

ENGINEERS' SHOW INVADES CAMPUS

Billy Rose Can Stick to Horseshoes; Paniwallis Presents First Aquacade

Paniwallis swimming club will present "Hawaiian Fantasy" aquacade at 8 p. m. Sunday and Monday evenings, May 18 and 19, at Moana hot springs, Pat Ireland, club president, has announced.

Twenty-four swimmers will participate in the show, with fancy diving and water ballet being featured. Six of the participants will be men, under the direction of Ken Cusick. Beverly Brown, Virginia Gardner, and Carol Thomas will direct other swimming features of the program.

Jean Clawson wrote the script for the show, Miss Ireland said. Clarinet and accordion music will be furnished by Marjorie Kelly and Claudine Lepori.

Tickets for both evenings are now on sale at 55 cents each. Approximately 500 people may be seated for each hour and a half show. Beverly Birch, decorations chairman, said that Moana hot springs has been redecorated for the performance.

The program as outlined by Miss Ireland will consist of three acts. Introduction to the aquacade will be in the form of a floating U. of N. with the entire cast participating.

Act one, entitled "The Indian Tribe," will be in three parts. "Dance of the Warriors" and "The Indian Children at Play" will have the cast performing. A duet, "The Indian Brave and His Maid," will feature Kenny Cusick and Mary Ferguson.

Act two, "The Hawaiian Tribe" will feature three presentations. The cast will appear in "The Morning Glory," followed by the number, "Diving For Coins" with Mary Ferguson, Kenny Cusick, Lorraine Liegh and Toad Welin. "The Flame of Awahua" rounds out the act with the cast performing.

Act three, "The Atlantis Tribe," features "The Dance of the Dolphins" with the entire cast, and a duet, "Through a Thousand Dreams." In this latter number, Pat Ireland and Marvin Picollo are the performers.

Nevada's first aquacade will conclude with the "Flaming Finale," a fiery water number involving all members of the swimming ensemble. The program will be supplied by Claudine Le Pori and Marjorie Kelly.

Nevada Orchestis To Give Dance May 20 in Gym

Nevada Chapter of Orchestis, national dance sorority, will present a program of original dances in the new gymnasium Tuesday, May 20, at 8:30 p. m.

Miss Jacqueline Van Gaasbeek, modern dance instructor, said all performers of the evening will be members of Orchestis and the modern dance class. Original dances and music will be the feature of the concert. The dances presented will be a Mexican number, Sacrifice, and a technique study.

Junior Orchestis class will present "Registration" and "Life at the Dormitory."

No admission will be charged for the event.

Witte Appointed Chairman

John Witte was appointed chairman of the Lincoln Hall upperclass committee by Elmo DeRico, new mayor of Lincoln Hall and Sigma Rho Delta president. Witte was also appointed Sigma Rho Delta representative of the university upperclass committee.

Governor's Day To Be Observed On Hill May 21

Governors Day will be observed May 21 at 11:30 a. m. at Mackay stadium when Governor Vail Pittman will review the ROTC corps, give a short speech, and present the Governor's medal to the outstanding cadet. Attending the ceremonies with the governor will be Brigadier General Jay White, adjutant general of Nevada.

The governor's medal is presented to the cadet who has demonstrated exceptional proficiency in military training, military courtesy, and attention to duty.

Awards to the best drilled squad and best first and second year cadet will be presented during the ceremony, as well as the president's trophy for the best individual record for the rifle team for the ROTC rifle season. This trophy will be awarded to Kenneth Rice.

Following the review and awards presentation, a luncheon honoring the guests will be held.

Artemisia Delayed Until Late Summer, States Max Dodge

"Although advertising copy and cuts were completed last February, the difficulties encountered by the editorial staff in obtaining the necessary photographs will prevent the 1947 Artemisia from being published until late summer," Max Dodge, Artemisia editor, said today.

At a meeting held May 12, the publications board again reviewed the status of the editorial side of the Artemisia. At this time, the editor was instructed that all pictures should be in the hands of the engraver no later than May 21 even though this might mean leaving out pictures not yet taken.

While reviewing the work completed by the editorial staff in the past two weeks, it was found that no great advancement had been made.

Dodge reported that this delay was caused by the trouble arising from both the student and commercial photographers. The difficulties arose over getting the finished pictures and then getting the pictures taken and then getting the finished pictures from the photographers and to the engraver.

The latter part of the summer has been set as the approximate date of distribution. If this date of distribution is near the opening of the fall semester, the annuals will not be given out until students return to school. Those not returning to school would receive them by mail. However, should they be completed earlier than expected, they will be mailed to the students' homes.

CROSS DOUBLECROSSED LOSES DIGNITY PLUS

During all of the activities at Manzanita Lake on Mackay Day, Bob Cross lost a few valuables. Cross stated that when he was being carried down to the lake to be thrown in, he dropped his dark glasses, a Shaeffer pencil and his Gruen wrist watch.

Campus Misdemeanor Reported to Police

Local police are investigating a misdemeanor committed when the glass was broken in the bulletin board in front of the library. Also, a banner stretched across the street advertising the engineers' dance was stolen.

Hans Wolfe, ASUN president, reported the incident to Dr. Robert S. Griffin, dean of men, who asked the aid of the local police. Wolfe stated that the glass was broken between midnight, May 12, and 8 a. m., May 13.

VETERANS GIVEN GO AHEAD SIGN

Residents of Victory Heights who are not planning on attending summer sessions at the university may retain their apartments over the summer, Dr. R. S. Griffin, veteran housing administrator, announced yesterday.

Tenants may sub-let their apartments if they wish, Dr. Griffin said, until their return to college next fall.

Students failing to make their grades who are suspended from the university will be required to vacate their apartments within ten days.

"Next fall," said Dr. Griffin, "the housing shortage will again be acute, although probably not as bad as it was this year. There are still many applications for housing which are unfiled, but the completion of the Victory Heights project this semester has done much to alleviate the shortage."

AWARDS ASSEMBLY SET FOR MAY 29

Inauguration of the new student body officers and presentation of awards will take place at a student assembly May 29 at 11:00 a. m.

Military Dance Set for Tonight

One hundred twenty couples will whirl to the melodious strains of Ernie Piersal's eight piece orchestra at Scabbard and Blade's annual Military ball that will begin tonight at 9.

Fifty tickets were put on sale yesterday for the student body after 70 had been sold to members of the military department and Scabbard and Blade for the dance at the Twentieth Century Club.

Teddy Hicks, major and queen of the ball, and captains Maida Lee, Maxine Jones, Lucille Monroe and Helen Boner will be presented honorary commissions tonight at the function.

Five women were chosen honorary officers by members of Scabbard and Blade, advanced military society.

Announcement of the choice of six ROTC cadet officers will be made at the ball sometime during the evening. Bert Hildebrand has been named battalion commander, with the rank of lieutenant colonel. George Hill will be battalion adjutant with the rank of captain. Company officers to receive the rank of captain are Kenneth Rice, Bob Durham, Bob Metzger and Raymond Larsen.

Formal orders for these commissions will be published next fall, along with other key positions in the university ROTC battalion.

FINAL EXAM WEEK STARTS MONDAY, MAY 26

Final examination week for senior students will start Monday, May 26. Senior grades are due at the registrars office on June 2, while grades for the graduating students will be released on June 9, according to Mrs. Jeanette Rhodes, registrar.

BRUSH FINALE FRIDAY, MAY 23

Last issue of the Sagebrush this year will be printed on Friday, May 23, it was announced this week by Dick Rowley, business manager.

Rowley stated that the main reason for this was that he needed the last two weeks, while he still had some help, to close out the books for the school year 1946-47. He also said that many of the Sagebrush advertising accounts would have to be collected by him, and that it would take several days to finish this task.

REPORTS DUE ON ORIENTATION

Members of the Freshmen Orientation committee must have their preliminary reports in on or before Monday, May 19, Dean McNeilly, student member of the committee announced Wednesday. The reports may be turned in to Dean F. W. Wilson in the Agriculture building to Dr. Ralph A. Irwin in the Education building, or to Dr. Beasley in the Mackay Science building.

The purpose of the Orientation Committee is to welcome new students and to acquaint them with the university.

Included in the reports, McNeilly said, should be all possible information concerning each member's plans for the orientation program next fall. Location, time, and space required should all be considered.

HIGH SCHOOL DEBATES HELD OVER WEEKEND

The Nevada high school forensic tournament was held at the University of Nevada last Friday and Saturday.

Revived Engineers' Day Filled With Contests, Displays, Demonstration

By Pete Mygatt

Tomorrow, for the first time since the war, Engineers' Day will be staged. Replete with exhibits, demonstrations, contests, and ending with a dance, the Associated Engineers will present "the biggest event on the campus for many years," according to Jim Glynn.

Radio station KATO gave a 15 minute program from the campus at 10:30 this morning publicizing the Engineers' Day. Engineers gave brief previews of the exhibits to be presented tomorrow.

High School Heads Meet on Campus In 2-Day Parley

Luncheon, Picnic Dinner, Social Whirl on Tap For Delegates

Student body presidents from many of the high schools in the state of Nevada will gather at the University of Nevada campus this weekend, May 16 and 17, for the 1947 high school presidents' convention.

With two full days of entertainment and business meetings before them, the presidents will sign up at 8:30 Friday morning at the ASUN building. Immediately after signing up, the high school heads will be conducted on a tour of the university campus and then will go to the Agriculture building where Hans Wolfe, ASUN president, will deliver the welcoming address.

Tri-Delts Hostesses

From here the presidents will go to the Tri-Delt house where they will be guests of that sorority in an informal luncheon. Next on the program will be an assembly at Reno high school and then the University of Nevada YWCA will serve a picnic dinner at the east end of Mackay stadium.

Saturday events include breakfast at the ATO fraternity house, another business session in the Agriculture building at which time the speaker will be Dr. Robert S. Griffin, dean of men of the university. Luncheon will be served by the Kappa Alpha Theta sorority with Dean Elaine Mobley as the speaker. Saturday night will find the presidents being entertained at a banquet at the Trocadero in the El Cortez hotel with the principal speaker Dr. John O. Moseley, the president of the University of Nevada. Also included as entertainment at the banquet will be the Mackay Day song team winners, Sigma Alpha Epsilon and Pi Beta Phi.

CAP, GOWN FEE HONORED BY VA

The veterans' administration announced this week that it will honor cap and gown fees for all graduating vets, to the amount of \$2.50, or for that portion of the fee retained by the university.

Veterans who have already paid into this fund will be reimbursed. Dr. Robert S. Griffin, dean of men, or Mr. James J. Hill, library director, can furnish detailed information to graduating veterans.

STUDENTS TO STUDY MAMMAL, TREE SPECIES

Members of Dr. Frank Richardson's mammalogy class, and Dr. W. D. Billings' dendrology class will study Sierran species of mammals and specimens of trees when they take an all-day field trip Saturday, May 24, to the Lake Tahoe region.

They will travel in the new University bus.

Main events of the day will be five contests sponsored by the different engineering departments. Regan "Slick" Breese will be in charge of the slide rule contest, Ken "Car an Hour" Goodrich will head the mucking contest, Bill "Hard Rock" Harrigan and Bob "Placer" Jones will preside over the hard rock drilling contest, Walter "Chatter" Riggle bosses the riveting contest, and Bob "Eagle Eye" Bryant is in charge of the surveying contest.

The slide rule contest will be ten minutes long with enough problems to keep the contestants busy. It will be held in the electrical engineering building and will be judged by Everett Harris, associate professor of electrical engineering.

Five Contests

Contestants will race against time to fill a mine car with ore in the mucking contest. It will be held at the north end of the EE building and will be judged by a mining instructor.

Hard-Rock Sections There will be two sections in the hard rock drilling contest. Single-jack men will drill for five minutes and double-jack teams will drill for ten minutes. Each contest will be judged for the deepest hole. This will be held at the north end of the EE building and also will be judged by an instructor from the mining department.

Three-man teams will compete in the riveting contest. Each team will consist of three men; heater, buckler and riveter. Judging will be based on speed and quality. The contest will be held at the north end of the EE building and will be judged by Jack Ryan of the machine shop.

A level course will be run from Morrill hall to the new engineering building in the surveying contest. Each team will have two members and will be judged on time and accuracy.

Exhibits Planned During the day exhibits and demonstrations will be shown with mechanicals, electricals, civils, miners and chemists taking part.

(Continued on Page 6)

Alumni to Induct Graduating Seniors

All graduating seniors will be inducted into the Alumni Association and receive free membership for the remainder of the fiscal year at the Alumni luncheon. The banquet will be held June 9 at 1 p. m. in the university dining hall.

Tickets to the luncheon will be handled through the Alumni office and all graduating seniors who are guests at the luncheon may receive tickets there. Tickets for immediate family and friends of the seniors may be purchased for one dollar.

There will be a limited number of tickets and it is advisable to get them as soon as they are available on May 22.

Glynn Elected Student President

WIN

Jimmy Glynn

With the largest turn-out to the polls in history, 481 students out of 1023 elected James Glynn president of the student body for next year.

Jordan Eliades, Lambda Chi, will represent Block N on the board of athletic control; James Goodin takes over the senior class reigns; Howard Heckethorn and Bill Gillis are the two high men for junior manager; and Rex Jemison and John Foley are still in the race for sophomore manager. Candidates for junior and sophomore class managers will be voted on again in a general election, May 22. Glynn topped Douglas Trail, Sigma Nu, by only 132 votes and Robert Durham, ATO, ran third with 175 in the ASUN

PLACE

Doug Trail

senate's official count for president.

The polls closed at 5 p. m. yesterday after a clean and quiet campaign featuring the usual handbills, postcards, rafts floating on Manzanita lake, and a well-attended political rally in the gymnasium Wednesday evening.

A Nevada native son, Glynn is active in many campus organizations and is now president of the mechanical engineers. He is also publicity chairman of Blue Key, Lambda Chi representative and president of the Inter-fraternity council, and a member of Cofin and Key. He served as a lieutenant in the Naval air corps and was awarded the Navy cross for sinking

SHOW

Bob Durham

an enemy vessel.

Eliades, defensive half-back for last season's Pack eleven, over-shadowed Oris Graves, Sigma Nu, by 137 votes as Block N athletic board representative. "Turk" is from McGill and starred as quarter back on White Pine county's high school football team. He is now president of Lambda Chi and in addition to playing on the football team in 1942 and last season, he has played on the university varsity basketball squad for two years. While serving as a first lieutenant, flying P-51 fighter planes out of England with the air corps, he went down in Germany and spent nine months in prison camp. He flew 35 combat missions.

The opinions expressed in the editorials of the Sagebrush are those of the editor and do not necessarily reflect the viewpoint of any other individual or of any campus organization.

THANKS

"Thank you" is a weary, overworked expression. It can still be said with all the meaning that it should carry. This is the time when it must be wheeled out again and, for a change, sincerely expressed.

It is being said by the editor of this paper to a man who has worked from behind the scenes without recognition or pay. No task has been too small or too large for him to perform. This man, our candidate for man of the year, is Bill Henley.

From the time he was forced to drop the editorial handbars, Bill has never forgotten the 'Brush or any of the people who put in the graveyard shifts in the ASUN building. His sound advice has been on tap any time he was consulted. This has made it possible for the paper to hit the campus week after week—good, bad, or indifferent.

This year is just about racked up. It is time that Bill receives some sign of gratitude. It is also time that the backdrop is raised and everyone at the University of Nevada realized what he has done for their newspaper.

Thanks again, Bill.

EXTRA CURRICULAR ACTIVITIES

Another case of red-blooded, youthful spirits appeared on the campus this week. Scene of this good, clean fun was the campus bulletin board. Resulting from the late hour frolicking was one broken pane of glass in the bulletin board, a large canvas Engineers' Day advertising banner stolen, and the contents of a refuse can scattered over the sidewalk.

The same night some over-enthusiastic individual showed his own particular type of mind by breaking the windows in presidential candidate Bob Durham's car. Just what this accomplished is unknown. It was just as constructive as the bulletin board fracas. In fact, it almost looks as though it were done by the same person or persons.

School spirit like this has been evident at Nevada all year. So much time is spent in participating in this type of spontaneous hilarity that not a minute remains to carry out the worthwhile activities and traditions of the campus.

It has reached the point that an accurate estimate can be made each week of the amount of copy that will come into the Sagebrush office telling of postponements and cancellations of events. This is matched only by the number of committee and organization heads who have resigned from their jobs because they could get no cooperation or help.

It is obvious why this state of affairs exists at Nevada. It is so much fun and so exhilarating to smash windows and climb trees that there is no sense in taking part in all-school affairs. It's not vandalism. It's school spirit—1947 variety.

Graduating Seniors Bid Farewell To University as Semester Closes

Seniors will get a last nostalgic look at the campus during Senior week, June 2-7.

Senior week will end with a banquet at 7 p. m. Saturday night, June 7. Guests will include President and Mrs. John O. Moseley, Dr. and Mrs. Robert Griffin, dean of men; Elaine Mobley, dean of women; the new ASUN president, the new senior class manager, and Joe McDonnell, graduate manager and assistant. Master of ceremonies will be the outgoing ASUN president, Hans Wolfe. Each senior may bring a guest to the banquet.

Starting at 10:30 Saturday, the seniors will conduct a campus trek with Evelyn Payne in charge. The seniors will stop at various points on the campus and one of the group will give a short historic talk of the object being viewed.

Present Gift

Talks during the trek will be given at Morrill hall by Jimmy Melarkey, president of the senior class, who will present a gift to the new ASUN president; at the Mackay science hall

by John Gent; the bench before the electrical engineering building by Lyman Earl; the Mackay School of Mines by Stanley Wines; and the old gymnasium by Harry Paille.

James Tierney will talk to the trekking group at the Education building, and Bill Eccles will give a short history at the Agricultural building. Pat Riley will take over at the senior bench in front of the hall of English.

The next to last stop will be at Stewart Hall with Helen Brania speaking, and the last stop at the Library where Virginia Olesen speaks.

Monday of senior week a tea will be held from 4 to 5 p. m. with Leslie and Robert Whittemore in charge; a softball game Tuesday at 4:30 p. m. at Clark field between the faculty and the seniors with Pat Heher in charge; and on Thursday, headed by Gloria Mapes, a barbecue picnic for the seniors.

Jim Schultz will be in charge of the overall senior week to see that everything goes according to schedule.

KERRSES

By Eileen Kerr

Six weeks have come and gone again; some have passed and some have not, some of us haven't done so hot; and all that, but here's our incentive for the ensuing period. Let's bring all those F minuses up to F.

Thanks to Strawberry Kenyon of the Daily Californian for the following stolen item: "A student who was visiting a friend had the great misfortune accidentally to swallow a needle. First reaction of the friend upon hearing of this calamity was, 'Get off my white rug. You might have a hemorrhage'."

In the amazing and amoozing department, the Pacific Weekly reports an announcement party at which the happy news was told on scrolls inscribed: "She's lovely, she's engaged, she uses Ju Jitsu." Equally unusual is the report of another clever coed's announcement made after a fire alarm brought everyone within earshot.

Some tricky column titles encountered in exchange papers include: Squintin' With Clinton, seen in the Fort Knox Sun; U. C. It's This Way, run in the Daily Californian; Boiler Room—Blow Your Top Here, in the Golden Gater; The Tiger's Tale, in the Pacific Weekly.

A bit of silly stuff reprinted from the New Mexico Lobo as follows: Poem:
Silam Clam
Lies on the floor;
He tried to slam
A swinging door.

PROF. JAY CARPENTER ADDRESSES ENGINEERS

Director Jay Carpenter of the Mackay School of Mines addressed the San Francisco Branch of the American Institute of Mining Engineers Wednesday night at the Engineers Club in San Francisco. "Mining in Nevada" was his topic. Professor Carpenter left Reno for San Francisco on Monday afternoon and returned Thursday.

Chem Head Again Asked to Assist Inspection Tour

Dr. Sears Sought Second Time to Aid College Accrediting

Dr. George W. Sears, head of the department of chemistry, has been asked for the second time to assist in college accrediting inspections being carried out nationally by the American Chemical Society, it was learned today.

Although Dr. Sears has not as yet received his assignment of colleges to inspect, he has outlined the procedure he will follow.

Department facilities examined by the group are staff qualifications, including number of teachers in the department and their training and experience, together with the number of hours they are required to teach and the size of each class.

Counting against the national rating of an institution, it was brought out, are instructors who have too great a teaching load or too many students enrolled in a section.

The accrediting board also takes into consideration laboratory equipment, department libraries and building facilities, Dr. Sears said.

Dean H. L. Reyerson of the Minnesota Institute of Technology recently visited the campus

Committee Probes Screening Merits

Should all incoming engineering students take a pre-engineering screening test before they are admitted to the University of Nevada's School of Engineering?

This question was brought up at a meeting of the Committee on Admissions and Advanced Standing last Wednesday, Professor Stanley Palmer, Dean of the School of Engineering, announced today.

The committee reached no decision on the question. Sponsored by the Carnegie

Foundation, Dr. K. W. Vaughn developed the "Pre-Engineering Test" and has used the screening test extensively in 30 engineering colleges throughout the United States.

The test has been successful in evaluating a student's preparation for an engineering profession. Transfer credits showing "Ds" in military schools and the problem of admitting foreign students were also discussed at the meeting.

Pardon me. You look like Helen Black.
Yes, I know, but I look worse in white.

Theta Chi Queen To Be Selected At Spring Formal

A queen who will reign over the Theta Chi social activities for the rest of the year will be chosen at the Theta Chi spring formal tomorrow night. The dance will be held at the Palomar Country Club from 7:30 until midnight.

Eppie Johnson, social chairman for the Theta Chi's, announced that the queen will be chosen to fit the fraternity song, "The Dream Girl of Theta Chi." He added that the fraternity planned to found a tradition beginning this year of choosing a queen every year to reign over the group's activities.

The queen will be crowned with a red and white floral wreath, will receive an inscribed bracelet, will be serenaded by a Theta Chi song team, and will lead the grand march.

Choose Queen

The queen will be chosen by the guests, President Moseley, Dean Thompson and Dean Mobley, and the chaperones, Dr. and Mrs. Vincent Gianella, and Dr. and Mrs. Philip Lehensbauer.

Sixty-five couples are expected to attend the dinner-dance. Music will be furnished by Loring Chapman's Orchestra.

Representatives of six other fraternities have been invited to attend the dance. They are: Dale Riley of Lambda Chi, Kurt Baker of Phi Sigma Kappa, Jack Diehl of Sigma Alpha Epsilon, Elmo Dericco of Sigma Rho, Mahlon Fairchild of Sigma Nu, and Mickey Munley of Alpha Tau Omega.

The club will be decorated with flowers centering around the throne of the queen.

Blue Peppers To Usher

Members of Blue Peppers, Nevada women's pep organization, will usher at the commencement exercises on Monday, June 9, in the new gymnasium.

Girls who will usher are Joyce Percy, Yvonne Del Carlo, Margie Menu, Margie Simon, Gwen Byrd, Pat Ireland and Delores Lothrop. Three girls are yet to be chosen, announced Gloria Mapes, group leader.

Pi Phi Sport Sparklers

Two five-pound boxes of candy were passed out at the Pi Phi house Monday night to announce the engagement of Bebe George to Dick Munn, and Shirley Abbey to Roy Bowers. Dick Munn is a Sigma Nu and Roy Bowers is an SAE.

Foreign Students Guest Speakers At Rotary Dinner

University of Nevada students from Greece, France, China, Norway and Sweden entertained the Carson City Rotary club meeting last week with experiences abroad and problems of adjustment in the United States.

Dr. John O. Moseley, university president, and Charles H. Gorman, comptroller of the institution, made arrangements for the program and attended the meeting.

Overseas students from Greece included Miss Angelina Constantinidou, Miss Sophia Paraskeva and Papadion Vasilion; from France, Mrs. Yvonne Chamberlain; China, Wing Gay Chang; Norway, Kristian Tanning; Sweden, Stig Isaksson.

The presence of these students helps to broaden the educational outlook of the university, said Dr. Moseley, introducing the students to the Carson City Rotary group.

MAESTRETTI RESIGNS AS ALUMNI SECRETARY

Madlen Maestretti, who has acted as secretary to Rex Daniels, Alumni Association's campus secretary, gave up her job this week in order to put in full time on her studies.

Taking Miss Maestretti's place in the alumni office is Betty Mirabelli, wife of Mike Mirabelli, Nevada football player.

Mrs. Mirabelli will be with the Alumni office for the remainder of the semester, stated Daniels.

SAGENS ELECT OFFICERS FOR NEXT YEAR'S WORK

Pat Ussery, Gamma Phi Beta, was elected president of the Sagens, women's service and pep club last week when the women held their meeting in the A.S.U.N. building.

Alice Etchart, Kappa Alpha Theta, became vice-president, and Nora Saunders, Independent, secretary-treasurer.

The women also planned a breakfast for the new members.

Joint Steak Fry Planned By Campus Organizations

Members of the Math Club, Alpha Epsilon Delta, and Chemistry Club, plan to hold a joint steak fry this Sunday at Bowers Mansion.

All students who do not have transportation are to meet in front of the Mackay Science Hall at 10 a. m., stated Betty Tracy, president of the Math Club.

Lois Hitchens and Hank Stewart are in charge of refreshments.

PI PHI SOCIAL

The Pi Phi's held a social for the Sigma Nu's last night at their sorority house.

Aggie Club Horse Show Success; Bigger, Better Plans Next Year

The Aggie Club is pleased with the response given their horse show last Sunday, and is laying plans for "a bigger and better" show next year.

Saddle and Spurs, campus women's riding organization, made the grand entry and did a variation of the Virginia reel on horseback, under the direction of Miss Ruth Russell, faculty advisor.

"Saddle and Spurs did a marvelous job, and many compliments have been paid to them for their exhibition of horsemanship," Mike Galli, secretary of the Aggie Club, said today.

Approximately 1000 persons attended Sunday's big show to watch the three match races and to inspect the 60 horses exhibited. In addition to the match races, there were nine judged events.

The horses exhibited at the show compared "very favorably" with any he had seen on the Pacific coast, said Mr. McComber, of the Pacific Quarter Horse association, who acted as judge.

Exhibit Only

One of the more colorful entries at the show, made up of palominos, Arabians and pintos, was shown only for exhibit this year.

Shirley LaTourette, 12, and Sally Hoover, 13, demonstrated trick and bareback riding. Their act was climaxed by putting their horses over hurdles while riding bareback.

In the first match race, "Comet," owned by Jim La Rue of Reno, won over "Lady Time," owned by Walter Parman of Reno.

In the second race, "Old Jim," owned by Virginia Granlies of Reno, won over "Little Time," owned by George Murphy of Reno.

"Old Jim" raced again in the third race, winning over "Dixie," owned by Herb Tate of Reno.

Saddle and Spurs Initiate Members

Saddle and Spurs will hold its annual initiation on May 24, according to Pela Oyarbide, president of the university women's riding club.

The trials for membership will be held on the last day of riding lessons at the stables of Chasta West. Any woman student is eligible who has been taking university riding lessons this semester.

The initiation will be combined with a breakfast ride.

Election of officers will take place at the next meeting of Saddle and Spurs.

Woman Riding Club Holds Quadrille At Aggie Horseshow

Quadrilles and parade formations were performed by the university women's riding club, Saddle and Spurs, in the Aggie club horse show held last Sunday.

Three flags were carried by the women riders in the opening parade. An American flag was carried by Pela Oyarbide, the state flag by Beverly Vawter, and the Saddle and Spurs banner by Neil West, mascot of the organization.

According to Pela Oyarbide, president, 24 girls participated in the Saddle and Spurs part of the show.

TOMORROW'S APPLIANCES

The Story of JIM YOUNG LAFAYETTE '37

Jim became interested in mechanical problems early. In his teens he found a hobby in rebuilding old autos.

Today Jim supervises the engineering of G-E household appliances that will go on the market two to five years from now.

THE General Electric refrigerators, ranges, and other appliances that homemakers will buy in 1950 are already under development. Jim Young, ten years out of Lafayette College's mechanical engineering course, supervises the engineering.

Jim, graduating magna cum laude, chose General Electric's job offer over others because, as he says, "G.E. offered more different fields of engineering, had a better program than any other company, and could provide better experience."

The varied experience that Jim sought came to him fast. While on "Test" with G.E., he worked in four different plants and at six different assignments. Following "Test" he enrolled in the G-E Creative Engineering Program and drew five assignments in laboratories and design departments.

His first "real work," he says, was in helping to develop large-size rocket launchers, both airborne and land types. His success with this assignment made possible his steady progress to the top of his department's Advance Engineering Section.

Next to schools and the U.S. Government, General Electric employs more college engineering graduates than any other organization.

GENERAL ELECTRIC

Head Yell Leader To Receive Award

As an award for serving as head yell leader for the past year, Tosca Masini will be presented with a miniature gold megaphone. Virginia Cole and Johnnie Sweatt, assistant yell leaders, will receive miniature silver megaphones.

In the past V-neck sweaters have been presented to the yell leaders but the executive committee of the ASUN senate de-

ecided in favor of the megaphones for this year, Hans Wolfe, ASUN president, stated.

Bailey Resigns Coaching Staff To Take Over Sales Manager Job

Jim Bailey, head track and boxing coach and assistant in football is leaving the University of Nevada.

The announcement came from the Board of Athletic Control of the University after a meeting Wednesday, at which time Bailey's resignation was made known.

"My coaching experience at Nevada has been pleasant, and it is with profound regret that I leave the institution," Bailey stated.

Jim expressed his desire to accept a sales manager position for the Moser-Hartman Company, of Salt Lake City, manufacturers of restaurant and bar fixtures.

Dr. Phillip A. Lehenbauer, head of the Department of Biology and member of the Athletic Board of Control, said, "We are all unhappy to have Jim Bailey leave us. He is not only a fine coach, he is a fine man."

Three-Sport Star

Bailey was a three sports star here at the University when he attended, being active in football, basketball and track. Later he played with the San Francisco Olympic Club's teams.

As a coach, he handled freshman basketball here at the University and turned out an undefeated track team in his first season, 1943, before entering the Navy as a commissioned officer. He was on the athletic staff of St. Mary's Pre-Flight and later at Fallon-Air Station.

Returning to Nevada in 1946, he assisted Jim Aiken in football as backfield coach and scout. His trackmen have won two out of three meets this year and his boxing team has dropped two meets.

Bailey had previously coached high schools in Dayton, Yerington and Fallon. While at Yerington, he developed state championship track and football teams.

PACK CINDERMEN IN COAST MEET

Five members of the University of Nevada track squad travel to Fresno, California, to participate in the West Coast Relays tomorrow.

Competing for the Wolf Pack in the mile relay are Carl Robinson, Jack Fagin, Grant Davis and Dick Trachok. Coach Jim Bailey said that Bill Smales may also attend as a reserve.

Expected to gain top honors in the discus throw is hefty Max Dodge, who will be competing against outstanding West Coast discus-tossers.

WOLF PACK NINE BATTLES AGGIES

University of Nevada baseballers wind up their season this weekend with a doubleheader at Davis, against the Cal Aggies. Up to date the Wolf Pack nine has won five and lost five of their ten games. They earned a split with the Aggies in their recent meeting here in Reno.

Coach Jake Lawlor said that he will start Bill Gillis on the mound in the opener Saturday morning, and Lee Tucker will get the nod for the afternoon tilt. Jack Musselman and Bill Mackrides will be ready for relief duty.

Changes in the line-up will be necessary, Lawlor stated, since first baseman Al Lazzarone broke his leg in the series with the San Francisco Dons last weekend. Morley Bockmon will move over to cover the first sack when Gillis is on the hill and Tucker will take over Bockmon's spot in the outer garden. With Tucker on the mound, Gillis will be stationed at first and Bockmon will go back into the outfield.

Riflemen to Receive Circle 'N' Awards

Ten men were approved by the executive committee of the ASUN senate as eligible to receive Circle "N" awards in riflery. Recommendations were made by Col. Gilbert E. Parker on the basis of the best records made in intercollegiate competition.

Men receiving awards are Kenneth Rice, varsity captain; Emil Ott, Thomas Macaulay, Donald Metzker, George Ferrari, Bert Hildebrand, Roger Olmsted, John Patterson, David Savidge and Jack Wulff.

Twelve Tracksters To Receive Awards For 1947 Season

Varsity track awards for the 1947 season are to be presented to 12 men recommended by Jim Bailey, track coach, and approved by Block "N" society and the executive committee of the ASUN senate. All men named made a minimum of five points in a dual meet.

They are Max Dodge, James Melarkey, Tom Cross, Bill Smales, Grant Davis, John Fagin, Harry Varischetti, Tom Kalminar, Dick Trachok, Carl Robinson and Bud Bowers, manager. Robert Kent will receive a sweater as sophomore track manager.

Awards will be presented only to the men who make the grade requirement for 11 semester hours.

Snakes Cop Fifth Interfrat Game

Barbs Defeat Lambda Chi For Fourth Spot Tie

Virtually deciding the interfrat baseball race, Sigma Nu edged past a fighting Phi Sigma Kappa team, 8-7, last night to annex their fifth straight win.

Last Wednesday, the Independents won their first game of the season beating Lambda Chi 9-2. The win placed the Barbs in a tie for fourth place.

Staging a belated rally in the final inning, the Phi Sigs scored four runs and had the tying run on second. Snake pitcher Bob Knudson, quelled the uprising by whiffing the last batter.

Bill Gillis and Morley Bockmon led the Phi Sigs, while John Helstowski and Buddy Garfinkle played outstanding ball for Sigma Nu.

Boston Grid Scout Checks on McClure

Chief football scout for the Boston Yankees, Al McCoy was on the campus last week checking on Bob McClure, former tackle of the Wolf Pack who has signed with the Yankees of the National Professional Football League.

McCoy said that the Yankee training camp will probably open in July, and that McClure would be on hand at that time.

McClure, at present assisting coach Joe Sheeketski with spring football practice, has been an outstanding tackle of the Wolf Pack for several years.

McCoy mentioned that several others of the Nevada team are being watched, but the policy of the club is not to accept players until their college eligibility is used up.

Mounties' Monty Speaks to Large Assembly Group

Philosophy of Eskimo Life Outlined by Former Canadian Cop

Introduced as "Monty of the Mounties," Sidney R. Montague, former member of the Canadian Mounted Police, spoke Wednesday morning to a capacity crowd in a student assembly in the Education building auditorium.

The simple but workable philosophy of the Eskimo was outlined by the speaker in his talk on his Arctic experiences as a "mounty."

Four main things govern the life of the Eskimo, he said. Food, shelter, clothing and happiness are the important factors in these northerners' lives. The Arctic native always wears a smile, Montague explained, because he has little to worry about.

Montague brought out the importance of the North Pole region to the world as an existing storehouse of future food. He cited the fish in Hudson's Bay, the reindeer, and the large area of land for grazing cattle as examples of northern potentialities for the future.

Montague has written three books on his northern experiences. One book, about Eskimo life, was used by the Navy for the benefit of the men stationed in the Arctic area during the last war, and has not been released for the reading public as yet.

NEWMAN CLUB HOLDS LAST MEET OF YEAR

Communion and breakfast was held by the members of the Newman club last Sunday, said Carl Digino, president of the club.

This was the last meeting of the spring semester for the group, a university organization for Catholic students.

CAMPUS CLUB PICNIC PLANNED FOR BOWERS

Campus Club, Federated church campus organization, plans to hold a picnic at Bowers Mansion, May 25.

Spring activities of the group will end for the semester with this function.

Pack Tennis Team Meets USF, COP In Weekend Games

Nevada Boasts Undeclared College Record; Lose To Reno Squad

University of Nevada tennis team puts its undefeated collegiate record on the block this week against two top coastal racket teams. Nevada faces highly-rated University of San Francisco at Golden Gate Park on Thursday, and College of Pacific at Stockton on Friday.

Leading USF are Harry Likas and Ed Moylan, nationally-known net acers. The San Franciscans are rated as the best independent tennis team on the Coast.

Swinging over to Stockton on Friday the Nevadans run into some more crack netters in COP. Two of the Bengals, Larsen and Drewliner, are well-known court players.

Unbeaten

Nevada's collegiate record to date finds Pete Pridgen, Ed Reed, Leonard Stern undefeated in singles competition. Stern and Vern Brown form the only Wolf Pack doubles team yet to be beaten.

Thus far this season Nevada has downed both California Aggies and Chico net teams, while they were tied on one match and beaten in another outing against Reno tennis team. Pete Pridgen, number one seeded, was absent in the practice defeat administered by the Renosites.

Sunday's results were: Fairman (R) defeated Reed (N) 6-3, 6-1; Nenzel (R) def. Lyn Stern (N) 6-1, 6-1; Bradley (R) def. Vern Brown (N) 6-4, 6-2; Gardner (N) def. Mapes (R) 2-6, 6-3, 6-0; Orr (N) def. Digino (R) 6-1, 6-3; Hester (R) def. Keller (N) 7-5, 6-1. In the doubles Fairman and Nenzel def. Stern and Brown 7-5, 6-1; Bradley-Herz def. Reed-Gardner 6-2, 6-1; Keller-Orr def. Busey-Mackey 8-6, 6-1.

BLOCK "N" PLANS LULU

A complete financial report of Stag Night will be made at a meeting of the Block "N" society to be held Tuesday, May 20, in the ASUN building at 7 p. m., Max Dodge, president, said today.

Dodge also stated that plans will be made for "the most elaborate picnic to be held in the history of the University of Nevada."

Well, as the man said when he picked up the hankie, I think I'll blow.

PACK TRACKS

By Ray Gardella

S'LONG JIM

Surprising Nevada sport fans, likable Coach Jim Bailey resigned his coaching position effective June 1st.

Jim's capable mentoring included head track, boxing, and golf coach and football assistant.

Since the days when Bailey was an outstanding athletic figure at the university, smiling Jim has figured prominently in Nevada sports. He turned out top-flight high school teams at Dayton, Yerington and Fallon.

His record as a Wolf Pack mentor is nothing less than spectacular and he has been more than instrumental in Nevada's rapid rise in the national sports picture.

As a fitting conclusion, we're going to miss Coach Jim Bailey immensely, and hope that he'll be just as successful in his new enterprise as he has been in developing top-caliber athletic teams.

TRACK TEST

Among the 1200 outstanding track and field athletes competing in the 21st Annual West Coast Relays, will be Nevada's crack mile relay team and big Max Dodge, record-breaking discus tosser.

Meeting his toughest test, Max will toss the platter in competition with at least six discus throwers who have season marks well over the 150 foot mark. Nevertheless, we'll string along with hefty Max and predict he'll win the event, if not surpass the 168 foot record.

The Wolf Pack's relay team, although unbeaten all season, should be content in assuming the darkhorse role. Dimming the hope of a Pack win is the fact that three top relay teams from UC, USC, and San Jose are major threats to the existing world record in this event.

Virtually every great name in the Pacific Coast track and field annals this year will compete in the West Coast Relays competition. The Wolf Pack contingent has its best chance since the heydays of sprinter Walt Powers to cop honors in the meet which has come to be recognized through past performances as the relay carnival "Where World's Records Are Broken."

COMING ALONG

Although the varsity golf team has been on the short end of the score on several occasions this season, the fairway trodders have been gaining valuable playing experience.

Scheduled to finish up their season this weekend, varsity golfers meet the strong Sacra-

mento Junior College in hopes of avenging a previous defeat.

The mashie-wielders are comprised chiefly of veterans—men who, for three or four years, never swung a golf club!

ODDS AND ENDS

Pack baseballer Morley Bockmon has a brother, Joe Bockmon, who plays for the Cleveland Indians. . . Still without track spikes, Max Dodge is confident he can beat the field in the West Coast Relays this weekend. He is also officially entered in the California Relays on May 24, and the NCAA meet to be held at Salt Lake City on June 22. . . Jim Bailey's new sales manager job came about through a friendship in the Navy. Jim's new employer is a good friend whom he met while in the service. . . Pitcher Bill Mackrides has been bothered by a sore arm which has confined his pitching to relief work on the Pack hardball team. Incidentally the varsity concludes its season this weekend with a doubleheader against the Cal Aggies at Davis.

Spring Ball Ends Today for Wolves

Joe Pleased With Backfield; New Players Expected

Nevada's gridsters take off their pads today for the last time this semester, announced Coach Joe Sheeketski, new grid mentor. Spring workout has been very satisfactory and the spirit of the team has been excellent, said Sheeketski.

A big scrimmage had been planned for Saturday but was called off because of the baseball trip which will drain too many players from the gridiron for a decent practice, continued the coach. Also there is a lack of experienced linemen. He expressed his satisfaction of the two backfields that have turned up such a good showing during the past few weeks, however.

Prospects for next season's record are excellent, said Sheeketski, with an influx of players from various junior colleges and also some more veterans due to arrive before next fall.

He closed by saying that Nevada fans can look forward to a good showing by the Wolf Pack in the coming year.

Pack Diamondmen Win, Lose Game In USF Series

Tucker Pitches Three-Hitter, Losses 3-0; Gillis Wins Tilt, 5-4

University of Nevada's baseball team split a doubleheader with the highly rated San Francisco Dons last weekend, annexing a 5-4 victory behind the seven scattered hits allowed by Pitcher Bill Gillis in Friday afternoon's game.

The Nevada righthander blanked the Dons until the eighth inning and personally garnered three of the five blows Nevada collected from the visitors.

During this contest Al Lazzarone, Nevada cleanup hitter, suffered a broken ankle when he stumbled over the foot of the Don's first-sacker.

Saturday afternoon's game saw the Nevada nine drop a heart breaking 3-0 game to the bay area boys despite the three-hit mound performance of Leland Tucker.

Disregarding the sixth canto, defensive play on both sides was good. Sinofsky made several fine stops and assists for Nevada at shortstop, while Turk Eliades played air tight ball in left field.

All the runs against Nevada were scored in the sixth without the benefit of a base hit. Two wild throws and a failure to field a ground ball by the infield were the three errors which proved the margin of victory for the highly touted visitors.

HIGH SCHOOL HEADS INVITED TO DINNER

Forty presidents of Nevada high schools, attending the state high school presidents' convention meeting on the campus, will be guests at a fireplace dinner this evening at 6 p. m., said Barbara Pinjuv, YWCA secretary.

Food will be prepared in the snack bar in Stewart hall under the co-chairmanship of Patricia Ross and Mary Lou Sewell, and will be served by YWCA women.

I must tell you one thing before you go any further—don't go any further.

Imports are inland ports.

NORMAN OLSEN ELECTED HEAD OF SKI CLUB

Final ski club meeting of the year was held last Tuesday night, during which ATO Norman Olsen was elected president for the coming year.

Olsen took over the meeting from outgoing president Barnes Berry and continued the election. Webb Brown, of Lambda Chi Alpha, was voted in as vice-president; Elaine Van Meter, Tri-Delt, secretary; and Jim Moell of Sigma Nu, treasurer.

Plans for the coming year were discussed and a drawing of the new ski club emblem was shown to the group. It consists of a wolf's profile which will have "U. of N. Ski Club" lettered underneath. These emblems will be ordered now and will be here for next year's members.

Also, the subject of a ski hut was discussed. A decision was made by the group to use the surplus funds from this year as a starter for a hut to be built at White Hills as soon as possible.

EVELYN SCHEELINE MARRIED RECENTLY

Evelyn Scheeline, Tri-Delt, was married recently to Lt. Steven Livesy Connor, Jr., U.S. army. The wedding took place at the Trinity Episcopal Church in Reno.

The bride was attended by Mrs. John B. Dayton and the Misses Alison Connor, Nanette Brown, Dolores Lee Lothrop, Marianne Wells and Janet Smith.

Mrs. Connor is the daughter of Mr. and Mrs. Harry Scheeline and was a sophomore at the University of Nevada.

Lieutenant Connor was graduated from West Point in the class of 1946. He has been stationed at Fort Bliss, Texas, and will leave shortly for Japan. Mrs. Connor will join him there early this summer.

I like jokes when they aren't over my head.

Coaches to Speak At Booster Dinner

Banquet Honors Wolf Pack Football, Cage Teams

Head football coaches from the University of San Francisco, St. Mary's, and the University of Nevada will be featured speakers at a banquet tomorrow evening at the Riverside hotel.

All three men are Notre Dame alumni.

The occasion will be the second annual banquet honoring the Wolf Pack basketball and football players. The Downtown Boosters Committee has invited Ed McKeever, new head coach at the University of San Francisco, and Jim Phelan, head coach at St. Mary's, to make talks on the program with Joe Sheeketski, new head coach at Nevada.

Other speakers will be Jake Laylor, head basketball coach at Nevada, and Jack McDonald, sports writer of the San Francisco Call-Bulletin.

Entertainment will be pre-

Nevada Golf Team Plays Sacramento In Return Match

Hoping to set right the 13-8 defeat they suffered almost a month ago at the hands of the Sacramento Junior College golf team, the Wolf Pack will leave Friday for a return match to be held at the Sacramento Municipal Golf course.

Members of the team who will make the trip for the last game of the season include John Phalen, John Holloway, Bob Larsen, Joe Foley, Pete Smith and Charles Mayo.

Pete Smith, winner, and John Holloway, runner-up in the Northern California Intercollegiate golf tournament, will soon receive the medals they won in that contest, assistant coach James Bailey announced today.

sent during the dinner, Rex Daniels, director of the University of Nevada Alumni association, said.

Tickets can be secured at Southworth's Cigar Store or from members of the Downtown Boosters organization.

Eligible Students Urged to Compete For Scholarships

Dr. Sigmund W. Leifson, head of the department of physics and representative for the Rhodes scholarships awards, announced that competition for Rhodes Scholarships this year will be open to qualified candidates under the usual conditions of eligibility.

The candidate, upon the recommendation of his college or university, may apply either in the state in which he resides or in the state in which he received at least two years of his college education by the time of the application.

A candidate to be eligible must be a male citizen of the United States, with at least five years domicile, and unmarried. He must have passed his nineteenth and not have passed his twenty-fifth birthday. He must have at least junior standing at some recognized degree-granting university or college of the United States.

All students interested and eligible should contact Dr. Leifson before the end of the semester, Dr. Leifson said.

Candidates who apply at the last moment invariably handicap themselves for appointment, according to Dr. Leifson.

Poetry is a thing you make prose of.

Is it time to chant — beat Oregon?

Junior Skip Day Cancelled by Owen

Jack Owen, president of the junior class, announced cancellation of the annual Junior Skip Day was due to the small number of students signing up for the celebration. It was originally scheduled for Wednesday.

Reason for the lack of interest in cut day in the opinion of Dr. R. S. Griffin, dean of men, was the fact that so many of the students realized the importance of not missing any more classes than have been missed already this semester.

Griffin pointed out that Junior Cut Day is not authorized by the administration and anyone missing classes would have the cuts marked against his record.

English Sorority Elects New Heads

Chi Delta Phi, national honorary English sorority, held election of officers Wednesday night at the Tri-Delta house.

Those elected were Billy Heath, president; Roma Gardner, vice-president; Nona Lee Tuttle, secretary-treasurer; and Joanne De Longchamps, program chairman.

Gareth Hughes, well known Shakespearean actor, entertained the group with selections from Shakespeare.

Admiral Byrd was showing his collection of trophies to an admiring visitor. "By rights," he said, "these should belong to my dogs. They discovered the Pole first."

NOW! IF WE ONLY HAD A GOOD FIVE CENT SEEGAR

Rube Goldberg has drawn many involved mechanical contraptions, but it takes Bernard Brady, junior mechanical engineering student, to put inventive dreams into an actual machine. He has devised a cigarette lighter and ash remover which is now on display at the Mechanical Engineering building.

Constructed from Tinker Toys' from his son's play set, Brady's machine is built on approximately a foot and a half square foundation, and is built around the striking force of the match.

A rotating field induction motor made of tobacco cans supplies the power that brings the match clockwise across the uneven sandular field causing ignition.

Complete with a controlling clutch, the device can be stopped when the lighted match reaches the most handy position.

The ash remover innovation is a wood extension fixed on a shafted rotor which also turns through extension arrangements from the central power source. The ash is removed by lowering the cigarette to the point where the wood extension makes the necessary contact.

Publications Board Staffs Handbook

At a Publications board meeting held last Monday afternoon, Helaine Heywood was appointed editor, and Bob Nelson business manager of the Frosh Handbook to be issued next fall.

Miss Heywood did considerable work on the Artemisia business staff this year, while Nelson has been one of the top men on the business staff of the Sagebrush.

The two students who will work together over the summer months and expect to have the book completed before fall registration.

Engineers Obtain New Quonset Hut

"A quonset hut should be built to house a new boiler for the mechanical engineering laboratory if this department is to meet the accrediting standard," Professor Stanley Palmer, Dean of the School of Engineering, said today.

Plans have been made to place the quonset hut at the east end of the mechanical engineering laboratory, and as soon as the Board of Regents approves, work will begin on the new addition to the engineering laboratory, Dean Palmer said.

Internal combustion engines and refrigeration equipment are the only mechanical equipment the mechanical engineering laboratory has, but with the new boiler the laboratory could have turbines and steam boilers to work with.

Yellow curbs means no parking.

Play Reading Given By Campus Group

University Players, campus thespian organization, gave a play reading of William Saroyan's "Beautiful People" last night at 8 p. m. in the education auditorium.

Director of the reading, and narrator, was Helen Brania. In order of appearance, the cast included Leo "Pat" O'Brien, Eileen Kerr, Joyce Neilson, Rex Jemison, Pete Rittenhouse, Jack Diehl and Lawrence Means.

As only Saroyan can make plays, "The Beautiful People" was filled with whimsy, charming, and at times was amusing.

Engineers' Day

(Continued from Page 1) An aircraft exhaust-driven turbo-supercharger and a Waukesha cetane testing engine for testing diesel fuel are among the things mechanical engineers

will have on display. Exploding wire that vaporizes before your eyes and the answer to a miner's prayer, a pick that swings in perpetual motion are a few of the demonstrations to be shown by the electrical engineers.

Civil engineers have made a cardboard bridge that will support several hundred pounds and will have a hydraulic turbine on exhibit.

Stamp Mill To Run Mining engineers will have the seismograph open to the public and the stamp mill in operation.

Men in the chemistry department will have crystals growing before spectators' eyes and a "still" in operation.

Displayed on the main parking lot will be heavy equipment, such as bull-dozers, automobiles and heavy trucks.

Engineer's day will close with an informal dance beginning at 9 p. m. The engineers have made a rotating center piece for the center of the new gymnasium floor that will display the insignia of the four engineering departments.
