## Flag Dedication Date Set for December 8 In University Gym

### Pearl Harbor Anniversary Ceremony Highlight by Address of Kirby

The program at which the service flag for the university will be dedicated was announced this week. The assembly will take place on December 8 in the gym at 10:30 am on the anniversary of Pearl Harbor.

President Hartman will preside at the convocation, while members of the faculty will appear in caps and gowns. The university ROTC unit will appear in full dress.

Highlight of the impressive ceremony will be the reading of the gold star names by Miss Katharine Riegelhuth of the English department, and custodian of the university's war records.

#### Kirby Speaks

Mr. Charles E. Kirby, noted lecturer and authority on the Far East, will deliver the principal address. A former officer in the British army, Kirby is one of the best informed lecturers in the Far East, having lived there for a number of years.

Dean Thompson will deliver the invocation, followed by President Hartman, who will deliver an introductory address. Col. J. H. Gibson of the military department will then lead the audience in a pledge of allegiance to the flag. The university band will play the national anthem, followed by the unveiling of the flag, and the reading of the names.

The complete program follows:

- Invocation.....Dean R. C. Thompson
  - Statement of Purpose of Meeting.....President L. W. Hartman
  - Pledge of Allegiance to the Flag.....Colonel J. H. Gibson
  - Star Spangled Banner.....University Band
  - Reading of Gold Star Names and Unveiling of Flag.....Professor Katharine Riegelhuth
  - Address.....Mr. Charles E. Kirby
  - Benediction.....Bishop W. F. Lewis
- Audience will remain in place until the faculty and ROTC march out.

## Palmer, Streeter Named by Senate As Parking Heads

### Enforcement, Publicizing Under Control of Co-Chairmen

Jack Streeter and Art Palmer were named to supervise the revised parking program and see that it is publicized and enforced at a meeting of the Senate Wednesday evening.

The parking program was accepted as it stood last year except for one revision in which students are not allowed to park north of the Agricultural extension building as it is reserved for employees only.

No discrimination between upper and underclassmen as to parking areas is being made this year, Palmer stated, as there will be fewer cars due to gas rationing and tire shortages.

Special enforcement will be made of the ruling that cars are allowed to park on only the east side of the main thoroughfare at any time of the day or night, Streeter emphasized.

Parking areas for students as they now stand are:

- Between the Mackay Stadium and the old gym.
  - Beside the electrical engineering building.
  - In front of the Education building, but north of the sidewalk leading to the Mackay School of Mines.
  - Behind the Mackay science hall. Faculty members only will be permitted to park:
    - Back of the Agricultural building.
    - In front of Morrill Hall.
- Employees in the Agricultural Extension building only will park:
- North of the extension building, but south of the sidewalk leading from the Education building to the Mackay School of Mines.
  - Lincoln Hall residents may park behind the hall.
- Between the hours of 7 am and 4 pm parking will be forbidden on all other parts of the campus. Parking on the east side of the roadway running from the university gates to the Mackay stadium will be permitted only after 4 pm.
- The street in front of Lincoln Hall and the hospital must be kept clear at all times. Persons having business in Morrill Hall will be allowed a ten-minute parking privilege in front of that building.

#### AIME SECRETARY VISITS

Mr. A. B. Parsons, secretary of the American Institute of Mining Engineers, visited on the campus Wednesday.

## GOLD STARS LEND SOMBER NOTE TO FLAG DEDICATION

Dean Fredrick Wood, chairman of the University of Nevada war council, looks over the institution's war service flag which will be dedicated next week. Since the photograph was taken, the number of former students with the armed forces, represented by names on the official university war record, has risen to nearly one thousand. At least as many more, it is thought, are also in service. The number of gold stars, for men who have given their lives for their country, is now nine instead of seven.

## Extra Gas Given To Students With Car Share Group

### ODT Announces Allowance Of B and C Ration Books

The following is an excerpt from the University News Letter, weekly release to college papers by the Office of War Information.—Editor.

College students who are members of organized car sharing clubs of at least four members may be issued B or C gas ration books, entitling them to more than the basic three or four-gallon weekly allotment, the Office of Defense Transportation announces.

Student drivers who apply for extra gas must show proof that they are in a car sharing group, and that their necessary driving to and from college exceeds 150 miles a month. A car sharing club, as defined by the ODT, consists of four people traveling in a single car who ordinarily would drive separate cars, eliminating three car trips every day.

Individuals who usually travel by public transportation should not be included in car sharing groups, as no tire mileage is saved in this way. Also, the ODT emphasizes, car sharing should be run on a regular daily schedule, and not become a form of glorified hitch hiking.

Physicians, mailmen and a few other classes of essential drivers will not be subject to car sharing regulations.

## War Stamps and Bonds To Be Sold on Campus By Service Groups

The first step toward sale of stamps and bonds on the campus was taken by the Senate this week when Bob Hoyer was appointed to supervise and direct service sales.

Hoyer announced that he will work with Gene Mastrolanni in making plans for this wartime activity.

A recent statement by President L. W. Hartman that he was in agreement with this method of promoting stamp and bond sales cleared the way for action. The idea, first broached by the Sagens, lay dormant for several weeks, partially because it was believed the administration was not in sympathy with the plan.

Revived by the Sagebrush, the matter was brought before President Hartman and his declaration that he had never disapproved of service stamp selling set the stage for the campaign to get under way.

#### TRI-DELTS CELEBRATE

Celebrating the 54th anniversary of the founding of the sorority, Delta Delta Delta held its annual Founders Day banquet at the Riverside dining room last week.

## Junior Prom Saturday Evening To Be Featured by Frolic Acts

### MOTORISTS SAVED FROM LAKE PLUNGE

As a result of some motorist's unsuccessful attempt to plunge his car into Manzanita lake last spring, the state highway department last week erected numerous safety devices on the campus drive.

A series of posts with red reflectors have been placed on the west side of University avenue, immediately inside the university gates.

Among other improvements placed on the campus was a huge arrow, outlined with white reflectors, and on a yellow background, placed to the right of Morrill Hall, indicating a turn toward the library. Authorities have stated that from time to time numerous other driver helps will be placed on the campus.

## Two Fraternities Haven't Started U. S. Stamp Buying

### Barb Action Delayed; One Greek House Promises Action

No action has yet been taken by two Nevada fraternities and one social organization toward buying United States savings bonds and stamps, presidents of these groups reported this week.

The reason—Alpha Tau Omega did not hold its regular meeting this week, therefore they were unable to take action on the matter. However, the Tau has voiced their intentions of falling in line with the other frats on the campus and doing their part with weekly purchases.

Phi Sigma Kappa has neither taken action nor made any move to purchase stamps and bonds, and has not as yet signified any intentions of doing so, Noel Willis stated.

The Independents were also unable to hold a meeting this week but have promised immediate action.

As the 'Brush reported last week, Theta Chi, Sigma Nu, Lambda Chi Alpha, Sigma Alpha Epsilon and Sigma Rho Delta are now making weekly purchases of stamps, and occasional investments in bonds. It was hoped that last week's reports of intended immediate action by the other three groups would result in a 100 per cent fraternity stamp and bond drive, but no performance still leaves 37 1/2 per cent of the job still to be done.

On the other hand, all of Nevada's sororities are now in full swing and doing their part in weekly purchases of stamps.

Gamma Phi Beta who joined the ranks of the other purchasers this week, is buying stamps each Tuesday as well as making weekly contributions to the Army and Navy Relief.

## Extra Rehearsals Held by Play Cast After Slow Start

### Casting, Script Troubles Overcome as Work Hits High Tempo

Because of a slow start resulting from casting difficulties and lack of a sufficient number of scripts, the cast of "The Wind and the Rain" this week settled down to both afternoon and evening rehearsals.

This three-act comedy of college life by Merton Hodge, is under the direction of Director William S. Miller and will be presented on Wednesday and Thursday evenings, December 16, 17, at 8:30 pm.

For the first time since work was started on the play, a full cast was at work. Several members of the cast had to drop their parts, but replacements were made this week that bring the cast up to full strength.

A complete list of the cast in the order of appearance is as follows:

- Mrs. McFie.....Leonore Hill
- Gilbert Raymond.....Carl Digno
- John Williams.....Ray Davis
- Charles Triffin.....Bill Curtis
- Dr. Paul Duhamel.....Bill Friel
- Ann Hargreaves.....Patsy Prescott
- Jill Manning.....Adey Mae Dunnell
- Roger Cole.....James Forsyth
- Peter Morgan.....Hugh Ingle

The December production will mark the first appearance of Leonore Hill, Carl Digno and Hugh Ingle in a full length campus play. The remainder of the cast are veteran performers on the campus "boards."

"The Wind and the Rain" concerns the coming of Charles Tritton (played by Bill Curtis) to a Scottish medical school from his London home where he has been under the guidance and direction of his mother.

Even in medical school, young Tritton feels bound to his mother's apron strings until zowie (!) he falls in love with a young artist, Ann Hargreaves (played by Patsy Prescott).

Now for the first time in his life Tritton is forced to make decisions for himself. His first dilemma is what to do with his other sweetheart that he left in London. It is only after his mother's death that he is finally able to choose freely the girl that he will marry.

Even though it is an English play the characters introduced are those seen on any college campus, for example, the drinking, carousing, carefree lad who completes two years of work in four years and has a roaring good time in his spare moments; or, on the other hand, the serious, scholarly, pipe-smoking med student who is a source of wise counsel to the younger students.

These two characters are, respectively, Gilbert Raymond (played by Carl Digno) and Dr. Paul Duhamel (played by Bill Friel).

Don O'Hagen and James Devlin are stage managers for the show; Bob Hoyer, business manager, and Betty Mollignon, property manager.

University students will be admitted to the play upon presentation of their ASUN cards. The admission price for all others is 55 cents, including federal tax.

## Winter Carnival Is War Casualty

### No Decision Made Yet, But Chances Slim

The casualties of war are coming home to Nevada.

According to Joe T. McDonnell, graduate manager, there may be no winter ski carnival this year. The athletic board has not decided whether or not the event is to be held.

In part the proposition hinges upon the submission of a budget for the spring semester by the graduate manager. Also, the ASUN senate has appointed no committee to consider the possibilities of a carnival this year.

No great optimism for the event is held by the graduate manager. He stated that transportation will be the chief obstacle in the event that the carnival is held. Participants usually travel by car, but since gasoline is rationed, train travel might have to be used. However, special rates to athletic teams are no longer granted, so the expense would be much greater. Even the 20-mile trip up the hill to practice will be a problem on only four gallons of gas each week.

The interfraternity council has already voted to suspend the annual interfrat ski meet for this year, and probably for the duration.

The winter carnival has been an annual affair at Nevada since 1938. It has been highlighted by sorority open houses and fraternity house decorations. A queen has always been chosen from the women present at the ski meet. The big winter carnival dance, always held at this time, may not be dispensed with, although no plans have been made for it this year.

## University Honors Snow Survey Pioneer

### HONORED

Dr. James Edward Church was honored at a convocation this morning for his half century of service on the university staff.

## Church Portrait Given to U. N. by Friends, Students

Dr. James Edward Church, internationally known scientist and pioneer of snow surveying, and a distinguished member of the University of Nevada faculty for half a century, was honored at a convocation held this morning in the university gymnasium.

The outstanding feature of the program was the unveiling of a portrait of Dr. Church, which was painted by Hans Meyer-Kassel, and presented to the university by friends and former students of Dr. Church.

#### Hartman Escorts

Dr. Church was escorted to the platform by President Leon W. Hartman, Dean Fredrick Wood of the College of Arts and Science, Dean Robert Stewart of the College of Agriculture, Dean Stanley Palmer of the College of Engineering, Dean Fred W. Traner of the School of Education, Director Samuel B. Doten of the Agricultural Experiment Station, Dean of Men Reuben C. Thompson and Dean of Women Lucile Benson.

The assembly program was opened by the university band led by Professor Theodore Post, who played the "Stars and Stripes March." Following this the audience was led by Post, accompanied by the band, in singing the "Star Spangled Banner."

#### Dean Thompson

Dr. Reuben C. Thompson, who presided at the assembly, introduced Samuel B. Doten, chief speaker on the morning, whose topic was "Dr. Church: Humanist." Doten, in his speech, reviewed the past 50 years of Dr. Church's career and the services rendered and contributions made to Nevada and to the world by this classics professor who developed the means of snow surveying.

Following his speech, Doten unveiled the portrait of Dr. Church which Dr. Hartman accepted in behalf of the University of Nevada.

#### Rebroadcast

A rebroadcast of the dramatization of Dr. Church's achievements and contributions in the invention and development of snow surveying, which was presented on the "Unlimited Horizons" program, was then heard by the assembly. This program, written and produced by Arnold Marquis, was presented through the courtesy of the National Broadcasting Company, as one in the series of programs of the world's greatest scientific achievements by members of many Pacific coast colleges.

#### Song Concludes

The assembly was concluded with the singing of "The Mackay Song," which was sung by the audience, accompanied by the band.

Following Dr. Church's graduation from the University of Michigan in 1892, he joined the faculty of the university. He was then an instructor in Latin and German. Later he became professor in Latin and classics.

#### Doctor of Law

In 1937 the university conferred upon him the distinguished LL.D. degree. Two years later, he became a professor emeritus to join the staff of the experimental station so that he might continue his snow studies and run off forecasts.

Many students of Nevada and other states have greatly benefited by the knowledge and learning taught them by Dr. Church.

Dr. Church, who is known the world over as the "father of snow surveying," has been chosen head of many international organizations for his outstanding ability in the field of hydrology.

## Sagers Elect 11 at Wednesday Meeting

### Tholl Promises Tack Remover Next Week

Eleven new members were elected to Sagers, underclass service group, at their meeting Wednesday night, Bud Tholl, president, announced.

An initiation banquet will be held next Wednesday at Lincoln Hotel in Sparks at 6 pm. All attending are requested to meet at the bus depot at 5:30 pm.

New initiates are Leland Besso, SAE; Evan Botts, George Getto and Tom Ebert, Sigma Nu; Bob Tognoni, OX; Bob Vaughn and Andy Dodd, Sigma Rho Delta; Harold Laragotta, Bill Arant and George Yori, Lambda Chi; John Smith of the Independents.

Other business transacted by the group included a discussion about a dinner-dance to be held some time in the future and possibilities for a scrap metal drive.

Tholl promised that the Sagers would have the bulletin board thumb tack remover posted by next Wednesday. mover posted by next Wednesday.

## Leathernecks Face Varsity in Opener Of Cage Season

### Opponents Fast, Tricky; Lawlor to Start Veteran Five

Hawthorne's Marine leathernecks will meet the Nevada Wolf Pack hoopers in the first practice game of the season in the first practice game of the season at the university gymnasium. In the preliminary, Nevada's freshmen team, coached by Jim Alken, will tangle with the strong Hawthorne high school cagers at 7 pm.

Advanced reports indicate the Marine aggregation, having lost most of the tall players of last season, is a fast, tricky squad, composed of veterans who have had considerable experience on the hardwood courts. Returning from last year's squad, short, slender Wisdom, and speedy Leaflet, recently from Waterfield, Ill. high school, will start at forwards for the leathernecks.

What the team lacks in height is supplied in bulk in the form of newcomer Christenson, a mere 225-pound giant center, who won All-American grid mention while playing halfback for Minnesota.

At the guard positions are Chandler and Stoken, while the reserves who make the trip include Reeder and Patton, forwards, Risher, Carter and Jensen, guards.

Slated to start against the Marines will be a veteran varsity quintet composed of Bob O'Shaughnessy and Alf Sorenson, forwards; Harry Paille, center; Jim Melarkey and Orsie Graves or Marion Motley, guards.

Nevada's schedule for the 1942-1943 season includes some of the major teams on the Pacific coast as well as several service teams. The complete schedule is as follows:

- Dec. 4—Hawthorne Marines at Nevada.
- Dec. 11-12—McClellan at Nevada.
- Dec. 18-19—USF at Nevada.
- Jan. 8-9—St. Mary's at Nevada.
- Jan. 22-23—Cal Aggies there.
- Jan. 29-30—Mather Field there.
- Feb. 5-6—Chico at Nevada.
- Feb. 12-13—San Jose there.
- Feb. 19-20—San Francisco State there.

## Women Senators To Plan War Policy

The women senators will meet next Monday to formulate the women's war board policy, according to Betty Nash Carlson, AWS president.

The board, which is under the sponsorship of the AWS, is being set up to organize women's war activities on the campus.

It is hoped that the organized group will be ready to function following the Christmas vacation, Carlson stated.

## Benson Names Group For Service Flag Work

Mrs. Alice Marsh, home economics teach, has been named chairman of a committee to secure a service flag to represent university women in the armed forces.

Other members appointed by Mrs. Lucille Benson, dean of women, are Betty Nash Carlson, Fritzi Jane Neddendriep and Virginia Mathews.

The flag will probably be unveiled at AWS assembly sometime after Christmas holidays.

## Sorensen Heads WAA Social Plan For Greeks-Barbs

### Co-recreational Night Set by Committee For December 16

Co-recreational night planned by WAA is set for December 16, Viola Sorensen, chairman in charge, announced this week.

Four representatives from sororities, fraternities and the Independents will be invited to participate in the event, which will include march games, volleyball, shuffleboard and other sports. WAA expects to make this the forerunner of weekly co-recreational night next semester.

Assisting Miss Sorensen are Lauris Gilling and Clara Beth Haley.

The members also discussed plans for a general WAA meeting and initiation the first week in January. All women qualified by participation in two sports this semester will be initiated at this time. Clara Beth Haley and Carmen Bergeret are in charge of this affair.

Frances Yee was appointed WAA bowling manager.

### University Dancers Included in Xmas Show

Included in the annual Christmas Christmas program put on by the Women's physical education department will be a number by the University Dancers, honorary dance group.

The dance will be an original composition by the group which consists of only four members: Mary Kathryn Carroll, Dorothy Reynolds, Barbara Byington and Jo Ann Record.

The dancers will be accompanied by either Margie McQuerry, pianist, or by a phonograph.

### Bob Crowell Chosen Head Of Theta Chi Fraternity

Bob Crowell was elected president of Theta Chi fraternity in the annual election Monday evening. Crowell is an arts and science junior from Reno. He succeeds George Frey.

Other officers elected were William Cristani, vice-president, and Robert Tognoni, secretary.

## Menante, Morris Killed in Crashes Of Army Bombers

Recent army bomber crashes in California and North Carolina resulted in the deaths of Lt. Francis Menante and Lt. Ross T. Morris, both former University of Nevada students.

Menante, who was killed near Salinas, attended the university for two years and then went to Armstrong Business College in Berkeley, where he graduated in 1941. While at Nevada, Menante was active in sports and was a member of Sigma Alpha Epsilon. He played baseball with the Reno Garage team. Menante was commissioned a lieutenant on July 3 at Brooks Field, Texas.

Lt. Morris, whose death occurred in Charlotte, N. C., was a native of Tonopah and graduated in 1939. While at Nevada Morris was active in campus affairs and served as business manager of the Sagebrush. He was affiliated with Blue Key, Coffin and Keys and also served in the student senate. Morris was commissioned at Mather Field and was then sent to North Carolina.

## Seven Offenders To Be Prosecuted By Upperclassmen

Seven freshmen and one sophomore woman (!) were given tickets by the men's upperclass committee for infraction of campus traditions. It was announced this week by Chairman Jack Streeter. The offenders will appear next Thursday at upperclass meeting for swats.

George Getto, Tom Cross, Pete Gregory and Ed Lewis were without bibbles; Richard Colon without dink, Nick Jackson and Roger Corbett had neither.

Hope Fleming was charged with cutting campus, but one of the functions of the male committee is not to prosecute women, so Miss Fleming will not have to appear.

## Department Heads Ask Dean Benson For NYA Students

NYA typists, stenographers, file clerks and laboratory workers are wanted by several department heads on the campus, Mrs. Lucille B. Benson, dean of women, said today.

"A student to be eligible must need the money paid by the project to properly carry on his education," Mrs. Benson stated. "The minimum he can earn is \$10 a month and the maximum is \$25, at the prevailing wage for that type of work."

Mrs. Benson's office hours are from 10 am to 12 noon Monday through Thursday and 2 to 5 pm every day, at which time interested students may make application for the available jobs.

### PI PHIS ENTERTAINED

Gamma Phi Beta entertained Pi Beta Phi at an informal tea this afternoon from 3:30 to 5 pm.

Kathleen Norris was in charge and Mrs. Celine Francis was hostess for the afternoon.

A pessimist is one who thinks that all women are immoral. An optimist is one who merely hopes so.

## Intramural Debate To Be Held After Christmas Holiday

### Contest Open to All Except Varsity Debate Squad

The annual intramural debate tournament will be held shortly after the Christmas vacation and not before as in previous years, Dr. Robert Griffin, debate coach, announced this week.

The late opening of school accounts for the change in date.

Any student interested in debate, with the exception of varsity debaters, may enter the contest. The intercollegiate question will be, Resolved: That the United Nations should form a permanent federal union, with at least the power to tax and regulate international commerce, provide for a police force, settle all international disputes and enforce its decisions, and provide for the admission of other nations which accept the principles of the union. This is the same question used by the junior and senior varsity teams at the recent San Jose tournament.

The Ginsburg Jewelry Company revolving trophy is awarded to the winning intramural team. Last year's winners were two brothers, Hale and Nye Tognoni, Beta Kappas. Two years ago Cliff Young and Pete Echeverria won the cup for Lambda Chi Alpha. Young and Echeverria are now Nevada's senior varsity debate team.

The purpose of the intramural contest is to provide experience for beginning debaters and to develop material for future varsity debate squads.

## Professors' Sons Now With Service In Various Duties

Five instructors of the Mackay School of Mines have sons serving their country in the armed services.

Clayton A. Carpenter, son of Professor Jay A. Carpenter, director of the Mackay School of Mines, is now in secret defense work in Pasadena under the supervision of the California Institute of Technology. Carpenter was an electrical engineer graduate in 1939.

Francis Evan Couch, who attended the university in '34 and '35, has been commissioned second lieutenant in the quartermaster corps of the Army. His father, Bertrand F. Couch, is an instructor in mine accounting.

Vincent Gianella, former student, son of Vincent P. Gianella, head of the geology department, is now stationed in Arkansas with the United States Army.

Walter S. Palmer, Jr., who was senior Gold Medal student in '37, is attending the Navy school at Harvard as an Ensign. Palmer's father, Walter S. Palmer, is the head of the metallurgy department.

Martin Smythe, Mackay School graduate in '39, graduated from the Army meteorological course at the University of California this week. Professor W. I. Smyth, his father, is an associate professor in metallurgy and mining.

## Skating Program Planned for Game

The "roller skating romp" will be held between halves of the basketball game in the gym December 19, according to Miss Ruth Russell, group adviser.

There will be novelty numbers by individuals and couples, and a drill by the entire group. Dorothy Reynolds and Frances Frandsen are managing the exhibition.

### LOST AND FOUND DEPARTMENT AT REGISTRAR'S

Have you lost anything? In a remote corner of the registrar's office is a special drawer for a special purpose — the lost and found department. At present the collection consists of two purses, three pens, a watch fob, a pair of gloves and a string of pearls.

Do they belong to you? Students are evidently aware of the fact that this service exists, as one of the campus femmes went into inquire about her knitting.

Gerry Hardman, president's secretary, has asked about a pair of red mittens.

Why don't you inquire?

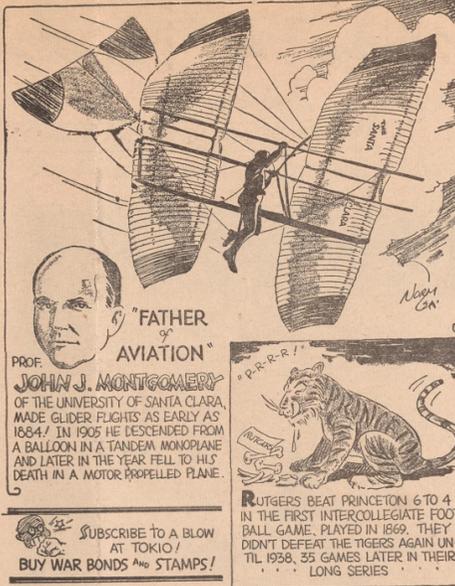

## And then!

## THIRTEEN STEPS ARE NOT VERY UNLUCKY

The campus is haunted. In fact, it's jinxed.

Have you ever walked down the steps which lead from Morrill Hall to the outside world? Have you ever counted those steps? Then did you wonder about the jinx which seems to follow so many of us as we pursue our course at the university?

Well, the first four steps to the landing aren't bad. But when you go down a series of thirteen (13) steps to the next landing, this puzzles you, so you count the next flight of steps. Thirteen again. You stand on the landing wondering if you dare count the next steps. One, two, three, four, five, and so on until you reach thirteen. Then you are on another landing.

This confirms all your fears, but you can see the bottom, so you go down the remaining four steps until you reach the sidewalk which takes you away from the haunted places.

You are shaking, trying to get your breath. But, you rationalize. Thirteen isn't unlucky; that is just for superstitious people. Whereupon you step off the curb to continue on your way home, and you slip, and you turn your ankle, and you skin both your knees, and then proceed homeward, limping and muttering unprintable nothings to yourself.

### Lebenbaum Addresses Electrical Engineers

Paul Lebenbaum, for ten years chief electrical engineer of Southern Pacific Railroad, spoke before the university chapter of the American Institute of Electrical Engineers last Wednesday night.

Lebenbaum expressed the opinion that electrical locomotives will not replace steam engines completely, or at any rate, not at any time in the near future. He supervised the building of the electrical railway across the San Francisco Bay bridge, which was later abandoned by the Southern Pacific because of its failure to meet automobile competition, and still be a paying proposition, the speaker said.

## Wolf Pack Frosh Begin Ball Season

### Play Hawthorne Tonight, Other Schools Later

After three weeks of practice, the freshman quintet will play Hawthorne high school tonight at 7 o'clock in the university gym.

The frosh team does not have a definite schedule this year, and so intend to play most of their games near or in Reno to eliminate travelling. Their competition will consist of Reno, Carson City, Sparks, Fallon and Stewart high schools.

Members of the squad are Don Bell, Mike Drakulich, Bruce Shaw, Harold Hiltz, Steve Maffi, Les Hawkins, Bob Williams, Tony Martinez, Don Kramer, Tom Ebert, Bob Knox, Tom Cross, Dave Fulstone, Frank Bacigalupi, Bruce Belnap, Robert Bruce, Robert Drown, Jim O'Neil, Neil Olds, Carl Smith, Dan Murphy, Murv Brannon, Milton Crew, Ray Alazzi, Lewis Richards, Lyle Minor, George Turcott and John DeLa Mare.

## Tri-Delts Awarded Herz Parade Trophy

Possession of the Herz revolving trophy has been awarded to Delta Delta Delta until October 1, 1943, at Senate meeting Wednesday evening.

The trophy is awarded for the prize winning float in the Homecoming parade. However, if on next October 1 there is to be no parade, the trophy will be turned over to the library and exhibited in the trophy cases for the duration.

### University Women Sign With AWVS

#### Enlistments Total Ten; USO Has 50 Coeds

Ten university women have enrolled in the American Women's Voluntary Services and approximately 50 are entered in the USO in answer to the organizations has increased greatly in women in war work. Interest in these organizations has increased greatly in the past two weeks, however there are still openings in both groups, officials report.

Some of the activities of the AWVS include work at the Office of Civilian Defense, the war rationing board in the distribution of ration cards and registration of cars, bond selling, USO, and receptionists in the AWVS office. Women enrolled so far are Phyllis Kanters, Peggy Mueller, Alice Hardy, Jo Ann Record, Joyce Record, Thelma Charlton, Julia Sorenson, Arlene Meriardo, Faye McMullen and Elice Williams.

Fifty women students have applied for junior hostess work at the USO Miss Eldora Lewis, secretary of the organization, announced this week. Most of the girls are either Tri-Delts or Thetas.

They will assist in entertaining enlisted men at the recreation hall and are particularly needed each weekend, Miss Lewis said.

Other campus women interested in the work are urged to make application at the USO building.

### Tri-Delts Plan Slumber Party

Purple and scarlet stripes, plaids, and polka dots will be the rage at the Tri-Delt pajama party next Tuesday night when 60 actives and pledges gather at the chapter house for the semi-annual slumber party.

The party will be from 9:30 pm until breakfast, and there will be prizes for the best class skit and the loudest pajamas, according to Ruth Mary Noble, who is in charge of the affair.

### Newman Club Meets; Father Eagleton Speaks

The Newman Club, Catholic young people's group, met Sunday, November 15, in the social hall of the Catholic Church for a communion breakfast.

Father Eagleton conducted the service and delivered a short lecture. Committee in charge of the breakfast was Norma Quilici, Sheila McCarthy, Dick Vietti, Jim Forsyth, Hazel Eather, Jack Downing and Andy Dodd.

### Jackie Reid Lone University Woman In Ambulance Corps

If you see a pretty coed streaking out of Club Fortune some frisky morn a little after 12, it isn't Cinderella trying to beat her fairy godmother's curfew, but Jacqueline Reid, member of the Red Cross Motor Ambulance corps, on an emergency assignment.

Last December 14, just seven days after Pearl Harbor, Miss Reid decided to do her part in whipping the Axis, so she joined a Red Cross motor corps class for women. The courses given by Red Cross personnel and local automobile mechanics include 60 hours of automobile repair work and 30 hours of first aid instruction.

At the end of the course the students are given certificates showing that they qualify as active members of the women's emergency group.

Always on Call  
Miss Reid wears a blue uniform and overseas cap when on duty, which may be any time during the night or on weekends. Members of the corps must be prepared to answer emergency calls at night.

In case of incident drill (air raid drill) motor corps volunteers report to assigned stations to take care of possible casualties. The Sparks' railroad yards is the station to which she reports.

Miss Reid, junior KAT, is the only University of Nevada coed who has volunteered for this particular war service.

### Sagens Determine War Sale Method

#### Coed Group to Sell In Competition

War stamps will be sold on campus on a competitive basis with other service organizations by the Sagens, it was decided at a meeting of the group Tuesday evening. Yvonne Rosasco, president, presided.

As a result of the good turnout for the last assembly, it was suggested that the group file into the assemblies in a body.

A schedule was drawn up for the sale of ice cream at basketball games. However, due to a possible shortage of ice cream or the difficulty in getting it to sell, other plans are also being made for service work to be done at the contests.

New members received their Sagens emblems and the sweaters will be here soon, Miss Rosasco stated.

### Barbs Leaders Schedule Meets

At an executive session, officers of the Independents this week reorganized the schedule of meetings for the remainder of the semester.

Regular and executive meetings will be held on alternate Mondays. This will enable the executives to formulate a plan of business to be considered by the group as a whole.

The Independents may add paper to their scrap drive if the plan is approved at the regular meeting next Monday. The drive has been extended by President Ed Monsanto until trucks are available to gather the scrap.

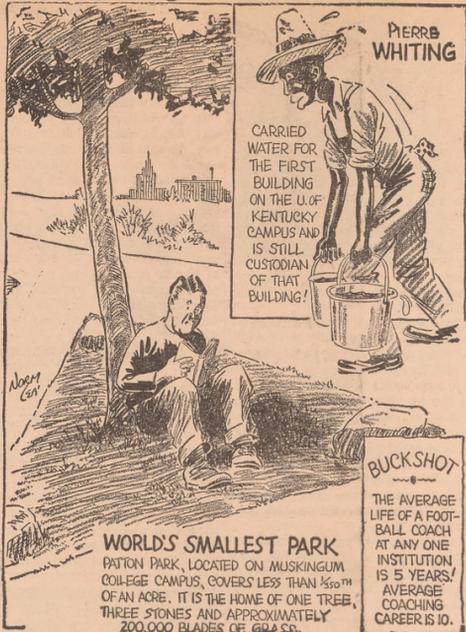

### McIntosh Speaks To Wesley Group

Members of the Wesley Foundation heard John McIntosh, youth leader in the Methodist Church, talk about the aims of youth and the war Sunday afternoon.

Two hundred dollars was presented to the group by a donor who requested that his name not be disclosed, Margaret Sears, president of the group, said today. Part of the money will be used to redecorate the meeting hall in the basement of the Methodist Church. The next meeting will be held December 13.

A sugar daddy is a form of crystallized sad.

### Collegiate Oddities

BUCKSHOT  
THE AVERAGE LIFE OF A FOOTBALL COACH AT ANY ONE INSTITUTION IS 5 YEARS. AVERAGE COACHING CAREER IS 10.

### Women Graduates Urged to Enlist In Nursing Schools

Nineteen thousand student nurses must be recruited by January to meet America's nursing requirements, it was disclosed at the meeting of the National Council for War Service and the government's sub-committee on nursing on November 12.

Council officials particularly urge college women graduating at midyear to enroll in professional nursing schools. Besides the immediate need for nurses in the armed forces and for guarding the civilian population against epidemics and disease, the council points out that the post-war reconstruction offers unlimited possibilities for service at home or abroad for the trained nurse.

To qualify as a student nurse, a woman must be between 18 and 35 years of age. College education is desirable. Nursing schools charge tuition but usually give free room and board to a student during training. Lack of funds need not discourage any qualified woman; federal scholarships are now available to cover the tuition fees in most nursing schools. Although the training period varies among the country's 13,000 nursing schools, three years is the average.

To simplify recruiting, the Nursing Council for War Service has set up a clearing and information bureau in New York. Qualified women who write to Nursing Training, Columbus Circle, New York City, will be sent a list of the nursing schools in their vicinities.

### SMITH GOES TO L. A.

Professor William I. Smyth of the school of mines has gone to Los Angeles where he will attend the graduation of his son, William I. Smyth, Jr., as a meteorologist.

### Pi Phi Barn Dance Tonight at House

#### Chapter Basement Used Instead of Moana

The annual Pi Phi barn dance will take place Friday evening in the basement of the chapter house.

The basement is being used this year in view of the fact that gas rationing would make traveling difficult to the heretofore used Moana dance hall.

Saddles, hay and saw-horses will provide the atmosphere. Buddy Williams' orchestra will play.

Mr. and Mrs. Joe T. McDonnell, Dr. Ernest L. Inwood and Mrs. Dorothy Grill will be guests. Katie Little, chairman of the affair, will be assisted by Helen Meaker and Gerry MacFarland.

### University Skiers Make Final Trips For the Duration

Even though skiing seems to be out for the year, a few of the rabid ski enthusiasts are doing their best to keep the sport alive in this area.

With the Mount Rose ski area closed for the duration, U. N. skiers are taking their last thrills and spills on the crest of Donner Summit. A small up-ski, under the management of Charles Van Every, is being operated at Soda Springs Lodge, three miles on the west side of the summit.

Among those who took their last automobile trip to the snow areas last Sunday were Ash Baker, Bernie Smith, Helen Meaker, Alice Hardy, Barnes Berry and Cross Stead. From now on, these students stated, their ski transportation will be furnished by Greyhound buses, which incidentally, leave Reno at about 4 am.

With gasoline rationing, rubber shortage and what have you, there is no doubt that after the first of the year all of the ski areas will be closed and Nevadans will put up their skis for the duration.

### PEPPERS SERVICE ASKED

At President Leon W. Hartman's request, the Blue Peppers will appear in uniform at the Memorial Day program Tuesday morning, according to Valerie Snell, drill leader for the group. They will function as a pep organization.

24 WEST COMMERCIAL ROW TELEPHONE 7131

### MANY TWINS ATTEND SCHOOL THIS FALL; FROSH CLASS LEADS

Five complete and two half sets of twins are going to the university this fall ranging from freshmen to seniors, but all are girls except two.

They major in everything from dietetics to mining engineering and come from all over, from Berkeley to Fallon. They total twelve people, since two of the twins of two of the sets aren't on the campus. Three and a half sets are freshmen, one is a sophomore and the other one and a half are seniors.

Robert and Roberta Butler come from Santa Maria, California. He is pledged to Sigma Rho Delta and majors in mining engineering, while she is a Pi Phi pledge.

The Berkeley, California, set is Kathleen and Isabel Blythe, who are frosh. Both are Kappa Alpha Theta pledges, but differ in majors. Kathleen takes history and Isabel journalism.

Freshman twins from Fallon are Myrl and Maie Nygren. Both are home economic majors and are pledged to Zeta Phi Zeta.

The sophomore set includes Pat and Nancy Herz, members of Delta Delta Delta. Nancy majors in dietetics, while her sister majors in social science work.

The Turano twins are seniors and majors in psychology, English and education. They are members of Kappa Alpha Theta.

Vida Jacobsen is one twin whose sister is not going to university. She is a member of Zeta Phi Zeta.

The other half twin is Nick Jackson, Sigma Nu pledge, who has a brother going to Fernley high school. Jackson is a frosh.

"Can you swim?"  
"Only at times."  
"Only at times! How strange. And when do these moments come to you?"  
"In the water."

### THE RAH-RAH BOYS

This week, in the course of reading our exchanges, we came across an editorial in The Cue, University of Dubuque student paper, attacking Who's Who in American Colleges and Universities. The piece was entitled "Who's Who—The Best Laugh of the Year."

The editorial called the publication a racket as well as a laugh, and related the incident which occurred one year at Emory College in Georgia, when, at the instigation of the student paper, the Emory Wheel, a Mr. G. C. Dooley (a 30-year-old skeleton) was nominated for a spot in Who's Who. Mr. Dooley's biography—fictitious, of course—actually appeared in the book.

The whole incident was designed to poke fun at the collegiate Who's Who and deflate those BMOC's and BWOC's who were impressed by being chosen to appear in the book. And it pretty well succeeded, in the first, at least, according to The Cue.

The Cue also pointed out that an examination of the circulation of the books outside of the ranks of those collegians who are sufficiently impressed by recognition from Who's Who to purchase the book would be surprising—in the negative.

All of which echoes our own ideas on the situation, even though we had said nothing about it in these columns when choices for this year's edition of Who's Who were announced at Nevada more than a month ago.

We are certain some of those chosen here at Nevada were quite impressed by what they considered to be a great honor—in spite of surface reactions designed to indicate a lack of regard for the recognition.

We wonder if pointing out that the biography of a fictitious character—even though he was a skeleton with Mr. Dooley for a name—can appear in the book would tend to indicate to Nevadans that there is less glamor and glitter attached to being selected than they may have thought.

Probably not. BMOC's and BWOC's will buy the key proclaiming their inclusion in the book and wear them on their already crowded watch chains—and on whatever the women will wear theirs. And the book and all the trimmings will also be purchased in large numbers.

Life magazine may think that the passing of the Rah-Rah Boys is on the way, but we're sure the end is not yet—not as long as college men and women boast egos equal to those owned by their predecessors.

And shrewd business men such as the publisher of Who's Who in American Colleges and Universities will continue to make an excellent living out of playing on that ego.

We have already noted that the local contribution to the cause is large.

Things may change and people may pass, but the Rah-Rah Boys are forever with us.

The following editorial, written by this year's editor, appeared in the March 6 issue of the Sagebrush last semester. It is being reprinted by request. It was asked for some time ago, but not until this week did we think it appropriate to offer it again. We thought it might be a good companion piece for the editorial on the Rah-Rah Boys above.

### ONE FOR THE LITTLE GUY

This is one for the little guy.

The news columns of this paper are filled every week, as they should be, with news of students who have done something or who have been accorded honors in studies or in any of a variety of activities. These people may have arrived at such success as they have had through special talent, character, hard work, or in some cases, luck.

The important point to any student newspaper is the fact of what such students have done, or how they have been honored.

This, too, is as it should be. Our existence is one of competition. The victor deserves not only the spoils but recognition of his feats.

But there are a great number of Nevada students whose names do not appear in the "Brush very often, and perhaps never are their names importantly displayed.

There may be many reasons for this... These comparatively anonymous people may simply lack special talents. They may have interests off the campus. They may have little time to study or participate in activities because they work. Or the reason may be simple inertia.

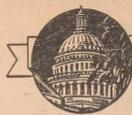

Because of the peculiar pride vested in most humans, these little guys may not even realize, or want to realize, that they are being addressed in this piece. ("Little guy" is just a convenient figure used because it is obviously distinguished from "big shot.")

But in the hope that some of the little guys are reading this, and understand what is meant, we want to say this:

You're the guts of the whole institution, and the foundation of everything that goes on here.

The frosting on top of a cake is attractive, but there has to be something else to hold it up where it is.

You're the something else, the important factor. Be duly proud of it.

### CAPITAL to CAMPUS

A. C. P.'s Correspondent Reports from Washington

WASHINGTON (ACP)—As this is written the president is signing the 'teen age draft bill. Its impact will be felt at once by colleges and universities throughout the nation.

About one-third of all male collegians are 18 or 19 years old. Prospects for these men sum up about like this: Approximately 25 per cent probably won't be taken because of physical disabilities.

Those already enlisted in college reserve training courses won't be taken—they are already in the army and apparently, passage of the bill won't appreciably affect their present status. The same goes for those in senior ROTC.

All other 18 and 19-year-old college students are subject to draft call—and fast. It is estimated they will be inducted starting about January 1. For a time it appeared that 'teen age men already in college would be able to obtain deferment until July 1, 1943. That prospect is now out the window for college men, although high school students called up in the last half of this school year may request deferment in order to finish out their terms.

Enactment of the law will probably result in a hard drive by the navy to enlist 17 year olds, since army draft of the elder 'teen age youth will seriously cut into the navy man power potential—and the navy still insists upon voluntary enlistment.

### ONLY A DIM-OUT

Passage of the bill does not mean a complete blackout of educational opportunity for college 'teen agers.

Once they are in the army, these men, as well as all other 18 and 19 year olds who are drafted, will be eligible to take aptitude and intelligence tests to determine whether they may return to college for technical and scientific training.

Past education, apparently, will be considered in final selection of draftees who may return to college. Other criteria include "qualities of leadership, military ability and aptitude for more education" as reflected in examination results.

According to Representative Sparkman, Democrat, of Alabama, the army will send more men back to college than it actually needs for its own purposes. These extra men would be assigned to industrial jobs.

Sparkman points out that the army plan calls for training periods of varying length, from 9 to 27 months. Principal courses would be medical and pre-medical courses, engineering and science. Those college men whose abilities and interests lie in the arts, fine and otherwise, are going to be at a disadvantage.

Although there is some disagreement in Washington on the point, it appears that all of the young draftees will have to complete basic training before they may return to college.

His financial status will have nothing whatever to do with whether a man is selected to return to college for training. Ironically, it takes the dictates of wartime logic to achieve a degree of democratic selection of those who should attend college.

### POST-WAR IMPLICATIONS

Which brings us to some significant post-war implications of the 'teen age draft bill.

As he signed the bill, the president announced that a committee of educators is making a study looking toward measures "to enable the young men whose education has been interrupted to resume their schooling and afford equal opportunity for the training and education of other young men of ability

after their service in the armed services has come to an end."

Although educators and officials here are chary about interpreting that statement, it is evident that there are high hopes it may mean post-war democratization of the American educational system. Or, in basic English, college education for all whose minds deserve it, regardless of ability to pay for it. Presumably, this would mean vastly extended government financing of higher education.

Even though the president's statement appears to apply only to veterans to be, it carries greater promise of post-war educational opportunity than that enjoyed by veterans of the last war.

As the president pointed out, "Some useful action along this line was improvised at the end of the last war. This time we are planning in advance." After the last war, only men who suffered certain degree of disability as a result of their service were provided post-war educational aid by the government.

College and university enrollment during the years immediately following this war will be double that of pre-war days, according to some Washington educators.

### LETTERS TO THE EDITOR

Dear Editor: Where is Curtis? His name is listed on the top of the editorial page, but I don't see his column any more. He said he'd return after mid-semester, but he hasn't come back. I wonder if he flunked out. Still, his name is in the paper, so he must be around somewhere, but where?

I have asked around my fraternity house, but nobody seems to know anything about where he went—if he went. One brother knew him and said he saw him in Colbrandt's the other night, but he didn't know if he was still going to school. His name, I told this brother, is on the editorial page as a columnist. He looked, but he said nothing except that he can't understand it either.

I guess there is a Bill Curtis around somewhere, but I'd like to know where. I have a curious mind and it gets curiouser week by week. The problem is keeping me away from my studies. I start to open a textbook and then glance at my Sagebrush and start wondering all over again.

Maybe it's a gag. I don't know. May-

### Prexy Says

BY GENE MASTROIANNI

In the past two weeks I have received several letters from student prexies on other campuses concerning moves and changes on their campuses that are intended to further the war effort.

In all cases one of the changes listed was that of abandoning formal parties and dances, and in cases where they are held, they have definitely abandoned corsages and favors with the exception of war stamp corsages.

This certainly is a fine move and would certainly be a slap in our face if we students couldn't sacrifice our corsages as thousands of other students in Pacific coast colleges are doing. We have a chance to put this to a test Saturday night at the Prom. When you fellows dig down for that dollar or dollar and a half for a corsage, stop and think a minute, and use that amount for war stamps or buy a war stamp corsage. If your gal is a typical Nevada girl, she won't mind.

Incidentally, this is a fine test for my column. I will be able to tell by the number of floral corsages Saturday night how many students read this column and think about it.

So remember, fellows, it won't be a disgrace to escort your date to the Prom without a corsage or with a war stamp corsage. A little teamwork among the men will make it easy on all concerned.

be I'm not "in the know," and the only one puzzled. Anyway, please tell me what happened to the columnist who isn't here, or is here, or is here and isn't here. Damn it, man, it's got me! BEWILDERED.

### SILVER TEA POSTPONED

Fine Arts annual silver tea, planned for the early part of this month, has been postponed until some time next spring, according to Fritz Neddenreip, president of the group. Initiation of new members, which usually takes place at the tea, has also been postponed.

### 3 Campus Actors Cast in Comedy

#### 'Arsenic and Old Lace' Title of Play

Three university actors will appear in "Arsenic and Old Lace," a rollicking mystery-comedy that will be produced the week of December 7 by the Reno Little Theater.

Joseph Kessring's mad tale of wholesale murder by two amiable old ladies provides the plot for the three-act comedy. Professor Williams plays the part of "Teddy," a crazy but happy individual who thinks he is President Theodore Roosevelt. Bob Bruce is a young drama critic in the play, while Peter Echeverria has been cast as Brophy, a policeman.

The Broadway production of the show is still enjoying a successful run in New York, having played there almost two years. The Reno Little Theater will present the play each evening beginning December 7 through December 12 at 8:30 pm.

University students will be admitted at a special rate of 39 cents each.

"I don't like your boy friend at all. Why?" "He whistles dirty songs."

The height of tough luck is to get rid of halitosis and find that you are still unpopular.

### DO YOU DIG IT?

Submitted by Mr. R. K. Phillips Huron, Ohio

"LISTEN, CRUMBS, I'M HIGH IN THE PEAR TREE WITH THIS Q. T. AND IT'S NOT ROSES I'M POURING, IT'S PEPSI-COLA THAT'S HER CLOVER!"

### \*ENGLISH TRANSLATION

This wag is telling how he got in solid with the fil. Sugar-talk cuts no ice. Just dish up the Pepsi-Cola 'cause she likes that mighty good! And no wonder—it's a very nice drink!

### WHAT DO YOU SAY?

Send us some of your hot slang. If we use it, you get \$10. If we don't, you get a rejection slip. Mail slang to College Department, Pepsi-Cola Company, Long Island City, N. Y.

Pepsi-Cola is made only by Pepsi-Cola Co., Long Island City, N. Y. Bottled locally by Authorized Bottlers from coast to coast.

### HERE IS OUR WEEKLY

get-no-place strip again. Everyone is familiar with the annual East-West football game played in San Francisco's Kezar stadium sponsored by the Shriners for the benefit of the crippled children in the S. F. Shriner's hospital and with most of the rules that govern this worthy contest.

Not many of us around here can remember how long it has been since a Nevada athlete has represented this school as a member of the West's eleven. And now comes our beef, Marion Motley, in the opinion of all students at Nevada and the football followers of the University of Nevada on the West coast sports scribes as well that Motley is as good a back as any on the coast, but race prejudice enters into their decisions at this point. The committee discriminated against Kenny Washington two years ago when the UCLA Negro youth made the second All-American team two years in succession. Washington probably added more color to coast football those two years than any gridder on the coast, but after much debating and criticism he was rejected because of his race.

This football game is played for the benefit of crippled children as has already been mentioned, and for this reason alone we believe that race discrimination should be abolished in this contest. After the Washington incident, though, Kezar stadium will probably never see a colored youth in the New Year's Day game.

This bit does not merely come from our sentiments on the old beef of race discrimination, however, but we would gladly give all our tattered shirts of Sagebrush tripegripers to see Motley behind a line equal to his abilities.

**LAWLOR'S PROTEGES TAKE OVER**  
Tonight, the 1942-43 version of Nevada basketball is somewhat brightened in comparison with that excuse for a season last winter. One man and one man alone controls this year's varsity. Jake Lawlor was the man needed for Nevada basketball as far as control and discipline are concerned. Nevada's percentage will be a great deal higher in the win column when the last game is over.

Spirit is the only thing that is worrying Lawlor as he initiates the season tonight. It is rumored that he will cut the team come Monday night mainly because certain players have not shown the right attitude or are dogging it, as Jake puts it. We can understand this spirit as far as some things stand, but hardly when it comes to a varsity sport.

**INTERFRATERNITY ATHLETICS**  
inaugurates something new this spring which ought to draw as much interest

among student populace on the Hill as any of the other contests that are also scheduled in the interfrat Kinnear trophy struggle. Softball will be substituted for skiing this spring. The contests will be played on Clark field between the track and baseball competition.

### THIS KINNEAR TROPHY DEAL

is coming down to a little personal matter between the Taus and OX's while the remaining Greeksters battle it out for the remaining third, fourth, fifth and sixth standings. The outcome of the handball singles matches will probably see the Taus draw further in front with Theta Chi picking up the second place points which will assure both fraternities of good leads in the race, but the hilltoppers will gain enough points in this sport to never be threatened again for the cup. Unless Mills defeats Etchemendy, we do not visualize the Tau men relinquishing their lead again during the school year.

**OUR GYM COMMENT LAST WEEK**  
brought the usual pat-on-the-backs from those interested in using the gymnasium on Sundays and holidays, but it was suggested to us by an interested downtown follower that we had left out two important matters regarding the use of the crackerbox.

(1) That should students smoke in the gym it is always covered by insurance which would probably net more than the building is worth, even if it only brought \$5 in case of fire.

(2) If the old gymnasium could not be used on weekends then certainly less privileges would be had when the new one is completed. Students would probably be turned away from the new building soon after classes are dismissed.

These suggestions were appreciated by this corner, especially because it was not a student who commented on the matter earlier this week, but rather parents who have taken an interest in this matter.

**THOSE DIRTY TACTICS CHARGES**  
against Notre Dame this week by a couple of coast football elevens probably rocked the grave of Knute Rockne. As we get it, Rockne's Fighting Irish among other things were noted for clean play. Certainly these charges, lodged by Stanford and USC, detract from a great many principles that Rockne established and that were carried out for many seasons after his death.

### LEIFSON TO ATTEND MEET

Dr. Sigmund W. Leifson, professor and head of the department of physics, will attend a meeting of the Engineering Science Management War Training in San Francisco Saturday.

Every Year Is Nevada's Year.

## 16 Pack Gridders Will Gain Letters For Last Season

### Two Managers Will Also Gain Sweaters for Their Work

Sixteen varsity gridders and two managers will receive Block N awards for their work on the football gridiron this season.

Players receiving awards were John Hatalla, Turk Eliades, Marion Motley, Fred Wristen, Hugh Smithwick, Vince Poulakidas, Ken Sims, Floyd Edsall, Shea, Don Talcott, Dan Potter, Sam Bob Cashbaugh, Jim O'Neil, Bill Parish, Bob Wise and Stan Cohen.

Smithwick, Shea and Motley earned their letters for the third straight year, while Potter and Hatalla are two-year men.

Seniors have a choice of the Block N sweater, an award jacket, or the blanket. Juniors may choose between the sweater and the jacket, and underclassmen will receive the Block N sweater.

Last year there were 21 men who received awards showing a five-man drop on this season's team.

## BUGLE CALLS

Any contributions to Bugle Calls who have had connections with the university will be greatly appreciated by the Sagebrush. This information may be turned in to the editor or any member of the 'Brush editorial staff.

Dick Kellison recently received his commission as a bombardier in the Army air forces in Roswell, N. M. Kellison, a Sigma Nu, was a sophomore last year.

Ensign Grant T. Anderson, Navy air corps, was in Reno recently. Anderson, a Sigma Rho Delta and a mechanical engineer while on the campus, escaped with slight injuries in a plane crash in Washington recently.

John Suverkrup was recently accepted by the Navy air corps. A junior last fall, he has recently been working with the United Press in Helena, Montana. He was a member of Lincoln Hall Association (Sigma Rho Delta). His father, Art Suverkrup, works for the United Press in Reno.

Private Bill Harrigan, inducted into the Army last summer, is studying aerial photography in Denver, Colorado. Harrigan, a junior at the university last year, was a Sigma Nu.

Bill Gustin, radio technician third class is training in the Navy radio school at Oklahoma A & M. Stillwater, Oklahoma. Gustin was a junior Sigma Rho Delta.

Captain Clifford Quilici, '40, is in the Marine corps, on duty in the south Pacific. He was junior class manager, and active on student committees and in service organizations. Quilici was a Sigma Nu.

Captain Ointo Barsanti was recently married at Fort Sam Houston, Texas. A 1940 graduate, Barsanti was a Sigma Nu, and a member of Scabbard and Blade, honorary military fraternity.

First Lieutenant Floyd E. Wikstrom was recently promoted to the rank of captain in the Army air forces at Randolph Field, "West Point of the Air." He was a student from 1938 to 1940.

George Moore, former student, is commissioned second lieutenant in the medical corps and training at the Northwestern Medical School. While on the campus he was president of the Band, a member of Delta Delta Epsilon and affiliated with Theta Chi.

Allen Beers, former electrical engineering student, is now an electrical technician with the armed forces in Alaska.

Peter Kelley, journalism graduate in '41, is now stationed at Fort Douglas, Utah. Kelley is from Eureka and on the campus was affiliated with ATO fraternity.

Jack Diehl, member of SAE and Blue Key and also junior class manager at the beginning of this semester, is stationed at the army reception center in Salt Lake City.

George Ricker, who was a pre-med student at the university during 1939-40, is now an aviation instructor at

## BIG MOT

Marion Motley was accorded honorable mention this week on the United Press all-coast team. Star Wolf Pack halfback, he is being boomed for a spot on the western team for the East-West Shrine game on New Year's Day.

## Grid Scorers Led By Marion Motley

Big Marion Motley led the Pack's scoring column this week with a total of 45 points out of Nevada's 81.

Following Motley in individual scoring honors was Bob Clark with 12 points. John Hatalla, Fred Wristen, Kenny Sims and Turk Eliades each tallied six points during the season.

Sheppard Field, Texas. He was recently promoted to the rank of corporal.

Donald Dondero, student at the university during 1938-39, this week received his Navy wings and was commissioned an ensign in the Naval Air Corps at Corpus Christi, Texas. Dondero is from Carson City.

Completing his training at the officer's candidate school at Fort Benning, Ga., Alan C. McGill, former Nevada student, was commissioned a second lieutenant in the Army recently. Lt. McGill attended school in Ely and then attended the University of Nevada. While on the campus he was a member of Colman and Keys, Sundowners, associate editor of the Sagebrush, and served his fraternity, Sigma Phi Sigma, in the student senate.

Before entering the armed services McGill was employed by the Reno Evening Gazette.

Capt. Alden Grant, who attended the University of Nevada 1916-1918, is the post construction engineer at the Reno Air Base at Lemmon Valley. He was graduated from the University of California.

His wife, the former Frances Jones, a graduate of the university, is living in Reno.

Mack Andrews, member of Alpha Tau Omega and Blue Key, will leave Tuesday for Santa Ana where he will begin his training in the Army Air Forces.

Warren Hursh, another ATO, also expects to leave for Santa Ana within a few days.

Students who have recently withdrawn from school to enter different branches of the armed forces are: Navy—Ken Bradley, Eden Stapley, Ken Olinghouse, Ernest Urrutia, George Welsh, James Winslow and Howard Campbell. Army—Eli Evasovic, Jack Haller, Wayne Sprague, Edmund Lee, Dick Meffley, Ed Molinari, Ray Oyarbide, James

## ATO, Theta Chi Still Undefeated

### Etchemendy Scores 4 Straight Wins; Alfred Mills Triumphs In Three Handball Matches

ATO and Theta Chi remain undefeated in the first week of interfrat singles handball competition.

The Taus have won four straight, following Willie Etchemendy's win over Paul Arenaz of the Independents yesterday afternoon.

Theta Chi, led by Alfred Mills, has thus far won three out of three, and is slated to meet SAE who is now tied with Sigma Nu and Sigma Rho Delta for third place. Lambda Chi and the Independents are now in second with two wins and two losses, and the Phi Sigs are trailing with four losses.

At 4 pm Monday, Phi Sig will meet ATO at 5 pm, Theta Chi will tangle with the Taus; SAE and Lambda Chi will fight it out at 7 pm, and at 8 pm, Sigma Nu will play the Independents.

	Wins	Losses
Alpha Tau Omega	4	0
Theta Chi	3	0
Lambda Chi	2	2
Independents	2	2
Sigma Nu	1	2
Sigma Rho Delta	1	2
Sigma Alpha Epsilon	1	2
Phi Sigma Kappa	0	4

Righetti and Allen Rogers. Marines—Truman Jones and Lee Earl.

Tommy Kent, Nevada U. track star of last season, is on shore patrol duty with the Navy at Marro Bay, Calif.

Claude Silverwood, '39, graduate of the University of Nevada and principal of the Ely grade school for the past year, left Friday from Reno where he will begin indoctrination training as an ensign in the United States Naval Reserve.

## Softball Replaces Skiing in Interfrat Sports Competition

The Greeks in an all out war effort will not be out for skiing this year.

This was decided at a meeting of fraternity athletic managers held last Tuesday, as the result of the closing of the Grass Lakes ski area because of gas rationing.

It was decided that intramural softball will be substituted, taking place between track and baseball competition near the end of March.

Softball will be a double elimination tournament and points won will be counted toward the Kinnear trophy.

Dan Murphy, university freshman, enlisted in the Navy this week and will leave soon for the radio school at San Luis Obispo.

After three months training there, he will spend five months at the school at Treasure Island. Upon graduation he will be rated radio technician first class

in the Navy. He is the son of State Mine Inspector and Mrs. Matt Murphy of Carson City.

Richard Kellison recently graduated from the Army flying school at Roswell, N. M., and received a commission as second lieutenant.

Lt. Kellison was affiliated with the Sigma Nu fraternity while attending the University of Nevada.

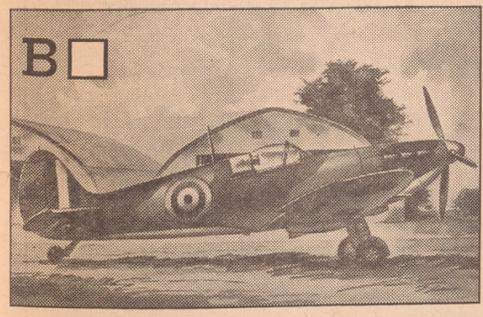

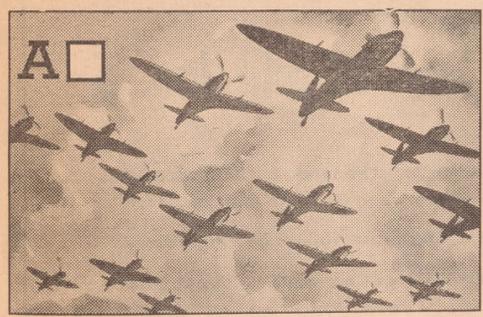

Robert Peterson recently withdrew from school to join the Army Air Corps in New Mexico, where he will give flying instructions to RAF pilots from South Africa.

## WHICH would you vote "most likely to succeed?"

"The Aircraft Warning System gives a single plane on ground alert the equivalent striking power of 16 planes on air patrol." This startling statement comes from England.

Our country's Aircraft Warning Service—quite similar to England's—needs a constant check on the flight of all aircraft. Should the need arise, it is prepared to send fighter planes aloft, to mobilize and direct ground defense forces, to warn endangered areas. Every step in its operation requires the fast, accurate communication of the telephone.

This is just one of the many wartime jobs that are keeping telephone lines busier than ever before. To help us keep lines clear for vital military and industrial calls, please avoid using Long Distance to war activity centers unless the call is urgent. And please keep all your telephone calls as brief as you can. Thank you.

## Aggie Club Renews Fight for Farm In State Assembly

### Legislative Lobbying Planned by Group To Pass Bill

The university Aggie Club began its campaign again to secure the return of the University Farm when plans were laid this week for legislative lobbying. Leonard Anker, secretary, stated.

Two years ago the Aggie Club began its drive for the return of the University Farm, which is located about three miles south of Reno. It secured the drafting of a bill appropriating \$38,000 for its rehabilitation by the Ways and Means Committee of the state senate.

The senate passed the bill without a dissenting vote, which then went to the assembly chamber, where it was referred to that body. On the third day before adjournment of the legislature the bill was voted out of committee, and cut to \$30,000. Then it passed the assembly, also without a dissenting vote. The bill was returned to the senate who approved the amendment. Then it was sent to the Governor for his approval.

Ten days elapsed without the Governor signing the bill. According to law the bill will now be brought before the new legislature, and if each house passes it by a two-thirds majority, the aggies will once more have a farm.

In charge of working for the farm's return is a committee composed of Leonard Anker, Art Palmer, Leroy Talcott, Noel Willis, George Grey and Henry Stewart.

## Thirteen Members Join Sundowners

### Chicken Chase Held In Evans Park

Thirteen men were initiated into Sundowners last night and today, and the bum jungle was set up in Evans Park behind the SAE house. The annual chicken chase was held this morning in the park immediately after the assembly.

Those participating in the initiation were Leroy Talcott, John Gamble, Bob Uhlig, Bob Wise, Dan Potter, Nick Mastrovich, Bob Towle, Willie Cristani, Dean Berry, Croston Stead, Neil Stewart, Bud Bowers and Eugene Michal.

Forrest Nickles was unable to be initiated because he fractured his leg while dealing out swats to fraternity brothers. Nickles will be initiated next semester, Don Burrus, president, stated.

The quiz-minded child said to his parents, "I'm going to have a nickle true or false."

## \$80 Sold So Far In Buy-a-Brick Campaign Sales

Roughly \$80 worth of bricks have been sold so far, Kathryn Berman, Sagen vice-president and chairman of the brick selling, announced yesterday.

This does not approximate the annual average (\$115) of the brick salesmen in past years, but exceeds last year's total of \$68.90.

Brick sales from 1933 to 1941 amount to \$1,040,622, the interest bringing this sum to \$1,218,322. Officials estimate that in nearly one thousand years a new ASUN building will be possible.

## Marquis Visits; Prepares Program

### Wheeler Supplies Radio Material

Arnold Marquis, radio script writer and producer, visited the campus last Tuesday gathering information for University of Nevada's third radio broadcast on "Unlimited Horizon."

Interviewing Harry E. Wheeler, assistant professor of geology, Marquis gathered information on Wheeler's research into the geology of the earth's crust which will probably be featured in the radio program.

"Unlimited Horizon" will be heard over the Red network of NBC from Hollywood Sunday, December 20, at 8:30 pm.

Rotating with five other universities, which include Stanford, California, Santa Clara, Arizona and California Institute of Technology, Nevada's series of "Unlimited Horizon" is continued every six weeks.

## Earthquake Cracks Plaster in Aggie, Mackay Mine Rooms

The series of earth shocks yesterday morning caused noticeable damage to both the Agricultural Extension building and the Mackay School of Mines.

In both buildings plaster was cracked and some fell from the walls. Greatest damage was done in room 207 of the mines building, where the plaster cracked across the entire width of the west side of the room.

Many ore specimens fell from shelves of the display cases in the Mackay School of Mines Museum.

No record of the quake was made here as the University of Nevada seismograph requires new parts that cannot be obtained without a priority. However seismographs at the University of California placed the center of the quake a few miles from Reno.

## Guild Commissioned Second Lieutenant In Army Infantry

Clark Quild, Jr., ATO, was commissioned a second lieutenant in the infantry and will report for active duty on December 16, it was learned here today.

Quild graduated from the Brown Military Academy in San Diego in 1938, and received his summer camp training at the presidio in Monterey.

He was notified that his commission was granted last Wednesday, and that he was to report for duty at Camp Roberts.

### COLONEL INSPECTS POMONA ROTC UNIT

Colonel John H. Gibson, professor of military science and tactics, returned Tuesday from an inspection tour of the senior infantry ROTC unit of Pomona College located in Claremont, Calif.

It seems there's never a slack season in the monkey business.

Some girls, are like cigarettes. They come in packs, get lit, hang onto your lips, make you puff, go out unexpectedly, leave a bad taste in your mouth—and still they satisfy.

## Over 250 Officers Trained by ROTC Serve in Army

### 250 More Now Working Toward Commissions In War Army

More than 250 officers of the United States Army infantry serving through out the world were trained and commissioned by Nevada's ROTC during peacetime, according to figures released by university officials.

The figures also show that partial training toward commissions during the past 26 years were received by approximately 5000.

Enrolled in the ROTC now, another 250 men are now working toward commissions at the university. Of this number 50 have completed a basic, two-year ROTC course and are at present enrolled in advanced military science and tactics.

At the successful conclusion of the advanced course, the trainees will be commissioned as second lieutenants in the infantry.

One of the first ROTC units in the nation, the University of Nevada unit was established in the autumn of 1916 soon after the corps was authorized by the National Defense Act of 1916.

Same Basis

Giving military training a new and definite purpose, the military department of the University of Nevada was established on the same basis of academic credit as any other university department.

Previous to the beginning of ROTC military training, the university had a military course which was conducted in compliance with the Morrill Act of 1862.

Through an extraordinary concession of the secretary of war, Lieut. Arthur C. Duval, of the 24th infantry, was detailed to the University of Nevada to instruct men in drill and military tactics. He organized and drilled his first class of cadets in the fall of 1888.

### Apply for Commission as Second Lieutenants In Infantry

Six men, who have completed military training at the university, made applications for commissions as second lieutenants in the infantry recently.

The six men who are now completing their last semester of the advanced course, and who have completed four semesters or its equivalent of basic ROTC training, are Jim Barrett, George Basta, Irel Carter, Bill Shewan, Jim Warriner and Hugh Wilton.

Barrett will receive his commission on January 21, as he has already completed his summer camp training. The other five will go to six weeks of service school, upon finishing advanced military courses here this semester. When they have successfully completed service school training, they will also receive commissions as second lieutenants in the infantry division of the Army.

## Basic Students In Military Can Join Reserves

Staff Sergeant Michael J. McCormick announced a new ruling issued by the War Department this week concerning enlistments in the Naval, Marine Corp and Coast Guard Reserve.

McCormick said the following statement had been received, "Students enrolled in basic ROTC are now eligible for direct enlistment in the Naval, Marine Corp or Coast Guard Reserve, and will continue in basic ROTC after such enlistment."

Previously a basic ROTC cadet could not join one of these reserves.

## Marine David Finch Visits Alma Mater On Recruit Duty

Staff Sergeant David W. Finch, United States Marines, was on the campus recently with a naval and marine officer procurement board.

Sergeant Finch graduated from this university in 1936 with a two-year normal certificate. In 1939 he received his A. B. degree (cum laude) from Stanford University.

For many years until his enlistment in the Marine Corps last summer, Sgt. Finch was the head of the English department at Reno High School.

Finch is now stationed at San Francisco.

As soon as a girl begins to pet indiscriminately the whole town seems to be on her neck.

## Changes in Staff Made This Week By 'Brush Editor

Sagebrush staff changes were announced this week by Editor Bill Friel. Some of the changes were promotions, and others were made in line with increased departmentalization of staff work.

"Positions on the Sagebrush are not static," Friel explained in making the changes. "You can go up and you can go down."

Jack Fleming and Bill Henley were named news editors. Fleming was formerly listed as senior editor, while Henley was an assistant editor.

Lois Bradshaw was promoted to the rank of assistant editor, having been junior editor.

Two shifts made in line with departmentalization of duties were Jerry Wetzel's appointment as sports editor and the naming of Viola Sorensen as women's editor. Wetzel was an assistant editor; Miss Sorensen an associate editor.

## Six ROTC Cadets Complete Advance Work This Fall

### Apply for Commission as Second Lieutenants In Infantry

Six men, who have completed military training at the university, made applications for commissions as second lieutenants in the infantry recently.

The six men who are now completing their last semester of the advanced course, and who have completed four semesters or its equivalent of basic ROTC training, are Jim Barrett, George Basta, Irel Carter, Bill Shewan, Jim Warriner and Hugh Wilton.

Barrett will receive his commission on January 21, as he has already completed his summer camp training. The other five will go to six weeks of service school, upon finishing advanced military courses here this semester. When they have successfully completed service school training, they will also receive commissions as second lieutenants in the infantry division of the Army.

## Return of Prunty Announced by Dept.

Captain Thomas C. Prunty will return to the university military department shortly, it was announced this week.

Captain Prunty, who has been touring colleges, junior colleges and universities in the western states as the Army representative on a joint traveling Army, Navy and Marine recruiting board, will resume his former duties when he returns.

At present he is receiving treatment in the Letterman General Hospital in San Francisco.

## Men Continue Work On New Gymnasium

### Foreman Short of Labor And Materials

Despite difficulty in obtaining materials and labor, the construction of the new gym is progressing day by day.

The ceiling over the main floor is being constructed by workmen perched on scaffolding. Electricians have started the wiring for the indirect lighting system.

Physical education staff offices have been plastered and the woodwork has been given its first coat of paint.

The plastering in the women's locker room is finished and water pipes have been installed. The men's locker room is as yet in a rough stage.

Part of the equipment for the air conditioning system has arrived and will be installed soon, but will not be usable until a priority can be obtained for the necessary fans and motors, according to the carpenter foreman.

The band room walls have been finished and lights installed. Both the ceiling and walls of this room are sound-proof.

## WAAC Reserve Open To College Women

University women may be immediately enrolled in the WAAC reserve, according to word received in the dean of women's office this week.

A telegram received by Dean Lucile B. Benson from the ninth service command, San Francisco, stated, "College and business college women may be immediately enrolled in the WAAC on reserve status until completion of year or course end."

No other facts were disclosed, although additional information is expected.

## Galloway Brothers Receive Promotions Three Weeks Apart

Both receiving promotions in the Army within the last few weeks, Fred and Harry E. Galloway, University of Nevada graduates and sons of Mr. and Mrs. Ernest Galloway of Susanville, Calif., have been assigned to Fort McClellan, Ala., according to information received here last week.

Harry, '39, was promoted to first lieutenant on October 15, while Fred, '38, was commissioned a second lieutenant upon completion of officers' training at Fort Benning, Ga., November 9.

Harry was a member of Blue Key, Alpha Tau Omega fraternity and a cadet major in Seaboard and Blade. He was graduated with a second lieutenant commission in the Army reserve with which rank he entered the Army infantry in February.

Fred was a member of the varsity football team, Block N society and won the Elk's athletic scholarship in 1938. He was inducted on April 1, while employed by the U. S. Census Bureau in Washington, D. C. He received his basic training at Camp Roberts, California, from which he went to Fort Benning.

## Gifts to Orphans Replace Annual Trip To Carson Home

The athletic board has not made any decision as to whether or not there will be a varsity ski team, but it is almost definite that the board will abolish varsity skiing this year for the same reasons that the interfrat skiing was called off, according to Joe T. McDonnell, graduate manager.

Every Year Is Nevada's Year.

# DON'T "TRY THE TRAIN" Between Dec. 15 and Jan. 5

- ★ Advance reservations must be made for both coach and sleeping car travel between Dec. 15th and Jan. 5th.
- ★ We can not make coach reservations by telephone.
- ★ No coach reservations will be made unless you have a ticket.
- ★ Seats in coaches will be sold only to seating capacity of cars.
- ★ No extra sections of regular trains will be operated.

Southern Pacific is facing a critical situation in connection with holiday travel. Many thousands of men in uniform are being given holiday furloughs. We think everyone agrees that these men should be given first consideration. We intend to carry them wherever they wish to go.

Where men in uniform are not going on furlough they will be visited, in many cases, by their parents or wives. Their travel requirements must be recognized, too.

The tide of war traffic — troops, equipment, supplies and war materials — is mounting higher and higher, and we are hard pressed to supply the equipment to move it. Every locomotive we have or can rent is being used. The supply of passenger-carrying cars left for civilian use is naturally reduced.

Consequently, we will not be able to carry all the people who want to make holiday trips, despite all our efforts to increase the passenger-carrying capacity of our trains.

This is why we ask you not to travel during the holiday season.

S-P The Friendly Southern Pacific
