

1945 Mackay Day Returns to Pre-War Standards; Frats Take Over Work Day

Individual Committee Heads Announced As Celebration Plans Near Completion

With the return of fraternity work day and the awarding of six trophies, 1945 Mackay Day, scheduled April 6 and 7, will maintain pre-war standards, Paul Yparraguirre, chairman of the committee, announced this week.

Last year, due to the acute manpower shortage on the campus, the annual work day was directed by sororities and all trophies were suspended except that of the best sorority song team.

This year, however, as in the past, trophies will be awarded for the best fraternity song team, best sorority song team, heaviest and blackest beard, best trimmed beard, best women's costume and best men's costume. The fraternity revolving cup, shelved last year, will be awarded to the group with the best work day and dance representation.

Committees Named

Committees were appointed by the Mackay Day committee this week to head the functions of the two-day celebration.

In charge of work day will be Bob Craig, senior independent, with Frank Apa as his assistant. Valerie Scheeline, junior Delta Delta Delta, was placed in charge of trophies.

Luncheon Planned

Heading the luncheon committee will be Jane Creel with Pat Thomas and Nancy Herz as her assistants. Pat Ussery, sophomore Gamma Phi Beta, was named chairman of the Mackay Day dance. She will be assisted by Barbara Mills and Clayton Triger. Jack Dieringer and Bonnie Yater were placed in charge of the assembly.

General Adviser

Bob Uhlig, last year's Mackay Day chairman, was named general adviser to the committee and Florence Miller was appointed secretary.

The committee is planning as much as possible, Yparraguirre stated, to retain all activities of pre-war celebrations. In the past were included a beard growing contest by all men on campus, an assembly featuring sorority and fraternity skits, fraternity work day, and climaxing the weekend a dance, at which time a Mackay Day queen was crowned.

Dean G. P. Hammond Aids in Installation Of History Chapter

Dean George P. Hammond of New Mexico participated Friday in ceremonies installing the campus History Club as Nevada chapter of Phi Alpha Theta, national history honorary society. He was honored guest at the installation banquet held at White House restaurant Friday evening.

Officers of the History Club formally installed as Nevada chapter of Phi Alpha Theta are Patricia Trainer, president; Mary Kathryn Carroll, vice-president; Mary Ancho, secretary; Charla Fletcher, treasurer, and Dr. Austin E. Hutcheson, faculty sponsor.

Mazour to Speak To Students Wed.

Dr. Anatole G. Mazour, professor of history and political science, will speak on "Russia's War Aims" in the education auditorium Wednesday evening, Feb. 21, at 8 pm. The lecture, first of a series by faculty members, will deal with pertinent issues of war and peace.

Timely and vital problems arising from the war and the probable peace will be brought to the attention of the public and students during the series. Dr. Austin E. Hutcheson, chairman of the university committee on lectures and assemblies, adds that an open forum for questions will be held at the conclusion of Dr. Mazour's talk.

Dr. Hutcheson's committee, consisting of Dr. Albert G. Wiederhold, professor of philosophy and psychology, and Dr. Robert A. Hume, acting head of the English department, will announce the dates and topics for future lectures from time to time. The public is invited.

LITTLE THEATER STARS STUDENT

Jo Miller, sophomore Kappa Alpha Theta, has the title role in the Reno Little Theater's production of Claudia, Rose Franken's Broadway and Hollywood hit. The play, which is a comedy drama in three acts, will run from February 26 through March 4. Rankin Mansfield is the director.

Other Members

Other members of the cast include Marvin Miller as David, Mrs. Phillip Drury as Mrs. Brown, Claudia's mother, also Nancy Lee Helgram, Kay Guidici, Artie Riggle, Mrs. Edwin Marcy and Roger Joseph.

Jo, who is a journalism major, took the part of Mildred in last season's Little Theater production of Kiss and Tell, which had a record run of two weeks.

Past Record

Her previous experience on the stage includes several productions at the Duluth Children's Theater in Duluth, Minn., her chief role being that of Jo in Little Women. She also wrote and acted in the junior class play at Stanbrook Hall, a Benedictine school for girls in Duluth.

Since coming to Reno, Jo has taken part in the Theta Mackay Day song team and directed the Theta skit for the 1944 Skit Parade. She is a member of the Red Cross camp and hospital committee which furnishes entertainment for servicemen stationed at nearby bases.

Graduate of 1891 Cited at Bench Retirement

Frank H. Norcross, United States district judge for Nevada, will retire on April 30. The announcement calls to mind the long and active career of one of the University of Nevada's earliest degree holders, whose name and personality have been identified with many events in the university's history.

Degree in 1891

Judge Norcross holds a bachelor of arts degree conferred in 1891. He is the only surviving member of that class of three, and was the featured speaker at the university's celebration of its 25th year. Again in 1941, when a three-day commemoration during commencement week marked the 50-year jubilee, Judge Norcross was invited to address the graduating class.

Retirement from the federal bench comes for Judge Norcross after 17 years in that capacity. He received his appointment in 1927 from President Calvin Coolidge. His law degree was taken at Georgetown University and he served as district attorney for Washoe county, and judge of Nevada's supreme court, prior to his federal appointment. Through the years he has participated actively in Republican party affairs in this state.

As spokesman for Nevada, Judge Norcross was instrumental in collecting for the state a sum of \$462,000 in 1930. This figure represents the principal, plus interest, on a bond issue of \$100,000 voted by the territorial legislature of Nevada as a loan to the government of the United States during the civil war.

Judge Norcross, whose home is in Reno, will be 76 in May.

DUANE RAMSEY

Duane Ramsey has been promoted to lieutenant (jg) from ensign in the navy. He graduated from the school of engineering here in 1943.

CAMPUS WSSF DRIVE EXTENDED THROUGH NEXT MONDAY NIGHT

Faculty Administration Council Meets ASUN Senate to Discuss Semester Plan

By Mo Wogan

Introducing a proposal that the student body senate meet once a semester with the faculty administrative council to discuss matters of interest to the associated students, the ASUN senate met with the faculty board last Wednesday at 4 pm in the Mackay science hall. No action was taken on the proposition.

Purpose of Meet

For the purpose of discussing a student-faculty difference concerning the recent semester change, the Wednesday meeting was called by Dean Fredrick Wood, head of the administrative council.

Arguments concerning the schedule were presented by the student representatives, while Dr. George W. Sears presented the faculty points of the program. No conclusion was reached.

Points of Plan

Under the semester plan recently adopted and objected to by the students, the fall semester begins on September 17 and closes it February 1 allowing two weeks of Christmas vacation during December. The spring semester is to run from February 4 to about June 14 with a

week's vacation scheduled at Easter.

Recommended by a special committee headed by Dr. Sears and including Prof. P. A. Lehenbauer, Dean Fred W. Trainer and Prof. Jay A. Carpenter, the proposal passed in faculty meeting by a vote of 22 to 14 as against either the quarter system or the present method. It was also approved by the board of regents.

Those Present

ASUN senators present at the meeting were Jack Dieringer, Mary Beth Winchester, Gordon Shelly, Lavina Ramelli, Paul Yparraguirre, Nora Saunders, Italo Gavazzi, Barbara Heany, Dorothy Abel, Bonnie Yater, Bob Jones, Frances Escobar and Gordon Mills. Leonore Hill, ASUN president, and some interested students were present, and the Sagebrush was represented.

Faculty members present were Dr. Sears, Dean Stanley G. Palmer, Dean Trainer, Prof. Lehenbauer, Prof. Harold N. Brown, Dean F. W. Wilson, Acting Dean of Men Robert Griffin, Acting Dean of Women Alice B. Marsh and Jeanette Rhodes, registrar. Dean Wood presided.

English Majors Visit State Libe

Accompanying Dr. Muriel Hughes, assistant professor of English and Nevada chairman of the American Dialect Society, to the state library in Carson February 10, were Nadine Gibson, Beulah Hadlow, Lois Honeywell and Georgianna Hicks.

This was the first of a series of trips to be taken by English majors to the old newspaper files of the state library in quest of typical Nevada dialectal phrases. The group, working with Dr. Hughes, has been compiling old mining, railroad, cowboy and Indian phrases. They have also sought the origin of the names of several pioneer Nevada towns.

Traveling to Carson on the Virginia and Truckee Railroad, the researchers spent the entire day scanning the files of Daily Inland Empire, Reese River Reville, Owyhee Avalanche, Eastern Slope, Winnemucca Argent and Elko Chronicle published between 1865-1869. Several typical phrases found were "put it up" which is now interpreted as "to understand"; "muk-amuck," which when appearing in modern newspapers is called refreshments; when the wild west pulled a "freeze out" they forced their victim out of business perhaps because his "jawbone" or credit was no longer good.

DEAN BEQUEATHS SET TO DORMITORY GROUP

Artemisia-Manzanita Association received a silver tea set from the estate of Margaret E. Mack, dean of women on the campus for 24 years, who died in Los Angeles on February 4. She retired in 1942 with the title of emeritus associate professor of biology.

CANTERBURY TO HOLD FRIDAY LENTEN MEETS

Members of the Canterbury Club, Episcopal university students, will hold informal discussion of personal religion Friday evening during Lent at the parsonage of St. Stephen's House, the Rev. W. T. Holt stated this week.

The first discussion will be held February 16, at 7:30 pm, and coffee will be served during the evening.

College Canteen To Be Ready Soon

Present estimates indicate that in three weeks work should be completed on the campus canteen and it should be ready for use, Carl Horn, superintendent of buildings, announced this week.

The cement floor throughout the hut should be finished by Saturday, depending upon the labor supply, Mr. Horn added. Since it will be necessary to stay off the floor for four or five days after the cement has been poured, work will be temporarily halted.

Coke Bar

The large room formerly occupied as a military class room will be the site of the coke bar, where students may buy a between class sandwich and coke. The YWCA will have charge of staffing this room and operating the coke concession.

Off the coke bar will be offices to be occupied by the dean of women's staff. A door has been cut from this office into the women's smoking room to facilitate entry into the smoking room.

Dance Room at Rear

Campus jitterbugs will welcome the dance room to the rear of the coke bar, where they can "cut a rug" between classes. The music will be furnished by a juke box under YWCA supervision. A fourth room off the dance floor will be a kitchenette.

Mr. Horn added that new lighting has been installed, and a pay telephone will be installed next week.

NEWMAN CLUB TO SKI SUNDAY AT MT. ROSE

Newman Club of the University of Nevada will ski this Sunday at Mount Rose, Raymond Ceccarelli, president of the group, announced.

All members wishing to go will meet in front of St. Thomas Aquinas Cathedral at 11 o'clock, where transportation will be provided. Father Luigi Roteglia will accompany the group.

THREE STUDENTS

Marine Cpl. Richard A. Cameron of Reno met two former University of Nevada schoolmates while serving in the Pacific area, recently. They were Capt. Wesley C. Schlager of Las Vegas and Lieut. Ned Barber of Reno. All three are members of Lambda Chi Alpha fraternity.

High School Meet Plans Tentatively Set by Committee

Pending replies to the questionnaires sent to 36 high school presidents throughout the state, the committee in charge of the high school presidents' convention, to be held March 16 and 17 in Reno, is waiting to go ahead with plans, according to John Baker, chairman.

A tentative schedule for a two-day convention includes a luncheon, lectures and an assembly at Reno high school to introduce the high school heads.

In the past this convention has been an annual affair, although it purpose of the meeting is to afford was not held last year due to limited transportation facilities. The an opportunity to discuss the various school problems as well as to exchange new ideas.

Gym Opening Date To Be Postponed

Lack of Labor Halts Planned Completion

By Jim Coleman

Lack of labor and need of meticulous work have caused the finishing stages of the new gymnasium at the university to progress slowly, stated Dr. Robert Griffin. The baskets and backboards can not be put up until the floor is finished and dry, although the backboards are ready to be placed in the gym.

Bleachers

New folding bleachers have not yet been obtained, so until they arrive, the old wooden bleachers now in the old gymnasium will be moved over and placed in position.

On returning to the university campus from California, the Nevada Wolf Pack will tangle with the Camp Beale five in the new gym February 24, according to Coach Jim Aiken. The Pack left Reno Thursday morning for Sacramento and San Francisco for three games in the bay region.

Three Tournaments

Dr. Griffin also stated that there are three tournaments slated to be played in the new gym in March. The first will be the western zone high school meeting February 28, March 1, 2 and 3.

Nevada "B" class high school teams will hold their state play-off on the campus on March 8, 9 and 10, while the third tournament will be the annual Nevada servicemen's championship which had to be moved back one week because of a conflict in dates.

Service Teams

Eight service teams will play off games among themselves March 16 and 17, with the Reno Army Air Base team the defending champions for the last two years and also acting as the hosts for the event.

DELINQUENT NOTICES AVAILABLE FEB. 17

Delinquent notices for students doing failing work in any subject will be handed in by faculty members on Saturday, February 17, Mrs. Jeanette Rhodes, university registrar, announced today. She added that "cinches" are reported for those people who are doing work on a D, D, or F level. Reports are turned in for failing students every six weeks, in this case, on February 17, and March 29, of the spring semester.

GRAD PROMOTED

Adam M. Patterson, Nevada graduate and member of Sigma Alpha Epsilon, has been promoted from first lieutenant to captain in the army air forces. Captain Patterson is the son of A. M. Patterson of Fish Lake Valley.

University of Nevada Fails to Meet Goal War Board Finance Bureau Set at \$800

Ticket Sales Start For Frosh-Soph Hop

Tickets are now on sale for the frosh-soph hop, semi-formal dance to be held on February 24 at the Twentieth Century Club, according to Gloria Mapes and Neva Gardner, co-chairmen. Tickets may be purchased for \$1.20 from either of the chairmen.

Theme of the dance is still being kept a secret by the committee members, but it promises to be unique. The dance is a non-program affair and refreshments will be served to those attending.

Publicizing the dance, an assembly will be given Friday, February 23, at 10 am. It will be a review of talent from the two classes consisting of songs, dancing, music and impersonations.

The dance committee includes Rachel McNeil, Patricia Babb, John Baker and Howard Williams. On the assembly committee are Rose Nannini, Phyllis Green, Jack Dieringer and Bob Durham.

Dr. A. G. Mazour Presents Program

Dr. Anatole G. Mazour presented his 82nd concert of recorded "Music of the Masters" over radio station KOH this week.

Selected from his own collection of recordings, Dr. Mazour, associate professor of history and political science at the university, presents the program every Tuesday evening from 9:30 to 10:15 pm.

Request Numbers

Programs, requested by his many listeners, range from South American folk songs to the works of the celebrated composers such as Bach, Mozart and Tchaikovsky. The time is donated by KOH.

French Records

Contemplating future programs, Dr. Mazour stated that he hopes to present a rare collection of records on the history of music, entitled "L'Anthologie Sonore," and made in France.

Arranged by the famous musicologist, Curt Sachs, the "L'Anthologie Sonore" traces music through the renaissance, reformation and 18th century. The medieval music includes dances, hymns and Christmas carols played on the harpsichord, clavicord, violas and virginalist.

Future Programs

Other programs will include folk dances of the Spanish, Polish, Southern European and American people.

Dr. Mazour said that if any group or organization on the campus wishing to hear particular works or collections that he has available, he would be glad to cooperate with them.

HONORARY HOLDS OPEN INITIATION

The celebration of annual Phi Kappa Phi day at the university ended Friday evening with the formal initiation of eight new members and an address on Argentina by guest speaker, Dean George P. Hammond, of the University of New Mexico.

In a ceremony open to the public for the first time, senior students Patricia Thomas, Carmelina Bergeret Grundel and Italo Gavazzi, were initiated into Phi Kappa Phi.

Dr. John O. Moseley, university president, was also initiated, as were Dr. Phillip G. Auchampaugh, Dr. Frank Richardson, Dr. Christian W. Melz and Dr. Albert G. Weiderhold, all faculty members.

BULLETIN

University of Nevada's drive to aid the World Student Service Fund will be continuing until Monday of next week, Jane Creel, chairman of the finance bureau of the campus war board, announced today.

Reason for the extension of the drive was that too few students had contributed, Miss Creel emphasized, and not primarily because of the small amount of money collected.

Representatives of the war board will visit all sorority and fraternity groups Monday night, she said, to solicit additional contributions for the world fund, which contributes to the education of students in war-torn countries all over the world.

Work Done

Last year the World Student Service Fund sent clothing, food, books and other supplies to the martyr students of Czechoslovakia, China and Greece—as well as students and faculty members in Axis forced labor camps.

Eight campus groups participated in the drive, sponsoring the following countries on their respective days: Russia, France, China, Poland, Norway and Holland. The groups were Pi Beta Phi, Friday; Zeta Phi Zeta and Artemisia-Manzanita Association, Monday; Delta Delta Delta, Tuesday; Independents and Interfraternity, Wednesday; Kappa Alpha Theta, Thursday, and Gamma Phi Beta, Friday.

First Plans

Plans were first made for the WSSF drive when Miss Mary Robe, secretary of the organization, visited the campus in November and spoke to student leaders concerning the need of educational relief in war-torn countries. At that time she suggested a campus campaign be started this spring.

Under the direction of Jane Creel, chairman of the finance bureau of the university war board, the drive began February 9. Assisting Miss Creel were Mary Ancho, Valerie Scheeline, Betty Walker, Betty Waugh, Jerry Brown, Paul Yparraguirre, Dean Dukes and Jean Marie Proctor.

Aggie Dean to Aid In Livestock Show

Frederick Wilson, dean of the college of agriculture, will act as a committee member in charge of the Nevada Hereford Association sale to be held next Thursday and Friday afternoon in Sparks.

This is the first sale which the Nevada association has sponsored, though an attempt is being made to put it on an annual basis, Dean Wilson, secretary and treasurer of the association, announced today.

A showing of the livestock will be held Thursday morning and the judging will take place in the afternoon.

DANCE FOR DEMOCRACY TO BE COLLEGE NIGHT

Dance for Democracy night, held weekly at the El Patio ballroom, will become university night March 6, when 100 coeds from the University of Nevada are expected to attend.

Each women's organization will be asked to send approximately 17 women to represent the groups, according to Tosca Masini and Pat Thomas, co-chairmen for the affair.

Anyone attending must present either an AWVS or a USO card for admittance. All women interested are requested to contact the chairmen or the sorority presidents.

The U of N Sagebrush

Entered at the Postoffice at Reno, Nevada, as second class matter. Published at Reno, Nevada, by the Associated Students of the University of Nevada.

WE APOLOGIZE

At a joint meeting of the faculty administration council and the ASUN senate Wednesday afternoon, the Associated Students of the University of Nevada—represented by the senate under the leadership of Leonore Hill, student body president—apologized to the administration for asking for a voice in decisions which concern the university and its student body.

UN Library Receives 300 Medical Books From Collection of Dr. Claude W. West

A gift of about 300 volumes from the medical library of Dr. Claude Wilson West, Reno physician and surgeon who died January 10, has been received by the university library, Dr. James J. Hill, librarian, announced.

Complete sets on surgery comprise about half of the collection, with textbooks, journals, directories and independent volumes on the subject. Volumes for the general practitioner, in complete sets, and independent works, round out the rest of the gift.

Dr. West, physician and surgeon for many years in Reno, was born at Chardon, Ohio. His father was a descendant of pioneer parents, while his mother was a member of the royal Stuart clan of Scotland.

A graduate of the school of medicine at University of Chicago, he served with the army medical corps in the Spanish-American war. Later he became surgeon for a large mining company that held interests in Idaho and Nevada.

After going to New York for advanced study, he returned to Nevada and entered practice with Dr. A. J. Hood at Elko. He was surgeon for the Southern Pacific and Western Pacific railroads, also.

Going overseas in the last war as a member of the army medical corps, he returned to Nevada in 1919 and established the practice which he maintained until his last illness.

In accordance with his wish, Mrs. West offered his library to the university to be catalogued and placed in the general stacks.

Book on Civil War Featured in Library

Featured on the library bulletin board is a notice of a new publication by Gerald Bepan, "The Spanish Labyrinth," which deals with the social and political aspects of the Civil War. E. R. Stettinius, Jr., secretary of state, is the author of "Lend Lease," another of the featured books.

Thirteen new books were added to the shelves of the university library yesterday, James Hill, librarian, announced.

"The Amazing Bob Davis," Mathias; "Pastora," Norway; "Principles of Psychology," Poffenberger; "Technical Report Writing," Rhodes; "Nazis Go Underground," Riess; "Fun and Festival Among American People," Rohrbough; "Miscellaneous Addresses," Root; "Spanish Arcadian," Sanchez; "Magic in a Bottle," Silverman; "Cluny Brown," Sharp; "Primitivism and Decadence," Winters; "Trail Blazing in the Sky," Dene; "Look at the World," Harrison, are the new books.

Palmer Discusses Deisel Conference

"The advantages to the University of Nevada of meeting and conferring with heads of industry and with representatives of other colleges are very great," Stanley G. Palmer, dean of the engineering college, stated on his return from the February 8 meeting of diesel engine manufacturers in San Francisco.

Purpose of inviting accredited colleges to such meeting was to investigate educational diesel engine programs to help fill the increased demand for college trained personnel.

Such conferences, supplemented by a realistic understanding of the manufacturing side of the industry, serve to remove much of the guesswork and blundering in planning any new courses to be offered here, he stated.

Four Plants
 Conducted through two diesel engine plants in the bay area, Palmer and Prof. James R. Van Dyke, acting head of the mechanical engineering school, followed the construction of engines from the manufacturing of individual parts in the lathes to the completed engines operating in practice tests.

The next day they inspected the small plant of Bessler Steam Boiler Company at Emoryville in connection with plans to install a suitable boiler in our mechanical engineering laboratory to provide a steam supply for experimental work, Palmer explained.

Faculty Members Publish Articles

Articles by Dr. John O. Moseley, Dr. W. D. Billings and Dr. Harold N. Brown, members of the university faculty, have appeared in recent issues of the Nevada Educational Bulletin, a publication of the state department of education, according to Dean Fred W. Troner of the campus education department.

Copies of the bulletin, edited by George E. McCracken of the state department of public instruction under the supervision of Mildred Bray, state superintendent of education, are sent out bi-monthly during the school year to teachers, school board clerks and others interested in education.

Published for 25 years, the bulletin was inaugurated by the university staff with the intention of informing Nevada residents about activities on the campus.

LEHENBAUER SPEAKS

Dr. Philip A. Lehenbauer, professor of biology, recently spoke to the Huffaker school farm center on the most successful methods of growing strawberries and raspberries. Dr. Lehenbauer explained the varieties of plants produced and the knowledge of methods involved in growing both crops. He has made similar speeches in the past at various farm centers sponsored by the Washoe County Farm Bureau.

Coleman Unit on Island of Leyte

Schools Set Up; Other Work Done

Major James Coleman, who is in charge of a unit that is re-establishing civil government in the Philippines, is now stationed on Leyte, according to word received here this week.

In addition to re-establishing civil government, Major Coleman's unit, known as Philippine civil affairs unit No. 17, has set up schools capable of teaching 3000 students. Building bridges, unloading ships, repairing roads, removing civilians from battle areas, are also included in the numerous duties of the unit.

Formerly on the University of Nevada teaching staff, Major Coleman returned to active duty in the officer reserve in March, 1942. He was first assigned to a military police battalion guarding the Southern Pacific from Donner Summit to Auburn, California.

He later served as provost marshal at the Tooele, Utah, ordnance

Sacramento J. C. Hands Pack Loss

After winning two games last week the Nevada Wolf Pack went down to defeat to a flashy Sacramento five here last Saturday. Although the Pack got rolling in the last 10 minutes of play and piled up 18 points, they were unable to out pull the Panthers who were ahead at this time 43-23.

First Half
During the first half Nevada showed much improvement over previous games of the season and matched the visitors point for point until the last few minutes of the first half when the combination of Perich and Stanich started to account for some nice lay in shots.

"Smoky" Smolinski, big Nevada forward, was playing heads up ball, but was called out on fouls at the end of the first period, with Sacramento leading 32-20.

Last Quarter
During the last quarter both teams began to get rough and the floor was covered with players much of the time. Sinoofsky and Vuconovich got the range and began to whip the ball through the hoop time after time for much needed points. Sorensen also pumped in several sensational buckets and cut the Panther lead to nine points as the final bell rang.

Wolf Pack Scores 27-Point Victory Over Marine Five

Confirming previous predictions, the Wolf Pack last Friday nosed out the Hawthorne Marines 53-26.

After a fast but clumsy floor game, the first quarter ended 12-10 with the Wolves leading by only two points. Childs, cagy, smooth Hawthorne guard, was the tumbler that kept the college from urning the score more than eight times during the second quarter, and the score at the half was 26-18.

Half Time
The half time rest period did little for the tired reserless Marines and the "schoolboys" with classy interceptions pulled way ahead in the third which ended 37-23. The last quarter gave the Nevada substitutes some good experience as well as opportunity to improve final scores.

Moulton scraped up 18 points of the Marines' 26 to become high point man, while France and Somlenski tanked 13 and 12 points, respectively.

Sinoofsky Topse
Fresh from snatching honors the night before when the Pack beat the Flyers, Sinoofsky, football letterman now playing center on the hardwood, took the spotlight for Nevada fans throughout the game.

Lt. Noel Willis Is Navigator on B-24

Recently promoted to the rank of first lieutenant, Noel O. Willis of Yerington, is a navigator on a B-24 bomber with the Eighth Bomber command now stationed in England.

Lt. Willis is a former University of Nevada student and was a member of Phi Sigma Kappa fraternity while on the campus. He wears the air medal recently received in recognition of flights over enemy territory.

Old Lady: Little boy, I wouldn't kick my sister around the street like that if I were you.

Little Boy: What's the matter, don't you like blood on your lawn, lady?

Air Base Quintet Nosed by a Point

In a return game last Thursday night the Wolf Pack downed the Reno Army Air Base quintet by the slight margin of one point, 52-51. France found his eye and pumped the basket for 20 points for top honors as high point man, with Klitch of the Air Base close behind with 19 tallies.

The first half started slow and at the end of the period Nevada was trailing 18 to 26. At the start of the second half the Wolves turned loose with everything in the book and cut the RAAB lead down to one point. Then McGee and Klitch of the base found the hoop for several set shots close in to the backboard, making the score read 36 to 41 at the end of the third quarter.

Sorensen and Sinoofsky began to work together in taking the ball away from the flyers and to sink some long one-handed shots. France and Smolinski kept using their height and getting the ball on the rebound and piled up several more much needed tallies. With little more than one minute to go and with Nevada in the lead by three points, the Air Base stole the ball and sank a long shot to leave Nevada but one point ahead. Sinoofsky sank two long left-handed hook shots and Palmer and Klitch came through with four points for their team. The game ended with the ball in Nevada's hands and one point ahead.

Carpenter to Go To AIME Meeting

Prof. Jay A. Carpenter, director of the Mackay School of Mines, will represent Nevada at the annual meeting of the American Institute of Mining Engineers in New York City February 19 to 22.

At the small meeting of less than 50 directors and section delegates, institute affairs and national mining legislation will be discussed.

Leaving February 12, the professor will be accompanied by Mrs. Carpenter. He will also attend the national meeting of the American Association of State Geologists and Bureau of Mines in Washington, D. C.

INFIRMARY PATIENT

Isabel Blythe entered the infirmary Friday to undergo treatment for bronchitis and flu. She was released Tuesday, according to Miss Beatrice Warren, university nurse.

UN Graduate Receives Praises of GE Co.

High praises for "technical intelligence and outstanding personality," is given Charles J. Chun, Nevada engineering graduate of 1942, in a letter from General Electric Company received this week by Stanley G. Palmer, dean of the engineering college.

Chun originally entered the San Francisco branch shortly after graduation and since his transfer to New York has been working on a new development for forced cooling of power transformers.

Former Student Writes Article

William Ogle, 1940 graduate, was co-author of an article which appeared in "The Review of Scientific Instruments" for December, according to Dr. Sigmund W. Leifson, head of the department of physics.

Ogle, who majored in physics while in school, received an assistantship in the department of physics at the University of Illinois at the time of his graduation and is now an instructor at that university.

The article is entitled "Cyclotron Which Allows the Accelerated Particles to Emerge in a Direction Parallel to the Dee Interface," and deals with the work of Ogle and several other men on the University of Illinois cyclotron.

The cyclotron, which is a fairly new scientific instrument, treats materials so that they produce radiation similar to radium. Much of the work of the instrument is undisclosed and will remain so until after the war, Dr. Leifson said in explaining the cyclotron.

Prof. Ogle, whose home is in Las Vegas, was on the committee which designed and built the University of Illinois cyclotron. While on campus he was affiliated with Lambda Chi Alpha fraternity.

Symphony Selections At Record Library

Most of the selections scheduled to be played over the General Motors symphony hour conducted by Arturo Toscanini Sunday afternoons are in the university record library, according to Prof. T. H. Post, head of the music department.

This series of Toscanini broadcasts will begin January 21, from 2 to 3 pm Pacific war time, over the NBC network, and will end with the Sunday, February 11, broadcast.

Circulars describing the programs may be obtained from Mrs. Carl Gottschalk, president of the Nevada Repertoire Club, or the same material is available in Prof. Post's office. Students wishing to acquaint themselves with the selections to be played may make use of records in the music room and read the notes in the book, "Music for Millions," Post said.

BATTLE REPORT TO ALL HANDS

EVERY seaman and officer aboard our Navy's fighting ships instantly hears the call to action, follows the battle's progress over a special type of announcing system made by Western Electric.

On carriers the entire crew, topside and below deck to oilers and ammunition passers, can hear first-hand accounts direct from the pilots themselves on how it went "upstairs."

Meeting the communication needs of our armed forces requires all available manpower and manufacturing facilities. That's why telephone equipment cannot now be built for civilian use. After the war, Bell Laboratories' scientists and workers at Western Electric will turn again to their peacetime jobs of designing and making telephone equipment for the Bell System.

"Service to the Nation in Peace and War"

Announcement of Summer Session Plans for 1945 Made by Dr. H. N. Brown

By Patricia Usery

Announcement of courses to be offered in the 1945 University of Nevada intersession, June 4 to July 13, and summer session, July 16 to August 24, has been made by Dr. Harold N. Brown, director of summer session.

Courses will cover a wide variety of fields, and except for special cases will not duplicate those available during the regular semesters.

The program is designed to enable teachers to renew certificates or take refresher courses, and to provide opportunity for regular university students to hasten graduation or to gain credit for a desired classification. In addition, graduate students may receive credit for a majority of the courses.

Among the courses available this summer are a number planned to keep the student abreast of the times. These include modern world politics, imperialism and world peace, the Far East with emphasis on the present conflict, history of the American presidency, Europe between the first and second world wars, 1914-1945, and race problems, national and international.

Aid Education
Teachers returning to service will be able to take work in four important fields of educational method: reading, arithmetic, social studies and geography. Three courses are also being offered in the field of art education, while the United Air Lines is sponsoring a course in air education.

"Effective practices in modern elementary school" is being given as a "brush-up" for elementary teachers, as well as two courses, "school law" and "the constitutions of the United States and Nevada," which are required of teachers by the state.

Self-Improvement
Opportunities for self-improvement will be found in offerings such as "mental hygiene" and the "psychology of personality," abnormal cases of child behavior and the underlying factors of juvenile delinquency may also be studied in special psychology and sociology courses.

Foreign language seminars will be presented in Spanish, French, German and Portuguese. "Spanish literature since 1850" and "Spanish American literature" will be taught in the intersession and summer session, respectively.

In the field of English, "composition and rhetoric," "descriptive grammar," and "representation American writers" will be offered. The regular courses of general chemistry, algebra and plane trigonometry are also to be included in the program.

Commercial Program
Courses in typing and stenography are the latest additions to the summer school program, and will be taught by Miss Mildred Klaus of the Reno high schools.

The maximum number of credits to be gained in either session is six, Dr. Brown stated. However, 14 hours may be taken by students registering for both sessions. Students wishing to enroll for more than 12 credit hours must have the approval of the director of summer session.

YWCA TO RECOGNIZE NEW MEMBERS TUESDAY WITH INSTALLATION

Formal recognition services for new members of YWCA will be held February 20, 7:30 pm, at the home of the president, Pat Herz Cooke.

After the installation a short business meeting will be held to select a nomination committee, and Mrs. John O. Moseley will address the group on decorating the YWCA room in Artemisia Hall.

Plans for a silver tea will be discussed, and members of the advisory board of the group will be guests.

Wolf Pack Meets Oakland Seabees

Traveling from Sacramento to Oakland, the Wolf Pack will meet the Camp Park Seabees tonight in that city. There have been no attempts to determine the favorite of the match. Coach Jim Aiken has, however, mapped out a zone defensive outline for the team that is expected to highlight tonight's game.

The Wolves will attempt to even game results when they tangle with the big Fleet City quintet in Oakland Saturday night. The brutally big Bluejackets defeated Nevada 32 to 23 in a rough game February 4 in the old gym on the Nevada campus at which time Spike Moran, Stan Kramer and Len Yandle served as future threats to the Pack.

Ten Members
Ten members of the Nevada team left the campus yesterday morning, some taking the early train to Sacramento and the others driving with Lt. Col. E. L. Field, head of the university's military department.

Vucanovich, France, Smolinski, Sionofski, Coren, McClure, Sorensen, Simon, Williams and Spencer were the cagers who made the trip. Coach Jim Aiken, Lt. Col. Field and Clayton Trigero, the team's manager, accompanied the team to the coast.

Coach Aiken said that the group expects to return Sunday.

Temporary Change Made by Home Ec

A temporary change in the Home Economics Club constitution was discussed and accepted at a regular meeting last week and will be on trial for the remainder of this semester. Amendments will be voted upon in late April.

A definite date was set for meetings as the first and third Wednesday of each month. One is to be a social meeting and the other a business meeting.

The executive committee was reorganized and now consists of the president, vice-president, secretary, treasurer and a representative from any class not represented among those officers.

The Reno Army Air Base hospital last week will be included, Miss Masini said.

Plans Formulated To Move Catalog

Dr. James Hill, university librarian, disclosed plans this week for transferring the card catalog from the main reading room to the small room, opposite the loan desk. This room has been used to display a collection of rare books.

Hill said that the catalog cabinets would be arranged around the walls of the former display room, and a tilt-top table placed in the center. According to the librarian, this new arrangement would make the writing of call slips easier, quicker and quieter.

The need for a browsing room in the library has been expressed frequently by university students, according to library assistants. Mr. Hill said that possibly the room formerly used as an office by the dean of women could be used for this purpose. An informal atmosphere could be created by the use of drapes and comfortable furniture.

An interesting collection of books and periodicals would be maintained in the room, both for assigned reading and casual skimming.

UN PRESIDENT'S SON IS NOW IN ENGLAND

Recuperating from severe leg injuries received in combat on the western front last December, which won him a purple heart, Pfc. John Moseley, son of the university president, is undergoing treatment at a rehabilitation center in England.

Through not ready for return to combat yet, Moseley has recovered sufficiently to undertake a visit to his father's student friends at Oxford.

Reference Indices Added to Library

The university library has recently received several volumes of valuable reference material, James Hill, librarian, revealed this week.

By referring to these special lists the research worker will be able to find the nearest library in this region which has the items needed, and they may then be obtained through an inter-library loan.

Index Listings
Included in the group of new books is the Art Index to periodicals, which is a cumulative author and subject index to a selected list of fine arts periodicals and museum bulletins. The International Index gives access to a selected list of the periodicals of the work.

Library Reference
Library Literature, an alphabetical author and subject index of book and periodical material, is of special interest to the library profession. Four hundred books covering many subjects have been added to the shelves of the university library during the last six months of 1944, according to the librarian's report.

RAMSEY PROMOTED

Word of the promotion of Ensign Duane Ramsey, '43, to the rank of lieutenant (jg) was received here this week. Lt. Ramsey, who was graduated with the degree of civil engineer, was a member of Lambda Chi Alpha. He is at present serving in the south Pacific.

A war bond is the safest investment in American today.

Perry B. Priest Writes of Battle

Lt. Col. Perry B. Priest, graduate of the university in 1935, this week wrote of his experiences as commanding officer of the 129th anti-aircraft battalion now in Germany, and of the many swastikas to the battalion's credit.

At Luxembourg
Stationed at Luxembourg at present, Lt. Col. Priest has formerly been stationed in England, France, Belgium and Holland. He was among the first invasion troops and has received three major engagement battle stars.

Lt. Col. Priest left for overseas duty a year ago last December, having trained his battalion at Fort Bliss, Texas. Before leaving the states, he attended army schools at Fort Monroe, Virginia; Camp Davis, North Carolina, and the command and general staff school at Fort Leavenworth, Kansas.

On Campus
While on campus he was a cadet captain in the ROTC and a member of Scabbard and Blade, attending the Scabbard and Blade convention his senior year. In 1935 he married Katherine Hansen, U of N graduate from Yerington.

Dick Ronzone of Las Vegas, who also attended the university, is a junior warrant officer in Lt. Col. Priest's battalion.
