

Riley and Committees Hold 'Big Day' Confab

Mackay Day Plans Begin Shaping Up, Meeting Discloses

Mackay Day committee heads met with chairman Dale Riley this week and discussed progress being made in activity plans for Nevada's biggest celebration.

Portraits of candidates for Mackay Day queen will be ready by April 1, and along with measurement of each nominee will be mailed immediately to Earl Carroll in Hollywood who will judge and select the queen.

The Rev. Terrence Stoker of the Federated Church of Reno will give the invocation opening festivities.

Revival of faculty song teams, to perform on the same program as the fraternity and sorority teams is a possibility. Prof. T. H. Post and Robert Z. Tate of the music department are willing to cooperate in the organization of a faculty representative. Last time such a group performed in the singing contest was before the war.

Obstacle Race

A tentative course for the obstacle race among competing fraternities has been mapped out by the interfraternity committee.

Similar to last year's program, the event starts with a three-legged race from Stewart Hall to Manzanita Lake. Relays will paddle across the lake in inner tubes. Contestants will then roller skate from Manzanita Hall to the rear of Lincoln Hall.

Races on bicycles will proceed from there around Mackay stadium track once stopping in front of the field house. Anchor men will then get in potato sacks and waddle across the football field to the front of the main stands.

The interfraternity assembly will immediately follow the running of the obstacle race. Skits will be put on by fraternities, and a time limit of seven minutes will be allotted for each skit. To avoid duplications of acts, fraternities are to submit their skit themes to Milo Price and Rondell Shaw chairman in charge, not later than April 15.

Tickets for the Mackay Day luncheon and dance will go on sale after Easter vacation and Riley announced it would be wise to get tickets early as the demand will be great.

MACKAY STATUETTES AVAILABLE AT YWCA

John W. Mackay statuettes are now on sale in the campus YWCA office, said director Helen Brania today. Cost has been set at \$10 each.

The miniatures are replicas of the statue in front of the Mackay School of Mines and stand almost 12 inches tall. They are cast in a shiny copper finish.

The original statue of benefactor Mackay was sculptured by world famed Gutzon Borglum.

BRUSH ERRS

Last week's Sagebrush carried a story of the Phi Kappa Phi elections and omitted names of two persons honored. Dorothy Thomas, home ec major, and Mrs. Effie McQueen, English major, were the students overlooked.

FRESH FRESHMAN GOES UNPUNISHED FOR VIOLATIONS

The case of Rhoda Phillips vs. ASUN traditions was dropped at the meeting of women's upperclass committee Wednesday. Miss Phillips, a freshman enrolled in the college of arts and sciences, was first noticed when she decided not to follow the traditions of the University of Nevada.

She was called before the women's upperclass committee three times for not wearing her freshman ribbon, or carrying her frosh bible. Each of these times she failed to appear.

When she finally decided to attend one of the meetings and receive her penalty of carrying a box and wearing a long plaid ribbon she failed to carry it out, said Roberta Butler, committee head.

Miss Butler stated the committee could have taken Miss Phillips' student body card away from her, but since the semester is almost over it was decided to consider her a very poor sport for not carrying out the traditions of the university.

Beard Objectors Need Good Excuse For Mackay Day

Unless conscientious beard objectors have their excuses in to Tommy Thompson, upperclass committee head, by April 1, it is suggested that they either drop their studies at the University of Nevada, or come dressed as a female of the specie.

Though beard growing officially begins tomorrow, March 20, the April 1 extension has been granted because of Easter. Thompson says that excuses may be dropped off at the ASUN office.

The upperclass committee recently caught up with freshman Bob Collett, who has evaded the sophomore vigilantes since last semester when he gave an alias after being caught without a dink or freshman bible. Having his choice between swats and Manzanita Lake, he took the lake.

Thompson is in favor of vast changes in the rules of what he termed "an obsolete freshman bible." The old laws clear second semester freshmen from the traditional hardships of all freshmen.

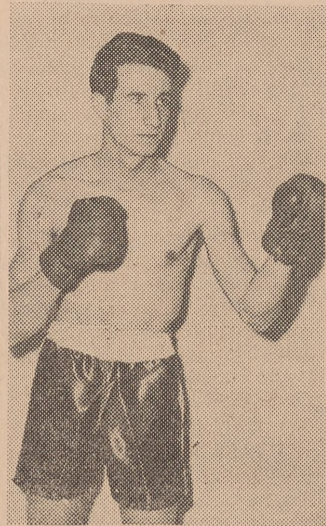

The technicality is in the fact that the bible is a hold-over from the war years when there was only the one fall class of freshmen each year. Until the bible is brought up to date, men and women of the second semester freshman classes can protest their exploitation, said Thompson.

POLKATEERS BECOME OFFICIAL HILL CLUB

The Nevada Polkateers have become an official campus organization, Wally Kurtz, president, stated this week. The group's constitution was passed by the senate committee at its last meeting.

Gordon H. Marsh, instructor in the foreign language department, is the club's newly chosen advisor. The organization is open to any student interested in folk dancing, said Kurtz.

THROW LEATHER TOMORROW NIGHT

Cy Corbett

Nevada mittmen will tangle with St. Mary's Gaels at 8 pm tomorrow in the university gymnasium.

"We will win this meet," coach Cliff P. Devine announced today. Unhindered by any team injuries and in the peak of physical condition, the Wolves are ready for the Gaels.

Due to lack of varsity opponents, this fight will probably be the first and last local engagement in the season. Devine expressed confidence that there would be more home matches next year.

Admission to the fight will be free to ASUN card holders. Ringside seats will go on

Bob Thronsen

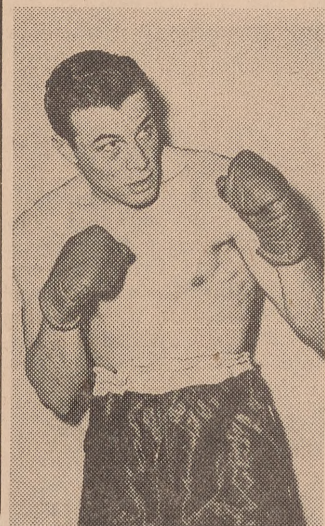

sale for \$1.50, general admission \$1.00, and high school students will be admitted for 50 cents, according to Joe T. McDonnell, graduate manager.

St. Mary's heavyweight Tony Kotowski has been dropped from the card because of a shoulder injury. Kotowski received this ailment in St. Mary's match against San Jose State. He was considered a big

threat due to many wins in California varsity boxing. Taking Kotowski's place in the stellar bout against packster Fred Leon will be either R. V. Johnson or Nelson Tuitelee.

Bob Thronsen, Nevada welterweight, says he hasn't forgotten the punch used against Chico State in order to give him a KO win. Thronsen is a veteran member of the varsity boxing team, and has given the crowd many thrills. He will fight Bill Gahan in the 145 pound weight class.

In the 155 pound weight class, two bouts are slated. (Continued on Page 5)

Al Noccio

Miss Lester, world traveler, lecturer and author, will speak in the Education building auditorium April 1 at 4 pm. Her subject is "Gandhi, Still in Action Today."

Miss Lester will make another appearance at 8 pm April 1 when she delivers an address entitled "Christ, War and Man" at the Methodist Church at First and West

Street here in Reno. Both of Miss Lester's lectures are open to the public and are sponsored by the Washoe County Ministerial Association.

Miss Lester arrived in the United States from England in January, and since that time has been lecturing throughout the southern states. Among her engagements were lectures in the Episcopal Cathedral in Washington, D. C. Her lecture tour will also take her to many Canadian cities. Since 1938 Miss Lester has been traveling secretary for the International Fellowship of Reconciliation.

On a tour of the world last year, Miss Lester visited widely separated regions of India at the request of Mahatma Gandhi, who was once her guest in London, and being an authority on the Christian witness in international affairs, she is very well qualified as a speaker on her chosen subject.

As an author Miss Lester has received wide acclaim. Her latest book, "It So Happened," just recently published, tells of her experience during war shadowed years in Europe, India and England. Other books by Miss Lester include "Entertaining Gandhi," "Ways of Praying," and "Dare You Face Facts?"

NUPTIALS TOMORROW

Tri-Delt Ann Morgans will be married to Paul Richards, ATO, tomorrow at 8 pm at St. Thomas Aquinas Cathedral.

Edward M. Hulme, visiting professor of history and political science, has returned to his home in Palo Alto, California, according to Austin E. Hutchison, associate professor of history and political science.

Professor Hulme, who is 79, slipped and fell in front of the dining hall and was hospitalized some weeks ago. He reportedly has given up teaching as a result of the accident.

Those present were Carl Miller, Pacific coast editor of the Wall Street Journal and former national president of the fraternity; Merritt C. Spidel, president of Spidel Newspapers Inc.; Neal Van Sooy, national vice-president of Sigma Delta Chi; Campbell Watson, Pacific coast editor of Editor and Publisher; Thor Smith, assistant to the editor

Six Men Top Largest University Honor Roll

Thompson Picked 'Citizen of Month'

Dr. Reuden C. Thompson, professor of philosophy, received the "citizen of the month" award at a Reno Junior Chamber of Commerce meeting St. Patrick's Day.

Dr. Thompson, who served as dean of men for many years, is now dean emeritus. He has been head of the philosophy department for many years, and has been an ordained minister since 1922.

Thompson will retire from the faculty this spring after 40 years of service.

Renowned Author To Discuss Gandhi At Nevada April 1

Miss Lester will make another appearance at 8 pm April 1 when she delivers an address entitled "Christ, War and Man" at the Methodist Church at First and West

Street here in Reno. Both of Miss Lester's lectures are open to the public and are sponsored by the Washoe County Ministerial Association.

Mortara, Mathis, And Arenaz Cause Changes in List

Since release of Nevada's largest honor roll last week, one name has been dropped, one added, and another moved out of the 4.0 section. Rita Mortara reported to the registrar's office that she had received a "B" in one subject and was lowered from the perfect record class to a 3.84 average.

Six students were left in the 4.0 bracket, all of them male. Joe Mathis was the student dropped from the roll, when it was learned that one course in which he was enrolled was being repeated and therefore could not be included in his total number of credit hours. Pablo Arenaz was added to the select group this week.

According to Mrs. Jeanette Rhodes, registrar, several students other than those named to the honor roll had high averages, but since they carried less than the required minimum of 15 semester hours, were not eligible for the list.

Making up the 1948 fall semester honor roll were the following:

Maclin Summers	4.0
Bonifacio Yturbe	4.0
Edward Reed	4.0
Dexter Guio	4.0
Abe Kaplan	4.0
Charles Miles	4.0
Charles Breese	3.94
Marnie Miller	3.94
Lyle Creed	3.89
James Peiron	3.88
George Braun	3.88
Harrie Hess	3.87
Robert Childs	3.85
Rita Mortara	3.84
Earl Houghstaling	3.83
Scott Whitney	3.82
Robert Wengert	3.82
Walter Coughlin	3.81
Robert Houser	3.81
John Peter Lee	3.81
Paul Reimer	3.81
Philip Whitmer	3.80
Alice Tulloch	3.77
John Helstowski	3.75
Thomas Jones	3.73
Howard McKissick	3.73
Herman Adams	3.69
Jack Hull	3.69
Patricia Ireland	3.69
John Lowden	3.69
Jack Fulton	3.67
Huling Ussery	3.67
Shirley Hornbeck	3.67
Barbara Olesen	3.67
George Lindesmith	3.66
George Brunton	3.65
Eugene Menke	3.65
Gunter Gigas	3.64
James Borge	3.64
Zina Coe	3.62
Loren Kirkbride	3.62
Priscilla Laughlin	3.62
Richard Wait	3.62
Harvey Foulkes	3.61

(Continued on page 6)

Phi Alpha Theta Elects President

Jack Spigir, newly elected president of Phi Alpha Theta, honorary history fraternity, was among the eight men and women initiated at the Wednesday evening meeting.

Refreshments were served by Dr. and Mrs. Philip G. Auchampaugh, at whose home the group met.

Spigir succeeds Berkeley Black as the organization's president. Others initiated on St. Patrick's Day were Kim Creed, Jean McBride, Carol Anderson, Rose Marie Faul, Huling Ussery, Dale Riley and Orville Holderman.

Delta Sigma Rho Charter Awarded

Delta Sigma Rho, national speech fraternity, this week awarded a charter to the undergraduate chapter on the University of Nevada campus and the chapter will be installed on or about April 1, at the end of the Pacific Forensic League speech tournament. Debate coach S. M. Vinocour said that Nevada's was the only undergraduate chapter elected this year.

Provisional president is Huling Ussery and the installing officer will be Dr. Alan Nichols, head of the speech department at the University of Southern California.

Vinocour said that five members elected in absentia are Howard Haman, Gordon, Hawkins, Jack Diehl, and Bruce Anderson all of whom were prominent members of the debate squad at Nevada.

Active members of the local chapter are Pat Carmichael, Fay Fryberger, Barbara Martin, Bonnie Yturbe, Dale Riley, Maclin Summers, Harold Murphy, Mark Bray, Rex Jemison, Scott Whitney, Art Johnson, Bob Durham, George Himes and president Ussery.

There are chapters at all major schools in the United States and Delta Sigma Rho is the largest speech fraternity in existence, Vinocour stated.

'Y' Holds Sunday Discussion-Meetings

Mrs. Mattie Winston, English instructor, and Fay Fryberger, debate squad member, will speak at the YWCA student-faculty meeting Sunday. This second in a discussion series will be held at Stewart Hall at 5 pm.

The English instructor has spoken before numerous young peoples' groups downtown. Topic of her discussion has not been disclosed.

Miss Fryberger has selected as her topic, "Easter" and will emphasize its significance in the modern world.

All university students may attend the service and discussion.

Campus Cutters Cause Carl to Comment

"Corners of the campus lawn are getting in a deplorable condition from students walking on the grass," Carl Horn, superintendent of the university grounds, said today.

Due to the water shortage, he said, the grass will not be in its best condition this summer. The Sierra Pacific Power Company has sent a representative to the university asking for reduction in watering hours on the campus.

Horn said that many corners of the lawn, especially between Lincoln Hall and the dining hall, are in bad shape.

He emphasized that if students would refrain from walking on this grass, the university grounds would look much better and would be easier to care for.

Sigma Delta Chi Installation Lures Top Men to 'Hill'

Initiation ceremonies for 11 charter members of Sigma Delta Chi, national professional journalistic fraternity, were held last Friday afternoon in the Journalism building on the campus, it was announced today by Prof. A. L. Higginbotham, director of the department of journalism.

The charter presentation ceremonies were completed at the Twentieth Century Club Friday night with many well known speakers and public figures attending the initiation ritual.

Those present were Carl Miller, Pacific coast editor of the Wall Street Journal and former national president of the fraternity; Merritt C. Spidel, president of Spidel Newspapers Inc.; Neal Van Sooy, national vice-president of Sigma Delta Chi; Campbell Watson, Pacific coast editor of Editor and Publisher; Thor Smith, assistant to the editor

(Continued on Page 2)

UN Entertainers Take to the Road

An entertainment troupe, sponsored by the University of Nevada Alumni Association, will present a program in Winnemucca April 17, Rex Daniels, director of the alumni office, made known this week.

The troupe will consist of an orchestra and singers under the direction of Prof. Theodore H. Post and Prof. Robert Tate of the music department, and the tumbling team, coached by Art Broten. Films of the St. Mary's and Oregon football games will also be shown during the program.

The purpose of this program is to stimulate interest in the university among the people of Nevada. If the Winnemucca program is a success, the alumni association hopes to put on at least two shows of this type each school year in the various towns of Nevada.

Louis Peraldo, vice-president of the alumni association, and Kirk Day, president of the Winnemucca chapter of the alumni association, will be in charge of arranging all details in Winnemucca.

Mark Yori, president of the alumni association, Joe T. McDonnell, graduate manager; Eugene Mastroianni, assistant graduate manager, and Rex Daniels, director of the alumni office, will accompany the troupe to Winnemucca. The alumni association will charter a bus to carry the entertainers to Winnemucca.

NUPTIALS TOMORROW

Tri-Delt Ann Morgans will be married to Paul Richards, ATO, tomorrow at 8 pm at St. Thomas Aquinas Cathedral.

Edward M. Hulme, visiting professor of history and political science, has returned to his home in Palo Alto, California, according to Austin E. Hutchison, associate professor of history and political science.

Professor Hulme, who is 79, slipped and fell in front of the dining hall and was hospitalized some weeks ago. He reportedly has given up teaching as a result of the accident.

GET ABOARD

"Here comes that Freedom Train! Better hurry down!" The words are familiar to most of us today. The meaning is not. Sunday morning, thanks to some freedom loving Americans, that meaning will be available for each and every one of us to grasp.

When the Freedom Train started out on its nationwide jaunt something like a year ago, its perpetrators had no idea that Sunday, March 21, 1948, would find it open to the public in Reno.

Nor did the men who planned the whole thing realize that Sunday, March 21, 1948, would be nestled snugly right in the center of what could very easily be the beginning of World War III.

Perhaps it is fate that brings the carrier of American freedom giving documents—the Declaration of Independence, the Bill of Rights, and others—into our midst at this time. Be it fate or otherwise, we Nevadans are fortunate to have the very essence of our democratic way of life coming here for us to behold. Particularly when guidance for the future is of such paramount importance.

In these troubled times, if there is anything that will give inspiration it is the Freedom Train—and all it stands for. So, "Better hurry down!"

SAD SITUATION

It has come to the attention of this publication that several persons in the past months have consistently violated Nevada's traditions, and with no misgivings. One person in particular, one of our feminine numbers, has openly defied the recognized campus group whose duty it is to aid in preserving the time honored customs.

That the student body will let such a situation exist is hard to believe. Yet, all indications at this particular time points to continuance of like affairs.

The women's upperclass committee, after doing a good job for so long, has finally given up the ship—at least on this one offender. All we want to ask now is, "What happens when another violator refuses to cooperate?"

We feel that the vast majority of the student body are in favor of preserving and protecting our traditions. If such is the case, then those few who persist in tearing down what the majority want, are actually "outside the law," so to speak, and should be treated accordingly.

If the opposite is true, then there is only one thing to do, and that is completely abolish all traditions. In either case, the answer lies with the students themselves, and frankly, we'd like to see which it is.

Nineteen Pre-Meds to Attend Meet Of AED Convention at Colorado U.

Nineteen members of Alpha Epsilon Delta, campus pre-medical fraternity, will attend the eighth national convention of the group at the University of Colorado at Boulder from March 25 to 27.

Importance of pre-medical education in the training of physicians will be stressed in the convention activities. Luncheon and dinner social events, in addition to a symposium on pre-medical education will be conducted at the session.

Speakers will include Dr. Robert L. Stearns, president of the University of Colorado; Dr. H. E. Setterfield, national president of Alpha Epsilon Delta, and Dr. Ward Darley, dean of the University of Colorado School of Medicine. Dr. Laurence H. Snyder, dean of the graduate school of the University of Oklahoma, will be guest speaker at the concluding banquet.

Nevada Alpha chapter of Alpha Epsilon Delta was formed in 1933, and was recently placed under the sponsorship of the Washoe County Medical Society.

The national pre-medical fraternity was founded at the University of Alabama in

1926, and has a membership of 6500 in its 42 active chapters. An affiliated society of the American Association for the Advancement of Science, AED became a member of the Association of College Honor Societies in 1945.

Henry Steward, senior pre-medical student, will lead the delegation which tentatively includes Jack C. Collins, Ethel Pettis, George Ricker, Billie Winn, Bob Malone, Bob Yim, George Travernia, F. Vanni, Charles Duffy, James Borge, Mahlon Fairchild, Abe Kaplan, Rosemary Welch, Bert Tannenbaum, Joe Moore, Lois Hitchens, Herbert Walter and Genevieve Swick. Guests accompanying the group will be Ruth Dalton, Mary Kaplan, Bob Patterson, Kate Duffy and Bob Hartor.

Nevada Engineers Attend Convention

A representation of the local student chapter of the Associated Society of Mechanical Engineers will attend a convention of ten student chapters at the California School of Technology, April 23 and 24, Professor James R. Van Dyke said today.

Russian Literature Topic of Meeting Of Chi Delta Phi

Russian drama and the Russian novel were the topics of a Chi Delta Phi, honorary English society, meeting Tuesday evening at the Gamma Phi Beta house.

Mrs. Edith Holmes, sponsor, introduced Mrs. Robert M. Gorrell and Mrs. Dwight Billings as guest speakers for the evening. Mrs. Gorrell spoke on Russian drama and Mrs. Billings had as her topic the Russian novel.

Guests were invited by members to the meeting. Barney Childs and two members of Circle Seven, English club, were present. They were Scott Whitney and Grove Nooney.

Refreshments were served at the close of the meeting by Patricia Ireland and Patricia Ussery.

Carpenter Back From Inspection Of Mining School

Jay A. Carpenter, director of the Mackay School of Mines, recently returned from a trip to the Colorado School of Mines where he was a member of a committee from the Engineering Council for Professional Development re-inspecting the courses of instruction of the school.

Committees from the national engineering group inspect engineering schools periodically. However, during the war this work was discontinued and this committee marked the reactivation of the inspections, director Carpenter said.

Colorado has introduced a new course in petroleum refining which was inspected for accrediting during the visit of the committee.

The Colorado School of Mines is one of only two schools in the United States devoted entirely to mining. Only a minimum of other sciences are offered at the school.

Carpenter contrasted the 144 credit hours required for graduation from the University of Nevada with 205 credit hours necessary at Colorado. The work required for credit hours at two schools is identical, he said.

Because of the heavy load each student must carry, only the top third of the high school graduates from Colorado State are accepted, Professor Carpenter stated.

Of the course offered at the school, only English lies outside the engineering field, Carpenter said. Along with the high credit hours required, summer school brings in practical problems that must be taken by the student, he added.

A reinspection of the engineering college at Nevada is expected within a year, the mining school head added.

Blue Key Warns Traffic Violators

The Blue Key has begun a campaign to crack down on all traffic and parking violators at the university. John Witte, Blue Key president, today said that all Blue Key pledges have been issued arrest books and will not hesitate to use them if the necessity arises. This increases the Blue Key traffic patrol by about 20 men.

Automobile registration for campus parking permits, which was carried out by members of Blue Key last Wednesday, Thursday and Friday, was very successful, Witt stated. However, he said, there are still a great number of automobile owners using the campus parking facilities who have not yet registered.

These people are asked again to register as soon as possible. For their benefit, registration may be completed any week day from 3 o'clock until 5 o'clock in the afternoon at the president's office in the ASUN building.

"Registration requires only a few minutes of your time," Witt said, "and all that is required is the number of your previous parking permit and your 1948 license number."

Automobiles that have not been registered previously will also be registered at the ASUN building upon presentation of the 1948 license number.

"Why doesn't the locomotive want to sit down?" "Because it has a tender behind."

Irishmen Celebrate St. Patrick's Day With Nature's Help

Many a true Irishman held up his head just a little bit higher last Wednesday, for the day of the wearing of the green had come around again.

Although the day passed without much pomp and ceremony by physical beings on earth, it wasn't entirely forgotten by Mother Nature. The grass on the campus grounds had several clusters turning color just for the occasion.

Also some of the trees and shrubs in front of the Mackay School of Mines showed a tint of green.

Aside from the multitude of green sweaters, ties, ribbons, socks and coats proudly worn by the campus Irish to denote their heritage, it was just another March 17 and another day of classes.

Heard in a fraternity house: "Is this dance formal, or can I wear my own clothes?"

SIGMA DELTA CHI DRAWS TOP MEN

(Continued from Page 1)
of the San Francisco Call-Bulletin and Nevada alumnae; Vail Pittman, governor of Nevada and publisher of the Ely Daily Times; Professor Higginbotham; Harold Turnblad, Associated Press; Merrill Gaffney, editorial writer of the Reno Evening Gazette, and John Long, California Newspaper Publishers Association.

Lloyd Rogers, first president of the new chartered Nevada undergraduate chapter of Sigma Delta Chi, served as toastmaster. The other charter members attending were Robert Radovich, vice-president; Eugene Evans, secretary-treasurer; Roger Brander, Harold Hayes, Robert Morrison, Brunson Harris, Belford Dickerson, Peter Mygatt, Paul

Weaver and Richard Rowley. President John O. Moseley of the university attended as a guest of the chartering group.

"The installation was one of the best I have ever attended, and I have seen quite a few," said Carl Miller, former national president of the fraternity.

Sororities Finish Week's Functions With Theta Dance

Things will be slow along sorority row this weekend. Gamma Phi Beta held its regular Friday coke hour this afternoon. Gamma Phis have planned no weekend social events, but will probably visit the Freedom Train Sunday.

One bright side of the activities picture will be the Thetas' annual hobo dance tomorrow night at the chapter house. Levis and plaid shirts will constitute the costume for the affair.

Mr. and Mrs. Varrel L. Wilkie will act as chaperones. Kay Brennan has charge of arrangements.

Tri-Delts used a St. Patrick's theme at the Wednesday night dinner for the 1948 basketball squad held at the chapter house.

Kathy Hanley sang Irish songs accompanied by Phyllis Phelan, who also played a piano solo. Joan Blank recited an Irish poem and "Taffy" Rule sang.

Dinner chairman Freda Kornmayer was assisted by Lynn Laughery, Helen Keddy, Myrna Ivy, Mary Ann Douglas and Joan Blank.

Thirteen new Theta members were honored at a banquet last Sunday given by alumni at the chapter house after initiation ceremonies.

Receiving the black and gold kite emblem were Nancy Hecker, Ramona Walker, Marilyn Humphreys, Anna Picchi, Ruth Helm, Barbara Parker, Gloria Eddy, Carol Lampe, Mary Lee Scott, Alice Rrentz, Eleanor Fulstone, Jeanne Fulstone and Marilyn Link.

'Y' Election Slated At Tuesday Meet In Stewart Hall

New officers will be elected at the YWCA all-association meeting Tuesday night, announced Miss Helen Brania, Y secretary. All members of the group will meet in the basement of Stewart Hall at 7 pm.

Lou Hilbert, director of the Methodist Church's Wesley Foundation, will speak on "World Relatedness," said Miss Brania.

Plans for a retreat to be held somewhere in the Lake Tahoe region on April 9 will be discussed. Installation of officers will be combined with group singing and a cook-out on the occasion, she added.

A series of lectures on successful marriage will be announced. Topics will be "Orientation for Marriage," by Dr. J. R. Young, professor of psychology; "Marriage and Maturity," Dr. Walter Bromberg, Reno psychiatrist, and "Religion and Marriage," by the Rev. Don Fleming, pastor of the Reno Methodist Church. April 25 will mark the beginning of these talks, though the time and place is still indefinite, said Miss Brania.

JANUARY GRAD WEDS LEGGETT TOMORROW

Miss Alice Ruth Doyle, January A & S graduate, will exchange wedding vows with John Brice Leggett, sophomore student, tomorrow at 2 pm at the First Baptist Church.

Miss Doyle, alumna of Delta Delta Delta, is an accomplished vocalist and appeared in several university assemblies. She was a member of the Choral Club and YWCA.

Leggett is a member of Alpha Tau Omega. The couple will live in Reno.

CALIFORNIA ART SHOW CAUSES CONTROVERSY

The faculty art exhibit of the California College of Arts and Crafts has caused much controversy among students, J. Craig Sheppard, assistant professor of art, said today.

Both abstract and conventional techniques were found in the exhibit, which closes today after a two week showing. Sponsored by the Fine Arts Club, approximately 450 students have seen the display up to the present time.

Renowned Dancer To Give Lecture On Modern Style

Miss King, nationally famous modern dancer, will present a modern dance lecture demonstration at 2 pm Sunday in the university gymnasium.

No other dancer has discovered so clearly the essential eloquence of modern dance technique," stated John Martin, New York Times dance critic, in a recent article about Eleanor King, soon to appear on the campus.

After Miss King left her position as soloist for the Humphrey-Wiedman dance group, she developed dance routines that present the "substrata of the mind."

"She," a dance showing the development of a woman from birth to death, is one of her latest group dances.

Miss King will come to Reno from the first Pacific coast dance festival at UCLA, where she presented a two-day dance concert.

Members of the dance theory class, instructed by Jacquelyn Van Gaasbeck, will meet Miss King at the airport on Saturday evening.

Tea will be served after the dance demonstration by officers of Orchesis, modern dance society. Gwen Byrd, president; Alice Pettis, vice-president; Mary Ferguson, treasurer, and Pat Crandall, secretary, will pour.

Tickets may be bought from Orchesis members or at the door.

BRANIA GIVES TALK ON YWCA ACTIVITIES

Miss Helen Brania, YWCA secretary, gave a 15 minute talk on her organization's activities over a local radio station on March 12. A campus religious council with a representative from every church in Reno was needed, she said. Reno residents who have part time work for students were asked to call the Y office.

Hiking on the Hill By Muriel Smiley

Let's buzz to the Waldorf, the favorite hangout of the college gang since goldfish swallowing and the collecting of fraternity pins were popular majors. This college corner, known as the "Wall," is practically another Grand Central Station and the rush on Friday nights is particularly mad. You'll find a most obliging waiter called Bill, who guarantees quick service and the comfortable leather booths are hard to beat. The atmosphere is definitely of the neighborly variety and socializing at the Wall is one of the unforgettable Nevada traditions that has mellowed through the years.

Waving a coke glass around casually, I saw Edgar Hollingsworth . . . towering six foot Tau . . . commonly called "Egads" . . . transfers from the University of Cincinnati, where he gained fame as right end on the football team . . .

ROSES FOR THE QUEEN

Couples attending the recent military ball were halted long enough to see Carol Lampe, Kappa Alpha Theta, receive a bouquet of roses from cadet colonel Bert Hildebrand. Miss Lampe also received a silver loving cup symbolic of her rank, "Queen o' the Ball." This is the first year the new title has been applied. In past years the chosen coed was named an honorary major.

Monday eve at the corner of Seventh and Sierra. Dropping in to look over the verbal side of the situation and cool his fevered brow was Del Thompson . . . junior class member majoring in econ, social life and minoring in good times . . . continually boasts of his 18 months old offspring "Taffy" . . . originaly hails from Winnemucca . . . has talent in the swimming, ice skating and golf line, but seldom succeeds in horse racing . . . excels in Espanol.

Relaxing in one of the circular booths, and in that cozy let's-talk mood were a group of damsels, among them Ida operates well digging machinery in the native soil—Love-lock . . . can often be found attired in boxing gloves . . . getting larnin' in the mining engineering field . . . enlivens dull moments with his self-styled humor.

Swapping tales and getting vitamins painlessly with one of the Wall's famous sandwiches was Patty Furchner . . . alert soph . . . favorite nomenclature is "Fergy" . . . well night five feet tall . . . history major . . . fond of all athletic sports . . . extra curricular activities include Fine Arts, Commerce Club and the Y . . . photogenic . . . meets

ATO's Dominate Qualifying Heats; Mural Track Men Meet Tomorrow

The Taus will dominate the intramural track meet dashes and hurdles if times made in the preliminary heats yesterday are any indication.

Mackay stadium will be the scene of the all-campus cinder meet which is scheduled to get under way at 2:15 pm. Admission is free.

Qualifying heats, to eliminate part of the numerous candidates, were held between 4 and 5 pm Thursday with the Alpha Tau Omega dashmen clocking the best times.

Ted Ensslin turned in a 9.9 in the 100 yard dash for the ATO's. Charles Springer, Lambda Chi, did next best with a 10 second run. Following these two to qualify were Sherman Howard, Independent, 10.1 seconds; Willard Elder, ATO, 10.3; Leo O'Brien, SAE, 10.3; John Walpole, Independent, 10.4; Jim Welin, ATO, 10.4; Elio Barsanti, Sigma Nu, 10.5. A strong wind aided the runners.

Tau Trio in 220
Three Taus, Ensslin, Elder and Herman Fisher, turned in the best times for the 220 yard dash. Howard and Barsanti, along with Everett Curliss, Sigma Nu, also qualified. If seven lanes can be put into the 220 runway, Jerry Wyness, SAE, will be allowed to compete. The 220 was run off against the wind and times were slow.

220 low hurdle men competed on a shorter runway of 200 yards minus one hurdle, and fast times were recorded. Only four men will be allowed to compete in Saturday's meet because of restrictions on the width of the track. Those that survived are Bob Collet, Sigma Nu; Fischer, Ensslin and Paul Stimick of the Independents.

Five men qualified for the finals in the 120 high hurdles. They are Fisher, Stimick, Collet, Welin and Jim Wright, ATO.

TENNIS COURT FINALLY GIVEN NEEDED REPAIRS

University of Nevada's tennis courts have been improved for this season's play.

Long in need of repair, the fence which surrounds the courts has been rebuilt and now prevents balls from bouncing into the nearby brush.

The area which lies immediately behind the playing court has been filled in and leveled off with the cement section. This improvement eliminates mishaps which occurred last year on deep back court drives, said Dr. M. W. Deming, head tennis coach.

It is hoped that a canvas covering may be stretched around the courts in the near future, and that minor repairs will be made on the nets, added the tennis coach.

A bulletin board is to be placed within the court area, and Dr. Deming expressed a desire that all tryouts for the varsity tennis team pay particular attention to the announcements.

Wolf Slat Artists Compete in Derby At Mt. Rose Bowl

Three Nevada ski team members, Jerry Wetzel, Ashley Van Slyck and Barnes Berry will compete in Reno's third annual Silver Dollar Derby to be held at Mt. Rose Saturday and Sunday.

The skiers will enter competition in the downhill, slalom and jumping events of the "A" division. The Silver Dollar Derby is the ski tournament that will decide the senior championships in the California Ski Association.

Wetzel stated that following the derby, the Wolf Pack skiers will enter the University of California sponsored Vanderbilt Memorial Cup meet at Donner Summit over the Easter vacation.

Last collegiate competition will be met when the Nevadans go to Salt Lake City, Utah, to vie in the Alta Cup Race later in April. This meet is open to all college teams in the west.

NEVADA GYMNASIUM

Standing room only—and little of that, was the keynote of the recent state high school basketball tournament held in the Nevada gym last week. An all-time high in attendance was recorded, and on several occasions, fans had to be turned away from the doors.

Revised System For 'N' Awards To Be Considered

A new letter award system and eligibility list for Block N awards will be reconsidered at a joint meeting of the executive committee and a committee representing the Block N next Tuesday, March 23, Jimmy Glynn, ASUN president, said this week.

Block N submitted a proposal to the executive committee asking that the system for awarding letters to football players be changed to read that a football player must play in at least 40 per cent of the total number of quarters during the season.

Under the old system a player had to play at least 25 per cent of the total playing minutes in a football season to earn his letter. The Block N feels that under the new unlimited substitution rule, first adopted last season, this system is no longer feasible since a player is on and off the playing field so many times during the course of a game that it is impossible to keep track of the total minutes he plays during a season.

The executive committee feels that if the old system of awarding is no longer feasible, then the new proposal of the Block N should be brought before the student body and voted on this spring, and letters should be given to football players playing during the 1947-48 season on this new system, Glynn stated.

Only 22 of the 36 men recommended by Coach Joe Sheeketski are eligible for the sweater award because of grades. Of the 22 who are eligible under the old system of awarding letters, only 18 will be eligible if the new proposal of playing in at least 40 per cent of the total number of quarters becomes law, Glynn said.

The executive committee which will meet with the Block N Tuesday is composed of Betty Tracy, Jimmy Glynn, Carl Riggle, Bob Campbell, Barbara Olesen and Jerry Parker. Bill Gillis, "Turk" Eliades and Jimmy Borge will represent the lettermen.

OLYMPICS CLUB PLANS HIGH SCHOOL VISITS

The Olympics Club, tumbling organization, is preparing for performances before eastern Nevada high schools. The show will be held as soon as weather permits the team to travel.

Their purpose will be to interest the high school students in university organizations and to give them an idea what the University of Nevada has to offer.

Art Broten, tumbling coach, promises many new routines which he has designed to give the younger audience a thrilling show.

PREP CAGE MEET FILLS WOLF GYM FOR FIRST TIME

For the first time in its four-year history as a hoop hall, the University of Nevada's gymnasium had overflow crowds to witness basketball contests.

During the semi-final games of the state high school tournament Friday evening, both seats and standing room were completely sold out. A large number of fans were turned away from the gym both Thursday and Friday nights. For the finals on Saturday evening there were a few empty aisles but all seats were occupied.

An estimated total of more than 16,000 people were on hand to witness the three-day tournament which saw Elko High win the "A" championship and Carlin High emerge with the "B" crown.

All tickets, gatekeepers and the gym itself were furnished by the university board of athletic control. The only cost to visiting high schools were incidental expenses such as lights and hot water.

"What a splendid fit," said the tailor as he carried the epileptic out of his shop.

Pack Track Team Boasts Material In Every Event

The varsity track team is shaping up very nicely in spite of the fact that the weather is preventing any stiff conditioning, Jake Lawlor, track coach said today. Lawlor, track men lined up in every event and expects to make many points when the team comes up against intercollegiate competition late in April and throughout May.

Considered by the coach as good men in the 100 yard dash are Willard Elder, speedy football back; Ted Ensslin, working out on the track for his first college year; Tom Kalminir, who got all kinds of practice running yardage during football season and Elmer Green. Elder will also run the 220 yard dash. Dick Trachock is slated for the 440.

Van Heusen Shirts

TIES · SPORT SHIRTS · PAJAMAS

Showing possibilities for the half mile run are Tom Cuniffe and John Fagan. Fagan showed very well last year when he made times in the 880 which were hitting close to the two minute mark. Ross Smith, 1947 cross country winner is slated to run the mile.

Entering the broadjump are Ensslin, Kalminir and Green. Looking good in the pole vault, said Lawlor, are Ensslin, Bob Collet and Bill Gillis. Green, John Walpole and Dick Gorman will compete in the high jump. Carl Robinson is conditioning for the high and low hurdles with

Hermann Fischer and Collet. In the weights division Lawlor is watching Paul Stimick, Tom Reinhart, Tom Bell, Everett Curliss, Fischer and Evo Giorgi for development on the shotput. Good discus men are Roger Brander, Tom Bell, Art Wigg and Fischer.

Nevada's track meet schedule includes an opener with the Cal Aggies at Davis, California on April 3, a meet with San Francisco State at San Francisco on April 17, and a meet scheduled for May 7 in Mackay stadium with St. Mary's.

Wolf Boxers Fight St. Mary's Gaels In Season's First Match at Hill Gym

(Continued from Page 1)
The first bout is between Moraga's Russ Schoelen and Cy Corbett. Corbett is a lad to watch, according to Coach Devine. This is his first season of varsity boxing, and has "the best left jab" he has seen, Devine said.

The second 155 pound contest will feature Al Nocciolo, Nevada gridster of 1944, against Neil Sweeney. Nocciolo has been showing great promise, said Devine.

Red-headed Don Blackham, of the university team is matching his dukes against those of Glen Bell who will fight for St. Mary's. Blackham is rangy in his footwork and should give a good display of skill, Devine stated.

Howard Heckethorn, veteran Pack lightweight, is matched against Charles Fredricks. Heckethorn is remembered by campus fight fans for his spunky past showings. Martin Rodriguez will fight for the Wolves in the 130 pound weight decision. Rodriguez tangles with St. Mary's Sanchez, in the first varsity bout on the card.

In the semi-final bout will be light-heavy Jack Davis and Charles Gardiner of St. Mary's.

An exhibition fight between local boxers Dean Hubberd and Phelan Samphon, will start off the evening's fireworks.

PACK TRACKS

By Bill McFarland

Tomorrow night's nose bustin' festival in the university gym between the Wolf Pack and St. Mary's Gaels comes as a real natural between arch rivals.

Still seeking their first team win, Cliff Devine's leather pushers will be swinging from the heels in an effort to cop their final ring showing of the year.

Both teams appear to be evenly matched. This is the first time since 1930 that the Moraga valley school has promoted a boxing squad. Likewise can almost be said for Nevada. Last year the Wolves had a team, but this winter is the first time a full fledged contingent representing all weight classes has performed since 1932.

Every indication is that this weekend's show will be a heated one with an abundance of knockdowns and maybe an occasional KO will be in the offing.

Talent Hunt

Spring football practice which gets under way April 1, has been tabbed by Coach Joe Sheeketski as a hunt for new talent. Not that Coach Joe isn't well satisfied with the crop of stars returning from last fall's team; he just has a hunch there is excellent material around the campus and wants to give it a chance to show itself.

The welcome mat is out at Sheeketski's office and equipment will be issued to every aspirant seeking a slot on the '48 squad.

Much to the regret of Coach Sheeketski and his staff, things look gloomy as far as a frosh football squad for next fall is concerned.

With finances just covering varsity activity and scholarships along with a limited coaching staff, it is practically impossible to handle a first year team.

Many prep stars that could be had look elsewhere when they learn that Nevada has no proving grounds for them. Many colleges throughout the nation season a number of their future players at junior colleges.

With football season still in the distant future, maybe Nevada could swing a similar deal, giving this university a chance to tap the barrel of high school stars which would ordinarily be Nevada bound if facilities for their abilities were available.

ROTC Rifle Squad Takes Third Place

Competing against 18 teams the ROTC rifle squad took third place in ROTC intercollegiate rifle matches recently and qualified to enter the ROTC national matches. Earl Grady, range sergeant, said this week.

The matches will be fired on specially marked postal targets and must be completed by the end of April, Grady said.

The University of California at Los Angeles and the State College of Washington won first and second place with scores of 3774 for UCLA and 3727 for WSC. Nevada's score was 3710 points. Three other western schools qualifying for the nationals at the University of Idaho, University of Arizona and the Utah State Agricultural College.

ENGINEER TO SPEAK AT MEETING OF ASCE

William Holcomb, state highway engineer, will be the guest speaker at the student chapter meeting of the American Society of Civil Engineers to be held April 8 at 7 pm in room 104 of the new Engineering building.

In addition to Mr. Holcomb's address, motion pictures will be shown.

Greetings

RENO PLAYLAND

20 West Second St.

Stanley J. Palmer Attends Meeting Of Engineer Deans

Indications that all undergraduate engineers will be absorbed by industry in the next few years were seen at a meeting of the deans of southwestern engineering schools, attended by Stanley J. Palmer, Nevada's dean of engineering.

The meeting, which took place on March 12 at the University of Southern California, also revealed the beginning of a uniform engineering curriculum. Some schools, said Dean Palmer, are already using this standard schooling.

Other indications are that teaching loads will be reduced to allow instructors more time for research and study of their own. This would mean more interesting and more valuable lectures. The meeting considered nine hours a week a full teaching load.

Dean Palmer also spoke of a trend toward replacing some of the courses which engineers have always taken, with modern studies derived from the most recent developments.

Nevada \$160 Short In Red Cross Drive

The University of Nevada fell \$160 short of its quota in the recent Red Cross drive which closed March 15, according to Helen Brania, YWCA secretary and campus Red Cross chairman.

Of the \$600 quota, \$422 had been collected on March 15, and small contributions amounting to \$18 were received this week, making the total University of Nevada Red Cross donation \$440.

This year's figure, Miss Brania said, is markedly smaller than in previous years, when a competitive campaign was launched by the individual campus organizations.

Three Frats Plan Social Functions During Weekend

Only three fraternities have social activities planned for their members for this weekend. Phi Kappa Sigma will have a sports dance Saturday night, Lambda Chi honors a new group of members at a banquet Sunday night, and the new Sigma Alpha Epsilon initiates entertain after the track meet tomorrow with a beer bust at the house.

The Phi Sig sports dance will be at the house at 9 pm and will last until midnight. It will be a costume dance with attendant depicting some sport or famous sports character.

Following the Sunday afternoon final degree, 18 new Lambda Chi members will be feted at a banquet at the 20th Century Club beginning at 8:30 pm. Louis Skinner, Reno attorney, will be toastmaster and Lou Titus, agriculture instructor at the university, is the guest speaker.

New members are: Jack Frankovich, Dely Anderson, Bill Bowden, Jack Clayton, Bill Gillespi, Bob Kennedy, Ronald Wolford, Eddie Messer, Edward Martin, Joseph Menicucci, Paul Moore, Bob White, Wally Rabenstein, Jerry Davis, George Proetti, Jim Bright, Jack Parker and Thomas Bowman.

Deming Issues Call For Tennis Players

With the first intercollegiate tennis match less than a month away, Dr. M. W. Deming, head tennis coach, has issued a call for all netmen to report to the university tennis courts each Monday, Wednesday and Friday at 4 pm.

Hilliard Discusses 'Rose of Sharon' Case at Meeting

Albert Hilliard, Reno attorney and board of regents member, discussed the "Rose of Sharon" case before the faculty humanities group Monday night.

A famous California and Nevada law case, the "Rose of Sharon" affair involved a murderer who never came to trial because of legal intricacies, Hilliard explained.

John Scott, Time magazine's Berlin correspondent, appeared at the meeting as a special guest. Mr. Robert Griffin, a local authority on Nevada history, was also present.

Sagers to Usher, Announces Wyness

Members of the Sagers, upperclassmen's service organization, will usher at the intramural track meet tomorrow, it was announced today by Jerry Wyness, president of the organization.

Wyness emphasized the fact that the meet would be a good opportunity for tryees interested in obtaining membership in the Sagers to start work.

"THE BEST IS YET TO BE"

The telephone will be seventy-two years old this year. Its development within a single lifetime has been a modern miracle. Yet it is only the beginning.

There are any number of men in the telephone business today—some just starting out—who will see greater progress than the past has ever known.

Year by year the next half century will be increasingly theirs. New leaders will appear from among them: Step by step, rung by rung, they will mount the ladder to the top. For telephone management is

employee management and comes up from the ranks.

There will be more good jobs for qualified men in the telephone business in 1958 and 1998 than now. It just can't help being that way. For of all the businesses and professions, there are few more interesting and necessary.

So the future is bright for those who make telephony their life work. For them, "The best is yet to be."

BELL TELEPHONE SYSTEM

Campus Queries

Everyone seems to feel about the same toward daylight saving time when questioned Monday afternoon.

Jackie Wilson, Gamma Phi, PE major, when asked how she felt about it, said, "You mean what I thought about it when I got up this morning, or what I think about it now?"

Other statements made were: Marge Menu, Tri-Delt, senior: "I can't see where it saves, you just turn lights on an hour earlier in the morning."

Wayne Ashley, freshman engineer student. "I think it's lousy. You get up too early in the morning and freeze to death."

Richard Bloute, veteran engineer: "It's prima."

Jeanne Garland, arts and science freshman: "I hat it! I miss my 8 o'clock."

Carmel Caruso, freshman arts and science: "I'm broad-minded and I love to get up

in the morning!" Duke Lindeman, transfer student: "No place should be without it."

Shirley Macauley and Joanne Sanford, in unison, freshmen, agriculture: "It's swell."

Dr. J. E. Moore of the chemistry department: "It's alright, and later it will serve its purpose of power saving."

Ray Lord, freshman engineer: "You stay up later in the night."

Smokes CHESTERFIELDS

He says: To start my day right, I smoke a Chesterfield.

Voted TOPS — Chesterfield, the largest selling cigarette in America's colleges (by nation-wide survey).

Citations Awarded To Lt. Col. Smee During Assembly

A record breaking crowd of 2000 saw Lt. Col. James C. Smee, assistant professor of military science, decorated for meritorious conduct in action against the Japanese in the south and southwest Pacific area, during the ASUN assembly in the gymnasium last Monday.

Col. G. E. Parker, head of the military department, read the citations which awarded the bronze star with oak leaf cluster to Col. Smee. Dr. John O. Moseley, president of the University of Nevada, and Mrs. Smee, mother of Col. Smee, presented the decoration.

Dr. Moseley announced that the assembly was part of the university's celebration to welcome the arrival of the Freedom Train this coming Sunday. He introduced John Scott, Time magazine's head man in Europe as guest speaker for the occasion.

Report on Russia

Scott spoke on what we should expect from Russia and what conditions now exist within the Soviet and the Russian zone of Germany.

Through humorous analogies, Scott pointed out that the Soviet government is founded on principles which take advantage of the fact that the majority of the Russian people are ignorant. Because of this ignorance, he explained, they are easy prey to the suggestions of their totalitarian leaders. He assured his audience, however, that regardless to this backwardness on the part of the majority, they are presented by shrewd diplomats who prefer to follow old, tried and proven methods of imperialism.

Our answer to the Russians should be presented, Scott contended, by making our system work so well that they will be able to see and realize its merits. The Marshall plan is the instrument which we should use to combat Soviet imperialism. He concluded by saying, "If we can make freedom ring we have nothing to fear from the Russians."

Women's clothes express their sentiment, says an advertisement. Some of the college girls we've seen lately are pretty vague.

SENIORS IN REVIEW

By Barbara Smith and Jane McTavish

Passing in review this week is John Witte, senior engineering student from Eureka, California. Witte came to the Nevada campus in the fall of 1943 and left the following spring for active duty with the navy. Under the V-12 program, he studied engineering at the University of Texas.

After discharge in the spring of 1946, he returned to Nevada. The well liked Lincoln Hall resident continued his civil engineering major.

Witte became a campus leader despite the hours required of him by his major. Besides being president of Blue Key, he is president of the American Society of Civil Engineers, student chapter, and vice-president of Sigma Rho Delta.

He is a senator, administrator of parking control, member of Coffin and Keys, and the engineers' day central committee. His activities qualify him for election to the 1948 Who's Who in American Colleges and Universities.

"It seems so long since I was in high school," he explained when quizzed about prep school activities.

Since graduation from Eureka high school in California eight years ago, Witte has attended three colleges and served in the navy for three years.

The Blue Key president began his engineering major at Humboldt State College. In 1942 he enrolled at Santa Rosa Junior College.

Although he spent only one year at Santa Rosa, he was elected president of the Associated Engineers, served as chairman of the finance control board and was a member of the student council. In addition he played rugby and was a member of Mu Lambda Chi, social service organization.

He hopes to obtain an engineering job in southern California after graduation.

McCLOSKEY HAS HEIR

Conrad McCloskey, sophomore from Highland Terrace, became a father again on March 11. The new arrival weighed almost nine pounds and was named Janet Mary.

DON'T SHAKE OUT THE MOTHBALLS YET, MAMA DEAR

Probability of veterans of the last war being called to duty if a new draft law is passed is slight unless the U. S. engages in actual hostilities.

President Truman, in his St. Patrick's Day address, asked congress for legislation for universal training and selective service. Army authorities have stated in recent press releases, however, that men who have come of military age after the last war will probably fill the 120,000 man shortage in the army.

Others suggest that the pressure of a draft law will probably boost recruiting to a point where any other shortage would be filled.

Army authorities are also studying the possibility of calling up the national guard and organized reserves.

According to the army experts, another act of congress would be necessary to call up the 10,000,000 World War II veterans.

INFIRMARY CASES

Eight students were in the university infirmary last week. The hospitalized were Charles Pulsipher, Wayne Bradford, Cli. Banta, Ann Hunter, Mary Zorazkis, Winona Earl, Bonnie Taylor and Eddie Gomes.

Back the Pack.

FLAG RAISING AT ARMORY

Six navy men participate in flag raising ceremonies in front of the new and nearly completed naval armory. Installation of equipment begins Monday and the project will be ready for occupancy in the near future.

"My success is practically assured," said the Nevada aggie who had just purchased a dairy farm. "It's in the bag."

Installing of Gear At Naval Armory Set for Monday

Installation of equipment will start in the navy training center located northeast of the campus Monday morning when two officers and eight men from Treasure Island will arrive to begin work, Allen E. Plummer, navy engineer, said today.

Added to the ten men will be 20 reserves called from the Reno naval reserve to help in the installation of the equipment, Plummer added.

Final work on the training center is still being retarded by lack of plumbing, with the steam heating plant also still behind schedule.

If every boy in the U. S. could read every girl's mind, the gasoline consumption would drop off 50 per cent.
