

## Parking Violators Warned To Abide By Regulations

### Traffic Offenders Must Pay Fines Or Face Ejection

#### Campus Regulations To Be Carried Out, Says Dean Griffin

All students who have not paid their parking fines are warned by the student affairs committee that unless these are paid within ten days of receipt of notice, they will recommend to the administrative council that these students be suspended from the university because of failure to abide with campus regulations.

#### No Undue Hardship

Dr. Robert Griffin, dean of men, said, "Neither students, the student affairs committee, nor members of the administrative council are interested in causing anyone any undue difficulties or hardship. They are interested only in the effective enforcement of regulations on the campus for the benefit of everyone concerned. Violators of campus regulations, either parking or otherwise, will be treated justly and fairly, but those students who flaunt the regulations will find that strong measures will be employed if necessary."

#### Met Tuesday

The student affairs committee met Tuesday to discuss the enforcement of the campus parking regulations. Several students were summoned before the committee to explain why they had failed to report to the controller's office and pay their fines.

#### Back of Enforcement

The administrative council has assured everyone concerned that they will back all enforcement of the campus to the limit. The student affairs committee consists of both students and faculty members, the dean of men, the dean of women, the graduate manager, director of athletics, ASUN president, the editor of the Sagebrush and two additional faculty members appointed by the president of the university.

### Steamboat Springs Field Trip Planned For Crucible Club

A field trip to Steamboat Springs and Virginia City is planned by the Crucible Club for tomorrow, Vern Wines, president of the organization, announced this week.

Dr. V. P. Gianelli, professor of geology, and Don White, of the United States Geological Survey, will lecture to the students during the trip. The group will leave the university at 9 am.

#### Oldest Club on Hill

The Crucible Club is the oldest club on the hill, Wines said. It is composed of all students registered in the school of mines. This field trip will constitute the regular November meeting.

E. L. Stephenson, formerly with the U.S.G.S., will lecture on geophysics at the December meeting of the Crucible Club, which will be held Wednesday, December 4. Mr. Stephenson is one of the few independent operators working in geophysics which is one of the newest branches of the science pertaining to mining and oil developing.

#### ATTENDS CONVENTION

Mrs. Jeanette C. Rhodes, university registrar, attended the 20th annual convention of the Pacific Coast Association of Collegiate Registrars in Sacramento on November 11 and 12.

### Dean Leaves for Brother's Funeral

Miss Elaine Mobley, dean of women at the University of Nevada, left by train Wednesday at 3 am for San Mateo, California, after receiving word of her brother's death.

Funeral arrangements were undecided at the time of Miss Mobley's departure, stated Miss Alice Terry, secretary to President Moseley. The burial might take place in San Mateo or Nevada City, the hometown of the Mobley's, she continued, and Miss Mobley would return to the university sometime next week.

### University Needs Are Reviewed in Recent Assembly

#### Improvement Committee Asks Student Backing in Present Program

"We must back the university administration in its drive to get more funds for buildings and improvements on existing facilities from the state legislature," Henry Stewart, student improvement committee chairman, reported to the student body in a recent assembly.

The student improvement group was formed last semester for the purpose of informing the student body of university needs and presenting a unified student front to cooperate with the university administration. As a part of their program they have outlined a priority list of the present needs. They are:

1. Higher salaries for faculty members.
2. Additional instructors to alleviate the present shortages in all schools.
3. More and modern laboratory equipment.
4. Renovation of present buildings.

"On the first day of January the state legislature will convene and these needs of the university must be made known to legislative members before they meet," Stewart told the student body as he outlined the publicity campaign planned by the improvement committee in their last meeting.

#### Committees Appointed

Three committees were appointed in the group to draft publicity programs to sell the university's needs to members of the legislature, editors of Nevada newspapers, parents of students and prospective students of the university.

Members of the three committees are Harry Kaul, Jeanne Sutton and Barbara Olesen, committee to draft letters to members of the state legislature; Franklin Gardner and Kay Sterling, committee to draw up letters to newspaper editors, and Eileen Kerr, Bob Jones, Floyd Edsall and Bud Bradley, committee to plan letters to students' parents.

In addition, the improvement committee plans to publicize the building program through state alumni associations, weekly university radio programs both in Reno and Las Vegas, and a statewide speaking tour by university orators designed to familiarize Nevada citizens with university needs.

#### PICTURES SELECTED

Moving pictures selected by Mike Galli, program chairman, will be shown at the Aggie Club meeting to be held this Wednesday at 7:15 pm in room 105 of the Agriculture building.

### Father Flanagan Delivers Speech in New Gymnasium

"No boy is a bad boy," Father Edward Flanagan, founder of Boys Town, Neb., told a near capacity audience at the university gymnasium last night.

"It was a very humble beginning, indeed," he said as he traced the history of his haven for "mentally and spiritually sick" boys from its beginning in 1917 to the present. He said it was not he, rather he and five boys, three of whom he took from a courtroom and two off the streets, that started Boys Town on December 10—29 years ago.

From the very first, said Father Flanagan, Boys Town was run on a basis of love, friendliness and understanding, and within a few months its membership had grown from five to 150, and its populace now numbers 500. Plans are now under way to increase facilities to accommodate 500 more boys, bringing the total population to 1000.

"Boys Town is self governed and there is no room for discrimination against race, creed or color," said the Rev. Flanagan. He also pointed out the instrumental part played by athletics in the successful development of the project. An extensive intramural sports program is carried on 12 months a year and the varsity teams play regular grade and high school schedules in all major sports.

Father Flanagan emphasized that there is really no child delinquency, rather, parent delinquency. Boys Town is now holding a training school, preparing men to go to all parts of our country to help boys who have not had proper guidance.

Rev. Flanagan was introduced by the Rev. John T. Smith; welcomed to the university by Silas Ross, chairman of the board of regents, and sponsored by the Knights of Columbus.

Father Collins, head of the Nevada Catholic Welfare Bureau, was responsible for Father Flanagan's visit to Nevada.

### Thanksgiving Recess Begins November 27

"Thanksgiving recess will begin at 4 pm Wednesday, November 27, and will end at 8 am on Monday, December 2," Dr. John O. Moseley, university president, announced.

Students are warned not to plan their Thanksgiving vacations according to dates listed on the catalog's calendar. These dates have been changed officially by an order from the president's office to conform with Governor Vail Pittman's proclamation setting November 28 as the date for Thanksgiving in this state.

#### 'TAVERN' CAST NAMED BY PROFESSOR MILLER

Cast for "The Tavern," first major stage production by students at the University of Nevada, was named today by Professor William Miller, director of the play. "The Tavern," by George M. Cohan, is a two-act play and will be presented December 17 to 21 at the Reno Little Theater.

Those taking part in the production in order of their appearance include Zach, the tavern keeper's son, Rondell Shaw; Sally, the hired girl, Zalia Butler; Freeman, the tavern keeper; Scott Whitney; Willum, the hired man, Leslie Smith.

Vagabond, Rex Jemison; Violet, the woman, Harriet Lee; Lampson, the governor, Martin Risard; Mrs. Lampson, the governor's wife, Gerard Parker; Virginia, the governor's daughter, Norma Carruth; Tom Allen, her fiance, Dale Riley; Sheriff, Ray Walling; Ezra, John Etcheverre; Joshua, Richard Mills; Tony, John Swett, and Stevens, Bob Nelson.

### MANY OBSTACLES PREVENT SUBBING FOR STATE GAME

"Aiken's Wolf Pack will be idle tomorrow for the first weekend since football season opened," announced Joe McDonnell, graduate manager. Efforts to schedule a game to replace the Mississippi State tilt were thwarted by arrangement complications.

Stadium preparations, ticket printing and hotel accommodations are a few of the things that go into football arrangements, then if these items could have been taken care of there was still the matter of transporting the team.

"The Nevada team will just have to cool their heels this weekend," McDonnell concluded.

### Reorganization of AIEE on Campus To Be Discussed

#### Yearly Program Will Be Arranged and New Heads Will Be Elected

A meeting of all electrical engineering students will be held Wednesday afternoon, November 21, at 4:15, in the lecture room of the electrical engineering building, for the purpose of reorganizing a student branch of the American Institute of Electrical Engineers, Dean Stanley G. Palmer of the college of engineering, announced.

The yearly program will be planned, and election of officers will be held at this meeting. The university branch of the AIEE ordinarily holds regular monthly meetings, at which engineers and speakers from outside the university speak. The membership is open at the present time, but after the reorganization is completed, it will be necessary to make application and be voted on to become a member, Palmer said.

The University of Nevada branch was chartered by the National Society of the American Institute of Electrical Engineers in New York City in 1922. During the war it was only partly active because of the small membership, and no regular meeting were conducted.

The dues for student engineers of the AIEE are \$3 per year. This fee includes a subscription to the monthly magazine, "Electrical Engineering," published by the AIEE. Palmer explained that a student belonging to the AIEE would not only benefit from his contacts and information gained during that time, but after graduation would save himself the initiation fee of \$10 for graduate engineers who have not previously joined.

#### LEAVE FOR TOURNEY

Members of the University of Nevada debate squad and their coach, S. H. Vinocour, left yesterday for the Southern California Tournament Association debate meet at Compton College in Los Angeles.

Nevada representatives in the meet are Maclin Summers, Jack Millinger, Huling Ussery, Arthur Johnson, Rex Jemison, Bruce Anderson, Jack Diehl, Gordon Hawkins and Scott Whitney.

#### ROOMS NEEDED

Some 90 Stanford skiers want to visit Reno and ski at Mount Rose over the Thanksgiving holidays. Both men and women are included in the group. So far only a part of the accommodations have been secured. Have you an extra bed? If so, contact Hans Wolfe, ASUN building.

### Sagers Give List Of Tryees Having Most Credit Hours

#### Club Activities Told By President

Sagers, campus service organization, which carries on any campus work or service requested of an underclass group, has issued a list of Sager tryees with the most credit hours to date.

#### Many Service Hours

The following Sager tryees have accumulated an impressive number of campus service hours: Frank Robins, Hal Okholm, Dale Hanna, Jerry Wyness, Stan Smith, Pat Emery, Roger Olmsted, Dave Bywater, Todd Kerr, Martin Rissard, Bruce Belnap, Jim Bolander, Erving Hackett, Melvin Winsor, George Ormas, Bill Johnson, Elmer Prina and Robert Paterson.

Bill Buck, Sager president, revealed that activities accomplished to date are: goal posts decorated for all home games, reserve sections held for Nevada students in Mackay stadium, Homecoming bonfire built and torches carried in all football rallies.

#### Win Skit Prize

Sager participation in activities has been highlighted by their winning organizational skit presented at the Wolves Frolic, and the float entered in the Homecoming Day parade.

Walter Luff was appointed Sager historian in the semi-monthly meeting held November 5, and it was at this meeting that the decision was made to cancel the dance of November 23, because of the conflict of dates with the junior prom.

### Group Will Meet To Consider Assembly Plans

Faced with the problems of improving the public address system and the placing of hundreds of chairs in the new gymnasium, the assembly committee will meet at the student union building at 3 pm Monday afternoon, said Hans Wolfe, student body president, today.

At this time a discussion will be held concerning the last assembly, plans for the next regular assembly, and a coming special assembly.

The special assembly is tentatively scheduled in response to a request by George Himes, student Federalist representative on the campus, for a speaker for this national movement to appear on the campus in the near future.

### Upperclass Group To Reorganize

Reorganization of the men's upperclass committee will get underway Wednesday, November 20, when the nominating committee will present a new panel to the senate for approval.

Organizations concerned will be contacted regarding their recommendations for the 11-man committee, said Hans Wolfe, student body president, today.

Jack Diehl, chairman of the present men's upperclass committee, stated that lack of active participation of its members quite possibly was caused by conflicting campus activities and outside work.

The purpose of the upperclass committee is to see that campus traditions are maintained.

#### 16 WOMEN, 36 VETERANS LEAVE UNIVERSITY

Withdrawal slips from 68 Nevada students, 16 women and 36 veterans, have been turned in to the registrar since the beginning of the fall semester.

Reasons have been given as financial and because students are returning to former jobs.

## AWARDS PRESENTED AT ASUN MEETING

### Moseley Approves One-Way Street

Plans for one-way traffic from south to north on the street running through the campus have been endorsed by President John O. Moseley. Before the regulation can be put into effect, however, the regent committee for building and grounds must give their approval.

A letter written to President Moseley by the ASUN senate proposed, in addition to the one-way traffic regulation, plans for marking off pedestrian lanes. Letter also stated that an increased effort should be made to enforce the 15-mile speed limit on the campus.

### Athletic Awards Presented to 60 WRA Initiates

#### Honorary Presentation Made At Sports Dinner Held In Old Gymnasium

Initiation ceremonies were held in the old gym yesterday for 60 members of the Women's Recreation Association. Following the ceremonies conducted by Billie Kennedy, president, a sports dinner was held. Those receiving distinction in tennis and horseback riding were presented with awards at that time.

Marie Etchemendy, Fay Fryberger, and Lois Hitchens received awards for tennis, while Lorraine Keig, Marjorie Kelley and Lea Glaser received honors and Elizabeth Kim, Dana Paul, Evelyn Callahan, Dorothy Delmue and Lois Shaver were awarded honorable mention.

Those receiving bids for membership into the organization were Louise Thompson, Lucille Thompson, Pat Fee, Marjorie Kelley, Fay Fryberger, Marie Etchemendy, Rita Mortara, Lois Shaver, Gerard Parker, Ann Heim, Virginia Kelley, Marjorie Friend, Shirley Bell, Pat Burkhalter.

Olive Dobyns, Adrienne Fotos, Norma Jean Hinds, Patti Jones, Ann Morgans, Jean Nash, Carolyn Pickens, Betty Sweeney, Marge Swenson, Hope Vasnar, Marilyn Wathen, Anita Williams, Betty Lou Fritz, Joyce Gidley, Mary Libbey, Frances Abernathy, Joyce Butler, Georgia Lee, Irene Plimpton, Beverly Vawter, Lucy Booth, Shirley Abbey, Susan Broadbent, Anita Coats also were bid.

Rosalie Enke, Esther Gordon, Beverly Lehman, Evelyn Wathen, Carol Anderson, Betty Jane Edwards, Betsy Haydock, Melva Hand, Donna Karren, Elizabeth Kim, Lorraine Leigh, Shirley McDonough, Dana Paul, Evelyn Scheeline, Susan Smith, Evelyn Callahan, Geneva Conway, Mary Enke, Lea Glaser, Ovis Kuchenmeister, Pat Lind and Jane Ray complete the list.

#### PAN-HELLENIC HOLDS BUSINESS MEETING

Florence Miller was named chairman for the appropriation of money for the women's scholarship cup at a business meeting of the Pan-Hellenic Association at the Kappa Alpha Theta house on November 5.

This cup, as announced at the last assembly, will be awarded to the Delta Delta Delta sorority for the highest scholastic standing among the sororities on the hill.

A financial report was given and improvements for the next presentation tea were discussed. Recommendations for new members to Pan-Hellenic were also on the evening's agenda.

### YWCA Entertains At Last Assembly

#### Tri-Delts Get Trophy For Scholarship

At an ASUN assembly held Wednesday in the new gym, Delta Delta Delta received the cup for the best sorority scholarship during the spring semester of 1946. ASUN president, Hans Wolfe, made the presentation.

Carl Digno, Homecoming chairman, presented cups for best sorority and fraternity attendance at the Homecoming dance to Pi Beta Phi and Theta Chi, respectively.

Station YWCA presented a typical scene in the student center, Club X-GI. Members of the cast were Bob Durham, Ham Prugh, John Michael, Phyllis Baker, Shirley Bell, Odette Darrigrand, Vivian Davis, Betty Sue Boggess, John Halloway, Dick Purcell, Bill Gyer, Bob Warren, Carol Riley, Jim Glynn, Jack Francovitch, Jim Ryan and Gerry Parker.

### SAE, ATO Retain Unmarred Records In Volleyball Play

Unmarred records of Sigma Alpha Epsilon and Alpha Tau Omega in the inter-fraternity volleyball tourney remained intact following this week's contests in the race for the Kinnear trophy.

Sigma Alpha Epsilon dumped Lambda Chi Alpha 15-7 and 15-10, and Phi Sigma Kappa defeated Independents 16-14 and 15-8 on Tuesday. Wednesday's results found Sigma Rho Delta bowing to Alpha Tau Omega 15-7 and 15-6, while Sigma Nu swamped Lambda Chi Alpha 15-1 and 15-0.

Independents, who forfeited all volleyball games in the past, have now formed a team and appear to be shaping into a formidable squad.

### Frosh to Revive Basketball; Will Meet Tuesday Night

All first year men with basketball aspirations are urged to attend a meeting to be held in head coach Jake Lawlor's office in the new gymnasium Tuesday night at 7 o'clock.

Since freshman basketball competition is to be revived at Nevada, Coach Lawlor is anxious to meet with all frosh interested in the indoor sport. "The time is ripe," remarked Lawlor, "to reinstate one of our war time casualties—freshman basketball."

"There is a wealth of material on the campus, and we feel that by emphasizing frosh competition this year, future Nevada varsities will benefit."

The purpose of the meeting is to get those interested in the sport together so that plans for the coming season may be discussed. It will also allow the coaches and men to get acquainted and help start things rolling, concluded Lawlor.

#### CHECK CONSTITUTIONS

Constitutions of the Campus Players, Commerce Club and American Society of Civil Engineers will be checked by the executive committee prior to being submitted to the senate, Hans Wolfe, student body president, said today.

## ABOUT THAT FROLIC SKIT

This week, in order to clear the air a little, we have deviated from usual policy and published a letter from A. Nonymous. Most of the time these communications should go into file 12, the wastebasket. But this student represents a point of view we have heard so often on campus that the best way to have done with the whole issue is to bring it out into the open.

Our informant leaps right in the middle of our back with his communicate. And, he did catch us with adjectives askew. The word "original" didn't belong in the story; the writer is perfectly correct in asserting that the Swoonatra act has been done countless times. The proper word-choice there should have been "entertaining." There were few really original entries in the whole show, and most of them lacked something otherwise.

Audience reaction, we believe, was greatest for the SAE skit, and it is upon that basis that the judges made their decision. It is true that the act was simple, required few preparations, BUT it is also true that it got the greatest round of laughs and applause, as we saw it.

The writer's other contention is off base. The decision was not made in a smoke-filled room before the acts even went on the stage; of that we are sure. It is anyone's prerogative to disagree with the choice made, but the declaration that the whole thing was engineered for the benefit of one house is simply not so. We have respect for the impartiality and integrity of Prof. William Miller, who named the judges. Indeed, it is difficult to see what he would gain from such a maneuver, save to heap criticism upon himself.

The other point we wish to make about the letter is that any similar nameless missives will be ignored. The only reason this one is running is because we've heard so many similar views—and we believe misguided ones in the references to the judging—that we don't wish to be accused of suppression of a particular student viewpoint.

## Newspaperman, Lawyer Are Elected To University of Nevada Regent Board

A native of Reno and a prominent Reno lawyer have been added to the university board of regents as a result of the recent election.

John Cahlan, born and educated in Reno, was graduated from the University of Nevada with the class of 1926, and has been active in the journalistic field for the past 20 years.

Albert Hilliard, a local attorney since his acceptance to the Nevada Bar Association in 1931, was graduated from the University of Iowa and received his doctor's degree in law at George Washington University.

Was Sports Writer  
 Cahlan worked as a sports writer on the Nevada State Journal following his graduation from the university and later went to Las Vegas to work under his brother, Al E. Cahlan, managing editor of the Las Vegas Evening Review-Journal, as sports editor and has been connected with the Review-Journal ever since.

Recently Cahlan was appointed managing editor of the Review-Journal during his brother's illness which has confined him to a southern California hospital.

The Cahlans are well represented in university history. John's father and mother, Mr. and Mrs. A. W. Cahlan, were both early graduates of the university. His brother, Al, was also graduated here. John is a member of Sigma Alpha Epsilon fraternity.

Backs Improvement Committee

Hilliard has been a Reno attorney for the past 15 years and is deeply concerned with the ad-

ministration of the university's needs. "It is my belief that we should make the University of Nevada the best smaller-sized institution to be found anywhere, so that Nevada students will be graduated with an education second to none," Hilliard wrote in a letter to the alumni association during his recent campaign. To accomplish this purpose Hilliard firmly backs the student improvement committee in their drive to get higher salaries for faculty members, new buildings, modernization of the present buildings and equipment.

Hilliard, the son of Benjamin C. Hilliard, who is currently a member of the Colorado State Supreme Court, was recently a member of the American consulate in Scotland.

Retiring members of the board of regents are Leo A. McNamee, Las Vegas, attorney, and Paul J. Sirkegian, mining engineer of Kimberly. McNamee resigned recently and Sirkegian was defeated in the recent election.

### KATZ, MELNER TALK BEFORE MATH CLUB

Two Nevada students, Leonard Katz and Sinclair Melner, gave talks at a meeting of the Math Club last evening.

The talks were on "Polynedra" and the "Four Color Theory," respectively.

The meeting was held in room 222 of Mackay Science Hall at 7:30 with refreshments following adjournment.

The Math Club is an organization composed of students interested in mathematics. Monthly meetings are held.

On the hill it's "hi."

## Chapel Service Started by YWCA

### Friday Mornings Set for Prayers and Hymns

A regular weekly chapel service was instituted this morning in the student center in Stewart Hall as a regular part of YWCA work. Each Friday morning from 7:30 to 7:45 in the student-directed meeting, there will be a scripture reading, two hymns and a short prayer.

Arlyn Laugherty, YWCA chairman, has extended an invitation to all students and faculty to be present. "Y" members working on her committee are Marge Friend, Marge Kelly, June Simmons, Joyce Cliff, Elinore McCray, Gerry Parker and Ruth Barakat.

The YWCA worship committee has initiated the plan of a "thought for the week" poster to be placed on display in the Stewart Hall center. The first poster was placed in the center on November 13 and will be changed each Wednesday throughout the school year.

Discussion groups to be held twice a month are being sponsored by YWCA for all students and faculty. The discussions will pertain to problems facing the world as they are related to Nevada students. The first discussion will be held on November 19 on the question, "Should people of different religions marry?"

### BARBS TO HOLD DANCE

Tomorrow evening the Barbs will stage a dance open to the student body in the Odd Fellow's Hall beginning at 9 pm and lasting until 12 midnight, announced Charles Lockhart, president of the independent organization.

"Canned music will be provided for all who wish to join in the dancing and refreshments will be served," Lockhart added.

## Cadets to Hear Correspondent

Miss Anne-Marie Jungmann, correspondent and lecturer, will speak on the topic, "The Right to Independent Thought," Monday morning, 11 am, in the Education Building auditorium before the ROTC cadet corps, according to Col. Gilbert E. Parker, head of the unit.

Col. Parker stated that all faculty members and students are invited to attend.

Miss Jungmann is thoroughly acquainted with western Europe having spent 14 years there, mostly in the service of the New York Times. She saw the building of the Nazi machine and when the Germans entered Paris she went to work for the French underground movement. She has done radio work with the Paris radio as well as the British Broadcasting Company. In the United States she is at present on a lecture tour.

## First Fine Arts Exhibit Opened

First Fine Arts Club exhibit of this season was a group of oil and pastel paintings done by Miss Elizabeth Hay.

The exhibit opened Monday, November 11, and will continue through Saturday afternoon in room 206 of the Electrical Engineering building.

Among Miss Hay's works are two Italian street scenes, and several still-life flower studies. Most of the exhibits are portraits of local people, loaned by their owners.

Fine Arts Club also sponsors an exhibit at the end of each semester to show student work.

The next meeting of the club will be in the first week of December, Virginia Olesen, president, said.

## Letters to Editor

Dear Sir:  
 I would like to quote you as follows:

"The Sigma Alpha Epsilon fraternity carted off the men's trophy for the most original men's play depicting 'swooning' Frankie Sinatra."

I think that there should be a correction issued on this subject. This, of course, is referring to the Wolves Frolic held a week and a half ago. The skit the SAE fraternity put on is anything but original. I was in the service and saw it put on a number of times during my two and a half years in uniform. And I think that if a report was turned in that nearly half the service men saw the same thing. As everyone knows, the SAE skit was far from the best skit. Even some of the SAE members and pledges did not think that their skit was good. But then when the judges were such as they were, the other fraternities might just as well put their skits on for exhibition because they certainly didn't have a chance even before the curtain was raised. In other words, the skit was picked before the first curtain was raised.

I mean no offense to the SAE fraternity, but to the "judges"—well—I'll leave that up to someone else to say what everyone thinks of them.—(Signed) A Student.

## McGoogle Veterans Invade Galena Hut

The forest service lodge at Galena Creek rocked to the jubilant shouts of 35 McGoogle Hall veterans and their guests last Saturday evening when the group invaded the lodge for a steak fry.

"Plans to truck a piano to the first camp for music fell through but several impromptu quartets provided ample entertainment to go with the steaks and liquid refreshments," said Charles Lockhart, McGoogle haller.

Faculty members that accompanied the party as chaperons were S. H. Vinocour, instructor in English; Don Meixner, instructor in mechanical engineering; Robert C. Poolman, civil engineering instructor, and Miss Bette Poe, instructor in economics.

### Three Chinese Mining Students Address Associated Engineer Meet Wednesday

Three mining engineering students from China were speakers at the first meeting for the year of the Associated Engineers held recently in the Mackay Science building with more than 150 students in attendance. The three men are graduate engineers. Homer Lee was graduated from Tsing-Hua University of Peiping, while Ven-Chung Lee and Lian Chu Chow are graduates of Chao-Tung University of Tang-San. Homer Lee spoke on "Mineral Resources of China"; Ven-Chung Lee's subject was "Contracts of Life in China and the United States," and Liang-Chu Chow's address was "College Education in China."

In his speech Liang Chow said that the Chinese universities are patterned after American universities. They use text books printed in English, and their professors, Chinese engineers who have taken post-graduate work in foreign countries, lecture in English. His comment in comparing the Chinese with American schools was that their classroom work is much the same, but that they are very deficient in laboratory equipment and in practical training. The Chinese universities are government supported.

Liang Chow said.

#### Jay Carpenter Says

Jay A. Carpenter, director of Mackay School of Mines, said that these men are the sons of a merchant, a doctor and a high school teacher, and that they are very loyal to the present nationalistic government which is already sending a large number of these graduate engineers at government expense to become acquainted with modern practice in the United States.

Following the speeches, Stanley Wines, president of the Associated Engineers, outlined tentative plans for the future and stated that the next meeting time will be announced as soon as other speakers can be obtained. The Associated Engineers is an organization incorporating all four engineering schools. One of the four engineering societies usually arranges the program for the evening. The mining engineers arranged Wednesday evening's program. There are about 460 engineers on campus.

Rousing cheers for the engineers were practiced by the 150 students who attended the meeting. The engineers' yells in former years were the loudest on campus, Carpenter stated, and they will soon be heard again. In addition to a large turnout of student engineers for the meeting, Dean Stanley G. Palmer, college of engineering, and Professor James R. Van Dyke, head of the department of mechanical engineering, were in attendance.

### Air Force Group Forming Chapters

The Air Force Association, a new national organization for army air force veterans and present members of the AAF headed by former Lt. General Jimmy H. Doolittle, has begun to authorize the formation of charter campus squadrons in colleges throughout the country, it was announced by Willis S. Fitch, executive director, from Washington, D. C., headquarters of the association.

Already, nucleus groups of 20 or more AAF vets, are cropping up on campuses in various sections, Mr. Fitch said. The University of Kentucky, Columbia University in New York, the University of Texas, New York University, Northwestern University, Fordham, and the University of Chicago are some of the colleges with units already in action. Those campus units are affiliated with state groups which are affiliated with national headquarters.

Membership in the association is open to all men and women who served in any branch of the army air forces and additional information may be obtained by writing to the Air Force Association, 1603 K Street, N. W., Washington, D. C.

### 30 STATES REPRESENTED IN UN SUMMER SESSION

Representing 30 states, this year's summer session had a total enrollment of 731 students, reports Dr. Harold N. Brown, director of summer sessions. Of the 731 enrolled there were 525 Nevada students, and the largest number of out-of-state students came from California with a total of 93.

Dr. Brown is now working on plans for the summer session for the year of 1947. It is being planned to have more courses available, he said, a wider variety of recreation and entertainment, a larger faculty, and an increase in enrollment.

Journalists, come down evenings and give the Brush staff a hand.

### Student Dietitian Training Offered

#### Civil Service to Hold Examinations

An examination for student dietitians has been announced by the U. S. Civil Service Commission for training in war department, Veterans Administration, and public health service hospitals throughout the country. The maximum salary for the 12-month training period is \$1470 which includes allowances for subsistence, quarters and overtime.

Applicants must have completed, or expect to complete within the next few months, at least 36 semester hours of college study which has included 12 semester hours in chemistry, six semester hours in biology, six semester hours in foods, six semester hours in nutrition and diet in disease, and six semester hours in institution management. In addition, the veterans administration requires nine semester hours in social sciences and three semester hours in education, and specifies that applicants must have received a bachelor's degree from a college or university of recognized standing.

#### Pass Written Test

All competitors will be required to pass a written test designed to measure their aptitude for learning. Applicants for training in veterans administration and U. S. public health service hospitals must have reached their 18th birthday but must not have passed their 62nd birthday; for war department hospitals, the age limits are 20 to 40 years.

Students who successfully complete the training in veterans administration and U. S. public health service hospitals will be eligible for appointment as staff dietitian, \$2644 a year. Those successfully completing the training in war department hospitals will be eligible for a commission in the army as medical department dietitian at a base pay of \$2160 a year plus allowances for quarters and subsistence.

Announcements containing full information regarding the requirements, the opportunities for advancement, etc., and application forms, may be secured at first and second class post offices, from the commission's regional offices, or direct from the U. S. Civil Service Commission, Washington 25, D. C. Interested persons are urged to apply at once so that they may be admitted to one of the early examinations.

### Fifth Alumni Chapter Formed, Winnemucca

The fifth alumni charter of the University of Nevada will be presented to the Winnemucca chapter at a meeting in the Humboldt Hotel of that city on Saturday, November 16, at 8 pm, announced Rex Daniels, alumni secretary.

The charter will be presented by Wayne Hinckley, president of the alumni association, and graduate of the class of 1927.

Other chapters are located in Washington, D. C.; Las Vegas, Nevada; Elko, Nevada, and Los Angeles, California.

### Electronics Aids Ordered for Classes

Electronics are the most popular courses in electrical engineering, announced Irving J. Sandorf, professor of electrical engineering.

Because of this factor and an increased enrollment in the school of engineering the budget for the engineering department this year has included many of the latest electronic devices. Much equipment, however, is being obtained by the donations of army and navy equipment.

#### Being Obtained

The equipment being obtained for the coming electronic classes is in the field of elementary electronics, industrial electronics, radio communications, micro-wave equipment, and associated fields, such as recording television and transmission devices.

Some industrial electronic and radio transmission equipment is already here.

Professor Irving J. Sandorf announces that the named courses should be in operation by next year.

It will be the first time that the University of Nevada will offer full time courses in the field of electronics.

### GORMANS ATTEND TEXAS CONVENTION

Charles H. Gorman, university vice-president, comptroller and treasurer, left October 23 for Austin, Texas, where he attended a Knights Templar convention.

Mr. and Mrs. Gorman left Texas for Mexico City and will return tomorrow night to Reno.

Host: Talking about Africa reminds me of the time—

Bored Guest: My goodness, you're quite right. I had no idea it was so late. See you later.

#### IMMEDIATE DELIVERY

Just Put a Record in the Slot and IT PLAYS!

It's the amazing new way to play records invented by Philco. No more fussing with lids, tone arms or needles. A powerful radio, too. Immediate delivery, while our stock lasts.

**SAVIERS ELECTRICAL PRODUCTS**

### Evening Classes Scheduled on Hill

Dr. G. B. Blair, physics instructor, announced that the astronomy laboratory evening class, originally scheduled for two sections, has been enlarged to three, with a total enrollment of approximately 90 students. In explanation of the evening laboratory, Dr. Blair said that the students will observe the constellations from outside on clear nights, and map and do other such work indoors on cloudy evenings.

Nine students are enrolled in the evening class of education 66 G, the teaching of bookkeeping, general business training, and allied subjects, which is under the direction of Miss Mildred Klaus. Evening classes in education tests and measurements are recorded by Dr. H. N. Brown.

English 55, principles and techniques of public discussion, with S. H. Vinocour as instructor, is held from 7:15 to 9 on Tuesday nights, while advanced arguments and persuasion, also taught by Vinocour, is conducted on Wednesday evenings.

Creative writing, under Paul R. Eldridge, is scheduled every Thursday at 7:15 pm. Another evening course offered is an English class, great books, in which the students study great masterpieces of literature of all ages. This class is instructed by Dr. Charlton G. Laird, at 7:15 on Tuesday nights.

### Catalog Changes For Next Fall To Start Soon

"Revision of the catalog for next year's edition will begin immediately," Dr. Robert M. Gorrell, catalog editor and assistant professor of English, announced today.

Publishing a correct edition is a difficult job unless department heads, faculty members and student organizations cooperate and submit current changes prior to publication, Dr. Gorrell added.

"Although actual publication doesn't take place until next spring there are numerous small changes that can be made now. These minute changes sometimes slide until it is too late, warned Dr. Gorrell as he opened the annual drive to compile a correct catalog.

It's the first of the month—  
every few days.

The first few days of the month were once a time of feverish activity for telephone accounting personnel. In that short period millions of telephone bills had to be prepared, checked and mailed. But the Bell System accounting staff, seeking to level off this work peak, found a practical solution.

It's called "rotation billing."

Now in our accounting departments, a new month begins every few days. Accounts are divided into six or more

even groups, each with a different billing date. This spreads the work evenly and eliminates the old last-minute rush.

This special problem, solved by telephone accountants, is typical of those which often confront management in the many branches of our business. They present a stimulating challenge to the young men with initiative and imagination who will find just such practical solutions . . . young men who find telephony an exciting and rewarding career.

There's Opportunity and Adventure in Telephony

# Gals! Grab Your Pails, Them Guys Are Causin' Wails

'Figures' Good on Frails, BUT Now They're With the Males

By Robert Morrison

The great controversy has been settled. Again, that is. This time there are figures to prove that men are simply smarter than women.

The men in this year's freshman class had a median score of .55 on the college aptitude test given to all incoming students, and the women had a median score of .46, according to figures released today by Dr. Ralph A. Irwin, professor of psychology.

Of course there are those who say this doesn't mean very much, in view of the fact that a man expects to get ahead in the world by his ability, knowledge, and intelligence, while a lot of things that might help a woman to advance just doesn't show up on an examination—on paper, that is.

Now for statistics. The median percentile rank score established over a period of many years is .50 for a freshman student. This year the freshman class, as a whole, had a score of .53.

The men enrolled in the college of engineering had an average score of .62, the men in the college of arts and science an average of .55, and the men in the college of agriculture an average of .35.

The women enrolled in the

home economics course had an average of .51, and the women in the college of arts and science had a score of .46.

During the war years the median scores usually approximated .60, showing that selective factors were in operation to make a superior college population. This was especially true of the women students whose scores were consistently higher than those of the men. This year the positions are reversed and the whole group is back to a score of .53.

Dr. Irwin's explanation is that during the war years, well paying jobs were so plentiful that only the students most earnestly desiring an education attended.

The high average for the engineering students, and the low average for agricultural students is normal, but the arts and science men scored higher and the arts and science women scored somewhat lower than usual this year, Dr. Irwin said.

Upperclass men have a median of .85 as compared with the freshman normal of .50, indicating that the weaker intellects drop out of school early. The upperclass women's average of .55 is rather low for this group, Dr. Irwin's report added.

## FORMER STUDENT IS TEACHER AT ARMY POST IN KOREA

Mrs. Ruby C. Leavitt, former student at the university, has been appointed to teach school for the children of American army officers and enlisted men serving in Korea.

Mrs. Leavitt, the former Miss Ruby Canonic, has joined her husband, Captain Granville Leavitt, a graduate with the class of 1923, who is on active duty in Korea.

# YWCA Recreation Center Popular

85 Per Cent of Students Visit Snack Bar and Rec Room Daily

Of the 1729 students enrolled at the University of Nevada, approximately 85 per cent of these students at some time during the day visit the YWCA recreation room and snack bar in the basement of Stewart Hall, Dorothy Thomas, secretary of YWCA, estimates. For the benefit of those who are not mathematicians, 85 per cent of 1729 is 1449.65 students.

There students with musical aspirations and aptitude may play the piano or those with lesser ability, the juke box. However, students are asked not to indulge in musical enjoyment between the hours of 8 am to 12 noon and 1 pm to 3 pm during which times classes are held on the first floor.

## Checkers in Progress

Checkers, bridge and other games are always in progress complete with kibitzers. The one table tennis table is rarely idle despite the elusive nature of the ball which seems to be forever under tables and chairs or in coffee cups.

Approximately 75 members of YWCA work in the snack bar. They dole out coffee, cake, rolls and sandwiches to as many as 350 to 400 students daily between the hours of 8:30 am and 3:30 pm.

In the absence of a student union building on the campus, the recreation room and snack bar provided by the YWCA is welcomed by students as a place where they can relax and enjoy a smoke, coke or a joke.

"Daddy," said the talkative 6-year-old son to his long-suffering father, "am I made of dust." "I'm afraid not. If you were, you'd dry up now and then."

# Alumni Jane Creel Back From Pacific

Miss Jane Creel, University of Nevada graduate of 1945, is spending a few days at home in Reno after 13 months of American Red Cross work on Okinawa.

Speaking of her work with the Red Cross, Miss Creel said, "Meeting old schoolmates on Okinawa was the highlight. We had a real Nevada reunion."

She is waiting for her next assignment which, she said, may send her to Yokohama or Korea.

Miss Creel majored in home economics when at the university.

# Rifle Rules Given By PE Department For Team Contests

Entries Must Be Given To Military Head by December 9

Intramural rifle competition match regulations have received approval of the department of physical education and organizations expected to enter teams, announced Col. Gilbert E. Parker, ROTC head, who is in charge of conducting the matches.

A list of the regulations follows:

1. Composition of Team: A maximum of five may fire. The three highest individual aggregates will constitute the team's score.

2. Eligibility: Any fraternity or other organized group eligible to compete for the Kinnear trophy may enter a team for this match. Individuals are eligible if they are members of the group entering the teams and if they have never been awarded a circle N for shooting. An individual may compete on one team only.

Range Open 1 to 4 pm

3. Deadline for Firing: Match targets will be fired during the week ending at noon, Saturday, December 14. Practice may be conducted during any open range period prior to the last day of the match. Individuals may practice separately and may fire their team scores separately. Practice may be conducted between the firing of match targets. The range will normally be open for practice from 1 to 4 pm, Monday through Friday, and from 9 am to 12 noon on Saturday. Firing of match targets may be conducted only in the presence of an instructor from the military department.

4. Course of Fire: Each contestant will fire four match targets. Five shots for record will be fired on each target. One of these match targets will be fired in each of the four standard positions: prone, sitting, kneeling and standing. The positions described in army field manual 23-5 and taught in ROTC classes are standard.

## ROTC Rifles Available

5. Equipment: Any .22 rifle, firing rim-fire cartridges, equipped with sights not containing glass, and having a trigger pull of not less than three pounds may be used. ROTC equipment is available for the use of competitors. Rifles will be subject to inspection by match officers on the range prior to the firing of any match target.

6. Targets: Targets for firing the match course will be especially marked and issued to each competitor. Match scores will be fired only on these targets. One round will be fired on each bull's eye. In case of accidental firing of two rounds on the same bull's eye, a penalty of one point will be awarded.

## Scoring by ROTC

7. Coaching: During the firing of the match score, a competitor may be coached by any other one member of his team.

8. Scoring: Immediately upon completion of a match target, the target will be signed by the competitor and turned into a match official on the range. All targets will be scored by an officer from this department. In case of a tie, the decision will go to the team having the highest total in the most difficult position. The positions in order of difficulty are: standing, kneeling, sitting and prone.

9. Entries: Team entries will be submitted to the PMS&T not later than noon, December 9. Team members will be designated by name. The total of team members will not be less than three or more than five. Individuals, other than members of the Rifle Club, who compete as team members or who try out for places on teams may, if they desire, be furnished ammunition and targets for practice, and will be charged \$1.25 to cover the cost. No other fee will be charged.

10. Prize: The department of physical education will provide a cup for the winning team. No points toward the Kinnear trophy will be awarded this year, but it is contemplated that if this competition is a success, similar competition in future years will count toward the trophy.

# 'King' Football Going Down for Count; Basketball Preparing to Grab Spotlight

With football drawing to a close, attention will now focus on the boys wearing the silver and blue on the ribbed court for the U. of N. Under the watchful eye of Coach Jake Lawlor, the basketballers have been working out regularly and from all pre-season dope, Nevada should take its place among the leading teams in the nation.

Followers of the Pack will be given a preview Wednesday night, when the local lads display their wares in a game with the Hawthorne Marines. The game is strictly a "warm-up" affair and has not been scheduled as a season game, said mentor Lawlor. Tip-off time has been set at 8:15 pm.

On November 30, Nevada will play its first regularly scheduled contest against the Sacramento team in the AAU league. The Sacramento team is coached by Dave Kelly, who formerly headed the McClellan Field Flyers, and led them to the championship two years ago.

Returning from last year's great squad are such standouts as All-American Bob O'Shaughnessy, and lettermen Jimmy Me-

larkey, Grant Davis, Orsie Graves, Max Dodge, Jack Swedeborg and Harry Paille. A host of former service stars include Hal Fischer, six foot three inch center, who performed for Tonopah Army Air Base against the U of N in 1944, and Bill Moylan, a six foot three inch forward, formerly with Bradley Tech.

### Plays Top Teams

This year will find Nevada playing some of the top teams in the nation. Last Wednesday at noon the board of athletic control approved Nevada's schedule for the year, which includes a trip to New York's famous Madison Square Garden to meet St. Johns University.

After the game with St. Johns, Nevada will tour the eastern seaboard where they will meet such eastern basketball powers as Georgetown University at Washington, St. Joseph at Philadelphia, and Duquesne University at Pittsburgh.

Nevada will also engage in two tournaments, one to take place in Reno with Colorado A and M, Brigham Young University and the University of San Francisco scheduled as opponents. The other tournament will take place in Los Angeles where Nevada will compete against Pepperdine College and Loyola College.

### Wolf Pack Schedule

The schedule for the coming year follows:  
 Sacramento Senators, November 30, at Reno.  
 Chico State College, December 5 and 6, at Reno.  
 St. Johns University, December 10, at New York.  
 Georgetown University, De-

### SKI CLUB MEET

An important meeting of the University of Nevada Ski Club will be held Wednesday evening at 7:30 pm in the Education building auditorium, Barnes Berry, newly elected president, announced this week.

Membership cards will be sold and matters of importance will be discussed.

December 12, at Washington.  
 St. Joseph, December 14, at Philadelphia.

Duquesne University, December 16, at Pittsburgh.

### Tournament

Colorado A and M, Brigham Young University, University of San Francisco, December 20 and 21, at Reno.

Olympic Club, January 3 and 4, at Reno.

Cal. Aggies, January 17 and 18, at Davis.

Pepperdine College, January 17 and 18, at Reno.

Portland University, January 23, at Reno.

San Jose State, January 24 and 25, at San Jose.

University of Wyoming, January 31 and February 1, at Reno.

College of Pacific, February 3 and 4, at Reno.

University of Portland, February 7 and 8, at Portland.

University of San Francisco, February 14 and 15, at Reno.

### Tournament

Pepperdine College, Loyola College, February 21 and 22, at Los Angeles.

St. Mary's College, February 28 and March 1, at Reno.

## PACK TRACKS

By Gene Evans

It's over! It's through! But its effects are still being felt. We're referring to the recent game cancellation by the athletic board. True, the event has past—water over the dam—but as we said, the effects are still being felt.

Much publicity has been given the democratic stand taken by Nevada against racial discrimination, and the various executive departments of this institution have been receiving pounds of congratulatory letters, telegrams and postcards from all over these United States.

One letter, in particular, that came to our notice completely expresses the sentiment of the majority. It was from a married couple living in Richmond, California, and goes like this: "We read this evening of the courageous stand which your board of athletics took in canceling your game in preserving racial tolerance. We really admire your great courage. Many speak of tolerance and anti-racial prejudice, BUT SO FEW TAKE ACTION."

"What your university has done should certainly be a SHINING EXAMPLE for future games which try to bar players because of color. With the greatest respect and admiration to your REALLY DEMOCRATIC THINKING University of Nevada," . . . etc.

When letters such as this, from practically every state in the union, flood the campus, surely the right course has been

chosen.

### WOLF WAILS

Mike Mirabelli of the shotgun right arm, has dropped football in favor of the more conventional education offered here at Nevada. Feeling that the game of bumping heads was interfering with his student work, Mike decided to leave the pads in the field house and take up the books.

Said the stand-in quarterback, "I've been away from school work for quite awhile and if Mirabelli is to stick around for any length of time, he has to get to the business at hand—studies."

"If everything goes well this year then I'll be around for next season's play, but if I don't buckle down now, I won't be eligible for any more football. I honestly believe that my quitting football now will be the best thing in the long run."

Mike, we're all for you. We've seen many good players forget the obligation to themselves that

come first. It's a proven fact that if a man is a failure scholastically, he can not be a success athletically, at least that's what the faculty tells us.

### WOLF HAILS

Nevada, fast becoming a name in the athletic world, gets its BIG chance this winter. Take a look at the basketball schedule recently released and you'll see what we mean. St. John's, Wyoming, Pepperdine, Duquesne, and St. Mary's are strictly big league clubs.

NOW, take a walk over to the gym some night and give a look at the boys who will carry Nevada's colors against these "biggies." You skeptics better take a second look. NEVADA'S GOT IT!

# Wolves Win Last Home Game; Rout Barbarans 48-13

Nevada's 1946 Wolf Pack left a lasting impression with their rooters Saturday in the last home game of the season by downing the Santa Barbara Gauchos 48-13.

The opening score came early in the first period when Nevada's fullback, Lloyd Rude, carried the ball into Santa Barbara territory and a long pass to Tom Kalmanir from Bill Mackrides put the ball on the Gaucho's 15 yard line. Here Nevada was halted momentarily when Santa Barbara took over and kicked out to Bill Bass who carried the ball back to the Gaucho 44. Three plays later Bass broke through his own left tackle for 47 yards and a score, out running his opponents fleet safety man.

### Fumbles Gillom's Punt

A few minutes later Cathcart fumbled one of Horace Gillom's punts after being viciously tackled by Ken Sinoofsky, Kalmanir recovering on the 15. A short pass to Bass scored again

for Nevada. Pat Francellini made his second extra point out of six conversions during the afternoon.

The last touchdown of the first half came after a long pass from Mackrides to Beasley put the ball on Santa Barbara's 15. Two plays later Mackrides went over from the four on a quarter-back sneak. The half ended when Dick Trachok intercepted a Gaucho pass on Nevada's goal line.

After a brilliant 35 yard run back of a punt by Kalmanir, Rude and Bass drove alternately to the visitors' goal line where Bass scored his third touchdown of the afternoon.

The Gauchos then drove hard all the way to Nevada's 10 only to have Scott Beasley make a beautiful interception and a 88 yard touchdown jaunt, which was the longest and the best run of the game.

### Another Score in Third

Still another score was chalked up in the third period when Turk Eliades broke through the line for 16 yards before lateraling to Trachok who skirted the side lines for the sixth touchdown.

The Gaucho's first score came after a kick by Gillom was partly blocked and went out of bounds on the Nevada 36. Billinger then threw a long pass to Max Diamond who scored standing up to make the count 41-7.

Nevada came back with a quick score when Mackrides passed to Kalmanir who ran 65 yards for Nevada's final score. On the last play of the game Billings threw his second touchdown pass of the game to Katich, Gaucho center, who was moved to end when the injury riddled visitors ran out of wing men.

Nevada racked up 352 yards on their combined running and passing attack which should be enough to keep them up among the first in the nation. The Wolf Pack still leads the nation in passing by virtue of 175 yards gained on Mackride's passing.

Back the Wolf Pack.

# Engineer Grads. From U. of Nevada Sought by Firms

### Instructors, Field Workers Needed Here and Abroad By U. S. Concerns

Several large companies who are seeking graduates from the University of Nevada engineering college, have written to Dean G. S. Palmer, head of the college of engineering, asking for information. Some of the outstanding and promising positions being offered to engineering graduates vary from field work in foreign countries to teaching positions.

Among those seeking engineers for jobs in Afghanistan and other countries is the Morrison-Knudson Company of Boise, Idaho.

Salaries in these foreign countries will vary according to location and type of engineering. The range of wages runs from \$450 to \$600 a month. All transportation to and from job sites and living expenses while at the job site are paid by the company in addition to a salary.

### Seek to Employ Grads

The Kelley-Koett Manufacturing Company of Covington, Kentucky, and the Telluride Power Company of Richfield, Utah, are other companies seeking to employ Nevada engineering graduates.

The Telluride company has a position open to a graduate electrical engineer at Richfield, Utah, while the Kelley-Koett company, contemplating expansion, is looking for electrical engineers with degrees. Wages begin at \$175 per month with an increase of salary to \$200 per month when transferred to the field.

Iowa State College of Agriculture and Mechanic Arts is also trying to fill eight teaching positions on the staff of the electrical engineering department.

The levels of appointment will range from that of instructor to full professorship with salary adjustments based on the qualifications of the individual who is selected.

When the small boy was asked why he named his dog Ben Hur he answered: "I wanted to name her after Uncle Ben. Then I found out it was not a he so I called it Ben Her."

# Rifle Contest May Get Kinnear Points

A rifle shoot may be entered in next year's Kinnear trophy battle, if the proposal suggested in last Monday night's meeting is approved by the inter-fraternity athletic council, announced J. E. Martie, director of inter-fraternity sports.

The proposal which originated with Col. Gilbert E. Parker last semester, gained momentum at the recent meeting of the inter-fraternity governing body. The plan will be tested starting next month as an intramural contest, but will have no bearing on the Kinnear race.

After completion of the trial run this year, the event will be voted on by the committee next year.

# Senate to Hear New Song Ideas

Suggestions for a new University of Nevada song by representatives of men's and women's organizations will be heard by the senate in their regular meeting to be held at 7 pm Wednesday, Hans Wolfe, student body president, said today.

A new panel for the reorganization of the men's upperclass committee will also be presented to the senate at this time.

### DONATES BOOKS

Books received by the ROTC department have been donated to the university library recently for general student use, according to Col. Gilbert E. Parker, head of the military department.

The books were published by the military intelligence division of the war department and only recently made available for general circulation.

List of the books presented include The Winter Line, Pappan Campaign, Salerno, Volturno, The Admiralties, Merrill's Marauders and Omaha Beachhead.

# U of N Graduate Hostess in ETO

### Evelyn S. Honts Serving In Germany With Theater Group

Frankfurt, Germany (Army Special Services)—Evelyn S. Honts, daughter of Mrs. J. L. Semenza of 141 Vine Street, Reno, Nevada, is at present serving in the European theater as an army hostess for theater special services. Under the guidance of Major General A. R. Bolling, theater special services is responsible for the recreation and entertainment of the occupation troops in the European theater.

Athletics, libraries, motion pictures, service clubs and live shows are just a few of the many theater special services activities. Mrs. Honts was educated at Reno high school and the University of Nevada, where she obtained her BA degree. Prior to coming overseas she was stationed at Fort Ord, California, and Fort Lewis, Washington.

As an army hostess, Mrs. Honts will direct activities of one of the many service clubs which have been set up in the European theater to provide the occupation soldiers with homelike surroundings. The clubs contain reading and lounging rooms, snack bars, game rooms, record players, dance floors, libraries, handicraft shops and many other facilities for entertainment and recreation.

Senior: Have you subscribed to the college paper yet? Roommate: Nope. Why are you so worried about it? Senior: Well, why do you suppose I'm putting up with you?

# PLANS TO BE MADE FOR BULLETIN BOARD

Plans for a bulletin board to be constructed on the northeast corner of the quadrangle will be submitted to the finance control board when an estimate of the cost involved is completed by Carl Horn, superintendent of grounds.

Hans Wolfe, ASUN president, stated that the proposed cost will be submitted to President John O. Moseley along with a suggestion that the cost of construction be shared jointly by the university and the students. This proposal is made since the bulletin board will be of equal value to the faculty and students.

"Why don't you get out and hustle? Hard work never killed anybody," said the philosophic gentleman to whom Rastus applied for a loan.

"You is mistaken dar, boss," replied Rastus. "Ise lost four wives dat way."

# TURKEY COOKING

Preparation and cooking of Thanksgiving turkeys will be demonstrated to anyone interested by the cookery demonstration class next Tuesday, November 19, at 2 pm in room 108, Agriculture building.

Demonstrators will be Dorothy Thomas and Mary Clinton.
