UNIVERSITY OF NEVADA, RENO, FRIDAY, MAY 14, 1948

ENGINEERS TAKE OVER THE CAMPUS TOMORROW

Ebert, Jemison In Initial Ballot Win

Green, Robinson, Bell Elected to Student Offices

With 10 less ballots than in last year's all time record casting 1023, the 1948 ASUN primaries ended with Bill Ebert and Rex Jemison headed into next Thursday's finals for student body president.

Ebert proved top man in the primary with a total vote of 364 while Jemison took the second place with 272. Bill Kornmayer and Barney Childs, eliminated candidates, followed with 262 and 102 respectively.

Good Turnout

When approached following the official count, Ebert stated that he was happy the students made such a good turnout at the polls and he was particularly grateful for the support he had received. The 27-year-old Engineering student emphasizes that he hopes the students, regardless for whom they vote, will turn out in mass next Thursday.

Jemison expressed similar sentiments by stating it was very encouraging to know the students had shown such fine spirit in going to the polls. He continued by saying that Ebert is a good man and one who will be hard to beat in the coming finals.

One Vote Needed

The necessary one vote for the election of Carl Robinson to the post of Block N represented was more than gained.

Wallace Green, with a majority vote of 76 defeated his opponents, Ron Du Pratt and Bob LeGoy to assume the office of senior class manager. Du Pratt received 45 and Le Goy 24 of the ballots cast for this office.

Tom Bell was elected to the position of junior class manager by a margin of 15 votes over Lee De Lauer's 161.

For sophomore class manager Coe Swobe received a vote of 102, Bud Hardy 76, Dely Anderson 75, Wallace Kurtz 63 and Ted Klemaszewski 62. Swobe and Hardy will run in the finals for the determination of this office.

Thompson Honored By ATO Reception

A reception honoring Dean Reuben Thompson, head of the philosophy department, who is retiring after 40 years of service at the university, will be held at the Alpha Tau Omega fraternity house at 205 University Terrace on the evening of May 19, from 7:30 until 9:00.

The entire administration, faculty and student body of the university is invited to attend as well as any of Dean Thompson's friends not affiliated with the university. Refreshments will be served as part of the reception.

The arrangements for the affair are being made by Ed Reed, jr., Kenneth York and Jack Hull, members of the ATO fraternity which has been under the advisorship of Dean Thompson for the past 27 years.

Nevada Approved For Chem Project By Research Office

Subject to the approval of only one more naval appropriations committee, the university has been selected by the office of naval research at Washington, D. C., to undertake a project in fundamental research in chemistry, Dr. George W. Sears, head of the chemistry department, announced recently.

All preliminary groundwork and investigation plans have been made, Dr. Sears said, and final approval should be forthcoming about July 1.

The project concerns the separation of tantalum and columbium by a method involving quantitative determination, and is based on a research background of about 25 years work already done by Dr. Sears on his own initiative.

Tantalum is a strategic war metal used in alloys, and is particularly valuable in making delicate instruments needed in a mechanized era.

The naval research plan calls for the appropriation of money to furnish a research assistant, apparatus and materials, and clerical help. Dr. Loring Williams, assistant professor of chemistry, would be associated with Dr. Sears on the project, and graduate and advanced students would assist with the work.

Holderman Elected History Club Head At Recent Meet

Orville Holderman was elected president of Phi Alpha Theta, honorary history society, at the monthly meeting last Wednesday night.

Assisting the new president in the coming year will be: Rose Marie Faul, vice-president; Jane McTavish, secretary; Moray Black, treasurer; Frances Sumner, social chairman; and Dr. C. C. Smith, faculty adviser.

Discussion during the meeting centered around the forthcoming Phi Alpha Theta banquet to be held Friday night, May 28, at the Villa Sierra. Members of the university's history and political science departments will be guests at the affair. Reservations for the banquet to which members and alumni are invited can be made with chairman Gene Donaldson.

Installation of new officers and initiation of new members will be held preceding the dinner.

Men Get Chance To Learn Cooking

Men, here's your chance to learn to cook.

A men's cooking class will be offered next fall, said Mildred Swift, professor of home economics. "No failure" is guaranteed, and men can eat what they cook. According to Professor Swift, men can enjoy the art and science of cooking in the laboratory, over the camp fire, or on the backyard grill.

Information on the new course, home economics 57, is available at the Aggie building.

Air Force Teams To Explain Scope Of Cadet Training

Air Force traveling teams will be at the dean of men's office from 9 a. m. to 5 p. m. Monday, Tuesday and Wednesday, May 17, 18 and 19 to explain the scope and requirements for the current Aviation Cadet and Officer Candidate training programs. Any interested young men may sign up at this time.

In general, candidates for the Aviation Cadet Pilot Training Program must be between 20 and 26½ years old, unmarried, have at least two years of college or be able to pass an examination designed to measure the equivalent, and be of sound physique and in good health.

Aviation Cadets receive \$75 per month, plus food, housing, clothing and medical and dental care while undergoing a year of flying instruction at Air Force installations in Texas, Arizona and Louisiana. Upon graduation they are rated as pilots and assigned to active duty, with second lieutenants' commissions in the Air Force Reserve, with pay of \$336 per month. In addition, Aviation Cadet graduates receive \$500 for each year served on active duty.

Under the Officer Candidate Training program, the Air Force is offering training to civilians for non-flying administrative jobs. The instruction is open to men between 20½ and 28 years of age who are high school graduates and in good health. Successful candidates will be commissioned as second lieutenants in the Air Force Reserve, and assigned to active duty with monthly pay of \$246. They also receive an additional \$500 for each year of active duty served.

Greek Folk Dances Shown Reno Women

Several Reno women of Greek ancestry were guests of a folk dance class of the university on April 28. Miss Elsa Sameth, head of the women's physical education department, was hostess for the evening.

Dances which will be presented during the folk festival this coming summer were demonstrated. The university coeds participated in group dancing and were taught numerous Greek steps by their guests.

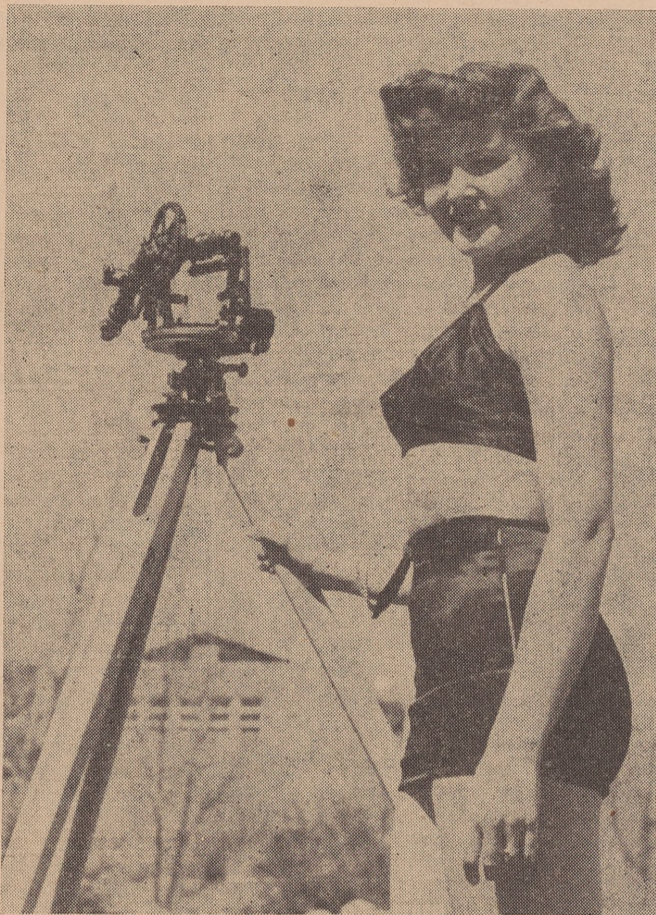

Refreshments were served by Miss Sameth to the guests and the following dance class members: Jackie Hickman, Jeanne Rule, Mary Ann Douglass, Marilyn Link, Gwen Byrd, Elinore McCray and Ruth Daniel.

Three Teams Share Top in Mural Play

Lambda Chi, Sigma Nu, and ATO remained atop the intramural baseball loop by virtue of lopsided scores in this week's play. Lambda Chi handed SAE their sixth defeat, 10-2, Monday; Sigma Nu trounced the Independents 14-2, and ATO showed little mercy in defeating Theta Chi, 15-3, last night.

Only one more week of play remains. The showdown game between Lambda Chi and Sigma Nu is scheduled for Monday afternoon at Clark field.

PRECEDENT SETTER

"Field Trip Girl" Jeane Garland is all set to get into the swim of things as she surveys the Engineer's Day situation. The trim miss will establish a precedent when she reigns over the 25th annual show tomorrow.

Rice Gets Awards At Governor's Day Cadet Inspection

Several individual trophies will be awarded at the annual Governor's Day review of the University of Nevada ROTC cadets, to be held in Mackay Stadium on May 18, according to Col. G. E. Parker.

First and most valued trophy is the Governor's Medal which annually goes to the best cadet in the corps. The winner of this trophy is kept a secret until the time of presentation.

Close behind the Governor's Medal in distinction is the Air Medal which is presented annually by the Air Force Association to the best cadet in the air unit. Again the winner's name will be kept secret until presentation.

Ken Rice gathered all the other individual medals. He will receive the Nevada State Rifle and Pistol Association's medal for the high competitor for the indoor .22 cal. The association will also give him the Club Members trophy, which goes to the member with the best competitive average and most valuable to the club. This last award will mark the second time in succession for Rice that he has won the medal.

Along with the presentation of the ROTC medals, Governor Vail Pittman will be presented with a stone from the House of Parliament, in London, England, by Dr. John Moseley. This stone is from the bombed section of the house and pieces are being given to all governors in the United States.

Short addresses will be given by Gov. Pittman and University President Moseley. The public is invited to attend the ceremonies.

This will be the last appearance of the cadet corps group for this year and will mark the end of the corps sixtieth year on the University of Nevada campus.

ARROW GETS SNAKE

Mary Jean Etcheverry, Pi Beta Phi, is wearing the Sigma Nu pin of Leroy Etcheverry.

Registrar Solicits Correct Addresses

Any student interested in getting his second semester grades this summer and whose home address has been changed, should notify the registrar to that effect as soon as possible.

All reports will be sent to the home of the students' parents, Mrs. Jeannette Rhodes, registrar, stated, except those of veterans. The veterans' grades will be sent to their own address.

Mrs. Rhodes requests that all whose home address is now different from the one she already has on file, give her the new address right away. This way the grades may arrive at the student's home promptly after vacation begins.

First Spring Fling Is Informal Affair

Although previously advertised as a semi-formal affair, the first annual Spring Fling is to be an informal dance.

It was announced yesterday by freshman class manager, Ted Locke, and Sophomore manager, John Foley, that suits and dressy dresses are in order for the Saturday night affair.

The dance will be free to all campus men and women and is set for the Mapes Hotel.

Dancing begins at 9:00.

TYPEWRITERS SALE OPEN TO VETERANS

Veterans of World War II who are looking for a typewriter for their own use, will find just what they want at the War Assets Administration surplus sale now being conducted at the WAA Customer Service Center at 228 Sierra Street, Reno, Nevada, it was announced by Mr. Louis Hawkins, manager.

One hundred standard size used office typewriters are included in the sale which is open only to veterans. The machines will be sold one to a customer, over the counter, for cash. There will be no shipments or mail orders, Mr. Hawkins emphasized.

25th ANNUAL ENGINEER'S DAY FEATURES DISPLAYS, CONTESTS

Pre-Med Students Prepare Exhibition

White-gowned pre-med students will guide Engineer's Day visitors through a four-fold exhibit tomorrow, said Henry Stewart, chairman of activities.

Evolution from unicellular animals to man will be featured in the exhibit by Joe Moore. A blood-typing service will be run by George Ricker, while Bert Tannenbaum has charge of the human anatomy display.

Mahlon "Zeke" Fairchild will head the embryology department for the afternoon. In conjunction with botany classes, John Michael is responsible for a wild life exhibit.

Simulated Mine Presents Problem Of Suitable Fence

The John W. Mackay tunnel, model mine to be excavated soon for simulated training purposes, brought several problems out in the open today.

The tunnel's location on the northeast corner of the campus and across from Clark Field, brought out a question of the mine's dangers to children from the Victory Heights addition.

Robert S. Griffin, dean of men, stated recently that he would insist in his capacity as an administrator of Victory Heights that the area in question be properly fenced. Dean Griffin said this must be done to keep the nearby children from harm. According to word received from the mining department, there are plans to have the model mine sector fenced off.

Newest memorial to the campus benefactor, the tunnel was started the last part of April. A power shovel scooped away a face for the excavation work, and the nearby area was leveled. This week, concrete foundations were poured for a building next to the site. The structure will house a gasoline-driven compressor which will be used in the work and for training purposes.

YWCA ENTERTAINS RENO PREP GIRLS

Reno high school girls were entertained by the Nevada YWCA with dinner at the campus barbecue pit last night. The annual affair featured a song fest and a softball game.

An all-association meeting of Y members followed the activities. Barbara Smith, chairman of the "Ice Breaker" dance, held the first week of school next semester, named her committee helpers.

EXPENSIVE CAMERA REPORTED MISSING

Loss of a coed's \$75 camera from the YWCA office has been reported by Helen Brania, YW secretary.

The 35 millimeter camera was in a brown leather case with a shoulder strap. Miss Brania has requested that the camera if found be returned to her office or to its owner, Yvonne Van Blitter, 651 Elko Avenue, Reno.

By MARK CURTIS

The 25th annual Engineer's Day spring-boards tomorrow with enough exhibits to splash all the water out of Manzanita lake. From 9:00 a. m. until 4:00 p. m. the day will buzz with displays and contests, and the Associated Engineers promise the "most interesting and biggest 'E' Day since its beginning."

This year's event has upset tradition and installed a coed to reign. Miss Jeanne Garland was unanimously chosen by the engineers as the "girl they would most like to take on a field trip." She will present the cups for the various contests and exhibits.

Contests start at 10:30 Saturday morning near the new engineering building. First on the agenda is the drilling contest. Following at 11:00 a. m. is the surveying contest; at 1:30 p. m., the riveting contest; and at 2:30 p. m. the mucking contest.

The mining school will open its museum to the public in which will be shown the mineral collection and office of Joseph D. O'Brien just as it existed at Beatty. The metallurgy department will feature almost an entire mill in operation. The geology department display will be headed by a super-sensitive seismograph. At intervals throughout the day, a picture entitled "Tin Mining in Bolivia," will be shown.

Electrical engineers will feature a 13-ton army anti-aircraft radar in operation; also a B-29 gun turret in operation.

Civil engineers will demonstrate power and force with impact machines, hydraulic compressors, tension machines and hydraulic turbines. A special on their program will be a card board model highway bridge, with model trestles and model railroad stock, an irrigation farm and highway sections. The bridge can withstand the weight of a 200-pound man.

The physics and chemical departments will devote most of their exhibits to the extraordinary. There will be various physical phenomena and chemical oddities, among them the "sex appeal indicator." Foremost is the atomic energy show, an exact reproduction of one which is now touring the United States. A movie on the birth and production of the atom will be shown at 10:30, 2:00 and 3:15.

Highlighting the mechanical's exhibit will be a model jet engine in operation. Also to be shown are a 100 h.p. dynamometer coupled to a Chevrolet engine and diesel fuel testing with a Waukesha test engine. In the old mechanical laboratory there will be demonstrations of shop equipment and a model steam engine in operation.

The pre-meds will feature exhibits showing evolution from the one-celled animals to man and examples of Darwin's theory of the evolution of man. Also to be shown is the embryology of man, models of human specimens illustrating the development of man from conception to birth.

MAY HAT DANCE

Live Y'ers will hold a May Hat dance tonight at 8 o'clock at the YMCA. All campus men and women are invited, but each must wear a hat of his own creation. Refreshments will be served.

Johnson Elected To Head Sagens At Recent Meet

Joylin Johnson, Pi Phi, was elected president of Sagens, honorary women's service and pep organization, at a meeting of the group last week. New members were also elected to the group.

Miss Johnson succeeds Pat Ussey as head of the Sagens. Other officers elected include Doris Hanssen, vice-president, and Marjorie Simon, secretary treasurer.

Membership in Sagens is limited to five upperclass women from each sorority and the Independents. Elected to fill vacancies from the Pi Phi were Bebe Munn, Barbara Gould and Pat Wilson.

Bonnie Molignoni, Barbara Smith, Fay Fryberger and Helaine Heywood were elected from the Tri-Delts. From the Gamma Phi's, Shirley Bell, Betty Burr, Jean Nash, Pat Fee and Rita Mortara were chosen.

Gwen Byrd, Pat Crandall, Kay Brennan and Marilyn James were Thetas who received bids. Two unaffiliated coeds, Althea Benedict and Marjorie Friend, complete the list.

Three vacancies have not yet been filled, but choices for them will be decided later this month, Pat Ussey explained.

A breakfast to honor the new members is scheduled for May 23 with the new president in charge. Arrangements for the breakfast are not yet complete.

Hiking on the Hill

By Muriel Smiley

One of the university's few remaining optimists lately remarked that the campus need never fear of a dictator. However, no one can deny the smell of politics in the air and crack-barrel politicians are tossing words thick and fast. Meanwhile, what is the feminine side of the campus doing while the pink cheeked young fellows are becoming nauseated with good, clean and fair campus politics?

Well, sunbathing is a pastime that some people consider a joy. To others, it is a very definite requirement for their social life. The latter are called coeds. Seems as though we have them all over—on the lawn surrounding the dormitories, stretched out on blankets atop the roofs and in not so secluded places along Sierra Street exposing themselves to the sun's rays.

One wonders if there isn't a contest among the Vitamin D worshippers to see who is going to get more brown than the rest, and in their efforts some parade a scarlet red, blistering after a few days; others tan beautifully and then there's the skin type that shows no sign of tanning even after persistent sunning.

Singing "Keep on the Sunny Side of Life" blithely sporting a smooth tan is Norma Carruth. Some results of over-exposure are denoted after a glimpse at "Edie" Whitworth and "Stan" Peters. Also, we glance with envious eyes upon the rosy tan complexion of Pat Sadler and many others.

Besides being healthful, sun bathing proves to be an added source of landscape improvement and our one hope for the day is that the boll weevils will remain down in the south and not come up to destroy the cotton crop on those toasting in the sun.

Pre-Wedding Shower Given for Garland

Jeanne Garland, Manzanita hall resident, was honored by 17 women at a shower Sunday.

The girl the Engineers "would most like to take on a field trip" will marry Stan Heath, football star, in June. Joanne McCabe, sophomore Gamma Phi Beta, gave the pre-nuptial party for her room mate at Manzanita.

Roberta Butler retiring Artemisia-Manzanita president, and Mary Zorzakis, Manzanita president, poured. Jane McTavish, junior Kappa Alpha Theta, and the hostess served.

Guests at the party in Manzanita hall were Mary Ellen Perdue, Nancy Hecker, Betty Burr, Helen Burr, Jean Nash, Rhoda Phillips, Anita Davidson, Mazie Gibson, Georgia Houghton, Dorie Maloney, Dorothy Hooper, Joan Powell, Joey Miles and Mrs. Mabel Fulton, Manzanita social director.

Joey Miles came from Carson City to attend the shower.

'Hill' Women Air Campus Problems

Are campus men beginning to like the new longer skirts? Six university women, making their second appearance on radio station KATO Monday evening, agreed that men are beginning to admire today's fashions.

Under the direction of KATO's Betty Stoddard, the women have been studying voice technique. Speaking Monday evening, with Beverly Lehman as moderator, were Jane MacTavish, Marge Friend, Norma Carnel, Joyce Fiscus and Connie Madsen.

The women shared the opinion that there should be more places to dance in town. They disagreed on whether or not the present curve system of grading was the best. Vehement statements were made regarding the summer shades of hosiery now on the market; some strongly opposed, while others definitely favored the light colored stockings.

The round table participants were in agreement that men should be required to dress for formal dances. It was brought out, however, that it was not always possible for men to buy or borrow formal attire.

The same women spoke on KATO a week ago. More serious subjects were discussed at that time, including student government, sorority and dormitory life and campus improvements.

GIRLS DORMS HONOR SENIORS WITH TEA

Artemisia and Manzanita Halls gave a combined tea honoring the graduating seniors from the halls today from 2 to 4 p.m. The tea, which is given annually, was held at Manzanita Hall.

This was the first social function since the split of the two halls. The social chairmen from each hall in charge of the tea were Miss Frances Abernathy from Manzanita and Miss Connie Madsen from Artemisia.

Annual Spring Modern Dance Festival To Be Presented Thursday Evening

Orchesis will present its annual spring modern dance festival Thursday night at 8 pm in the university gymnasium.

The 20 dances to be presented are creations of the Orchesis society members, Jackie Van Gaasbeek, faculty advisor, announced.

Music will be provided by Nilda Cox and Mary Lou Hayes playing the piano, and Joyce Fiscus and Virgil Benson on the drums. "Spring Fever" and "Desire," were composed by Barney Childs. Laurance Layman will sing "Old Man River" as accompaniment for one dance.

The finale, a surprise dance, will be dedicated to Coach Joe Sheeketski and his team.

Committee chairman assisting Gwen Byrd, president, with the program are Alice Arentz, publicity; Walt Mulcahy and Gwen Byrd, lighting; Lois Darney and

Jean Nash, properties; Dariel Durham and Connie Manning, makeup; Pat Crandall, costumes; Eleanor Sweatt, music, and Alice Pettis, programs.

Tickets may be purchased from Orchesis members or at the door for 50 cents. All proceeds will be used by Orchesis for new costumes.

Dances in order of appearance on the program: "Movement Study," Beverly Bergeron, Kay Brennan, Sally Cross, Eleanor Fulstone, Jeanne Fulstone, Nancy Hecker, Eunice Kaminaka, Eleanor Sweatt, Judy Wikstrom; "Spring Fever," Andrea Smart,

BRUSH SPORTS

Sherman Howard Looms as Possible Motley Successor

Sherman Howard, brilliant dashman on the undefeated Wolf Pack track team, may become another Marion Motley, one-time Nevada grid great, if he develops his burning speed to good advantage on the football field, stated Joe Sheeketski, Nevada coach, following Sunday's full dress scrimmage.

Howard, who was converted from end to fullback by Sheeketski can show his heels to Nevada's opponents if he can develop elusiveness necessary to break into the open, said the head coach.

The 190 pound Negro is much faster than Motley was when the latter was pulverizing Nevada opposition during the 1939-42 seasons. Howard has been working hard at his new assignment in an effort to take advantage of his natural athletic qualities, Sheeketski elaborated.

Motley, who is now playing for the professional Cleveland Browns, has been acclaimed the most powerful fullback in football today. He can maneuver his massive 230 pounds to a near 10 flat hundred yard dash, but what makes him great is his love for bruising contact, Sheeketski stated. If Howard can develop this trait he will become a great prospect.

The fullback spot is well balanced as there is a wealth of good men battling for the position. Ernie Zeno, the standout plunger of last year, Johnny Subda and outstanding newcomers in Paul Stimac and Bill Osborne are in the running along with Howard.

Barfly: Who's your close-mouthed friend?

Barhag: He's not close-mouthed, just waitin' for the janitor to bring the spittoon back.

Sherman Howard is shown breaking the tape after running the 100 yard dash in 9.9 seconds in an exhibition race during the recent state high school meet. From right to left and finishing in that order are Charles Springer, Tommy Kalmanir and Teddy Ensslin. This quartet is entered in tomorrow's Fresno Reals and will compete against such teams as USC, UCLA and other coast power in the 440 yard sprint relay.

BOUND FOR FRESNO RELAYS

Block N Society May Handle Prep Hoop Tournament

Block N may offer to handle the 1949 high school basketball tournament, announced Dick Trachok, new president of the organization.

Trachok succeeds Bill Gillis at the head post following one of the best years the Block N society has enjoyed since before the war. Carl Robinson was selected as vice-president and Tom Bell was elected secretary-treasurer of the group.

The high school interscholastic league had such widespread compliments concerning the fashion in which the Block N handled the recent Western Conference and Nevada state track meets, that a possible request may be tendered to the organization to conduct the next prep basketball tournaments.

The Block N is also financing today's trip for three state track standouts to attend the Fresno Relays held Saturday.

The prep stars are Chuck Renfro from Fallon, Myron Leavitt of Las Vegas and Reno's Gene Mendiola. Renfro will be entered in the discus event; Mendiola in the half mile and Leavitt in the sprints. They will stay with the University of Nevada tracksters entered in the Fresno Relays.

Plans for the annual spring picnic will be discussed at the Tuesday meeting, Trachok said.

NEW NELLIS NOW

A son was born to Mr. and Mrs. Harold Nellis on April 16. The baby was named Keith Lee, and weighed seven pounds three ounces. The mother is the former Romola Schuyler, Pi Beta Phi. Nellis is a junior engineering student and is affiliated with Sigma Rho Delta.

PACK TRACKS

By Bill McFarland

Last Sunday's intersquad football game, finale of spring practice, produced every indication that Nevada's 1948 team will be better than last year's eleven which chalked up one of the finest records in this school's history.

Joe Sheeketski's Salad Bowl champs put on a real show featuring hard blocking, excellent open-field running, and pinpoint passing. The entire team showed mid-season finesse in all departments.

Tracksters Injured

Only bad feature of the afternoon was the jolt Jake Lawlors' track team received when Ed Klosterman and Elmer Green were injured in the skirmish.

Klosterman, who runs third lap on the mile relay team, received a bruised hip, and Green, best high jumper Nevada has ever had, suffered a broken ankle. Both were to compete in this weekend's Fresno Relays.

It's a tough proposition to lose valuable track men prior to a meet as big in scope and prestige as the Fresno Relays. Coach Sheeketski should have given trackmen on his squad a day off from head knocking. If he had, Nevada's chances at Fresno wouldn't be in the present precarious state.

I guess that is the price paid by a school so lean in scholarships that its athletes are required to be so versatile. Nearly all available talent on this campus has to take a crack at doubling in more than one sport.

Sherman Howard, Nevada's ace sprinter who also has been dividing his time between track and football, is no longer an experiment at the fullback post, he's a permanent fixture.

The way in which he cracked the line for five yards a try is a good sign that the 190 pounder is pleased with Sheeketski's decision to move him into the ball carrying department. Last season Sherman spent most of his time as defensive halfback with an occasional appearance at an offensive end position.

Driver of the car (unfamiliar with road): I take the next turn, don't I?

Muffled male from back seat: Like hell you do.

Pack Racquetmen Take First Loss From Strong USF

Losing their first intercollegiate match, the University of Nevada tennis team returned from the strong bay area tennis clime with an even split. Thursday the Pack netmen defeated St. Mary's College 7-2 at the Davis tennis stadium.

Friday the local racquetmen fell before USF's potent squad 9-0 on the Golden Gate Park courts.

Playing his best match of the season, E. Scott, Nevada's number one man, defeated Bob Witteman highly respected Gael ace, to lead the Nevada string of victories.

USF strength was shown when they shut out the Pack.

The Dons have four players on their squad who have national ranking, and comprise a squad which compares to any in the nation.

Local netters play their last match when they meet the Chico State team on the home courts tomorrow. The Nevada men hold an early season win over the Chico team.

Great Tune - Great RECORD

It's Bob Eberly's waxing of "You Can't Run Away From Love." - Decca Record Release

BOB EBERLY, the romantic ballad singer, gives some old but good advice to cuddlesomewhosomes on this click-disc.

And Bob has another good word for smokers. As Bob sings it, "I've tried a lot of different brands of cigarettes—but Camels suit me best."

Try Camels on your "T-Zone"—T for Taste... T for Throat. See for yourself why, with Bob Eberly and countless other smokers who have tried and compared, Camels are the "choice of experience."

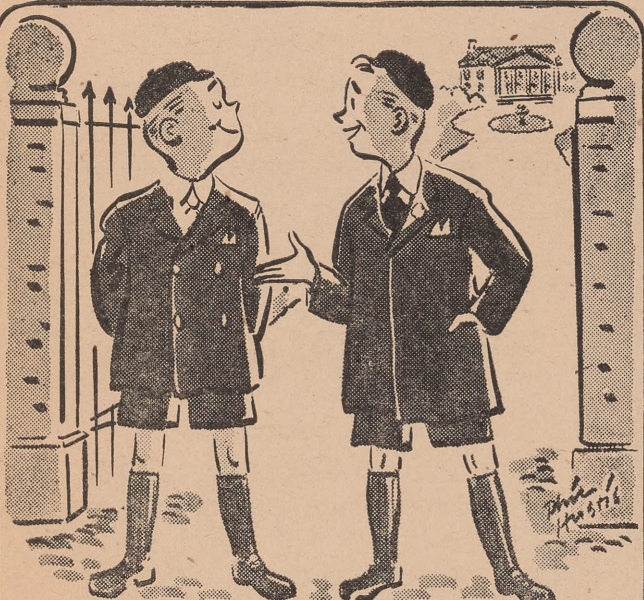

And here's another GREAT RECORD!

CAMELS are the choice of experience with me!

H. J. Reynolds Tobacco Co. Winston-Salem, N. C.

"Tell me, Hugh, does she go for Dentyne Chewing Gum?"

"Sure she goes for Dentyne Chewing Gum, George—that's basic—that swell, long-lasting Dentyne flavor sends her as much as it does you or me. She likes the way Dentyne helps keep teeth white, too."
Dentyne Gum—Made Only by Adams

More people are smoking CAMELS than ever before!

Gridiron Workout Shows Promises For 1948 Season

New material, strong team enthusiasm and several outstanding performances by the 1947 regulars closed the 1948 spring training grind in an intra-squad scrimmage at Mackay field Sunday. The Blues defeated the Whites 40-18.

It was comforting to find that last year's standouts would not let down. Sheeketski stated, but what was even more elating was the over-all enthusiasm and the uncovering of some wonderful prospects.

John Subda's brilliant offensive play Sunday may be a prelude of what to expect when the 180 pound fullback belts into enemy lines next season. Newcomers Bill Osborne and Paul Stimac both looked aggressive while taking their turn at the fullback spot.

Sherman Howard, who has been clocked at 9.8 in the hundred yard dash this season, shot through quick opening holes and used his speed to great advantage. Sheeketski emphasized Howard, a converted end, will be used a lot at offensive fullback next season. Bill Zippman, also a newcomer, looks impressive while playing defense in the backfield.

Al Nociolo, halfback, looked like Tommy Kalmanir in style with his quick starting. Fred Hopper, guard, is probably the most improved player on the squad. Sheeketski declared. Both Fred and Jack Davis turned in top performances Sunday.

Buster Tolton, 230 pound guard on last year's team, has been converted to tackle and the change has been favorable, Sheeketski said. Pat Francellini, center, and Louie Mendive at end have also progressed rapidly.

ATO Tennis Ace Takes Mural Cup With 7 Victories

Ron Brubaker, engineer transfer student, won the intramural tennis singles matches. Brubaker came through with 7 wins and no losses to take the cup for Alpha Tau Omega, and individual honors.

Almost all of Bruker's scores were impressive 6-0's and 6-1's, and the only game that really seemed to give him trouble was with Sigma Nu's Buddy Garfinkle. Garfinkle matched him point for point in both games, but Brubaker was able to eek 7-5 and 11-9 wins out of him. Sigma Nu took second place honors in the sport by winning six games and losing only one.

Lambda Chi's Drake Delaney and Sigma Rho Delta's Frank Robbins tied for third place, each winning four games and losing three. Phi Sigma Kappa's Tony Miller won three and lost four to get a fifth place and SAE, Theta Chi and the Independents each had six losses and one win to tie for last tplace.

Sigma Nu's Buddy Garfinkle and Orsie Graves lead the intramural tennis doubles tourney. They have dropped players from Sigma Rho, Lambda Chi and Theta Chi to remain undefeated for the first half of the event. Still undefeated, but with only two wins, are Louie Zorio and Ron Brubaker of ATO. Brubaker is the tennis singles champ.

Drake DeLanoy and Hugo Granata of Lambda Chi are third in the contest with two wins and one loss.

Kinnear Trophy Standings

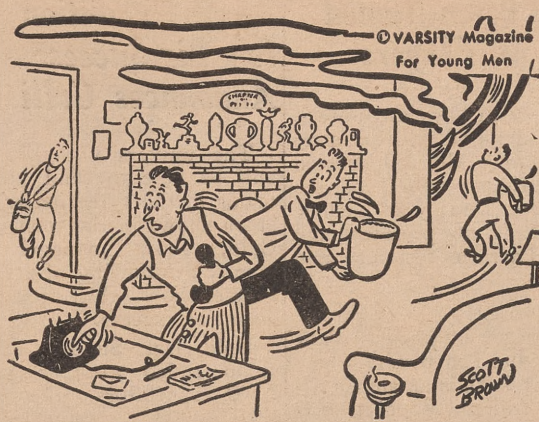

Sigma Nu	431.75
ATO	278.75
SAE	155
Theta Chi	130
Lambda Chi	104.75
Phi Sigma Kappa	86
Independents	60
Sigma Rho Delta	37.5

CAMPUS RED LIGHTS OUT OVER ENTRANCE

Many campusites did not notice it, but the red lights over the two entrance pillars have been off since last week.

The reason for the darkness is faulty wiring, according to Carl Horn, superintendent of the university grounds. He stated that the underground wiring went bad and is in the process of being replaced. The job should be completed by the end of the week.

Alpha Tau Omega Honors War Dead

Approximately 150 persons, including members and families of the ATO Mothers' Club, alumni and active members met at the chapter house of Alpha Tau Omega Sunday, May 9, at 1:30 pm to dedicate formally the new memorial steps and plaque in memory of Alpha Tau Omega fraternity members and pledges who lost their lives in the last war.

Although the memorial plaque has not been finished as yet, a 300-lb. bronze crest was set in the face of the steps for the dedication. The plaque, which will be mounted at the top of the steps facing the chapter house will bear the names of 11 University of Nevada ATO's who died in combat, Franklin Mack Andrews, Minden; Lee John Conaway, Panaca; Donald Clifton Good, Reno; Jack Robert Hughes, Reno; Joseph Barni Macari, Fallon; Edwin Forrest Nickles, O'Neals, California; Wayne Van Voorhis, Fallon; John Lemich, Ely; Douglas McDow, Susanville, California; Lafayette LeRoy Wadsworth, Panaca, and William Harry Purdy, Sparks.

The program included the introduction by Mark Bray of the active chapter, dedication remarks by Dean R. C. Thompson, chapter advisor for the past 27 years, the singing of "The Jewels," the fraternity song,

and benediction by Dean Thompson. Open house was held for the following 30 minutes and refreshments were served.

The newly constructed steps were made possible and completed through donations of time and material by ATO alumni and active chapter members. Arrangements for the dedication ceremony were made by Carlyle Pribberniow, alumni president.

Tumblers Cop Prize At IOOF's Show

University of Nevada tumblers picked up a first prize in the IOOF's talent show Tuesday. Don Thompson and Bob Coughlin did a clown routine and the tumblers did exhibitions on the mat and springboard. First prize of \$10 was not accepted because of the AAU restrictions on amateur athletes taking money.

Bob Wengert, Dave Cochran, Jack Parke, Irving Hackett, Don Thompson and Bob Coughlin represented the tumbling club.

Art Broten, director of the Olympics Club, and Gene Wait, member of the organization, visited the Portola, California, high school Tuesday to see a tumbling exhibition. The Portola men put on an outstanding performance in spite of the fact that they have a very small enrollment, according to Mr. Broten.

Then there was the fellow who offered his girl a Scotch and soda, and she reclined.

Intramural Debate To Be Reinstated After Six Years

Reviving the intramural debate contest after a six year lapse, speech instructor S. H. Vinocour said that competition will be open to all students on the campus.

First rounds in the tournament will be held starting at 2 pm Friday, May 21. All organizations may enter as many teams as they wish, Vinocour said. The teams must consist of two students and an entry fee of 50 cents will be required for each team entered. This fee must be paid to Mr. Vinocour at his office, which is number 18 in the temporary English buildings.

Sororities, fraternities and non-organized students are eligible for competition. The winning team will have its name engraved on the revolving trophy last won by Huling Ussery, representing Sigma Rho Delta, in 1942. In the event that the winning team represents an organization, the trophy will be kept in the organization's possession until next year's tournament.

Interested in A \$4000-A-YEAR "FLYING EXECUTIVE" JOB?

HERE'S your chance to find out about one of the best opportunities ever offered college upper-classmen. It's a job that qualifies you as a pilot and as an executive... that puts you in touch with the very latest developments in the field of aviation... that pays you up to \$336 a month after one year of intensive training.

The U. S. Air Force interviewing team is coming back on the campus to tell you more about it. It is set up to answer all your questions, to interview applicants for the July 1 and October 15 Aviation Cadet Classes, and to give preliminary physical examinations and flying aptitude tests.

If you can qualify, you begin training as an Aviation Cadet. You draw \$75 a month pay, plus food, quarters,

uniforms, medical and dental care. Upon successful completion of the 52-week training course, you're commissioned a 2nd Lieutenant, Air Force Reserve, and assigned to flying and administrative duties with the U. S. Air Force.

No other job offers such a broad background for a career in aviation. To those who meet the high standards, it's a real opportunity.

Stop in after class and get all the details. Check the date, time and place below.

CAREERS WITH A FUTURE
U. S. Army and U. S. Air Force

INTERVIEWS WILL BE HELD At the dean of men's office May 17, 18 and 19 from 9 am to 5 pm.

Teams this year must be prepared to give an eight minute constructive speech on the topic "Should the Communist Party Be Outlawed in America," and a four minute rebuttal on the same topic.

Judges for the affair will be members of the faculty and local professional men, Vinocour said.

The four teams surviving the elimination rounds on Friday will be advanced to the semi-finals Monday, May 24, at 3 pm. Finals will be held the next hour for the two remaining teams.

Headquarters for the entire event will be Mr. Vinocour's office and all information and details of the contest may be obtained there.

Deadline for entries is noon Friday, May 21.

High Enthusiasm For New Building Suddenly Revived

If enthusiasm is any criterion, students and members of the faculty at the University of Nevada should soon see a new student union building on the campus.

There has been much talk among students, the administration and the alumni association about a new building to house student activities. Although nothing is official, the wave of spirit for a new ASUN building has suddenly been revived on the campus and is now growing stronger.

No definite site has been selected for the building, although one location has been suggested by an interested party. This was the parking lot which is bordered by the Education building, Mackay School of Mines, and the Agricultural building. The site would be centralized on the campus and would be closer to the isolated northeast section of the grounds.

The proposed new building would probably house student and faculty lounges, snack bar, cafe, kitchen, offices for student body president, Sagebrush, Artemisia, graduate manager, meeting rooms for committees, and a main lounge which could be used for social functions.

Many attempts in the past to raise money for the ASUN building have failed. "Buy a brick" was the most recent campaign. The small amount which was raised, along with donations from a few individuals, have gone into different funds held by the graduate manager. These monies will probably be turned into one student union building fund when the project gets underway.

The present student building is antiquated. Offices for the graduate manager, Artemisia, Sagebrush and student officers are much too small to fit their heads. When a student group meets in the senate room, the only available room in the building, all other groups must either meet in the hall or postpone their activity.

A number of people on the campus have condemned the present building because of its location. It is off the campus limits (technically it is considered "on campus") and therefore not readily accessible to all campusites.

The alumni association is doing much of the work towards the proposed new building but John O. Moseley, president of the University of Nevada, has been the driving force behind all of the activities.

"Marry my daughter? Ha! Young man, you couldn't even keep her in underwear!"

"There are times, sir, when you don't do so well at it yourself."

Nevada Relay Men Perform as Vegas Cops State Crown

Las Vegas high school romped off with its fourth straight championship at the recent state track meet in Mackay Stadium, sponsored by Nevada's Block N society.

The southerners scored 51 points to overwhelm their nearest competitors, the Reno Huskies, who scored 20 points. Six first places were garnered by the Vegas crew, enough to win the meet, but they also picked up several second and third places to assure a winning margin.

As added attractions, Jim Delaney and Ray Kring of the San Francisco Olympic club, put on exhibitions in the shotput and pole vault. Delaney put the 16-pound ball out 52 feet and then tossed the 12-pound high school ball 60 ft., 11 in. Kring cleared 13 ft., 1/4 in. in the pole vault which is believed to be the highest ever cleared in Nevada.

Nevada's relay teams put on an exhibition in the mile and 440-yard sprint relay. In the mile event the varsity lost to the Frosh team, which was given a 30-yard advantage. Sherman Howard ran a 9.9 seconds 100-yard dash to beat Charley Springer Tommy Kalmanir and Ted Ensslin in another event.

WRA Dinner Fetes Retiring PE Head

A dinner honoring Miss Elsa Sameth, head of the women's physical education department, and installation of WRA officers was held at the WRA fireplace Wednesday, May 5.

Miss Sameth, who has been teaching in the women's PE department for many years, is retiring this semester.

Officers installed were Freda Kornmayer, president; Phyllis Green, vice-president; Alice Pettis, secretary, and Fay Fryberger, treasurer.

Zina Coe was in charge of the dinner and installation ceremonies.

Friday Festivities Feature Formals

Both Pi Beta Phi and Delta Delta Delta sororities will have their annual spring formal dances tonight.

The Pi Phi's event will be held at the Trocadero, and the main feature of the evening will be a buffet dinner at 11:00 p. m.

Dick Woodward and his orchestra will furnish the music for the dance. The "Troc" will be decorated with lilacs and spring flowers for the occasion, said Elaine Abercrombie, chairman of the dance.

Guests will include Dean Elaine Mobley, Dr. and Mrs. Austin E. Hutcheson, Dr. and Mrs. P. A. Lehenbauer, and Mrs. Corle, house mother.

The Mapes hotel will be the scene of the Tri Delt spring formal, and is under the direction of senior members, who did the planning and necessary work for the dance.

Music for the dance will be provided by Bill Sorenson and his orchestra.

Guests will be Mrs. Mabel Fulton, Mrs. Starr, house-mother, and Dr. and Mr. John H. Thompson.

Dance committee chairman is Katie Boyle.

Pat O'Brien Named Head of 'Players'

Pat O'Brien was elected president of Campus Players at a recent meeting. He will succeed Bob Durham. Other officers elected for next year include Larry Means, vice-president, and Norma Carruth, secretary and treasurer.

New members will be initiated at a picnic at Idlewild Park on May 19. The picnic, which will be at 4:00, is an annual affair, at which time each new member must present a three-minute skit as part of the initiation.

Members who were invited to join are Lorne Black, Fay Fryberger, Wayne Lewis, Norma Carnel, Gordon Hayes, Harold Hayes, Harry Spencer, Bob Creveling, Jerry Wyness, Darwin Farnsworth, Haskell Tarlow and Anita Davidson.

Frat Week Slow For Campus Houses

Fraternal speaking it looks like something of a slow weekend. Alpha Tau Omega is going to Incline Beach at Lake Tahoe on Sunday. About 60 fellows are expected to make the jaunt. Phi Sigma Kappa will initiate ten pledges on Sunday.

Otherwise all is quiet at the fraternity houses.

The ten pledges to be put through their initiation paces in the Phi Sigma Kappa fashion include: Bob Walker, Dick Cotter, Rudy Gerkin, Jerry Mark, Gus Lowry, Tom Barton, Gene Molson, Dave Swenson, Ross Smith and Jim Pierson.

Aggie Exhibition Is a Big Success, Announces Galli

The university Aggie club will be able to send judging teams to the three major livestock shows in the west, Mike Galli, show manager, announced following the Aggie Horse show which proved a financial success.

Held last Sunday at the Reno rodeo grounds before 2,500 spectators, the show was favorably received by the large crowd.

Galli said that the success of the show was due to the hard work of members of the Aggie club. Assisting him in the direction of the show were George Potts, Lyle McCarty and Warren Welch, president of the Aggie club. Neil McNeely was the announcer at the show.

Eileen to Wed Bert

Announcement of the engagement of Eileen Sweeney and Bert Hildebrand, senior Arts and Science students, was revealed recently by Miss Sweeney's mother. The couple plan to march to the altar immediately following graduation in June. They will make their future home in Alaska.

Features of the day were the quarterhorse races and the championship competition. At the conclusion of the show the members of the club gave calf riding exhibitions.

Winners of the quarterhorse races were:

440-yard—Real Hug, owned by Bill Wells.

330-yard—Cheeta, owned by Warren Welch.

220-yard colt race—Sister Time, owned by Walter Parman.

220-yard regular—Wilbur May, owned by Double Diamond ranch.
