

Sigma Nu Red Cross Dance Tomorrow Nite

With proceeds from the Sigma Nu benefit dance tomorrow night yet to be added to the final total, the Red Cross drive at the University zoomed \$719 over its \$900 quota. The final amount to date, \$1619, was announced at the victory luncheon Tuesday noon which officially terminated the drive.

Because the fraternity was unable to procure a dance hall before March 24, it will be allowed to include the proceeds in the campus total, although the drive ended March 20.

Twenty-six dollars of the final figure is in pledges not yet collected. "As the university is held responsible for these pledges, persons who have pledged and not contributed are urged to do so as soon as possible," Valerie Scheeline, campus Red Cross chairman, said today.

The campus boasts of 100 per cent contribution by all campus societies even before March 5, the first date set for the campaign's closing. The campus drive was \$200 over the quota at that time, \$473 over on March 9 and \$576 over on March 16. The date was extended from March 5 to March 20 because of the lag in the county drive.

Eight students assisted Miss Scheeline as committee members. They include Virginia Cole, Delta Delta Delta; Betty Walker, Gamma Phi Beta; Frances Cook, Kappa Alpha Theta; Betty Tracy, Pi Beta Phi; Pat Hamilton, Zeta Phi Zeta; Nora Saunders, Independents; Bob Durham, campus men, and Pat Thomas, senior Delta Delta Delta, acting as liaison officer between the volunteer headquarters and the campus.

Chapter Officers Go to YWCA Meet

Labor relations, racial problems, membership, projects, conventions and the general policy of YWCA were discussed at a convention for chapter officers at San Francisco March 17, according to Rose Nannini, president of the University of Nevada chapter.

Blanche Parker, treasurer, and Doris Patterson, secretary, Mary Higgins, member of the Reno chapter advisory board, and Kate Harris, general secretary for the local chapter, also attended the convention.

Students from University of California, Stanford University, San Jose State College, College of Pacific and Sacramento Junior College were represented at the convention. The cooperative at Stanford, managed by the YWCA and YMCA, working together, was discussed.

Mrs. P. A. Hears, chairman of the western region; Miss French and Mrs. Monroe, national board members, and Mrs. Helen Peterson, regional secretary, were among the speakers for the convention.

New Scholarship Fund Established

Assistance through the freshman year at the University of Nevada will be given each year to a graduate of Lincoln County High School by Thomas E. Dixon, mayor of Caliente, it was announced by Dr. Charles Gorman, comptroller. Dr. Gorman is in receipt of Mr. Dixon's check for \$3000 to be used for this purpose.

Dixon requests that the money be invested as the university sees fit, and the handling of the scholarship, which will amount to \$75 per year at the beginning, will rest with Dr. Harold N. Brown and his successors. Faculty of the Lincoln County High School will select a worthy student and announcement of their choice will be made at the commencement exercises.

The fund remains in the custody of the University of Nevada until such time as the township of Caliente builds its own high school. If that occurs, the bequest will revert to the new project as a living tribute to Mayor and Mrs. Dixon, the letter to Gorman stated.

Sigma Nu's will participate in the Red Cross drive by giving a Red Cross benefit dance Saturday, March 24, at 9 pm at the Century Club, according to Fred Davis, dance chairman.

Serving on the dance committee under Fred Davis are John Helstowski, in charge of refreshments; Edward Diercks, Harold Okholm and Jim Coleman in charge of decorations.

Decorations for the dance will be done in red, white and blue, to carry out the patriotic theme.

John Bradley, university of Nevada student, and his five piece orchestra will play for the dance.

Door prizes have been donated for the dance by Hattons, Herd and Short, The Wonder, and Penny's, downtown merchants. There will be two prizes for the men and two for the women.

Half of the proceeds received from the dance will go to the Red Cross. Sigma Nu pledges and members are selling tickets to the dance. Tickets are \$1.20 a couple. Each pledge is required to sell five tickets.

Sigma Nu is the first campus organization to give a Red Cross benefit dance.

Bids To Be Given At Mackay Lunch

ASUN Nominees To Be Announced at Luncheon

Highlighting Mackay Day luncheon bids and announcements, two weeks from tomorrow, will be the naming of sorority and fraternity candidates for ASUN offices—presidential, class manager and Block N. Also organization bids and awards for work on campus publications are presented.

Awards for outstanding work on the Artemisia, campus yearbook, are given by both the editor and business manager. The editor's award goes to the student who has done outstanding work for two consecutive years, while the business manager awards a similar honor to the best worker on the business staff.

Both freshman and sophomore journalists are eligible for award on the Sagebrush staff, with a separate reward going to the best writer in each class. On the Sagebrush business staff, the best ad chaser is honored for his efforts.

Fine Art bids are dependent upon the prospective members fulfillment of ten hours of work for the group and payment of club dues.

Press Club bids are called at the luncheon. Requirements for membership are two years work on either campus publication, or junior standing and six hours of journalism.

A limited number of bids to the University Dancers will be extended, Barbara Byington, president, has stated. A campus woman desiring membership must dance a half semester with WAA dance and then work out with the University Dancers.

Interest in campus activities, cooperation in the groups to which she belongs, and unanimous vote of Sagens are the requirements set up for coed membership in that organization.

A high grade average, good leadership and sportsmanship, plus ten activity points and unanimous consent of all members are the requirements which must be fulfilled by a campus woman before she is eligible to Gothic N, the highest women's athletic honorary on the hill.

SPANISH CLUB

The regular March meeting of the Spanish Club has been postponed until next month, Mary Ancho, president, announced.

Notice of the meeting will be announced on the bulletin board.

MACKAY DAY PLANS PROGRESS WITH LUNCHEON ARRANGEMENTS COMPLETED

University of Nevada to Receive Recognition Monday On Radio Program for Work Done Toward War Effort

YWCA Secretary, Helen Peterson, To Speak at Meet

Mrs. Helen Fulton Peterson, regional secretary for YWCA, will discuss the yearly program with cabinet members this afternoon and with the entire organization Tuesday afternoon, March 27, at 4 pm at Artemisia Hall, according to Rose Nannini, recently installed president of the group.

Mrs. Peterson travels around Nevada, California and Arizona, visiting the YWCA chapters at colleges and universities to keep them in touch with each other, and to advise them on policy and programs. She is the sister of the late John A. Fulton, former director of the Mackay School of Mines.

A potluck supper will be the highlight of the cabinet meeting this afternoon, arranged by Florine Miller, social chairman. New officers and committee chairmen will attend, as well as Pat Harris, local secretary, and Mrs. Peterson.

Topics for discussion, and projects to be undertaken during the year will be discussed at the YWCA meeting Tuesday, Miss Nannini said.

The room in the basement of Artemisia Hall will be used for the first time at Tuesday's meeting, according to Harriet Anderson, chairman of the room committee. She added that the painting had been completed, and new linoleum laid.

Kate Harris Named Secretary of YWCA For U of N Campus

Kate Harris, new YWCA general secretary at the University of Nevada, has been holding conferences with members of the cabinet in her Manzanita Hall office, she stated this week.

As general secretary, Miss Harris is free to talk over difficulties with students, to aid in YWCA projects, to act as liaison agent between the campus branch and the Reno organization.

Her office is at present room 118 in Manzanita Hall, but will be moved to the basement of Stewart Hall when the recreation center there is completed. She will be in charge of staffing the snack bar with the aid of YWCA members.

Miss Harris recently completed four years of study at the University of California at Berkeley, and since worked with a community study program in Colorado. While on the California campus she was active in YWCA, and U of C students' cooperative association. A member of Kappa Delta sorority, she was an honor student.

Student Canteen Nears Completion

With final touches being put on the painting in the student canteen in Stewart Hall, Mrs. John O. Moseley, who has been in charge of interior decoration in the canteen, announced the rooms will be ready for student use within the next few weeks.

She further stated that the completion of the recreation center will be dependent upon availability of materials.

The two main rooms have been attractively done in colors of blue and gold with buff cornices featured around the windows. The old military offices now sport coats of green and beige, while the women's powder room is yet to be finished.

Mary Watts Named President of WAA

Mary Watts, junior Delta Delta, was elected president of WAA Thursday March 22.

Other officers elected to assist Miss Watts include Valerie Scheeline, vice-president; Billie Kennedy, secretary; Naomi Batjer, treasurer.

Miss Watts is majoring in mathematics and French. She is business manager of the Artemisia, president of the Math Club, secretary-treasurer of the Press Club, former president of the Outing Club and a member of Sagens, Gothic N, war board, publications board, election board and Saddle and Spurs.

A joint installation of officers and initiation of new members will be held in the home economics rooms April 26.

Coeds Hear Talks By Women Marines

Function of the Marine Women's Corps and phases of training from the time of induction through graduation was shown to students in films presented by S/Sgt. Margaret Drost and S/Sgt. Marion Craig Thursday evening in the Education auditorium.

Marine landings at Tarawa, filmed in technicolor and edited by Warner Brothers, were also shown at that time by Sgt. Ed Montgomery, graduate of the University of Nevada.

Following presentation of the S/Sgt. Craig explained the place of the college woman in the Marine Women's Corps and the benefits that she might derive as a veteran.

S/Sgt. Craig stressed the fact that students enlisting now might delay induction until the current school semester was finished. She explained that the woman marine received all of the veteran privileges including schooling under the GI Bill of Rights.

The films were sponsored by the recruiting division of the Marine Corps and were brought to the campus by the university war board.

Dr. P. A. Lehenbauer Named AAUP Prexy At March Meeting

Dr. Philip Lehenbauer, head of the biology department, was elected president of the American Association of University Professors at the University of Nevada Thursday, March 15.

Dr. Robert Hume, professor of English, was named secretary of the organization at this time.

Dr. Lehenbauer will replace Dr. Wittwer as president for the coming year, while Dr. Hume replaces Mrs. Alice B. Marsh, acting dean of women, as secretary.

The Association of University Professors meets once a month at members' homes, when a short talk is given by a faculty member or an outside speaker.

At present there are 42 members belonging to the Nevada chapter.

CAP AND SCROLL

Members of Cap and Scroll held their regular meeting last Saturday evening with a banquet at the Trocadero, according to Katherine O'Leary, president.

Those attending were Katherine O'Leary, Nancy Herz, Nadine Gibson, Leonore Hill, Barbara Heany and Jane Creel.

University of Nevada will receive recognition on the "Breakfast News" radio program Monday, March 26, 7:45 am, according to a letter received by the local war finance committee this week from Sam Hays, Sperry news commentator over KPO.

Mr. Hays stated that the program judges had selected the university for citation because of its outstanding work on the home battlefield.

A certificate of appreciation signed by the governors of four western states is being sent to the university as a lasting memo of work it has done toward the war effort.

The letter was received March 20 by Mr. Elmer R. Berg of the Nevada state war finance committee and was forwarded to Jane Creel, chairman of the finance bureau of the university war board and director of the hellcat war bond drive last semester.

Mr. Hays also extended his personal congratulations to the University of Nevada for its wonderful record, and gave his wish that all students, faculty members and townspeople who aided in the bond sales would listen to the program.

On Many Stations

The program may be heard over any of the following stations: KPO, KMJ, KFL, KFSD, KOMO, KGW, KHQ, Dr. John O. Moseley, president of the university, stated that students wishing to listen to the program might have an excused tardiness for eight o'clock classes by mentioning the reason to their instructors.

"This letter shows that our efforts to promote bond sales are appreciated," Valerie Scheeline, chairman of the minute man war stamp campaign, stated, "and gives us incentive to continue working for the success of our current campaign."

The minute man drive was launched last week by its sponsor, the university war board, for the purpose of attaining 90 per cent student participation in weekly war stamp sales. Representatives of the war board sell stamps at Monday night meetings of all social groups, in addition to tending the campus bond booth Friday morning for the convenience of student purchasers.

By certifying to the state war finance committee that 90 per cent of the students buy war stamps each week, the university may earn the right to fly a treasury minute man flag.

Gamma Phi Beta members sponsored the bond booth this morning from 9 to 12, and student lists will be checked to see if the goal for the week was attained, Miss Scheeline stated.

New Members Named At Press Club Meet

At a regular Press Club business meeting held at the Kappa Alpha Theta house Monday evening, members voted on those students who are eligible for membership into the organization, Isabel Blythe, president of the group, stated this week. However, no names will be announced until Mackay Day.

Qualification for membership include seven credits of completed journalism work or two years of work on a publication.

The prime activity of the organization this year has been to sponsor outstanding speakers in the field of journalism, and to date has had approximately ten persons speak to the group.

Present members of the Press Club include Isabel Blythe, Mary Watts, Bette Poe, Betty Molignoni, Charlotte Wilcox and Madlen Maestretti.

Pat Ussery Named Pan-Hel President

Pat Ussery, sophomore Gamma Phi Beta, was named president of the Pan-Hellenic council for the ensuing year, Pat Troner, present head, announced this week.

Marilyn Dugan, sophomore student and Kappa Alpha Theta member, was elected secretary of the group.

Miss Ussery, a journalism major, is a member of Chi Delta Phi, YWCA, publicity chairman of the campus war board, squad leader in Blue Peppers, and is a member of the Sagebrush news staff. At the present time she is chairman of the Mackay Day dance committee.

Miss Dugan is business manager of the Sagebrush, member of Blue Peppers and a member of the Artemisia staff.

Work has been started to revise the Pan-Hellenic handbook and it is hoped that it will be completed the latter part of April. All Pan-Hellenic delegates are contributing to rewriting the handbook.

Miss Ussery will assume her duties in April.

War Board Plans Informal Forum

Delinquency Topic of Discussion Wednesday

Juvenile delinquency as concerning college women will be the topic of discussion at the second of a series of student informal forums sponsored by the speaker's bureau of the university war board. The forum will be held at 4 o'clock Tuesday afternoon at the Gamma Phi Beta house, Madlen Maestretti, chairman of the speaker's bureau, said.

Eileen Abbott, freshman student connected with the Nevada Youth Council, will speak briefly on juvenile delinquency from the student angle. Miss Abbott works in conjunction with the Washoe county probation judge and assists in the handling of juvenile cases.

A second talk will be given by Captain Ted Berrum of the Reno police force whose topic will be delinquency from the adult standpoint. The latter 30 minutes of the forum will be given over to informal student discussion.

Students Invited

All students are invited to take part in the forum, Miss Maestretti said, and attendance is compulsory for freshman women. Excuses should be turned in to Marge Kelley before Tuesday.

Speaker's bureau members assisting Miss Maestretti in arranging the forum are Maribeth Elkins, Lucille Shea, Eileen Kerr, Florence Shakarian, John Jensen, Georgianna Hicks, Margaret Moseley and Marilyn Dugan.

Elijah Oratorio Attended by Many

"Elijah," formerly an annual civic presentation, was revived after a lapse of several years with its performance Tuesday in the new gymnasium before a crowd of about 1000 townspeople and students.

Prof. Theodore H. Post, head of the music department, conducted the Reno Civic Chorus and Orchestra and the University Women's Choir in Mendelssohn's oratorio.

Principal soloists were Dr. Lording R. Williams and Prof. Leonard E. Chadwick. The Rev. William T. Holt as narrator told the story of Elijah as taken from the Bible.

Jane Creel, Head, Names Assistants

Helping Jane Creel with plans and preparations for the Mackay Day luncheon are members of the home economics department and Pat Lowry, school dietitian. Deviating from the custom of recent years, it will not be a box luncheon but will be served on paper plates.

In order to serve without delay, three food depots will be set up in the gym to prepare the plates. These will then be distributed to the various tables by the freshman girls, according to custom. Additional tasks to be given the freshmen will include setting the tables, mixing the salad and preparing the vegetables.

Assistant chairmen under Jane Creel are Pat Thomas, in charge of ordering the food, and Nancy Herz, in charge of personnel. Pat Lowry, dietitian, is working with Miss Thomas in ordering the food and preparing the menu.

Personnel chairman Nancy Herz has appointed the following chairmen to serve under her: Maie Nygren, table setting; Phyllis Snider, vegetable preparation; Myrl Nygren, salad; Frances Burke, Ruth Armstrong and Dorothy Hendel, depots; Blanche Parker, clean up; Ann Iriarte, cokes; Betty Kirkley, final table arrangements.

According to Miss Herz, the list of freshman girls and their duties will be posted on the bulletin board Monday. Any excuses for inability to work should be turned into Nancy Herz by Monday without fail, she said.

Spring blossoms and caricatures will be featured as decorations for the luncheon which will be in the new gym, according to Betty Walker, decoration chairman. The tables, covered in white, will be decorated with fuchsia crepe paper, wild peach blossoms, if they are available, and greens.

Decorating the walls will be caricatures of different campusites and scenes concerning Mackay Day.

On the decoration committee and drawing the caricatures will be Betty Walker, Harold Clark, Italo Gavazzi, Jane Willcox, Beth LeMaire, Jerry Brown, Georgianna Lane, Leslie Harvey and Ethel Pettis.

Paul Yparraquiere stated that it is planned to put the speakers' table up on a platform similar to last year's luncheon. Tables will also be reserved for the faculty and guests. As part of their work day activities, the Sagens will set up the tables.

Gordon Shelly is in charge of publicity for the entire celebration. Five hundred hand bills, 550 luncheon tickets, and 100 dance tickets have been ordered from the Reno Print, and six handmade posters will be made by students for display downtown and on the campus. Price of the luncheon will be 50 cents and the dance, \$1.20 per couple.

PROF EXPRESSES THANKS FOR AID

Expressing appreciation for aid in the presentation of "Elijah," Mendelssohn's oratorio, Prof. Theodore H. Post named the Sagebrush for publicity work.

Included in his commentary were the Nevada State Journal, the Reno Evening Gazette and radio station KOH for generous publicity.

Thanks went to the churches for announcements, the campus YWCA for ushering at the performance, Carl Horn and his staff for staging details, and to the basketball players for help in moving instruments.

Professor Post said, "I do appreciate greatly all this fine help without which the concert would have been impossible."

SOMETHING WRONG?

Since the voting on the ASUN constitution amendments took place yesterday, several campusites have posed the question of the legality of the voting.

It is contended that it was not carried out in conformance with the ASUN constitution, and that one very important decision regarding the per cent of the students necessary for a quorum vote was decided after the balloting.

Perhaps there was a mixup in the voting. The fault probably is not of the ASUN senate but of the ASUN constitution—which is, at best, a vague and contradictory document.

It seems strange that the student body quorum necessary to make voting legal was not specified in the constitution. It also seems strange that it has not been a point of difference before. The Sagebrush made no comment on the proposed amendments before voting occurred, because we had a personal interest in the third proposed amendment.

We wondered, however, why the amendments could not be voted upon at the regular student body officer election as they formerly were. This remains unexplained.

Undoubtedly, the campus can be expected to be in somewhat a state of confusion because of wartime readjustments necessarily made.

However, it is our suggestion that clarification of the ASUN constitution be undertaken in the immediate future—so that evasion and misrepresentation, both imaginary and actual, will not be possible.

Letters to the Editor

March 22, 1945.

Editor, U of N Sagebrush:

We would like to take this opportunity to express our disapproval of the corruption that found its way into the student body voting on amendments to the ASUN constitution today. It was hard for us to believe that certain members of the student body would resort to such extremely dishonorable methods in order to further their own good at the expense of the students of the University of Nevada. It appears to us that they resorted to

methods which are wholly unconstitutional and directly contrary to laws of honorable parliamentary procedure.

It is our opinion that they have violated the following rules of the constitution of the Associated Students of the University of Nevada:

(1) The student body was inadequately informed as required by specifications in the constitution regarding notification of voting on amendments to the constitution.

(2) All discussions of the amendments voted upon today were shielded behind false representations, and the reasons for passing the amendment regarding eligibility for ASUN president were wholly misrepresented.

(3) The ASUN senate did not decide what per cent of the student body would constitute a quorum in the voting until after the ballots were counted.

(4) The one amendment which received a two-thirds favorable vote of the student body was referred to the senate executive committee for decision on whether the quorum had participated in the voting; it is felt that members of the executive committee may have had personal interests in this decision.

(5) Due to the mishandling of this voting on a major campus issue, less than 20 per cent of the

student body voted. This unfortunate situation allowed 65 voters to direct the policy for the whole student body.

For these reasons we demand that this election be declared invalid and that a new and legal re-vote on the proposed amendments be held—with the student body informed of the voting as specified in the ASUN constitution.

Two Matches Lost By UN Rifle Team

The University of Nevada rifle team dropped two matches to the Reno high school team, the first match by 173 points and the second by 120 points. Twenty-two caliber United States rifles were used at a range distance of 50 feet, with the bullseye (No. 10 ring) smaller than the end of a .22 bullet.

Scores for the matches were taken in a prone, sitting, kneeling and standing position, with ten members of each team competing. The highest composite total determined the winner.

In the match ending the week of March 13, Metzger, Johnson and Marmar led the university riflemen with scores of 167, 166 and 162 respectively. The ten university team members totaled 1425 to Reno high's 1598. Reno's top sharpshooters were Metzger 176, Ewers 168, Hamilton 166.

The following week's matches ended with Reno totaling 1573 to the university's 1453. Johnson with 167, Lewis with 169 and Metzger's 155 were tops for the university's team, while Lee had 176, Hamilton 175 and Metzger 171 for the high school.

TWO STUDENT BOXERS ENTER GOLDEN GLOVES

Vince Scalera and Chuck Blenio of the university are entered in the Golden Gloves boxing tournament April 3, 4, 5, at Tony's El Patio. Both mitt slingers will fight under the colors of the Reno town team, Vince in the novice 135 pound class and Chuck in the senior 147 pound class.

Scalera will be fighting his first fight in the ring but has shown promise in the workouts under Coach Joey Olivieri of the town team. Chuck Blenio fought last year in the welterweight novice division, losing in the finals to Feather Trzynski of the Hawthorne Marines.

NEW SCORING RECORDS MADE AT TOURNAMENT

The servicemen's tournament last weekend resulted in two scoring records which may stand for some time in the University of Nevada's new gymnasium. The Tonopah Club ran up 83 points while allowing the Fallon Merchants a paltry 23. This is a scoring record that is going to be hard to beat.

Fred Petersen, high scoring forward and voted the most valuable player in the tourney, meshed 29 points against the Sparks team while performing for the Hawthorne Navy. This fete broke the record established the previous day when Jim Cole, Fallon Navy star, registered 28 points against the same Sparks outfit.

TRACKING DOWN TROUBLE

This laboratory, ready to move anywhere on short notice, runs down "crimes" against good telephone service. Finding these threats is one of the many jobs of the Bell Telephone Laboratories' scientists.

The "criminals" are such things as threads of lint, traces of acids, or sulphur compounds in the air—any of which might damage telephone equipment.

In their interesting war work Bell Laboratories' scientists have been on a new kind of hunt. They have tracked down different materials for those now hard to get, found others that would serve in special conditions, and have detected in captured equipment the kinds of material the enemy uses.

These are some examples among many of the ways Bell System research is helping to serve America at war.

Noted Lecturer Presents Talks

Chile, Peru Films Shown to Audience

Julien Bryan, noted photographer and lecturer, presented two illustrated lectures, featuring Peru on Sunday, March 18, and Chile, Monday, March 19.

Technicolor films of the primitive lives of the Incas and Mestizos were shown to the group Sunday evening in the education auditorium. Several scenes of the modern Peruvian universities were displayed and also pictures of the oldest woven tapestries known to be in existence. Bryan emphasized in his moving pictures how isolated this country in the Andes is from the rest of South America.

Experiences Related

Because of a power failure, Bryan was forced to speak without the films at the student assembly Monday until the electricity could be restored in order to proceed with the moving pictures of Chile. He related many of his experiences while photographing the South American peoples. Included in his pictures of the northern sector of Chile were nitrate beds and deserts with an average yearly rainfall of one-quarter inch in some places and a complete absence of rain in others.

Universities and Colleges

The Chilean universities and colleges, all of which are either Catholic or government owned, are located in the more developed central part of the country where the weather is said to compare with that of California. Southern Chile with its mountainous terrain is like the coast line of Washington, Oregon and southern Canada.

Showing similar films at a number of American colleges, Bryan's work is sponsored by the Rockefeller Institute.

The time for class had come again. The day was mild and pleasant. The big professor sneezed and then four students answered, "Present."

Representatives were Brownlie Wylie, senior; Betty Kirkley, junior; Betty Walker, sophomore, and Billy Heath, freshman. Decorations and favors were carried out in the St. Patrick's theme.

Entertainment followed the dessert hour, and included character songs by Helen Brania, ballet dance by Beth Grant Lemaire, and an original poem dedicated to the fathers by Pat Ussery. The evening ended with group singing of old fashioned songs.

Art Students Making Still Life Studies

Art students are making studies in still life and sketching from live models at present, according to Mrs. Joslin, head of the art department.

Students contribute time as models for the other members of rapid sketch class. Still life subjects include pastels, water colors and oils. The latter gives students practice in composition and balance, Mrs. Joslin said.

Charcoal sketches by Mrs. Joslin are used as examples of composition to aid students in painting landscapes.

At the close of the semester, an exhibit of work done by the students will be given, it was announced.

GI Influx on Campus To Be Treated By Special Session of Legislature

Through the university's request for enlargement of its contingent fund was denied by the Nevada legislature, any emergency caused by the expected influx of GI students on the campus would be handled through a special session of the legislature, according to Governor E. P. Carville.

Earmarking \$350,000 from the postwar fund, the law makers authorized construction of a classroom building on the campus after the war. This building led in priority over the five requested structures.

Expenditure of the \$80,000 reserve which the university earned from ASTP programs, \$45,000 for completion of the new gym, \$20,000 for remodeling of the old gym for the campus military department, and \$15,000 for the purchase of land adjoining the campus on the north was authorized.

Right was given the regents, at their discretion, to accept and dispose of gifts to the university. Extension to July, 1945, was accorded the faculty university retirement system election date. This latter change will enable those now on war leave to return and vote.

Right of way over the Ladino dairy farm is granted to Washoe county and the state highway department under the terms of two bills, and a third authorizes straightening of the road leading from the farm.

Nevada Grange, by the terms of another action, is to be allowed to construct and maintain a grange

hall on the old university farm, though the land would revert to the college in the event Grange disposed of it. Forty free out-of-state athletic scholarships are authorized.

Defeated was a measure which would have given the university control of the old race track property. This property, across the road from the university farm, would have been incorporated with the farm to form a modern unit for agricultural study.
