## Tickets Limited For Mackay Day Luncheon Seats

**Chairman Dace Ricketts  
Announces Priorities  
For Seating**

Seats for the Mackay Day luncheon in the gymnasium will be at a premium as facilities are available for only 1200 persons, Dace Ricketts, luncheon chairman, said as she announced tentative ticket sales schedules. These plans were revealed at a committee meeting held last evening in the ASUN building.

Students will be given first chance at the limited seats, faculty members second and then sales will be opened to townspeople. Deadlines will be published as to when members of each group will purchase seatings and unless dates are adhered to some will be unable to attend the luncheon and program.

Sorority houses will elect queen candidates Monday evening, April 14. Pictures of the entries will be taken during that week and submitted to Lyman Earl, Mackay Day chairman.

Further warning was given groups planning to enter song teams in the luncheon competition. If in the opinion of the judges any member of a song team appears to be intoxicated, that team and the represented group will be disqualified from further competition in any event. Teams will be limited to eight members.

Barbs, independent group, was invited to enter song team competition. Their male team will vie with fraternity octets and the women teams with sororities. No mixed groups will be eligible, Earl said.

Groups entering male song teams must also appear for work on the designated dates in order to try for the awards.

Plans are being made to have open house parties on Friday evening, May 2.

## New Head Coach To Meet Assembly

Joe Sheeketski, newly arrived Nevada football coach, will be introduced to the University of Nevada students at a special assembly to be held Thursday, April 10, at 10 am announced Hans Wolfe, student body president.

Tosca Masini, head yell leader, has been given the job of creating a fitting yell for the new Nevada grid leader.

President Dr. John Moseley will officially greet Sheeketski as a member of the administration department.

Joe T. McDonnell, graduate manager, along with Coaches Jake Lawlor and Jim Bailey will also be guests at the assembly.

Block N will present a skit and the university band will participate in the program.

## PA System Critics Okayed by Engineers

"The various suggestions by certain members of the student body on the quality of the announcements made over the public address system are appreciated," Bob Chester, vice-president of the AIEE, revealed today.

"In the future we will try to make our announcements appealing to the general public," Bob Chester said, "and we will try to get records that we all like."

The AIEE, American Institute of Electrical Engineers, have been using a public address system to announce meetings and socials of the various organizations on the campus in order to raise funds for their extracurricular activities.

## Athens Too Distant For Easter Jaunt, Say Exchange Gals

Athens, Greece, is too far for a ten day trip. Angeline Constantinidou and Sophia Paraskeva, both of Athens and now residents of Artemisia Hall, won't be able to make the trip home during Easter vacation. They plan to go to San Francisco instead during the holiday.

Most of the other students on the campus, however, plan to go home. The Easter vacation begins tomorrow at noon and will last until 8 am Tuesday, April 8.

Both of the women's dormitories will be closed for the holidays. The men's dormitories will remain open for males planning to remain in Reno.

The Tri-Delta house is the only sorority which will close during the Easter recess.

The Gamma Phi, Theta, and Phi Phi houses will remain open and there will be chaperones living in the houses so that the women who are unable to go home may stay there.

Three of the fraternity houses will remain open and three will be closed. Alpha Tau Omega, Lambda Chi Alpha and the Sigma Nu house will be closed during the vacation.

Phi Sigma Kappa, Sigma Alpha Epsilon and the Theta Chi houses will remain open.

## Haman Explains Shaving Excuses

What shall I do about raising a beard if I am working or am not able to raise any because of medical reasons?

This question, which is being asked from day to day by many of the men on campus, was answered today by Howard Haman, chairman of the men's upperclass committee. Haman set down a few simple rules which must be followed in order to be excused from beard growing.

To be excused:  
1. Secure a letter from your employer stating that he wishes you to be clean shaven while in his employ. A simple, concise letter setting forth the facts is all that is required.

2. If you are afflicted with skin diseases which are being treated, you must obtain a similar excuse. No lengthy diagnosis is necessary for this. A short statement from your doctor requesting that you be excused is sufficient.

3. When these letters or excuses have been acquired, you must turn them in to the ASUN office in the Student Union building. This may be accomplished by taking the excuse there personally or by dropping it in the mail slot at the front door.

4. All excuses must be in to the men's upperclass committee by 11 am Wednesday, April 9.

All excuses will be examined on that day by the committee and will be either accepted or rejected. A list of all the approved excuses will be published and posted on the university bulletin board shortly after the Easter vacation. Chairman Haman also warned that a penalty will be levied on those who either fail to comply with the regulations or who turn in late excuses.

## BLUE KEY ENFORCES PARKING REGULATIONS

"The upperclass committee has no authority over the parking on this campus," said Hans Wolfe, ASUN president, said today when asked to comment on parking regulations.

Wolfe further stated, "Parking authority and regulations are the function of the Blue Key society, campus service organizations." All complaints regarding automobiles on the campus must necessarily go to the Blue Key.

Stepping into his new job as Nevada's head football coach, Joe Sheeketski is met by ASUN President Hans Wolfe and some of the gridders who will play under his tutoring this fall.

## Nevada Debaters Face Redland U In Weekend Meet

Women will represent the University of Nevada on the debate team for the first time since before the war. Five women will accompany the mixed squad of 14 when they leave for Redlands, California, where they will debate with the University of Redlands team on March 27 to 29. The women are Patricia Carmichael, Grace Storey, Fay Fryberger, Barbara Martin and June Evans.

The men on the squad are Gordon Hawkins, Jack Diehl, Dale Riley, Arthur Johnson, Jack Millinger, Bonnie Yturbe and Rex Jemison.

**Left Wednesday**  
The team left Wednesday morning at 8 o'clock and was accompanied by debate coach S. H. Vinocour.

"Resolved: That labor should be given a direct share in the management of industry" is the question upon which all teams will debate.

Two members of the team, June Evans and Rex Jemison, will enter the individual events. Rex Jemison will also debate on the one man team.

Extemporaneous speaking, impromptu speaking, discussion, original oratory and interpretive reading make up the individual events which the two Nevada contestants will enter.

Mr. Vinocour hopes that the team makes the finals. He added that the best male member of the team, selected by him, along with senior member Jack Diehl, will accompany him to the Pacific forensic meet at Tucson, Arizona, on April 1, 2, 3. They will compete with the University of Arizona there.

## Brush Ad Staff Calls for Help

Ad layout men as well as "ad chasers" are urgently needed to aid the business staff of the Brush with the Mackay Day edition.

Dick Rowley, business manager, states there is a good chance that the Brush "will be sweeping the campus with from 16 to 18 pages."

With an edition of this size looming on the horizon for May 2, he said, "it is a good opportunity for all students who are majoring or minoring in business to get some practical advertising experience."

Students interested in helping with the Mackay Day edition may contact Dick Rowley or Ted Furchner at the Lambda Chi Alpha fraternity house this week.

## DOWN TO EARTH

## LIBE TO BE OPEN EASTER VACATION

Eager beavers who ignore the Easter bunny long enough to do some work over the holidays will find the university library open to them.

The library will not be open on Sunday, but will be open every day of the vacation week from 9 until 12 noon.

There will be at least two people on duty during the time the library is open, says James J. Hill, librarian.

## State Legislature Increases Nevada Biennium Budget

Culminating one of the most controversial sessions in the history of Nevada's state legislature, the University of Nevada received a biennium budget increase of \$400,000 over the present state income of \$600,000.

Despite rumors of mistrust of university administrators all but one of the bills requesting appropriations was passed by the 43rd legislature before it closed its doors last Sunday.

A bill to rehabilitate the agricultural school's South Virginia farm, badly needed as an experimental laboratory, died in committee because proposed improvements, expected to cost \$50,000, were considered unnecessary.

From the state post war fund the university receives \$326,000, transferred from the proposed new classroom building, for construction of a new heating plant. An additional \$200,000 from this fund is being set aside to match federal aid for construction if and when it is given.

A two-cent increase in the income of \$36,000 for university public service, appropriates \$96,000 for support of such services as the experiment station, extension service, food and drug experiment laboratory, veterinary service and the state analytical laboratory.

The one-cent income formerly earmarked for the Farm Bureau, which has been divorced from the university, will add \$24,000 to support of the public service. Funds for support of this service from taxation will not be available until 1948. A fund of \$4750 was provided to carry on this work until then.

## SAGEN MEETING

Next meeting of Sagens, women's upperclass service organization, will be held April 18 at 7:15 pm in the committee room of the ASUN building, President Jo Miller announced this week.

## University Singers, Guests Entertained Tuesday Evening

**Musical Program Featured  
Talented Members  
Of New Group**

Members of the newly organized University Singers entertain at a musical and dance held last Tuesday evening in the YWCA snack bar.

A varied program of solo, quartet and instrumental numbers featuring members of the campus choral group was presented in conjunction with an informal audition for solo parts for the opera "Mikado" which the English and music departments plan to stage this semester.

The program included "Liebestrom" presented by a trumpet quartet comprised of Dick Pursel, Bill Buck, Robert Whittemore and Eddy Goomes; "I'll Travel Alone," contralto solo by Gloria Rosaschi; "Anniversary Song," tenor solo by Filmore Daniels.

A quartet comprised of Daniels, Robert Yim, Whittemore and Robert Childs sang "A Tack" and "Where My Caravan Has Rested." Virginia Moore sang the soprano aria from the opera "Madame Butterfly."

Nona Lee Tuttle, Nora Saunders and Gloria Rosaschi sang a trio version of "Deep Purple." Miss Tuttle and Robert Scott presented a duet "I Still Suits Me."

Robert Childs entertained at the piano with spontaneous boogie called "Blues for Breakfast." As a finale Al Barrios and his guitar brought back Wolves Frolic memories with his South American folk songs.

Refreshments were served and dancing to records followed. Chaperones for the party were Professors Theodore H. Post and William C. Miller.

## Parking Lot Lines Painted This Week

Sixty-four freshly painted parking lanes are now available in the upperclass men parking lot across from the Education building. The white painted strips were completed by the state highway department this week.

The Blue Key, upperclass men campus service organization, arranged for the work.

Tryees of the Blue Key organization marked the lines out in chalk on Saturday.

A state highway department work crew sprayed the white lines early this week.

## COACH JOE SHEEKETSKI TAKES OVER PACK REINS

### Freshman Women Display Garments At Fashion Show

Fourteen Nevada freshman coeds modeled play clothes, afternoon dresses, top coats, suits, formals, and evening wraps from downtown stores at the annual AWS fashion show held Thursday evening in the new gym.

Florine Miller acted as commentator and described the fashions as they were modeled on a stage banked in ferns. Refreshments were served from green trimmed tables during the intermission.

Stores through which clothes to be modeled were obtained were Gray Reid Wright Co., J. C. Penney Co., Toby's Sports Shop, Wonder Dress Shop, Joseph Magnin, Rite Dress Shop, Vogue, Inc., and Doris Wilson Shop.

Patrons and patronesses were Hon. and Mrs. Silas E. Ross, Dr. and Mrs. John O. Moseley, and Dean Elaine Mobley.

Models' hair styled by the Delphine Beauty Shop and local beauty counselor's made up the models.

The AWS fashion show is held each year to secure funds for their annual \$25 scholarship, which is presented to the woman student who attains the highest average grades for the year and who receives no other scholarship.

## Explosion Victim's Eye To Be Saved

Manuel F. Drumm, fellow in chemistry who was seriously injured last week in an explosion in the chemistry laboratory, will not lose the use of an eye as had been feared, Dr. George Sears, head of the university department, said today.

An error in an experiment designed to recover pure silver nitrate from silver residue was the cause of the explosion, Dr. Sears reported.

Mr. Drumm came to the University of Nevada last September to study for his master's degree. In addition he has been teaching some chemistry classes. He is a war veteran and a graduate of Monmouth College, Illinois.

The injured man is being treated at the Veterans Hospital.

## Orchesis to Attend Dance Symposium

University of Nevada Orchestras members will participate in the dance symposium at Los Angeles Saturday, March 29, announced advisor Miss Jacquelyn Van Gaasbeek.

Several leading colleges of the Pacific coast will also be entered in the meet to be held at University of Southern California. Each school will present their own dance creations.

Along with Miss Ruth Russell, Miss Elsa Sameth and club advisor Miss Van Gaasbeek, students making the trip are Louise Thompson, Lucille Thompson, Betty Bender, Alice Pettis and Alice Arentz.

Master lessons in dancing will be given to all participating groups.

## NANNINI ANNOUNCES SENIOR DEADLINE

Today is the last day for students to order their senior announcements, Rose Nannini, who has charge of announcements, said today.

She also stated that seniors should watch the bulletin board for the arrival of the announcements.

## New Grid Mentor Arrives by Plane

Soft spoken Joe Sheeketski arrived here by plane Wednesday to take over the coaching reins of Nevada's fighting Wolf Pack.

Upon his arrival he was greeted by a group of students, alumni, fans and local reporters.

The new grid mentor seemed confident and sincere when interviewed.

"I have been impressed by the friendliness and profound sincerity of the people whom I have met to date, and I am sure my stay here will be pleasant," said coach Sheeketski.

Spring football will be held during Easter vacation, said Sheeketski, and added that the first week would be devoted to classroom work in which basic fundamentals would be discussed.

"I am particularly interested in finding the boys who desire to play football, and through these players we will have a good, fighting, aggressive football team," continued Joe.

Sheeketski stated that the formation with some variations would be used, plus the Notre Dame offense. He said, "The boys like the T, and I have been using it since my second year at Holy Cross in 1941."

**Irish Star**  
Back in 1931, Joe played regular halfback on a great Notre Dame eleven along with such backfield stars as Jaskowich, Melnikovich and Marchie Schwartz.

Sheeketski's wartime service was devoted to the FBI. His job was fascinating and required a valuable football asset—promptness.

With a calm and penetrating voice, Sheeketski added, "The impression I received from meeting several of the players during my first visit here was instrumental in my final decision to accept the Nevada coaching job," and said that he especially admired the helpful attitude and keen interest the Nevada people have exhibited regarding the welfare of the school's sport program.

"Although too much cannot be expected from the type of schedule that has been set forth," said the new coach, "I can guarantee that from the number of games won and lost, the team will be very representative."

He said that fans can expect a fighting team and one that people will enjoy watching.

The new grid mentor mentioned that he expected strict adherence to the training rules set up by the university.

The head football coach and Nevada's new athletic director will be introduced to the student body in a special assembly to be held April 10.

## Everything Snafued For May 17 Date

A conflict on the social calendar for May 17 still exists despite efforts to rectify the situation. The military ball, engineers dance and Saddle and Sirloin are scheduled for that evening.

Yesterday Jimmy Glynn, chairman of the Engineers Day committee; Merton Dmonoske, captain of Scabbard and Blade; Dean Robert S. Griffin and Dean Elaine Mobley meet in Dean Griffin's office to find a solution for the conflict. Nothing definite was accomplished and the evening is still divided between the three groups.

### TIME FOR A CHANGE

Nevada's new football coach, Joe Sheeketski, stepped out of his plane Wednesday night to be met by a cheering crowd of 25 laryngitis afflicted fans. He must have been greatly impressed by such a clamorous reception. Any speech that he had prepared during the flight must have seemed unfitting for the occasion.

This lack of interest in the new gridiron leader follows closely the intense apathy students have shown toward everything else happening on the hill during the past year. The campus population has all the vim and enthusiasm of soggy pretzels.

School spirit at the fall football games was kept alive mainly by a few opportune (but frowned upon, of course!) drunks. School spirit during the recent basketball season was non-existent. This was made particularly evident during the state championship playoffs of the high school teams held here in late February. The contrast between the spontaneous cheering and splendid enthusiasm of the high school crowds and our own rather mouldy and misplaced dignity at games was all too obvious.

Sports are not the only activities that show such a complete lack of interest on the part of the student body. Elections, dances, service group work, assemblies, lectures, and general support of student leaders have been marked by the absence of interest.

The assembly to be held in April for Coach Sheeketski will give the student body an opportunity to show him that they do have some interest in the affairs of the campus. If there is no turnout it will show him just what he is up against in trying to do any kind of job for an unappreciative university.

It is not just an idle beating of gums to say that the results of his coaching will depend largely upon the support given him by the student body. A repeat performance of the type of reception shown at his arrival may change his ideas about being glad to be at Nevada. Let's give him a fair shake.

### Interfrat Council Organizes Labor

Anticipating the intramural track meet on April 12, the interfraternity council has devised a scheme for the organization of labor on the Mackay stadium field.

The plan consists of assigning various tasks to separate fraternities. Jumping pits must be dug, the track watered and rolled, distance marks for the weight events laid out, and several other jobs remain to be done.

James Glynn, council chairman, announced that Richard Elmore is in charge of the project and work has begun.

### ONE-WAY TRAFFIC

Student protests have been heard from various sources on the new one-way traffic regulations. Asked his opinion on the subject, Dr. Robert S. Griffin, dean of men, said, "It's too early to decide if one-way traffic should be retained as it is, modified or abolished completely. Every student and faculty member on campus has a moral obligation to go along with the regulations and give them a fair trial."

### AAUP GROUP PONDS ACTIVITY SITUATION

The contribution of extra-curricular activities to a university was discussed by Dr. R. C. Thompson, head of the department of philosophy, at a meeting of the American Association of University Professors Wednesday evening the meeting was held at the home of Dr. and Mrs. R. C. Thompson, 1101 Riverside avenue.

Patronize Brush advertisers.

### ILLEGAL ISAACS TURN OUT TO BE OFISHIAL

Students tramping towards the Wolf Den recently were flabbergasted to see people fishing in Orr ditch.

The fishermen were apparently headed for the jailhouse, since not only were they fishing out of season, but they were using nets.

The "poachers" seemed to be quite successful, pulling out fish after fish, some of them weighing as much as four pounds, while some were as small as one ounce. Needless to say, they didn't even have the decency to throw back the little fellows.

As it turned out, the "fishermen" came from the Nevada State Fish and Game Commission, and had come on an errand of mercy, rather than for sport, in response to a call from someone at the university.

Every year around this time the gates to Orr ditch are closed, and nearly dries up. During the other months the fish are free to swim into the ditch from the Truckee river, so that when the gates are closed many are trapped.

Next year the gatekeeper at Chalk Bluff will warn the Fish and Game Commission, but this year they were caught by surprise. About 35 fish were saved, 25 of them being pulled out near the Tram, where many had gathered.

"Oh Jim," cried the young lady, "I've forgotten my cigarette case."

"Don't worry," said Jim, "I've plenty of cigarettes."  
"I know, but my bathing suit was in it."

## Scholars Honored For Achievements With Eight Grants

### Superior University Students Awarded Scholarships This Semester

Eight university students were awarded scholarships so far this semester on the basis of last semester's records, Prof. Harold N. Brown, chairman of the scholarships and prizes committee, stated.

Leonard Katz was given the \$200 Major Max C. Fleischmann award; Walter G. Case, Franklin K. Gardner and Jeanne Forson Creed were chosen to receive \$75 awards from the Jewett W. Adams scholarship fund; Helen Brania and Josephine Eather were recommended for the Rose Sigler Mathews awards, and Francis Escobar and Lyman W. Schwartz received scholarships from the Reno Grand Lodge of the Independent Order of Odd Fellows.

### 3.66 Man

The Fleischmann scholarship was presented on standards of scholastic records, leadership, promise of becoming an effective citizen, and need. Katz, who received the award has maintained a 3.66 grade average throughout college. He is an engineering student majoring in mining, and this is his fifth semester at the university.

Jewett W. Adams scholarships emphasize financial need, promise of future leadership, proven scholastic ability and good character.

Walter Case is a pre-medical student from Winnemucca, a graduate of Humboldt county high school. He was previously awarded a Reno Rotary Club scholarship but collected only half of it before he went into the service. He is now in his final semester at the university.

### Class Head

Franklin Gardner, another recipient of the Adams scholarship, is a sophomore from Pershing county high school. He was in the service three years. A member of Alpha Tau Omega fraternity, he is also soph class manager.

Jeanne Forson Creed is a Tri-Delt, second semester junior English major. Her husband, Lyle Kim Creed, is also a student.

The Rose Sigler Mathews scholarship was awarded on the basis of scholarship, need and character. Helen Brania, award winner, is an English major and a senior at the university. She was graduated from Honorary Union high school, California, and attended Los Angeles City College and Columbia University.

## KERRSES

By Eileen Kerr

A bang-up week was reported in Reno, as 240,000 pounds of high explosives went on sale here March 19 through the auspices of the War Assets Administration.

That's me all over said the man as he sat upon the dynamite can!

The U. of N. bears a striking resemblance to the cemetery in that people are just dying to get in. Mrs. Rhodes tells us that she recently received an application from a fellow in Illinois who wishes to enroll now for the fall session in 1949.

Las Vegas lassies should be polishing up their saltiest manners. It is possible that there will be an active navy unit in or near the Clark county town.

Rugby they are playing yet. The Californians at Berkeley have a team which is slated to play the University of British Columbia (Canada, that is!) Thunderbirds. Kicks and trys they are making, and neither one of them is a touchdown, Oi!—The Daily Californian.

Efficiency experts at the University of Miami are checking its entire operations, with the thought of improving its methods. A survey company which has investigated 16,000 other institutions.

She is a member of Gamma Phi Beta sorority. Students securing IOOF awards must have graduated from a Nevada high school and have attended the University of Nevada as freshmen. They must also be sons or daughters of parents active in IOOF and Rebekah Assembly.

stitutions has been employed to do this. The legislature does our linen, thanks.—Miami Hurricane.

The coach of the California Bears is named Waldorf. Here, too, we have a Waldorf, but it depends upon what sort of coaching you're after. Calling all Cardinal Puffs.

Michigan State College vets are doing their sleeping in class now, rather than cutting. Their Veterans Administration is docking their grade records for cuts.—Boston College Heights.

The Chico, California, Wildcat confused the issue last week and reported that Nevada University staged an intercollegiate rodeo here March 15 and 16. The rodeo was at Tucson, but we had a rip-roaring weekend anyway, didn't we, kids?—The Wildcat.

Brazil can keep its customs . . . university women do not go out with young men unless an "auntie" or chaperone goes along. Even engaged couples must have a chaperone, or does it say especially?—Indiana Daily Student.

What outstanding contribution has chemistry made to the word? Blondes.

Support Mackay Day.

## Artemisia Progress Hits Slight Snag

A temporary snag in work on the 1947 Artemisia was hit this week, Max Dodge, editor, said today.

The moving of the Bennett photo company laboratory to the Arcade building resulted in the delay in printing of pictures needed for panels.

Mounting should begin again next week when these pictures are completed, Dodge said.

Though mounting has reached a standstill, a cleanup of pictures of presidents of campus organizations and faculty members is now underway.

### Student Affairs Committee Purposes Explained by Dr. R. S. Griffin, Chairman

The student affairs committee is in complete accordance with the new parking and street regulations and will aid in their enforcement, Dr. R. S. Griffin, chairman of the committee, announced today.

The student affairs committee is a standing committee of students and faculty members for the control of the social, scholastic and extra-curricular activities of the students.

On the committee are the dean of men, Dr. Griffin, who is chairman; the dean of women, Miss Elaine Mobley; the football coach, Joe Sheeketski; the president of the student body, Hans Wolfe; the editor of the Sagebrush, Lloyd Rogers; the YWCA secretary, Barbara Pinjuv; the graduate manager, Joe McDonnell, and three members of the faculty, chosen by the president of the university.

#### Two Faculty Members

At present there are only two faculty members appointed to the committee: Dr. M. W. Deming, professor of chemistry, and Miss Jessie P. Pope, associate professor of home economics.

At one time the student affairs committee was charged with the responsibility of prosecuting all violators of university regulations, suspending or expelling them as they saw fit. The duties of the committee were changed by Dr. Moseley, however, so that instead of meting out the punishment directly, it makes recommendations to the administrative council, which alone can suspend or expel a student.

To illustrate how the committee works, Dr. Griffin said that if a student should be arrested by the Reno police for petty larceny, the dean of men would be notified, and the student affairs committee would meet to discuss the case. If, after all of the evidence had been examined, it was decided that the individual was a detriment to the university, he would be asked to withdraw quietly and there-

by not have to go through the unpleasant process of being expelled by the administrative council.

#### Has Absolute Control

All of the meetings of the committee concerning matters which might hurt the reputation of a person or group are held confidential, Dr. Griffin added.

The student affairs committee has absolute control over the activities of the various fraternities, sororities and other social groups on the campus. It may suspend the activities of any organization whose conduct is contrary to the best interests of the university.

Dr. Griffin made it quite clear, however, that the main purpose of the committee is to be of service to the students, offering guidance and assistance in student affairs. Even in cases of infractions of regulations, the committee seeks to apply constructive rather than punitive measures, Dr. Griffin said.

#### G. E. INTERVIEW

J. C. Porter and C. A. Bends, representatives of General Electric Company, will interview all senior mechanical and electrical engineering students who are interested in positions with General Electric, the department of electrical engineering announced today.

Some are thick, and then there's our beards.

### 1000 Out-of-Staters Apply for Admission For Fall Semester

One thousand out of state students have applied for admission to the U. of N., and 5000 more are expected to apply by the time the fall semester is here. These figures were released by Dr. M. W. Deming, chairman of the committee on admissions and advanced standing.

One-half of the people who have applied for admission come from east of the Rockies, and most of them are returning veterans. Fifty of these applications have come from foreign countries.

In order to make sure that all Nevada residents have been taken care of first, the admission cards for out of state students will not be sent out until the first part of June, Dean Stanley G. Palmer, former chairman of the committee, announced today.

In the selection of out of state students Dean Palmer said, "If we are to maintain the kind of student body we have had in the past and that we have now, we are going to choose very carefully from among the eastern students who are out of state residents."

#### PROF'S MOTHER ILL

Dr. M. W. Deming, professor of chemistry, left for Portland, Oregon, Sunday following news that his mother was ill there.

He expects to resume instruction of his classes early next week.

### Epidermis Toasting No Go on Campus

Howard Haman, president of the men's upperclass committee, announced this week that there is to be no more sun bathing on the campus lawns. This rule also applies to the women on campus.

Main reason for this regulation is that the lawns are in bad shape now and that students walking all over them doesn't help matters any, Haman said.

Persons caught on lawns will be given tickets and will have to report to the men's or women's upperclass committees.

Haman also stated that beards are to be grown unless an acceptable excuse is turned in to his committee. All excuses turned in will be signed and returned to the applicant and must be kept until Mackay Day.

Excuses may be submitted at the ASUN building between the hours of 11 am to 12 noon and 4 to 5 pm.

There are only two kinds of colleges in America: those that wish they'd fired the coach last fall and those that wish they hadn't.

### Dr. Bugbee Accepts Stanford Position

Dr. Henry G. Bugbee, assistant professor of philosophy at the University of Nevada, was appointed assistant professor of philosophy at Stanford University recently.

Before entering the navy in 1943, Dr. Bugbee taught at the University of California for three years where he held M.A. and Ph.D. degrees in philosophy.

He took his undergraduate work at Princeton University where he was awarded his A.B. with highest honors in 1936.

Happy Easter.

### Athletic Group Elects Betty Rice New President

Nevada U Represented at AAUW Convention in Greensboro, N. C.

Betty Ann Rice, newly elected president of the Women's Recreation Association, will represent the University of Nevada at the AAUW convention to be held April 19 on the campus of the Women's College of North Carolina in Greensboro, N. C. This announcement was made today by Miss Ruth Russell, WRA advisor.

Miss Rice was chosen president at an election Tuesday.

#### Other Officers

Other officers elected were Evelyn "Squeak" Scheeline, secretary; Lois Hitchens, vice-president, and Barbara Olesen, treasurer.

A member of Pi Beta Phi, Miss Rice, a sophomore from Reno, has been active in WRA activities while attending the university. She is majoring in laboratory technician and plans to complete her training at the St. Mary's Hospital in Reno. At the present time, she is WRA rifle manager and is outstanding woman marksman at the university.

Also a sophomore from Reno, "Squeak" Scheeline is a member of Delta Delta Delta. Miss Scheeline is a member of Sadle and Spurs and YWCA.

#### Chem Major

Lois Hitchens, a chemistry major, was recently elected to Sigma Sigma Kappa, chemistry honorary society. She is affiliated with Pi Beta Phi and is a sophomore from Reno.

Barbara Olesen, a junior from Lovelock majoring in psychology, is a member of Delta Delta Delta. She was women's tennis champion while a freshman and is now WRA tennis manager. Miss Olesen is also a member of the Ski Club, of which she is secretary, YWCA, Press Club and Chi Delta Phi.

Outgoing officers for the Women's Recreation Association are Billie Kennedy, president; Doris Hanssen, secretary; Merrie Jo Harper, vice-president, and Dorothy Thomas, treasurer.

### Hay Bale Machine Aids State Farmers

Hay bale stacker, built by Professor Louis Titus, associate professor of agronomy, and Ed Casinella, master mechanic of Reno, has proved to be a great labor saver in Nevada haying operations, according to Professor Titus.

This stacker was devised by the University of Nevada agricultural extension service and tested in the Reno area last summer.

According to Professor Titus, this machine is especially important in Nevada because of the shift in recent years from conventional derrick to field bailing. This resulted in a shortage of workers willing to perform the heavy labor of loading and staking the bales.

Titus is now preparing a bulletin which will give dimensions and details of construction for anyone interested in building the stacker. Cost of building one machine is not expected to exceed \$250.

Do you know anything of my wife's whereabouts, he asked the maid.

Yes, she set them to the laundry.

### VA Training Officer Passes Out Cigars

Weighing in at five pounds one and one-fourth ounces, Nancy Kay Lee, black haired, blue eyed daughter of Keith L. Lee, veterans training officer on the campus, was instrumental in setting a new baby record in Reno last week.

Nancy Kay was one of the 12 babies, eight girls and four boys, born in Reno hospitals during the 24 hour period from Friday noon to Saturday noon, establishing a new birth rate record for the city of Reno.

Mother and child are doing fine, Mr. Lee said.

If the grin on the father's face as he passed out the traditional cigars was any indication, the father is also recovering satisfactorily.

### Crucible Club Takes Virginia City Trip

A trip to Steamboat Springs and Virginia City was conducted by the Crucible Club under the guidance of Dr. Vincent P. Gianella on March 22. Points of interest visited by the group were geysers and the hot water well at Steamboat Springs, the old Union Shaft at Virginia City and spots of geological note in Gold Hill and Silver City.

At Steamboat Springs, Dr. Don White, who is doing work for the U. S. Geological Survey, explained the action of the waters at the springs and showed the group the instruments being used by the survey for recording data during the study there.

In the Virginia City area, Dr. Gianella explained part of the geology of the famous Comstock lode and pointed out many interesting features of the rocks and formations encountered on the trip.

### Twenty-One Nevada Faculty Members Belong to Sigma Xi

Twenty-one members of the University of Nevada faculty now belong to Sigma Xi, a national honor society composed of men and women who are engaged in or devoted to scientific research in every known field of science.

Professor Henry DeWolfe Smith's recent talk here on "Fifty Years of Atomic Physics" was sponsored by Sigma Xi.

The organization was founded at Cornell University in 1886 by eight engineering students and an instructor in engineering. Today Sigma Xi has 97 chapters and more than 40 clubs located at all leading universities and technical institutions. At present there are 50,000 members throughout the nation.

Members are chosen for outstanding work at graduate schools.

Happy coaching, Joe S.

### Nevada Students Invited to Enter Essay Competition

Nation-Wide Contest Aimed At Aiding Anglo-American Good Relations

President John O. Moseley has announced the receipt of an invitation for Nevada students to enter a nation-wide essay contest on the betterment of British-American relations. Prizes will be awarded by the Atlantic Monthly magazine and will amount to \$750, \$350, \$150 for the first, second and third best essays, respectively.

The competition, sponsored jointly by the Atlantic Monthly and the American and British Commonwealth Association, is aimed to further good relations between England and the United States. The subject title will be "Respect for the Individual Man—Democracy in America and the British Commonwealth."

#### Times Editorial

The topic is to be an enlargement on a statement which appeared in a New York Times editorial, "It is simply an obvious fact, the truth of which has been demonstrated in two vast destructive wars, that Britain and the United States are like-minded nations whose interests overlap and interlock at a hundred different points."

Any undergraduate from any of the selected American colleges or universities is eligible to enter the contest. The subject may be approached from the point of view of history, government, economics, sociology, philosophy or from an entirely personal viewpoint.

#### Essay Length

The essay should not be shorter than 4000 words or longer than 7000 words. It should be double spaced on eight and one-half by 11 inch paper and must be in the mail not later than June 15, 1947. A covering sheet with the student's address and name and the college's address and name should be included.

The essays will be judged on the following criteria, significant thought based on study of source material, interest of presentation and literary quality.

#### DAD-DAUGHTER HOUR

Gamma Phi Beta held a father-daughter desert hour at the chapter house, 710 Sierra street, on Wednesday, March 26. Alberta Brunner was in charge of arrangements for the social hour. The event was chaperoned by Mrs. Addie Rienkin.

### Home Econ Group To Stage Dinner For Fund Drive

The Home Economics Club of the university will hold a dinner Sunday night, April 13, for all students on the campus in an effort to raise money for the club.

The dinner will be served buffet style in the home economics department in the Agriculture building.

Tickets will be a dollar each and only those with tickets will be admitted. Sale of tickets began March 24 and they may be obtained from Dace Ricketts, club president, or any member of the club.

Jean Scott, Laura Lue Johnson and Althea Benedict are chairmen of preparations and serving; Ruth Wallace, Betty Bender and Ruth Armstrong are in charge of publicity.

### Vets Outnumber Campus Non-Vets

Out of the 1672 students registered for the spring semester, 905 are veterans. This means that there are 767 non-veterans on the campus.

Of the 236 new students, 80 are former students and 156 had never been on the campus before. Of this group 125 are veterans; 87 formerly were in the army, 30 in the navy and eight in the marines.

All the veteran records are not complete and there is no tally for the branches of the service for the overall total. Approximately 25 of the veterans are women.

The brain is a wonderful organ. It starts working the minute you get up in the morning and does not stop until you get into class.

### Women Awarded Athletic Honors

Athletic awards for the past sports session of the Women's Recreation Association were presented at a sports dinner recently. These awards were presented by the various sports managers.

Betty Ann Rice, rifle manager, was presented a special honor by Miss Ruth Russell, WRA advisor, for her outstanding marksmanship record. Connie Madsen was awarded an honor for her achievement in riflery.

#### Volleyball Honors

Elizabeth Benz received an honor in volleyball from manager Bonny Mognioni. Helaine Heywood and Alice Micheo were awarded honorable mention.

Pat Ireland received honorable mention in bowling from manager Alice Etchart.

#### Swimming Honors

Evelyn Scheeline was presented an honor in swimming by Pat Ireland, president of Panawallis, women's swimming club. Virginia Kelley and Ann Heim received honorable mention.

Bonny Mognioni, WRA badminton champion, was awarded an honor in that sport by Claudine Lepori, manager. Freda Kornmayer, runner-up in the playoff, received honorable mention.

#### ELECTRICAL MEN TO HEAR SPEAKER

The experiences of an administrative engineer will be described in a talk by Mr. J. C. Porter at a meeting of the University of Nevada branch of the American Institute of Electrical Engineers.

Mr. J. C. Porter is a representative of the General Electric Company.

### 'Old Outfit' Longing Ceases With March To Bivouac Area

If any of the boys that have traded their combat boots for arts and science slippers have even a tinge of nostalgia for the "old outfit," a little trip up to the old U of N gym and a talk with the veterans that "live" there will be more than a relief for that burning "back to the corps" feeling.

Fifty men are crowded into about half of the building. Excitement there is certainly more informal than life in the service; you couldn't exactly bounce a dime on the bunks, and there

may be a gum wrapper on the floor. But the decor and atmosphere of camps like Haan, Beal, Kilmer, Farragut and Pendleton is there.

The more bawdy modes of recreation such as stud poker, low ball, three card monte and the perennial army version of parcheesi have given away to hearts, spit in the ocean and old maid.

"Of course we still have details," Walt Long remarked as he showed your reporter the premises, and the spit and wittle club meets to a late hour to discuss the day's events.

Comrade have you had enough?

Lyman Earl can't do it all. Get behind Mackay Day.

### Greek Skits, Songs Begin Shaping Up For Spring Fete

#### National, Local Tongs Name Heads for Mackay Day Special Stunts

The baton is raised and the grease paint is made ready as the six national and one local fraternities and four sororities prepare to add the lighter touch to Mackay Day.

Up on University Terrace we find last year's song winners, the ATOs, hard at work singing a bar or two under the direction of Brunson Harris. Bob Durham and Jack Musselman will work out a skit for the Taus.

A little further up on the terrace we find the Lambda Chis "sole-mioing" directed by Jack Francovich. The "drummer" boys of the house are coached by Bob Creveling and Dale Riley.

Over on Evans avenue the SAE song team is being put through the paces by John Sweatt, while Jack Diehl and Rodger Brander are handling the skit arrangements.

The Phi Sigs have Edgar Drennon doing the honors as maestro pro tem in the absence of Jose Iturbi. Pat Heher will work up something in the thespian line for the boys.

Sigma Nu of white star fame will be ready to give out on Mackay Day guided by Carl Riggle. They have not yet named a skit chairman.

Bud Hardman is song chairman for Theta Chi, still without a skit chairman.

Sigma Rho Delta has appointed Louis Pico in charge of the song team and Pete Mygatt to direct the skit.

The girls have been working on their songs since "way back" when the semester started.

In the past the teams turned out by the women have received wide acclaim by those who know their music in Reno and in Nevada.

Jo Ann Erb will captain this year's Theta songsters, winners of last year's song competition.

The Tri-Delts have for their team co-chairmen Marilou Ferguson and Gloria Mapes in charge of arrangements.

Betty Sue Boggess is the Pi Phi conductor and Gamma Phi has chosen Carol Keith.

### Home Econ Women Attend Chico Meet

Four women who represented the University of Nevada Home Economics Club at a convention in Chico, California, last week, reported on their conference activities at the group's regular Thursday meeting.

They also presented the skit which won them first prize in a contest at Chico before the other members of the club. "Table manners, or what not to do while eating," was the subject. Taking part were Dace Rickettes, Jean Scott, Althea Benedict and Maryde Brown.

Representatives from northern California universities and from the University of Nevada met at Chico March 21-22 to discuss their home economics activities.

### Frosh-Soph Dance Financial Flop

Financial outcome of the frosh-soph bunny hop, held in the new gymnasium last Saturday night, was rather discouraging, Franklin Gardner, sophomore class manager, announced. "About \$100 in the hole is the verdict," Gardner said.

Approximately 100 couples and 20 stags attended the dance, he continued. Since the dance turned out to be more of a date than no-date affair, the broom dance and other mixers were not used.

Bill Baumann, resident of the old gymnasium, won the radio door prize. Bonnie Lou Taylor, Artemisia Hall, won a live rabbit in the spot dance. A rabbit was also awarded to S. V. Vincour, instructor of English, for leading the conga line.

The gym floor continued to resemble a basketball court instead of a dance floor, due to the fact that not enough dance wax or sand had been used, said Gardner. He also expressed his appreciation of work done by various committees in preparing for the dance. "Bouquets to Virginia Shaw for the decorations," he added.

#### APRIL ALUMNUS MAG TO FEATURE MACKAY

The life of Clarence Mackay and his connection with the School of Mines, as well as pertinent details on the celebration of Mackay Day, will be featured in the April issue of the Alumnus, the official alumni magazine, Rex Daniels, alumni director, said.

The U of N Alumni Association executive committee will meet in the alumni office Wednesday, March 27, at 7:45 pm.

### University Coeds Wanted as Models

#### Part Time Modeling Jobs Available to Women

An opportunity is now being offered to university women who would like to begin a modeling career while still attending the university.

Ellen Turnquist, president of Artemisia-Manzanita Association, recently received a letter from the Thomas C. Wilson Advertising Agency asking for university women for part time modeling jobs.

Mrs. Gerda Cornelly, art director of the agency, stated in the letter, that last year university students, modeled in scenes taken at Lake Tahoe, Mt. Rose and in Reno. They were pictured riding horseback, dancing, playing tennis and golf, skiing, and were posed with boats and planes.

The pictures taken were used in booklets, folders, and sometimes in motion picture short subjects on Reno and vicinity.

The models' traveling expenses are all paid by the agency should the job be out of town and all employees are covered by Industrial Insurance.

The applications will be put on file with the applicant's photograph for future reference.

Mrs. Cornelly further stated that university women and men did better work than the average professional model.

### Old Man Weather Causes Abrupt End To Block N Picnic

What was to have been a picnic for members and guests of the Block N society resulted in an excursion trip last Sunday.

Having chartered a bus, the group traveled to Bower's Mansion, but bad weather prevented them from carrying out the picnic as planned.

The athletes and their guests were enjoying a picnic lunch when "old man winter" came out of hiding and said, "This is the end." A sudden hail storm broke and lunch came to an immediate halt.

Outsmarting "Mr. Winter," the group re-boarded the bus and made an excursion trip to Carson City and Virginia City. This wasn't exactly a bed of roses, either. When the bus could not make it up the hill, the group found it necessary to leave the bus once more and walk.

Max Dodge, Block N president, said today that another picnic is being planned for later in the spring when "original plans" can be fully carried out.

#### CIVIC CLUB SPEAKERS

Grace Storey, Patricia Carmichael and Fay Fryberger, members of the university debate team, have been invited by the president of the Women's Civic Club, Mrs. Carl Gottschalk, to speak at their meeting on Tuesday, March 26, at 2 pm.

They will debate on "The City Manager Proposal."

### Trail Still Cold On Campus Anthem

The search for a new school song still goes on, Prof. Theodore Post, director of music, announced yesterday. Although several songs have been submitted, none has yet been picked by the song committee to present to the student body for approval.

Among those who have written songs for the university is Mr. H. W. Albert of Los Angeles. He wrote the "Sagebrush Song," which is frequently sung around the campus, but the hymn he proposed as a possible choice for university anthem, "Home Again," did not seem to catch on. He is currently working on another, Post said.

### Six Nevada Grads With Corporation

Six graduates from the University of Nevada's school of engineering are now employed by the Westinghouse Electric Corporation, Dean Stanley Palmer, head of the school of engineering, announced today.

A letter from the corporation was received last week, Dean Palmer said, with the names of the graduates who had completed the Westinghouse training course in Pittsburg, Pa.

They are Robert E. Davey, '33, assistant in Salt Lake City, Utah; Cyril D. Ham, '41, who has done outstanding work in the field of illumination, and is assistant manufacturing engineer at Fairmont, W. Va.

Also Matthew R. Laking, '41, supervisor of the engineering and service department in Los Angeles, Calif.; Edwin C. Martinez, '35, application engineer in Los Angeles; William H. Mitchell, '41, designing engineer at Lima, Ohio; Arthur S. Wellner, '44, who is a junior service engineer at San Francisco.

### Uniforms Preferred For Military Ball

Uniforms from any branch of the service will be acceptable as formal attire for the military ball to be held in May, sponsored by Scabbard and Blade, honorary military group.

Those who plan to attend the ball should take their uniforms out of the mothballs over Easter vacation and bring them back to college for the event, stated Mert Domonoske, captain of the group.

In past years, only members of Scabbard and Blade have worn their uniforms, but now, due to the scarcity of men's formal clothes, ex-service men are urged to wear their uniforms.

### ASUN Gets Money From Campus Play

ASUN's production of "The Joyous Season" grossed \$168 during its five day run at the Reno Little Theater, John Sweatt, production business manager, announced today.

Accrued expenses for the play are still undetermined as all bills have not yet been turned in. The \$168 will be turned over to the ASUN treasury.

Refreshment sales amounted to \$27, Sweatt said. This will be divided equally between the ASUN and Campus Players.

### Prof. Miller Holds 'Animal' Tryouts

#### Twenty Tryees Read Parts For Second Production

Tryouts for "The Male Animal," ASUN's second dramatic production this semester, were held in English hall Monday and Tuesday. Prof. William C. Miller and Mr. James Forsythe were in charge of the reading. Over 20 men and women were present to try out.

The Male Animal, written by James Thurber and Elliott Nugent, is a comedy about a mid-western college town. Professor Miller said that even though the play has been produced countless times in high schools and universities throughout the nation, it still has drama appeal because of its young cast. He said that most of the characters in the play are of college age.

The cast consists of eight men and five women. Included among the men are an all-American football player, a student editor, a young idealistic English instructor, a professor and a yell leader. Most of the women are not much over coed age.

Professor Miller has not yet decided upon his cast, he said. Because of the large number of tryouts, he added, the play should have a "fine cast."

The play is scheduled to be shown at the Reno Little Theater on May 1-6.

### Tau Delegates Meet On Nevada Campus

Representatives from six western schools have arrived for the annual Alpha Tau Omega conclave of Province 12 which is being held at the local chapter house this weekend.

Members from the Universities of California, California at Los Angeles, Stanford, Arizona and Occidental, plus about 50 Nevada members, are meeting to discuss financial standings, operations, interfraternity relations, relations between fratern-

ities and the school administrations, and future policies, said Dick Elmore, president of the local chapter.

The conclave opened this morning with registration at 9:30. All visiting members and Nevada members are having a banquet at the Trocadero tonight with a smoker to follow. The meeting will close Saturday night with a house party at the ATO house.

The total attendance is expected to reach 90 men, including about 50 Nevada members, and will be presided over by Warren L. Danford, province chief from Berkeley.

# Varsity Track Prospects Said Fair; Meet San Francisco State April 19

By Syl Matteoni  
Prospects for a winning track team are still a little dark, said Jim Bailey, head track coach. Bailey stated that the varsity is strong in some events but weak in many others. He said that he was anxious to see the results of events in the intramural track meet, April 12, to see if any new talent is available.

Few of the men have been pressed for times or distances, he continued, but that with the first meet only three weeks away, he expected the cindermen to work much harder on their particular events.

Nevada's first meet will be against San Francisco State on April 19, said Bailey, and the boys from the bay area seem to have a well balanced team. The Gators will probably have had two or three meets under their belts before they come to Nevada.

San Francisco amassed a total of 841/6 points to win a triangular meet against San Mateo and Martin Junior Colleges last week. In doing so they accounted for 10 first places and three double winners, said Bailey.

Much of the brunt of Nevada's coming track meets will fall on returning lettermen, said Bailey. Jack Fagan's first time trial of 2:04.5 minutes for the half mile was 1.1 seconds faster than San Francisco's Byrse, he added, while judging from the past performances of Nevada's lettermen, the other events were comparatively close.

The varsity weight department is well taken care of by Max Dodge, Tom Bell, Roger Brander and Ugo Giorgi, said Bailey, while the javelin chores will probably fall on Bill Mackrides, Dick Trachok and Duke Drakulich.

Don Smales, Tom Cross and Gene Bowden look like Nevada's best in the pole vault, while Cross and Smales hold the upper hand in the high jump, too.

In the remaining events, the following men seem to hold an edge, Bailey said.

Bob O'Shaughnessy, Gene Bowden, Don Smales and Tom Kalmanir in the broad jump; Dick Trachok, James Wilson, Darwin Farnsworth and Grant Davis in the 440 yard dash; Don Smales and Carl Robinson in the low hurdles; Tom Cross, Carl Robinson and Ronald DuPratt in the high hurdles; Bob O'Shaughnessy, Jordon Eliades, Tom Kalmanir and Leo O'Brien in the dashes; W. Coughlin in the distances; Jack Fagan and Tom Gaffey in the half mile; Joe Gruwell will run the mile, while the relay team has not as yet been chosen.

Along the line of track improvement, Bailey said, the Nevada track now has three new jumping pits as well as a fine running track.

da's best in the pole vault, while Cross and Smales hold the upper hand in the high jump, too.

In the remaining events, the following men seem to hold an edge, Bailey said.

Bob O'Shaughnessy, Gene Bowden, Don Smales and Tom Kalmanir in the broad jump; Dick Trachok, James Wilson, Darwin Farnsworth and Grant Davis in the 440 yard dash; Don Smales and Carl Robinson in the low hurdles; Tom Cross, Carl Robinson and Ronald DuPratt in the high hurdles; Bob O'Shaughnessy, Jordon Eliades, Tom Kalmanir and Leo O'Brien in the dashes; W. Coughlin in the distances; Jack Fagan and Tom Gaffey in the half mile; Joe Gruwell will run the mile, while the relay team has not as yet been chosen.

Along the line of track improvement, Bailey said, the Nevada track now has three new jumping pits as well as a fine running track.

## Nevada Ski Team Trails Swiss Aces

Competing against some of the world's top ranking skiers in the second annual Reno Silver Dollar Derby, the University of Nevada ski team proved again that as far as collegiate teams are concerned, they are near the top.

In the famous down mountain race off of Slide Mountain, which was won by Paul Valeer of Switzerland, Cliff Banta placed ninth, and Mickey Munley, Barnes Berry and Jerry Wetzel were all in the first 20. Wetzel was running a beautiful race and had good time until the last gate on the course crossed him up, resulting in a bad fall.

In Sunday's slalom race, won by Karl Molitor, also of the Swiss ski team, Cliff Banta was again high for Nevada placing 11th, while Jerry Wetzel placed 16th and Barnes Berry was 18th.

Although all of the trophies and belts that were presented to the winners by the Reno Ski Club were carried away by the visitors from Switzerland, Canada and Sun Valley, a special trophy was presented to Banta by the Nevada State Journal as top Nevada skier, and one to Ash Van Slyck, former Nevada student, as second Nevada man by the Douglas county ski team.

**LAWLOR RETURNS**  
Coach Jake Lawlor, Nevada's basketball and baseball mentor, returned this week from a trip to southern Nevada where he was guest speaker at Basic high school's basketball dinner. Lawlor also made a guest appearance at the Las Vegas Lions Club.

## PACK TRACKS

By Ray Gardella

### JOE'S HERE

"I will do my utmost to hold the high standards of football as set forth at Nevada University," stated new grid coach, Joe Sheeketski.

Greeted by numerous fans, reporters and players, Coach Sheeketski arrived on schedule last Wednesday night.

Joe's enthusiastic attitude and whimsical grin was mute evidence that he was well pleased with the Nevada coaching job.

He expressed his desire to get settled before prying open the lid of the 1947 football season.

Confidentially, Joe's first major problem is finding a house to live in. Anyone possessing such information regarding his situation might readily render a big service to our new coach.

### SWISSING BY

Switzerland's noted skiers monopolized the Reno Silver Dollar ski meet by winning practically all top honors.

Their outstanding performances have left a victorious path across the United States. Meeting and beating top American performers appears commonplace for the men from the Alps.

Wouldn't place Switzerland on the short end of the betting when the Olympic Games are held at St. Mortiz, Switzerland. American participants, including Nevada's Dodie Post, will have plenty of competition from the Swiss trail blazers. Familiarity with the Alp slopes will be a big factor in determining favorites in several of the Olympic ski events.

Nevada's ski team proved their consistency by placing high in the meet. Their seasonal record against top-flight opposition is nothing less than spectacular. Rightly deserved credit goes to such versatile Wolf Pack skiers as Cliff Banta, Jerry Wetzel, Barnes Berry, Les Hawkins and Mickey Munley.

**STRONG NINE**  
The potentiality of fielding a powerhouse university baseball team is evidenced by the fact that most horseholders who are working out diligently have had considerable hardball experience.

In their first practice tilt,

the varsity beat a team consisting of the best baseball material existing around Reno and vicinity.

Whether the win was a fluke or not, will be decided tomorrow when the two teams meet in a return game.

### SHARPSHOOTERS

In keeping with Nevada's winning ways, the ROTC intercollegiate rifle squad has won 18 matches while losing but two.

Competing against colleges throughout the nation, the university marksmen have compiled an enviable record.

They finished ninth in the William Randolph Hearst trophy competition, and were fifth in the intercollegiate matches of the Sixth Army area.

Sharpshooters on the ROTC squad are Kenneth Rice, Emil Ott, Roger Olmsted and David Savage.

### ALL OPPONENTS

The high regard opposing players had for Nevada's hoopsters revealed itself again as the Loyola Lions named two Nevada players on their first string all-opponent team.

Making the squad were Jim Melarkey and Bob O'Shaughnessy, along with Moore (Whittier), Guidice (USF) and Lindquist (Pepperdine).

"How did you make out in that fight with your wife the other night?"  
Evans: She came crawling to me on her hands and knees.  
"What did she say?"  
Evans: Come out from under that bed, you coward.

## SNAKES LEAD KINNEAR RACE

Capturing first place in the intramural cage play, Sigma Nu garnered a total of 100 points, to take the lead in the hotly contested race for the Kinnear trophy.

Alpha Tau Omega, dropped from first place to second, and third place Lambda Chi Alpha dropped to fourth, being replaced by Sigma Alpha Epsilon.

Phi Sigma Kappa, Sigma Rho Delta, Theta Chi and Independents remained in fifth, sixth, seventh and eighth places, respectively, when the tabulation of points was taken.

With only 38.75 points difference between the first place Snakes and the second place Taus, the intramural track meet which will be held in Mackay stadium April 12, should prove of interest.

A win by the Tau's cinder artists next April would put them back in first place, while if Sigma Nu fails to place, the boys on University avenue cannot drop lower than second place in the Kinnear standings.

The only remaining event eligible for points toward the coveted trophy after the intramural track meet is baseball, also 100 points.

**Kinnear Trophy Standing**

Sigma Nu	252.50
Alpha Tau Omega	213.75
Sigma Alpha Epsilon	118.50
Lambda Chi Alpha	73.67
Phi Sigma Kappa	27.50
Sigma Rho Delta	17.43
Theta Chi	8.67
Independents	0.00

Both beautiful and dumb  
My true love must be  
Beautiful so I'll love him  
And dumb so he'll love me.

## Nevada Athletes To Participate In Legion Tourney

Several University of Nevada athletes will leave Reno by air April 2 for the American Legion basketball tournament in Brazil, Indiana.

Making the trip for the local post are Roland Christensen, Ingvar Christensen, George Dugan, Harry Paille, Orsie Graves, Roland Anderson, John Funkhouser, Bob O'Shaughnessy, Bill Moylan, Scott Beasley, Hal Fischer and Max Dodge.

In one of the opening rounds of the tournament the local boys will face the Iowa state champs. If they get by this round successfully they will meet the winner of the Kansas-Tennessee game.

The tournament will be held on April 4 and 5 with 15 teams from all over the United States taking part. All teams will be the American Legion champions of the states in which they are located.

Only members of the American Legion are allowed to participate on the teams.

## Track Prepared For Frat Meet

Pits are being dug, runways measured, hurdles set up and track rolled. Everything is in readiness for the intramural track meet, April 12.

Sigma Nu and ATO both have big turnouts, and will probably be the top two contenders vying for first place, and 100 points toward the Kinnear trophy.

Men from Lambda Chi, SAE, Sigma Nu, Sigma Rho Delta, Theta Chi and Phi Sigma Kappa are training daily, getting prepared for the big event.

## University Skiers Compete April 5, 6 Against Top Teams

With the ski season swiftly moving to a close the skiing Wolves of the University of Nevada will compete in the last team meet of the season when they travel to the Sugar Bowl on April 5 and 6 to compete in the Vanderbilt Memorial ski meet.

This famous meet originated in 1938 when friends of Warren Vanderbilt, a popular student at the University of California, who was killed in an avalanche while skiing, raised money and bought a revolving trophy to present the winning team at this annual meet.

Besides the University of Nevada skiers, Jerry Wetzel, Cliff Banta, Barnes Berry, Mickey Munley and Harvey Rose, there will be teams from University of California, Stanford University, Placer College, Sacramento College, Fresno State College and San Jose State College.

The University of California led by Harry Morgan and Glenn Gallison will be the pre-meet favorites due to their success in the University of Nevada Winter Carnival and the Pacific coast intercollegiate championships which were held at Yosemite National Park in March. The Wolf Pack will be a close second choice and will go all out to cop their first win over the Golden Bears from California in the 1947 season.

### JUNIOR CLASS PLANS FOR ANNUAL CUTTING

"Junior class cut day will be held sometime in the future as soon as the weather warms up," announced Jack Owens, class manager. The annual cut day which tops juniors' activity for the spring semester will probably be held at Bowers' Mansion or Lake Tahoe.

## Greek Diamond Season Starts After Easter

Opening game of the inter-fraternity baseball season will be played April 16, with teams from Theta Chi and Sigma Rho to get things under way. The season is scheduled to close on May 29, providing no playoff games will be necessary.

As has been a custom in the past, 100 points toward the Kinneer trophy will be awarded to the team finishing in first place. The schedule was drawn up at a meeting held Wednesday, March 29, in Prof. J. E. "Doc" Martie's office at which the athletic directors of the respective fraternities were present.

The schedule for the coming season is as follows:

April 16 4:00 pm	Sigma Rho vs. Theta Chi
April 17 4:00 pm	ATO vs. Sigma Nu
April 18 4:00 pm	Phi Sigs vs. Lambda Chi
April 21 4:00 pm	Independents vs. SAE
April 22 4:00 pm	Sigma Rho vs. ATO
April 23 4:00 pm	Phi Sigs vs. Theta Chi
April 24 4:00 pm	Independents vs. Sigma Nu
April 28 4:00 pm	SAE vs. Lambda Chi
April 29 4:00 pm	Sigma Rho vs. Phi Sigs
April 30 4:00 pm	Independents vs. ATO
May 1 4:00 pm	SAE vs. Theta Chi
May 5 4:00 pm	Lambda Chi vs. Sigma Nu
May 6 4:00 pm	Sigma Rho vs. Independents
May 7 4:00 pm	SAE vs. Phi Sigs
May 8 4:00 pm	Lambda Chi vs. ATO
May 12 4:00 pm	Sigma Nu vs. Theta Chi
May 13 4:00 pm	Sigma Rho vs. SAE
May 14 4:00 pm	Lambda Chi vs. Independents
May 15 4:00 pm	Sigma Nu vs. Phi Sigs
May 19 4:00 pm	Theta Chi vs. ATO
May 20 4:00 pm	Sigma Rho vs. Lambda Chi
May 21 4:00 pm	Sigma Nu vs. SAE
May 22 4:00 pm	Theta Chi vs. Independents
May 23 4:00 pm	ATO vs. Phi Sigs
May 26 4:00 pm	Sigma Rho vs. Sigma Nu
May 27 4:00 pm	Theta Chi vs. Lambda Chi
May 28 4:00 pm	ATO vs. SAE
May 29 4:00 pm	Phi Sigs vs. Independents

### BILL FRIEL TO TAKE GAZETTE SPORTS JOB

William Friel, former editor of the Sagebrush, will join the staff of the Reno Evening Gazette April 1 as the new sports editor.

Friel was editor of the Brush in 1942 and after serving with the armed forces for three years, returned last year to graduate.

Friel will replace George Ross, also a Nevada graduate, who is now publicity manager for Reno's new baseball club, the Silver Sox. Friel has been editing the Humboldt Star for the past year.

Every sport should be a major one. Varsity baseball is no exception.

### Varsity Rifle Squad Competes March 29 In Collegiate Meet

Nevada's varsity rifle team travels to the University of California March 29 to compete in the national intercollegiate championship matches.

Members of the squad making the trip are Kenneth Rice, Tom Macaulay, Roger Olmsted, David Savage, Emil Ott, Jack Wulff, Bert Hildebrand and George Ferrari.

To date the varsity squad has won six matches while losing but three. Chances of placing high in the intercollegiate meet are good, according to the military department.

## THICK AND THIN SAE'S CUT CALORIC CAPERS

In a blur of flying feet the skinny boys edged out the fat boys in the first annual SAE bones and blubber derby last week.

Due to considerable comments on the various physiques, the fatter boys in SAE, led by Frank Bacigalupi, challenged their skinnier colleagues to a relay race around Evans park. Thus a new and promising event, the bones and blubber derby, was born.

The fat boys got off to a fast start as Charley Hunt waddled out in front of Jack Walling. Misfortune overtook the skinnier team, however, when Walling missed a turn on the track and ran about 75 yards in the wrong direction before he discovered his mistake.

From then on, the chubby speedsters steadily closed the gap with each pass of their beer bottle batons. "Fats" Bacigalupi made a valiant effort to overtake the flying heels of Jack Diehl during the anchor lap and was a scant two yards behind at the tape.

Competitors were Bob Steele, Johnny Beyer, Jack Walling and Jack Diehl for the skinny team, while Frank Bacigalupi, Mel Woodgate, Ham Prugh and Charley Hunt carried on in a glorious manner for the fat boys.

Nurse: I think the student in 312 is regaining consciousness. He just tried to blow the foam off his medicine.

## Wolf Cub Cagers Turn in Excellent Record for Year

University of Nevada freshman basketball team, in winning 14 out of 16 contests, turned in an excellent record for 1946-47 play. Wolf Cubs' final game was a fast win over the stubborn Reno High Huskies by the score of 40-37.

Considering the lack of practicing accommodations and the frequent change of coaches, the future varsity men played top ball throughout the entire season.

After winning five straight at the outset of the season, the Wolf Cubs met their first setback of the year at Carson City against the Carsonites, a previous victim, but one exceptionally hard to beat on the capitol city court.

Following the Carson defeat, the frosh hardwood contingent picked up where they had previously left off and ran up ten victories against the lone defeat.

On the next outing the freshmen squared off with California

Avenue Grocery, winners of the Reno City League tournament. The Grocers, primed for the "big game," worked smoothly to take the university cagers by a narrow 29-25 margin.

Determined not to lose another encounter for the remainder of the season, the frosh quintet bowled through four more opponents to wind up the season with an impressive record.

Harold Dale at center, Paul Richards and Louie Mendive at guards, and Shearl Nielson, Bob Knudson and Johnny Laxalt at forwards, molded a fast devel-

oping team. However, with facilities limited and without the services of one definite coach, the Cubs were greatly handicapped. Still they managed to register wins consistently. Neither of the pair of defeats was by a wide margin.

## Room with a view - of 11,000,000 miles!

In this room, telephone circuit specialists maintain accurate and instant control over some 11,400,000 miles of long distance lines. Merely by referring to this huge diagram they can tell at a glance the exact status of telephone circuits from Montreal to Mexico City and from Havana to Seattle. For, as quickly as new lines are added or extended, or as quickly as circuits

reach capacity or again become available, the change is recorded on this master chart. Simple, yet effective methods like this are important to the smooth and efficient operation of the telephone industry. Men who can produce such ideas; men who can enthusiasm and ingenuity into their work, find telephony a fascinating and rewarding career:

There's Opportunity and Adventure in Telephony

BELL TELEPHONE SYSTEM

### Summer Session Catalogues Ready

Catalogues for the university summer session will be available for all who are interested after the Easter holidays. Dr. Harold Brown, director of summer sessions, announced yesterday.

There will be 25 to 30 per cent more courses offered this summer than last, Dr. Brown said.

Among the new courses are freshman English, French and Spanish, and a much larger selection of math, physics, chemistry, economics and education courses.

Completely new to the University of Nevada will be three geography courses, to be taught by Dr. Minnie Lemair, head of the geography department at teacher's college in Strassbourg, Penn.

Director I. D. Payne, of the education department of Arizona State College at Tempe, will teach several courses in education, and Miss Joanna Chapman, formerly of the University of Nevada, and presently at Oklahoma, will return to teach family and community living this summer, added Dr. Brown.

### SEVENTEEN ATHLETES INITIATED INTO WRA

Seventeen women students were initiated into the Women's Recreation Association at ceremonies held last week in the dance studio of the new gymnasium.

The Women's Recreation Association is an athletic group that fosters good sportsmanship and cooperation in women's sports.

Billie Kennedy, WRA president, conducted the initiation and Merrie Jo Harp was in charge of the program.

Those initiated into the organization were Betty Lou Bender, Norma Hall, Lorrie Lothrop, Irene Beck, Ardeen Wood, Maida Lee, Alice Arentz, Gwen Byrd, Marion Neilsen, Connie Madsen, Romala Schuyler, Beverly Birch, Barbara Pardee, Charmaine Hubbard, Arlyn Laughery, Gertrude Sanford and Virginia Shaw.

### Tramps Publishing Mackay Day Rag

An addition to the 1947 Mackay Day celebration will be made this year in the form of a "newspaper," The Sundowners' Hobo News.

Paul Weaver, Sundowner president, stated today that members of Sundowners, campus good fellowship organization, will sponsor the publication.

Weaver and Max Dodge will co-ed the newest campus publication which will include "all of the best literary works of the day."

The souvenir of the day will be printed in tabloid form and will cost ten cents a copy.

### Practice Teachers To Be Beardless

Apparently Mackay Day beards tickle grammar school students, as well as University of Nevada coeds.

Dean F. W. Traner, head of the education department, said yesterday that students doing practice teaching in the local schools will not grow shrubbery for Mackay Day.

The reason for the exemption is that the practice teachers have trouble maintaining their dignity and order in the classrooms when they come to school sprouting whiskers. Students thus excused are Robert Baker, Jordan "Turk" Eliades, Tom Montgomery, Harry Paille and Robert Whittemore.

### VETERANS LIVING COSTS INVESTIGATED BY AVC

During the last week, the American veterans committee has made a survey of campus veterans to determine their average cost of living each month. Collected statistics showed a total of \$92.65 for single veterans and \$159.50 for married ex-service men.

Public relation council, under the chairmanship of Charles E. Murdough, conducted the survey which covered fraternity houses, dormitories, Victory Heights, Highlanders and the old gym.

### For Pack Record See the Books, Says Coach Lawlor

"See the records!" That was the only comment made by head basketball coach Jake Lawlor when asked about Nevada's basketball record for the last year.

The records show that: 1. Nevada faced the toughest basketball competition in its history this year.

2. Nevada has just completed the longest schedule it has ever played.

3. Nevada piled up 1740 points to the opposition's 1450.

4. This is the first time that Nevada basketballers have ever invaded the hardwoods on the east coast. On that tour they won one and lost three, beating St. John's and losing to St. Joseph's, Georgetown and Duquesne. These teams are among the best in the nation today.

5. All of Nevada's defeats have been by small margins. The greatest loss by the Pack was to St. Joseph's of Philadelphia by 11 points. Two of our defeats were in overtime contests to Duquesne and St. Mary's. Other games lost by one or two points were to San Jose State College, College of Pacific and St. Mary's.

6. Nevada won 21 and lost 13 for a total of 34 games played.

Chief cause of divorce is marriage.

### Luncheon Honors New Grid Mentor

Joe Sheeketski, University of Nevada's new football mentor, was introduced to the athletic control board at a luncheon meeting yesterday by Harry Frost, alumni head.

The confab held at the Riverside Hotel centered around the gridiron policy Nevada will maintain in the future. The board officially greeted the Notre Dame graduate, who has a five year contract to coach the Wolf Pack.

Clearing up of recent business matters was also carried on at the meeting, as the illness of graduate manager Joe T. McDonnell prevented a meeting for the past week.

The feminine of bachelor: lady in waiting.

Make Joe Sheeketski feel at home. He's got a big job.

### Know Joe, Password For Phi Sig Dance

"You had to know both Joe and the password to get into the Phi Sig speakeasy on Friday, March 21," Milo Price said today.

"It was strictly prohibition," he said, including soft lights and caricatures of actives and pledges scattered around on the walls to give the joint that lived-in look.

Guests began appearing at 8 pm and stayed until dawn. "It was a big success," Price reported.

Chaperones were Mr. and Mrs. George Ross, and Mr. and Mrs. Dave Sheen.

There's more to Mackay Day than the contents of a highball glass.

Coeds go for the man with the whiskers, just like the veterans do on pay day.

### Richard Can Keep The Door Locked!

Taking advantage of the mild March weather, Mr. S. H. Vinocour, instructor in English, has been holding several of his classes under the sun in front of English Hall.

Mr. Vinocour also believes that seclusion makes for inspiration among the members of his debate squad. Recently the debate team took to the hills,

but fearing that the seclusion might become a bit oppressive, they brought along a quarter keg of bock beer.

The scene of the gathering was Geiger Lookout on the road to Virginia City.
