### **Homecoming Skits Presented Tonight** At State Building

Taking the place of the annual Wolves Frolic, a series of skits pre-sented by Nevada sororities and fraternities in the former Homecoming festivities, a shortened version enti-tled Skit Parade, will be presented tonight in the State building audi-

The curtain rises promptly at 9 pm and according to committees in charge of ticket sales, it will be standing room only for those who wish to attend, all tickets having been sold in advance.

The Skit Parade features a musical comedy review by each of the campus organizations and from dress rehearsal last night, the show promises to be one of laughs, several good eyefuls of campus beauties and will mean a lot of applauding.

Zeta Phi Zeta will present as its part of the program a skit en-titled Letter to Jimmy and Pi Beta Phi will follow with a short Fellow on a Furlough.

A quiz program will be the of-ing of the ATO's and Kappa Alfering of the ATO's and Napra-pha Theta will present its queens in a Varga calendar review.

Sigma Nu ad Lambda Chi Alpha, pooling their limited manpower, will present a takeoff of the popeyed little man and what might happen if—the Esquire Boyd.

#### Serpentine Parade Feature of Rally in Stadium

By Margaret Moseley
Strike up the band. The big rally
Friday night promises to be one
of the best features of the entire Homecoming program. Seven thirty is the hour, Friday is the date and

Mackay Stadium is the place.
Old Homecoming spirit will rule
as it did in previous years. However,
the serpentine will be limited to
the stadium instead of the long pa jama parade downtown which was a big event before the war. The bonfire will be bigger and better than ever and the band is going o play a few snappy tunes between

Every Joe and Jane is urged by committee members to come with good sturdy lungs. The cheer lead-ers are going to be there literally knocking themselves out with old and new yells. This is a good chance to let off some of that stored up team the professors hate so much n their classes.

Bette Poe, committee member in tharge of the rally, has made out a good program of speakers. They Charles Southworth, Charles H. Gorman, vice-presider and comptroller, Coach Jim Aiken and Utah's Cocah Ike Armstrong

### **Europe's Future** 'In Laps of Gods'

Prof Discusses Postwar World

By Jim Coleman

The real policies of the future are still very much in the laps of the Gods, whose laps are clothed in a dense fog," Dr. Phillip G. Auchampaugh, professor of history, said this week in discussing post-

war problems in Europe.

Dr. Auchampaugh believes any one who makes any kind of state. ment as to the future of Europe Dr. E. W. Lowrance or of the world at this time "i likely to find himself out on

Speculation

Still, a certain amount of specu ation is allowed anyone, he said, and stated he believed Germany Dr. Edward Walton Lowrance, associate professor of biology at the University of Nevada, has been granted an eight-month leave of abscnce to accept a position offered him by the University of Kansas as acting associate professor of biology there, it was announced this week.

And stated he believed Germany would be divided into three separates that the states which will each be occupied by one of the major powers—Russia, England and the United States.

Catholic s o u the r n Germany, which was rarely militaristic, he was rarely militaristic, he and the university of the professor of biology that the states which will each be divided into three separates which will each be occupied by one of the major powers.

Catholic s o u the r n Germany which was rarely militaristic, he are the university of the major powers.

Though arrangements for filling sent a Comedy of Errors and the Independents have dreamed up what they have entitled Silhouette. Nevada Troupers is the handle of the Artemisia-Manzanita skit, to be followed by Sigma Alpha Epsilon's Travelogue. Delta Delta Delta will present a skit in music entitled Silhouette. Though arrangements for filling Dr. Lowrance's post at the university have not yet been completed, Dr. Lyman R. Vawter, associate professor of veterinary science in the Agricultural Experiment Station, agreed upon an economic order in postwar Europe at the present time and will probably not be fully for the purpose of writing their and will probably not be fully agreed in the future Dr. Auchampaugh said.

Puscion Domination

Though arrangements for filling Dr. Lowrance's post at the university were industrial Rhineland.

Poland or Russia will have much to say about eastern frontiers, he said. The Allies and France are not agreed upon an economic order in postwar Europe at the present time and will probably not be fully for the purpose of writing their form the tourise station.

Puscion Domination

Though arrangements for filling Dr. Lowrance's post at the university Russell Byngion of the faculty were responsible for not attaining the responsible for the university, Miss Creel said.

### **Eighty-Nine Men Cast Their Votes**

Sweetheart to Reign Over Dance Saturday

Virginia Cole, representing Ar-emisia-Manzanita Association, was elected Nevada's first Homecoming sweetheart by the male students on Wednesday, October 25. Runners-up were Marjorie Menu, Delta Dela Delta, and Pat Crummer, Kappa Alpha Theta.

Miss Cole is from Ely and is a graduate of the White Pine high school. She was elected most outstanding girl of the class of 1944 and served as editor of the school paper. A cheer leader, she was also a member of two national societies —the Thesbians, honorary dramatic, and the Quill and Scroll, a literary society. Miss Cole also received the Rotary achievement award for good citizenship.

She is now enrolled as a freshman tudent in the college of arts and

This is the first time a sweet eart has ever been selected for a Homecoming celebration, stated Myrl Nygren, chairman of the weetheart committee. She will be resented at the Homecoming Dance Saturday where she will award the cups for the three winning skits.

Jane Creel, chairman of the elecion board, stated that 89 of the both across from the library.

It was reported voting in the con-test was very light with most of the ballots cast late in the afternoon after a get out and vote campaign had been going all day.

About 70 per cent of the male copulation voted, the committee reported, since there is at present a male student body of about 120 nen. However, the vote was con-idered encouraging for an initial lection of this type, the committee

Competing with Miss Cole in the contest for sweetheart were five other campus freshman women, each representing one of the sororities on the hill.

on the nill.

### **Home Ec Students** To Prepare Meals

Family Cooking Problem Undertaken

By Jane Perkins
Students in meal planning will
devote the remainder of the semester to preparation of meals in the home economics laboratory, Miss Jessie Pope, associate professor of home economics, said today.

The class, consisting of nine wom

en, will begin practical application
Tuesday, October 17, of the principles they have learned.
Each woman will be responsible
for three meals and will do the

planning, shopping and preparation for each—acting as hostess when the meal is served.

the meal is served.

Serve Breakfast First

Breakfasts will be the first meals to be served during the program. There will be served as soon as possible in the morning. Other members of the class will act as guests and will criticize the meal, Miss Pope stated.

Lunches will be served during the noon hour at the lab. Plans call for some of the luncheons to be held in the students' homes.

in the students' homes.

Student Hostesses

In order to understand different aspects of family meal planning, members of the class will simulate various family members and age groups. In this way, the student hostess will be able to understand more fally separe of the problems of fam. ess will be able to understand mice fully some of the problems of family cooking, Miss Pope explained.

Dinner, Buffet Slated

At the end of the course, dinners

will be served at the women's homes. A group buffet and formal dinner are also planned as activities for are also planned as activities for the end of the semester.

Miss Pope emphasized the fact the women will do their work without outside assistance.

### Major J. C. Howard **Transferred to** University of Calif.

By Charles Blenio
Leaving the University of Nevada
faculty this week is Major John C.
Howard, professor of military sci-

Howard, professor of military science and tactics.

Major Howard is returning to his former alma mater, the University of California, at Berkeley, from which he was graduated in 1916. Before coming to the University of Nevada, Major Howard was connected with the military science department at Berkeley. partment at Berkeley.
While stationed here Major How-

ard was in charge of all military personnel on the campus including the cadet program just terminated. He stated that he is extremely pleased with the cooperation shown him while here, both from the faculty and members of the student body. In his opinion the ROTC students at the University of Neva-da are unsurpassed in enthusiasm and the will to master the technique of modern warfare.

Temporarily taking Major Howard's place will be Lieut. Col. E. Lewis Field, until such time as Lieut. Col. William A. Hale is released from Baxter General Hospital, Spokane, where he is suffering from an eve-condition.

at the University of California.

ition warrants, Lieut. Col. Hale will relieve Lieut.
Col. Field as professor of military science and tactics here.
Lieut. Col. Hale has held a simi-

lar position at the University of Idaho, in Moscow, the past two years. He was awarded the purple heart in the first World War.

### FORMER UN STUDENT PROMOTED IN PACIFIC

#### OFF THE HILL

By Mel Whittaker Co-Editor, Spring, 1944
This particular Friday is reministent of a lot of the old days for

me, whe nthe Brush was ready to go to press and still a lot of gaping holes sorely in need of type re-main to harass both editor and

It wasn't so long ago that I was finding myself short of copy and simultaneously short of ideas to put in print on a Friday morning. Here we are again. If all other traditions of Nevada and newspapers were to die, I am sure the omnipresent shout of short of type would still be there. Old Haunts

The other night, feeling the usual motions of Homecoming returning, went back to the old haunts on the campus to get more thoroughly in the mood.

Just for the thrill, the new deni-ens of the little office just around the corner from mayhem on a Thurs-day night, let me sit in the editor's chair again and let me whack out a little copy. It was real fun and reminded me of lots of nights I had spent there, poring over gar-bled copy, writing headlines and wondering if there would be enough news to fill the paper.

Look Back Again
In those short minutes, four years of my life passed by again and I got to thinking about the things I had seen in those years, looking back as the prophet does in trying

I felt a little bit proud of Nevada that night. They had just instituted a new tradition in connection with a very old tradition, one that had survived a quarter cen-tury of good times and bad and still comes out each yar as some-

thing bigger.
Sweetheart Elected

This year Nevadans decided there should be a Homecoming sweetheart, just as there is always a queen with Mackay Day in the spring.

Well, that is something for the spring to the spring

boys to come home to—a sweet heart. It will be a change and some thing new, but I don't exactly think the boys will mind coming home to have to look over the frosh class and pick out their favorite. They used to do it from the corner of the libe in a lovely spring semester course called "Piping 52." Now an Alumna

Then I got to thinking that this will be my first Homecoming as an alumna of Nevada. And what some of the guys wouldn't give for that right. It has been a long time since they have seen a real foot-ball game of college men versus col-lege men such as we have on tap tomorrow.

Another thing, it has been a long time since they have seen the hill.
They can't wander up there as I
did last week to find the Canadian
honkers back on Manzanita Lake and find leaves falling all over the place, the Virginia creeper turning red. If the buildings and grounds department ever removes those climbers, something of Nevada will be lost again.

Send Home to Them
Incidentally, one good way of
bringing Nevada to the boys since
they can't come to Nevada is to send them things like the Brush and the Artemisia. They really get

pital, Spokane, where he is suffering from an eye condition.

Lieut. Col. Field is a graduate of homecoming. It will be my biggest, the infantry school at Fort Benning, also the chemical warfare school. He was retired from active service in December, 1935, due to a disability in the line of duty.

In October, 1941, he was recalling to get one whale of a kick out of the two day affair. It is swell for the two day affair. ed to active duty and in August, them just to be home and the cele-1944, was detailed to ROTC duty bration this year should really be in their hono

Iradition U

All this year and last and the year before that, Sagebrush editors have propounded the theory of tra-dition and lamented at what is happening to it. I am still hot on the subject, because it is a little hard with a depleted male student body to keep the rigidity of college tradition. The men could do it with paddles. The women with oversize hair ribbons some how just don't natch their force.

But women have been doing a great job under the handicap of having suddenly been forced to bring out their leadership. Here, a prediction. When the men come back, there will be a square balance of power We will expect some sixth air force bomber command headquarters. ance of power. We will expect some of those men who have grown wise

Men Return

It is gratifying this year to see the campus male being consulted

on affairs of the university. It is good to see them returning in force enough to again be some of the ower on the campus.

It has also been swell to see the

women pitching in whole-heartedly to every campus event. This year, for the first time, a woman headed the Homecoming committee. Some will say she did a pretty fair job, considering the fact she was a woman thing the says a let of propose. an. I think there are a lot of people who think more highly of a woman's capability, but they wouldn't

For some months now I have been, as this column announces, "Off the Hill," and it was a little tough after four years to remove myself from it except for Saturday afternoon tussles in Mackay Sta-

afternoon tussles in Mackay Stadium watching the Pack in action. I have been holding down a good job by grace of the fact there was no good man available. Well, for once, as a woman, I am sticking my neck out. You know, I am going to be glad if I lose my job. I am going to be glad it o step aside for a pair of pants with a man in them who will take over my duties and my desk and set me back a few and my desk and set me back a few

I "ascended" once to the doubt-ful heights of being a Sagebrush but I still think it is a pretty good feeling to have a man running things. Men like the 35 who will see another Homecoming and like the nearly 2000 from Nevada now doing a little traveling in the various theaters of "operation." It will be good to have men running

things again—damn good! Men's Voices Welcom

I came to that conclusion the other night sitting at the editor's desk hearing the ghosts of far away sounds in male tones and seeing still the evidences of a masculine rule. Those were pretty good days, after all. There are a lot of women who won't agree with me. I only hope they remember what those guys were out there fighting for.

It wasn't just because somebody picked a fight with our navy. They are fighting now that they can re-turn to the thousands of colleges across the country to pick up where they left off and they are fighting for those who carried on while they vere away.

They are glad somebody remem-bered tradition and kept it alive while they went into battle. In the final analysis they were fighting for their lives, yes, but they were fight-ing for our rights. They will return someday to finish the finer things they started. And when they, like me, are off the hill again, they will return as I do in the fall for another rousing Homecoming bon-

For the benefit of those who have never had this opportunity of going before one of the boards, a few words of introduction will be given

mittees, the men's and the women's, each composed of ten members. These members are juniors and seniors selected by the nominating committee, a sub-committee of the ASUN senate which governs the student body.

The nominating committee submits the list of nominees to the scn-ate and after they are approved, the committee stands ready and eager, especially eager, to serve.

Committee Listed

Those who are on the women's committee this year are Betty Mo-ignoni, chairman; Novella Larson, Genevieve Johns, Beth Winchester, Barbara Heaney, Pat Traner, Terry Nagle, Kathleen Blythe, Maribeth Elkins and Marge Kelly.

Those on the men's committee are Dean Dukes, chairman; Gordon Mills, Gil Sutton, Jack Good, John Jensen, Charles Blenio, Dorman Patton, Paul Yparraguirre, Alf Sor-enson and Clayson Trigero.

The women's committee meets at the ASUN building Thursday at 4 pm, and the men's at the same place at 11:50 am Thursday.

Offenders Speak
About 85 men and women have broken traditions, been sent before the board and properly sentenced so far this year.

When different freshmen were

asked what they thought of these committees there were various kinds of responses. Some shut up like clams, others became frightened and ran away, while still others fainted

fire the Wolves Frolic, see the Pack in action, go to the Homecoming dance and be just as proud as I am that my sheepskin bears the sil-ver and blue of Nevada.

It has been wonderful to be a Nevadan and share their spirit. The colors may be blue and silver, the true and the pure, but the real Nevadan is gold, fellows and girls, just pure gold, and right now I feel better off than Midas.

and had to be carried away.

The smarter ones replied, "Why, without a doubt, they are the most essential body of students on the campus and deserve praise for their meritous work. There is a great need for more groups like it in this institution.

Some Tell Truth

Then there are the ones who very bluntly told the truth, and here are their opinions.

Zing Cost Fig.

Zina Coe: I've been hiding behind bushes, tearing to classes and sneak-ing down halls ever since school started. It's Betty Molignoni I'm

watching out for.

Nan Epler: I think the committees stink, but Dean Dukes is sure

Joan Tillinghast, after appearing before the committee twice for various offenses, has practically become the janitor for the ASUN building. She says: "Words fail to express my She says: Words fail to express my true feelings, but the clean steps of the Ed building and the clean floors in the ASUN building — which got that way by my elbow grease — should say it in plain enough language!

Naomi "Batch" Batjer: I used to be scared stiff of Molignoni 'til found out I could run faster than she can.

Man Complains
Rex Ricketts: What I'd like to know is why didn't someone take up the bet made when we were painting the N. Any person who hrew a bucketful of whitewash on Dean Dukes, clad in his beautiful tan raincoat, would have been giv-en a carton of cigarettes. It griped ne to see him standing there so pretty and clean, not doing a lick of work, while we slaved to the oone with whitewash all over us. Gee, I would have done it, but you now I don't smoke

### **Floral Paintings** On Exhibit Here

An exhibition of 18 colorful flor-al paintings done by Mrs. Zella Kay Piersall, well known Reno ar-and postwar periods. tist, was sponsored by the Fine Arts Club, and was held this week, ending October 27, in the Engineering

building.
Mrs. Piersall, wife of Dr. C. E. Piersall, is a member of the American Pen Women's organization as well as the Latimer Art Club. She is a well known water color artist, and much of her work consists of landscape and still life.

Among her pictures now on exhibition is one called "From a Friend's Garden." This is a paintrriend's Garden. This is a paint-ing of white desert poppies arrang-ed in a cornuocopia shaped blue vase, against a dull background. Another of her paintings is that of short stemmed zinnias artistical-

or short stemmed zinnias artistical-ly arranged in a square gold case, the glass top being visible in the back. This painting brings out the variety of color of the zinnias.

Mrs. Piersall calls this painting "Zinnias from a Garden Flower Show." In her painting of a Mexican bouquet, Mrs. Piersall succeeds in bringing out the shadows behind

colored basket containing a huge bunch of colorful assorted garden flowers set on a wicker bottom

#### Math Club Elects Mary Watts Head

Math Club held its first month ly meeting since reorgagnization last Thursday night in Mackay Science hall at which officers were elected, a mathematical topic was discussed and refreshments served.

Elected were Mary Watts, presi

dent; Katherine O'Leary, vice-president, and Margie McQuerry, secretary-treasurer. Professor E. M. Beesley has been appointed faculty ad-

Following Katherine O'Leary's talk on 'Permutations and Combinations,' coffee and cake were served the members.

Monthly meetings will be held on dates to be announced.

#### **Nevada Homemaking Teachers Discuss Emergency Conditions Arising in Homes**

By Jane Perkins

A sound program for the in-school youth as well as development of unit courses for adult evening

Nevada homemaking teachers discussed this and other phases of war time homemaking at their recent conference.

Instructors are aware that the war emergency conditions and postwar period may create some instability in school attendance among older students because some of these young people are members of fami-lies who follow construction jobs and other temporary or seasonal employment

Some of the older students will have to assume greater responsibility in the home because the mothers have outside jobs.

With the shortage of help in public establishments, more laundry, cleaning, baking and cooking must be done at home, and the mother will require more assistance from her children because domestic employees are not available

Commenting on the preceding statement which appeared in the September issue of the Vocational in bringing out the shadows bening some flaming red flowers.

Her most expensive painting of the 18 on display is called Midsummer, which shows a large light colored basket containing a huge light colored basket c

past year, home economists have realized their teaching responsibilities are going to be increased after the war is over.

Not only will it be a case of the present difficulties of war time liv-ing, but a case of learning to re-live together, Miss Swift said. Soldiers will be coming home to wives they have not seen for

everal years and to children they

ive perhaps never seen.

Miss Swift also said homes of the future will present an entirely new type of living. Dehydrated foods, new household gadgets, prefabricated houses, revolutionary in resent to the homemaker nev

problems of adjustment.

Miss Swift cited the airplanes which will fly in the stratosphere, freezing the food en transit and

delivering it to the buyer within six hours of its picking.

Stressing the change in thinking which has taken place during the past two years, Miss Swift said, Previously we had been thinking in material terms—in terms of automobiles, expensive clothes, vaca

#### OUR GOLD STAR MEN

No matter how successful a Homecoming celebration we hold this year or in future years, there are thirty-five University of Nevada men who will not be coming home.

The thirty-five gold stars on our service flag are a reminder that a like number of men left their books, cokes, dances, rallys and homes to give their country the most precious possession—their lives.

session—their lives.

Just what they fought for, most of them probably would not put in words. But some of them did.

They donned uniforms so they and their families could live tomorrow like they lived yesterday.

They cherished the freedom to say what they thought,

read what they chose, elect their own leaders, worship as they felt best.

Freedom! Freedom from fear, want, oppression.
Today we are free. We will win the war. Thirty-five
U of N men—along with countless thousand of college men
from other colleges and universities throughout the United States and allied countries—saw to that.

They fought—and died—so we could live in freedom.

They fought—and died—so we could live in freedom. In the armed services of this country at the present time are more than 1800 men who at one time or other shared this campus with students just like us. They have the same ideals, hopes and fears we do. Most of all, they want to

get this war over and come home.

To those thirty-five gold star men and to the 1800 fighting men, we dedicate the Twenty-Fifth Annual Homecoming.

It is the quarter century mark in Nevada Homecoming cele-We hope 1800 more men will be here on the campus to celebrate with us next year, and that never again will war take this peace-loving people away from home.

By Ikky Blythe

He had spent the entire summer receiving instructions from the big chief in Berlin on how to prevent these war activities and now the these war activities and now the first thing that greets his ears is the plan for the student body to buy a Navy Hellcat fighter plane with bonds—and you know what that means to old Herr Bug.

It kind of knocked him off his to the sixth column, it said, "Stop that here were the state of the sixth column, it said, "Stop that here were the state of the sixth column, it said, "Stop that here were the state of the sixth column, it said, "Stop that here were the state of the sixth column, it said, "Stop that here were the state of the sixth column, it said, "Stop that here were the state of the sixth column, it said, "Stop that here were the state of the sixth column, it said, "Stop that here were the state of the sixth column, it said, "Stop that here were the sixth column, it said, "Stop that here were the sixth column, it said, "Stop that here were the sixth column, it said, "Stop that here were the sixth column, it said, "Stop that here were the sixth column, it said, "Stop that here were the sixth column, it said, "Stop that here were the sixth column, it said, "Stop that here were the sixth column, it said, "Stop the sixth column is said, "Stop the sixth column in the sixth column is said, "Stop the sixth column in the sixth column is said, "Stop the sixth column in the sixth column is said, "Stop the sixth column in the sixth column is said, "Stop the sixth column in the sixth column in

feet for a minute. He had expected to enter the campus activities this year with a clean slate and poison the students' mind before they got any idea. They foiled him.

Oh well, he mused, he wouldn't let them buy their old bonds and Hitler's favorite henchman. stamps. He'd place a booth right next to the bond booth and sell a matter of fact, he talked for over

cokes and candy. Only it was a fun-ny thing. No one bought his mer-chandise. No one seemed to notice he was even there. He yelled at the top of his voice and no one heard him. He placed signs as big as houses in front of his booth, but no one looked.

By Ikky Blythe
Squander Bug is mad. Darn mad, in fact. He just arrived on campus this week after a vacation at Adolph's headquarters, and what greeted him made his blood boil!

Holed great his arrived on the property of the locked as a little tempermental these days.

Squander Sulks

So Squander Bug sulked and sulked, but the students kept buying their bonds and stamps, and the

that Jane Creel, or you know what.

Stop That Drive!
So Squander planned and schemed. He knew that war bond drives go over on this campus, and he couldn't let this one go over—for he knew he would lose his job as

### **Jim Aiken Coaches** Six Seasons at UN

Jim Aiken, former left end of the great Washington and Jefferson team of 1921, is in his sixth season as head coach of the Wolf Pack.

Coach Aiken was born in Wheeling, West Virginia, and moved to Tiltonville, Ohio, at an early age, where he attended Martin's Ferry high, and captained the football and track teams.

He then matriculated at Washington and Jefferson, playing under Coach Greasy Male, ad in 1921 played against California in the Pasadena Rose Bowl.

While going to Washington and

While going to Washington and Jefferson Jim coached the East Washington high school football team at Washington, Pennsylvania,

team at Washington, Pennsylvania, to an undefeated season.

After graduating from Washington and Jefferson he played with the Pittsburgh All-Americans, a professional team, for three years.

During this time he coached at Stuephyille high school, one year and benville high school one year and two years at Fendley, winning a state championship at each school and having an undefeated season at Stuebenville.

at Stuebenville.

After leaving Stuebenville he spent six years at Scott high school, Toledo, during which time he won the state championship three years. Jim then coached the McKinley high team of Canton, Ohio, for four years and had two state championships and in 1933 his team was

pionships and in 1933 his team was considered the national high school champs, scoring over 550 points.

During Jim's high school coaching career he had five undefeated

University of Akron In 1936 he was signed to tutor the University of Akron and coached there three years. His first year he won the Ohio conference. After this auspicious beginning, Akron dropped out of the conference and sought stronger teams in the wici-

nity. In 1939 saw Jim here at Nevada where he has remained these past

Best Players

In conversing with Jim it occurred to me to ask who, in his opinion, some of the best players he has had under his wing while coaching the Wolf Pack. Here are a few of the linemen who have made a lasting impression on Jim. Don Talcott of Reno, Bud Young,

Bob Robinett, Olinto Barsanti, Wes Schlager, Hank Clayton, Dany Potter and Joe McDonald.
Some of the better backs have been Skippy Vinson, Marion Motley, Jim Aiken, Jr., and Pat Eatotn.

Greatest Thrills

Jim also related some of his greatest thrills since coming to the

greatest thrills since coming to the hill. In 1940 San Jose State came to Mackay Stadium with 19 straight wins before being upset by Nevada

Another thrill occurred when Pat Eaton place kicked a field goal in the lastt second to defeat Cal Ag-

The team Jim is most proud of is the first one he coached here in 1939. This outfit defeated the College of Pacific 8 to 0 after the Tigers had upset the University of California. This victory made Nevada champions of the Far Western conference.

Coach Aiken's ambition is to be able to play the teams on the coast on an equal basis and to build all athletics on the hill.

### **PACK PRINTS**

By Madlen Maestretti, Sports Ed.
It will be college men vs. college men tomorrow when the Wolf Pack meets the Utes from the University of Utah at 2:15 on Mackay Field.
The first all-civilian game of the season, tomorrow's game promises to be a thriller as the two teams are alike in many ways.

Even Match

The Utes have lost two games and won two—Nevada has won three and lost two. Utah boasts three veteran players, Nevada, four. Utah is heavier in the backfield, Nevada is heavier in the line. The Utes are largely 17-year-old freshmen, ditto Nevada.

Coach Ike Armstrong and the

BUSTER McCLURE

Bob (Buster) McClure, 210-pound Nevada captain, will lead the of N Wolf Pack against the University of Utah in Mackay Stadium Saturday afternoon.

Watch This Man

Watch This Man
Favorite Ute rave appears to be
Jack Okland, 203 pounds, 6-foot
tackle. Another man well worth
watching (sez here) will be Tommie Panos considered the Utes best
tackle. A tough and wily player,
Panos uses a unique "one armed"
tackle. Morris Ficklin, 156, left half, was pegged by the Denver Post several weeks ago as an outstanding player. First string standby, Bob Summerhays, who has been out of the lineup for several games, will start tomorrow's game at fullback.

Officials Selected The rule officials argument was settled several days ago and it was announced that Ned Kay of Sacramento would referee; George Hicks, commissioner of officials of

far western conference, will umpire; Sylvio Mastrioanni, head lineman; William Ahders, field judge. The game will be called by the new grid rules. I've been hearing a lot of chatter about these rules; spectators have the idea that them. spectators have the idea that they turn the game into a free-for-all just under legalized manslaughter, but sportsmen who have watched the system in operation hold that the new rules make the game faster, easier for the spectator to fol-

The new rules permit passing from anywhere behind the line of scrimmage, allow the defensive team to run with a fumble, receive the benefit of the initial gain in the event of a second forward pass, and require that all kickoffs be in bounds.

Reminiscence

Some of the alums and former students will be able to say— "I remember when—Nevada beat Utah University 28 to 7, yes sir, those were the days!" That particular incident happened in 1921 in the days when Rabbit Bradshaw, Nevada's only all-American, was pack- a small skirmish.

Utah team arrived in Reno last night, they're allowing themselves plenty of time to get tuned up.

Watch This Man

Watch This Man losses and three ties.

Tomorrow at 2:15 Mackay Stadium will be set to stage the annual Homecoming game when the Wolf Pack tangles with the Utes from the University of Utah.

Last year the Wolves beat the Utes 27-19 on Utah's green. They retained only three of the gridders that played that tgame.

Have Balanced Score

Have Balanced Score
Coached by Ike Armstrong, the
Utes have a balanced record so far

this season winning twice from Ida-ho Southern Navy Trainees and losing to Denver University 28-12 and to Colorado University 26-0. The Wolves and the Utes weigh up about even, Nevada carrying more weight in the line and the Utes slightly more in the back field. Tip-

ping the scales at 203, six-footer Jack Okland, who will start at Jack Okland, who will start at tackle in tomorrow's game, was on last year's big seven college all-star team chosen to play the annual college-professional game.

Missing from Nevada's starting lineup will be Fred Klugge and Larry Heinz. Klugge leaves today for military induction while Heinz, half-pint halfback, is out with a sprained ankle.

sprained ankle.
Starting lineups for the Homecoming game:
Utes: Martin, le; Repick, lt;
Panos, lg; Mauss, c; Bowman, rg;
Okland, rt; Nielsen, re; Ficklin, lh;
Hafen, rh; Smith, q; Summerhays,
f.

Wolves: Green, le; McClure, rt; Cammarano, rg; Coren, c; Diering-er, lt; Sinofsky, lg; Nocciolo, rh; Sorenson, q; Mackrides, f; Wilson, re; Mussleman, lh.

## Pigskin Portraits

By Charles Blenio
ALF SORENSEN
Probably the most experienced
player on the U of N squad is Alf
Sorensen. After starring in football,
basketball and track while attending
Sparks high, Alf remained out of school a few years before coming to the University of Nevada. Dur-ing this time he pitched with the Reno Larks and the Reno town team, two of the best baseball teams in

Alf has so many accomplishments to his credit that perhaps it would be best to compile a list. Just as an example: while competing for Sparks high, he won all-state honors in football and basketball for three consensities were While he three consecutive years. While he was playing basketball at Sparks high, the team set an enviable record of winning 55 games without

pleted pass, the longest that year. In 1935, Alf deviated from his regu-

lar routine of sports and entered the welterweight division of the Nevada Golden Gloves. As was to be expected, he copped the title,

Most of these accomplishments came about previous to his enrollment on the hill, but Alf has kept right on going, even entering into

Since arriving on the campus, he has won letters in football, basketball and track. This year while operating from the quarterback spot, Alf has turned in four well played

His keen judgement in the use of plays and great defensive work has made him one of the most valuable men on the squad. Alf proved he can really up and go—with a beautiful 35-yard scamper in the last Tonopah game, the finest play of the afternoon.

Sorensen is a senior, majoring in physical education, also a member of the Sagers, upperclass committee, Block N and Alpha Tau Omega.

AL NOCCIOLO One of the many New Jersey

High School he participated in track for three years before giving his attention to football. While on the track team, Al set a high school

half mile and mile record.

Speed, Ability
In the Nevada games to date,
Nicciolo has rolled up a terrific
amount of yardage because of his
speed and ability to run the ends.
He was running star of the first
Tonopah game this season and continued his sensational sprints in the
later games.

later games.

Stragely enough, Al was running with the third team in the early season practices, but because of fight and aggressiveness he has forced his way to a starting berth.

Right Halfback
Playing the right halfback posion, Nocciolo has fit into the T formaion perfectly, because of his ability to run to his left, something nost backs find difficult.

When Al first arrived on the campus, he found it rather difficult to settle down to a college routine. The bright lights of Reno est filling station?

boys on the campus this year is Al seemed to wink malicious eyes at Nocciolo from Newark. At Central the boys living in Lincoln Hall. High School he participated in Now Al has seen all there is to see nd he is content merely to play

ootball and study. For the past weesk Nocciolo has been houseboy at the Pi Phi house. He expects to be called into the service soon, but hopes to come back to the University of Nevada after the war.

#### YELL LEADERS WOULD APPRECIATE NEW YELLS

Yell leaders meet Wednesday and riday of each week at the ASUN

Initial of each week at the ASUN building to work out new routines and smooth over old yells, according to Bette Poe, head yell leader.

The leaders would appreciate any new yells or suggestions from the student body. Anyone who desires to submit a new yell may do so to submit a new yell, may do so by giving it to the head yell leader, Bette added.

Neighbor: Would you mind taking my dog out for some air?
Friend: Sure. Where is the near-

# A TRIBUTE TO THE U. of N. SAGEBRUSH

Now in its 51st year of publication

E HAVE BEEN printers of the Sagebrush for 21 years, and in that time we have come to know the paper, its editors and managers, and its policy intimately. It

has always been extremely well edited, not just as a student publication, but by standards of professional newspaperdom. To our mind it is one of the best edited and managed papers in the State of Nevada.

The students who have burned the midnight oil during the past half century of the Sagebrush, have left an enviable record in the halls of Journalism. Most of them are now members of the "working press." Many of them have made names for themselves. All have been outstanding for their resourcefulness and individuality. Yes, our hat is off to the 'Brush!

### **Post-War Changes** Disputed by Profs

AAUP Hears Report By A. L. Higginbotham

Presidents of American colleges and universities dispute the popular theory that concentration of classes on the twenty or more hours a wek army level will continue after the war, according to a report on an American Publications Association survey given by Professor A. L. Higginbotham at the AAUP meeting October 19.

Survey of Opinions
The survey deals with opinions of college and university professors concerning changes that will occur in post-war education. One hun-dred and fifty college professors, comprising an accurate cross section of American colleges, were inter-

Opinions Differ
American college presidents also feel that if universal military training is to be tolerated after the war, it should be given in connection with regular college studies. They are almost evenly divided in opinions with the content of the content ion as to whether acceleration, or running American colleges on a full year plan as most of them have been doing during the war, will continue in the post-war period. Forsee Extension

A small majority of the professors interviewed expressed the conviction that there will be a tendency toward general education. The trend will be toward increased interest in the social sciences and decreasing interest in mathematics, engineer-

Also, the professors expect to see an unusual emphasis on extension in addition to regular classes. This will include forums, lectures, correspondence courses and extension

All of the professors agree that there will be greatly increased en-rollments after the war and the interest in education as a whole will rise rapidly.

He: Ah, look at the cow and the calf rubbing noses in the pasture. That sight makes me want to do

the same. She: Well, go ahead—it's your

#### **Seed Laboratory** Handles Testing For Entire State

By Eileen Kerr. The seed laboratory in the University of Nevada division of bot Philip Lehenbauer, head of the de partment of botany and his chief assistant, Jeanne Chartier, '46, handles all seed testing done in the entire state of Nevada.

According to state law, all seeds put on the market in this state must first be tested for germination and purity.

The equipment used in this seed testing process belongs to the Newada state department of agriculture, but is situated on the campus and is at the disposal of students in the college of agriculture. Most states maintain a seed laboratory in connection with the state capital.

The first group of seeds for test-ing were received by the laboratory this week from Cremer-Erickson Company of Reno. They include seeds of various varieties of clover, grass, wheat and vetch.

### INDEPENDENTS DISCUSS PROJECTS FOR FUTURE

PROJECTS FOR FUTURE

A business meeting of the Independents will be held Monday, October 30, at 7:30 pm in room 109 in the Agriculture building, anounced Italio Gavazzi, Independent president. The purpose of this meeting will be to discuss projects for the future.

Gavazzi said, "Very few unaffiliatted students on this campus have shown intentions of joining other organizations."

Gavazzi laso announced that due

### **Football Manager** Has Thankless Job

By Chuck Blenio
Holding down one of the most thankless jobs on the campus this year is Art Palmer of Bloomfield, New Jersey. As football manager Art must cater to the temperamen tal behemoths of the gridiron and fulfill their every wish, without receiving any of the credit or glamor.

Art is not a newcomer on the

hill, having arrived as a freshman in 1939 after graduating from Bloomfield high. While here Art set a record for other campus lumi-

set a record for other campus funi-naries to shoot at.

He was president of the Blue Key, national honorary fraternity; president of Masque and Dagger, dramatic society; a member of Who's Who in American Colleges and Universities; member of Scab-bard and Blade, military organizabard and Medice, initiary organization; Coffin and Keys; a candidate for student body president in 1942; interfraternity representative at Stanford, while a member of Sigma Rho; member of the ASUN senate, and graduate manager, 1943.

Art also served on many commit-tees, among them, the rally com-mittee, Mackay Day committee, up-perclass and Homecoming commit-

After graduating from the college of agriculture, June, 1943, Art went to the infantry officers candidate school at Fort Benning, Georgia. From here Art was transferred to the air corps officer training school at Miami Beach, Florida.

While at Miami Beach he was placed on limited service for a time, and then honorably discharged Sep tember, 1943. He returned to Ne

an athletic scholarship to acquire a geology degree. His familiar Cadillac convertible has carried him a total of 33,000 miles through 44 his mates arrived, shot down six

#### Nevada Divided Regarding Question of Compulsory Military Training for Men

In answering a questionnaire re-cently sent out by the American Asociation of University Professors and greater physical health. o all the college campuses in the United States regarding universal training for men between the ages of 17 and 21, it was found that University of Nevada professors were equally divided on the ques-

Although several professors on the campus were unable to form any definite opinion on the subject because of limited information, they nade various suggestions concernng the compulsory military training program which at the present time is under debate in congress. They stated that the age limit should be raised to between 21 and 23 years and that the plan should be used purely as a protective measure. They stressed coordination between civistressed coordination between civilaring special army supervision and that the plan pre-supposes a world organized for war and not for peace. The whole school graduates and college men be at the college level.

Those definitely favoring the military program said that it is a means of avoiding future wars and that it would prove a national safeguard. Furthermore, it would de-Mrs. Alice B. Marsh, secretary.

velop in the youth maturity, a sense of discipline, a broader outlook on life, while giving him self-respect

Those opposing compulsory military training stated that Germany has used this system and has succeeded only in brutalizing her own people and making the rest of the world hate her, while lowering the general moral standards of her youth by regimentation in large masses. from the purely military standpoint, year's training would soon be outdated and modern warfare requires more highly selected and trained personnel than that which would be obtained by a universal draft. They emphasized the fact that train-ed men alone do not win a war. In addition they said that it is not adaddition they said that it is not adgeneral educational program under army supervision and that the plan

## Giant Rally in 1915 Marks Beginning Of Homecoming Celebration at Nevada

### First Celebration Is Not Meanful to Students Who Attended the University

By Jo Ann Miller
This twenty-fifth annual Homecoming celebration, which we take almost as a matter of course, had a turbulent beginning. In fact, in the good old days, along about 1915 and 1916, they didn't even call it Homecoming!

At that time, the university held what was termed a "giant rally" during the football season. At this time, the faculty and students gathered on Friday of the appointed weekend to see skits by the classes nad organizations. At night, the bonfire was held and the regular pep rally took place. The alumni luncheon on Saturday saw the election of the association officers for the following year. The festivities ended with a dance sponsored by the

Elsie Trail, sophomore, is chairman of the affair. dents were not able to attend the university's festivities.

Tragedy in 1919
Perhaps one of the greatest tragedies of Nevada's Homecoming history took place in the fall of 1919.
Shortly after the football team was organized, the whole population of Reno was quarantined for an epi-demic of influenza. It was planned that football would continue after the quarantine was lifted. However, to the great sorrow of the student-body and faculty, Coach Whisman died of the disease which he had contracted during the epidemic. It was felt that football should be discontinued for the remainder of the continued for the remainder of the chool year.

In the ensuing years, until about 1926, none yet seemed to feel the need of a homecoming celebration. The yearly rally and skits were held, brary dealing with arcwelding methods and research problems to be established at the University of Nevada were received recently by Dean Stanley G. Palmer of the college of engineering and some of the alumni returned for the weekend, but the present idea of homecoming on the Nevada cam-pus had not been conceived.

Funds Donated
Selected by Professor R. V. Van
Dyke of the mechanical engineering department and purchased with
funds donated by the James F. Lincoln Arcwelding Foundation, the
books deal with problems in the
use of arcwelding on construction
projects likely to be encountered by
Nevada engineering graduates in the
mines and industries of this state. Students in Parade
Finally in 1926, things started
going strong. Many of the traditional events of today's homecomeings had their birth. The festivities books deal with problems in the use of arcwelding on construction projects likely to be encountered by Nevada engineering graduates in the mines and industries of this state, as well as problems of general interest.

To Be Expanded

Additional volumes will be made available to the department, Palmer and, by the Lincoln Foundation, was the horseshoe pitching contest was the horseshoe pitching contest was the horseshoe pitching contest. available to the department, Paimer said, by the Lincoln Foundation, the purpose of which is to stimulate and encourage among students scientific research in the field of arcwelding.

Show. One of the main attractions was the horseshoe pitching contest staged by the Aggies. The celebration ended with the football game, Nevada vs. Santa Clara and the Aggie Dance. In those days, too, the gie Dance. In those days, too, the class tug-o-war across Manzanita Lake was a regular part of the pro-gram, and was participated in with

great vim.
The Wolves Frolic then was an event by itself, and didn't become a part of the Homecoming Day cele-brations until the early 30's. Then In line with this policy, the engineering department recently purchased two of the latest type arcwelding machines, one a direct welding machines. elding machines, one a direct curling.

Big Event of Year
From its small beginning in the 'teens of this century, Nevada's Homecoming has become one of the perimentation in dealing with variable gevents of the school year. We have revived the traditions of having a program of the loan of the N. Result being, of course, the loan of the N. Result being, of bond drives spree-time. Keep the money flowing into the treasury so the bombers can fly over Germany and Japan. And, right now, back the campus bond drive! the Wolf Pack will met a university football team in Mackay

With these highlights we hope to make the weekend one to be re-membered by alumni and students

## **Check Found in Battered Letter**

By The Unfortunate

"Here, this message came for you wer the phone this morning. I vrote it on the back of this old

"But—the envelope is a letter—it hasn't even been opened. Sure it isn't something important?"
"Nope, just an old envelope—

probably an advertisement! Just dump it somewhere when you are

through with it."

And the envelope was carried all over town and campus in that student's textbook for over two weeks. It was used for a scratch pad to sharpen the point of a borrowed pencil; it was the handy piece of paper for assignments to be for-gotten; and even a piece of the corner was torn off to catch surplus

ink from the student's pen point.

Then one day, after the textbook was so full of such scrap that it had to be cleaned out, an amazing fact was discovered. That old enrelope, battered from wear as an old piece of scrap paper in a Neva-da student's textbook contained a

check for \$477.95.

The envelope, addressed to Mrs. Mrs. Racheal Ann Gibson, who was a summer resident of the Tri-Delt nouse, was mistaken for an insurance advertisement and treated as

Tosca Masini, sophomore, Delta Delta Delta, was the unfortunate pearer of the mysterious envelope Visions of bars and stripes were not absent from her mind as she pre-sented the check to the post office to be forwarded to the rightful

#### COUNTRYSIDE IS WHITEWASHED AS FROSH PAINT N IN DRIZZLING RAIN

By Virginia Cole

gleefully.

Every freshman was exhausted—

Hail to our sturdy men — and casualties—people whose eyes stub-bornly watered and whose hair be-

A drizzling rain greeted each freshman as he cautiously opened one eye and braced himself for the ordeal ahead. Any person unfortunate enough to be a freshman was scheduled to whitewash the N last Saturday.

Who Gets Wet?

Neither the prospect of N paint-ng nor the rain dampened most of their spirits, and at 8 am the herd of lowly frosh gathered at the en-trance to Mackay Stadium. Incidentally, another factor may have influenced the large attendance. Any freshman who did let the rain discourage him will be a little more than damp at a later date.

Upperclassmen favored us with their presence and checked the

names of the frosh present. And those who weren't-

Leaving the stadium in trucks, pick-ups, model T's, sedans and every other mobile carrier, the fresh-men sang and cheered along the highway until they reached the turn off to the N.

There merriment ceased. The road (so-called) was blocked. No-body seemed to know why or what blocked it—and the second road —which was really nothing more than a cow trail—ended quite a distance from the N.

So We Walk

Ambitious souls tumbled out of the cars and trudged up the mountains with only mud and woodticks for company. Nothing but confusion followed. Some dragged themselves up to the N, some stayed at the bottom of the hill, some sulkant of the supportlass comed and cursed the upperclass com-

Then things were organized and work began. Some dripping frosh went after water. Rolling around in the back of a bouncing truck with half a dozen barrels of very wet water isn't fun! But those who mixed the whitewash were worse off

(we kept telling ourselves).

As the water was poured into the barrels, clouds of lime ascend-

from the bottom of the hill to the N, was a happy bunch of lame-brains who preferred to slosh more

#### Lowrance Honored By Pre-Med Society

### Reporter Traces History of Campus From First Homecoming to Present

### Improved Landscaping, New Buildings Mark Vast Development on UN Campus

By Adele Marsh

Leafing back through the University of Nevada's records 24 years to the historic date of November 11, 1920 (when the tradition of annual Homecoming was first established, a host of comparisons arise.

In those days, on a campus of about 60 acres, there were fewer buildings and much unconquered sagebrush. The shores of Manzanita Lake were muddy and untrimmed, no walks had been laid from the further buildings to the quadrangle, and the irrigation ditch meandered along, unrestrained by the concrete walls that now keep it trim. The dining hall was about half its pres.\*

dining hall was about half its present size. The library was then in the Hall of English building and the agricultural experiment station, now behind the gymnasium, then stood on the site now occupied by Clark Memorial library.

Mackay Science Hall

The old Physics building, a one and a half story cottage type, which had occupied the site of the present Mackay Science building, was torn down to make room for the modern structure.

Minimum Memorial Library completed in 1927, now complement the shores of Lake Manzanita.

In 1930 Mackay Science building with its stately columns completed the architectural plan of the quadrangle as Clarence H. Mackay had envisioned it. dining hall was about half its pres-

Quad Different
The quadrangle itself presents a somewhat different appearance these days than in 1920. When Mr. Clarence H. Mackay made his first gift to the university, he visualized a quadrangle encircled with elm trees, trees which undoubtedly reminded him of his Long Island estate, and he so specified. Trees were planted, but alms and popular alternately.

he so specified. Trees were planted, but elms and poplar alternately.

The elms grew slowly, but the poplars shots up to tremendous heights and were removed several years ago when other work was done the campus under the federal of the campus under the federal floor. works projects contract

Mackay Field with the stadium and training quarters was in existence then, but the bleachers were about one-third the size they are now. No fence enclosed the stadium until more recently. Clark Field did until the stadium of the place. not exist then, nor a girls' athletic

Around the quadrangle were ranged the familiar facades of Morrill Hall, Stewart Hall, Hall of English, a smaller Mackay School of Mines and the Electrical and Mechanical buildings

Mines and the Electrical and Mechanical buildings.

President's House There

The president's house stood where it is today, but the grounds were not improved at all.

Around Manzanita Lake in 1920 stood the smaller dining hall, Manzanita Hall, the Agriculture building, which was erected in 1918, and Education building, just completed Education building, just completed

that year.
Lincoln Hall topped the hill overlooking Manzanita Lake, much the same in exterior as now, and beside it stood the campus hospital,

beside it stood the campus half its present size.

Old Gym Stood

Behind Mackay School of Mines

Three years later, Mackay providstood the old gymnasium, to which an extension was later added. To the east of the Mechanical

building was the Veterinary Science structure, and south of it stood the

The years from 1920 to the present time have brought five new

The truth behind the scenes is recognized that the scenes is a fully equipped dairy, 200 head of Holstein-Friesen cows, registered bulls and other animals and equipof students of the College of Agri-

Building Program

Now in the hands of the state planning board, for recommendation to the state legislature next year, is a proposed building program providing for three necessary additions to the compus to the campus.

The first of these is a classroom

building. Following in importance is a laboratory building which will concentrate under one roof all the laboratories at present scattered about the campus. The third structure, close to Dr. Moseley's heart, is a student union building which will provide ample facilities for all student activities on "the Hill" where, he feels, they have always belonged.
Such is the growth of the campus

in the 24 years since 1920. Blue-prints drawn this year point the way to the future.

good idea; I think I will." Atten-hut! You have two min-

utes to fall out for fire drill. Never mind your pants, soldier; there may really be a fire some day. Company A all present and accounted for. Dismiss your company, sergeant. Oh, men, lights out in exactly four minites. Dismissed.'

After being enrolled at the University of Nevada for six weeks, I have more or less settled into a routine. For some time, I was hard put to orient myself to life in an all-civilian institution. My conceptions of college life were tained by experiences in the ASTP and it required, and still does, I suppose, a good deal of looking, listening and learning to adjust myself. Time has passed, though, and I have the hang

learning to adjust myself. Time has passed, though, and I have the hang of things.

My day begins about 6:30 am and ends about 10:30 pm. I try to adhere as closely to these hours as possible. I then can apportion the proper amount of time to each subject, and I am not at a loss how to get tomorrow's lessons done.

To enumerate each class and to students.

To enumerate each class and to give details of each would be boring; instead, I should like to jot down a few of the impressions I have received since my registration here.

I attended the initial welcome, but to coach us and guide us in get-together of the semester for all the new registrants, at which President Moseley spoke. To say the least, this was one of the most remarkable welcome speeches I've heard—or read about.

I think it was the first step in putting me back on a civilian basis!

Moseley and his staff were not here to teach us English and guide us in getting our own education and in helping us plan our future lives. The next unveiling came during the time of filling out schedule sheets. Advisors and instructors and department heads were kindly and solicitious.

It must have been a traine or If I could make the sound of a whistle with a pen, I would. I cannot; consequently, words will have to suffice.

"Atten-hut! Fall out. If you're not out in five minutes, you'll walk an hour. Straighten that cap, soldier; you're not in the navy.

"Whatsamatter, soldier, did you run out of polish or didn't you have time to brush those shoes? Take his name, sergeant. Take hose shoes? Take his name, sergeant. Take hose shoes? Take hose shoes? Take hose shoes? Take hose shoes selected "Men, you have been selected" help you. That's all. Sergeant, disgusters of the semester for all the new registrants, at which President Moseley spoke. To say the least, this was one of the most remarkable welcome speeches I've heard—or read about.

I think it was the first step in putting me back on a civilian basis! I realized, for the first time since my release from the army, that there are people and people's people still around.

I left that building half in a daze. Althoush I had absorbed but for

Lt. Hugh McMillen
Spends Leave in Reno

Ien was shipped home for convalescence, after making a 500-mile plane trip for X-Ray treatments which took him to Australia, New Zealand and New Caledonia before reaching the United States.

A graduate of the University of Kansas, class of 1939, Lt. McMillen completed the advanced military courses there, and was commissioned a reserve officer in the infantry prior to overseas duty.

NEVADA BORN...NEVADA EDUCATED...NEVADA MOULDED

# NEVAD

HAS A NATIONAL LEADER

# Pat McCarran

Voted One of Most Influential Leaders in the U. S. Senate in Modern Times

when he was a student at the U of N. Shown at the extreme left of the back row as he looked when he played left end for the Nevada Varsity, Pat had a reputation for speed and drive and quick thinking.

Today he's still playing for Nevada in the senate and still making a brilliant record. He's gone up, as district attorney, member of the supreme court, then chief justice, and now he's one of the greatest senators Nevada has ever had. Let's keep him there!

**VOTE FOR AND RE-ELECT** 

# PAT McCARRAN **YOUR**

Glad to See You Back, Grads! Come in and talk over old times

## Waldorf Club

ART P. NELSON, Prop.

144 North Virginia Street

Old Grads! Whatever you do . . . don't fail to sign up with the Nevada Alumni Association while you're here for this Homecoming.

Membership is not restricted to GRADUATES but includes all Nevada Alumni (any person having matriculated at the University of Nevada) and the dues are insignificant.

The Nevada Alumni Association is doing a fine job. It has ambitious plans to help the school. Be sure you join today and do your part to help your own association perform the job we all want to see put across.

Members get subscriptions to the new "Alumus," the official magazine of the Alumni Association. They also receive bulletins from time to time, keeping in touch with other former students of the University, as well as events concerning the school itself.

Join up!

# WELCOME BACK..GRADS!

Welcome back. You'll find things are changing, and improving. The campus is lovelier than ever, the buildings better kept, the faculty cheerful, the girls prettier, the team good, and the old grads more appreciative than ever!

Great things, broad plans, and the restless feeling of an expansion era are bestirring the campus. All omens are good and the outlook is progressive.

We miss the old grade who have gone to serve in the armed forces. We know they are making a name for Nevada clear around the world . . . a name that will stand high in history. And we hope that this will be the last Nevada Homecoming with them away.
