

## NEW UN BUILDING TO BE READY BY FALL

### Veterans Apply For Trailer Unit On Chism Street

#### Facilities Few; Those Interested Urged to Act Now

Applications for the new trailer units now being set up at the West Second and Chism street lot for exclusive use of University of Nevada veteran students have been pouring into the dean of men's office all week, Dr. Griffin, veterans campus coordinator, announced yesterday.

Some 25 applications have already been received and with only 36 courts available. Those still desiring to apply are reducing their chances by delaying, Griffin observed.

#### Still Interested?

"What the veteran's office would really like to know is how many of the students who made applications for apartments are interested. These applications were made at a time when it was not known that the trailers could be secured. It should be understood that the new form must be filled out in the veteran's office for a trailer. This is the only way we can tell how many of these students really want trailers," Griffin added.

The court is rapidly nearing completion. A large number of workers are beginning the remodeling and painting. Each trailer will be given a complete overhaul readying them for immediate occupancy.

Besides the 36 units there will be one trailer divided into lavatories and shower rooms and another into a laundry room. Ample clothes lines will be erected adjacent to the wash room.

Griffin also announced that the city of Reno is going ahead with its own plan to build a trailer court in the near future and that several of these units would be available to university veteran students.

There will be a meeting held this week between the Federal Public Housing Authority and administrative officials of the university to discuss the details of management of the veterans trailer court and set rental costs.

### Dr. T. C. Harper Returns to Post

Dr. T. C. Harper has taken up his duties as university physician after having been reappointed to that post which he held before entering military service. He replaces Dr. John Bibb.

Dr. Harper, recently discharged from service where he served as a medical officer in the navy, returns to the position he left three years ago. He will be present at the infirmary two hours daily, from 10:45 to 11:45 am and from 4 to 5 pm. Mrs. Pippa Phillips, registered nurse, will be in charge during the rest of the day.

Professor J. E. Martie, chairman of the health committee, announced that the university is still considering employing a full time physician who will also teach some pre-med courses here. The present arrangements will continue until a satisfactory person can be found for the full time work, he concluded.

#### MINING MEN RETURN

Dr. Harry E. Wheeler and Robert E. Prince, geologist and mining engineer respectively, for the Nevada State Bureau of Mines, returned recently from a weekend trip to the Candelaria mining district, where the two men had gone to study newly discovered outcrops of chromite in the Serpentine area. Several specimens of the chromite were brought back to the Mackay School of Mines for further analysis.

### Sagers Campaign Headed by Hursh

Warrent Hursh was appointed to serve as chairman of the campus campaign to get former members of the Sagers, who are now veterans on the campus, to become active in the organization again, according to Sinclair Melner, president of the Sagers.

Tentative plans are under consideration by the Sagers to have a spring dance for all the University of Nevada students, May 10.

Melner added that the time and date for Sager tryouts will be posted on the bulletin board in the near future.

### Methuselah Ready For Chicago Trip

#### Airplane Reservation Proposed for Turtle

Methuselah, the turtle, Nevada's representative in the University of Detroit's annual Turtle Trudge, will begin her journey back to Detroit sometime next week, according to Isabel Blythe, president of the Press Club, which is sponsoring the Nevada turtle.

The Turtle Trudge is an annual event held by the journalism fraternity at the University of Detroit, in which turtles from colleges all over the country participate in a turtle race. A coed queen is also chosen from pictures sent by the college. Evelyn Payne is Nevada's entry.

An airplane reservation was thought appropriate for her trip, but due to difficulties in obtaining reservations at such short notice, Methuselah will journey by fast freight instead. Her accommodations will not lack comfort, however, for Methuselah will have a compartment of her own, fashioned of a specially handmade crate and trimmed in soft blue and white satin.

### Wood Announces Calendar Printed At Carson City

The 1946-1947 catalog is now being printed at the State printing office in Carson City, Dean Frederick Wood, dean of the college of arts and science, has announced. Dean Wood is supervising the editing of the book.

The university calendar for next year has been completed, he said. Dates for the 1946-1947 year follow:

- September 14: Dormitories open.
- September 15: President's reception for new students.
- September 16 and 17: Orientation for new students and registration for old students.
- September 18: Registration for all students.
- September 19: Instruction begins.
- October 31: Admission Day.
- November 20 to 25: Thanksgiving recess.
- December 21 to January 6: Christmas vacation.
- January 27 to 31: Semester examinations.
- January 31: First semester closes.
- February 1: Mental tests for new students.
- February 3: Registration.
- February 4: Instruction begins.
- March 29 to April 8: Easter recess.
- May 30: Memorial Day.
- June 2 to 7: Semester examinations.
- June 7: Second semester closes.
- June 9: Commencement exercises.

### Mackay Day Queen to Get Plane Ride As Sparks Airport Facilities Offered

An added incentive to be Mackay Day queen was made known when Bill Friel, chairman of the Mackay Day committee, announced that the Sparks airport is going to give the winner of the queen contest a free ride in any type of plane that she desires to go up in. Henry Shreiver, owner of the Sparks airport, and W. "Mac" MacDonald have donated the free flying time to help the queen gain "higher" heights.

Charts to be used in measuring the queen candidates arrived from Earl Carroll Wednesday, and a committee of three was immediately put into operation taking their vital statistics. These figures are now on the way to Mr. Carroll and his selection, the girl who will reign over the two-day celebration, will soon be named.

Friel also announced that plans for the festive occasion are going ahead smoothly, and this year should see the biggest and best celebration in the history of the gala affair that annually pays homage to the Mackay family, generous benefactors of the university who have given more than two million dollars to help build a school for the future miners of America.

Chairman of the Mackay Day luncheon committee, Blanche Parker, announced that plans for the luncheon are progressing favorably, and that preparations are being made to handle an expected attendance of one thousand. The past record attendance of 600 has been held down due to the fact that in the past, when the school enrollment approached that of the present semester, the luncheon had to be held in the old gymnasium, with facilities such that only a small percentage of those desiring to attend were able to be accommodated.

Warren Hursh, chairman of the dance committee, stated that work on the dance plans are also going ahead without a hitch. The dance, which is to be held in the State building on the night of May 4, is to be on a much larger scale than those of past years, and a much larger orchestra than has ever been present before will be engaged for this year's dance.

Chairman Friel, in announcing that the fraternity and sorority song

teams have been named, made known the fact that several frats have failed to submit the names of the selections they are to sing. This information is necessary in order to prevent conflicts in the songfest.

Sorority song teams are as follows:

Pi Beta Phi, Gloria Rosaschi, captain, Flo Shakarian, Les Harvey, Marilyn Pruett, Dot Hooper, Florene Miller, Betty Sue Boggess, Pat Traner. Gamma Phi Beta, Esther Golich, captain, Dorothy Linaberry, Eileen Kerr, Ida Mae Kellough, Betty Johnston, Mary Lou Bryson, Roma Garner, Carol Keith. Delta Delta Delta, Marilou Ferguson, captain, Alice Ruth Doyle, Jean Creed, Mary Katherine Hanley, Pat Riley, Beverly Lewis, Shirley Fleming, Pela Oyarbide. Kappa Alpha Theta: Jo Ann Erb, captain, Jo Miller, Jane Perkins, Mary Libbey, Bernice Murphy, Marilyn Reynolds, Lois Post (tentative due to the fact that she has a broken leg), June Zunino. Zeta Phi Zeta, Laura Lou Johnson, captain, Margery Bieroth, Lorraine Houghton, Mary Alice West, Zina Coe, Barbara Whipple, Maie Nygren, Rachel Rand. Independents have not entered a team as yet.

Fraternity song teams are:

Sigma Alpha Epsilon, Roy Beardall, captain, Bill Buck, Buzz Eche-to, Al Phillips, Robert Steele, Jimmy Thompson, Harry Paille. Theta Chi, Ed Munroe, Sam Backup, Don Johnson, Eppie Johnson, Haskell Tarlow, Corky Mills, Fred Bratman, Harold Ziegler. Sigma Nu, Dick Gilbert, captain, Bernard Smith, Floyd Edsall, Bob Knudson, Brooks Robbins, Rondell Shaw, Verne Kinner, Orsie Grabes. Alpha Tau Omega, Toad Welin, captain, Warren Hursh, Bob Durham, Harold Dale, Bobby Ravera, Darwin Farnsworth, Ed Beauport, Franklin Gardner. Phi Sigma Kappa, George Voss, captain, Ed Drennon, Ozzie Osborne, Norbert Smolinski, Bill Gillis, Don Ealy, Morley Brockman, Bob Hartor. Lambda Chi Alpha, Mel Rovetti, captain, Bonny Ytur-bide, Bob Bruce, Jim Glynn, Jim Ryan, Ray Chechirelli, Bob LeGoy, John Cannon. Sigma Rho Delta and Independents have not yet named teams.

### Senate Goes on Record as Favoring \$2400 Expenditure

At a special meeting of the ASUN senate on Wednesday, members went on record as approving the proposed expenditure of \$2400 for maintenance of football players training tables for the coming year. The amount is to be drawn from the general fund upon approval by the finance control board.

Attending the meeting in order to explain the training table cost situation were George Southworth, Jr., and Jack Walthers, members of the alumni scholarship committee, which formerly paid for training tables.

At the same meeting, the senate approved the recommendation that Warren Hursh, Alpha Tau Omega, be named manager of the ASUN radio program. He succeeds Jim Coleman who resigned because of press of work and studies.

#### GREEKS CLOSE HOUSES

The four sorority houses will close this weekend for Easter vacation, while a few men will continue living in the fraternity houses during vacation. All kitchens of the fraternity houses will be closed. Artemisia hall and Lincoln hall will remain open, while Manzanita hall will be closed for repairs.

### Carpenter Speaker At SF Mining Club

Prof. Jay A. Carpenter, director of the Mackay School of Mines, was guest speaker at the Roxburgh Club of San Francisco last Monday evening.

The professor spoke before the club, a literary society, on "Early Geological and Mining Literature of Nevada."

Byron Hardy, mining engineer for the State Bureau of Mines, returned with Carpenter from San Francisco. Hardy had been accumulating mining data at the University of California library for the bureau.

### Library Announces Arrival of Maps

#### Third Shipment Received From Army

James J. Hill, head of the university library, has announced the arrival of a third shipment of maps from the U. S. army map service. These maps are a part of a map series which will be added to at intervals until complete. The entire set, which will contain duplicate copies of 25,000 maps, will take approximately four years to complete. The library has received about 1300 copies to date.

These maps, which contain various material about every section of the world, should prove valuable in instruction and research work. The set will contain road maps, maps showing the average temperature for each month of the year, vegetation maps, contour and color graded topog maps and many other classifications.

The United States government has offered these sets to most universities and state libraries, and the state of Nevada will have two depositories, one in the state library in Carson City and one here at the university.

### Infirmary Gives Smallpox Shots Upon Application

Students expecting to visit northern California or the bay area should be vaccinated for smallpox, according to the university nurse, Mrs. Pippa Phillips. The California state health department has declared these areas to be infected with the disease.

Vaccinations are not required by the university, but are given at the infirmary to students who request it. Mrs. Phillips suggests that the precaution is a wise step to take before leaving for the Easter vacation.

### Dr. Sears to Visit S. F. Next Week

Dr. George W. Sears, head of the department of chemistry, is planning to visit San Francisco next week to see a number of the executive board of the American Association for the Advancement of Science.

The purpose of the visit will be to investigate further developments on plans for the AAAS convention to be held on this campus in June. Dr. Sears will also spend some time in Palo Alto during vacation.

#### NAVY SEEKS V-5 MEN

Anyone interested in naval aviation who is 22 years of age or under and who has one year of college or more is eligible to re-enlist in navy V-5 program. Contact James Glynn on campus or write to the navy V-5 office in San Francisco for information.

### To Be Built Near Engineering Bldg. Plans Awaiting Approval by Regents;

By Vivian Peterson

The new classroom building, money for which was granted to the University of Nevada at the last session of the state legislature, will be ready for occupancy by the beginning of the fall semester, it was estimated following a meeting of university officials in President John O. Moseley's office recently.

Attending the meeting, besides Dr. Moseley, were Robert A. Allen, member of the state planning board, Edward Parsons, architect, and Dean Frederick Wood.

Detailed plans for the construction have not been approved by the board of regents as yet, but Dean Wood was able to present a brief description of what the building will look like.

"Architectural style will conform with the rest of the buildings on the campus," stated the dean. "It will have a first and second floor and a full basement. Most of the classrooms will seat about 35 students, but there will be two or three larger rooms for larger classes."

According to Dean Wood, departments that will probably be housed in the building are economics, business and sociology, history and political science, foreign language and English.

"This will release space for the expansion of other departments," he added. He also stated that the site of the building will probably be south of the new engineering building.

The structure will be the first of the new buildings to materialize from the long range plans of an eventual second quadrangle in the hollow.

The last building constructed on the campus was the new gym which was begun in 1942. Previous to the gym the new engineering building was finished in 1941.

Representing the university will be President John O. Moseley and Dr. Griffin. Renotees attending among others will be John E. Chism, alumni president; John Benson, Bill Beemer, George Southworth, Jr., Harry Frost and Ed Reed, Sr.

#### Sheerin in Charge

In charge of the arrangements in Elko are Chris Sheerin, member of the board of regents and Elko newspaper publisher, and Newton Crumley, Jr., prominent Elko businessman.

Another University of Nevada alumni chapter will be established this month in Washington, D. C., Dr. Griffin announced today.

Eva Adams, former student and instructor of English at the university and now secretary to Senator Pat McCarran has done most of the ground work. President John O. Moseley has been invited to give the inaugural address.

### Smith Describes Atom Experiences

Robert Smith, Nevada graduate, told of his experiences while working on the atomic bomb project at the Iowa State College and Oak Ridge laboratories, at a meeting of the Chemistry Club April 9. His talk was chiefly about the diffusion method for separation of uranium.

Following his graduation in '41, Smith went into industry on the coast, and then worked on the atomic bomb for the past few years while in the army. Smith was a member of Lincoln Hall Association while attending the university.

The meeting was held at the home of Dr. George W. Sears, head of the department of chemistry. Jane McCuiston, president of the club, was in charge of the meeting.

#### DRAPES, FURNITURE ARE ADDED ARTEMISIA HALL

New drapes and furniture have been added to the living room of Artemisia Hall, according to Mrs. Alice B. Marsh, acting dean of women. The YWCA room and also the study of the hall have been decorated.

Mrs. Marsh also stated that Manzanita Hall will be renovated this vacation and will be closed, as will Artemisia until April 22 to women living there. The only girls permitted to remain in Artemisia during this time will be those whose jobs keep them in Reno.

### Mineral Museum Open Mackay Day

Tentative plans for the opening of the museum housing the O'Brien collection of minerals on Mackay Day are being made, Prof. Jay A. Carpenter, director of the Mackay School of Mines, stated.

This addition to the campus museum is located in the basement of the Mackay School of Mines building and is reached by a stairway from the main floor.

The work on the room to house the collection has been going on for several months, Prof. Carpenter said.

### WHAT NEXT?

Funds belonging to the student body anticipated another dent this week when the student senate went on record as favoring the alumni scholarship committee's suggestion that we provide financial backing for athletes training tables.

Although the finance control board has not yet received the bill, it will soon be faced with \$2400 red note.

Following close on the heels of the underwriting of \$1800 for the alumni secretary's salary several weeks ago, this seems like a badly-timed request.

In spite of the fact that the senators approved the step it has all the earmarks of being an encroachment on student generosity.

Alums may say here that we have very little to say about the matter, although they were considerate enough to seek our approval first. As the thing stands, it will go before the finance control board for consideration and if they see fit to pass it, it's in and our athletic surplus fund is out \$2400.

There are, of course, a number of points in favor of the grant. There is the fact that we are not allowed, by collegiate football rules, to pay for players scholarships or transportation to Nevada. This money comes from sources only the alums can name.

We must not overlook the fact that money turned out to the alumni association eventually comes back with a considerable profit margin. Money which goes to feed our players will bring us a return. It is the theory underlying the gesture to which I object. When will this loan business end? Where will it take us? We can become only so big, have only so great a team. How long will this—I helped you get it, let me help you spend it so you can get more—business go on.

The alums have done a great deal for us. We appreciate their aid and great interest. However, there are other things in collegiate life besides football—there are other projects to which that money can be turned. They should carefully consider the necessity and desirability of tapping that fund before they go any further. A possible \$4200 dent in it is a serious matter to Nevada's students—regardless of the cause.

## Faculty Members Plan Easter Trips Before Resumption of Campus Duties

By Billy Heath

Most of the University of Nevada faculty members are planning to take trips this vacation—trips to the coast, trips east, and trips are around the state. Some, on the other hand, prefer to spend their leisure time catching up on work in their yards at home or in laboratories on the campus.

Among those that fall into the first category is Miss Helen Rachie, YWCA secretary, who left for Minneapolis, Minnesota, Thursday to spend Easter vacation with her parents. Marjorie Turner, who is making the trip east with Miss Rachie, will stay in Chicago.

Mrs. Alice B. Marsh, acting dean of women, will tour the state on a trip to Nevada's high schools while three toeds, Dorothy Sewell, Maie Nygren and Gloria Mapes, will make the trip with her and tell the students about the university.

### Field Trip

In the biology department, Dr. Billings was found hoping to go to southern Nevada to collect certain species of grasses. Dr. Richardson will take a cross country ski trip around Mount Rose, and spend the rest of the vacation period planting trees at home. Dr. Lehnbauer also plans to work on his

garden, but he will spend a few days at the seed laboratory in Sacramento.

Dr. Inwood is another faculty member who is planning to do some landscaping next week. He may take a trip to the coast, but he admitted that in reality, his main wish was to go fishing, and he would do so if it wouldn't lead to legal complications.

Dr. Sears of the science department is traveling to Palo Alto and San Francisco, while Dr. Muse will work in the laboratory here. Dr. Van Dyke, of the department of engineering, will be at the California Institute of Technology during the coming week. Professor Higgenbotham plans to make a trip to Boulder Dam.

### Utah Visit

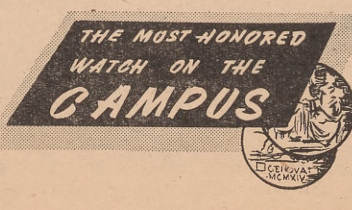

Around the women's dormitories, it is revealed that Mrs. Lola Stout will spend Easter recess in Salt Lake City, and Mrs. Florence Peacock, who spent last week in San Francisco, will be hostess for the women students who remain on the campus during vacation.

Other home lovers were found in the psychology department—Dr. Webster will remain in Reno, and Dr. Weiderholt will stay home and "eat, sleep and be happy."

THE WORLD'S MOST HONORED WATCH

## Longines

WINNER OF 10 World's Fair Grand Prizes, 28 Gold Medals and more honors for accuracy than any other timepiece.

## LETTERS TO THE EDITOR

To the Editor of the Sagebrush:

A mystery seems to have grown up around the origin of the name "McGoogle Hall" for building 27 of the federal housing project, where 30-odd veterans mix study with conversation about dogfights, nouns, clauses and women. Actually the monicker came, like Kiltroy, from nowhere. But it has stuck and become final in the minds of the inmates and the campus at large, and all hands are hoping it will be official.

Purely by coincidence the enclosed manuscript has turned up. It was found in a bottle drifting on the open sea by a homeward bound Libby shop that was stalled at the time with a busted boiler. The poem was obviously written by the third assistant secretary to a moron, and therefore it is not significant as literature, but maybe it has research value so far as the name "McGoogle" is concerned.—Paul Nelson.

### THE SAGA OF ANGUS MCGOOGLE

Cozy and warm in the old family manse  
Young Angus McGoogle sat wrapt  
in a trance.  
To all men the hard call of duty  
is rough  
But to Angus the call was especial-  
ly gruff.

For his neighbors had called him  
to buckle his sword  
While Angus had eyes for a trim  
mortar board.

With longing he looked at the  
books on the shelf  
While duty snarled, "Angus, think  
not of thyself!"

At length with a jerk of his long  
bony frame  
He turned from his books and his  
eyes lit with flame.

Cried he with a grimace, "I'll murder  
the man  
Who dares to make war on McGoogle's  
proud clan!"

Now his neighbors made known a  
regrettable truth:  
"The foe is not one man, dear Angus,  
forsooth!

Three foes you must meet and sub-  
due without rest,  
There are two in the East and one  
in the West."

Now Angus' vexation was bitter and  
grim  
As sword leapt from scabbard in  
terrible whim  
To strike down the first brute who  
dared put to shame  
What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

What was dearest to Angus, the

McGoogle fair name.

But one point about war that every  
fool knows  
Is this, while a man strikes his blows  
He must follow a plan that with  
cunning design  
Will best serve to puncture the en-  
emy's line.

Our Angus, while lustily swinging  
his sword,  
Thought thus, "With the help of  
the Lord  
I'll win if I follow this plan I  
judge best,  
To strike in the East while I hold  
in the West."

The plan brought results. Angus  
beat the first two,  
Then turned to the other and wal-  
loped him, too.

Now Angus of warfare had more  
than his fill.  
His sword he flung quickly far over  
the hill.  
His neighbors cut loose with so-  
norous praise  
But McGoogle replied from his bat-  
tled shocked daze,  
"War's for the warlike, not this  
little man.  
I'll return to my learning as fast  
as I can.  
Besides knowledge of books I would  
fain analyze  
Some creatures I know who have  
stars in their eyes.  
Go give to the warriors your loud  
adulation—  
McGoogle will settle for a good  
education."

Now Angus of warfare had more  
than his fill.  
His sword he flung quickly far over  
the hill.  
His neighbors cut loose with so-  
norous praise

His neighbors cut loose with so-  
norous praise  
But McGoogle replied from his bat-  
tled shocked daze,  
"War's for the warlike, not this  
little man.  
I'll return to my learning as fast  
as I can.  
Besides knowledge of books I would  
fain analyze  
Some creatures I know who have  
stars in their eyes.  
Go give to the warriors your loud  
adulation—  
McGoogle will settle for a good  
education."

Now Angus of warfare had more  
than his fill.  
His sword he flung quickly far over  
the hill.  
His neighbors cut loose with so-  
norous praise  
But McGoogle replied from his bat-  
tled shocked daze,  
"War's for the warlike, not this  
little man.  
I'll return to my learning as fast  
as I can.  
Besides knowledge of books I would  
fain analyze  
Some creatures I know who have  
stars in their eyes.  
Go give to the warriors your loud  
adulation—  
McGoogle will settle for a good  
education."

Now Angus of warfare had more  
than his fill.  
His sword he flung quickly far over  
the hill.  
His neighbors cut loose with so-  
norous praise  
But McGoogle replied from his bat-  
tled shocked daze,  
"War's for the warlike, not this  
little man.  
I'll return to my learning as fast  
as I can.  
Besides knowledge of books I would  
fain analyze

## Use of Machines Enables Students To Learn Chinese

New Haven, Con. (IP)—A unique school, designed to provide American religious and medical missionaries, educator and state department officials with a working knowledge of the Chinese language, is currently in operation at Yale University under the auspices of the department of Oriental studies.

Through the use of recording machines it is possible for the 16 members of the faculty to train all the students in the necessary skills and to give them in four months the equivalent of three college years of conversational Chinese.

In order to carry out this method, drills, comprehensive talks, conversations, dialect samples, and readings are all recorded by a native speaker who works with a group of ten recorders and one player in the recording room. The copies of these recordings can be made simultaneously through the use of a central control unit.

A minimum vocabulary of 1000 spoken words is expected of every student by the end of the first term.

Written characters are introduced during the last half of the first term, and about 200 are usually recognized by students by the term's end.

## Committee Catches Non-Ribbon Frosh

Two freshman women were reported this week\* to the women's upper committee for neglecting to wear their blue and white hair ribbons.

Evelyn Scheeline and Andrea Ginochio will be penalized by wearing a three by eight inch plaid ribbon for one week, according to Virginia Olesen, chairman of the committee.

"My daschound died."  
"He did?"  
"Yes, he met his end going around a tree."

It's up to you to observe safety precautions.

# Former German Underground Leaders Enjoy New Role as Nevada Students

By *Cemile Cummings*

"Very fine," was the opinion of Kristian Tønning and Sverre Veiling of Norway about the University of Nevada and especially the girls. Only two weeks ago Kris and Sverre viewed New York and the United States for the first time. Arriving in Reno Monday, they were welcomed by Dr. Sigmund Liefson, head of the physics department.

Through the minister of education, arrangements were made to send to the United States students chosen from those who had participated in underground movements and who had some knowledge of English.

Sverre, the eldest of the two, comes from Sandfjord, a town in southern Norway. Following the German occupation in 1940, he became a section leader of one of the numerous underground groups. Many of the groups hid in the mountains and sent information to England by hidden radios. Sverre himself, had two radios enclosed in the walls of the top floor of his home.

### Printed Paper

One section put out a newspaper of factual news about the outside world to counteract Nazi propaganda and to encourage the people. Gestapo anti-espionage agents got wind of the underground activity and made a raid in which he and eight of his companions were captured. After eight months imprisonment in Oslo, they were brought to trial.

Three of the nine were sentenced to be shot, one, a secret military leader, was set free for lack of evidence, one received a sentence of eight years at hard labor, and four, including Sverre, were sent to concentration camps in Germany for two years. The man receiving the eight year sentence was later rescued from a prison hospital in Norway by two Norwegians dressed in

## Home Ec Majors Attend Meet at UC

Miss Mildred Swift, head of the home economics department, accompanied by Blanche Parker, Dace Ricketts and Althea Benedict, attended the American Home Economics Association College Club Workshop held at the University of California, April 5 and 6.

Representatives from San Francisco Junior College, San Jose State, Fresno State, Chico State, Modesto Junior College, Pacific Union College, Salinas Junior College, University of Nevada, Mills College, Sacramento College, University of California at Berkeley and the University of California at Davis attended the annual two day workshop.

A program of lectures, demonstrations and tours was held during the two-day sojourn. The group stayed in Berkeley during the convention.

## Five Profs May Resume Positions In Fall Semester

Dean Frederick Wood, head of the arts and science department, announced today that five faculty members, now on leave, may be back for the fall semester.

Those men expected to come back to the arts and science department are Dr. E. W. Lowrance, biology, who has been teaching for the past two years in the University of Kansas medical school, Dr. Anatole Mazour, history professor who has been teaching Russian history at Stanford University, and Charles T. Duncan from the department of journalism, now doing graduate work at the University of Minnesota. Also, there is a possibility that James W. Coleman, now a major in the army, will be released in time to resume instruction in the physical education department next fall.

From the agriculture department Dr. Eldon Wittwer, agriculture economics head, recently with the OPA in Reno, will return, and I. J. Sandorf, at present a commander in the navy, will come back to the electrical engineering department.

Doctor's Son: Say, dad, what does it mean when the paper says a man went to a convention as a delegate-at-large?

Doctor: It means his wife didn't go with him, son.

## Beach Gingham

## Assembly Slated By YWCA Group

Snack Bar To Be Theme; To Open After Easter

The snack bar will be the topic for the YWCA assembly on April 26, at 11 am in the Education building auditorium, Vivian Davis and Barbara Olesen, co-chairmen, announced.

The assembly is to explain the snack bar to the students as well as give it a build-up before the opening.

Talent for the assembly has been chosen from the YWCA members and women's organizations on campus, Miss Olesen said.

### Finished Easter

The snack bar in the basement of Stewart Hall will be completed during Easter vacation, if lumber is available, according to Dot Thomas, chairman of the snack bar committee.

"All other equipment is on hand, except for the lumber needed to

build a counter. If the counter is constructed during Easter vacation, the snack bar will open right after the students return to school," Miss Thomas said.

### NOTICE

A man's ring and an identification bracelet have been found. The owners may claim them at the office of Mrs. Jeanette Rhodes, registrar.

# ... by wire and radio!

Maybe you've thought of the Bell Telephone System as using only wires. It uses and pioneers in radio too.

Radio waves are used to carry your voice across the seas to telephones in other lands... across water barriers here at home... to vessels plying inland waters and to ships out at sea. And before too long, radio links will provide telephone service for cars and trucks.

Radio relay systems that will carry long distance messages from city to city are now in the advanced experimental stage.

In every case the Bell System uses the kind of transmission, wire or radio, that provides the best service for the most people.

BELL TELEPHONE SYSTEM

## Fine Arts Group Headed by Olesen

Virginia Olesen, junior Tri-Delta, was elected new senior director of the Fine Arts Club, last Monday night, according to out-going president Francis Cook.

Others elected are Elinor Jensen, vice-president; Gloria Mapes, secretary; Teddy Hicks, treasurer; Gloria Haley, publicity, and Florence Miller, social chairman.

An exhibit of sketches done overseas by Robert Little of Winemucca will be presented the week following Easter vacation, Miss Cook said.

## Blue Key Sets Social After Easter

Second in a series of Blue Key Wednesday night socials will be held immediately after the Easter vacation, according to Noel Willis, president of the organization. The affair is tentatively scheduled for April 24, Willis said.

Success of the first dance, held on April 3 has led to the reinstatement of the tradition of the Blue Key campus get-together socials. The dances are held in the old gymnasium from 7:30 to 9:30 pm.

### Noises in Your Neighborhood? Don't Call Cops; Listen, It May Be Music Masters

By George Hadley Himes  
Those blares and blasts you have undoubtedly heard coming from the vicinity of 835 Evans avenue have heralded the birth of a new campus orchestra. This new band, self-termed the Masters of Music, has already shown up well at several of the campus pep assemblies.

The four bandsmen are Hummer "The Horn," also known as Bernie, Bill "The Blast" Buck, Milton "Keys" Gottardi and Bob "Stix" Creveling.  
When not offering their time at student assemblies and pep rallies the Music Masters have been tooting for fraternity and sorority dance and have been contracted to play every Wednesday night after guest dinners at the Sigma Alpha Epsilon fraternity house. All are staunch members of the N.U.M. (Nevada's Ununited Musicians.) The boys are looking forward to a few trips to Sparks and Truckee in the near future.

**The Leader Man**  
Bill Buck, "The Blast," of the organization, plays a sweet trumpet. Before coming to the university Buck played with the Kingman Swingsters at Kingman, Arizona, and for three years with Jimmy Manix and his orchestra in the southern part of Nevada.

During this time Buck participated in a grand tour of the Rocky Mountain states with the orchestra and played many times over the Las Vegas radio station KENO. In 1944 Buck also played a season with his own orchestra for the USO.

That solid stuff coming from the sax is the work of Bernie Hummer, a graduate of Las Vegas high school. Hummer played a season with the Stardusters in San Fernando valley, then managed and directed his own orchestra, the Swing Kings. Hummer and his Swing Kings worked on the Universal Studios sound stages in Hollywood.

"Keys" Gottardi, a graduate of Loyaltan high school, played in various orchestras in Sierra county, California, before coming to the university, and Bob Creveling, Reno drummer, has had various playing experiences in Reno and vicinity.

### Clothes Survey Conducted Here

Figures Show Where Men Buy Clothing

In a recent survey of university male students, it was disclosed that each man will have spent at least \$55 for clothing and sartorial necessities this semester, a total of approximately \$33,000.

A break-down of the figures compiled showed that Hatton's was the most popular men's store, with Paterson's and Hurd & Short following closely. The most patronized footwear establishment was found to be Sunderland's, with Karl's Shoes right on their heels (that's a joke, son! A joke, that is!). The Sportsman was found to be the most popular sportswear emporium, and Parker's the most popular "general" men's wear store. Montgomery Ward, Sears, Roebuck, and J. C. Penney's were ranked in that order for miscellaneous general merchandise department stores patronized.

Veterans, newly arrived on the campus, married men and students who have been at the university several semesters were selected at random, and all of the 60 men approached, comprising 10 per cent of the male enrollment, agreed that they would buy more clothing they do, but the haberdasheries, footwear and sportswear establishments do not have the goods.

A majority of the men agreed, also, that if their clothing requirements could be met by the Reno merchants, they would buy all of their necessities here.

### Newman Club to Meet On Easter Sunday

Next meeting of the Newman Club will be held Easter Sunday at the St. Thomas Aquinas church. Club members will go to 9:30 mass at the cathedral where an English translation of Latin prayers will be given.

A group of university students from the club have volunteered to serve as ushers. Another contingent of the Newman Club has recently formed a choir which will sing on subsequent Sundays at 9:30 mass.

### NEW FURNITURE

Vera Kocka, freshman, was named by the AWS to investigate the possibilities of buying card tables, tea services and decorated screens, at a meeting last week, Maurya Wogan, president of the AWS, announced. A custodian to take care of this equipment, which will be available for loan, will be appointed, Miss Wogan said.

## LOOK'S RECORD REVIEW

**TOPS IN WAX**—*Love Me and I've Got The World On A String*. Woody Herman and the Herd, band poll winners of 1945, usher in their first pairing for the year with these titles. The former

shows the great Herman trumpet section of Cannon, Berman, Hefli, Lewis, and Rogers in rare and frantic form. Gold winning "Flip" Phillips' tenors through both sides, Frances Wayne sings *Love Me*, and Woody handles both vocals and the clarinet in the latter (Columbia).

**BOOGIE**—Decca features the powerhouse trumpeting of "Little Jazz" by Roy Eldridge in a Buster Harding tune, *Little Jazz Boogie*. Dynamic Roy reaches for his bag of tricks in his trumpet riffs and uses punching riffs, trills, and some stratospheric notes. His high ones into the fade-away are always exciting, and an Eldridge trademark. On the reverse he solos to the Gershwin oldie, *Embraceable You*.

**VOCAL STANDOUT**—The "Voice" has a pair of winning titles—*Oh! What It Seemed To Be* and *Day By Day*. Both are sugary with sentiment in a strictly wistful vein.

Frank Sinatra's handling of the lyrics, and backed on both sides by some truly fine orchestrating by Axel Stordahl, will make his fans shout with glee, and others, fans or not, nod with approval (Columbia).

**DANCE DISCS**—Charlie Spivak runs the gamut of his famed "sweetest trumpet" style in *The Bells of St. Mary's*, from the RKO picture of the same name. His muted trumpet is supported by soft brass which establishes the theme. Throughout,

all effects are highly pleasing, and are handled with excellent taste. Jimmy Saunders sings the vocals, and, for the fade, the band resolves into the tones of the Great Organ. On the flip-over Jimmy Saunders sings, *You Can Cry On Somebody Else's Shoulder*, which is done at a lively and easy dance clip (Victor).

Harry James gives an expansive treatment to the Chopin adaptation, *I'm Always Chasing Rainbows*. Here the James horn is heard in a hoover, open style that is lifted by a highly danceable beat that the band drops in for support.

Buddy Di Vito sings the vocals to an all-out sweet James arrangement. The platter-mate, *Baby, What You Do To Me*, has a luscious dance kick, screaming brass riffs, and vocal by chirper Kitty Kallen (Columbia).

Carmen Cavallaro turns in one of his best performances to date with a dance arrangement of *Warsaw Concerto*. His flying fingers round out a type of piano technique seldom heard in a dance band. Throughout there is exceptionally good taste in the handling of muted brass and strings with unusual responsive effects. On the backing he plays, *A Love Like This*, and injects a buoyant Latin rhythm to support his piano and band, and also has the vocal sung by Gloria Foster (Decca).

**NEW AND WORTHY IMPRESSIONS IN WAX**  
SYMPHONY—Bing Crosby, Vocal (Decca)  
WE'LL BE TOGETHER AGAIN—Les Brown, Dance (Columbia)  
SOME SUNDAY MORNING—Louis Prima, Dance (Majestic)  
HUMORESQUE—David Rose, Concert Dance (Victor)  
I'M THROUGH WITH LOVE—Dick Brown, Vocal (Guild)

### 'Lonesome Lenny' Puts Senator From Deep South in Second Place in Jive Talk Rating

By Seddon and Reynolds  
"I wish I had a lit-tle friend, a lit-tle friend that I could play with. I had a lit-tle friend once, but he don't move no more," is the latest popular phrase to captivate U of N students. Movie-going campusites recognize this patter from the cartoon "Lonesome Lenny," a dog personifying the famous character "Of Mice and Men," recently shown at a downtown theater.

If we have heard it once we have heard it 50 times in different dialects, tempo and emphasis, emanat-

ing from frosh to seniors.  
*The Southerner*  
This week it is "lit-tle friend," but last week it was "That's a joke, son" in the Senator Claghorn-ish speech "from the south, the deep south that is."

Looking back a few months we can hear from memory the imitated voice of Dexter, from the motion picture "Kiss and Tell," as he observes the complex world and states, "I think it's all very dumb."

And before that a phrase derived from "Our Vines Have Tender

### 'Hear My Prayer' To Be Presented

Mendelssohn's Cantata entitled "Hear My Prayer" will be presented by the University women's choir the latter part of May or in early June, according to Theodore H. Post, head of the music department.

Soloist for the opus will be 10-year-old Barbara Read, child soprano and daughter of Mr. and Mrs. Daryl Reed of Reno.

Men's parts will be added, the participants being selected from the Reno church choirs.

This particular musical was made famous by an English boy soprano and an English choir in London several years ago, Prof. Post added.

Grapes," every campus affirmative answer was "Sure will."

There are just a few of the many catch phrases adopted by college students here on this campus recently. Multiply it by hundreds of other campuses and 20 years, and think of the books that could be filled with the "crazology" since our mothers and fathers were in college.

Yet how many of these have lasted through the years? And how long will the current ones be the rage? Not long, if they follow the same path that other such crazes have in the past.

Can the popularity of such "jivy" speech be explained? Social psychologists say mental epidemics result from a desire for superiority. A fad feeds upon the sense of superiority and importance it gives its followers. But when too many follow, a fad decays and a new one arises.

All marriages are happy — it is only living together afterward that causes all the trouble.

### Three Students To Tour Schools

Three University of Nevada upperclass women will spend part of their Easter vacation visiting 13 high schools in all parts of the state to confer informally with senior girls who may be interested in attending the university next fall.

Leaving Reno on April 15, the group will visit high schools in Fernley, Fallon, Lovelock, Winnemucca, Battle Mountain, Elko, Ely, Panaca, Las Vegas, Boulder City, Beatty, Tonopah and Hawthorne.

Accompanied by Mrs. Alice B. Marsh, acting dean of women, the students to make the trip are Gloria Mapes, junior arts and science student majoring in English; Maie Nygren, home economics major and senior student; and Dorothy Sewell, junior pre-medical student.

Parents and others interested in the university are invited to attend these informal sessions with the high school seniors, and the university women are prepared to answer questions and advise prospective students on college affairs.

# Lambda Chi, ATO, Independents Share Top Spot in Diamond League at the End of Second Week's Play

## Three Nines Card One-One Record

Alpha Tau Omega — Lambda Chi — Independents!

With two weeks of interfraternity baseball play completed Alpha Tau Omega appeared to be headed for its second consecutive major sport spring title. By their convincing wins over Sigma Nu and SAE, the Taus in the past week displayed the talent of versatility both afield and at bat, and unless a major upset occurs the Tau nine should complete their seven game schedule undefeated.

The Tau's stiffest opposition is expected to come from their arch-rivals, Lambda Chi. In action only once to date, the Lambda Chi team rattled out 21 hits for as many runs in downing SAE on Monday.

### Barbs in Race

The dark horse Independent club, by reason of their 6-2 win on Wednesday over the Phi Sigs, still can't be counted out of the titular honors.

Sigma Rho, Sigma Nu and the Phi Sigs will probably battle it out for fourth and fifth honors while the SAE-Theta Chi tilt will undoubtedly decide the cellar dwelling occupants.

After eight games only three teams retained a clean slate, led by ATO, and Independents with two wins apiece and Lambda Chi with one. Tied for fourth spot are Sigma Nu, Sigma Rho and the Phi Sigs with a one and one record. SAE Chi with two setbacks and Theta Chi with three were still hunting for their first victory.

This afternoon's scheduled Sigma Nu-Sigma Rho Delta contest was postponed until after the Easter recess.

### ATO 20, Sigma Nu 0

Twelve men up. Twelve men down.

That in a nutshell tells the story of the Alpha Tau Omega 20-0 victory over the Sigma Nu Snakes last Friday afternoon. "Slightshot" Bob O'Shaughnessy who twirled for the Taus turned in as near perfect game as can be pitched.

Four times the ex-army pilot walked to the mound and four times he set the Snakes down with nary a hit. So effective was O'Shaughnessy that only Dick Meffley's tap in front of home plate marred a near strikeout performance. The Shag K.O.'d 11 with the three strike method. Unusual was the fact that Maury Hagleen, Tau catcher, received the assist credit for all 12 outs. The infielders and outfielders might well have stayed home and studied. They were definitely not needed on Friday.

On the offensive side of the ledger the University Terrace lads unloaded some big guns in the personages of Jerry Drakulich, Gino Quilici and Chub DeRushia. Drakulich went for the circuit, Quilici rapped out two long triples and DeRushia rattled out a double.

The score sounds more like a football count, and had the Taus stuck around for the fourth inning the final tabulations might have track meet proportions. They only batted three times.

R	H	E
Sigma Nu	00 00	0 0 0
ta Chi	jumped into a one run lead	

*Lambda Chi 21, SAE 4*  
In the longest game of the season (six innings), Lambda Chi Alpha made their debut a winning one on Monday by trouncing once-beaten SAE by the one-sided score of 21-4. Sharing hurling chores for the victors were Lefty Romasco and

Turk Eliades and between them they silenced the SAE bats to the tune of three hits, the longest a triple by Les Johnston.

Romasco also aided his cause by going "five for five" at the plate. First sacker Arbonies collected four safe blows in five trips at bat while Eliades and third baseman Frediani accounted for three safe blows each.

R	H	E
SAE	300001	4 3 7
LCA	78330x	21 21 3

Batteries: Johnson and Francilini; Romasco, Eliades and Rousch. *Sigma Rho 13, Theta Chi 4*  
In a game featured by four home runs, three by the losers, Sigma Rho crashed through to their first victory of the interfrat season on Tuesday by pounding out a 13-4 decision over Theta Chi. After Theta Chi jumped into one run lead in the first inning, the Lincoln Hall lads came back strong in the bottom half to shoo six runs across the plate. They added four more in the second frame, followed that up with two in the third and counted their 13th run in the fourth and final inning.

Theta Chi's big inning was the third when Chucker Bill Shewan and centerfielder Don Johnson went for the circuit with the sacks empty. Shewan added his second round tripper of the afternoon in the fifth stanza to complete the Theta Chi scoring.

For Sigma Rho, pitcher Bill Butler rapped out a four ply swat in addition to fanning 12 during the five innings he worked.

R	H	E
Theta Chi	10201	4 3 6
Sigma Rho	6421x	13 6 1

Batteries: Shewan and Ziegler; Butler and Wilton.  
*Independents 6, Phi Sigs 2*  
Taking advantage of occasional wildness on the part of pitcher Bill Gillis coupled with three damaging errors, the Independents dropped the Phi Sigs from the undefeated ranks on Wednesday by a 6-2 score. The game was the closest in interfraternity play to date.

The Independents marked up four runs in the first inning, enough to win as the game went, but they added single counters in the fourth and fifth innings to cinch the contest.

The Phi Sigs counted in only the second inning when Matt Klemaszewski singled Morley Bockmon and Ebbie Robertson across the plate. After that, Independent hurler Roy Nishiguchi had the situation under control with not a Phi Sig advancing past second. Nishiguchi in his six inning tenure on the mound chalked up 12 strikeouts while giving up only five scattered hits.

Grant Davis, the winning nine's second sacker blasted out a pair of singles in two trips to the plate

while shortstop Tratten cracked out a triple in the sixth frame for the Independent's bingles. Gillis with a double and a single paced the loser's attack.

R	H	E
Phi Sigs	02000	2 5 0
Independent	0011x	6 4 2

Batteries: Gillis and Bockmon, McClure, Mishiguchi and Rude. *ATO 16, SAE 4*  
O'Shaughnessy's booming bat and airtight pitching sparked ATO in the University Terrace frat's 16-4 rout of SAE Thursday afternoon. Shag posted 13 strikeouts in the five inning encounter and walloped two home runs, a feat almost good enough to vanquish the Violets lone-handed.

Both teams racked up two runs in the first inning, but SAE wilted rapidly after that, with Pat Francilini and Jimmy Melarkey being clubbed freely and falling victim to several fielding lapses.

## Kennedy Elected WRA President

### WAA Changes Name To WRA After Meet

Billie Kennedy, sophomore Tri-Delt, was elected president of the Women's Recreation Association, WRA, yesterday to replace Mary Watts Moore.

Other newly elected officers are Merrie Jo Harp, vice-president; Doris Hansen, secretary, and Dorothy Thomas, treasurer. The question to change the name of the organization from Women's Athletic Association, WAA, to Women's Recreation Association, WRA, was passed by a large majority.

Miss Kennedy, besides being a member of WAA and president, belongs to Fine Arts, Blue Peppers, Ski Club, Artemisia business staff, Saddle and Spurs and Spanish Club.

Her: I don't like Sergeant Jones.  
Her Sister: Why?  
Her: He knows too many dirty songs.  
Her Sister: Does he sing them to you?  
Her: No, but he whistles them.

## Two School Track And Field Records May Fall This Year

### Discus and Shotput Standards Under Fire By Griddler Max Dodge

With the University of Nevada's first post war track season just around the corner, a check at the athletic office revealed that only two track and field records have been broken in the past five years. Last record breaker proved to be John Sala in 1941 when he set a school discus record of 135 feet two inches. Bob Cameron soared 12 feet six inches in the pole vault to better the old standard in 1940.

Oddly enough, the most recently established school mark will probably be the first to go by the boards. Max Dodge has several unofficial tosses of better than 140 feet in the field event and there seems little doubt that the ex-Washington

State star can miss shattering the existing record when the first official track meet rolls around. The shotput record of 43 feet eight inches is also likely to come under fire by the hefty football star once he dons his spring training gridiron togs for a track suit.

### Oldest Mark

Oldest mark on the books is the mile run set in 1915 by George Ogilvie who toured the four laps in four minutes and 25 seconds.

The University of Nevada track and field records follow:

100 yard dash, Harvey Hill, '35, 9.6.

220 yard dash, Emory Graunke, '37, 21.3.

## WEBSTER SELECTED TO TOUR MEXICO

Milian J. Webster, head of the sociology department, has been selected to accompany a group of graduate students in sociology from the University of New Mexico on a tour of Mexico this summer. Professor Webster will attend the tour as a social anthropologist.

Beginning July 8, the group will spend the first and last week of the six weeks term on the campus at Albuquerque and the intervening four weeks journeying as far south in Mexico as Mexico City.

# Wind, Rain, Hold Down Performances In Interfraternity Track Competition

## Taus Counter 69 To Defeat Rivals

Totaling 69 points, defending champion Alpha Tau Omega braved a chilling wind and light rain to capture high honors in the revived intramural track meet held Saturday afternoon at the University of Nevada, the first since 1942.

Lambda Chi Alpha grabbed second place with 44 points, followed by Sigma Nu with 17. Sigma Alpha Epsilon wound up in fourth place with 12 and Phi Sigma Kappa was fifth with 10. Theta Chi's six and the Independents' three completed the scoring.

ATO racked up eight first places, four seconds, seven thirds and two fourths in winning, while runner-up Lambda Chi scored five firsts, five seconds, one third and three fourths.

### Tau Leader

Leading the ATO parade was basketballer Jack Swedenborg with 12 points from firsts in the pole vault and javelin and a third in the discus. Jess Standish and Carl Robertson, ATO, weren't far back with 11 1/4 each. Standish won the 220, placed second in the 100, third in the broad jump and ran a lap on the winning relay team. Robertson won the high hurdles, was just nosed out in the lows, took third in the high jump and was also a member of the relay team. Other high scorers were Dale, ATO; Gillis, PSK, and Graves, SN, with 10 each. A complete list of individual scoring follows:

Swedenborg, ATO	12
Robertson, ATO	11 1/4
Standish, ATO	11 1/4
Dale, ATO	10
Gillis, PSK	10
Graves, SN	10
Gorman, LCA	9 3/4
Welin, ATO	9 1/4
Eliades, LCA	8 3/4
Paille, SAE	8
Rowley, LCA	6 3/4
Cannan, LCA	6
Poulakidas, ATO	6
Fulstone, LCA	5
Farnsworth, ATO	4 1/4
Aloy, SAE	4
Mentaberry, SN	3
Drakulich, ATO	3
Swartz, TC	3
Gilbert, SN	3
Rousch, LCA	3
Kitchner, IND	2
Morris, ATO	2
Riggle, SN	2
Richards, LCA	2
Johnson, TC	2
Matteoni, LCA	1 1/4
Rakar, TC	1
Van Meter, LCA	1

### Fast Hundred

In general the results didn't stack up too well with previous years. Considering such elements as freezing weather, rain and general condition of the track, several performances were quite creditable. Turk Eliades inched out Standish in the hundred in 10.4 which is plenty fast on Saturday's track.

Carl Robertson exhibited great promise in the high hurdles as he breezed over a ten-yard-short course in 15.4. Dick Gorman, Nevada state champion, won the high jump at five feet 11 inches with no competition above five feet nine inches.

Standish got revenge on Eliades in the 220, winning in 23.9. Harold "Peck" Dale capitalized on a beautiful stride to win both the 440 and 880.

Complete results of Saturday's meet are:

100 yard dash: Won by Eliades, LCA, time 10.4; second, Standish,

ATO; third, Aloy, SAE; fourth, Rowley, LCA.

220 yard dash: Won by Standish, ATO, time 23.9; second, Eliades, LCA; third, Aloy, SAE; fourth, Riggle, SN.

440 yard dash—Won by Dale, ATO, time 56.7; second, Farnsworth, ATO; third, Gilbert, SN; fourth, Riggle, SN.

880 yard run: Won by Dale, ATO, time 2:20.3; second, Cannon, LCA; third, Richards, LCA; fourth, Graves, SN.

1 mile run: Won by Graves, SN, time 5:25; second, Cannon, LCA; third, Morris, ATO; fourth, Rakar, TC.

Two mile run: Won by Fulstone, LCA, time 12:46.5; second, Schwartz, TC; third, Johnson, TC; fourth, Gilbert, SN.

110 yard high hurdles: Won by Robinson, ATO, time 15:4; second, Kitchner, INC; third, Welin, ATO; fourth, Graves, SN.

220 yard low hurdles: Won by Rowley, LCA, time 27.1; second, Robertson, ATO; third, Welin, ATO; fourth, Mentaberry, SN.

Pole vault: Won by Swedenborg, ATO, 10 feet nine inches; second, Gillis, PSK; tie for third, Welin, ATO, Mentaberry, SN, Graves, SN.

High jump: Won by Gorman, LCA, height five feet 11 inches; second, Paille, SAE; third, Robinson, ATO; fourth, Mentaberry, SN.

Broad jump: Tie for first, Gillis, PSK, and Gorman, LCA, distance 19 feet; third, Standish, ATO; fourth, Matteoni, LCA.

Shotput: Won by Paille, SAE, distance 37 feet three inches; second, Gillis, PSK; third, Welin, ATO; fourth, Poulakidas, ATO.

Javelin: Won by Swedenborg, ATO, distance 153 feet, 10 1/2 inches; second, Drakulich, ATO; third, Graves, SN; fourth, Van Meter, LCA.

Discus: Won by olakidas, ATO, distance 104 feet; second, Rousch, LCA; third, Swedenborg, ATO; fourth, Welin, ATO.

Relay: Won by ATO, Farnsworth, Welin, Robinson, Standish, time 1:39; second, LCA.

Totals: Alpha Tau Omega, 69; Lambda Chi Alpha, 45; Sigma Nu, 17; Sigma Alpha Epsilon, 12; Phi Sigma Kappa, 10; Theta Chi, 6; Independents, 3; Sigma Rho Delta, 0.

### Don't Measure Up

Comparing these results to the school records they don't begin to measure up to former standards. Robinson's high hurdle time was better than the record, but it was over an abbreviated course. School records are:

100: Harvey Hill, 9.6.  
220: Emory Graunke, 21.3.  
440: Fred Walts, 49.9.  
880: Bernard Hartung, 2:01.  
1 mile: Ogilvie, 4:25.  
Two mile: Fred Stone, 10:04.  
15.4 high hurdles: Paul Seaborn, 15.4.

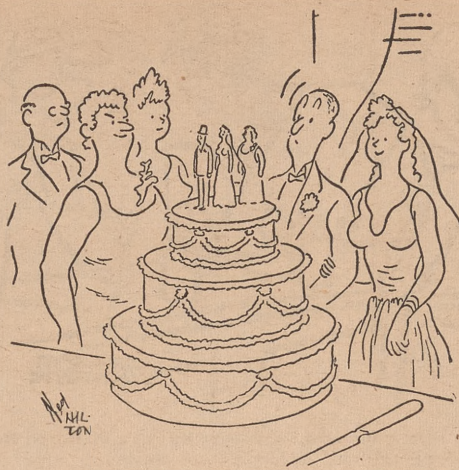

Low hurdles: O'Brien, 24.  
Pole vault: Bob Cameron, 12 feet six inches.

Broad jump: Ken Richard, 24 feet seven and three-fourths inches.  
High jump: John Gilmartin, six feet two and one-fourth inches.

Shotput: Max Allen, 43 feet eight inches.  
Discus: John Sala, 135 feet two inches.

Javelin: Al Lefebvre, 193 feet two inches.  
Hammer throw: Cash Smith 126 feet.

880 relay: Robinson, Kellogg, Scott, Martin, 1:31.1.  
1 mile relay: Kellogg, Bailey, Voight, Ferguson, 3:27.

ESQUIRE, INC., 1946  
Reprinted from the March issue of Esquire

## Practice Contest Set for Gridders

Coach Jim Aiken stated that he would run the team through an unofficial practice game Saturday afternoon, if the new players can grasp the essential plays by then.

"The idea of the scrimmage," said Aiken, "is to give the fellows a little tune-up before they go on their Easter vacation."

The end of Easter vacation will see only four days of practice before the intrasquad tile which will be held April 27 in Mackay stadium. The main idea of spring practice, according to Aiken, is to find out what the new boys can do.

### Practice Stars

Those who have showed up well in practice recently are Neil Sprague, Morley Bockman, Bill Morris and John Kentera. Buster McClure and Max Dodge have been playing their usual steady game.

According to Aiken no new games have been scheduled. The athletic board, however, is still trying to make a deal with Villanova, to have the two teams meet in Philadelphia in the latter part of November.

## Sports Day Teams Named on May 1

Teams to represent Nevada in WRA Sports Day on May 11 will be chosen May 1, according to Miss Ruth Russell, director of women's physical education. Anyone interested should see Miss Russell.

Several junior colleges have been invited to participate in the first sports day since the beginning of the war. Various individual and dual sports will be featured including archery, badminton, tennis, and bowling.

The affair will be under the co-chairmanship of Billie Kennedy and Mary Moore.

## Chis, Taus Lead Kinnear Scramble In Final Weeks

### LXA Nearly Certain To Cop Top Honors; Need Baseball 'Fifth'

With baseball the only remaining sports to be contested on the interfraternity agenda, race for top honors narrowed down to two contestants, Lambda Chi Alpha currently the leader with 277 points and Alpha Tau Omega with 178 point total.

By virtue of their convincing track victory last Saturday, the Taus jumped from fourth place to the runner-up spot and Lambda Chi retained their lead by sharing second honors in the track fest, practically clinching the Kinnear trophy although the Taus still have an outside chance to slip in the back door.

### Chis Shoo-In

If the Alpha Tau Omega nine captures the baseball race, and they are the current favorites to drag down the diamond gonfalon, Lambda Chi must at least finish in the fifth spot or better. Undefeated after one league start, Lambda Chi appears to be a shoo-in for at least fifth place honors.

Other notable changes in the Kinnear trophy interfrat race, after
