

NEW GYM MAY BE READY BY NEXT MONTH

Enlisted Reservists Are Given Two Weeks After Semester

Announcement Sent To Other Colleges

Seniors May Finish Next Semester

BULLETIN—Colonel Gibson received substantiation just before press time of the statement released by California's president, Dr. Sproul, that at least two weeks grace would be given reservists called to active duty. This, he explained, was the only further detail he had received from the war department.

Neither President Hartman nor Colonel Gibson had knowledge last night of the details of the service reserve programs announced by certain other college authorities, including the presidents of Notre Dame and California, from reports given them by the Army and Navy.

Certain additions to the originally announced program, such as the time of departure of the Army reservists and the one-semester exemption for all seniors which these men have given out, have not been received at Nevada, according to Colonel Gibson.

Colonel Gibson is emphatic in stating that this does not constitute a denial of the statements, rather making the distinction that the information has not reached his office.

Robert Gordon Sproul, president of the University of California, recently indicated that Army enlisted reservists will be called to active duty two weeks after the end of the current semester. In a report released to the school's student body, based on a war department report, he said, "No orders (to Army reservists) will be given to report on a date prior to two weeks after the completion of the student's first academic quarter, term or semester terminating after Dec. 31, 1942."

This would mean, in the case of Nevada, that reservists not deferred a semester by reason of senior ROTC enrollment or other previously-stated considerations, would go not before the two-week period after close of the semester, January 21.

From another source, Father O'Donnell, head of Notre Dame, came the statement that "seniors will not be called into active duty until May." This Father O'Donnell quoted from a confidential release to the institution from the Army and Navy in connection with the Army reserve. Interpretation of the original plan indicated that only engineers from the senior class would receive one-semester deferments.

Meanwhile the same confidential report seems to assure Navy V-1 and V-7 men of continuance in college until graduation, in the case of the juniors and seniors, and until upperclass standing in the case of freshmen and sophomores. It states that "all such enlistees will be placed on active duty with full pay, subsistence and uniforms—at a date to be announced. Present seniors will be given one more semester; juniors will be given three more semesters; sophomores will have four more school for four or five additional semesters. All will be given their choice of college."

Get-Together Dance For Next Semester, Art Palmer States

The twenty-fifth semi-annual Blue Key get-together dance will be held the first weekend in the new semester. Art Palmer, president of the society, stated today.

The plans for the dance will be completed at a meeting of the Blue Key next Thursday. Dances have been sponsored by the national service society on the campus at the beginning of every semester since 1931 and that tradition will be continued this year.

WAA INITIATE TEN

Ten members were initiated into the Women's Athletic Association Wednesday afternoon at a general meeting. Clara Beth Haley was in charge and Mary Kathryn Carroll, president, officiated during the initiation.

Dorothy Reynolds, Nevada's representative at the dance conference at San Francisco State College, gave a report of the conference. New members initiated were Beulah Haddow, Myrl Nygren, Terry Nagle, Marie Hicks, Melba Trigero, Nancy Herz, Frances Frandsen, Madge Elder, Hope Fleming and Virginia Bell.

Pep Assembly Held In Preparation for Tonight's Ball Game

A pep assembly was held this morning in preparation for the Nevada-St. Mary's basketball game to be played in the old gym at 8 o'clock tonight.

Four members of the Gael squad, Angelo Maestri, center; Ed Cerf, forward; Gus Mota, forward, and John Feerick, guard, were introduced by St. Mary's captain and guard, Bill Burke. Coach Jake Lawlor made a few comments on both teams stating that neither team could be called the underdog before tonight's game tussle, but that both should provide a good game.

Yell leaders, Carl Diggins and Dorothy Savage, and the newly appointed assistants, Paul Weaver and Betty Poe, led several yells before the close of the program.

Gold Star Added To Service Flag For Nevada Hero

Lt. William Bennett Killed in Action in Pacific

The first change in the gold star service flag since its presentation to the university has been made for Lt. William Bennett who was killed in action December 3 in the New Guinea area.

The addition raises the number of former University of Nevada men killed in action to ten.

The number now 853, which appears on the gold star flag, includes reserves, who were enlisted before the presentation of the flag. Additions to the number will be made on an average of twice a semester for the university men who enter the services, Miss Katharine Riegluth, custodian of the university war records and chairman of the service flag board, said today. The change in the number will be made soon.

Committee Plans To Change Spring Social Calendar

Dean R. C. Thompson has called a meeting of the calendar committee for 4 pm Monday to discuss plans for rearranging schedules for coming university dances.

Due to steadily decreasing enrollment and "crowding" on certain weekends, the number of dances should be cut down for next semester in order to avoid financial failures, Dean Thompson said.

Campus Sales of Bonds and Stamps Begun by Blue Key

Starting the campus service clubs bond and stamp drive today, Blue Key sold \$150 in bonds and about \$60 worth of stamps, John Gabrielli, drive chairman, announced.

Students buying bonds were Mrs. G. B. Barton and Hugh Wilton, \$50 one each, and Jackie Reid and Dave Campbell, a \$25 bond each. Dick Cameron bought \$5.75 worth of defense stamps. Cooperating with Blue Key, all members of the men's and women's upper-class committees made froth tradition violators during the day buy either a 25 or 50-cent stamp.

The sale took place in a booth opposite the library, and had a representative of the Blue Key committee on duty at all times from 8:30 this morning until three. Every time a sale was made, they rang a gong signifying the fact.

Blue Key members of the committee assisting Gabrielli with the drive were Bob Hoyer and Rodney Boudwin.

Hoyer is also the chairman of the ASUN Senate committee in charge of all service club sales. He announced that the next bond and stamp drive would be the first Friday in February and will be sponsored by Sagers, men's underclass service club.

Dean Wood Says All Men Required To Take PE

War Council Decides Toughing-Up Course Is Vital Now

To harden them for service with the armed forces, physical education will be required of all men at the University of Nevada beginning with next semester, according to Dean Wood, chairman of the Nevada war council.

At present only first and second year men are required to take physical education.

The wartime PE course will be much more intensive than the regular work and will consist chiefly of setting-up exercises such as are given by the Army, Navy and Marine corps to men in the service.

One Hour Although the matter has not yet been settled, it is probable that one hour of physical hardening will be given each class day during the week. When possible, the setting-up exercises will be given out of doors.

Men who are physically disabled or who already are engaged in collegiate or non-collegiate activities furnishing the same kind of exercise may be excused from the requirement.

Approved Required physical education for all men at the institution was approved by the war council of the university recently as part of the institution's program of keeping in step with the war effort.

Such a program of physical fitness is already in effect at many American universities, it was explained by Dean Frederick Wood, chairman of the war council.

Physical education is one of the required subjects for men in the university's enlisted naval reserve programs, he said, and in the plan by which the Army and Navy will contract with institutions of higher learning for the technical training of men who may be candidates for officerships.

Professor J. E. Martie, head of the department of physical education for men, and his staff will teach the new courses.

Women students at the university will continue to take two years of physical education as at present.

Fleming and Kehoe Are Elected to Coffin and Keys

Jim Kehoe and Jack Fleming, both seniors, were elected to Coffin and Keys, men's honorary society, at a meeting held this week.

Kehoe, president of Sigma Rho Delta, is a member of Scabbard and Blade, Blue Key, Masque and Dagger, and is Blue Pepper head and stage manager of student productions.

Fleming, Theta Chi, is news editor of the Press Club and has been very active in student activities particularly in class publicity.

EE Elect Jesch Club President

Carl Jesch, junior, will be installed as president of the university section of the American Society of Electrical Engineers at the final meeting this semester at 4 pm Tuesday, according to John Goetz, retiring president.

Officers who will be installed with Jesch are Ellis Peterson, vice-president, and Lyman Earl, secretary-treasurer. They were elected on December 22.

GULLING ELECTED TO GOTHIC N SOCIETY

Lauris Gulling, senior Kappa Alpha Theta, was elected to Gothic N December 23, according to an announcement made at the WAA dinner Wednesday night.

Miss Gulling is a member of the Math, French and Spanish Clubs, the WAA executive board and Saddles and Spurs.

Induction Method for Senior ROTC Men Changed by Stimson

A change in war department policy regarding senior ROTC men was announced this week by Colonel John R. Gibson.

These seniors will be inducted into the Army through the draft when they complete their university military course (then immediately given the rating of corporal and sent to officer candidate school.

Reports that they would be subject to basic training are unfounded, Colonel Gibson explained. The officer training comes automatically upon entry into the Army.

Air Force Cadets May Take Special Training at Nevada

Local Facilities Being Considered by Army Group

Facilities of the University of Nevada are being considered for the specialized training of 250 army air force cadets.

Up to the time that this issue of the 'Brush went to press, there had been no commitment made either by the Army or university, and President L. W. Hartman did not know as yet whether a decision had been made to send the air force students to Nevada.

The plan, for which Nevada's facilities are now being considered, consists of a continuous five-month term on a freshman level, for the cadets. The two-semester system, coupled with a 12-week war emergency session, apparently would fit in well with the Army program, according to Dr. Hartman.

Major Parkman of the specialized training program, stated that providing the Army plan was carried out at the university, there would be no interference with regular instruction.

Cadets would be assigned physics and mathematics courses, according to Major Parkman, and the balance of the work could be chosen from the regular university curricula, he added.

Dormitories, fraternity houses, Reno hotels, and other campus buildings were suggested by Dr. Hartman as a means of housing and feeding the men.

Millard Named Coffin and Key Head This Week

Addison Millard, ATO junior, was elected president of Coffin and Keys this week.

John Gabrielli, Tau senior, was named secretary-treasurer of the secret honorary group.

Bob Crowell, Theta Chi junior, was elected treasurer.

Frats, Sororities Continue Collection Of Vital War Metal

With several tons of scrap metal gathered by the fraternities and sororities, the big drive continues as school begins again.

ATO, SAE, Sigma Rho Delta and Phi Sigma Kappa are saving tin cans and other metals for the drive. Sigma Nu is also saving tin cans, and much scrap was gathered during the Christmas vacation. Theta Chi used a trailer which was donated by a member and several Chis went gathering metal during the vacation.

Lambda Chi has gathered about 15 tons of scrap since the first of the year. The fraternity has had a couple of big drives in which all the members gathered the war material. They are saving tin cans and scrap.

The Tri-Deltas, Thetas and Gamma Phis are saving tin cans while the Pi Phis take scrap every Monday night to house meetings. Each member must have some scrap before she can enter the house on meeting night.

MEETS AGAIN IN FEBRUARY

Math Club members will not meet again until either the second or third week in February, according to the president, Mary Ferguson.

Five Debate Teams Compete for Prize In Annual Contest

Two Men's Teams Enter Intramural Contest For First Time

Five debate teams, competing for top honors in the annual intramural debate tournament, began the first and second rounds of the contest yesterday afternoon in the hall of English, Prof. Robert Griffin, debate coach, stated today.

Two complete women's teams are competing in the contest, more feminine debaters than have appeared in the competition for a number of years. Valerie Snell and Fonita Ferguson, both of whom have had intercollegiate debating experience, form one of the women's teams, while Dorothy Masters and Mary Harriman compose the other team.

This year's tournament again features an all-Tognoni team. Last year Hale and Nye Tognoni won the tournament and the Ginsburg trophy. This year Hale and Robert are out to capture the award for the second time.

Huling Ussery and Gordon Hawkins, Gilbert Sutton and Jack Streeter are teamed up to make the remaining two duos.

The question which these verbal battles will rage hinges on whether the United Nations should form a permanent federal union, with at least the power to tax and regulate international commerce, provide for a police force, settle all international disputes, and enforce its decisions and provide for the admission of other nations which accept the principles of the union.

Judges of the debates will be varsity debaters Cliff Young, Pete Echeverria, Bruce Bowen and Bob Crowell.

The third, fourth, fifth and sixth rounds of the tournament will continue on Tuesday and Thursday of next week, with the winners being announced next Friday.

The Ginsburg Jewelry Company revolving trophy will be awarded to the winners.

YWCA Hold Banquet At the Grand Cafe

\$25 Donated by Coeds To Student Fund

The campus YWCA group held a banquet at the Grand Cafe Wednesday night in honor of the traveling secretary of the world student service fund, Homer Loh.

Loh has been touring the United States collecting donations from various college groups to assist Chinese and European students and also American prisoners in Japan.

Classes in Caves At the banquet Loh gave an account of the troubles Chinese students have in transporting their books and personal items during the war days. Stating that they often had classes in caves in lieu of any safer place.

YWCA donated \$25 to the fund for the University of Nevada students.

Mildred Missimer and Ruth Wong were in charge of arrangements, assisted by other members of YWCA.

PLAYERS CHOOSE SNELL PRESIDENT

At a Masque and Dagger meeting held yesterday afternoon, Valerie Snell was elected president; Patsy Prescott, vice-president and Bob Hoyer, secretary-treasurer.

Election of new members was also discussed by the organization.

Nevada's Greeks Buy \$600 in U. S. Bonds Since School Began; OX Leads With \$200

Fraternity and sorority cooperation with the stamp and bond drive has netted almost \$600 worth of bonds and an unaccountable number of stamp sales.

Sigma Nus buy a 10-cent defense stamp each Monday night and draw for the book. The houses mothers' club bought them a \$100 war bond for Christmas.

ATO has put their drive on an individual basis, but each member must give an accounting of the number of bonds or stamps that he buys. Theta Chi has two \$100 war bonds and are now preparing to buy a third.

Sigma Nu Initiates Fourteen Pledges Tomorrow Night

Fourteen pledges, Nick Jackson, Lyle Minor, Evans Botts, Don Crosby, Tony Martinez, George Getto, Jim O'Neill, John Warren, Don Kramer, John McKenzie, John Williams, Roy Quilici, Tom Bradshaw and Walt Riggie will be initiated into Sigma Nu tomorrow night.

This is one of the largest number to be initiated in recent semesters, according to Don Burris, fraternity president. A formal initiation will be held Sunday at 1:30 pm, after which a banquet in honor of new members will be held at the Lincoln Hotel in Sparks at 6 pm.

Wolf Pack Meets St. Mary's Gaels In Double Series

Nevada Won First Five, While the Gaels Lost Last Three Games

Following their 44-42 defeat at the hands of the Santa Clara Broncos last Tuesday night, the St. Mary's Gaels will invade the Nevada court tonight in the first of a two-game series against the undefeated Wolves.

Predicted to be top team on the coast this year, the Gael quintet won their first five encounters and then dropped the last three games, each by a narrow two-point margin.

The Nevada cagers, on the other hand, have met five service teams, led by Mather Field, considered one of the top teams in California, and in each encounter the Pack has topped over their opponents.

Veterans Veterans Bob O'Shaughnessy and Jim Melarkey are leading the Nevada scoring record and are being depended upon for their shooting ability to avenge the 52-42 and 43-35 defeats handed to the Wolves last year. Others on Coach Jake Lawlor's squad who are consistently improving and will see action against the Gaels are Harry Paille, Al Sorensen, Orsie Graves, Gene Mastroianni and Everett Curless. Freshmen Jack Swedeng and Ed Reed, all-state cagers, have seen action in most of the games played this season, and more than likely will be called upon to fill a spot in the Nevada squad during the games.

Starters in the St. Mary's-Santa Clara contest who will probably be seen in the opening lineup tonight are Gus Mota, last season's high-point man with 202; Bill Burke, close behind with 195 points; Ed Cerf, Angelo Maestri, and John Ferrick.

1942 Bond Sales Reach High Mark

Total Is \$65,168 For Past Year

University students hit a new high this week by purchasing a total of \$187.50 worth of United States defense bonds bringing the past two months buying spree to \$562.50.

This total, plus four bonds that were sold during the early months of the past year, helped to boost the comptroller's office sales up to \$65,168.50 for the entire year.

Robert Prescott, university postmaster, said that stamp sales were considerably above average during the first of the week, but there was a noticeable drop yesterday.

AWVS Headquarters Compliment Coeds

AWVS headquarters this week commended university women who gave their time and resources to performing errands for the service men during the holidays.

The men appreciated the Christmas shopping done for them and were particularly pleased by the careful choice of gifts for their families, AWVS officials reported.

AWVS activities during vacation included the attendance of women at the Christmas dances at the army post at Clark Station, and the army post at Thisby.

At Thisby, AWVS donated a radio as well as an electric iron, the most often repeated request to Santa Claus from that post.

The USO headquarters reports a noticeable slack in attendance of university women at the club room. Although AWVS credit is given for USO work, few university women have been active during the last few weeks, according to Eldora Lewis, USO Club secretary.

Only Few Parts Lacking; New Plan For Heating Tried

May Be Occupied by February 15, Says Gorman

Contrary to previous supposition, the new gymnasium may be ready for occupation after February 15, Charles H. Gorman, vice-president, stated this week.

Most of the heating has been obtained and is now being installed. However, there are some parts still lacking because of priorities, and it will be known whether or not they may be secured within the next 10 days. The heating equipment, which will be connected to the university central heating system, has been the main factor which has held up progress on the completion of the gym.

Ventilating Fan The large ventilating fan which was removed from the Mackay Hall of Science this week, will be installed in the new gym and used as a blower in conducting the heat through the pipes which will be placed under the bleachers.

This unit will make possible the use of the playing floor most of the year but will not be sufficient during the coldest months, according to Charles Thompson, superintendent in charge of the installation. However, other heating equipment is in prospect and when it is secured the blower will be used as a ventilator, Thompson added.

All of the lighting installations have been obtained, with the exception of a switchboard, but according to Gorman, temporary arrangements will be made so that there will be no further delays in the completion of the gym.

The building contractor stated recently that his work will be finished on February 5, even though Gorman doesn't expect the work to be completed until the fifteenth.

Lighting

Company sponsors of the ROTC battalion received decorations at a special formation held by the cadets at Mackay Field this afternoon.

Dorothy Locke, Delta Delta Delta, Jacqueline Reid and Lela Tier, Kappa Alpha Theta, and Doll Corbett, Zeta Phi Zeta, received medals from George Basta, cadet battalion commander.

Decorations were blue and white ribbons with a miniature of the Army insignia attached. Medals were given for the honor extended these girls as a result of their selection for company sponsors last fall.

Dorothy Locke was selected by the enlisted men of Company A, Jacqueline Reid by Company B, Doll Corbett is the honorary captain of Company C and Lela Tier is the sponsor chosen by the band platoon.

Harriet Morrison, Delta Delta Delta, is the honorary major. She was selected by the cadet officers last spring.

4 Coeds Receive ROTC Decoration

Corbett, Locke, Reid and Tier Honored

ORPHANS OF THE STORM

We were naturally delighted earlier this week when we learned—from announcements by two college presidents, one made public through a student paper, and the other in a circular letter, that they had received general plans from the Army and Navy with supplementary and more explicit information on both the Army and Navy Reserves.

After receiving this information from outside sources, we felt that we would be able to clear up at least one thing which had been bothering members of the Enlisted Reserve—when they will go—and also supply one bit of information which, if true, would change the status of seniors in the reserve. (See front page story.) And there was supplementary information for Naval Reservists, too.

But upon discovering that the local authorities on the subject had received no such plan, we began to wonder.

We had been informed during the last half-week of school prior to the Christmas vacation that the Nevada military department was in receipt of such a plan, but that it was not for publication.

This week, seeing that the plan had been made public elsewhere, a reporter consulted Colonel Gibson, head of the military department, who informed him, to our considerable surprise, that he had received no such plan, and that he had no information on the enlisted reserve to supplement what had already been published.

There were two facts we did not already know concerning the enlisted reserve which we learned from The Daily Californian (quoting President Sproul) and from a circular announcement to students by the president of Notre Dame.

From President Sproul's announcement we learned that, "No orders will be given to report on a date prior to two weeks after the completion of the student's first academic quarter, term, or semester terminating after December 31, 1942."

From Father O'Donnell's circular, which fell into our hands, we learned the rather startling fact—startling because it was somewhat contrary to previous announcements—that "Seniors (in the enlisted reserve) will not be called into active duty until May."

And the really confusing fact is that both of the two items quoted above were mentioned in only the one place: neither was mentioned in both announcements.

Instead of clearing up the situation, then, discovery of these announcements only adds to the confusion.

We feel certain, of course, that what is applicable to reservists at one university will apply also to those at another, and, therefore, that the information issued by the Army and Navy covers Nevada students as well as those at California and Notre Dame.

But the fact that no plan was received here makes us feel that Nevada is being treated like an unwanted orphan, or that there has been a slip-up somewhere in Washington.

And since the two original facts we have gleaned from our two sources are peculiar to those separate sources, it is difficult to say anything with authority about them without consulting a copy of the plan.

If both are true, and considering that they came from presidents of two powerful schools, one would be led to think that they are, the fact of the approximate date of departure is interesting, and the information that seniors may finish is both interesting and important.

But we will feel better about the whole situation when such information reaches the hands of either President Hartman or Colonel Gibson.

If the Army and Navy has finally made up their minds about the reserves, it would be nice if they let them know about it—all of them.

Final Examination Schedule

Semester final examinations will begin on January 16 and be completed by the following Thursday afternoon, according to the schedule given students last fall.

Following is the chart of time and day of each examination period.
8:00 AM - 10:15 AM 10:30 AM - 12:45 PM 2:00 PM - 4:15 PM
Saturday, Jan. 16..... 8:00 MWF Classes...4:00 MWF Classes... 8:00 T. Th. Classes
Monday, Jan. 18..... 9:00 MWF Classes...4:00 T. Th. Classes... 9:00 T. Th. Classes
Tuesday, Jan. 19..... 10:00 MWF Classes...3:00 MWF Classes...10:00 T. Th. Classes
Wednesday, Jan. 20..... 11:00 MWF Classes...2:00 T. Th. Classes...11:00 T. Th. Classes
Thursday, Jan. 21..... 1:00 MWF Classes...2:00 MWF Classes...1:00 T. Th. Classes

YMCA Pool Offered To Women Students For Swimming Class

Swimming will definitely be offered for women next semester, according to Miss Elsa Sameth, head of the women's physical education department. Arrangements have been made to use the pool at the local YMCA on Tuesdays and Thursdays at 10 and 11 o'clock.

Badminton and roller skating will be substituted for archery, and girls who do not own skates will be able to rent them from the department.

First aid will be offered in PE 23 for the first six weeks in the second semester and will be worth one unit.

On The Hill It's Hello.

Alpha Tau Omega Initiates Pledges

Formal initiation for 21 pledges of the Alpha Tau Omega fraternity was held recently at the ATO house. New members of the fraternity are Cal Fricke, Art Block, Bill Williams, Harold Hiltz, Ed Reed, Frank Miskulin, Chub Drakulich, Francis Chapman, Milton Crew, Carl Franson, Franklin Gardner, Robert Giblin, George Gibson, Brunson Harris, Gordon Hawkins, Bill O'Brien, Robert Preece, Norman Rebaleati, Lyman Schwartz, Bruce Shawe and Frank Torre.

Every Year Is Nevada's Year.

Bill Bennett Is Killed in Action

Former Student Becomes Tenth Casualty

Lieut. William G. Bennett, 22-year-old former student of the university, and winner of the Army's silver star for heroism in air battles against the Japanese, was killed in action in the New Guinea area on December 3, 1942, becoming the tenth Nevadan to lose his life in the war.

General MacArthur's headquarters announced the awarding of the silver star to Bennett and 31 other air corps officers last October. The award was made for daring work in downing Japanese planes in attacks on the Lae and Salamaua bases of the Japanese in New Guinea.

Lieut. Bennett, called "Wild Bill" by his companions, had expected to return to the United States late in December.

Bennett was graduated from the Nevada City high school, and in 1937 registered as a freshman at the university. He was forced to withdraw from school that year because of ill health, but returned in 1938 and enrolled as a pre-medical student. He was a Lambda Chi Alpha pledge.

In 1939 "Bill" Bennett transferred to the College of Pacific and later joined the Army air forces receiving his commission in December, 1941. One month later he was ordered to Australia. Six days before he sailed for the South Seas he married Miss Ruth Curnow of Nevada City.

Recently he had been acting as flight leader of his squadron. Friends in Reno reported that Bennett was credited with shooting down at least six Japanese planes.

Ellsworth R. Bennett of Nevada City, Lieut. Bennett's father, was a graduate of the University of Nevada in 1911, and he and his brother, Dick Bennett, were star football players for Nevada at that time.

Picture Schedules Out Next Week

Picture schedules for ten organizations will be released next week. Wait Riggie, editor of the Artemisia, announced today.

Seniors, juniors, Pi Beta Phi, Independents, Scabbard and Blade, Gothic N, Sagens, Sagers, Blue Key and Sundowners are requested to watch the bulletin board for the announcement.

GRADUATE PLAQUE FOR 1940 PRODUCED IN '42

The engineers really get things done in a hurry. Tradition has it that every class graduating from the school of engineering, in any of its four branches has his name inscribed on a plaque that is placed in the bench in front of the double E building.

The plaques are cast in bronze with the year in superimposed letters. The names of the graduates are listed as to the particular degree they received, that is, mechanical, civil, electrical or mining engineering.

This custom was started in 1925, and has been continued every year since then. Came 1940 and the boys slipped up. There was no plaque for them—until 1942. The plaque finally made its appearance, when a committee of Dick Cameron and Willie Kalageorgevich investigated, and placed the plaque in the bench.

The 1941 plaque is still in the process of being engraved, and if there are enough engineers on the campus at that time the plaque for the 1941 graduates should make its appearance about 1943, according to schedule.

The plaques are cast in the machine shop founded by Jack Ryan, head of the shop. He expressed a little doubt when asked if the 1942 graduates would get a plaque or not. Reason, of course, is the metal shortage.

Wesley Foundation To Elect Officers

Meeting of the Wesley Foundation to elect new officers will be held January 24, according to Margaret Sears, president.

The Wesley Foundation, national young people's group, ordinarily meets twice a month. However, there will be just one meeting this month, due to final examinations.

Graduating Seniors In EE Slated for Wartime Jobs

Upon graduation, the entire senior class of nine electrical engineering students will be active either on the fighting front or production front, Dean S. G. Palmer, head of the electrical engineering department, stated this week.

Six of the nine, in addition to one mechanical engineer, have been offered positions. The other three electrical students will receive commissions in branches of the armed forces.

Edwin Monsanto and Elwood Moffett, both who will graduate in May, and Arthur Weller, a mechanical engineering major who will graduate in January, have been offered positions with the Westinghouse Electric and Manufacturing Company in Pittsburgh, Pa., in a graduate engineering course.

Charles Chun and George Couch, January graduates, have accepted employment with the General Electric Company in their course for electrical engineering students in Schenectady, New York.

John Goetz and Waldemar Mayer have accepted civil service positions with the National Advisory Committee of Aeronautics, and have been assigned to duty at Moffett Field upon graduation in January.

Ireel Carter, who will graduate in January, and Eugene Mastroianni, a May graduate, will take up duties in the United States Army. Both men are ROTC cadet officers and will receive commissions upon being called into active duty.

Ellis Peterson, a naval reserve student, will be called into active service after graduation in May.

Barbs Hold Last Meet of Semester

Independents held their last meeting of the semester in the university dining hall Monday.

President Ed Monsanto has called off future meetings until the pressing issue of finals has passed.

Louis Barrett, Bill Anderson and Bill Maestretti were in charge of a "Resolution Party" held after the brief business session. During the party, each member confessed his "resolves" for the coming year.

Hotel Clerk: Inside or outside room, sir?
Absent-minded Prof: Inside (I guess; it looks like rain.

BELL SYSTEM

Symbol of Service

... in peace and war

This emblem is familiar throughout the nation as the symbol of a well-trained team, integrated for service in peace or war—The Bell Telephone System.

1. American Telephone & Telegraph Co. coordinates all Bell System activities.
2. Twenty-one Associated Companies provide telephone service in their own territories.
3. The Long Lines Department of A. T. & T. handles long distance and overseas calls.
4. Bell Telephone Laboratories carries on scientific research and development.
5. Western Electric Co. is the manufacturing, purchasing and distributing unit.

The benefits of the nation-wide service provided by these companies are never so clear as in time of war.

Sport Scenes

BY BILL HENLEY

After wading through the poor service clubs without even getting wet, Jake Lawlor and his prodigies take to the courts tonight against a mean Gael from St. Mary's.

Now that Mather Field win is touted up by the boys in the sports offices, save this one. Mather Field wasn't either a very good or a very bad team, mates, Big Jake will probably admit the fact. They just weren't college class that night, with their roster plucked by detached duties, and couldn't do much more than make our laddies blink with surprise a moment—then open their eyes and get to work.

Don't anybody feed you that stuff and nonsense about Mather Field being a test. This is the test, boys and girls—it comes close to being the whole report card.

Info Department: An occasional inquiry comes floating around, "Was that Bill Bennett the football star? The one who was killed, I mean."

Answer: No. The Bill Bennett known to us young sprites was about four years behind the Bill Bennett who lost his life in battle.

Amazing, thought I, as I read of the frosh basketball club losing to Hawthorne Hi. Truly amazing, when Hawthorne in its Reno appearance was the saddest excuse for a hoop quintet I've seen in some time.

Weep not for the cubs, though. Straight of the tale is that the young Wolves had mostly departed for home and turkey, so what purported to be the yearlings was a somewhat heterogeneous pickup squad.

Warm clothes. Sharpened blades. Spills. Figure eights. Snap the whip. What is it? Right, students. Ice skating. And an ice skating enthusiast is real-

Wolves Take Two In Holiday Games With Cage Rivals

Highly-Rated Fliers, Marines Trimmed By Cage Five

Nevada's varsity hoopsters maintained their unbeaten status by dumping two strong service teams, the Mather Field Fliers and the Hawthorne Marines, 51-30 and 57-27, respectively, in holiday games played on December 29 and 30.

Against the Mather Field Fliers Jake Lawlor's Wolf Pack cagers overcame an early 5-2 deficit and began hitting the hoop incessantly as the game progressed.

Jimmy Melarkey started the scoring, followed by successive baskets by Alf Sorenson and Gene Mastroianni. From then on the game turned out to be a rough and tumble affair, which featured frequent head-on collisions in which several players were sent sprawling to the floor. But the Nevadans, led by Orsie Graves and Melarkey, continued their onslaught, polling up a 23-13 halftime lead.

Held to two points during the first half by Burt Bonomi, Mather guard, Bob O'Shaughnessy, lacking his usual shooting eye, scored nine points while playing a superb defensive game, as did Harry Paille, who covered the backboard with uncanny skill.

Lieut. Ron Harris, former Idaho U. star, played stellar ball for the Fliers, while garnering 11 points to lead their offensive thrusts.

Nevada cagers traveled to Hawthorne Wednesday of last week and scored their fifth consecutive victory over a service team by trouncing the Hawthorne Marines, 57 to 27.

Jake Lawlor's Wolves solved the tight Marine zone defense during the game's early stages and clever passing by Orsie Graves, O'Shaughnessy, Melarkey and Alf Sorenson gave the Pack a lead which increased steadily throughout the game.

Forwards O'Shaughnessy, with 14 points, and Melarkey, with eleven, led Nevada's offense, while Chandler played outstanding ball for the Marines

ly that. Upon rolling out of bed the other a.m., about 7:30, what did sleep-filled eyes cast their gaze upon but—ice skaters. Upon sauntering in the other night at 12 o'clock, the peepers took a look at Manzanita Lake and what did they see but—right.

So idea No. 999% was born. Here's a chance for intramural competition or what have you. Some kind of race and fancy skate meet could be triggered up. If the interest was there it might even become a part of the Kinneer competition. Or the sororities might take it up and we could have the femmes race. Or something. Anyway, the point is, it's ice skating time again.

Now and then we run across something that indicates Jimmy Needles' famous mistake hasn't yet been buried. A bombast here and there from some USF official in a bay region paper tries to turn the blame over to the Nevadans. Let it lie, boys. The dice are rolled, so why continue the discussion? Besides, you were wrong, El Don. Now weren't you?

6 Mining Students Graduate This Fall; 2 Already Have Jobs

Those who will probably receive their degrees in mining engineering at the end of this semester, according to Jay A. Carpenter, director of the Mackay School of Mines, are Bartow Van Voorhis, Fred Humphrey, Claude Reynolds, Fish Yuen, Elliot Reyer and Robert West.

Of these six, two have already accepted jobs with mining companies in Nevada. They are Van Voorhis, who has taken a job with the Getchell mine, and Claude Reynolds, who will go to work for Basic Refractories of Luning.

All other probable graduates have offers which they are considering, Carpenter stated.

and was high point man for the losers with nine counters.

Nevada Frosh Meet Reno High Tonight

Expect More Competition Than First Huskie Game

Nevada frosh will meet the greatly improved Reno high squad in the preliminary game tonight in the U. of N. gymnasium. The frosh met Reno earlier in the season and downed the high school team by a mere four points.

Coach Jim Aiken plans on starting Ed Reed at center, Mike Drakulich and Frank Bacigalupi at forwards, Tom Cross and Bruce Shaw at forwards. Cross and Bruce Shaw at guards. Reno will count on Jim Aiken and Bob Larson for most of their points.

The freshmen will not play tomorrow night. Lawlor stated that they will meet Sparks January 22 in the Nevada gym in a preliminary game to the Nevada-Cal Aggie game. Gardnerville has a tentative game with the frosh on February 26.

University Women Leave With CAP In Bomber Search

Two university members of the Civil Air Patrol are taking part in the search for the army bomber believed lost in eastern Nevada or western Utah last Saturday, it was announced this week.

Miss Geraldine N. Hardman, secretary to President Leon Hartman, is a licensed pilot and volunteer member. Mrs. Daryl Johnson, member of the library staff, is with the CAP ground crew.

Both left Reno Monday night with the CAP group to aid in the search.

Phi Sigma Kappa, Theta Chi Join For Daily Meals

New faces appeared at the Theta Chi dinner table this week as members and pledges of this fraternity and Phi Sigma Kappa joined their kitchen facilities in a move to insure the continuance of meal service for the two groups.

Noel Willis, president of Phi Sigma Kappa, said that their kitchen was closed and the merger was made because Phi Sig could no longer operate meal service economically due to loss of members to the armed forces.

The Phi Sigma Kappa house will remain open and in all other ways will function as before, Willis pointed out.

Sergt. McCormick In Army 18 Years

Without losing a day of service, Staff Sergeant Michael J. McCormick completed 18 years of service last month. McCormick enlisted on December 13, 1923, in the Marine Corps, and served aboard the USS Texas.

His five succeeding enlistments he served in the Army. Each enlistment in the Army covers three years of service. He is now on his seventh enlistment.

McCormick came to the University of Nevada in November, 1938.

President Advises Men to Register Next Semester

Are Provisions for Credit, Refunds Are Told By Hartman

Register next semester!

This is the advice of President L. W. Hartman to University of Nevada students who may be called to the colors before the end of the college year.

"Get all the education you can before going into service," he said, adding that increased training and knowledge will be valuable not only to you but to your country.

President Hartman said that this is not only his advice but that of the War Manpower Commission, of military authorities and of leaders in higher education throughout the country.

Word from the American Council on Education, appointed by the War Manpower Commission, is that enlisted reservists will not be called until after the second semester begins and may not be in active service until some time after that.

Takes Time

It takes a great deal of time to set up a system by which the Army and Navy will "farm out" students to the colleges and universities, according to Dr. F. J. Brown, consultant of the American council, and "it would not be surprising if many of the enlisted reservists were not called for several months."

Students who go into service before the end of the second semester, if they have completed at least six weeks, will not lose credit for the work they have done, Dr. Hartman said.

Faculty Plan

The faculty plan by which credit is given for work done to date by men called to the colors follows:

"a. A student ordered to report for military service after the completion of at least six and not more than ten weeks of a semester will receive credit to the extent of one-half of the hours for which he is enrolled, subject to his standing in each class at the time of leaving. If withdrawal for the same reason occurs after the completion of at least ten weeks of a semester, the student will receive full credit for the courses in which he is enrolled, subject to his standing in each class at the time of leaving.

"b. A student who has met all the requirements for graduation except those that he would fulfill by completing the courses for which he is registered at the time he is ordered to report for military service will be recommended for his degree provided he has completed at least seven weeks of that semester for which he is registered, and provided that he has a standing in the courses for which he is enrolled which if maintained to the end of the semester would satisfy the requirements for graduation.

"c. These regulations will be applied to students who enlist and to those who are inducted under the selective service system."

All or a major portion of fees paid by students who withdraw before the middle of the semester to enter the armed forces will be refunded, the president said.

Eight Engagements And One Wedding Made Over Holidays

Eight engagements and one wedding were announced over the Christmas holidays.

The wedding, which took place at Chandler Field, Arizona, was that of Carol Gottschalk, Gamma Phi Beta, and William Bay, Army Air Corps cadet. While at the university Bay was affiliated with Theta Chi fraternity.

Couples engaged during the vacation were Mildred Missimer, Delta Delta Delta, and Bill Harris, Sigma Nu; Laverne Stout, former student, and Floyd Edsall, Sigma Nu; Margie Eather, Delta Delta Delta, and Bovee Dods of the U. S. Marine corps; Mary Jain Taylor, Pi Beta Phi, and Charles LeClaire, Sigma Nu. Virginia Mathews, president of Zeta Phi Zeta, and Tom Campbell of Las Vegas; Saralee Wylie, Delta Delta Delta, and Harris Hanson, Lambda Chi Alpha; Zelta Heidtman, Delta Delta Delta, and Jac Shaw, Lambda Chi Alpha, and Helen Cartledge, Pi Phi and Don Burris, Sigma Nu.

Bond Sales Soar, Postmaster Says

Students Purchase Larger Amounts

A total of \$65,168.50 in United States war bonds was sold through the University of Nevada comptroller's office during the past year.

These purchases, made by faculty members, students and others, do not include the total of \$20,325 in bonds that were sold during the Homecoming football game.

Upperclass Women Convene Monday To Try Offenders

The women's upperclass committee will meet Monday at 4 pm to try 12 tradition offenders.

The committee functions constantly, and there will be no leniency granted women who break university traditions, according to Frances Hawkins, committee chairman.

Offenders to be heard Monday are Phyllis Kanters, Pamela Kantor, Colette Rowe, Jackie Prescott, Thelma Charlton, Caroline Gibson, Fay McMullen, Sally Black, Andrea Drumm, all of whom were caught without ribbons; Rose Marie Mayhew, Thelma Charlton, Andrea Drumm, Sheila McCarthy, who cut campus; Frances Burke, who failed to paint the N.

Miss Hawkins stated that four of the offenders will be assigned to perform before the assembly next Friday. She added that the maximum punishment will be given second offenders.

to his standing in each class at the time of leaving.

Journalism Grads In Heavy Demand, Says Higginbotham

More Requests Received Than Could Handle In Five Years

More positions have been open to Nevada graduates since Pearl Harbor than the journalism department could fill in five years, according to A. L. Higginbotham, head of the department.

Requests for journalism workers came not only from newspapers but from radio stations and press associations and were received from several states. Since all Nevada journalism grads were already employed, the requests could not be met.

Deferments

Although newspaper work is classed by the War Manpower Commission as an "essential war industry" and men essential for the production of a paper are deferred, many of the men connected with newspapers have enlisted so that newspapers who do prefer men have been forced to use women in several important positions.

"As the students in journalism are not deferred, the journalism department of Nevada has lost nearly all men eligible to graduate to the armed forces and will graduate nearly an all-women class in May. All of these women are expected to be placed on a newspaper staff immediately upon their graduation.

With the trend of newspapers to use women for important jobs, Higginbotham said, it has been discovered that trained women make as able journalists as do men.

The next step, he said, is to find enough women that are trained for journalism jobs to replace the men who have gone into the armed forces.

Jack Pieri Home After Adventures In Africa Landing

Jack Pieri, former business manager of the Artemisia, is home on leave from duty on the Atlantic where he barely escaped injury when aboard a transport sunk by the Nazis off the west coast of Africa. He spoke Wednesday to Prof. Higginbotham's journalism classes.

Pieri, a seaman second class, who enlisted in the Navy shortly after Pearl Harbor, completed his training and was graduated from the naval communications school at San Diego early in August. From there he was transferred to New York.

Pieri was on the USS Leedstown, torpedoed after the Allied Expedition landed in French West Africa, and said that he drifted for five hours in the Mediterranean after the transport was torpedoed and sunk.

An active journalism student, Pieri was a member of Sigma Alpha Epsilon fraternity while at Nevada.

WILLIAMS CONFINED

Bill Williams has been confined in the infirmary since Monday.

Here's one about a cross-eyed teacher who couldn't control her pupils.

Two Anderson Plays Placed in Library During Past Week

Two of Maxwell Anderson's plays, "Candle in the Wind" and "The Eve of St. Mark," have been placed on the library shelves during the last week.

"Candle in the Wind," a three-act play, has as its theme Mr. Anderson's contention that liberty is worth dying for. Interwoven in the main theme is a minor one involving an American actress who spent a year scheming and fighting to have her lover released from a German concentration camp.

Cuts Nazi Creed

Anderson successfully cuts the Nazi creed to the core and exposes it as a menace to people who love freedom.

"The Eve of St. Mark," a two-act play, is the story of an American boy and girl and the effect of the war on their lives.

The story begins on the farm where the boy was born and follows him through training camp, to a Pacific convoy, to a stand on a little rock among the Philippine Islands, and to the meeting of his romantic interest half-way around the world.

The play is based on the old legend that a girl will see the ghost of her lover on the Eve of St. Mark if he is to die that year.

Both plays are now available at the university library.

Nevada Graduate Weds, According to Fidler

Jimmy Fidler, widely known Hollywood commentator, announced on his radio program recently that Dr. Erle L. Henriksen, a major in the United States Army, was married to Helen Wood, motion picture and radio actress.

Dr. Henriksen graduated from the University of Nevada in '27 and later completed his medical training at Johns Hopkins in Baltimore.

Courses Added To Department

Education Classes Help Advance Students

The education department will offer two two-hour evening classes and one special afternoon class next semester, Dean Fred W. Traner, head of the department, announced today.

These classes will benefit upper division students who desire credit toward graduation, teachers who wish to renew teaching certificates, or persons working for graduate credit or master's degrees. Two credits will be offered upon completion of each class.

Education 95, supervision and instruction in junior high school grades, will be offered on Monday evening from 7:15 until 9. Dr. H. N. Brown will be the instructor.

Education 54, auxiliary subjects in the kindergarten-primary curriculum, will be taught by Professor Edith Ruebsam Tuesday afternoons from 3:30 until 5:15.

Education 70, education of exceptional children, will be offered Wednesday evenings by Dr. A. G. Wiederhold from 7:15 until 9 o'clock.

Assembly Planned By Chi Delta Phi

Chi Delta Phi, honorary women's poetry organization, is planning an assembly for the student body in the very near future, according to Rose Arenaz, president.

In charge of the program are Miss Arenaz, Beatrice Thompson and Patsy Prescott. No definite plans for the program have been made.

At Christmas time the organization sent 40 filled stockings to the Army air base at Wendover, Utah. The women are going to make Wendover their project, keeping the base supplied with magazines and other recreational material.

The next convalesce will be held on Tuesday, January 14. In charge of the proceedings are Hazel Eather, Jean Werner and Melba Whittaker.

WHAT CIGARETTE GIVES SMOKERS WHAT THEY WANT

START THE NEW YEAR RIGHT WITH THE RIGHT COMBINATION FOR *More Smoking Pleasure*

Make your next pack in 1943 a pack of Milder, Better-Tasting CHESTERFIELDS and enjoy more smoking pleasure the whole year through.

Chesterfield's Right Combination of the world's best cigarette tobaccos gives you everything you like best in a smoke. That's why, year after year, you hear more smokers say, "You can't buy a better cigarette . . . THEY SATISFY."

For More Listening Pleasure in '43 Tune in on America's Most Popular Fifteen Minute Musical Programs
Victory Tunes with FRED WARING all NBC Stations
The Sensational HARRY JAMES all CBS Stations
