VOL. XLIX No. 18

Established by the A. S. U. N.  
UNIVERSITY OF NEVADA, RENO, FRIDAY, JANUARY 22, 1943

PRICE FIVE CENTS

## Hartman Sends Governor Plans

### President and Gorman Will Meet Committee

Repeating the same program that was submitted two years ago, the university this week announced the legislative program which has been sent to Governor Carville.

Main points in the program, according to Vice-President Charles K. Gorman, were the reiterated request for the regular nine-cent tax levy and the usual 38 per cent of the liquor tax.

Gorman and President Leon W. Hartman will meet with the ways and means committee at a date not yet set for further discussion of the program.

A major point to be settled will be the matter of the liquor tax, over which difficulties have recently arisen, due to the fact that the university portion of the tax has increased many fold, and provisions must be made for taking care of the additional fee.

## New PE Program Readies Students For Armed Forces

### Half-Hour Credit Given; Boxing, Wrestling In Course

The new rigorous five-times-a-week PE program next semester for all physically fit men will be held at the hours of 2, 3 and 4 during the afternoon. Prof. J. E. (Doc) Martie, head of the physical education department, announced this week. He stated that students would receive one-half hour credit in the course.

**Condition for Service**  
Martie declared that the prime function of this new course was to condition men for possible service, and with that end in view it will strive to toughen male collegians, build up the body and achieve muscular coordination. Little bar work or callisthenics will be included. The course will include, among other details, teaching the fundamentals of boxing and wrestling, and special concentration on hardening the feet and other extensive exercise.

Basic PE courses, for underclassmen, will be abolished, and these students will sign up in one of the sections established for everyone under the new plan.

## Full Credit Given College Draftees

### 37 Receive Grades For Semester

Thirty-seven men who have been inducted into military service following their completion of at least 10 weeks of this semester, have received full credit for the courses in which they were enrolled, Mrs. Jeanette Rhodes, registrar, said this week.

**No Tests**  
These men, whose grades were subject to their class standing at the time of leaving are John Manuel Aberasturi, Frank M. Andrews, Noel J. Becar, Leonard Besso, Kenneth Bradley, Stanley Brown, Howard Campbell, Robert A. Cashbaugh, Harold Ciari, Lee Milton Earl, Theodore Allen Furchner, Clark Joseph Guild, Brunson Mitchell Harris, Douglas Lee Hunt, Robert Jackson Jones, Harry John Kaul, William L. King, William Kornmayer, Edmund R. Lee, Daniel Murphy, George Newell, Robert G. Nunn, Donald Henry O'Hagan, Kenneth R. Olinghouse, Sam Poulakidas, Linford Riley, Allen Rogers, Robert L. Sharp, Vincent Shea, John L. Smith, Miles Steel, Henry Stewart, Ralph Hobart Sullivan, Joseph Thralkill, Ernest Urrutia, George Wendell Welsh, Robert A. Wise.

## Unlimited Horizons Named One of Top Educational Shows

Unlimited Horizons, the National Broadcasting Company program dramatizing scientific achievements of the University of Nevada and five far western universities, is one of the ten best educational radio features in the land.

The radio editors of the country, polled by Radio Daily, voted Unlimited Horizons into the high position, according to word received by Professor A. L. Higginbotham, who is in charge of the University of Nevada's work with NBC.

## Nevada Debaters To Attend Meet of Teacher Group

Nevada debaters are planning to attend the spring tournament of the Western Association of Teachers' of Speech to be held February 18, 19 and 20 at Linfield College, McMinnville, Oregon, according to Dr. Robert Griffin, debate coach.

Details of the trip are uncertain, but it is expected that the senior and junior varsity teams will attend, Griffin said. Cliff Young and Pete Echeverria form the senior team and Bruce Bowen and Bob Crowell, the junior duo.

**Other Contests**  
In addition to debate, the tournament will also furnish intercollegiate competition in extempore speaking, oratory, impromptu speaking and after-dinner speaking.

One of the main features of the tournament will be the fourth annual college congress of human relations, a model legislative body of student representatives.

Procedure for introduction of bills, voting, debate, and committee meetings will be patterned after the congress of the United States. One student from each school may participate in the student congress.

General subject for the student legislators will be "The War Program." Pros and cons of a post-war federal union for the world will be the subject for the debate event.

## Award Payments Come After April

### Ten Scholarships Will Be Open Next Year

The second installments of scholarships earned by University of Nevada students for this year will be paid either on March 5 or April 2, according to Dr. Harold N. Brown, chairman of the faculty committee on scholarships and prizes.

Few students have applied for the Rotary Club Scholarship of \$100 which is to be presented early this semester, Dr. Brown said. Students who have completed one semester's work in the university are eligible to receive this award. Dr. Brown added that two other awards, the Jewett W. Adams Scholarship, and the Rose Sigler Mathews Scholarships may be presented this semester.

**Apply Soon**  
Applications for other University of Nevada Scholarships which will be awarded to students registering next year, should be filed during this semester, Dr. Brown said.

The following awards are those being offered next year: The Ella S. Stubbs Memorial Scholarship, the Rose Sigler Mathews Scholarships, the Carrie Brooks Layman Scholarship, the Grand Army of the Republic Scholarship, the Major Max C. Fleischmann Scholarships, the Grand Lodge of the Independent Order of Odd Fellows Scholarships, the Rotary Club of Reno Scholarship, the Daughters of the American Revolution Scholarship, the Nevada Rebekah Assembly Scholarships, and the Jewett W. Adams Scholarships.

## DON'T INQUIRE FOR GRADES FROM REGISTRAR

Please do not phone the registrar's office to inquire about grades.

This appeal was issued by Mrs. Jeanette C. Rhodes, the registrar, stating that students doing so only hinder the progress of compiling and mailing the grades.

Grades are due in the registrar's office on Monday morning of next week, and it will be several days before they can be mailed.

## Stamp and Bond Sales Are Down

United States defense stamp and bond sales dropped noticeably during this week of final examinations, it was reported by Postmaster Robert Prescott, and the university comptroller's office.

Prescott said that very few stamps had been sold to students and that off campus purchases had also dropped.

Bond sales reached the \$75 mark this week to bring the past two and one-half month total to \$862.50.

## Three Greek Sports on Program as Interfrat Spring Schedule Reviewed

The balance of the Kinnear trophy points will be given for track, baseball and softball all of which will be held sometime next semester, according to Chet Seranton.

Scranton stated that the baseball tournament will be held about the first part of April, while track will be about the same time. Softball was substituted for skiing this year because of gasoline ration and it is not yet known when the Greek houses will compete in this sport.

## Thirty Seniors Gain Eligibility For Graduation

### 8 Finish Last Summer; 13 Receive BA; 16 Engineers

Thirty seniors will be eligible for graduation from the university this fall, eight of whom completed their curriculum during the last summer session, deans of the various colleges, announced this week.

Thirteen of these will receive the bachelor of arts degree, one of the bachelor of science, five will gain electrical engineering and BA, nine mining and BA, while two others will receive their degree in civil engineering and bachelor of arts.

These seniors will receive their diplomas at the graduation ceremonies this spring. Diplomas will be mailed to those that are unable to attend the services.

Nine graduating with bachelor of arts degree are George Basta, economics; William Curtis, economics; Clark Guild Jr., philosophy; William Harris, economics; Helen Harris, zoology; Lois Rabe, history; Alice Martha Tramer, history; James Warriner, economics, and George Frey, agriculture.

Electrical engineers completing school are Waldemar Mayer, John Goetz, Charles Chun, George Couch and Irael Carter.

Graduating from the Mackay School of Mines are Fred Humphrey, Claude Reynolds, Barton Van Voorhis, Fish Yuen, Moises Ponce, Elliot Reyver and Ed Grundel.

Ralph Sullivan is receiving a bachelor of science degree in zoology.

Four students who finished last summer will receive the bachelor of arts degree. They are Fay Bybee, English; Harold Kling, chemistry; Mary Kling, history; and June O'Neill, psychology.

Jack Wells and Ted Overton completed their course in mining engineering during the summer session, while Chester Evans and Brisbane Henderson finished their requirements in civil engineering.

## Hawkins, Ussery Win Intramural Debate Tourney

### Defeat Streeter and Sutton in Playoff Friday

Gordon Hawkins, ATO, and Huling Ussery, LXA, are the new intramural debate champs and will have their names engraved on the Ginsburg Jewelry Co. revolving trophy, according to Debate Coach Robert Griffin.

Hawkins and Ussery defeated Gilbert Sutton and Jack Streeter in a playoff debate late last Friday afternoon. At press time last week the two teams were tied for the championship.

**Former Winners**  
A year ago Hale and Nye Tognoni won the cup, and the year before that the trophy was awarded to Cliff Young and Pete Echeverria, now the senior varsity debate team.

The intercollegiate question was used for the debates and the varsity debate teams were judges.

The contest is sponsored annually to foster interest in debating and to develop varsity material.

## Men Move Out of Mananzita Hall

The men that have resided at Mananzita Hall during the past semester will be moved to Lincoln Hall for the second half of the university year, Dr. R. S. Griffin, acting master of Lincoln Hall Association, announced this week.

Thursday and Friday of next week have been set as the moving dates, after which time Mananzita Hall will be left unoccupied.

Dr. Griffin said that until further word is received concerning the possibility of having the University of Nevada selected as air cadet training school or an advanced army training school, no reparations will be made on the hall.

A member of Phi Sigma Kappa, he worked on all the student publications, including the Desert Wolf, student humor magazine.

He is a member of the executive committee of the University of Nevada Alumni Association, of which he was named permanent secretary last year.

Prominent in the running of the Armistice Day bond sale held in Mackay Stadium, he was appointed a member of the war savings committee by Secretary of the Treasury Morgenthau.

**Chamber of Commerce**  
He is a member of the Reno Chamber of Commerce publicity committee.

His wife, Gladys, also a Nevada graduate, is a teacher at Reno high school.

## GOES INTO ARMY

Joe T. McDonnell, graduate manager, who will leave Tuesday to enter the Army as a Volunteer Officer Candidate, is shown in his office. He has served in his position for nearly six years.

## McDONNELL ENTERS ARMY; LEAVES CAMPUS TUESDAY

### Palmer Appointed Acting Manager; Joe T. Will Get Leave of Absence

Joe T. McDonnell, graduate manager since 1939, will leave next Tuesday morning for Salt Lake City to enter the army as a volunteer officer candidate, it was learned this week.

He has served twice as graduate manager for a total of nearly six years in the position.

Taking over his office during his absence will be Art Palmer, who has been named acting graduate manager. Barbara Francis will keep the books. Palmer was formerly assistant graduate manager.

It was understood that McDonnell would be granted a leave of absence for the duration of the war.

McDonnell said that he had applied for tank destroyer service. He will enter the army as a private, although he will be eligible for Officer's Candidate School upon the successful completion of his basic training.

McDonnell took his physical examination at Mather Field November 18, and was accepted as a VOC December 7.

McDonnell was first appointed graduate manager in 1933, shortly before his graduation from Nevada and served in that capacity on a part-time basis until June 1935, when he left the position until June of 1939, when he was again appointed, in line with the complete new athletic regime.

**Book System**  
He set up the present ASUN book-keeping system, supplanting the former less complete system.

He will also vacate positions as secretary of the athletic board, secretary of finance control, and member of the student affairs committee.

Immediately after his graduation in 1933 with an economics major, he began his first term of office as graduate manager.

He took two years of post-graduate work in education, social sciences and accounting, and obtained high and grade school teaching certificates.

**Nearly Taught**  
McDonnell was on the verge of accepting a teaching position when, in 1936, he was named assistant state director of the National Youth Administration.

He worked for this agency until May, 1939, when he resigned to accept the graduate managership, this time on a full-time basis.

As a student, "Joe T." was president of Coffin and Keys, stage manager for the Wolves' Frolic, business manager of the frosh handbook and president of Blue Key.

**Phi Sigma Kappa**  
A member of Phi Sigma Kappa, he worked on all the student publications, including the Desert Wolf, student humor magazine.

He is a member of the executive committee of the University of Nevada Alumni Association, of which he was named permanent secretary last year.

Prominent in the running of the Armistice Day bond sale held in Mackay Stadium, he was appointed a member of the war savings committee by Secretary of the Treasury Morgenthau.

**Chamber of Commerce**  
He is a member of the Reno Chamber of Commerce publicity committee.

His wife, Gladys, also a Nevada graduate, is a teacher at Reno high school.

**STUDENT IN INFIRMARY**  
Girdwood Pope, freshman student from Lincoln Hall, was admitted to the infirmary for treatment and released on Tuesday.

**Meet Soon**  
The committee charged with returning

## Wolves Meet Aggies; Last Mustang Series

### Gym Completion Is Held Up by Missing Converter

Vice-President Charles H. Gorman has not yet received word from San Francisco concerning the probability of obtaining parts needed to complete the heating unit of the new gymnasium.

Gorman had expected to know definitely this week whether or not the equipment would be obtainable so the gym could be opened in the middle of February, but the San Francisco buyer has not yet reported as yet.

The part now lacking is a system used in the conversion of water into steam. This piece of equipment is made of brass, a vital war metal.

## War-time Courses To Be Offered Women Students

### Six Are Already Taking Defense Classes Downtown

Special war-time courses will be offered women next semester, while six campus women are already engaged in defense classes downtown in the AVWS program.

An intensive evening course in engineering fundamentals for college women will begin February 1, Dr. S. W. Leifson, engineering, science and management war training representative, said today.

Designed to prepare women with at least one year of college work for wartime replacement of regular engineers who have gone into the armed services, it is a part of the university war training program sponsored by the U. S. Office of Education.

Originally planned for graduate students, the course has been recently opened to undergraduates as well. A knowledge of trigonometry is desirable, but not essential.

**Fundamentals Stressed**  
Engineering fundamentals will deal with engineering computations and problems, engineering drawing, elementary mechanics of materials, surveying and shop processes and methods.

No tuition or laboratory fees will be charged; however, students will purchase their own textbooks and drawing materials.

Classes will meet in the new engineering building four nights a week for 27 weeks, a total of 320 hours of class work.

Since enrollment will be limited to 20 students, early application is urged, Dr. Leifson said. Students interested should enroll for the course at his office in the Mackay Hall of Science.

**Need of need for volunteer nurses' aids** a new class in training women will begin January 25 at 1 pm in the Lyon building. Classes will meet three hours a day, five days a week, for six weeks and will consist of lectures and supervised work at a hospital. Further information may be obtained from Mrs. Henning Berg at Red Cross headquarters.

AWVS is offering a map reading class at headquarters downtown. The course started Wednesday and will meet one night each week.

Six university women are enrolled at present, Phyllis Kanters, Thelma Charlton, Hope Fleming, Peggy Mueller, Alice Hardy and Annette Leighton. More may enroll if interested.

AWS will initiate a war work program beginning this second semester, Mrs. Benson also said. Bandages will be rolled for the Red Cross and a work shop will be instituted if practical.

**REGISTRATION**  
Returning students will sign up for classes in individual instructor's offices next semester, instead of in the gym, as was the procedure last fall.

**Roosevelt Promises Education to Men After War; Investigators Are Appointed**

Students from colleges and universities throughout the United States who have had their education interrupted will have opportunity "to resume their schooling after their service in the armed forces has come to an end."

This was a part of a letter received by Brigadier General Frederick H. Osborn, head of the Armed Forces Committee on Education from President Franklin D. Roosevelt, in which he ordered the members of this committee to make a study for the taking of steps to provide training of these "former students."

The committee is composed of Brig. Gen. Frederick H. Osborn, director; Capt. C. C. Baughman, representing the Navy; Dr. Dexter Keezer, president of Reed College, Portland, Ore., now serving in the Office of Price Administration; Tulane University, New Orleans; and Dr. John W. Studebaker, director of the Office of Education.

## Cal Aggies Meet Wolves This Week In Pair of Games

### Mustangs End Season; Army to Control Davis Campus

Playing their last sport series for the duration, California Aggies will meet Nevada tonight and tomorrow at 8 pm in the gymnasium, with the freshmen playing a preliminary both nights.

The Mustangs, whose campus is being diverted to army needs, have taken three contests this year, from Camp Kohler, Mare Island Apprentices and Spaulding Sporting Goods, outstanding semi-pro team. On the debit side of the ledger they have been trimmed by the University of California, California junior varsity, Coast Guard and Mather Field.

Gen. Harris, high scoring forward, leads the Davis aggregation. A six-footer, he is joined by two other towering teammates on the first squad, Guard Joe Marron, 6-foot two inches, and Center Boyd Harrold, 6 feet. The other Aggie starters are John Johns, 5-foot 10 inches, guard, and Lawrence Michael, 5-foot 9 inches, forward.

**Wolves Practicing**  
Jake Lawlor's cagers have been practicing regularly in preparation for the tilt, with seven wins and one loss on the record.

Nevada's starting lineup will probably be Bob O'Shaughnessy and Jim Melarkey, forwards; Harry Paile, center; Orsie Graves and Alf Sorenson or Gene Mastroianni, guards.

Sparked by O'Shaughnessy and Melarkey, high scoring forwards, the Pack has defeated such teams as St. Mary's, Mather Field, Hawthorne Marines, and McClellan Field. After meeting Cal Aggie this weekend, the Pack will tangle with Mather Field, Chico State, San Jose State and San Francisco State.

Next weekend Nevada travels to Sacramento where they will meet Mather Field in a return engagement. Defeated 51 to 30 by Jake Lawlor's cagers, Mather Field fans are hoping that Lieut. Bob Rutherford and Max Forbes, who both missed the previous Nevada contest, will be on hand to even the count against the high scoring Nevadans.

**Members of the first year advanced ROTC class will remain in school until the end of the next semester, Lt. Col. Wm. F. Gent announced this week.**

According to Gent, these junior cadets will not be called to active duty until late in May.

They will then be sent to a replacement training center, where they will receive basic military training for approximately three months. They will be given this training in lieu of the instruction ordinarily received during their senior year in college.

**Officer Training**  
After successful completion of this work the cadets will be sent to officer's candidate schools also for a period of approximately three months.

Each man who satisfactorily completes this stage of training will then receive his commission as a second lieutenant.

Members of the present Military 51 class who are included in this newest regulation are: Leroy Talcott, Fred Heinen, Elwyn Freeman, John Stufberg, Alex Lembers, Bruce Bowen, Stan Reese, Don Bagley, Robert Burns, Neil Stewart, Bob Crowell, Mike Zoradi, Addison Millard, Merton Domonoske, John Hattala, Floyd Edsall, Rodney Boudwin, Bob Hoyer, Don Burris, Bob Brambilla, Bob Collins, Charles Burke, Robert Preece and Paul Gibbons.

**Riggle Announces Artemisia Policy**  
If groups which ordinarily have their panels in the Artemisia have changed their plans this semester Walter Riggle, yearbook editor, requests that they contact him before the end of next week.

Unless advised to the contrary, Riggle announced that he would go ahead and place the panels in the Artemisia, and assess the groups involved for the expense incurred. If the groups don't pay, individual members will have to contribute their portion of the total amount before they can receive their publication.

## ONE FOR JOE

Next Tuesday, veteran Graduate Manager Joe McDonnell leaves to enter the army.

It's a little difficult to say anything about his departure without sounding sloppy or having the piece sound like an obituary.

But we think we should certainly say something, both because his leaving is going to make a difference and because he's the swell person he is.

Not only has Joe T. conducted his duties smoothly and efficiently, but he has been advisor, source of information and confidant of all student body presidents, publications heads, activity presidents and students in general—not to mention coaches and even faculty members—ever since he has held his job.

Any student who has had any very close association with him—and that is probably most true of those who work in the ASUN building—knows that Joe has always supplied the crying towel when they had their troubles. And then he would come up with a joke, and before the conversation was over would convince the person that he really didn't have any troubles at all.

As Sagebrush editor, we appreciate more than most his ability—and readiness, no matter what duties of his own faced him—to solve problems and give us new leads. As a source of information he has been invaluable, because, besides the fact that he is himself at the bottom of much that happens here on the hill, he contrives to be the confidant of an amazing number of people, and is usually the first to know what is going on.

We might even add that as a source of inspiration he has been invaluable, too.

How many students he has given a lift to with one of his unfailingly witty stories or remarks, is hard to guess. And perhaps we shouldn't say students limitingly, because a surprising number of faculty members drop by Joe's office in the student union building regularly for a little session.

And no one should take Joe's ability too lightly, either. He has been largely responsible for any success the latest athletic regime has had, through his endless arranging and persuading and his knack for making the right decision. And he has put the ASUN on a really business-like basis for the first time in its history, for which the school certainly owes him a tremendous debt.

We see that we haven't managed to say what we wanted to—or perhaps what we should have—at all.

Probably it's impossible to find the right thing to say on the departure of a person such as Joe T.

The very fact that he is entering the army as a private, as a volunteer, when he is married and nearly 35 years old, and has a good job which he likes, tells a good deal about the man.

We had better just say that he is as loyal a Nevadan as we have ever seen on this hill, and a hell of a guy—a raconteur, self-deprecator, efficient and tireless worker and swell person in general.

He'll be back, but he's been keeping the whole show running smoothly for a long time, he's been a friend to most of the people on the hill, and his absence is going to leave a whale of a hole.

We'll say, "Good luck, Joe," and let it go at that.

## THE BIG TIME OPERATORS

Two things happened this week which recalled to our mind an editorial we printed a little over a month ago entitled, "The Rah-Rah Boys," which was about the effect of Who's Who in American Colleges and Universities on that ever-present campus phenomenon—the BMOC.

We came across an editorial in the University of Idaho Argonaut giving our editorial credit for inciting the staff of that paper to comment editorially on the subject.

And we noticed that some of the local BMOC's blossomed out with handsome gold keys (five dollars and something) on their already heavily loaded watch chains proclaiming that they have been named to Who's Who (which we dubbed a racket), apparently not deterred in the least by our editorial on the subject.

We predicted a month ago that "BMOC's and BWOC's will buy the key proclaiming their inclusion in the book and wear them on their already crowded watch chains—and on whatever the women will wear theirs. And the book and all the trimmings will also be purchased in large numbers."

And later on, "We have already noted that the local contribution to the cause is large.

"Things may change and people may pass, but the Rah-Rah Boys are forever with us."

And we certainly haven't changed our mind.

The writer of the editorial in the Argonaut mentioned that he was hesitant to comment unfavorably on the "Who's Who" because he was afraid such a piece would be labeled "sour grapes" or as reflecting the "attitude of the unchosen."

We have no such hesitation, since for one reason or another—mostly because the editor of the Argonaut was only recently chosen—we happen to be on somewhat better ground to criticize the so-called BTO's.

But hesitant or not, the writer of the Argonaut editorial finally said something pretty pertinent about the situation:

"If college BTO's really have the stuff, they don't need a paragraph in Who's Who or another key for their chain to profess their excellence."

To which we can add only, "Halleluah, brother!"

## CAPITAL to CAMPUS

A. C. P.'s Correspondent Reports from Washington

WASHINGTON — (ACP) — Men in good standing who have had a year of almost any sort of engineering course — have a basis for requesting occupational deferment, mining and metallurgy — have a basis for requesting occupational deferment, according to a recent amendment to Selective Service's Occupational Bulletin, No. 10.

The same goes for men who have no more than two years remaining in certain other specialized courses—bacteriology, physics, geophysics, astronomy, chemistry, mathematics, meteorology, naval architecture and psychology. If you're interested, you might check at your local Selective Service Board, which probably has a copy of the amendment.

**ALL QUIET OR FAIRLY SO**  
Three men each from the Army, the Navy and the Manpower Commission in Washington are studying procedures by which men are to be selected to attend college under the recently announced Army-Navy college training program.

They're working like beavers on the testing procedures, but have nothing to announce to date. Meanwhile, male college students are asked to keep their seats—which, no doubt, is easier said than done.

Incidentally, an Army man selected for college work may get any one of five assignments when he has completed his studying—he may go to an officer candidate school, be recommended for a job as a technical non-commissioned

officer, returned to troops, in some "few cases" be tagged for advanced technical training, and in "very exceptional cases" made available for work outside the army, if that work is "deemed highly important to the war effort."

**MORE WOMEN WANTED**  
As more and more men advance to battle lines, more and more women join production lines. And in government agencies are in full cry after them to fill vacated positions, both in Washington and the states.

The Civil Aeronautics Administration is offering scholarships to women — free tuition, plus \$50 for books and \$75 a month living expenses at Massachusetts Institute of Technology, New York University, California Institute of Technology and the University of California at Los Angeles.

These scholarships are open only to coeds with private air pilots' licenses and college work in mathematics and physics.

But there is a second group of scholarships offering free tuition at the same institutions, but no further allowances, for women not licensed as pilots.

Graduates from these courses might

**Sport Scenes**  
BY BILL HENLEY

**THERE IS SOMETHING A BIT** tear-jerking about tonight and tomorrow's series with Cal Aggies. General Sherman said war is hell, and he's right. The Aggies, long a friendly and evenly matched Nevada rival, are bowing out of the sport picture this week. They are bowing out of the collegiate picture—maybe forever—as Uncle Sam takes over and trains his fliers.

No, this isn't a major calamity of war, we imagine. The major one is the factor of men battling knee-deep in swamps and deserts, getting pot-shotted from the air and the ground to keep the country rolling. Still, it is a calamity. Here is an honored athletic rival being rushed out of business—a rival that has proven worthy and highly respected.

Somehow we wish it wasn't Cal Aggies that had to go. They have been as close to traditional opponents as any school we know—traditional, not always because they put up the best contests, but traditional because they were "big game" to us, and yet not the bitter big game, the "let's thump them so and so or we'll never live it down" type of rival.

This meant a little more five or six years ago than it does now, before we tried to go big-time. But being a little dog in a big puddle never appealed to us; we like the backyard, neighboring type of rivalry personified by the Aggies. We like the almost total lack of malice, the open-handed, non-secret, non-vitriolic sessions that has characterized our encounters with the Davis boys.

And, too, when you see that team in action this weekend, remember what it must mean to them. No more practice sessions; no more locker room parrying, no more teamwork with fellows you've grown to like.

**THIS WOULD BE THE RIGHT** psychological moment for the Aggies to

**EVER HEAR OF THOSE TRADITIONAL** pages of time? We're turning them back for the thousandth time (they ought to be well leaved by now) and presenting an all-star athletic panel for 1942, or that part of it which started in September.

Two free passes to the Waldorf go to these men, Sport Scene's best:

**Varsity**  
Football: Marion Motley, and no argument.  
Basketball: Bob O'Shaughnessy, with Jimmy Melarkey getting a pass and a half.

**Intramural**  
Volleyball: Otis Vaughn of Lambda Chi, in absentia. He's Uncle Sam's man now.  
Tennis: Ed Reed, ATO, only frosh in the big tent.  
Horseshoes: Neil Stewart, ATO. This sport is chiefly notable in that the Phi Sigs look good.  
Basketball: Jerry DeRushia, Theta Chi, who hasn't hit that peak again.  
Handball: Willie Etchemendy of ATO, without quivering an eyebrow.

Most of these are fairly obvious choices, but that doesn't mean they shouldn't get some recognition. When Kinnear cup time draws near everybody starts wondering what Greek house won what event, and if sufficiently interested they usually find out. That leaves the men who actually won the game virtual nonentities. Now fraternity awards are glorious, but somebody wins them, and every now and

**Taus Choose Michal as Award Representative**

Eugene Michal, senior engineering student, was chosen by the Alpha Tau Omega fraternity as their representative for the Thomas Arkle Clark award which is given to the outstanding ATO senior student in province 12.

Michal has maintained a high scholastic average during his senior year as well as taking part in various campus activities. Nominated by a student committee, he will be competing with students from five other western states.

He is imbued with that last-try ginger and walk off with a pair of upsets. The farm boys aren't any soft touch, judging from their record. When they lost to Mather Field, the flyers had their two best men in uniform—neither of which were on tap when Mather lost to the Wolves. This makes comparison from that quarter futile. However, despite the possible mentage edge, we stand by our prediction of last week—Nevada for two triumphs.

**HAS ANYBODY NOTICED THAT** Jake Lawlor's team has already tied Schuchardt's five's cage record of last winter? Out of two college games, the Wolves have one win; out of 16 college games, the 1942 edition had one win. Regression is impossible, and there is every possibility that a good, if not outstanding, season lies ahead.

**EVER HEAR OF THOSE TRADITIONAL** pages of time? We're turning them back for the thousandth time (they ought to be well leaved by now) and presenting an all-star athletic panel for 1942, or that part of it which started in September.

**BUGLE CALLS**

Monty Boland, '34, last month was commissioned an ensign in the navy and left for training. While at Nevada, Boland was a member of Phi Sigma Kappa and after graduation taught in the Elko schools. He was an instructor in PE at Billingshurst junior high before receiving his commission.

Fighting scattered Jap forces in Alaska is Ensign Sam "Sockey" Basta, one of the greatest ends ever to don a Nevada uniform. Ensign Basta, an artillery gunner officer, is stationed with the United States naval forces "somewhere in Alaska."

Ensign Basta is affiliated with Alpha Tau Omega fraternity.

Accepted for the regular army officers volunteer training school, Edward Lunsford, jr., is now stationed with an armored division at Fort Knox, Ky. Lunsford was a graduate of Reno high school and was an active member of the Sigma Alpha Epsilon fraternity.

William Martin Smythe, '39, has been recently commissioned a second lieutenant in the Army Air Forces. While attending the University of California at Los Angeles, he completed a nine months' training course in meteorology. The son of Prof. and Mrs. William I. Smythe, Lt. Smythe graduated from the Mackay School of Mines, and is a member of the Sigma Nu fraternity.

Howard W. Squires has been commissioned a lieutenant (jg) and left recently for active duty at the naval training station at Tucson, Arizona. Lieutenant Squires is a past resident of Virginia City and during the summer instructed University of Nevada engineering students in surveying courses.

Kenneth Goodrich, freshman mining engineering student from Las Vegas, withdrew from the university recently. He is expected to be called into the Army.

Bill Gustin, '43, radio technician third class, has been moved from Stillwater, Okla., to advanced radio schools of the Navy at Corpus Christi, Texas. Gustin

then they should be hauled out of the alphabet soup for inspection.

**NEXT WEEKEND THE BASKETBALL** team might be in for a rough two nights, with Mather Field trying to even the score. The Fliers will have their missing stars in action this time. Next home series, Chico State, February 5-6. The Staters are a virtual cinch for FWC honors and have lost but twice. Both losses were to San Francisco State, which has nothing particularly to recommend it except that it is the highest scoring team on the coast.

We were of the opinion that after that St. Mary's win that such smaller institutions as the Aggies and Chico State weren't in the class with the Reno casaba artists, but evidently they have not heard of our fearsome reputation, and are not unnerved by being thrown into the lion's den.

**Post Mortem TO THE RESERVES**

BY MELBA WHITTAKER

Outside, the rain was falling fast; Inside, the time for stalling past— If ever you knew it, Remember now; If ever you did it, Solemnly vow To make the average And more to boot, Or you'll find yourself In a G-I suit.

was a member of Sigma Rho Delta and played in the university band. He withdrew from the university last year to join the Navy.

Ed Lee left recently to report for active duty in the Army Enlisted Reserve Corps. He applied for active duty several weeks ago and will report in Salt Lake City.

Jerry Havens, '37, successfully passed tests given by a naval examining board here recently, and as a result will be commissioned an ensign in the near future. While attending the university Havens was affiliated with Lambda Chi Alpha.

Carl Stevens, Lambda Chi Alpha, is now a cadet in the air forces. He has withdrawn from school, and is now waiting to be called to take flight training.

Corporal George Ricker returned Sunday to Sheppard Field, Texas, after a 13-day turlough in Reno. He was a pre-med student here during 1939-40 and is now an aviation instructor at the Texas air base.

Bob Singleton, junior Sigma Alpha Epsilon last year, is now attending the bombardier school at Tucson, Arizona.

Don Talcott, Wolf Pack tackle of last season and now in the ground force

of the U. S. Army, is convalescing at a county hospital at Fresno. He underwent an operation recently.

Samuel Osgood, a former student of the university, where he was affiliated with Theta Chi fraternity, is now enrolled in the Navy pre-flight school at Athens, Georgia. While at Nevada Osgood was president of Sagers and also a member of the ski team.

Tom Allard, former student and pledge of Lambda Chi fraternity, is visiting former friends in Reno this week. Allard is an ensign in the Navy Air Corps, receiving his commission last week. He is stationed at Corpus Christi, Texas.

Bill Gustin, '43, underwent an operation for removal of his appendix last week at Corpus Christi, Texas, where he is training as radio technician third class with the navy.

Ensign Donald Dondero, Nevada student in 1938, is at Jacksonville, Florida, receiving advanced flying instruction in the naval air corps.

Morris Gallagher, sophomore university student, has been granted a commission of second lieutenant in the medical administration corps. Gallagher will continue his studies at the university until he is called.

Harold Clari, sophomore engineering

student, and Ken Bradley, freshman student from Sparks, left recently for San Luis Obispo, where they will begin naval training in radio work and aviation maintenance. Both are affiliated with the Alpha Tau Omega fraternity.

Charles W. Schlager, '42, has been graduated from the artillery course at Marine Corps school, Quantico, Va., and is now assigned to duty with a combat organization. He was commissioned as a second lieutenant.

Lieutenant Schlager majored in mathematics at college, and played three years of football.

Lt. Richard Bagley, '37, is now training for the position of flight surgeon at Randolph Field, Texas. He was former-

ly with the medical training division at Mather Field. Lt. Bagley received his degree in medicine at the University of Colorado.

## Cans and Old Cars Collected by Greeks

### Scrap Metal Drive Looms At Semester's Close

Barrels and barrels of tin cans plus several jalopies, or parts of them, have been contributed to the scrap drive by Nevada fraternities and sororities.

Tin has been the chief item contributed by the women's groups. Pi Phi has been obligated to bring a tin can as admission to weekly meetings. Cans by the barrel have been sent from the Gamma Phi house to the local salvage committee. KAT and Tri-Delts have collected appreciable sums of scrap.

**Lambda Chi Lead**  
Lambda Chi still leads the fraternity scrap derby with more than 15 tons of metal having been collected. The SAE house reports that two tons have been added to their scrap pile since Christmas, making a total of ten tons for the semester's work.

Two jalopies have recently been put on top of the Theta Chi heap, upping the poundage to 2500. ATO estimates its collection at about four tons. Sigma Nu, Sigma Rho Delta and the Phi Sigs report mostly tin cans as their contributions.

### Frosh Meet Preps In Aggie Prelims

Nevada frosh will meet two state high school teams in preliminary contests this weekend, starting at 7 o'clock both nights.

Tonight the Cubs play Sparks high school, while they will oppose the Indians from Stewart prep school Saturday night.

Coach Jim Aiken, out of town on business earlier this week, is expected to be on hand tonight when his charges take the floor against the Railroaders.

## Colonel Clark Still Serves Country in High School Post

Col. Oral E. Clark, retired, is still doing his bit in the military service of this country, it was learned here this week.

Col. Clark, who was professor of military science and tactics here from the years 1938 to 1941, is now commandant of cadets at Brunson, Michigan, high school, friends of his announced this week.

This is the same high school in which Col. Clark served as a cadet captain 40 years ago.

Col. Clark was the originator of the company sponsor system now in use at this university.

## Qualifications Set By War Department For College Plan

### No Information Received As to Whether Nevada Has Been Accepted

The War Department recently set forth qualifications required by selectees in the joint Army-Navy specialized training programs.

These men will be trained in basic and advanced subjects in selected colleges and universities throughout the United States. As yet, there has been no information received regarding Nevada being selected as one of those universities.

Applicants for the basic training must measure up to these requirements:

1. Score 110 or better in an Army Classification test.
2. Be high school graduates between the age of 18 and 21, inclusive (not attained 22nd birthday).
3. Complete the regular basic Army training or be in the process of completion.

To qualify for advanced training under the plan the applicant must meet these qualifications.

1. Pass the Classification test with the same score.
2. Have one year of college work or its equivalent and be at least 18, but not necessarily under 22.
3. Complete or be completing the Army basic training.

The War Department's statement pointed out that the trainees will be in uniform on active duty, will be paid while they learn, and will be subject to military discipline. The colleges to which they are assigned will provide the instruction prescribed by the Army and will furnish housing and feeding facilities. The students will receive military training, but it will be secondary to their academic work.

"The principal objective of the Army's Specialized Training Program," the statement declared, "is to meet the need of the army for technically trained soldiers for certain Army tasks for which its own training facilities are insufficient in extent or character."

## Fraternities Have Special Initiation For Frosh Pledges

### 61 Total for All Houses, As Amount Initiated By the Greeks

Because many pledges may soon be drafted or called to active duty from the reserves, five Nevada fraternities have held "second initiations" in the last few weeks.

On December 20, four men, three of whom had been Beta Kappas, were initiated into Theta Chi which merged with Beta Kappa. The former members were Ed Dodson, Bill Covington and Ernest McKenzie. The other pledge was Bill Johnson, a freshman. George Moore, former student now attending Northwestern Med school, was initiated here during the Christmas vacation.

Lambda Chi Alpha also initiated on December 20. Eighteen men were entertained at the El Cortez with a banquet following formal ceremonies at the chapter house.

The new initiates are Bill Arant, Don Bell, Robert Clark, George Dickerson, Eyo Granata, James Knowles, Harold Larragueta, Bob Knox, John Jorgenson, Alex Lembers, Clint McCubbin, Bob Rae, George Turcott, Huling Ussery, Bill Van Meter, Paul Weaver, Bob Williams and George Yori.

Sigma Rho Delta initiated Murvyn Brannan, Leonard Thomas and Thatcher Warren at brief ceremonies after a regular meeting on December 21.

Formal initiation for fourteen men was held by Sigma Nu January 10, after which a banquet was given in their honor. New Sigma Nus are Nick Jackson, Lyle Minor, Don Crosby, Evan Bots, George Getto, Tony Martinez, Jim O'Neil, John Warren, Don Kramer, John McKenzie, John Williams, Roy Quillel, Tom Bradshaw and Walt Riegler.

Twenty-one members were accepted into Alpha Tau Omega recently, the largest of all pledge groups. New members are Calvin Fricke, Art Block, Bill Williams, Harold Hiltz, Ed Reed, Frank

## 5 Faculty Members Volunteer to Help Fill Band Chairs

Five members of the university faculty have volunteered to help "fill the band chairs." Professor Theodore Post announced this week.

Dr. Loring Williams will play the sousaphone; Dr. Merle Deming, baritone horn; Professor Maurice Beesley, clarinet. Holly Mertil, clarinet, and Clyde Arrington, cornet.

Arrangements have been made to hold one rehearsal each week, the first to be held next Thursday afternoon at 4:00 in the Education building.

## Scholarship Group Meets Saturday

The scholarship committee will meet Saturday and act upon delinquent reports, determining the future academic status of students with unsatisfactory grades. All E's and F's were presented to the registrar today, in accordance with President L. W. Hartman's instructions earlier in the week.

Miskulin, Mike Drakulich, Carl Fransen, Francis Chapman, Milton Crew, Robert Giblin, Franklin Gardner, Gordon Hawkins, George Gibson, Brunson Harris, Bill O'Brien, Robert Preece, Norman Rebealati, Lyman Schwartz, Frank Torre and Bruce Shaw.

Phi Sigma Kappa and Sigma Alpha Epsilon do not plan to hold "second initiations" this semester.

The only true thing about a stork is its big bill.

## Traner Announces Four Graduates Placed in Jobs

Four graduates of the University of Nevada have recently been placed in teaching positions, Dean Traner, head of Teachers' Appointment Service, announced today.

Edwin Dodson, '42, is teaching upper grades in the McGill grade school. Dodson has just recently returned from Alaska.

**Fay Bybee**  
Fay Bybee, who received his degree at summer school in 1942, has been appointed to the staff of B. D. Billingham junior high school. Bybee is replacing Monty Boland, also a University of Nevada graduate, who has gone into the navy.

Mrs. Margaret Hart, '41, is teaching at Sparks junior high school.

Mrs. Harold N. Brown, '28, is substituting for Mrs. Lucile Sanford Berning at Northside junior high school.

There are still innumerable vacancies that the department is unable to fill, Dean Traner said.
