

## Sundowners State Traffic Regulations As New Enforcement Program Starts

Enforcement of campus parking regulations got into full swing this week with the Sundowners of the Sagebrush taking over, Bill Ebert, Sundowner vice-hobo, said today.

One change has been made in traffic regulations; two-way traffic is now permitted on the main drag. Rules as they now stand are:

1. All cars parking on the campus must be registered through the student president's office; registration stickers must be displayed on the lower right corner of the windshield. Off campus visitors are exempt from this rule.

2. Faculty members may use zones reserved for faculty parking or any zone not otherwise restricted. Staff members, other than faculty, may not park in faculty zones but will use staff parking areas, or zones not otherwise restricted.

3. Students will park only in the lots north of the Agricultural Extension building and in Mackay Stadium lot. They may also use any unrestricted zone.

4. University owned vehicles, when registered as such, may park anywhere that their business requires.

5. Parking in the following areas is prohibited at all times, regardless of exceptions stated in paragraph one: (a) Along the campus main street. (b) In the street in front of Lincoln Hall. (c) On established driveways. (d) Within fifty (50) feet of the infirmary. The university physician and emergency cases are exempted from this ruling.

6. Citations will be issued for failure to display parking permit, parking in improper zones, parking or driving contrary to established regulations, driving at a speed in excess of fifteen (15) miles per hour and blocking driveways.

## Sigma Delta Chi Initiates Eleven

Seven undergraduate and four professional members were initiated into Sigma Delta Chi, national professional journalism fraternity, last Friday night.

The initiation ceremonies were held in the Journalism building on the university campus. An installation banquet followed at the Redwood Lodge with Brunson Harris, president of the group, acting as taster.

A highlight of the banquet was a speech by Nevada's governor, Vail Pittman, who is a professional member of Sigma Delta Chi. Mr. Pittman spoke on "Courage in Journalism."

Undergraduates Jon Milburn, Sagebrush editor; Harry Spencer, junior journalism major; Bill Doyle, Sagebrush sports columnist; Walter Long, who majors in both engineering and journalism; Karl Karrasch, junior journalism student; Eugene McKenna, assistant editor of the Sagebrush, were introduced by Bill McFarland, Sagebrush associate editor, and undergraduate initiate.

Professional members initiated were Claude Smith, publisher of the Fallon Standard; Joseph McDonald, editor of the Nevada State Journal; John Cahlan, editor of the Las Vegas Review-Journal, and Keiste Janulis, assistant professor of journalism at the University of Nevada.

Professor A. L. Higginbotham, head of the journalism department at Nevada, talked on the principles of the organization.

## Snack Bar Is Open And Shut Case, 'Y' Secretary Reveals

YWCA snack bar and offices in the basement of Stewart Hall will remain open during the filming of the Twentieth Century Fox picture now being made on campus.

"For the first time, the Y will not take an active part in the picture making," Miss Jean Howden, Y secretary, announced. A few hours later, the Y council and advisory board members decided to close the bar during assemblies in cooperation with the school administration, Mary Lou Sewell, Y president, said.

Casting and wardrobe for the new picture will not be in the Y offices, which, in the past, were closed to students during shooting of a new picture. "We shall do all we can to help, but we agree with the university administration that the students need their recreation center," Miss Howden said.

## Cups Given for Homecoming Show

Homecoming reached its climax Saturday night at the annual dance, when Sweetheart Elaine Powell awarded cups for outstanding skits, floats, and for the winner of the cross country races.

The Theta Chi's won a cup for the best fraternity skit in the Wolves Frolic. Their skit was called "Your Father's Moustache." The theme of the presentation was the pleasant companionship found in an old-time barbershop, and songs used in the skit were sung in barbershop harmony. Scenery consisted of barber chairs and a shoeshine stand.

For the best sorority skit, the cup was awarded to Delta Delta Delta. Their theme was "Five Minutes More." To emphasize the time element, they used a large, luminous clock. At each number the face of a girl showed, and in the center of the clock sat a girl who pointed with silver wands.

(Continued on Page 6)

## Dean Palmer Heads Education Meeting

Dean Stanley G. Palmer of the college of engineering at the University of Nevada, will be chairman of the next annual meeting of the Pacific southwest section of the American Society for Engineering Education. The meeting will open Tuesday, December 28, on the campus of the University of California at Los Angeles.

Representatives of schools and colleges throughout California, Arizona, Nevada and Utah will attend the meeting. Main event of the meeting will be the presentation of papers having to do with various phases of engineering education.

## Frosh Scheduled To Paint Block N

Freshman get your bucket. You will need it a week from tomorrow when the N on Peavine mountain gets its fall whitewashing.

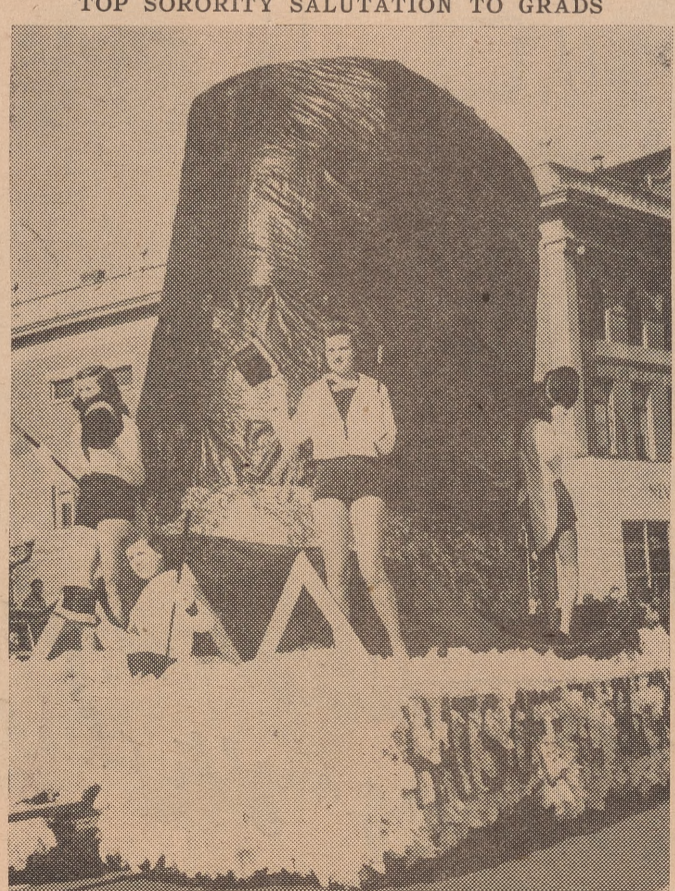

Dick Trachok, Block N president, announced the freshening up, and said that all first and second semester freshmen are expected to participate. If you can't quite make it an excuse would be a good idea, and it should be presented to either Jim Wilson or Bud Bowers, Block N men in charge of the "big splash," by Friday, November 12.

An added inducement will be the refreshments to be served during the painting.

Freshmen will meet in front of the ASUN building at 8:00 am on Saturday the 13th and will go straight to Peavine to smear the N and themselves with a god coating of white.

The painting of the N takes place twice a year, once in each semester. The spring daubing usually comes along just before Mackay Day and the fall job within a week or two of the Homecoming celebration.

## TOP SORORITY SALUTATION TO GRADS

Doffing the huge top hat to returning alumni at the Homecoming parade are members of Delta Delta Delta sorority. Their topper float won first prize in judging of sorority entries in the parade.

## Senate Declares Sweetheart Poll A Committee Act

### Campaigning Groups Face Fines for Failure To Clean Campus

How and when the election of the Homecoming queen is to be announced will be left to the discretion of the Homecoming committee, according to a motion passed by the ASUN senate this week.

This action was taken in an attempt to settle the dispute which arose last week when the winner's name was released prior to the traditional Sagebrush announcement.

### Not Official

It was pointed out that the election of a Homecoming sweetheart is not an official election and is conducted by the Homecoming committee according to their rules and not those of the ASUN senate. Although ASUN cards must be presented by voters, they are used merely as a means of identification.

The senate went on record as recommending that Homecoming committees of future years work in conjunction with the Sagebrush editor in order that situations such as those resulting this year might be avoided.

### Keep Campus Clean

In an effort to keep the campus clean, senators passed a motion placing a fine of \$10 on organizations failing to remove posters and other such publicity from the campus within one week following the event. For each ensuing week, until removal is made, organizations will be charged an additional \$10. It was recommended that Pan Hellenic and the interfraternity council handle enforcement of the measure.

Approval was granted by senators to the formation of a national biology fraternity on this campus. Constitution for the organization was presented to the senate by John Michaels.

Senators Bill Ebert and Bill Kornmeyer reported on their investigation of the problem of the student union building. Ebert, Kornmeyer and Jemison will meet with administration and alumni officials this week, after which time the problem will be presented to the senate for more definite consideration.

## Biology Fraternity Grants Chapter To Nevada Campus

Beta Beta Beta, national biological fraternity, has granted permission for establishment of a chapter at the University of Nevada, Dr. Ira LaRivers of the zoology department said today.

Purpose of the fraternity is to further interest in biological sciences.

Jack Derringer is temporary president of the local chapter, George Zappettini is secretary, Dr. LaRivers is counselor and treasurer. Meetings will be held at 7:30 pm on the first and third Wednesdays of each month in the Agriculture building. All persons interested in joining the organization or in obtaining additional information should contact the officers or attend the meetings, said Zappettini.

### Junior Standing

Members must be of junior standing and majoring or minoring in one of the biological sciences; scholastic standing must be better than the school's average, which at present is 2.2.

There are no dues, although a small initiation fee is charged.

## ROSS AND ARENTZ ELECTED REGENTS

Fifty thousand Nevada votes were shared about equally among the four candidates for the University of Nevada board of regents in the final tabulation of Tuesday's election.

Silas E. Ross, incumbent, took first place with more than 27,000 votes. Samuel S. Arentz took the second regent vacancy with approximately 25,000. Walter W. Anderson and George Lohse placed third and fourth with more than 22,000 each.

Ross is the present chairman of the board and will be entering his 17th year as a member. Arentz, a graduate of the Mackay School of Mines, is taking his first position with the board. He is general superintendent of the Combined Metals Reduction Company mining property in Pioche, Nevada.

## Graduates Name Malcom Blakely Alumni President

Malcolm (Bill) Blakely, Reno resident, was elected president of the Alumni Association and Walter States, also from Reno, named vice-president at the annual alumni banquet.

Rex Daniels, secretary to the organization, will continue in the same capacity. More than 750 grads attended the banquet and dance, Mr. Daniels said.

New executive committee members from the Reno-Sparks area are George Lohse, Frank McCulloch, Lino Del Grande, Carl Digno, George Basta, Inez Johnson, Oliver Aymar, Jack Myles, Tosca Masini, Bernard Smith, Blythe Bulmer, William Parish, Rodney Boudwin, Keith Lee, Leon Etchemendy, William Cashill, Louis Capurro, Melvin Hancock, Audrey Saake, Jeanette Spatz, John Benson, Irvin Ayers, Myner Walker, Russel McDonald, Loriae Bankoffier, Wyman Evans, Jr., Charles Mapes, Max Jensen, Merle Snider and Tony Zeni.

Regional committee members are Margery Cavanaugh, Tonopah; Edward S. Montgomery, San Francisco; Anne Gibbs, Fallon; Eugene Tidball, Ruth; Doug Trail, Elko; Emery Graunke, Gardnerville; Peter Kelly, Carson City; Gus Newman, Los Angeles; Louis Peraldo, Winnemucca; Floyd Edsall, Lovelock; Chester Howard and A. E. Cahlan, Las Vegas; Joseph T. McDonnell, Washington, D. C.; Robert Metten, Las Vegas; Clig Segerbloom, Boulder City; Fred Baldini, Battle Mountain; Edward Recanzone, Yerington; Keith Gregory, Wells.

## Seventeen UN Students Named To Who's Who

### Nevada Is Donated Ft. Douglas, Utah, In Slip of Tongue

Two hundred and ninety acres one place or another apparently means nothing to the U. S. government as they recently presented the Ft. Douglas, Utah, property to the University of Nevada.

This obvious mistake took place at the recent Homecoming football clash between the Utah Indians and Colorado.

During halftime the University of Utah hand set the atmosphere for the presentation to Utah University of the before mentioned land by the U. S. government's far assets administration.

Representing the government from Washington, D. C., was Col. Jess Larson. In his remarks Col. Larson committed the slip of the year when he gave the former Ft. Douglas acreage to the University of Nevada.

## Electronic Class Studies Improved Accustics for Gym

Reasons for poor sound properties in the gymnasium of the University of Nevada were discovered recently as a result of a study made by the senior advanced electronics class.

Tentative plans are being formed now to experiment with improved placement of speakers in the public address system.

Reverberation tests showed that a sound produced in the gymnasium was sustained for six seconds as it was reflected from wall to wall. Reverberation should not endure for more than two seconds in a room the size of the gymnasium if it is to have good acoustics.

By placing sound-absorbing mats on the floor and opening windows, the group established that reverberation could be brought within bounds by the proper use of absorbent materials.

Confusing echoes might be further reduced by bringing the public address speakers closer to the audience. The present location, near the ceiling, necessitates a large volume of sound than would otherwise be necessary, and with less volume the troublesome echoes would be diminished.

### MERRY-GO-ROUND A WINNER

Winning first place honors in the fraternity float competition at the Homecoming parade was Sigma Alpha Epsilon's merry-go-round depicting the merry chase Nevada's Wolf Pack is giving its football opposition.

## Objective System Used to Select 1948 Candidates

Seventeen Nevada students will be listed in the 1948-49 edition of Who's Who Among American Universities and Colleges, Dr. Robert S. Griffin, dean of men, said today.

Dean Griffin pointed out that this year, for the first time, an effort was made to select the candidates on an objective basis. Scholarship, character, leadership in campus activities and promise of leadership in life after college were the criteria for qualification, Dean Griffin continued.

The members of this year's Who's Who are: Childs, Robert Barney; Ebert, William Henry; Fryberger, Fay Elaine; Green, Wallace Glenn; Hanssen, Doris Agnes; Jemison, Rex Alan; Johnson, Joylin Jane; Melner, Sinclair Lewis; Michael, John Harold; Milburn, Jon Francis; Mollignon, Bonny Louise; Reed, Edward C. Jr.; Robinson, Carl Maurice; Shaw, Rondell Bryce; Short, Charles Robert; Simon, Marjorie Marie; Trachok, Richard Mathew; Vaughan, Robert Oren; Yturbe, Bonifacio.

The method used in making the selections was as follows:

1. All student activities on the campus were given a point rating according to the nature of the activity, the time required in carrying it, and its relative importance in the conduct of student affairs on the campus. (This point system constitutes a step toward making the judgment of such activities more objective than it has been in the past.)

2. Grade point average was obtained from the office of the registrar, and was added to the activity point score.

3. The total of grade point average and activity points was divided by two to get the score of each candidate.

4. The results obtained by this method were submitted to a committee from the administrative council for review and criticism.

5. In compiling the activity point score, only the activities carried or being carried in the junior and senior years were included. The effect of this was to give some preference to seniors. It was felt that this was fair, since the juniors would have another chance for recognition in their senior year. In several instances, however, juniors were included in the list of nominees.

6. In some instances of students with unusually high scholastic averages, but with relatively low scores on activities, the scholarship average offset the lack of high point score, and the students names were included. In other instances, also, students with relatively low scholastic averages but with high point averages were included. No student was included whose scholastic average was not equal to the all-school average.

### ARRANGE IN ADVANCE FOR PARTY FOOD

Students wanting refreshments from the university dining hall for party purposes are asked to make arrangements with Mrs. Nellie Nelson, director, three days in advance.

### CONTEST JUDGING

It seems that each time a contest involving floats, skits, house decorations or what have you takes place, somebody immediately starts griping about the decision of the judges. Cries of "It's a put-up job" or "such and such on the committee is affiliated with the winning organization" is echoed throughout the campus. As a rule these protests evolve out of prejudice on the part of the complainant. However, occasionally there is a legitimate protest regarding the ability of the judges.

Only an actual poll of the student body gives an accurate showing of the sentiments of the campus. This method of making a choice is impractical for every little campus competition.

If the decision of the judges is contrary to popular opinion of the students they represent, it is not up to those students to protest. The students gave this group its power and have no alternative but to stand by the results.

This does not mean that the student body should allow contest after contest to pass with inaccurate judging stealing the show. It simply implies that, perhaps, something is wrong with our system and changes must be made before another competition is held.

First of all, definite rules should be immediately made concerning what merits will be considered in the various campus competitions. The criteria should be, theme of the occasion, originality, ingenuity, workmanship and artistic qualities. All merits should be considered irrespective of expenditures.

When the time comes to choose judges, each organization concerned should supply one judge. This group together with two non-partisan judges would comprise the officials. Each affiliated official would be privileged to vote on all but his organization's entry.

In the case of a Homecoming parade the judges could be placed in a reviewing stand, each given a score card with the entries and points of consideration listed. Points considered would be rated from 0 to 100 by each judge. The judges would derive their conclusions without consultation and the final tabulation would be made by the committee in charge. In the event a judge should give what might seem to be an unwarranted rating, it should be within the power of the committee to question his score and expect a qualifying answer before a final conclusion is reached.

With such a system in operation the decisions of one or two judges, if they should be against the popular trend, wouldn't necessarily influence the final score of merits.

## VETERANS QUESTION BOX

Q. I am a disabled veteran. Am I entitled to increased compensation because of my dependents?

A. If your disability rating is 60 per cent or more, you should submit to Veterans Administration documentary evidence of the existence of a wife or child or evidence of dependency of your parents so that you may qualify for increased compensation payments under public law 877 of the 80th congress.

Q. My father is supporting a large family. May I claim a dependent while I am in training under the GI bill?

A. Dependency will be held to exist if your father does not have an income sufficient to provide reasonable maintenance for himself and members of his family under legal age, or members of his family otherwise dependent by reason of mental or physical incapacity.

Q. I am going to college under the GI bill and would like to know whether I will have to refund the tuition if I leave school before the end of the school year?

If you drop out of college before the end of the period

for which tuition has to be paid by Veterans Administration, you will have to pay VA for the time you did not attend school or you will lose the training time covered by the payments.

Q. Is the amount of disability compensation in any way affected by the amount of money I earn or receive from other sources?

A. No.

Business Man: What do you do with all these pictures you paint?

Artist: I sell them, sir.  
Business Man: Name your figure and report Monday. I've been looking for a salesman like you for years.

### THANKS

Jerry Wyness, Wolves Frolic committee member, today expressed his thanks to Mary Potashnick for her help in securing electrical equipment for the Wolves Frolic, and for allowing her car to be used during the crowning of the Homecoming sweetheart. Wyness also expressed his appreciation for the help received from Jerald Knowles and Gordon Hayes in helping to make the Wolves Frolic a success.

Teacher: Jerry, I'm surprised. Do you know any more jokes like that?

Jerry: Yes, teachers.  
Teacher: Well, stay after school.

### Freshmen Women Choose Courses In Physical Ed.

This year freshman women will have the opportunity to choose courses in physical education, according to Miss Ruth Russell.

On November 12 all freshman courses will change. Also on this day eight weeks' exams will be given freshmen, Miss Russell said. All classes are on Mondays, Wednesdays and Fridays, and the instructors will be Miss Russell or Miss Margie Price.

The schedule is as follows: 8 am, choice of badminton or American rhythms; 9 am, choice of individual sports or tumbling, and 11 am, choice of volleyball or tumbling. Miss Russell stated that this is the first time in several years that tumbling has been offered.

New women's recreational activities will begin this week, and they include target practice from 3 to 5 pm Monday and Wednesday at the rifle range with the military department in charge and Gertrude Sanford, manager; badminton at 1 pm Monday and Wednesday with Betty McDonald in charge; volleyball from 4 to 6 pm Wednesday with Jackie Wilson as manager; Orchestra from 7 to 9 pm on Tuesday under the direction of Alice Pettis, and Paniwallis from 7 to 9 pm Thursday with Shirley

### College Marriages Cooperative Affair, Says Professor

Denver (IP)—Greatest asset in making a college marriage work, according to Dr. Eugene Link, professor of sociology and marriage counselor at the University of Denver, is a mature outlook by both husband and wife toward the housework and the support of the family.

"College marriages are cooperative affairs," Dr. Link said. "Most divorces among students are caused by the husband expecting the wife to remain in an apartment or quonset hut all day and do nothing that stimulates her mentally but housework. Many men also resent a wife who wishes to learn as much as her husband does."

"Ideally, they should both work part time if they need to," he said. "Both should do the housework and cooking. Men should help with the wash, and do their share in picking up their own clothing, doing the dishes and generally take an equal responsibility around the home."

According to Dr. Link, it makes no difference what year in college the couple are. He thinks the boy should be at least 20 and the girl 18, however.

### POLKATEERS GIVE DEMONSTRATION

The Polkateers gave a demonstration of several folk dances to the high school group at the Methodist Church Sunday night. Wally Kurtz, president of the organization, was assisted by Marnie Miller, Ernie DuPont, Jean Allen and George Umbenhaur.

The dances shown were "Wooden Shoes," "Circle Schottish" and the "Virginia Reel."

Hornbeck in charge. These will continue this semester.

WRA will hold an initiation dinner from 5:30 to 7 pm on Tuesday in the basement of the women's gym. Phil Green will be in charge, and she announces that honors in riding and archery will be presented at this time. Special speaker will be Mary Watts Moore, former president of the University of Nevada WRA. Requirements for WRA membership are: for membership, participation in one WRA activity, and to maintain membership, participation in two WRA activities a year.

### College Bridge Tournament Set

This university has just received an invitation to compete in the 1949 national intercollegiate bridge tournament. Invitations have also been extended to 325 other colleges and universities accredited by the Association of American Universities.

Only undergraduates are eligible to play in the duplicate contract bridge event for the title and silver trophy. A preliminary round will be played by mail in February, and the 16 highest ranking pairs will meet for the face-to-face finals on April 22 and 23 at the Drake Hotel in Chicago, where the players will be the guests of the intercollegiate bridge tournament committee.

In last year's intercollegiate tournament, which was won by the team from Capital University, Columbus, Ohio, 1216 students representing 152 colleges in 43 states played in the round by mail. To insure representation of all parts of the country in the finals, the country is divided into eight zones, with two pairs from each zone qualifying for the finals.

The committee requires that the approval of the dean or a corresponding authority be granted before a college can be regarded as officially entered in the tournament.

### 2nd Skeptic Hour Discusses Topics For Next Meeting

Miss Jean Howden, YWCA secretary, led the discussion at the second in the series of Skeptic's Hours held recently. She discussed future topics and speakers for the Skeptic's Hour which meets each Friday noon in the basement of Stewart Hall in the Y rooms.

The first Skeptic's Hour featured Dr. Edward Laird Mills of the Methodist Church of Reno who spoke on trying to find a philosophy of life.

These meetings begin at noon and last until 12:50 in order that students can go to their one o'clock classes.

The Skeptic's Hour is the project of the YWCA group on campus. Co-chairmen are Neva Marker and Alice Pettis.

Teacher: Now, boys, if Napoleon were alive today, what would he be doing?

Smart Alec: Drawing an old age pension.

### Women's Rifle Team

WRA rifle activities will begin November 8, according to WRA manager for rifle, Gertrude Sanford.

According to Miss Sanford, any woman interested regardless of previous rifle experience, may take part in the program. Instruction will be given at the university rifle range in the old gym Monday and Wednesday afternoons from three until five with Sergeants Grady and Garnett, University Rifle Club instructors, present to aid anyone desiring instruction.

Miss Sanford pointed out that women participating in the program will not only receive WRA credit but may at the same time qualify themselves for positions on the women's varsity rifle team. A minimum of nine hours of work will be required for credit.

Interested persons should register for the program at the women's PE office in the gym, but pre-registration is not a requirement for participation.

# BRUSH SPORTS

## Wolves, Broncos in Dog-Eat-Dog Tilt at Sacramento on Sunday

It'll be dog-eat-dog Sunday at Hughes Stadium in Sacramento when Nevada's Wolf Pack, marching undefeated and untied toward a major bowl bid, clash with probably the biggest block in their path, Santa Clara's Broncos.

Len Casanova and his charges will be out to shoot the works against Joe Sheeketski's aerial acrobats. An overflow crowd upward of 26,000 will watch the Mission team try to put the chains on the rifle arm of Stan Heath, who will write a new pass record each time he pitches one complete beyond the line of scrimmage.

Both teams are expected to rely on their heaviest weapon, the forward pass.

Last week Heath pitched for five touchdowns and Alva Tabor got a pair to give the Wolves seven scoring tosses against Oklahoma City.

Santa Clara, like Nevada, went to the air to beat NSF. They topped the Dons 25-13 at Kezar last Sunday. Bill Sheridan connected with Santa Clara's most potent receiver, end Ellery Williams, for 12 points and Al Martin, Sheridan's sub, hit Williams with a third six point pitch.

Nevada's main objective will

be to stop the shots to Williams. Then, to, Heath has six or seven glue fingered men to throw the pigskin to, giving him a wider variety of choice as to whom the pass shall go. The Santa Clarans will be troublesome in the air but by no means a match for the nation's greatest air armada.

Joe Sheeketski and his staff along with Heath and Tabor took in the Santa Clara-USF battle last weekend. When it comes to scouting, Coach Joe takes second seat to no one. If there is a weakness in the Bronco attack, Coach Joe has it down and will play it for all it's worth.

Scouts from practically every bowl committee in the country, aside from the Rose Bowl, and that is a closed shop agreement between the Big Nine and Pacific Coast Conference, will be on hand to watch Nevada, rave team of the nation. They will undoubtedly be trying to draw some comparison between the Wolves and SMU's Mustangs who beat Santa Clara 33-0.

Nevada will be out to satisfy the wants of those committees in order to be in line for a "biggie" in the way of post-season games. The Silver and Blue will go all out in this one. Game time is 2:15 and will be broadcast over KOH.

## Frosh Schedule Alhambra Eleven

Nevada's 1948 frosh football team will be given another chance to shine. Another game has been added to its schedule.

The Alhambra Alumni Club of Martinez, California, has agreed to play a game in Reno on Sunday, November 21.

This game will give Nevada students two looks at this year's freshman team. The other home game is scheduled for November 12 against the NSF frosh.

## Pack Slips to 11th In Weekly Ratings Of Grid Powers

Nevada's powerful football team managed to pick up two more first place votes and 300 points in the weekly Associated Press gridiron poll, but the Wolf Pack slipped from last week's 10th rating to the 11th position.

And what was stranger still, the Silver and Blue polled more first place votes than Pennsylvania, Southern Methodist, Missouri or Northwestern — teams which landed seventh, eighth, ninth and tenth places, respectively.

The Wolf Pack weren't the only western team to drop behind. California, who just managed to squeeze by Southern Cal 13-7, fell back to fifth position from its previous rated fourth. Still, the local fans are wondering why the Silver and Blue, who dumped the Oklahoma City University Chiefs 79-13, lost instead of gained national prestige.

As compared with last week's three first place votes and 297 total, the Wolf Pack this week had five first place votes and a 300 total. The Nevadans were still rated ahead of such well known schools as Penn State, Clemson, Georgia, Oklahoma, Oregon, Michigan State, Wake Forest, Tulane and Minnesota.

Nevada and Clemson were the only two members of the nine major unbeaten, untied contingents that were not ranked in the top 10. (Clemson was rated 12th.)

Mother: What do you want to take your codliver oil with this morning, junior.  
Junior: With a fork.

## Pack Drub Chiefs 79-13 in Landslide Before Old Grads

Smashing to a 79-13 victory over Oklahoma City University, Nevada's near point-a-minute wizards gave a Homecoming crowd of over 11,000 an exhibition of aerial might that kept them on their feet and shouting.

Stan Heath broke the all-time national passing record in his last appearance before the home folks. He completed 12 of 18 air shots for 327 yards and the new record of 1645 yards. This eclipsed the old mark by 188 yards. Davey O'Brien and Bud Schwenk were the champs to doff their crowns to Nevada's Stan.

Every time the Wolf ace completes a pass in his remaining three games he'll write a new mark in the book.

Alva Tabor gave old grads an idea of what to expect in

the pitching department next year when he completed four for four and 115 yards and two touchdowns.

Brilliant running by Sherman Howard, Dick Trachok, Tom Kalmanir, Johnny Subda and Ed Klosterman gave the Pack 273 ground yards to go with 442 air yards and an over-all total of 710 yards. Bob "Conversion" Corley accounted for seven extra points.

**Problem:** To hold down costs, and speed the extension of telephone service.

**Solution:** High-strength wire whose use allows the span between poles to be increased from 150 feet to more than 300. One pole now does the work of two.

The problem, of course, is a continuing one for telephone people. High-strength wire with required electrical qualities is only one of many things they have developed to help solve the problem in these days of high construction costs.

In total, their developments are the reason why telephone service here is the best in the world—the reason why a telephone call costs only a few pennies.

## Basketball Squad Bears Down; Play Bitters on November 29

As if Jake Lawlor didn't have a full time job as line coach for the undefeated, untied Nevada football team, Jake also has his duties as head basketball coach in lining up the varsity cage crew for the season's opener at Oakland with the Bittner's November 29.

Basketballers have been working on conditioning and fundamentals under the tutelage of assistant coach Jimmy Melarkey for the past three weeks. Learning of play routines and defensive systems will constitute practices from here on.

Lawlor plans several practice games a week or so before the campaign gets underway. Competition with city league teams are to be set and also "any campus teams that would like to give us a game towards the end of the month, I would be glad for them to contact me," stated Lawlor.

This year's five should resemble closely the ball club that finished up last year's hectic season. At guard positions on this year's squad are Buddy Garfinkle, Bob Larson, Les Ray and Ron DuPratt, plus Art Olivera, returned from the service, and Elmo Derrico, up from the frosh.

Working for the center berth are Ken Fox and Ted Johnson, sophomores, and Bruno Benna who played frosh ball last season. Forwards include Louie Joseph, only first stringer from last year, Joe Libke, Buddy Hardy, Bill Higgins and Luke Hinman.

Several football players are expected to help out the squad when the football wars are over and that may be some time yet, especially if a major bowl game has the moleskin boys on the football field through the first tday of January.

Footballers expected to bolster the hoop squad are Hal Hayes, Dan Orlich, Johnny Subda, Lou Mendive, Scott Beasley and Bob Collett.

Here is the schedule of games to date:

- Nov. 29: Oakland Bittners, at Oakland.
- Dec. 3-4: Chico State, at Reno.
- Dec. 10-11: Fresno State, at Reno.
- Dec. 17: St. Mary's, Cow Palace, at San Francisco.
- Dec. 18: Loyola, at Reno.
- Dec. 21-22: North Carolina State, at Reno.
- Dec. 31, Jan. 1: Montana State, at Reno.
- Jan. 3: Brigham Young, at

- Las Vegas.
- Jan. 7-8: USF, at Reno.
- Jan. 14-15: San Jose State, at San Jose.
- Jan. 18: Stewart Chevrolet of San Francisco, at Reno.
- Feb. 4-5: Oakland Bittners, at Reno.
- Feb. 11 or 12: Sacramento Senators, at Reno.
- Feb. 18-19: Pepperdine, at Los Angeles.
- Feb. 21: Loyola, at Los Angeles.
- Feb. 25-26: St. Mary's at Reno.

## Independent Cops Cross Country Run

Warren Novak, Independent, took a 10 yard victory in the four mile cross country race. The surprising Novak, who was lightly thought of in pre-race picking, beat Luke Hinman, Sigma Nu, and one of the favorites to win.

The Independent freshman came from behind in the last part of the grind to overtake Hinman in a breathtaking finish.

Novak's win gave the Independents individual honors in the race for the second consecutive year. His time of 22:40 did not threaten the record of 21:5 held by Fred Lohse, winner in the first cross country race.

Team honors went to Sigma Alpha Epsilon who had men in third, fifth and sixth places.

The SAE's first team with three men across the line, added 60 points to their Kinnear trophy total.

In third place was Sigma Nu who had second, twelfth and seventeenth place, and 40 points in their bag. Other point winners were Theta Chi 20, Lambda Chi Alpha 10, and Phi Sigma Kappa 5.

Forty-six men managed to complete the four mile trek despite chilly weather conditions.

## Horseshoe Title Copped by Taus; Softball Race Hot

The Taus added 40 points to their growing column of Kinnear markers this week by clinching the horseshoe doubles crown.

Flawless flinging on the part of Lyman Schwartz and Bill Higgins has accounted for eight straight victories to date. This 8-0 standing assures the Tau duo of first place.

Thornton Audrain pitched two-hit ball for the Sigma Nu's last Monday afternoon to carry his club to the top rung of the softball ladder. The Snakes meet the Phi Sig softballers at Idlewild Park today in what should prove to be the most crucial game of the season. It will either result in a deadlock for the top berth or the championship will rest with Sigma Nu. Phi Sigma Kappa caused the Tau's softball stock to drop a few points this week when they administered the second ATO defeat of the current campaign. The current intra-mural softball standing is as follows:

Team	W	L
Sigma Nu	7	0
Phi Sigs	6	1
Lambda Chi	6	2
ATO	6	2

### Student Extras Hired for Movie

Two hundred University of Nevada students have been signed on as extras for the Twentieth Century Fox picture, "Mr. Belvedere Goes to College." Shooting on the picture will start Monday, Mrs. Helen Brania Freil, former Y-W-C-A secretary, announced.

Students who have signed up for extra work will report to the basement of Stewart Hall at 8 am Monday. There will be no individual calls for the first day. After that Mrs. Friel, who is temporarily employed by the film company, will call extras as they are needed.

The picture, starring Clifton Webb in the role he originated in "Sitting Pretty," will be the fifth filmed on the University of Nevada campus.

### Homecoming Cups Given Winners

(Continued from Page 1) showed the passing of time by two girls did a dance routine while a chorus of 12 sang.

The Independents won a cup for presenting the best skit entered by a campus organization. The theme featured the difficulties involved in attempting to join the "Disorganized Dependents." The audience was shown several students who tried to become members, and the tests which they were required to pass. To add to the humorous quality of the skit, many offstage sound effects were used.

Three cups were awarded for floats entered in Saturday's parade. For the outstanding fraternity float, the prize was given to the Sigma Alpha Epsilon. Their float held a miniature merry-go-round. Little figures riding on it reached for rings on which were written the names of football teams that the University of Nevada will meet.

Delta Delta Delta sorority won a cup for a float "Hats Off to You, Grads." It was a black top hat. Around it stood six girls who wore black tights, white jackets and black silk hats.

The University of Nevada Aggies won the cup for the best float entered by an organization. Two men dressed as football players stood in a graveyard for defeated teams. On each headstone was some reference to a former game, and the fact that Nevada won.

Warren Novak, Independent, was awarded the cross country race cup for a finishing first.

### Professor Inwood Made Instructor At Burma School

Dr. Ernest L. Inwood, professor and chairman of the department of economics at the University of Nevada, left for Burma yesterday. Dr. Inwood will instruct courses in economics and business at the University of Rangoon from the time of his arrival until June 30 of next year. He will also act as economic advisor to the government. He flew from San Francisco to Burma on the Chinese National Airways, via Hong Kong.

Dr. Inwood, a graduate of White Pine high school in Ely and of the University of Nevada, did graduate work at Columbia University and at the University of California, where he earned his Ph.D in 1935.

He has been a member of the University of Nevada faculty since 1938 and chairman of the department since 1939. He was on leave of absence three years during the war while he was price administrator for the OPA in Nevada and served with the state department.

Dr. Inwood is going to Burma under the Fulbright Act which is a plan for sending American professors to foreign countries. Fourteen countries will benefit by this act, but Burma and China are the first to receive this service. The professors will be given a visiting term of one year.

At present Dr. Inwood is on leave of absence from the university in order to make this trip.

Frosh: Jane, may I kiss you?  
Coed: Holy smoke! Another amateur.

### ARTEMISIA PICTURES

Sinclair Melner, editor of the Artemisia, announced the following schedule for pictures:

November 8, 9, 10—Makeups for fraternity and sorority pictures. This will absolutely be the last opportunity for makeup.

November 11—All juniors who are not members of a fraternity or sorority.

November 12—All seniors who are not members of a fraternity or sorority.

### Sigma Delta Chi Holds Initiation

(Continued from Page 1) Graham Dean, publisher of the Reno Evening Gazette, welcomed the new members to Sigma Delta Chi. Jon Milburn responded for the undergraduates and Claude Smith for the professionals.

Sigma Delta Chi is an organization of professional newspapermen which has as its purpose the raising of standards in newspaper work all through the profession. Most of the chapters of this fraternity are made up of professional newsmen, but Nevada has one of the few undergraduate groups. A school must have an outstanding school of journalism or journalism department to have a chapter.

Jill: I saw you staring at that pretty girl in the English class. She's not so hot. For one thing, her neck's dirty.

Bill: She does?

### Ski Club Members To Have 'Dry Lab' On Campus Lawn

University of Nevada's college ski club has planned an extensive recreational program for the fall and winter months, it was announced this week by Glenn Menu, president of the organization.

The proposed program will cover many phases of skiing, including a series of lectures by professional ski instructors, movies and planned trips to the Mt. Rose ski area.

First in the series of lectures about the top western winter sport was held last Wednesday evening in the Aggie building with Hal Coddling, director of the Sky Tavern ski school talking on equipment, fundamentals and technique. He also went on to discuss just what the beginner needed and how to buy, and spoke on recent changes in equipment and of new trends in racing techniques.

A "dry lab" will be used on the campus to help teach cer-

tain fundamentals of skiing which do not require snow, such as learning to walk on skis, climbing a hill and doing a kick turn. This instruction will be carried out on the campus lawn under supervision of ski team members.

Teacher: Give me a sentence with a direct object.

Pupil: You are beautiful.

Teacher: What's the direct object?

Pupil: A good report card.
