mazour pointed out in his address. As students we must take up arms and fight for our freedom, he said.

"If democracy is to win it will win only by fighting its own battle and not letting appeasement take its course." Speaking of the murdered Czech students, Dr. Mazour continued, "It is not the number of lives that counts in this case. It is the symbol of this dastardly deed that should impress us most. Let the 160 student-martyrs of Czechoslovakia be a warning to you as to what might happen should the enemy witness a slackening in our vigilance."

Hanging above the speakers' platform were the flags of the United States, Belgium, Portugal, France, Greece and England, symbols of the United Nations and the conquered countries of Europe.

Following the main speaker, a recording of the "United Nations Anthem," a recent composition by a Russian composer, was played.

The program was concluded with the benediction by Dean of Men R. C. Thompson.

## Plans for Prom Told This Week

### Dance in Century Club On December 5

The Junior Prom will be held at the Twentieth Century Club on December 5 and Ernest Piersall's orchestra will play for the affair, Committee Chairman Addison Millard announced this week.

The committee assisting Millard includes Gloria Glidone, Rodney Boudwin, Betty Preece, Elmo DeRico, Bob Crowell, Dorothy Savage, Kathryn Bernan, Darden Tibbs and Walt Riggie, junior class manager.

Further plans will be announced later.

## 194 Students Get 298 Cinches as Women Top Men

Cinches are out again. This is that noteful and doleful report of some of the students tolling the fate of the poor offenders.

According to figures released by the registrar's office Thursday, a total of 194 students received 298 delinquent notices. Thirty-eight women received 52 cinches, and 156 men received 246. A total of 334 D notices were also issued.

At this time a year ago, 270 students received 382 cinches, with 66 women garnering 81 notices, and the campus 244 males received 301 cinches. Registration figures reveal that there are 787 students on the campus now, as compared to 1003 students in '41.

Facts concerning the number of students to appear before the scholarship committee have not been released, but will be announced later by the president's office.

### EVA ADAMS VISITS

Miss Eva Adams, class of '28, former instructor of English and assistant to the dean of women, is visiting in Reno. She recently arrived from Washington where she is secretary to Senator Patrick A. McCarran.

## Fraternities and Sororities Continue Scrap Metal Drive for U. S. Defense

### Marriage Theme Announced for Frosh-Soph Hop

### Underclassmen Present Annual Semi-Formal Tomorrow

Here comes the bride, Reno style. So say the big wigs of the sophomore and freshman class in presenting the annual Frosh-Soph Hop in the State Building tomorrow night.

Those attending the highlight of the fall social season will enjoy the dance music of Harry Upton and his orchestra.

With an energetic committee working out a very novel idea, the dance promises to be a very successful affair. Programs will be printed on the back of marriage certificates, with song title captions under every dance. The theme of the affair is based on marriage. If any couple desires to make it binding, they need only fill out the back of the program and hand it to the local magistrate.

Colonel and Mrs. W. F. Gent, Dr. and Mrs. Harold Brown and Mr. and Mrs. Joe T. McDonnell will chaperone the affair.

Co-chairmen of the dance are Tom Buckman and Robert Ast. They are assisted by Hope Fleming, Faye Weeks, Helen Shaw, George Gibson, Bill Kornmeyer, Henry Stewart, Ed Reed and Steve Maffi.

## Professor Post Conducts Messiah For Seventh Time

### University Students Included Among Chorus Group

The seventh performance of the Messiah by the Reno Civic Chorus and Orchestra, conducted by Professor Theodore Post, music instructor, will take place at the Reno Civic Auditorium Wednesday, December 16.

Members of the chorus and orchestra are university students and local singers.

"There are 70 members in this year's chorus as compared with 125 of last year," Professor Post declared. "The decrease is mainly in the male section of the chorus. This may be the last performance for the duration."

As in previous years, the Reno chamber of commerce will sponsor the performance. Admission is free.

Soloists selected this year are Mrs. Chaska, soprano; Mildred Lewis, contralto; Leonard Chadwick, tenor; Holly Mertel, bass, and Dorothy Jones, pianist. Chadwick and Mertel are both members of the university faculty.

Rehearsals are held Tuesday and Thursday evenings. Extra rehearsals will be called for Sunday afternoons, Post said.

At the first performance of the oratorio in London, 1743, the whole audience, headed by the king, rose during the singing of "Hallelujah Chorus." This custom is traditionally followed today.

George Frederick Handel finished his immortal Messiah in 1741. The text was taken from the scriptures and arranged by Charles Jennens.

## Blue Key, Sager Tryees Sell 555 Programs at Finale

Blue Key and Sager tryees, assisted by a couple of Blue Peppers, sold 555 programs at the Cal Aggie-Nevada game last week. About 3000 programs were sold this year.

Ty Cobb, Nevada State Journal, edited the programs, while John Beatty was advertising manager, and Jack Fleming, circulation manager.

Profits for the year are turned over to the student union general fund.

## Sigma Rho Delta Initiates Pledges

Sigma Rho Delta held its fall initiation Monday evening in formal ceremonies at Lincoln Hall, with 14 pledges joining the local fraternity.

New members are Girwood Pope, Robert Baird, John Kaul, Robert Kendall, Robert Snyder, Ray Swingle, Robert Vaughn, Michael Zoradi, Robert Weber, Ernest Blair, Stephen Goradi, Dan Walker, Jim Bircham and Andy Dodd.

Murv Brannan and Leonard Thomas were unable to attend the initiation, and will be inducted at a later date.

Lambda Chi Alpha finished its scrap metal campaign this week with approximately 20 tons of scrap gathered, according to one of its members. The metal is being given to the government, and will probably be picked up in the next few days.

Not satisfied with the scrap which they have already gathered, which consists of an old car and tin cans, the members of Alpha Tau Omega plan to canvass the town and vicinity again Saturday.

Although the members of Sigma Alpha Epsilon have not gone out in a body to gather scrap, they now have a sizable pile that weighs 900 pounds or more, according to members.

### Theta Chis

Theta Chis have donated two old cars and are gathering more scrap. Sigma Nu is saving old tin cans, and is also collecting phonograph records for members of the armed forces. Phi Sigma Kappa has about a ton of metal and is saving a sizable amount of tin cans.

The sororities are cleaning out their basements and making collections outside, too. Among those who have found much scrap metal are Kappa Alpha Theta, Pi Beta Phi, Gamma Phi Beta and Delta Delta Delta.

The drive has been turned into a contest between the men and women of the Independents. The losers will have to give a party for the winners when the contest ends November 22.

## Many Men Leave This Month for Army Service

### Several Receive Notice To Leave Next Week; Others Enlist

With the passing of the 18 and 19-year-old draft bill, many Nevada students have been notified to report for induction, while others have joined the reserve corps of the armed services.

Allen Rogers, Theta Chi, will be leaving for the Army next Saturday.

Tom Buckman, Lambda Chi, made application for Naval Reserve Corp this week.

Jim Righetti, Sigma Rho Delta, has withdrawn from school, and is now spending a few days at home, prior to leaving for the Army.

Jack Fleming, Theta Chi, has been called by the Army and will report for induction Friday.

Don Talcott, SAE, also will leave for the Army on Friday to become a mechanic in aviation maintenance work.

Fred Wristen, SAE, will enter the St. Mary's pre-flight school as an aviation cadet on Thanksgiving Day.

Jordan Eliades, Lambda Chi, has signed up with the Army Air Forces and will be subject to call in about four to six months.

Jack Walling, SAE, will enter the Navy as an apprentice seaman along with Wristen next Wednesday.

Howard Campbell, SAE, who belonged to the Navy's V-5, will enter St. Mary's pre-flight school as an aviation cadet along with Wristen.

Otis Vaughn, Lambda Chi, who belongs to the Army Enlisted Reserve Corps, has applied for active duty.

Jack Haller signed up in the Army Air Corp last week. He, with Eliades, expects to be called in about four to six months.

Dick Meffley, Sigma Nu, who is in the Signal Corp of the Army Enlisted Reserve Corp, applied for active duty recently.

Norman Rebaleati, ATO, will report for induction into the Army sometime next month.

Ray Gardella, ATO, joined the Enlisted Reserve Corp this week.

George Yori, Lambda Chi, joined the Marine Reserve Corp while the recruiting officers were here last week.

Ed Lee, who is in the infantry division of the Enlisted Reserve Corp, applied for active duty. He will enter the Army along with Otis Vaughn in the near future.

Carl Digno, Lambda Chi, became a member of the Marine Corp Reserve this week.

### Electrical Engineers Fete Home Ec Women

Members of the university branch of the American Institute of Electrical Engineers were hosts to the women of the Home Economics Club at a party held in the Electrical building Wednesday night.

The party was an annual affair at which dancing and the playing of games were the feature entertainments. Professor and Mrs. Stanley G. Palmer acted as chaperones.

### MAZOUR TO ATTEND RIVERSIDE CONCLAVE

Dr. Anatole Mazour will attend a meeting of the Institute of World Affairs in Riverside, Calif., December 20-23, according to an announcement by President L. W. Hartman this week.

## Debaters Leave For Tournament

### Young, Echeverria Form Senior Debate Club; Juniors Enter

Two varsity debate squads will leave Sunday by Greyhound bus for the Western Association of Teachers of Speech tournament at San Jose State College, November 23, 24, 25.

Cliff Young and Peter Echeverria, comprising the senior varsity team, and Bob Crowell and Bruce Bowen, who form the junior team, will attend the tournament. The four men will compete in debate, oratory, extemporaneous speaking, impromptu speaking, and problem solving discussions.

The four varsity debaters form the smallest contingent that this school has sent to the annual tournament in six years. Dr. Robert Griffin, debate coach, remarked, Dr. Griffin will not accompany the varsity squad this year because of a State Department of Education meeting in Reno next week. Arrangements for the trip are in charge of Echeverria, debate manager.

Most important of the five speaking contests are the intercollegiate debates which include entries by every college and university on the Pacific coast. The question used in these speaking contests is: Resolved that: The United Nations should form a permanent federal union, with at least the power to regulate and tax international commerce, provide for a police force, settle all international disputes and enforce its decisions and provide for the admission of other nations which accept the principles of the union.

The Nevada debaters will return to the campus Wednesday.

### LIBRARY DOOR REVOLVES; DOESN'T SHUT

You can't square a circle. Neither can you slam a revolving door. However, according to library personnel, certain Nevada students remain to be convinced of the latter statement and persist in highly enthusiastic but futile efforts to disprove it.

It is pointed out that in the first place, the experiment is very hard on the door. Secondly, it is decidedly hazardous to the lives and limbs of those who start through slowly and decorously, only to receive an unexpected blow from the rear when the circular motion of the portal has been accelerated by a vigorous push by another student.

Also, and for obvious reasons, the library attendants suggest that especially the more hefty students refrain from perching on the arms of the chairs.

## Thompson, N. Mex. Chosen Team Head

### Mythical All-Opponents Selected by Pack

Poing 16 out of a possible 20 votes, Bill Thompson, New Mexico guard, was chosen the captain of the mythical all-opponent team selected by the University of Nevada football team this week.

St. Mary's University was high with three men, while Santa Ana, Fresno and USF each placed two men. New Mexico and California Poly each put one man on the honored eleven.

These players were chosen by the football team and the coaches for their ability in the games played against the Nevada team and not for the reputation they have made throughout the current or previous season.

Nevada's selection included Horne, Santa Ana, and Schroder, Fresno, ends; Thompson, New Mexico, and Yates, Cal Poly, guards; Sanchez, USF, and McParland, St. Mary's, tackles; Ratto, St. Mary's, center; Fellows, Fresno; Compagno, St. Mary's; Lockhard, Santa Ana, and Ramos, USF, backs.

Receiving honorable mention were Coll, St. Mary's, and Humphreys, Fresno, ends; Bettencourt, Cal Aggies, tackle; Powers, St. Mary's, guard; Mosconi, Santa Ana; Sheridan, USF, and Guisti, St. Mary's, backs.

## Eva Adams Honored By Chi Delta Phi

Honoring Miss Eva Adams, Professor and Mrs. A. E. Hill entertained 16 members of Chi Delta Phi with a dinner at their home on Maple street.

Miss Adams, secretary to P. A. McCarran, graduated from the university in 1928. For several years she was an assistant professor in English. She is an alumni member of Kappa Alpha Theta and received her appointment as secretary to the senator in 1940.

After dinner the group held an informal discussion during which Miss Adams talked on living and political conditions in Washington.

Chi Delta Phi plans to aid in packing kits for soldiers at its meeting next Wednesday.

## Hodges Play 'The Wind and the Rain' Under Production by Campus Actors

"The Wind and the Rain," a three-act comedy by Merton Hodges, and the first play by the university this year, was cast this week by William C. Miller, professor of English.

The play is a story of Charles Tritton and his fellow students in a medical college of a Scottish university. The entire action of the play, covering a period of four years, takes place in the students' study room in the house of Mrs. McFie, a Scottish landlady.

Two veterans of campus stage shows take leads in the production. Patsy Prescott will play the role of Ann Hargreaves, a young artist, while Bill Curtis will have the part of Charles Tritton.

Other members of the cast include Leonore Hill as Mrs. McFie; Bill Friel as Dr. Paul Duhamel; Adey May Dunne as Jill Manning; James Forsyth as Roger Cole; Dale Riley as Peter Morgan, and Carl Digno as Gilbert Raymond.

Carl Digno and Dale Riley are new Digno did take a part in a one-act comedy last spring. The other members to campus play production, however, of the cast have all acted on numerous occasions. Patsy Prescott is the only member of the group that belongs to Masque and Dagger.

Tentative dates for the show are December 15, 16 and 17.

## Soph-Frosh Hop Features Program Of Social Affairs

### Taus Hold Coconut Dance At Thetas, Hallmen, LXA Entertain

The frosh-soph hop in the form of a matrimonial bureau promises to have an overwhelming success Saturday evening after the Nevada Wolves have had a chance to do their courting at four Greek house affairs Friday evening.

The mock marriage license bureau will be at the State building. Tom Buckman and Robert Ast, officials of the bureau, promise that Lohengrin strains will be played by Harry Upton's band. The hall will be decorated in true wedding fashion without the orange blossoms.

The annual coconuts dance and baby dance will be given Friday evening by Alpha Tau Omega and Lambda Chi Alpha, respectively.

Merle Snider's orchestra will play for the coconuts amidst palm trees, leis and hula girls at the ATO chapter house. Warren Hursh, Jim Borge and Mack Anderson will act as hosts.

The baby queen for 1942 will be crowned at the baby dance on the basis of her winsome baby talk, short skirts and wide innocent eyes. The pledges of Lambda Chi will be the judges. Buddy Williams' orchestra will play soft lullabies for the "little tots." Rodney Boudwin is in charge of arrangements.

Kappa Alpha Theta is throwing a combination scavenger hunt and hard times party. Patriotically inspired, the guests will be required to go about the hunt afoot in an effort to conserve rubber. Following the hunt, they will adjourn to the Theta house and attempt to thaw out by "cutting a few rugs" to the music of a radio-phonograph.

Also slated is a get-together dance for the residents of Manzanita and Lincoln halls at the university dining hall. Ernest Piersall's orchestra will furnish the music.

## Aggie Club Selects Five to Visit Davis

Five agricultural students were selected by the Aggie Club to make a trip to the College of Agriculture of the University of California in Davis at Tuesday evening's meeting.

Students who will make the trip are Arthur Palmer, Leonard Anker, Hugo Smith, Leroy Talcott and Wendell Leano. Louis Tills, associate professor of agronomy, will travel with the students and conduct them on their tour of the Cal Aggie campus.

Each year members of the Aggie Club have attended one of the major livestock shows in the west. This year, due to transportation difficulties, the aggies decided to inspect the agricultural setup at Davis instead.

## Group Initiates 3 Into Riding Club

Saddles and Spurs held a dinner meeting Thursday night at the home of Jayne Creel for the purpose of initiating Lois Poulson, Phyllis Bauman and Pat Chism into the club.

Lauris Gulling was in charge of the dinner which was attended by the honorary members, Beatrice Lansdon and Precious Nash Johnson, and regular members, Ruth Russell, Edith Menke, Jayne Creel, Lois Rabe and Lauris Gulling, in addition to the initiates.

## Aggies Have 35 Per Cent Men Students In Army Reserve

### 30 Per Cent A & S Men Enlisted; Engineers Lag Behind in Membership

The aggies lead again. Close on their heels are the arts and science men. Trailing far behind are the engineers. Figures unofficially released this week showed that the College of Agriculture had the highest percentage of men in the Enlisted Reserve Corps, and the advanced ROTC courses.

Forty-two out of the 480 undergraduate men in the university belong to the College of Agriculture. Of these 15 or 35 per cent are in these Army Reserves. Sixty-two of the 217 men in the College of Arts and Science or 30 per cent are in these Army groups, and only 27 out of 221 men in the College of Engineering have joined the Army Reserves. This amounts to only 13 per cent.

While some of the engineers are in the Navy and Marine Reserve Corps, the figures show that the aggies and the arts and science men far outnumber the engineers in the advanced ROTC classes, and in the Army Enlisted Reserve Corps.

## Theta Chis Winner Of Basketball Title In Interfrat Play

### Champions Are Undefeated in Seven-Game Schedule; Taus Second, Snakes Third

Undefeated Theta Chi emerged interfraternity basketball champions after defeating Lambda Chi Alpha, 34-30, in their final title-clinching game.

Alpha Tau Omega, with six wins and one defeat, captured second place, closely followed by Sigma Nu with five wins and two losses, for third place.

Pre-season favorites, Lambda Chi Alpha, faltered in the stretch, but gained fourth place honors with four wins and three losses.

Sigma Nu's improved hoop squad scored a decisive win over the hapless SAE quintet, 32-16, last Monday. Bill Beko scored 13 points for the Snakes, while Bob Burns led the Violets with eight counters.

With Howard Haman amassing 11 points, LXA smothered the Independents, 40-26. Tommy Ito played outstanding ball for the Barbs.

ATO defeated a surprisingly strong Sigma Rho Delta quintet last Monday. Ed Reed scored 12 points for the Taus, while Mike Zoradi led the losers with eight markers.

Sigma Nu defeated an off-form Phi Sigma Kappa quintet, 51-9, last Tuesday.

Tuesday's crucial game found Theta Chi edging LXA, 34-30, in a hard fought battle, which clinched the title for the Theta Chis. Jack Pierce of LXA and Al Rogers of the Theta Chis, led their respective teams with nine points.

ATO shook its first half lethargy with an avalanche of baskets in a lopsided, 63-17, triumph over SAE. "Chub" Drakulich of the Taus took scoring honors with 16 counters.

In Wednesday's final game, Sigma Rho Delta downed a strong Independent team, 41-30. Bill King scored 20 points to lead the Sigma Rho offense.

Final standings in the interfraternity basketball league are as follows:

Team	Won	Lost
Theta Chi	7	0
Alpha Tau Omega	6	1
Sigma Nu	5	2
Lambda Chi Alpha	4	3
Sigma Rho Delta	2	5
SAE	1	6
Independents	1	6
Phi Sigma Kappa	1	6

## McCormick Warns Men to Turn in Military Uniform

Sergeant Michael J. McCormick of military department cautioned students withdrawing from the university to turn in their uniforms.

He stated that keeping the uniforms would be unlawful possession of United States property, for which there is a strict penalty.

### CARPENTER RETURNS

Jack A. Carpenter, director of the Mackay School of mines, returned yesterday from the American Mining Congress meeting which was held in Salt Lake City early this week.

## Hartman Okays Selling Project

### Bond, Stamp Promotion By Service Groups To Be Made

Contrary to previous impressions of the past two weeks, Dr. Leon W. Hartman announced this week that University of Nevada service clubs will be allowed to sell United States defense bonds and stamps on the campus.

Coincidental with Dr. Hartman's decision, which came as the result of a request by the Sagens that they be allowed to conduct these sales, ASUN President Gene Mastroianni proposed a plan whereby sales would be conducted from booths on the campus once each month by a service club. This plan would allow competition among the organizations and would permit each of them to partake in these sales independent of the other clubs.

Hartman's previous objections were that service club sales would conflict with the stamp sales which are conducted by the university post office and the sale of bonds through the comptroller's office, and that in his opinion all of the credit for such sales should go to the university.

Another objection was that the weather during this time of year might be injurious to the student's health, as sales must be held out of doors.

## 16 Froh Women Break Traditions

### Punishment Assembly Set for Violators

Sixteen freshman women who have broken campus traditions in the past two weeks, have received notice to report at a meeting of the women's upperclass committee on Tuesday.

At this meeting the offenders will receive partial punishments, according to Frances Hawkins, chairman of the committee. Further punishment will probably take place at an assembly in which each one must appear.

Women who have been fined for not wearing ribbons are Marcia Lorraine, Pamela Kantor, Cosette Rowe, Valerie Scheeline, Phyllis Kanters, Beth Peterson, Vivian Cobia, Genevieve Siri, Marion Holcomb, Claire Zollinger, Teddy Charlton and Jane McCullison. Those who have received tickets for not painting the "N" are Andrea Drumm and Pamela Kantor. Helen Gung and Eleanor Hecker, upperclass women, will be punished for "cutting campus."

## AWS Will Hear WAVE Lieutenant

### Lt. Tova L. Petersen To Speak Here

Lt. Tova L. Petersen of Women's Naval Reserve will meet with women faculty members and students at 4 o'clock Monday afternoon in the education auditorium, it was announced today.

Lt. Petersen, first WAVES officer to be commissioned in the 12th Naval District, is in charge of the recruiting program. She will give University of Nevada women information on the opportunities for service in the Women's Naval Reserve.

## Clara Beth Haley Represents Nevada At YWCA Meeting

Clara Beth Haley attended the Young Women's Christian Association president's convention at Stanford University November 13, 14 and 15. Miss Haley is alternate representative for Mildred Missimer, president of the University of Nevada YWCA.

Lewis Mumford, contemporary author, delivered a lecture on "The Importance of Christian Work in Post-War Construction." Various discussions were held on the importance of Christian work during the war.

Plans to continue the world student service fund and to send aid to Greece and China were formulated.

The convention was an emergency meeting of YWCA and YMCA presidents from the campus of Sacramento Junior College, Chico, San Jose, University of California, Stanford, College of the Pacific and University of Nevada.

### SENIORS—NOTICE

Pictures for seniors graduating this semester or those subject to military call are being taken at Goodner's Studio from November 17 to November 25, from 1 to 4:30 in the afternoons.

The 1943 Artemista.

## THE GREAT AWAKENING

Three weeks ago, in the Homecoming edition of the Sagebrush, we ventured the opinion that students at the University of Nevada didn't give very much of a damn about the war, and strongly suggested that they had better wake up.

A week later, week before last, after noting that our first effort on the subject had apparently been ignored, we put it even more strongly in these columns—we said that apparently Nevada students didn't even give a damn about not giving a damn about the war.

And now, this week, we are happy to report that the picture is slowly changing—the great awakening is starting. Slowly, reluctantly, and not without complaint—but starting, nevertheless.

Reports from the university post office this week showed amazing results—a 50 per cent increase in the sale of war stamps in the past week. And reports from the comptroller's office were even more surprising—four defense bonds have been sold to students in the past week, which is as many as have been sold to students in the past eight months, which is the length of time the bonds have been on sale on the campus!

And the increase in the sale of war stamps is even more surprising when one considers the fact that a majority of the amount bought at the campus post office weekly is still purchased by pupils in a nearby grade school, when added to faculty purchases. In other words, since the increase consisted almost entirely of student purchases, sales to students are many times as large as they were only two weeks ago, rather than increased by 50 per cent.

In the matter of collecting scrap metal, some groups have awakened to the fact that in all fairness they should make a contribution in this direction.

Lambda Chi has been the leader in the campus drive, initiating the first very considerable drive, and amassing the only decent tonnage.

And the drive seems to have progressed far enough that one sorority—Kappa Alpha Theta—has gotten into the spirit of the times sufficiently to plan a scavenger drive for metal in connection with their dance tonight.

We hesitate to take bows in our own columns, but we might point out that almost nothing was done that could be called a scrap drive, no bonds were sold this semester, and almost no stamps were purchased (none at all by male students, in fact) previous to the appearance of editorials in the Sagebrush on the subject. And it's not inconceivable that the pieces mentioned might have had something to do with it.

And so we are now willing to admit that perhaps we were hasty in saying that students at Nevada didn't give a damn about the war—maybe they just didn't know about it, or more honestly, perhaps they just needed reminding that the war is something immediate and personal, not a responsibility for tomorrow or for someone else.

(We mention our part in the great awakening to the war only as a rebuttal to the considerable number of complaints we received to the effect that we were only screaming, rather than doing something constructive.)

Before we get everyone too happy about the part that Nevada is now playing in the war effort, we might point out that while there has been a tremendous improvement recently, only a beginning has been made.

Several sororities and fraternities have done nothing more than save their tin cans as their contribution to the scrap drive. And a couple of sororities have caused the greater part of the increase in campus stamp and bond buying by requiring regular purchases of their membership, while the other groups on the hill, especially the fraternities, have not as yet made any apparent effort toward organizing drives.

So don't anyone start resting on his laurels yet. A beginning has been made, but no victory has been won.

And this writer will not consider the issue closed until that victory has been won—even if he must continue to plead and exhort, or more commonly, to scream and moan.

## AMES Plan Banquet And Dance in Future

The Associated Mechanical Engineer Society held their second meeting of the semester recently. The business consisted of a discussion of the mechanical engineers banquet, and the Associated Engineer's "Brawl" to be held at a future date. Following the meeting a motion picture on the internal combustion engine was presented to the group.

Every Year Is Nevada's Year.

## War Information Service Established; Dr. Mazour Head of College Program

The university has established a wartime information and training center with facilities of the center available to persons throughout Nevada, according to President L. W. Hartman.

Upon the recommendation of Dr. Hartman, the university war council appointed Dr. Anatole G. Mazour, associate professor of history, as head of the wartime center, which is conducted as part of the school and college civilian morale service sponsored by the Federal Security Agency's office of education.

"One of the principal services of the center will be to develop and maintain a comprehensive and up-to-date library of information on all phases of the na-

tional wartime program," Dr. Mazour declared.

"This service may range from giving information on the 100 or more jobs available in the United States Navy and advising soldiers to organizing and training civilians on construction of air raid shelters and protection against gas warfare."

The center will make use of professors, librarians and students in preparing packets of material bearing on special problems, summarizing basic data, making charts, graphs, maps and other aids for loan to discussion groups.

The center also will prepare special reports in response to requests from program chairman, defense councils or other organizations.

## No Serious Cases At Hospital, Says University Nurse

No serious cases have been reported to the infirmary within the last week, according to Mrs. E. Griffith, infirmary nurse.

Extent of the injury received by Ken-ny Sims in the Homecoming game was revealed by Mrs. Griffith as two broken bones between the elbow and the wrist, which required surgery to set back in place. Resting at the Washoe hospital, Sims was not able to play this week.

Wilma Cassinelli was treated at the infirmary for a foot injury received during Wolves Frolic rehearsal. Jack Swedberg, George Pendo and Mrs. Caroline Hacker were treated for minor colds during the past week.

Joe Thraikill and Howard Haman received two and three stitches, respectively, for cuts over the eye received in a head-on collision during an inter-fraternity basketball game.

To date, 228 different students have been treated at the infirmary during this semester, according to Mrs. Griffith.

## Sororities Purchase Stamps and Bonds

### New Ideas Fostered By Various Groups

Attempting to do their part toward national defense the sororities on the campus have initiated new ideas into their meetings to create greater interest in bond and stamp buying.

Kappa Alpha Theta has begun buying war stamps as part of every meeting. These stamps, one from each member and pledge, are placed in a book and a Chinese raffle is held. The winner receives the book.

Tri-Delta have their own stamp books and in order to get into meeting they have to add new stamps. Also about 30 members assisted the Red Cross in packing kits with stationery, chewing gum and cigarettes for overseas soldiers.

Giving up at least one coke a week is the project of the Gamma Phi Beta sorority. Each member and pledge gives

## Bond Sales Double During Last Week

### Stamps Sold to Coeds In Sorority Drive

Business was definitely not as usual this week, because four United States defense bonds totalling \$112.50 were purchased from the comptroller's office.

Up to that time there was the grand total of four bonds sold since sales began last January.

Last week's buyers included Barbara Francis, Dolores Young, Betty Mears and Charlotte LeMay.

The University of Nevada postmaster, Robert Prescott, stated that defense stamps sales totaled well over \$150, and that large portion of that was included in last week's sales. This increase is largely due to the sorority pledges and members that bought stamps at their houses last week.

a dime at every meeting. The dimes collected are sent to the national office where they are entered in a fund for under-privileged children.

Stamps will be sold to members and pledges of Pi Beta Phi as their contribution.

At each meeting of Zeta Phi Zeta the girls are asked to contribute money, not less than a dime, for the ultimate goal of purchasing a war bond. The money container is also available during the week for contribution.

JOHN CHISM, Prop.—1900

## SUPERIOR IN DAIRY PRODUCTS

PHONE 4106

## Bugle Calls

Second Lieutenant Stanley G. Hill was transferred to Fort Benning, Ga., when he returned to duty after being in Reno on leave in October.

Maurice Sullivan, Jr., son of Congressman-elect Maurice Sullivan and a former Nevada student, received his commission as a second lieutenant of combat engineers at Fort Belvoir, Va., recently.

Sullivan was a senior student at the University of Nevada when he enlisted in the Army. He is a member of Sigma Epsilon fraternity, and a member of Sundowners, local fellowship group on the campus.

Gerald Roberts, '37, former associate editor of the Sagebrush, has joined the Army and is now editor of Bombing and Gunner Range, weekly newspaper of the post at Tonopah.

Roberts visited the campus last week when the football team of the southern Nevada camp tangled with the Wolf Pack in a practice session.

Captain Fraser West, '40, United States Marine Corps, has arrived in San Diego after serving in the Solomon Islands, and is expected to visit his parents here within a few days.

Captain West telephoned his parents from San Diego and said that "everything is fine" and also spoke of the safety of other Nevadans in the war torn islands.

West graduated from the university with the class of '40 and majored in agriculture. He was a member of the varsity ski team and belonged to Sigma Alpha Epsilon social fraternity.

Charles Edwin Bath, Nevada graduate with the class of '35, has been commissioned a lieutenant (j. g.) in the Navy and has left for active duty.

While at Nevada Bath was active in football and boxing, and for three

years was a member of the Mackay Day committee. He was chairman of the celebration during his senior year.

Truman Allen Jones, son of Mrs. D. W. Laughlin of Reno, has enlisted in the Marine Corps, and is now attending "boot camp" at the Marine base in San Diego.

Jones was a civil engineer while attending Nevada, and more recently worked for Jumbo Mines.

Private Hugh Gallagher, Jr., '42, was at the Cal Aggie football game Wednesday. He is stationed at Salt Lake City handling psychology tests of draftees. A PE and history major, Gallagher was a member of Sigma Nu.

## Frosh Lose Wrinkles; Streeter Breaks Wrist

The howls usually emanating from the main floor of the ASUN building will be somewhat less vociferous from now on since Jack Streeter, president of the men's upperclass committee, is unable to wield that old paddle, due to

a broken wrist. Streeter broke his right wrist during a practice football scrimmage, when he ran into hefty Don Talcott, tackle.

### Wolf Prints

BY JERRY WETZEL

#### CAN ANYBODY REMEMBER

how long it has been since Nevada has won all their home games in one season? Looking over the files it was somewhere back in 1921 or so. And we still can't figure out why the home-town fans didn't support any of these games when Nevada won them all this season. The attendance this season was the poorest in quite sometime.

Another thing about the Wolf Pack, they were only scored on in three games this year. When did a Nevada team make this kind of a record before?

#### BASKETBALL TAKES OVER

come December 4, Jake Lawlor's request for players to turn out last week was certainly answered. The first night there were 30 on the floor and more expected to show. Lawlor was forced to cut the team to 17 men and the rest-mostly freshmen, were dropped to the frosh squad. Lawlor's only freshmen are Jack Swedberg and Ed Reed, both on our all-fraternity team this week. Jake will use the freshman team as a major league ball team uses its minors. If he feels that a frosh is capable of playing varsity ball he will bring him up from the frosh quintet.

#### ALTHOUGH AIKEN'S ONLY

thoughts are toward football, it will not be the first basketball team he has

coached when he takes over the freshman team next week. Aiken was head basketball coach at Findlay High in Ohio. The story is told that Aiken forgot to show up at an important game and that ended his basketball mentorship. (The team won the game, in case you are interested.)

#### THE INTERFRATERNITY

basketball score book shows that Alpha Tau Omega's all-fraternity center, Jack Swedberg, led all other players in total points scored in the seven-game schedule. The first ten high-point men are as follows:

1. Swedberg, ATO..... 83 Points
2. Reed, ATO..... 64 points
3. Pierce, LXA..... 61 points
4. Brannon, SRD..... 54 points
5. DeRushia, TC..... 51 points
6. Fulstone, SAE..... 49 points
7. Curless, SN..... 47 points
8. Ito, Ind..... 46 points
9. Boko, SN..... 39 points
10. Davis, TC..... 37 points

#### THE ALL-FRATERNITY

basketball score book shows that Alpha Tau Omega's all-fraternity center, Jack Swedberg, led all other players in total points scored in the seven-game schedule. The first ten high-point men are as follows:

Any beefs about the teams may be aired here. We will keep the ballots for a few days after publication. They may be examined if the players feel that they were not treated fairly, but no one can look at them without a reason. (It might make enemies if you find out your friend didn't vote for you.)

AND THE GRIP THAT THE TAUS have on the Kinnear trophy at present is enough to carry them through the school year and again retain the copper cup next June. Although Theta Chi is only some five points behind we understand from the hilltop propaganda bureau, that Etchemendy is a cinch for

## Varsity Hoopmen Open Season Soon With Marine Tilt

### O'Shaughnessy LeLading Veteran to Turn Out for Squad

Nevada's varsity hoopsters will oppose the strong Hawthorne Marines in the first practice game of the season on December 4.

"With five practices under their belts, the players who are working out are all in good condition for this time of the season," Jake Lawlor, varsity coach, stated this week.

Players on this year's varsity squad include high scoring Bob O'Shaughnessy, Jim Melarkey, Orsie Graves, Harry Paille, Otis Vaughn, Alf Sorenson, Gene Mastroianni and Jack Pierce, mainstays from last year's squad, Bob Bell, "Snooks" Curless, Jordan Eliades, and Bob Wise, who all played on last year's freshman squad, Ed Reed, Jack Swedberg and Howard Haman, promising freshmen, and Jerry DeRushia, interfraternity basketball star.

Bob O'Shaughnessy, playing his last year of varsity basketball, has shown exceptional shooting ability in recent practice sessions. Mainstay for the last three years, O'Shaughnessy may supply the scoring punch for this year's squad. Little Jim Melarkey shows lots of scrap and "has a lot on the ball," Lawlor stated. Otis Vaughn, tall guard, is very effective under the basket, while Harry Paille is improving rapidly at the center position.

An indication of the strength of the 1942 varsity squad will be supplied when the Pack encounters the Hawthorne Marines in their practice tilt.

The Marine team is coached by Lee Tracy, who also coaches the Hawthorne high school hoop team.

the forthcoming handball title and 40 more Kinnear digits. Other fraternities are far behind in the race.

FROM HERE AND THERE  
What happened to the headlines in the coast newspapers rating Fresno 18th among the nation's teams lately. Since the San Francisco Dons did what we expected would happen, our flow of Fresno publicity has suddenly stopped. Maybe this is understandable when figuring that San Francisco was beaten more times than Nevada this fall.

Are Bradford and Potter opening a training quarters around the Evans Avenue establishment these days? From the collection of tape, sweat socks, T shirts, etc., we're wondering.

#### DONDERO COMMISSIONED

Donald Dondero, former student at the university, is finishing his naval air cadet training at Kingsville, Texas, and will soon be commissioned ensign in the navy air corps. Previous to his transfer to Kingsville, he was based at Corpus Christi.

On The Hill It's Hello.

## OX, ATO Dominate All-Greek Team

### DeRushia, Davis, Ito, Reed And Swedberg Named On First Squad

The championship Theta Chi five and the second place ATO quintet dominated the annual Sagebrush all-fraternity basketball teams by each placing two members on the first team and one on the second. None of this year's first team were members of last season's all-fraternity squad, but Jack Pierce again poled the highest number of votes for the second team. This is his third year on the second squad. Everett Curless repeated on the second team with 30 votes.

### Publication Board Holds Fall Dinner

#### Members, Guests Eat at Fortune

The regular fall banquet of the Publication Board was held at Club Fortune last Saturday night with Leota Davis, Pi Phi, in charge of arrangements.

Board members attending were Professor E. L. Inwood, Joe T. McDonnell, Walter Riggie, Dean Quillel, Fred Helmen, Dorothy Casey and William Friel. Their guests included Mrs. Joe T. McDonnell, Nita Reifschneider, Lela Iler, Margaret Reading, Ensign Charles W. Mapes and Barbara Francis.

Miss Leota Davis was unable to attend the affair as she was visiting her home in Susanville.

### Seven Receive ATO Formal Initiation

Formal initiation for seven pledges of the Alpha Tau Omega fraternity was held last Sunday at the house.

New members include Bud Bowers, LeRoy Wadsworth, Gilbert Sutton, Neil Stewart, John Gabrielli, Dick Jepson and Dick Stewart. After the ceremonies a luncheon in honor of the new members was held at the Golden Hotel. Those attending were George Basta, president; Sam Drakulich, Addison Millard, Eugene Michal, Mario Recanzone, Dick Vietti, Jim Borge, Clayton Triger, Forrest Nickles, Jack Good, Ray Gardella, Bill Trent and Don Hahn.

### Managers Name All-Frat Team

(Continued from Page 3) sters last spring. DeRushia is a transfer from San Mateo JC where he was first string on the JC conference champions last season. It is a transfer from the University of California where he played freshman ball. Davis has competed in past interfraternity battles and was given honorable mention on last year's team.

On the second team Fulstone and Hiltz are freshmen, while Rogers won his freshman letter on Jim Bailey's frosh team last spring.

Managers and members of the eight competing Greek basketball teams picked the 1942 team after completion of league play this week. Each fraternity picked a first and second all-opponent team, and the Sagebrush sports staff awarded ten points for first team selections and five for the second teams. There were a possible 70 points, but no member received that total.

Twenty-five men were named on the ballots. Points ranged from 65 to 55 on the first squad, 45 to 25 on the second and 20 to 5 on the honorable mentions.

The complete team including the second team and the honorable mentions will be found on the sports page with total points and fraternity players given.

### Hawkins Claims Tennis Victory

Frances Hawkins, senior Pi Beta Phi, claimed the title of all-school women's tennis champion after defeating Nancy Herz in the WAA tennis finals last week.

Although given a bye for her first game, Miss Hawkins earned the title by winning 20 games and losing four.

Last year Fritz Jane Neddenreip battled her way to first place by defeating Miss Hawkins in the closely-contested finals.

### 20 CAMPUS COEDS NOW IN RENO USO

Twenty of the 200 junior hostesses now signed up for USO activities are college women, according to Eldora Lewis of the Reno headquarters.

Because of the expected increase of service men visiting the club, the USO needs more girls to devote one evening a week to dancing and entertaining the soldiers, Miss Lewis said.

Girls who are interested may obtain application blanks at the headquarters, and after being investigated will be presented with identification cards.
