UNIVERSITY OF NEVADA, RENO, FRIDAY, JANUARY 23, 1948

Weather May Alter Ski Carnival Plans

Scanty Snowfall May Cause Affair To Be Scratched

Notices of acceptance to participate in the ninth annual Nevada Ski Carnival have been received from five schools, Barbara Smith, co-chairman of publicity, said today.

The carnival, set for February 20, 21 and 22 at White Hills and Mount Rose, may have to be cancelled because of lack of snow, Miss Smith stated. There is approximately two inches of snow on top of Mount Rose, and no prospects for any more in the near future.

To date, Stanford University, Fresno College, Placer Junior College, University of Utah and Sacramento College have stated their desire to participate in the carnival. No replies have been received as yet from the University of California, University of Washington, University of Oregon, University of California at Davis, or Oregon State College.

All competing teams are limited to six members and a manager. In the event conditions are favorable, the meet will open at noon, Friday, February 20, at White Hills with a meeting of all skiers.

Social events scheduled for the weekend will begin with open house at the sororities on the night of February 20. A trophy for hospitality will be awarded to the sorority judged most welcoming by visiting teams. Prizes will also be awarded to both sororities and fraternities for house decorations.

A banquet at the Trocadero Saturday night, February 21, during which the queen of the carnival will be introduced, and the Snow Ball held in the gymnasium on the same date, will climax the social events.

The following students have been appointed to the various committees: Dance committee: Don Harris, Richard Lanzora, Marilyn Link, Jean Fulstone, Eleanor Fulstone, Berry Brooks, Gale Hodskins, Janeth Rowley, Ray LaGarza, Ginnie Auchampugh, Shirley MacDaunough, Molly Blair, Nannie Brown, Delores Lathrop, H. Berry, Horace Smith and Carol Lampe.

Publicity committee: Marg Fairchild, Dolores Spradling, Stanley Beth Peters, Jean Proctor, Pat Ussery, and Dick Rowley.

Correspondence committee: Kay Sterling and Grade Batzer. Housing committee: Shirley Hornbeck and Sue Broad-bent. Decorations committee: Mary Lou Gerrans. Banquet committee: Frances Schopp.

Tournament committee: George Reed, Ted Sherman, Brice Leggett, Tod Kerr, Ray McGuire, Harry Swanson, Pete Galli, Ken York, Bob Coughlin, Walt Coughlin, Ken Cusick, Helene Root, Gene Menue, Bill Bryner and Drake Delner.

Y HEAD TO BE NAMED

The name of a possible new head for the campus YWCA will be presented to the board of regents for approval tomorrow, January 24, by the YWCA advisory board, Miss Alice Terry, secretary to the president, announced this week.

FRAT SKI MEET AT MOUNT ROSE ON FEBRUARY 8

The intramural ski meet will be held on February 8 at the Mount Rose Bowl. The contest, which will give the winner 100 points toward the Kinnear trophy, starts at 10 am and will continue through the day.

The first event will be the cross country run. It will be followed by downhill competition and the slalom.

Each team will be limited to five men, and entry lists must be in at the physical education office by February 4.

To gain points toward final scoring, each competing team must place at least three men in each event. Points will be determined by totaling the times of these three men and dividing by three.

The whole event will be supervised by ski team lettermen, and Jerry Wetzel, varsity coach.

X-Ray Required For Registration

Chest X-rays provided by the Nevada Tuberculosis Association will be a prerequisite to registration this semester, announced Dr. Robert Locke, campus physician.

A portable X-ray unit, taking 35 millimeter film at the rate of 100 frames per hour will be installed in the new gym. Examinations will be given on February 2, 3, and 4, from 9 am to 12 noon and from 1 to 3 pm. Removal of clothing and appointments will be unnecessary.

Alpha Epsilon Delta, Nevada's medical fraternity, is sponsoring the project. They plan to publicize an anti-tuberculosis campaign beginning this weekend, declared A. B. Kaplan, leader.

The campus is an ideal breeding place for TB, intimated Mrs. Julia Dimond, field representative of the Tuberculosis Association. Students live in close quarters, and are in the vulnerable 15 to 45 age span, she added.

University Dancers Present Folk Dance Program to Vets

University dancers presented a program of folk dances for patients at the Veterans Hospital last Sunday. The dancers, sponsored by the Reno Soroptimist Club, were directed by Miss Elsa Sameth, professor of physical education.

The program consisted of two round dances, English and Scotch sword dances, and two square dances. The Scotch sword dance was performed by Beverly Brown and community singing was included in the program.

Participants in the dance numbers included Jo Ann Barbash, Marian Cerrita, Ruth Cooper, Shirley Hornbeck, Wanda Page Laurie, Marilyn Link, Shirley Lundergreen, Gerry MacDougall, Billie Meckes, Frances Moore, Barbara Parker, Jeanne Rule, Claire Russell, Marylee Scott, Beverly Simon, Joan Sperbeck, Louanna Tietje, Irene Waterman, Madge Wiley and Jacquelyn Wilson.

Accompanists for the dancers included Nilda Cox, Marylou Hayes and Ruth Helm.

FINAL EXAMINATION SCHEDULE

IT'S CLOSE NOW! JUST THREE MORE NIGHTS BEFORE JUDGEMENT WEEK

8:00 am—10:15 am 10:30 am—12:45 pm 2:00 pm—4:15 pm.

Monday, Jan. 26..... 8:00—M.W.F. Classes.. All Classes, English A, 1 and 2 8:00—T.Th. Classes

Tuesday, Jan. 27..... 9:00—M.W.F. Classes.. 2:00—M.W.F. Classes.. 9:00—T.Th. Classes

Wednesday, Jan. 28..... 10:00—M.W.F. Classes.. 2:00—T.Th. Classes..... 10:00—T.Th. Classes

Thursday, Jan. 29..... 11:00—M.W.F. Classes.. 3:00—M.W.F. Classes.. 11:00—T.Th. Classes

Friday, Jan. 30..... 1:00—M.W.F. Classes.. 3:00—T.Th. Classes..... 1:00—T.Th. Classes

Wolf Casabamen Run Roughshod Over Winged 'O'

Nevada's new born basketball squad ran roughshod over a hot and cold aggregation from the San Francisco Olympic Club to the tune of 61-43 last night in the university gym. In a loosely played ball game, the Wolf Pack copped the annual March of Dimes benefit for its first win in seven starts.

Sparked by Ronnie DuPratt's three fast baskets in the early minutes of the game, the Lawlormen took an early lead and increased this advantage as the first half progressed. Lou Joseph sneaked through the Olympic Club's defense to find the hoop for eight points in the opening half to put the local club out front 26-14 at the half.

In the second half the Olympic Club threatened to cut the Pack lead, but the alert Joseph continued to connect from all angles to keep the locals well in the lead. Lane, Olympic Club center who totaled 18 points for the visitors, was a consistent menace to the Nevada defense. He hit on long shots and tips to keep the opponents in threatening distance to the Pack.

Coach Lawlor cleared the bench in the course of the game as all reserves entered the fracas. The reserves also had the range of the basket and the Wolf Pack emerged on the long end of a 61-43 final count.

Joseph was high point man as he tallied 22 points for the evening, while also standing out defensively.

Half time intermission brought down the house as PE instructor Art Broten's university tumbling class presented a series of high jumps, forward rolls, dive rolls, back flips and specialties off the springboard.

Campus Hill Quietened By Unwritten Law

No social events will take place this weekend or during final week. Fraternities and sororities have no written rules eliminating social affairs at examination time, but it is common practice to refrain from planning socials or dances.

Friday, February 13, social events for the new semester will get under way again. Artemisia-Manzanita Association, Alpha Tau Omega and Phi Sigma Kappa scheduled social events for that date at the calendar committee meeting last week.

YOU TOO CAN WELD

University students may take a new course in welding next semester and learn a trade as well as a profession, according to Louis Titus, instructor in the agricultural department. The course is Farm Mechanics 20 and is a general bench course in welding and forging.

Rec Hall Uses More Cards Than St. Louis

More than 14,450 playing cards, enough to cover all the walls of the rec hall, have been used by students who use the basement of Stewart Hall in their leisure time.

According to Mrs. Barbara Pinjuv, campus YWCA head, and also director of the student recreation area, an average of 50 decks of cards passed through the hands of university card players during the past semester.

The cards are donated to the student center by one of the downtown casinos.

Hang on Vets! Help Is on Way

The student veteran is getting it in the neck, according to a financial troubles poll released by the American Council on Education. The council conducted a poll over a scientifically selected group of veterans all over the nation.

They came up with these figures. The unmarried veteran with a government income of \$65 a month spends \$106.13 during the month. The married veteran receives \$90 and spends \$175.38 a month, or almost twice his government income.

The study was financed by the Disabled American Veterans and is planned for use by a congressional committee investigating student veteran problems.

A Washington veterans counselor, speaking over a national net work, recently advised veterans not to quit school. He stated that financial help is on the way and said that congress would consider a bill that raises unmarried students to \$90, married to \$105 and students with children to \$120.

Catalog Revisions Promise Thorough Study for Aggies

A more thorough study of crops, soils, range management and vocational agriculture is in store for aggie students following recent revisions in the agriculture catalog, announced V. E. Scott, director of residence teaching.

One of the changes is a two weeks' field trip immediately after commencement by the range management group for the study of range areas and range plants, said Scott.

The field trip is an entirely new idea, Scott added. Its purpose is to give the students a full two weeks of range study which will not be interrupted by other courses.

Another change adopted by the vocational agriculture faculty will permit agriculture majors to spend two, or more, weeks teaching under the supervision of competent instructors as majors in education now do. This new practice will add more experience in actual teaching to the short hours now spent teaching at the local schools, Scott said.

Fox Movie People Arrive on Campus To Prepare Set

A bit of the popular "new look" will be added to the university campus during the between-semester holidays, it was announced by President John O. Moseley today.

In connection with the movie, "An Apartment for Peggy," which is to have many outdoor scenes filmed on the campus, a full sized trailer court will be constructed on the green fronting Lake Manzanita approximately on the same location as the Nativity scene during the Christmas season.

With "shooting" scheduled to start about February 4, the construction on the project will start within the next few days.

In addition to the outdoor scenes, some of the picture's action will be photographed in the university library.

Opposite to Miss Jeanne Crain, who appears on the campus once before when the same studio filmed "Marge," will be actor William Holden. Other members of the cast have not yet been named.

The story is supposed to have a "winter-spring setting, so the amount of snow on hand will be a deciding factor in the length of time spent here by the company.

Paul Mantz, internationally famous stunt pilot, will take aerial views of the campus from his helicopter.

Students who wish to sign up for "extra" work in the picture will find details in a Sagebrush advertisement.

Campus Thespians To Hold Initiation

Lawton Hot Springs will be the scene of a gala dinner to be held by the Campus Players, university thespian group, tonight, it was announced this week by Bob Durham, president of the club.

The dinner is in honor of those being initiated into the organization, it was further announced. A novel part of the event will be the entertainment furnished during the course of the evening. Each initiate will present some sort of act as his contribution to the evening's fun, Durham stated.

Those being initiated are Marion Gotberg, Pat Cutter, Robert Palmer, William Rollins and George Bennett.

Byrd Replaces Erb As Orchestis Head

Gwen Byrd will become president of Orchestis, women's dance group, next semester. The present leader, Jo Ann Erb, is leaving school to take airline stewardess training.

A new vice-president will be elected to fill the office now held by Miss Byrd. Orchestis members are practicing dance numbers which may be presented in a spring festival. Solos and specialty dances are being organized, Miss Erb announced.

NEW TRADITION HITS HIGH GEAR

FROSH STUDENT ASSUMES ANGLE SWAT! SWAT! ETC.

Punishment in the form of 10 swats was meted out to Fred C. Willes, freshman engineering student, at the January 16 meeting of the men's upperclass committee, Tommy Thompson, chairman of the group, announced today.

Willes accumulated the large number of swats by ignoring repeated warnings by the committee to appear before them, Thompson said.

Had he not appeared he would have been subject to student senate action and liable to suspension from school, the committee head stated.

His punishment serves as a warning that the revitalized upperclass committee will enforce observance of university traditions, Thompson said.

Willes was cited originally for not wearing his dink.

Debtors Warned To Come Through

If you haven't brought that overdue book back to the library, you won't be able to register for the next semester. Likewise, if you owe money to the dining hall or any other university agency, you will be as popular as the fellow in the soap advertisements with the registrar's office come registration day.

Fraternities and sororities can hold up the registration of delinquent members, too, if they care to press the point, warned Jeanette C. Rhodes, registrar, yesterday.

A list of debtors will be compiled from reports of the dean of men, dean of women, comptroller and other creditors, and students applying for their registration coupons will be turned down if they owe money to university organizations.

It will be easier on the students, though, Mrs. Rhodes stated, if they liquidate any debts immediately, saving a god deal of embarrassment and delay.

Psychology Classes Observe How Other Half Live in Nevada

Psychology students visited both the state prison and the state mental hospital recently. Field trips were made to those institutions by members of Professors Irwin and Young's classes.

The criminal and legal psychology class of Professor Ralph Irwin visited the Nevada state prison, where they were addressed on the problems involved in the prison by Warden Richard Sheehy.

Professor Young's class in abnormal psychology visited the Nevada state mental hospital. Dr. S. J. Tillim, superintendent of the hospital, addressed the students on the problems involved in the handling of his patients.

ENGAGEMENT TOLD

Anita Hincelot, who was graduated from the university last year, has announced her engagement to Dick Meffley, senior student and member of Sigma Nu. Miss Hincelot wrote the news to her Kappa Alpha Theta sisters this week.

Hill 'Hello' Week Features Melody By Campus Men

Brander and Buck Compose Song Saluting Event Plugging Friendship

"On the hill it's hello," a new song for the occasion, will be introduced by the campus song writing team, Bill Buck and Roger Brander, at the big assembly Monday, February 9. The song was written for the event by Buck and Brander.

The assembly will be the start of a week-long schedule of events planned for the "Hello on the Hill" Week, February 9 to 13.

"Hellow on the Hill" Week is a new campus activity which the two co-sponsors, the Sagens and Sagers, hope to incorporate into the University of Nevada's list of traditions. The week is designed to promote the spirit of friendliness among the students on the campus and also to foster old traditions.

A full week of activities has been tentatively planned by Pat Ussery, president of the Sagens and Jerry Wyness, president of the Sagers. Such events as an assembly, rally, ice skating party, torch parade and dances are in the offing. Gifts have been donated by several downtown establishments for the man and woman selected as "Mr. Hi" and "Miss Hello."

Along with Buck and Brander, Kathy Hanley, Anita Davidson and many others will help swell the list of entertainers planned for the assembly. A "name band" will appear to give its version of "Elks Parade."

In addition to the long schedule of events planned for the week, many lesser activities have been arranged. The Sagens will dress up the campus with bright colored posters, and music will be broadcast between classes and during noon hours all through the week. Pep bands will also liven up the atmosphere.

From the cooperation being given to the the two service organizations, the presidents said that the week will probably be one of the most eventful in Nevada's history.

SNACK BAR REMAINS OPEN DURING FINALS

During final week the snack bar in the basement of Stewart Hall will be open from the hours of 8 am to 12 noon only, Mrs. Barbara Pinjuv, YWCA secretary and director of the student recreation hall, announced this week.

The reason for the short hours, Mrs. Pinjuv said, is the difficulty in getting girls to volunteer to serve behind the counter during final examinations. However the snack bar will be kept open during the morning hours for the students' convenience.

SNACK BAR REPORTS PAST WET SEASON

The weather outside is dry, but the recreation hall attendants report a wet season!

It is estimated that virtually one-half ton of coffee passed across the recreation center's snack bar this semester. Students consumed a bout 2000 cups of coffee each week.

Cadetmen Honest, Says Col. Parker As System Works

The honor system has been successfully employed in the Scabbard and Blade organization for a year, Col. Gilbert E. Parker, ROTC administrator, announced today. The system has grown to be as important as the basic subjects taught in the military organization. The Scabbard and Blade is a national honorary organization for advanced ROTC cadetmen. Under the honor system being used by the advanced cadets, there is no strict body of laws, nor a monitorial system. Students simply swear that they will not "ride a pony."

Colonel Parker states that the less "machinery" involved in the operation of an honor system, the better it functions. Each student is placed on his "individual code of honor." The system is operated as simply as that, and with no unnecessary complications, the colonel explained. "Grades compiled by the cadetmen on quizzes given under the honor system correspond perfectly with the supervised daily work of the students," Colonel Parker commented. He added that through this fact there is evidence that the system is operating properly.

The head of the military department added that this system is not one to be imposed upon a group, but must be supported fully by the student and backed by the student's incentive to make it work.

On the Hill It's Hello!

Deming Addresses Reno High Students

"High schools should stress the importance of preparation for college entrance to their students," stated Dr. M. W. Deming, at an address given at Reno High School on January 12. "Many students," stated Dr. Deming, "come to the university totally unprepared as far as admittance requirements are concerned. The academic subjects apparently have been given less attention than vocational courses, thus upon entrance to the university many students make up academic courses which should have been taken at high school."

Dr. Deming addressed the student body in the high school auditorium. Principal Roger Corbett introduced the director.

Katharine Mergen Has Poem Published

Katharine Mergen, journalism instructor, has written a poem, "Pyramid Lake," published in the January issue of the Nevada magazine.

A long time resident of Nevada and graduate of this university, Mrs. Mergen considers Pyramid Lake her favorite scenic spot. "This is the first poem I've submitted since I wrote doggerel for the Sagebrush," she confessed.

Before joining the journalism department four years ago, Mrs. Mergen worked for the Nevada State Journal.

New look? At least the women are wearing the same thing in sweaters this year.

It's coming! Hello on the Hill Week!

Dining Hall Expert Chosen for Survey

Christine Ricker, director of dining halls at Stanford University, has been selected to make a thorough survey of the dining hall operations at this university, Elaine Mobley, dean of women, stated today. Miss Mobley will include this recommendation in her report to the board of regents tomorrow morning.

Preceding the survey, she said, it will be necessary for the regents to define the dining hall business policies. Miss Ricker is expected to conduct her inspection early next semester and will offer recommendations for improvement of the dining hall.

Dean Mobley conferred with Miss Ricker while on an official tour of the dining halls at Stanford University and the University of California recently.

She made the tour upon the request of President John O. Moseley, who promised swift action to investigate the dining hall operations following the probe by the student improvement committee.

There are, to me, two kinds of guys And only two that I despise. The first, I'd really like to slam—

The one who copies my exam; The other is the dirty skunk Who covers his and lets me funk.

War in Palestine! French Mobilize! Algae Is Forming!

Algae is forming on the tremolite asbestos display in the Mackay mines museum.

Tremolite, a calcium magnesium silicate white, or gray in color, is a mineral that has the qualities of asbestos. It has one peculiar characteristic. If it is not kept moist, the bladed prismatic crystals will break down into powder form. Professor Walter S. Palmer, chairman of the metallurgy department, said today.

The display, which was donated by the head of the geology department, Dr. Vincent P. Gianella, is kept in a flask of distilled water.

The blue-green water fungus has begun to grow and has turned the water a greenish color.

Chemicals or heat might kill the growth, Professor Palmer added.

Puppy love is merely the beginning of a dog's life.

English Department Gives New Courses

Four new courses will be offered by the English department during the spring semester, Dr. Robert M. Gorrell, department head, announced this week.

Among these will be a course in Victorian literature, renaissance literature, Shakespeare for pleasure, and an advanced course in old English. They will be numbered 80, 89, 40 and 94, respectively.

In addition to the new courses, work will be offered in the field of radio production in conjunction with English 82, which is play production, Dr. Gorrell stated.

Leather Pushers For Pack Team Named by Coach

Contenders for the Wolf Pack boxing team were announced today by Coach Clifford P. Devine.

These men are training for an intercollegiate fight schedule which starts when they step into the Spartan ring at San Jose State. The match is slated for February 13.

Heavyweights: Fred Leon, Jack Davis and Fred Hopper. They weigh respectively 213, 185 and 206.

Light-heavyweights: Frank Sanches, Don Blackham and Fred Willis. Sanches weighs 171 and Willis 175.

Middleweights: Horace Smith, Murray Dolan, Al Barsanti and Floyd Gori.

Welterweights: Silas Corbett, Louis Rivero and Roy Edgemon.

Veteran Wolf Pack ringsters Bob Thronson and Howard Heckethorn have returned and will contend in the welterweight class.

Featherweights, 130-135 pounds according to college rule, will include Don Anderson and Bob Watkins. Bantamweights, which are fighters under 125 pounds, will include Craig Thompson, Nick Lusich and Bill Horton.

Other men contending for positions are Kay Adams, Charles Bartl, Stanley Pierce and Jack Williams.

Carmel Caruso is the team manager.

Most accidents are caused by hugging the wrong curves.

Sophs Edge Juniors For Snake House Cage Championship

Sigma Nu revived its pre-war intra-fraternity, interclass basketball tournament last Sunday, and the sophomores emerged as the basketball champs of the house.

The first game found the sophs trouncing the freshmen 22-6, with Miles and McKisick leading the winners. The juniors won the right to meet the sophomores in the finals by downing the seniors 21-13. Knudsen was the big gun in the junior attack.

Consolation honors went to the lowly frosh when they turned on their mighty senior brothers 15-13. Anderson and McCrae paced the winners while Graves, Bradshaw and Fairchild played "steady" ball for the seniors.

The championship game was close from start to finish with the second year men coming out on top 22 to 20. Vucanovich, DeLauer and Abercrombie turned in good performances for the champs. Knudsen again led the junior attack, backed up by Belnap and Curless.

WETZEL DECOMES SKI TEAM MANAGER

Skiing, Nevada's new major sport, now has a manager! Jerry Wetzels, captain of the university's ski team and jack of all trades, as far as skiing is concerned, has accepted the position of student manager.

Wetzels, in this capacity, will plan and schedule all meets and will lend his skill in an effort to train the greener members of the team.

Be Pack backers.

Sigma Nu Cagers Lead Interfrat Race; SAE Next

Sigma Nu pounds the boards ahead of all other teams in the interfraternity basketball race.

In lead position with three wins and no losses, Sigma Nu defeated Sigma Alpha Epsilon Wednesday by a score of 45 to 30.

Upset of the fraternity hoop season occurred January 19 when Lambda Chi Alpha beat favored Alpha Tau Omega 28 to 25. The Lambda Chi men were beaten by Theta Chi by a score of 43 to 37.

"Fraternity basketball games played thus far indicate good qualities of sportsmanship and spirit," said George A. Broton in charge of the tournament. "Fraternalties are again reminded to bring along a referee whenever they play," he said.

Present interfraternity basketball standings were announced by Prof. John E. Martie.

Wolf Spikemen Get First Call From Coach Jake

First call for track has been announced by Jake Lawlor, newly appointed coach of Nevada's spike men. A meeting will be held in Lawlor's office on February 9, for all those interested in going out for the squad.

Three meets have been scheduled to date with the following schools: Cal Aggies at Davis, California, April 3; San Francisco State at San Francisco, April 17, and Chico State at Reno, April 24.

Lawlor also announced that a three way meet will be held here in Reno on May 8, if he can find two other schools with that date open.

The track and field in Mackay stadium will undergo a face lifting between semesters and will be in fine shape for the starting of the season, Lawlor said.

Rifle, Pistol Club Present Program To Athletic Board

The university Rifle and Pistol Club presented an "At Home on the Range" program Thursday afternoon on the rifle range, Sergeant Earl Grady, director of the range, said today. This show was scheduled as a part of the program for Thursday's meeting of the board of athletic control.

Purpose of the show was to display the range in operation, to explain the rifle program, and to demonstrate various shooting activities, Sergeant Grady said. An inspection of range facilities and equipment, a resume of the teams' shooting record for the year, a short demonstration

of training methods and a demonstration of current competitive shooting by members of the men's and women's teams made up the program. After the program, facilities were provided for any guests who wished to stay longer and fire with either rifle or pistols, said Sergeant Grady.

It's Another Headline Record!

Louis Prima's "With a Hey and a Hi and a Ho Ho Ho" (RCA Victor)

THE MAN who plays pretty for the people, Louis Prima, has a groovy new record! A trumpet player of long experience, Louis knows when he's hit the right note in smoking pleasure too. He's a dyed-in-the-wool Camel fan. "Camels are the 'choice of experience' with me," says Prima.

Try Camels! Let your own experience tell you why, with smokers who have tried and compared, Camels are the "choice of experience."

CAMEL IS MY BRAND!

And here's another great record—

More people are smoking
CAMELS
than ever before!

Prep Newspaper Entries Undergo Contest Judging

Entries in the Press Club's high school newspaper and annual contest are now being judged by students of advanced journalism at the university. A. L. Higginbotham, professor of journalism, announced this week.

State champions are being determined in three classes: printed high school papers, mimeographed newspapers and printed annuals. Cups or similar awards will be presented in each class.

The contest, which ended December 15, is being judged by junior and senior members of the Press Club who are, for the most part, journalism majors. So that no one judge can determine the score of any entry, each person will judge a separate part of each publication. Doris Hanssen is acting as sub-chairman for annuals, and Lloyd Rogers is in charge of newspapers.

The contest was held in lieu of the annual high school press conference which has been suspended since the war years. Paul Weaver, Press Club president, said that housing is so limited at the university that the Press Club members decided against the conference until possibly next year when housing facilities may be more plentiful.

Professor Higginbotham expressed his satisfaction in regard to the quality of the entries and remarked that the work on the publications was far better than was hoped for.

Many a girl has gotten into trouble by obeying that boylogical urge.

It's coming! Hello on the Hill Week!

Music Department Changes One, Adds 3 Study Courses

Theodore H. Post, professor of music, announced three new courses and one program change for the music department today.

These courses are class instruction in elementary voice-music 13-14, class instruction in elementary piano music, music 7-8, and class instruction in elementary band and string instruments, music 3-4.

Professor Post announced that one credit hour is available now for instrumental ensemble as well as for band. The course will be under Assistant Professor of Music Robert Tate, as will be music 3 and 4. Music 13-14 and 7-8 are under Professor Post.

ENGINEERS SEE MOVIE EXPLAINING "FM"

"Naturally it's F. M.," a General Electric technicolor film, was featured at a meeting of the Nevada student chapter of the American Institute of Electrical Engineers recently.

The non-technical film explained the operations of frequency modulation, said Dan Rice, president of the double E's.

Hill Library Adds 3 Bibliographies

Three monumental bibliographies have been added to the campus library recently, said J. J. Hill, head librarian.

Joseph Sabin's 20 volume dictionary of books relating to America from 1493 to 1934 is outstanding in its field, declared Mr. Hill. Charles Evans' "American Bibliography," a 12 volume set, covers the period from 1639 to 1820.

The catalogue of the British Museum library, recently reprinted, has also been added to the shelves. The library of congress' list of every book published in the U. S. up till January 1, 1947, is expected to arrive in the near future, said the head librarian.

"Encyclopedia Italiana," the foremost set in Italian, has been purchased by the modern language department. Color illustrations are found in the encyclopedia, which was largely compiled during the Mussolini era.

You can never tell how a girl's going to turn out until her folks turn in.

WOMEN PE MAJORS REQUESTED TO REPORT

Girls interested in beginning a physical education major should contact the women's physical education department during final week. The department has posted office hours for the coming week on its bulletin boards, Miss Elsa Sameth, head of the department, announced today.

Women's physical educa-

tion has been offered as a major only since September. With the increased desire among coeds to obtain a major in physical education, the department succeeded in establishing a full college course.
