

## Jeanne Garland Picked to Reign At Engineer's Day

A new model Engineer's Day rolls out May 15 with a coed at the wheel. The "E" Day committee has picked itself a female to reign over the big day of exhibits and contests. She is Jeanne Garland, a freshman from Las Vegas, and she won't be a queen, princess or sweetheart. She is the girl the engineers "would most like to take on a field trip."

Miss Garland is 19 years old, five feet four inches tall, and weighs 114 pounds. She has short brown hair and green eyes. When John Witte, president of the civils informed her Wednesday evening that she had been chosen, she was skeptical at first. After Witte convinced her, she was "surprised and thrilled" and thought it "a wonderful honor."

The Associated Engineers were a long time agreeing on their composite conception of what their first girl representative should look like. Each department had an idea of its own, and Miss Garland fits all the requirements. This new phase for an Engineer's Day is just another that has been on the drawing board for a couple of weeks, Witt said.

A full schedule is slated for Miss Garland on May 15. She'll present the cups to the various contest winners and for the best exhibit. She will also unveil the plaque for the engineer's class of '48.

Majoring in journalism her schooling may be cut short when she steps to the altar with Stan Heath, star footballer for Nevada, who when told of his fiancée's new role, said "the engineer's show good taste."

## Electric Company Plans Big Display On Engineers' Day

A special exhibit by the Westinghouse Electrical Corporation will be part of the electrical engineers display during Engineer's Day, May 15. Professor Irving Sandorf announced this week.

The exhibit will consist of a 25,000 pound truck capable of showing all the possible troubles that can occur in a power system supplying a city. Artificial lightning will be shown knocking out a power line among the demonstrations of what happens when the lights go out.

Professor Sandorf also stated that the electrical engineers are meeting each Tuesday afternoon to perfect skits and exhibits for Engineer's Day. Louis Pico last Tuesday demonstrated radio frequency candles and rapid glueing with high frequency radio waves. Both exhibits will be featured during the electrical display.

The large trailer at the north end of the electrical engineering building will be a radar exhibit, Sandorf said. The radar outfit was used during the war by the army to locate and track aircraft for anti-aircraft guns.

Sandorf also announced that representatives of the Westinghouse Electrical Corporation will be on the campus next week to interview senior students of the engineering schools for positions with the company.

The company is interested in securing electrical, mechanical, metallurgical and chemical engineers and physicists.

Professor Sandorf said that jobs are plentiful for engineers and that all most all of the electrical engineering senior class have already taken positions.

## 1948 ARTEMISIA READY BY JUNE 1 FOR DISTRIBUTION

The 1948 Artemisia is scheduled for distribution on June 1, Doris Hanssen, editor of the yearbook announced this week.

The 286-page book is now at the printers, and will be ready for shipment to the binders in San Francisco by May 15. Allowing for two weeks at the bindery, the finished product should be back in Reno by May 31.

Miss Hanssen stated that work on the Artemisia went smoothly with everyone cooperating. The book was worked up in sections she said. While one section was at the printers the engravers were working on still another, and the editorial staff was putting together the next section. This way the work went much faster.

## ENGINEER'S FIELD TRIP GIRL

Jeanne Garland.

## Jim Taylor Named Barbs New Head

Highlight of last Monday's Independent meeting was the election of officers for the coming year. Tom Macaulay, out-going president, turned his gavel over to the new president, James T. Taylor. Taylor was last year's vice-president and was also the men's senate representative for the Barbs.

### Officers

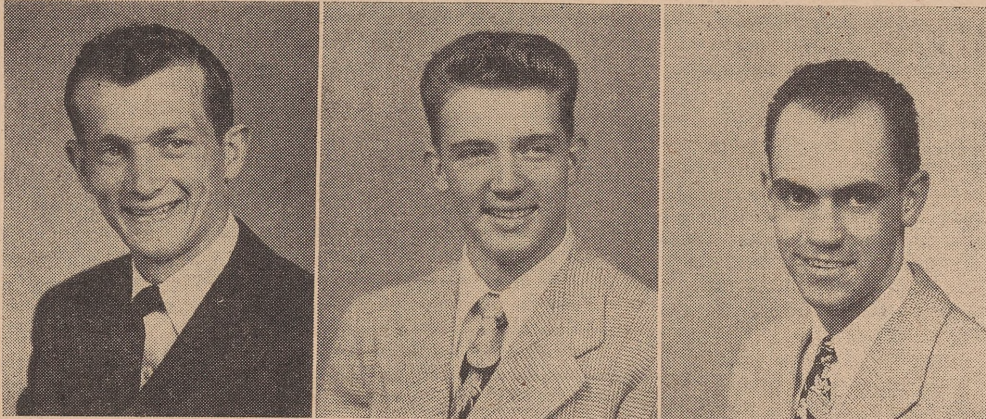

Dave Hamilton, sophomore engineer student, was elected vice-president, and Jo Ann Barbash, a freshman from Reno, took over the duties of secretary. Moray Black was elected treasurer.

Irene Waterman, also a freshman from Reno, was elected Barb historian, and Wally Kurtz, a transfer student from Idaho, will be in charge of the social program.

### Picnic

The next event for the Independents will be a picnic to Donner Creek near Truckee. Kurtz announced that all members and their guests who wished to go would leave Stewart Hall at 1:30 pm Saturday, May 8. The picnic will feature games and surprise refreshments.

## ASUN STUDENT BODY PRESIDENT CANDIDATE S

O.K.

Bill Ebert, Rex Jemison, Bill Kornmayer and Barney Childs (not shown) have been nominated for the top student office on the hill. Both Jemison and Kornmayer have been declared ineligible but are expected to be reinstated as soon as their scholastic records are rechecked by the registrar's office.

## Olympic Prospects To Highlight Meet On Mackay Track

Track fans are in for an afternoon of entertainment starting tomorrow at 2 pm in Mackay Stadium. Not only will the top prep cindermen in the state be on hand for the annual high school track meet, but several of the nation's best track and field talent will give exhibitions as well.

The Block N sponsored meet will give the local public a glimpse at Olympics prospects Jim Delaney, 54 foot shot putter, and "Doc" Seymour, holder of the American record for the javelin. According to Bill Gillis, president of Block N, a pole vaulter who can top the 14 foot mark is also to be included on the program.

Exhibition performances will also be given by members of the University of Nevada track team. Tommy Kalmanir, Ted Ensslin, Charlie Springer and Sherman Howard will run the 100 yard dash, and in addition will run an exhibition 440 yard relay. The university mile relay team of Fagan, Klosterman, Robinson and Trachok will also perform.

### This Makes Two

This will be the second high school athletic contest sponsored by Block N since the end of the war, prior to that time Block N put on both the state track meet and state basketball tournament. Last week's Western Conference meet, the first high school athletic competition under Block N supervision since the end of the war, was a pronounced success. Every coach in the Western Conference commented that the meet was run off in excellent style, Gillis said.

If the state meet is the success the Western Conference meet was, there is a strong possibility that Block N will also sponsor the state high school basketball tournament next year, thereby reviving the old system, Gillis said.

## University Problems Discussed by Coeds On Radio Program

Six women students discussed problems facing university students last night at 8:30 pm over KATO.

The campus roundtable was produced and directed by Mrs. Betty Stoddard of KATO. Jane McTavish moderated, while Marge Friend, Joyce Fiscus, Connie Madsen, Beverly Lehman and Norma Carnel made up the round table.

Mrs. Stoddard trained the students in radio speech and script reading for two weeks prior to the broadcast. The class, first in a series, will end Tuesday.

Topics discussed were improvement in student body representation, sororities on campus, dining hall management, recent improvements on campus and clothing on campus.

## 'Bunny Hop' Off; 'Spring Fling' In; Class Heads Reveal

John Foley, sophomore class manager, and Ted Lokke, freshman class manager, announced today that the traditional Bunny Hop which in previous years has been held in the school's gymnasium, will be replaced this year by a dance to be held in the Mapes ballroom.

This new dance which they are hoping will become another campus tradition will be called the Spring Fling. The spokesmen for the underclassmen stated that this will be an experiment to determine if such a dance can succeed off the campus where others have failed in the gymnasium.

The dance will be held on May 15 from 9 to 12 with the Swing Kings furnishing the music. All university students will be admitted upon presentation of their ASUN cards.

Committee heads in charge of the affair are Bill Ireland, advertising; Berry Brooks, refreshments; Elaine Abercrombie, decorations.

## Training Center To Be Accepted By Naval Heads

The United States Naval Training Center will probably be officially accepted from the contractor next week when G. H. Roger, assistant head of the construction division of the 12th Naval district, will arrive in Reno to inspect the building, Allen E. Plummer, navy engineer, announced today.

In fact, the navy has already moved into the building, the first reserve meeting being held in the training center last Wednesday evening, Plummer said.

"We are all through with the building," Plummer stated, "but there are a few things that must be completed around the grounds." This will include complete landscaping and the construction of a road south of the university practice field.

H. E. Dekker, a naval landscape specialist, was at the training center this week taking specification in preparation to let local bids on the landscaping of the grounds around the building. Work should start in the near future, Plummer said.

Plummer announced that he would leave for Sacramento soon to oversee the construction of a similar building in that city. His work is completed when the contractor turns the building over to the navy, he explained.

### THREE IN INFIRMARY

This week there have only been three patients in the infirmary. They were Robert Little, Emanuel Papadopoulos, and LaMar Smith.

## Ineligibility Bugaboo Hits Office Seekers

Thirteen out of twenty-one nominees for student offices in the coming ASUN primary elections have been declared ineligible by the registrar, announced Betty Tracy, spokesman for the executive committee.

For this reason nominations have been reopened and will remain so until 8 o'clock Monday morning. No further time can be extended for the nominations since according to the ASUN constitution they must be closed at least 72 hours before the election. The election is scheduled for Thursday, May 13.

## Aggie Club Hoss Show Shaping Up For Sunday Debut

Latest figures for the University of Nevada Aggie Horse Show place the total number of entries at 136. The show, scheduled for the Reno rodeo grounds this Sunday, outstrips last year's show with entries coming from as far away as Missouri, and one from Count Vasco De Gama, retired Spanish cavalry officer.

Da Gama, according to Mike Galli, manager of the horse show, claims relationship to Vasco De Gama who was the first man to sail around the Cape of Good Hope in 1497. Count De Gama has entered Gold Marie, Grand Champion Mare of the 1947 Texas State Fair.

Mrs. Dudley Wilson, Kirkwood, Missouri, will be represented by Betty's Princess Stonewall in the three gaited class, Dudley's Stonewall King in the fine harness class and Tricky Miss in the five gaited class.

### Quarter Horse Races

Greatest interest is in the quarter horse class with more than 60 horses competing. In this section there will be judging of breed and spring races. Last year the Aggie Club held two experimental match races in this class which went over so well that it was decided to make these races an official part of the program.

It is believed that this will be the first time any university or college will officially sponsor quarter horse races. Mike Galli has engaged officials for the races who are approved by the Pacific Coast Quarter Horse Association.

The show will be an all day affair starting in the morning at 9. All eliminations of grand champions are scheduled for the morning. Afternoon events begin at one o'clock. There are 15 events on the program.

Morning events will include judging of Grand Champion, judging of Grand Champion (Mare), judging of Grand Champion (Quarter horses), 220 yard colt race, final judging of Palomino class, final judging of Arabian class.

Afternoon events will consist of 220 yard quarter horse race, five gaited class, trail horse class, three gaited class, 330 yard quarter horse race, fine harness class, 440 yard quarter horse race, parade of classes, and cutting horse class.

## 'Turtle' to Feature Jane Baty in Lead

Jane Baty, University of Nevada student, will have the feminine lead in the new production, "The Voice of the Turtle," at the Reno Little Theater, announced Professor Edwin Semenza, director.

The play will be adapted after the original production and will have only three main characters in it. Miss Baty will be the only university student participating in the play.

The last play production at the Little Theater, "You Can't Take It With You," had five university students as actors: Roger Brander, Larry Means, Elmer Green, James Corey and Carl Riggle.

Two of the four candidates for student body president, Rex Jemison and Bill Kornmayer have been temporarily disqualified due to lack of credit. Jemison needs one hour and Kornmayer one-half hour. However, both of these candidates are expected to be reinstated through a special waiver.

Mike Galli, Jim Wehrle and Jack Smith have been eliminated from the race for Senior class manager. Galli is a special student thus automatically disqualified. Both Wehrle and Smith lack the necessary credit to be eligible. Wally Green and Ron DuPratt are the two remaining eligibles for this office.

All candidates for the position of junior class manager have been eliminated except Lee DeLauer. Bill Ireland, Norman Orelon and Wallace Kurtz all lack language credit. Bob McCrae and John Boynton lack credit hours.

Charles Springer is the only candidate for sophomore manager eliminated from the nomination. At present Buddy Hardy, Coe Swobe, Ted Klemazewski and Don Thompson are running for this post.

Several candidates declared ineligible, have protested the ruling and have asked for a more thorough check of their records by the registrar's office.

## Nevada Debators Among First Ten In National Meet

### 'Unheard Of' North Texas Captures Debate Crown At West Point

University of Nevada's debate team ranks among the first ten collegiate teams in the nation today as a result of its showing at the national debate tournament at West Point last week.

Fifth spot in the nation went to Bonnie Yturbe and Scott Whitney of Nevada when the final results were tabulated. This standing gives the U. of Nevada ranking over such schools as Notre Dame, University of Chicago, Army, Navy, M. I. T., Dartmouth, Swathmore and Alabama.

Accompanied by their coach, S. H. Vinocour, speech instructor, Whitney and Yturbe returned by plane Tuesday.

Nevada was the only school from the southwestern district of the country to progress pass the preliminaries. Neighboring schools, Southern California, UCLA and University of Utah, were all eliminated in the initial debates.

North Texas State, the same school whose football team lost to the Wolf Pack in the Salad Bowl game this year, was crowned national debate champion when its team defeated the University of Florida in the finals. Nevada was eliminated in the quarter-finals by the Florida team in a close two to one decision.

## Blue Key Honors Maj. Fleischmann And 10 New Men

One of University of Nevada's greatest benefactors, Major Max C. Fleischmann, was made an honorary member of the Nevada chapter of the Blue Key national honor fraternity after the groups' regular initiation at the Riverside Hotel last night.

Nationally known as a manufacturer, explorer and philanthropist, Major Fleischmann of Glenbrook, Nevada, has given generously to the University of Nevada, through scholarships, and such gifts as the dairy farm located south of Reno. He is director general of the Nevada state museum.

He is among this nation's earliest aviation enthusiasts, and won the Lahm cup in 1909 for a balloon flight from St. Louis to the Atlantic.

Initiated into the Blue Key with Major Fleischmann were ten Nevada students chosen for their achievement in extra-curricular affairs and scholarship standing. They are J. Rodney Earl, Robert Vaughn, Huling Ussery, Dale Riley, John Michael, Charles R. Short, Rondel Shaw, Gennaro Falconeri, Lyman Swartz and George Himes.

Four members of the Blue Key will attend the western regional convention of Blue Key in Fresno on May 13, 14 and 15. They are Robert Vaughn, John Michael, Ben Lewis and Robert Durham.

## UN MINING ALUMS GET SAGEBRUSH

An extra hundred copies of a news story in the Sagebrush edition for Mackay Day are being mailed to Nevada mining alumni today.

The story was in regard to the John W. Mackay tunnel, which will be used as a model mine for instruction of mining students on the campus.

"I am very well pleased," commented Professor Jay Carpenter, "and have ordered a hundred reprints of the article. I am going to mail them to mining alumni of this school." Prof. Carpenter said he was impressed by other stories featuring the Mackay School of Mines in the 1948 Mackay Day edition.

Prof. Carpenter said this article would greatly interest Mackay mining school alumni all over the land.

## Sheppard to Design Rifle Club Trophy

Designs for a rifle club trophy are being tested by J. Craig Sheppard, head of the art department. Made from a 90 mm. brass shell case, the trophy will have winning teams' names engraved each year.

Small individual trophies, also under consideration, will be easier to evolve, hinted Mr. Sheppard.

Another unusual subject medium in the art department has been Riley, a 160 pound great dane. Loaned by Nannette Brown, Riley placidly posed for Mr. Sheppard's drawing class.

## Journalism Frat Honored by 'Quill'

The installation last March of the University of Nevada undergraduate chapter of Sigma Delta Chi, national professional journalism fraternity, received national publicity this week.

"The Quill," official publication of the fraternity, featured a cover picture of members of the Nevada chapter, school faculty and visiting newsmen reading the Sagebrush story of their installation.

In addition to the cover picture, the magazine, which is a monthly publication, contained a story on the installation.

Lloyd Rogers, journalism major at the university and president of the university chapter of Sigma Delta Chi, was the author of the article.

President John O. Moseley, Professor A. L. Higginbotham, head of the journalism department, and students Lloyd Rogers, Eugene Evans and Robert Radovich appeared in the picture which accompanied the article.

## Teacher Shortage Critical in Nevada, Says Dean Traner

Teachers shortage is still critical, according to figures coming from the office of Fred Traner, dean and professor of education.

The demand for teachers is far in excess of the number that the university can supply, Traner said. Of the 31 students who have expressed a desire for an appointment to a teaching position, 18 have been placed. The others, he said, intend to continue their education.

Four students were placed in Reno schools, five in Sparks, two in Las Vegas, three in Fallon, two in Fernley, one in Oakland and one in Lovelock.

Figures show, Dean Traner said, that the publicity campaign for teachers has had no real effect in the school of education. In 1946 the school had 14 applicants for teachers positions, in 1947 it had 27, and this year it has 31, an increase of only four.

## Fine Arts Group Display Best Work

"The best student art of the year at the University of Nevada will be displayed in the art exhibit rooms from May 17 to 22," announced Bonny Mollignoni, president of the Fine Arts Club.

A meeting of Fine Arts Club members will occur Monday evening at 8:30 at the Pi Phi house, she added.

Watercolors, charcoals, oils and other media will be present in the annual exhibit. Commercial art class work will be shown for the first time, said J. Craig Sheppard, head of the art department.

## Mitchell Gives Talk On Insurance Plan To Hill Veterans

Members of Sigma Alpha Epsilon heard a short talk on government insurance by Grable H. Mitchell, regional insurance officer from the Veterans Administration, last Monday night.

The talk was followed by a question and answer period at which time veterans brought up their problems and queries concerning their government policies.

The talk and counseling are a part of a Veterans Administration plan to acquaint the veterans on the University of Nevada campus with all phases of government insurance. During the past two and one-half months Mitchell has given these short guidance talks to Alpha Tau Omega, Phi Sigma Kappa, Sigma Nu, Lambda Chi Alpha and Sigma Alpha Epsilon. Theta Chi is scheduled for the next session.

Mitchell gave a talk on government insurance and what can be expected from the government concerning insurance.

## OUT OF CIRCULATION

## Campus Queries

By Harry Spencer

Four tens and two days ago our male students brought fourth on this campus a new notion for old faces, conceived in manhood and dedicated to the proposition that all razor blades are created free and equal. Now I am engaged in a great student poll, testing whether that notion or any other notion, so conceived and so dedicated can long endure. We are met today on a great battlefield of that poll, to decide whether those brave men who sacrificed their whiskers on Mackay Day, did so in vain.

June Powell, home ec major: What an improvement!

Bill Smales, ATO: Not so good, too many scars.

Anita Davidson, petite singer of hillbilly songs: Harold's face is so rough it doesn't really matter.

Harold Hayes, football player: She never had it so good. Myrna Frank, Artemisia resi-

dent: That strange man under my bed is no longer a stranger. Haskell Tarlow, bridge expert: I almost forgot I was so good looking.

Ray Walford, chain letter enthusiast: My face looks more like my head now.

Barbara Martin, speech major: Two tone faces, yet.

Francis Tschopp, Tri-Delt miss: Oh, did Goldie shave?

Darwin "Goldie" Farnsworth: Not really.

Brunson Harris, local miser: Dagnabit! Reckon I'll be spending a fortune on razor blades again!

Bill Geohegan, Pasadena representative: Next year I think they should make the girls grow beards!

Helen Brania, YWCA secretary: Introductions are in order.

Pete Pridgen, Florida Sem-inole: Ugh, palefaces!

Honor Nevada traditions.

## AM Association Forms Separate Groups by Vote

Residents of Manzanita and Artemisia halls in a unanimous vote formed separate organizations, and named officers for each group in two elections last week.

Officers for Artemisia are Marjorie Friend, president; Connie Madsen, vice-president; and Shirley Merwin, secretary-treasurer.

Manzanita officers are Mary Zorzakis, president; Frances Abernathy, vice-president; and Ruth Barakat, secretary-treasurer.

The officers of the two halls were installed in separate ceremonies Thursday evening by Miss Roberta Butler, the president of the former combined group. The new officers begin their duties this week and will hold their offices until the next election a year from now.

Until this time the two halls have been known as Artemisia-Manzanita association, which meant each must ask permission of the other for any activity or money to improve either of the halls.

Because of the lack of interest in the combined organization it is hoped that this split into the smaller groups will be the solution for the lack of cooperation for now each hall is responsible for its own reputation and activities, Miss Butler stated.

Miss Friend is a junior majoring in journalism. She is not affiliated with any sorority. Miss Mary Zorzakis is also an unaffiliated student.

"Did 'oo fordet your wench?" the cutie lisped to the plumber who was fooling around under the sink.

"No, Baby," he replied. "I'll get around to you in a minute."

### "LIFE AND DEATH"

Gwen Byrd and Alice Pettis are shown above rehearsing the duet, "Life and Death," which they will dance at 8 p. m. May 20 in the university gymnasium when the modern dance society presents the annual Spring festival.

## Marriage Course Addition Discussed At AHEA Confab

An addition of a course in marriage was discussed by delegates to the recent American Home Economics Association district conference in Yosemite, Calif., said Althea Benedict, who represented Nevada at the meet. Thus far, only one aspect of marriage has been taught at this university in a course in psychology. Definite plans have not been made concerning this change, as yet, but the new purpose course met with approval with all delegates.

Another topic of interest to this campus, Miss Benedict said, was the advantage and disadvantages of home management houses in which students may work and experiment.

"Nevada delegates cooperated well with other groups and really got in the spirit of things," said Miss Benedict. "Most all of the topics were good and of interest to the University of Nevada campus."

"We also went on a field trip to the large kitchen at the Ahwahnee Hotel," continued Miss Benedict. "The kitchen is very new and well equipped, and probably the largest any of us had ever seen. We stopped on the way at the College of the Pacific. Their dormitories are really wonderful, and different from anything I'd ever seen before."

"The whole trip and conference went very well and was very inspiring. Only casualty from our group," Miss Benedict went on to say, "was Dean of Women Elaine Mobley when she lost her shoes in a big snow drift, trying to break a path for the rest of us. She was a good sport, and went back and fished around in the snow until she found the missing shoes."

Those attending the conference in Yosemite, were Miss Mobley, Miss Mildred Swift, instructor, Meryde Brown, Joann Sanford, June Powell and Miss Benedict.

## YWCA PICNIC TO HONOR PREP FEMALE SENIORS

Reno high school senior girls will be guests at a picnic given by the campus YWCA May 13 at the campus barbecue pit. An all-association meeting, at which the YWCA seniors will be guests, is scheduled to follow the picnic, Miss Marylou Sewell, president, announced today.

Invitations were sent this week to all senior girls at Reno high school. The picnic is being given as an opportunity to acquaint the prospective college women with the YWCA.

Each university senior member of YWCA will receive a small favor as a token for her work in the organization's activities at the Thursday night meeting.

The picnic is scheduled for 5 pm and the meeting will be pm and the meeting will be brought to order at 7 pm, May 13, Miss Sewell said.

## Guidance Methods Reported by Dean

Student guidance methods and the effective use of counseling were the basis of a report by Miss Elaine Mobley, dean of women, at the Western Dean of Women's Conference in California this week.

Basing her facts on information gained while attending the National Dean of Women's Convention held at Chicago, in March, Dean Mobley led phases of discussion on guidance and counseling at the Asilomar, California, meeting.

The dean left the campus for the western conference last Sunday and returned yesterday morning.

## HOME ECONOMICS CLUB TO ELECT OFFICERS

New officers of the home economics club will be elected Thursday, May 13, Althea Benedict, president, said this week.

Next Thursday's meeting will be the last luncheon meeting of the year. The date for installation of officers has not been set yet, Miss Benedict added.

## Sorority Formals To Get Underway Tonight at Mapes

Kappa Alpha Theta and Gamma Phi Beta will stage their annual spring formals this weekend with the Thetas taking over the Mape's sky room and the Gamma Phis dancing at the Riverside.

Pi Beta Phi and Delta Delta Delta will hold their spring dances next weekend.

Eddie Fitzpatrick will provide the music for Thetas and their dates from 7:30 pm at the dinner dance. Kay Brennan, social chairman, is in charge of this evening's affair.

Shirley Bell is the social chairman for the Gamma Phi dinner dance on Saturday night. In addition to the formal, the Friday afternoon coke hour will be resumed again this afternoon. Fathers and daughters will get together at 710 Sierra Street for dessert Wednesday.

Pi Beta Phi seniors will be entertained at luncheon by Mother's Club members Saturday. The song team will provide the entertainment. Last Tuesday night the Sigma Pi frat-

nity attended dinner, and on Wednesday the Pi Phis joined with the Theta Chis for a social at 518 University Avenue.

Delta Delta Delta is the only house on sorority row that has not planned activities for the weekend.

## YOKEL AND BRANDER MARRIAGE TOMORROW

Miss Mildred Yokel, a resident of Reno, will be married tomorrow to Roger Brander, junior journalism student.

Brander is an SAE, and a charter member of Sigma Delta Chi, national honorary journalism fraternity.

## SPRING FESTIVAL TICKETS ON SALE

Tickets for the spring festival presented by Orchestis are now being sold by modern dance society members.

Proceeds from the 50 cent tickets will be used for Orchestis activities during the year and costumes for the 1949 spring festival, Jackie Van Gaasbeek, faculty advisor, said.

Secrecy shrouds the surprise finale which will climax the May 20 program. It has been revealed that the last number will be dedicated to the football squad and Coach Joe Sheeketski.

## Home Ec Breakfast Given for Senior

The home economics 55 class gave a May breakfast yesterday morning honoring Dorothy Thomas, graduating home economics senior. Miss Thomas, Tri-Delt, will receive her B.S. degree in June.

Special guests were juniors Althea Benedict and Meryde Brown. Other guests were Mildred Swift, Virginia Carroll, Alice Marsh, Jessie Pope and Penelope Rice, home ec instructors; Elaine Mobley, dean of women, and Mr. V. E. Scott and Clarence Byrd of the agriculture extension service.

## Saddle and Spurs Cancel Horse Show

Saddle and Spurs will not hold its horse show this year, announced Billie Kennedy, president of the riding group.

Lack of time was given as the reason the show is impossible. The Aggie Club, which usually collaborates with the Saddle and Spurs in a joint show, will have to present the show alone this year, she said.

Plans are being made for a Saddle and Spurs breakfast ride within a couple of weeks.

## Galloping Gaels Decline to Gallop With Wolf Pack

Today's Track Meet Called Off Because of Conflict In St. Mary's Schedule

The Galloping Gaels of St. Mary's College won't be doing any galloping around the track in Mackay Stadium today, apparently because they haven't any gallopers. Monday, the St. Mary's officials phoned Coach Jake Lawlor to say that they would not be able to make their scheduled track date with the Wolf Pack this afternoon.

In asking out of this meet the St. Mary's men said that their meet with University of Santa Clara last Saturday had been rained out and had to be run off on Wednesday, May 5. That wouldn't leave much time for their runners in between meets.

They also stated that the St. Mary's baseball team, five members of which are also track men, was leaving Thursday night to play ball in Los Angeles. The loss of those five men would make their already very small squad too weak to make any showing at all in Reno.

St. Mary's has lost meets to San Francisco City College and to Chico State College. Chico State defeated the Gaels by about the same majority that the Wolf Pack beat Chico two weeks ago.

### Season Practically Over

With today's meeting called off, track season for Nevada is practically over. The mile relay team of Dick Trachok, Ed Klosterman, Jack Fagon and Carl Robinson, which ran an exhibi-

## ALL VICTORIOUS RACQUETMEN WIN FOURTH MATCH

Netting their fourth win in as many starts, the University of Nevada tennis team defeated Sacramento College 6-1. The matches were played on the local courts Saturday morning.

The weatherman obliged with blue skies and calm breezes.

Nevada netmen were able to emerge from the singles sessions with five wins and no defeats. In the doubles play, Sacramento broke even, winning one and losing one.

### Singles Results

No. 1: Scott (6) d Carlson (S) 6-1, 6-2; No. 2: Tabor d Wickert 9-7, 6-2. No. 3: Pridgen (N) d Smith (S) 6-3, 6-0; No. 4: Reed (6) d Roskelly (S) 6-0, 6-0; No. 5: Brubaker (N) d C. Wickert 6-4, 4-6, 6-2.

### Doubles Results

No. 1: Pridgen-Reed d Wickert-Roskelly 7-5, 4-6, 6-2; Carlson-Smith d Brubaker-Swain 6-4, 7-9.

tion relay two seconds under the school record at the Western Conference high school meet last Saturday, will be deprived of the chance to set a new school record in that event, since there will be no more school meets this year.

The mile relay team and the quarter mile relay team of Sherman Howard, Charles Springer, Tommy Kalmanir and Ted Enslin, and a freshman relay team of Buddy Hardy, Herman Fisher, Bob Collett and probably Don Smith, will compete in the Fresno relays next Saturday.

Elmer Green will also make the trip to see if he can better his jump of six feet two and three-fourths inches which broke the school high jump record in the meet against San Francisco State.

"The saddest part of the meet with St. Mary's being called off," Jake Lawlor remarked, "is that it will deprive several men of a chance to make enough points to earn their letter in track."

### GLASER APPOINTED

Lea Glaser was appointed manager for women's softball by the WRA executive board last week. Softball practice is held from 4 to 5 pm on Tuesday and Thursday. All women are eligible to participate in the WRA credit sport.

Be Pack Backers.

## Football Preview Displays Strength For Next Season

In a game which rivaled a mid-season contest in the fierceness with which it was played, the Blues defeated the Whites 13-7 in an intra-squad football game last Sunday.

Coach Joe Sheeketski was pleased with the efforts of both teams, and commented that "he should have two teams of equal strength this fall." Sheeketski also remarked that the defense which had seemed to be lagging in the first scrimmage came into its own Sunday.

Blues scored twice on passes from quarterback Stan Heath to Dan Orlich, big end, and Johnnie Subda, halfback. The first pass traveled 20 yards to Orlich in the end zone, and the second, to Subda, was good for 45 yards.

### Climax Drive

Whites climaxed a drive when they sent Ed Klosterman into the end zone on a buck through the line. Klosterman fumbled out of the end zone for an automatic touchdown.

Whites came within three yards of tying or winning the contest in the last seconds when quarterback Alva Tabor passed to Klosterman, who was in the clear. Klosterman, however, was pulled down from behind as the game ended.

Klosterman gave a fine kicking exhibition, one which brought back memories of Horace Gillom. His best effort was a 90-yard quick kick.

Whites were convinced after the game that the Blues were a little lucky, and Sheeketski is going to let them try to prove it at 2:30 Sunday afternoon in Mackay Stadium.

### NO FORM WORRIES FOR CAMPUS VETS

Veterans will not have to fill out the usual abundance of forms to terminate their school work at the close of the semester, announced Keith Lee, Veterans Administration training officer, today.

The forms formerly used to interrupt veterans college training have been discarded and the work is now done by the university instead, Lee said.

## PACK TRACKS

By Bill McFarland

This week has been tabbed "Be Sore at St. Mary's Week" because the Gaels put a damper on today's scheduled track meet with the Wolves at Mackay Stadium.

It doesn't matter too much because the Moraga valley team was in line for a thorough trimming anyway. The beef is that St. Mary's called off the meet rather than postpone it.

One more outing would undoubtedly have seen Pack runners break two or three school records, maybe, and would also have kept them on their toes for the Fresno Relays, one of the Coast's biggest track events.

St. Mary's offered that out-of and Wolf trackmen became somewhat irked when it was cancelled. As it is, Nevada winds up with an undefeated track season, the first in many a year.

In regard to competition needed to push the Wolves to peak performances, perhaps they didn't need it at that. Jake Lawlor's crack mile relay team ran the mile in 3:26.7, three tenths of a second under the school record, in an exhibition at the Western Conference high school meet last week.

At Fresno, Nevada can possibly better that, considering that California school's track is one of the fastest anywhere. The Fresno oval has a special type clay topping which offers runners faster footing and better times in all running events.

Joe Sheeketski's spring football program is drawing to a close and the progress has been very satisfactory. Biggest change on the squad has been the trying of Sherman Howard at fullback. The big

sprinter should really show his heels to opposing teams next fall with sudden bursts through the line.

At last Sunday's intersquad game, offensive blocking was a highlight. Ordinarily the defense shows up stronger in the spring time. All in all, the 1948 edition of the Wolf Pack looks capable

of holding its own against the eight opponents scheduled for next season.

"What sort of a chap is Jack, dear?"

"Well, when we were together, last night, the lights went out, and he spent the rest of the evening repairing the fuse."

## Trophy Returned To Snake Mantel; Mystery Unsolved

The wandering cup has returned.

The Kinnear trophy is back at the Sigma Nu house again, and since a 162.75 point lead cannot be overcome, the revolving interfraternity athletic trophy will stay there.

The copper loving cup, in the form of a beer stein, was donated to the university in 1933 by a copper company, to go to the fraternity that excels in sports each year.

According to the Sigma Nu house, the cup came up missing about two months ago, and has been missing till this last Friday when Marion Itza, ATO, stumbled onto the trophy during the sorority open houses Friday evening, and handed it to Sigma Nu George Getto. Getto left the Snakes' highly prized cup in the charge of Alice Etchart at the Theta house.

But when Sigma Nu's Jim Goodin and Jim Moell arrived at the Theta house Sunday afternoon, the Kinnear trophy was again gone. The ensuing search ended with the Thetas finding it behind some furniture in an upstairs bedroom. Goodin and Moell immediately left for the Sigma Nu house, the trophy tucked securely under Goodin's arm.

Although the return of the battered trophy has raised spirits in the Sigma Nu house, the mystery is by no means solved. There is still no answer to the question: Who took it?

State high school track meet tomorrow at two.

## SKI TEAM GETS BLOCK N AWARDS

For the first time in the history of the University of Nevada, members of the varsity ski team this year will receive Block N awards.

The Block N Society voted to award letters to members of the University of Nevada ski team at their meeting Tuesday, May 4, Bill Gillis, Block N president, said this week.

Those who will receive letters include Jerry Wetzel, manager of the team, Ernest Schoenfeld, Ashley Van Slyck, Harvey Rose, Barnes Berry and Cliff Banta. Banta was awarded a letter despite the fact he was injured in the winter ski carnival. Up until the injury he was one of Nevada's outstanding skiers.

## Sigma Nu Dumps Tau Baseballers To Deadlock Race

An inspired Sigma Nu baseball nine dumped ATO from the ranks of the undefeated yesterday afternoon 4-2 and in so doing threw the Intramural baseball race into a three-way deadlock. Sigma Nu, ATO, and Lambda Chi now share the top spot.

Before the largest turnout of the season at Clark Field, the arch rivals battled toe-to-toe until the third inning when singles by Elder and Arciniega gave the Taus base runners and Durham's double scored them. From this point on the game was all Sigma Nu.

ATO pitcher Drakulich's first pitch struck Sanches, Barbieri reached first on an error, and again a wild pitch hit DeLauer loading the bases. Snake Garfinkle was walked, forcing Sanches across for the first run. Walks and errors accounted for three more Snake runs and the winning margin. Knudsen was given credit for the win.

Lambda Chi continued their winning ways by dropping Phi Sigma Kappa out of the title picture Monday afternoon, 10-2. Turk Eliades was on the mound for the winners while Gillis pitched the whole route for the losers.

Independents broke into the win column by edging SAE, 8-7, Wednesday. The game was closely fought all the way. Doyle was the winning pitcher. SAE started Davis, who was later replaced by Wyness.

Honor Nevada traditions.

## Physical Education Honorary Society Posts Qualifications for Membership

Anyone who can do the 100 yard dash in 11 and three-fifths seconds, run the 120 low hurdles in 16 seconds, do a running high jump of five feet and a broad jump of 17 feet, put the 16-pound shotput 30 feet, climb 20 feet of rope in 12 seconds, throw a baseball 250 feet, swim 100 yards in a minute and three-quarters, toss football 120 ft., run a mile in six minutes, hand stand for 10 seconds, vault a chin high fence, do front hand spring and land on his feet, has good posture and scholarship record which makes him eligible for varsity athletics may become a member of Sigma Delta Psi, the national honorary society of physical education.

This organization is being started for the first time on the University of Nevada campus by J. E. (Doc) Martie, head of the physical education department. The interest in the new organization, according to Art Broten, instructor in charge of the tests is very good.

Six of the tests in shot put,

100 yard dash, high jump, broad jump, hand stand, and hand spring have already been run off. Two men have already passed in these events. They are Jerry Wyness and Jim Welin. Other men out trying for membership in the honorary society are Dick Eason, Bill Smales, John Sullivan, Bill Ryan, John Boynton, Bob Wengert, Irving Hackett, Don Harris, Fred Hopper, Floyd Hopper, Dick Trachok, Carl Robinson, Ed Klosterman, Roger Byars, Ugo Giorgi, Wilbur Jager, Turk Eliades, Bill Welin, Joe Melcher, Jack Parke, Bob Coughlin, Edwin Carr, Al Galli, Ted Ensslin and Jay Raw.

Sigma Delta Psi was founded at Indiana University in 1912.

Its main purpose is to promote physical, mental and moral development. None of the tests are difficult in themselves, but it takes a good all around athlete to pass all of them, according to Directort Broten. Tests in the mile run will be held Wednesday from four to six pm.

## Med Corps Offers Grads Commission

Nevada graduates, including prospective June graduates, between ages of 21 and 48 may now apply for appointments in the medical service corps, U. S. naval reserve for commissioned ranks on inactive status, it was announced this week by the navy department.

Applicants must have an AB, BS or a higher degree in one of the following fields: optometry, pharmacy, bacteriology, biochemistry, biophysics, chemistry, entomology, physics, physiology, sanitation engineering, serology or virology. The rank to which appointed will be determined by the applicant's age and education.

Further information regarding this program can be obtained from the office of naval officer procurement, third floor, Ferry building, San Francisco, California.

Bystander: Why don't you take the street car home? Drunk: Shno use, my wife wouldn't let me keep it.

## SIGMA RHO ADMITS SIX NEW MEMBERS

Six new members were initiated into Sigma Rho Delta Monday, April 26, Melvin Winsor, pledge chairman, announced.

Those initiated were Raymond Azzai, Richard Brundy, Ross Winterowd, David Cochran, Bill Wenhhold and Tad Porter.

State high school track meet tomorrow at two.

## Peterson, Lindeman, McGowan Elected Highlander's Rulers

Dwight Peterson was elected president of the Highlander's, veterans' dormitory organization, Wednesday night. Dwight "Duke" Lindeman was chosen vice president and Roger McGowan, secretary.

A psychology major, Peterson is also next year's chairman of the improvement committee. Originally from North Dakota, he and his wife make their home in Hawthorne. The blonde veteran was a transport pilot during the war, flying combat cargo over the "hump."

A stag party on the terrace tomorrow at 6 p. m. will be the last highland fling of the year, announced former president Charles Lockhart. The barbecuing of salisbury steaks will be supervised by Joe Morita.

All highlanders will meet in their administration building Tuesday at 7:30 p. m. for a business meeting, said Peterson.

Frosh to Prof: With two sisters and one bathroom, I'd like to see you get to school on time.

## Holloway Sparks Wolf Golf Victory

Shooting par golf, John Holloway led Nevada's varsity golf team to a win over Chico State yesterday at Chico, California.

Holloway beat Nat Bell by eight holes, Joe Perez, with a two over par round, managed a tie in his match; Stan Kosokowski, the Berkshire Belter, won two-up; Bob Swartz edged Bill Mickelson of Chico, and losing the only match for Nevada was Chuck Sancic to McGee who posted a 76 for Chico.

Nevada took all best-ball matches, although the match points for best-ball play were not counted. Nevada won 9-6 by Far Western Conference rules, and 15-6 according to the Pacific Coast Conference standards.

# Mackay Day Ball Climaxes Celebration; Ussery, Coughlin Capture Beard Prizes

The Mackay Day ball, featuring the coronation of Queen Girard Parker, brought to a close the 35th annual Mackay Day celebration Saturday night in the university gymnasium.

Weekend festivities honoring John and Clarence Mackay included an obstacle race, fraternity skit presentations, beard contests, song teams, luncheon and open houses.

Alpha Tau Omega fraternity won the obstacle race Friday morning to start the series of Mackay Day events.

Sigma Nu, with Rex Jemison doing the narration, won the skit contest at the interfraternity assembly. Jemison's impersonations of popular radio and movie stars furnished dialogue for a scene depicting a mad scientist in the act of carving up the heroine with a saw. The male body of the heroine was characterized by the addition of artificial female contours.

### Roll Back Rugs

Sorority row rolled back its rugs Friday night, and spilled forth popular recordings for the swarm of Mackay day open house well-wishers. Refreshments were especially popular with guests frequenting coed abodes along Sierra street.

Beard check, the invocation by the Rev. Terrence Stoker at the John Mackay statue, and work day assignments constituted Saturday morning activities.

Approximately 1,200 persons attended the annual Mackay Day luncheon, at which guest speaker Dr. Effie Mona Mack, prominent Nevada historian, emphasized the importance of frontier qualities.

Dr. Mack stated that she hoped students of this university would keep alive comradeship, fellowship and friendship in the spirit of the pioneers, of which John Mackay was symbolical.

### Luncheon Attraction

Another attraction of the luncheon was the song team contests. Delta Delta Delta, dressed in Red Cap uniforms sang a number of train songs to win the best sorority song team honor.

Lambda Chi Alpha's song team, costumed in Indian attire, won the fraternity award for their rendition of songs carrying an Indian theme.

James Glynn, ASUN presi-

dent, opened nominations for offices of class managers, representative to the board of athletic control, and student body president were opened by James Glynn, ASUN president.

Bill Sorenson's band furnished music for the annual dance attended by several hundred students and their guests, many of whom were dressed in costumes representative of early days in Nevada.

Trophies were awarded to Huling Ussery for the thickest beard, and Walt Coughlin, reddist beard. Geraldine Lyons won the best woman's costume and Jerry Knowles received the award for the best men's costume.

Theta Chi won first place for best participation in the beard check, work day and dance attendance. Pi Beta Phi took the sorority cup for best dance attendance.

## 'Nevada Agriculture' To Feature Series On A and S College

"Know Your University," a special series about the University of Nevada, appearing in "Nevada Agriculture," will feature the college of arts and science in its next issue.

The paper is the official publication of the State Farm Bureau and is published nine times yearly. The next issue will be published the middle of the week and extra copies will be available to interested students.

Four pages of the eight page edition will be devoted to the "university" feature and will contain the pictures of the heads of various departments.

A short statement from each department head explaining the work and purpose of his department will be included.

A message from Dean Wood, dean of the arts and science college, will tie in the work of the various departments with the overall purpose of the college.

Approximately 1700 copies are published and circulated throughout the state, according to Mrs. Florence Bovett, secretary of the County Farm Bureau.

A few extra copies will be on hand at her office in the Agricultural Extension building on the campus.

## DUNKED STUDENT SAYS HE'S ALIVE

"I'm still alive with no after effects, not even typhoid, since I was tossed in Manzanita Lake," said Don Turner, only male student who fell into the hands of the men's upperclassmen committee before Mackay Day.

With the reports that the lake had been declared unsafe even for aquatic animals, Turner, who felt that the lake was his "fountain of youth," wondered if it might be his "fountain of death."

"After my swim among the microscopic organisms condemned by certain authorities, I proceeded to cross my fingers and pray that I would be spared," Turner revealed.

## Faculty Club Names Sandorf President

New president of the Faculty Club, a social discussion group for faculty members, is Irving Sandorf, professor of electrical engineering. He succeeds Dr. Ralph Irwin, professor of psychology in that office.

Clarence Byrd, administrative assistant to the dean of agriculture, was elected vice-president and chairman of the program committee, and Elaine Mobley, dean of women, retains her position as secretary to the organization.

Col. Gilbert Parker, professor of military science and tactics, addressed the group on "war time research and development," at a meeting this week. He exhibited some 40 articles of equipment, tents, fabrics, radio equipment and other items during his talk.

## Not Safe Verdict Given on Water From Maznanita

"Not safe at time of sampling," was the verdict given on samples of water taken from Manzanita Lake by the division of laboratories at the Nevada State Department of Health.

The sample of water was taken to the laboratory last week by a member of the Mackay Day committee in order to establish whether the lake was safe for the obstacle race.

According to the laboratory report, the lake is full of colon bacillus (sewage type) and is a breeding place for other forms of bacteria. The findings of the report made it clear that there is a possibility of getting ty-

phoid disease from the water if there is direct contact between a person and the water of the lake.

"The University of Nevada does not have any rule that prevents students from entering the lake, or for that matter, from even drinking the water, but in my estimation, a person is a fool if he goes into the lake in its present condition," said Robert S. Griffin, dean of men, today.

Along with the decision on the lake, the laboratory experts also said that almost all the ditches in Reno are also contaminated.

State high school track meet tomorrow at two.

"No OTHER CIGARETTE CAN TAKE CHESTERFIELD'S PLACE WITH ME. THEY SATISFY."

Ray Willand

CURRENTLY STARRING IN "THE BIG CLOCK" A PARAMOUNT PICTURE

WHY... I smoke Chesterfield (FROM A SERIES OF STATEMENTS BY PROMINENT TOBACCO FARMERS)

Liggett & Myers buy top quality cigarette tobacco and pay top prices for it . . . nobody will average paying more than they do year in and year out.

I've been smoking Chesterfields ever since I've been smoking. I just like them . . . they have real tobacco flavor.

William P. Wiseman FARMER - DANVILLE, VA.

ABC ALWAYS BUY CHESTERFIELD ALWAYS Milder Better Tasting Cooler Smoking

## COKE AND MUSIC FOR HAPPY MOMENTS

Ask for it either way . . . both trade-marks mean the same thing.
