

BASEBALL, FOOTBALL, TRACK, TENNIS HEADLINE WEEKEND

Prominent Nevada Graduate Named As Speaker for Mackay Luncheon

Invitations for Luncheon Sent to Governor Pittman, Members of Mackay Family and University Officials

By Gene Evans

William J. "Bill" Cashill has been named as the speaker for the Mackay Day luncheon, announced Bill Friel, chairman of the Mackay Day committee. Cashill, a graduate of the University of Nevada and a former student body president, will be introduced at the luncheon by Dr. Robert Griffin, acting dean of men.

Invitations to the luncheon have been sent to Governor Vail Pittman, President John O. Moseley, Vice-President Charles E. Gorman, and members of the Mackay family, whom the celebration annually honors. Members of the Mackay family who are expected to attend include Mrs. Robert Z. Hawkins of Reno, Mrs. Irving Berlin and John Mackay III.

Chairman Friel further stated that plans for the biggest celebration ever are moving along smoothly. Preparations are being made to handle the largest crowd ever to attend a Mackay Day luncheon which will, from all indications, exceed 1000 patrons. In keeping with the "big" spirit, the costume ball, which will climax the two day festivities, will be the largest dance function ever attempted for a Mackay Day celebration.

Publicity for the occasion will reach a new high when a half hour program dedicated to the Mackay Day festivities will be aired over KOH the evening of Thursday, May 2. Mr. Cashill's speech at the luncheon will be broadcast from the new gymnasium, and the song teams' offerings will be recorded and played over KOH Saturday evening, May 4.

The girl to reign as queen over the celebration will be announced next Friday in the Sagebrush. Pictures and measurements of the candidates have been dispatched to Earl Carroll in Hollywood, and his selection is expected to arrive some time next week. Before the queen is introduced at the luncheon, her only duty will be to have her picture taken by a Sagebrush photographer. Saturday morning she will be taken to the Sparks airport and then up in any plane in which she desires to fly. This added attraction has been donated to the winning queen contestant by Henry Scheiber and W. "Mac" MacDonald, owner and manager, respectively, of the Sparks flying field.

Costumes

Costumes are to be worn all day Friday and any one failing to do so will be administered the "lake" treatment. The costumes are to be worn to carry along the celebration theme, and gay nineties or western garb will be the order of the day.

Up until the present time, a minister to present the benediction in front of the Mackay statue and at the luncheon had yet to be decided, Friel stated.

The Mackay Day schedule is as follows:

Friday, May 3

Wearing of costumes, all day.
Fraternity day assembly, 11 am.
Interclass tug of war, 12 noon.
Sundowners chicken chase, 12 noon.

Saturday, May 4

Sororities open house, 7-9 pm.
Beard check in front of the old gymnasium, 8 am.
Benediction in front of Mackay statue, 8:30 am.
Work day for frats begins, 9 am.
Luncheon in new gym, 12:15 pm.
Costume dance in State building, 9 pm.

Campus Outing Club Plans Treasure Hunt

Clues found on a treasure hunt over the north section of town will lead Outing Club members to the WAA fireplace and a picnic supper Wednesday night, according to June Harp, president.

Club members went to Reno Hot Springs for a swimming outing last Wednesday evening, Miss Harp added.

Assembly Plans For Mackay Day Still Secretive

Plans for the coming Mackay Day assembly are still mysterious, clouded as Bob Bruce and Elmer Vacchina, co-chairmen, refuse to release any definite details.

The assembly, however, will consist of skits from all the fraternities and promises to be wacky, zany and really start the ball rolling with audience participation, Bruce grudgingly stated.

Heads of the fraternity skits will be Darwin Farnsworth, Alpha Tau Omega; Elmer Vacchina, Sigma Alpha Epsilon; Jordan "Turk" Eliades, Lambda Chi Alpha; Jim Goodin, Sigma Nu; Gordon Mills, Theta Chi; and Leland Eckle, Phi Sigma Kappa.

Student Managers Name Play Casts

Two Plays in Rehearsal for May 14 Presentation

Casts for "Half An Hour," by James Barrie, and "Show Off," by George Kelly, have been chosen by the directors of the plays, Maurya Wogan and Helen Brania. Rehearsals have been going on for several weeks, and the plays will be presented Tuesday, May 14, in the education auditorium.

"Half An Hour"

Cast for "Half An Hour," a play in one act, and three scenes, is as follows: Richard Garson, Don Ealy; Lady Lillian, Girard Parker; Hugh Patton, Justin Brown; Susie, Evelyn Paine; Dr. Brodie, Martin Ruskard; Mrs. Redding, Nona Tuttle; Mr. Redding, Louis Pico, and the butler, Ed Francis.

The cast for "Show Off," also a one act play, but only two scenes, includes: Ma Fisher, Jo Miller; Pa Fisher, Don Maestretti; Jo Fisher, Ed Francis; Amie Fisher, Virginia Cole; Aubrey Piper, Bob Durham; Frank Hyland, Ronnie Shaw, and Clara Hyland, Pila Oyabide.

Properties Managers

Properties manager for both plays is Jac Peterson, Jim Coleman will handle the lighting, and Thad Holcomb will be responsible for the curtain.

Jim Phelan's Talk To Feature Dinner At Riverside Hotel

Jimmy Phelan, St. Mary's head football coach, will be the feature at a "booster banquet" to be held at the Riverside Hotel Saturday night. The dinner will cap a weekend of sporting activity, and will begin at 7:30. Tickets for the event are on sale at \$2.50 a plate for students and the general public.

Members of the Wolf Pack basketball squad, which recently concluded one of the most successful years in the history of the school, will be given gifts at the fete.

Other awards will be made to standouts in tomorrow's football game. The best lineman, the best pass receiver, the most outstanding back, and the most proficient punter will all receive gifts at the affair.

Entertainment will be furnished by a band and a girls' choral group from the university.

AED MEMBERS SHOWN MEDICAL MOVIE

A colored, life-like film of a thyroidectomy was last night presented to members of Alpha Epsilon Delta, national honorary medical fraternity, and other interested students in room 110 of the Agriculture building, Dr. Vinton Mueller, Reno surgeon, made the presentation of the picture possible.

Election of officers will be held within the next few weeks, according to Lorraine Serpentine, president.

TENTATIVE RENT RATE SET ON VETS TRAILERS

Three Trailers Available For Veterans; To Be Ready in May

Acting Dean of Men Robert S. Griffin announced that the rental rate for the trailers being erected and reconditioned on the West Second street and Chism street site was set at \$20 per month at a meeting between university officials and the Federal Housing Authority.

This \$20, still subject to approval of the San Francisco office, will include electricity, water and garbage disposal—everything except fuel oil for cooking and heating the trailer. Each trailer will have its own fuel oil dispenser allowing each family to practice as much economy as they choose. Dr. Griffin also said that this rate was lower than that set at any FPHA trailer court and was set at the absolute cost of maintaining the project.

Ready in May

"The latest report we have concerning when the trailers will be ready to use is about the first of the month," Griffin stated. "The actual occupancy will depend upon the ability of the contractors to obtain certain parts for the hot water heaters and other fixtures in the sanitary trailers," he concluded.

Painting of the units will begin immediately, Griffin stated. They will be painted a medium gray with an aluminum colored top. Additional beautification of the area will include treating the entire area with processed crushed gravel giving a hard clean surface. A "skirt" will be built around the bottom to aid the looks and to help regulate the temperature in hot summer and winter.

"We have received 32 applications so far," Griffin announced. "There are only 36 available and one of those will be occupied by the caretaker. That leaves but three vacancies for the rest of the spring term."

Griffin revealed that many applications had already been received for the summer session and that anyone interested in obtaining a trailer for the summer term or for the rest of the present semester should fill out an application in his office immediately.

University Library Adds Several Books

Several new books have been added to the reference library in the office of the Dean of Women, according to Mrs. Alice B. Marsh, acting Dean of Women.

They are "Art in Every Day," by Harriett and Vetta Goldstein, "Decorating for You," by Florence Terhurne, and an illustrated book on floral arrangements, Mrs. Cornelius Beckman's and Mrs. Oliver Harriman's books of up-to-date etiquette, and "Guidance and Personal Work on University Campus" by Anna Reed.

These books are available to any student.

Faculty Group Holds Secret Ballot Election

An election for three new members on the University of Nevada faculty council is now being held by secret ballot through university mail, according to Dr. George W. Sears, president of the election.

The terms of three council members expire every year, and at present replacements are being chosen for Dr. Vincent P. Gianella, head of the department of geology; Dr. Sears, head of the department of chemistry.

Nominations will be completed by Tuesday, Dr. Sears said, and the new council members should be elected within two weeks.

Exhibit of Sketches Planned by Fine Arts Club for Next Week

An exhibit of sketches presented by the University of Nevada Fine Arts Club will be displayed in the English seminar room of the library Monday, April 29, to Friday, May 3, from 1 pm to 5 pm every day, according to Virginia Oleson, newly elected president.

The drawings, which were done overseas by Robert Little of Winemucca, will have an explanation posted under each picture in the exhibit.

Little, who is a student on campus, was formerly in the army medical corps and served in the European theater of operations.

The time and date of the next meeting of the Fine Arts Club will be posted on the bulletin board, Miss Oleson added.

2 Seniors Named To College Staffs

J. McCuiston, G. Mills Secure Teaching Jobs

Jane McCuiston and Gordon Mills, two senior students to be graduated in June, have secured positions in leading universities following their graduation, according to Dr. George W. Sears, head of the department of chemistry.

Miss McCuiston, member of Kappa Alpha Theta sorority and president of the Chemistry Club, will serve as a graduate assistant at the University of Texas, where she will begin studying for his master's degree.

Mills has obtained his graduate assistantship in bio-chemistry at the University of Michigan, where he will study for his Ph.D. During the past year Mills has been assistant graduate manager, and he is a member of Theta Chi.

Both students will spend about half of their time teaching at these universities and will devote the rest of their time there to graduate study.

Foreign Publications Slated for UN Libe From Congress Libe

Approximately 300,000 items of foreign publications are expected to arrive at the University of Nevada before the end of this semester. Some of the publications were captured from hostile countries during the war while others have been purchased from friendly countries.

The Library of Congress has agreed to release these writings to various institution who hold priorities and has awarded the University of Nevada a high priority. They will be released through the Cooperative Acquisition of Foreign Publications System.

The collection will contain books, periodicals, pamphlets and newspapers in the native language which will show the outlook which other countries had on world subjects.

POLITELY PUT

(ACP) An honest coed at the University of Kansas came right back at the "Laws" recently.

Instead of scurrying by the horde of wolfish lawyers on the steps of Green hall, she paused at their whistlet and whipped out a sign.

Printed on it in big red letters were the simple words: "Thank you!"

PROF INSPECTS MINES

During the Easter vacation, Jay A. Carpenter, director of the Mackay School of Mines, made an inspection trip to the Nevada City-Grass Valley mining district. The director observed the district's mining operations, paying particular attention to the problems peculiar to the mining industry involving labor and finances.

Chico Favored to Take Track Meet On Basis of Season Performances

Lassen Jaycees Hook Up With Nevada's Baseball Team; Net Series, Intrasquad Grid Game Complete Sports Fare

University of Nevada will sponsor one of the sportiest weekends in its history beginning Friday with baseball, football, track and tennis all on the bill of fare. The sports parade will begin with Lassen Junior College meeting the university nine at Threlkel Park in the first game of the year for Nevada and also the first in the school's history.

At 10 o'clock Saturday morning things get under way again as Nevada vies with Chico State College in a duel track meet.

Saturday afternoon Coach Jim Aiken's spring football squad will divide into the Blues and the Grays and battle for supremacy on Mackay Field in a Bowers Mansion charity affair.

About the same time a tennis match will begin featuring Nevada against Chico State. Then the day will be topped off with a football-basketball banquet at the Hotel Riverside.

Track Meet Returns

Those who single out track will witness the first intercollegiate track event held at the university since 1942 when the Wolf Pack went undefeated in four meets. It will be the tenth duel meet Nevada has held with Chico, with the California school having won eight of the nine previously held.

Chico Favored

A glance at the records of the two teams so far this year favors the Chico thin clads to go home with another win under their belts. Chico has the edge in experience having already drubbed the California Aggies 78½ to 52½. The results of this meet were far better than anything Nevada tracksters have done so far. The only record of what the Wolf Pack can do is the intramural meet held here two weeks ago. A comparison might be interesting with Nevada intramural given first, Chico following.

Pole vault, 10 feet nine inches; 11 feet six inches.
High jump, five feet 11 inches; six feet one inch.

Broad jump, 19 feet; 21 feet eight inches.
Shot put, 37 feet three inches; 21 feet eight inches.
Discus, 104 feet; 120 feet one inch.

Javelin, 154 feet; 172 feet four inches.
100 yard dash, 10.4; 10.1.
220 yard dash, 23.9; 22.5.
120 high hurdles, 15.4; 15.7.
220 low hurdles, 27.1; 25.
440 dash, 56.7; 52.3.
880 run, 2:20.3; 2:04.
Mile run, 5:23; 4:45.
Two mile run, 12:46; 10:40.

Nevada Prospects

This comparison is a little unfair and all favors Chico. Nevada has several men who didn't compete in the intramural meet who can be counted on for points. All American basketballer Bob O'Shaughnessy is sure to pick up counters in 100, 220 and broad jump and low hurdles. Floyd Edsall who holds the duel meet record in the high jump should win this event though he may be pushed by Cowan of Chico and Dick Gorman of Nevada if the latter recovers from an injured ankle. Edsall will also be a leading contender in the high hurdles and broad jump.

May Star

Max Dodge should win the discus and place in the shot put. John Fagan, letterman, should do well in the 880 and Melarkey is good for points in the pole vault and broad jump. A more or less complete list of Nevada entrants follows:

Mile run, Gilbert; 440 yard dash, Waldaman and Davis; 100 yard dash, three of these four, Standish, Eliades, O'Shaughnessy and Alloy; 110 yard high hurdles, Edsall and Robinson; 880 yard run, Fagan and (Continued on Page 4)

COUNCIL MEETS

Administrative council met in the office of Dean Frederick Wood, chairman of the council, today. Recent low student grades were discussed, and certain students were placed on probation because of low grades, Dean Wood said.

UN Tennis Players to Play at Sac Meet

Five tennis players to represent the University of Nevada will be chosen to participate in a tennis sport day on May 18 at Sacramento College, according to Miss Ruth Russell, women's physical education instructor. Any member of WRA who plays tennis and is interested in making the trip should see Miss Russell for details.

The sport day matches will include tennis teams from the various colleges, junior colleges and universities in this area.

THE BUILDING THAT ISN'T

The classroom building the Sagebrush two weeks ago reported would be constructed before September has gone back to the mythical far-future status. Legislators said last week "thumbs down."

When one of our reporters turned the story in several weeks ago, we were skeptical. The idea seemed just too good to be true. So we cornered that reporter and sent her back for more information. Once again we were given answers substantiating the initial news release. Still we doubted the possibility of the erection of the building by September. Last week our doubts were confirmed.

This is how the proposal was blocked. The money for the construction of the building had been earmarked by the 1945 legislature from funds in the state postwar reserve—a fund which is now approaching \$2,000,000. The money, actually, is available.

BUT, two far-sighted gentlemen of the senate secured passage of a senate concurrent resolution designed to keep a close watch on how the postwar reserve was to be spent. This step was well and good and was logically explained in the resolution which provides in part "the entire benefit sought to be obtained from such a postwar reserve fund and will be lost and destroyed by an indiscriminate spending of such fund prematurely."

Here's how the legislative block works. To attempt to avoid such a pitfall, the resolution provided for an INTERIM BOARD composed of the state board of finance, two senators and two assemblymen whose duty it is to "determine when the appropriate and opportune time has arrived to put into effect and to put under way any project that is to be financed in whole or in part by moneys out of the postwar reserve fund."

It is the total inactivity of this group which prevents the classroom building from being commenced at this time. Just who is to say that the classroom building at the university would be "indiscriminate spending of the postwar fund prematurely"? Do the men who imply this by their refusal to pass on the issue know what condition the buildings on this campus are in? Do they have any idea how badly present facilities here are now pressed? What value do they accord to Nevada's only university? Before they go any further in determining how soon we should have this building, we suggest that they investigate the situation. It can't be done in one afternoon strolling about the campus either—there's more to it than that.

It has been reliably reported that the interim board has not yet met—has anyone informed these people that we have entered the postwar era? The state postwar reserve was established for solving state postwar problems—isn't this the time to START considering such things?

We agree with some of the legislators' opinions that they should have been consulted before university officials went ahead and announced to us and to other members of the press that the building would be started soon. Our elders here on the campus overstepped their authority by good measure there.

However, let us not split hairs. Legislators should not hold that against anyone in arguing this problem—it's a petty point at best.

The building is critically needed—we see no advantage in waiting until the next session of the legislature for it. What will that accomplish? We're not asking for the impossible—why stall?

Nevada Students Seem to Favor California Districts for Vacation; Some Just Stay Home

By Bill Heath
During Easter vacation, April 13 to 23, University of Nevada students traveled over Nevada and California, while others remained in Reno and got what they termed a long needed rest.

Ely, Nevada, proved to be a popular town with the students. Those who spent their vacation there are Virginia Cole, Bob Durham, Jack Swendenborg, Duke and Chub Drakulich, Nick Paulakidas, Danny Milovich, Eileen Kerr, Bob Jones, Mary Lou Hovendon, Betty Waugh and Bud Bradley.

Other students visiting other Nevada towns are Jane McCuiston and Bill Smiley, Elko; Ginny and Bar Oleson, Lovelock; Jane Perkins and Jo Miller, Tonopah; Pela Oyarbide, Battle Mountain, and Elwood Oxborrow, Hiko.

Vegas Vacation
Las Vegas, where the most popular sport during vacation was swimming, was visited by Vivian Davies, Betty Burr, Joylin Johnson and Marjorie Simons. Students seen around Yerington were Warren Welch, Jack Bernard, Curtis Baker, Johnny Baker, John Poli, Gloria

Rosachi and Mary Evelyn Peck. Across the state line in California, Ruth Metzger spent her vacation in Westwood; Paul Weaver, Santa Monica; Dot Thomas, Tule Lake; Pat Ireland, Yolo Musso, Suzie Evans and Buck White, Woodlawn; Charlotte Risard, Auburn. Camille Cummings and Doug Launer were down around the vicinity of San Gabriel, Laguna Beach and Long Beach. Carol Dundee, Carol Keith, Carol Riley, Marilyn Reynolds, Pat Crummer, Bruce Hill, Jimmy Andrews, Bob Bay and Darwin Farnsworth visited Sacramento. Said city was also visited by Mr. and Mrs. Gene Evans.

Bay City Visited

In San Francisco a high old time was had by Jac Petersen, Dorothy Pilkington, Betty and Jeanne Walker, Nikkie Chester, Bart Pontecorvo, Susan Betzel and Stan Kitchner. Betsy Seddon and Phyllis Green also visited San Francisco, and then went to Smith Valley, where Helen Brania and Pauline Leveille were vacationing.

George Himes and Les Johnson attended a De Molay convention in Boulder City and then traveled to Los Angeles, where Norma Hall and Howard Doyle were also seen.

Jim Thompson spent last week at Lake Tahoe, where he was employed as a carpenter at King's Beach.

Some Stay Home

Despite the fact that many of the students took trips out of town, a large number stayed around the vicinity of Reno. This group includes Rachel McNeil, Nona Lee Tuttle, Betty Tracy, Dorothy Linabary, Bonnie Yturbide, Glen Franklin, Smoky Smolinski, Max Dodge, Bill Gillis, Martin Risard, Kris Tonning, Sverre Vefling, Bill Ward, Joy Percy, Dee Hand, Marion Gordon, Mary Lou Gerrans, Joyce Neilsen and Bob Craig.

Most of these students who remained in town worked, or went fishing, golfing, played tennis, studied and rested up for the remainder of the semester. One student, however, was employed with a somewhat unusual occupation during vacation. It was Tosca Masini, who stayed home to take care of her mother who had the measles.

This Collegiate World

(By Associated Collegiate Press)
Fashion forecasters who say that the "sweater girl" is on the way out had better take a back seat. A room to room sweater survey of 300 freshman women by the Bee Gee News gives the figure at 2900 sweaters.

That's nine and two-thirds sweaters per freshman, which at the estimated average of \$6 per sweater represents an investment of \$17,400. Four roommates dug deep into their bureau drawers found that among them they owned 54 sweaters!

Jim Cason of Louisiana State College is one of the most versatile players in football—or any other sport. He passes the pigskin with his right hand, but throws a baseball with his left. He bats right handed, and kicks with his left foot. He swings a golf club the regular way, but grips a tennis racket left handed. He writes with his right hand, but grips his eating utensils with his left hand.

An old Duke tradition is for students to stick their wads of gum in a certain "gum tree" on East Campus. Thus not only are the janitors saved endless hours of gum scraping from the desks but it will also help to perpetuate this rare species by addition of each little blossom.

The biology department of

Georgetown University, Washington, D. C., is looking for a modern Pied Piper who play his pipe so sweetly that nine dead cats being used for dissection purposes were enticed out of the refrigerator in the biology lab.

The dead pussies had been worked on for the last six weeks and may be somewhat for the wear. Since the biology lab is on the river side of the campus, dragging the river is being considered.

Briefly the facts are these: Each of the nine students in the course brought a dead cat for dissection purposes at the beginning of the term. The total haul, then, for the piper, at \$7.50 per cat, amounted to \$67.50, though what market there is for dead cats posed somewhat of a problem.

All indications point to an inside job, for it would probably be difficult to get the cats outside without getting inside. In case this last seems a little involved, a window was found broken open in the biology lab. Dr. William Taylor, assist-

ant professor of biology, was still so unnerved by the occurrence the next day that the noise made by the carpenter repairing the window led Dr. Taylor to draft three husky students to catch him, thinking the carpenter the criminal returned to the scene of the crime.

Paw prints of the cats have been shown to "Butch," the campus bloodhound, and he is reported to be investigating the matter with his usual deceptive lethargy.

NEVADA BAND TO PLAY AT INTRASQUAD GAME

The university band will come out in full regalia to create a fall atmosphere for the intrasquad football game scheduled for tomorrow afternoon at 2 pm in Mackay stadium.

The group will be directed by Felton Hickman and led by drum major Jim Thompson and drum majorettes Teddy Hicks, Sylvie Geraghty and Pat Ireland.

New Scholarships Made Available To Nevada Students by Six Donors

Three new scholarships were announced recently by Dr. Harold N. Brown, head of the scholarship committee.

In honor of the late John L. Semenza, a \$100 award in the field of business and sociology or economics will be made to a student and announced at commencement exercises on June 10. The scholarship was established by Mrs. Semenza, and outstanding scholastic ability is the prime prerequisite. Either sophomores or juniors may receive the award.

Mr. Semenza was a well known business man in Reno, and each of his six children have been graduated from the University of Nevada.

Music Award

The music award of \$50 is to go to a sophomore, junior, or senior student who has shown a marked interest in music by participation in the university band, chorus, or orchestra, and who has had as much as four hours' work in the department the preceding semester.

Scholastic ability will enter into the selection, with need a secondary requirement. The award is given by Mrs. W. Holmes Goodwin of Reno in memory of her son, Roland Humphrey Goodwin.

B. P. W. Award

A Reno Business and Professional Women's scholarship will also be offered for the first time at commencement. This \$50 cash award will go to students in such fields as teaching, commercial education, social work, premedical or pre-nursing, journalism, chemistry, premedical technology, and business administration.

Requirements for this award include general scholastic ability, outstanding scholarship in the chosen major field and marked interest in the field. The Reno Business and Professional Women is an organization of women employed in the professional fields, and the Reno chapter has long been active in civic affairs.

Smith Fund

Also announced recently was a fund to provide scholarships at the University of Nevada for graduates of every high school in the state established by Harold S. Smith, Raymond I. Smith, and Raymond J. Smith of Reno.

For a full four-year course, the

scholarships will include funds to allow the recipients to take part in social and other student activities at the institution.

The fund will be known as the Harold S. Smith and Raymond A. Smith Educational fund. The money will be provided each year as the scholarship holders matriculate at the university.

Effective Next Term

Effective at once, the scholarships will be available for students who can enter the University of Nevada at the beginning of the 1946-47 college year next fall. The grants will be advanced by the donors, they have announced, for an undetermined number of years.

As outlined by the Smiths, scholarships will be available for one student from each of the larger high schools in the state each college year and for one student from each of the smaller high schools every other year.

Plans Made for Governor's Day

Plans are now being completed for the annual Governor's Day program to be celebrated on campus May 11 by the university military department.

The program for the day will include: 11 am, official party will form at the president's office; 11:30, review and presentation ceremony at Mackay Field; 11:40, tour of the campus; 12:30, luncheon at the university dining hall.

Details will be announced later when presentation and award plans are complete.

Councilors Needed For Campfire Camp

Campfire Camp preparations are well under way, according to Alice B. Marsh, acting dean of women, and college girls interested in becoming councilors can apply for these positions in her office.

Dean Marsh also stated that more councilors are needed for the camp to be held July 1-20.

Men Judge Fashions

At long last men are having something to say about the fashions for which they pay the bills. Shown above is a jury of notables at the Stork Club, sitting in judgment as Cosmopolitan magazine's male jury to test fashions. Left to right are Helmut Dantine, movie star; Danny Kaye, star of stage, screen and radio; Norman Corwin, radio writer; H. Allen Smith, humorist; and Fritz Varady, illustrator.

Barbs Order Pins For All Members

Pins have been ordered for members of the University of Nevada Independents, according to Bob Craig, president. The pins, which will arrive in the near future are of silver with the Barb insignia, of a shield with two crossed axes.

Plans are under way for a Barb's Mackay Day song team, composed of both men and women students. Independents included in the song team are Nona Lee Tuttle, Pete Miller, Joanne Berg, Nora Saunders, Martin Risard, Alma Hochstrasser, Peggy Bishop, and Pat Ross.

Cancelled Meeting Scheduled Sunday

The meeting of the Newman Club which was scheduled for last Sunday was cancelled because of Easter Sunday incidentals and will be held instead this Sunday, April 28, at the St. Thomas Aquinas Church.

Club members will go to 9:30 mass, which will be followed by breakfast at the cathedral. A business session will be held after breakfast.

A contingent of the Newman Club has recently formed a choir which will sing on subsequent Sundays at 9:30 mass.

Summer Dress

Typical of the new cotton dresses is the tan chambray, shown above as pictured in the April issue of Junior Bazaar, featuring a low neck, puffed sleeves and a gathered skirt.

AAUP Chapter To Elect Officers

Election of officers for the ensuing year and a discussion led by Miss Edith M. Reubsam, associate professor of education, will be featured at the next meeting of the American Association of University Professors Wednesday evening, May 1. The meeting will begin at the home of Dr. and Mrs. John W. Hall, 235 West Tenth street, at 7:30 pm.

"Sabbatical Leaves for Professors" will be the subject reported on by Miss Reubsam. "Most universities give their professors several semesters vacation with pay after they teach for a certain number of terms," Dr. Philip A. Lehenbauer, AAUP president, said, "and during these leaves the professors visit other universities to 'brush up.'"

This situation will be discussed by the group following Miss Reubsam's report on the subject.

Post Elected Officer Of Concert Assn.

The Nevada Community Concert Association, sponsor of Columbia circuit artists, and which includes many student subscribers, officially completed its eleventh year at an annual meeting held last Monday evening.

Officers for the coming year were elected. They are: Samuel Platt, local attorney, president; Theodore H. Post, head of the music department, vice president, and James Santini was elected secretary.

PAN HELL TO MEET

New members of the Pan Hellenic Council will attend their first meeting on April 3, at 7:30 pm at the Kappa Alpha Theta house, Jo Miller, president, announced.

The possible revision of the freshman handbook will be the topic for discussion at the meeting, Miss Miller said.

Have you seen the editor's shirt with the journalism notes on it?

YW Elects Prexy For Coming Term

Dot Thomas New Head Of Campus Cabinet

At an election held before Easter vacation Dorothy Thomas, sophomore member of Delta Delta Delta was elected president of the campus YWCA, according to Rose Nannini, retiring president.

Other officials elected after the reading of the panel at the meeting were Billy Heath, vice president; Adrian Sutton, secretary; and Pat Flavin, treasurer.

New president Thomas appointed as members of her cabinet this week Betty Burr, community service; Teddy Hicks, social chairman; Sally Beebe, publicity; Gloria Mapes, discussion; Gen Swick, historian; and Winona Earl, snack bar. Those cabinet members to be in charge of football concessions and conference will be appointed in the fall.

Installation

Installation of new officers and cabinet members will be held Tuesday, April 30, at 7:30 pm in the Y room at Artemisia hall, stated Miss Nannini. All members are urged to attend. Advisory board members and also interested faculty will be invited. Refreshments will be served.

The Snack Bar, sponsored by the YWCA members, is in the process of being built. The counter of blue and white tile has already been installed.

Miss Nannini stated that a wiener roast is being planned for the old cabinet members.

GRAD TO RETURN TO RENO

Rosemary Harrington Wood, sociology graduate of the summer session in 1945, who has been working in Las Vegas as a case worker in child welfare for the past year, will return to Reno to work in the Child Welfare department during the summer. She will enter graduate school at Berkeley next fall.

She's the type that whispers sweet little nothin' doin's in your ear.

Playsuits will have a really new look about them this summer. The one shown above as pictured in the April issue of Junior Bazaar has plain green and white striped shorts and a sleeveless green top with a high bateau neckline. It is made in wool jersey.

WELFARE WORKER

Miss Frances Rogers, member of the Bureau of Child Welfare, is conducting Miss Grace Semenza's Sociology 86 class while Miss Semenza is in Las Vegas on a brief business trip.

"If this storm continues," said the yachtman, "I'll have to leave to."

Seasick passenger: "What a horrid way of putting it."

Scientists Feted At Buffet Dinner

Dr. Harold F. Weaver from the Lick Observatory, Mt. Hamilton, California, his wife, and a group of former and acting officers of the Astronomical Society of Nevada were honored guests at a buffet dinner, cooked and served by the home economics club on the campus.

The dinner was held Thursday in the home economics serving room under the direction of Dace Ricketts, chairman.

Dr. Weaver was invited to Nevada by the Astronomical society, which he addressed following the dinner.

Blues Trim Grays In Football Game

Scrimmage Reveals Season Prospects

Jim Aiken's gridiron hopefuls swung back into an intensive schedule of practice sessions this week, after the Easter layoff. The pre-Easter scrimmage showed up many bright spots. Inevitable weaknesses appeared which the coaching staff will attempt to iron out before the summer recess.

Robertson, Rude, Dodge, McClure, Klemaszewski, Welin, Morris, and Heher were outstanding in the intrasquad game, played a week ago Saturday.

The practice game was divided into four ten-minute quarters instead of the regulation fifteen-minute cantos. The teams were designated as the Blues and the Grays, the Blues winning 25-0 on first-half touchdowns by McClure, Robertson, Alloy, and Phillips.

Neither eleven was able to score in the second half, though the play of the Blue squad predominated.

Gene Evans was injured early in the game and forced to the sidelines during the remainder of the encounter.

Vets Locate Jobs Through Program

Two Few Men Answer Call by Employers

Anyone want a job? That was the \$64 question in Acting Dean of Men Robert S. Griffin's office this week as a check-up showed that the list of available part time jobs for veterans and other students far exceeded the list of applicant.

"This influx of jobs is largely due to the veterans' radio program which is on the air every Thursday at 5:45 pm for the purpose of finding part time employment for ex-service men," Dr. Griffin stated.

Two Alternatives

Dr. Griffin said that here are at present two alternatives. If the veterans don't want the jobs, the opportunities will be thrown open to all students, or the advertising over the air will be discontinued.

Jack Bates, producer-announcer for the program seconded Dr. Griffin's statements and added that some immediate action would have to be taken on the matter as numerous business men who have responded wholeheartedly to the request for placement of veterans were getting a little impatient at holding the jobs open.

Program Successful

The radio program has been highly successful, Griffin concluded. The time was donated to the veterans organization by KOH and numerous students have found good jobs arranged to fit their schedules.

Wife (to her very inebriated hubby): Well, let's go to bed, dear.

Hubby: Yesh; might jush as well. I'll catch hell when I get home anyhow.

Three U of N Students Compete in Bay Area Meet During Easter

Three University of Nevada athletes, Max Dodge, Jim Coughlin, and Dick Gorman, competed in two bay area track meets during Easter vacation at Palo Alto and Berkeley.

Dodge, Nevada's all-around athlete, competed unofficially in the discus match at Palo Alto in the meet between San Jose State, Stanford University and Alameda Naval Air Station.

Dodge's throw, 153 feet 3 inches, was the greatest ever made by a University of Nevada athlete, and was the best on the Pacific Coast this year.

Jim Coughlin, graduate student at the University, took first place in the two-mile race at the track meet held at the University of California.

Coughlin, who represented the San Francisco Olympic club, ran the eight laps in 10:18.9.

In the one-mile race, Coughlin placed third, with Mushy Girard of the Olympic team, clocked first place at 4:30.8.

Coughlin, who was graduated from the University of San Francisco in 1944, enrolled at Nevada last fall, to continue work toward his master's degree, which he will receive in June.

Dick Gorman, Nevada Freshman, competed unofficially at the Stanford meet and placed third in the high jumping contest. He cleared the bar at six feet, while Luce of Stanford won it at a 6-2 and Dickey of Alameda Navy was next in line at 6-1.

Blue-Gray Squads Meet on Gridiron

Intrasquad Teams Aid Bowers Fund Benefit

Tomorrow afternoon at 2:30 the Gray and Blue squads of the university football team will clash in an intrasquad game for the benefit of the Bowers Mansion fund.

According to Coach Jim Aiken who is handling the event, there will be no admission charge, but all those wishing to donate to the fund may give their contributions to the ushers, who will be stationed at all entrances to the stadium.

The game will be conducted in the same way as last week's contest, the only change being in the lineups of the teams.

Kitchner, left end; Dysle, left tackle; Kentera, left guard; Sprague, center; Heher, right guard; McClure, right tackle; Dodge, right end; Aiken, quarterback; Bockmas, left half; Farnsworth, right half; Rude, fullback will probably comprise the starting lineup for the Blue eleven. For the Gray team: Phillips, left end; Frank, left tackle; Bonjarno, left guard; Popp, center; Morris, right guard; Hansen, right tackle; Robinson, right end; Schau, quarterback; Standish, left half; Klemaszewski, right half, and Robertson, fullback may start the game.

OPTIMISTIC UNDERGRAD

(ACP) An eighty-year-old former undergraduate student at the University of Arkansas recently registered to complete work he started sixty years ago. A junior in Arts and Science, he wants to major in English and Journalism.

Chico Favored to Take Track Meet

(Continued from Page 1)

Dale; 220 yard dash, same as 100 yard dash; two mile run, Johnson and Fulstone; 220 yard low hurdles, Rowley, Robinson and O'Shaughnessy; relay, Fagan, Davis, O'Shaughnessy, Waldaman, Dale and Edsall (any four); shot put, Dodge and Paille; discus, Dodge, Polakides; javelin, Harrigan, Swed- enborg and Dodge; pole vault, Melarkey, Glock and Harrigan; high jump, Edsall, Paille, Melarkey and possibly Gorman; broad jump, Edsall, Melarkey and O'Shaughnessy.

Past Records

Several dual meet records are in danger of falling Saturday which will provide the meet's main attractions. All three of the records set in 1937 and 1938 by Chico's Ivan Campbell are in danger. His shot put record of 45 feet five inches could go to a fellow Chicaoan Bill Kemp who has equaled that toss already this year. Kemp has also thrown the javelin 172 feet which is nearing Campbell's record toss of 178 feet. Campbell's discus record of 139 feet two inches should fall to Nevada's Dodge who has tossed the platter 153 this year.

Floyd Edsall might break his own record in the high jump, having bettered it consistently while jumping in Germany. The other records seem reasonable safe. They are: Mile, Leonard (N), 4:33 ('34); 100, H. Hill (N), 9.6 ('34); 440, Jenks (C), 50.5 ('34); high hurdles, Haynes (C), ('34) and Wray (C) ('35), 15.3; two mile, Witter (C), 10:22 ('34); 880, Schneider (C), 2:01.2 ('34); 220, Powers (N) ('40) and H. Hill (N)

('34), 21.7; low hurdles, Reams (C), 24 ('38); shot, Campbell (C), 45.5 ('37); discus, Campbell (C), 139.2 ('38); javelin, Campbell (C), 178 ('37); broad jump, Richard (N), 23.8 1/2 ('35); high jump, Edsall (N), 6.1 3/8 ('42); pole vault, Cameron (N), 12.4 1/2 ('39); relay, Chico, 3:27.6 ('38) Holland, Dallas, 3:27.6 ('38).

Chico has won eight out of nine meets from Nevada since 1934.

Nevada has a late start and Saturday's performances might not be any indication of what to expect later on. Football has occupied the greatest part of everyone's time and when it's over track talent might have an opportunity to come out of hiding.

Eight Men Pledged To 5 Fraternities

Eight men have pledged five of the seven fraternities on the campus recently to swell the number of men pledged this semester to 108.

Sigma Alpha Epsilon, still leading the pack with 29 neophytes, pledged Walter Scott and Charles Tait, both of Las Vegas. Alpha Tau Omega, with 21 pledges, gained Jerry DeRushia of McCloud, California. Brooks Robbins of Winnemucca and John Gomes of Oakland, California, joined the ranks of Sigma Nu and Robert Martin of Inlay, pledged Phi Sigma Kappa.

Accepting the pledge pin of Sigma Rho Delta, Nevada's local fraternity, were William Gavitt of Cranston, Rhode Island and Paul Hoefling of Sacramento.

Now's the time to study for finals. Sagebrush number is 2-3681.

Geologists Attend Meet in Berkeley

Dr. Vincent Gianella, head of the geology department, and Dr. Harry E. Wheeler, associate professor of geology, attended a meeting of the Cordilleran sections of the Geological Society of America held recently at the University of California in Berkeley, California.

The Cordilleran section has as its members outstanding geologists of the entire Pacific coast area.

Before the meeting, both Gianella and Wheeler presented papers to the society. Dr. Gianella's paper was on the "Igneous Fusion in the Eureka district of Nevada," and Dr. Wheeler's paper was entitled "Faulting Sequence in the North- ers Bristol Range of Nevada."

Dr. Donald C. White, a geologist with the U. S. Geological Survey, who is conducting an investigation at Steamboat Springs, presented a paper on the "Preliminary Results of the Steamboat Springs Investigation." Dr. Gianella assisted Dr. White in the investigation and was co-author of the paper.

Eight ROTC Cadets Receive Promotions

Eight ROTC cadets were presented with promotion warrants last Wednesday morning by Dr. Charles H. Gorman, university controller.

The following named men were promoted to the respective ranks: Cadet Technical Sergeant Fred M. Bratmon, Cadet Staff Sergeant Albert V. Kinner, Cadet Sergeants Richard H. Gorman, Charles R. Short, Thad W. Holcomb, Elwood A. Oxborrow, Thomas Clemens and Hartor Bruce.

"Is that a genuine bloodhound?"
"It sure is lady. Come here, Fido, and bleed for the lady."

IT COULD HAPPEN HERE

(ACP) One of the fraternities at Michigan State College had a surprise visit from the police the other night. When a neighbor heard a shot during a mock duel with pistols at 20 paces between two of the men, he rushed to call the police in order to prevent further bloodshed.

The police arrived but found no one had been wounded. Instead they discovered that the "shot" that the neighbor heard was the explosion from a firecracker dropped from a second story window by a practical joker.

"I used to have a stagecoach without any wheels."
"What held it up?"
"Bandits."

Foreign Students Study in College

Turkey Tops List With 20 Entered

Easton, Pa. (IP)—With about 50 students from a dozen foreign countries already enrolled at Lafayette College, the foundation is being laid for the planned school of international affairs at the college, which will be designed to train foreign students of all races and creeds, as well as American students preparing for international service in the fields of commerce, diplomacy, education, religion and science.

If any national feelings of enmity existed between the foreign students in their native lands, they were left behind at the ocean's edge. They get along very well together, in the classrooms, on the playing fields and in social contacts.

The largest delegation here is from Turkey, about 30 Turkish students having been sent to the college by the Turkish government for a year's study of English, after which the majority will study engineering. About 20 more students from Turkey are on their way to join their compatriots.

Other foreign students are from Iran, China, Brazil, Venezuela, Cuba, Holland, Norway, South Africa and Greece.

American Colleges Popular With Canadian Students

New York, N. Y. (IP) — The number of students from outside the United States who are enrolled in higher education institutions of the country in 1945-46 total 10,445, according to the annual census made by the committee on friendly relations among foreign students. There are students found in every state of the Union, registered in 738 different institutions.

The country with the largest number is Canada, with a total of 1613, in contrast to 852 for 1944-45. China is second in rank with 1298, in comparison with 823 last year. There are students from a total of 99 different countries.

Of the total of 10,341 received in time to separate by men and women, there are 6973 men and 3368 women.

From Latin America have come 4638 students, a marked increase over the previous year, and continuing a trend that became sharply evident during war years. Now, however, with improved travel conditions, students from other parts of the globe are resuming well beaten paths made by former generations. Many have arrived from Europe during a period too recent to be included in statistics for the current year.

In regard to distribution by states, New York leads with 2355. Next in order comes Massachusetts with 1051, California with 907, Michigan with 690 and Pennsylvania with 592.

All indications point to a marked increase of foreign students, subject to limitations of available housing and study facilities in overcrowded universities and colleges.

Now's the time to study for finals.

PLANE TALK

BY
Rowland Burnstan

The entire credit for inventing the airplane as a rule is given to the Wright brothers. Orville and Wilbur Wright are the most important figures in the development of the airplane, but many pioneers in this field contributed greatly to the product which they finally developed.

It is not definitely known when the first glider flights were made. As early as 1800 when men such as Cayley, Henson and Stringfellow worked on gliders and the research which they carried on acted as guides for the Wright brothers a century later. The man who demonstrated that arched wings were better than flat wings was Otto Lilienthal. He is generally credited with having done the most for early gliding. His experiments were carefully recorded and his notes proved helpful to the men who came later.

LILIENTHAL'S EARLY GLIDER, 1891

In 1895 Octave Chanute applied for a patent on a glider which served as a pattern for the first Wright glider. Samuel Langley, who was a contemporary of Chanute, built a one h.p. steam engine model plane which he succeeded in flying 1/2 mile, but never attained any degree of success beyond that. With the help of these early experimenters the Wright brothers assembled data which gave them the basis of their power-driven, man-carrying plane.

Ohio Coeds Go in For Just 'Sitting'

Cincinnati, Ohio (ACP) — "I'm sitting this one out." That's the answer frequently given by University of Cincinnati coeds when their campus swains phone to ask, "What are you doing tonight?"

Cincinnati girls are going into action as "sitters" with enthusiasm. Under the supervision of several leading coed organizations, they are "minding the baby" for veteran students living on the campus so the infants' mothers and fathers can attend church, go shopping or find recreation outside the home.

Nearly half of the families living in "Varsity Veteransville," as the campus housing colony for married veteran students is known, have tots, who range in age from one week to six years.

The veterans' wives, particularly, view the coeds' service as a boon, as most of the married veteran students here, as on other campuses,

Val Scheeline Named Chairman of Campus Cancer Drive; Finance Committee to Start Drive for Funds on Monday

Val Scheeline has been named chairman of the student drive for funds in the current cancer campaign beginning next week, according to Helen Rachie, campus YWCA secretary, working in conjunction with the student committees.

Miss Scheeline has appointed a finance committee which will solicit funds from the various fraternal organizations and dormitories Monday night. Also, containers will be centrally located in campus build-

ings from Monday to Tuesday.

Comprising this committee are Mary Ann Wells, Dorothy Hooper, Roma Garner, Marilyn Amodei, Nona Lee Tuttle and Ty Short. In charge of publicity are Betty Walker and Barbara Mills.

A program to aid the drive will be held next Tuesday at 4 pm in the education auditorium at which time Dr. Paul O. Wiig, M. D., will give a short talk and present the film "Choose to Live." Dr. Frank Richardson will preside.

In this educational film glimpses of the cyclotron can be seen which would never have been permitted during the war. Scientists believe in atomic power may lie the secret of the eventual control of cancer.

The campus drive is helping complete the \$4780 quota set for Washoe county. Sixty per cent of the money collected in Nevada will remain in the state to finance the American Cancer Societies' expanding program of education and service.

Houston U. Plans Guatemala Center

Houston, Texas (ACP) — College students through America have been invited to attend the first summer center of Guatemala, sponsored by the University of Houston, President E. E. Oberholter of the University of Houston, has announced. It will be the first such center ever opened in Guatemala by an American college.

Beginning June 3, the study center in Guatemala will feature courses in English of social, economic and cultural conditions in Guatemala, Dr. Joseph S. Werlin, director, explained.

Students will leave Houston by train and bus for Mexico City and from there will proceed by plane to Guatemala City, where they will study in cooperation with the University of Guatemala.

The courses offer standard college credit in junior sociology or history. Students may also attend on a non-credits basis, and the courses are open to non-students as well.

Approximate cost for the Guatemala summer study center will be \$300, including transportation, food, housing and field trips, the director said.

PERSONALS

Both Artemisia and Manzanita Hall had one of their members become a bride over the Easter vacation.

Ruby Estep and Joseph Hume were married April 14 at the bride's home in Babbitt. Miss Estep is a freshman and is majoring in mathematics. Hume, whose home is in Hawthorne, is employed by the civil service.

Betty DeCampos was married to Gene Evans on April 16. The marriage was held at the Westminster Presbyterian church in Sacramento. In attendance were Miss Susan Bedsole and Stanley Kitchner.

Mrs. Evans, a freshman, is an English major. Her home is in Sacramento. Evans is a physical education major and plans to graduate in January. He is from Oakland, California.

On April 8 at a chapter dinner at the Pi Phi house, Esther Detweiler and Ethel Pettis Saunders, both recently married members, were each presented with a wedding gift of a money order for \$50.

Florence "Felor" Shakarian is engaged to Albert Sukiasian of Los Angeles. Miss Shakarian is a senior student from Downey, California.

student from Downey, California.

Sigma Alpha Epsilon—Mr. William Kenney, assistant chapter supervisor, is visiting this week while making a tour of western chapters.

Delta Delta Delta—The Alliance Advisory board will be guests at dinner Monday evening.

Theta Chi—Initiations started Thursday and will continue through Saturday. A social for the new members and alumni will be held Saturday evening.

Founders Day dinner was held April 19 at Hotel Lincoln in Sparks, celebrating the fraternity's 90th birthday. President Gordon Mills presided over the affair. Bill Bay was chairman for the alumni. Committee members were Elwood Ox-

Attendance at Mackay Day Luncheon Expected to Top All Previous Records

Co-Chairmen Plan for Crowd of Thousand to Pack New Gymnasium May 5 for Annual Luncheon Affair

With approximately 1000 people expected to attend the Mackay Day luncheon this year, all previous attendance records may be smashed, according to Blanche Parker and Myrl Nygren, co-chairmen for the luncheon.

The luncheon will be held in the new gymnasium May 4 starting at 12 pm with William Cashill, prominent Reno lawyer and Nevada graduate, as guest speaker. Tickets for the luncheon will be available from the Mackay Day committee next week at a cost of 55 cents per person.

The gym will be decorated as a tavern, with red and white checked table cloths, and candles in bottles. Helen Brania is in charge of the decoration and her committee will include: Betty Holmes, Mary A. Wells, Sally Beebe, Bebe George, Harold Jenkins, Ruth Armstrong, and Virginia Woodberry.

Committee Heads

The other committee heads are Barbara Whipple, vegetable salad, with her committee Ann Berggen-dorf, Rita Lou Berrum, Marjorie Bieroth, Beverly Birch, Peggy Bishop, Betty Sue Boggess, Helen Boner, Elaine Herrera, Lucy Booth, Mary Bradley, Dorothy Brigman, Aleta Brown, Betty Jean Brown, Doris Brown, Mary Lou Bryson, Barbara Burhans, and Pat Burkhalter, which will meet Friday, May 3, in the home economics department at 1 pm.

Also at 1 pm on Friday the salad committee will meet in the university dining hall, under the chairmanship of Dace Ricketts. On her committee are the following girls: Marjorie Potts, Ruth Wallace, Maxine Jones, Jean Scott, Laura Lu Johnson, Jane Ellis, Mary Allum, Viola Bangle, Sally Beebe, Shirley Burham, June Minetto, Elizabeth Benz, and Joanne Berg. At the same time Dorothy Thomas will meet with her committee in the dining hall to slice the ham for the next day. The two members of her committee are Claire Haviland and Hazel Deckleman.

Thelma Johnstone, Betty Johnstone, Dortha Menke, Alice Joudas, Margaret Kelso, Doris Kennedy, Vera Kocka, Freda Kornmayer, Zella Leavitt, Elizabeth Leeds, Lorraine Leigh, Claudine Lepori and Olive Dell Jensen.

Tickets will be taken and sold by the ticket committee under the direction of Betty Walker at 11:45 pm in the new gymnasium. Pat Ross, Florence Wood, Rosemary Welch, Mary Alice West, and Marjorie Simon are the members of this committee.

Clean-Up

The clean-up committee under the chairmanship of Vivian Davis will start work immediately after the luncheon. On the committee are: Natalie Mnookin, Betty Molignoni, Edith Moore, Bernadine Murphy, Yolando Musso, Barbara Newbell, Eleanor Norris, Arlyne O'Malia, Ruth Pearson, Maryvelyn Peck, Pat Pringle, Lydia Rassuchine, Patricia Read, Betty Ann Rice, Gloria Richards, Elsie Jane Rowley, Patricia Sadler, Evelyn Scheeline, Cecilia Schindler and Wilma Schooler.

Miss Nygren announced that those girls who cannot be present when their committee is scheduled should get in touch with her before May 1 so the committee will be able to replace the missing member.

Illustrated Lecture On New Stars Given In Science Building

Sponsored by the Astronomical Society of Nevada, Dr. Harold F. Weaver of the Lick Observatory of the University of California presented an illustrated lecture on "Novae or New Stars—Atomic Bombs of the Sky" in Mackay Science Hall Thursday evening.

Dr. Weaver's lecture was of especial interest to those students taking courses in astronomy and interested in the latest phase of his science.

Among other things, he discussed the "supernovae" which have been observed in star systems outside the milky way, the relation between exploding stars and atomic energy, and the supernova explosion, a topic closely related to the atomic bomb.

LIBE STAFF READY TO TAKE GOWN MEASURES

James J. Hill, University of Nevada librarian, announced that the library staff is now ready to take measurements for the caps and gowns. Any senior who expects to be graduated this spring should stop at the desk for measurements at any time during the day for the next two weeks.

Hill suggests that they do so as soon as possible because the semester is rapidly drawing to an end and this detail must be taken care of now.

COMMITTEE GROWS

Five members have been added to the Mackay Day committee, Bill Friel, chairman, has announced. They are Dorothy Sewell, Bill Griswold, Harley Harmon, Dace Ricketts and Merl Nygren.

Military Review Set for May 8

The annual inspection of the university military department will be held May 8, according to Col. Gilbert E. Parker, ROTC department head.

High ranking officers in charge of the inspection will be Col. William R. Peers, representative of the commanding general, army ground forces, in charge of the training inspection and Major J. C. Howard, professor of military science and tactics at the University of California, representing the Ninth Service Command in the inspection of the department administration.

The inspection will last one day and Col. Parker indicated that the regular classes and drills will be adequate without the need of calling additional formations.

Barbs Trim LXA In Interfrat Game Thursday Afternoon

A surprising Independent baseball club retained its undefeated status by dumping previously unbeaten Lambda Chi, 14-3, Thursday afternoon. The victory left only the Barbs and ATO with unblemished records in the interfrat diamond chase.

A 12-run first inning outburst by the Independents clinched the verdict. Three Lambda Chi hurlers—Romasco, Eliades and Frediani—were the victims of this scoring spree. Lyle Roush started the second stanza and was touched for the two remaining runs.

Tom Hagar went the route for the visitors and was in trouble only in the first session, when two Chis scored to give the University Terrace nine a hort-lived lead.

LITTLE MAN WHAT NEXT?

(ACP) Kilroy has gone in for chemistry. He proved his knowledge of the science to the satisfaction of all the students of a chemistry lab at the University of Texas and managed to keep his identity secret.

Under the supervision of Stuart Ballin, instructor in chemistry, the students were treating papers that contained invisible writing ink with certain chemicals. They watched anxiously as the letters slowly began to take shape. Then came a gasp of surprise.

"Kilroy was here," it read.

Sagebrush number is 2-3681. On the hill it's hello!

You Beardless Males Without Excuses Prepare for the Lake

"Better late than never" is one adage that will not hold true in regard to beard growing by University of Nevada men in preparation for Mackay Day," Noel Willis, upperclass committee chairman declared today.

"Any male students who have not turned in excuses for shaving and are found without beards will also be found in the middle of Manzanita Lake," Willis added.

Willis stated further that many students seemed to think that they did not have to participate in one of the oldest and most colorful traditions on the campus. He pointed out that two of these students had already taken a swim.

"It might be made clearer to some of these uncooperative students if we put it this way," Willis continued. "Anyone without a legitimate excuse who doesn't see fit to wear a beard should then wear a hat that can also serve as a swimming suit. Violators will no longer be allowed to disrobe before being dunked."

Willis, although small in stature himself, is surrounded by a host of giants who also believe that no one is too good to observe traditions and are ready to put his words into action.

Now's the time to study for finals.

- Sigma Rho Delta barn dance.
- Sunday, April 28—Newman Club meeting.
- Tuesday, April 28—Sigma Nu picnic for Delta Delta Delta.
- Wednesday, May 1—Delta Delta Delta senior dinner.

A CONVENIENT FAD

(ACP) From the Michigan State college campus comes a report of a fad which has been discovered among returned veterans who have begun wearing their "homing pigeons" discharge buttons upside down to signify the fact they were bachelors.
