

ALL HAIL THE QUEEN

PACK FACES CHICO MYSTERY TEAM IN QUEST OF THIRD TRACK WIN

The mystery team from Chico State will furnish the opposition as Nevada trackmen go after their third straight dual meet win in Mackay stadium tomorrow.

So far, according to coach Jake Lawlor, no one even knows whether or not Chico has had a meet, let alone how strong they are.

Lawlor was impressed with the performances of Stimac in the hurdles and Richardson in the two mile in last week's meet with San Francisco State. Each of these men took a third in his event and Lawlor expects them to add needed depth to his squad. Gerken in the discus has also been impressive in recent practice sessions and should be able to help the Wolf Pack weightmen.

Lawlor has been holding time trials in recent days and was pleased with the results. Howard and Springer ran a 10 flat hundred with less than a foot separating them, and Carl Robinson tied the school record with a 15.5 flight of high hurdles.

All of Nevada's cripples should be able to compete tomorrow, with the exception of John Walpole, high jumper, who is out for the season. His loss should be offset by the return to competition of Ron DuPratt one of the leading jumpers on last year's team.

Sororities Plan Weekend Events

Gamma Phi Beta, Kappa Alpha Theta and Pi Beta Phi have scheduled social activities for the weekend.

Cokes and cookies are on order at the Gamma Phi Beta cove hour from 3 to 5 this afternoon. The Nevada high school presidents will have lunch at the house tomorrow. An exchange dinner with the Sigma Nu fraternity was held Tuesday night.

Members of the Mother's club of Kappa Alpha Theta will be entertained by Theta actives and pledges from 2 to 5 p. m. on Sunday at tea. Theta alumni are invited to attend the tea at Mrs. E. P. Caffrey's house.

Pi Beta Phi members and alumni will celebrate Founder's day at 1.30 p. m. Saturday at a lunch at the Twentieth Century club. Geiger grade is the site of the Pi Phi steak fry to go on at 6 pm tonight. Mr. and Mrs. Lyman Earl, Gene and Doris Mastroianni and Mrs. Nellie Corle, housemother, will chaperone the Pi Phis and their dates.

Delta Delta Delta members and their fathers celebrated the annual Father's night Wednesday night at the chapter house. Rose Oyarbide was chairman.

ART EXHIBIT SHOWN LAST TIME TODAY

Paintings by the San Jose State college faculty were exhibited for the last time today by the Fine Arts club. Oils, water colors, gouache and monotypes were among the media shown.

PEAVINE N GETS COAT OF WHITE FROM FEW FROSH

The university "N" on Peavine mountain received its first coat of white for the new year last Saturday morning. The event was supervised by Block 'N' representative 'Bud' Bowers and Freshman class president "Ted" Lokke.

The number of freshmen that showed up for the affair was small, Bowers said. Those that did not show up, or did not present excuses before 8 o'clock Saturday morning, are liable to punishment by "laking" or other methods.

Two trucks were supplied by a local construction company to the organizations for the painting of the university landmark. They were cost-free with the exception of the driver's wages. As one of these was a tank truck, Bowers said, the work was made a lot easier.

The freshmen who did turn out did a fine job, the Block 'N' representative remarked. Doughnuts and coke were served by the freshman class.

Gal Sharpshooters Win 19 Matches, Lose Only Twice

The university women's rifle team made a good showing in the intercollegiate postal matches fired this season, Sergeant Earl Grady, who is in charge of the rifle range, said this week.

Drop to Drexel
The women's team won 19 matches, losing only two, one to Drexel Institute and the other to Pennsylvania State College. Scores of the matches fired are Beaver College 492, Nevada 496; University of Idaho 488, Nevada 496; Colorado A & M forfeited their match to Nevada; Pennsylvania State College 496 to 493 for Nevada.

The University of Massachusetts forfeited a match to Nevada; University of Kansas lost 473 to 496; Ohio State University 480 to 496; University of Maine 486 to 496, and Ohio University 490 to 496.

'Sharp' Shooting
Drexel Institute shot a perfect 500 points out of a possible 500 to win over Nevada with a score of 497. Nevada also scored 497 against 480 for the University of New Hampshire; 486 for Cornell University; 493 for Texas State College and 493 for the University of Pennsylvania; and Nevada score was 496 points against 474 for the University of Cincinnati; 490 for Carnegie Institute; 488 for Monmouth College and 475 for the University of Massachusetts.

The University of Hawaii's score was 488 to 497 for Nevada; Michigan 480 to 497, and the University of Wyoming lost to Nevada with a score of 494 points to 497.

Gerry Parker.

HER MAJESTY!

Gerry Parker Given Earl Carroll's Nod

Reigning over the 35th Mackay Day celebration will be Queen Gerry Parker, Dale Riley, Mackay Day chairman, disclosed today. Chosen from six candidates by the world-renowned beauty expert, Earl Carroll, the comely Independent will be crowned at the climax Mackay Day Ball. Serving in the queen's court will be Virginia Cole, Delta Delta Delta;

Student Presidents Annual Convention Underway on Hill

An estimated 40 student-body presidents of Nevada high schools arrived on the campus this morning to participate in the annual High School Presidents convention scheduled for this weekend, Rex Jemison, chairman of the sponsoring ASUN committee, announced today.

The object of the annual convention is to solve the problems of the high school presidents. This year an additional task of setting up a Nevada State Association of High School Presidents will be undertaken.

This morning the presidents were conducted on a tour of the campus by the ASUN committee. At a meeting in the Aggie building this afternoon, the group was addressed by John O. Moseley, president of the University of Nevada; James Glynn, ASUN president; Robert Griffin, dean of men; and Miss Elaine Moble, dean of women.

Free Tickets
Free tickets for "Brother Rat" will be given to the visitors for this evening's performance. Also on the schedule for today is an assembly in the auditorium of Reno high school, and a picnic dinner near the tennis courts on the campus.

Another meeting is listed for tomorrow morning at the Aggie building and one again in the afternoon. A banquet at a local hotel and a dance at Huskies Haven will fill up the remaining part of the evening.

The women presidents are lodged at Artemisia-Manzanita and the men presidents were split up among the fraternities. They will take their meals at the various sororities and fraternities.

On Rex Jemison's ASUN welcoming committee are still Bill Ebert, Bud Gianelli, Betty Tracy and Bonny Mollignoni.

SENIORS WARNED OF TOG DEADLINE

All seniors who expect to receive their diplomas capped and gowned and have not yet signed up for their commencement togs had better do some hurrying. The deadline for the sign-up is tomorrow, April 24.

Miss Claire Johnson, university cataloguer, reports that several seniors have not signed up yet.

The sign-up is taking place at the cataloguing department in the library building.

Alberta Brunner, Gamma Phi Beta; Naomi Batjer, Kappa Alpha Theta; Zina Coe, Artemisia-Manzanita; and Alice Tulloch, Pi Beta Phi, who were runner-ups for the queen title.

Queen Gerry's activities will include presiding over the annual Mackay Day luncheon, majestically overseeing the entire schedule of events on the celebration day, and presenting awards to the winning individuals and groups at the Mackay Day Ball.

CARROLL'S CABLE

I have chosen Miss Girard Parker to reign over your 35th Annual Mackay Day. My warmest congratulations to her and best wishes for a successful celebration. Sincerely, Earl Carroll.

Bill Sorenson's 10 piece band, a local group, has been selected from several bands auditioned by the dance committee to furnish the music for the dance.

Announcement was made by the luncheon committee that all unaffiliated members of the student body and faculty members can obtain luncheon tickets at the comptroller's office instead of at tables in front of the library as previously announced.

The committee pointed out that only 50 tickets are available for faculty members and that they would be sold on a first come, first serve basis.

Dr. Effie Mona Mack, Reno high school teacher and well known Nevada historian, will be guest speaker at the luncheon. Riley stated that Dr. Mack's subject would be announced later.

LACK OF MONEY HOLDS UP ASUN BUILDING PLANS

"There have been no new developments on the proposed new student union building," President John O. Moseley said today.

Since the proposed building will cost about \$750,000, lack of money is the chief holdup in plans at the present time, Dr. Moseley added. "It will be necessary to start a campaign to raise funds," he said.

Mentioning that he had recently talked to the Associated Alumni of Southern California, Dr. Moseley stated that their response was enthusiastic.

Several contributions have come in, the most recent being a check for \$25 from Miss Dorothy Crandall, 4418 East Tunnell St., Santa Maria, California. Miss Crandall seemed to be very much in favor of a new student union building in her letter which accompanied the check, Dr. Moseley added.

BRADSHAW RINGS LEE

Maida Lee, Pi Phi, recently received the engagement ring of James Bradshaw, Lambda Chi.

CINCH NOTICES GIVEN TO 857

A total of 1,251 delinquent scholarship notices were given to 857 students here this week.

Figures released by Miss Jeanette C. Rhodes, registrar, indicated the mid-semester outlook on April 10. A total of 299 men students received 456 warnings in grades of "E," "F" and "I." Sixty-one women received 84 notices of the "EFI" variety. Grades of "D" were given to 497 students.

Last mid-semester reports on November showed that a total of 1,237 students received 1,779 notices. Of those in the "E-F-I" class, a hundred women received 137 "cinches" and the 377 men tallied 558. In addition, 760 students received 1,084 "D" grades.

A check reveals 528 less notices than given last semester. Students receiving "EFI" notices decreased by 380 persons, and "D" grades given decreased by 373.

Y SECRETARY LEAVES TO ATTEND CONCLAVE

Helen Brania, campus YWCA secretary, left yesterday to attend a weekend staff conference for student "Y" secretaries in Berkeley.

Problems of YWCA, seen in Nevada and northern California will be discussed by the leaders, said Miss Brania before leaving. Since the group attending the affair will be small, exchanges of experience will be facilitated, she added.

Taus Boost Lead In Intramural Ball After Snake Upset

Alpha Tau, Omega's intramural horseholders held the only unblemished record after three weeks of baseball play. The Taus had their lead boosted when last year's champions, Sigma Nu, were upset 9-7 by the surprising Theta Chi nine, in a Clark Field thriller yesterday afternoon.

In other games this past week, ATO slipped by the Independents 11-10, in a thriller, and Lambda Chi had little trouble in defeating Sigma Rho, 10-3.

Theta Chi started fast to take the Snakes into camp by leading off with seven early runs. Duane Spencer pitched stellar ball as well as having a plate picnic at the expense of the hapless Snake pitchers. Briner, McCray and Knudsen made up the Sigma Nu battery.

Going into the final inning, the ATO-Independent game appeared to be a rout when the Independents suddenly broke loose with an 8-run barrage to bring them within one run of the Taus. ATO Elder retired the last batter and the tying run died on third.

Lambda Chi overcame a three-run deficit in the first inning to overpower Sigma Rho, 10-3. Veteran pitcher Turk Eliades handled the Lambda Chi mound chores. Sigma Rho battery was Doney and Robbins.

FINAL CURTAIN DROPS ON 'RAT'

The last performance of "Brother Rat," humorous stage play being presented by the ASUN, goes on tonight in the auditorium of the Education building at 8 pm sharp.

The all-student cast is headed by Rex Jemison, the lead. Other players are Jane Baty, Anita Davidson, Norman Carruth, Fay Fryberger, Pat O'Brien, Wayne Lewis, Harold Hayes, Scotti Mullert, Gordon Hayes, Haskell Tarlow, Harold Spencer, and George Bennett.

The play ran through several seasons on Broadway and was made into a motion picture. The plot deals with cadet life at the Virginia Military Institute. Admission to tonight's performance is free to all ASUN members.

RENO ROTARY HEARS TOP NEVADA DEBATERS

Scott Whitney and Bonnie Yturbe, two of debate coach S. H. Vinocour's top speakers, conducted a debate on "World Organization" at the regular Monday noon meeting of the Reno Rotary club.

Both Whitney and Yturbe will go to West Point, New York, to represent the University of Nevada in the national collegiate tournament April 28.

FOR BETTER OR WORSE . . .

Due to a situation beyond our control, it has become necessary to break the "Mackay Day Queen Story" a week earlier than has been the custom in the past. Actually, by coming out a week sooner on the story, everyone profits. The Sagebrush gets its scoop (and it's becoming harder and harder to do), the celebration benefits by a week of good publicity, and the queen is given much more prominence by not being announced one day, and having the 'thrill of a lifetime' ending the next.

There will be those amongst the student body who will cry, "The Sagebrush is breaking an age-old tradition by not waiting until the day preceding the big event to announce the queen." To those we say, "Perhaps." But we feel that we are preserving the tradition of breaking the news in the student publication—even though it is a little early. If the truth were known—and it won't be by many of the fellows and girls, the additional week will add prestige to the celebration through all the publicity that will be given the queen and her court.

Be that as it may, we'll be willing to wager that the majority of the ASUN'ers will welcome the change and be behind our move one hundred per cent. At any rate, the story is out. You have your queen! Now you can give her the acclaim that the position of Mackay Day Queen deserves.

Speakers Bureau Organized on Campus; 30 Members Offer Variety of Subjects

A speakers' bureau, consisting of 30 faculty members, has been organized on the campus and will offer aid to organizations and groups throughout the state who frequently seek the services of speakers from the university.

Speakers, and nearly 100 topics for talks, are listed in a directory recently issued by the dean of men and alumni executive secretary.

History and agriculture departments can furnish the greatest number of subjects and speakers, according to the directory. In addition to speakers, the agriculture department offers motion pictures of various phases of agriculture, which can be obtained through the bureau.

The history department has available lecturers well informed on contemporary affairs, or familiar with many

aspects of Nevada history. This group also has specialists to talk on Korea and Palestine.

"How to Look at an Art Exhibit," "Art in Everyday Life," and "Modern Art," are some of the topics for talks by speakers from the art department.

English department commentators have discussions ranging from "Trends in Modern Poetry" to witchcraft, and black arts from medieval to modern times.

Other topics listed include foreign policy, the setting forth of economic, military and historical points of view, various astronomy talks on the universe, planets, modern calendar, commencement, and parent-teacher programs.

Slowest thing in the world—a nudist climbing over a barbed wire fence.

Carbon Copy To the Editor

Atlanta 1, Georgia
April 16, 1948
Miss Muriel Smiley
c/o U. N. Sagebrush
Reno, Nevada

Dear Miss Smiley:
Our attention has been called to the article which appeared in Sagebrush under the caption, "Hiking on the Hill" on March 19, 1948. You used the phrase "coke glass." We assume you had reference to a glass in which Coca-Cola is served inasmuch as coke is Coca-Cola and Coca-Cola is Coke.

There was an oversight in that you spelled "Coke" with a small "c," whereas the correct typographical treatment for all trade-marks is to write them with an initial capital. "Coke" is the registered trade-mark of The Coca-Cola Company and Funk & Wagnall's Dictionary recognizes it as synonymous with Coca-Cola. Our information is that in the near future other dictionaries will define Coke as a trade-mark of The Coca-Cola Company.

Naturally we are pleased that many prominent writers and publishers compliment us by referring to our product and trade-marks. Since "Coke" is a registered trademark won't you please be good enough in the future to give it correct typographical treatment—thus "Coke."

Cordially yours,
Julius R. Lunsford, Jr.
(Our apologies to "Coke" and our national circulation is getting to be terrific.)

UP CORRESPONDENT SPEAKS TO STUDENTS

Roving United Press correspondent Robert Miller spoke to journalism students Wednesday morning on world affairs.

Miller graduated from the University of Nevada in '38 and joined the United Press. During the war he covered the battle of Guadalcanal, the invasion of France and finally the Nuremberg trials. While covering Nuremberg he was awarded a Neiman scholarship at Harvard University.

Whisker Whispers

Black, white, thick, thin, long, short, rough, sleek—what? Beards. Until Mackay Day, Nevada men will grow mustaches, goatees and sideburns to the horror of some and to the glee of others. Let's listen to some whisker whispers:

Jack C. Collins, senior pre-med: "I think it's ab-sol-ute-ly bar-bar-ic."

Lynn Laughery, sophomore English major: "It makes the boys look so masculine."

Frank Crescenzo, junior chemistry major: "With no shaving I get 10 minutes more sleep."

Genevieve Swick, senior pre-med: "Beards fill in some faces."

Joe Knoll, freshman pre-med: "Fine idea—wish I could grow one."

Ruthie Cooper, freshman, normal: "They're different."

Haskell Tarlow, senior zoology major: "The girls don't like me any more."

Clayton Hurst, sophomore pre-med: "Beards are inconvenient."

Jo Hibbs, junior English major: "At least we know Mackay Day is coming."

Phillip Whitmer, sophomore mathematics major: "An interesting tradition."

Elaine Allredge, freshman English major: "I hate them."

Pete Mygatt, sophomore journalism major: "Beards are not unsanitary."

Rosemary Welch, junior zoology major: "On some people they look good."

Geological Society Presented Papers By Mining Faculty

Three papers on geological questions were presented by members of the Mackay School of Mines faculty during the forty-fourth annual meeting of the Cordillerian section of the Geological Society of America recently.

Dr. Vincent P. Gianella presented a paper entitled "Fusion of Lacustrine deposits near Verdi, Nevada." A study of deposits by prehistoric lakes in this region.

Professor Allan Cree's paper dealt with rock under the title "Tertiary Intrusives in the Hesse-Tolland Area, Boulder and Gilpin Counties, Colorado."

Professor H. E. Wheeler entitled his paper "Cryptozoic-Cambrian Correlations in California, Nevada and Utah." This concerns the strata of rock in these areas.

The meetings were held on the campus of the California Institute of Technology. Meeting in conjunction with the geologists were the Paleornithology Society, study of fossils of birds and the Sedimentology Society.

Chem Department To Show Oddities

A "sex appeal indicator" will be one of the eye-popping exhibits featured by the chemistry department when it opens its show for Engineer's Day, May 15.

In fact, all the exhibits will be eye-popping. That is the promise of Don Lyman, the engineer day chairman for that department, and co-promoters Darrell Lemaire and Walter Averett.

Top-most in the scientific display will be an atomic energy show, an exact duplicate of that with which the American Chemistry Society is now touring the United States. Coupled with this will be a film on the history of development and use of the mighty atom.

The chemical display will not be entirely of a serious nature, however. Besides the "sex appeal indicator," the science building will be run-

ning over with oddities such as faucets which spout water while suspended by wire from the ceiling.

Lyman predicts the most interesting and successful chemistry show on any engineer day agenda. Pointing out that the exhibits will be presented in a non-technical, understandable way, he emphasized the importance of attending such shows in this, the atomic age.

A-M Association Faces Possible Split To Facilitate Meets; Simplify Control

Next Tuesday, April 27, the women living in Artemisia and Manzanita halls will vote on the question of splitting the A-M Association into two separate organizations, each hall to have a constitution and representative to the senate.

The monthly meetings will then be held in each hall. This will eliminate the necessity of going to the education auditorium. With the new constitutions, meetings can be held any time from 9:30 to 11:30 pm in the hall.

Disciplinary measures will also be easier to handle with the smaller group of girls. Under the present arrangement many of the women have felt the executive committee was remote and not working with them, Roberta Butler stated this week.

It is hoped that there will be a closer contact between the housemother and the student government. This particularly has been lacking since the A-M officers cannot be everywhere at once, said Miss Butler.

As the constitution now stands, if one of the halls wants to hold a tea, or buy something, it must get the approval of the other hall. This will be eliminated with the new constitutions. The money now in the A-M treasury will be divided equally between the halls if the separation goes into effect.

The separate organizations will help each hall strive for a better spirit, Miss Butler said. Many of the activities which the halls could have participated in were ignored because of lack of cooperation. The A and M did not have a float nor decorated the halls for the ski carnival because this lack of interest. It is hoped that this will be eliminated through competition between the two halls.

A certain city voted to spend \$25,000 for the planting of trees—that's a lot of money going to the dogs.

Regional Y Wheels Feted During Visit To Nevada Campus

Numerous social affairs were held for Miss Edith Lerrigo and Bruce Maguire, regional secretaries of YWCA and YMCA respectively, during their visits to the campus Monday and Tuesday.

Luncheon was served at the home of Pres. and Mrs. John O. Moseley Monday for Miss Lerrigo. Members of the YWCA cabinet and Miss Helen Brania, campus secretary of the group, also attended. Miss Lerrigo spoke briefly to the women.

The regional YWCA secretary was also the guest of honor at a Monday night dinner. Misses Brania, Alice Jane Chism, Mary Lou Sewell and Marjorie Menu attended the dinner.

Tuesday noon Miss Lerrigo was feted with a luncheon arranged by Miss Brania, to which were invited Dean Elaine Mobley and Misses Alice Terry and Mary Lou Sewell. In the afternoon Miss Lerrigo was the guest of honor at a tea given at the downtown Y.W.C.A.

Mr. Maguire spoke briefly to laymen of the YMCA at a luncheon Tuesday noon.

Kornmayer Heads New WRA Officers Elected to Posts

Freda Kornmayer was elected president of the WRA executive board Wednesday.

Her officers will be Phyllis Green, vice-president; Alice Pettis, secretary, and Fay Fryberger, treasurer.

The newly elected officers nominated two weeks ago by the retiring executive board and the floor, will be installed at a WRA banquet in May.

Managers of women's athletic teams will be appointed by the board next fall.

The candidates in Wednesday's election were: for president, Freda Kornmayer and Marjorie Simon; vice-president, Bonny Mognoni and Phyllis Green; secretary, Alice Pettis and Rose Oyarbide; treasurer, Fay Fryberger, Jackie Wilson, Beverly Simon and Mary Lee Scott.

Betty Ann Rice, president; Lois Hitchens, vice-president; Helaine Heywood, secretary; Barbara Olesen, treasurer, are the retiring officers.

MODEL MAIDS

Carol Lampe, Kappa Alpha Theta, and Helen Keddie, Delta Delta, display styles for the coming season at the AWS fashion show last night.

HIKING ON THE HILL

By Muriel Smiley

Filed away under Friday's "Thank Goodness It's Friday Club," I came across an informal get-together at the Gamma Phi Beta House known as "Coke-Hour." 710 Sierra Street is an address to remember when you're ready to abandon hope of passing any of your courses and wish to relax after a week of hard work. You may sit in a big comfy chair and if the committees who are running the show are feeling genial, they are apt to serve you with Coke and snacks as a supplement. There are seldom enough chairs for everyone, however, and the floor is usually covered with late-comers.

Alternately scurrying for Cokes or jumping up to answer the doorbell last Friday, I noticed Carol Keith . . . jovial senior . . . transferred from Sacramento Junior College . . . majoring in psychology, minoring in music . . . enthusiastic Ski-Club member . . . takes time out to swim and skate as well . . . far-famed for her puns . . . warbles with the University Choir . . . inhabitant of the Gamma Phi House.

Exhibiting his skill in the wit line was Lee DeLauer . . . boasts about his nickname "The Mite" . . . cultivates

gray hairs while managing the Sigma Nu baseball team. . . Soph with BA interests . . . possesses a shiny blue chevy . . . Finance Officer of the American Legion . . . debate squad member . . . prefers to play bridge as a pastime.

Involved in a rapid bridge game was Janie Ray . . . natural fun-loving Tri-Delt . . . History major in the Sophomore category . . . voted by an SAE as the girl most apt to rate a wolf call . . . writes daily Oregon way . . . YWCA member . . . belongs to Saddle and Spurs . . . proud of her brand new niece, Janie Dodge.

Pan Hellenic Airs Extra Activities Problem of Coeds

"Can the average college woman be a successful member of an indefinite number of extra-curricular organizations?"

This is the problem now under discussion with the University of Nevada pan-hellenic council, according to Marge Menu, council president.

Some of the local coeds are members of six or seven societies, having no relation to each other, while there are others who have no outside activities.

According to pan-hellenic members, a woman can devote herself successfully to only two or three outside activities.

Many nearby western colleges limit the number of extra-curricular activities on a point system, making it necessary for each graduate to have a definite number of points in these for graduation.

Other colleges merely limit the number of activities that a student can undertake, Miss Menu pointed out.

Benedict Appointed Province President At Home Ec Meet

Althea Benedict, president of the Home Economics Club, was appointed vice-president of the 15th Providence at the recent American Home Economics district conference in Yosemite, Calif. Province 15 includes California and Nevada; there are 16 provinces in the United States.

Miss Benedict will attend the national convention of home economics in Minneapolis, Minn., in June, and she will also attend the American Home Economics Association of College Graduates in the fall.

At the district conference, the University of Nevada excelled, in regard to the report

of the number and originality of the club activities, and have been asked to send pamphlets to other colleges, reporting their work.

Attempt Is Made To Fill Openings On Pack Schedule

Efforts are being made to fill the two open dates left on the Wolf Pack football schedule, Joseph L. Sheeketski, head football coach, announced today. The remaining dates are September 18 and November 13.

Feelers have been sent to Hardin-Simmons at Abilene, Texas, in regard to the September 18 game here. Nothing definite has come out of the correspondence as yet.

The other unscheduled game is being held open so that the Las Vegas alumni may obtain an opponent for the Pack.

Sheeketski emphasized that the football squad is very low on players and that any university student who is eligible scholastically is welcome to come out for the team.

Smallest Squad

"The University of Nevada football squad is the smallest in the nation among schools playing major schedules," he said. Due to this small group of 25 to 30 players, many of them are being switched over to different positions so that every player can be efficient in more than one spot.

"Last year's schedule was tough, but I consider this year's schedule the toughest that the University of Nevada ever tackled. Each team we are going to play is considered a major threat. For example, Santa Clara, San Jose State and North Texas State all are powerful this season," said the football coach.

Quite a few of last season's players are now out for track and are not expected to turn out for football practice until the track season is over. A number of new men have turned out, according to the coach, but actual scrimmages cannot be held until every man is acquainted with the offensive and defensive assignments.

Winnemuccans See Tumblers Perform

Winnemucca residents were enthused over the performance the University of Nevada tumblers put on Saturday evening, according to Rex Daniels, Alumni director, and Art Broten, physical education instructor. The Olympics club tumblers put on a half hour show in conjunction with the alumni sponsored student group that entertained in Winnemucca over the weekend.

The show featured 12 men dressed in white who performed on the mat and springboard. Especially popular were the two clowns, Don Thompson and Bob Coughlin, according to Broten. The club also did its newly perfected "special," the "triple-pass dive."

The tumblers will concentrate now on apparatus work with most attention spent on the horizontal high bar. No appearances are scheduled at present.

TOUGH SCHEDULE FOR GOLF TEAM OVER WEEKEND

Nevada golfers left this morning for what, according to coach Bob Swartz, should be two of their toughest meets of the season.

This afternoon they met the Sacramento college team, which boasts as its number one player, Al Nelson, Pacific Coast Intercollegiate champion. The rest of the Sacramento team, while not of the calibre of Nelson, is capable of giving the Wolf Pack golfers all they can handle.

Tomorrow the Nevadans go on to Stockton, where they will encounter C.O.P., a team which is bulwarked by Bud Troyer and Andy Blossom, who were two of the outstanding men in the recent collegiate meet at Santa Cruz.

Joe Perez, with scores of 72-75 for a total of 147 in the recent ladder play, will be Nevada's number one man and will meet Nelson. Other Nevadans who will make the trip are Bob Larsen, Joe Foley, Stan Kosakowski, Pete Smith and Charley Sanic, with Harry Gould and Earl Charlton as alternates.

Quarter Horse Races To Be Featured In Aggie's Second Annual Exhibition

Entries from all parts of the west continue to pour in for the second aggie horse show, scheduled for May 9, at the Reno rodeo grounds. Manager Mike Galli reports interest is high in the quarter horse races which were programmed to be match races but will be unlimited.

The new cutting class, special class for ranchers with stock horses, has attracted entries from cowhands in Nevada and California. In addition one aggie student at the university, Fred Dressler, from Minden, Nevada, has made application for the class.

Strictly a cattle and horse contest showing the skill of the horse in turning, stopping, starting and cutting out cattle, it has been branded a must in horse shows. Experts claim that these horses show near human ability. A special trophy plus cash awards are offered to the winner.

The idea for the class was adapted from the methods used by cowhands when separating cattle for branding, marketing and range herd for the coming year. The tenden-

cy of the cattle is to stick together and only well trained stock horses can force the cattle into separate corrals.

The sport of kinds will have its hour at the show when the four quarter horse races are run. These horses are world famous for their fast start and sustained speed over a short distance. Not even the thoroughbred can match the quarter horse in speed.

It is believed that this will be the first time a university has sponsored quarter horse races. Last week only eight horses had entered and four matches were scheduled. However, in the last few days more entries were received and four races of an unlimited number in each is planned.

The racing committee consists of George Wingfield, Jr., presiding steward; Howard Murphy, racing secretary; George Potts and Lyle McCartney, track judges; Cliff Gardner, starter; Professor F. W. Wilson, Harry Frost and Dr. George Bambrugger, presiding judges.

Forty-Five Vets Become Legionnaires At Post Initiation

Forty-five campus World War II veterans were initiated into the University of Nevada American Legion Memorial Post No. 13 Saturday evening. The ceremony was held in the new gymnasium. Officers installed in the new post were Ed Drennon, commander; Jerry Wetzel, vice commander; Jim Werhle, adjutant; Lee DeLauer, finance officer; Lyle McCartney, historian; Doug Trail, sergeant-at-arms; and Gene Mastroianni, executive committee member.

The new organization was installed by an initiation team from the Washoe County Voture of 40 and 8. William R. Black, commander of the Reno Darrell Dunkle post No. 1 had charge of the meeting. Brian P. Burt, state com-

mander, presented the charter. National Committeeman Thomas W. Miller was in charge of all arrangements for the initiation.

Speeches of welcome were given by Dr. John O. Mosley, president of the university, and by the commanders of the various Reno American Legion post commanders who attended the ceremony.

A sensible girl is not as sensible as she looks because a sensible girl has more sense than to look sensible.

NEVADA NETMEN JOURNEY SOUTH FOR TWO GAMES

Seeking its second win in as many starts, the university of Nevada tennis team journeyed southward this weekend to meet netmen from Sacramento college today, and to match talents with the California Aggies' racquetmen Saturday.

Head tennis coach Dr. M. W. Deming and six players left this morning en route to the Center Lawn tennis club in Sacramento.

The Pack team scored a win over the Cal Aggie club last year, but this is the first contest with Sacramento college.

Games remaining on the tennis schedule:

May 16—Sacramento college, here.

May 6—St. Mary's, there.

May 7—U.S.F., there.

May 15—Chico college, here.

May 22—Reno tennis club, here.

Tau: "You've been holding my hand for two hours, Alice! Is it love or mistrust?"

TENNIS TIME REVISED

Women's tennis practice will be extended another hour, Jackie Van Gaasbeck, faculty advisor, announced. Practice will be held from 3 to 4 p. m. and 4 to 5 p. m. on Tuesday and Thursday. The women may still sign up for the sport.

Nevada Cindermen Score Upset Win Over SF State

Wolf Pack cindermen fooled the experts last Saturday when they upset San Francisco State College by the slim margin of 11-3 points, winning 66-1-6 to 64-5-6, at San Francisco. It was also their second upset win of the season, the first being over Cal Aggies and kept their undefeated season intact.

The meeting was held at the athletic field of St. Ignatius High School because a heavy rainfall had made the Kezar stadium track and the S. F. State field, the first and second choices, useless.

Although the field at St. Ignatius H. S. was drenched with rain also, the officials put their heads together and with several improvisations, such as running the sprints on the turf of the football field, the track meet was held. The times were kept down by the wet field but good performances were turned in by both teams. The 220 yard dash was shortened to 140 yards, and both hurdle events were shortened. The 220 yard low hurdles were cut to 120 yards and the 120 yard high hur-

"Finnegan is hard of hearing."

dles brought down to 90 yards.

Led by Tom Kalmanir the Pack swept the 100 yard dash with Sherman Howard and Charles Springer finishing close behind Kalmanir. Kalmanir also picked up a first in the broad jump while Elmer Green, who was favoring a sore knee came through with a tie for third in this event.

Green captured the high jump after slipping in the mud on several tries.

San Francisco swept the mile and took the first two places in the two mile with Al Richardson, improving trackster, garnishing a third for the Pack.

Nevada made up for this in the javelin where Carl Robinson pulled the big surprise of the meet when he threw the javelin 162 feet, seven inches. Sullivan and Bell took second and third to sweep the event.

Tom Carroll of SFC went over the 12 feet six inch mark for a first in the pole vault. Call of San Francisco annexed second in this event, but Bob Collett and Bill Gillis tied with Stasec of San Francisco State for third, giving the Wolf Pack additional points.

Four PE Majors Attend Conference At Salt Lake City

Four physical education majors attended a conference of the American Association for Health, Physical Education and Recreation last weekend in Salt Lake City. Meetings were held concerning various fields in physical education.

Nevadans attending the Southwest district conference included Shirley Hornbeck, Jackie Wilson, Mary Lee Scott and Judy Wikstrom. They were accompanied by Miss Marjorie Price, instructor in the women's physical education department and advisor to the group.

The delegates discussed the present and future opportunities in the fields of health, physical education, and recreation. They were also informed of the work accomplished in aiding individuals physically, socially and mentally.

A luncheon and a party were held for all delegates during the conference.

Block N to Sponsor First High School Athletic Events Since Pre-War Days

By John Long

For the first time since pre-war days, the Block N Society will sponsor high school athletic events when the Western Conference high school track meet on May 1, and the state track meet on May 8, both to be held in Mackay Stadium, will be directed by the Block N.

Martin Biles, javelin thrower deluxe and practically a cinch for the Olympics team will appear in an exhibition during the meet.

The former California great, now representing the San Francisco Olympic club, has thrown the spear over 223 feet this year and his best efforts have been around the 230 mark.

Guinn Smith, reputed to be the best pole vault man since Cornelius Warmerdam has also been invited to attend, however, he may have to pass up the meet due to an injured knee. Smith is also a member of the S. F. Olympic club.

If the state track meet is run off successfully, there is a growing indication that the state basketball tournament will be turned over to Block N for sponsorship in 1949.

Block N formerly sponsored both the basketball tournament and the state track meet, Bill Gillis, Block N president, stated this week.

Committees were appointed at the last Block N meeting to take care of all details, and with all members hard at work things are progressing rapidly, Gillis said.

The proposal for changing the amount of time a football player must play during the season to 40 per cent of the total number of quarters in order to qualify for a sweater award will be voted on by the student body later this spring, Gillis announced after the meeting.

Applications for Rhodes Scholarship Now Available to Eligible Students

For the benefit of anyone interested in applying for the Rhodes Scholarship, applications are now available at the office of Dr. S. W. Leifson, room 226 in the Mackay Science Hall.

To be eligible, a candidate must be an unmarried male citizen; must have passed his 19th birthday but not his 25th birthday; on October 1 of the year for which he is elected, must have completed at least his sophomore year at some recognized degree granting American university or college.

The Rhodes Scholarships were founded by the will of Cecil John Rhodes, English financier and statesman of South Africa. The will provided for the support at Oxford University, for the term of three years each, of about 176 selected scholars from the

British colonies, the United States and Germany. In accordance with a revision of apportionment which went into effect in 1931, an annual assignment of 32 scholarships is made to the United States.

A candidates scholarship, character, interest in outdoor sports, and interest in one's fellow and instincts for leadership, constitute the basis for his selection.

Special conditions of eligibility are available for veterans under the war service scholarships. Information along this line is available in Dr. Leifson's office.

The first Rhodes Scholarship awarded at the University of Nevada went to Arthur Leonidas St. Clair of Deeth in 1907. Since that time 17 scholarships have been awarded to Nevada students. Russell W. McDonald of Reno received the last one in 1907.

Who was that student in history class who when asked the name of the twin peaks in California replied, "Jane Russell."

Pack Tennis Team Scores First Win Over Chico State

The University of Nevada tennis team returned from its first encounter with intercollegiate competition, scoring a 6-3 decision over Chico State college. The contest was held on the municipal tennis courts in Chico, California.

After the completion of singles competition, the two net teams were all even as three wins were posted for the locals and a similar number for the opponents.

Coming back strong in the doubles matches, the Pack courtmen were able to shut-out the Chicomen and produce the 6-3 margin of victory.

Playing the number one doubles, Ed Scott and Al Tabor combined to defeat their victors in the previously played singles, 3-6, 6-3, 6-4. The initial set went to the Chico duo, but the Pack pair rushed the net consistently to capture the last two sets.

Singles Results

- No. 1—McGee (C) d Scott (N) 3-6, 6-3, 6-4; No. 2 Davis (C) d Tabor (N) 6-4, 6-2.
 - No. 3—Pridgen (N) d H. Davis (C) 6-4, 6-2.
 - No. 4—Reed (N) d Bruce (C) 6-1, 6-0.
 - No. 5—Brubaker (N) d C. Grady (C) 6-1, 6-1.
 - No. 6—D. Grady (C) d Swain (N) 3-6, 8-6, 6-4.
- #### Doubles Results
- No. 1—Scott-Tabor d McGee-P. Davis 4-6, 6-4, 6-4.
 - No. 2—Pridgen-Reed d Bruce-C. Grady 6-0, 6-4; Brubaker-Swain d H. Davis-D. Grady 6-2, 6-0.

Sundowners Asked To Revise Plans

The nature of the Sundowners' initiation plans will be determined by the group with the approval of Dr. Robert S. Griffin, dean of men.

Several members of the organization, known for its "good fellowship activities," met with the dean of men earlier this week to discuss the possibility of revising the initiation. After a Sundowners meeting, they will report their decisions to the dean of men.

Criticism

The Sundowners of the Sagebrush, whose initiation takes place during the Mackay Day celebration, have come under criticism from various sources, Dr. Griffin reported.

Before the war, the Sundown-

ers were requested to hold their initiation off the campus grounds. Dr. Griffin explained that in the past two years, the former ruling had not been imposed.

Certain phases of the initiation, such as the chicken chase, are believed to be absolutely unnecessary. Reasons for further requests to revise the initiation are given in order that the university will not be subjected to unfavorable comment, Dr. Griffin concluded.

SHOWS SKI MOVIES
