

NEVADAN STANDS GOOD CHANCE TO RECEIVE RHODES SCHOLARSHIP

Applications for Highest Type of Award Now Available to Eligible Students

"Chances for a Nevadan being selected for a Rhodes scholarship this year are very good," said Professor S. W. Leifson today. Mr. Leifson, chairman of the Rhodes scholarships committee of the University of Nevada, stated that all applications from interested male students must reach his office not later than October 30, 1948.

The scholarship grants \$1614 per year to each man appointed, plus a special grant of \$403.50 per year to help meet living expenses in England.

In addition to the regular Rhodes scholarships, war service scholarships to Oxford will again be available during 1948.

Thirty-two scholarships will be awarded within the United States and four within this district, which includes Nevada, California, Utah, Arizona, Colorado and New Mexico.

Selection of applicants will be made on the basis of literary and scholastic ability and accomplishment, qualities of leadership, and other mental and moral qualities desirable in young men.

Successful applicants will enter Oxford in October, 1949.

Following is a digest of the regulations governing the scholarship award. Further inquiries should be made to Professor Leifson.

"A Rhodes scholarship is tenable at the University of Oxford. Since the majority of Rhodes scholars obtain standing which enables them to take a degree in two years, appointments are made for two years in the first instance, and a Rhodes scholar will be awarded a third year only if he shows outstanding quality and presents a definite plan of study for the additional period satisfactory to his college and to the Rhodes trustees, and also provided that accommodation in the Oxford Colleges permits of extension for a third year. Two years is the minimum period for which a Rhodes scholarship can be awarded.

The basic value of a Rhodes scholarship is \$2000 a year, which, however, is subject to periodic review by the trustees in the light of economic conditions and may be reduced or discontinued. Scholars are advised to augment the stipend by at least \$200 per year from their own resources. Scholars who qualify for benefits under the GI Bill of Rights (public law 346) may expect benefits at Oxford equivalent to those they would receive at an American university.

The tenure of a Rhodes scholarship is dependent upon the maintenance by the scholar of a standard of work and conduct which, in the opinion of the trustees, justifies his scholarship.

In addition to ordinary appointments, the regulations for which are given above, the Rhodes trustees have authorized again in 1948 War Service scholarships for which men will be eligible who at any time since October 1, 1940, were between the ages of 19 and 25 years, and who have completed at least one year of war service.

For the purpose of the Rhodes scholarships, committees will be instructed to recognize as war service not merely membership in the armed forces, but also various kinds of civilian war work which contributed to the war effort. Any work will be considered as war service for which draft boards have granted deferment. Can-

Youngster Injured In Victory Heights Automobile Mishap

Bobby Collins, three year old boy, suffered minor injuries when he was hit by an automobile at Victory Heights Saturday. The injured boy is the son of Chester Collins, a student-veteran attending the university.

Parking cars at Victory Heights apartments for married student veterans has become a vexing problem, residents say. In view of the congested situation that exists the veteran residents, in cooperation with the dean of men's office, are making immediate efforts to improve the situation, it was announced.

Residents of buildings three and five decided to eliminate all parking between the two structures that face each other. This is a temporary change and will be tried pending further examination of the problems by students and officials of the university.

'No New Sorority,' Declares Mobley

The rumor that another national sorority may come to the Nevada campus was quickly dispelled this week when Dean of Women Elaine Mobley was questioned on the subject.

Miss Mobley said that at present there is no need for an additional sorority because there are not enough girls to warrant another national group, and no suitable building is available to house such a group anyway.

Homecoming Awards Secured, Says Head

Al Richardson, chairman of the trophy committee for Homecoming, has announced that arrangements have been made with many downtown firms to secure trophies for the various activities.

The trophies and their donors are as follows: best organization skit, Morrill and Macabee; individual winner of the cross country, Sportsman; best fraternity float, Sears Roebuck; best sorority float, R. Herz and Bros.; best sorority skit, Reno Printing Co.; best fraternity skit, Moore-Tally Inc.; and best organization float, Sunderlands.

Student Officers To Investigate Gow House Gripes

Student officers will now assist the members of the dining hall committee in handling student complaints and requests regarding food and management in the university dining room, it was announced by Dean Mobley. Dr. John O. Moseley, upon the recommendation of the dining hall committee, has appointed as ex-officio members of the committee the presidents of student groups living on the campus and eating at the dining hall.

The following students have been appointed: Miss Marjorie Friend, Artemisia Hall; Wally Green, Lincoln Hall; Mary Zozakis, Manzanita Hall; Joe Morita, Highlanders, and Harry Arak, old gymnasium.

The regular dining hall committee membership consists of Miss Elaine Mobley, chairman; Dr. Robert S. Griffin and Mr. Perry Hayden.

Dean Mobley says, "It is the hope of the committee that the students will assist in reporting student criticism to the committee." Instead of complaining to his friends, a student should report to his student group leader, so that the committee may be better able to plan and carry out reforms.

For those students who have dietary problems, Dean Mobley suggests a talk with Mrs. Nelson. Mrs. Nelson, a trained dietitian, is in charge of planning and directing the preparation of meals in the university dining hall. Mrs. Nelson will be happy to make appointments for discussion of diets with any student, or student commission, the dead said.

Dean Mobley and Mrs. Nelson plan to make a trip to Berkeley in November, for the purpose of studying systems in the new student cafeteria there.

Plans under consideration by the committee include the use of dishes and flat trays, and script books which will enable the student to order what he wishes, and to pay only for what he takes.

NOTICE

Turn to the sport page for Hatton's Football guessing game.

HOMECOMING ORCHESTRA

Scotty Oliver and his Mo-Mo Club band giving out with that hot tempo the Sacramento outfit is noted for. These jive boys will keep the old State building jumping during the Homecoming dance on October 30. Four members of the band were formerly with Lionel Hampton while a fifth, his arranger, is a former Stan Kenton man.

Fellowship Awarded Former Instructor in English Department

Miss Rebecca Price, former instructor of English at the University of Nevada, was awarded a traveling fellowship by the national chapter of the AAUW last spring. This award is preseted only to people who prove themselves capable in the highest kind of scholarship.

Miss Price has chosen to use the fellowship in studying literature of the 18th century, specializing in research material on Alexander Pope. She is now at Oxford University in England and later plans to go to the continent and visit the University of Paris.

Dr. Robert Hume, assistant professor in the English department at the University of Nevada, said that Miss Price's duties with the fellowship will extend over a year's period, but that she expects to remain longer for further study.

Dr. Hume said that Miss Price was recently awarded a doctor's degree in English from Yale University.

New Postal Stamps Approved for Issue

For the information of stamp collectors and others who are interested, Reno Postmaster Pete Peterson announced this week that the following list of new postage stamps has been approved for issue during the remainder of 1948. The place and date of first day of sale for each was also given.

Volunteer Firemen stamps will be sold October 4 at Dover, Delaware. Indian Centennial will be issued October 15 at Muskogee, Oklahoma, and Rough Riders go on sale October 27 at Prescott, Arizona.

To be issued in November are Will Rogers, sold November 4 at Claremont, Oklahoma; Fort Bliss, to be issued November 5 at El Paso, Texas; Moira Michael, to go on sale November 9 at Athens, Georgia; Juliette Low, to be offered November 15 at Savannah, Georgia; Gettysburg Address, to be introduced November 19 at Gettysburg, Pennsylvania, and American Turners Society, to go on sale November 20 at Cincinnati, Ohio.

Slated for introduction on December 9 at Eatonton, Georgia, is a Joel Chandler Harris stamp.

Nevada's Reputation Is Threatened By Vandals

Ticket Sales Set For Wolves Frolic

Homecoming Chairman Don Metzker announced that ticket sales for the Wolves Frolic will begin on October 18 and will continue through October 29 for alumni members.

Alums can obtain their tickets through the graduate manager's office any time beginning next Monday.

Sales to students will begin on October 25 and will continue through October 27. They may be obtained at the graduate manager's office or through the Blue Key booth.

Beginning October 29, tickets will be on sale two days for the general public, and can also be obtained at the graduate manager's office.

The chairman stated that prices will range from 75 cents to \$2.00.

University Band Set for Kezar This Weekend

The University of Nevada band will lend color to the excitement of the St. Mary's game in Kezar Stadium Sunday, October 17.

At the start of the game the band will march with the St. Mary's band to play the National Anthem. At the half the band will march and play on the St. Mary's side of the stadium while the St. Mary's band plays on the Nevada side.

The majority of the band members will leave early Sunday morning on a chartered bus.

There are 60 members in the band this year in comparison with the 35 members in September of 1947. In addition there are six majorettes and six flag twirlers.

The flag twirlers are a new feature of the band.

At the end of the football season, the band will begin rehearsals for a series of mid-winter concerts. They will try to present their first concert before the Christmas vacation.

"I am perfectly satisfied with the band at this point but there are still little details to be worked out. The students are working well, both with me and with each other, and we are well on the way to having a good university band," said Professor Tate.

Infirmiry Reports Too Many Excuses

Too many university students are abusing the privilege of getting class excuses from the infirmiry, Dr. C. R. Locke, university physician, stated today.

It will be the policy of the infirmiry to issue excuses only when a student reports his illness immediately, goes to the infirmiry for treatment and is hospitalized. Students living at home must get a written statement of their illness from their parents and present it to the infirmiry.

The infirmiry staff also announced that flu shots are still being given. These shots will prevent colds to a certain extent and are being given free to all students. The shots may be obtained at any time during the day. Shots will not be given during an acute phase of a cold.

Sticky Fingered Men Put U of N On Spot in SF

A letter has been received by the office of the president regarding an alleged theft by University of Nevada students.

Requesting information concerning the loss of two coats and a valuable family keepsake, Miss Dorothy Beard, 68 Curtis Street, San Francisco, California, said that the stolen articles disappeared during recent festivities at the Geary-Mason Club where she is employed.

Miss Beard stated that she serves as a part-time waitress at the club and was called to work to accommodate the number of students who were celebrating the football victory of the University of Nevada over the University of San Francisco. She also stated that her coat and locket and the coat of a bartender were taken during the evening by someone from the University of Nevada.

Requesting information and action by the university authorities, Miss Beard mentioned the responsibilities of university students. She said that were her belongings or their pawn tickets returned, she would gladly pay the price of the coat and the estimated cost of the locket, no questions asked. To quote from Miss Beard's letter: "These students are no longer children. They are responsible persons studying to govern our country, to earn a living, and to participate in the future of the country. . . . Honesty and integrity should be part of each person's education. . . . Higher education seems to be doing little for this group of people."

Connections Good For Kezar Jaunt

University of Nevada students planning to attend the Gael-Wolf Pack game at Keza Stadium Sunday, and who cannot make connections with the chartered buses leaving at six Saturday and Sunday mornings, will be able to find other transportation to San Francisco via train, plane and bus.

Greyhound buses leave Reno for San Francisco at 2:40, 2:50, 9:00 and 10:00 am and at 12:01, 2:00, 3:15, 6:30, 8:45 and 11:00 pm every day, including Sundays. They return from San Francisco to Reno at 4:45, 6:00 and 8:55 am and at 1:55, 2:05, 4:00, 7:10, 9:40 and 11:55 pm. Round trip fare is \$7.76.

Trains leave Reno for Frisco at 9:25, 11:50 and 12:11 pm. Reservations are required for the 12:11 pm train. Trains coming from Frisco to Reno leave at 12:00 noon, 8:30 pm and 9:00 pm. Round trip fare is \$12.65.

United Airlines planes leave Reno for San Francisco at 7:00 am and 10:25 am, and at 1:35, 2:30, 5:20, 7:10 and 11:25 pm. On the return flight from San Francisco to Reno they leave at 2:45 and 8:45 am and 5:00, 5:10, 10:15, 10:20 and 11:30 pm. Round trip fare is \$26.34.

All the times listed are daylight saving time. Fares include tax. Traveling time by bus is eight hours, by train between four hours and 20 minutes and ten hours, depending on the train, and by plane one hour and 25 minutes.

ACT BEFORE IT'S TOO LATE

How many of you would point a loaded gun at children playing in the street?

Such a question is ridiculous for we fully realize the potential danger of firearms. Even an unloaded gun is respected by the majority of people. However, ridiculous as it may seem, last Friday evening loaded guns were pointed at the children of Victory Heights.

These guns were in the form of automobiles recklessly driven through the campus and Victory Heights undoubtedly manned by students with moronic tendencies.

An automobile driven at a speed where positive control is impossible is just as deadly as a loaded gun. Are we going to sit back and let this menace continue? Must we wait until one of our children is lying dead before we do something?

To make an appeal to the dubious mentality of these reckless "hot-shots" is useless. If they know no better than to drive insanely then they lack the common sense to comprehend this writing.

Since it is impossible to have adequate police enforcement to control this menace, it is up to the individual to protect his own interests by taking the description and license number of violators and promptly reporting the incident to the authorities, both campus and city.

As a citizen it is your right and responsibility to have laws for the protection of your society. This right and responsibility doesn't end with a written statute but extends into the due enforcement of the law.

Perhaps you will be confronted with the problem of reporting one of your friends. You may hesitate for that reason. But, stop and think! Is this friend considering you and your family when he drives 50 miles an hour in a 15 mile an hour zone. Suppose he kills your child, would you be able to forget the tragedy through friendship?

In the event that the authorities fail to remedy this situation once you have reported these violators—get together, organize if necessary, and approach the administration or the city attorney.

Your action now may prevent a tragedy—perhaps your tragedy!

THE INCONSIDERATE

Early last week a letter was received by President Moseley's office from a Miss Dorothy Beard of San Francisco, California. The letter was dynamite!

Our impressions are as follows: Two weeks ago during the Nevada-San Francisco football game several frolicing Nevada students were having themselves a good time at the Geary-Mason Club where Miss Beard is employed part time as a waitress. It seems she was called to work to accommodate the large number of students who were celebrating the current victory. Sometime during her stay on the job, Miss Beard states, someone from the University of Nevada stole her coat and a valuable keepsake and a coat from a bartender. In her letter Miss Beard says, "These students are no longer children. They are responsible persons studying to govern our country, to earn a living and to participate in the future of the country. . . . Honesty and integrity should be part of each person's education. . . . Higher education seems to be doing little for this group of people."

We are honestly sorry for Miss Beard's loss of the irreplaceable keepsake and coat.

But we also resent deeply the incriminating insinuations which Miss Beard throws around freely in her letter. Her accusations and generalities are not to be taken with a grain of salt by the students of the University of Nevada. She was not selecting a certain few as the target for her poisoned remarks, she was labeling the whole student body with everything from thieves to morons.

The Sagebrush feels that the situation is acute. Certainly the whole student body should not suffer under these false impressions even if the affair did involve a group of Nevada students.

We also feel that a warning to Nevada students is proper at this time. Most of us will be in San Francisco this weekend for the Nevada-St. Mary's game. Remember that we are representatives of one of the finest universities in the nation and should do everything in our power to keep our name as clean as the proverbial "whistle." Let's be remembered as university students prominent for scholarship and sportsmanship, but not as thieving vandals.

This warning isn't necessary for the majority of the Nevada students, but unfortunately there are always a few in every large organization whose lack of personal pride makes it easy for them to sacrifice the good name of the entire group.

We repeat that we are sorry to hear of Miss Beard's loss. The Sagebrush is anxious to hear from any student who can furnish information concerning the above situation. We will not be acting as policemen if any information is turned over to us. We will act as the official voice of the students of the University of Nevada and do our best to see that the student body is not slandered as has been done.

SONNER GREENSPAN GENERAL INSURANCE

150 N. Center St. Reno Ph. 2-6991 or 2-5168

Letters to Editor

Dear Sir:

Every year at this time the attention of my committee falls on the sad state of affairs among the freshman men. This year especially, we are appalled with what we notice. The crop of freshman men has been getting progressively greener and greener in the last few years. The number of veterans has fallen off and this is apparently the only explanation for this verdant condition.

Not to mince any words, something has to be done about it. As some of the students probably recall, last semester a man was injured on this campus by paddling. This resulted in an ultimatum being cast our way by the university physician, forbidding further application of this most suitable punishment.

To top this off along about Mackay Day a second ultimatum was issued abolishing our alternate method of punishment—namely dunking culprits in Manzanita Lake. (It's a wonder we were ordered to shave off our germ infested beards.) We admit this was a crippling blow to our organization, but something has been done to remedy this wrong.

At a meeting of our committee last Friday, we considered a new form of punishment, namely manual labor and a call for monetary donations to freshmen education fund. We have noticed several little things that need to be done on our fair little campus:

First, removal of SJS's from various places about the campus; second, removal of Hello on the Hill Week slogans from various places on the campus; third, general police duty on trash, cigarette butts, tumbleweeds and papers that drift through the campus at various times; fourth, painting of the football field stripes before the Homecoming game; and fifth, any number of menial tasks which superior minds like ours

may think up from time to time.

The day has come, young men. You have left the realm of your mother. You are in our charge now, and we are highly incensed at your complete disregard for our orders, which were set forth to you in your freshman bible. You have received your warning, and soon you violators will be summoned to appear before our inquisition. You can hope for no mercy.

And just in case anyone wants to let personal feelings enter into this situation, we have the sanction of the dean of men and the student affairs committee for all our actions. Non-cooperating violators can easily be referred to the higher courts, where mirth and levity do not enter into the conversation, and some very serious questions are asked. Beware.

Signed, Gerald Knowles,
President, Men's Upperclass Committee.

Newman Club Holds Picnic at Bowers

A picnic at Bowers mansion sent Newman Club activities into high gear over the past weekend. About 20 members of the Catholic students club spent Sunday swimming and just taking life easy under the trees.

Coming up Sunday is a communion breakfast. Newman Club members will receive communion in a body at the 9:00 mass at St. Albert the Great

Gallant Guy Gets 'Gus Grebe'

Heroic efforts of biology students saved the life of a pied billed grebe named Gus.

Gus was found last week by members of the class on the banks of Manzanita lake in a dazed condition. Being unable to fly, he was transported to class where he remained until someone decided that he had enjoyed Nevada hospitality long enough, and put him on his own. His first official act upon being freed was to fly high and dive into the lake, which was no more than natural because grebes are supposed to dive in the water for food. But Gus came up and was obviously quite annoyed to find his equilibrium so badly out of order that he could not float normally on the water. He was obliged to lie on his back and flounder until Dale Hanna, SAE, put on his hip boots and made the rescue.

Artificial respiration was not necessary, but Doctor Richard-

son of the biology department says Gus will remain under observation until he recovers from his odd malady. Dr. Richards said the bird possibly flew into some obstacle and knocked himself senseless. This is further substantiated by the fact that a part of his bill has been broken off.

ARE YOU QUALIFIED FOR

an Officer's Commission

IN ONE OF THESE FOUR CHALLENGING CAREERS?

Women like you keep our Army and our Air Force in the best physical condition in the world. Graduate nurses, dietitians, physical and occupational therapists are tremendously important to our Army and Air Force at home or overseas, for it would be impossible to operate efficiently without the helpful care of women skilled in those fields.

As a Medical Department dietitian, you will probably first be assigned to a large station hospital to assist with the hospital food service. There, and everywhere in the Services, you will find rotation of assignments. Physical and occupational therapists will work with the most modern equipment in treating a wide range of patients, gradually helping them regain physical and mental health. Army nurses and Flight nurses are trained to handle a great variety of cases, and are given opportunity to specialize according to their interests.

But whatever your specialty, you will have the prestige of a highly respected profession and the excitement which goes with a military career. Wherever you go, your uniform and insignia will be the mark of a noble and rewarding position. You will have the income, privileges, and friendship of officers everywhere. You will be recognized as one of a chosen few in the Army Nurse Corps or the Women's Medical Specialist Corps.

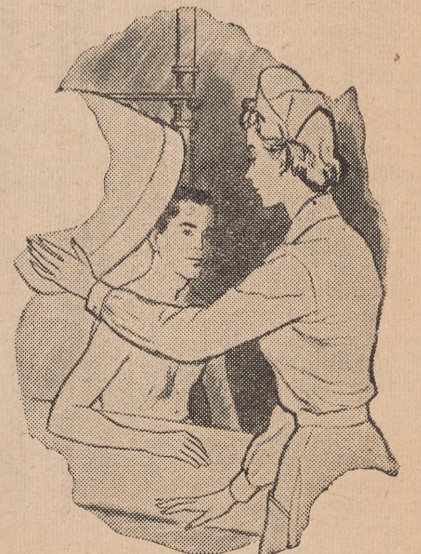

For further information on these distinguished careers, visit your nearest U. S. Army and U. S. Air Force Recruiting Station:

Sororities Plan Gala Weekend In San Francisco

Sororities are shifting their activities to San Francisco this weekend after a quiet week on sorority row.

The recent whirl of pledging, initiation ceremonies, slumber parties, pledge dances and open house, being over, sorority activities during the past week were confined largely to peaceful studying and anticipation of the St. Mary's game.

Gamma Phi Beta pledges can be seen at the library—most any time during the day putting in their 15 hours weekly study hours, one of their pledge requirements.

The first coke hour of the year was held by the Gamma Phi last Friday, October 8. This is a weekly affair at the Gamma Phi house.

Visiting at the Delta Delta Delta chapter house this week is Sylvia Nilsen, traveling secretary of the sorority, from Seattle, Washington. Miss Nilsen arrived in Reno Sunday evening, October 10, and will leave Friday, October 15.

Pi Beta Phi members are supervising a study table from 7 to 9 three evening a week at the library or chapter house for their pledges. Each Monday evening at pledge meetings new members are given short quizzes on material in the Pi Phi pledge manual.

Till except two of the Kappa Alpha Thetas living at the house are busy making plans to attend the St. Mary's game this weekend.

Independents Set Frolic Rehearsals

Rehearsal time for the Wolves Frolic skit was set by Barney Childs, and Gordon Baker announced plans for publicizing the Homecoming sweetheart candidate at the Independents' meeting Monday night.

Col. and Mrs. Gilbert E. Parker, advisors for the Barbs, were present to sponsor the social which followed immediately after the business meeting. It has been decided to have a social on the first Monday night of each month hereafter.

Wally Kurtz, vice-president, was in charge of the meeting during the absence of Dave Hamilton, president.

University Women Plan Busy Year In Sport Parade

Women's sports and recreational activities are now under way with a number of events planned in each field.

A dance festival has been tentatively planned for December by Orchesis. Joanne Rich, a transfer student, has offered her services because a regular instructor could not be obtained. This group meets at 7 pm Wednesday in the gymnasium, and more than 20 girls have signed for this activity.

Supper rides have been planned by the riding classes for next week. Groups will meet at 3 pm and ride out to a campground for a barbeque, returning about 8 pm. Riding managers are Phyllis Green, Wednesday; Margaret Fairchild, Thursday, and Faye Fryberger, Friday.

Expert arms and eyes have been demonstrated in the freshman archery classes, according to Miss Ruth Russell, head of the women's physical education department. Doris Sodergreen, Maureen Magee and Jeanne Demuth have shown promise with the bow and arrow.

In two weeks the 8 am volleyball classes will stage a tournament. Captains for the four teams which will be chosen soon are Shirley Hornbeck, Jackie Wilson, Joanne Rich and Mardelle Kornmayer.

Constitution Change Increases Council

Several changes in AWS constitution have been made and more are forthcoming from special meetings which are being held every Thursday in the student union building, it was announced today by Lorraine Houghton, president of the organization.

The executive board of the AWS is doing the revamping. Included in changes already made are: Head of the women's upperclass committee has been added to the executive board. Present chairman is Kay Brennan.

A change in the constitution increases the size of the council. It now includes all members of the executive board and one representative from each women's organization on the campus.

Following these special meetings, Miss Houghton said that regular monthly meetings will again be held.

Parking Situation Needs Cooperation From All Students

Full student cooperation is necessary in alleviating the university's parking situation, said Charles H. Gorman, university comptroller, who conferred with student senators in a special Monday meeting.

Blue Key, which formerly handled the situation, notified the board of regents of their resignation on June 5. At that time Mr. Gorman was put in charge of the existing problem.

Mr. Gorman presented his view of the situation to the senate and submitted his plan. According to his plan, cars parked in restricted areas will be marked with a tag saying: "You are parked in a restricted zone. Won't you please help us solve our traffic problem by observing our rules?" The car's parking permit number will then be turned in to the office of the comptroller. Upon the third violation, the registrant will be called into the office of the comptroller, and action will be taken. There will be no fines as in past years, but, rather, students will be placed on their honor.

The problem of who will have the job of passing out the tickets remains undecided. Mr. Gorman suggested a rotating committee representative of all organizations.

Also considered was the fact that the university is beyond the jurisdiction of the Reno police. A full time patrolman could be hired, but the university would have to pay his salary.

Blue Key, which still handles car registration, reported that this year only 850 students have registered their cars in comparison to last year's 1150.

Right Roommate Essential Factor To College Girl

Storrs, Conn. (IP)—A graduate at the University of Connecticut has come up with a survey on "roommate compatibility."

After questioning 145 girls in Sprague dormitory on the campus, Dorothy Nelson says, "Lack of similar interests, whether social or academic, seem to cause the most friction between roommates. Personal habits, although important, did not seem to cause much trouble. These conclusions may be contrary to what one might have expected."

Miss Nelson, a graduate of Mt. Holyoke College who served with the Red Cross during the war, put her findings into the thesis for her master's degree in education.

She says she asked the girls to rate their roommates on some 26 points including such factors as neatness and cleanliness, religious background, extra-curricular interests, sense of humor and economic background.

Most of the girls, she says, as yet, those unregistered have not been notified of their violation.

No action will be taken of the parking situation until next week when the student senate will meet again to discuss the problem.

are satisfied with their roommates, agreeing with them on sleeping hours, borrowing, moral standards and ideals.

Cause for most disagreements, she said, appeared to be lack of similar courses or outside activities, difference in sorority affiliation and lack of cooperation in housekeeping.

Miss Nelson says that her study may be a possible aid in the counseling of students. "Roommate adjustment is important to the college happiness of any girl. I hope there will be more research in this field so that we may be able to do a better job of helping each girl," she declared.

Customer: Those sausages you sent me were meat at one end and bread at the other."

Butch: Lady, in these times, at 30 cents a pound we can't make both ends meet.

Men of Moraga Are Confident Of Stopping Wolf Pack Attack

By Bill McFarland
It'll be "Big Joe's" men against "Lil' Joe's" boys come Sunday afternoon in Kezar Stadium.

"Big Joe" is one Joseph Sheeketski whose Nevada Wonder Team keeps rolling over all opponents. To date the Wolves have conquered San Jose, USF and North Texas. "Lil' Joe" is Coach Joe Verducci of the St. Mary's Gaels. The popular mite has his team keyed up to stop the onslaught of Stan Heath and Company this Sunday. Whether his sophomore studded elevn can do it or not is a mute question.

Gaels May Be "On"
The little man of Moraga has a feeling his crew will be "on" for this one and he expects to hand the ground eaters from Reno a stunning upset.

St. Mary's has been improving each week. Although they have won but one of three games they have looked better than average while losing.

Clubs and Clubs
At the weekly San Francisco football writers luncheon, Verducci was given a pair of handcuffs and billy club with which to stop Nevada's Washoe Zephyr, Stan Heath.

Verducci retaliated yesterday that "his team won't need those cuffs to stop Mr. Heath." Verducci had his scouts atop the Mackay Stadium fieldhouse during the North Texas game and though they reported that Nevada didn't show them too much, Joe believes he has enough information to stop the Wolf juggernaut.

Sheeketski is having his troubles in sweating out injuries to key players. Tackle Fred Leon and guard Frank Sanches received gashes on the face and Johnny Subda is nursing a sore leg. The trio is expected to be ready for the Gaels however.

Trachok Doubtful
A very doubtful starter is Dick Trachok, regular right half who suffered a shoulder separation in last Saturday's game. The shoulder is responding to treatment, but if it is mended enough for Dick to play is left for the team physician, Dr. W. W. Hall, and Sheeketski to decide.

St. Mary's, after a week's layoff from football wars, is in top physical condition. They are sporting a high mental attitude and want to win this one bad.

USF Predicts Wolf Loss
USF players, and they've played Nevada and St. Mary's, voiced opinions that the Gaels can stop Nevada, stating that the Moraga team has speed enough to cope with the Wolves lightning offensive.

Nevadally speaking, the Wolf Pack is favored to march on. Sheeketski still sticks by his statement that his team will beat every California entry on the Silver and Blue schedule.

It all shapes up to a whale of a ball game between two of the west's most colorful rivals, and more than 3000 Nevadans will be on hand to see the proceedings.

Wolves Move Closer To Top in Weekly Pigskin Ratings

Nevada's Wolf Pack football squad moved into 17th spot among the nation's grid leaders this week as a result of their dop-sided win over North Texas State.

In the Associated Press weekly poll, the Silver and Blue moved up two places from the previous week's rating of 19th in the football world.

The Wolves received 44 votes to rank above such teams as Oregon, Oklahoma, Columbia, Texas, Southern California and Santa Clara. Sheeketski's team goes against little Joe Verducci's Gaels Sunday in an effort to move higher in the pigskin parade.

"It isn't my fault that I got dad into debt."
"Of course not."
"It was all owing to other

Rested Freshmen Go Back to Work For Lassen Clash

Freshman football practice resumed Monday after a week's layoff. Coach Smithwick gave the squad a week's vacation, after its game in Klamath Falls, before beginning preparations for the Lassen J. C. contest October 23.

The Lassen game will give Nevada students their first look at a team which has had no trouble in winning, by wide margins, the first two tiffs on its schedule.

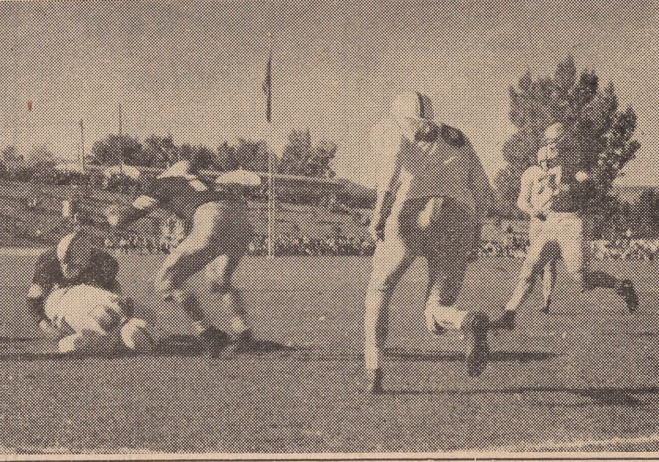

Smithwick is slowly bringing the team to a peak after the layoff. The past week has been applied to polishing the already potent attack of the Wolf cubs, and working with the ever improving reserves.

The frosh have one game remaining after the Lassen clash. That one, with the USF freshman, is looked forward to as the "big one" although the junior college aggregation is not being overlooked.

Scabbard and Blade To Begin Pledging For Fall Semester

Scabbard and Blade, national senior ROTC honor society, will next week begin its pledging activities for this semester, according to word received from Captain James O. Parker, commanding officer of the company at the University of Nevada.

Officers for the company in-

NOT FAR, SAYS WOLVES

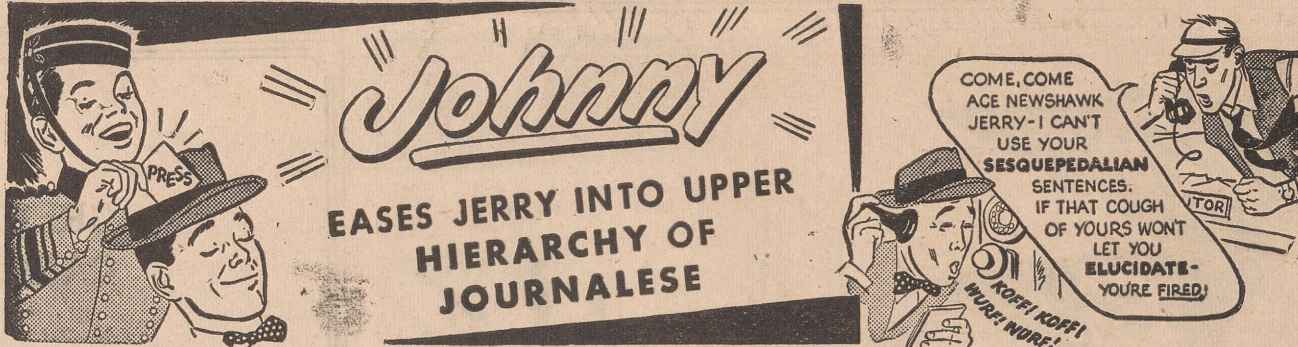

Dick Nutt, No. 40 North Texas halfback, appears to be in the open but not for long. Dan Orlich puts the stopper to Richard on his attempted end sweep in last Saturday's game before an overflowing crowd at Mackay Stadium. Nevada walloped the Texans 48-7.

EASES JERRY INTO UPPER HIERARCHY OF JOURNALESE

COME, COME ACE NEWSHAWK JERRY-I CAN'T USE YOUR SESQUIPEDALIAN SENTENCES. IF THAT COUGH OF YOURS WON'T LET YOU ELUCIDATE- YOU'RE FIRED!

I FEEL LOW AS A HERPETOLOGIST'S PRIDE'S HAUNCHES. THOSE CIGARETTES I SMOKE LEAVE MY THROAT SO DRY AND PARCHED, I CAN'T EVEN CALL IN A STORY.

SAY, THAT SOUNDS LIKE CIGARETTE HANGOVER!

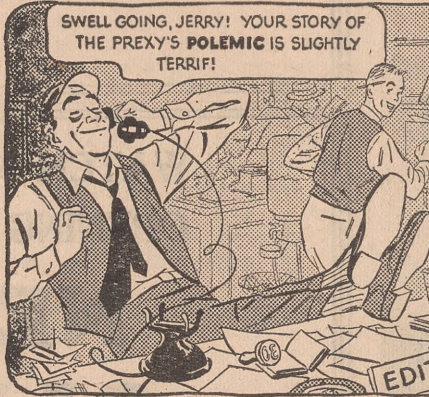

SHE'S RIGHT, JERRY! WHY DON'T YOU SWITCH TO PHILIP MORRIS? THEY'RE THE ONLY LEADING CIGARETTE PROVED DEFINITELY LESS IRRITATING.

THANKS LOTS, JOHNNY, I NEARLY LET CIGARETTE HANGOVER WRITE '30' FOR ME.

MY HOARSENESS IS GONE, MEL NOW THAT IM SMOKING MILDER, FRESHER PHILIP MORRIS, GIVE ME ANOTHER CHANCE.

OKAY, BOY! COVER THE PRESIDENT'S SPEECH TONIGHT.

SWELL GOING, JERRY! YOUR STORY OF THE PREXY'S POLEMIC IS SLIGHTLY TERRIF!

YOU OUGHT TO THANK JOHNNY TOO, MEL. HE GAVE ME THE LEAD I NEEDED TO SCORE A 'SCOOP' WITH PHILIP MORRIS.

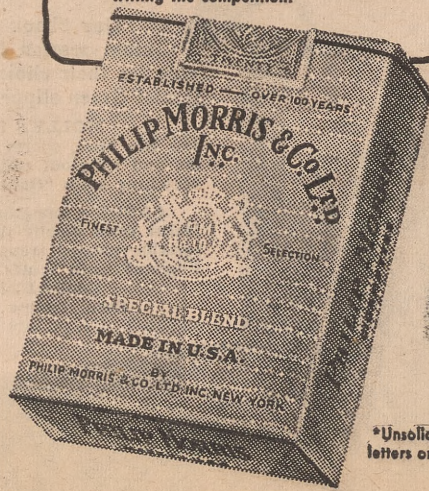

REVITALIZE YOUR VOCABULARY
HIERARCHY - Big Brass of any outfit, even a campus news-sheet.
JOURNALESE - Brilliant slanguage peculiar to news hawks.
SESQUIPEDALIAN - A foot-and-a-half long; pertaining to ten-dollar words.
ELUCIDATE - To turn up the Mazda or make it clearer.
HERPETOLOGIST'S PRIDE'S HAUNCHES - Snake's hips to you.
CIGARETTE HANGOVER - That smoked-out taste, that tight, dry feeling in your throat, due to smoking.
'30' - Journalese for Fins or end.
POLEMIC - A fighting speech.
SCOOP - Newspaper term for outwitting the competition.

here's a BIG scoop, gang -

You'll enjoy a milder, fresher, cleaner smoke in PHILIP MORRIS - the one cigarette recognized by eminent nose and throat specialists as definitely less irritating than any other leading brand. That's why, all over America, smokers report* NO CIGARETTE HANGOVER when you smoke PHILIP MORRIS. Yes, you'll be glad tomorrow, you smoked PHILIP MORRIS today!

CALL FOR PHILIP MORRIS

Rooters Requested To Read Directions For Card Stunts

Card stunts to be displayed at half time during the St. Mary's game were announced yesterday by John Michael, yell leader.

"We would appreciate it if the students would read the directions more carefully," Michael said. "Also, the students should hold the cards in front of their faces instead of looking over the tops of them. There were too many heads showing during the last card stunts." He added that the first card stunt was poor, but the others were good.

There will be four displays shown by the Nevada rooting section during the game Saturday. The first stunt will be a blue block N on a white back-

ground above a blue SM on a red background.

The second stunt will feature the word "Go" over a white N on a blue background. Stunt number three will show a blue wolf's head flanked by the letters U and N on a white background.

The fourth display will be a red feather over the word "Give" on a white background.

AVENGING EAGLES FRUSTRATED; PACK ROMPS TO 48-7 VICTORY

By Father Welsh
After waiting ten months and eight days, the University of Nevada football team got its chance last Saturday to show the people of Texas that the Nevada 13-6 Salad Bowl win last New Year's Day over North Texas State was no fluke.

Show them they did, walloping the Eagles this time 48-7 in Mackay Stadium before 8500 happy fans.

In January it took a 105 yard pass play, Heath to Kalmanir, to bring victory to the Wolf Pack in the Salad Bowl. After that, North Texas State claimed Nevada was lucky and said they could defeat the Reno team nine times out of ten. They had to eat those words last Saturday, when the powerful Sheeketski crew outscored them seven touchdowns to one.

After two exchanges, the Wolves struck quickly. A long Heath to Kondel pass, good for 38 yards, put the Pack on the Eagles eight yard line. From there Sherman Howard, Nevada's new fullback, powered his way into the end zone for the first touchdown of the day. Corley's placement try for the extra point was wide. It was the only placement he missed all afternoon.

A few minutes later Nevada drove to a second score, after Fred Hopper intercepted a pass on the Eagle 35. Sherman Howard again piled over for the TD, this time from the four. Corley's placement was good, and Nevada led 13-0 at the quarter.

The scoring spree continued in the second quarter. Teddy Kondel scored from the five after a 63 yard march. The second score came when Ted Enshlin scored from the three after a drive of 57 yards. Corley made both placements good to give Nevada a 27-0 halftime lead.

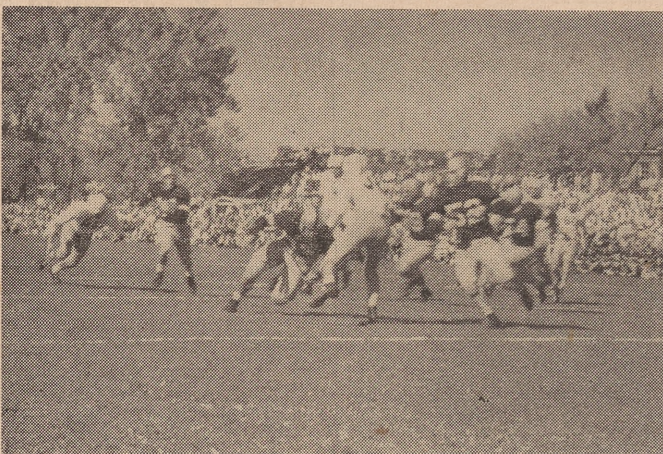

The Wolf Pack let everyone know that the second half was to be a repetition of the first. Tommy Kalmanir took the ball

on his own 10 and ran 64 yards to the Eagle 26, before he was tackled from behind. It was the longest run of the day. Howard drove for eight yards, on the first scrimmage and then Heath hit Beasley with a pass in the end zone for TD number five.

Some nice running by Dick Trachok set up another six points a few minutes later, which he himself scored standing up on an off tackle slant.

North Texas then put on their best drive of the day. Smith ran the Nevada kickoff back 52 yards to the Nevada 43. From there the Eagles drove to their lone touchdown, Nutt scoring on an outside tackle run.

AROUND END GOES KALMANIR

Tommy Kalmanir, swift Pack left half, cuts off a large chunk of yardage in this jaunt around North Texas left end. Early in the second half, Tommy romped 64 yards on the same play.

A gal and an automobile are much alike. A good paint job cancels the year's but the lines tell the story.

Diner: I'll have a dollar dinner, please.
Waitress: On rye or whole-wheat?

STRAY GREEKS MEET MONDAY

A meeting for the purpose of organizing the "stray Greeks" on the University of Nevada campus will be held Monday at 7 pm in the library publication room, announced Dick Victor.

Twenty Hopefuls Answer First Call For Hoop Tryouts

First call for basketball was sounded last week by Coach Jake Lawlor and Assistant Coach Jimmy Melarkey. More than 20 hopefuls answered the call and began practicing for the season, which opens in late November.

Starting work under Jimmy Melarkey, former Pack basketball star who is beginning his first year as assistant to Lawlor, were several of last year's players.

Louie Joseph, Les Ray, Buddy Garfinkle, Ron DuPratt and Joe Libke are returning lettermen. Up from the frosh are Buddy Hardy and Bruno Benna, and back after a tour of duty with the navy is Art Oliveira.

DuPratt's Knee O. K.

DuPratt, who injured his knee last year, reported in good shape after an operation during the summer. There are also a good number of new men, who look very promising, according to Melarkey.

Several other players from last year's squad are playing football for the Pack now and will join the basketballers after football season ends. Among these are Dan Orlich, Harold Hayes, Johnny Subda, Lou Mendive and Bob Collett.

At present the squad is working out three to four evenings a week on conditioning and fundamentals. Next week they begin running through a few basic routines.

Although the schedule is still incomplete, some 20 games have been arranged so far, Lawlor reported. Biggest game of the year may be against the North Carolina State team, which last year was one of the country's top contenders.

First game is slated for November 29, when the Wolves face the Oakland Bittners in Oakland. The Bittners play a return game in Reno in January. Also on the schedule are Nevada's usual opponents, St. Mary's, University of San Francisco, San Jose State, Chico State, Montana State, Fresno State and Brigham Young.

Have a big weekend but don't make it your last!

Vets Drop School Due to Inflation

Los Angeles (IP)—"Veterans are dropping out of Los Angeles colleges and universities at an alarming rate—casualties of the high cost of living," declares Arthur H. Tryon, director of the Los Angeles Veterans Service Center.

Upsetting all previous predictions of a steady rise until 1952, veteran enrollment has dropped three per cent in the last year, Tryon revealed, in the release of a special center survey of 27 schools of higher learning in this area.

"Subsistence allowance of ex-GIs has been far out-stripped by cost of living increases. And with part time employment unavailable, veterans are rapidly being forced to abandon their college education," he said.

Wolves Score High In Pre-Game Total; Howard TD Leader

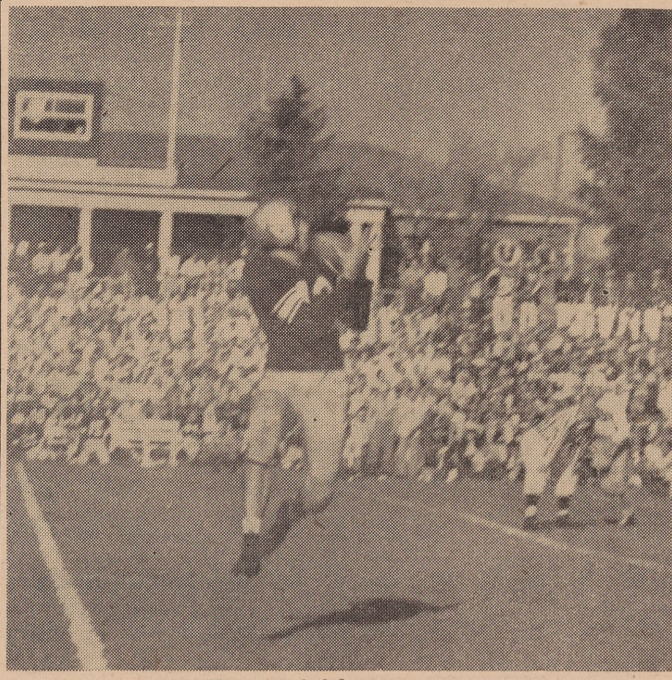

Rolling up an average of a little over 37 points per game in their last three contests, the University of Nevada football team has amassed a total of 114 points to their opponents' 14.

Leading Wolf Pack scoring is the speed burning fullback Sherman Howard with 18 tallies to his credit. Scott Beasley, John Subdo, Ted Ensslin and Harold Hayes have made a dozen points each to share in the second spot. Third place goes to Nevada center, Bob Corley, who has made good 11 out of 17 conversion tries.

Dan Orlich, Dick Trachok, Ted Kondel, Willard Elder, Stan Heath and Carl Robinson have made one touchdown apiece for a share in the fourth spot.

Two Pack quarterbacks, Stan

HAYES GOES HIGH

Harold Hayes, Nevada left end goes away up in the air to pull down a toss from Alva Tabor, the Wolves number two quarterback. Alva completed three of four tosses against the North Texasans in the Silver and Blue out of the Eagles.

Heath and Alva Tabor, have accounted for seven of the ten Nevada TDs with their accurate passes—Heath for six and Tabor for one. In addition, the uncanny passing of the "terrible two" has set up all three other touchdowns.

All scoring has been spread out with no one player having

a large monopoly over another. One of the most surprising things about the scoring race is that Tommy Kalmanir, who zipped off a 64 yard running play against North Texas, has not yet crossed the goal this season. This is in contrast to the 1946 season when he snagged seven touchdown passes.

More Wolf Pack players are expected to get into the scoring column come Sunday afternoon as the Nevadans take on their long time arch rivals, the St. Mary's Gaels.

Roads to San Francisco will be packed, so drive carefully.

High Grades Made By Dating Students

Bowling Green, O. (IP) — The more most students date, the better grades they make.

So concluded a faculty member at Bowling Green State University after studying 3000 questionnaires made out by students on the campus.

The professor, Dr. S. Harman Lowrie, chairman of the sociology department, teaches the only American college course exclusively devoted to dating.

He learned that the combination of frequent dates and high grades occurs more often
