

PRESIDENT ACCEPTS QUOTA OF AIR CADETS

Senate Names Warren Salmon As Head Of Mackay Day Fete

Streeter, Boudwin Selected for Posts By Student Senate

Warren Salmon, senior Sigma Nu, was named chairman of the Mackay Day committee at a meeting of the student senate Wednesday afternoon when the committee panels for the present semester were approved.

Assisting Salmon on the committee are Bill Eccles, Bob Meyer, Elmo De Ricco, Hale Tognoni, Bob Uhlig, Addison Millard, Ed Monsanto, Nellie Higgins, Helen Batjer, Katy Little, Mary Alice Holmes, Janet Wilson and Bonnie Yater.

Jack Streeter was retained as chairman of the men's upperclass committee and one old member, Bill Boko, was reappointed. John Gent, Jim Melarkey, Paul Arenaz, Sam Drakulich, Ed Sawyer, John Gamble and Dick Joplin are newly appointed.

President's Convention

Rodney Boudwin was appointed chairman of the high school presidents' convention. Mary Alice Holmes, Bob Brambila, Amette Leighton and Florence Alexander make up the committee. John Engle was named chairman of the rally committee. Barbara Francis is replacing Leota Davie on the publications board.

Bill Van Tassel replaces George Frey as chairman of the election board. Bruce Bowen, Bob Bruce, Forrest McQueen, George Homer, Virginia Mathews, Katy Little, Frances Bauman, Helen Meaker, Pat Johnson, Jeanne Forsythe, Jane Reading, Viola Sorensen, Jane Dugan, Don Burrus, Elwyn Freemonth, Ray Davis, Lloyd Clements, Ed Sawyer, Bob Woodward, Willie Etchemendy, Bill Anderson, Edwood Moffett, Ed Monsanto, Betty Jo Hanna, Raylyn Collins, Frances Yee, Rube Boyce and Charles Burke were appointed to the board.

Old Members

Old members retained were John Staufberger, Muriel Westergard, Adey May Dummell, Orsie Greaves, Brownlie Wylie, Lois Wellen, Darden Tibbs, Jim Devlin, Fred Haley, Forrest Nichols, John Gamble, Gene Michal and Miriam Rebaletti. Bob Crowell now replaces Pete Echeverria on the nominating committee. No changes were made in the subsidiary rally committee, women's upperclass committee, finance control committee or executive committee. Virginia Mathews was reappointed ASUN secretary; Paul Gibbons nominating committee chairman; Carl Digno, yell leader, and Jim Kehoe, Blue Pepperhead.

Mackay Luncheon Price Is Raised

Ten Cent Boost Given Charge

Price for the Mackay Day luncheon was boosted to 40 cents from the usual 30 cent figure at this week's meeting of finance control, at which the budget for the spring semester was approved. Five budgets were approved: Band, AWS, WAA, Mackay Day and Engineer's Day.

Approval of the play production budget was held up pending consultation with Prof. William C. Miller. The board felt that a decrease in the number of plays for the spring semester was indicated this year.

Valentine Party Planned by Barbs

Executives of the Independents met Monday night to plan activities for the spring semester.

Definite dates for social affairs could not be set until after the calendar committee meeting held Tuesday. However, more detailed plans would be made at the next meeting, according to Ed Monsanto, president.

Next meeting of the group will be a valentine party on February 15 in the Agriculture building. Lois Honeywell is in charge of refreshments and Bill Anderson will arrange entertainment.

FIVE IN INFIRMARY

Five students visited the infirmary this week, according to Mrs. Eunice Griffith, head nurse of the hospital. These students were Jim Kehoe, Edmund Sawyer, Jane McQuiston, Howard Heman and Harriet Lee.

Reserve Call Due Within Two Weeks; Six Men Notified

Service Command Warns Of ERC Summons Very Soon

The war department and the ninth service command yesterday announced that the Enlisted Reserve Corps "will be called to active duty within two weeks," except for those members exempt because of studies in advanced ROTC, pre-medical, engineering or electronics.

Meanwhile, the first of the enlisted reservists to be called were notified early in the week by Dean Fredrick Wood that they will receive orders soon. Six university students in the army Enlisted Reserve Corps will report for active duty to Fort Douglas, Utah, March 15.

No further orders affecting army enlisted reservists have been received, Dean Fredrick Wood, university armed services representative, announced late today.

The six men, who are the first in the army enlisted reserve corps on this campus to receive their long-awaited orders, include Stanley Cohen, sophomore of Reno; Howard Heckethorn, sophomore of Las Vegas, and four freshman students: Norman W. Towner of Reno, Paul E. Weaver, Jr., of Santa Monica, California, Mike Drakulich of McGill and Stephen Zoradi of Mina.

Cohen and Heckethorn are Sigma Nus; Weaver, a Lambda Chi; Zoradi, a member of Sigma Rho Delta; Drakulich, an ATO, and Towner, an Independent.

Half Credit

Since the reservists will have completed six weeks of the current semester by March 6, they will be eligible for half credit in the courses they are taking if they maintain a passing grade.

After completing basic army training, the reservists will be eligible for assignment to further study under the army specialized training program to be conducted in about three hundred colleges and universities.

It is possible, Dean Wood stated, that some of the men might be re-assigned to the University of Nevada, if and when this university is chosen to participate in the training program.

Draft-Eligible Students

The ninth service command also announced that students not in the reserve who are eligible for the draft may be placed on active duty with inactive status and allowed to finish their studies.

The war department release rescinded an announcement of January 27 which said that the reserve would be called at the end of the current semester, which would have meant a May or June call for reservists at Nevada.

Induction Details

Supplementing yesterday's announcement was the release last week of the detailed plan for calling reservists to active duty.

Some of the information has been reported in previous war department dispatches which have appeared in the Sagebrush, but some specific pieces of information have not.

According to the plan, "Each reservist ordered to active duty (of those eligible for immediate call) will be dispatched, after processing at a reception center, to a replacement center of the Services of Supply or Army Ground Forces as part of current quotas.

"In the orders issued to a student calling him to active duty, he will be (Continued on Page Six)

Four Men Top Scholarship Roll

Perfect Record Made By Senior Men; Teipener Leads

Four men students head the fall semester honor roll released by President Leon W. Hartman today.

James W. Teipener, senior mechanical engineering student from Montana, placed first with a 4.00 average for 18 hours work; Duane Ramsey, senior, of Reno was second with 17 hours in civil engineering; Peter Echeverria, Ely arts and science senior, was third with 4.00 for 16 hours; while Clifton Young, Lovelock senior, placed fourth on the roll with 4.00 for 15 hours in the college of arts and science.

The general student body average, university officials announced, was 2.2939. Women average 2.4483 and men averaged 2.1956.

The honor roll is as follows:

	Col.	Avg.	Hrs.
1. James W. Teipener.....ME	4.00	18	
2. Duane Ramsey.....CE	4.00	17	
3. Pete Echeverria.....A&S	4.00	16	
4. Clifton Young.....A&S	4.00	15

Enrollment Climbs To 616 Students During Last Day

Final figures for registration of students in the university this semester totaled 616 students, Mrs. Jeanette C. Rhodes announced this week. These figures were compiled at the close of enrollment last Saturday.

Of these, 239 are men and 277 women. The freshmen added 11 students and now number 203.

Juniors with the second largest class totaled 142 against the seniors' 116. Sophomores jumped four students over last semester and now total 112.

There are 21 special students and 22 graduate students enrolled.

FROSH VIOLATOR WASHES STEPS; BATHES IN LAKE

While washing the library steps at ten last Friday morning, one of the frosh violators, under orders from the women's upperclass committee, terminated her task by being thrown twice into Manzanita lake.

One of the men bystanders threw mud on her clean steps. She didn't like it so she tossed a bucket of water at him. He threw her into the lake. The frosh woman went to Artemisia and changed clothes. Returning to the library and the steps she threw some more water on the mud slinger. She was thrown back into the lake. Pamela Kantor played the role of In-Again-Out-Again-Pinnegan.

Young, Echeverria End Long Career Next Week at Linfield Tournament

The debate team of Clifton Young and Pete Echeverria will see its last collegiate competition when it appears at the speech tournament to be held at Linfield College, McMinnville, Oregon, on February 18, 19, 20.

Young and Echeverria have been a winning team ever since they captured the intramural debate trophy when they were underclassmen.

They have both participated in three years of intercollegiate debate. They

Echeverria Heads Cadet Committee For Military Ball

Candidates for Honorary Major Will Be Voted For February 24

Honorary major candidates for the annual Military Ball will be presented at the ATO house during a tea held in their honor a week from Sunday between 4 and 6 pm. Pete Echeverria, cadet in charge, announced this week.

Bids for the honor are now open to the sororities. Their chosen representatives will be voted on after the tea at primary elections February 22. Final decision for the honorary major will be held on the 24th.

Echeverria stated that a ten-piece orchestra will furnish the music with vocalist to accompany them. Admission charges for the formal is \$1.65 per couple. Besides the vocalist the committee promises additional entertainment for the dance, he added.

Other members of Scabbard and Blade assisting the chairman are Jim Kehoe, Clifton Young, Hugh Smithwick, Herb Chiara, Warren Salmon, Art Palmer and Sam Drakulich.

Social Calendar Set by Committee For This Season

Group Closed All Dates That Conflict With Exam Weeks

Social calendar for the spring semester was set at a committee meeting Tuesday afternoon in the Agriculture building.

Dean R. C. Thompson, chairman of the committee, requested that all groups limit themselves to two dances this semester, and added that dates set at this meeting were definite and could not be changed.

Dean Lucille B. Benson, dean of women, asked that all organizations have lists of chaperones into her office by noon of the Wednesday preceding each dance.

Spring Calendar

Friday, Feb. 12—Zeta Phi Zeta.
 Saturday, Feb. 13—Open.
 Friday, Feb. 19—Pi Beta Phi.
 Saturday, Feb. 20—Alpha Tau Omega, Sigma Nu.
 Friday, Feb. 26—Open.
 Saturday, Feb. 27—Military Ball.
 Friday, March 5—Sigma Alpha Epsilon.
 Saturday, March 6—Lambda Chi Alpha, Independents.
 Friday, March 12—Kappa Alpha Theta.
 Saturday, March 13—Theta Chi.
 Friday, March 19—Gamma Phi Beta, Sigma Rho Delta.
 Saturday, March 20—Sigma Nu, Alpha Tau Omega.
 Friday, March 26—Open for mid-semester examinations.
 Saturday, March 27—Open for mid-semester examinations.
 Friday, April 2—Sigma Alpha Epsilon.
 Saturday, April 3—Delta Delta Delta.
 Friday, April 9—Sigma Rho Delta.
 Saturday, April 10—Mackay Day Dance.
 Friday, April 16—Theta Chi.
 Saturday, April 17—Lambda Chi Alpha.
 Friday, April 23—Zeta Phi Zeta.
 Saturday, April 24—Sigma Alpha Epsilon, Independents.
 Friday, April 30—Alpha Tau Omega.
 Saturday, May 1—Delta Delta Delta, Theta Chi, Pi Beta Phi.
 Friday, May 7—Kappa Alpha Theta, Gamma Phi Beta.
 Saturday, May 8—Lambda Chi Alpha, Sigma Rho Delta, Sigma Nu.
 Friday, May 14—Open for final examinations.
 Saturday, May 15—Open for final examinations.
 Friday, May 21—Open.
 Saturday, May 22—Senior Ball.

Hartman Sends Approval Of Date To Army Chief

Virtual confirmation of the acceptance of the University of Nevada's quota of 250 air cadets to be sent here for academic training, was revealed by President Leon W. Hartman yesterday. The first group of cadets, Hartman said, will arrive on March 1, if the deal is closed, instead of on February 20 as originally planned.

The acceptance was made in answer to a telegram received from the chief of air staff in Washington, D. C., which announced Nevada's quota as 250 cadets for March 1 and 250 for April 1.

Designation of Nevada for the training of Army air cadets and for Army engineering training was announced earlier this week by Office of War Information.

Courses for instruction will include 420 hours distributed in mathematics, physics, history, geography and English at freshman level. All of these courses are being offered in the regular curriculum with the exception of geography, and arrangements are being made to add this course.

A list of authors and publishers of texts used in the courses has been sent to Army officials, Dr. Hartman said. The total quota of 500 men is to exclude the normal capacity of the university for training, housing and feeding engineering students, the wire from Washington stated.

Definite arrangements as to housing the incoming cadets have not been made, Dr. Hartman declared, although tentative plans include housing the men in university dormitories, the engineering building and the gym. Details, however, are unsettled pending further word from the Army.

Nevada was one of the few western institutions selected for two government training courses. Designation of the institutions, number 24, was contained in a joint statement issued from Washington by the Army and Navy Departments and the War Manpower Commission.

The University of Nevada and the State College of Washington were selected for both aviation cadet and specialized training instruction.

The University of California and the University of Washington were both named as Army and Navy engineer training institutions.

Engineer Training
The Universities of Alaska, Arizona, Stanford, Santa Clara and Oregon State College were approved for Army engineering training.

Arizona State Teachers College, Compton Junior College, Long Beach Junior College, Pasadena Junior College, Central Washington College and St. Martins College were on the approved list for Army aviation cadet training.

The Oregon College of Education, Whittier College and Fresno State were approved for training of WAACS.

Navy engineer training institutions selected are the California Institute of Technology and the University of Southern California.

Institutions named represent only a portion of the total number which eventually will be approved for specialized training for the armed forces, the committee said.

Military Society Elects Seventeen
Seventeen men were elected to Scabbard and Blade, honorary military fraternity, last night in the military rooms at Stewart Hall.

The newly elected men are Merton Domanoske, Robert Hoyer, Addison Millard, Robert Burns, Neil Stewart, Don Burrus, Michael Zoradi, Floyd Edsall, Robert Crowell, Bruce Bowen, John Hattala, John Staufberger, Rodney Boudwin, Donald Bagley, Alexander Lembers, Paul Gibbons and Robert Preece.

CATALOGUE CHANGES DUE BY MARCH 1
Notice of any corrections or revisions in the new university catalogue for the school year 1943-44 must reach the catalogue committee no later than March 1, Mary Benton Smith, instructor in journalism and committee chairman, announced this week.

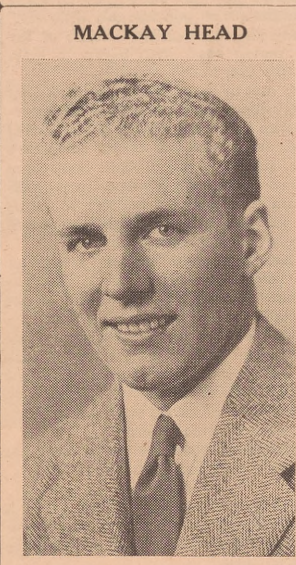

Members of the university staff, faculty and affiliated organizations are requested to notify Mrs. Smith of desired changes on the questionnaires supplied to them.
The new catalogue issue will appear in May.

Upperclass Groups
The Senate voted at the meeting to give the upperclass committees more power to enforce punishment upon students defacing school property or violating traditions.

Members of the by-laws committee will have the revisions of the constitution ready for the approval of the Senate at the next meeting, Katherine Cazier, chairman, stated. The revisions will be placed on the ballot.

The Senate voted its approval to send honorary student cards to all high school presidents in the state.

A discussion was held about the possibility of establishing a student war council, but the idea was rejected.

WARREN SALMON was appointed head of the Mackay Day committee by the student senate this week. He has served on the committee for three years. He is president of Scabbard and Blade and a member of Sigma Nu.

JIM GLYNN, former student and member of Lambda Chi Alpha, received his "Navy Wings of Gold" and was commissioned an ensign in the U. S. Naval Reserve at the naval air training center at Corpus Christi, Texas, last Friday.

Cast Works Hard On Production of High Tor Reading

Director Seeks Man To Fill Vacated Trooper Role

Considerable future individual rehearsal for cast members of "High Tor" was announced this week by Student Director Patsy Prescott.

The Maxwell Anderson comedy will be presented as a reading February 24. "The play is difficult to do as a reading, but is coming along well," Miss Prescott said.

Scenes Smoothed

"Rehearsals this week have smoothed out scenes between the leads," she said, and added that she was optimistic of the success of the production.

Bob Crowell, who had the role of Patsy, a trooper, was forced to drop out of the cast this week because of conflict with debate duties, and left a part open, Miss Prescott said. Anyone wishing to try out for the role should get in touch with her, she added.

Important Roles

Top roles in the play are held by Bob Bruce as Van Van Dorn; Millicent Greenwall as Judith, Adey Mae Dummell as Lise, and Jim Forsyth and Bill Friel as Mr. Biggs and Mr. Skimmerhorn, respectively. Tom Buckman plays the part of the Indian and doubles as Pieter, a sailor.

Others in the cast are Forrest McQueen, Rodney Boudwin, Paul Arenaz and George Homer.

Artemisia Reaches \$1100 Worth of Ads

Approximately \$1100 of advertising space has been sold in the Artemisia to date, according to Cliff Young, business manager.

Last year the book totaled over \$2100, a figure which Young hopes to exceed. However, he stated that lack of ad-chasers limited his chances.

Those who didn't register in school this semester or those deferred expenses in expectation of immediate military service can have their Artemisia upon payment of \$1.50, Young stated. He asked that those in this category should let the staff know so that arrangements can be made to have the issue on hand.

Colleges Cooperate In Victory Book Drive

Colleges are actively cooperating in the 1943 victory book campaign to supply more and better books to the men in the armed services. College stores and campus committees throughout the country have enlisted in the drive and machinery is being set in motion for a record-breaking collection of good books from the shelves of faculties and students.

Gym Floor Laying Temporarily Off

Word Awaited on Cadet Housing

Vice-President Charles H. Gorman announced this week that the laying of the floor in the new gymnasium has temporarily been called off.

Until word is received regarding the acceptance of a building or buildings for the housing of air cadets, Gorman said that the gymnasium contractor will not begin to lay the floor.

The temporary heating equipment has now been installed and will be tested early next week. These parts will be used until proper replacements can be secured.

Gorman said that two shower fittings valued at approximately ten dollars each were stolen from the gym this week. These parts, Gorman added, cannot be replaced as it will be impossible to purchase them until after the war.

Dean Wood Warns ERC Men to Study

Men Will Receive Part Of Credit If Pulled

Dean Fredrick Wood, University of Nevada armed services representative, today warned army enlisted reservists that they must keep up to the minute in their studies if they are to receive part or full credit for the courses they are taking should they be called to active duty suddenly during the semester.

Contrary to the impression of some reservists, merely being enrolled in a course, he said, is not sufficient to warrant part or full credit.

In addition the dean stated a student must be at least passing at the time of withdrawal.

Reservists may be called upon very short notice, in which case there will not be time to make up work in which they are behind, according to the dean.

Students who are not passing when called, therefore, will not receive full or part credit for the work they are enrolled in since the faculty regulations provide "subject to his standing in each class at the time of leaving."

Foresighted students in the army enlisted reserve, the dean explained, will attend class regularly, keep up in their work and see that they are at least doing a passing grade of work.

That is, he said, if they wish to receive part or full credit.

Carpenter Writes Article on Metal

Jay A. Carpenter, director of the Mackay School of Mines, is the author of an article entitled "Metal Mining" in the annual review of Mining and Metallurgy by the American Institute of Mining Engineers published in the February issue.

Carpenter, who is chairman of the committee on mining methods of the AIME, wrote about the mines and the improvements that have been made in the past year despite the effects of the war.

In the same publication is the name of Ray Hammond Misener, '37, graduate of the Mackay School of Mines, who wrote a paper on the pumping station at the Carlos Francisco Mine in Casapalca, Peru. This paper was recently presented to Carpenter for approval.

ENGINEERS MEETING

An Associated Engineers meeting will be held in the Electrical Engineering building at 7 pm next Thursday, Jack Pierce, president, announced yesterday.

Manzanita Vacated Because Enrollment Fell This Spring

The decreased enrollment of out-of-town men at the university has enabled all men to live in Lincoln Hall this semester, according to Dr. Robert Griffin, master of the hall.

The use of Manzanita Hall was discontinued when the men moved out at the end of last semester. Reason for using only one men's dormitory is to reduce the overhead cost of operating both halls, Dr. Griffin said.

Only 64 men are quartered in Lincoln Hall now, whereas there were 110 men in both dormitories last semester.

Former Students Earn Commissions

Bay, Glynn Secure Service Wings

Bill Bay, '43, Theta Chi, and Jim Glynn, '44, Lambda Chi Alpha, have won their commissions as flying officers in army and navy, respectively, according to word received this week.

Bill Bay received his silver wings and lieutenant's commission in the Army Air Corps at the army advanced flying school, Williams Field, Chandler, Arizona, last Saturday. Following his graduation he was transferred to Missouri.

Lieut. Bay was married to Miss Carol Gottschalk, also a former University of Nevada student, in Chandler, Arizona, on December 24, of last year. Miss Gottschalk is a member of Gamma Phi Beta sorority.

Jim Glynn, who joined the Naval Air Corps last summer has been commissioned an ensign in the USNR and has received his navy wings of gold last Friday at Corpus Christi, Texas.

Ensign Glynn completed four semesters on this campus and was a member of the junior class.

He has applied to be a dive bomber pilot and will receive training in the east. His parents are Mr. and Mrs. James Glynn of Reno.

PINCH OF WAR IS FELT BY NEW FROSH

Once more the pinch of war is felt. New freshman men students at the university will of necessity disregard the age old tradition of wearing a dink. There aren't any to wear.

The men's upperclass committee has announced, however, a plan to have the first semester men purchase "beanie" caps at their own expense.

15 Bibles
Approximately 15 bibles have been sold, and there are still a few on hand. The student body cards issued totaled 332 on Wednesday. Card No. 1 went to Dr. Leon W. Hartman while card No. 2 went to Lois Honeywell, senior student from Reno.

In every love affair the man generally has an object and the girl an objection.

Toast overheard at a frat banquet: "Here's to the land we love and vice versa."

BUGLE CALLS

Word was received here recently that Mitchell Cobeaga, '41, was alive and well and now holds the rank of a captain. He is on duty with the air forces somewhere in the Pacific.

When Captain Cobeaga was attending the university he was president of Lambda Chi Alpha, and a member of the football and basketball teams.

Doug Dashiell, 1936-38 University of Nevada coach, is physical director at Santa Ana Air Base.

Lt. Frank E. Brown, former University of Nevada student and Annapolis graduate with the class of 1933, has been promoted to the rank of lieutenant-commander in the Navy and is believed to be on active duty as a submarine officer in the Pacific.

During his stay at the University of Nevada, Brown played on the freshman football and basketball teams and was a member of Sigma Alpha Epsilon fraternity.

He received his appointment to Annapolis in 1929 and while there played on the peble football team and was on the staff of the academy magazine. He was graduated with honors.

First Lieutenant Walter Wilcox, '41, has been transferred from Fort Benning, Georgia, to the infantry training school at Norfolk, Virginia. Wilcox was a member of Sigma Phi Sigma fraternity and was active in campus publications while attending the university, being editor of the Artemisia in his senior year.

Bryn Armstrong, last year's editor of the Sagebrush, is now a private in the armed forces and stationed at Camp Haan, Calif. After graduation, Armstrong worked on the editorial staff of the Willows Journal, and was inducted into the Army in October.

Armstrong was a member of Lambda Chi social fraternity.

Harold F. Westfall, '37, has been commissioned an ensign and left recently for training at Cornell University at Ithaca, New York. Westfall graduated from the college of engineering and after graduation was employed by the Bell Telephone Co.

While on the campus Westfall was a member of Lambda Chi Alpha, Phi Kappa Phi and the Associated Engineers. He is a native of Lovelock, Nevada.

Flight Officer Ralph Angus of the RAF has recently written to Miss Katharine Riegeleuth, university war historian, that he expects to be transferred to the U. S. Naval Air Corps in the near future.

Angus attended the university in 1940 and 1941, and then went to Canada to train with the Canadian Air Force. After completion of training he was sent to England. His fraternity is Sigma Alpha Epsilon.

Second Lieutenant Charles I. Calhoun Jr., '38, has completed reserve officers' class training at the Quantico, Va., Marine Corps Base, and Private C. D. Slocum, former University of Nevada student, is nearing completion of a 12-week training course in the school of photogrammetry in Lansing, Michigan.

Calhoun, member of Sigma Alpha Epsilon fraternity, is now assigned to the ground forces of the aviation section of the leathernecks as an administrative officer. Slocum is being trained in aerial surveying and mapping, a technical subject conducted by the Abram Aerial Survey Corporation of Lansing.

Robert Paille, '40, is being trained as a radio and communications technician with the Army Air Force at Yale University, New Haven, Conn. While at the University of Nevada Paille was a foreign language student and a member of Sigma Alpha Epsilon.

Ensign Donald Dondero, '42, is completing advanced instruction in the carrier qualification training unit of the Naval Air Corps at Norfolk, Virginia.

Ensign Dondero attended the university in 1938 and was affiliated with Alpha Tau Omega fraternity. He is from Carson City.

Raymond E. Armstrong, who has been commissioned an ensign in the naval reserve, left for Boston last week where he will serve in the supply office.

A native of Reno, he attended the University of Nevada and was a member of the Sigma Nu fraternity.

Douglas McDow, former University of Nevada student, was recently commissioned a second lieutenant in the army air forces.

Lieut. McDow completed his preliminary training at Mather Field and is now stationed in Arizona. While attending the university he was prominent in athletics and was a member of Alpha Tau Omega fraternity.

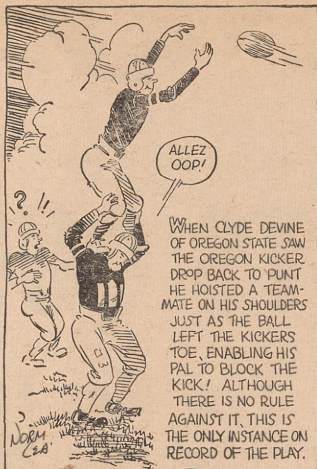

Henry "Hank" Clayton, Virginia City athletic coach and former University of Nevada student, has been commissioned an ensign in the United States naval reserve.

Daniel Harvey has been promoted from the rank of captain to major, according to word received here.

Major Harvey, University of Nevada graduate, is now on duty with the United States army signal corps in New Guinea.

Lieut. Gordon Drendel was recently commissioned a second lieutenant in

Collegiate Oddities

WHEN CLYDE DEVINE OF OREGON STATE SAW THE OREGON KICKER DROP BACK TO PUNT HE HOSTED A TEAM-MATE ON HIS SHOULDERS JUST AS THE BALL LEFT THE KICKER'S TOE, ENABLING HIS PAL TO BLOCK THE KICK! ALTHOUGH THERE IS NO RULE AGAINST IT, THIS IS THE ONLY INSTANCE ON RECORD OF THE PLAY.

the army air corp.

Lieut. Drendel attended the university for three years where he was affiliated with the Alpha Tau Omega fraternity.

Miss Virginia Murgotten has recently enlisted in the WAVES and left a few days ago from San Francisco for Smith College, Northampton, Mass., for officers' training.

She graduated from the University of Nevada in 1936 and was a member of Kappa Alpha Theta sorority.

Lieut. (Jg) Paul Richards is now in training at Tucson, Arizona.

Lieutenant Richards, who has been chief inspector for the Nevada Public Service Commission for the last four years, was commissioned recently in the United States navy.

He is a graduate of the University of Nevada and was prominent in school affairs.

Arvin E. Boerlin, '32, has been promoted to the rank of captain, according to word received here, and is head of a headquarters company stationed in Texas.

Samuel M. Osgood, former University of Nevada student, and member of the Theta Chi fraternity, was chosen commander of his battalion.

In charge of 393 men, Osgood is an aviation cadet at the navy pre-flight school at Athens, Georgia.

Lieut. George R. Ridman graduated last week from the advanced army flying school at La Junta, Colo.

CURTIS-WRIGHT CORP. SEEK ENGINEERING CADETTEE

A representative of Curtiss-Wright Corporation will interview women interested in becoming engineering cadettes sometime in May in Reno.

A letter received by Lucile B. Benson, dean of women, from R. L. Auten, assistant supervisor, expressed surprise and pleasure that a large number of women from the "far western" states had applied for admission to engineering cadette training.

Women who are interested are first interviewed by Dean Benson and a report of their college training is sent to the corporation. The personal interview follows.

Other opportunities for women desiring clerical employment have been brought to the attention of Dean Benson. Some positions offer beginners \$135 per month, while experts would receive \$175 for stenographic work, filing and mailing. Graduates are preferred.

ST. VALENTINE WAS A HERO IN ROMAN DAYS

BY TOM BUCKMAN

Einstein himself has not yet been able to figure out why we call it St. Valentine's Day.

"Oh, that's easy!" says some fellow. But apparently this fellow is not familiar with the weighty encyclopedias which, scholarly though they may be, fail utterly to hook up the "Will-you-be-my-valentine" custom with old Saint Valentine.

A perusal of the dusty pages reveals that the old boy was bishop and martyr of ancient Rome who was put to death for his faith during a period of persecution under Claudius II.

The day of his execution was February 14 in the year 270, but why this unhappy day has become the time for joyous exchange of valentines, the good book is at a loss to say.

The editors of the volume slyly try to cover up their ignorance by saying vaguely that the custom of choosing valentines is of "considerable antiquity." It all started evidently because of the old notion that birds began to mate on this day.

By and by people began to think that a day that held such wonderful opportunities for birds ought to be looked into. So, on the eve of St. Valentine's day, young people of both sexes used to meet, and each of them drew a valentine by lot from a number of names of the opposite sex, which were put into a common receptacle.

Each gentleman thus got a lady for his valentine and vice versa. The gentlemen remained bound to the service of their valentines for one year.

If it weren't for the fact that mass production hadn't been invented back in 270, it could be concluded that the whole idea was a devilish scheme on the part of the candy makers and greeting card manufacturer.

The way it stands now everybody has a lovely time except St. Valentine.

Did you know that Santa Claus is the only man who ever pays any attention to silk stockings when there's nothing in them?

First Aid Course Under Direction Of PE Instructor

Under the direction of Miss Elsa Sameth, women's PE instructor, a Red Cross first aid course is being offered to the university women for one credit in university work. If students earn a grade of A, B or high C recommendation for the regulation Red Cross first aid certificate will be made.

Thirteen women have enrolled in the course. They are Evelyn Barton, Frances Burke, Annette Donati, June Conser, Frances Frandsen, Margaret King, Beulah Haddow, Maie Nygreen, Jane Reading, Dorothy Reynolds, Margaret Sears, Helen Shaw and Mary Watts.

Pierce Calls Meet To Discuss Program

Plans for a senior assembly will be discussed at a senior class meeting next Thursday at 3 pm, Jack Pierce, senior class manager, announced this week.

Arrangements will be made to order announcements and cards for graduating seniors at this meeting.

Four Sororities Hold Initiations Over Weekend

Tri-Delts Began Last Night; Others Hold Theirs Tomorrow

Four sororities are holding initiation ceremonies over the weekend.

Delta Delta Delta held their first degree, trident degree, Thursday evening followed by a supper and a slumber party at the chapter house. Friday all initiates were required to "dress up" for the traditional "goat" day. Friday evening the stars and crescent degree will be administered to the initiates and a banquet will be held at the Club Fortune. Margaret Sears is making the arrangements.

Kay Henningsen, Shirley Jac Bowen, Wilma Cassinella, Maribeth Elkins, Marian Hennen, Charlotte Ferris, Danna Jepson, Daisy Midzor, Lavina Ramelli, Elvamay Schooley, Valerie Scheeline, Genevieve Siri, Helen Shaw, Barbara Smith, Pat Thomas, Dorothy Watson and Mary Watts are the new Tri-Delt initiates.

Semi-annual initiation into Kappa Alpha Theta will be held tomorrow at 1:30 pm followed by the founders' day banquet at the Trocadero Saturday night.

Fritzi Jane Neddenriep, president, is in charge of initiation and Mary Louise Griswold is making arrangements for the banquet.

New Theta members will be Kathleen Blythe, Teddy Charlton, Frances Cook, Caroline Gibson, Alice Hardy, Phyllis Kanter, Annette Leighton, Jane McCuiston, Fay McMullen, Peggy Mueller, Arlene Merialdo and Joyce Record.

Pi Beta Phi initiation rites start Saturday night with a slumber party at the chapter house. Formal initiation will be held Sunday followed by a banquet at the Club Fortune. Frances Hawkins, president, is making the arrangements.

Those being initiated into Pi Beta Phi are Betty Burkhalter, Virginia Bell, Kathryn Holcomb, Marian Holcomb and Patricia Tranter.

Members of Gamma Phi Beta will initiate Carol Smith, Betty Lou Kirkley, Lillian Sloane, Jean Chartier and Frances Crane Saturday night. After initiation a pajama party will be held at the chapter house. A breakfast in honor of the initiates will be held Sunday morning. Initiation arrangements are being made by Betty Nash Carlson, president.

Coed Association Chooses Committee For This Semester

Permanent committees for A. and M. Association were named for the spring semester, according to Virginia Mathews, head of the executive committee for Artemisia Hall.

The executive committee for the semester will consist of Virginia Mathews, president; Doll Corbett, treasurer and secretary; Roberta Butler and Marjorie Whipple.

Social chairmen for the dormitory are Gerry Streshly and Jean Werner.

Fire Drills

Evelyn McClurkin is in charge of fire drills with Blanche Parker and Marie Hicks assisting her.

Laundry committee chairman is Eileen Sweeney.

Helen Batjer will head the quiet committee with her assistants, Edith McNelly and Gerry Streshly.

Records for the phonograph at Artemisia Hall will be obtained by Dorothy Abel, Sally Boles and Merle Bradshaw.

Flowers for social functions will be secured by Roberta Butler and Phyllis Baumann.

Miss Mathews announced that the group bought a \$50 war bond at the Sager bond drive last Friday.

Methodist Group Names Mills Prexy

Alfred Mills was installed president of the Wesley Foundation on February 7 at the Methodist Church.

Other officers are Junia Sorenson, vice-president; Gordon Mills, secretary; Alvin Lindbad, treasurer; Mary Elaine Coffin, supper hostess; Holly Mertil, music chairman, and Janet McClellan, publicity chairman.

After installation, a social and refreshment hour was enjoyed by the members.

Next meeting of the group will be February 21 at the Methodist Church, according to Margaret Sears, retiring president.

Newman Club Holds Breakfast Meeting At El Cortez Cafe

Approximately 40 members attended the communion breakfast held by the Newman Club at the El Cortez hotel after mass on Sunday, February 7, according to Johnny Gabrielli, president.

Coach Jake Lawlor was guest speaker. President Gabrielli announced at the breakfast that the next meeting of the group would be held in the social hall of St. Thomas Aquinas Cathedral on Tuesday, February 16. Initiation for new members would be planned then, he said.

At that time definite plans were made concerning the size, color and design of the flag. One of the committee members will confer with Miss Katharine Reigelhuth, custodian of war records, as to the number of stars needed. When this is determined, the flag will be ordered.

The group hopes to present the service flag at a special assembly soon and intends to have an honorary speaker for the occasion, Mrs. Marsh said.

Members of the committee working with Mrs. Marsh are Fritzi Jane Neddenriep, Virginia Mathews and Betty Nash Carlson.

Courses in physical fitness and home mechanics will also begin soon, but no definite plans have been made as yet.

Women's Corps Has 12 Nevada Coeds

Train for WAAC, WAVE And Nursing

Twelve former women students of the University of Nevada are now serving the United States in the WAAC, WAVE and nurses' corp.

Mary Arentz, '41, WAVE, who trained at Smith College Training School, has been assigned to active duty.

Earlmond Baker, '42, is an apprentice seaman at the WAVE training camp at Bloomington, Maryland.

Constants Holland, '29, is a second lieutenant in the Army Reserve and is a dietitian at the station hospital at Camp San Luis Obispo.

Charlotte Johnson, '41, graduated from Stanford, Lane Hospital and enlisted with the Stanford unit at a west coast base in May, 1942. At the last report, January, 1943, she was ranked as a second lieutenant and was stationed in Africa.

Another Nevadan ranked as a second lieutenant is Sylvia Michal, '36, who is serving with a U. S. nursing corp in England.

Idel Anderson, '30, is a WAAC third officer stationed at Daytona Beach, Florida.

Sylvia Blackburn, '30, is with the WAACs, serving as secretary to the commandant, Col. Don C. Faith, at Daytona Beach, Florida.

Gloria Day, who attended the university in '39 and '40, enlisted in the WAVES.

Lois Brooks, '36, is with the WATC at Houston, Texas, training to fly large planes and studying instrument flying.

Miriam Butler, '36, is in WAAC training at Fort Des Moines, Iowa.

Helen Crabtree, '37, completed WAAC training at Fort Des Moines, Iowa, in September, 1942, and has advanced to a second officer or first lieutenant.

Mae Bernasconi, '28-'32, is a WAAC second officer.

Committee Plans Special Assembly To Present Flag

The committee in charge of securing a women's service flag for the university met at the home of its chairman, Mrs. Alice Marsh, February 4.

At that time definite plans were made concerning the size, color and design of the flag. One of the committee members will confer with Miss Katharine Reigelhuth, custodian of war records, as to the number of stars needed. When this is determined, the flag will be ordered.

The group hopes to present the service flag at a special assembly soon and intends to have an honorary speaker for the occasion, Mrs. Marsh said.

Members of the committee working with Mrs. Marsh are Fritzi Jane Neddenriep, Virginia Mathews and Betty Nash Carlson.

Courses in physical fitness and home mechanics will also begin soon, but no definite plans have been made as yet.

Trocadero Tentatively Set As Place For Annual Publication Board Banquet

Members of the publication board and guests will attend their annual banquet February 20, tentatively planned to be held at the Trocadero, according to Dorothy Casey, chairman in charge.

The publication board is composed of members of both departments of the Artemisia and the U. of N. Sagebrush, faculty advisors, and three other members selected by the ASUN Senate from the student body at large.

Members of the board are Dr. Ernest

L. Inwood, district price officer for OPA; Art Palmer, acting graduate manager; Bill Friel, Sagebrush editor; Walter Riddle, editor of the Artemisia; Clifton Young, year book business manager; Deane Quillid, business manager of the Sagebrush; Gene Mastroianni, student body president; Fred Helmen, Dorothy Casey and Barbara Francis.

Miss Francis is newly chosen to the group to serve in the absence of Leota Davie who did not return to school this semester.

Fine Arts Club To Hold Exhibit, President States

Neddenriep Announces Group Will Show Nevada Scenes

An exhibit of Nevada scenes and water colors presented by Mrs. B. D. Harsh and Beach Pruett of Carson City, will be shown by the Fine Arts Club in the library exhibit room the week of February 22, it was related by Fritzi Jane Neddenriep, president.

At the Fine Arts meeting held Monday night a resolution was made to hold regular meetings every second and fourth Monday night a month. Discussion was held about the possibility of buying recognition pins for the group, and it will be further investigated, Miss Neddenriep stated.

Nevada Sororities Pledge Five Women

Five Nevada women were pledged by two sororities this week.

Gamma Phi Beta held formal pledging ceremonies for three women Thursday night and will honor them at a breakfast Sunday morning at the chapter house.

The three are Shirley Layman, Norma Quillid and Dorothy Doyle.

Zeta Phi Zeta pledged Helen Batjer and Merle Bradshaw at its regular meeting Monday. A dance will be given in their honor tonight at Artemisia Hall.

At that time definite plans were made concerning the size, color and design of the flag. One of the committee members will confer with Miss Katharine Reigelhuth, custodian of war records, as to the number of stars needed. When this is determined, the flag will be ordered.

The group hopes to present the service flag at a special assembly soon and intends to have an honorary speaker for the occasion, Mrs. Marsh said.

Members of the committee working with Mrs. Marsh are Fritzi Jane Neddenriep, Virginia Mathews and Betty Nash Carlson.

Courses in physical fitness and home mechanics will also begin soon, but no definite plans have been made as yet.

Home Ec Catalogue Directed by Swift

A reorganization of the home economics catalogue is under way under the direction of Miss Mildred Swift, head of the home economics department.

The committee is rearranging the material to meet war needs, with stress on the training of home economics teachers, dieticians and general home economics students.

This plan is employed in all land grant colleges and is designed to combine history, art, music, English and home economics, because the trend in the future will be toward combining the social worker and the home economics major, according to Miss Swift.

The purpose of the dinner meeting was to formulate a club activity program for the rest of the year.

Every Year Is Nevada's Year.

Members of the Home Ec Club executive committee were the dinner guests of Miss Mildred Swift, department head, at the Riverside dining room Thursday evening.

CANTERBURY CLUB

The Canterbury Club, which has been inactive all year, has definitely disbanded, according to the Reverend Garth Sibbald, former director of the group.

Reason for the discontinuance is the absence of a rector for St. Stephen's chapel at Eighth and University streets. The Reverend Mr. Sibbald said that the club would remain inactive until a rector might be found for the university chapel.

Eight Initiated By Band Honorary

Banquet Held at Lincoln Hotel

Delta Delta Epsilon, band honorary, initiated eight new members at a banquet at the Lincoln Hotel Tuesday night, according to Elmo DeRocco, group president.

The new members are Bob Craig, Lewis Barrett, David Campbell, Richard Colon, James Osmun, William Maestretti, Hugh Ingle and Ken Bradshaw.

Three honorary members were present at the banquet. They were Felton Hickman, Clyde Arrington and Prof. Theodore Post. A former member, Darrell Kane, was also present.

As far as can be determined, nobody ever learned anything listening to himself talk.

BY BILL HENLEY

BY JIM FORSYTH

Note: A few beers too many and a rash promise are responsible for the one-night stand of this columnist who acts as stand-in for Bill Henley this week. The many avid readers of Henley, variously known as "Chatter" and "Hyphen" for reasons which may later be apparent, may recall, as they read, nostalgic echoes of Bill's inimitable style. Well they might.

WELL, LAWLOR'S FLASHY FIVE buttered only one side of the toast in their last weekend's hoop series with the up-to-now-almost-everywhere-victorious Chico Staters. But they spread it for a 41-26 win over the highly touted Wildcats. And if the Wildcats yowled loudly and proudly over their lucky 33-32 win Friday night, they must have mewed inaudibly come Saturday night.

We in the security of our desk believe the Wolves should have won the Friday night encounter. But the cards were stacked against them. You might be able to call that last lucky shot that Patch made to cinch the score a hot of a lot of things, but you can't call it exactly legitimate. Or can you?

Art Acker, confident Stater coach, is probably as full of justifications for his Saturday night loss as a bee is honey. But from our seat among the many bleacher coaches we don't see how he can make excuses that anyone will swallow. Except Art Acker. Or maybe Chico State. The Wolves just got into the kind of a groove that they didn't seem to be able to get into the previous night.

BECAUSE WE'VE BEEN REQUESTED by you'll-have-to-guess-who, we relate the following anecdote:

The sideline seers who bravely attend the local basketball series suffer nobly the minor casualties inflicted by a ball that just happened to slip from some cussing cager's fingers or by 180 pounds of naked flesh and muscle that happened to lose his balance just too close.

In last week's series Chuck Irish was heard to murmur gratefully to a girl sitting in a more vulnerable spot who was just rubbing her head where an

Frosh Win Two From Opponents In Chico Prelims

Nevada's frosh continued on their winning way last weekend by trimming Fernley Friday night, 37-27, and repeating the victory over Carson City town team, 32-26, Saturday. Both contests were preliminaries to the Chico State tussles.

The Fernley Vaqueros put up a surprisingly stiff battle Friday, keeping almost abreast of Aiken's yearlings most of the way. Their deliberate style of playing, plus the accurate shooting of Chuck Sheehan, gave the frosh trouble for three quarters, but in the final stanza the Cubs drew away to a fairly comfortable margin. Tom Cross scored 14 points for Nevada, while Henry "Hank" Mentaberry garnered eight counters.

Another surprising show of strength was exhibited Saturday, by the Carson townies. The Capitol team, nearly all of whom are due for army call immediately, kept within two points of the hosts until the final moments of play. Bernard, ex-Carson high star, and Cross of the Cubs tied for scoring honors with 14 points.

erratic leather ball hit her: "Gee! If it hadn't hit you, it'd a hit me right on the chin." A new note in chivalry, we think. Or famous last words on something, maybe.

DOWN TO SAN JOSE THE WOLF Pack sallies next week to meet the Spartans who, if our operatives can be trusted, have won seven of their fifteen games. And if this seems insignificant, don't forget they've been playing teams like SFU and St. Mary's Pre-Flight. They won last week in their series with Fresno. So they won't be exactly a pushover.

But considering the Pack's record of twelve wins in fourteen games. We didn't have to look into our clouded crystal ball (which we sometimes use) to predict that the boys will bring home a double order of bacon-and from a meatless San Jose.

LEATHER-PUSHER FANS WILL GET their fill soon at the golden gloves tournament where they'll see some of the kampus kids trade punches with other local yokels.

A few of the fellas have last year's experience in the tournament on the credit side of the ledger. Like "Hecky" Heckethorn or Warren Dark.

But among the dark horses who are novices to the fite racket are asparagus-headed Jack Streeter and Quaker City Gus Cifelli who may have a few surprises up their slick, silk sleeves. According to reports received at our desk.

Our comment: Shake hands and come out fighting.

WE'VE SORTA KINDA NEGLECTED those frosh basketballers whom, we've discovered, have lost only one of the

Pack Meets San Jose; Hopes For Double Win

Wolves Anticipate Tough Competition From Spartan Team

After being held to an unexpected split last weekend in the Chico State series, Jake Lawlor's Wolf cagers invade San Jose this week for a pair of games with San Jose State.

The Staters have won but seven of their fifteen tussles this season, but their competition has been highlighted by such leading coast aggregations as St. Mary's Pre-Flight, high-scoring San Francisco State and the Coast Guard. Though their win and loss total is not impressive, the Spartans have scored 671 points in play so far, while the combined total of State rivals is only 632.

Last weekend the California quintet beat Fresno State twice. Probable starters for San Jose State are Bruer and Gamboa, forwards; Clark, center, and Robinson and Diercksen, guards.

Lawlor's starting lineup will probably be unchanged from previous series, and will include Bob O'Shaughnessy and Jim Melarkey, forwards; Harry Paille, center, and Orsie Graves and Alf Sorensen, guards. This starting five is contingent upon the condition of Jim Melarkey's foot, which has been injured and may keep him out of the encounters.

many tussles they've played this season. Only one. And that to Hawthorne High whom they'd previously won over.

You don't hear much about individual players like "Chub" Drakulich, team-sparking guard with more buckets to his credit than you can count on your fingers. Of both hands. Or Tom Cross, flashy, high-scoring center.

And the boys haven't gotten too much attention for their efforts in the prelims to the varsity games. So let's give a cheer for Aiken's victorious cagers.

COMES SPRING, RAIN AND MAY flowers. Comes the cinder sport season again. And we understand the inter-track schedule will be available soon. And that makes the Kinnear trophy news, providing Secretaries Stimson and Knox aren't too insistent about having the boys work out for Uncle Sam.

Early guesses have it that the Taus, already blessed with a basketful of Kinnear trophy points, are favored. But we'll be there. To do some sideline checking up.

FROM CONFIDENTIAL INFO recently received we learn that sports and schoolwork are not always water and oil. Or vice versa. Once in a while, like now, an athlete makes good on the books, too.

This time the fair-haired boys who made the honor roll are Bob Crowell, pigskin expert of last season, and lanky Ed Reed of basketball fame.

SCOTT RECEIVES U. S. NAVY COMMISSION

Jack Scott, former student, was commissioned an ensign in the U. S. Naval Reserves at the naval air training center at Corpus Christi, Texas, last week.

While at Nevada, Scott was affiliated with the ATO fraternity. He volunteered for flight training last April and received his preliminary flight instruction at the Oakland reserve aviation base. He is visiting in Reno this week.

Pack Loses One, Stages Comeback In Chico Series

Melarkey, O'Shaughnessy Star in Windup Saturday

Jake Lawlor's hoopsters split their weekend series with Chico State by trouncing the Wildcats, 41-26, Saturday, after being edged, 33-32, Friday, in a close, thrilling game.

Displaying a speedy offense, matched with uncanny shooting ability, Nevada's hoop team ran roughshod over the strong Chico State quintet to chalk up its twelfth victory in 14 starts last Saturday.

The Wolves had the confidence they evidently lacked the previous night and developed an early scoring punch which found the Chico Staters completely outplayed from the opening whistle to the final gun.

Forward Jim Melarkey and Bob O'Shaughnessy were in top form, ringing the hoop for 17 and 15 points, respectively, to lead the Wolf Pack to a decisive victory over their rivals from Chico.

The Wildcats, although they lost their poise and confidence before Nevada's irresistible attack, had a dynamic performer in little Frank Diaz, who scored four consecutive baskets before being bottled up for the remainder of the game by guard Orsie Graves.

O'Shaughnessy's looping long shots, Melarkey's dead-eye shooting accuracy, and Orsie Graves' stellar guarding, stood out in Nevada's first triumph over the Wildcats in five years.

For the Staters, Diaz and McCann were outstanding.

The Wolf Pack cagers, unable to maintain the shooting consistency of other games, succumbed to the strong Chico Stater, 33-32, Friday, after leading most of the game.

Fast Break

During the early stages of the game, the Nevadans, finding their offense unable to penetrate the tight Chico zone defense, changed to a fast breaking offense, with fast deceptive dribbles and bullet-like passes.

The Nevadans, led by Bob O'Shaughnessy and Jack Swedenborg, ran up an 18-14 half time lead.

The Chico Staters forged ahead in the second half, although O'Shaughnessy and Paille played tight, defensive ball.

With two minutes to go, Harry Paille sank a free throw to tie the score at 31-31. In the final 14 seconds Patch, Chico forward, sank a basket, followed by Alf Sorensen's free throw, which brought the Nevadans to within one point of the Wildcats. With four seconds to go, Nevada lost possession of the ball, giving Chico its ninth consecutive win over the Wolf Pack.

Leading Nevada's defense, Harry Paille and Orsie Graves took rebounds off the backboard continually. Freshman Jack Swedenborg turned in a good game at the forward position.

Aymar Brothers Called to Army One Week Apart

Two brothers, Oliver and John Aymar, both former University of Nevada students, entered the army last week.

Oliver, the older of the pair, was graduated from the university in 1937 with a major in economics. After his graduation he became an attache of the U. S. embassy in Chungking, China, and served in that capacity until last December when he returned to the United States. He reported for army induction at Fort Douglas, Utah, February 2.

John Aymar left for Santa Ana, Calif., February 6, for training with the air corps. Until the time of his departure he had been a senior economics major. He enlisted in the air forces last January and spent several months in training in 1942, but returned to school for the fall semester to await call.

Both men are affiliated with the Sigma Nu fraternity.

ROTC Drill Team To Give Maneuvers

Nevada's basketball fans will be treated to something extra on Saturday evening of next week during the halftime rest period of the San Francisco State series.

The University of Nevada drill team will present a short series of rifle callisthenics and will also present short drill maneuvers for the crowd.

The cadet drill team performed for one football game last fall in its only public appearance of the year. The unit is now augmented by the addition of drill callisthenics presented to music and with the use of rifles. Approximately 15 men comprise the team and they practice four times a week in front of Morrill Hall.

ELECTRICITY TOPIC FOR TALK TO AIEE

W. K. Cates of the industrial division of Westinghouse Electric and Manufacturing Company in Sacramento will speak before the student branch of the American Institute of Electrical Engineers next Tuesday.

Cates will speak on the present practice and advantages and disadvantages of various types of secondary distribution systems for industrial plants, a subject which is receiving much attention during this period of war.

Every Year Is Nevada's Year.

ROTC SOLDIERS FIGHT WITH WOODEN RIFLES

Toy guns in the military department? Could this be?

The military department has recently received a shipment of 181 new victory trainer rifles to replace the old type Springfield rifle recalled by the government.

The new trainers look and feel exactly like the old heavy type that cadets toted around in former years, only they are made of wood.

The average cadet when queried to the advantages of the new gun merely said, "they're a lot lighter." And rightly so, for the new toy weighs about three pounds compared with the former gun which weighed something in the neighborhood of nine pounds, six ounces.

Irwin Urges Students To Take Psych Exams

Freshmen and undergraduate students who failed to take the psychological examinations are urged to make them up immediately, Dr. Ralph Irwin, associate professor of psychology, announced today.

The examinations are a permanent part of the file in the registrar's office and everyone is compelled to take them upon entering the university.

Those delinquent are to contact Dr. Irwin as to the time when they can make them up. The examinations take about two hours to complete.

Air Force Presents Medal to John Carr

Major John K. Carr, '37, former editor of the Sagebrush, was awarded the air force's medal for meritorious service this week, according to a dispatch received from the United Press.

He was awarded the medal for his part in long and hazardous flights taken by the 59th ferrying squadron, which he commands.

This squadron was started at Nashville, Tenn., last fall. Major Carr has been with the ferrying command for about five years and has flown ships to nearly every part of the world.

Carr is a native of Fallon and attended Fallon High School. At the University of Nevada he was a major in journalism and a member of Lambda Chi Alpha fraternity.

Here's Weekend Work that will help win the war!

Business and Professional Men! Clerks! College Students! Farmers! All able-bodied Men in Sparks or Reno

You are urgently needed to work on S. P. track on weekends in this vicinity. There is a serious shortage of track workers. We must keep our track in first class shape to move vital war traffic.

Help win the war, get healthy outdoor exercise and be paid for it.

At other points on the line, many business and professional men have been doing weekend work for us. They have been very helpful and have gotten a lot of personal satisfaction out of this patriotic contribution to the war effort.

For full details, please see, as soon as possible—

ENGINEERS' DAY SET BY PIERCE; TERMINATES WITH ANNUAL DANCE

Arrangements were made this week and plans are now under way for the annual Engineer's Day which will be held on March 20, Jack Pierce, Associated Engineer president, reported this week.

Engineer's Day will be formally opened on March 19 at a banquet in the university dining hall.

Experiments and entertainment by campus engineers will highlight the proceedings on Saturday. The affair will end on a gala note Saturday night at the Engineer's Day dance.

Budget Approved
A budget of \$125 was approved by the finance control board last Wednesday which gave the go-ahead signal for necessary preparations of the annual affair.

Bob Rae has been named chairman of Engineer's Day. Dick Cameron is in charge of the distribution of cups and prizes and Bob Baird will head the committee in charge of the banquet.

The engineer sponsoring groups have named their heads in charge of exhibits. Chairmen now appointed by the various departments include William Van Tassel for the mechanical engineers; Eugene Michal, mining engineering; Edwin Monsanto, electrical engineering, and Duane Ramsey for the civil engineers.

Three other departments, mathematics, physics and chemistry, will also be asked to participate in exhibitions.

Blue Key
Blue Key, under the chairmanship of Jack Pierce, will have charge of the dance and will divide the proceeds with the Associated Engineers.

In the past many exhibits were presented by outside groups. However, because of present conditions due to the war, campus engineering groups will have a greater number of exhibits.

Faculty Members Authors of Works

Have Books, Music, Articles Published

Writing as recognized authorities in their fields, many University of Nevada college of arts and science faculty members were the authors of books, musical compositions and magazine articles during the last biennium.

Reported by Dean Fredrick Wood to President L. W. Hartman and published in the biennial report of the board of regents, recently issued by the state printing office, are about fifty separate publications.

Most of the writings were published in journals dealing with the special interests of scholars in certain fields, which have not only a national but an international circulation. Many report the results of research carried on by the faculty members.

Many Subjects
History, physics, botany, geology, zoology, chemistry, education, journalism, home economics, music, physical education for women, sociology and philosophy are the various subjects covered in the writings.

In treatment, the publications range from the popular for the general public to the intricacies of a particular subject for specialists in that field.

One of the writings is a book on social control by Dr. J. M. Webster, printing of which has been postponed until the end of the war, but most are University of Nevada bulletins or articles in popular or scholarly magazines. Included are two musical compositions by Prof. T. H. Post.

Most profile writers during the two-year period are Dr. C. R. Hicks of the history department, Dr. Harry Wheeler of the department of geology, and Dr. W. D. Billings of the biology department.

Smith Presents Speech in Honor Of Abe Lincoln

C. C. Smith, associate professor in political science, presented a stirring speech to students and faculty at an assembly held in honor of Abraham Lincoln this morning.

Stressing most of his talk on conditions of American people during the civil war, he pointed out that during a crisis only in a democracy such as ours can an individual advance to such a degree of leadership as Lincoln had.

Professor A. E. Hutcheson, chairman of the committee on assemblies and lectures, presided and presented the guest speaker.

Daily PE Program Fine, But It Hurts, Male Students Say

"It's all right, but it sure hurts!" seems to be the average reaction of men students taking the new intensive PE course.

They hate to swallow the bitter pill, but nearly all concede that it's good for the muscles.

Over 200 males with physiques varying from the jelly-fish build to the frame of steel, daily troupe into the gaunt brick torture chamber known as the old gymnasium.

Some go at 2 o'clock, some at 3 and others at 4 o'clock. But it's all the same regardless of the time. Screams of pain punctuate the steady grinding of bones and tearing of muscles.

Here is a typical program of exercises:

First, with hands on hips, the full knee bend is executed. As they slowly bend their knees it brings to mind the sound of huge chunks of ice breaking up during the spring thaw. On the count of two everybody bobs up again, then down, up, down, up, down, up, down, faster, faster and faster until everything is a blur.

The result of this exercise is that everyone is prostrated on the floor—which is exactly what the instructor wanted because the next exercise is the pushups—not ordinary pushups, but a refined variety in which the pushing up is done on the tips of the fingers. A few dozen of these are not only healthful and invigorating but cripple the hands so badly that they might as well be cut off for all the use they are.

Now the luckless PE student can just barely drag himself around. So he does just that.

In the next exercise student follows the example of our animal friend, the seal, and drags himself about on his hands with his legs dangling along behind. Once around the gym in this manner leaves everybody doubled up in convulsions.

Among the students taking the course, sentiment is developing favoring the faculty's enrolling in the course and one member of the faculty—Capt. Thomas C. Prunty, of the military department, is braving the discomforts of the class.

As the students limp home from the class, weak as a dish of milk toast, he still declares, "I hate every minute of it, but it sure builds up the tissues."

The most demoralizing part of one of the classes is the sight of the instructor (who doesn't bend a finger the whole period) walk away from the gym fresh as a daisy, with a spring in his step, a jaunty smile on his face and smelling like a bottle of cologne.

I think when Bill and I are married we'll go to Bali Bali and see what it's like.

Don't be silly, it's the same everywhere.

Army Sends Call for 200 Bacteriologists; Become Lieutenants

Two hundred bacteriologists can become first lieutenants in the Army of the United States at once, regardless of age or selective service status, if they possess the required qualifications, it was announced today at the headquarters of Major General Kenyon A. Joyce, commanding general of the ninth service command, at Fort Douglas, Utah.

Knowledge of medical bacteriology; the usual method of isolating and identifying pathogenic bacteria, and of routine sanitary bacteriologic analysis of water and milk, together with college graduation and four years' experience, or a master's degree and two years' experience, or a degree of doctor of philosophy and one year experience, were listed as the required qualifications.

Many in Service
Officers of the headquarters said that many bacteriologists and serologists now in colleges, universities, hospitals and medical laboratories will avail themselves of this opportunity, and urged that prospective candidates residing in Utah, Nevada, Montana and Arizona, submit applications immediately to the field office of the Salt Lake City Officer Procurement District, 449 Federal Building, Salt Lake City, Utah, before the command's quota is filled.

As soon as the lieutenants are commissioned, they will be assigned to duties which involve the making of serologic tests, the performance of bacterial counts, and the determination of disease bacilli in fluids, cultures, and smears for the purpose of safeguarding the health of Army troops.

Wheeler, Schenk Correlate Region Of Cambrian Rock

The first regional correlation of the Cambrian sequence in western Grand Canyon, which lies on the boundary between the Colorado plateau and the basin and range provinces of southwestern United States, has been completed.

Report of the work, which was accomplished over a period of four years by Edward T. Schenk and Dr. Harry E. Wheeler, appeared recently in a semi-annual issue of the Journal of Geology.

Dr. Wheeler is assistant professor of geology in the Mackay School of Mines at the University of Nevada, while Schenk was with the National Park Service when the work on the Grand Canyon area commenced but now is employed by the United States Bureau of Mines at the Boulder City station.

One of Eight
The western Grand Canyon is one of the eight areas of Cambrian rocks that have been studied by Dr. Wheeler from the point of view of their interrelationships in eastern and southeastern Nevada and northern Arizona. The Nevada areas include Eureka, Cave Valley, Pioche, Delamar, Mormon Mountains and Virgin Range.

Although the western Grand Canyon Cambrian rock area is not in Nevada, the purpose of including that section by the Nevada geologists was to corre-

Lieutenant Brown Serves in Alabama

Was 1941 Graduate From University

First Lieutenant Guy William Brown of Hortense, Georgia, is now enrolled as a student officer in the huge Army Air Forces Pre-Flight School for Pilots, at Maxwell Field, Alabama.

Lieut. Brown is a graduate of the University of Nevada; a member of Sigma Alpha Epsilon fraternity and active in sports. Lieut. Brown entered the service on August 15, 1941, and reported to Maxwell Field for pre-flight training on January 25, 1943.

Reserve Faces Call Within Two Weeks

(Continued from Page One)
directed to appear at the reception center with a transcript of his college academic and ROTC records for presentation to the classification officer.

"Enlisted Reserve Corps students will be called to active duty by the Commanding General of the Service Command in which the individual records of enlistment are filed."

Orders will be sent to individual reservists, the plan said.

Complete information on all the induction of all enlisted reservists who are not eligible to call until the end of the semester, as well as a detailed explanation and definitions of terms are also given in the order, whose length prohibits publication in the Sagebrush.

The order is available in the Sagebrush office.

WOMAN WAR COUNCIL COLLECTS SCRAP METAL

Activities of the university war council for women, which was appointed last week by Mrs. Lucile Benson, dean of women, began with the scrap drive under the supervision of Helen Batjer and assisted by representatives from each sorority.

Collection of tin cans and metal of any kind was made by the committee Sunday. The drive for silk stockings was launched this week by contributions of the dean of women.

Work shop at the Red Cross and directed by the war council will begin soon and credit will be given toward AWVS hours.

Hilltop Grad Designs Skip-Hoist Control Aiding Firm Secure Production Record

How a simplified skip-hoist, control, designed by Claude P. Hamilton, University of Nevada mechanical and electrical engineering school graduate, helped set a world's production record was revealed in a recent publication issued by the General Electric Company.

The record was established by a mid-western war plant when 43,478 tons of pig iron was produced in one month, setting a daily high of 1,608 tons. Hamilton's part in the operation was the simplifying and speeding up of skip-hoist operation with amplidyne exciter control.

The skip-hoist in the plant hauled the measured load of iron ore, limestone, and coke from the loading mechanisms in the stock house up a 200-foot incline to the furnace top. These skip buckets made 900 to 1100 trips daily.

Control of the hoist speed, rate of acceleration and retardation, and the division of the load between the two-unit system were simplified and made more accurately responsive by using an amplidyne exciter for each generator.

The amplidyne exciter is a small, direct-current generator with a special design of armature-and-field combination. The exciter was introduced by the electric plant into the steel industry in 1939.

Since then, through the efforts of Hamilton, who is in the industrial engineering department of General Electric, the exciter has been put to other

uses, including the furnace ski hoist. Hamilton was graduated from the University of Nevada in 1914. Since his association with the General Electric Company, which began shortly after his graduation, he has taken an active part in the progressive application of electric equipment to movable bridges, hoists and material handling systems.

In 1937 he received the prized Charles A. Coffin Foundation award. He is the son of Mrs. Carrie Hamilton of Reno.

Leonard Anker Chosen Aggie Club President

Leonard Anker, senior College of Agriculture student, was elected president of the Aggie Club for the ensuing semester at a meeting held last Tuesday.

Other officers chosen at the time were Charles Burke, vice-president; John

Gamble, secretary-treasurer, and Bill Eccles, historian.

Anker succeeded Art Palmer who resigned to handle his recent appointment to the office of graduate manager.

Moving pictures on the treatment of meat and soil erosion were displayed at the meeting.
