

CAP'N JERRY

Jerry Wetzel leads the Nevada slippery slat artists against some of the top collegiate skiers in the west today in the opening of the ninth annual Nevada Ski Carnival. Wetzel, an all around man, is expected to rank near the top when individual scores are tabulated. (An Ernie Mack Photo)

## Campus American Legion Post Gets Official State OK

Newly organized University of Nevada Memorial Post of the American Legion has received its official charter from state legion headquarters.

Presented at a recent meeting, the charter was signed by organizing members of the group, and then sent to the national headquarters in Indianapolis for national sanction. Doug Trail, senior veteran and chairman of the chartering committee, stated the document should be back on the campus within a month for final chartering ceremonies.

A detailed report of matters to be considered in staging a state Golden Gloves tournament was presented by boxing committee chairman Jim Wehrle. This tournament is tentatively scheduled to take place the last of March or the first part of April.

Commander Drennon set the date for next meeting to be held February 25, 8 pm at room 105 in the Agriculture building. All veterans, whether affiliated with other American Legion posts or not, are invited to attend. Professor J. E. Martie, state department adjutant of the Nevada American Legion, will be on hand to answer all questions pertaining to joining the university post.

This was the first meeting at which the newly elected officers presided. At the initial meeting Monday, February 10, Drennon was elected commander; Jerry Wetzel, vice-commander; Lyle McCartney, historian, and Bud Bowers, finance officer and adjutant combined. Further elections were withheld pending another meeting.

## English Department Gives New Courses

Robert M. Gorrell, assistant professor and chairman of the department of English, announced recently that the English department is offering two night classes for students.

Tuesday evenings from 7:15 till 9:00, Robert A. Hume, associate professor of English, is in charge of a lecture class dealing with Eighteen Century English novelists. The class is available for credit or may be audited by anyone interested in hearing the lectures.

Paul Eldridge, associate professor of English, is continuing his creative writing class which meets Thursday evening at 7:15. The class is also available to students for credit.

## GLYNES VEToes WOLVES FROLICS

For the first time in eight years, the veto was used by an ASUN student body president.

At Wednesday's meeting of the student senate, President Jimmy Glynn put the veto mark on the Wolves Frolic, scheduled to be held after Easter vacation.

Because of vagueness in plans and inconsistency in organization for the event, veto action was deemed necessary by the student body head.

Action was not taken by the senate to over-ride the veto, but instead plans are being made to place the traditional show back into Homecoming festivities.

Two weeks ago senate members voted 7-6 in favor of the Frolics in the spring. Last occasion for veto action was in 1940 when Ray Garmendi was in office.

## Horticulture Given Department Rating

Courses in horticulture are now being offered for the first time as a separate department, stated chairman Dr. P. A. Lehenbauer.

Courses will stress the growing of fruits and vegetables, selection and care of shrubs and plants, and care in growing of flowers.

Growing conditions in Nevada will be studied with suggestions being made for productive home gardening. Dr. Lehenbauer stated that this falls in line with government policy of urging more home grown foods as a national economy measure.

The department has designed these courses not only for agricultural students but also for prospective home owners interested in improving their gardens.

Plant propagation, how to start from cuttings, budding, grafting and seeding are courses included in the new department.

Dr. Lehenbauer stated that additional courses will be added as the department enlarges, with every effort being made to bring in the practical side of many planting and growing problems of Nevada.

## RAVVE GETS DEGREE NOW AFTER Ph. D.

Abraham Ravve, who was granted a masters degree here this month, is now working for a Ph.D. at the University of Utah, Professor George W. Sears, head of the chemistry department, revealed today.

Ravve was a student at Nevada for three semesters and prior to this was graduated from the University of Southern California.

# CROSS COUNTRY SKI RACE OPENS CARNIVAL TODAY

## Freshmen Women Take Punishment For Rule Violation

Today there are ten sad semester freshman women at the University of Nevada who are wearing 12 inch plaid ribbons on top of their heads as punishment for not wearing blue and white hair ribbons.

Freshman women must wear a blue and white ribbon tied together. Failure to wear this hair bow means one plaid ribbon worn as a penalty.

These women are Verna Stange, Ann Holt, Barbara Joseph, Beverly Samuelson, Helen Burr, Jo Ann Yenter, Mary Barnum, Ethel Miller, Rhoda Phillips and Mary Haslam.

Pat Crandall, a senior, was also called before the women's upperclass committee for cutting campus, but she failed to appear. This is the third time that she has been called and has not appeared. If she does not appear before the committee next time it means further steps will be taken, Roberta Butler, chairman said.

## Professor Church Returns to Nevada

Dr. J. E. Church, emeritus professor of the classics and chief in station meteorology, expects to return to the experiment station at the university about March, a letter from him revealed recently. Dr. Church is conducting a snow survey for the Argentine government in the Andes. The nature of his work sometimes carries him over to the Chilean side of the Andes.

After completing his snow survey for the Indian government in the Himalayas, he was invited to Argentina to conduct a similar survey there. After arriving last fall he changed his mind about merely setting up the machinery for the survey and has been engaged in the survey since then.

In conducting the survey, Dr. Church has flown over the Andes as far south as Patagonia on the extreme tip of the continent. Reportedly this is the first survey of its kind in the Andes as far as is known.

Dr. Church has also conducted surveys in China, Russia and Iran.

## POLKATEERS STAGE ADDITIONAL PROGRAMS

University of Nevada Polkateers are staging two more exhibitions. One will be given at 3 o'clock this afternoon at the Baptist Church and the other this evening at 7:00 at the Veterans Hospital. The group recently presented two exhibitions for the Repetoire Club and for the Community Center.

Wednesday was the first meeting new officers presided. President Wally Kurtz, Vice-President Rudy Gerken and Secretary-Treasurer Shirley Macaulay.

## SUNDOWNERS MEET

An important meeting of the Sundowners will be held Tuesday evening, February 24, at 7:30 in the ASUN building, Orsie Graves, Sundowner president, announced today. At this time discussion will be continued on the selection of candidates for membership. All members are urged to attend.

## Wetzel Confident Of Wolf Ski Win In Weekend Meet

"We aren't rated as the number one team, at least not by the sport critics; however, I feel confident that when the points are tallied on Sunday it's very likely to be a different story."

These encouraging words were said by Jerry Wetzel, captain of the University of Nevada ski team, when he was asked what Nevada's chances were of taking top honors in the ninth annual Winter Carnival which began today at Mt. Rose Bowl.

Offering the major opposition to the Wolf Pack are the "hickory experts" from the University of California, University of Utah, Stanford University and Oregon State College. These four teams have been favored over the Nevada men by local and out of town sport-writers.

Competing in the Carnival, but apart from the "big five" in their ratings are teams from Fresno State College, Placer Junior College and Sacramento Junior College. Although these teams are considered the underdogs, each is looking forward to a sensational upset.

Each school will enter five skiers in each event. Nevada's selections are Wetzel, Cliff Banta and Bud Schoenfeld in cross country, downhill slalom and jumping. Ashley Van Slyck will skip cross country and Harvey Rose will jump and race the langlauf.

With the lack of snow becoming a greater problem than was originally expected, arrangements have been made to clear the road above Mt. Rose into the upper elevations. However, if snow should come before the Carnival gets under way, the downhill slalom will be held at Mt. Rose Bowl as scheduled.

The cross country will start either at the bowl or Tamarack Flat and end at the Sky Tavern today. Tomorrow the downhill and first slalom run will be held. On Sunday the second slalom will take place in the morning followed by jumping on the new Mt. Rose Bowl hill that afternoon. The jumping will be in full view of the parking area.

Roy Michelson and Dave Gordon of the Auburn Ski Club and Carl Becholdt of the Tahoe Ski Club will be judges for the events.

## Collett Charged For Giving Alias

At the last meeting of the men's upperclass committee, Robert D. Collett, engineering student was recommended to appear before the student senate for disciplinary action. Collett was charged with giving a wrong name on a parking ticket.

A program, designed to enforce traditions, was formulated. It was decided that enough warning has been given through the Sagebrush.

"Now that the second semester of the year has started we feel qualified to pour the coal on and enforce all traditions," Tommy Thompson, chairman of the men's upperclass committee said. Ed Drennon was appointed alternate chairman of the committee.

## Buchanan to Talk To Commerce Club On Marshall Plan

Dr. Norman Buchanan of the Rockefeller Foundation will talk to the Commerce Club on February 26 at 7:30 pm on "The Marshall Plan From the European's Viewpoint."

Dr. Buchanan has just returned from a ten-month tour of Europe in which he visited every European country except Russia to make an economic analysis for the Rockefeller Foundation. He also selected European scholars for Rockefeller scholarships.

Dr. Buchanan is co-author with F. A. Lutz of Princeton University of the book "Rebuilding the World Economy." He has also written other books and numerous articles on economics. He was a member of the University of California faculty from 1934 to 1942.

The talk will be presented at the regularly monthly meeting of the Commerce Club and will take place in the home economics room of the Agricultural building. The meeting is open to everyone.

## Plans Being Made To Divide Armory Into Classrooms

Initial preparation for dividing the main hallway of the Reno navy armory into more classrooms and offices began this week as painting of the outside neared completion.

Painting will continue an estimated five weeks. The roof already has received a brick color. Light tan applied to the outside walls is almost ready for the aluminum trim. Classrooms and office interiors will be painted light colors. The color scheme was specified by the university officials to blend with campus buildings.

The original contract for the building allowed for 150 working days, which expired February 12, but due to the late arrival of steel and the added construction within the building, the completion date has been advanced to April 1, Allen E. Plummer, navy engineer, said today.

## Auchampaugh Named To Magazine Board

Dr. Phillip G. Auchampaugh, associate professor of history and political science, has been appointed a member of the editorial board of the Western Political Science Quarterly.

The new magazine is to be published at the University of Utah for the Western Political Science Association, which was organized at Salt Lake City on November 1.

Dr. Auchampaugh is also a member of the executive council of the association.

## OPEN HOUSE TONIGHT AT ALL SORORITIES

Open house will be held tonight by the four sororities directly after the basketball game. All students are invited to attend these socials which are a part of the Ski Carnival celebrations.

A cup will be awarded the sorority judged to have held the most hospitable open house.

COHORT BERRY

Barnes Berry, long a mainstay of the Wolf Pack skimen, is entered in the first event of the Ski Carnival, the cross country. Berry, winner of several cross country titles last year, is one of the favorites to come out on top in today's curtain raiser. (An Ernie Mack Photo.)

## Film Company Gives Nevada Free Movie

As a token of appreciation to the University of Nevada for its cooperation in the filming of "An Apartment for Peggy," 20th Century Fox Film Company will present, free of charge, a special showing of "The Miracle on 34th Street" at 10 am tomorrow in the Nevada theater.

500 tickets were distributed by President Moseley's office today for this complementary showing.

## Book Worms Lift Texts From Libe

Students who have taken books from the reserve reading room without permission are asked to return them and no questions will be asked, James J. Hill, university librarian, said today.

Approximately 50 books have been taken from the reserve room by students who have retained the book-snatching habits of high school, Mr. Hill said.

Most of the volumes taken are out of print and are not replaceable, resulting in hardship for students and instructors alike in preparing and studying for various courses.

Librarians in the reserve room are checking all books leaving the room to prevent petty pilfering. A turnstile is to be installed in the doorway later to make it easier to enforce rules.

The reserve room was inaugurated last fall to make it easier and faster for students to reach their reserved books.

## NEVADA GRADUATE EMPLOYED ON COAST

Robert A. Meyer, graduate of the University of Nevada in the 1947 summer session, is now employed in the Core Laboratories at Long Beach, California, making chemical tests in the oil refineries there. Professor George W. Sears, head of the chemistry department, stated today.

A student under Professor Sears, Meyers said that many of the Southern California companies active during the recent war are now shutting down. Airplane manufacturing plants are also cutting down production and in many instances closing down completely, thus limiting the number of chemists now needed.

## Injured Cagemen Return to Squad For Wave Series

With Ron DuPratt and Joe Libke in action again, Nevada's win-hungry Wolves take to the boards tonight, this time against Pepperdine College of Los Angeles, Calif. Trying to salvage the few remains of a luckless season, the "third look" Wolf Pack will be shooting for its first victory since the Colorado A&M win February 3.

The assignment is anything but easy, however, as the Waves of Pepperdine are riding high these days. They have apparently reached their peak in the last few games, and are now striving to earn an invitation to the NAIB tourney for the fourth time since 1941.

The Waves, coached by A. O. (Al) Iver, have won 18 of 27 games played this season. Big scorers for the Waves are forward Joy Pace, big six foot three inch senior who has a 12-2 average in 20 games and forward Jerry Lowther five foot 11 inch junior with an average of 10.8 points in 25 games. Lowther has a season total of 270, Pace 244. Averages exclude last two games.

**All Six Footers**  
It will be another battle against height for the small Nevada men. All starters for the Waves hit above the six foot. Pace, center, Charles Gibbon and guard Bob Clark hit the six foot three inch mark; Jim Hamilton, who has been starting in place of Jerry Lowther to give the squad still more height, is six feet two inches, and guard Bill Lindquist is the midget of the fivesome at an even six feet.

(Continued on page 6)

## Classes Hear Bells In New Buildings

And the bells began to ring. Overtime and undertime will be strictly regulated in temporary building classes now that the long awaited class bell system is installed and ringing.

Robert M. Gorrell, chairman of the English department, said that the delinquent bells were ordered in August, arrived in a defective condition two months ago, and were then returned.

Eight am Tuesday marked the beginning of the bells' service on the campus, lower level.

## Campus Queries

A variety of opinions were expressed about the recent "Hello on the Hill" week when a roving reporter tabulated student reactions on the campus this week.

Robert Little, A & S student, said, "A friendly atmosphere is something that cannot be created during one week. It must be built up over a period of years. And it certainly does not result from wearing a 'Hello' tag."

Barbara Smith, Tri-Delt and journalism major, commented, "The week was very good, but they should have had it during the fall semester when the university gets the biggest amount of new students."

Morris Coleman, veteran pursuing his BA degree, said abruptly, "It fizzled out."

Donald Metzker, economics major and letterman on the rifle team, remarked, "The 'Hello' week was fine, but I think more time should be spent on the Wolves Frolic."

Elaine Mobley, dean of women, commented, "Hello on the Hill week was very successful. It's a tradition which should be continued."

Alex Rassuchine, freshman A & S, student, said, "I think it could be greatly improved. The week did not help the new freshman on the campus at all."

Jane McTavish, transfer student from the University of California, remarked, "The week was good. It gave me a feeling of being at home. It is comparable to an event at Cal, but here it is so much more personalized."

Dale Riddle, business major and member of Lambda Chi Alpha, said, "It was fine, but there is no doubt that it needed more cooperation."

Pete Cladanos, first semester student from Reno high school and pre-legal major, commented, "The Hello on the Hill week was a good thing, but no one practiced it."

## Cadet and Middie Appointments Open, Griffin Announces

Appointments to the United States Military Academy at West Point and Annapolis which are still open to interested students must be filled prior to March 1, Robert Griffin, dean of men, announced this week.

Anyone interested in having his name considered for such an appointment should place his application with the dean of men as soon as possible. The selections will be made in a relatively short time and it is important that applications be submitted immediately, Dean Griffin said.

Some of the eligibility requirements are that the applicants must be between the ages of 17 and 22 years, except for persons who have served honorably for one year in the armed forces of the United States, who may be admitted between the ages of 17 and 24.

An applicant must be a citizen of the United States, unmarried, excellent character, and must meet the same physical requirements as officers appointed in the army. The educational requirements for entrance in to the university and passing grades in classes attended should satisfy the minimum educational requirements for selection for appointments, Dean Griffin said.

Tau: How do you like bathing beauties?  
SAE: I don't know, I never bathed any.

Be Pack backers.

## Letter to the Editor

January 28, 1948  
The Editor, The Sagebrush  
University of Nevada,  
Reno, Nevada.

Dear Mr. Evans:

Your issue of January 23 carries in the editorial column a story concerning the honor system adopted by some of our military classes. It is complimentary and I am grateful that the Sagebrush has given it such notice, but I am not certain that spotlighting our modest effort contributes to its health. If it is practicable, I should like to correct certain mis-statements that have inadvertently crept in and modify others that might tend to create a wrong impression.

An honor system has been adopted by the advanced classes only, not by the cadet corps as a whole. The system is not limited to Scabbard and Blade nor is the decision to adopt it theirs. It was adopted by unanimous vote of all advanced military students. It is their recognition of the code of ethics which is traditional in the military profession they are studying. They are neither required nor expected to "swear that they will not ride a pony," nor to swear or certify to anything else incident to operation of the system.

I have shown this letter to several students from the advanced classes and they agree that it is desirable to correct the false impressions fostered by the story as it appeared. If you will assist in doing this, it will please us.

Sincerely,  
G. E. Parker,  
Colonel, Infantry  
PMS&T

At Nevada

## Gow House Head Planning Changes For Hill Beanery

"Many beneficial changes will be made in dining hall conditions on this campus," stated Miss Nellie F. Walden, newly appointed director of the campus dining room.

"Changes in several respects are in order and it is the objective of the new management to satisfy wants of the students and remedy any grievances they might have in regard to gow house conditions, added the new manager.

Steps to be taken in creating better conditions are:

Serve a wider variety of food and prepare it in as palatable a manner as possible.

A bulletin board is to be placed inside the main entrance with menus posted a week in advance, giving students an idea of what to expect for their meals. In line with this will be a suggestion box so that students can pass on their suggestions to the management.

Brightening up the interior of the hall with pictures and suitable dining room decorations is another need.

Plans are being made to have a snack hour between breakfast and lunch for those students missing breakfast. It is not intended as an inducement to by-pass breakfast but is for the benefit of those who cannot make early breakfast.

Study is being made of ways and means of reaching new economy measures.

The name gow house is on its way out and Manzanita

## UN Camera Fiends Eligible to Enter Big Photo Contest

Nevada candid camera fiends can now win a trip to New York, traveling expenses paid, seven working weeks with a nationally known magazine, and a job promise with that magazine.

Kappa Alpha Mu, national honorary fraternity of photo journalism, is offering the foregoing to winners of the Collegiate Photography Exhibition.

First place awards will go to photographers entering the best pictures in news, pictorial feature, fashion, sports and industrial classes.

No more than ten prints are to be submitted with a maximum of five prints placed on any one division. Photos are to be 5x7 or larger and

Dining Hall is to be the official title of the campus eating establishment.

"Those are some of the plans, and we are looking for more. They are to go into effect in the near future but I do hope everyone will realize they cannot happen overnight," stated Miss Walden. "Above all, it is my desire to make this dining hall a most enjoyable place to eat."

## Tuberculosis X-rays Taken of Students

Chest X-rays, a pre-requisite to this semester's registration, were taken of about 1650 students on February 2, 3, and 4, declared Mrs. Julia Dimond, Nevada Tuberculosis Association field representative.

The program was exceptionally well organized and proceeded very smoothly, she added, with the help of Alpha Epsilon Delta members.

mounted on standard 16x20 board.

Regularly enrolled students in any college or university are eligible. Entry blanks must be entered before April 30. Rules can be obtained by writing W. J. Bell, secretary, 18 Walter Williams Hall, University of Missouri, Columbia, Missouri.

### Third Dimensional Sculpturing, Art Featured at Show

J. Craig Sheppard, assistant professor of art, spoke before the Fine Arts Club meeting Monday night on his exhibit of sculpture, water colors and oils which has closed today after a two-week showing.

"Students will appreciate the virility of Mr. Sheppard's remarkable collection, especially since many of his themes were taken from the out-of-doors," commented President John O. Moseley on the exhibit. Five hundred visitors were recorded during the first week alone.

Questions by Fine Arts Club members were answered by Mr. Sheppard, who is also advisor of the organization. "Fandango," an oil portraying the motion of horses achieved through transparent treatment, was discussed. "Crapshooters," a semi-abstract oil, evolved from a pencil and paper sketch of lines and angles, explained the speaker.

Art exhibit bookings for the rest of the semester were told by the advisor. The work of the California College of Arts and Crafts faculty is tentatively scheduled for March. The Museum of Modern Art in New York will provide a show of fabric designs or modern photography in March or April. Before the regular all campus student exhibit in May, North Texas State College and San Jose State College collections may arrive.

Barbara Olesen, Fine Arts Club president, stated that club members must participate in the staging of at least one exhibit each semester, with compulsory attendance at all. Major exhibits henceforth will be held for two weeks, instead of the customary one week period, it was also decided.

### WRA Awards Given To Eight Women

Eight women who won awards for competition in women's athletics were presented honors Tuesday night.

Betty Rice, WRA president, presided at the semi-annual dinner. Managers of three sports and junior Orchestras, modern dance club, presented the awards.

Jackie Sirkegian received honors for riding, Mary Lee Scott in badminton, Archalee Correll, riflery. Gadda and Connie Madsen were given honorable mention for riding.

Lavonne Bingham was presented an honor for modern dance and Anita Coates and Marilyn Fitzgerald received honorable mention.

### NINE NEW WOMEN AT ARTEMISIA HALL

Nine more women have recently become Artemisia-Manzanita residents, according to Miss Elaine Mobley, dean of women. Of the 83 girls living in Artemisia Hall, four are new students at the University of Nevada, as are five of the 76 girls living at Manzanita Hall.

Artemisia Hall welcomes Jacqueline Spell, Joan Blank, Helen Keddey and Alta Rickenbach, while the new residents of Manzanita Hall are Carol Jean Elliot, Jane McTavish, Bonita Mellon, Jerry Neale and Donna Warren.

### Infirmary Releases Four; Three Remain

Four students were discharged from the infirmary last weekend, while three remained.

Kay Sterling left after recovering from a chest cold, Shirley Keller from an infected wisdom tooth, Marge Friend from bronchial pneumonia, and Donald Woodward from a leg injury.

Dean Johnson remains in the campus hospital after a tooth extraction; Betty Jo Cupp and Douglas Smith both have sore throats.

### HIKING ON THE HILL

By Muriel Smiley

We're dreaming of a white Ski Carnival, but just in case one doesn't materialize, crepe paper, scenery and yards of non-descript material have been imported to create the proper optical illusion. Greek mysteries filled the air Monday when the sorority houses met to discuss Winter Carnival open house decorations and now this weekend promises to hold nothing but fun.

Embarking up Sierra Street this gala eve, if you chance to pause and tap the knocker at 710, there to greet you hospitably will be Doris Patterson . . . weilds the gavel at Gamma Phi Beta meetings . . . poised, tranquil brunette . . . most think she was christened "Bliz" . . . partial to the ATO's . . . gets the sheepskin this year with English major . . . impressed by convertibles.

It's been all work and no play at the Kappa Alpha Theta house but with good management and an extra big dash of good luck, it's going to turn into the desired theme, says Alice Etchart . . . lively, dark haired prexy . . . makes frequent trips to Winnemucca . . . partial to the nickname "Allie" . . . efficient and peppy Sagen . . . active in WRA . . . Press Club member . . .

### 'Senior Week' on By Cap and Scroll

Cap and Scroll members agreed to support promotion of a senior week this year during their monthly dinner meeting Tuesday night at the West Indies. The club's members, chosen for their scholastic and leadership qualifications, decided that the traditional week with banquets and other affairs honoring the seniors should be re-established.

Coeds elected to Cap and Scroll organize to develop "the highest ideals" on Nevada's campus. A grade average of 2.7 or better for every semester is necessary for membership. Also, a coed must have held the presidency of a campus organization. Only upperclassmen are elected.

### Men Outnumber Coeds on Hill

Final figures for spring registration ending last Tuesday were released by the registrar's office today. Last tabulations showed 1674 students enrolled, 1180 men and 467 women.

This number has dropped considerably from last fall's record breaking 1829 enrolled.

Although last spring's enrollment of 1687, 1174 men and 513 women, was greater, a probable all time high for men enrolled in the university during spring semesters has been established.

A debate case is like a baby, easy to conceive but hard to deliver.

"Have a pack of Dentyne. It's fine after meals!"

"Just as I reached my boiling point I gave the chef a pack of Dentyne. That got me out of the royal stew fast! Naturally—because Dentyne's keen, delicious flavor always makes friends fast! Dentyne also helps keep teeth white!"

Dentyne Gum—Made Only By Adams

best known for her ever-ready grin.

With the promise of a new high in carnival entertainment, the Delta Delta Delta house has cast worry, elbow grease, ideas and decorations into converting their domicile for the weekend. Making ready to welcome the throng has been Virginia Cole . . . industrious Tri-Delt ringleader . . . comes from the land of White Pines . . . elected to Phi Kappa Phi . . . has spent many hours cheering the home team . . . senior majoring in sociology and psychology . . . translates Panhellenic babble into readable notes . . . Sagen member.

Things have been buzzing as elaborate preparations have been formulated at the Pi Beta Phi house and now Pi Phi Misses anticipate the evening says Chairman Betty Sue Bogess . . . tall, slim junior . . . has as much fire in her personality as her red hair has . . . chums call her "Red" . . . meets with Fine Arts gals . . . potential interior decorator . . . stitches up smart ensembles.

You'll probably be using a cane before your trek is terminated; but you can't lose any way you look at it. Open house comes but thrice a semester.

### Saddle and Spurs Plans Horse Show

A meeting of Saddle and Spurs, women's honorary riding group, was held Tuesday afternoon to introduce and discuss changes in the constitution, according to Billy Kennedy, president. These changes will be voted upon during the next general meeting.

Spring riding classes were tentatively scheduled to begin on March 22. Saddle and Spurs members plan to enroll in the same class to facilitate drill practices for their annual horse show.

No definite plans were formed concerning the horse show, but it is tentatively scheduled for May 7.

### Sixteen Pledged By Greek Women In Spring Rushing

Sixteen coeds pledged in rushing rituals February 12, five each to Tri-Delt and Theta and six to Gamma Phi.

The five pledges for the Tri-Delts are Joan Blank, San Francisco; Myrna Ivy, Las Vegas; Helen Keddey, San Francisco; Connie Madsen, Fallon; and Delores Spradling, Reno. Margaret Fairchild is Tri-Delt's rush chairman.

Gamma Phi pledges are June Holmes, Brigham Canyon, Utah; Glennis Koewin, Reno; Beverly Samuelson, Reno; Muriel Smiley, Susanville, Calif.; Barbara Young and Jeanne Demuth, Reno. Rush chairman for Gamma Phi is Patricia Fee.

New Theta pledges are Patricia Annand, Reno; Patricia Boyer, Reno; Mary Lartigoyen, Cederville, Calif.; Jane McTavish, Burlingame, Calif., and Mary Micohe of Gardnerville. Gwen Byrd is rushing chairman for Theta.

Each house had dessert hours in place of the usual preferential dinners for this rushing ritual. The Pi Phi did not conduct rushing for this spring semester. Marjorie Menu directed rushing activities.

### Gals Better Shots, Rifle Match Shows

Campus riflewomen are making better target scores than the men in the mixed matches.

Sgt. Earl Grady, director of the rifle range, recently matched men and women team members. Results show that the women out shoot the men.

Three matches have been held so far. Shooting from prone position only, the women beat the men with two wins and one tie. Scores given by Sgt. Grady were 492 to 491, 496 to 493 and the tie match was shot on Valentine's Day, 493 points even.

Members of the university freshman rifle team were announced today by Sgt. Grady. These freshmen will fire their first contest in March. The National Intercollegiate freshman rifle match will then give them an opportunity to shoot against other freshman teams.

The members are Gene Wunderlich, Richard Wright, Wilbur Jager, Don Harris and Lee Scott.

Donatello's interest in the female nude made him the father of the Renaissance.

### University Actors To Help Present 'Counsellor-At-Law'

Nine university people are featured in "Counsellor-at-Law," the next Reno Little Theater production, Edwin Semenza, Nevada English instructor and director of the theater group, said today.

The play is scheduled to run from February 23 to 29 with a special student matinee on Sunday, February 22, at 2:30 pm. Student rates will be charged at this performance.

"Counsellor-at-Law," by Elmer Rice, concerns the story of a Jewish lawyer who pulls himself up by his boot straps to become a modern Robin Hood.

Those participating in the production are Barbara Jo-

seph, Louis Hall, James Corey, Helen Brania, Franklin Rittenhouse, Robert Palmer, Paul Sullivan, Eugene Grotgut and Dr. Robert M. Gorrell.

## University Boxers Fight Idaho Team Tonight at Albion

**Coach Devine Comments On San Jose Shutout; Four Bouts Close**

Fighters of the university boxing team are in Idaho tonight where they will push leather against Southern Idaho State Teachers College at Albion.

Although cuffed in the San Jose State ring for an eight bout loss on Friday, February 13, Coach Clifford P. Devine and troop are ready to glove some wins in Idaho.

Hard workouts in the gymnasium basement were in evidence this week. Devine was busily putting the men through their paces and expressed confidence in them.

**Wuz Robbed**

"There is no doubt that San Jose State has one of the finest intercollegiate boxing teams," Devine reflected. "However, I believe Si Corbett and Fred Leon won their fights despite the decisions."

Team members Corbett and Leon lost their fights in the 155 pounds and heavyweight class, respectively. Corbett was previously without ring contest experience.

Bob Thronsen was caught off balance in the third round by the Spartan star, Ken Cayocca. Thronsen took a jab over his right eye during the slip. The result of a blood clot from Cayocca's high punch caused Thronsen to lose the fight by a TKO. Up to that time, Devine said, Thronsen led in point scores.

**Closest Decision**

Closest decision of the evening was between packster Jack Davis and Pete Franusich of San Jose. They both fought in the 175 pound weight class.

Other decision matches lost by the university team involved Howard Heckethorn to Rudy Aguirre, Si Corbett to Ray Forsythe and Fred Leon to Don Schaeffer.

Technical knockouts in their third round defeated Thronsen vs. Cayocca, Bill Horton vs. Ray Davilla, Bob Watkins vs. Mike Ravera and Don Blackman vs. Nick Diez.

Tomorrow night the university mittmen will enter the Idaho State College ring in Pocatello for further contests.

## Junior Dance Club Signs Up Women

Women interested in modern dance may sign up for junior Orchestis, modern dance club, at 7 pm Tuesday in the dance studio of the university gymnasium.

Practice will begin immediately for the modern dance concert to be staged by junior Orchestis, Jackie Van Gaasbeck, instructor, announced.

## PACK TRACKS

By Bill McFarland

The U of N snow show, currently in full swing high in the Sierras, and it has to be high due to sparse snow conditions around Mt. Rose Bowl, opens one of the busiest weekends on Nevada's sports agenda.

Jerry Wetzel and his varsity skiers are vying for the west's most coveted ski honor, championship of Nevada's Ski Carnival.

Wolf Pack basketballers, in the final stages of a most unsuccessful season, meet Pepperdine here tonight and Saturday.

Cliff Devine takes Pack boxers into Idaho for matches with Idaho Southern and Idaho State. Incidentally, keep your eye on Fred Leon, heavyweight, when Wolf mittmen put on a show here early in March. The big footballer is a real prospect and throws a terrific wallow with his right hand.

**Notes From a Bystander**

A retrospect of the near ending basketball season shows that though Jake Lawlor's hoopsters met with constant bad luck, no fault of their own, a new high in spirit was reached on the Hill. As

## Nevada Gym Named As Site for City Hoop Tournament

University of Nevada gym will again be the scene of the annual Reno City basketball tournament to be held February 25, 26 and 27.

More than two-thirds of the players on various teams to be entered in the civic tourney are university students participating on the leading teams in the league that are invited to the championship playoffs.

Six teams of the fast "AA" division will be invited while the winner of the "A" league also automatically enters as the seventh team.

The eighth and final squad is decided through a complicated system. The winner of the four-ply circuit plays the champion of the "B" division and the victor of that contest competes against the runner-up of the "A" loop for the remaining spot in the tourney.

Four games will be played each of the first two nights and the consolation and championship games will be held the final evening of play.

Back the Pack.

## Rough and Ready Don Basketballers Take 2 From Pack

"Rough 'em up" was the theme of the weekend basketball series between USF and Nevada with the bay area boys more adept as scufflers and also a little better at basketball as they took the two game series by scores of 45-37 and 55-40.

Friday's game saw USF jump into an early lead which they held throughout the contest. At half time San Francisco held a 21-14 margin mainly on their ability to score from the free throw line, also the shooting of Ross Guidice from far out.

**Dons Lengthen Lead**

The Dons lengthened their lead early in the second half until Nevada switched to a pressing defense in the back court. With three minutes left in the contest Grant Davis found the range and hit a long set shot; then followed with three more baskets from close in to pull Nevada within five points at 40-35. At this point the Wolf Pack faded and USF went on to win 45-37.

Bennington, USF forward, scored 15 points to lead all scorers. For Nevada Davis had 11 points and Libke nine.

The first half of Saturday's game was clean and fast with the lead changing hands at every basket until late in the period. USF height began to tell as they scored on tip-in shots and gained a 22-17 half time lead.

USF continued to dominate the backboards and paced by Guidice, who scored 15 points in the contest, built up an 18 point lead after 10 minutes of the second half.

At that point the Wolves rallied and closed the gap to 53-39 with two minutes left to play. Captain Grant Davis was ejected from the game during a vocal contest with referees as the game ended in a rash of fouls.

Harold Hayes, who was playing in his second series of the season, led the scoring for Nevada with 13 points.

## UN Olympics Club Practices for Trips

University of Nevada's tumbling team, coached by A. E. (Art) Broten, will be on the road in the ensuing months. The tumbling club or the Olympics Club as they prefer to call themselves, is planning on a series of performances before western Nevada high schools. Routines are now being worked up for these appearances.

These exhibitions are designed to work up interest in the sport in various high schools and to show the younger people what the various activities may consist of. J. E. (Doc) Martie, PE department head, explained.

New tactics and new spectacular feats from the springboard are promised by Broten for the next basketball game.

## 'Ironman' Smales Declared Ineligible

Ineligibility has caught up with another athletic team. Coach Jake Lawlor announced that Bill Smales "ironman" on last year's track squad, will not be eligible for competition this season. The loss of Smales who tried his hand with success, at several events last season further thins out the already depleted ranks of Nevada cindermen.

At the present Nevada's main strength seems to lie in the sprints and middle distance events, according to Lawlor, with Dick Trachok and Grant Davis in the 440, Jack Fagan in the 880 and Tommy Kalmanir and Willard Elder in the 100 and 220.

The intramural meet on March 20 opens the season

and is followed by meets with San Francisco State and the California Aggies both of which are away. At present the only home meet is with Chico State on April 24. Efforts are still being made to schedule another home meet on April 10, but so far the efforts have been unsuccessful. Nevada has also received invitations to the Fresno and Modesto relays on May 15 and 22, respectively. Lawlor says that Nevada will probably send a relay team, and any outstanding performers who come out of the dual meets.

With track practice scheduled to open on March 1, several candidates for this year's squad have been working on their own for the last week. The pits for the field events were completed at the east end of the field, and conditioning work started on the track itself.

## Snakes Still Top Intramural Play With Clean Slate

Anything can happen in interfraternity basketball tournaments, and the Sigma Rho Delta cagers proved it. They had not won a game all season but upped and handed a proven Phi Sigma Kappa one, their second loss of the year by a score of 36-25.

High scoring man for the comeback Lincoln Hall kids was Varischetti with six buckets. Benna took the honors for the Phi Sigs after putting the ball through the hoop four times. The game was a rough and tumble affair with both sides shooting fouls regularly.

Theta Chi went down last week before the onslaught of a SAE five to the tune of 59-52. High point man for the Theta Chi's was Bob McCrae who made 20 points. Brander was high for SAE with 15.

Sigma Nu continued to keep its lead in the contest after defeating ATO in a fast game. Sigma Rho went down in defeat to Lambda Chi and Theta Chi won over the Independents.

The Snakes still stand out as the unbeaten team, with six wins and no losses. They are followed closely by SAE which has suffered only one loss during the season, and has won five of its encounters. Close on the heels of the first two are the Taus, Phi Sigs, Theta Chi and Lambda Chi, all tied for third place with three wins and three losses.

Sigma Rho Delta has chalked up one win. The Independents have not won a game.

## Insufficient Snow Causes Postponing Of Frat Ski Meet

The intramural ski meet has been postponed indefinitely, stated Jerry Wetzel, director of the event.

The meet, originally scheduled for Saturday, February 7, was called off because of insufficient snow in the Mount Rose Bowl and a fear that some one may be injured by crashing into uncovered rocks.

The weekend of February 14 again found insufficient snow conditions. The meet, said Wetzel, cannot be held this weekend because of the conflict with the Ski Carnival. A date will have to be found for it later in the month.

The intramural ski meet is an annual competition held between fraternities. Three events, slalom, down hill and cross country, will be held. No frat may enter more than five men and each must enter at least three. Champion of this competition will get 100 points toward the Kinneer trophy.

## Hutcheson Speaks On Indian Problems

Feature of last Thursday night's monthly Phi Alpha Theta meeting was the discussion of social and economic events in India.

Dr. A. E. Hutcheson, faculty adviser to the honorary history society, spoke on the death of Gandhi in relation to Indian affairs. Berkeley Black, student member of the group stationed in India during the war, spoke on conditions that existed at that time.

Previous to the discussion, a short business meeting was held.

Waiter, there's a fly in my soup. That's all right; he won't drink much.

## GOLFERS EAGER, SCHEDULE SHOWS

Nevada's golfers will attempt one of their most ambitious schedules it was disclosed with the release of the 1948 schedule.

Coach Robert Swartz' fairway men have home and home agreements with Chico State, Yuba Junior College, Sacramento College and College of the Pacific, and will make a trip to the San Francisco bay area to meet St. Mary's and the University of San Francisco. Qualifying Nevada golfers have also been invited to the Pacific Coast Conference meet at Santa Cruz, Calif.

Nevada will open its home season on May 8 against Chico State in matches to be played on the Washoe county course.

### Complete Schedule

April 16, Chico, there.  
 April 17, Yuba J. C., there.  
 April 23, Sacramento, there.  
 April 24, C. O. P., there.  
 April 30, St. Mary's, there.  
 May 1, USF, there.  
 May 8, Chico, here.  
 May 15, Yuba J. C., here.  
 May 27, Sacramento, here.  
 May 29, C. O. P., here.

## Auld Acquaintance Of School Days Met by Carpenter

Carl Gustavus Lawrence, noted South Dakota educator, visited the Mackay School of Mines recently to visit one of his former high school students of 50 years ago in Canton, South Dakota. The former student is now the director of the Mackay School of Mines, Jay A. Carpenter.

The renewal of the old friendship occurred two years ago while Professor Carpenter was in the Bancroft Library of the University of California at Berkeley.

"I happened to find the name of my respected high school principal in Who's Who in California," stated Director Carpenter. "In renewing an old friendship, I found in addition that Mrs. Lawrence was my former geometry teacher at the Canton high school."

### 20 Years a President

Dr. Gustavus Lawrence progressed from principal of a high school to state superintendent of schools and then was for 20 years president of normal schools in South Dakota. He is the father of Dr. Ernest O. Lawrence, noted atomic physicist, now at UC in Berkeley.

On a plaque before the court house at Canton is this statement:

"Birthplace of Ernest Orlando Lawrence, winner of the Noble prize in physics in 1939."

Dr. Gustavus Lawrence now lives in retirement in Berkeley where another son is a prominent physician.

## Block N Schedules Important Meeting For Tuesday Eve

Block N will hold an important meeting 7 pm Tuesday night, February 24, in the ASUN building, announced President Bill Gillis.

Important items to be discussed, said Gillis, are date for the painting of the N on Peavine mountain; stag night, details concerning the Block N sponsoring the high school state track meet, and awarding of football letters to members of the 1947-48 football squad.

At a recent meeting of the Block N, it was suggested that those members of the organization who do not regularly attend the meetings should have their membership revoked.

Rules state that members missing more than three consecutive meetings will be automatically dropped from the rolls. Fines will be levied on members missing less than three consecutive meetings.

## Five ROTC Men Complete Officer Training in June

Five air ROTC cadets will complete the military requirements for commissions as second lieutenants in the air reserve at the end of this school year, Colonel Gilbert Parker, head of the military department, announced this week. The names of the five air cadets are Tom Clemens, Bill Kinnikin, Donald Metzger, Kenneth Rice and Paul Salemi. These men will not be fully eligible for their commissions until they each complete four years of academic work toward their degrees.

Headquarters United States Air Force announced that those air cadets who are interested and who can qualify physically will be eligible to take the air force flight training in the grade of second lieutenants upon receiving their commissions. Those who qualify will be called to active duty and sent at government expense through the primary, basic and advanced flying schools, most of which are located in Texas.

While undergoing this training the officer will receive full pay and allowances as a second lieutenant plus additional flight pay.

If at any time during his training, which lasts one year, the officer should flunk the flying requirements he will have the option of returning to an inactive status or of completing an active duty tour of two or three years. If he successfully completes the training he may serve an active duty tour of three years as flying officer in the air force, including possible foreign service.

All air students in the advance course at the University of Nevada are required to specialize in air craft maintenance engineering so that definite provision for pilot training after graduation from ROTC will be made available to them. It is possible for a few of those who make the best showing in the first two years of this training to obtain permanent commissions in the regular army, Colonel Parker stated.

A jittersbug is not an insect. It's a human being acting like one.

## ★★ X-G-I ★★

If any of you Nevada veterans are planning a change of college, a good opportunity not to be overlooked is the specialization courses given at universities abroad. More than 3000 World War II veterans are studying in foreign universities under the provisions of the GI Bill of Rights. Ralph Reynolds, a former University of Nevada student is now among this group. Reynolds transferred from Nevada last semester and is now studying in Switzerland.

Much urging by the Veterans administration has brought about a big increase in the number of vets who are retaining their GI insurance. Recently, the VA extended the deadline for the reinstatement of lapsed policies from December 31, 1947, to July 31, 1948. The extension of time for renewing of lapsed NSLI policies permits vets to reactivate their insurance without taking physical examinations. This new "lease on life" will be a big advantage to many veterans who have been putting off the reinstatement of their policies.

The Veterans Administration here in Reno is well equipped to handle insurance matters and will be more than glad to answer all questions on conversion and reinstatement. 1000 Locust Street is the address.

## SHAVER AND BONDLEY UNITED IN LAS VEGAS

Announcement of the marriage of Miss Lois Shaver to George Bondley, both of Las Vegas, was made recently by the bride's parents, Mr. and Mrs. A. J. Shaver of Las Vegas.

Mr. and Mrs. Bondley spent their honeymoon in Las Vegas and have now resumed their studies at the university. They are making their home at 721 Evans Avenue.

Be Pack backers.

## Tennis Schedule Begins April 23

The Wolf Pack tennis players will take to the courts on April 23 against California Aggies, according to a schedule released today by Joseph Sheeketski, director of athletics.

The proposed schedule of games and the budget for the sport have been approved by the board of athletic control.

Dr. M. W. Deming, director of admissions, will continue as coach of the tennis team with John Brittan, instructor in the business college, as assistant.

The schedule is as follows. April 23, California Aggies, in California.

April 24, Chico State College, at Chico State.

May 1, Sacramento College, in Reno.

May 8, Chico State College, in Reno.

May 14, Sacramento College, in Sacramento.

May 15, College of Pacific, at College of Pacific.

May 22, California Aggies, in Reno.

May 29, College of Pacific, in Reno.

Several practice games with members of the Reno Tennis Club have also been arranged.

The hand that rocks the cradle is the one that used to turn out the parlor light.

The "Hill" welcomes visiting skiers.

## Major Exhibition Presented at Game By Olympics Club

Featuring 10 men and a clown, the Olympics Club put on its first major performance of the year Saturday evening.

The show, planned by instructor A. E. (Art) Broten as an exhibit of the Nevada tumblers' skill and timing, was put on between halves of the second game of the Nevada-San Francisco basketball series.

Cartwheels, jack knives, rolls, flips from the spring-board, and collapsible pyramids, highlighted the acrobatic show.

Acting as clown was Don Thompson. Other members of the team who performed were Bob Wengert, Jack Parke, Dave Cochran, Irwin Hackett, Eugene Sprout, Al Galli, Eugene Wait, Joe Melcher, Roger Byers and Melvin Windsor.

Remember—it's Hello! Back the Pack.

## Ski Club Sponsors First Aid Course

A Red Cross first aid class is being sponsored by the University of Nevada Ski Club, Norman Olesen, president, announced today.

Completion of this course, which will emphasize the type of aid needed in skiing accidents, will give the student the regular Red Cross first aid certificate.

The first meeting will be held next Thursday and anyone interested in taking the course should contact Stanli-beth Peters at the Gamma Phi house.

## Vet Cabbage Crop Increased by Bill

**Truman Signs Dotted Line Boasting Substance**

Some 800 veterans on the university campus will be from \$10 to \$30 richer each month now that the bill increasing veterans benefits has become law.

Effective April 1, the single veteran will get \$75 instead of \$65 a month. The veteran with one dependent will get \$105 instead of \$90, and the veterans with more than one dependent will get \$120 a month.

The ceilings for earnings other than government compensation have not been changed as yet.

The increased subsistence bill passed the senate last summer and the house of representatives on February 4, and President Truman signed the measure February 14.

A companion bill to raise the present restriction on combined income from government checks and private employment for servicemen in school is still in congress. Under the present law a veteran can earn only \$175 a month if he is single or \$200 if he has dependents.

The senate voted to raise the restriction for single veterans to \$200 and to \$250 for those with more dependents. House amendments have set the limits at \$250 for single men, \$325 for those with one dependent and \$350 for those with two or more.

## Hill German Club Sets Requirements For New Members

Joseph Wirsching, newly elected vice-president of the German Club, said today that candidates for membership in the club are welcome. The basic requirement of the Club, and the members, he said is the ability to speak conversational German. Meetings are conducted in the German tongue with rare exceptions.

At the first meeting conducted in Stewart Hall, Eugene Grotegut was elected president, Joe Wirsching, vice-president and Robert Bondurant secretary-treasurer. The meeting was followed by a discussion of the club's charter and rules.

At the second meeting held more recently Joe Cooper gave a talk on the German educational system. It was followed by a critical discussion.

Christian Melz, assistant professor of foreign languages, is the club's adviser.

## Portrait of Gray Given to University

A portrait of Carl Raymond Gray, former president of the Union Pacific Railroad Company and donor of various agricultural scholarships, has been given to the University of Nevada.

Presentation was made by Mr. Joe Jarvis, supervisor of agricultural division of the Union Pacific railroad, to President John O. Moseley and Dean Cecil Creel of the college of agriculture, at ceremonies in the Agricultural building Tuesday evening.

Dinner was served in the campus dining hall prior to the presentation.

## CAMPUS AUTHORS SCORE IN 'REVIEW'

Compositions by two University of Nevada authors appeared in the February 3 "Nevada Alumni Review" magazine.

Two short stories which were published are "Cabin Fever," by Mrs. Robert A. Griffin, wife of the dean of men, and "Thy Kingdom Come," by Sophomore Barney Childs. A third article was the poem "Geese Flying" also by Childs.

"What two raw materials are imported from France?" asked the prof.

"Books and plays, sir," came the reply.

## Not Only Coffee Comes From Brazil, But Ore and Mineral Collections, Too

An ore and mineral collection was donated to the Mackay School of Mines this week by the Brazilian government, Jay A. Carpenter, director of Mackay School of Mines, announced today.

The division of minerals and geology of the Brazilian government sent the ore collection by way of Victor J. Pimentel, graduate of the Mackay School of Mines in the class of 1928, who now represents a Brazilian import and export firm.

The assortment includes species of ore for which Bra-

zil is noted. Aluminum, iron, manganese and chrome ores are represented in the collection that numbers nearly 100 items.

Director Carpenter has encountered difficulty classifying the different species as the titles are written in Portuguese.

Professor Walter S. Palmer, curator of the Mackay museum, is arranging a special display case for the foreign exhibit.

During the war Pimentel was employed by the United States government as a mining engineer in Brazil.

## Chapel Chimes

By Tom Cunniff

Although the last discussion group was held at the parish rectory of St. Albert the Great, next Wednesday's is scheduled for the Quonset hut. In resuming their meetings, the group will discuss topics dealing with philosophy and Catholic methods of education. Monsignor Smith heads the lectures which start at 4 pm. Monsignor Smith revealed that Newman Hall will cost more than \$80,000.

Second talk of a five week series is scheduled for Sunday night at 6 pm during the regular meeting of the Wesley Foundation. This series is on the study of faith and reason. Sunday night's topic is "Faith and Reason in the Field of Philosophy."

Canterbury Club members centered the discussion period on such topics as the Sunday School system, future parenthood, and problems connected with these topics. Marge Kean was in charge of the committee that reported on the banquet planned for some time in March. Jim Davis reported on plans for remodeling the Canterbury room.

Tonight the Live Y'ers hold sports night at 8 pm. Valentine's dance, held last Friday, was a big success. A queen and king of hearts was selected. Audrey Brinkley was in charge.

Mr. Marshall, YWCA secretary, announces that later this month a board of directors meeting is planned for more discussions on the proposed student YMCA.

The organization, rather than rush into anything, will take things slowly so a good foundation can be made," added Marshall.

New officers for the semester were elected by the Campus Club. Beverly Vawter is president; Jane Sunada, vice-president; Vernon Meiser, secretary, and Florence Telacky, treasurer. An interfaith program was selected for discussion.

## Summer Sessions Schedules Available, Announces Brown

Director of Summer Sessions Harold N. Brown has mimeographed schedules for the summer school sessions available at his office.

The regular schedules will be made available during this semester, but for the convenience of early planners mimeographed schedules are available now, Brown stated.

The schedule covers the June 12-July 16 schedule and the final July 17-Aug. 20 session. According to Director Brown, there are 115 courses available during the two sessions.

Under the new summer school system, the classes commence at 7:30 am and run till 12 noon. They are an hour in length instead of the customary 50 minutes.

These changes make a five instead of six week course possible, Professor Brown said.

As one nudist said to another. I think we're seeing too much of each other.

The "Hill" welcomes visiting skiers.

## TUCKER-MULLER MARRIED SUNDAY

Married Sunday afternoon at the Little Church of the West in Las Vegas were Marylin Muller, physiotherapist with the veterans administration in Reno, and Ralph Tucker, pre-legal student at the University of Nevada.

The couple are now honeymooning at the Hotel Last Frontier in Las Vegas and will return to Reno where the bridegroom intends to complete his education.

## PIOCHE AREA GETS MINING GRADUATES

Three mining engineers, graduates of the Mackay School of Mines, are now employed in the Pioche mining area. They are Sam Arentz of the 1934 senior class, Byron Hardie of the 1940 graduating class and former presi-

dent of the ASUN, and John Russel of the 1943 graduating engineers.

Arentz, first of the group to be employed in the area, is superintendent at the Caselton mining property. John Russel is a mining engineer at the Caselton and Hardie has just went to work as the chief engineer at the Bristol mine.

## Injured Cagemen

(Continued from Page 1)

The tall men are also very fast, according to Jake Lawlor who saw Pepperdine play College of Pacific. They use the fast break very effectively, the Nevada mentor pointed out.

It is not a lost cause by any means, however, for Nevada. There are several encouraging factors on the side of the Wolf Pack, said Lawlor. Pepperdine lost to St.

Mary's, the only opponent they have in common with Nevada, by a 48-44 count, a comparable score to the close games Nevada gave the Gaels two weeks ago.

The return of DuPratt and Libke to the Wolf Pack lineup is also encouraging. Ron DuPratt is back in shape after his knee injury and may well be the spark the Pack needs to get into the win column. Joe Libke who was improving rapidly before he sprained his

ankle last Friday will be able to play tonight also, although he probably won't start. Lawlor's starters are expected to be Mendive and DuPratt at guard, Hayes at center and Davis and Joseph at forwards.

## Fearsome Friday Featured Fetes

Friday the 13th seemed to hold no fear for the social minded of the university, for on that evening several organizations carried on various social activities.

The ATO's overshadowed Black Friday with a cheerful Valentine theme at their spring semester pledge dance. The affair was held at the fraternity house.

Meanwhile, at Lawton's Springs the Phi Sigs met in a variety of costumes to enjoy their masquerade ball.

The Independents devoted their Friday evening to a dance in the theme of the old fashioned social. Assembling at the Pythian Hall, they enjoyed an evening of folk dancing. The Polkateers, university folk dancing group, added color to the occasion as guests of the Independents.

In Artemisia and Manzanita Halls rugs were rolled back, doors were opened and socials were held following the USF game on Friday.

Then on Saturday night "Miss Hello," Gwen Byrd, and "Mr. Hi," Norman Olsen, who were chosen as the friendliest couple on the Nevada campus, were introduced at the Blue Key get-together dance held in the university gymnasium as a climax to the Hello on the Hill week. Music was furnished by Jim Ead's seven piece orchestra.

We hear that a certain Hollywood actress who had been married to a director for three years without a blessed event got a divorce last week and married a producer!
