

THE IN AGAIN, OUT AGAIN, WON'T AGAIN, WILL AGAIN BOYS

PEPPERY PACK, SALTY TEXANS TO SPICE SALAD BOWL

Headman Speaks Phoenix Notified Pack Will Play

Sheeketski Finally Returns To Settle Salad Bowl Mixup

By Johnny Milburn
Threats of civil war were averted by the university board of athletic control when they retracted their original and hastily given rejection of North Texas Teachers College as an opponent for the Salad Bowl game.

With indignation radiating from Arizona and particularly from Texas, where it was let known that the students of North Texas State, more than 4000 in number, never heard of the University of Nevada, Coach Joe Sheeketski smiled and settled the predicament with the statement, "Nevada will be proud to play North Texas State in the Salad Bowl on New Year's Day."

Board Rejects

The announcement that the Wolf Pack's opponent in the coming Salad Bowl would be North Texas State Teachers College was followed almost immediately by a rejection of the game on the part of Nevada's athletic board. The rejection was based on the fact that Nevada had assumed it would play against a big name school such as Missouri, Kansas, Baylor, or one of several others of national rank who had been mentioned as possible opponents.

Repercussion from Arizona and Texas along with national publicity of a dubious nature, sent the board scurrying into one hectic session after another. Sheeketski, who was en route to Los Angeles to watch his alma mater, Notre Dame, play the USC Trojans this coming Saturday, decided to return to Reno after conferring by telephone with end coach Dick Evans.

Sheeketski met with the entire squad in the new gymnasium Wednesday evening and after an hour and a half of consultation the final okay on the January 1 game was derived by a "nearly unanimous" vote.

NEVADA MEETS UTAH AS WYNESS HANGS PIN

Jerry Wyness, president of the Sagers, turned over his SAE pin to Venus Jolley, a sophomore at Utah State Agriculture College, during the Thanksgiving vacation.

The pinning occurred at Salt Lake City, where Wyness represented the Sagers at a meeting of the Intercollegiate Knights. Miss Jolley is a native of Boulder City, Nevada.

County Officials Shown Ad Layouts For Artemisia

Artemisia advertising layouts, shown by yearbook workers to county officials over Thanksgiving vacation, are expected to be widely approved when the board of county commissioners meet this week.

Combinations of sketch and photographs were the central idea of these layouts, designed to interest Nevada counties in advertising in the Artemisia.

"Bud" Bowers advanced the idea and Mr. J. Craig Sheppard's commercial advertising class composed the layouts.

President Moseley Receives Award

President John O. Moseley received the annual award of the National Interfraternity Conference recently for "distinguished service to youth through the American college fraternity."

The award was presented to President Moseley at a luncheon in New York. The 39th annual session of the conference was attended by delegates from 59 national college fraternities.

There were 150 undergraduate fraternity members present from the local interfraternity councils, these representing 2553 undergraduate chapters in the United States and Canada.

In the opening address David A. Embury, conference chairman, stated that "the college fraternity is the closest unit, the most intimate group to be found outside the family group." He denied that fraternities practice religious and racial discrimination.

Dr. Moseley is the former national president of Sigma Alpha Epsilon, former faculty member and tennis coach at the University of Oklahoma, former dean of students at the University of Tennessee, and former president of State Teachers College at Edmonds, Okla.

**Aggie Jobs Open
Now for Students**
The University of Nevada agricultural department has already received notice of a number of openings for students, V. E. Scott, director of residence teaching, said this week.

KEEP IT CLEAN OR WE CLOSE IT, SAYS GROUP

The student social center under Stewart Hall will be closed if the students do not keep it clean. The statement was made jointly today by Dean of Men Robert Griffin, Dean of Women Elaine Mobley and Mrs. Barbara Pinjuy, YWCA director of the center.

Cooperation Asked
Students are requested by Mrs. Pinjuy to abide by the rules in returning dishes and cleaning up after themselves. Students not abiding by these rules will be reported to the student affairs committee, she emphasized.

The only alternative, according to Dean Griffin and Mrs. Pinjuy, is to close the center. The health committee was very displeased at the condition of the center upon making a tour early this week, according to Miss Mobley, a member of the committee.

Moseley Explains
University President John O. Moseley, in answer to a question concerning the general campus cleanup campaign initiated after the recent polio death of a student, said that everything possible is being done to make the campus safe for the students.

Members of the health committee are Dean of Women Elaine Mobley, Dean of Men Robert Griffin, Dr. Robert Locke, university physician, Professor of Physical Education John E. Martie and Assistant Professor of Biology E. W. Lowrance.

Arrival of Steel Assures Completion Of Naval Armory

Enough steel to finish the naval armory now under construction at the southeast edge of Clark Feld was received today, said I. C. Miles, general superintendent of the job.

The steel "bents" which form the metal framework of the three buildings composing the navy project were received from Chicago in time so that the \$170,000 structure will be completed as planned by February 1, 1948, superintendent Miles added.

Despite the delay imposed by the late delivery of steel, work progressed on other necessary jobs. The wooden framework for the brick facade to front the three metal buildings has been erected. Concrete flooring for two of the Butler huts has been poured, and sub-surface plumbing has been installed.

GI INSURANCE DEADLINE NEARS, WARNS OFFICER

University veterans of World War II are warned by Grable H. Mitchell, regional insurance officer for the veterans administration, that December 31, 1947, is the deadline for reinstatement of GI insurance without a physical examination.

Mitchell states that he will be at the dean of men's office from 8 am to 5 pm Wednesday, December 17, to help campus veterans who wish to reinstate their lapsed policies, and to answer any questions concerning national life insurance.

At the present time a veteran whose health is as good as it was at the time of lapse and who is not totally disabled, may reinstate his term insurance, as carried in service, by a comparative health statement and the payment of only two monthly premiums, regardless of time of lapse, said Mitchell.

'Yuletide Glide' Set for Tonight

Artemisia-Manzanita Association will hold its annual "yuletide glide" tonight at Arthur Murray's dance studio from 9 pm to midnight. The dance will be semi-formal, Mary Zorsakis, Manzanita social chairman, said today.

Main events of the evening will be the demonstration of different steps, and a dancing contest to be sponsored by the studio. Record albums and free dancing lessons will be given as prizes to the winners of the contest. Tag dances and broom dances will also be featured.

Guests will be Miss Elaine Mobley, dean of women; Mrs. Mable Fulton, social director of Manzanita Hall, and Mrs. Florence Peacock, social director of Artemisia Hall.

Drama Group Sets Member Initiation

Campus Players will meet December 11 at 4 pm in the ASUN building, Norma Carruth, secretary, announced today. The dramatics club will hold meetings every second and fourth Thursdays of each month. Absences will be punished according to by-laws of the club.

Plans for a party to initiate new members in Campus Players are to be discussed at the meeting. As a part of the initiation, each new member will be required to present a reading to the group.

Paralysis Scare As Death Result 'May Soon End'

Campus Health Rules Set; Stewart Hall Cleanup Put in Effect

The campus infantile paralysis scare, resulting from the death of John Allen Bisbee may soon be over, the city health office reported yesterday.

Students who had been under observation in the infirmary since Bisbee's death a week ago, were released Wednesday. No further signs of the disease have been reported.

Several lasting effects will be felt about the university, however, Dean Robert S. Griffin announced.

Health rules have been posted by the university physician in the dormitories, fraternity and sorority houses in order to control danger of infection.

A clean-up campaign is also underway in the Stewart Hall recreation center. At present, the sanitary situation in that gathering place is none too good, Dr. Griffin said.

Aside from the danger of polio, said Griffin, poor sanitary conditions are a menace to general health. The annual flu epidemic and the year-round prevalence of colds on the campus are in part results of these conditions.

Referring to the administration's efforts to insure healthful conditions, Dr. Griffin stated, "We are doing our best to minimize the danger of another case of polio, and to minimize the danger of the spread of colds."

The clean-up campaign, he added, "is not just the result of the infantile paralysis death, but the result of long-standing conditions on the campus which have been brought into bold relief by the recent scare."

HOLLYWOOD MAY COME TO RENO CAMPUS AGAIN

The University of Nevada campus may be the scene of another Twentieth-Century Fox film if arrangements are satisfactorily completed, Dr. John O. Moseley, president of the university, said today.

Clarence D. Hutson, location manager for Twentieth-Century Fox, Inc., informed President Moseley Wednesday by long distance telephone that his company desires to make a motion picture on the campus, the president said.

Mr. Hutson is coming to Reno sometime this weekend to read the script of the play to the college head and discuss locations.

Inefficiency Charge Tossed At Grayson

RETURN PROOFS! HANSSEN'S PLEA

All proofs for Artemisia pictures must be in by the end of this week, Doris Hanssen, editor, said today.

Failure on the part of students to return their proofs is disrupting the publication schedule, Miss Hanssen said. In order to time, all proofs must be returned if the students wish their pictures to appear in the 1948 Artemisia.

Stewart's Group Conducts Probe Of Gow House

Committee's Investigation To Be Presented To Officials

By Bill Simons

Charges of gross mismanagement of the university dining hall were hurled against James Grayson, manager of the dining hall, and at the university administration by aroused students at a meeting last night called by the ASUN improvement committee.

The students unanimously voted to support the committee in its move to present all results of the dining hall investigation to the board of regents, which meets next week. The committee chairman, Henry Stewart, has arranged to see President Moseley tomorrow to appeal for a hearing before the regents.

Stewart and Dwight W. Peterson, committee secretary, have released a summary of the results of the committee's investigation. The findings of the committee are as follows:

Committee Findings
1. The annual total income of the dining hall is approximately \$250,000. The dining hall receives little, or no discount in purchasing food in spite of its huge buying power.

When asked to account for this Grayson stated that he couldn't buy for less at a discount, that he orders food in various amounts and the price is the same no matter what size the quantity.

In this relation, the committee found that average fraternity and sorority houses on the campus charge at least five dollars less for board than is assessed by the dining hall. Through correspondence, the committee found that comparative universities throughout the country are also charging, on the average, at least five dollars less in their dining halls.

2. Laundry bill for the dining hall amounted to \$500 in the fall semester of 1946. The bill rose to \$2000 during the following semester.

Grayson attributed this increase of \$1500 to the purchase of employees uniforms. Perry Hayden of the comptroller's office, said that perhaps this amount had mistakenly been charged to laundry expense instead of to supplies.

Why the Extra \$2?
3. The deficit of the dining hall last semester was found to be approximately three dollars per student, each month.

The board of regents voted to increase the board bill of students five dollars, raising the total to \$45 per month. Reason for adding an extra two dollars to the increase was not explained.

4. No records of business transactions are kept at the dining hall, but are filed at the comptroller's office. A card filing system is used by the dining room.

5. In the past 16 years, under Grayson's management, the hall operated at a loss several times. During these periods, it was found that more help was employed than was absolutely necessary to operate the hall.

Under these conditions, the committee alleged, no attempt was made by the management of the dining hall to cut down on expenses by releasing surplus help.

Grayson stated at the meeting that several surplus employees (Continued from Page 1)

ASUN PRESIDENT GLYNN RECEIVES MORE CITATIONS

Jimmy Glynn's medals now total five, with the addition of the distinguished flying cross, the air medal and two gold stars signifying the second and third air medals, the navy announced.

Glynn previously held the navy cross for heroism in addition to the presidential unit citation.

ASUN President Glynn was stationed aboard the aircraft carrier Enterprise with Admiral Halsey's Third Fleet. As a navy pilot he served in the Pacific and saw action with the fleet at Formosa.

Wolf Cage Men Meet Wildcats

Nevada's basketball squad opens their 1947-48 intercollegiate series tonight, tangling with the Wildcats of Chico State College. A preliminary contest between the frosh teams of both schools will precede the varsity game.

The Pack left Reno at 8 o'clock this morning by bus. Making the trip are head coach Jake Lawlor, frosh coach Dick Evans, managers, 12 varsity men and 10 frosh players.

The Lawlorites, who lost no prestige in bowing to the powerful Sacramento Senators 53-44 last week, will be out to run their string of consecutive victories over the "Cats" to 10. In two previous home and home series, the Californians have failed to register a victory over the Wolves.

Coach Lawlor's starting lineup probably will be the same five that took the floor in last week's game, Grant Davis and Lou Joseph at forwards, Jim Mackey and Bill Moylan at guards and Hal Fisher at center. Davis, Moylan and Fisher are veterans from last year's team, while Mackey lettered in '45. Joseph is a transfer from Compton College and was one of Nevada's mainstays against Sacramento last Saturday.

Reserves making the trip will be ready to spell off the regulars with Jack Pringle and Buddy Garfinkle slated for first call.

The Chico team is virtually the same as last year's. They defeated the Suisun Army air base by a large score in their first game, and the soldiers in turn gave Santa Clara a closely fought battle. The "Cats" are led by Tommy Tipton who for the last two years has been one of the leading scorers in the nation. His last year total hit close to the 400 mark.

Lawlor said he is expecting a close and tough series with the Staters, especially since Chico officials scouted the Pack in last week's game.

WHERE ARE YOU GOING TO BE?

Now that the hot potato has finally cooled off, and the great white father has decreed that Nevada will live up to its commitment come next New Year's Day, it's time for the student body to make its commitment. When the fellows representing you in Phoenix trot out on the turf to meet a Texas team chafing from what they believe an insult to their fair name, where are you going to be? Are you going to be gracing a stool in some secluded rendezvous? Are you going to be a "stay at home," as a half-hearted radio listener, and then if the team gets beaten, say, "I knew it would turn out that way. I'm glad I didn't go!" Or are you going to be one of the Pack in the Arizona city cheering as the Silver and Blue comes out on the field?

There will be many who have other obligations January 1, and those who haven't the ready cash to take the trip, but it's our guess the majority of you will have time on your hands New Year's Day. Why not see the light and get rid of that excess time and energy in Phoenix? For those of you who have family obligations on that day, gather up the whole tribe and bring them along, too. And for those of you who believe you can't afford the trip, plan now, make your arrangements early, you can find a way. It'll give the ball club the support it deserves—and is going to need.

THE KICKOFF AT THE GOW HOUSE

For a long time, now the students eating at the Gow House have been complaining about conditions in that eating establishment, but few, if any, have ever taken any action to bring about a change. Now, at last, something is up. Henry Stewart and his improvement committee, who carried the ball for the school last year for better education conditions, have gone in at the quarterback spot, and are once again calling the signals. The number of points his crew runs up will depend upon the support he gets from his fellow students. And with the senate doing the sideline cheering, they okayed his strategy, the support angle should be the least of the worries. The board of regents and the school administration have a big, tough line to crack, and their backfield is fast, but Stewart's team is in top condition. From our grandstand seat it looks like little Hank will score for old ASUN.

Mining Students and Prof Get 'All Wet' In FAD Shaft During Weekend Trip

Eleven mining students and William I. Smyth, assistant professor of metallurgy and mining, went on a Hunt trip Friday and Saturday of the Thanksgiving vacation.

The Hunt trips are sponsored by the S. Frank Hunt Foundation and provide opportunities for mining students and faculty to take field trips to operating mines, mills and mining meetings during the college year.

The group was able to go to the bottom of the 2400 foot wet FAD shaft of the Eureka Corp. Ltd. "It was as though someone were up above pouring buckets of water upon us," stated Alberto Barrios, vice-president of the Crucible Club. Before going to Eureka, the students and Professor Smyth stopped at the Summit King mine, just out of Austin, and looked over their cyanide plant.

There were meant to be rooms for all in Eureka, Smyth said, but they were shy two beds when they arrived. To offset this problem, a trailer was provided

at the mine. No one wanted to go out in the "sticks," but finally Barrios and Ed Morrice volunteered to spend the night in the trailer.

Barrios and Morrice were entertained at the mine for the evening by Superintendent and Mrs. George W. Mitchell and were invited to spend the night in their guest room. The beds were equipped with electric blankets. Barrios said, and added that it was like home compared to the rest of the group in Eureka.

"This trip," stated Barrios, "was wonderful and I believe we learned more than we have on any other field outing. It was a great privilege to go down the FAD shaft because the miners work on a commission basis for every foot they go down, and we stopped operations for about a half hour."

Barrios added that only five men work at the bottom of the shaft at a time, but that "the 12 of us were able to go to the base and get wet as a group."

Letter to the Editor

To the Student Body:
We, the student employees of the university dining hall, wish to present a plea to the student body.

The majority of us working at the dining hall can no longer make our board.

Our time has been cut. If it's necessary for us to cease work for a time, we wish the cooperation of the student body in not applying for the vacated jobs.

Signed,
Student Employees of the University Dining Hall.

BLUE KEY PAINTING PROJECT TO CONTINUE

The Blue Key couldn't stretch paint as far as its imagination. Painting of the crosswalks and speed limit signs was halted two weeks ago by the Blue Key for lack of sufficient paint, said John Witte, president of the campus service organization.

We now have more paint and the Blue Key tryees, who are assigned to the job, will resume the daubing during the first weekend having favorable weather, stated Witte.

Several Problems Reviewed During College Conclave

Universal military training, peacetime use of atomic energy, and the basic problems of GI enrollment in land grant colleges headed the agenda of the annual Land Grant College conference held in Washington recently.

Representing the University of Nevada were President John O. Moseley, Dean Frederick Wood of the college of arts and science, Dean Cecil W. Creel of the college of agriculture, and Charles C. Fleming, director of the agricultural experiment station.

The general session of the conference was addressed by George F. Zook, chairman of higher education division and British Ambassador Lord Inverchapel.

President Moseley and Dean Creel attended the Land Grant College senate of which Dean Creel is a former president. Dean Wood attended the arts and science division separate session, which was initially included in the conference this year.

The military and home economics divisions of the university were not represented at the confab.

Journalism Students Planning Blowout

Santa Claus, as well as journalism students and their guests, will attend a Christmas party Tuesday, December 16, 8 to 10 pm, in the hall of journalism.

A gift, costing not more than 25 cents, will be brought to the party by each person, Santa will distribute them. Dancing will be in the foyer of the building and refreshments will be served in the lab room.

Della Sorenson, Connie Madsen, Pete Mygatt, Harold Hayes, Lloyd Rogers and Marge Friend compose the committee for arrangements.

Professor A. L. Higginbotham, Mrs. Katherine Mergen, and Mr. Keiste Janulis, journalism staff members, will be present.

Crowded Agenda Marks Sorority Activity Week

Christmas Formals, Small Parties and Exchange Dinners Listed

Christmas formals, small parties and exchange dinners were crowded into the sororities' agenda for the week.

The Pi Phi events for this week included an exchange dinner with Gamma Phi Beta Tuesday evening and a social at the Sigma Nu house on Wednesday. An exchange dinner with the ATO's will be held Sunday. Their formal dance will be at the Riverside hotel December 12, according to Dorothy Pilkington, chairman.

Tri-Delt activities this week began Wednesday evening with a social at the SAE house, preceded by an exchange dinner. Thursday night professors were honored by a party at the house. The Tri-Delt Christmas formal is to be on December 13 at the 20th Century Club.

The Kappa Alpha Theta formal will be held at the house December 12. Eggnogs (without the nog) have been suggested for refreshments, said Marilyn Hansen, social chairman.

Their exchange dinner with the Pi Phi's and their usual Friday afternoon coke hour were this week's doings at the Gamma Phi Beta house. Lawton's Hot Springs will be the scene of the Gamma Phi Christmas dance, dated December 12. A Tom and Jerry party at the home of Mary Lou Sewell will precede the dance.

Y Girls Spread Cheer With Yule Wreaths

Thirty YWCA girls under the direction of Marge Kelley, YWCA community service chairman, will go to the downtown YWCA tomorrow afternoon for the "hanging of the green."

The girls will help make Christmas wreaths and decorate trees to be distributed to families in Reno. Mrs. Barbara Pinjuv, YWCA secretary, announced today.

Christmas stockings for patients at the veterans hospital were filled by the girls at an all-association meeting Tuesday night.

WEATHER FOREWARNS TESTING OF TIBIAS

Broken ankle enthusiasts will have a chance to test their tibias this weekend, according to the U. S. Weather Bureau.

Heavy snowfalls over the mountains during the middle of the week assures slatmen of smooth skiing this Saturday and Sunday.

Ice skaters on the other hand were out of luck, as Lake Manzanita is not expected to freeze completely over for several days.

AWS MEET SHELVED FOR CHRISTMAS TIME

There will be no general meeting of Associated Women Students until after Christmas vacation, Betty Tracy, president said today. Notice of the time and place will be posted when the date of the meeting is set.

The executive board of AWS will meet with Dean of Women Elaine Mobley, Miss Tracy said. This meeting is scheduled for the week of December 8, the exact date and time to be announced later.

Sacramento Wedding Of Jean Brennen Draws Hill Crowd

Many Nevada students attended the marriage of Jean Brennen, Kappa Alpha Theta, and Mickey Munley, Alpha Tau Omega, Sunday afternoon in Sacramento. The wedding of the former Nevada students in the St. Francis Church was followed by a reception at the Senator Hotel.

The bride wore the traditional white satin gown. The burnt orange color of the maid of honor's gown and the leaf green of the bride's maids' dresses were complemented by chrysanthemums of similar autumn hues.

Best man for the groom was his brother, Emmet Munley. Ushers were Jerry Wetzel, Eddie Meeker, Mickey Traynor and Bud Geach.

News From Abroad

By Della Sorenson

These are the times that try men's souls. (To say nothing at all about women.) Still faintly blue under the eyes from reading cinch notices and green around the gills from overindulgence in Thanksgiving, we turn now to the better things. Things like counting the days until Christmas and more overindulgence, followed by the end of the semester, when the good news really arrives. Life is indeed sweet.

From the Polar Star: If a sufficient number of students indicate their desire to take a course in Japanese there is a possibility that such a class could be started.

Wonder how one would say, "I flunked out," in Japanese.

The Idaho Argonaut: A proposal suggesting measures to be taken to prevent rowdiness and disorderly conduct was passed by members of Sigma Chi and Phi Delta Theta at Montana State University recently.

We'll pass that one without comment.

Also from the Argonaut, but a different issue: Two practical jokers who claimed to be Communists, caused a University of Washington student to jump from a two-story window when they accused him of being an FBI agent. He was not seriously injured in the leap.

Quite a letdown for someone.

The Indiana Daily Student: Edward T. Jurney, PG, will speak on "The Absorption Method for Measuring Beta and Gamma Energies" at the physics graduate seminar today at 4:30.

Wistful thought: Sure wish there was an absorption method for learning about said energies (among other things).

Saint Mary's Collegian: Shakespeare once said "or any ill escaped, or good attained, let us remember still Heaven chalked the way that brought us hither."

Personally, I don't believe Heaven had a thing to do with the present set of conditions.

"Gee-I-Wish - I'd-Said - That Department: From the Miami Hurricane: Then there's the fellow with the stern look because his mother was frightened by the rear end of a ferry boat.

The end.

Sorority Entries For Rifle Teams Get Dec. Deadline

Team entries for the inter-sorority rifle matches must be submitted to the military department by noon Tuesday, December 9, Col. Gilbert E. Parker, announced this week.

Colonel Parker stated that match targets will be fired during the week of December 16, ending at noon Saturday, December 20. Firing of the match targets must be in the presence of an instructor from the military department.

A maximum of five members and not less than three may fire on a team. The sum of the three highest individual scorers will make up the team's score, said Parker. Targets for firing match will be especially marked and issued to each competitor. Each contestant will fire one match target, with one round on each bull's eye, from prone position.

The name of the winning group will be engraved on the trophy presented last year by the Rifle Club. The trophy will remain in the possession of the winning team until the next annual matches. The first team to win it three times retains permanent possession.

The rifle range will be open for practice from 1 pm to 4 pm, Monday through Friday, except for the two drill hours at 4 pm Tuesday and 1 pm Friday, and from 9 am to noon Saturday, Parker said.

WOMAN'S HONORARY MEETS AT LODGE

A blazing fire in the four-sided fireplace at the Christmas Tree Lodge on Mt. Rose road will be the scene of the December meeting of Cap and Scroll next Tuesday evening.

Cap and Scroll, honorary association for women students, meets once a month for a combination business meeting and dinner, explained Dorothy Thompson, president.

SPANISH CLUB HOLDS ALL MEXICAN DINNER

A Mexican dinner including "Pass the tamales, please," requested in Spanish, were the features of the Spanish Club meeting in the Y room Thursday evening, December 4, according to Josephine Eather, Spanish Club president.

Miss Eather said that Carol Anderson and Dorothy Hooper were in charge of the regular business meeting which was followed by the dinner.

HIKING ON THE HILL

By Muriel Smiley

Vacation is that time you pack your lessons home and don't study. It is the time of resolves and relaxation. You resolve to catch up on your homework, mend your clothes and do odd jobs, but instead, you sleep half the day, go to the football game in the afternoon, and attend a movie at night.

Oh well, you rationalize, a person has to have a change. You shouldn't plan on Trukey Days for work. So, once more school rolls around and through the week you try to finish everything up so you can have Saturday off for recreation.

On Monday, all goes well, Tuesday, you're a little off schedule and don't quite get everything done, Wednesday, you have to stay up until midnight with heavy assignments. Thursday, you don't get in until late, and Friday you're so relieved to be done with the school week, you feel like a new person and are ready to enjoy yourself. Lessons? Oh, let them wait until tomorrow. It's Saturday, and you will have plenty of time.

Bringing fame to ye olde university over vacation with his election to the second string of the all-coast team was Scott Beasley . . . husky football end . . . detests being called Winfield . . . plays position of forward on the basketball team . . . claims a home in Sullivan, Indiana . . . hopes to graduate in '49.

Quite a celebrity on campus this week after achieving nomination to the college board of the August issue of Mademoiselle Magazine is Dora Blaser . . . transfers from Logan's USAC . . . has a pleasant disposition . . . will graduate as a psychology major . . . past habitat was in Washington, D. C., with the WAVES . . . holds her own in the writing field . . . loves dorm life in Manzanita. After celebrating a double holiday, that of his birthday as

well as Thanksgiving, hikin' back on the hill came Ted Furchner . . . one of the publication bigwigs . . . Reno High alum . . . known by some as a comedian . . . stepped out of civil engineer's shoes into arts and science, but hasn't quite decided whether they fit . . . the apple of his eyes is a Gamma Phi.

Returning from vacation with a huge sparkler is Carol Anderson . . . quiet, intellectual senior . . . enjoys knitting . . . partial to a dog called "Misty" . . . backbone of the Spanish Club . . . takes interest in Chi Delta Phi . . . as well as Pi Beta Phi . . . travels horseback with Saddle and Spurs . . . English major . . . will make matrimonial vows after graduation day.

After the big holidays on the hill again with an extra pound or so is Calvin Fricke . . . can be recognized by his ever-present grin . . . occasionally heads Gardnerville way . . . future millionaire in the ranching field . . . Aggie Club member . . . active in Alpha Tau Omega doings . . . belongs to the sophomore class.

An impetuous Nevada frosh named Stoomph got a date with a pair of Siamese twins one night.

"Have a good time?" asked his buddy.

"Well," replied Stoomph, "yes and no."

when you're listening to HAL McINTYRE'S newest (MGM) record

ONE OF the grooviest ork-pilots on the MGM record roster is Hal McIntyre. Like so many other top-notch performers, Hal is a Camel fan from 'way back. He prefers Camels because: "Camels suit me best all ways."

For the same reason - more people are smoking Camels than ever before! A great new record for a long-time favorite.

Try Camels. Discover for yourself why, with smokers who have tried and compared, Camels are the "choice of experience."

Nothing suits me like a **CAMEL**. I've smoked them for years!

And here's another great record -

More people are smoking CAMELS than ever before!

ANNIE OAKLEYS CHALLENGE FOUR MORE COLLEGES

The women's varsity rifle team has sent out four more challenge letters this week to other schools, Sergeant Earl Grady, director of the rifle range said today.

The challenges were sent to the University of California, the Aggie Hot Shots at Davis, George Washington University and the University of Wyoming.

A total of 23 challenges have been sent to other universities by the women's team. Six of them have been accepted.

The schedule to date for matches to be fired are: University of Kansas, February 21; University of Maine, February 21; University of Ohio, February 21; Drexell Institute, March 13; University of New Hampshire, March 13; Beaver College, January 24, and University of Hawaii, March 13.

Honor Nevada traditions!

BADMINTON SEASON UNDERWAY FOR WRA

Women's Recreation Association badminton season got underway last night, Bonnie Molignoni, manager, announced today. Practice will be held every Thursday from 7 to 9 pm.

Any WRA member is eligible to participate in the badminton program, said Miss Molignoni.

Frosh Meet Chico Kittens in First Scheduled Tilt

Ten Men Named to Play For Yearling Cagers in Preliminaries

Nevada's freshman basketball team will play their first scheduled game tonight when they meet the Chico State frosh in the preliminary to the varsity contest at Chico, California.

Coach Dick Evans stated during the week that he would take 10 men along on the trip and that the following eight were sure to be among the 10 man team: Charles Pulcifer, Ted Klemaszewski, Bruno Benna, Bud Hardy, Joe Perez, John McEacheron, Vern McCary and Bob Collett.

Evans also said that these men will not necessarily make up the first team as he does not know all the men out for the team yet and will probably make some changes a little later in the season. From the 50 men who tried out for the frosh team, the squad has now been cut to 29.

Schedule of games for the frosh team thus far is as follows: December 5 and 6, Chico, at Chico; December 17, Tonopah at Reno; December 22, Placer College at Reno; January 3, Sparks High School at Reno; January 17, Lassen Junior College at Susanville; January 20, Douglas County High School at Gardnerville; January 21, Reno High School at Reno High; February 6 and 7, Chico at Reno; February 13, Lassen Junior College at Reno; February 14, Carson City High School at Reno; February 21, Fallon High School at Reno; February 25, Reno High at Reno, and February 28, Douglas High at Reno. Three more games will be scheduled at a later date.

Winter Sport Photos Displayed on Campus

Twenty-four ski and snow photographs by Ernie Mack, Reno sports photographer, have been displayed this week in the fine arts exhibit room by the Fine Arts Club.

Doris Post, former Nevada student and now member of the U. S. Olympic ski team, is among the skiers pictured. Richard Rowley, junior, and Bob Ramsey, Reno High School student are also shown.

Mr. Mack a U. of N. graduate in the class of 1910, lectured briefly at the Fine Arts Club meeting last week.

TUMBLING CLUB READY TO PERFORM STUNTS

The Tumbling Club is "ready and eager" to perform its half-time stunts in future basketball games, according to A. E. (Art) Broten, coach for the group.

Numerous routines have been worked out for the exhibition team, including one with two performing clowns. Acts will include diving, half twists, spring board maneuvering, pyramid building and many other tricks of tumbling.

The new name for the club will be "The Olympics."

GOTHIC N MEETS

Gothic N, the campus athletic association for women students, held a meeting Thursday evening at the new gym. The purpose of the meeting was to appoint a committee to find eligible students for initiation this semester, according to Merrie Jo Harp, president.

At Nevada

DOLORES SPALDING

She says: They're better tasting by far.

"Voted TOPS! . . . Chesterfield the largest selling cigarette in America's colleges (by nationwide survey)."

DANGEROUS 'CATS HOST FOR PACK OVER WEEKEND

The Chico State College Wildcats, who are playing host to the University of Nevada basketballers this weekend, are described by Art Acker, head athletic director of the school, as "very, very dangerous this year."

Acker, for years coach at Chico, was in Reno last Saturday to scout the Pack in their game with Sacramento Senators.

Wildcat coach Gene Maxey has an array of talent forming the nucleus of his team. Tommy Tipton, Chico's greatest all-time scorer, will be back at a forward position. He holds the school's record for individual game and seasonal marks. At the center spot will be Don Wustenberg, six feet seven inches, a former service star with Chico AAF and now playing his fourth season of collegiate ball. The guard duties will be handled by veterans Clark Porter and Chris Carabello.

Maxey also has two former standouts who have returned to the Chico team. The returnees are Bill Hocking and Stan Timone. Hocking lettered as a first stringer in '45 and '46, but was out last year due to a football injury. Timone was a Wildcat great in 1942 and is back after five years' army service.

Chico's only game to date is a victory over Suisun Army air field, a team that battled the top independent outfit in the west, Santa Clara, on even terms.

ATO Upperclass Men Due for Bad Time

This Monday the pledge class of Alpha Tau Omega will have a chance to display their ability at management and the enforcement of house rules.

On that day the upperclass men will step into the pledges' shoes and Dan Yparraquiere, pledge president, with the pledge class will take over the reins of management in the capacity of upperclass men.

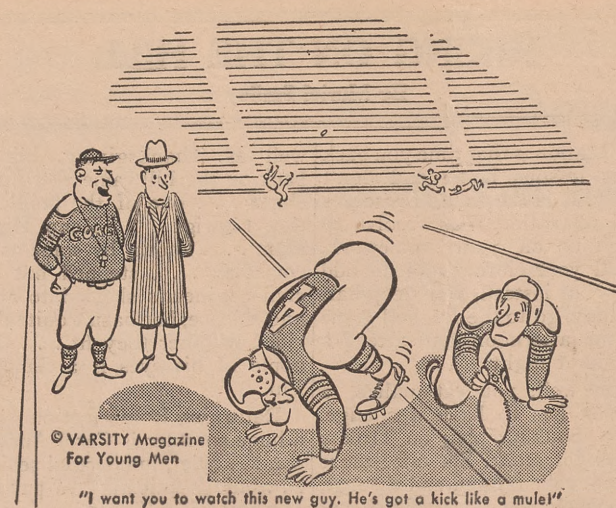

This transformation of authority will only last until 7:30 in the evening, but in the 12 hours of that day, the "upperclass men" have promised strict enforcement of house rules and have stated that they will be most observing for any infraction of these rules.

The shoes will now be on the other feet—for 12 hours anyway—and the pledges of ATO will have their day.

SCABBARD AND BLADE INITIATES THREE

Scabbard and Blade, honor military society, initiated three new members last night, Lt. Col. James C. Smece, military advisor, announced today.

The new initiates, Scott Beasley, Milton Greivich and Craig Thompson, bring this semester's total of new members to 15, said Smece.

Pack Courtmen Drop Season's Opener 53-44 to Fast Sacramento Senators

Nevada's basketball team bowed to the Sacramento Senators 53-44 in a fast see-saw thriller Saturday in the opening game of the season. The game, played on the local court, was the second for the Senators, who defeated the University of California earlier in the week. The Sacramentoans win avenged a one point loss to the Pack last year.

Grant Davis, Nevada forward and captain, opened the game with a push shot from center of the foul circle. From then on until the close of the first half the score see-sawed back and forth with Nevada finally emerging with a three point lead over the hard driving Valley team.

The Senators opened the second half when Roy Gill, Senator forward, took a pass from Don Delaney and went in to score with only a few seconds of playing time used up.

Louie Joseph, forward for the Pack, scored and Jim Mackey dropped in a free throw to push the point total up to 26-22, but then Delaney, Sacramento's fast center, proceeded to get hot and hit the basket from all angles to put the Senators out in front after only four minutes of play in the second half. Nevada came back with free throw by Davis and field goal by Joseph to tie up the score

once again, 29-29.

The California team took the lead from then on out and Nevada, although trying hard, could not catch up to the rejuvenated Senators. The game began to get rougher as the time ran out and teams vied for the lead. Charles Reynor, who alternated with Tony Bragnetz at left guard position for Sacramento, fouled out with four minutes left to play. Grant Davis followed Reynor to the bench shortly after.

High scorer for the evening was Delaney who rolled up 15 points. He was followed closely by Nevada's center Hal Fischer with 13. Looking especially good for the home team was Louie Joseph who held Sacramento's last year mainstay, Bragnetz, to six points while scoring nine points himself.

Blue Peppers Will Usher at Home Basketball Games

Approximately 20 Blue Pepper members will usher at the remaining home basketball games. Miss Gwen Byrd, president, announced today. By ushering, the girls will help defray expenses of the group's new uniforms which are expected here in three weeks.

If the new uniforms arrive soon, the Blue Peppers will perform numerous drills during half-times of the games, Miss Byrd continued. A drill with sabers may be executed for the basketball crowds.

A new constitution is now being written to become effective with the arrival of the uniforms. Blue Peppers will then be known as the Corps of Sponsors, corresponding to a similar group at Utah State Agricultural College which Miss Byrd observed last month. Master Sergeant Raymond L. Stull, Charleen Audrain and the president are preparing the constitution.

Coach Jake Lawlor expressed his satisfaction with the team's play and was optimistic over its future. "The boys played a tight game against a top-notch ball club. With a few more games under their belts, they'll be all right."

Shootin' Matches To Be Held Soon

Trophy To Be Awarded To Winning Team

The annual intramural rifle shooting matches are being planned by the department of military science and tactics. All fraternities and independent's organization have been issued a schedule for firing and a list of rules regarding their teams' participation.

Team entries will be submitted to the military department not later than noon, Tuesday, December 9, Col. Gilbert E. Parker, head of campus ROTC, stated.

Entry into the marksmen's contest is open to any organized group eligible to compete for the Kinnear trophy, but the contest is in no way connected with Kinnear trophy standings. Individuals are eligible if they are members of the group entering the team and if they have never been awarded a circle N for shooting.

Match targets will be fired upon during the week ending at noon, Saturday, December 20, with this date being set for the deadline. Teams participating may hold practice sessions previous to this date, but firing must be supervised by an instructor from the military department, Colonel Parker asserted.

A trophy will be awarded to the winning team and the names of members of the team will be inscribed on it.

The top team will retain the prize for one year, and the first team to win the trophy for three years will gain permanent ownership.

Last year's winning team was the independents organization. Colonel Parker states that he expects keen competition in this year's matches.

On the hill it's "hello."

Wolf Pack Closes Season With Win Over Arizona State

Nevada Rolls Up Early Lead to Swamp Tempe Bulldogs, 33-13

Displaying real offensive power only sporadically, the University of Nevada Wolf Pack ended one of its most successful grid seasons by dumping a surprisingly strong Arizona State eleven, 33-13, Sunday.

Playing on Las Vegas' Butcher Field the upstarts scored twice in the first quarter. Once on halfback Tommy Kalmanir's 30 yard gallop and again when quarterback Mike Mirabelli nailed end Carl Robinson for a 70 yard pass play.

Guard Bob Corley made both conversions good and the Nevadans were on the big end of a 14-0 count.

Bulldogs Score

Christening the second quarter the Bulldogs launched a TD drive of their own. After driving the length of the field, only to be set back by numerous penalties, end Jim Beal made a carnival catch of halfback Wyatt's desperation pass for the Bulldogs' first counter.

Needled by the effective running and passing power of their opponents the Wolves took over and moving along the "chopping block," tallied on a flat-pass from quarterback Stan Heath to end Scott Beasley.

Repeating his first half acrobatics, the mucilage-fingered Beal sparked another Bulldog touchdown march early in the second half.

Drop Kick Fails

An attempted drop kick for the extra point was blocked and 3000 sun-squinting spectators came to life as an underdog Bulldog eleven threatened Nevada's seven point lead.

After one scoring bid sputtered out on the Arizona two yard line and the Sun Devils kicked out on the 50, the Wolf Pack tried its ground game and went all the way with fullback Ernie Zeno carrying two Arizona players over the goal line. Corley's conversion was good.

Lugging the leather alternately, Klosterman, Trachok and Kondel moved the Wolves into scoring position. Fullback Johnny Subda punched his way to the goal line where he spun off the safety man and crossed the TD stripe horizontally for the final score.

Naval Recruiting Officers Interview Campus CE Prospects

Engineering students were interviewed by two officers of the U. S. navy's civil engineer corps here Wednesday.

The purpose of the interview was to recruit officers for the navy's civil engineer corps.

Commander Harry N. Wallin, CEC, USN, spoke before a group of civil, mining, mechanical and electrical engineering students and pointed out the possibilities of an engineering career in the navy.

Commander Raymond Shile, USN, director of the office of naval officer procurement for this area, was also present to advise as to procedures for submitting applications.

BARBS TO HOLD YULETIDE DANCE NEXT SATURDAY

The Organized Independents will stage a Christmas dance in the Pythian hall, December 13. The dance will last from 9 pm to midnight. Publicity Chairman Ruth Daniel announced at the Barb meeting Monday night.

Tickets will sell for \$1 a couple and 75 cents stag. The dance will be open to the campus.

A detailed plan for the dance and a theme have not yet been revealed, although the yuletide season will undoubtedly influence the theme.

The evening's entertainment will feature a 10 piece orchestra, incidental vocal solos, and combinations featuring dixieland band selections.

Tickets may be purchased through the members of the organization, Miss Daniels said.

Fraternities Open Christmas Formal Season Tonight

Although the sun continues to shine and the weatherman predicts little change in temperature, the spirit of Christmas has crept into the various fraternities on the hill.

Tonight the Theta Chi's will open the Christmas formal season when they hold their annual snowball dance at Lawton's Springs.

Tomorrow night Lawton's will again be graced by semi-formal attire as Phi Sig's assemble for their annual Christmas dance.

At the same time the Phi Sig's are driving the few short miles to Lawton's the ATO's will be presenting flowers and straightening ties as a prelude to their Christmas formal at the Twentieth Century Club in downtown Reno.

In keeping with customary weekly activities, the Tau's will hold an exchange dinner with the Pi Phi's on Sunday afternoon. Wednesday, the Tri-Delts were the guests of the SAE's at a social while the Pi Phi's were being entertained at a social given by the Sigma Nu's.

TURKEY SHOOT SET FOR DECEMBER 14

The University Rifle Club will stage the second turkey shoot of the year Sunday, December 14, on the rifle range, Ken Rice, president of the club, announced this week.

The shoot will start at 1 pm and will last until one dozen turkeys are given away. The contest is open to everyone, Rice said.

Winter Olympics Entry En Route To Swiss Games

Miss Dodie Post, former Nevada student and member of the United States Olympics ski team, left last Monday night aboard the streamliner City of San Francisco for New York where she will embark for St. Moritz, Switzerland, site of the 1948 winter games.

Miss Post went to Sun Valley, Idaho, last winter as a try-out for the Olympic team and after weeks of training, practice and competition she was selected as a member of the team. In Switzerland she will compete in a few pre-Olympic games meets for training and practice purposes. During the actual Olympic meet, she will enter the slalom and downhill events.

Before leaving, Miss Post, the first Nevadan ever to make a position on an Olympic ski team, was honored at a public banquet held in the Riverside hotel. George Vargas, Reno attorney, acted as master of ceremonies and Governor and Mrs. Vail Pittman represented the state of Nevada.

Members of the local ski organizations and other friends of Miss Post met in front of the Riverside hotel at 10:30 and a procession led by the University of Nevada band escorted her to the Southern Pacific depot. The flood lights atop Harold's Club were aglow as the parade proceeded down Virginia street. Mayor Francis R. Smith along with many friends bade Miss Post farewell for the city of Reno as she boarded the Streamliner.

From life's book of tears and laughter,
I've gained this little bit of lore;
I'd rather have a morning after,
Than never have a night before.

"After capping his millionth bottle, he began screaming: 'Can You Top This? Can You Top This?'"

PACK TRACKS

By Bill McFarland

Nevada's near renege on the Salad Bowl New Year's Day just about brought Davy Crockett, Sam Houston and other famous Texas fighters from their graves to lead the Lone Star Staters in battle against Nevada.

For moral support, the Texans had Arizona waving a flag labeled court action if the Wolves failed to appear.

The war started when Phoenix officials pulled a faux pas by bringing in North Texas Teach-

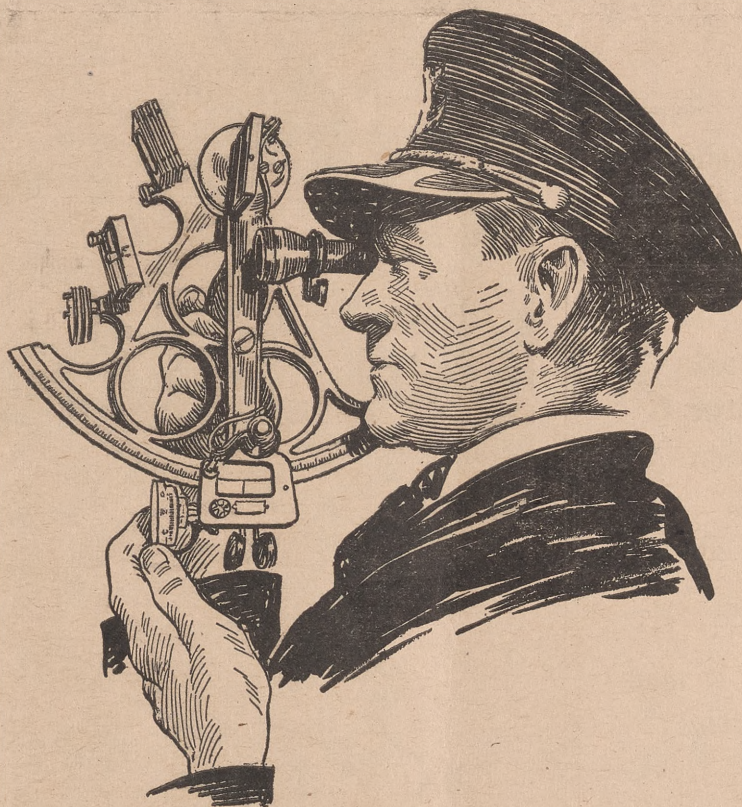

ers College as the Wolf Pack opponent.

It belittled our vanity no end when a big name school didn't grab the Salad bid. A bruising blow such as that caused this end of the bargain to yell "No Soap" or was it "No salad."

The boys near the big ditch (Grand Canyon) hollered right back, "You guys up there in Reno signed a bid and this business about big names was verbal so you had better show up

Commercial HARDWARE CO.

TELEPHONE 7131

Business, too, must have expert navigation

IN the telephone business, much of the knowledge of "where we are" and guidance as to "where we are headed" comes from the analysis of statistics.

Telephone statisticians and engineers are constantly studying trends and figures. They assemble the facts, analyze them, correlate them, discover their significance, draw guidance from them.

The work of these men is vital to our never-ending task of improving telephone service. In such work many college-trained men have found satisfying and rewarding careers.

And this is but one of the many interesting phases of the telephone business.

There's opportunity and adventure in telephony.

BELL TELEPHONE SYSTEM

or we'll make things very unpopular for you."

In the mean time, radio stations throughout the west and southwest added coal to the hot situation.

Immediately, huddles were formed with pros and cons in the form of negative and positive petitions making the rounds amongst the Wolf Pack.

After two days of conferences, Nevada held out its proud chest and said, "We'll take 'em on and beat 'em."

My belief is that Nevada officials stepped on the banana peel when they didn't realize that \$12,500 (guarantee offered both participants in Salad Bowl) wouldn't pull a top drawer team to the Grand Canyon state for a post season game.

Nevada, therefore, should have also by-passed the Phoenix invite.

Many of the schools mentioned as likely opponents could draw much more money in other bowl games, which incidentally, most of them will do. To get a team of top-flight reputation, it takes at least twice the ante that Phoenix sponsors

put on the line.

One of the main highlights of this rhubarb is that North Texas State, supposedly unknown, is now well known due to the abundance of excellent publicity.

Many fans will now turn their attention to the vegetarian attraction, the Salad Bowl. New Year's Day falls on a meatless Thursday, but from where I sit it looks like plenty of beef will be ground come January 1.

Perplexed Oriental: Our children velly white. Is strange.

Wife: Well, occidents will happen.

Gow House Probe

(Continued on Page 6)
are being discharged this week-end.

A Good Deal?

6. Cooks for the dining hall get not only union wages, but also room and board, and since the end of the war, are not required to pass a physical examination.

7. Students pay for meals which they do not receive. Many boarding students miss breakfast and some go home weekends, but are forced to pay for three meals a day, regardless of whether they are present to receive those meals.

Aware of the present unfair practice of paying for board at this university, the committee alleged the board of regents has refused to institute a better system.

8. Out-of-season foods have been unnecessarily purchased at extravagant cost.

Instances were cited when improper preparation of these foods has resulted in an expensive waste.

The investigation was started at the beginning of this semester when the interfraternity council asked the improvement committee to probe the dining hall situation.

The committee climaxed its investigation this week by calling a meeting and inviting persons responsible for the dining hall operations to attend.

Members of the committee, representatives of fraternity and sorority houses, Dean of Women Elaine Mobley, Dean of Men Robert S. Griffin, Perry Haylen, representing the comptroller's office and James Grayson, dining hall manager, were present at last night's meeting.

Henry Stewart, head of the improvement committee, appeared at the senate meeting Wednesday evening and received that body's unanimous approval and support to present the case before the board of regents and to seek some means of improving the operation of the dining hall.

Chapel Chimes

Resuming activities after the holidays, the Newman Club had the discussion hour at the English seminar this Wednesday at 4 pm. The monthly meeting will take place after 9:30 mass this Sunday and plans for a dance will be presented to the members. President Louis Pico discloses that the date is January 17, 1948, and the location the 20th Century Club. Returns from this affair are to be donated to the future Newman Club building.

Also on Sunday the Wesley Foundation will hold their Christmas festival starting at 6 pm. Zenas L. Potter, noted authority on world affairs, will open the meeting with an open forum. His topic is "Let's Declare Peace." A phonograph rendition of Charles Dickens' "Christmas Carols" will highlight a fireside gathering of students at 7:30. Lou Hilbert, student director, hopes to add more to the evening program.

Anthony A. Mardellis is scheduled to speak before the Campus Club on Sunday at 5:30 pm. The club's speaker will talk on "Problems of Greece Today." Religious services will follow.

"Where Do You Place Your Values" was the topic of discussion by Canterbury Club members at the Thursday night meeting. Thursday morning the Canterbury Club holds communion at 7 am with a breakfast at 7:30. Members of this organization along with the Roger Williams Club will attend the Wesley Foundation Christmas festival on Sunday.

Tomorrow evening the Wesley Foundation is holding a special memorial service for Allen Bisbee who recently succumbed to polio. Bisbee was a member of the Wesley Foundation. At 4:30 pm meditative music will be played and services will begin at 5 pm. These special services are for students who desire to pay their last respects to Bisbee.

Four out of five women-haters are women.

Eleven Neophytes To Be Initiated By Sagers Today

Eleven men will be initiated into the Sagers tonight at 8:30 in the den room of the SAE house, it was announced today by Jerry Wyness, president of the Sagers. The new members will be Dick Brundy, Eddy Carr, Bill Jager, Don Harris, Bill Devlin, Marion Malson, Harold Proctor, Bob Wengert, Darrell Luce, Frank Johnson and Kay Johnson.

An informal dance will follow the initiation. Refreshments will be served to Sagers and their dates in the band room of the gymnasium.

The Sagers voted to decline an invitation to join the Intercollegiate Knights, a national underclassmen's service organization, at a meeting held Tuesday night. Wyness, who announced the decision, recently returned from a two-day meeting in Salt Lake City, where he met with officials of the Intercollegiate Knights and talked with IK student members from the University of Utah and Utah State College.

The decision to decline the invitation came after it was agreed at the meeting held in the SAE house that national membership could not benefit the Sagers as a service organization.

The Intercollegiate Knights, which petitioned the Sagers, is a strong national underclassmen's service organization and has chapters in such western universities as Washington, Washington State, Idaho, Montana, Montana State, Utah and Utah State. The IK is similar to the Blue Key organization on the Nevada campus.

The Sagers also came out of their meeting with something new in college songs. A little "ditty" called "We're From Reno," sung to the tune of "We're From Dixie" will be presented to the student body for its approval at the next student assembly.

A woman's best asset is man's imagination.

Sophomore Student Fatally Stricken With Polio Attack

John Allen Bisbee, sophomore engineering student, died of infantile paralysis last Friday morning in the veterans hospital.

He was admitted to the hospital Wednesday, having been isolated in the campus infirmary for two days. Thursday night he developed a high fever and died at 2:30 am Friday.

Bisbee, a Las Vegas resident, was born in Redlands, Calif., April 3, 1926. He served in the navy for two years before entering the University of Nevada.

A father and brother, both residents of Las Vegas, survive the 21-year-old student.

The body was taken to Las Vegas Sunday. Funeral services were conducted by the Palm Funeral Home early this week.

TWO ASSEMBLIES LEFT, GORRELL ANNOUNCES

Two more student assemblies are on tap for this semester, according to an announcement by Professor Robert M. Gorrell, chairman of committee on lectures and assemblies.

Classes will be dismissed at 10 am Thursday, December 18, for the annual Christmas assembly.

The final assembly of the current semester will be held at 9 am Friday, January 9.
