

Phi Kappa Phi Elects Ten Seniors To Ranks

Names Announced At Early Morning Student Assembly

Announcement of elections to Phi Kappa Phi, national honorary society, of ten graduating seniors was made at an early morning assembly today by Dr. Maurice E. Beasley, Phi Kappa Phi president.

Dr. Beasley said that the quota for Phi Kappa Phi has not been filled and that seniors showing improvement in the semester's work may be elected to the society in June. Students to be initiated tonight are:

Honored Students

Carol Anderson, English major; James Borge, chemistry major; Angeline Constantinidou, philosophy major; Gene Donaldson, business administration major; Jack Fulton, history major; Bert Hildebrand, botany major; Pat Usery, journalism major; Carol Wagner, psychology major.

Recently completing a ten month tour of Europe for the Rockefeller Foundation, Dr. Norman Buchanan, formerly of the University of California faculty, addressed the assembly on "What Europe Expects From America."

Jimmy Glynn, ASUN president, opened the meeting and Dr. Beasley introduced the speakers.

'Brother Rat' Hits Hill After Easter, Announces Vinocour

Brother Rat, the hit comedy about Virginia Military Institute, now in the "what's-my-cue?" stage, will be presented shortly after Easter by the Campus Players under the direction of Mr. Seymour M. Vinocour, English instructor.

Stars and Roles

The stars of the university production and their roles are as follows: Joyce Nielsen, Joyce; Jane Baty, Mrs. Brooks; Anita Davidson, Jenny; Fay Fryberger, Claire; Pat O'Brien, Bing Edwards; Harold Hams, Harley Harrington; Scotty Mulert, Billy Randolph; Norma Carruth, Kate; Wayne Lewis, Dan; Harry Spencer, Rogers; Glen Pridgen, Tripod; Franklin Rittenhouse, Col. Ramm; Bob Creveling, Bottom; Gordon Hays, Townsend Jr., and Jerry Wyness, as Slim.

Broadway Debut

Making its debut on Broadway in 1936, Brother Rat ran many successful seasons. It was responsible for the launching of two well known comedy stars, Ezra Stone, better known as Henry Aldrich of radio fame, and Eddie Albert of the movies.

GE WILL INTERVIEW NINE EE GRADUATES

Nine of the ten senior electrical engineers will be interviewed Friday, April 2, by R. O. Brosmer, personnel man of the Pacific coast for General Electric Company, Prof. Irving Sandorf announced today.

Brosmer is expected to offer employment to a few of the men graduating, Prof. Sandorf said. Brosmer will be interested mainly in electrical engineers but will interview some other classes of engineers.

Time Stands Still One Hour on Sunday

Daylight saving time will become effective on campus at 2 o'clock Sunday morning—at the same time as it goes into effect in California. The new time has been adopted also by the cities of Reno and Sparks, and is expected to be adopted by other nearby communities in the near future.

Enough power will be saved by the measure in the state of California to provide the normal consumption of a city the size of San Francisco. In its own little way, the change over to the daylight saving system on the campus will aid the power shortage locally.

Home Econ Club To Make Emblems

The Home Ec Club decided at a noon luncheon meeting Thursday that they would make "Betty Lamps," the national emblem of the American Home Economics Association, for the initiation rituals in May. The bowl-shaped lamps are to be made from clay.

The members also voted on an amendment to the constitution, which will allow junior as well as senior members to hold the office of president. The final vote on the amendment will be at the next meeting in two weeks.

The Home Ec Club will serve the Mackay Day luncheon this year as they have done previously, Althea Benedict, president, stated.

Gow House Planning To Prepare Special Diets for Students

Students who have been put on special diets by their doctors may arrange to have the proper foods prepared for them, in the university dining hall, announced Miss Nellie F. Walden, dining hall manager.

Prescribed foods, or reasonable substitutes can be arranged for if the student on diet will see her about it, Miss Walden said.

A bulletin board has been placed in the hall so that day by day menus can be posted for the benefit of customers wanting to know what is scheduled for the day.

Miss Walden recently put into effect a "late breakfast" hour in the hall for people who miss the morning meal.

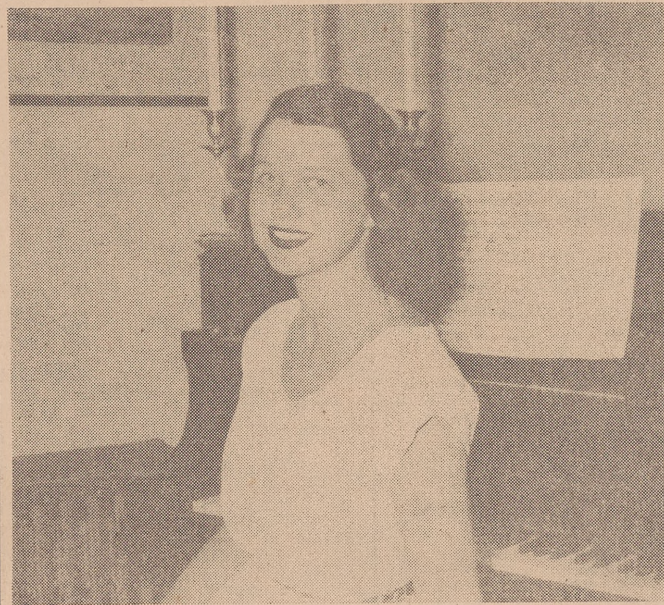

Theta Chi's Attend Regional Convention

Five men of Beta Phi chapter of Theta Chi fraternity attended the tenth regional convention this past weekend at Fresno State College, California.

Those attending were Ralph Falconeri, Robert Tognoni, Louis Ferguson, Lamarr Smith and Gordon Boyer. The convention lasted two days starting on Friday with a smoker and winding up on Saturday night with a spring formal.

Theta Chi chapters from UCLA, California, Stanford, San Jose State and San Diego were also represented.

MILITARY BALL BEAUT

Carole Lampe, freshman Kappa Alpha Theta, was selected by the advanced cadets to reign over the military ball tonight at the Mapes Hotel. Queen Lampe will be presented at the ball and will be accompanied by her court composed of Jean Garland, Independent; Frances Tschopp, Delta Delta Delta; Jackie Keenan, Corps of Sponsors; Kitty Braun, Pi Beta Phi, and Dorothy Hooper, Pi Beta Phi.

No Liquid Lack Likely For Local Lake

Manzanita Lake will not be reduced to a mud hole due to the current water shortage.

John D. Franklin, engineer manager for the Washoe county water district, stated today that he did not believe the campus lake would be affected by drought conditions here. Although lawns on the campus are bound to be in very bad condition due to water rationing, Franklin revealed the Orr Ditch level would be kept up as much as possible.

The Orr Ditch is largely responsible for the Manzanita Lake water supply.

Water from the Orr Ditch can be diverted into the lake when lower than the ditch level. Run off water from the Highland Reservoir ditch ordinarily maintains Manzanita Lake at its usual level. Other minor sources of water supply are from drainage pipes from the Manzanita dining hall and other buildings close to the lake's edge.

Scientific Research Positions Available With Civil Service

Applicants are being accepted for student aid positions as scientific researchers under U. S. Civil Service Commission.

To qualify for the \$2394 a year position, students must pass a written test and have credit equivalent to at least three years of college study in engineering, mathematics, metallurgy, chemistry, physics or meteorology.

Applications will be accepted from students who expect to complete the required study by June 30, 1948. Age limits, 18 to 35 years, are waived for persons entitled to veteran preference.

Application forms may be obtained at first and second class post offices. Applications must be received by the executive secretary, board of U. S. Civil Service examiners for technical personnel of the Potomac river naval command, building 37, naval research laboratory, Washington, D. C., by March 9, 1948.

COLLINS ADDRESSES PRE-MED FRATERNITY

Alpha Epsilon Delta, campus pre-medical fraternity, heard Jack C. Collins, senior pre-med report on "Sulphones—a New Treatment for Leprosy" in the bi-monthly meeting last night.

VANDALS CAUSE 'SHOOT!' ORDER TO BE ISSUED

"Shoot first, talk later," were the orders given to the night watchmen this week by Carl Horn, superintendent of the university grounds. The reason for such stern orders arose out of an attempt by a group of vandals to paint Mackay statue early last Friday morning.

The culprits were all set to apply a coat of paint to the famous statue about 2 am when they were discovered by night watchman Fuller. The group made a second attempt with the aid of a spotlight from a parked automobile, but were again driven off by the watchman.

"The situation could have had serious consequences," Mr. Horn said. He emphasized the fact that the statue is one of the university's most prominent landmarks and is very valuable. Protection must be afforded campus property even if it means that drastic action must be taken, he went on to say.

Following the statue episode, another incident of destruction of campus property was reported to Horn's office. Sunday morning the night watchman reported finding the steps next to Stewart Hall damaged.

From skid marks on the walk, said Horn, it appears that a drunk truck driver attempted to drive over the steps. Cost of repairing the damage was estimated by the grounds superintendent to be around \$50.

German Club Plans March 17 Meeting

German drinking and marching songs will be featured at the next German Club meeting to be held Monday, March 17, at 7:30 pm in the basement of Stewart Hall, announced Eugene Grotte, president.

Gunter Gigas and Joe Wirsching, sophomore arts and science students, are in charge of a skit, after which refreshments will be served. All interested students are invited to attend the meeting.

Plans are being made to show a full length German film toward the end of March, and if interest is sufficient, these movies will become a regular feature of German Club meetings.

FALL SEMESTER AVERAGES RELEASED BY REGISTRAR

Nevada Pressmen Open Convention Tomorrow Morn

The 23rd annual convention of the Nevada State Press Association, many members of which are journalism graduates from this campus, will be held in the Mackay Hall of Science, Saturday morning, March 13.

Main Points

The main points of the program will be the dedication of the Nevada Newspaper Hall of Fame in the journalism building on the campus. The Hall of Fame will have in it pictures and documents of three men who were distinguished Nevada journalists before 1890. The names will be announced with the dedication of the hall at the meeting.

Chris H. Sheerin, co-publisher Elko Daily Free Press, and past president of the state organization of newspapermen, is chairman of the committee in charge of the dedication and of the balloting on the first Hall of Fame members.

Awards Plaque

A plaque will also be awarded to the best community service of a Nevada newspaper during the preceding year, elected by a committee of three. Claude H. Smith, editor of the Fallon Standard and present holder of the community service plaque, will relinquish it to the 1948 winner at the annual dinner of the association.

Talks and discussions at the gathering will cover most phases of publishing: editorial, circulation, advertising and mechanical factors of newspaper making. The chief speakers of this year's convention will be Nevada publishers. In charge of the program and presiding officer is Paul K. Gardner, Lovelock Review-Miner, president of the association.

All Day Saturday

The convention will continue all day Saturday and will conclude with the annual dinner and award of the plaque.

Wraps Taken Off Of Hall of Fame; Newsmen Honored

Unveiling of the Nevada Hall of Fame in the Journalism building will take place this afternoon, announced Professor A. L. Higginbotham, head of the journalism department.

Three pioneer newspapermen have been chosen by the Nevada State Press Association to have their pictures displayed. The names of those honored this year will be announced at the unveiling. Brief biographies of the men, prepared by journalism students, will be presented to guests.

Sheerin Dedicates

Chris Sheerin, publisher of the Elko Daily Free Press and member of the university board of regents, will dedicate the Hall of Fame, which is to be maintained by the department of journalism as a service to the profession.

A committee of the Nevada State Press Association chose five newspapers out of the 12 about whom biographies were prepared by journalism students.

HEADMAN RILEY

Dale Riley, Lambda Chi Alpha, heads the 35th Mackay Day committee. He was approved for the post by the student senate at a recent meeting.

Sororities Name Queen Candidates For Mackay Day

Candidates to compete for queen of Mackay Day were named this week by the four campus sororities, independents and the Manzanita-Artemisia Association.

Chosen to represent their respective sororities were Alberta Brunner, Gamma Phi Beta; Virginia Cole, Delta Delta Delta; Naomi Batjer, Kappa Alpha Theta, and Alice Tulloch, Pi Beta Phi.

A. & M. Representative Representing the Manzanita-Artemisia Association is Zina Coe. Independents have picked Gerry Parker as their choice.

Measurements of the women are being taken by Dean of Women Elaine Mobley. These measurements along with photographs will be sent to Earl Carroll, Hollywood beauty expert, who will select the Mackay Day queen.

Carroll to Judge

Photographs of queen candidates will be made next week by the Grisham Studio of Reno. A portrait and a full length photo of each nominee taken in shorts, blouse and high heel shoes will be mailed to Hollywood for judgment by Carroll.

The name of the winner will be kept secret until Mackay Day, said Dale Riley, chairman of the committee.

Chem Club Accepts New Constitution

Because their old constitution did not agree with the requirements set by the Student Affiliates of the American Chemical Society, and because it was outdated on this campus, members of the Chemistry Club prepared a new constitution which was accepted unanimously Tuesday evening.

The meeting, called especially to vote on the constitution, was highlighted by a talk by Dr. George W. Sears, head of the department. Dr. Sears spoke on the history and development of the atom.

The club later discussed its exhibit for Engineer's Day on May 15. The group tentatively decided on an atom show and possibly an exhibit of a piece of coal showing its potentialities and its many by-products.

Delta SAE Lead Scholastic Race For Top Honors

Delta Delta Delta and Sigma Alpha Epsilon head the list in fall semester scholarship ratings, with grade point averages of 2.630 and 2.352, respectively, according to information released from the office of the registrar this week.

Tri-Delt has maintained a first place on campus scholastically for the past seven semesters. SAE moved from fourth place among the fraternities last semester to first place this semester.

Pi Beta Phi took sorority second place honors with an average of 2.357. They were followed closely by Gamma Phi Beta with 2.352. In third place was Kappa Alpha Theta with 2.255.

Fraternity second place went to Lambda Chi Alpha with 2.327. Sigma Nu was third with 2.262, Alpha Tau Omega fourth with 2.215, Sigma Rho Delta fifth with 2.123, Theta Chi sixth with 2.104 and Phi Sigma Kappa was seventh with 2.076.

Last fall's student body average was 2.176 as compared to the spring semester's average of 2.229.

As in previous years, the women continued to surpass the men in scholastic averages. Women's average was 2.184 and men's average was 2.173. These averages also showed a slight decline from last semester.

The University of Nevada scholastic honor roll, also released by the office of the registrar, showed an increase over last spring's honor roll of 77 students. This semester's honor rolls contains 89 names, an increase of 12 persons.

Seven students maintained a four-point grade average this semester. They are Maclain Summers, Rita Mortara, Bonifacio Yturbe, Edward Reed, Dexter Guio, Abe Kaplan and Charles Miles. Summers, Reed and Yturbe were also on last semester's list.

Geography Students Make Map of Reno

A birdseye view of Reno, clearer and more detailed than an aerial photo, is the project of 16 junior and senior geography students, under the guidance of Mr. John H. Thompson, assistant professor of geology and geography.

The map being made, called an "urban analysis," will show the location of all commercial buildings, and residences will be classified according to three types: superior, ordinary and inferior.

An urban analysis, or land utilization project of this kind says Mr. Thompson, is of great value in city planning. Although the primary aim of the student project is to interpret this region as an exercise, their survey findings will be made available to the city of Reno.

SANDORF INJURES KNEE

Professor Irving Sandorf has been limping to classes the last few days due to a pulled ligament in his knee suffered when a chair slipped as he started to climb upon it.

The Hat NO Sagebrush

Entered at the Postoffice at Reno, Nevada, as second class matter. Published at Reno, Nevada, by the Associated Students of the University of Nevada.

Sigma Delta Chi Inaugurated Tonight On the University of Nevada Campus

A new professional fraternity will be inaugurated on the University of Nevada campus this evening. Sigma Delta Chi, national professional journalistic fraternity, will have another chapter when charter members of the University of Nevada are initiated during installation ceremonies tonight.

Initiation ceremonies will begin at 5 pm in the Journalism building. Governor Vail Pittman will be among the professional members taking part in the ceremony. The governor has been a Sigma Delta Chi member for many years.

Charter presentation will take place at the chapter installation dinner, to be held at the Twentieth Century Club at 7 pm. The dinner will be open to Sigma Delta Chi members only.

The formation of the chapter on this campus came about when the petition for charter was granted by the national chapter in Washington, D. C., last November.

Of the 27 petitions submitted to the national chapter only three were granted: one to the University of Miami, Florida; one to Boston University, Massachusetts, and

one to the University of Nevada.

At the present time there are only approximately 40 chapters in the United States. In function the fraternity is likened to the Bar Association or American Medical Association, in that it carries over from school to the actual working field of journalism.

Already a member of the fraternity, Professor A. L. Higginbotham, head of the journalism department, will act as the chapter advisor.

Principal speaker at the installation dinner will be Mr. Carl Miller, past national president of Sigma Delta Chi, and at present the president of the Pacific coast edition of the Wall Street Journal. He will speak on "The Principles of Sigma Delta Chi."

Neal Van Sooy, national vice-president of Sigma Delta Chi, will serve as the installing officer at the dinner.

Campus chapter officers being initiated are, president, Lloyd Rogers; vice-president, Robert Radovich, and secretary-treasurer, Eugene Evans. Other charter members include Roger Brander, Belford Dickerson, Brunson Harris, Harold Hayes, Robert Morrison, Pete Mygat, Richard Rowley and Paul Weaver.

Pending UMT Bill To Change ROTC Says Col. Parker

If and when the UMT bill is passed by congress there will be a distinct change in all ROTC senior division departments, said Col. Gilbert E. Parker, commanding officer of the military unit on campus.

The passage of the UMT proposed plan would subject all youths between certain designated ages to a year of military training.

The year of training will be divided into two six months periods. The initial period of instruction would be spent in "big camps" in order to learn basic military tactics. The second period would consist of advanced military training with several alternatives being offered. The youths may remain in the "big camps"; they may join the regulars; they may join the national guard, or they may enlist with the various reserve units. ROTC is among the selection of reserve units.

If the bill is passed, those cadets who have in the past completed the ROTC course that exists now will have fulfilled the requirements for the first six months period under universal military training. The only obligation of this

cadet is to select one of the alternatives for the second six months period, explained the colonel.

The cadet who is active in ROTC when the bill is passed will be permitted to complete his course and thereafter be classified as the previously explained cadet.

When the bill is passed, the ROTC will cease to operate as it does now, and all cadets will be selected or screened from those individuals who have completed the first period under UMT.

Elaborate plans have been prepared for large and improved ROTC units and are in the hands of the military department awaiting the passage of the UMT bill, concluded Colonel Parker.

12 STUDENTS WERE IN UNIVERSITY INFIRMARY

Twelve students were in the university infirmary this week. Barney Childs, Mary Jean Etcheverry, Shirley Hornbeck, Donald Harris and Mark Bray are hospitalized with minor ailments.

George Louis and Cliff Banta were transferred to the infirmary from St. Mary's Hospital.

Nancy Hecker, Anna Lou Hansen, Phyllis Baker, Frank Baccigalupi and Shirley Merwin were hospitalized for several days and dismissed Wednesday.

Get behind the campus Red Cross drive.

Roots of Culture YOUR BIRTHSTONE AND ITS MEANING

MARCH - THE AQUAMARINE AND BLOODSTONE

MEDIAEVAL PEOPLES BELIEVED THAT THE DELICATE AQUAMARINE MADE ONE IMMUNE TO POISON.

THE BLOODSTONE - GREEN CHALCEDONY STREAKED WITH RED JASPER - WAS PRIZED BY AMERICAN INDIANS AS AN AMULET AGAINST DANGER.

TRADITIONALLY, MARCH PEOPLE ARE BORN ARTISTS, MUSICIANS, HUMANITARIANS AND IDEALISTS.

ANCIENTLY, BIRTHSTONES WERE ALSO WORN AS PROTECTION AGAINST DISEASE AND THE EVIL EYE.

LEGEND DECLARES THAT WEARERS OF THE AQUAMARINE, OR THE BLOODSTONE, ARE NOTABLE FOR WISDOM AND COURAGE.

Vets Make Up 89 Per Cent of Mine School's Roster

Veterans in the Mackay School of Mines comprise 89 per cent of its enrollment and 30 per cent of that total are married men, according to an alumni letter issued this week by Professor Jay A. Carpenter, director of the School of Mines.

Professor Carpenter compiled the news of 162 mining school graduates who made their whereabouts and occupations known through Christmas cards and letters. The letter stated that last semester's enrollment of 146 in mining far exceeded that of any previous year.

Alumni news reaches as far back as 1892 with the information that Albert M. Lewers, the first man to get the degree of B.S. in mining engineering, is now retired from the U. S. patent office.

Not all of the graduates are engaged in mining engineering, he said. Occupations of alumni range from attorneys and housewives to morticians and croupiers.

I want to buy a present for my girl friend. Could I interest you in something in silk stockings? Well, let's see about the present first.

Auchampaugh Talks Before Carson Club

In a talk before the Rotary Club of Carson City last week, Dr. Phillip Auchampaugh disclosed some interesting facts about the presidential election of 1848.

In his address entitled "New York and Federal Politics a Century Ago," Auchampaugh told how Seward missed an opportunity to become president by refusing the vice-presidential nomination on the Whig ticket with Taylor, who died after 16 months in office. Seward had refused the nomination because he didn't believe that the Whigs had sufficient strength to win.

The Whigs, however, sneaked through because they managed to win New York state from the Democrats. The

Whigs won in New York because of the activities of a group known as the Barnburners who bolted the Democratic party and split the party vote, said Auchampaugh.

FRATS ADD PLEDGES

The fraternity pledging race continued this week with Phi Sigma Kappa adding three men and Sigma Rho Delta adding one to their rosters.

Electrical-Minded Female Prefers Male Stronghold to A & S College

Nevada's electrical engineering male stronghold has been invaded by a female, who, though not the first to enroll, may be the first to graduate with an electrical engineering degree.

Ruth McMurray, a freshman and graduate of Pioche High School, has undertaken the engineering major after, what she termed, an uncomfortable semester in the college of arts and science.

Engineering is no passing fancy for Miss McMurray. Two months ago she made it clear to Miss Elaine Mobley, dean of women, that she was very dissatisfied with her curriculum. She had spent her first semester at Nevada studying courses which were out of focus with her real interests.

She first discovered her interest in electrical engineering while studying physics and electronics theory in high school. When the vocational guidance tests were brought to the attention of Dean Mobley, the old belief that men have natural mechanical ability entirely to themselves was definitely disproved.

She was in the top 90 per cent in three areas of mechanical aptitude; 75 per cent in one area would have been enough to prove her main interest. She was then invited by Dr. Ralph Irwin, professor of psychology and chairman of the vocational guidance board, to take the engineering and physical aptitude tests. The result left little doubt that Miss McMurray knew what she wanted.

Miss McMurray plans to turn her degree into teaching electrical engineering, or perhaps she will enter the laboratories of some major aircraft manufacturer.

Dean Mobley, as a member of the vocational guidance board, along with Dr. Irwin, believes there are other students plodding unhappily along, such as was Miss McMurray, in courses which are completely opposite to what they should be studying.

If absolutely no interest can be mustered by a student in his present line of studies, there should be no hesitation in making the problem known. The vocational guidance board, made up of men and women of the faculty, has one purpose, to help students decide correctly what the best preparation for their future should be.

Miss America of 1947 (center), Barbara Jo Walker of Memphis, and other models show a completely washable wardrobe of formal attire at a recent convention of laundry-owners. Miss America's evening gown is of white chintz. The model at her right wears an evening gown of striped cotton. Other gowns, left to right, are a jacket-and-dress set of cotton, a brided gown of cotton velvet, and an evening suit of cotton velveteen. The style show at which this photo was taken was part of a demonstration of how manufacturers are working with the laundry industry to produce new washable fabric marvels.

Overheard at a recent wedding:
Coed: Oh, look! The bridesmaid.
Frat man: Oh, gosh, so soon?

California College Displays Art Work Of Staff Members

A controversial and interesting display of faculty paintings of the California College of Arts and Crafts is open to all students, J. Craig Sheppard, assistant professor of art, said today. Water colors and gouche predominate in the exhibit, which will be shown from 1 to 5 pm weekdays until March 20.

"Originality is illustrated by the endless variety of techniques shown," commented Mrs. Helen Joslin, instructor in art. The 29 paintings vary in motif from the conventional to the abstract, she added.

"Transition," a water color with a surrealist toe, was painted by Victor De Wilde, of the California College staff. A unique checkerboard view of several scenes is present in the gouache paintings of Alexander Nepote, associate professor of painting and dean of the faculty.

Lithographs by Carl Beetz, instructor in life drawing, were outstanding in draftsmanship, noted Mr. Sheppard. Two techniques, one showing a completely abstract design, the other realism, were seen in paintings by J. Halley Cox, an assistant professor of painting.

Activities Show Sororities in For A Busy Weekend

Gamma Phi Beta Leads Off With Weekly Coke Hour; Deltas Dance Tomorrow

Sorority row will be the scene of much social activity with a coke hour, dances and initiation ceremonies making up the weekend register.

Arlene Sorenson, Gamma Phi Beta social chairman, announced that the weekly Gamma Phi coke hour will be held this afternoon from 3 to 5 pm. All students are invited to attend.

The Kappa Alpha Theta house will be the scene Sunday afternoon of initiation ceremonies. A Founders Day banquet will be held immediately afterwards.

The prospective wearers of the black and gold kite emblem are Gloria Eddy, Ruth Helm, Eleanor and Jean Fulstone, Anna Picchi, Ramona Walker, Marilyn Humphries, Marilyn Link, Carol Lampe, Barbara Parker, Mary Lee Scott and Nancy Hecker.

Tri-Delta's annual cotton and cords dance will be held tomorrow night from 9 pm to midnight at the Palomar Country Club, according to Meridee Brown, chairman.

Guests include Mrs. Maude Starr, Miss Georgia Cole, Mr. and Mrs. George Yori and Dr. and Mrs. Philip Lehenbauer. The music will be furnished by Joyce Fiscus and her band, and coke and cookies will be served.

Rounding out the weekend, luncheon at the Trocadero in honor of new Pi Phi initiates will be held Sunday afternoon. Ann Hodge is chairman for the luncheon.

"A Pi Phi is an Angel in Disguise" was the theme for the Pi Phi's initiation dance held last Friday at the chapter house. The affair was in charge of Doris Maloney. Pictures of angels adorned mirrors and satan stood in the fireplace.

Pi Phi pledges were hostesses to Theta pledges last Saturday at brunch.

Mrs. William Siburg, province president of Pi Beta Phi, visited the local chapter this week.

Hint to all prospective bridegrooms: The stork is the bird with the biggest bill.

News From Abroad

By Della Sorenson

As many of you no doubt noticed, last week's Sagebrush contained a space in which was printed a notice about a censored filler. (For you uninitiated ones, a filler is a short piece, usually a joke, used to fill out a column.)

The replies to the request to call at the Brush office were very gratifying. It just goes to show that more people read the fillers than read the news.

Well, kiddies, our aim is to give you what you want. So this week we devote this priceless space to illustrating how other papers fill out their columns.

New Mexico Lobo: "But darling, why aren't you wearing my fraternity pin?"

"All the fellows say it rips their sweaters."

And again the Lobo: "Judge—You admit that you drove over this man with a loaded truck. Well, what have you to say in defense?"

"Offender—I didn't know it was loaded."

The Idaho Argonaut: "A man with six children is more satisfied than a man with a million dollars—a man with a million dollars wants more."

And again: "Definition. Baby carriage—a blunderbuss."

The Proscript: "Honor system—What professors use when students are seated in every other chair."

The Farthest-North Collegian: "Remember when the corn ads only showed the foot?"

Pacific Weekly: "Many a girl with a negative personality can be developed in a dark room."

El Mustang: "We're still trying to figure out this fragment of overheard conversation: 'The reason I favor myself so much is that my parents were first cousins.'"

And you should have seen the ones we couldn't print!

WRA Riding Plans Remain Indefinite

The WRA riding schedule will remain indefinite until after Easter vacation, said Billie Kennedy, president of Saddle and Spurs, campus riding honorary.

Regular members of Saddle and Spurs, will, however, mount their horses at 3 pm on Tuesdays, beginning April 6.

A breakfast ride is the first planned spring activity of the group, added Miss Kennedy.

Brania to Attend March Y Confab

Representing the University of Nevada YWCA at the triennial western regional YWCA general movement conference this month will be Miss Helen Brania, YWCA secretary on campus, and one of the student members of the Y.

The conference will be held March 18 to 22 at the Asilomar conference grounds, located on the Monterey peninsula.

All YWCA organizations in the western states will be represented at the conference.

The theme of this year's conference is "The Wholeness of the YWCA," and the meetings will emphasize the collective rather than individual efforts of the YWCA chapters.

In addition to the two campus representatives there will be seven representatives from the downtown YWCA chapter, headed by Mrs. Ruth Belew.

LEAP YEAR PAYS OFF

Among June brides will be Jac Petersen, whose engagement to Jon Milburn was announced Saturday by her parents.

Miss Petersen, senior journalism major, is a member of Gamma Phi Beta. Milburn, also a journalism major, is a Theta Chi.

College Choir Sings In Reno Tuesday

The Minnesota Concordia Choir, rated as one of the best in the nation, made an appearance in Reno Tuesday evening. Composed of students of Concordia College of Mooshead, Minnesota, and directed by Paul J. Christiansen, the choir is on its 28th annual tour of the country.

The concert was held in the Tower Theater. University students were admitted at half price.

The concert consisted of four parts. The choir sang hymns and symphonies of Bach, Tschesnokoff, Darius Milhaud, W. Melius Christian, Edward Grieg, Zoltan Kodaly, Albert Kranz and Director Paul Christiansen.

TRI-DELTA GETS PIN

Tri-Delt Ruthie Armstrong has accepted Lamarr Smith's Theta Chi pin. Miss Armstrong, who was a home economics major, graduated last year. Smith is a sophomore student and hails from Fallon.

YWCA Inaugurates Student-Faculty Discussion Series

Inaugurating a new series of student-faculty discussions, the YWCA-sponsored Sunday meetings got off to a good start Sunday evening.

"Faith," an address by Dean Thompson, and "Formation of Student United Nations Organizations," a talk by Scott Whitney, highlighted the meeting.

Miss Phyllis Denham sang a solo and refreshments were served after a short religious service.

The meetings are to be a

Tennis Squad Adds Assistant Coach; Call Issued for More Team Members

Campus tennis team members will have a new assistant coach in economy instructor John Brittan, it was announced today by head coach Meryl W. Deming, professor of chemistry.

With the varsity tennis season just about to start, Prof. Deming revealed Brittan would be his assistant. Brittan has had tennis experience in matches played with Montana State College, the University of Montana and the Los Angeles City College. He has also been a professional tennis instructor.

"The call is now out for anyone interested in playing tennis on the men's varsity team," Deming stated. The beginning ladder for men who have already signed up, is: Pete Pridgen, Ed Reed, Vern Brown, Al Taber, Ronald Brubaker, Tony Miller, Ed Scott and Al Wolford. "These men have expressed interest, but more members are needed," Deming explained.

Present plans indicate the varsity team will play six-man squads, six singles and three doubles as traveling squads. The present practice squad consists of eight men.

First practice was held Wednesday at 4 pm. Future practices will be held on Monday, Wednesday and Friday. Matches between men on the team are slated for Tuesdays, Thursdays and Saturdays. Campus men desiring to try out for the varsity tennis team may see Prof. Deming or Brittan at practice times or during office hours.

The campus tennis area has been greatly improved by the mending and addition of fences. Some bad ground spots have been filled in order to make the running surface more smooth. Prof. Deming explained that the repairs were good enough to last the season, but that more work will be done to improve the courts for future use.

Tennis matches scheduled thus far are as follows.

- April 10: Reno Tennis Club at Reno.
- April 17: Chico State College at Chico.
- April 23: Sacramento College at Sacramento.
- April 24: California Aggies at Davis.
- May 1: Sacramento College at Reno.
- May 6: St. Mary's College at Richmond.
- May 7 (tentative).
- May 15: Chico State College at Reno.
- May 22: Reno Tennis Club at Reno.

POSTAL MATCHES COME TO AN END FOR UN RIFLERS

This season's intercollegiate postal matches ended this week for the men's and women's varsity teams, Sergeant Earl Grady, director of the range said.

The women's team fired their last matches against the University of Hawaii, University of Michigan, Drexell Institute, University of New Hampshire, Cornell University, Texas State College, University of Wyoming and the University of Pennsylvania.

Last week the team score was 496 fired against the University of Cincinnati, Carnegie Institute, Monmouth College and the University of Massachusetts. No scores have been received from the eastern schools yet.

Competing with the men's team this week were the University of Wyoming, State University of Iowa, Oregon State College, Rose Polytechnic Institute and Carnegie Institute. No scores are available yet.

Intramural Meet Track Men Ready, Says Coach Lawlor

Jake Lawlor, varsity track coach, says that there are several good prospects for this year's track squad now working out in preparation for the intramural meet on March 20. Among those who are expected to be of aid to the varsity later on in the year are Bill Gillis in the pole vault, Herman Fisher in the hurdles and weights, Ted Ennselin, a hurdler and a broad jumper, and Bob Collet as a broad jumper and high jumper.

About 60 men are now working out for the intramural meet, which should make for some hot competition when the ATOs try to defend their track championship won last year, said Lawlor.

Lawlor says that he will have to run trial heats on Friday, March 19, in the hurdles and possibly in the 100 yard dash, because of the number of men entered in these events.

Varsity Golfers Hold Medal Play For ICG Posts

Varsity golf team members teed off on 54 hole medal playoffs this week in order to determine four top golfers to enter the Intercollegiate Gold Championship matches in Santa Cruz on March 24.

Bob Swartz, economy instructor and coach of the golf team, announced today that plans were made to send four campus golfers to enter championship flights at the Pasatiempo Club in Santa Cruz. The matches are slated for March 24, 25, 26 and 27. The meet is being sponsored by the Northern California Golf Association.

The four team members going to Santa Cruz will be determined on March 15. Others wishing to go on their own resources are welcome to do so, Swartz revealed. Present team members include Joe Perez, John Holloway, Stan Kosakowski, Bob Larsen, Joe Foley, Charles Mayo, Earle Charlton, Jim Wehrle, Harry Gould, Dick Meffley and Homer Riggs.

With the exception of two dates, April 17 and May 15, still left open, Swartz said the schedule was in good shape. Graduate manager Joe T. McDonnell revealed that Yuba City J. C. had cancelled April and May dates because they were unable to field a team. These two vacant dates will probably be filled in Santa Cruz, McDonnell said.

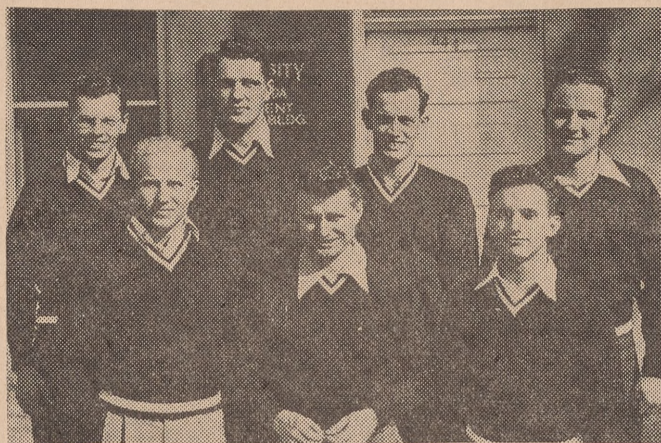

PACK SPEEDSTERS READY FOR WINS

Twenty-five to 30 men who have been working out for the last two weeks have given Jake Lawlor, varsity track coach, a line on what to expect from the Wolf Pack track men this season.

Lawlor expects to have depth in the sprints, hurdles, and most of the field events. In the 440 and 880, lack of quantity is made up for by Dick Trachok, who was undefeated in the 440 last year, and Jack Fagan, a consistent point maker in the 880.

Lawlor announced that the St. Mary's meet which had been set for April 10 has tentatively been switched to Friday, May 7, and that the interclass meet has been scheduled for the April 10 date.

PACIFIC COAST SKI CHAMPS

Nevada skiers got off to a slow start in the Pacific Coast Intercollegiate Ski meet last weekend, but a fast finish was good enough to give them the title. In the back row, from left to right: Bud Schoenfeld, Ashley Van Slyck, Harvey Rose, Cliff Banta (out of action with a broken leg). Front row: Barnes Berry, captain Jerry Wetzel and Jack Parke.

Wolf Pack Skiers Nose Out Indians In Yosemite Meet

Coming behind last Sunday in the final events of the three day Pacific Coast Intercollegiate Ski Union championships, Nevada skiers nosed out the Stanford Indians to take their second PCISU meet in two weeks.

The Wolf Pack skiers took the lead on Friday when they won the jumping events. However, on the following day they lost out in the slalom and downhill events and Stanford went out in front. On the final day of the meet, Barnes Berry and Harvey Rose took third and fourth places, respectively, in the cross country thus accumulating the necessary points to capture the championships.

In the Saturday events the Nevada team placed as follows: Slalom, Ashley Van Slyck, fourth; Ernest Schoenfeld, tenth; Barnes Berry, twelfth;

New Debate Plan Tried by Nevada

The Oregon plan of debate was introduced on the University of Nevada campus for the first time last week, announced S. H. Vinocour, instructor in the speech department.

Bob Gifford and George Pinjuv spoke for the affirmative, while Harry McKissick and Bruce Hill presented the negative case.

"Resolved: That a new system of adjudication be adopted by all civil courts of the United States" was the topic of debate.

Vinocour said the result of the Oregon plan of debate was highly satisfactory and that the style will be used more extensively in debate classes in the future.

"It gives the all-valuable cross-examination that the present system sadly lacks," Vinocour pointed out.

The Oregon plan of debate is the coming form of debate and will probably be introduced into official intercollegiate competition soon, Vinocour added.

Jerry Wetzel, thirteenth.

Downhill: Van Slyck, fourth; Berry, seventh; Wetzel, eleventh; Schoenfeld, thirteenth; Harvey Rose, nineteenth.

Miss Brynhild Grasmoen of Merced, Calif., a member of the U. S. Olympics winter sports team, presented trophies to the winners on Monday.

Theta: Why does Mary let all the guys kiss her?

Pi Phi: She once slapped an SAE that chewed tobacco.

Rice Scores High As Varsity Team Wins Rifle Match

Kenneth T. Rice was high score man on the varsity rifle team Saturday night when it won first place in a shoulder to shoulder match held at the university range in which affiliated clubs of the Nevada State Rifle and Pistol Association competed.

The varsity team scored 1330 points for first place, with the Reno Rifle Club team coming in a close second with 1303 points.

Teams were made up of five members with each competitor firing 30 rounds, ten each in the three positions—prone,

kneeling and standing. The allotted time limit was one minute per shot.

Individual bronze medals will be presented by the Nevada State Rifle and Pistol Association to the members of the winning team and gold, silver and bronze medals for the three high individual aggregates. Lee Darrah, Reno Rifle Club, C. E. Bull of the Reno Rifle Club and Rice of the university team were high score men. Darrah was top man in all re-entry matches fired.

State Basketball Tourney Starts At Nevada Gym

Top high school basketball teams in the state descended upon the big Nevada gymnasium yesterday to open firing for the state cage championship.

Carson City's Senators, winners of the Western Conference title on the same floor last weekend, met the Elko Indians in the tournament curtain raiser, and were dumped 39 to 29.

Reno's Huskies pulled a major upset by squeezing past Las Vegas 35-34, in the second game of the afternoon play.

Sparks made a clean sweep of eliminating the southern contenders by coming from behind in the last period and tripping basic 37-30. A smooth Ely quintet had little trouble in defeating Hawthorne 44-29 to end the first day of play.

This morning "B" championship games got underway as did the first round of consolation play, and will continue throughout the afternoon.

Tonight the semi-final round of the "A" tournament will be run off with the championship games in both divisions being played tomorrow night.

Ox Men Swing Out With Pledge Dance

Theta Chi's first calendar date will be occupied by a pledge dance at the fraternity house Saturday night at 9 pm. Larry Chapman's three piece orchestra will provide music until midnight.

At the last meeting, Monday night, Gene McKenna was elected social chairman. His first official duty was to play host to a social for the Gamma Phi's on Wednesday evening at the house.

Also on Wednesday night, the Sigma Alpha Epsilon fraternity held their weekly guest night for four faculty members and Lambda Chi's entertained the Kappa Alpha Thetas with an exchange dinner. **ATTENDANCE REPORTS TO BE FILED WEEKLY**

Weekly attendance reports will be submitted by faculty members henceforth, announced Dr. Frederick Wood, dean of the college of arts and science. The veterans administration has objected to paying subsistence to students who habitually skip school, he said.

This more methodical method of keeping track of missing students will also enable the deans of women and men to help in case of illness or emergency, concluded Dean Wood.

NEW PHI SIGS FETED AT BANQUET SUNDAY

A banquet in honor of 11 new members is planned by Phi Sigma Kappa fraternity this Sunday afternoon at 2 pm. The 11 men have completed "work week" and will finish formal initiations tomorrow.

New members will be Alfred Ashley, John Campbell, Joseph Dini, Joseph Facha, Jack Fikes, James Harter, Robert Hempfling, Ted Klemaszewski, James Maynard, Vinton Miller and Jack Shevlin.

INTEREST LACK MAY CANCEL WATER SHOW

No turnout, no aquacade, said Kenneth Cusick, Panwallis president, at the swim club meeting last night. Poor attendance may call off the water show which has been scheduled for early in May, he added.

Panwallis meets at Moana Hot Springs Thursdays at 7 pm. A ride may be secured in front of Artemisia Hall. Fin fans are urged to attend, said Cusick.

Support the Red Cross.

PACK TRACKS

By Bill McFarland

Aside from the great amount of noise being made by prepsters rooting for their teams in the state high school basketball tournament currently underway in the Nevada gym, things are at a quiet ebb in regard to sports on campus.

Jake Lawlor, varsity basketball coach, has been scanning the array of high school talent cavorting in the gym. There is plenty of good material and Jake's critical eye is spotting as much as possible in hopes of landing a good portion of it for his freshman squad next year and insurance for years ahead.

Football Equipment Issued

Coach Joe Sheeketski has issued a call for all candidates seeking a berth on next fall's edition of the Wolf Pack football team to check with him for issuance of equipment for the coming spring football practice which begins after Easter vacation. Togs will be issued to all men interested starting Monday and lasting through the week.

Sheeketski wants to get the red tape involved in equipment issue out of the way so he can launch the spring program immediately around April 1.

Divot Diggers

Bob Swartz, golf coach, has

his divot diggers going through a 54 hole, make or break, match at Washoe links to decide which four men out of a squad of 10 or 12 candidates will represent the university in coming tournaments.

Although the qualifying match will determine the quartet, Joe Perez, Dick Holloway, Roy Larsen and Stan Kosakowski look like the four making the grade. All shoot in the 70's.

Courage Aplenty

Captain Jerry Wetzel of the varsity ski team showed the courage of a real champion at the Yosemite ski meet last week. Jerry left the campus dispensary with orders not to take part in the meet as a chance of permanent injury would be probable if he participated.

Captain Wetzel took one look at the jumpers and decided he'd have to don the boards and take a couple of tries. Jerry's jumps were not as long as some of the contestants, but his form was darn near perfect, considering the handicap of a sore diaphragm. Jerry won the event.

Nevada can't miss with guys like Wetzel showing nerve and intestinal fortitude for the honor of the Silver and Blue.

Wolf Pack Boxers Round Into Shape For Gael Fistmen

Wolf Pack mittmen are approaching top physical condition for their match against St. Mary's College on March 20. Coach Cliff Devine stated today that daily workouts would continue practically until the opening bell.

Fred Leon, heavyweight, has been working out furiously in order to be ready to meet the Gael kingpin, Tony Kotowski. The battle between these two promises to be the best fight on a star-studded card.

Kotowski has been causing a sensation in west coast intercollegiate boxing circles. The 18 year old, 195 pound freshman has won his last 30 fights, most of which were staged before his enrollment at the California school. **university infirmary this week.**

Informal Ceremony Opens Last Phase

An informal flag raising ceremony Tuesday morning marked the start of the final phase in the completion of the naval training center located northeast of the campus. Final finishing and the installation of equipment for the classrooms is all that is left undone, Allen E. Plummer, navy engineer, said today.

The flag was raised on the recently installed flag pole directly in front of the main entrance to the building.

Plummer announced that a new type of insulation that stops "sweating" of water condensation on the steel of which the building is constructed has been applied to all inside surfaces of metal. This insulation replaces a fiber insulation many times thicker.

The connectors for the heating system have arrived and the radiators are rapidly being installed, Plummer said. The heating plant has been behind schedule due to the delay in the arrival of materials.

The naval training center will be the home of Reno's naval reserve as well as a school to train reservist and a few regular navy men in the trades of the navy.

An arrangement with the university has made the electrical equipment in the center available to the electrical engineering college in return for the lease to land upon which the building is constructed.

Intramural Skiing Now Pending Finish Of Varsity Season

A date for the intramural ski meet is still indefinite. Plans for the event depend upon Jerry Wetzel, varsity coach and ski team captain. Wetzel is expected to lay out the course for the intramural meet at the conclusion of the current varsity ski season.

Assisting Wetzel in preparing for the ski competition will be other members of the varsity ski team. After the next three weekends—varsity skiers are tied up with meets then—the intramural event will probably be run off.

The meet was originally postponed because of lack of snow in the Mount Rose Bowl. But now, with plenty of snow available on the Sand Dunes, the postponement has caused another problem, that of avoiding a conflict on the social calendar.

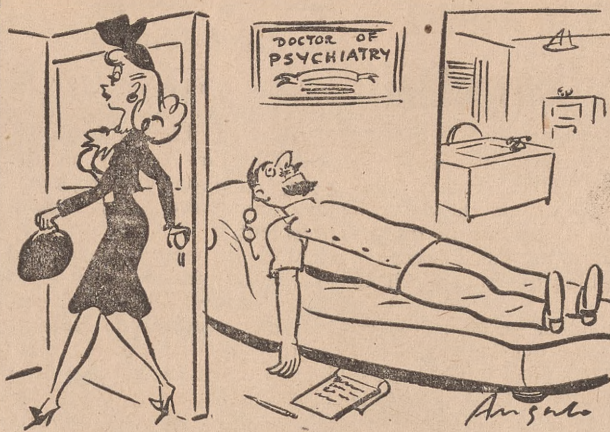

Wetzel stated that the social calendar problem would straighten out once the varsity ski competition was completed, and the intramural skiers will get a chance to collect 100 points for their respective group toward the Kinnear trophy before too much longer.

Pre-Med Men Hear Cancer Specialists

Abe Kaplan, Bert Tannenbaum, and Bob Hartor, members of Alpha Epsilon Delta, heard two specialists speak on cancer at the Reno veterans hospital Friday night.

The pre-medical students heard Dr. David Wood, professor of pathology at Stanford University, and Dr. Stanley Ray of Reno speak at a meeting directed toward local doctors.

"The Cancer Problem as Viewed by the Pathologist" was discussed by Dr. Wood, while Dr. Ray's topic was the "Cystological Diagnosis of Cancer."

Dr. Wheeler Sought For Geology Talk By Shell Company

An invitation to lecture before Shell Oil Company geologists on "the time factor in the classification of sedimentary rock formations," has been extended to Dr. Harry E. Wheeler, associate professor of geology.

The invitation came from Shell Oil Company's exploration and research division, and the talk will be presented at their laboratories in Houston, Texas, May 13 to 16.

Great interest has been aroused by Dr. Wheeler's recent publication for the Geological Society in collaboration with Dr. E. Maurice Beesley, professor and chairman of the department of mathematics, on their findings in southern Nevada and adjacent areas.

On the basis of this time element, which geologists have been experimenting with

for some time, a new fundamental law in geology is proposed.

Blue Key Starts Car Registration

Members of Blue Key managed a table outside the library Wednesday for the purpose of registering all automobile owners who enjoy parking privileges at the university. Registration took place from 8 o'clock in the morning until 3 o'clock in the afternoon from Wednesday until this afternoon.

For the benefit of those who did not have an opportunity to register, the president's office at the ASUN building will be open for that purpose.

All car owners were requested to present only their 1948 license number and the number of their previous parking permit, John Witte, presi-

dent of Blue Key, said. This does away with the necessity of looking up each individual name. Students who have not registered a car before will need only their 1948 license number.

Witte said that he estimates there will be about 1000 automobiles registered before Blue Key quits. Under the system it used required only a few moments for each man to register.

Time Staff Head Lectures Monday On Russ Problems

Mr. John Scott, chief of the European staff of Time magazine, will appear as a Fulton lecturer in the new gymnasium at 10 am Monday, March 15. Subject of his speech will be "What to Expect From Russia."

In memory of Robert Lardin Fulton, a Nevada resident for more than 50 years, Mrs. Mary Bragg Fulton established the Fulton Lecture Foundation at the university in 1924. Income from the foundation is used to bring to the campus prominent leaders in the field of science, art, literature or public affairs.

Scott lived in Russia for 19 years, reported World War II from Stockholm and is now in charge of Time's office in Berlin. As a newspaper correspondent, he covered the Soviet-German treaty and the Soviet Finnish War of 1939-40. Just two weeks before Germany attacked Russia, he was expelled from the Soviet Union because of his reporting of pre-war conditions in Russia.

He was born in Philadelphia in 1912 and was educated in Philadelphia, New York, Switzerland and at the University of Wisconsin. Upon graduation from college, he went to Magnitogorsk, a steel and chemical center in the Urals, where he lived and worked with Soviet laborers in order to find out what was happening within Russia.

"Behind the Urals," "Duel for Europe," and "Europe in Revolution" are three books Scott has written. Returning to this country in January, 1948, he is now on a limited lecture tour. Through his experiences, Scott is able to present vividly the drama in Europe from the human side without omitting its social, political or economic significance.

President Moseley urged students and faculty members today to attend the March 15 lecture, and said that it would be "timely and interesting."

Well Known Dancer To Lecture Here

Eleanor King, nationally famous modern dancer, will present a modern dance lecture demonstration at 2 pm on March 21 in the university gymnasium.

Miss King has just completed a two months tour through eastern and southern U. S.

Once a member of Charles Wiedman-Doris Humphreys dance company, Miss King's headquarters are in Seattle, Washington, where she has a dance group and studio.

Tickets for the concert may be bought from members of Orchestis, modern dance society, or at the door. Orchestis members will entertain Miss King at tea after the performance.

WRA TO NOMINATE OFFICERS AT MEET

Nomination of officers will be discussed at a board meeting of the Women's Recreation Association on Tuesday, March 23, Betty Ann Rice, president, announced this week. The meeting will be held in the gymnasium.

There will also be some changes made in the constitution. Election of officers will be in April, Miss Rice said.

REVISED UN BULLETIN AVAILABLE, SAYS HICKS

Charles R. Hicks, professor of history and political science, said today that the revised university bulletin, "The Constitution and the State of Nevada," is now out.

SENIORS IN REVIEW

By Barbara Smith and Jane McTavish

This article begins a series of sketches on graduating seniors to be written for Sagebrush readers.

Over a cup of java in the snack bar, Marjorie Menu "let down her hair" and told us all.

The pert YWCA president revealed that wedding bells may ring in August for her and Norman Olesen. Reno's younger set has been following the romance since the two students were in Reno High School. Wedding rumors were given impetus last summer when Norman pinned "Marge."

Although Norman has occupied much of her time, a long list of activities will be printed beneath her picture in the 1948 Artemisia.

Even before Marge entered college, she had accumulated honors in high school, which resulted in her selection as the outstanding girl of her class. Marge was a cheer leader, member of TNT pep club, active in the girls' athletic association, cast in the senior play, and president of the honor society and the 1944 senior class.

Election to the 1948 Who's Who in American Colleges and Universities is the indication that Marge has been outstanding in college activities.

By the time she completed her sophomore year, Marge had been one of the founders and first president of Paniwalis, swimming club. Pledged by Tri-Delta, she was their candidate for the first Homecoming sweetheart.

She served as ASUN secretary last year and was elected to Sagens. Her time this year has been divided between the presidency of YWCA, Pan-Hellenic council leadership and Cap and Scroll membership.

Not just an activities girl, Marge has consistently earned a high grade average in her business major and psychology minor. She is also proficient in skiing, swimming and ice skating.

Marge gave us an additional glimpse into the future. She is dreaming of a small Hollywood style bungalow to be built on the outskirts of Reno.

Dr. Griffin Attends Texas Convention

Dr. Robert S. Griffin, dean of men at the University of Nevada, left Monday to attend the National Deans Convention at Dallas, Texas. The convention, which is held annually, began Wednesday and will last through tomorrow.

The purpose of the convention is to discuss the current problems and trends of college life. This meeting makes possible for the deans of the various colleges in America to see how other universities have solved their difficulties.

Student housing and adjustment to college life are some of the problems to be discussed. This is the second year Dr. Griffin has attended the convention. He is expected to return to Reno about March 17.

BLUE KEY PRESIDENT BACKS SAFETY DRIVE

John Witte, president of Blue Key society, urges students to participate actively in the governor's highway safety drive for March. The Nevada drive is being sponsored in conjunction with the National Safety Council.

Malcolm McEachin, drive director, said, "You can't expect our youngsters to know and heed safety rules unless they are set a good example by their elders."

Support the Red Cross.

Tracy to Attend AWS Convention

Betty Tracy, president of the Associated Women Students, will attend the western regional convention of the organization at the University of Washington from April 15 to 18.

She will be accompanied by next year's president, who will be elected next week by the Gamma Phi. Each year the AWS president is elected from a different sorority, the Independents or the Artemisia-Manzanita Association in order that each organization was founded.

Miss Tracy will lead the discussion on "Types of Organizations" at the convention.

Last year Miss Tracy attended the national convention of the Associated Women Students at the University of Minnesota.

The date for the annual AWS fashion show has been set for April 23, Miss Tracy announced. No other plans have been made yet.

NO SORORITY SOCIALS, ANNOUNCES PAN-HELL

No sorority socials for the spring semester was the unanimous decision reached at a recent meeting of the pan-hellenic council.

Meeting in cooperation with the inter-fraternity council, the group decided that open houses with enough social activity, Marge Menu, president, said this week.

STUDENT IS VICTIM OF SKI MISHAP

Wayne Bradford, senior student, broke his leg while skiing Saturday morning at Soda Springs. Bradford, who was formerly a member of the SAE ski team, hit a rock, receiving a spiral break from the ankle to the knee.

The injured student is under the care of Dr. Vernon Cantlon at Washoe General Hospital. He will probably be hospitalized from seven to ten days.

MCCUTCHEON GETS NAVAL APPOINTMENT

An appointment to Annapolis was granted to freshman engineering student Edwin L. McCutcheon through the recommendation of Senator G. W. Malone this week.

Scoring again for the engineers, freshman Robert A. Burke was given the first alternate appointment to the naval school. Both are graduates of Reno high school.

Literary Groups To Meet Jointly

Barney Childs and his "Circle of Seven" will be guests of Chi Delta Phi, women's national literary society, at the group's Tuesday evening meeting, announced Billy Heath, president.

At their meeting, to be held at the Gamma Phi house at 8 pm, the two literary groups will hear lectures on Russian writers by Mrs. W. D. Billings, wife of the biology professor, and Mrs. Robert Gorrell, wife of the English professor.

There will be no business meeting, Miss Heath added. Mrs. Edith Holmes is advisor for Chi Delta Phi.

THETAS MAKE UP VOLUNTEER TEAM

Twelve Theta members are working as a special volunteer team during the American Red Cross drive in division No. 5, northwest section of Reno.

Women in the team include Beverly Minor, Alice Etchart, Shirley Keller, Molly Blair, Kay Brennan, Virginia Casey, Mary Ellen Schwartz, Josephine Eather, Pat Crandall, Mary Lee Scott, Gloria Haley and Barbara Parker.

The difference between a sewing machine and a sweater girl—the sewing machine has only one bobbin.
