

## CAGERS FACE USF QUINTET IN TWO TILTS

Nevada's Wolf Pack cagers will be gunning for their 20th and 21st wins tonight and tomorrow night against the University of San Francisco. Fresh from a double victory over Portland University, the Pack is favored to defeat the Dons in their series this weekend.

Playing against the top teams on the west coast, the Dons have copped 11 wins against 12 losses. In the Reno invitational tournament they were beaten by BYU 45 to 36, and defeated Colorado A&M, 45 to 22.

Included in their victories are a stunning upset over California, 34-31, and two wins over highly touted St. Mary's, 49-48 and 47-45. The Dons have also defeated Utah, Colorado, Regis College, Olympic Club, Loyola and San Francisco State.

### Drop to USC

The San Franciscans have dropped games to USC, UCLA, Denver, San Francisco Athletic Club, Sacramento Senators, San Jose State (twice), Borle Athletic Club and the L. A. Carrol Shamrocks.

Probable starters for the Wolf Pack are Bob O'Shaughnessy and Bill Moylan, guards; Grant Davis and Jimmy Melarkey, forwards, and lanky Hal Fischer, center.

The Dons are expected to start Guidice and Rodrigues at forward; McNamee, center, and Gibson and Hanley, guards.

## Assemblies Planned For This Semester

The assembly committee met at 4 o'clock Wednesday in the senate committee room. Hans Wolfe, ASUN president, presided at the session with Dr. Robert M. Gorrell present as the faculty representative.

The following assembly schedule was planned for the ensuing semester:

1. February 21, Friday at 11:00, Ski Club Assembly.
2. March (no date set), Phi Kappa Phi assembly.
3. March 21, Friday, special lecture assembly.
4. April 17, Thursday at 10:00, junior assembly.
5. May 2, Friday, 11:00, Mackay Day assembly.
6. May 29, Thursday at 11:00, inauguration assembly.

Attending the meeting besides Hans Wolfe and Dr. Gorrell were James "Jimmy" Glynn and Ty Short.

## SAE to Entertain LA Chorus Tonight

A mixed chorus of approximately 50 members from Occidental College in Los Angeles will be honored at a reception given tonight by Sigma Alpha Epsilon at the fraternity's chapter house.

The social affair will be held after the group's concert in the State building, and will start about 10:15. (The concert itself begins at 8:15.) Charles Mayo, SAE social chairman, has made arrangements for a number of hostesses, and the chorus director, Howard S. Swan, will be a special guest.

## SUNDOWNER ELECTION SCHEDULED THURSDAY

Thursday, February 20, 1947, will see the election of officers for the Sundowners.

With the graduation of Chief Herb Chiara last semester, it will be necessary to elect a new chief and also make plans for Sundowner's activities on Mackay Day at this meeting, it was stated by Max Dodge.

## Winter Carnival Program Outlined By Chairman

First Event Set Feb. 22 At White Hills; Skiers To Meet Friday

The program for the eighth annual University of Nevada winter carnival was outlined today by Mahlon Fairchild, chairman.

The carnival will begin Friday, February 21, with the skiers' meeting to be held at the student union building for all contestants.

Next on the program, 8 pm the same day, is open house at all sororities. Visiting skiers and Nevada students will be entertained by the women Greeks of the Nevada campus.

Saturday, February 22, at 10 am the first event of the tournament, the cross country race, will take place at White Hills on Spooner's Summit. Next event on the schedule is the jumping event, starting at 2 pm.

### Skiers' Banquet

Also on February 22 the skiers' banquet will be held at 6:30 pm, followed the same evening by the mammoth snow ball in the new gym at 9:30 pm.

The snow ball will see the crowning of the carnival queen who will be chosen from among the coeds of the visiting schools.

Ski clothing will be the optional costume for the dance—without the boots. Tickets will go on sale Monday, with each sorority, fraternity and dormitory having ticket salesmen, according to Virginia Olesen, chairman. A booth will also be set up in the YWCA snack bar.

### Sunday Highlights

Mt. Rose Bowl will be the site of all activities on Sunday, February 23. The day will begin at 10 am with the running of the colorful downhill race and will continue at 2 pm with the trick slalom, run down the face of Paulson Hill right to the lodge.

At 5 pm Sunday the carnival will wind up for another year, when all cups and awards are passed out to the winning schools and skiers.

## Mysterious Truck Is Surplus Stock

Charles H. Gorman, university comptroller, this week clarified the mystery of the navy truck that has been parked behind Lincoln Hall for some time.

He said that the truck, plus one bus, was assigned to the University of Nevada from navy surplus stock. No cash transaction took place. Application for these vehicles was made over a year ago. The arrival of the truck and bus was the first response made to this application.

The truck, equipped with a refrigeration unit that must be removed, will be turned over to the building and grounds department, while the bus will be used for transporting students to and from the university farm.

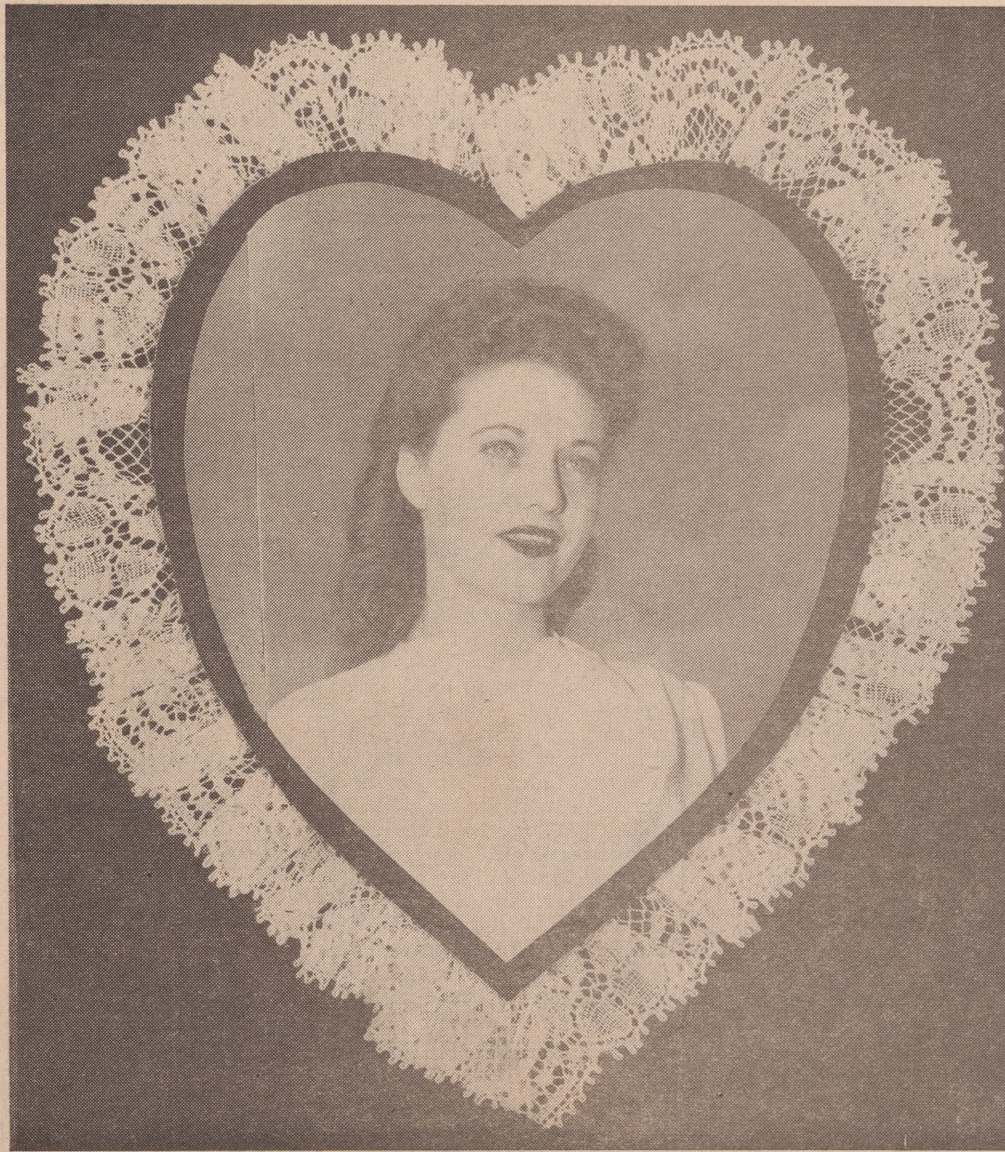

Mr. Gorman added that these vehicles will be used as soon as titles to them are received and licenses for operating them are acquired.

## Dean Moble Posts Vocation Openings

A new bulletin board for information on jobs and subjects of vocational interest will soon be posted outside the library building office of Elaine Mobley, dean of women.

This new board will interest students still undecided on careers, Miss Mobley said. It will display all material on various vocational fields received by the dean of women's office. A list of available jobs will be posted daily.

WILL YOU BE MY VALENTINE?

Here's one good reason for having Valentine Day 365 times a year. The gal who makes Nevada wolves want to play lap dog is senior Helen Shaw.

## Debate Tournaments Slated in Spring

Four tournaments are scheduled for the University of Nevada debate squad during the spring semester, Jack Diehl, debate manager, announced today.

The team will debate at the Institute of Technology at Pasadena, California, on February 21. Next meet will be at Lynfield College at McMinnville, Oregon, on February 28, and at Bakersfield Junior College March 27.

On its way to Tucson, the team will be in Las Vegas speaking before service organizations and the high school on April 1, and it will arrive in Tucson a day or so later.

All debate team members cannot go to all tournaments, Diehl said, because funds allowed the group are not adequate.

Members of the junior debate team are Bonnie Yturbide, Scott Whitney, Art Johnson, Jack Milinger, Huling Ussery, Dale Riley, Grace Storey, Patricia Carmichael, Fay Fryberger and Norma Carruth.

Gordon Hawkins and Jack Diehl comprise the upper division squad. S. J. Vinocour, instructor in English, is debate coach.

## Short-Sheeting Is Old Army Game, But Gamma Phi Pledges Bring It Up to Date With 'Friendly' Gags on Members

By Julie Baker

One should never eat peas with a knife, but there was no alternative for the Gamma Phi Beta active members at their dinner on Monday night, February 10.

Pledges and new initiates of the chapter took all of the silverware, except the knives, from the house as a part of their "ditch day" activities.

Ditch day was inaugurated in the Alpha Gamma chapter of Gamma Phi Beta at the suggestion of a national representative last fall. Its purpose is to bring the actives, new initiates and pledges closer to each other by

## Where, Oh Where Has Our Little Main Gone

No, a gold mine hasn't been discovered outside the English hall, only a leaky gas main. The digging started on February 4 with an inconspicuous little hole, but by this Tuesday it had grown to major proportions.

The main was laid about 1880, according to Carl Horn, grounds superintendent, and no proper blueprint was made of its location. The pipe has been leaking for some time, but the new propane gas, since it is heavier than air, has made the pipe's replacement imperative.

When the digging started, it was thought that the pipe ran along the edge of the walk in front of the English hall, about three feet underground. However, as the digging progressed, it became apparent that it did not run along the edge of the walk.

After a portion of the sidewalk had been undermined for some distance, the elusive pipe finally was found. It was very badly corroded, having half a dozen holes in a three-foot length. The whole length from Stewart Hall to beyond the English hall will have to be replaced, Horn said.

## COPS MAY CHECK SPEED DEMONS

A request for police assistance to curb reckless driving on the campus has been sent to the city council by President John O. Moseley.

No definite action has been taken yet since the matter is still being examined by the police committee. It is expected, however, that local police officers will be stationed on the campus during certain hours of the day as Dr. Moseley has requested.

This action has become necessary due to the increase of cars on the campus and subsequent increase of not-so-sane drivers. The fact that the roads of the campus are entirely too narrow has also served to aggravate the traffic problem on the Nevada campus, administration heads stated.

Also under consideration by the student senate is a plan to make one way streets out of the main campus thoroughfares. Under this plan cars would enter only at the University avenue gate and depart only on the north Virginia street exit, north of Artemisia Hall.

playing friendly jokes on actives. A committee was formed, names withheld by request, a few weeks ago to compile a list of tricks to play.

Pledge President Mary Lou Sewell said that because the day turned out so successfully, she thinks it may become a tradition of the pledge classes.

### Short Sheet

One active stormed from her room Monday evening muttering words which ordinarily would have meant 10 cents for the "cuss can." Somebody had short sheeted her bed. Then other discoveries were made. All beds in the house, with the exception of four belonging to

pledges and new initiates, were also short sheeted. Valentine notes were written with lipstick on mirrors, dresser drawers were switched, and all the light globes in the house were missing.

### Candy Soap

Another active dashed up the stairs yelling for water. She had fallen, as others had, into the trap; she had helped herself to a chocolate from the box of candy on one of the end tables. The pledges had left the candy there for a purpose; each piece was filled with soap or pepper.

When dinner was served with knives, the actives began to (Continued on Page 6)

## REPORT SUGGESTS AGGIE CHANGES

REGENTS ARE CALLED BEFORE LEGISLATURE COMMITTEE MONDAY

Members of the university board of regents, Dr. John O. Moseley, president, and Dr. Charles H. Gorman, comptroller, will appear before the state legislature joint ways and means committee Monday at 1:30 pm. At this meeting university administrative officials will request additional funds for the next two years' operation of the university.

## Dr. Leach Speaks In Ed. Auditorium At 7:30 Tonight

Dr. Henry Goddard Leach will speak on "Scandinavian vs. American Democracy in the Education auditorium, Friday, February 14, at 7:30 pm.

Dr. Leach, president of the American-Scandinavian Foundation, spent the spring of 1946 in the Scandinavian countries studying the revival of their democratic institutions after the war. A revival, Dr. Leach states, "so much more rapid than in America."

"Democracy in America is still in the blueprint stage," Dr. Leach asserts. "Scandinavian institutions are not subject to our violent political changes."

In 1946 Dr. Leach was chosen by Uppsala University in Sweden to be awarded the only honorary degree conferred upon a foreigner at its 350th anniversary.

From 1922 to 1940 he was editor of the Forum and Century magazines. The Forum was a "magazine of controversy" in which the public could present opposite points of view and which Carl Sandburg declared to be "the barometer of American intelligence."

At the beginning of World War II, Dr. Leach suspended publication of the magazine and devoted his time to the American-Scandinavian Foundation, an educational institution engaged in advancing intellectual relations between Americans and Scandinavians.

Dr. Leach is an authority on Scandinavian literature and an exponent of international education. He has lectured in many American universities and various civic organizations.

### JIM BAILEY GIVEN FIVE YEAR CONTRACT

Jim Bailey, track and boxing coach, has been given a new five year contract, announced Joe T. McDonnell, graduate manager.

Along with Jim's permanent status in these sports, he will also serve as assistant football coach.

Bailey's contract goes into effect July 1, and follows his present three year contract that started last fall.

### GRADUATE APPOINTED AGGIE INSTRUCTOR

John F. Giomi, 1941 graduate, has been appointed vocational agricultural instructor at Smith Valley high school, it was announced by Lloyd Dowler, state supervisor of agricultural education.

Giomi was a member of Phi Sigma Kappa fraternity and Blue Key campus service organization. He is a veteran of World War II and has a bachelor of science degree in agriculture.

## BUREAU IRKED BY PUBLICATION OF SUGGESTIONS

Recommendations of Group Involve Aggie Dean And UN Farm

"Publication of the report made by the citizens' advisory committee on the university college of agriculture before it was considered by the board of regents was unethical and uncalled for," Mrs. Florence B. Bovett, committee secretary and executive secretary of the State Farm Bureau, said today.

The report of this committee was compiled for the regents, recommending improvements in the college of agriculture following a two-day conference of Nevada farmers held at the university recently. Members of the committee were surprised by publication of the report before they had received copies and before the board of regents could act on it, Mrs. Bovett said.

Three years ago a similar committee made recommendations for improving the university's agricultural organization. Following this report Dean Cecil W. Creel was appointed dean of agriculture in addition to his job as a director of the extension division.

In their second report the committee suggested that a full time dean of agriculture be employed. Dean Creel's duties as director of the extension division require his full attention and another man should be selected as full time dean of coordinate the work of the college, extension service and the experiment station, it was recommended.

Recommendation was also made that the university sell the South Virginia 200-acre farm to provide funds for improving laboratories in the agricultural school.

## Men's Group Rig Strong-Arm Tactics For Campus Cutters

The date of the "mass attack" on campus cutters and other violators of traditions will not be made public, it was determined on Monday, February 10, declared Pete Hanford, head of the men's upperclass committee.

Meeting with Hanford were Jim Borge, president of Blue Key, and Max Dodge, representative of Block N.

Besides the mass attack, at which time members of these groups will "swat violators on the spot," Hanford said that the regular procedure of giving tickets to violators will be observed throughout the semester.

## Military Classes To Hear Moseley

Dr. John C. Moseley, university president, will compare ancient and modern warfare in a lecture at 11 am, February 17, before the elementary ROTC military classes in the education building auditorium.

The lecture, "If Caesar Could See Them Now," is being presented for the ROTC classes that are beginning a study of the evolution of warfare.

"Although classes will not be dismissed for the lecture, faculty members and students who are free from 11 to 12 may attend, as well as the general public," Dr. Moseley said.

## HONEST ABE LEADS WAY

By Pete Smith

Little known to the students of the University of Nevada, but an important factor in their being here, is Abraham Lincoln. When Lincoln, 16th president of the United States, led the fight for Nevada's admittance into the Union, he was also fighting for the beginning of the University of Nevada, whose founding was incorporated into the state constitution. When, on October 31, 1864, Mr. Lincoln placed his signature on Nevada's constitution, the University of Nevada was actually born.

Abraham Lincoln was born in Hardin county, Kentucky, on February 12, 1809. The pioneer era, with its comparative comforts, was just emerging from the Indian fighting period of Daniel Boone. His parents' log cabin home, with its dirt floor, was but a grade better than an Indian lodge; his food and clothing were more often the trophies of the chase than products of the soil.

His mother encouraged his education and young Abe spent many hours studying before the open fireplace with borrowed books and a wooden shovel, on which he practiced his writing and arithmetic.

While in his early twenties, Lincoln made two voyages on flatboats to New Orleans; served as a captain in the Black Hawk war; clerked in a store; acted as village postmaster, learned surveying, was chosen by his district to represent them in the Illinois legislature in 1834, and by self-education passed the examination for admission to the bar in 1837.

He was leader of the opposition against the spread of slavery and helped organize the Republican party.

Beats Douglas

In the election of 1860 he was elected president of the United States, defeating Douglas and

### Dog Patch Style Interfrat Dance Next April 12

On April 12 there will be an interfrat dance, which will be held in the new gymnasium. It will be an informal dance; very informal. The interfrat council is going to call it the "dog patch b(r)awl" and is hoping to have Fred Wood and his orchestra play for the affair.

The council has decided that a contest will be held to choose those students who look most like Li'l Abner, Daisy Mae, Hairless Joe and Pansy.

Each frat on the hill will appoint two of its men to be on the interfrat dance committee and two men for the cleanup crew next day, preferably pledges.

Advertising and ticket sales will be headed by Bill Gillis, while decorations will be handled by Dick Elmore.

The council added that all fraternities must turn in their scholarship cup lists immediately.

Breckenridge. When his inauguration took place on March 4, 1861, seven states had seceded. A month later, Fort Sumter was bombarded, and the Civil War began.

At the battlefield of Gettysburg, while dedicating the field as a national cemetery, Lincoln made a brief speech that will remain one of the greatest, both for its lofty sentiment and its matchless literary style.

On April 14, 1864, five days after Lee's surrender, Lincoln was shot by John Wilkes Booth at Ford's Theater, Washington. He died the next morning without recovering consciousness.

By statue and portrait we have all been made familiar with Lincoln's tall, spare figure, strong features, heavy black hair and deep-set, gray eyes. We are equally familiar with his simple, friendly manner, his humor and above all his tolerance.

Pre-eminent as is his place in history, he conveys the idea of duty rather than of glory. What Lincoln was is incomparably greater than anything he did.

### Former UN Student Helps Set Record

Alex Lemberes, former University of Nevada student, was a member of the army 1200 yard relay team which set a new academy record while winning this event in the annual West Point relays held there recently.

The team composed of Cadets Hammack, Lemberes, Nash and Davis, cut one-tenth of a second off the old academy record by covering the 1200 yards in 2:10.2, breaking the old record established in 1945. The Davis is Glen, the "Mr. Outside" of football fame.

Lemberes is a first classman at the military academy. He holds the rank of cadet captain. Besides having been an active member of the track team for the last three years, he was also a member of the army cross country team.

Lemberes, son of Mr. Stella Lemberes of 931 18th street, Sparks, was appointed to West Point from Nevada by Congressman Maurice J. Sullivan.

He was a member of Lambda Chi Alpha fraternity while at Nevada.

### BLUE KEY DISCUSSES CAR PARKING STICKERS

Parking stickers for cars of new students was the main topic discussed at the regular meeting of Blue Key held in the library seminar room on February 11, Jimmy Glynn, publicity chairman of the group, said today.

## New UN Buildings May Be Finished In Two Months

### Steam Boilers Have Arrived For Future English, Art Classrooms

Carl M. Horn, superintendent of buildings and grounds, estimated today that the new prefabricated classroom buildings now under construction on the northeastern end of the campus, should be completed within two months. Though two 20-horsepower, high pressure steam boilers have arrived, the necessary pipes and radiators are still lacking. These future classrooms will house the entire English department and possibly the art department.

### Psycho Wards

The buildings are of all-metal construction and were formerly used as psychopathic wards by army hospitals.

There are four buildings in all; two large units and two smaller ones. The larger units contain six classrooms approximately 32 feet by 20 feet and will accommodate about 30 students. Dr. Robert M. Gorrell, assistant professor of English, stated.

### Low Ceilings

The smaller buildings will have only four classrooms. Though the ceilings are low, six feet 11 inches in height, roofs are insulated, insuring maximum comfort during the forthcoming summer months.

Water pipes have been laid in preparation for landscaping the grounds in front of the new Engineering building. This project has been delayed indefinitely, however, now that classroom buildings have been constructed there. Mr. Hirn added that the buildings will remain there until the crisis, caused primarily by the influx of many student veterans, is passed.

## Grading System Not New, Says Dean; Has Been Used for Past Forty Years

Any student who believes he is not getting the grades due him should bring the matter before a joint meeting of the administrative council and the student senate, Dr. Fredrick Wood, dean of the college of arts and science, said today.

The grading system in use at the University of Nevada is nothing new, having been used here at the university for a good many years, Dean Wood added. University of Nevada Bulletin, number six, entitled "Rules and Regulations for the Information and Guidance of the University of Nevada Faculty," says:

### Grade Definition

"Definition of Grades. 'A, excellent, is that quality of work which may generally be expected from approximately the best 10 students out of 100 in any given course or subject; B, good, that quality produced by the next best 20 students; C, fair, the quality produced by the middle 40 students; D, passing, the quality produced by the 20 students just below the middle 40.

'E, for condition, is a temporary mark and is to be used when the quality of the work is doubtful and further opportunity is desired for the student to demonstrate satisfactory achievement. It is used when a student has for acceptable reasons been unable to complete the required work by the close of the semester. Upon the removal of a condition, the grade of D shall be given. Upon removal of an incomplete the student will receive whatever grade the instructor deems proper.

"F is failure or unsatisfactory work."

### Not Necessarily Flunks

This does not mean, however, that the leftover 10 per cent are necessarily graded as failures, Dean Wood added, although over a long period of time it will fall close to 10 per cent.

The final word on grades contained in University of Nevada Bulletin, number six, states: "Determination of final Grades.

"Each instructor will determine the final grades of his students by any method he may consider best adapted to his course."

This rule has been in force at the University of Nevada for at least the past 40 years, Dean Wood said.

### COMMANDER A. W. SCOTT TO SPEAK NEXT WEEK

Commander A. W. Scott, who is featured on the Greyhound radio program, "Romance of the Highway," will speak at the student assembly to be held at 10 am Friday, February 21, Hans Wolfe, ASUN president, announced this week.

## Vets Must Make Earning Reports

Reports of earnings of veterans attending the university under the GI bill must be turned in for the months of November, December and January. Students will receive no subsistence check for February until this is done, Keith L. Lee, veterans training officer, said today.

The following named men have not turned in the required report as of February 11:

Frank J. Bacigalupi, Calvin K. Casey, Chester F. Collins, Fred L. Desiderio, Joseph M. Foley, George M. Getto, William C. Hansen, Harold P. Keller, Harold D. Murphy, Orville J. Nelson, William Reinken, William G. Rigby, Linford D. Riley, Jr., James T. Smith, Robert V. Sullivan, Delbert E. Thomsen, Walter C. Tripp, Frank M. Torre and Donald Q. Turner.

## Men's Dance Group To Be Presented Feb. 17, 8:15 pm

Lynn Dancers to Present Second Concert Series in University Gym

Second in the dance concert series presented at the University of Nevada this year stars the Lynn Dancers, a group comprised solely of men. Their program will be presented in the new gymnasium on February 17 at 8:15 pm.

Billie Kennedy, president of the sponsor, Women's Recreation Association, stated that all profits from the performance will be donated to the ASUN building fund.

The Lynn Dancers is an unusual dance group. The entire troop—dancers, choreographers, costume designers, set and scenery designers—is composed of men. This is the second group of its kind in the history of American dance.

The Lynn Dancers was organized by Barry Lynn, who danced in army shows and appeared in his own concerts, while in service. Overseas, he was placed on detached service to the American Red Cross to handle a program of entertainment activities. It was during this period that he gathered and rehearsed a small group of dancers which made its first appearance at the Bari opera house in Italy.

Following his discharge from the army, he organized the dance theater with Virginia Tanner, and later withdrew from this organization to form his own company of men dancers with Nicolas Canoff and Paul Sherwood as original members. They are still with the troop.

## Vinocour's Debators Address Rotarians, Plan Radio Program

Nevada's debators will speak before the Reno Rotary Club February 24, announced Mr. S. H. Vinocour, debating coach.

The group will discuss the proposed city manager plan for Reno.

The debate squad is also planning a radio program each week on pertinent subjects. Mr. Vinocour said. In their next program Thursday evening over KATO, the debators' topic will be "Should Labor Have a Part in Management?"

Mr. Vinocour said that the debating team plans to have a panel of speakers to address various service clubs in Reno concerning the charter and city manager questions in the city.

## Highlander Group Has Get-Together

Artson Hardison, dance chairman of the Highlanders, announced that the group's dance last weekend was a "successful informal get-together." The dance was held in the recreation hall on Highland Terrace.

Dr. Robert S. Griffin, dean of men, was special guest for the evening. Music was furnished by a juke box.

"About 15 or 20 couples arrived," commented Hardison. "We all enjoyed ourselves."

The Highlanders is an organization made up of independent students living in McGoogle and Bourbon halls on Highland Terrace.

Catalogue: dialogue by four people.

## 'Joyous Season' Next Production Of Footlighters

"The Joyous Season," a drama in three acts, by Philip Barry, will be the next production of the Campus Players, Professor William C. Miller, director of the dramatic group, announced today.

With a cast of six men and six women, the play will be presented at the Reno Little Theater during the middle of March.

Barry's latest work in a series which include "The Youngest," "You And I," "In a Garden," and others, "The Joyous Season" is set in a Boston Beacon street mansion.

**1934 Production**  
It was first produced by Arthur Hopkins in New York City's Belasco Theater on January 29, 1934.

Professor Miller began try-outs for the cast last Wednesday. Scripts of the play are on the reference shelf of the university library.

## Frandsen Elected To Science Group

Professor Peter Frandsen, former head of the department of biology, was one of ten men elected to be a fellows of the California Academy of Sciences, it was announced by the director of the academy recently.

Professor Frandsen received this honor in recognition of his distinction in scientific work.

Professor Frandsen served on the university staff for 42 years before being retired in 1942. He was graduated from Nevada in 1895 with an AB. Then he went to Harvard where he received another AB and an AM. In 1924 he was given an honorary degree as doctor of laws.

Frandsen was instructor of bacteriology and zoology from 1900 until 1906 when he became head of the biology department, a position which he held until his retirement.

At the present time he is raising olives near Oroville, Calif.

## Suggestions Still Solicited, State Song Selectors

The school song committee is still open to suggestions, states Barbara Culley, chairman. Next meeting of the group is scheduled for Monday, February 17.

Other members of the committee are Jac Francovich, Dick Gilbert and Lewis Barrett.

The committee has two songs under consideration, "Nevada We Salute You," and "Fight for Our Nevada," both pep songs.

Professor Theodore H. Post says the committee will consider songs of a more sentimental nature because of the abundance of "fight" tunes.

Barbara Culley, who is a friend of Fred Waring, says that the possibilities of getting the band leader to write a song are good. Professor Post will contact him and explain what the students want. Much depends upon whether Waring's road tours will allow him enough time to devote to writing a song, Mis Culley said.

## Gamma Phi Beta Initiates Eighteen

Eighteen new members were initiated into Gamma Phi Beta sorority on Friday evening, announced Miss Dorothy Sewell, president.

New members are Shirley Bell, Alice Casazza, Joyce Cliff, Olive Dobyms, Pat Fee, Pat Furchner, Joyce Harris, Patti Jones, Margaret Kelso, Elinore McCray, Joyce McElwin, Rita Mortara, Jean Nash, Sue Pierson, Mary Lou Sewell, Alice Teske, Donna Wittwer and Marjory Kean.

A five o'clock supper preceded the initiation. A buffet luncheon was served at midnight followed by a slumber party for all members and pledges of the sorority.

## Alumni Directory To Be Published

The University of Nevada Alumni Directory will be published this year for the first time in six years, Rex Daniels, alumni association director, said today.

Three thousand seven hundred graduates, plus all former students, will receive cards in the near future requesting information to be included in the directory, Mr. Daniels said.

The cards will request name, class year, occupation and permanent home address of all former students.

When a student gets to feeling too high he often gets into other people's hair.

## Lawrence Sullivan Marries Vocalist; Sunday Ceremony

Lawrence Sullivan, University of Nevada pre-medical freshman, and Miss Victorian McKinnon, currently singing at the Bonanza Club under the professional name of Vickie Ray, were married in Minden Sunday morning. The ceremony was performed by the justice of the peace.

The couple renewed a year-old friendship about a month ago when the bride came to Reno from Hollywood to sing at the Bonanza Club.

Present at the ceremony were five of the bridegroom's fraternity brothers including Robert Larsen, best man; Roland Christiansen, Roger Brander, Pat Emery and David Bywater.

Mrs. Sullivan returned to Los Angeles this week to continue her singing career. Mr. Sullivan plans to complete his pre-medical requirements at the University of Nevada. He is a Sigma Alpha Epsilon pledge.

## Dance a Success, But Girls Scarce

Although Blue Key netted only \$2 in door receipts at its semi-annual get-together dance last Friday night, Jim Glynn, secretary and publicity director for the service group, said that he was satisfied with the results of the dance.

"Good crowd, good orchestra, good time, and the Blue Key broke even," Glynn said.

Glynn had only one complaint to make, and that was the lack

## Nevada Wolf Dons Western Costume On '47 Artemisia

A wolf in cowboy's clothing will adorn the front cover of the 1947 Artemisia.

Bearing out the western theme of the book, the cover done in beige color leather will be decorated with a western wolf embossed in dark brown, spelling out "Artemisia" with his lariat.

All of the covers for this year's book will be heavy board due to high costs of producing padded covers.

The covers have been ordered through the Escade-Smith Cover Company of New York, and will probably be made by their subsidiary firm, the Malloy Cover Company of Los Angeles, Rose Nannini, Artemisia business manager, said.

of girls at the dance.

The chaperones for the evening were Dr. and Mrs. M. E. Beesley, Dr. and Mrs. R. S. Griffin and Elaine Mobley, dean of women.

### Hawaii Hoopsters Oppose Nevadans In March Contest

#### Wolf Pack Meets Rainbows In First Cage Game Between Schools

Hawaii University basketball team will oppose the University of Nevada March 10 in Reno, Joe T. McDonnell, graduate manager, announced this week.

Wolf Pack gridders downed the Rainbows last year 26-0 in a football game played in the islands.

Nevada's regular schedule terminates with the home game series against St. Mary's Gaels February 28 and March 1, but the post-season addition was made to include the diminutive but speedy Hawaiian aggregation.

The Hawaiians will travel the same eastern circuit as did the Wolf Pack at the outset of the season. At the end of the junket, which will find them playing such teams as St. John's, St. Joseph's, Duquesne, and Georgetown, the Rainbows will stop off in Reno for a one-game stand against the Nevadans.

The game marks the third athletic contest between the two schools, the other two being in football games. Nevada won both grid contests.

### Skiers Affiliate With Cal Group

University of Nevada Ski Club voted to join the California Ski Association at a meeting held last Tuesday night with President Barnes Berry in charge.

The long lost ski club party, under the direction of Dewey Hansen, is to be held this Saturday night, February 15. All students are invited and admission charges for non-members will be one dollar.

Mahlan Fairchild, chairman of the coming winter carnival, said that there would be a ski assembly on Friday, February 21, and any members who wanted to be in it should contact Norman Olsen. Date for the next meeting has been set for February 25.

### Twelve Dancers To Join Orchesis

Twelve women will be initiated into Orchesis, women's dance club, on Sunday, February 16, according to Harriet Lee, president of the group.

Initiation ceremonies will be held in the Y room of the campus at 11 am Sunday. A breakfast at the Riverside hotel is planned after the ceremonies.

The initiates are Jean Brennan, Kay Brennan, Shirley McDonough, Cecilia Schindler, Alice Pettis, Lucille Thompson, Louise Thompson, Marjorie Montrose, Dolores Bona, Connie Burkholder, Bonnie Taylor and Velma Hokhold.

The ceremony will be a candlelight service during which the candidates will repeat the Orchesis oath and be presented with corsages.

A bamboo is an Italian baby.

### Engineers Offered Summer Positions By Federal Bureau

Work for engineer students who are interested in civil engineering and who have completed their sophomore year is being offered this summer. A station of the United States Bureau of Reclamation in Salt Lake City, Utah, will employ some applicants, Dean Stanley G. Palmer, dean of the college of engineering, announced today.

Messrs. George South and Francis Donhue, representatives of the Bureau of Reclamation visited the campus last week and will accept six engineering students who are interested in making extra money this summer. The applications for these jobs will be available in Dean Palmer's office next week.

Work will be done on the Newlands project and possibly the Humboldt area by the bureau this summer.

### Block N Society Form New Plans

Block N, honor society for letter men, met last Tuesday night in the ASUN building to discuss plans to re-activate. Max Dodge, president, stated that in the last ten years the club has slowly slipped from the prominent place it once held on campus, but intends to recover now.

The club formulated plans to combine with the Blue Key and the men's upperclass committee to enforce the University of Nevada's tradition.

The society also approved a list of names which was drawn up by the former coach, Jim Aiken. The following men will receive their letters if the committee on scholarship approves: Johnny Subda, Jimmy Aiken, Pat Herer, Bob McClure, Max Dodge, Tom Kalmanir, Bill Bass and Horace Gillom.

Richard Tilton, Richard Trachok, Lloyd Rude, Ted Kondel, Ed Sharkey, Don Talcott, Bill Morris, Harold Hayes, Scott Beasley, Bob Sullivan, Bob Bockman, Turk Eliades, Bill Mackrides, Chuck Siferd, Ken Sinofsky and Eppy Johnson, the manager of the football team, will also receive numerals.

### Non-Vets Topped In Term Average By Returned GIs

Veteran students at the University of Nevada have a higher scholastic standing than non-veterans, Keith L. Lee, veterans training officer, announced today.

This is due to the veterans' more mature attitude, and sincere desire to get an education, Mr. Lee said.

A total of 44 students were suspended from the university at the end of the fall semester. Of this number only 18 were veterans.

#### 153 Quit

Of last semester's veterans, 153 have failed to re-register for the spring semester. Eleven have graduated, some have dropped out of school entirely, or have transferred, and a few have interrupted their training under the GI bill in order to conserve their eligibility for later training.

Financial difficulties, and failure to find satisfactory housing for their families, have been primary reasons for veterans dropping out of the university, the training officer said.

By the end of registration replacements are expected for all withdrawals, Mr. Lee added.

#### LXA FRAT RENAMES LEADERS TO POSTS

Jordan "Turk" Eliades, president, and John Baker, house manager, were re-elected by Lambda Chi Alpha in a chapter meeting held Monday evening, February 10, Jimmy Glynn, newly elected sergeant at arms of the fraternity, announced.

Other newly elected Lambda Chi officers are Lyle McCartney, vice-president; Dave Moore, secretary; Mario Isola, treasurer; Eric Richards, assistant secretary, and Syl Matteoni, correspondent.

### Paradise Found! We'll Drink Our Cream Now

It never rains but what it pours!

Leaks in the gas line have been repaired and coffee is again on the menu of the YWCA snack bar in the basement of Stewart Hall. What is more, 90 pounds of sugar have been obtained by hook or by crook.

Coffee has been missing so long from the snack bar counter that when told sugar and cream were again within reach, student Jack Diehl replied, "No, thanks, don't like it without coffee."

### 60 Couples Attend Valentine Dance Held Last Week

Nearly 60 couples danced to Bob Warren's orchestra, among hearts and more hearts, at the Manzanita - Artemisia "Cupid dance last week.

Hearts strung across the room, and hearts in the walls proclaiming to all that someone wants someone "to be my Valentine" put dancers in the proper mood, even if the calendar showed them early by six days.

The dance was a reverse affair, and the orchestra called the dances. No other entertainment was provided. Chaperones were Mrs. Mabel Fulton, Manzanita; Mrs. Florence Peacocke, Artemisia, and Miss Elaine Mobley, dean of women.

Dance chairman was Joyce Longwell, in charge of refreshments was Meryde Brown, decorations was Roberta Butler and cleanup chairman Marge Friend.

#### ATTEND TEA

All YWCA girls will attend a tea in the basement of Stewart Hall on February 18 from 4 to 6 pm. The team will honor Mrs. Elsie Wells, regional secretary of YWCA, from Los Angeles.

Downtown YWCA members and faculty members' wives will also attend.

### Tuesday Deadline Set for Photos

"All seniors and juniors who have not yet been photographed for the 1947 Artemisia will have their final opportunity on Tuesday, February 18," Max Dodge, editor, stated today.

"We have done everything from telephoning each individual student to placing notices in the Sagebrush, on the bulletin board and around the campus to get these students to come out to have their pictures taken. Even after using all of these methods the students have not given us their full cooperation."

"Last year some of the students were not photographed and when the 1946 Artemisia came out several of the seniors and juniors did not have their pictures published. Since that time numerous complaints have come in from the parents of these students who felt that these pictures should have been printed. These complaints resulted in the printing of a separate page.

"We do not want a repetition of this or do we intend to print an extra page this year for students who are not photographed or do not return their proofs," Dodge concluded.

Inertia is the ability to rest.

### St. Valentine Hits Four UN Couples

Rushing in a little prematurely, St. Valentine brought a host of pinnings and a few engagements to the campus recently.

Mary Alice Bradley, Pi Phi, is now engaged to Stan Smith. They expect to be married in August.

Maclin B. Summers will marry Alice Louise McCray tomorrow, February 15.

Anna Mae Kemper is wearing Larry Paglia's Sigma Rho Delta pin. Paglia graduated from the University of Nevada last semester.

Carol Riley, Kappa Alpha Theta, is "pinned" to Howard Haman, Lambda Chi Alpha, and Charlotte Bearss is now wearing Dick Rowley's Lambda Chi pin.

A epistle is the wife of an apostle.

### SIGMA RHO DELTA HOLDS INITIATION

Sigma Rho Delta formally initiated five men last Monday evening.

The initiates are William Devlin, Henderson; Loren Doxey, Carlin; Irving Hackett, Pioche; Melvin Winsor, Panaca, and George J. Ornas, San Francisco, Calif.

## Nevada Fighters Drop First Meet To SF Ringmen

Staters Take Four Bouts In Seven-Match Card At New Gymnasium

Dropping the first boxing meet of the season last Saturday evening, Nevada's mittmen lost four of the seven bouts with San Francisco State College. The bouts were staged in the new gymnasium.

One heavyweight bout was forfeited to the visitors as Nevada had no contender.

Two men of the University of Nevada team, Howard Heckett-horn, 135 pounds, and Bob Thronson, 145 pounds, won their matches from men who had not been previously beaten this season.

Third winner for Nevada, Bill Horton in the 118 pound class, outpointed Clig Smart of San Francisco State.

### 1400 Present

Before a crowd estimated at 1400, San Francisco's Sal Silina, 120 pounds, out boxed Nevada's Joe Mirci. Next bout Heckethorn Joe Mirci. In the next bout Heck Heckethorn of Nevada trimmed Bob Tiner.

Terry Kilpatrick, 135 pound division, was out classed by Thronson of Nevada. Glen Kanig lost the decision to S. F.'s Jack Campbell in another 145 pound fight. In the third 145 pound fight Earl Maile of San Francisco out boxed Bill Baumann.

Lou Katk of San Francisco took a close decision ver Nevada's Gene Mills.

An exhibition bout was staged by Bill Morris, a Nevada football player, and John Wallace of San Francisco.

## Paniwallas Club Holds First Meet

Paniwallas, university swim club, had its first swimming meet at Moana Hot Springs on Thursday, February 6. Present membership is over 30 students, according to Pat Ireland, president.

The girls are working toward an adquadade to be presented in May.

While Paniwallas is the club for advanced swimmers, WRA swimming takes place at the same time and is open to beginners as well as to advanced swimmers.

Any campus men interested in joining the club may contact Miss Ruth Russell of the women's PE department.

## Frosh Cagers Meet Evershaw, K of P

Frosh basketballers, now under the direction of Coach Jake Lawlor, will take the floor against Eversraw's Tavern tonight in the preliminary game at the university gym at 7 pm.

The frosh, who cancelled their games last week because Lawlor accompanied the varsity to Portland, are favored to win over their previous showing with other town teams.

Tomorrow night they will play host to the Hawthorne K of P in the preliminary game. Little is known about the strength of the Hawthorne team.

## ATO SKI TEAM WINS TOURNEY

ATO skiers won last weekend's intermural meet held at Mt. Rose Bowl. The close runner-up was Sigma Nu with SAE third, Lambda Chi fourth and Theta Chi fifth.

Outstanding skier of the day was Sigma Nu's Harvey Rose, who walked off with an easy first in the downhill, placed second in the cross country and second in the slalom, in spite of a bad spill.

Officials for the meet were Turk Eliades, Lambda Chi; Wayne Bradford, SAE, and Barnes Berry, Sigma Nu.

Following is the record of the first eight who placed in each event:

Cross country: Duane Spencer, Theta Chi; Harvey Rose, Sigma Nu; Herb Brown, Lambda Chi; Lewis Ferguson, Theta Chi; Lauren Parraguire, ATO; Boyd Tieslau, Sigma Nu; Hallie Berry, Sigma Nu; Webb Coughlin, SAE.

Downhill: Harvey Rose, Sigma Nu; Boyd Tieslau, Sigma Nu; Lewis Ferguson, Theta Chi; Lauren Parraguire, ATO; Hallie Berry, Sigma Nu; Harry Swanson, ATO; Norman Olsen, ATO; Bob Nelson, SAE.

Slalom: Lauren Parraguire, ATO; Harvey Rose, Sigma Nu; Norman Olsen, ATO; Webb Brown, Lambda Chi; Hallie Berry, Sigma Nu; Lewis Ferguson, Theta Chi; Harry Swanson, ATO; Ted Sherman, independent.

### BASKETBALL MOVIES

Moving pictures of the Nevada-St. John's basketball game played in Madison Square Garden on December 10 will be shown in the education auditorium February 19 at 7 pm, Hans Wolfe, ASUN president, announced this week.

Ibid was a famous Latin poet.

## Nevada Scorers Top West Coast

Nevada's well oiled scoring machine rolled into high gear as three Wolf Pack cagers are leading, one, two, three, respectively, in the west coast scoring race.

Filling the hoop with incessant barrage of baskets in last Wednesday's 63-53 victory over the Olympic Club, sharpshooters Bob O'Shaughnessy, Grant Davis and Jimmy Melarkey forged further ahead in the torrid race for scoring honors.

O'Shaughnessy continued his sizzling pace to increase his scoring record to 339 points in 26 contests. Closely following "Shag" is Davis who has garnered 299 markers in 25 games. Jumping into third spot and steadily climbing up on the scoring ladder, little, dynamic Melarkey has collected 270 tallies in 27 contests.

Ranking tenth nationally, "Shag" has a chance to climb even more prominently on the nation's scoring ladder providing he hits the basket with consistent accuracy in this weekend's encounter with powerful USF.

The following tabulations in the west coast standings are complete up to tonight's game with the Dons.

Name, School	FG	FT	TP	
O'Shaughnessy, Nevada	26	138	68	339
Davis, Nevada	25	125	49	299
Melarkey, Nevada	27	106	58	270
Hauser, Denver	20	106	54	266
Nichols, Washingt'n	20	90	70	250

## Ski Squad Wins Auburn Contest

University of Nevada ski team traveled to Cisco, Calif., last Sunday and walked off with the Auburn invitational ski meet by taking the first four places in the slalom, and placing second in the B class jumping.

Competing in the events were skiers from Auburn, University of California, Lake Tahoe, Reno, Mt. Shasta and Placer College.

Sigurd Ulland, state champion from Oakland, won the class A jumping event with a spectacular leap of 140 feet.

Although slightly overshadowed in the slalom by Les Hawkins, Jerry Wetzel, the newest addition to Nevada skiers, was the individual star by taking second place in both slalom and class B jumping events. Close behind Hawkins and Wetzel in the slalom event were Barnes Berry and Mickey Munley, both of the Nevada ski team.

Not to be outdone by the men's team, Nevada's skiing coeds showed well when Nannie Brown placed second and Violet Bangle placed fifth in women's slalom.

Get your weekly Brush off.

## PACK TRACKS

By Ray Gardella

### SKI CONTROVERSY

Anyone playing on a varsity team may compete in interfraternity sports providing he hasn't received a letter in that event. Also required is the consent of the varsity coach, stated Doc Martie, PE head.

Intramural skiing last weekend led to a controversy over these rulings and drew some unfair criticism in respects to eligibility.

Two varsity skiers withdrew from competition during the ski meet on their own intuition because of protests from other frat houses. If they abided by the above mentioned rules, they were eligible and could have competed in the meet.

### MARCH OF DIMES

Nary a quibble was heard from the numerous students who laid aside their ASUN cards and paid full admission to Wednesday night's March of Dimes benefit game.

The large crowd that came to witness an average ball game made one feel that the age of chivalry still exists. It was an encouraging sight to see that the needs of an unfortunate few were answered by such a considerate many.

### NEW REGIME

Nevada's grading system has taken its toll of prominent Pack athletics. The ineligibility axe has dealt a stunning blow to the Pack's hopes of maintaining their position on the ladder of gridiron esteem that Jim Aiken and company worked seven years to achieve.

Nevada's new grid coach will face a difficult problem if he has to depend on last year's first string gridsters to carry the burden of the Wolves' grid chores this coming fall. Only eligible gridsters left from the starting eleven are Bill Mackrides, Scott Beasley and Tommy Kalmanir.

Ted Marlia, all-stater from Sparks, who entered USF last fall, has registered at Nevada for the spring semester. The versatile athlete may see plenty of action with the Pack next season.

### ONE-TWO-THREE

The one-two-three scoring position of Nevada's O'Shaughnessy, Davis and Melarkey may coincide with

current reports from the east that our Wolf Pack is being mentioned as a choice for participation in the national invitational tourney in Madison Square Garden next month.

The Pack gained plenty of popularity during their eastern excursion. Their basketball know-how and shooting ability that toppled St. John's from the undefeated ranks left a favorable impression with inspired eastern cage fans.

### SIDE TRACKERS

Many good football teams have been sidetracking Nevada on their 1947 schedules as evidenced recently by Hawaii's signing up to play Montana State on a date tentatively set for a Nevada-Hawaii rematch.

The reluctance of such teams to face the Pack is good evidence of the prestige and prominence that Nevada has gained during the last few years.

### SLUGGING AFFAIR

University pugilists fared well in their first intercollegiate boxing tourney at Nevada since 1930. A somewhat disappointing crowd witnessed a talented array of boxers exchange fist-cuffs in several exciting bouts. Lack of experience proved the deciding factors with SF State nosing the Nevada mittmen 4 to 3.

A magnet is a thing you find in a bad apple.

## Portland Pilots Bow to Nevada

Grant Davis' Set Shot Pulls Wolf Pack Over Hump

Led by speedy Grant Davis and pivot man Hal Fischer, the Wolf Pack quintet swept double victories from the hard playing Portland University Pilots last weekend at Portland, 43-42 and 61-48. These victories were Nos. 17 and 18 in 26 starts.

After a one sided Nevada first half Friday, the Pilots roared back in the second stanza and overtook the Wolves. The Portland lads led 42-41 until Grant Davis dropped in a long set shot and put the Packsters over the hump. The 14 points scored by Davis were equalled by Ford of Portland. O'Shaughnessy of Nevada scored 11 points and Melarkey came through with eight.

Saturday night saw the Wolf Pack running Portland ragged to hand the Pilots a 61-48 drubbing. It was Hal Fischer, lanky center of the Pack, who set the

sizzling pace with 17 points. O'Shaughnessy was plugging the ball in from farther out and scored 13 points, second only to Fischer. Jimmy Melarkey and Grant Davis were deadlocked with 10 points each.

Coach Lawlor, commenting on the victories, said that the squad seemed to play better ball as a whole, seemed to move faster, and had more zip in general than in recent previous weeks.

### Gamma Phi Gags Pulled by Pledges

(Continued from Page 1)  
 realize the humor of the situation. Then plans for revenge began. While the pledges and new initiates had dinner at Gabe's, actives thought of ways to be as funny as their little sisters had been.

Faithful to the last, President Dorothy Sewell and house mother Addie Rankin refused to disclose the hideout of the pranksters, thus thwarting the plan to have police pick the girls up on charges of stealing silverware.

#### Ah! Revenge!

When the culprits returned to the house, they found three more beds short sheeted, those belonging to the pledges living in the house, and shoes, hair pins, perfume and books belonging to these same pledges were missing.

Those girls living in the halls or at home escaped punishment for the time being.

A special cold bath was given one of the pledges later in the evening. The special part was that she was taken by surprise and did not even have to get undressed.

"We hold no grudges," said the actives, "but just wait until next Monday night."

On the hill it's up.

### Women's Honorary To Initiate Four

Cap and Scroll, women's honorary society, will initiate one faculty member and three students on February 18, according to Virginia Olesen, president of the organization.

The ceremony will be held at 5 pm in the YWCA room or Artemisia Hall, and will be followed by a dinner for members and new initiates at Club 116.

Those to be initiated are Elaine Mobley, dean of women; Helen Brania, Jane Perkins and Gloria Rosaschi.

### Semi-Annual Meet To Hash Grading

Semi-annual joint meeting of the administrative council of the university and the student senate will be held Wednesday, February 19, at 4 pm, in the English seminar room of the library, Hans Wolfe, ASUN president, announced today.

Wolfe stated that the grading system will be discussed at that time and clarification of the system might be made. Student senators will prepare questions for discussion on any important issues.

### ARTS GROUP PONDER MEMBERSHIP NAMES

At the meeting of the fine arts group held February 10, names of various people were brought up for membership. Ten hours extra-curricular work in the arts are necessary for membership.

New members will be announced soon, according to Miss Virginia Olesen, president of the club.

### Electronic Course Offered Next Fall

Junior engineering students will be able to major in power, or electronics, next fall, Dean Stanley G. Palmer, dean of the college of engineering, announced today.

The electronics courses will include study in communications, circuits, television and radio for those who will major in that subject.

Two laboratories are being built in order to provide space for these new courses, stated Dean Palmer. They are as follows:

1. A fundamental electronics laboratory to learn the principles. It will include the study of vacuum tubes, gaseous tubes and simple circuits.

2. A laboratory to study the application of electronics to industrial equipment. It will include the study of high frequency heating, X-ray, rectification, and electrical control.

Students who had electronics education in the armed services are helping to build these laboratories.

Equipment for the new laboratories has been obtained from army and navy surplus and from individual electrical manufacturing companies.

The laboratories are being set up with individual benches with an electrical inlet and outlet to each. This method was employed in the army and navy and proved successful. The benches will accommodate 50 students.

### Surplus Equipment Sent to EE Dept.

Surplus army and navy material, approximately ten thousand dollars worth, has been received by the electrical engineering department, it was announced today. Professor Irving J. Sandorf, who was designated to procure electrical and other surplus equipment for the university.

"The big fish got away," Professor Sandorf said. Some surplus goods applied for by the electrical engineering department were diverted to the state educational system of California.

Had the University of Nevada received this material, which included radar equipment, it would have brought the total close to \$100,000. This figure does not include the truck and bus already assigned to the university.

Many private concerns, such as the Bell System, GE, and Westinghouse have donated equipment.

### EX-NEVADA STUDENTS VISIT U OF N CAMPUS

Bob Ravera and Jack Dieringer, former students of Nevada, were visiting the campus during the past weekend.

Ravera, a member of Alpha Tau Omega fraternity, was a halfback on the 1945 Wolf Pack football squad. He is attending Fresno State College in California, and was in Reno visiting his folks during the semester break at Fresno.

Jack Dieringer was in Reno visiting his family also. He is a member of Sigma Nu fraternity, and was a letterman on the Nevada football squads both in '44 and '45. He is now attending the University of California at Berkeley where he is majoring in pre-med.

A woman's strongest asset is a man's imagination.

Some girls are afraid of mice. Others have ugly legs.

### Final Week Fixed For Individual Pics

Final individual pictures for the Artemisia will be completed next week, according to Doris Hanssen, who has been handling the job during the semester. New sorority pledges will be shot on Monday and a cleanup of new fraternity pledges will be completed Tuesday.

This week all juniors and senior pictures were taken.

Sundowners and Blue Pepper shots were also finished. Dick Elmore and his "boys" are still busy taking group pictures of various activities and should be through before the end of the month, Miss Hanssen said.

**ELECTRONICS ENGINEER**

**The Story of DICK LONGFELLOW**  
 MINNESOTA '37

An engineer for his University broadcasting station, Dick handled controls during football broadcasts.

Among his present assignments is included work on radio sonde equipment, used to determine weather data.

NO small factor in Dick Longfellow's decision to come with General Electric was the knowledge that at G.E. he could continue his studies in electronics engineering. Dick had grown up with electronics. He had operated his own amateur radio station when he was 14, and at Minnesota he had specialized in communications.

With this background of intensive study, he was well-prepared to take advantage of the courses available to him at General Electric. His outstanding work during two years of high-frequency studies earned him electronics assignments first, in the Research Laboratory, and later, in 1940, with the Transmitter Division.

Since then Dick Longfellow has been shaping for himself the kind of a career he began planning long ago. He has worked in television, has designed ultra high frequency radio tubes, has contributed to the development of radar. Today, after ten years with G.E., he is Chief Engineer of the company's Electronics Specialty Division.

Next to schools and the U.S. Government, General Electric employs more college engineering graduates than any other organization.
